Bulldogs Lose To Slaton, Will Play Post Next Week

Tahoka Bulldogs do not have a game scheduled this week end. but they are taking no rest in their work-outs. for they will meet the powerful Post Antelopes at Post on Friday night of next week.

Last Friday night, the Bulldogs went down in defeat before the Slaton Tigers 25 to 7 in a game played at Slaton. Though d'sappointed, the Bulldogs have been working hard for the other games that are to come.

Though starting on a modest scale. the Fair Association promises that the event will be educational and entertaining.

Livestock, farm products, and women's department will feature the exhibits, and about \$200 in premiums and ribbons will be presented prize winners.

Also, Rainey's Carnival, which features five rides and other clean

It is now possible to avoid this cut and instead raise checks to \$2.00 and to adopt a maximum payment of \$50.00 in the Old Age and Blind program; and \$27.00 for the first child in a family and \$18.00 for each additional child in the Aid to Dependent Children program. All adjustments have already been made, and it has not been necessary for those receiving aid to visit the Welfare office to secure such raises as are possible. It is anticipated that the Old Age Assistance rolls will show a net increase of 700 persons per mon h, and the average payment will increase slightly each month. Mr. Robertson commented, the additional funds will be used in three ways: to avoid what would have been a \$2.00 to \$3.00 cut in payments each month; to increase payments approximately \$2.00; and to provide for payments to new persons com-

The number of checks to be mailed in October to those eligible to receive them will not be known until some time early this month, as certifications of new grants could not be closed until September 30. In Septemebr there were 207,143 Old Age Assistance checks mailed out with the checks averaging \$31.57. It is anticipated that a slightly larger number of checks will be mailed in October, which will average about \$33.57. Payments to the Needy Blind will average about \$38.00 to about the same 5,741 persons who in September received an average of \$35.01. Payments to dependent children will average about \$3.00 per child more to the 41,873 children who received an average of \$15.08 for September. Mr. Robertson added that during the current fiscal year, which will end August 31, 1949, it is anticipated that \$86,000,000 will be distributed to those entitled to receive Old Age Assistance, of which \$31,000,000 will be Sate money and \$55,000,000 will be Federal money; \$2,700,000 to the blind, composed of \$1,000,000 State and \$1,700,000 Federal Funds; \$9,000,000 to demore than \$35,000,000 for the three

A regular meeting of the Wythian Sisters was had October 5 at 7:00 o'clock with 23 members present.

Routine business was transacted. and officers and new members attending the district convention in Amarillo in September gave interesting reports of the meeting.

We were glad to welcome our new member, Idella Howell, who was initiated at Amarillo.

A history of Lynn Temple No. 45 was given by Florine Best, The Temple was organized on October 5. 1944, and now has 60 members.

The past chiefs were presented cup-and-saucer ivy holders and four of the five past chiefs were present. Marthie Floyd, Most Excellent Chief, reported that another extension had been given in taking in new members, so the Temple voted to have initiation on November 16.

At the close of the meeting our White Elephant sale was had, with Pauline Walker as auctioneer, Marthie Floyd assistant, and Novice Curry as Clerk. This sale created a lot of fun, and the Temple made \$17.30 from the sale.

This being the fourth birthday of Lynn Temple No. 45, the table was covered with a 'Happy Birthday' cloth, and in the center of the table was a very lovely birthday cake. The hall was decorated with fall flowers. Cake and coffee were served by the

Can Black-Draught

Help That Dull,

Dopey Feeling?

Yes, Black-Draught may help that dull, dopey feeling if the only rea-son you feel that way is because of

constipation. Black-Draught, the

friendly laxative, is usually prompt and thorough when taken as di-

rected. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symp-

toms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath — and if these symptoms are due only to constipation — then see what Black

HEARTY MEALS can be easy meals COOKED ELECTRICALL

There's little "kitchen heat" from an electric range, even when you have all the cooking units and the oven in operation. When you cook electrically, you use only enough current to heat the cooking utensil, none is wasted to heat up your kitchen. With dependable electricity, and the scientific construction of heating units on your electric range, you can cook many dishes with the cooking unit "off," once it's heated.

Those are just a few of the reasons why more and more folks are going "all-electric." Look over the new ranges, refrigerators, roasters, and other appliances and see if you, too. won't want to go "all-electric."

