Number 14

Blizzards Sweep Plains, Low of 14 Recorded Here

Following a comparatively warm pre-Christmas December, old Bores got on the job Christmas day and has been doing his stuff ever since. It was not until January had come, however, that he became really furious and stormed down in, to this section of the country in blizzard style.

Hitting the South Plains Sunday, Monday morning he had driven the temperature here down to 16 Tuesday morning was a little lower, 14. He held his own pretty well throughout Tuesday night, and on Wednesday morning the mercury again stood at 14. Clear skies and very light breezes, however, brought much warmer weather during the day, and long before noon it was apparent that the storm was over.

Just a little sprinkle of rain and a few flakes of snow had fallen during the storm period but not enough to make any material impression on the Drouth that has been holding sway for months.

Terrific blizzards had brought heavy snows and much suffering in all states north of Texas and throughout the middle of the continent, however, while wind and rain storms had produced floods and devastation in some of the states east of Texas.

Lowest temperatures registered here in December prior to Christmas were 22 degrees above zero on Thursday morning, December 9; 21 degrees on Friday morning, December 10; and only four other days on which freezing temperatures were registered until December 25, the lowest of these being 26 degrees on Sunday, December 19.

On Christmas morning, 23 degrees were registered, and on the following morning 22 degrees; 23—again on Wednesday morning, December 29; 21 degree on the 30th, and 27 degrees on the 31st. Then came January and two days later the blizzard.

Weaver's Sister Dies From Injuries

Mrs. Altus M. Baker, 27, of Levelland, sister of A. C. Weaver of Tahoka, was fatally injured at 1:30 o'clock Wednesday morning of last week when the car in which she and her husband were riding was side-swiped by another vehicle on the Lubbock-Levelland highway about five and a half miles west of Smyer, and over-turned. She died in the Phillips-Dupre Hospital in Levelland at 10:15 that night.

Funeral services were conducted in the First Methodist Church Levelland at two o'clock Saturday afternoon by the pastor, Rev. Jordan Grogms, assisted by another Methodist Minister Rev. O. A. Graydon, and by a Baptist Minister of Levelland, with burial in the Levelland cemetery.

Mr. Weaver and family, and quite a number of other Tahoka people attended the funeral services.

Survivors include the husband, Altus M. Baker, her parents, Mr. and Mrs. R. D. Weaver and three married sisters and families, all living in Levelland and A. C. Weaver of Tahoka, the only brother.

Her husband, Mr. Baker, was slightly but not seriously injured in the accident. John R. Garrett of Lubbock, driver of the other vehicle, was also only slightly hurt.

The accident occurred while the Bakers were returning home from Lubbock in their late-model Ford coach and while Garrett was returning to Lubbock in a 1947 Chevrolet taxi car owned by Bryant Taxi Company of Lubbock. The two vehicles side-swiped as they passed each other going opposite directions on the highway. The Baker car went out of control, swerved off the pavement onto the shoulder of the highway, and overturned. The taxicab did not overturn and was not seriously damaged.

David Weathers Buys Out Mrs. Pridmore

There were comparatively few business changes at the end of the old year or in the beginning of the new but there is at least one that should be noted.

Mrs. Beulah Pridmore, who had been elected county clerk and was preparing to take office, sold her interest in the Tahoka Grocery to David Weathers, who is now associated with his father, R. P. Weathers, in the ownership and operation of the store.

Merchants Sponsor Appreciation Day

Thirty-four Tahoka merchants in a meeting at the court house on Monday night completed plans for a series of "Appreciation Days," beginning Saturday, January 13 and continuing throughout the year on Saturdays. Special attractions will be offered the buying public of this trade territory.

A steering committee to make and carry out further plans for the event is composed of Maurice Bray, chairman, L. C. Haney, secretary, and Wynne Collier.

The Appreciation Day program is being sponsored by the Chamber of Commerce.

Jaycees Proud of Christmas Program

The Jaycees, being a new organization in Tahoka, are justly proud of their part in the City Christmas program, one of their number stated to The News Tuesday.

Lots of compliments have been handed the four civic organizations that donated the turkeys given away during Christmas week, he further stated. Several people, he says, have expressed wishes for a similar event to be staged next Christmas.

One Tahoka family was presented with a Christmas dinner and presents were given to the children, and the donors felt just as happy over his helpful deed as did the receivers. Indeed the old proverb that "The joy of giving is greater than the joy of receiving" is true.

May the year 1949 see many good deeds and worthy projects accomplished by the Tahoka Junior Chamber of Commerce, he concluded.

Pythian Sisters Install Officers

In a beautiful ceremony, installing officer Myrl Mathis, assisted by Naomi Bell and Irene Spears, installed the following officers: P. C. Marthie-Floyd, M. E. C., Mildred Sherrill, E. S., Lou Calvery, E. J., Florence Davies, Mgr., Elnora Curry, M. of R. C., Novice Curry, M. of F., Pauline Warren, Prot., Loyce McMahon, Guard, Tommy Terry, Pismist, Helen Ellis, Trustees, Ora Curry, Elnora Curry and Floyce Sherrod, Capt. of Degree Staff, Florence Best, T. D. and P. C., Nina Short and Grand Temple representative, Millie Mill.

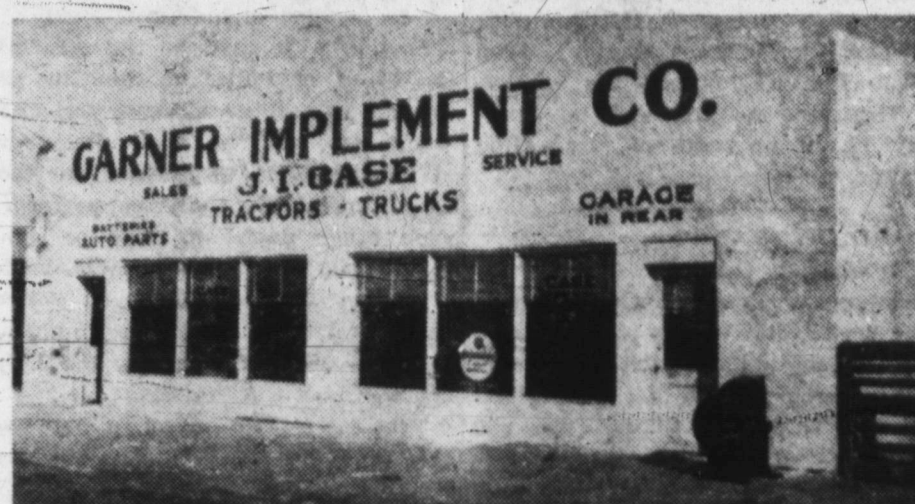

Refreshments were served to 25 members by hostesses Naomi Bell, Florence Best and Lois Bledsoe.

Rev. Ferguson Will Conduct Revival Here.

The News is requested to announce that Rev. John R. Ferguson will begin a revival in the Tahoka Church of the Nazarene on January 28. Every one will be given a hearty welcome.

Rev. Ferguson is an ex-pastor in this county and has many friends here who doubtless will want to hear him.

Mr. and Mrs. J. R. Wyatt, their sons Richard, Vernon and Melmus, together with their families made a Christmas visit to the two Wyatt daughters and their families in New Mexico during the holidays. The daughters, Mmes. C. H. and A. W. Ragan, together with their families formerly lived in Lynn county. Mrs. Wyatt said that of the fourteen grand children only two were absent, and they had 7 great-grandchildren, also. It was a very happy reunion.

Shown above is the Littlepage building on the east side of the square into which the Garner Implement Company, Case dealers, recently moved. The company has complete parts and service departments and also operates a radiator repair shop.

Baptist Workers Will Meet Here

Baptist Pastor Emmett Brooks of Wilson and C. E. Strickland of New Home met with Rev. C. T. Aly here Tuesday afternoon and planned the program for the Baptist Workers Conference to be held on Thursday of next week.

The general theme for the discussions of the day is Evangelistic Objectives for 1949.

The opening devotional service is to be conducted by Alton Webb, a layman, of Gomez, Terry County.

The first objective, To Know the Needs of the Field, is to be discussed by Rev. B. Huckleby, pastor of the Meadow Baptist Church.

Rev. Emmett Brooks will discuss the second object, To Organize to Win.

The Missionary Report will be given by Rev. L. C. Sparkman of Foster, Terry county, followed by special music.

The morning sermon will be given by Rev. C. E. Strickland of New Home, who has announced his subject as The Price of Evangelism.

Beginning at 1:15 in the afternoon, District Missionary, Rev. F. E. Swanner will discuss Our District Evangelistic Campaign.

At 1:45, the Associational Board meeting and the W. M. U. meeting will be held.

Ladies of the local church will serve a luncheon at the noon hour.

Wharton Adds More to Building

Winston Wharton is this week completing an addition to his already capacious place of business on Main Street.

He started in by moving the old Henderson building back to the east end of his lots and facing it north, on First Street, leaving a vacancy between the south end of this building back to the main structure. He then extended this building back to the main building a distance of 19 or 20 feet, and cut a door in the north wall of the main building to afford passage from one into the other. The total addition is 26 by 60 feet, adding a floor space of 1560 feet to his place of business. This is cut into two compartments, one, the new part, about 10 by 26 feet, being used for the storage of parts, etc., and the other portion, the old Henderson building, as a general storage room. The outside of the entire addition is to be painted as soon as the weather will permit.

The remainder of the space on this block, 60 feet by about 70 feet in size, will be utilized as a used-car lot. The concrete floor of the old Henderson building is to be torn out, the ground levelled up, the entire vacant space grveled, and a steel fence erected around it.

If Mr. Wharton makes any further expansions, he will have to acquire some additional lots to do so.

A. A. Mourfield of Hamilton, who was a resident of Tahoka for many years, spent a few days among his friends here during the recent holidays.

Mr. and Mrs. W. M. Flint and daughter of West Point spent Christmas with another daughter at Goldsmith.

Ladies Attend School For Eastern Star

Mrs. Etta Lorene Reid, Worthy Matron, Mrs. Era Stewart, Secretary, together with a group of members of the local chapter attended a school of instruction in Eastern Star work in Lubbock Thursday. Those going from Tahoka took examinations and received certificates on their knowledge of the work.

Football District Remains As It Is

Football district 4-A will remain as it now is for another year, at least.

This decision was reached at a meeting of the district committee in Levelland Monday night, attended by Supt. Vernon Brewer and Coach Jim Foust. Supt. Fletcher Johnson of O'Donnell is the new district chairman.

Several of the North Half schools previously had decided that every team in the district—and there are eleven—must play all others, and had so announced the change in the Lubbock Avalanche some time ago.

However, at Monday night's meeting, official representatives of the schools voted to continue elimination as last year, whereby a South and a North half champion is determined, and the winner of a game between the two represents District 4-A further games.

Tahoka, Post, O'Donnell, Slaton, Seagraves, Levelland, and Sudan voted in favor of the present arrangement, while Littlefield, Suntown, Muleshoe, and Morton favored the change.

New Wilson Church Is Ready For Use

The finishing touches are being put on the new Baptist Church in Wilson, according to the pastor, Rev. Emmett Brooks, and he and his congregation are expecting to give their first service in the new structure on Sunday, January 16. A very large crowd is expected to be present on that occasion unless unfavorable weather should prevent.

The basement of this church was constructed many years ago at a cost of possibly \$15,000. It would cost twice that much to build such a basement now. The superstructure just now being finished has been built for the contract price of \$42,500. The church now has, in effect, a \$70,000 edifice, although actual expenditures, including furniture, have been only \$60,000 or thereabout.

The completed structure has a spacious and beautiful auditorium, about 20 Sunday School rooms, two or three S. S. assembly rooms, pastor's study, kitchen and dining room. Next to the First Baptist Church in Tahoka, it is the best Baptist Church structure in Lynn county.

P.T.A. Will Hold Meeting Thursday

Next Thursday, January 13, the Parent Teacher Association will meet in the High School auditorium at 7:30 p. m. The program is to be a film, "Hidden Hunger" arranged for by the program committee. This is a picture that will interest the entire family so come out and help make our first meeting this year a successful one.

Room count will be taken as usual and the room with the most parents present will receive a gift.

This hour was chosen to make it possible for more teachers and parents to attend. Remember—the date, January 13, 7:30 p. m.—Reporter.

Rev. and Mrs. C. T. Aly and family moved last week into the new parsonage, which has been completed except for the laying of the brick, the structure being a frame and brick-veneer building. Work will be resumed as soon as the brick arrives. It was ordered some weeks ago.

City Council Will Appoint Tahoka Chief of Police

At a regular meeting of the City Council Tuesday night, an ordinance was passed abolishing the office of City Marshal at the end of the term of the present incumbent and creating the office of Chief of Police in lieu thereof. The term of Frank McLaughlin, the present City Marshal, will expire in April of this year.

The Chief of Police, who will be appointed at that time, will probably be paid a better salary than is being paid the City Marshal now, probably about \$225.00 per month, but his services may be dispensed with at any time by the city council when his services become unsatisfactory.

