Tahoka Bulldogs **Open Season At** Sundown Today

Tahoka's 1948 Bulldog football team opens the season tonight at Sundown against the Sundown Roughnecks.

Both teams are in District 4-A but the game will not count in the championship race, since the winning team of the north half will meet the south half winner for the title.

Last Friday night, Sundown defeated District 5-A Denver City 28 to 19. Both teams are powerful and are potential champions.

Tahoka was in district 6-A last year, winning the championship but losing to Levelland in the bi-district contest. This year's Bulldogs, for the most part are inexperienced at the game, and it remains to be seen what they can do in action. They looked good in a scrimmage session with Class AA Brownfield, but did not look so "hot" in a recent practice session against Class B Meadow.

Coaches Foust and Jacobs state that the boys are learning, and after a few games should develop into a smooth machine.

There are eleven lettermen back from last year's squad, but only three or four of these were starters, Bobbie Boyd, quarterback, Duane Carter, end, and Almon Crotwell, tackle. The team is being built around these and other experienced players.

Other lettermen back are: Strick-(Cont'd on back page)

Wilson Schools Open This Week

J. P. Hewlett, superintendent of the Wilson Public Schools, who recently had some printing done in The News office preparatory to the opening of the schools there, was in the office Tuesday afternoon and reported that registration of pupils was perfected Monday and class work began Tuesday, with an auapicious out look for a successful

Mr. Hewlett was of the opinion that there would be an increase in somewhat more slowly than at first the enrollment over last session. He had not checked up on the number building. It seemed doubtful Thursenrolled Monday but stated that the day if it could be made ready for lunch room furnished meals to 314 use next Sunday, but the pastor and pupils on the first day. CHIEF OF CHAPLAINS-Maj. Gen. Luther D. Miller, commissioned a chaplain (first lieutenant) during World War I, served in the Asiatic Pacific theater and the Philippine liberation campaign in World War Il before his return in 1945 when he was named Chief of Chaplains. He is a native of Leechburg, Pennsylvania, and a clergyman of the Protestant Episcopal Church

Lynn Fair Dates Set October 12-13

Lynn County will hold a fair this fall, the dates having been set as Tuesday and Wednesday, October 12 and 13, according to County Agent Bill Griffin.

Plans are underway for some entertainment, and farmers, farm wives, 4-H Club boys and girls will each have divisions. Further information will be published in The News in the immediate future.

Carter And Boyd Football Captains

Tahoka football team captains for the year were elected recently by members of the Bulldog squad. The are Bobby Boyd and Duane the efficient quarterback, and Car- vices. ter is a pass-snatching end.

Few Selective Service Registrants Subject To Call

Of the 227 persons who had regis. ered here up to ten o'clock Wednesday morning under the new Selective Service Law, Mrs. Dude Holland, who was conducting the registration, estimated that not more than five percent of them would be subject to call for training, one of the chief reasons being that most of them were veterans of World War II. Only five had registered here at hat time who would be subject to

Up to that time only those persons who were in the 25, 24, and 23-year-old class and a few in the 22-year-old class had registered.

Of course the percentage of those who have not seen service, will rapidly increase in the lower-age brackets. So many exemptions for them are contained in the law, however, that she thought the percentage would still remain comparatively low.

Persons who are 18, 19, 20, 21 and some of those who are 22 still remained to be registered.

Registration is being made at O'Donnell also but Mrs. Holland had no information as to the number who had registered there, possibly not more than half as many as at

Higher-ups had estimated that total registrations in the county would run between 900 and 1,0000.

He had been sleeping in day and Wednesday of this week.

Tahoka schools opened Tuesday with a full force of teachers, indications of a large enrollment, and prospects are that this will be the best school year since early in the war, according to Superintendent

Vernon Brewer. Enrollment was slightly less than expected, but a number of students probably are enrolling late. Through Wednesday, 205 had enrolled in the high school, 58 in the tighth grade, 501 in the grade school, and 82 in the Negro school, a total of 846.

The schools have 33 teachers this year, the largest faculty in the history of the local schools, and the superintendent says it "has taken on more of a pre-war appearance than any year he has observed since beginning of the war."

The teaching force is composed of the following:

Otis Spears, high school principal and civics. Mr. Spears, a graduate of Texas Tech, is new on the faculty but was reared in Lynn county.

of physical education. Jake Jacobs, assistant coach and teacher of junior business and physical education.