You'll find electric living is low-cost living.

years, serving in the First Cavalry

He was first wounded in the back while on active duty on the Armiralty Islands in the Southwest Pacific some four or more years ago. Of course, he was kept in a hospital for some time under treatment When the wound had practically healed and he was able to go on duty again, he was returned to ac. tive duty. Then, some time later, came the second wound, received on the Admiralty islands.

He was then sent to a hospital in the home land, where he remained for about a year. After being given an honorable discharge, he soon reenlisted in the service and was sent to Japan, where he remained for another year. A few months ago he came back to the home land on furlough. It was while he was on the West Coast on this furlough that his leg began giving him trouble again. He was placed in an army hospital, and soon it was decided by the surgeons that the leg must

WEEKLY NEWS ANALYSIS ---

# Bernadotte's Murder Dramatizes **Question of Palestine Before U.N.**; East-West Crisis Hits Final Peak

-By Bill Schoentgen, WNU Staff Writer-(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

HOLY LAND: Murder

The sullen-faced, uniformed men in the jeep didn't say a word after they had stopped the procession of United Nations cars that was winding through the Katamon section of Jerusalem. Carrying a machine gun, one of

them walked up to the automobile in which Count Folke Bernadotte and Col. Andre Pierre Serrot were sitting. looked inside and started shooting. The two killers fled, leaving Serrot

dead and Bernadotte mortally wounded. The U. N. Palestine mediator Bernadotte died as he was being carried into

Hadassah hospital on a stretcher. For Bernadotte, head of the Swedish Red Cross, nephew of the king of Sweden, diplomat and humanitarian, it was a wretched, futile end.

His death was mourned not only by governments but by millions of ordinary citizens, yet he died not knowing when or if ever his assiduous and sincere efforts to organize peace in the Holy Land would be fulfilled.

Bernadotte's assassination brought Jerusalem-and all of Palestine, for that matter-perilously close to the brink of general violence. There was danger, too, that the uneasy Arab-Jewish truce might fall to pieces under the circumstances.

For the time being, Bernadotte's killers remained unidentified. The Israeli government called it the work of Stern gang terrorists and issued an edict outlawing that extremist group. In Oslo, Norway, U. N. Secre-

tary-General Trygve Lie added his panegyric to the praise that was being heaped on the martyred Bernadotte:

"He burned with eagerness to bring about an understanding between Arabs and Jews. He thought always of justice and peace."

'End It Now'

As the United Nations general assembly convened for its fateful 1948-49 session in the Palais de Chaillot the member nations took time out to pay somber tribute to Count Folke Bernadotte, their representative in Palestine who had died while trying to implement the peace of which they were supposed to be the

architects. Then they began consideration of the plan for an enforced Palestine settlement that Bernadotte had sub-

mitted before his death. THE SWEDISH COUNT'S final 35,-000-word report recommended that the Arab-Jewish war should be "pronounced formally ended." If the Arabs and Jews refuse to make peace, the U. N. should do so itself,

the report said. It calls for changes in the boundaries of the U. N. partition plan adopted in November, 1947, proposing that the Negeb desert by given to the Arabs and that the Jews should receive all of Galilee instead of only the eastern part.

Other recommendations include: 1. INTERNATIONALIZATION of Jerusalem by placing it under U. N.

2. ESTABLISHMENT of a technical boundaries commission to delimit the new frontiers.

3. CREATION of a Palestine conciliation commission to deal with population exchanges and supervise other parts of U. N. decisions.

4. SETTLEMENT of the problem of 360,000 Arab refugees by giving them the right to return to their homes in Jewish territory or to receive compensation if they choose not to return.

It was a good plan, the United States thought, and Secretary of State Marshall announced that this nation would back it to the fullest extent. Said Marshall: "THE UNITED STATES consid-

ers that the conclusions contained in the final report of Count Bernadotte offer a generally fair basis for settlement of the Palestine ques-

He called it "the best possible basis for bringing peace to a dis-tracted land," adding that "No plan could be proposed which would be entirely satisfactory in all respects ditionally has been much higher to every interested party."

Shrinkage

Since 1939 the total number of dollars in circulation in the U. S. has more than trebled-from 33 billion to nearly 109 billion-while our industrial production of goods buy has less than doubled. Result: Cheaper money. Each dollar's proportionate worth in goods has fallen until it now takes 1.76 dollars to buy as much as one dollar would buy in 1939. Over three times as many dollars bidding frantically for less than twice as much goods equals in-

# **RUSSIANS:**

Western Stand

Those who, in commenting on the strained relationship between the East and West, have been wont to say, "It'll get worse before it gets any better," probably had reached the end of their rhetorical rope.