As a result of this change, there will be no election for a City Marshal in April. When other officials are to be elected, a Chief of Police will be appointed by the City Council, however, immediately after the election.

The present City Council is composed of the following members: Dr. K. R. Durham, Mayor, who has served as a member of the City Council for many years, and as mayor for the past few years; W. O. Thomas, who has served as a member of the council for 20 years; V. F. Jones, who has served a number of years; and Clay Bennett, Ivo Cathcart, and B. L. Parker, who were elected to the council more recently.

No final decision has yet been reached as to the services and remuneration of a night watchman but that has been discussed and will be determined before the April election.

The Mayor and two or three aldermen are to be elected in April.

Basketball Team Loses Opener

The hapless Tahoka Bulldogs have not yet snapped out of their losing streak, and since Christmas have dropped two games, one the conference opener with Slaton at Slaton Tuesday night.

Playing in Slaton's "matchbox" gymnasium, the Tahoka basketball team lost by a score of 40 to 26. However the B team was "hot," and won its game 41 to 19.

Monday night a disappointingly small crowd of fans saw them overwhelmed by an alert Denver City crew in the local gym. The A team lost by a score of 31 to 23 and the B team by 36 to 11.

Coach Jake Jacobs took the team to the Sundown tournament Thursday, where they were to meet the always strong Idalou team at 3:00 p. m. The tournament is a double-elimination affair, and other teams entered in the boys' division include Sundown, Littlefield, Brownfield, Sudan, Levelland, and Lubbock B.

New Home girls' team, one of the best in this part of West Texas, is entered in the girls' division.

James Bay Bennett, who moved here last year, will become eligible next semester, which begins January 17, and he should be a boost to the team.

Next Monday night the Bulldogs meet Post at Post, the game having originally been scheduled for Tuesday night.

The rest of the schedule follows, conference games being denoted by an asterisk (*).

Jan. 13, 14, 15, O'Donnell tournament.

Jan. 18, Denver City here.
*Jan. 20, Seagraves here.
*Jan. 25, O'Donnell here.
*Jan. 28, Slaton here.
*Feb. 1, Post here.
*Feb. 4, Seminole here.
*Feb. 8, Seagraves here.
*Feb. 11, O'Donnell here.

Mrs. Fred Lambert and mother moved last week into the former Jarrell Cox home down on the old Porterfield street, which Mrs. Lambert recently purchased. She is secretary for the First Baptist Church here.

CHILD GUIDANCE CLUB

HOLDS REGULAR MEETING

The Child Guidance Club held its regular meeting Monday night with Mrs. Herman Renfro as hostess. After the regular business session a very interesting program was presented by Mrs. Bob Miller and Mrs. Dub Kenley on the subject "Who's Afraid?" Refreshments were served to the following members: Mesdames Joe Joe Robinson, Fred McGinty, Elmo Peter, Bob Miller, G. H. Chestnutt, Roland Clem, Neal Stanley, Fred Hegl, Dub Kenley and the hostess. The next meeting will be January 17 in the home of Mrs. Alton Cain.

CARD OF THANKS

I wish to thank my friends for the great kindness shown me during the trying days of my wife's illness and death and for the many services they rendered her during her illness. These are things we can not forget and do not wish to forget. May the Lord bless all of you. —J. S. Hill.

Girls, he may be "altared," but he will never be changed.

AN ORDINANCE

An ordinance creating the office of Chief of Police prescribing the duties thereof, prescribing the term of office and fixing the compensation of such officer.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF TAHOKA

Section 1. The office of Chief of Police is hereby created and shall be filled by appointment of the Mayor, confirmed by the City Council, for a term of indefinite time.

Section 2. It shall be the duty of the Chief of Police of the City of Tahoka, to enforce all laws and city ordinances, and he shall discharge all of the duties prescribed for the City Marshal. He shall also perform such other duties as may be imposed upon him by the City Council.

Section 3. The Chief of Police shall receive such salary or compensation as may be fixed by the City Council.

Section 4. The effective date of this ordinance shall be the 5th day of April, 1949.

Passed and approved this 3rd day January, 1949. — K. R. Durham Mayor of the City of Tahoka, Texas. 14-2tc

AN ORDINANCE

Disposing with the Office of City Marshal and Imposing the duties of said office upon the Chief of Police. WHEREAS, Article 999, Revised Civil Statutes of Texas, gives the governing body of a city or town having less than 3000 inhabitants, at the last preceding Federal Census, the power by ordinance to dispense with the office of marshal and confer the duties of said office upon any peace officer, NOW THEREFORE:

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF TAHOKA

Section 1. That the office of City Marshal is hereby dispensed with and the duties of said office are hereby imposed upon the Chief of Police of the City of Tahoka, Texas.

Section 2. All records of the City Marshal shall be transferred to the Chief of Police on the effective date of this ordinance.

Section 3. The effective date of this ordinance shall be the 5th day of April, 1949.

Passed and approved this 3rd day January, 1949. — K. R. Durham Mayor of the City of Tahoka, Texas. 14-2tc

CARD OF THANKS

We wish to extend our sincere thanks and appreciation to our friends and neighbors for their many acts of kindness and sympathy during the recent bereavement. May God richly bless each one of you. —Mrs. D. D. Renfro and children, Mr. and Mrs. P. H. Renfro, children and grand-children.

Miss Lydia Bravo, student in Wayland College from the Philippines, spent part of her Christmas vacation here in the home of Rev. and Mrs. C. T. Aly and several days of it with friends in Dallas.

A foot pound is the amount of energy required to raise one pound one foot.

Too Good to be True?

But it is true. Through the new Franklin JUNIOR INSURED SAVINGS PLAN you can create an immediate insurance estate for your child at rates one-half or one-third of what you are now paying . . . an estate that grows with his responsibilities and matures in cash for retirement at age 55.

1. Insurance protection at no cost—full return of all deposits plus face amount of contract if death occurs at any time from issuance to age 55.
2. Insurance protection automatically triples at age 21 at no extra cost and with no evidence of insurability required.
3. At age 55 the savings plan matures as an endowment for full face amount.
4. Cash emergency and educational fund available if needed.
5. Available to children from age 1 day to 14 years.

LYNN COUNTY MINISTERS TO ATTEND DALLAS MEETING

Rev. C. T. Alv, pastor of the Baptist Church here, Rev. J. M. Hale, pastor of the O'Donnell Baptist Church, Rev. C. E. Strickland, pastor at New Home, Rev. Emmett Brooks, pastor at Wilson, Ray Foster, a layman at Wilson, and perhaps others are planning to leave early Monday morning to attend an evangelist conference to be held in Dallas, beginning Monday night and closing Wednesday at noon.

Those who have planned the meeting announce that they expect 5,000 people to be there from Baptist churches and schools of Texas—pastors, evangelists, singers, ministerial students, and laymen.

The purpose is to give inspiration and aid to churches planning to enter the simultaneous evangelistic campaign to be held this spring. Representatives from the 116 Texas Baptist Associations, comprising possibly more than 3,000 churches, will be in attendance. More than seventy associations participated in a similar campaign in 1948, and the number is expected to be much larger this year.

Present and on the program will be such well-known ministers and educators as Dr. Ellis A. Fuller, president of the Southern Baptist Theological Seminary at Louisville, Kentucky; Dr. Vance Havner, author, evangelist, and leader, of Greensboro, N. C.; Dr. R. G. Lee, pastor of Bellevue Baptist Church of Memphis, Tenn.; Dr. C. C. Warren, pastor of First Baptist Church, Charlott, N. C.; Dr. W. D. Wyatt, pastor First Baptist, Muskogee, Oklahoma; and Dr. E. Matthews, superintendent of evangelism, Dallas.

Among Texas pastors on the program will be such men as Dr. W. A. Criswell, First Baptist Church of Dallas; Dr. Forrest Feezor, First Baptist Church, Waco; Drs. W. Boyd Hunt and W. L. Shuttlesworth of Houston; Dr. Jesse Northcut of Abilene; and several others.

The Lynn county pastors expect to be back home for their prayer meeting services on Wednesday night.

WEDDING ANNOUNCEMENT

Mr. and Mrs. Claud Wells of Tahoka, announce the marriage of their daughter, Mrs. Marjorie Kemp of Fort-Fort, to Mr. Fred Crozier, also of Fort Worth.

The couple spent the holidays here in the home of her parents and returned recently to make their home at 4070 Meadowbrook Drive, Fort Worth.

Mr. and Mrs. W. H. Fulkerson left Tuesday to visit relatives in Arkansas. They also expected to see Tennessee, Mississippi, and Louisiana before returning home.

Don't worry, Mary—pop doesn't really give the bride away. If he did, none of the girls would ever get married.

 Thursday

Congratulations:

To Mr. and Mrs. A. M. Bray on the birth of a daughter born at 4:00 a. m. January 6 at the Tahoka Clinic. The little lady weighed seven pounds and will answer to the name of Marla Neyl.

To Mr. and Mrs. F. E. Pierce of Rt. 2 Tahoka on the birth of a baby boy born at 9:29 a. m. December 31, weighing 8 pounds and 12 ounces, and was named Louis Clark.

To Mr. and Mrs. J. R. Lambert of Rt. 2 Tahoka who are the proud parents of a baby girl born at 8:46 a. m. on Tuesday, December 28 and weighing seven pounds and 12 ounces. She will be called Sandra Kay.

Miss Grace Russell of Cambridge, Minnesota, arrived in Plainview for a ten day visit with her brother and his wife, Mr. and Mrs. Sheldon Russell, and accompanied them down to Tahoka Wednesday afternoon. She also expects to be here next Sunday throughout the day.

Mr. and Mrs. J. K. Applewhite were in Lampasas over the weekend, having gone down to return Mr. and Mrs. Ben Peak, who had spent Christmas here with them. Mrs. Peak is Mr. Applewhite's sister.

Mrs. Maude Bledsoe and daughter, Mrs. Jewel Johnson, had as Christmas guests Floyd Bledsoe and family of Lubbock and LeRoy Bledsoe and family of Petty and Mr. and Mrs. Fred Nolan and daughter of Tahoka.

Mr. and Mrs. W. A. Snyder of Bakersfield, California, are here visiting her sister, Mrs. Mae McMillan, and her niece, Mrs. Fred Lambert.

Mr. and Mrs. Everton Nevill and little daughter visited Mrs. Nevill's mother, Mrs. Minnie Fender, in Amarillo over the holiday week end.

Mr. and Mrs. N. H. Cromer of Petty visited their son and family and other relatives at Dallas and in that section during the holidays.

Mrs. Bobby Hefley and little son of Crosbyton have been here visiting her parents, Mr. and Mrs. W. A. Reddell, and Mr. and Mrs. Joe Bob Billman.

Mr. and Mrs. Clyde Hartman visited her parents, Mr. and Mrs. G. A. Brasfield at Seminole during the holidays.

Mrs. E. A. Robinette of Seymour was here during the holidays visiting relatives.

The Dixie Home Demonstration Club met on January 5th in the home of Mrs. J. O. Allen.

Projects are yards and bed rooms. Mrs. Buel Draper directed games and little Jackie Alexander, niece of the hostess sang "Buttons & Bows" which was enjoyed by all.

Refreshments of Hot Chocolate and cookies were served to 22 members and one visitor, Mrs. Grady Gore.

Billy Jack Warren of Rt. 4 underwent an emergency appendectomy operation Wednesday night, December 30 in the Tahoka Clinic. His condition is reported satisfactory.

Betty Jean Reed of Tahoka underwent an appendectomy operation Wednesday afternoon, December 30. She is an employee of the Tahoka Hospital.

BIRTHDAY DINNER

Friends of Joe Don Minor prepared and served a "scrumptuous" fried chicken supper for him and a few friends on his eighteenth birthday, Wednesday, December 29th. Needless to say, all those present had a great time.

Mr. and Mrs. J. E. Cunningham had as their guests through the Christmas holidays, her daughter and husband, Mr. and Mrs. Carl Clark, her grandson and his wife, Mr. and Mrs. Clifford Johnson and their baby, all from Seagraves. As New years guests, they had Mrs. Irvin Ricketts and grandson Elwin Ricketts and his wife of Amarillo and Mrs. Ruby Collins of Elk City, Oklahoma.

A dollar may not go very far, but usually it travels far enough so that it never finds its way back.

Mr. and Mrs. J. W. Chesser are moving this week from the New Lynn community in this county to their farm near Wolforth, on which he recently drilled an 8-inch irrigation well and got plenty of water. They have been residents of Lynn county for many years. The News will follow them to their new address.

Mr. and Mrs. H. P. Caveness returned last Thursday from a holiday trip during which they visited their son and daughter-in-law, Dr. and Mrs. Bob Caveness in Dallas, other relatives at Jacksonville, and then spent a few days at their camp on the Colorado River near San Saba.

Roy Ledbetter and sisters, Misses Ina and Myrtle, all of Wells, spent Christmas with another sister at Crowell.

C. W. Conway, manager of the Davis & Humphries store here, returned to work Tuesday, after having been out about two weeks by reason of an appendectomy.