Dr. John R. Paul Is Buried Here

Dr. John R. Paul, 74, a chiropractor, who practiced his profession here for a number of years but more recently had been located in Houston, died at about 5:00 to 5:30 o'clock last Saturday afternoon in his trailer house situated on the premises of Ted Chancey in south Tahoka for the past two months. Death came suddenly but not unexpectedly.

Funeral services were conducted at 3:00 o'clock Monday afternoon at the Church of Christ here with Minister Lloyd Moyer of Slaton of-

Burial in the Tahoka cemeters followed under the direction of the Stanley Funeral Home. Pall bearers were Reagan Reed, Jim Peagram, Ray Chancy, Billy Chancy, Jim Cloe, and Tom Cloe.

During the several years that Dr. Paul practiced his profession here, he lived most of the time with the sancy family, who became very was born in Tennessee on August 20, 1874, and came to Texas when he was only 11 years of age. He located in Slaton some twenty-five years ago, where he practiced his professios until he moved to Tahoka in 1937.

He maintained his office here first in the J. S. Wells building. later he moved nto the old teltphone office and still later into the building occupied by he Walker Specialty Shop, or thereabout.

He left Tahoka a few years ago but kept in touch with the Chancy family. About three months ago, when Mrs. Chancy became ill, Ted sent for Dr. Paul to come and treat her. He came promptly but became ill while here and was nevtr able to give her a treatment. Then he went back to Houston. About two the Doctor was very ill and wanted bring the Doctor out to Tahoka. They came in the Doctor's car with the trailer attached.

and September 26 is Rally Day.

EUZELIAN S. S. CLASS **ENTERTAINS HUSBANDS**

The Euzelian Sunday School Class of the Baptist Church had its regular monthly meeting Tuesday night on the lawn of the Church with their husbands as special guests. Also on the guest list were the pastor and Mrs. Aly, Supt. and Mrs. W. A. Reddell, associate members of the Class, and a few other guests. A picnic supper was served, followed by a brief program.

In addition to several musical numbers, the pastor spoke briefly in the interest of the approaching re-

At the close of the program, Mrs H. P. Caveness introduced Mrs. R. C. Forrester, paying her a fitting tribute for her loyalty and faithful service during the years, and Mrs. Forrester in turn and in behalf of the Class presented the retiring teacher, E. I. Hill, with a beautiful

A sprinkle of rain in the meantime had driven the class members and their guests into the chu ch lining room, where the latter porion of the program was given.

LESSON IN CITIZENSHIP TO BE GIVEN NEW SOLDIERS

Headquarters Fourth Army recently stated that a sizeable portion of the time used for the basic training of new soldiers will be devoted to lectures, discussions and motion pictures covering broad phases of good citizenship and subjects designed to foster quick adjustments from civil to military life, M/Sgt. A. W. Carnes, Commander of the U. S. Army and U. S. Air Force Recruiting Station at the Courthouse in Brownfield, was informed today.

The basic Troop Information Program consists of 12 dicussion periods spread out over the eight weeks of basic training. Training officers in a. of the Army training centers will adhere to the same programs and all new troops will gover the same educational

Because of the strong emphasis prese on Tro information and squestion by the Army, the soldier will be informed as to his advantages and obligations as an American citizen at the same time ne is learning the rudiments of military life. He will also get a better understanding of American ideals and an adequate and intelligent explanation of Army process, which will tend to foster the dignity and integrity of the individual soldier.

L. D. Howell received a message the first of the week advising that a nephew of his, living at Childress had been seriously injured in a highway accident of some kind. He hastened over to Chlidress and later informed his wife that there had been a serious injury to the young man's back, and doctors were of the opinion that he would never be able to walk again.

Heart Disease Incidence On Increase Among Women

Smoking may have something to do with the higher incidence of coronary thrombosis among women in the past 30 years, according to Hygeia, health magazine of the American Medical

Four groups of 1,000 patients each (smokers, non-smokers, coronary subjected to statistical analysis. On the average, smokers were found to get coronary thrombosis 10 years earlier than non-smokers. Although not a cause of the disease, smoking

In coronary thrombosis a clot forms in one of the coronary arteries, Rev. J. O. Haymes of Lubbock and a portion of the heart muscle is sufficient to do damage.

> Probably as many as one man in 30 and one woman in 90 over 40 years of age will suffer an attack of coronary thrombosis this year, the article states. Thousands of men and women who have had coronary thrombosis may reasonably expect to live many more years and lead comparatively normal, useful lives. Rest and reassurance are two of the most important forms of treatment.

