Bulldogs Journey To Morton For Game Tonight

The Tahoka Bulldogs go to Morton tonight for a non-conference football game at 8 o'clock.

Morton, though not considered a power in the district, has the best team it has had in a number of years, and may make the Bulldogs another victim. They recently defeated Slaton by one touchdown.

As The News went to press on Thursday night, the Bulldog B team was playing Cooper on the local field.

Last Friday night, the Bulldogs lost a very close contest here 19 to 20 to the powerful independent Class B Farwell-Steers.

The game was an offensive battle all the way, and neither team put up a consistently good defense.

Tahoka received the kickoff to open the game, and near the end of the first quarter scored on a pass from Quarterback Bob Boyd to End Horace Strickland. In the second quarter, Farwell's quarterback, Thomas, went 31 yards around left end for their first score, then passed to End Ford for the extra point to take a 7-6 lead. Carter returned the kick-off 43 yards on a hand-off from Jimmy Small and a few plays later Half Tommy Chandler went 9 yards to score. Carter kicked the extra point.

In the second half, Thomas scored for Farwell through the line after a sustained drive. The extra point was good. Again in the fourth quarter, Thomas went 19 yards around right end for a score. Tahoka charged right back to score again in the fading minutes of play, Chandler carrying over. The try for extra point did not pan out and the game ended 19-20.

Monday night, the junior team met the Slaton Junior Tigers, and came home with the short end of the scores. The Sixth and Seventh grade team lost 10 to 0, while the Eighth grade team lost 32 to 0.

The Slaton juniors will return the games here on November 9th.

The News is informed that the football boys have elected Bennie Lou Pridmore as football queen.

This is a spacious building and provides ample room for the Garner's expanding business.

Congratulations:

Mr. and Mrs. Glen Fuller of Ackerly upon the birth of a son, weighing 7½ pounds, on Wednesday of last week, October 20, in the Tahoka Clinic. He is a grandson of Mr. and Mrs. M. L. Bentley of Tahoka and has been named Ronny Ray.

Sherrod's Brother Dies In Lubbock

The Sherrod and related families, attended funeral services in Lubbock Wednesday for Rev. J. M. Sherrod, brother of F. M. Sherrod of Tahoka, who died at his home in that city at 9:15 p. m. Monday. The services were conducted at the Central Baptist Church by Rev. L. J. Crawford of Shamrock, assisted by Rev. Jack Welch of Lubbock, pastor of Central Church.

Deceased was a retired Baptist minister. He had resided in Lubbock for 28 years and in West Texas for a much longer time than that, having come to Lubbock from Chillicothe. He would have been 88 years old on Wednesday, the day on which his body was buried. His only surviving brother, F. M. Sherrod of Tahoka, is 92, and was not well enough to attend the funeral services.

Survivors include the widow, four daughters, five sons, 17 grand children and five great-grandchildren.

Attending funeral services from Tahoka were the sons and daughters of F. M. Sherrod and their families, Mrs. Pearl Brown, Mrs. G. C. Shaffer, G. B. Sherrod, and Miss Floyce Sherrod and possibly other relatives and friends. Mrs. Jewell Connolly, another daughter, had gone to Fort Worth and could not attend.

UNCLE OF OTIS SPEARS DIES AT PORTALES

Otis Spears and his sister, Mrs. Newman Bartley, both of this city, accompanied by Wayne Spears of Big Spring, attended funeral services at Portales, New Mexico, last Friday for their uncle M. F. Spears, 71, who resided near that city and who died on Wednesday of last week from an attack of heart trouble.

Mr. Spears left surviving him the widow and two children, John Spears and Mrs. R. E. McClung of Portales.

He and his family lived for about eight years in this county, part of the time at New Lynn and part of the time in Tahoka. They moved from here to Portales in 1925. They are kindly remembered here by many of the old-timers.

"Uncle Joe" Huffaker, who lives with his daughter, Mrs. O. B. Davis of Wilson, is reported to be a patient in the Lubbock Memorial Hospital suffering from pneumonia. He is the grandfather of Calloway Huffaker of this city.

Noah Webster was the first great American lexicographer.

James T. Barnes Dies Of Gunshot

One of the largest crowds that ever attended a funeral in Lynn county gathered at the Baptist Church in O'Donnell Sunday afternoon at four o'clock to attend the services conducted for James Turner Barnes, 27, who shot and killed himself in his residence about two miles west of Wells at about two o'clock Saturday morning. The tragedy was pronounced by members of the family to have been accidental. (Cont'd on back page)

Two Businesses Damaged By Fire

Fire of unknown origin broke out Sunday morning in the A. I. Thomas building occupied by the Super Service Station operated by H. D. Short and Sons and by Chester Short's Body Shop.

Considerable damage was done to the building but it is not readily apparent from the outside. The News has no estimate as to the loss. Mr. Thomas carried some insurance.

He had matured no plans up to Wednesday afternoon with respect to repairs. It is an old building, one of the landmarks of the town, and Mr. Thomas, it is understood, has been considering the erection of an entirely new building on the site.

Mr. Short also suffered considerable loss from the fire.

The Fire Department did some heroic work in extinguishing the flames. Had there been a high south wind blowing at the time, it would have been extremely difficult to save the building and others in the same block.

Ward Garage In New Location

Jim Ward and sons—this week have moved their garage, electric and battery shop from a building adjacent to Gulf Service Station to the large new building recently moved to the lot just east of the Fulkerson service station.

The Wards will have more room for their growing business at the new location.

TWO TAHOKA MEN APPOINTED TO REDISTRICTING POSITIONS

Tom Garrard of Tahoka has accepted appointment to the State Advisory Council of the Texas Committee for Redistricting. The Committee Chairman John Ben Sheppard of Dallas has announced.

Also he announces that W. C. Huffaker Jr., Tahoka attorney, has been named Lynn County chairman of the Texas Committee for Redistricting.

Sheppard, who also is an attorney, resides at Gladewater in deep East Texas.

Passage of Redistricting Amendment Is Important to This Section of State

The News has been furnished for publication a clipping from the Sweetwater Reporter containing a discussion by Judge R. C. Crane of that city of the necessity for redistricting the state of Texas into new Senatorial and Representative districts.

