

ERROR CORRECTED

Russell Vernon says that he is not the man who brought in the clipping published last week giving the information that Jim Dye had become a candidate for Justice of the Peace in San Angelo. The gentleman who brought in the clip-

ping gave it to one of the young fellows in the mechanical department and from his description of the man the editor jumped at the conclusion that the gentleman was none other than Jim's friend and frequent fishing companion of other days, Russell Vernon. We thank the other gentleman just the same.

Fewer Veterans In College Make Room for Others

CHICAGO.—It's going to be much easier for non-vets to get into college.

Alonzo F. Myers, president of the National Conference on Higher Education, said at a press conference here that colleges throughout the country report a dropping off in the number of vets applying for admission.

As a result, he said, there will be more room for other applicants in most colleges. But despite the reduction in vet applicants, Myers emphasized, colleges still can accommodate only a fraction of those applying for admission. And from present indications, he said, the number of those seeking to enter college will expand in the coming years.

Myers, who is chairman of the department of higher education at New York university, said he was hopeful that colleges would offer a greater variety of courses. "I can see nothing wrong," he declared, "in a college offering a course in auto fender and body reconditioning, as one college out west has done."

"This business of rationing education is crazy," he added. "There ought to be adequate provisions to give everyone who wants education that amount and that kind which his potentialities warrant."

College Men Reject Jobs As Models for Art Classes

WASHINGTON.—Despite its record enrollment, the University of Maryland has hung out a help wanted sign among the students at College Park.

Girls are clamoring for the jobs, but there are no vacancies for them.

All Joe College has to do to earn about 50 or 60 cents an hour is sit still. But there have been few takers. Art Director Maurice R. Seigler gave a clue to the shortage.

He wants the men to model for his art classes.

This Man Favors A 'Dickle' Cup Of Good Coffee

NEW YORK.—Edward Walsh Mehren is going to Washington with an idea he says will save the public \$ billion dollars a year.

The billions of dollars savings estimate comes from Mehren's figures showing Americans drank 25 billion cups of nickel coffee in 1939. Today that coffee ranges up in price to a dime. Drinking nickel coffee would save 625 million dollars a year, he says. It is the same with other things.

He wants a dickle or maybe a jime.

That is, he wants the United States to make coins worth 2½ cents, 7½ cents, and 12½ cents.

His friends suggested the coin halfway between a dime and a nickel be called a "dickle" or "jime" for jitney and dime. That would make the 2½ cent piece a "pickie" for penny and nickel, or "jenny" for jitney and penny. The 12½ cents coin of course would be a "bit," two bits being a quarter.

For nearly a year Mehren has been on his crusade for fractional coinage. Now the Beverly Hills, Calif., soft drink manufacturer is heading directly for President Truman.

Mehren argues this way: America has only four coins worth a quarter or less. But Britain has six, and The Netherlands and Sweden each have seven coins worth a quarter or less.

With the addition of three new coins, the United States would have seven: too.

"They would be used for soft drinks, sales taxes, telephones, street car and bus tokens, magazines, newspapers and all other commodities and services that are too cheap at 5 cents and too expensive at 10 cents," says Mehren.

"Everybody is for it," he said. "I've got hundreds of letters from all over the country. This is a thing America needs. The people want it. And I'm going to get a plank in both the Democratic and Republican platforms at Philadelphia calling for this currency reform."

"It will take a lot of silver. Western Senators would not oppose that. But then I also propose to abolish the silver dollar and half dollar."

"Nobody ever uses them any more."

Brother, can you spare a jime!

MESDAMES FORRESTER AND BIGGERSTAFF REMODEL HOME

Mrs. R. C. Forrester and daughter and the latter's husband, Mr. and Mrs. J. A. Biggerstaff, are remodeling and enlarging their home on West First Street just north of the Baptist Church property.

Already an attractive home, they are enclosing the front porch and the drive-way and thereby greatly increasing the floor space, and are also building an addition in the rear 20x26 feet in size. A double garage will also be added on the east side, the structure will be beautifully finished outside and inside, and when completed will be one of the handsomest and costliest in the city.

Mrs. R. C. Forrester and her mother, Mrs. A. N. Hughes, and Mr. and Mrs. J. A. Biggerstaff went visiting out in New Mexico last weekend. Among the interesting places visited were Clouderoft, Mesalero, and Albuquerque. They not only visited relatives but attended two rodeos out in "The land of enchantment."

You can add that room you need and pay for it by the month at Shamburger - Gee Lumber Company. Phone 313. Adv

CAPT. GEORGE T. COOPER ENROUTE TO USA

Seoul, Korea (Delayed)—After serving with the U. S. Army Military Government in Korea since July, 1946, Capt. George T. Cooper, son of Mr. and Mrs. E. J. Cooper of Tahoka, Texas, is en route to the U. S. to begin a new assignment. He will report for duty at Fort Sill, Oklahoma. Accompanying him aboard the U. S. Army Transport **General Greely**, scheduled to dock at San Francisco early in July, is his wife, Mrs. George M. Cooper, who joined him in January, 1947. During his entire tour of duty here, Captain Cooper served in the Department of Finance as advisor to the Monopoly Bureau.

M. Sylvester Reese, a teacher of Journalism in S. M. U., Dallas and Mr. and Mrs. Carna Reese of the same city, visited their parents, Mr. and Mrs. J. L. Reese here over the week-end.

WEST'S ATTEND FRIEND'S FUNERAL IN SWEETWATER

Mrs. Ione West and son Lynn of Tahoka, accompanied by Mr. and Mrs. Herbert Hunt of Claude, attended funeral services at Sweetwater Sunday afternoon for Miss Eva Mae Hardin, 39, instructor in public nursing at Baylor University School of Nursing and a special friend of the West family, who died at Baylor Hospital in Dallas on Friday afternoon while undergoing major surgery. Miss Hardin was a native of Sweetwater, and funeral services were conducted in the First Baptist Church there followed by burial in the Sweetwater cemetery. She was a special friend of Dr. Ann West of Dallas and Mrs. Veda West Hunt of Claude.