The fifth day after the attack is the most worrisome. All the area of the heart supplied by the closed artery and its branches is incapacitated. But if the patient gets past the first week, complete healing can be expected within six or eight weeks.

The tax medicine Washington mixes up for us isn't so palatable, but it's worth any price just to live in this country.

BUDDY GENE BRAGG IS NOW IN THE ARMY

Mrs. C. T. Tankersley of West Point informed the News Wednesday that her grandson, Buddy Gene :: Bragg, is now in the U. S. Army. Buddy Gene, son of Mr. and Mrs. Cody Bragg of West Point, enlisted in the service on August 24 in Lub-

He was sent to Dallas for a few days stay there and was then sent to Fort Ord, California. He wrote his parents that he expected to be shipped to Washington in a few days, where he will remain about eight weeks, and then be sent to Trenton, New Jersey, to take instruction and training for eight months in a radio school- and officer's candidate school. He has been made acting corporal and put in charge of a squad of 11 men, he reports.

He says the army is about like he figured it would be; so, he is not dissatisfied but would not advise any body to join.

Born in Tahoka on May 17, 1927, pany. Phone 313.

Buddy Gene is 21 years old and has lived his entire life in Lynn county. He finished grade school at West Point, high school at Tahoka, 1946, and has had two years at the Texas Fech. He has always been outstanding in his school work. In December, 1944, he won a trip to Chicago; to the American Youths Congress at Lake Miniwanca, Michigan.

Mrs. W. S. Skiles and Mrs. F. L. Powell of Dallas visited a few days here in the home of Mrs. C. A. Thomas and were accompanied home this week by Mrs. Thomas' vated at the small town of Tell Harmother, Mrs. S. J. Harris, for a few mal, near Baghdad, a town which days visit there.

Miss Bernice Edwards with the Employment Service at Odessa spent the holiday week-end here ten lines in two columns each on both with her brother Roy Edwards and sides of the tablet.

There's Jacuzzie Pressure Pumps with pipe to suit your needs at Shamburger - Gee Lumber Com

World's Oldest Law Code Comes to Light in Iraq

Oldest code of laws in the world has been discovered by a Kale scholar at Baghdad, Iraq. It is the code of Bilalama, king of Eshnunna, a kingdom on the east bank of the Tigris river which flourished 200 years before Hammurabi, the great law giver and in August, 1945, he won a trip of the Babylonians, held sway at Babylon on the west side of this same

> Like Hammurabi's famous code, it has penalties resembling the "eye for an eye, tooth for a tooth." It even contains a section on price control.

Prof. Albrecht Goetz made the dis covery while examining tablets excacovers the ruins of a small rural vil lage that existed 2,000 years before the Christian era.

The new code, as now recovered consists of about 200 narrowly-writ

One section states: "If a man bite another man's nose and severs it, h pays him one mina of silver. (For an eye (he pays) one mina of silver (for) a tooth a half mina of silver (for) an ear a half mina of silver (for) a slap in the face 10 shequel of silver."

Tree-Planting Simplified By Remarkable Machine

Machines will take much of the strain out of tree planting in the fu ture, declares Prof. Fred E. Winch Jr., assistant extension forester at Cornell. Several commercial tree planters are already on the market. Some plow furrows in which the tree is planted, while others open up a slit in which the tree is set and as the machine passes the rear wheels tamp the tree in place.

Cost of such a machine is too great for the person who plants less than 100 trees. Some of the soil conservation districts, however, own machines that are available to cooperators.

It is pointed out that many farmers could use a home-made plantera pair of old log-cart wheels fitted with iron or steel blades about six inches long and attached to the wheel at the circumference. As the wheelturns, the blades are driven into the ground, and as it proceeds the blades throw dirt out of the hole.

If the wheel is four feet in di-ameter, two blades at opposite ends will dig holes slightly under six feet apart. Two rows of holes can be dug with two heavily weighted wheels pulled by a tractor.

ew plan to develop Cyps a British bastion of the eastern Mediterranean is a reminder that this is a land that many nations forgot, and then, at dramatic moments of history, remembered with a will.