The facts set forth therein were largely covered by Judge C. H. Cain's discussion appearing in this paper last week and by numerous editorials published in the News heretofore. We do not deem it necessary therefore to publish the article but we do call attention to these population figures cited by Judge Crane.

One district situated in South Texas and containing only five counties had a population in 1940 of only 100,207, according to the U. S. census taken that year, while the 30th district lying almost wholly on the South Plains and containing 24 counties had a population in 1940 of 248,485 and the 31st district covering the Panhandle contains 28 counties and had a population in 1940 of 227,863. The fifty counties of the Plains-Panhandle region, with a total population in 1940 of near half a million is represented

Jaycee Chapter Formed Here

Organization of Tahoka's new Junior Chamber of Commerce, the "Jaycees", was completed on Tuesday night in a meeting of 33 local young men at the county court room.

Wilton Payne of the Lyntegar office, was elected president; Charles Reid of Rutherford's is vice president; James Lindly and Wayne Shawn of the First National Bank, respectively, are treasurer and secretary.

Directors are: Bill Strange Jr., Bill Griffin, Dr. Skiles Thomas, Dale Thuren, Roy Botkin, and Seth Lewis.

Organization of the Jaycees here was sponsored by the Lubbock chapter extension committee led by Roy Krebs and Gordon Sanders, co-chairmen, assisted by the Lamesa chapter. Quite a few members from each chapter have attended the two meetings held here the past two Tuesday nights to perfect the Tahoka chapter organization.

A very enthusiastic meeting was held here Tuesday night, with the visitors outlining purposes of the organization in civic work. Vernon Brewer, superintendent of schools, acted as temporary chairman.

Next meeting of the Tahoka Jaycees will be next Thursday night in the county court room. All young men of the town are invited.

Voting Precinct Changes Made By Commissioners

Several weeks ago, for the convenience of the voters, the commissioners court made a number of changes in some of the election precincts of the county and abolished three precincts altogether.

The Morgan school district having been consolidated with the Wilson school district and the school building abandoned and later accidentally burned, and farm to market roads leading to Wilson and Gordon having been built, the commissioners' court abolished the Morgan voting precinct and included a portion of it in the Wilson precinct and the remainder in the Gordon precinct.

Briefly stated, the Wilson voting of election precinct was extended eastward two miles, to the site of the old Morgan school house, thus taking in practically 18 additional sections. All the voters living west of a line running north and south by the old Morgan school house site will hereafter vote in Wilson.

All the voters living east of this line in the old Morgan precinct will hereafter vote at Gordon. The Garnolia precinct will remain as it has been, and the North Tahoka precinct will remain the same except that four sections, extending two miles north and two miles west from the Tahoka high school has been lopped off of it and placed in the West Point election precinct.

The West Point school has been consolidated with the Tahoka school and the West Point schoolhouse has been sold and moved away, leaving no voting place out in that precinct. The West Point precinct therefore was greatly expanded so as to take in a large part of the Dixie precinct and the four sections lopped off of the North Tahoka precinct. This will include the (Cont'd on back page)

DUNAGAN LASHES THE REPUBLICANS

Mr. Editor: Here are some of the reasons I am voting the Democratic ticket. I remember too well the awful hard times during the last Republican administration. I had to sell cotton at 3 to 4 1/2 cents per pound, maize from \$3.00 cents per pound, maize from \$3.00 to \$8.00 per head, grown cows for \$15.00 to \$20.00 per head. I had to take eggs to town in a wagon or carry them on my arm mule-back and trade them in on sugar or coffee at 8 to 10 cents per dozen. There were more than a hundred families in Lynn county on relief. There were hundreds of thousands of men and boys tramping up and down the highways all over these United States hunting work, and no work to be found. How has it been under our Democratic administration? Every one that wants to work has a job. Almost every daily newspaper in the United States is full of advertisements wanting workers of some kind.

During the last Republican administration, those that had jobs were getting \$30.00 per month or less. Some of my people were working here in Tahoka for \$30.00 per month. What are they getting per month working here in Tahoka now under our Democratic administration? Well, over \$200 per month. Do you think they will vote the Republican ticket? Not on your life, Bud. I have worked during other Republican administrations for \$14.00 per month cutting cord wood and splitting stove wood. If you don't believe that is work, just try it for a month or two, Bill. Banks and other businesses were going broke almost daily all over the United States. How many banks or other businesses have gone broke during the Democratic administration? There were thousands of farmers in Texas that lost their farms, and thousands—yest tens of thousands—that would have lost their homes soon if the Democratic administration had not come to their rescue as soon as it got in the White House.

Some say, "O, we want a change." A change to what? A change to times like we had under Hoover and several other Republican administrations that I remember? Not me, Bud. Some say they don't like Truman's Civil Rights program. Where are you going to get away from a Civil Rights program? Dewey and Wallace have a stronger Civil Rights program than Truman. Oh, yes, you could vote for Thurmond, but every one knows that he does not have a ghost of a chance to be elected, and much voting for Thurmond only makes Dewey's election sure. I have just read the Republican advertisement in The Lynn County News, and contents carefully noted. It tells you that Mr. Porter is a life-long Democrat, until 1940, when he joined the Republicans. He believes there is no difference between a good Republican and a genuine Southern Democrat. If that is true there certainly is a lot of bad Republicans in the Congress and in the Senate. The advertisement also tells you that the pledge that you voted under, in the Primaries is not binding. I take the position that the pledge is binding on each one that voted in the Primaries. We pledged to the candidates that were on the ticket, and the Democratic party, that we would support the nominee of the Primary in the general election. What else could it mean, as there would be no other election for them to be supported in? I believe the pledge is just as binding as any other pledge or agreement we would make with one another. If we fail to keep our pledges, people will soon lose confidence in us, and rightly so. Look at Russia. She has broken every pledge made to the United States and other nations. The whole world has lost confidence in her to do anything she says she will do. Have you noticed that almost every one that has introduced States Rights candidates and Mr. Porter in Texas were dead ducks politically? Soured on the party because they were defeated candidates for office. The advertisement insinuates that the candidates of other parties other than the Republicans are cheap politicians, as it says their have the mark of statesmen

rather than cheap politicians. I admit that I do not know just what that mark is. The only mark I could find on their picture in the advertisement was a black mark on Mr. Dewey's upper lip. I also notice that they say that Mr. Dewey's wife was born in Texas and lived here until she was 11 years old. My wife was born in Mississippi, but she won't vote for Mr. Wright. The advertisement also says that three-fourths of the voters are Republicans or Democrats because they were born of such parents. For once, that might be right. One time I dropped in as a spectator on a Republican convention. Some one asked me to vote with them. I said "Why, I can not vote with you, I am a Democrat." He said "Oh yes, why?" I said, "Because my father was a Democrat, my mother was a Democrat, therefore I am a Democrat." He said "What would you be if your father had been a baboon and your mother had been a monkey?" I said, "I would be a darn Republican."