J. A. Williams of Carlsbad, New Mexico, has been here visiting Dr. and Mrs. G. W. Williams. The two men are brothers. J. A. also, formerly lived here.

DOCTORS DISAGREE ABOUT ARTHRITIS!

Some claim it is incurable—yet sufferers who have tried REUMA-RUB tell us that this new liquid analgesic gives them wonderful relief from pain and discomfort. REUMA-RUB is a pleasant-to-use Alcoholic Rub that penetrates and stimulates sore aching muscles and swollen joint areas and gives welcome relief. And Remember: You must find that REUMA-RUB gives more relief from pain of Arthritis, Lumbago and Rheumatism than any extended remedy ever used—or your money refunded. A large bottle of REUMA-RUB costs only \$1.25 of your Druggist or at WYNNE COLLIER, Druggist

MARGIE BETH EDWARDS AND CLIN F. HARPER WED

Miss Margie Beth Edwards of Post, daughter of Mr. and Mrs. L. S. Edwards, became the bride of Clin Harper of Mr. and Mrs. Claude Harper of Tahoka, in a single-ring ceremony read by Rev. D. A. Bryant at 1:00 o'clock Thursday afternoon, December 23, in his home, Post.

The bride wore a gray taffeta dress with pink and gray accessories and a corsage of pink carnations.

Following a brief wedding trip, the couple are at home in Post.

The bride formerly lived in Tahoka and attended school here. She graduated at the Post High School and has recently been employed by the Southwestern Associated Telephone Company in Post.

The bridegroom was reared in Tahoka and vicinity and is a graduate of the Tahoka High School. He saw service in the late World War and is now stationed at Sherman in the Army Air Force. His wife will join him there when living quarters become obtainable.

Derbys are often used by jazz bands to mule the brass instruments.

NO 638

GUARDIANSHIP OF M. B. WALTERS, A Person Of Unsound Mind. In The County Court of Lynn County, Texas.

To All Persons Interested In The Above Ward Or His Estate:

You are notified that I have on the 3rd day of January, 1949, filed with the County Clerk of Lynn County, Texas, an application under oath for authority to make an oil, gas and mineral lease on that certain real estate belonging to said ward, described as follows:

All of the West One-half (W 1/2) of Section 434, J. H. Gibson Survey, in Lynn County, Texas, containing 320 acres of land.

that Tom Garrard, Judge of the County Court of Lynn County,

as, on the 3rd day of January, 1949,

duly entered his order designating the 17th day of January, 1949, at 10:00 o'clock A. M. in the County Court room in the Courthouse of such county at the time and place when and where such application would be heard and that such application will be heard at such time and place.

Mrs. Fannie Walters, Guardian of the Estate of M. B. Walters, A Person Of Unsound Mind.

Wanted! Men and Women Who Are Hard of Hearing

To make this simple, no risk hearing test with Charles drops and with simple rings. If you are deafened, softened by ringing, by using head phones due to hardened or congested ear (germs), try the Charles Hearing Method test that is being used by the best hearing specialists in the world. You must hear better after making this simple test or you get your money back as usual. We recommend Charles.

WYNNE COLLIER DRUG

Can Black-Draught Help That Dull, Dopey Feeling?

Yes, Black-Draught may help that dull, dopey feeling if the only reason you feel that way is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller for four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath — and if these symptoms are due only to constipation — then see what Black-Draught may do for you. Get a package today.

E. J. TANNER

A careless pedestrian was to blame for the wrecking of this truck and the death of its driver. As the pedestrian suddenly crossed the road, directly in front of the truck, the driver swerved off the roadway and his machine overturned in the ditch where it immediately caught fire. Driver was pinned in the front seat and burned to death before he could be extricated.

COUPLE OVERCOME WITH GAS FUMES FROM STOVE

When J. A. Biggerstaff stepped over to the residence of his next door neighbors, Mr. and Mrs. J. L. Cunningham, on some little mission at about four o'clock Tuesday afternoon and rapped on the door, he failed to get any response. Knowing that they were at home, he opened the door and walked in. There sat Mr. Cunningham in a daze and in an adjoining room Mrs. Cunningham was lying unconscious on the floor.

A gas stove was burning with the flame running possibly a little high. Sensing the trouble, gas fumes emitted by the stove, Mr. Biggerstaff threw open the door, summoned a little help, and got the elderly couple into his car—and hastened with them to the Tahoka Clinic here they were treated and kept overnight and Wednesday morning were released and taken home.

Mr. Biggerstaff's call was very timely, for in another hour or two it might have been entirely too late.

Special Music to Feature Baptist Services Sunday

Rev. C. T. Aly, the pastor, announces that special music will feature the services at the First Baptist Church here next Sunday.

Miss Muriel Okamoto, a native of Hawaii but of Japanese descent, now a second-year student in Wayland college, and Miss Lydia Br. o., a Filipino student in the college who lives in the home of Rev. C. T. Aly here while not in school, will render a duet, with Mrs. Pat Hutchison at the organ.

Also Sheldon Russell has returned from his holiday visit with relatives in Oregon and will be here Sunday to direct the music.

The pastor announces that his subject Sunday morning will be "The Dynamic Message for This Atomic Age." Sunday night, "The Christ of Conquest."

Mr. and Mrs. J. G. "Uncle Jeff" Scott had as their Christmas visitors Mr. and Mrs. Carl Verhines, with Jackie, Billy Lynn, and Kathleen, all of Roswell; and Mr. and Mrs. Paul McDonald and their daughters and families, Mr. and Mrs. C. W. Burr and Mr. and Mrs. Joe Beckham and baby, all of Lynn county.

Mr. and Mrs. J. E. Fleming visited her relatives at Lorenzo during the holidays.

We don't have to show who's master in our house. She knows!

Oceans Becoming Saltier; Blame Is Placed on Rivers

Is the ocean getting saltier? Yes, it is, say oceanographers whose business it is to study such things as how salty is salt water, and why.

The open Atlantic ocean, anywhere a few miles off the United States coast beyond range of dilution by the many rivers, averages about 3.6 per cent salt — a shade more than the average for all oceans. So uniform are ocean waters over most of the globe that only in a few places does the salt drop below 3.3 per cent or rise above 3.8 per cent, says the National Geographic society.

Millions of years ago, as scientists reckon, ocean and river water were probably much the same. Even purest river water, however, carries a tiny per cent of salts acquired in draining the earth's crust. Salts also reach the ocean by way of undersea springs.

Once in the ocean, the salts stay behind, while the sun carries off its work of evaporation which lifts pure water back onto the continents. Thus the oceans grow imperceptibly saltier due largely to the sweet rivers which dilute ocean saltness along the continent shores.

Saltiest of all ocean areas is the Red Sea. There are no rivers to produce even inshore dilution and the hot sun speeds evaporation, so the salt content surpasses 4 per cent.

Leather Tanning Chemical Found in Bark of Fir Trees

Discovery that the bark of the Douglas fir is a rich source of chemicals sorely needed for tanning leather was reported at the 114th national meeting of the American Chemical society by James Hubbard, E. F. Kurth, and Harry Kiefer of the Oregon forest products laboratory at Oregon state college.

Pointing out that large tonnages of the bark, now chiefly a waste product, accumulate each year at lumber mills and pulp mills in the Pacific northwest, the chemists said a compound called tannin is present in the bark in amounts ranging from 7.8 to 18.3 per cent.

Since the outbreak of the blight that has decimated the chestnut tree, formerly used in leather making, the United States has been forced to import about two-thirds of its annual requirements of tannin, which is employed to convert hides into leather, the report noted, and "hence it is desirable that domestic sources of tannin be developed."

The tannin is present in Douglas fir bark in amounts that make it feasible for commercial extraction," the paper stated. "Heavy leather made from the bark liquor in a commercial tannery is soft and pliable, and has an even, light color."

U. S. Spectator Nation

Baseball games at big league stadiums regularly draw well over 50,000 fans. When the colorful Army-Navy football games are played at municipal stadium in Philadelphia, they attract more than 100,000 rooters from every section of the country. Across land and sea, fight fans travel thousands of miles when the world heavyweight boxing title is at stake. With the rapid increase of interest in athletic and sports contests of every kind, the American people have demanded more and better seating accommodations at the scene of action. As a result, stadiums and grandstands have been built to seat the crowds comfortably and rapidly. Virtually every community has or plans to have its own facilities as a matter of civic pride. The "sandlot" is becoming a thing of the past in even the smallest community. Thus, the United States has become the great spectator nation of the world.

We don't believe that brunettes have any sweeter dispositions than blondes. The wife has been both and we can't see any difference.

Many a man has roamed the streets late at night without a reason. If he could think of one he would have gone home earlier.

FLORENCE E. COWAN WEDS - NEW HOME MAN

Miss Florence E. Cowan, a well-known business woman of Tahoka who was reared in this county, and Winston W. Davies, a business man of New Home, were married on New Year's morning shortly after twelve o'clock in the home of Rev. Levi Price in Coleman, was used the double-ring ceremony.

Brother Price had been Mrs. Cowan's pastor here for three years before his removal to Coleman and she wanted him to officiate at their wedding. They accordingly drove to Coleman on Friday afternoon and night and there waited for the New Year to arrive before being married.

After a brief wedding trip in which they visited several points in West Texas, they are at home in New Home, where Mr. Davies operates a grocery store.

For several years, Mrs. Cowan was employed in the office of the Santa Fe depot here. For the past year, she had been a valued employee in the furniture department of the D. W. Gaignat Hardware and Furniture store. She had also been active in church work here, as well as in the order of the Pythian Sisters.

Mr. Davies had been reared in the vicinity of Southland and had moved to New Home comparatively recently.

The couple have the best wishes of numerous Lynn county friends.

Mrs. John Minor has been taking treatments at Seale Clinic for the past two weeks, and is reportedly improving rapidly.

The good woman can't tell a lie — it's our business — it's our

Mr. and Mrs. Clayton Lawrence and little son visited his parents, Mr. and Mrs. C. A. Lawrence, at Chico during the Christmas holidays.

Jack Minor of Seagraves spent the Christmas holidays here visiting his parents, Mr. and Mrs. John Minor.

The Cleve Bairrington family has moved to O'Donnell, where Cleave has taken over the job as deputy sheriff.

Face powder may catch a man but it takes baking powder to hold him.

COURSE OF MIDDLE LIFE

Faulty kidney function. Trouble starts by the ph of the body fluids getting out of balance. Chemists find that if the ph is corrected, balance restores—the body repairs the damage, removes the pain. CITROS is the answer. Supplied by your drug out. For sale by

SIMPLE HOME RITES UNITE JOYCELYN MAASEN AND HUBERT D. HENRY

Miss Joycelyn Maasen became the bride of Hubert D. Henry in an impressive home wedding read Tuesday morning, at eleven o'clock, December 21st, at the home of the bride's parents, Mr. and Mrs. Henry Maasen, Seymour, Texas. The bridegroom is the son of Mrs. C. S. Henry, Mullen, Texas.

The ceremony was read by Dr. M. Norvell Young, Minister of Broadway Church of Christ, Lubbock, in the presence of members of the immediate families. The bride's attendant was her aunt, Mrs. F. A. Robnette, of Seymour. Mr. Robert J. Rudolph of Albuquerque, New Mexico, served as best man. The exchange of wedding vows, in the single ring ceremony, was made before the fire place in the living room which was beautifully decorated in the holiday motifs.

The bride wore a smart white sheer wool crepe frock, with white hair hat. Her accessories were navy blue. She carried a small Bible topped with empress mums and streamers tied with white pom-poms. She reserved the traditional something, carrying earrings that belong to her great grandmother, the something borrowed was mother's pearls. She also placed a six-pence in her shoe.

Both are students at Texas Technological college, where they return after the holidays and expect to receive their degrees at the end of the semester. The bride served

THOMAS FULKERSON WEDS ABILENE GIRL

Thomas Fulkerson, son of Mr. and Mrs. W. H. Fulkerson of Tahoka, and Miss Jo Ella Staggs of Abilene, were married on Monday, December 27, on the campus of McMurry College, Abilene, one of the Bible professors in that institution reading the marriage ceremony.

Mrs. Fulkerson's parents live on a ranch four and a half miles south of Abilene.

Young Mr. and Mrs. Fulkerson will live on the campus of McMurry and will continue their college work, both being sophomores.

Pvt. Kenneth Freeman, now serving in Uncle Sam's Army, spent the holidays here with his parents, Mr. and Mrs. J. O. Freeman. Coming on Thursday before Christmas, he remained here until last Sunday. He is training for service as a typist clerk.

Laundry assembled through the week in a hamper or closet requires less time than collecting the soiled clothes from all over the house on washday.

A man wrapped up in himself makes a small package:

two years in the Marines, while the bridegroom served five years in the Army Air Force, serving overseas in India.

The bride was reared in Tahoka and is a graduate of the Tahoka High School.

Reserve District No. 11

REPORT OF CONDITION OF The First National Bank

TAUOKA

In the State of Texas, at the close of business on December 31st, 1948, published in response to call made by Comptroller of the Currency, under section 5211, U. S. Revised Statutes.