MRS. L. O. MITCHELL VISITS HERE

Mrs. L. O. Mitchell and little grand-daughter, Sandra Kay Spröles left for their home at Arlington Thursday morning after a week's visit here with Mrs. Ted Terry and other friends and relatives. Mrs. Terry had spent about ten days with her at Arlington and was accompanied home on Thursday of last week by Mrs. Mitchell and Sandra Kay. While visiting down there, Mrs. Terry says that she and Mrs. Mitchell had the great pleasure of attending an all-night broadcast of a program of music by the Stamps Quartet in the Sportatorium in Dallas, which she says was a wonderful program.

Mr. and Mrs. Jarrell Cox and Mr. and Mrs. Paul Cox were called to Grand Saine last Friday by the serious illness of her mother. They returned home Tuesday accompanied by Mrs. Edith Parrish of Roanoke, Denton county, who came to spend a few days with her daughter, Mrs. Paul Cox.

ACCIDENT VICTIMS ARE RECOVERING

Both Kenneth Weaver and Leslie McKee, two youths who were seriously hurt in an automobile collision just east of town on the night of June 18, are reported to be making satisfactory improvement in the Tahoka Clinic here. Kenneth Weaver, it will be remembered, suffered fractures of the pelvis and both bones of Leslie McKee's right leg were broken just above the ankle.

Charles Uzzle, who also suffered severe fracture of the pelvic bones and who was transferred some ten

days or two weeks ago to the Scott & White Hospital in Temple, is also reported to be recovering satisfactorily. He was reported Wednesday to be able to stand on his feet for the first time since the accident. E. B. Gaither and Pete Curry, drivers of the two cars that figured in the accident, were both injured also but both were released some days ago from the Tahoka Clinic and the Seale Clinic in which they respectively received treatment, as was Bently Gaither also, who was likewise injured.

Democrats themselves are just about destroying every prospect they ever had of being successful at the polls in November unless, contrary to all expectations, General Eisenhower should reverse his present attitude and express his willingness to accept the Democratic nomination. If he should yield to the importunities of the "Draft-Eisenhower" Democrats and become the nominee, he might take the country by storm. But Eisenhower knows that he is not as well fitted to serve in a civil capacity as he was fitted to serve in a military capacity, and he knows that if he should be elected and should serve as President he would very probably come out of that office at the end of four years much less popular than when he entered it. From a purely personal standpoint, he is probably wise in refusing to accept the proffered crown. But, as events have stacked up, he is just about the only possible Democratic nominee who could win over Dewey and the Republicans. The continued defection of leading Democrats from Truman's cause, will bring him into the campaign, if he is nominated, as a really unsatisfactory and repudiated candidate. How can he win over the Republicans with all the opposition he has stirred up in his own party. It looks to us as if the very stars in

their courses are fighting against Truman's re-election.

On a recent sight-seeing trip out in New Mexico we were impressed with one marvelous contrast. We found inhabiting this veritable "land of enchantment," a people still living in mud huts and engaged in degrading pursuits. In the shadow of majestic mountains and marvelous scenery, that should inspire reverence and worship of the Great Spirit who created it all, we found men and women engaged in paganistic sun dances, horn dances, gauntlet-running, counting beads and praying only to priests or to their own miserable little images of gods carved in wood and stone. Then we thought of the lines penned by a great English hymn-writer—something more than a century ago when he referred to Ceylon's Isle where "every prospect pleases and only man is vile." Perhaps there is no other place in the United States where superstition and spiritual darkness prevail as in portions of New Mexico.

SGT. LONNIE MOORE ON CRUISE WITH U. S. NAVY

With the Eighth Army in Tokyo, Japan.— Technical Sergeant Lonnie D. Moore, son of Mr. and Mrs. L. D. Moore who are residing in Lynn County, Tahoka, Texas, is serving with the 1st Cavalry Division in the occupation of the 10 prefectures of Tokyo, Japan. Sgt. Moore is now enjoying a 13 day cruise on the USS Toledo as a guest of the U. S. Navy. Sgt. Moore was picked for the cruise for his high character. The cruise will leave Yokosuka, Japan, main base for the U. S. Naval forces in the Far East. They will visit Hokkaido, Japan, and other points of interest.

Sgt. Moore served with the 1st Cavalry Division in 1940 and 1941 at Fort Bliss, Texas. He then joined the 91st and 70th Infantry Division in Central Europe and the Rhineland from July, 1941, to October, 1945.

Sgt. Moore has not made plans for the future as yet.

There is a very narrow margin between keeping your chin up and sticking your neck out.

Faith will not die as long as seed catalogues are printed.

CLASSES OF ARTS OFFERED IN TWO WEEK PERIODS

The Art Division of The Arts Colony of the Southwest, Ruidoso, N. M. adds Chester Snowden, famous illustrator of 20 books and prolific exhibitor in National Galleries, to the staff for the second session, which starts July 5 and for the third session which begins August 2. Mr. Snowden has under Boardman Robinson, Walter Jack Duncan, George Bridgman and Harry Stenberg. For 14 years he has exhibited at the Houston Arts Museum and other museums, including Corcoran Art Gallery in Washington, D. C. He will teach group classes in pastels, tempa and oils at the Colony and offer private classes and criticism at the Director's Cabin in the Pines.

We believe we've found a real artist and teacher to add to the fine staff who taught the first session. This staff includes Eugenia Hunt of Houston, in the workshop and Kaina Ellebought in oils and Landscapes. Other Artists will be brought in if registration builds the need, says Donald Mac Kay, Director.

CRAIG FAMILY HAVE FOURTH-OF-JULY REUNION
Mr. and Mrs. R. L. Craig, children, and step-children, and their families had a great reunion out at their home near Central Church on last Sunday, July 4. About seventy of the relatives and friends were present, and of course a great feast was enjoyed at the noon hour.
Mr. Craig is the father of fifteen children. Seven of them are still at home and all seven, of course, were present. Eight of the children live elsewhere and only five of them could be present.
These together with the "in-laws" present included Mr. and Mrs. Homer McKay of Lubbock, Mrs. C. A.