There are several candidates on the Democratic ticket that I did not vote for in the Primaries, but I will go to the polls on November 2 and vote the Democratic ticket from President to constable and do so proudly, fulfilling my pledge made in August. Also, with gratitude in my heart for what the good old Democratic administration has done for me and mine. Thank you, —A. L. Dunagan.

We are ready to renew your daily! —Mrs. E. I. Hill at The News Office.

JOYCE WILLIAM WEDS
J. A. PEBSWORTH JR.

The marriage of Miss Joyce Williams, daughter of Mr. and Mrs. W. H. Williams, and J. A. Pebsworth Jr., son of Mrs. and Mrs. J. A. Pebsworth Sr both of Tahoka, took place Sunday evening at 5:30 o'clock in the First Methodist Church here. The ceremony was read by Rev. Mr. Bryan of Lubbock.

Miss Myrla Holcomb played "I Love You Truly" as the candles were being lighted by Miss Pat Barton and Mrs. Noel Caswell. Mrs. Dave Evans played "Because" accompanied by Miss Holcomb. She also played "The Evening Star" during the ceremony.

Given in marriage by her father, the bride wore a white marquisette designed by mademoiselle and fashioned with a high rounded neckline and fitted bodice. The full hoop skirt extended into a formal train and the sleeves ended in points over the wrist. The bridal veil of imported white net was finger-tip length. The bouquet was of white mum with an attached corsage of pink carnations. The tradition of something new, old, and borrowed was carried out.

Miss Pat Barton and Mrs. Noel Caswell served as bridesmaids and Miss Janey Morris as maid of honor. Ushers were Granville Ayers and Gene Jones. Joel Holloway served as Mr. Pebsworth's best man.

After the wedding a reception was held in the Church hall, where approximately 75 guests were served wedding cake and punch.

The bride is a graduate of Draw high school and attended Texas Tech and finished a course at Draughon's Business College. She is now employed as book-keeper at the Plains Motor Co. Mr. Pebsworth, also a graduate of Draw, attended Draughon's Business College and served in the Air Corps. He is engaged in farming and is also a public accountant.

The couple will be at home in the Midway community after a short wedding trip to points in New Mexico.

There is scarcely a community anywhere in our country that has not had, at some time or other, a terrible tragedy resulting from the immoderate use of liquor. Most of our cities and towns have many such tragedies every year. And remember, every immoderate drinker was once just a moderate drinker. And yet we just keep on permitting our children to be taught that there is no harm in drinking moderately. It is taught them even against the parents' will. It is blared into almost every home every day over the radio. The use of liquor in the home, at every social entertainment, everywhere, is so encouraged and made to seem so natural and harmless by the persuasive voices which come in over the radio, that our own children must get the impression that to drink is just the thing for

them to do when they grow up, if indeed they survive that long. The baneful effects of his radio propaganda are greatly augmented by the attractive whiskey advertisements that fill many of our magazines and daily newspapers. There the glamor and the sparkle of the liquor in the bottle and in the glass are paraded before the eyes of the children in the home, as they turn the pages to look at the pretty pictures, and many of them must be enticed by the beauty of it all. If these advertisements would tell the truth and would give a true picture of the consequences of liquor drinking, instead of talking about the smoothness and the mellowness of the stuff and the "joy" and the "pleasure" and the "comfort" obtained in drinking it, they would say that "Wine is a mocker, strong drink is raging, and whosoever is deceived thereby is not wise." They would warn the reader not to drink the stuff, for "At the last it biteth like a serpent and stingeth like an adder." And in the glamorous-looking stuff, it would have a serpent painted in every glass and every bottle. Advertising of such stuff over the radios and in the newspapers and magazines should be prohibited by law, or, if liquor advertising is permitted at all, our "tell-the-truth" laws as applied to medicines, should be applied to it also.

Every colored person in Lynn County who holds a poll tax receipt is entitled to vote in the general election of November 2 on the same terms as are white persons. We hope that most of them may take advantage of the opportunity to do so. Many of them probably will not know how to scratch the ballot so as to express their will. They should have the same help, in conformity with law, from election officers, when help is requested, as may be legally given to any white voter. But no election officer has a right to try to influence any Negro's vote, and we are sure that no one will undertake to do so. The

Negro holding a poll tax receipt and otherwise qualified has not had the right to vote in general elections in Texas but has not often exercised that right in recent years. He should now acquaint himself or herself as thoroughly as possible respecting candidates and issues and then go to the polls and vote as the white people do. It was because of the fact that so many of the Negroes in former years permitted themselves to become the spawns of corrupt white politicians that the ballot was taken away from them in the Democratic primaries. Then most of them quit voting in the general elections. They can prove their right to the ballot only by informing themselves and then voting conscientiously and keeping themselves unspotted by political corruption.

Just how many—or how few—voters in the coming election may scratch the name of Lyndon Johnson, candidate for the United States Senate, on account of the course he pursued respecting the proposed investigation of alleged fraudulent votes in three South Texas counties, we are not prepared to forecast, but we are sure that there will be some. There should be many. There is just as much moral turpitude involved in the perpetration of fraud in an election as there is in the perpetration of fraud in a business transaction. And the man who will knowingly profit from a political fraud and fight to prevent an investigation of it is just as guilty, morally, as the man who knowingly profits from a business fraud and prevents an investigation. Fraud vitiates a contract and every other business transaction adversely affecting another person, and morally it vitiates a political nomination procured through fraud. Morally and ethically, Lyndon Johnson is not the nominee of the Democratic party of Texas for the United States Senate. No person is under any obligation to vote for him as such nominee. In our humble opinion, honest men and women in Texas should scratch his name off the ballot on November 2.