Potatoes Boiled in Skins Retain Original Vitamins

Potatoes in good whole skins can go to the table the modern way—chock full of their original vitamins and minerals. Yet surveys, according to specialists at the University of Maryland, show that women continue to peel and slice potatoes before cooking, throw away the water, and so discard good food value that can be retained by boiling potatoes whole in their skins.

A recent survey of rural women conducted by the U. S. department of agriculture, provides some clues about cooking habits.

A high per cent of the women themselves said they peel and cut up potatoes before cooking. Others peel the potatoes and leave them whole. But just a few said they boil potatoes in their jackets.

The bureau's research on cooking and analyzing foods shows that potatoes boiled whole in their skins retain practically all of their vitamin C and thiamine. It shows, on the other hand, that potatoes peeled before boiling lose 20 to 30 per cent of their vitamin C and lose some thiamine as well.

Boiling potatoes in their jackets—when potato and jacket are sound—is a good start toward serving them scalloped, mashed, creamed, or in other ways that are family favorites, say the bureau's food specialists. Peeling after cooking is a quick task. Mashed potatoes prepared from potatoes that had just been boiled in skins, the specialists found, retained most of their nutritive value.

If cooked potatoes are to be held in the refrigerator they will lose further vitamin C, but keeping their jackets on helps to retain this vitamin which is so sensitive to air, heat, and water.

Home Specialist Advises On Purchase of Blankets

Blankets are at the top of many shopping lists these days, and here are tips on how to select a good one.

Miss Marion Kaeser, home furnishings specialist, University of Illinois college of agriculture, advises buyers to read the label first to find out about the wool content.

All-wool blankets made of virgin wool rate high for warmth, and they are usually the highest priced. A blanket made of a mixture of wool and cotton will retain warmth to a satisfactory degree if the nap is made up largely of wool.

The nap is what makes a blanket warm because it retards the escape of body heat. The nap should be a good depth, fine, even and springy, Miss Kaeser explains.

Pay special attention to the finish at top and bottom. A blanket that is well stitched at each end will usually give good service. Cotton sateen binding is a good-wearing finish.

Make sure that the blanket will be large enough for any bed on which it will be used. Have it long enough to allow for a good tuck-in at the foot of the bed. Otherwise the vigorous tugging may be hard on it.

Facts About Lighting

Paint on the wall can influence the effectiveness of light. Glossy finishes will glare and flat finishes are more pleasing since they produce less glare. Color makes a difference too. Light colors reflect more light than dark ones do. The woods make a difference. Mahogany reflects only 12 per cent while maple reflects 43 per cent. For decorative effects good general lighting will make the room one while local lights create contrasts and place emphasis on parts of the room. Soft subdued light creates a mood of hospitality and intimacy. Direct light with contrasts of light and dark creates a gay and vivacious mood. Cove lighting spells sophistication, richness and a modern feeling.

World's Biggest Dams

Superlatives are common as a bucket of concrete when reclamation engineers go to work. Arrow-rock dam, just east of Boise, was the highest dam in the world when completed in 1915. This barrier, 354 feet high and 1,150 feet at crest, impounds 28,500 acre feet. Another "biggest in the world" is Idaho's Anderson Ranch dam near Boise on the south fork of the Boise river. This giant, almost complete, is the highest earth-filled dam on earth. Anderson is 456 feet high and 1,350 feet long at crest. But more impressive is the fact that, because it is an earthen fill, the dam is 2,900 feet thick at its base—more than half a mile.

War Gas for Glaucoma

Glaucoma, an eye disease that often causes blindness, has been treated successfully with a German war gas which in larger doses drives its victims mad. Discovery by German chemists of a series of synthetic compounds containing phosphorus and fluorine received little attention elsewhere until the beginning of World War II, when British researchers re-examined the scientific literature and found reports on marked toxicity shown by certain of these chemicals known as esters of monofluorophosphoric acids. These compounds have since been identified as the notorious German "nerve war gases and gases that drive men mad."

Dusters Leave Prints In 'Sands of Time'

The FBI doesn't have a monopoly on sleuthing these days, at least in the Duck Creek Soil Conservation District, Garza County, Texas. The recent bit of soil detective work of A. P. Ottinger, Soil Conservation Service work unit conservationist at Post, Texas, shows that dust storm soil has just as many fingerprints and identification marks as the nations No. 1 criminal.

Following the December 4th-1st storm that hit Post, Texas from the High Plains, Ottinger took a sample of the soil deposits that covered his desk and window sill. The brown color of the soil showed that it did not originate from the Rolling Red Plains but came from the dark hard-land High Plains west of Post. Further sleuthing revealed that High Plains farmers lost a greater percentage of organic matter and mineral elements than they did soil particles.

An analysis of the wind blown soil in the regional Soil-Plant-Water laboratory at Fort Worth showed that it had 71% more organic matter than is in the average hardland High Plains topsoil. Organic matter not only adds plant food substance to the soil, but governs the intake of water, air resistance against wind erosion.

Likewise, an analysis of the mineral content of the blown soil showed it contained 33% more nitrogen, twice as much phosphorous, 150% more potassium, and three times as much calcium as are found in the average High Plains topsoil.

So when dust storm soil sifts in through the windows, eye it valuably. It's made up of the same things that help the farmer produce your food. The big problem-farmers need it on the farm to produce food instead of the raw, unproductive soil particles that are left behind.

If you're a right-handed housewife, a handy storage arrangement is to have the food stored to the right of the kitchen sink, and the dishes to the left.

"Good time management is not valued for the sake of possible time saved, but in order that the person who plans may live more fully."

Highway Patrol Seeking Recruits

According to Colonel Homer-Garrison, Jr., Director, Department of Public Safety, Austin, Texas, an examination for Recruit-Patrolmen will be given in the several Patrol District Offices over Texas, in February, 1949.

Chief W. J. Elliott, Texas Highway Patrol, Austin, Texas, states that the qualifications for these Recruit-Patrolmen positions are: Must be between 21 and 35 years of age; must be at least 5'8" tall, without shoes, and must weigh not less than two pound per inch of height and not more than three and one-half; must be of excellent moral character; must be able to pass the rigid physical examination; must have a high school education or equivalent; and must have been a resident of Texas for one year or more prior to filing application.

This final examination is given to fill existing vacancies and to bring the Patrol to its exact full strength. Several hundred applications are now on file and Elliott states he will be glad to hear from those seeking this type of work and having the necessary qualifications.

Applications will be received until January 24, 1949 for these positions.

PVT. HAROLD CROTWELL LIKES HAWAIIAN CLIMATE

Mrs. O. A. Crotwell has informed The News that her son, Pvt. Harold Crotwell, 19, who joined the Army last March, took his training at Fort Ord, California, and at Fort Belvoir, Virginia, visited the parents here in October, and was then sent back to the Western Coast, is now in Hawaii. He arrived there early in November and writes back glowing reports of the climate there. No sandstorms, wonderful scenery, and a pleasant place in which to live, especially in the winter time. He is in the Eighteenth Engineering Co.

While in Fort Belvoir, he had the pleasure of visiting Washington City and the White House and shaking hands with President Truman.

Wheat poisoning in cattle, sometimes found in livestock grazing wheat pastures, is a serious condition that causes a lack of calcium in the blood stream.

The largest church in the world, the Cathedral of St. Peter at Rome, is 363 feet long.

Mohammedan symbols corresponding to the cross in Christianity are the star and crescent.

NOTICE OF DISSOLUTION OF PARTNERSHIP

Notice is hereby given that the partnership between R. P. Weathers and Beulah Pridmore was dissolved on the 1st day of January, A. D. 1949. All debts due to the partnership are to be paid, and those due from the same discharged at the "Tahoka Grocery" in Tahoka, Texas, where the business will be continued by the said R. P. Weathers and son, David Weathers. Under the firm name of "Tahoka Grocery."

Chevrolet's biggest newspaper advertising campaign will use 5,972 dailies and weeklies to announce new models January 22. Dwarling Toni Baniak, here's what 5,972 newspapers look like, each representing an individual publication.

MAPLES ON THE HILL

When we listen, as we often do, to the radio's rendition of "Maples on the Hill," we usually think of the two old maple trees a short distance north of the Draper home in Tahoka. They were set by the late Mr. Leedy when he opened a little nursery during the early part of the century.

These trees have survived several severe droughts and are likely the oldest hand-set trees still alive in the county. We think they have done quite well, with never one bit of water or cultivation. — Ben Moore, O'Donnell, Texas.

It isn't the fact that a man stare at your wife that makes you mad. It's the fact that she enjoys it.

JOE DON MINOR MADE U. OF T. FRESHMAN TEAM

Joe Don Minor, Freshman student in the University of Texas, returned to Austin Sunday after having spent the Christmas holiday in Tahoka with his parents, Mr. and Mrs. John Minor.

Joe Don made a regular berth his fall on the Shorthorn football team at halfback. He scored two touchdowns for his team before receiving a slight head injury which kept him on the bench the last two games. All reports indicate that he will be a formidable candidate for the Longhorn team next year.

He used to catch her in his arms before they were married. Now he catches her in his pockets.

LYNN COUNTY STUDENTS ATTENDING SMU

Dallas, Jan. 4.— Three Tahoka students are enrolled at Southern Methodist University this year, according to an enrollment report issued by the SMU registrar. Lynn County is one of 104 Texas

counties represented on the SMU campus. Total number of Texas students is 5,730.

The Tahoka students attending SMU are James E. Price, George M. Small, and Wm. G. Walker.

TAHOKA, TEXAS

FRIDAY, JANUARY 7, 1949

ADVANCE RALLY WILL BE HELD IN LUBBOCK

A number of Tahoka Methodists expect to attend the district Advance Rally which will be held at the First Methodist Church, Lubbock, January 14, beginning at 2:30 in the afternoon and ending at 9:00 in the evening.

Featuring the program will be lectures beginning at 7:30 by Dr. E. T. Iglehart on "The Future of Christianity in Japan," and Rev. Hubert Bratcher on "The Advance Is Our Program."

In the afternoon, Rev. Bratcher will speak on "Time Table for The Advance." "The Four-Fold Program of the Advance" will be discussed in four sections by Rev. H. D. Seago, "Our Faith"; Rev. C. A. Holcomb Jr. of Tahoka, "Our Church"; Rev. H. I. Robinson, "Our Ministry"; and Rev. H. L. Thurston, "Our Mission."

Dr. H. M. Hilliard will bring the afternoon's feature address on "Needs and Opportunities in Latin American Work in the Southwest."

Jordan Grooms will speak on "The Advance and Evangelism"; Mrs. Uel D. Crosby on "The Advance and Education"; and M. A. Walker on "The Advance and Missions."

Mr. and Mrs. W. P. Hutchison and son Paxton spent Christmas day with her parents, Mr. and Mrs. W. H. Luck at Minden, Louisiana, and also visited relatives at Shreveport. They returned home on Thursday of last week.

DR. E. T. IGLEHART

DR. H. M. HILLIARD

METHODIST ADVANCE RALLY IN LUBBOCK

Members and friends of the Methodist Church are urged to attend the Lubbock District Advance Rally at the First Methodist Church in Lubbock Friday, January 14. The meeting will begin at 2:30 p. m. with time out for supper before the great mass meeting in the evening beginning at 7:30.

The program will include Dr. E. T. Iglehart, a returned missionary from Japan, Dr. H. M. Hilliard from the General Board of Home Missions, and Rev. Hubert Bratcher, the Conference Missionary Secretary.

MASONS INVITED

Mr. J. K. Applewhite, Aide to the Potentate of Khiva Temple, in Lynn County, said that all Master Masons and their ladies are invited to attend the reception and introduction of Honorable Galloway Calhoun, Imperial Potentate of the Ancient Arable Order Nobles of the Mystic Shrine, when he makes his official visit to Khiva Temple on Thursday, January 13, 1949.

The program will be held in the hour is a past grand master of the City Auditorium, Amarillo, Texas, at 7:30 p. m. Honorable Galloway Calhoun, Grand Lodge of Texas and will speak on "The Present Day Mission of Free Masonry," said Mr. Applewhite.

PIONEERS VISIT HERE

Mr. and Mrs. Henry McDaniel and their son Bill left Monday for their home at Springerville, Arizona, after a visit of a few days here with his mother, Mrs. S. N. McDaniel, and with their son at Abilene, who is a student in Hardin-Simmons University.

Mr. and Mrs. McDaniel were reared here, he in Tahoka and she near by. They were married here and continued to live here until a little more than twenty years ago, when Henry accepted a position as a Forest Ranger and moved to Arizona. For several years, Henry was employed in the First National Bank. He was also a deacon in the First Baptist Church, and on last Sunday night before leaving for home their son Bill was baptized here in the church in which his father had served as a deacon.

Henry's father, S. N. McDaniel, served as first county clerk of Lynn county, having been elected when the county was organized in April, 1903. The Lynn County News made its first appearance on October 9, 1903.