For it was unlikely that it could get any worse without producing armed conflict of some kind. This, it appeared, was the top of the heap of crises that had been piling up

for two years. There were these developments: THE AMERICAN, British and French ambassadors, who had been talking with Soviet Foreign Mirister V. M. Molotov and Premier Stalin in Moscow for six weeks, left the Russian capital, presumably

ending the four-power discussions. THE THREE western powers asked the Kremlin for a simple and final "yes or no" on the question of whether Russia will lift its blockade of Berlin.

U. S. SECRETARY of State George Marshall, speaking before the U. N. general assembly, warned the Soviet Union that American patience should not be mistaken for weakness.

With the Moscow talks at an end the center of action in the crisis had shifted to Paris where the issue would be debated in the U. N. The western nations-the U. S., France and Great Britain-plainly had had enough and were determined not to give another inch.

In an hour-long speech before parliament, British Foreign Secretary Ernest Bevin expressed his nation's determination: "We are firmly resolved to go on with our pol-

"I AM NOT SAYING by that that we are committed to war and all the other things that might ensue. We have not reached that stage

Speaking to the United Nations in Paris, George Marshall, U. S. secretary of state, outlined the basic U. S. foreign policy in much the same manner as Bevin. The United States, he said, would not "compromise the essential principles" or "barter away the rights and freedoms of other peoples."

### HOME OWNERS: Record High

One of the most maddening of all the modern paradoxes is that while millions of American families are searching desperately for decent places to live, at the same time more American families own their own homes now than ever before in history.

About 49 per cent of the nation's non-farm families owned their homes at the beginning of this year, it has been revealed by a federal reserve board survey. That comes to a total of 18.5 million city and town families.

Although the survey did not take up farm families, the proportion of home owners among that group trathan among city dwellers.

of Harmful Body Waste

Tour kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache persistent besdache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty stoo frequent urination.

Are farm women more safety conscious than their husbands? A recent farm safety survey conducted in Illinois seems to indicate they are.

Seasonings, Sauces Make Savory Vegetables (See recipes below)

Let's Eat Vegetables A NEIGHBOR OF MINE recent-

ly had a dinner party for which she

engaged a cateress. When I asked her how the party turned out, she replied, wonderful! "Oh Of course we had fancy dessert

and everything on the platters was fixed nicely, but the thing that impressed me most was how good the vegetables were. We have the same vegetables that she served but mine never taste so good, yet there wasn't anything particularly hard about the way she prepared them."

Here again, it's the little things that make the difference between everyday eating and special entertaining. But as my neighbor told me, the tricks were simple ones. Carrots were scraped shiny and bright, left whole and dusted with parsley and butter before serving. The cauliflower had a cheese sauce, and the tomatoes, dusted beat in milk. with bread crumbs and broiled, were really delicious. Little mounds of steen peas were still green when served, and they just had some butter, salt and a few mushroom caps among them.

All the vegetables were placed on a large platter with the cauliflower in the center. And the vegetables made as big a hit as the des-

sert! Vegetable tricks are simple ones. The first caution to observe is not to overcook, thus destroying color, texture and vitamins-even though you can't see the latter.

IF APPETITES are a little jaded, use clever seasoning tricks on vegetables to enhance their natural flavors.

There are many interesting seasonings that can be tucked into vegetables to add interest as well as appetite appeal. Horseradish can be used with beets, cauliflower or green beans.

A dusting of nutmeg lifts spinach out of the ordinary class. Onions go well in many things such as potatoes, peas, green beans or beets. Other combinations that may strike your fancy include cheese, chives, mustard, parsley or curry.

DON'T SEASON every vegetable you serve with high seasonings especially if you are serving a combination. For example, if your vegetable platter consist of string beans, carrots and potatoes, leave the potatoes completely natural. Boil in their jackets to be served with butter, salt and pepper.

Carrots can be parsley buttered. and green beans can be served with a smooth creamy horseradish sauce, as follows:

\*Creamy Horseradish Sauce

(Serves 6)

3 tablespoons butter 3 tablespoons flour 1/4 teaspoon salt

1/8 teaspoon pepper 11/2 cups milk 3 to 4 tablespoons drained horseradish

Melt butter, add flour and seasonings; blend smooth. Gradually add milk while stirring, and cook until smooth and thick. Stir in drained horseradish. This makes enough sauce for one and one-half pounds of green beans.
