Tahoka, Lynn County, Texas, Friday, April 15, 1949

Number 28

New City Council Had First Meet Monday Night

The new city council held its first meeting last Monday night, after the new members, J. A. Biggers, aff and W. B. "Bill" Strange Jr., and the re-elected member, B. L. Parker, had taken oath of office. These three and the two hold-over members, Clay Bennett and Ivan Cathcart, constitute the new city council. With Dr. K. R. Durham as mayor, who also was re-elected. Miss Rosemary Nelms is the hold-over secretary.

The first big problem before the new city council is the street paving project.

Mayor K. R. Durham informs the News that a petition has been prepared and left in the office of the city secretary to be signed by property owners who desire the streets in front of their property to be paved. This is not a paving contract but a mere application for paving.

It is necessary for it to be signed so that the mayor and the city council may be advised as to who will join in the paving project, for they can not know where to begin and where to pave until this petition is signed. So, if you wish the paving to be done in front of your property, please sign this petition at once so as to get the project started.

Mayor Durham also informs the News that the City is leasing its property consisting of nearly 200 acres of land north of town on which the City water wells are located and the City sewer farm of 22 acres south of town to an oil company for oil rights. The City gets \$5.00 per acre for the leases.

Much Interest In Methodist Meet

The revival services being conducted in the Methodist Church here this week are drawing the largest crowds that have been seen in this Church since the dynamic pastor-evangelist Rev. Mr. Comer of Waco was here several years ago.

The preacher-evangelist doing the preaching in this meeting is Rev. C. P. McCollom, District Superintendent of the Wichita Falls District. Rev. Alby Cockrell, pastor of the O'Donnell Methodist Church, is leading the song services. Services are being held twice daily, at ten o'clock each morning and at 7:45 each evening. The morning congregations also have been larger than usual, indicating a healthy interest in spiritual matters.

While the evangelist has not been using any high-pressure methods and has studiously refrained from the use of sensational tactics, his sermons are very pleasing to his congregations, apparently, and he wins and holds the good will of those who hear him. He uses quite a bit of humor in spicing his points, and thus he easily holds the rapt attention of his audiences.

The services started off Sunday morning with a good interest. On Monday night three were three responses to the Minister's invitations. One came for baptism, one to re-dedicate his life, and one to unite with the church here. On Tuesday and Wednesday nights there were no responses but good attention and interest. It was expected that on Thursday night, quite a large group from Draw would attend in a body.

Next Sunday, which will be the closing day of the meeting, great results are expected.

Rev. C. A. Holcomb Jr., the pastor, is busy as general director of the services, and he and the Church cordially invite the general public to attend any and all services that do not conflict with their own.

Narcissus was a beautiful youth who fell in love with his own reflection in a pool.

Aaron Burr was vice President of the U. S. when he killed Alexander Hamilton in a duel.

Stamps Ozark Quartet Coming

The Bessie Brashear Sunday School Class of the Tahoka Methodist Church announces that the Stamps Ozark Quartet will be here in person and give a program of Gospel and Secular Songs in the High School auditorium on Saturday night, April 23, beginning at 8:00 o'clock.

Admission: Adults 50 cents; children under 12, 25 cents.

FFA Team Wins Plainview Event

Tahoka's FFA dairy stock judging team made a very creditable showing at the annual Plainview Dairy Show this week, winning one first place.

The team, composed of Delwyn Tunnell Duwaine Townsend, and John Henry, took first place in the judging of Milking Shorthorns, seventh on Jerseys, and ninth on Holsteins. The team made a perfect score in the Shorthorn contest, and Townsend was one of the top ten individual judges of the entire meet.

Twenty-five teams of 75 boys participated in the contests.

V. P. Carter, Tahoka vocational agriculture teacher, coaches the Tahoka FFA teams.

School Trustees Given Banquet

The new board of trustees of the Tahoka Consolidated Independent School district met Tuesday night in the Home Economics Department in the High School building and after the two new members took the oath of office, the board proceeded to reorganize.

The two new members on the board are Hubert Tankersley and Luke Hagood, each elected for a term of three years and taking the places of Fred McGinty and H. O. Hargett, who retired.

R. H. Gibson was re-elected president of the board. Ross Smith was elected vice-president, and Alton Cain secretary. Two committees were appointed.