TRAFFIC BOOM TO PUT MORE TRUCKS ON STATE ROADS

A nation-wide boom in motor carrier shipments is putting more trucks on Texas' highways than at any time since invention of the gasoline engine.

With truckloadings reported up 10 per cent or more over 1947, and promising to go even higher, the number of trucks operating within the state's boundaries is expected to total 479,950 units in early 1949, according to an analysis by SKF Industries, Inc.

"This state total reflects the increasing dependence of the nation's commerce upon trucks," said Richard H. DeMott, vice president of the ball and roller bearing firm, who estimates that 1949 will find at least 7,250,000 trucks in service throughout the U. S. With the expansion of the motor truck's role in commerce, he added, has come a trend toward providing more "solid comfort" for the drivers.

Comfort is, in fact, an outstanding feature of many of the trucks now rolling off assembly lines, he explained, with special emphasis on "cushioning" of both driver and

load against jolts, jerks and destructive vibrations that occur at high operating speeds.

DeMott cited, as an example, an anti-friction bearing propeller shaft box which joins the transmission to the rear axle, absorbing vibrations and preventing their spread to the vehicle's chassis. The unit reduces driver fatigue and maintenance problems by smothering a major source of vibration at its origin.

It is one of a host of innovations designed to make the workday routine of Texas approximately 355,000 truck drivers more comfortable. These include seats each mounted

on hydraulic shock absorbers and equipped with foam rubber cushions that are adjustable into as many as five positions; roomier and air-conditioned cabs; larger windshields and windows for greater visibility; and better positioning of instruments and driving controls. Some of the more ultra-modern two-man trucks even have built-in beds behind the driver's seat, radios, and hot plates for making coffee.

The liver fluke—a dangerous enemy to livestock—is found along the coast of Texas, and in certain areas of the state.

WHEN you see the 1949 Chevrolets, a glance will be enough to tell you they're new—all new—in line and contour, in beauty and style. And when you look inside, and under the hood, and beneath the chassis, you'll see that their newness is not merely in outward appearance, but in design and engineering and construction as well.

But, to a lot of people, the 1949 Chevrolet is already old. They know what it will do, and how exceedingly well it will do it—they know all about its performance, its comfort, its power, safety, durability and economy. They are the engineers and technicians of the General Motors Proving Ground—the largest, most completely equipped, outdoor testing laboratory in the automobile world.

Here, before a single new 1949 Chevrolet went into production, experimental models were tested—made to show that they possess, in greater measure than ever, all those qualities on which Chevrolet has built its leadership.

In short, the General Motors Proving Ground tests are your assurance that your new-model Chevrolet has proved its worth through many months and many, many thousands of miles of rough handling.

Soon you will see the new Chevrolet—and when you do, you will see a car not only new, but tried and true.

WEEKLY NEWS ANALYSIS Accused Get High Court Protection; Top U. S. Officials' Pay Inadequate; Reds Named in Costa Rica 'Invasion'

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union news analysts and not necessarily of this newspaper.)

HIGH COURT: Protects Accused

The Supreme court split 5 to 4 on the issue, but the nation's highest tribunal sustained what Justice Black said was "an established rule" in holding that, in the United States, every person accused of crime is considered innocent until proven guilty.

The court ruled that the rights of persons accused of crime extend to the guilty as well as the innocent. DISSENTERS to the rule were Justices Jackson, Burton and Reed, and Chief Justice Vinson.

Regardless of whether there is any "third degree," a confession is invalid if it is obtained while a prisoner is being held illegally through failure to carry him promptly before a committing magistrate.

An actual emergency must exist to justify search and seizure without a warrant.

A person accused of serious crime has unqualified right to counsel when he needs that help for adequate defense.

JUSTICE BLACK said the main finding in an earlier case which set the precedent was that prisoners must be taken promptly before a magistrate. He added that the "plain purpose" of this was to "check resort by officers to secret interrogation of persons accused of crime."

As one of the dissenters, Justice Reed held that the court's decision broadly extended the old rule. By his interpretation that rule was that psychological pressure, or, at least, something more than illegal detention, must be present to invalidate a confession.

He summed up: "This decision puts another weapon into the hands of the criminal world."

U. S. TOP MEN: Need More Pay

Congress would be asked to do something about it. The salaries of top U. S. officials were too low. For example, cabinet officials should get \$25,000 annually, instead of the present \$15,000.

It was none other than Budget Director James E. Webb talking. He told a senate civil service sub-committee that "the need for men of ability in the government has never been more critical. Establishment of more adequate rates of pay for top government positions is an essential step."

WEBB HURRIED to explain that he was not speaking for President Truman when he urged that the President's salary be raised. He said he had not even discussed the subject with the President.

Declaring that any salary paid the chief executive would be low, he added that "\$150,000 a year would be far more acceptable than the present \$75,000."

Webb also suggested that the President be provided with a "realistic" expense account, and that the \$25,000 salary of the vice president be brought more in line with that of the President.

The sub-committee was told: "No job in the world is more grueling than the President's. No soldier fights harder for his country than does the commander-in-chief."

SEAWAY: 'Round and 'Round

Washington newsmen might have been pardoned had they uttered an involuntary: "Here we go again."

For President Truman, at a news conference, stated that he was going to press again for congressional approval of legislation to authorize the St. Lawrence seaway and power project.

THE OFT-PROPOSED international project has as yet failed to win congressional approval. The President reiterated his intention to ask for an okay for the proposal after a reporter asked: "Mr. President, are you again going to press for development of the St. Lawrence?"

The President replied that he certainly was. He added that he had urged approval for the multi-million dollar project in almost all of his state of the Union messages to congress.

ON ONE of these occasions he termed the proposed project "one of the greatest engineering projects of all times."

At his conference, the President said he did not favor New York's plan to develop jointly with the province of Ontario the hydro-electric part of the St. Lawrence project.

Maybe New, Maybe Old

Astronomers Report Discovery of Planet

Perhaps it was new, maybe it was old, but "1948-AA" had flashed into the ken of astronomers as a "minor" planet. Showing little originality, the telescope-peepers dubbed it with the numeral of the year in which it appeared.

It was traveling a route, they said, which brings it within 140 million miles of earth.

Over the Teacups

Mme. Chiang Kai-shek, first lady of China, and Mrs. George C. Marshall, wife of the U. S. secretary of state, leave Blair house after having had tea with President and Mrs. Truman.

Nobody would admit whether or not Mme. Chiang made her plea for more aid to China over the presidential teacups.

These occasional intrusions of the ocean don't disturb the Indian river in the slightest for through the dredged channels come the fish and the deep-sea freighters that mingle with the trim pleasure craft in the yacht basin.

Approaching this spot on land you are welcomed by the brilliant red of the Turk's Caps, the flower that never opens — never has to. Perhaps it is too lazy. It loafs along the ditches, growing wild in fields or tamed in gardens, showing no envy for its more aristocratic sister, the hibiscus which throws its flames off in wide tongues, the dainty bougainvillea blossoms, or the languorous poinsettia.

When an crane flashes up from the river edge, a polished silver streak in the sun, you know you have left the northern city canyons far behind. Now the groves. Ripening oranges among the leaves shine like little golden beads against rich, green velvet tapestry. Quite a different green from the delicate tint of the little lizard sunning himself on the window screen beside me. He would match the tender tint of the clusters of new pine needles undulating in a breeze that keeps the palms fanning themselves with their rippling fronds.

I am met in new, blue truck which also transports fish, groceries and whatnot — even a marauding wildcat which has suffered his just deserts among the palmettos at dawn.

Over the cottage great bulbous blossoms of the yellow trumpet vine are waiting until the sun sets to send out their intoxicating perfume.

The next day starts, as it should, on the river. Overhead are the soaring kingfishers, the nervous kingfishers, the greedy, speedy and graceful black cormorants and high above all the tireless man-of-war birds with their wide sweeping wings, like an upper-case M, which never seem to change their shape.

Little snappers are so thick that we couldn't bait fast enough, but we are fishing for our supper!

And so days pass with no sense of time passing with them — trout and a few fighting jacks that flop and grunt but which is of little interest to the commercial fisherman. Not a "honey-money" fish like a trout or pompano, as my wife would say, making a little more euphemistic the terminology of the commercial fisherman.

Bill Turner smiles. He knows the personal histories and habits of the furred, feathered or finny folk that inhabit these parts and gets as much pleasure out of seeing somebody else land a catch as he does doing it himself. And he has an uncanny sixth sense that takes him straight to the spot close to the bank in the green shadow of the mangroves, outside on reef, deep in the cuts wherever fish will be if fish there are.

I watch my wife pull in four speckled beauties. I get none. That's not what the male animal ordinarily calls good fishing. But I don't resent the fact that she is the fisherman in this family. In

Washington Digest Now He Loafs in Florida, Catching Fish, Mermaids

By BAUKHAGE News Analyst and Commentator.

FORT PIERCE, FLA.—As you read these lines I expect to be back where the quiet along the Potomac will be disturbed by the plans for an old-time inauguration party and the beginning of a new legislative year. But as I write I can see the blue of the Indian river whose eastern shore line is a slim silhouette of palm trees screening the Atlantic beyond.

When I stand up I can look over the seawall and watch mullet jumping higher than I ever saw a fish leap except when the Washington state salmon were hurdling the falls on their way to spawn.

A little way north of here a wide inlet breaches the natural strip of beach and dune, scrub pine and cabbage palm which forms a part of the barrier between the ocean and the great inland waterway stretching from New-York harbor to Miami.

These occasional intrusions of the ocean don't disturb the Indian river in the slightest for through the dredged channels come the fish and the deep-sea freighters that mingle with the trim pleasure craft in the yacht basin.

Florida played more of a part in the Civil war than most textbooks record. It was the food basket of the Confederacy and also one of the great blockade running bases, and I have no doubt these cuts sheltered many a contraband cargo going to or from Cuba or the Bahamas as they did in the days of the run runners.

The town felt the shock of World War II, literally felt it, for the submarines crept close to the coast and explosions rocked the houses far inland. Wounded survivors were brought in and cared for here as in other coast towns. Later, because land and water conditions could be simulated to resemble the terrain in the Pacific, it became the country's largest amphibious training base.

Four-Piece Bookcase For Your Living Room

If you want to add color and warmth to your living room, decorate with these modern sectional bookcases. You can build and install them yourself at small cost. As decorative as they are convenient, these cabinets can be placed along one wall, around a corner as illustrated, or the center sections can be placed along opposite walls.

The full size pattern offered below simplifies building these cabinets in a minimum of time. No special tools or skill are required. All materials pattern specifies can be purchased at lumber yards everywhere at small cost compared to the price one pays for ready made, unpainted sectional cabinets. Almost anyone can build these cabinets by following the simplified building procedure outlined on the pattern. It not only lists materials to buy but also specifies when and where each is used.

For an economical solution to your bookcase and record cabinet problems build one or more of these units. Send 50 cents for Bookcase Pattern No. 42 to East-Bid Pattern Company, Dept. W, Pleasantville, N. Y.

Bookshelf Offers No Problems to Build

WOODWORKING can be lots of fun. It provides healthy relaxation and at the same time provides an opportunity of building some useful articles. Many people have no conception of how easy it is to work with wood, or how quickly household equipment and furniture can be built at home.

Working with wood pays off in two ways—it provides the means

whereby you can obtain articles your home needs at less than half their cost if bought ready made, and at the same time it offers the best kind of entertainment.

The pattern for making this bookshelf, like all other full size woodworking patterns, is easy to use. Merely trace the pattern on the wood, saw and assemble. The pattern shows exact location of shelves, screws, etc. No special tools or skill are required.

Send 15 cents for Harrisburg Hanging Bookshelf Pattern No. 21 to East-Build Pattern Company, Dept. W, Pleasantville, N. Y.

Baked Puddings Tempt on Cold Days (See Recipes Below.)

Baked Desserts

ARE YOUR DESSERTS fragrant and appetite-satisfying these cold winter days? If not, get busy, light the oven, and bring out your pans and mixing bowls for these recipes are certain to inspire you thoroughly and delightfully.

Baked puddings are a wonderful menu inspiration especially when you're using the oven for the main dish, hot bread or vegetable because they can be cooked right along with the other things.

Then, too, since appetites are sharper these frosty days, it's a good idea to have something substantial to fill the tummy. You can combine fruits and cereals, eggs and milk, all of these good foods, so essential to good nutrition, right into menus so readily when they're included in a dessert that no one will skip.

YOU'LL KNOW WHY the recipe is called "Delight" when you try this delectable combination of jellied whole cranberries, chopped apples and a topping of rolled oats, brown sugar and nutmeats. This dessert takes an hour to bake and may be served warm with hard sauce or cold with whipped cream.

- *Cranberry Delight (Serves 6)**
- 1 1/2 cups chopped, unpeeled apples
 - 1 cup jellied whole cranberry sauce
 - 1 cup rolled oats (quick or old-fashioned, uncooked)
 - 1/2 cup brown sugar
 - 1/4 cup sifted flour
 - 1/2 teaspoon salt
 - 1/2 cup melted butter or substitute
 - 1/2 cup chopped nutmeats

Combine apples and cranberry sauce; place in a greased 8-inch square baking dish. Combine rolled oats, sugar, flour and salt. Add butter, mixing until crumbly. Sprinkle over apple-cranberry mixture. Top with nutmeats. Bake in a moderate (350-degree) oven for one hour.