Tolleson of Amarillo, Mr. and Mrs. C. S. Craig of Tahoka, Mr. and Mrs. G. W. Davis of Lubbock, and Mr. and Mrs. Earl Chesser of Oglesby, Texas.
Children and "in-laws" who could not be here were C. A. Tolleson of Amarillo, Mr. and Mrs. Lloyd Craig of El Centro, California, Mr. and Mrs. J. B. Jennings of Santa Maria, California, and Mr. and Mrs. Denver Gurly of Weed, New Mexico.
A step-son, Lawrence Hulse, who is in the service in Japan, could not be present. A step-daughter, Mrs. W. L. Pendleton of Andrews, was present but her husband could not be here. Nine grandchildren and three great-grandchildren were present.
Other relatives here were Mrs. J. C. Lackey, Mr. and Mrs. John Fortenberry and three grandsons, and Mr. and Mrs. Charlie Dillard and two children, all of Floydada. Friends present included Mrs. J. W. McKay, Miss Alarah Pierce of Post, Mrs. S. C. Wilkie and son of New Lynn, Mr. and Mrs. W. D. Fleming, Mrs. A. Pendleton and son, Mr. and Mrs. Jurd Young, and Judge G. C. Grider, all of Tahoka. Mr. and Mrs. Finis Ford and daughters of Close City were also present. Mrs. Ford is the step-daughter of Mrs. Tolleson.

A small town is a place where you can take a correct census at any time.
A chip on the shoulder indicates there is wood higher up.

Most any business man can handle a big deal, but it takes an executive to dispose of the little deals.
An obstinate man does not hold opinions; the opinions hold him.

EDITOR AND THREE SISTERS ATTEND MEETING HONORING BROTHER, DR. J. A. HILL
Mrs. E. R. McCauley of Moody and Mrs. Alice Martin and Miss Mary Hill of Waco, sisters of the senior editor, were visitors in his home here last week-end. Coming Saturday afternoon, they left Sunday afternoon for Canyon to attend a three-day educational conference to be held there and particularly to be present Monday night when a testimonial dinner was to be given in honor of their brother, Dr. J. A. Hill, retiring president of the West Texas State College.
Mr. and Mrs. E. I. Hill also went to Canyon Monday to attend the meetings during the day and the testimonial dinner that night.
They report that the tributes paid to President Hill on that occasion by college executives and professors and other educators, by members of the board of regents of the State Teachers colleges, by legislators, business and professional men, by his faculty members, ex-students, and his own fellow-townsmen, constituted, no doubt, one of the most remarkable series of tributes ever paid to any educator, or to any other man during his lifetime.
Dr. Hill began his work with the West Texas College on its opening day in September, 1910 as head of the History Department. Ten years later, upon the resignation of Dr. R. B. Cousins as president of the institution, Hill was elected in 1918 as his successor, and he has served in this capacity ever since, a period of thirty years. He is said to be the senior State Teachers College president in the entire United States. His work will finally close on August 31, when Dr. James P. Cornette, a former member of Baylor University faculty, will become his successor.
A good deed gets about as much attention these days as a homely face.

A REPORT TO OUR CUSTOMERS . . .

WHAT WE ARE DOING TO INCREASE OUR GAS PIPE LINE CAPACITY

TWO NEW SOURCES OF SUPPLY ARRANGED

NEW FACILITIES TO BE INSTALLED ON PIPE LINE SYSTEM

We have signed an agreement with El Paso Natural Gas Company to purchase gas from that company at two points. Barring unforeseen contingencies this gas, which will be available by November 1, 1948.

Thus, by next winter, we will be receiving natural gas from FIVE sources, as follows:

1. From Panhandle Gas Field, through our own transmission lines.
2. From El Paso Natural Gas Company line at point of intersection with our line near Hereford.
3. From El Paso Natural Gas Company line at point of intersection with our line near Amherst.
4. At a point 25 miles south of Lamesa, from Empire Southern Gas Company, whose line from Andrews County to Big Spring intersects our line there.
5. From Cities Service Oil Company's Compressor Station in North Cowden Field, Ector County.

We are conducting investigations and studies which may result in our tapping still more sources of supply.

Here are the new facilities expected to be installed before next winter, with estimated month of completion:

1. Near Turkey Creek Compressor Station will be installed a 300 hp. booster compressor. (September.) Main plant is 2350 hp.
2. At McSpadden Compressor Station: three more 400 hp. compressors, increasing capacity to 2850 hp. (July.)
3. At Littlefield Compressor Station: one more 300 hp. compressor, increasing capacity to 2400 hp. (December.)
4. At Littlefield Compressor Station: one 80 hp. compressor, to increase capacity to 330 hp. (August.)
5. Between Littlefield Compressor Station and Whitharral: nine miles of 6 1/2-inch pipe will replace 3 1/2-inch pipe. (4.4 miles, June; remainder when pipe now on order is received.)
6. From Littlefield to point of intersection with new El Paso Natural Gas Company line: ten and one-half miles of 8 1/2-inch pipe will replace 4 1/2-inch pipe. (Pipe expected in July; will be installed soon as received.)
7. At Tahoka Compressor Station: one more 300 hp. compressor, to increase capacity to 780 hp. (September.)
8. Between Tahoka and Brownfield: ten miles of 6 1/2-inch pipe will replace 4 1/2-inch pipe. (Pipe on order; will be installed soon as received.)

DIXIE H. D. CLUB IS GIVEN DEMONSTRATION ON RUG MAKING

The Dixie home demonstration club met on June 30 at 3:00 o'clock in the ranch home of Mrs. Dick Mitchell.

Members answered the roll call with "My Favorite Rug."

Mrs. Zoe Lowery and Mrs. N. H. Cromer of the Petty club gave a demonstration on Rug Making.

"Rug making is a fascinating work once you get started," stated Mrs. Cromer in her demonstration on tufted rugs. The crochet and braided rugs are easy to make and are very pretty, as well shown by Mrs. Lowery.

Attending were eleven members, one new member, Mrs. Schulz, and four visitors, Mrs. Zoe Lowery, Mrs. J. W. Lowery, Mrs. N. H. Cromer, and Judy.

Miss Floyce Sherrod is building a nice little home on North Second street.

LOST—Black female cocker Spaniel dog, answers to "Cookie" Dan Cown. Itc.

Mr. and Mrs. Levi Nordyke and daughter, Faye, were visitors in Kermit last week-end. On Sunday morning they had the pleasure of hearing Charles Kennedy, Ministerial student in Baylor University and Miss Faye's fiancé, preach his first sermon in the home church. For them, it was a great occasion. Miss Faye and Mr. Kennedy are to be married within a few weeks.

Mr. and Mrs. J. J. Atkinson left Thursday on a trip to visit relatives in Colorado, and possibly in Oregon and California.