For more than 30 centuries the big island off the coast of Asia Minor has played a periodic but eignificant role in world events. Today as in the time of the pharoahs and the crusaders, geography has placed it in a key position along route to the Middle East. Its barren, ruddy moun-tains rise from the blue Mediterranean little more than 40 miles from the Turkish shore. Syria and Palestine are, respectively, only 65 and 140 miles distant.

The overwhelming majority of the Cypriotes are Greeks, descendants of ancient colonists. In the total population of more than 450,000 there is a sizable Turkish minority, plus smaller groups of Armenians, Syrians, Egyptians and Arabs.

In World War II Cyprus was the first of Britain's overseas possessions to send troops-the Cyprus Muleteer corps—to the European front.

British administration of the island began in 1878, when England leased Cyprus from the Turkish empire to guard the new Suez canal route. On the outbreak of World War I, the island was annexed.

DEAR JOHN

ABOUT 80% OF ALL EXPEN-SIVE, MAJOR REPAIRS we make are due to lack of proper or regular lubrication or the neglect of

simple services. While we pride ourselves on our ability to do MAJOR REPAIRS, we are frank in saying that we would rather fix minor troubles and keep your car on the road than to see it laid up for extensive, cost-

ly repairs. This is sound thinking on our part for two reasons: 1. We are not unmindful of the fact that our ser" vice customers are all potential new car customers. 2. The more miles we can help you get from your car, at the lowest possible cost to you, the more enjoyment you'll get from

gard our service. If we have convinced you that it is to your advantage to have your car serviced and checked regularly we will feel well rewarded. If you decide we should do the work, we will indeed feel grateful. May we expect you to try our preventive

it and the more highly you'll re-

Sincerely yours,

Plains Motor Co.

> Russian Communism in Germany is proving that it knows no law excep Ditto Bulgaria. Ditto every country clude livestock feeding, leather where it rules. Why any American goods potentialities and water needs can be so idiotic as to advocate of the area. Communism for America is more han we can comprehend. Why any dictator is an unsolved mystery. These guys who are advocating communism are either consciously r unconsciously advocating the overthrow of this government by force and thereby become traitors We regret that Henry Wallace was rotten-egged, but in our humble opinion he has been playing for a long time on the brink of treason We have no sympathy for his kind

FIGHT FOR WEST TEXAS By Bray Chevrolet Co. WATER RIGHTS PLANNED

> Abilene, September 8,- A fight for West Texas water rights will be carried directly into all of the 132 counties of the West Texas Chamber of Commerce territory in a series of project clinics authorized this week by members of the executive committee.

At the same time the committee set the date for the 31st annual West Texas Chamber of Commerce convention to be held in Abilene, Monday, November 8.

Project clinics have he following towns:

Tahoka, Tuesday September 28: Panhandle, Wednesday, September 29; Quanah, Thursday, 29; Quannah, Thursday, Septembe 0 and Decatur, Friday, October 1 Monahans, Tuesday, Del Rio, Wednesday, October Stephenville, Thursday, October 7. and Breckenridge, Friday, October

These project clinics will replace the regular annual referendum meetings, which have been held in the past and will be in the towns selected by directors at last year's meetings.

"Due to the long range characte: of the work program adopted a last year's referendum and to the necessity of acting upon committee reports in pursuance of that pro gram, your Executive Board be lieves that in this year's annual proceedings the energies of the or ganization should be devoted to act ing on committee reports and to carrying out objectives already a dopted by previous referendums and annual conventions," the executives board, which was presided over by

President C. P. Dodson, announced, In the program as outlined by Manager D. A. Bandeen the project clinics also will receive presentations of industrial reports made by committee of three major West Texas railroads, the Sante Fe, Texas & Pacific and Burlington. These ,reports will cover surveys now being completed by the respective committees and will represent approximately \$40,000 of factual informa-

METHODIST WSCS TO HAVE LUNCHEON

The Woman's Society of Christian Service, of the Methodist Church, will have their first fall luncheon, Monday September 13th. This meeting is to be the annual birthday party and will be held in the home of Mrs. R. H. Gibson.

There will be a special musical program, and one of our conference officer will be the speaker. All ladies of the Church are invited and urged to attend this luncheon. -Re-

Billy Hill, former Linotype operator in the News office, who has had like employment in the office of the Andrews County News for the past few months, spent Tuesday afternoon and a part of the night here, leaving during the night for Plainview, where his wife and little daughter were visiting. He expected to begin work as Linoytpe operator for the Muleshoe Journal next Monday.