THERE ARE FEW more festive combinations than candied or maraschino cherries and pineapple. Here's an excellent recipe for using your leftover, stale cake. If you lack that, you may substitute lady fingers.

- Cabinet Pudding (Serves 6)**
- 18 lady fingers or leftover, stale cake
 - 1 cup crushed pineapple
 - 1/2 cup cherries
 - 3 eggs
 - 1/2 cup sugar
 - 1 1/2 cups milk
 - 1 cup peaches, sliced
- Alternate layers of mixed fruit and cake in a buttered casserole. Beat eggs slightly, add milk and sugar and pour this over fruit-cake mixture. Bake uncovered in a moderate (350-degree) oven for one hour.

HERE'S A LOVELY cake-type pudding with a delicious orange sauce that is baked right with the pudding:

LYNN SAYS: Know Your Food Facts and Fancies

For best results in baking, have milk at room temperature before mixing it with the other ingredients. This is especially true when mixing biscuits, muffins and cakes.

A teaspoon or two of lemon juice brings out the full fruit flavor of fruit pies. Add it when mixing the fruit in the sugar.

Leftover ham may be ground and shaped into balls. Serve with a sweet-sour sauce!

LYNN CHAMBERS' MENU

- Fish Chowder
- Tomato-Calavo Salad
- Cheese Dressing
- Buttered Toast
- Beverage
- *Cranberry Delight
- *Recipe given

Baked Orange Pudding (Serves 6)

- Sauce:**
- 1 cup sugar
 - 1 1/2 cups boiling water
 - 2 1/2 tablespoons cornstarch
 - 3 tablespoons butter
 - 1 orange, grated rind and juice
 - 1/4 teaspoon salt
 - 1/2 teaspoon grated nutmeg
- Mix sugar, salt and cornstarch. Add boiling water gradually, stirring constantly, then boil five minutes. Remove from heat, add orange juice and rind. Pour about one-fourth of this mixture into a deep greased pan (8"x8"). Cover with cake mixture given below. Reserve remainder of sauce to pour over pudding when served.

- Cake mixture:**
- 1 1/2 cups cake flour
 - 2 1/2 teaspoons baking powder
 - 1/2 cup milk
 - 1/2 teaspoon salt
 - 1/2 cup sugar
 - 1 egg
 - 1/2 teaspoon orange extract
 - 1/4 cup melted butter
- Sift together all dry ingredients. Add egg to milk, then the melted butter. Beat slightly. Turn the wet ingredients into the dry ingredients, then beat until the mixture is smooth. Stir in flavoring. Pour batter over orange sauce in the greased deep pan, then bake in a moderate (350-degree) oven for 45 minutes.

HERE'S A TORTE that's good for wintertime eating. The delicate flavor arises from the combination of applesauce, spices, raisins and oats. Easy to make, simple to serve right from the casserole, it's a good dessert to have on hand during the entire cool weather season.

Spicy Applesauce Torte (Serves 12)

- 1 cup sifted flour
 - 1/2 teaspoon soda
 - 1 teaspoon baking powder
 - 1 teaspoon cinnamon
 - 1/2 teaspoon cloves
 - 1/2 cup shortening
 - 1/2 cup brown sugar
 - 1 egg
 - 1 cup thick, sweetened applesauce
 - 1 cup rolled oats, quick or old-fashioned, uncooked
 - 1/2 cup raisins
- Sift together flour, soda, baking powder, salt and spices. Add shortening, sugar, egg and one-half cup of the applesauce. Beat until smooth, about two minutes.
- Fold in remaining applesauce, rolled oats and raisins. Bake in a greased 7x11-inch pan in a moderate (350-degree) oven for 35 to 40 minutes. Serve warm with whipped cream or hard sauce.

- Hard Sauce**
- 1 cup powdered sugar
 - 1/2 teaspoon vanilla
 - 2 tablespoons butter
- Cream butter, add sugar gradually, then vanilla. Shape in a mold or in balls. Chill and serve.
- Released by WNU Features.

Roll biscuit dough into a large circle, then cut into pie shaped wedges. Spread with softened butter, sprinkle with brown sugar and nutmeg. Then roll into butters, starting at the wide end and bake. Most attractive and delicious!

For breakfasts that delight on cold mornings, serve spicy sausage patties with french toast and syrup. Start off with a colorful, plump baked apple.

Ever try lima beans with chopped cooked bacon for flavor? You'll like them this way.

Smile Awhile

Strange Fruit
Two little girls were being taken away from London, and as a special treat someone had given them a couple of bananas—the first they had ever had.

As soon as one child had taken a bite of her banana the unlighted train ran into a tunnel.

"Oo, Mary," she said, "have you eaten yours yet?"

"No," replied Mary.

"Well, don't," added Jane.

"They make you blind."

AMERICANISM

We are at the beginning of a new year. It is stock-taking time. Many newspapers, social, civic, and religious organizations, and even individuals have been taking stock recently of the outstanding events and the accomplishments of the past year. When we do this, we see that great changes have come even in this short period of time.

If we broaden the scope of our survey to a period of twenty-five years, we are amazed at the number and the magnitude of the changes that have come in this old world of ours. Most astonishing of all perhaps are the changes that have come in our own country.

When we note merely the changes that have come in the thinking, the habits, the moral standards, the

religious life, and the political ideals and trends in our country, we begin to wonder if Americanism is going to stand the storms of paganism and totalitarianism that are boldly and violently beating against the doors of this way of life of ours and seeking to break it down.

What is Americanism? It is the sum total of our conception of human rights, individual rights, individual responsibilities, moral standards, religious rights, the God-given freedom of the mind and soul of man, and our political tenets, many of which have been written into the basic law of our land, the Constitution of our country and the Constitutions of the various states.

We believe that the beginning of the year is a fitting time to re-survey this body of principles, ideals, and tenets, which are the foundation of our way of life. We know of no place where they are more clearly or more tersely defined than in the Bill of Rights set out in the Constitution of our own state of Texas.

So, we are here re-printing them in part, as written into this Constitution by our fathers for the protection and guidance of the people of our great state. Here they are:

Section 1. Texas is a free and independent State, subject only to the Constitution of the United States; and the maintenance of our free institutions and the perpetuity of the Union depend upon the preservation of the right of local self-government, unimpaired to all the States.

Section 2. All political power is inherent in the people, and all free Governments are founded on their authority and instituted for their benefits. The faith of the people of Texas stands pledged to the preservation of a republican form of government, and, subject to this limitation only, they have at all

times the inalienable right to alter, reform, or abolish, their government in such manner as they may think expedient.

Section 3. All free men, when they form a social compact, have equal rights, and no man, or set of men, is entitled to exclusive separate public emoluments or privileges, but in consideration of public services.

Section 4. No religious test shall ever be required as a qualification to any office or public trust in this State, and shall any one be excluded from holding office on account of his religious sentiments, provided he acknowledge the existence of a Supreme Being.

Section 5. Pertaining to oaths, how administered.

Section 6. All men have a natural and indefeasible right to worship Almighty God according to the dictates of their own conscience. No man shall be compelled to attend, erect, or support any place of worship, or to maintain any ministry against his consent. No human authority ought, in any case whatever, to control or interfere with rights of conscience in the matter of religion, and no preference shall ever be given by law to any religious society or mode of worship. But it shall be the duty of the Legislature to pass such laws as may be necessary to protect equally every religious denomination in the peaceable enjoyment of its own mode of public worship.

Section 7. No money shall be appropriated or drawn from the treasury for the benefit of any sect, or religious society, theological or religious seminary, nor shall property belonging to the State be appropriated for any such purpose.

Section 8. Every person shall be at liberty to speak, write, or publish his opinions on any subject, being responsible for the abuse of that privilege, and no law shall ever be passed curtailing the liberty of speech or of the press.

Section 9. Unreasonable searches and seizures prohibited.

Section 10. In all criminal prosecutions the accused shall have a speedy public trial by an impartial jury. He shall have the right to demand the nature and cause of the accusation against him, and to have a copy thereof. He shall not be compelled to give evidence against himself, and shall have the right of being heard by himself or counsel or both, and shall be confronted by the witnesses against him, and shall have compulsory process for obtaining witnesses in his favor.

Section 11. Rights respecting bail.

Section 12. Respecting Writs of Habeas Corpus.

Section 13. Excessive bail, forbidden.

Section 14. Rights respecting jeopardy. Repeated trials Forbidden.

Section 15. The right of trial by jury shall remain inviolate. Then follow a number of other sections designed to protect citizens in their personal rights. Among these is Section 27, which we here

quote: The citizens shall have the right in a peaceable manner, to assemble together for their common good and apply to those invested with the powers of government for the redress of grievances or other purposes, by petition, address, or remonstrance.

Our own Federal Government is gradually encroaching upon some of these rights—notably the right of local self-government. It is undertaking to control the people of Texas and other states in their social relations, in their personal business affairs, and in their educational activities in a manner never contemplated by the authors of the Constitution of the United States or by authors of the Constitutions of the various individual states.

Furthermore, the spirit and the letter of our Federal and our own State Constitution are being violated today at the behest of a powerful religious organization which is seeking to break down the guarantees contained in these great instruments designed to maintain and enforce complete separation of Church and State.

In numerous other ways people in the Government and out of it are constantly seeking to nullify or weaken adherence to the great fundamental principles on which our Government is built and to force one entering wedge after another so that in due course of time the whole structure may be overthrown.

It's time for us to study our great Federal Constitution again, folks, and our own greater, in some respects, State Constitution.

Most shrubs like sunshine—There are some that will grow only in the shade. And some plants need certain types of soil. So the landscape gardening specialists say to be careful when choosing shrubs for the yard.

Atlas would have to be a lot stronger man today, to lift this world with all its taxes.

BEATS HEATING PAD FOR RHEUMATIC PAIN!

Thousands of sufferers from miserable Rheumatism, Sciatica, Lumbago, Arthritis, Muscular Cramps or minor sprains, are happy over their new discovery of REUMA-RUB, the new Analgesic Alcoholic Rub. REUMA-RUB is really pleasant to use—yet penetrates and stimulates sore muscles and gives welcome relief from pain. Remember, if REUMA-RUB does not give you more relief than any external remedy ever used—purchase price will be promptly refunded. The large bottle costs you only \$1.25 at your Druggist or at WYNNE COLLIER, Druggist

CARD OF THANKS

We wish to thank from the depths of our hearts all those who had part in loading a Christmas tree with gifts for us and having the same sent to our house. It was an act of kindness and thoughtfulness that we will never forget. We are also grateful for all other remembrances accorded us during the Christmas holidays. May God bless you all. —Mr. and Mrs. J. A. Loyd and family.

Watch Out For "Little" Colds

There is no such thing as a "little" cold because any cold is the first break in your natural defenses and can quickly and easily develop into a serious infection of the respiratory tract. So don't treat a "little" cold lightly. Take care of it promptly. If a cold "hangs on" or begins with chills and fever, call your doctor. He will determine just what your "cold" is and prescribe the proper medicine and treatment. Follow his instructions to the letter—and for letter-perfect compounding, bring his prescription to us.

The practical sea lion...

The sea lion is a sissy... but practical. He wears a fur coat when he goes in swimming.

Your car engine isn't a sissy, but it needs extra winter-time protection. That's why practical motorists change to winter-grade Conoco Nth Motor Oil and an OIL-PLATED engine for extra-protection.

They know Nth oil contains a special added ingredient that fastens extra lubricant so closely to cylinder walls it won't all drain down... even overnight. That's why OIL-PLATING means extra protection.

Be like the sea lion. Be practical and...

WEEKLY NEWS ANALYSIS

Dutch Forces Overrun Indonesia; Peace Feeler Offered China Reds; U. S. Stand Settled If War Comes

WAR IN INDONESIA... Describing the offensive as "police action" against Indonesian terrorists, the Dutch government managed to invade the Indonesian republic by land, sea and air in time to enable Dutch troops to spend Christmas on Java. The capital city, Jogjakarta (I), was captured in the first hours of fighting, and the Netherlands forces moved easily through Indonesia in an almost bloodless occupation.

DUTCH PUSH:
Into Indonesia
The young Indonesian republic was fallen on evil days. Dutch troops raced through Java and Sumatra in a bloodless occupation, threatening the remaining important centers of the republic.

DUTCH MARINES had forged to the outskirts of the Republican army's only oil center on Java. Other Netherlands forces, in a lightning thrust through western Sumatra, were within 40 miles of the chief Republican city on that island. Decrying charges of war and invasion, the Dutch termed their activities "police action." Well ahead of their time-table, the Dutch had effected advances with practically no bloodshed.