L. C. Haney has had asphalt tile floor covering laid at Tahoka Drug recently, giving the store a neat, new look.

A lot of men waste a lot of time trying to find a match; and a lot of women waste a lot of time trying to make a match.

If you doubt that women are wearing fewer clothes, just take a look at the figures.

Regardless of your walk in life, smooth running gets you there a lot quicker.

In the good old days the man who had money was a miser. Now he's a wizard.

You can add that room you need and pay for it by the month at Shamburger - Gee Lumber Company. Phone 313.

Blind Vet's Keen Hearing Averts Railroad Tragedy

BEAVER FALLS, PA.—The keen hearing of a blind marine veteran is credited with averting a railroad disaster near here.

If 22-year-old Jack George hadn't detected a broken rail on the bridge spanning the Beaver river, the crack Chicago-to-New York "Admiral" of the Pennsylvania railroad could have been derailed.

Jack and his father, Griffith W. George, a conductor for the Pittsburgh and Lake Erie, were sitting in their home about a block from the river.

Jack's ears, made acute by the loss of his sight four years ago on Guam, picked up the sound of the broken rail as a fast eastbound train crossed the span.

The father, leading his son, went to the bridge where a flashlight revealed a 12-inch break in the track.

They hurried home and telephoned the Pennsylvania dispatcher, who warned all trains to slow down when approaching the bridge so they could be switched to adjoining tracks.

Girl Shoos Angry Bull For Frightened Drivers

BARNSTABLE, MASS.—A 13-year-old girl caused considerable blushing among full-grown men when a belligerent bull tied up traffic on Route 6 for a half hour.

Some drivers attempted to start a roundup, but they quickly returned to their automobiles when the bull began snorting.

Cars were lined up a mile before Dolly Van Duzen, 13, rode her horse up to the bull and dismounted. Waving her arms in the bull's face, she yelled "Scat." The bull did.

Mind Wields More Control Over Dice at a Distance

NEW YORK.—The power of mind over matter is just as great at a distance of 30 feet as it is at 3 feet according to tests made at Washington college, Chestertown, Md.

In fact, at 30 feet the mind power worked a little better than close up. These experiments are part of a series originating at Duke university.

Dice-throwers try to influence the turn of the galloping dominoes. In the Duke, and other similar experiments, minds are reported showing a little influence.

When thousands of throws are averaged with people trying to think success, the averages are mathematically better than chance.

But in 768 throws, at 3 feet, the excess due to mental effort was only 39 and at 30 feet 119. The 39 is not enough to be certain, mathematically; the 119 is considered good evidence, mathematically.

The Washington college dice throwing was conducted by Dr. C. B. Nash and Miss Alice Richards. Forty-eight students used their mind powers on the dice. There was no hand throwing. A string was pulled to tip over a box containing the dice, which then rolled down an incline and across a flat to bounce against a conventional dice backstop.

Husband Sends Money to Wife by Carrier Pigeon

DETROIT.—Joe Andanowski sent \$20 of his pay home by carrier pigeon.

Andanowski's wife, Grace, told him at the breakfast table she needed cash for groceries, and the factory worker, too, was a little short-changed on the morning of pay day.

"But I'll fix that, honey," he told her. "As soon as I get to work I'll send the money right to you."

Andanowski then left for the plant, first stopping at his pigeon rookery and picking an honest-looking bird to tuck under his overcoat.

When he got his pay, he carefully taped a \$20 bill to the leg of the pigeon and sent it flying home. About 45 minutes later, Mrs. Andanowski reported, she heard a commotion in the rookery behind their home.

She had to examine many of the 60-odd birds before she found the one entrusted with the big bill.

"You could have knocked me over with a feather," she exclaimed. I thought Joe was only sending me a dollar."

Racketeer Waves at Auto Of Pals; Goes to Jail, Too

PHILADELPHIA.—Detective John Moros arrested two numbers racket suspects and instructed them to drive their automobile to the city hall.

En route a man stepped into the street waving frantically for the automobile to stop and Moros ordered the driver to halt. The man walked up and handed the startled Moros a bag. It contained slips for 160 numbers "plays."

Moros ordered the bag bearer into the car and proceeded to the city hall with three suspects instead of two.

Announcing
Sunday Schedule
FOR
Service Stations of Tahoka

In order that we and our employees may have more leisure time and in order that we may, at the same time, render ample service to the public, only three service stations will remain open on Sundays beginning July 11,

The Following Stations Will Be Open:

SUNDAY JULY 11— Reid Parker Sinclair Service Cleve Bairrington Phillip 66 W. H. Fulkerson Cosden	SUNDAY JULY 25— Wharton Mtr. Co., Conoco H. D. Short's Texaco Walker's Tahoka Service (Magnolia)
SUNDAY, JULY 18— Paul Pittman Gulf Farmer's Phillips 66 O. C. Elliott's Panhandle	THEN REPEAT— Following July 25, the above schedule will then be repeated, throughout the Summer, or as long as practical.

The above schedule has been agreed to by these stations. We will appreciate the public's cooperation in this plan.

Mr. and Mrs. H. L. Roddy, Mr. and Mrs. E. J. Cooper, Messers. H. P. Caveness, A. L. Smith, Sheldon Russell, and possibly others from Tahoka attended funeral services for W. A. Reddell's mother Is Idajou, Thursday of last week.

To set a woman's heart to humming, say her new fall hat's becoming. Just for fun, check up on the next bushel of wheat you buy. There are 556,000 seeds in a bushel.

Presley Is Home From Alaska

C. C. Presley, formerly in the garage business here, returned last week from Alaska, where he has been working for the past year and a half—and brought with him his bride of more than a year. C. C. was married April 4 last year in Alaska to a Grand Junction Colorado, girl, who had also gone to the territory at the same time a year and a half ago.

Mr. Presley has been working on the Alaska Railroad, owned by the Government, as a welder at Palmer, 48 miles north of Anchorage, and in the famous Matanuska valley, which is being developed as a rich farming area.

He has many things nice to say about the parts of Alaska he visited and also some uncomplimentary remarks.