We are not in favor of a cut and dried "civil rights" program to be enforced upon the South, but we are in favor of treating the colored races among us, whether black, brown, or tawny, as human beings, capable of much development by education and training. We should provide schools for them in which they would have the same educational advantages as we would give white children under similar circumstances, and should always manifest a friendly and sympathetic attitude toward them. We should encourage them to exercise civic pride in their own communities and even encourage them to vote, particularly the best informed and the best behaved among them. This is not intended as an indictment of the white people of the South, however, for we believe that as a rule they are the best friends the Negro has.

A plant which lives for one year only is an annual.

Mrs. Sadie Aly, the aged and blind mother of Rev. C. T. Aly, has come to make her home with her son and family here. He brought her from Fort Worth recently, where she had been staying with another one of the children.

Five week-end drunks paid fines Sunday and Monday in the court of the Peace P. D. Server. Two or three of them were Mexicans and the remainder were Negroes.

CARD OF THANKS

We wish to take this opportunity to express our gratitude and thanks to our many friends for the many expressions of sympathy given and the beautiful floral offerings shown us during our bereavement. May God bless each of you.—The children of W. N. Van Dyke.

Baptist Church Notes

Rev. C. T. Aly closed a most gratifying revival meeting in the Eastside Baptist Church in Lubbock last Sunday night. He reports that here were eleven additions to the Church, eight of them by baptism, and more than twenty rededications.

His pulpit here Sunday was filled by Dr. Robert Dodson, head of the Bible department in Wayland College, at both the morning and evening hours. His morning message was unique from both sacred and profane history and using his imagination liberally, he painted a picture of home and family life in the Greek colonies in Asia Minor during the days of Paul the Apostle that made the hearer feel that he had actually visited one of the homes there and had seen it transformed from a pagan home into a Christian home.

At the evening hour, Dr. Dodson discussed some of the moral problems of our own day.

Pastor C. T. Aly has been conducting a series of Stewardship studies in the Church this week.

On Tuesday night he lectured on "Stewardship in Action." On Wednesday night there was a Stewardship Emphasis program, with Rev. A. A. Brian of Brownfield as the speaker. Another lesson on "Stewardship in Action" was given by the pastor on Thursday night.

Much progress on the construction of the new parsonage has been made the past week.

Every person in Lynn county who has a poll tax receipt or the legal right to vote without one should go to the poll and vote next Tuesday.

HELP MAKE TEXAS A TWO-PARTY STATE!

VOTE FOR—

Jack Porter

— FOR —

U. S. Senate

Governor Thomas E. Dewey will be the next President—on that point almost everyone agrees. With Jack Porter representing Texas in the U. S. Senate, he can do more for you and me and all other Texans working with a Republican President than can a New Deal Senator.

Jack Porter is opposed to the so-called Civil Rights program of both major parties and will fight to prevent any such Federal legislation being enacted.

Jack Porter is against controls and regimentation, socialized medicine and any other form of socialization of our land.

Jack Porter will fight to protect the oil-rich tidelands for the school children of Texas. The Democratic Party is pledged to take them away. The loss of these lands would mean higher taxes for every person in Texas, and deprive the Texas school children of the finest school system in the United States.

When we send Jack Porter to the U. S. Senate, Texas will be saved the humiliation of having a lot of "dirty linen" dragged out for public review by a Senatorial Investigation Committee of Congress.

Jack Porter will have no stigma or suspicion of fraud attached to his name when he goes to Washington as Senator.

Jack Porter, born on a Parker County farm, is a true Texan who believes in our free institutions and will fight to keep them free.

Jack Porter is bitterly opposed to Communism and will aid our next President, Thomas E. Dewey, in throwing Communists off the Federal payroll.

Jack Porter will be seated when he is elected

TECH COLLEGE ACQUIRES PANTEX ORDNANCE PLANT

Lubbock, Oct. 25.—Acquisition of Pantex ordnance plant, 18 miles north east of Amarillo, is virtually assured Texas Technological college by Jan 1. President D. M. Wiggins is informed by representatives of the War Assets Administration.

Final steps preparatory to delivering the deed to Texas Tech Jan. 1 for the 17,000 acres and 414 buildings comprising the property were completed in a meeting at WAA office in Grand Prairie recently, attended by President Wiggins and Frank Junell, assistant to the president.

Adding the 17,000 acres of Pantex to the Texas Tech campus, although it is some 138 miles from Lubbock, will make it possible to increase college research, experimentation and teaching in the fields of agriculture and engineering particularly, President Wiggins said.

The college leased in 1947 and 1948 8,500 acres of the plant for a wheat poisoning experiment which has been carried on with co-operation of Texas A&M. A number of other research and laboratory projects have been scheduled to begin as soon as the plant is turned over to the college in January.

Dr. Wiggins said the public housing project operated on the property by Amarillo will continue under the direction of the city of Amarillo as long as it is needed. This project is confined, however, to 45 acres of land.

Tentative plans have been drawn up for disposition of many of the buildings and materials on the grounds, President Wiggins states.

MRS. BARTON IS HOSTESS TO WELLS H. D. CLUB

The Wells H. D. Club met with Mrs. T. B. Barton on October 19. The following officers were elected: President, Miss Ina Ledbetter; vice-president, Mrs. R. G. Grogan; secretary-treasurer, Mrs. T. B. Barton; Council delegate, Miss Myrtle Ledbetter.

Mrs. M. L. Webb is finance chairman; Mrs. Joe McLaurin recreation chairman.

Plans were made for a Thanksgiving supper—Reporter.

ASSOCIATIONAL YOUNG PEOPLE MEET HERE MONDAY NIGHT

Approximately 150 Baptists from about ten different churches in the Brownfield Association attended a Young People's meet here Monday night.

Miss Lydia Bravo, late from Manila, recently adopted by the First Baptist Church of Tahoka as its own "Missionary," and now a student in Wayland College beginning her training to become a Medical

Missionary to her own people in the Philippines, was the principal speaker, and she held the breathless attention of her audience.

With Carroll T. Aly Jr. at the Organ there was a brief song service conducted by Shelden Russell and a couple of duets rendered by visiting girls from Terry county.

Youthful Walter Pond of Redwine presided throughout the program. Light refreshments were served.