They say that the darkest hour comes just before dawn. But there aren't many folks who can prove it.

Mind Wields More Control Over Dice at a Distance

over matter is just as great at a distance of 30 feet as it is at 3 feet according to tests made at Washing-

These experiments are part of a er Tahoka pastor's good church and been very nice to them. versity

Dice-throwers try to influence the turn of the galloping dominoes. In the Duke, and other similar experiments, minds are reported showing a little influence.

When thousands of throws are averaged with people trying to think success, the averages are mathematically better than chance. But in 768 throws, at 3 feet, the excess due to mental effort was

only 39 and at 30 feet 119. The 39

is not enough to be certain, mathe-

matically; the 119 is considered good evidence, mathematically. The Washington college dice throwing was conducted by Dr. C. B. Nash and Miss Alice Richards. Forty-eight students used their mind powers on the dice. There was no hand throwing. A string was pulled to tip over a box containing the dice, which then rolled down an incline and across

a flat to bounce against a conven-

Husband Sends Money to Wife by Carrier Pigeon

tional dice backstop.

DETROIT.—Joe Andanowski sent \$20 of his pay home by carrier pig-

Andanowski's wife, Grace, told him at the breakfast table she needed cash for groceries, and the factory worker, too, was a little short-changed on the morning of

"But I'll fix that, honey," he told her. "As soon as I get to work I'll send the money right to you." Andanowski then left for the plant, first stopping at his pigeon rookery and picking an honestlooking bird to tuck under his over-

When he got his pay, he carefully taped a \$20 bill to the leg of the pigeon and sent it flying home. About 45 minutes later, Mrs. Andanowski reported, she heard a commotion in the rookery behind their home.

She had to examine many of the 60-odd birds before she found the one entrusted with the big bill. "You could have knocked me over with a feather," she exclaimed. .I was only sending a dollar."

Racketeer Waves at Auto Of Pals; Goes to Jail, Too

PHILADELPHIA. - Detective John Moros arrested two numbers racket suspects and instructed them to drive their automobile to the city

En route a man stepped into the street waving frantically for the automobile to stop and Moros ordered the driver to halt. The man walked up and handed the startled Moros a bag. It contained slips for 160 numbers "plays."

Moros ordered the bag bearer into the car and proceeded to the city hall with three suspects instead

Mrs. W. O. Robertson, who has been visiting her daughter here, Mrs. Elwayne Nevill, returned to her home at Mt. Pleasant Tuesday, accompanied by Mrs. Nevill and her little son. Elwayne had been called back into service in the Air Force a few weeks ago. Mrs. Nevill and the little son may remain at Mt. Pleasant until he returns.

Miss Rosemary Nelms, city secretary, and Mr. and Mrs. Charles V. Nelms and daughters spent the holiday week-end at points in New Mexico and Colorado.

Maine Farmer and Wife Refuse to Accept Charity

BOSTON .- A Maine farmer and his wife, trying to live on \$15 until their very ill son recovers at a hos pital, refused to accept help.

Residents of Boston deluged them with offers of food, clothing, money and transportation. But Lawrence Leeman, 31, and his 30-year-old wife, Marilyn, of Dover-Foxcroft, Me., responded with a firm "no thanks.

'Didn't know city people could be so nice and neighborly," said Leeman, whose year-old son Victor, is being operated on for malignant tumor at Children's hospital.

"Guess these people heard about us spending our money to bring the boy here for treatment. Mighty nice them, but we still have \$15 left and all we want is for the boy to get well. Guess we can hitch-hike home well enough.'

"Our switchboard has been tied up all day." a hospital official said Rich people, poor people and just every-day-people have been calling up offering help. Two families who were dispossessed from their homes in Dorchester called to say they'd like to help."

But Leeman, a slow-talking Yankee, insisted he wanted no help. "Not to us," he said. "We're hardworking people. We handle our farming by ourselves and we don't believe in asking other folks to share our burdens.

Mrs. Leeman nodded agreement "Thank you kindly," she told the hospital officials, "but we don't be lieve in being beholden to folks
It's just our way of doing things up in Maine. No offense meant."

At 35 Degrees Below Zero

WASHINGTON .- Survival time of } various warm-blooded animals kept in cages at a temperature of 35 degrees below zero has been determined by the Army Quartermas ter corps. The series of tests were conducted in the cold room of Harvard's fatigue laboratory.