For instance, the greatest fear most people have is the cold. He thinks that is greatly overplayed, for most of the settled areas have a much milder climate than many of the States imagine. At Palmer, the thermometer reached a low of 32 degrees below zero last winter, and one can freeze in a hurry at that temperature, but he claims the weather was not as severe as it was in Tahoka the last winter he was here. One wears warm clothes and soon gets acclimated to the cold. Wages are extremely high, but the cost of living is high too—one dozen eggs bring \$1.40, and rent on a two room house \$100 a month.

Presley went to Alaska by boat, saw some of the wonderful west coast scenery, and he and his wife returned last month over the Alcan highway. The scenery over this highway is wonderful, but he warns anyone contemplating the trip up the highway that he must be prepared for some terribly rough and muddy roads over much of this famous road. The couple returned by way of Washington, Oregon, California, and even visited Mexico. He is seeking mechanical work in this area.

Don't spend your time wondering why a black hen lays a white egg—get the egg.

Savannah Tunnell Wins Scholarship

Miss Savannah Tunnell, a 1948 graduate of Tahoka High School, daughter of Mrs. Lenore M. Tun-Dunlap scholarship award at Texas 18 graduates of Lubbock area high schools to receive one of the annual Dunlap scholarship awards at Texas Technological College, according to announcement made Tuesday by Dean James G. Allen of the college.

If for any reason Miss Tunnell cannot use the scholarship, Miss Peggy Carter, daughter of Mr. and Mrs. H. W. Carter, is an alternate, and will receive the scholarship.

Three students from each of the 43 high schools in Lubbock and eight surrounding counties who have the highest scholastic average, are given tests and interview each year to determine their college potentialities, and the student ranking highest on the tests is given the scholarship.

The awards are \$50 per semester, given to the student in cash at the end of the first nine weeks of the semester, provided he has maintained a B average for that period. The tests must show that the student has the ability to maintain such an average before he can qualify for the scholarship. Purpose of the awards is to bring to Tech the best and most capable young men and women of the area, Dean Allen said.

An opportunist is one who gets a haircut and shampoo when he has a bad cold, because it always gives him a bad cold anyway.

"Money is the root of all evil" —that's why we have to dig for it.

THE CENTER OF COOL SUMMER MENUS

You'll never know what a pleasure the preparation of summer meals can be until you've got an electric refrigerator.

There's nothing like a crisp, refreshing salad or cool, flavorful dessert to make a summer meal successful, and there's nothing like an electric refrigerator to make those tasty dishes stand out on your menus.

Now, before the full summer heat is here, see your appliance dealer and make arrangements to have a dependable electric refrigerator in your kitchen. You'll love it... and so will your family.

And remember... electric service is cheaper than ever before.

ABOUT OUR PRESIDENTS

PRESIDENT TRUMAN has the unique distinction of having approved several bills which he had signed as president of the senate. He vetoed a private bill as President of the United States which he had signed as president of the senate when he was vice president.

PRESIDENT MARTIN VAN BUREN entered the White House with four motherless sons.

ONE OF OUR PRESIDENTS, George Washington, was a farmer. Twenty-two were lawyers, two were army officers, two were in politics, one was a teacher, one a publisher, one was a mining engineer and one a merchant.

U.S. Forecasts Price Troubles For Housewives

WASHINGTON.—Complicated figures just released by the federal reserve board and the department of commerce carry storm warnings for housewives who are already having trouble making both ends meet.

The story is just more of the same old thing: shortages. We want more than is being turned out.

The possible dynamite under prices lies in three new large sums about to go into circulation: (1) money "saved" because of lower income taxes, (2) increased installment payments, (3) increased defense appropriations.

Taxes have been cut 4.8 billion dollars. Much of that tax cut went to working families who are expected to spend it instead of save it.

Americans are expected to go on the cuff for at least 3.2 billion dollars worth of goods this year. They'll get them through installment buying and through charge accounts.

That's the amount they went on the cuff for in 1947, and the rate was rising rapidly at the end of last year.

That kind of buying dropped off through the war because there were government controls on it, but congress let the controls go in November. Immediately there was an upsurge.

Funds for the Military War clouds have forced the government to talk of spending more for the army, navy and air force.

At first it looked as though the military services could get along on \$2,250,704,300 more this year than last.

Even so, that would have meant so much more money competing for steel, woolen yard goods, leather, autos. But now there are plans to increase that by another three billion dollars. Whether it's two or five billions that the services have to spend this year, it's all new money bidding for what American farms and factories turn out.

Together those three figures add up to between 10 and 13 billion dollars of new spending this coming year, depending on which sum you bet on for the military.

Prices Skid Down There have been flurries of lower prices which gave rise to hopes among the majority of Americans that live on weekly pay checks.

The most dramatic was the downward skid of food prices. It didn't last long. Most of those skids started to climb back up right away.

Anyway, those food prices were only part of the picture. The important figure to consider is how much money mills around daily through the stores and banks. It is now around 28 billion dollars. Economists call that "money in circulation."

Add another 10 billion dollars to 13 billion dollars and you've got a lot of money bidding for the same amount of goods.

All through 1947 the numbers of people at work hung close to 60 million and their numbers are going up. So far this year 1,759,000 more people were at work than last year.

Business itself was so optimistic that in 1947 more than 200,000 new concerns opened shop. During those 12 months only 3,476 concerns failed, the lowest number since 1871.

R-H COTTON DUST

Gives excellent control of thrips, tarnished plant bugs and flea hoppers when dusted early and permits cotton to hold early fruit and set an early crop. In Bollweevil control, R-H Dust has been found to give a high degree of kill of Bollweevils within cotton squares, in addition to the kill of adult Bollweevils.

R-H Dust has proven to be very effective for the control of the bollworm, army worm, web worm, grape colaspis, ants, bean leaf beetle and grasshoppers.

R-H Dust has a very low toxicity to warm-blooded animals. R-H Dust is very economical in cost per pound as measured by all season control.

R-H Dust does not burn or adversely affect foliage on any of the common farm crops.

PREVENTIVE TREATMENT IS MORE VALUABLE THAN APPLICATION AFTER HEAVY INFESTATION.

Cut-Rate Sale of One Dollar Bills Attracts Few Customers

BLUEFIELD, W. VA. — One-dollar bills don't sell very well here—even for 89 cents.

By way of advertising for his new store, Olin Austin offered to sell each adult customer two \$1 bills for 89 cents apiece.

But most people thought there was some catch to it and business has been "pretty slow," Austin reported.