IRVIN DUNAGAN ENLARGES HOME

An addition of two rooms to the Irvin Dunagan home on East North Second Street has just been finished this week. The two rooms consist of a bed room and a sitting room built onto the front of his former residence.

The rooms are neatly finished and stuccoed outside and the stucco given a cream-white dash. The result is a commodious and most attractive residence.

MRS. FRED BUCY VISITS HERE FRIDAY

Mrs. J. Fred Bucy Sr., a long-time resident of Tahoka but now a resident of Brownfield, was a brief visitor at the News office last Friday, and we learned that J. Fred Jr. and his sister, Mrs. Charline Baumgardner, are both attending Tech again. In fact, Mrs. Baumgardner expects to receive a degree next June. J. Fred, whose college studies were interrupted by a tour of duty with the Navy, is now a sophomore.

SPANISH SPEAKING PICTURES HELP GOOD NEIGHBORING POLICY

In the October 2, 1948 issue of the Showmen's Trade Magazine, "Box Office", Mr. Wallace Blankenship was given credit for his contribution to the communities of the South Plains. Mr. Blankenship, president and part owner of the Wallace Theatre Circuit, was established as one of the pioneers of Spanish-speaking pictures in West Texas.

"Box Office" said of Mr. Blankenship, that his program was "an important asset in easing one of the more difficult labor problems of a large farming area. At the same time he has been and is doing his considerable bit toward the promotion of good will and understanding between the Mexican and people of the United States."

Mr. Blankenship for several years sponsored Spanish-speaking pictures for the Spanish people who come to this area each autumn to help with the harvest of cotton and grain. In past years he has operated from one to three houses on his circuit for these people. This year some 20 Spanish features have been bought from Azteca and Clasa Mohme in San Antonio to be shown in six different theatres in six different cities, on the Wallace Theatre Circuit.

It is estimated that 50,000 to 60,000 Spanish-speaking persons come to the South Plains each year to help with the harvest. Opportunities for entertainment were few. Naturally the laborers became dissatisfied. That's where Mr. Blankenship's program came into the picture.

"Where this entertainment has been provided, according to reports to such organizations as the Lubbock Chamber of Commerce, farm labor has been better satisfied and more productive. Fewer clashes have occurred among people who do not understand each other's language."

This year, Spanish-speaking pictures are being featured by the Wallace Theatres in Levelland, Morton, Ralls, Tahoka, Lorenzo and Petersburg. Mr. Blankenship hopes that this bigger program this year will continue to be the asset it has been in the past.

CARD OF THANKS

Voting

(Continued from Page 1)
 Roberts addition to Tahoka and all the residences north of the Brownfield highway and west of the street running north and south in front of the high school building. The school building will be the voting place. The boundaries of this voting precinct begins at the south-east corner of the section on which the high school sits; thence north two miles; thence west four miles; thence north three miles; thence west seven miles; thence north one mile; thence west five miles to the Terry county line; thence south with the county line eight miles;

thence east five miles; thence north two miles to the Brownfield highway; thence north with the highway eleven miles to the place of beginning. By referring to a county map, the reader will note that this precinct takes in ten sections south of the Brownfield highway along its western course in Lynn county. Short of part of its territory, the Dixie voting precinct consists of an area four miles wide, east and west, by nine miles long, north and south, extending from the Wayside New Home farm-to-market road to the line of the West Point district, two miles north of the Tahoka-Brownfield highway.

The New Home and Lakeview election precincts remain unchanged. Going south of the Brownfield highway, the Three Lakes and Wells voting precincts have been abolished and consolidated with the O'Donnell voting precinct. The Newmoor precinct remains intact.

The South Tahoka, Grassland, Draw precincts likewise remain unchanged. By numbers, the precincts as they now exist are as follows: No. 1, South Tahoka; No. 2, Wilson; No. 3, O'Donnell; No. 4, New Home; No. 5, Draw; No. 6, North Tahoka; No. 7, Grassland; No. 8, Gordon; No. 9, Garnolia; No. 10, West Point; No. 11, Newmoor; No. 12, Dixie; No. 13, Lakeview.

In area, Garnolia, consisting of 17 sections of land, is the smallest precinct. In voting strength, Newmoor, covering 42 sparsely settled sections, is probably the weakest. Gordon's area is practically doubled and so also, no doubt, is its voting strength. West Point's area is largely increased and its voting strength must be much more than doubled. North Tahoka loses all of the Roberts Addition to West Point and its voting strength will be considerably reduced.

In area, the new O'Donnell precinct, which covers 205 sections of land, including the town, is by far the largest precinct in the county and will probably have the greatest voting strength.

The North Tahoka precinct has long enjoyed the distinction of being the strongest voting box but it has only about 52 sections of land including about half the town.

South Tahoka, including all that portion of the town lying south of the Post-Brownfield highway, covers about 60 sections. Its territory and

voting strength are unchanged. Wilson's strength has been considerably increased by the addition of a portion of the Morgan area, covering now about 99 sections of land. Draw has about 103 sections and New Home 102.

Barnes

(Cont'd from front page)
 he victim not knowing that the pistol was loaded. The services were conducted by Rev. Walter Brian of Sudan, former pastor of the Wells Baptist Church, who baptized the youthful James T. Barnes some seven or eight years ago; assisted by Rev. W. K. Horn of Anson, a former pastor of the Wells Church and a very devoted friend of the Barnes family. Also assisting in the services were Rev. W. P. "Ted" Brian, present pastor of the Wells Church, and Rev. J. M. Hale, pastor of the O'Donnell Church.

Military honors were accorded deceased by a group of veterans of World War II, deceased having served in the armed forces for four years in the Pacific theatre of operations. For awhile he was stationed on Johnston Island in the Pacific, and in the latter part of the war did service on Okinawa and Iwo Jima. In fact he was slightly wounded and was awarded the Purple Heart during his service.

Returning from service in the armed forces in January, 1946, Mr. Barnes was married to Miss Lois Moore, daughter of Mr. and Mrs. Tom Moore, and of this union one child was born, little Michael, still an infant.