Mice succumbed quickest under such an exposure, dying in less than 25 minutes. Canaries were next. surviving for only 36 minutes. White rats lasted between 45 minutes and hours. Some rabbits died in three and a half hours while others not for six and a half hours.

Some white leghorn chickens perished in less than three and a half alive for twenty-nine and a half

Army carrier pigeons put up the greatest resistance to the frigic temperatures. None died in less than 22 hours, and one lived for 78 hours This hardiness may provide clues to the high survival of half-wild park pigeons under tough city con

None of the animals hopped or fluttered about in an effort to keep warm. Instead, they hunched them selves up as compactly as possible presenting a minimum body sur face to the cold.

Progressive Changes in Oranges

When oranges and grapefruit are still immature, the rind and flesh have a greenish color; the juice vesicles appear like grains of rice and are not distended with juice as in the mature fruit. The walls of these juice cells are thick and conspicuous, the uice itself is greenish-yellow to yellow, lacks aroma, is acid to very tart. and has a raw, immature taste. As development progresses and the fruit matures, the greenish color in the rinds disappears and, in oranges, the fruit takes on its characteristic aroma and orange color, or, in the case of grapefruit, a tannish-yellow color. Progressive changes also occur within the fruit, the vesicle cell walls becoming thinner and the vesicles dis tended with juice.

Growing children need the exercise they get in sports ... but there's nothing to cut down on a child's opportunities for play like poor eyesight.

You am help protect your child's vision, help him to take part in the sports he should by making sure that whenever and wherever he studies ... that the light is right. Give him the best available dependable electric lighting ... always ... to help him have better vision ... and a stronger body. And remember GOOD lighting is ALWAYS economical with low cost electricity.

Miss Linnie Finch, third.

Mrs. Zuma McWhirter, third. Mrs. Myrl Mathis, second.

Mrs. Miriam Hutchison, second. Mrs. Joe Harder, second, another new teacher. Mrs. Harder was not able to start teaching with the opening of school, and Mrs. Vernon Brewer, who has seven years teaching experience, is substituting for her until she can take up her duties. Miss Lola McWhiter, first.

Mrs. Rhoda Roberts, first. Mrs. Jakie Weathers, first. She is a new teacher, reared in this county, graduated from West Texas

State, and has taught before. Over at the Colored school, there are three teachers this year and 82 students enrolled. The new principal is Daniel Johnson, B. A. degree from Texas College, Tyler, where he was a star athlete. Paralee Sayles is intermediate teachers, and Alice Rutherford, is primary teacher.

Bus dirvers this year are: Lawrence, mechanic and driver, Grover Tomlinson, Jim Polk, D. L. Polk, Joe Williams, Lee Coffman, and Jake Jacobs. The latter three, it will be noted, are also teachers.

The two Messrs. Polk are janitors. As last year, Mrs. Urban Brown is lunch room supervisor, and her assistants are Mmes. Edna Locke Jim Polk, and Emma Sparks.

Mrs. Helen Ellis is the efficient tax assessor and collector and sec-

retary of the school. School board members are: R. H. Gibson, president, Fred McGinty, vice president, Alton Cain, secreta_ ry, Weldon Martin, H. O. Hargett, Earl Tunnell, and Ross Smith. The board bus committee is composed of Martin, Hargett, and Tunnell, and the building and grounds committee is composed of McGinty, Cain, and Smith.

Dr. Paul

(Cont'd from front page) his trailer house at Ted's home since. He was taking treatments under Doctor Zee of Lamesa and seemed to be doing as well as could have been expected, but on Wednesday night of last week he gave Ted instructions as to what he wanted done when he passed away. Mr. and Mrs. Chancy had been keeping close watch over him since.

The Doctor had been feeling badly Saturday and they advised him to lie down in the afternoon. When Mrs. Chancey looked into his room at about 4:30 he was breathing naturally and seemed to be resting well. When she looked in an hour later, he was dead.

Survivors include G. H. Shipley of Houston, whose first wife, now dead, was a sister of Dr. Paul, and four of the Doctor's nieces, Mrs. Leslie Davis of Lamesa and Mrs. Ruby Geeter of Seminole, Mrs. Gladys Borders of Littlefield and Mrs. Betha Dorman of Eldorado, all of whom were here for the fun-

Kevival

(Cont'd from front page) ing; the prayer services to begin at 7:30 p. m.

The morning services have been set for 7:00 in order that school children may attend before school hours and business men and workers in shops, offices, and stores may attend before taking up their secular duties for the day.