Some hard-to-please customers have even grumbled that 89 cents is more than a dollar is worth anyhow.

WEEKLY NEWS ANALYSIS

Weary 80th Congress Comes to End Of Trail in Welter of Legislation; Truman Finishes Political Road Show

By Bill Schoentgen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

CONGRESS: Adjourned

Embattled and fatigued, the 80th congress nevertheless managed to spew forth a batch of important legislation with the relentless of a doughnut machine before it adjourned for the national political conventions.

In the waning hours before adjournment the dog-tired senators and representatives pushed through farm legislation and a peacetime draft, together with bills having to do with housing, displaced persons, the atomic energy commission, wages of federal employees and foreign aid appropriations.

Republican leaders made it apparent that although congress had adjourned its session the way was being left open for it to reconvene later this year.

Despite this, however, the 80th congress had run its formal course. And that it was a vital, exciting course and one that had produced some momentous legislation no one would gainsay. Partly responsible for this character of congress, of course, was the fact that President Truman had written a record number of vetoes.

Some of the high points of congress' record:

FOREIGN AID—Congress issued billions for the support of Greece and Turkey and for general foreign relief, capping that by underwriting the Marshall plan for world economic survival and revival and establishing the economic cooperation administration as a further investment in the future of 16 friendly European nations.

NATIONAL DEFENSE—Aware of the implications of the realistic foreign policy the U. S. had begun to follow, congress adopted a peacetime draft, demanded a "70-group" air force, appropriated funds to modernize the army and navy, enacted a law to unify the armed forces and created the atomic energy commission.

HIGH PRICES—Congress ignored President Truman's repeated and insistent demands for authority to control prices and wages and kept to the classic Republican conception of "laissez faire" with regard to business and industry. It reduced personal income taxes and reduced the domestic budget by two billion dollars.

LABOR—The Taft-Hartley law was enacted over President Truman's veto in an effort to curb union excesses and restore a better balance between labor and management. The minimum wage law, growing constantly less useful as prices and wages rose, was not revised.

DRAFTEES: Back Again

With the peacetime draft a reality in the U. S. again for the first time since 1941 many thousands of young men (19 through 25) are face to face with the prospect of wearing G.I. clothing for 21 months.

Most of them were destined to go into the army, since the navy and air force are scheduled to receive an extremely small percentage of the draftees.

For those non-veterans who wanted to escape the draft there was at least one reasonable method of doing so—enlistment in the national guard or reserves before the President signed the bill. And national guard officers all over the country reported that they were receiving a most gratifying number of inquiries from prospective enlistees.

Meanwhile, Gen. Omar N. Bradley, army chief of staff, reported joyfully that the army would try to take on as many as 10,000 draftees a month under the new act.

Selective service, he said, will "back our leadership in the world and will strengthen our foreign policy." That, certainly, was the hope of most Americans, notwithstanding the furious last-ditch efforts of isolationists in congress to block passage of the draft law.

The chief of staff revealed that at present there is only one domestic army division up to full strength. He said the draft and enlistments will bring the army up from 540,000 to 790,000.

Is there any immediate emergency that must be met by a prepared army force? Most authorities think not, and General Bradley himself soft-pedaled the idea.

Bongo Bongo

Evidence of a recurrence of cannibalism in French Equatorial Africa has prompted the French colonial administration to launch a vigorous effort to wipe out that evil among the natives.

The government is imposing hard labor penalties on offenders, using that punishment as a threat to break the hold of witch doctors who get free supplies of meat by promoting annual human-sacrifice rituals.

Eight Ball

With the all-crucial (for him) Democratic convention only days away, with the Republicans throwing political rocks at him, with southern Democrats blustering against him and his policies and with his own Democratic organization feeling very tepid about his prospects, President Truman could be forgiven indeed for having that "behind-the-eight ball" feeling.

RETURN: Truman

President Truman was back in the White House after journeying 9,505 political miles—one of them on a ski-lift at Sun Valley—to bring his story before U. S. voters.

That story was primarily his bitter characterization of the present congress as wallowing in deflection.

As a U. S. President going before the people to seek re-nomination by his own party, he summed up his stand in a single, tough phrase made during his speech at Harrisburg, Pa. If the voters don't make a change in congress this November, he said in effect, they "can stew in your own juice."

Whether or not the spectacle of the President stumping the country in search of popular support is viewed as admirable or otherwise, it certainly must be regarded as a phenomenal pilgrimage in the annals of American politics.

At first flaunting a "non-political" banner, which he soon discarded, Mr. Truman traveled 8,534 miles on eight different railroads, 729 miles by automobile, 225 miles by air, 25 miles across Puget sound by yacht and one mile by ski-lift.

In that political hegira the President brought the public up to date on the background of what is probably the most bitter feud between a President and congress since the days of Andrew Johnson.

There is no doubt that the President, safely back at his desk in Washington, was feeling that he had accomplished pretty much what he had set out to do: The arousing of voter-interest in the issues at stake and the presentation of himself to the people in the role of a comradely but hard-hitting President who is the watchdog of their welfare.

PALESTINE: Mediation

Although the situation in Palestine—the truce between warring Arabs and Jews—has been overshadowed in the U. S. by the clamorous news from the Republican convention, Count Folke Bernadotte's negotiations were continuing—and so was the tension.

There were no indications, however, that the United Nations mediator was having any signal successes in bringing Israel and the Arab states together on terms.

As the truce went into its second week the U. S. assigned three destroyers in the Mediterranean to immediate duty with the Palestine mediator to help supervise the armistice.

The destroyers, American officials said, were not empowered to use force of any kind in patrol duties, nor would they be allowed to stop or board any ships.

Meanwhile, to inject a further atmosphere of law and order into Palestine the first United Nations "army" had been started on a shoe-string. Thirty permanent U. N. guards from Lake Success were flown east to help supervise the truce, along with 20 other volunteers selected from U. N. secretariat employees.

TARGETS: Fleet Tests

Battleships New York and Nevada, survivors of the Bikini atom bomb test, were scheduled to be sunk this month as targets during Pacific fleet tests.

The two old battlewagons will be towed 50 miles south of Honolulu to play their final role with the navy they have served through two wars. They will be used to test weapons of the fleet in tactical maneuvers.