James T. "Mutt" as he was known, had attended a football game in O'Donnell Friday night. After coming home, while engaged in cleaning his pistol, he is said to have fired it, not knowing that it was loaded. The bullet had entered his forehead at the right of the center, it is said. After the shot, his wife called a neighbor, Ben Kiser, and then another neighbor, Andrew Jordan, was called and rushed the body to a Lamesa hospital, where a physician pronounced the body lifeless.

Deceased was born near Roscoe on September 6, 1921. He was the son of Mr. and Mrs. A. J. Barnes, who moved from Roscoe to the Wells community in Lynn county in 1924. The father died several years ago. The mother still resides in

the Wells community. In addition to the mother, the wife and the late son Michael, other survivors include four brothers, Alto Barnes of Lamesa, Ellis Barnes of O'Donnell, Jess Barnes of Lubbock, and Ike Barnes of O'Donnell; two sisters, Mrs. Cleo (Dick) Franklin, and Mrs. Loree (D. A.) Franklin, and numerous other relatives.

LUBBOCK DISTRICT CONFERENCE TO MEET IN O'DONNELL

Rev. C. A. Holcomb Jr., pastor of the Methodist Church here, announces that the Lubbock District Conference will convene in O'Donnell Tuesday, November 2, at 10:00 a. m.

Bishop W. C. Martin of the Dallas area will preach, he says, and Rev. J. O. Haymes of Lubbock will preside.

Delegates from Tahoka are John Slover, Earl Tunnell, M. M. Boyd, Mrs. Roger Bell, Miss Jane Donaldson, Roy Poer, Maurice Small, John Price, J. O. Allen, Mrs. R. W. Fenton, Rev. George Maurice Small, Rev. William Edward Ware, Rev. C. F. Carmack, and Rev. Ben Hardy. Bishop Martin bears the reputation of being one of the greatest pulpit orators of the entire Southwest, and many Lynn county people should take advantage of this opportunity to hear him.

CARD OF THANKS

We wish to express our sincere appreciation to all the friends who have been so kind to us in sending or bringing flowers, gifts, cards, or otherwise rendering help during Mrs. Campbell's illness, and especially do we thank her pastor and wife, the Pythian Sisters, and Dr. Austin E. Givens, who has been so attentive.—Mr. and Mrs. J. C. Campbell and children.

Child Welfare Unit Organized

As an outgrowth of a nation-wide program pertaining to the welfare of children and youth, a local unit was organized Monday evening, October 25th when several community-minded citizens met in the County Courtroom.

Every county in every state in the union that does not already have such a unit is requested to organize one and start immediate steps to investigate and report cases where there is grounds for improvement.

The types of cases which a County Child Welfare unit accepts for care would be:

1. The child without a family, the orphan, deserted or abandoned child.
2. The child of the broken home. The child who has one parent dead, deserted, or away from home because of insanity, imprisonment or other long-time institutional care and whose remaining parent is physically or socially unable to give care to the child, whether for a temporary or long time period.
3. The neglected child, abused, exploited, or subjected to improper surroundings.
4. The delinquent or predelinquent child, whose conduct has brought him in conflict with the law or whose environment or conduct is likely to produce behavior difficulties.
5. The socially or mentally handicapped child who cannot receive adequate care of his own environment.

BOYS IN TRUCK CRASH INTO O'DONNELL BUILDING

Three boys in a gravel truck crashed almost head on into a nearly new Chrysler-Plymouth building in O'Donnell at about 11:30 o'clock Saturday night, tearing away the panel below the plate glass front, going through the window, and stopping inside the building some twenty feet from the gaping aperture which had been made.

Luckily no one but the building was seriously hurt. Damage to it was estimated at two or three thousand dollars. The building is of tile construction and is situated on the south side of the square, facing south on the street.

The child born out of wedlock whose mother needs assistance in planning for him.

The foundation laid Monday night is only the nucleus from which the county hopes to form a permanent, evergrowing, county-wide beneficial working organization. Each town, each Community, each Church, each Club and each project in the County is urged to feel free to keep in touch with the unit by sending a representative to its regular meetings. The notice of each meeting will appear in each of the county papers. These meetings will be held in the County Courtroom each time.

In cases where the communities or organizations do not have a representative they are asked to report cases to the precinct commissioner who will in turn contact the county unit. It is hoped that the unit will be underway and proving its worth by the first of the year.

Your cooperation as an individual or as a part of an organization is needed and urged.

Don't you tempt fate...

Don't try to palm off a worn-out summer oil on your engine this winter. It just doesn't pay. Because, first of all, it's bound to be dirty. And that means excessive wear on metal surfaces. But more important, old summer oil just can't measure up.

So don't you tempt fate! Make a date today to OIL-PLATE your engine with winter-grade Conoco Nth Motor Oil! Get Nth oil's quicker starts... plus the extra protection of Conoco Nth OIL-PLATING.

Because Nth contains a special added ingredient that fastens an extra film of lubricant to your engine's working parts... cylinder walls are actually OIL-PLATED, extra-protected from "dry" friction starts, from power-clogging sludge and carbon due to wear.

It's your car's good fortune when you...

WEEKLY NEWS ANALYSIS

Truman Proposes Moscow Mission, Rocks Foundation of U. S. Policy; Russ Ask Big Four Parley Renewal

By Bill Schoengen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

Bi-partisan unity in the U. S. was grievously wounded by the knife-edged Berlin crisis when, on the one hand, President Truman called a private conference with Under Secretary of State Robert Lovett and Secretary of State George Marshall to mull over the situation . . .

and, on the other hand, Gov. Thomas E. Dewey summoned his foreign affairs advisor, John Foster Dulles, from Paris to find out for himself what was going on in Europe.

DIPLOMACY:

Trip Canceled

To President Truman, for engineering the abortive deal to send Chief Justice Fred Vinson to Moscow for personal talks with Kremlin leaders on the atomic bomb, went the credit for producing the most heroically proportioned diplomatic faux pas of the year.

It happened very swiftly and very simply. Mr. Truman deciding suddenly to try his own hand at straightening out the tangled foreign mess, started making preparations to send Vinson to Russia.

THEN the state department heard about it. Robert Lovett, under-secretary of state, profoundly shocked, notified George Marshall who came winging frantically across the Atlantic from Paris to stop the President from committing what he considered a blunder of immense gravity.

The Vinson trip was called off, of course, and President Truman backed hastily away from the whole business after issuing an abashed note of explanation.