International diplomats turned eyes toward Washington where the United States had been formally asked to grant "political and economic" support to the tiny republic. The Indonesian minister had further asked serious consideration of U. S. cutting off of Marshall-plan aid to the Netherlands because of the Dutch action in the East Indies.

The Dutch announcement on the outbreak of hostilities said: "FOLLOWING a breakdown of informal talks with the republic after its failure to comply with its truce obligations or to reply to the last Dutch note asking for a binding declaration on four essential points, the Netherlands government reluctantly finds itself obliged to take military action against terrorist activities and undisciplined elements in the republic who render any constructive policy impossible."

The Indonesians had some support. An American member of the United Nations good offices committee charged the Dutch had violated the Indonesian truce agreement signed last January after the first abortive war in Java had ended.

U. S. DECISION: All Settled

If it comes to war with Russia, where will the United States stand? Diplomatic informants had no doubt as to the answer. Their opinion was firm and immediate: The United States is prepared, even in advance of a formal military alliance, to coordinate its military forces in Europe with those of the western European powers in the event of open conflict with Russia.

IF SHOOTING ever starts, these officials said, American forces would come under the general operational control of the western European commander, Field Marshal Viscount Montgomery, of Britain. Montgomery is chairman of the military staff committee of the western European union.

But these sources added that there is no reason now more than there ever has been to consider that war with Russia is close at hand or unavoidable. In fact, it was said top officials have great hope that the building up of real power in the western world by devices such as the military arrangement for western Europe will discourage the Russians from committing any overt act.

THE COUNTRIES in the western European union, Britain, Belgium, France, the Netherlands and Luxembourg are negotiating now with the United States on more permanent military arrangements. Their embassies are working with U. S. state department officials to draft a north Atlantic region security alliance by which the United States would be committed to help any member nations if any of them were attacked.

POLL-TOPPER: Mr. Truman

If there is anything to the adage about he who laughs last laughs best, Harry S. Truman should be chuckling fit to kill himself. He not only pole-axed the pollsters with his election victory but, snatching a hair from the dog that bit him, he turned up as the "most admired man" in the world, as far as Americans are concerned. And he did it in a poll—Dr. George Gallup's poll, in fact.

RED FACES: In Pentagon

There were red faces in the Pentagon building, seat of army bureaucracy. A citizens' committee had declared flatly that the nation's military establishment is "cumbersome and costly" despite reported unification.

The members speculated that Russia might be trying to achieve "victory by bankruptcy" in forcing the United States into constantly increasing military expansion.

THAT APPRAISAL came from a committee of the Commission on Organization of the Executive Branch of Government, established by the last congress. Former President Herbert Hoover heads the whole commission. Ferdinand Eberstadt, New York financier, is chairman of the unit reporting on national security. Other members include educators, newspapermen and business executives.

The committee said that "while unification had made the United States far better prepared, the cost of defense preparations were alarmingly high in terms of money, manpower and drain on resources."

It cited mistakes it said had been made by the armed forces, hence the red faces in the Pentagon.

It added that President Truman might well have asked for complete mobilization if he had followed the estimate that "an immediate military effort was afoot aboard, rather than an intensification of the cold war."

The agency making the mistake was not identified in the report, but there was speculation it stemmed from the air force. It appeared, too, that the army had somehow lost track of 9,000 of its tanks.

TAFT: Main Event

Ohio's U. S. Sen. Robert A. Taft, longtime big wheel in Republican party affairs, conceded in a talk with capital newsmen that he faces a fight for his political life in 1950.

TO ONE newsmen who asked if he had any ideas of seeking the presidency in 1952, Taft replied, "I am going to run for the senate two years from now. Frankly, my eyes can't see a thing beyond November 2, 1950—or whatever the date is. It's going to be a major contest."

Taft was only admitting what all Ohio politicians have known and all labor people are saying. To them, the only question remaining is who his Democratic opponent will be.

TAFT RECALLED that he had "read some place that labor has three million dollars to spend, and they probably will spend one million in Ohio."

Standing firm on issues which may ultimately drive him out of the senate, Taft served definite notice of his unyielding opposition to any administration move to repeal the Taft-Hartley law outright.

FARMERS: No Croesus

Contrary to a supposition among many citizens, farmers were not getting rich on "boom time" prices.

THE NATIONAL Planning association found this out when it raised the question: Should farmers use profits from record-high farm prices to buy more indoor plumbing, give their children better educations, or take a trip to Europe—or should they buy more land and expand their farms in the hope of making more money?

The staid, competent Associated Press sampled farmer opinion on these questions. Results: Many farmers denied they had made any "boom time" profits, claiming that it must have been the western cattlemen and wheat growers who made all the money.

They contended, generally, that the high price of labor and farm machinery ate up the profits.

Prince Charlie

Smiling happily as only a young mother can, Princess Elizabeth poses with her baby after the royal infant had been christened Prince Charles Philip Arthur George of Edinburgh. The prince took all the pomp and circumstance with tongue in cheek and thumb in mouth.

Can't Stay There

Housing remained critical. In Detroit, four families with a total of 15 children, faced eviction from living quarters they had set up in voting booths. The families, all able to pay rent, were allowed to use the vacant wooden polling shacks when they were unable to find other housing.

How To Relieve Bronchitis
Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

LIVING PROOF
... That Cancer Can Be Curbed!

AMERICAN CANCER SOCIETY
47 BEAVER STREET, NEW YORK 4, N. Y.

George McCoig, schoolboy of Paterson, New Jersey, had cancer of the thigh in 1938. Today, thanks to prompt, effective treatment, he is cured. If YOU think you have cancer, see your doctor at once. Early action can return a priceless dividend... years of healthy living to come.

NEW STARTER: For Jets

The navy has announced the first successful self-starter for jet and turboprop aircraft engines. At present these engines are started with cumbersome storage batteries or other heavy auxiliary units outside the plane.

THE RADICALLY NEW self-starter, which can be used on both fighters and bombers, weighs only 88 pounds and can be carried in the planes.

This, the navy said, will enable jet or turboprop aircraft to use out-of-the-way bases which are not equipped to start their engines.

The turbine engine powering the starter also can be used for air conditioning, cabin pressurization, heating and de-icing, and to operate other power-consuming devices.

The power source of the new starter is a gas turbine engine identical in principle with the engine it serves. It uses fuel from the plane's regular tanks.

IN ANNOUNCING the new starter, the navy hinted at much larger jet engines. It said the new starter is more powerful than is needed for engines now in service, and will not be installed on aircraft types already announced or in use.

There are two versions of the small, multiple-use gas turbine. Both were developed under navy contract by the Air-Research Manufacturing Company, of Los Angeles. They took 3 1/2 years and two million dollars to perfect.

The navy said use of the engine is not confined to aircraft. They may be adapted for ground auxiliary work on power units and in industrial applications.

EDUCATION: By Congress?

A national scholarship program for college and university students will be proposed to the 81st congress, according to an announcement by the National Education Association.

DR. RALPH McDONALD, executive secretary of the NEA's department on higher education, said the program will have bipartisan support.

Department officials have estimated the program would require a minimum appropriation of over 100 million dollars for the first year. They said this would open the doors of many colleges to approximately 250,000 able students. The scholarships would be awarded on the basis of ability. Only the highest one-fourth or one-third of high school graduates would be eligible.

As a basis for the legislation, McDonald said, the department will urge these provisions in the bill: NO FEDERAL CONTROL of either the institution or the student. A stipend of at least \$400 or \$500 annually.

Freedom of the student to select his own school and course of study. Safeguards, against any discrimination in scholarship awards because of race, creed, sex, or other "social circumstance."

McDonald indicated it was not planned to have the bill take precedence over any measure to give federal aid to the states for elementary or secondary education.

Sign of the Times

Rep. Karl E. Mundt (R., S. D.), acting chairman of the house un-American activities committee, looked like he was trying to put the hex on suspected Communists in the U. S. when he announced that the committee would subpoena 12 important witnesses for questioning in the Red spy inquiry.

NOT CLOTHES: But Birthplace

As the army sees it, it isn't clothes that make the man—it's where he's born.

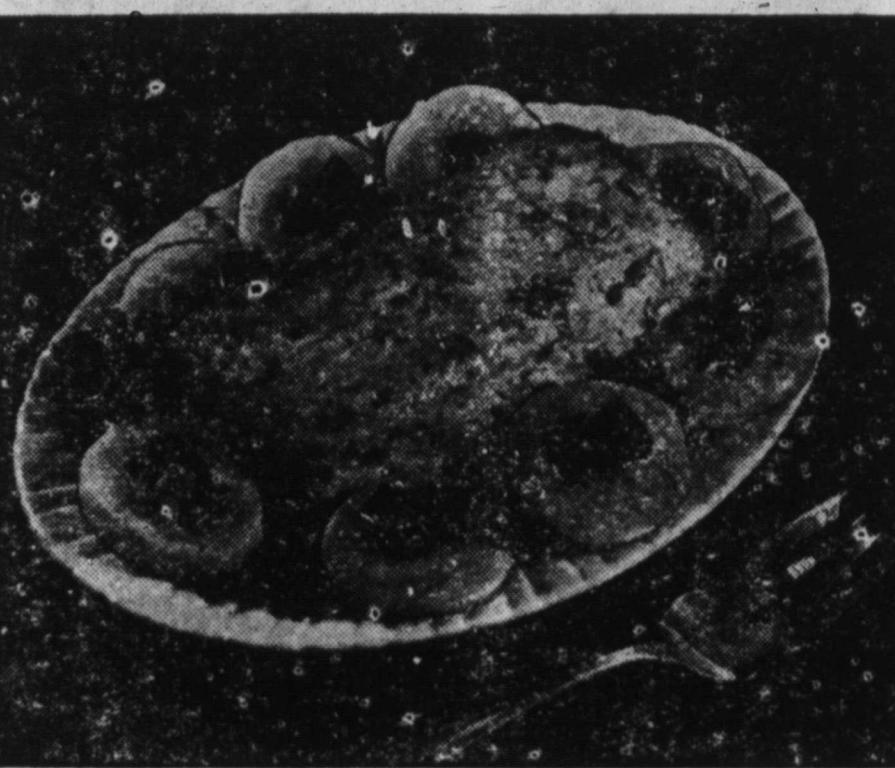

MAKING PUBLIC a study on the subject, the army declared that a man's geographical background has a lot to do with his muscles.

Experts from Harvard university's department of anthropology compiled the findings for the army. New Englanders tended to be strong, while the weakest of the males were from the South Atlantic states. The Middle Atlantic states, like New England, abound in "well-muscled types." The Middle Atlantic area had the most fat men.

SOLDIERS FROM the Pacific states were generally found to be well-balanced in fat and muscle. Those from the mountain states are often medium fat but muscular, or very fat.

Men from the west north central states lean to average build. Their neighbors slightly to the east, however, included a number of hefty and muscular specimens of masculine humanity.

In the south central area, men from the western section appeared to be better muscled than their neighbors to the east.

Glorify Holiday Leftovers! (See Recipes Below.)

After-Holiday Meals

SMART HOMEMAKERS, instead of looking on holiday leftovers with scorn, will welcome having them because they save time in meal preparation as well as conserving time in marketing.

Who doesn't welcome succulent slices of ham, turkey or roast beef when served with slices of bread or rolls? They're the refrigerator raiders' delight!

Then, too, there are excellent dishes which Mom can prepare quickly from vegetables and roast. Everything's cooked and needs just a bit of ingenuity and heating to make them ready for the table!

To make leftovers palatable, it's best to disguise them completely. With the right recipes, it isn't much of a trick, and it's fun, too, to test your ingenuity.

***Chicken Rice Loaf (Serves 6)**

- 2 cups diced, cooked chicken or turkey
- 2 cups cooked green peas
- 2 cups cooked rice
- 2 tablespoons chopped pimiento
- 2 egg yolks, beaten
- 1/2 cup milk
- 1 tablespoon minced onion
- 1 teaspoon salt
- Dash of pepper

Combine chicken, peas, rice and pimiento. Add milk to egg yolks, then fold into chicken-vegetable mixture. Add onion, salt and pepper. Place in a greased loaf pan and bake in a moderate (350-degree) oven for one hour. Serve with cream or mushroom sauce. Place pan of Cranberry Peach Taffies in same oven during the last half hour of baking time.

***Cranberry Peach Taffies**

- 4 canned peach halves
- 1/2 can jellied cranberry sauce
- 2 tablespoons butter
- 6 tablespoons brown sugar

Drain peach halves. Cut cranberry sauce into one-half inch slices, then cut each slice in cubes. Crumble butter and brown sugar together. Place cranberry sauce cubes into hollows of peach halves, allowing at least two cubes to each peach half. Sprinkle with butter-sugar mixture. Place in shallow pan and bake during last half hour with Chicken Rice Loaf.

IF YOU HAD HAM for Christmas, you're undoubtedly looking for a smooth way to get rid of the ham shreds. This main dish loaf stretches the ham with unflavored gelatin and cheese and will make nearly as big a hit with your family and friends as the whole ham. Serve it for a buffet meal or snack with a green salad.