NO

Harsh Laxatives are NOT necessary for most people

The juice of a lemon in a glass of water, when taken first thing on arising, is all that most people need to insure prompt, normal elimination. No more harsh laxatives that irritate the digestive tract and impair nutrition! Lemon in water is good for you!

Generations of Americans have taken lemons for health—and generations of doctors have recommended them. They are rich in vitamin C, supply valuable amounts of B₁ and P. They alkalize, aid digestion.

Not too sharp or sour, lemon in water has a refreshing tang—clears the mouth, wakes you up, it's not a purgative—simply helps your system regulate itself. Try it 10 days. USE CALIFORNIA SUNKIST LEMONS

Yodora checks perspiration odor

THE SOOTHINGEST WAY Made with a face cream base, Yodora is actually soothing to normal skins. No harsh chemicals or irritating salts. Won't harm skin or clothing. Stays soft and creamy, never gets grainy. Try gentle Yodora—feel the wonderful difference!

Black Leaf 40 KILLS LICE

Cap-Broth Application makes BLACK LEAF 40 100% LICE KILLER. JUST A DASH IN FEATHERS OR SPREAD ON ROOSTS

CHANGE of LIFE?

Are you going through the functional "middle age" period peculiar to women (35 to 52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what Doctors call a stomachic effect!

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be aching backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are constipation, burning, scanty or too frequent urination. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

HOUSEHOLD MEMOS... by Lynn Chambers

Have a Porch Meal; Family Loves Them In Summer Weather

1. A TREAT to eat outdoors! Mom gets out of a hot kitchen, and the whole family can enjoy a meal even at the end of the day if they eat it in a cool breeze out on the porch, under the old tree or in the garden.

This is real outdoor eating and it can be almost picnic style. Plan it to be casual and everyone will have fun. Carry out all food, plates and utensils on a tray and save trips to the kitchen and then back again.

A bowl of flowers from the garden will make the occasion seem festive indeed. Almost any kind of a meal will be easy to serve as long as you can fit it on a tray so everyone can help himself. Even a roast will work out well served in this way. Place your creamed, au gratin or browned potatoes in the center of a large platter.

IF THE DAY is a sweltering one and calls for a cool supper, why not try a really cool supper? A loaf of tomato aspic served with marinated shrimps makes a good main

If you're having cold meat and want to serve a hot dish, too, try macaroni and cheese; that time-honored potato casserole, au gratin style, or creamed potatoes, topped with cheese.

dish. Add cucumbers to this for eating and for garnish. Ice cream or lemon sherbet served with crisp delicious cookies will complete the meal.

Tomato Aspic with Shrimp (Serves 8)
2 tablespoons plain gelatin
1/2 cup cold water
1 1/2 cups hot water
2 8-ounce cans all-tomato sauce
2 teaspoons chopped chives or 1 teaspoon lemon juice
1 (5-ounce) can shrimp, drained

Soften gelatin in cold water. Add hot water and stir until dissolved. Add all-tomato sauce. Chill until the mixture is of the consistency of unbeaten egg whites. Stir in chives or onion juice. Turn into a loaf pan and chill until firm. Unmold on greens and garnish with shrimp that have been marinated in French dressing.

IF THE WEATHER is on the warm side and you don't want to spend much time cooking, select a simpler meal. For example, have sliced tongue or other cold meat served with macaroni and cheese and complete the meal with sliced garden tomatoes and cucumbers and butterscotch chiffon pie made in the morning.

Macaroni and Cheese (Serves 4)
1/4 pound macaroni
3 tablespoons butter
1/4 cup flour
1/4 teaspoon dry mustard
1/2 teaspoon salt
2 cups milk
1 tablespoon onion, minced
1 cup grated American cheese

Cook macaroni in boiling, salted water until tender. Drain. Make sauce by melting butter, adding flour which is blended with mustard and salt. Add milk and onion and cook until thickened. Add grated cheese and stir until melted. Combine sauce and macaroni and place in a greased casserole. Bake in a moderately hot (400 degree) oven until browned.

Butterscotch Chiffon Pie
1 baked 9-inch pie shell
1 tablespoon plain gelatin
1/4 cup cold water
3 eggs, separated
1 cup brown sugar
1 cup scalded milk
2 tablespoons butter
1/4 teaspoon salt
1/4 cup granulated sugar

LYNN SAYS: Use These Tips For Porch Suppers Appetites are bound to be big when you're planning to eat out-of-doors. Plan generous servings of all your foods. Toss many of your garden greens together if you want a lovely wooden bowl salad. Into this can go lettuce, cucumbers, spinach, cauliflower, radishes, green onions, celery and shredded carrots. Use a tangy French dressing.

LYNN CHAMBERS' MENU

Broiled Weiners with Bacon
Toasted Buns Relishes
Carrot Sticks Potato Salad
*French Pear Pie
*Recipe Given

Let gelatin stand in cold water five minutes. Beat egg yolks until thick, beat in brown sugar gradually, then add milk. Add butter and salt and cook in top of double boiler until mixture coats the spoon. Stir in gelatin. Cool. Beat egg whites stiff, add granulated sugar and fold into first mixture. Pour into baked pie shell and let chill until firm. Serve with whipped cream, if desired.

OF COURSE, there are nothing like hamburgers for a real favorite as a supper dish. But, here's a new way to prepare the burgers, for they're smothered in onions and noodles:

Special Hamburger Patties (Serves 6-8)
1/2 cup milk
1 cup soft bread crumbs
1/2 cup grated onion
1/2 teaspoon poultry seasoning
1 1/2 teaspoons salt
2 rounds hamburger
4 tablespoons flour
6 slices bacon

Add seasonings, bread crumbs and milk to meat. Mix well and shape into patties, three-fourths inch thick. Dredge with flour. Wrap a slice of bacon around each patty and fasten with a toothpick. Broil patties until they are thoroughly cooked and nicely browned.

Cook one-half pound of broad noodles until tender; then season with butter, salt and pepper. While noodles cook, slice three large onions and fry them in drippings.

To serve, place noodles on a hot platter, top with hamburger patties and smother with the onions.

A DELICIOUS DESSERT that goes well with this is a pear pie. Bake it in a glass dish and bring it out to the porch to serve.