All members of the Baptist Church are urged to attend every service possible and other Chritians are cordially invited. A special and urgent invitation is also extended to all who are not affiliated with any church and all who do not profess to be Christians.

In fact the Whole town and country round-about are invited to attend any or all the services.

Mr. and Mrs. L. E. Spann and sons Robert and Roy Houston are visiting in the Frank Raindl Sr. home this week. Mrs. Spann is a daughter of Mr. and Mrs. Frank

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or biadder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doon's Pills. Doon's have been winning new friends for more than forty years. They have a nation—wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

WEEKLY NEWS ANALYSIS-

U. S.-Russia Events Reach Climax; Moscow Parley Continues Uneasily; Soviets Sever Consular Relations

-By Bill Schoentgen, WNU Staff Writer-(EDITOR'S NOTE: When epinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

Kasenkina, the U.S. state depart-

ment pointed out as it ordered him

It was a sensational turn of

events. In a note to the Soviet em-

bassy the state department asserted

that Lomakin had, in effect, misled

his own government with regard to

the Kasenkina case so that the pro-

tests which the Soviets made to the

U. S. were "based on misinforma-

In addition, the note charged that

the consul general had "hindered

the investigation of the competent

police officials by refusing to al-

low them to interview Mrs. Kasen-

kina" while she was under control

Then, even as Lomakin was pack-

ing his bags and preparing to leave

the country, Russia countered

sharply by formally severing con-

sular relations with the U.S. and

repeating is accusations of bad

That seemed to prove that Loma-

kin's actions in the Kasenkina af-

fair were not so much the expres-

sion of his individual initiative as,

they were a direct reflection of

However, no one was worrying

Discussion

THE AX WAS THERE

RUSSIANS:

Climactic

Virtually every avenue of public thought in the U.S. was teeming with Russians, shadows of Russians and a few Red convertibles.

There was a feeling, however, that the international commotion had reached its climax and was ready to start subsiding, partly because public interest, flagellated into a state of high excitement. couldn't stand the stress and strainof it all much longer.

Nevertheless, events having to do with Russia remained for the time being, at least, reasonably climactic: The Moscow talks were ready either to pay off or break down; Russia had broken off consular relations with the U. S.; Mrs. Oksana Kasenkina, the window - juniping Russian schoolteacher, had told the story of how she had been strongarmed.

Moscow

In the Kremlin, where the three western ambassadors were trying to pound out some kind of tentative basis for negotiations with the Soviet Union, the Russians were playing their familiar game of hit-and-

U. S. Ambassador Walter Bedell Smith, British Representative Frank Roberts and French Ambassador Yves Chataigneau had been drudging through a series of meetings with the implacable V. M. Molotov, Soviet foreign minister.

Molotov, as usual, was hard, tough, adamant in his adherence to current Soviet policy on the Berlin and German problems. No progress was made; the three western representatives were dispirited, although they kept to their chore. The word was whispered about that this conference might break up in total

Then came a break, or so it appeared. Premier Stalin would meet again with the three envoys. In the strip much of the camouflage from ensuing discussions with Stalin hopes again were raised that the itual rift separating the East and western powers might succeed in at least partially lifting the Berlin blockade and perhaps effect an area of agreement that could be used for a subsequent top-level meeting to iron out some of the major East- but rather to define the problems West differences.

But there were some who still could see the ax on the peace table. Somehow, there was a fimiliar pattern behind these negotiations that went something like this:

After Molotox had subjected his fellow conferees to hour after hour of his case-hardened refusals to come to terms, attempting by those tactics to wear his diplomatic opponents down, the scene was set for Stalin's return.

Stalin came on with his air of geniality and good will, apparently not only willing but eager to reach common ground. His attitude was so manifestly different from Molotov's that hopes again soared.

There was the danger. Lulled into optimism, the western envoys might be trapped into making concessions that should not be made. This same kind of Molotov-to-Stalin play had worked before.

Hit the Road

Jacob H. Lomakin, Soviet consul general in New York, had conducted himself improperly and discreditably in the affair of the Russian schoolteacher, Mrs. Oksana

Watch That Credit

Prospective home buyers who might plunge beyond their means simply because down payments are lower under the new housing law have been warned by government housing experts to avoid that trap.

"Our only worry," one expert said, "is that the lower down payments will encourage people to buy homes they can't afford. When you reduce' the down payment, the monthly payments are more."