BUT THE memories lingered on. Mr. Truman, in the minds of those who knew or thought they knew about the international situation, had gone completely beyond the pale with this momentary, headstrong effort.

His campaign opponent, Gov. Thomas Dewey, at first wavered between righteous anger at what he obviously considered a deliberate flouting of the established bi-partisan foreign policy and elation that the Democratic candidate had made such a grievous tactical error.

And although the Dewey camp was astute enough to realize that its cause would benefit more if it magnanimously ignored the affair than if it leaped in for the slaughter, it nevertheless redounds to the New York governor's credit that he did not take advantage of this internationally dangerous situation for his personal gain.

Significance

Why was President Truman so widely and thoroughly castigated for making what he undoubtedly looked upon as a sincere, constructive attempt to clear up the Russians' "misunderstanding" of the problem of atomic control?

Because his intention of sending Chief Justice Vinson to Moscow represented a serious divergence from the basic characteristic of U. S. foreign policy—toughness with Russia.

MR. TRUMAN'S proposal amounted to a softening up of the laboriously built "get tough" attitude of the U. S. toward Moscow. It was tantamount to saying in a pleading voice, "Let's get together once more and try to talk this thing out."

Current history has proved that the kind of personal diplomacy the President sought to institute in the Vinson trip has been completely unavailing in dealing with Russia since the war. Moreover, insofar as personal diplomacy always tends to bypass the United Nations, it usually has an ill effect on international relations in general.

IN THE final analysis, a personal visit to the Kremlin by Vinson probably would have upset the entire, carefully fabricated structure of the policy upon which the U. S. is depending to defeat Russia's aims in Europe.

JUST A FIRE HAZARD

'Sagging' White House Due for Repairs

This probably will cost you a million dollars.

The White House—America's home for its presidents—will undergo a series of reconstruction jobs next year that will bolster up the slightly sagging, 132-year-old executive mansion. And it is probable that the work may cost U. S. taxpayers as much as a million dollars.

ANYTHING NEW

What, No War?

Answers to the question "Does Russia want war?" are a drug on the market, in informed and uninformed circles alike, but now and then someone comes up with a reply that is a little more imaginative than most.

ONE OF this kind has been furnished by an experienced professional diplomat—necessarily anonymous lest his identity become known to the Russians—who is attending the U. N. meetings in Paris. He said:

"There will be no war soon. The reason is that Stalin, the head of the peace party, has just had Andrei Zhdanov, the head of the war party, murdered."

(Zhdanov, who died several weeks ago, was one of the ranking members of the politburo where he was almost on a par with Molotov in power and influence. He had been talked of as a possible successor to Stalin. His demise was mourned with parades, pageantry and ostentation by Stalin, the boys in the Kremlin and the Russian people.)

"HE (ZHDANOV) urged immediate war. He argued that if Russia was defeated militarily she would win politically, since the resulting horror and chaos would cause a new, irresistible wave of communism."

"As long as Zhdanov was successful, Stalin gave him his head. When he failed in Yugoslavia, Stalin told him to lay off. Zhdanov defied the Soviet generalissimo. So Stalin got his head."

"This means that Stalin's waiting tactics have prevailed. There will be no war soon."

BIG FOUR:

Come Again

While the U. S. state department was exerting all its influence to prevent a return to direct negotiations with Russia at this time, the Soviets were hammering away at the opposite course of action by demanding that Big Four discussions of the Berlin issue be resumed.

THE TWO viewpoints, starkly emphasized by the reception Mr. Truman's futile mission-to-Moscow idea received in the U. S., revealed with extreme clarity the broad gap now separating the East and West.

Russia's demand wasn't new. It was a repetition of Moscow's now well-established tactics in East-West relations. What the Soviets wanted was simply that the Berlin question be removed from the agenda of the U. N. security council and that discussions among the Big Four be resumed where they were severed last August in Moscow.

Andrei Y. Vishinsky, deputy Soviet foreign minister, handed a note to that effect to Juan A. Bramuglia of Argentina, acting president of the security council, who separately informed the U. S., British and French delegations.

IT WAS all wasted effort as far as the western powers were concerned. Neither the U. S., Britain, nor France wanted to get within shouting distance of direct negotiations with the Russians at this point.

One western spokesman commented simply, "The Russian reply is unhelpful." The Soviets, again, were making no concession to peace.

CHURCHILL:

Grim Accents

At the British Conservative party's annual convention in Llandudno, Wales, Winston Churchill, never a man to deal in flimsy optimism when the going was tough, talked in grim accents about the world's peril.

HE WAS the old pre-war, no-appeasement Churchill as he warned against letting any French breach appear in the line of western resistance to Soviet drives.

To the United States he said, in effect: Keep those atomic bombs. Destruction of the U. S. atomic arsenal now would be tantamount to suicide.

"If it were not for the stocks of atomic bombs now in the trusteeship of the United States there would be no means of stopping the subjugation of western Europe by Communist machinations backed by Russian armies and enforced by political parties.

"BOLSHEVIK Russia is already heavily armed and her forces in Europe far exceed those of all the western countries put together. At the present time the only sure foundation of peace—and the prevention of actual war—rests upon strength.

He urged the West to "bring matters to a head and make a final settlement" before Russia produces a usable bomb.

Such a settlement, according to the view of the wartime British prime minister, could be arrived at only after the Russians had released their grip on satellite states, released the German and Japanese prisoners they "now hold as slaves," ceased to "oppress, torment and exploit" those parts of Austria and Germany they hold and called a halt to disruptive operations elsewhere in the world.

BUT CHURCHILL would not be a party to issuing any "false hopes of a friendly settlement with Soviet Russia." Actually, he said, the Berlin blockade may precipitate a war at any time.

ALIENS:

On the Job

The U. S. is hiring scores of aliens, many of them in countries behind the iron curtain, to staff its 27-million-dollar international information program.

Leiland J. Barrows, deputy director of the state department's office of information and education, told the senate appropriations committee that the department planned to add 278 aliens and 60 Americans to overseas duty by the end of the 1948 fiscal year.

WHAT WILL they do? Barrows said that the aliens—14 of whom will be added to the American embassy in Moscow—would be used primarily as translators, clerks, messengers and in other work associated with the U. S. foreign information program.