*French Pear Pie (Makes 10-inch pie)
Pastry:
1 1/4 cups flour
1/4 teaspoon baking powder
1/4 teaspoon salt
6 tablespoons shortening
3 to 4 tablespoons ice water

Filling:
6 cups sliced pears
3 tablespoons lemon juice
1/3 cup corn syrup
1/3 cup sugar
1/2 teaspoon ginger
2 tablespoons flour

Topping:
1/3 cup shortening
1/2 cup brown sugar
1 cup flour

To make pastry, sift flour, baking powder and salt together. Cut in shortening with pastry blender or two knives until it is the size of peas. Add water in small quantities, mixed with a fork until it just holds together. Pat into ball and chill. Roll dough out and line a glass pie plate, pressing dough into fluting.

To make filling, peel, core and slice pears; mix with lemon juice, corn syrup, sugar and flour. Place in unbaked pie shell.

To make topping, cream shortening and brown sugar. Mix in flour and top near mixture with this. Bake in a moderate (375 degree) oven for about 45 minutes until pears are done.

Creamed potatoes will be more interesting if they have some chopped dried beef added to them. If you're not too hungry, this will take the place of meat. A quick and easy way to prepare a ham slice is to bake in a sauce made of one cup of water, one-half cup brown sugar and a few slices of orange, stuck with cloves. Sausage meat can be mixed with egg and soft bread crumbs, then baked and served with cooked, drained and lightly fried noodles.

FIRST AID to the AILING HOUSE

QUESTION: Could you give me any information on tile flooring? Can I do the work myself?

ANSWER: Whatever type you choose, remember that a solid color will show dirt very quickly. Mottled colors stay clean-looking much longer. It is perfectly possible for a home owner to lay tile, provided he is handy with tools and has a good guide book. Any kind of tile must be set in the proper "bed" no matter whether it is clay tile, asphalt, rubber or anything else.

QUESTION: Should one patch plaster that has come off in a basement?

ANSWER: If it's ordinary plaster that is used for living rooms, it would be best to remove all of it instead of trying to patch it. This type of plaster is affected by dampness and is not intended for use in a basement.

QUESTION: How can I polish bad scratches off my glass table top?

ANSWER: That type of polishing cannot be done at home. It is a job for a dealer in plate glass who has the equipment.

Sunbonnet Girls

Something mighty fetching for your kitchen linens! Six little Sunbonnet Girl motifs—all so gay and colorful. Very easy needlework. Amusing designs to do, brighten up your kitchen. Pattern 7200; transfer of six motifs 6x6 1/2 inches. Our improved pattern—visual with easy-to-see charts and photos, and complete directions—makes needlework easy.

Sweet Alyssum

Sweet alyssum is an important garden accessory. Its real purpose is to accent-to edge borders and paths and to point up other garden flowers and shrubs. There are several varieties of sweet alyssum, ranging in height from four to 12 inches. Height is an important point to consider in making the selection, since shearing is necessary for continuous bloom. Plants that are too low for shearing—those that grow to a height of only four or four-and-a-half inches, for example, will go to seed early in the season.

LOOK AT YOURSELF! PALE? RUN DOWN? TIRED? NO APPETITE?

Here's help against that "all-in" feeling if due to blood-iron deficiency! W. H. Bull's HERBS AND IRON, used by families since 1879, stimulates appetite, helps build red blood, so vital to health and energy. Don't delay! Do as thousands have done. Get a bottle of Herbs and Iron from your druggist today—make it as directed. See if you don't feel more like yourself than you have in years!

NOTICE OF ELECTION FOR SCHOOL TAX

THE STATE OF TEXAS: County of Lynn, New Home School District.

Pursuant of an order passed by the Board of Trustees of New Home Independent School District on the 15th day of June A. D. 1948, NOTICE IS HEREBY GIVEN that an election will be held at Lakeview, in the Church Building, School District, on the 24 day of July, A. D. 1948, to determine whether the Board of Trustees of said district shall have power to levy and collect an ad valorem tax on the one hundred dollar valuation of all taxable property in said district, for the public free schools in said New Home Independent School District of and at the rate of one dollar and fifty cents (\$1.50) on the one hundred dollar valuation of taxable property in said district, such tax, if voted, to be levied and collected for the year 1948, and annually thereafter unless it be discontinued as provided by law.

Wayman Smith has been appointed manager of said election and he shall select a judge and two clerks to assist him in holding the same, or more judges and clerks, if deemed necessary, which shall be held as nearly as may be possible in conformity with the general election laws of the State.

No person shall vote at said election except resident qualified property taxpaying voters who own taxable property in said district and who have duly rendered the same for taxation.

Those desiring to vote in favor of the Maintenance Tax shall have written or printed upon their ballots: "For Maintenance Tax," and those opposed to the proposition shall have written or printed upon their ballots: "Against Maintenance Tax."

Dated this 3rd day of July, A. D. 1948.

J. B. Edwards, Secretary of Board of Trustees.

NEW ADDITIONS MADE AT ARTS COLONY

FIRST in Value ...

FIRST in Big-Car Quality at Lowest Prices ...

FIRST in Registrations

ALWAYS THE VALUE-LEADER ... always the first choice of people who want the finest at lowest cost ... Chevrolet's value-leadership is now so outstanding that men and women everywhere are deciding it's more than ever the preferred investment in its field!

Not only does Chevrolet stand out as the first and only low-priced car with all the following major advances which comprise the soundest and best in modern motoring ... not only does it offer all these major advantages of Big-Car quality at lowest prices ... but it offers them at prices that are now definitely and decisively lower than those of any other car that even remotely approaches it in quality!

It's the first and only low-priced car with the original and outstanding Unitized Knee-Action Ride. It's the first and only low-priced car with a world's champion Valve-in-Head

Engine. It's the first and only low-priced car with the enviable Body by Fisher. It's the first and only low-priced car with the triple safety-protection of Fisher Unisteel Body-Construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes.

And yet, despite the fact that CHEVROLET AND ONLY CHEVROLET IS FIRST to offer all these major advancements of low-cost motoring, it holds an even greater price-advantage and gives you even more value for your dollars in comparison with other automobiles today than at any previous time in Chevrolet history!

That is why more people are buying Chevrolets than any other make of car, this year as for the total 17-year period, 1931 to date; that is why they are agreeing, with ever-mounting enthusiasm, that Chevrolet is first in dollar-value as it is first in nation-wide demand.

Compare Values!... Compare Prices!...

CHEVROLET — and Only CHEVROLET — IS FIRST!