Lawn Furniture Can Be Made at Very Low Cost

MAKE your porch, terrace or lawn an outdoor living room . . turn your backyard into a picnic ground. You'll be agreeably surprised to see what fun dining out can be. Food takes on an added zest when flavored with the thrill of a pichic.

You can build wonderful pieces of lawn furniture at very low cost. The set illustrated above was built from patterns. These patterns take all the mystery out of woodworking. Each shows the full size, shape and length for cutting each part. Wherever two parts are fastened together, the exact location is indicated on the pattern. Step by step directions explain every part of construction in easy to understand language.

Careful Planning Urged To Make Light Meals Nutritious and Balanced

ARE THE LIGHT MEALS you erve always nutritious? Or are

they just something you throw
together for the
sake of giving
calories to your
family, even
though the foods
are not particularly abundant in
health-giving elements such as pro-

You're guaranteed to feel better, work better and, yes, even play better if you're getting the right kind of food. Nutritious meals, no matter whether they are small or large, are bound to pay off big dividends.

Just how, you ask? Well, for one thing, you won't get tired so quick-

ly, and there will be sparkle in your

Serve a salad for lunch and get your nutrients the easy way. Muffins or sandwiches with milk or a nourishing beverage help give a well balanced meal.

eyes and smiles and a general glow of health about you. Your scratches and cuts, for example, will heal more readily if you're getting vitamin C in ample quantities.

That dragged out feeling may come from lack of the B complex vitamins which guard general well being, or it may come from lack of iron in the blood which helps carry oxygen we breathe to all parts of the body.

If you're troubled with night blindness, poor appetite, and get colds and infections readily, you're apt to be getting less than your share of vitamin A.

When teeth are in poor condition it would be wise to check on your calcium, phosphorous and vitamins C and D. Any one or all of these may be responsible.

Dinners are apt to be rather well balanced to give the essential food elements, but frequently the cause of many ills is the lack of good lighter meals such as lunches or suppers. Some people skip lunch, others nibble at little or nothing, while some eat something that satisfies hunger without regard to satisfying bodily needs.

Keep your refrigerator well stocked with fruits and vegetables, so that you always can toss a salad together. Serve this with sandwiches if you're hungry or gingerbread if you want a kind of bread and dessert together. Add to this a nourishing beverage and you'll have a lunch that satisfies hunger as well as dietary needs. Doesn't take much longer to fix than a snack!

Soups and juices are good to have on hand because they satisfy vitamin and mineral requirements. Plan, however, to serve a salad with them or a nourishing milk drink or dessert.

CHOOSE FROM AMONG these recipes for those light lunches or suppers. Foods contained in them are vitamin and mineral conscious, but still will be found to be

REDUCTION IN CHILD ACCIDENTS SOUGHT

Austin, Texas, September 9- A Geo. W. Cox, State Health Officer, Sam Houston, Texas. as an immediate public health objective calling for concerted cooperation by all public health and medi cass meat. They demonstrate proper cal authorities and interested civic organizations within the state.

"The needless loss of a single life, or the crippling of one child. is an exorbitant price to pay for any neglect of this problem," said Dr.

Cox. The importance of such a campaign is evidenced by the fact that accidents are now the leading cause of death among children more than one year old. Among children 5 to 9 years old, the death rate from accidents was 25.7 per 100,000, as compared with a rate of 4.6 for rheumatic fever and organic heart disease, the next cause; and among children from 9 to 14, the accident death rate was 20.8 and that for rheumatic fever and organic disease 7.2.

The outstanding improvement in the death rates from all non-occident causes during recent years is the result of the advance in medical science and concentrated efforts in the field of child health. The premise of the child safety campaign is that efforts now must be intensified to bring about a somewhat comparable reduction in the number of child accidents.

PETTY H. D. CLUB MEETS IN HOME OF MRS. LOWREY

The Petty H. D. Club met in the home of Mrs. Zoe Lowrey. Due to her being on her vacation, Mrs. John Martin was the hostess. Three

members were present. A council report was given.

A party has been planned for a later date to raise money for the Club at Mrs. N. H. Cromer's home. Miss Hard gave a demonstration on draperies on windows and how to patch screens so it won't show much, which was very interesting. Cookies and Dr. Peppers were served to Mrs. N. H. Cromer, Mrs. J. Martin, Mrs. J. Schuknecht, and Miss Hard. -