Testimony before the committee showed that the state department gained the committee's reluctant approval of its foreign-hiring plan, despite the objections of Chairman Styles Bridges (R., N.H.) who contended that it would provide a fertile field for Communist infiltration into government functions.

GEORGE V. ALLEN, assistant secretary of state, countered that there were certain jobs that had to be performed overseas that could best be done by aliens.

He said aliens could be employed much cheaper for certain tasks where they can be watched fairly easily, even though Americans may suspect their loyalty.

This departure from the norm in the business of hiring federal employees was a new wrinkle in the government that very probably will be attracting considerable public attention within the next few months.

Reverse Russian

Constantine Boldyreff is a man who wants to take the classic Communist concept of the necessity of revolution and apply it to Russia itself. Claiming to represent a world-wide Russian anti-Communist organization dedicated to the overthrow of the Stalin regime, Boldyreff believes that the great mass of Russia's 167 million people are ready for revolt.

SUB RADAR:

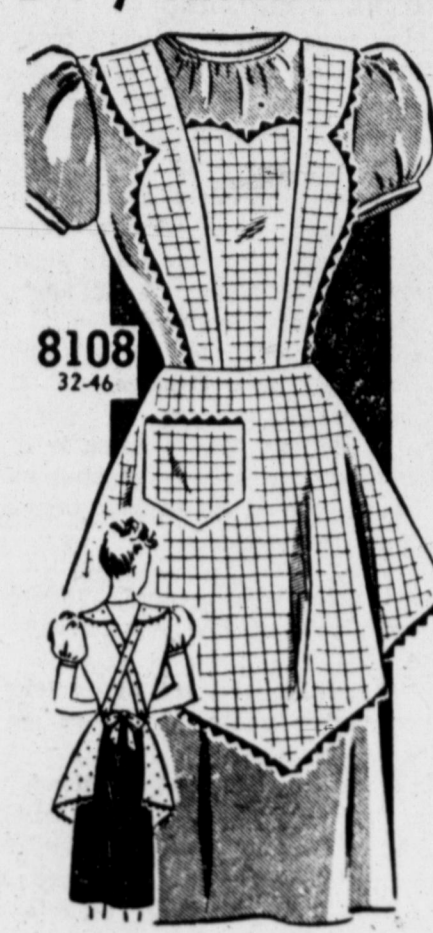

Sentry Duty

A submarine with radar "eyes," a new U. S. in the nation's defense system, was scheduled to start operating in November to detect any hostile planes attempting a sneak approach across such remote reaches as the polar seas.

The navy announced that the submarine Tigrone, taken from the reserve fleet and converted into the first radar picket submarine, was to be commissioned November 1.

HOUSEHOLD MEMOS... by Lynn Chambers

Plan to Bake Once a Week (See Recipes Below)

Simplify Baking
WHILE OUR MOTHERS and grandmothers had more to do than those of us who are homemakers, they somehow managed to find an afternoon a week in which to fill the house with fragrant and delicious odors from the oven with weekly baking.

To me, this was one of the most delightful times in the whole week because then I, too, could get my hands into pie crust or sweet roll dough. It was great sport!

But, naturally, this was not the only blessing that came from weekly baking. We usually had delicious homemade bread as well as rolls or coffee cake for breakfast. To save time, the dinner for that evening was usually a baked one, a fragrant meat loaf or taste-tempting casserole with a delicious baked pudding for dessert. Then, too, the cookies jar was filled for the best part of the week, and that meant cookies for the lunch boxes and more delicious tidbits when we came home from school!

Are your families missing these treats? Then organize the household schedule at once so that you can bake once a week, and fill the larder with such delicious things as can only come from home baking.

But how can you make all these things in one day? Here's how: mix cookie dough and store in refrigerator; make ice box dough for sweet rolls, and store this, too. Bread dough can be mixed in the morning; or, if you are making quick breads, these can be mixed in a few minutes right after lunch.

You can plan the baking for any day of the week. We usually do it Friday or Saturday afternoon, so there will be a cake or pie in the house for Sunday, and, of course, bread, rolls and cookies for the whole week.

IT MAY SOUND ambitious to attempt all this in one day, but it really isn't once you get into the swing of it. Do all you can the evening before, and keep on hand such things as piecrust and biscuit mix. Refrigerator cookies, too, take no time at all to bake, and they're easily mixed ahead of time.

Refrigerator Rolls.
(Makes 12-16)
1 cup milk
3 tablespoons shortening
3 tablespoons sugar
1 teaspoon salt
1 yeast cake
1 egg
2 1/4 to 3 cups flour

Scald milk and in it dissolve shortening, sugar and salt. When mixture is warm add yeast cake, crumbled, and the egg. Add flour gradually and mix thoroughly by beating. Let rise until doubled in bulk. Place a piece of waxed paper over the bowl and hold securely with a rubber band. Store in refrigerator until ready to use.

This refrigerator dough may be used for cloverleaf rolls, cinnamon rolls, fruit filled rings or pecan rolls.

Interesting Tips Make Your Work Easier
Coal oil or kerosene will remove stains and dirt from enameled bathroom fixtures without scratching the surface or lessening the gloss of the surface.
You can keep your silverware bright and tarnish-proof if you keep the pieces wrapped in a specially treated flannel cloth which is actually impregnated with particles of silver that absorb the tarnishing elements in the air.
Leather pieces around the home like furniture, bookends, albums and waste baskets can be cleaned with a mild soap and luke-warm water shampoo.
Soak pastry cloths in cold water before washing. Brush away flour mixtures with a brush before washing in hot water or the matter will cake and stick.
Keep your pot holders immaculate if you want to avoid sticky fingers by working in the kitchen. Wash and rinse the holders out as you do the towels, after a meal.

Sift all dry ingredients and add to shortening mixture alternately with mashed banana and milk. Pour batter into a well greased, heat-resistant square glass cake dish, eight-inch size. Bake in a moderate (350-degree) oven for 45 to 50 minutes. Remove from oven and let cool before spreading with the following icing:

- 3 tablespoons shortening
1 1/4 cups confectioners' sugar
2 tablespoons lemon juice
1/2 teaspoon grated lemon rind
- Cream shortening; add confectioners' sugar and lemon juice, beating until fluffy. Add lemon rind if desired. Spread on cool cake.