Ham Loaf (Serves 6)

- 1 envelope unflavored gelatin
- 1/2 cup cold water
- 1/2 cup hot water
- 1/2 teaspoon salt
- 1/4 cup vinegar
- 1/4 cup diced celery

LYNN SAYS: Here's What to Do With Bits of Leftovers

Green peppers, filled with creamed macaroni or spaghetti mixed with leftover holiday meats can be baked for mighty good eating. Add some dabs of leftover vegetables to the mixture, if you like.

Have some leftover cranberry sauce? Heat it and use as the liquid with lemon-flavored gelatin. Mold with other leftover fruits for a salad over the holidays.

LYNN CHAMBERS' MENU

- Hot Tomato Juice
- *Chicken Rice Loaf
- *Cranberry Peach Taffies
- Molded Leftover Fruit Salad
- French-Fried Eggplant
- Bran Muffins - Cookies
- Beverage
- *Recipe given

- 1/2 cup diced sweet pickle
- 1 cup grated American cheese
- 1 cup diced, cooked ham

Soften gelatin in cold water. Add hot water and salt and stir until dissolved. Add vinegar. Chill until the mixture is the consistency of unbeaten egg whites. Mix in celery and pickle; divide mixture into two parts; to one, add the grated cheese, to the other, the diced ham. Turn ham mixture into loaf pan and chill until almost firm; add cheese mixture and chill until firm. Unmold on crisp greens and serve with tomato wedges.

IF YOU want a hot dish out of the leftover ham, then combine it with spaghetti as in the following recipe:

Spaghetti-Ham Ring (Serves 6)

- 1/2 cup spaghetti, uncooked
- 3 eggs
- 1/4 teaspoon salt
- 1 tablespoon grated onion
- 2 cups ground, leftover ham
- 2 tablespoons shortening
- 1 teaspoon worcestershire sauce
- 1/2 cup top milk

Break spaghetti into small pieces and cook in boiling, salted water until tender. Beat eggs slightly, add seasoning, milk and ham. Mix with spaghetti which has been rinsed and drained. Grease a ring mold with the shortening and pour in ham-spaghetti mixture. Bake in a moderate (350-degree) oven for 35 minutes. Turn onto a platter and fill the center with buttered broccoli, peas or other vegetables.

WHEN YOU HAVE just a little turkey left from the roast, it can be extended with oysters in this savory pie:

Turkey-Oyster Pie (Serves 6)

- 1 cup small oysters
- 2 cups leftover turkey, cut in strips
- 1 cup leftover turkey gravy
- 1 cup milk
- 1 tablespoon butter
- 1 tablespoon flour
- 1 teaspoon salt
- 1/4 teaspoon pepper
- 1/4 cup mushrooms, if desired
- 1/2 recipe plain pastry

Combine first four ingredients. Heat to boiling and simmer gently until oysters curl. Melt butter, add flour, salt and pepper. Add to turkey mixture. If fresh mushrooms are used, saute them before adding to turkey mixture. Pour into deep, nine-inch pastry tin. Top with slashed crust. Bake in hot (425-degree) oven until top is browned. For pastry, use one cup flour, one-third cup lard, one-half teaspoon salt and two to three tablespoons cold water.

Sliced ham combined with a spread of mustard butter makes a wonderful snack for ice box raiders.

A mighty tasty way to serve leftover turkey or chicken is to heat it in leftover gravy or a rich cream sauce and serve over French-fried noodles. Small dabs of peas, carrots or other vegetables help out the white sauce.

If you had roast beef over the holidays, serve slivers of the leftover meat over a tossed vegetable salad.

SEWING CIRCLE PATTERNS

Daytimer Has Shoulder Closing Tailored Two Piecer for Women

Simple Daytimer
THREE buttons on each shoulder make a smart finish for this simple daytimer. Youthful and slimming, it features an easy to make skirt with a snug belt. Pattern has few pieces, goes together smoothly.

Pattern No. 1784 comes in sizes 12, 14, 16, 18 and 20. Size 14, 4 1/2 yards of 39-inch.

Protective paper jackets can be placed on children's school books and secured with scotch tape.

Overcooked oysters are always tough. Stop cooking them before the edges begin to curl. Oyster steams are best cooked over water.

Use mercerized or cotton thread when mending kid gloves. Silk thread has a tendency to tear the kid as it pulls through the fabric.

A small amount of leftover ham may be put through the meat chopper and used as a middle layer when making scalloped potatoes.

Next time you cut out a dress, secure the paper pattern to the material with small strips of scotch tape. If the pattern gets torn, it can be mended with the tape also.

Flavor cottage cheese with sugar, grated orange rind and raisins and use as a pancake filling. This makes a good dessert after a salad luncheon.

When you pack a lunch box send soup along, occasionally, in the vacuum bottle. Hearty split pea soup tastes good with a sandwich, and so does fish chowder or a cream soup.

Ain't It So

In these days of high prices newlyweds are learning that the billing exceeds the cooing. Some wives lead double lives—their own and their husbands'. Why call it "idle curiosity"? It's always working overtime. Dolls used to squeak "mama" when you squeezed them. Now they squeak "Oh, boy."

Why remember your old troubles? There are a lot of new ones coming along.

Only experience can put the prod in the prodigal son.

There's only one short cut to easier times—cutting the "y" out of yearning.

BE PROUD OF OUR TOWN

Some folks say their towns are bigger or prettier, but we think our town is the best town on earth! Be proud of our town, and our town will repay you for your faith!

Neat Two Piecer
NEAT, becoming and versatile. Make this tailored two piecer for the matron in an all-over printed fabric and use interesting novelty buttons for trim. Three-quarter cuffed sleeves are provided, if you prefer.

Pattern No. 8391 is for sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 38, 4 1/2 yards of 39-inch. Send an extra quarter for your copy of the Fall and Winter FASHION. It will delight you with its abundance of smart sewing ideas. Free pattern printed inside the book.

SEWING CIRCLE PATTERN DEPT. 539 South Wells St. Chicago 7, Ill. Enclose 25 cents in coins for each pattern desired. Pattern No. Name Address

To Relieve Your Cough, Mix This Recipe, at Home

You'll be surprised how quickly and easily you can relieve coughs due to colds, when you try this splendid recipe. It gives you about four times as much cough medicine for your money, and you'll find it truly wonderful.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking needed—it's no trouble at all. (Or you can use corn syrup or liquid honey, instead of sugar syrup.) Then put 2 1/2 ounces of Pinex (obtained from any druggist) into a pint bottle, and fill up with your syrup. This makes a full pint of medicine that will please you by its quick action. It never spoils, and tastes fine.

This simple mixture takes right hold of a cough. For real results, you've never seen anything better. It loosens the phlegm, soothes the irritated membranes, and eases the soreness.

Pinex is a special compound of proven ingredients, in concentrated form, well-known for its quick action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

Pinex Is Fast Relief!

ARE YOUR TEETH LOOSE?
Tighten your plates with TRU-FIT—the permanent reliner that lasts for months. EASY TO USE—just brush it on. Avoid embarrassment—enjoy your food like you used to do. Send only \$1.00 today for complete package postpaid anywhere in U. S. A. RESEARCH DENTAL CO. 217 S. Front St., Dept. W, Columbus, O.

Blowing Winds Damage Soil

Fort Worth, Dec. 31.—Blowing lands on the Texas and Oklahoma Plains have more than doubled in area in the two weeks ending December 15 and are more than five times as great as the acreage reported blowing on November 15.

This announcement, based on reports from Soil Conservation Service representatives to Louis P. Merrill, regional conservator here, also revealed that recent blowing in the sandy Cross Timber lands which border Plains lands on the east have added 568,000 acres to the total now yielding dust and sand to a total of 2,948,000 acres. Of this total 2,629,000 acres are in Texas.

Even more disheartening to Soil Conservation Service observers watching the two-state picture—smaller areas in eastern New Mexico also are involved—is the report that continued drought conditions and cutting winds have left 5,947,000 acres without enough plant cover, either in residue or new growth, to prevent damaging erosion. This total was an increase from 3,869,000 acres reported without sufficient protection two weeks earlier. Nearly 2,000,000 acres of this increase was in wheat, cotton and sorghum lands of the Texas and Oklahoma Plains.

Merrill said that fields protected

by combine sorghum stubble or which had a cover of small grains eroded easily enough in cotton or sorghums were holding generally. In many Plains sections young wheat has been unable to furnish protection and both soil and crop have been extensively damaged. Sorghum land on which stubble has been grazed also is blowing. An increasing number of operators have resorted to chiseling or deep plowing to halt the soil movement but this is at best an expensive and only a temporary measure, Merrill pointed out.

In the sandier Cross Timber lands, peanut lands were on the move except where the fields have been wind-stripped with bands of sorghums. Lands on which the crop residue, such as sorghum stubble, had been grazed also are suffering, Merrill added.

District Conservationist W. R. Heizer at Dublin reported 168,000 acres in Eastland, Comanche, Erath, Brown and Mills counties blowing during a windstorm December 4 to 7. It was mostly sandy cultivated and with inadequate strips, late-planted cover crops and poor residue. Sand filled highway drainage ditches, piled high at fences and formed dunes up to three feet high in some fields. However, a rain December 14 brought relief and farmers have been planting rye to give soil cover.

The Cross Timbers soil movement is different from that of the Plains areas farther to the west, the Soil Conservation Service regional chief explained. The coarser sands are torn loose by the wind gusts and swept along the surface to form troublesome hummocks at fences

and around tufts of grass and weeds. The dust is from the fine sands and "tight lands" of the Plains and is made up of the most valued soil elements.

From Lubbock Monday, December 20, came reports of a true dust storm, which carried silt particles from farther west and northwest across the skies. Visibility during the afternoon ranged from zero to several miles. Wind velocity was never more than 28 miles an hour.

In the Kiowa County Soil Conservation District of Oklahoma, Henry Dugan of near Altus, a member of the soil conservation district board, stated that more wind erosion was occurring on farms in his area than at any time before in the memory of residents. This was for the most part on sandy lands which had been prepared for wheat.

Farmers in the Big Spring area in Texas were predicting that wind erosion conditions will grow progressively worse if rain does not relieve the drought.

Jesse D. Jenkins, Soil Conservation Service district conservationist at Lamesa, reported nearly 940,000 acres in his section without sufficient cover, an increase of more than 800,000 acres. Many farmers are listing cotton land. In Gaines county many fields have blown severely in the past two weeks and dunes have formed along ditches and around Johnson grass patches.

J. C. Porter, Soil Conservation Service district conservationist at Jacksboro, said the sandstorm of December 6 and 7 caused damage to winter crops and in most cases killed vetch and rye on land where sorghum wind strips were not left standing strips of four rows of sorghums and six rows of beans, where the sorghum stalks were left standing, are not blowing.

At Vernon, District Conservationist L. W. Harvey said cover crops, good residue, proper grazed range and good windbreaks were effective in preventing wind damage there. Many farmers are deep-tilling bare fields.

District Conservationist George M. Parker at Perryton reported winter wheat in that section in good condition with 27 inches of soil moisture. There is very little blowing there, he said.

Here visiting in the home of their mother, Mrs. Ione West, and their brother, Lynn West, during the Christmas holidays were Mr. and Mrs. J. W. Holland Sr. and family of Levelland, Mr. and Mrs. Herbert Hunt and children of Claude, Dr. Anne West of Dallas, and Jackson West and family of Idalou. Jackson's little daughter, who was so seriously ill with polio, is now up and about and is re-entering school.

Mr. and Mrs. Glen Loyd of Midland, Mr. and Mrs. Carl Hobbs and family of Lubbock, Mr. and Mrs. Jack Alexander of Morton, visited in the home of their parents, Mr. and Mrs. J. A. Loyd.

Features!

Whatever You Want In A Range...

On the market today, actually available, are many good "makes" of gas ranges. Each "make" is offered in several models. Each model offers its own particular combination of splendid modern features.

In one or another of these many fine makes and models, you can almost surely find exactly the combination of features that you want.

See your gas range dealer today!

- Automatic clock control.
- Automatic lighting of oven, broiler and top burners.
- Numerous top burner arrangements.
- Extra oven or extra broiler.
- Glass oven windows.
- Griddles, Deep well cookers.
- Giant burners, simmer burners.
- All these and many more, PLUS beauty, dependability, economy.

SMART COOKS KNOW GAS has got it!

West Texas Gas Company

HELPING BUILD WEST TEXAS SINCE 1927

THIS WILL HELP KEEP REDDY... READY!

The new service transmission line from Brownfield to Post brings power to a growing area of the South Plains. But lines alone are not enough. There are the many plants which generate the electricity. And nearer the points of use, are the substations which "step down" the voltage for use in towns or along country roads. This is a substation near Post.

Back of all this equipment stand the men and women, the management and the money which make your electric service possible. Some of our employees are your neighbors. Others are a hundred or two hundred miles away. Wherever they work, they're helping to bring a vital service to you and everyone else on our lines.

This is our contribution to the life of this region. We're here to help it grow. Our expansion program is a big bet on its future—to help keep Reddy ready—for a single switch in your home or a great industry.