Hubert Tankersley, Luke Hagood, and Alton Cain were appointed on the Buildings and Grounds committee; E. R. Tunnell, Weldon Martin, and Ross Smith on the Bus committee.

Mrs. Helen Ellis remains assessor and collector of taxes and secretary of the district.

H. O. Hargett, retiring member of the board, was present, but Fred McGinty, the other retiring member could not be there.

Following the business session, the Home Ec girls served a wonderful meal to those present.

Church of Christ Meeting Success

All-day services marked the close of the series of "Gospel Meetings" held at the Church of Christ here throughout last week.

Following the preaching services Sunday morning, dinner was spread at the Church and all had a good time together. Congregational singing of good old Gospel hymns consumed much of the afternoon, and the closing services were held at night.

Visible results of the meeting were one baptism and one restoration. The membership were greatly edified and strengthened in the faith.

Evangelist S. A. Ribble greatly endeared himself to the church. Minister Ernest West, though new on this field, is proving himself to be an able leader.

MRS. BOB CAVENESS VISITS HERE

Mrs. Bob Caveness of Dallas has been the guest this week of Mr. and Mrs. H. P. Caveness. They are the parents of her husband, Dr. Bob Caveness, who is practicing his profession of Dentistry in Dallas.

She was honored by her mother-in-law with a Tea in the former's home here Monday afternoon.

Global Timekeeper

Many and varied are the functions of the century-old U. S. Naval Observatory in Washington, D. C., but principal among them is that of timekeeper for the nation and its ships at sea. The WAVE in the photo needn't be more than a few thousandths of a second off after setting her watch with the observatory's super-accurate transmitting clock. (Official Navy Photograph)

C - C Directors Discuss Program

The Board of Directors of the Tahoka Chamber of Commerce met Monday night at the A. A. A. office in their regular meeting.

The board voted unanimously to again sponsor the summer softball program and the Lynn County Softball League. Details on League play will be worked out in the near future. This year the Chamber will offer trophies to the winning team and the runner-up.

The annual Soil Conservation Tour was discussed and the Chamber of Commerce will again sponsor the tour—with the help of the Extension Service, Soil Conservation Service, and the A. A. A. The tour will be held May 4th.

The annual membership drive will be held Monday, April 18, and the Board of Directors will contact prospective members.

Members of the Board of Directors are Bill Strange Sr., Maurice Bray, Ronald Sherrill, Terry Thompson, Otis Spears, Vernon Brewer Frank Hill, H. W. Carter, and J. A. Biggerstaff, Hubert Tankersley is President and Clint Walker, Secretary.

CUB SCOUTS HAVE GREAT MEETING

About forty Cub Scouts met at 4:00 o'clock Wednesday afternoon in the home of Mrs. Beulah Atkins, one of the den mothers, and had an hour of entertainment and a training.

Newt Smith is the Cub-Master.

Congratulations:

To Mr. and Mrs. Herman Anglin, Plainview, on the birth of a son, weighing 7½ pounds at 2:30 a. m., Monday in a Lubbock hospital. The young fellow is the grandson of Mr. and Mrs. W. S. Anglin of Tahoka.

Oil Belt League Play Will Begin Here On April 24

Plans are going forward for the entrance of a Tahoka team in the Oil Belt League, now composed of Brownfield, Denver City, Levelland, Post, Seagraves, Slaton, Sundown, and Tahoka.

According to the official schedule released by President Holmes this week, Tahoka will open the season with Post here on Sunday, April 24.

Frank Larkin, president of the Lynn County Baseball Association, as the local club is known, states that a full workout will be held on next Sunday afternoon. So far, local promoters have been unable to get many prospects out for practice due to unfavorable weather and other factors.

If Tahoka is to field a creditable team, some intensive practice will be needed very quickly. Several of the other teams in the league have already had practice games and have been working out for some time.

The Jaycees have offered the club use of their new field on the Memorial Park site in south Tahoka and with a little more outlay this can be made usable for night games.

Lions Hear Talk On State Medicine

Tahoka Lions met in their den Tuesday night and all enjoyed a chicken supper and all the trimmings, according to Dub Kenley, the official reporter.

A local Bay Scout, Bentley Galtner, was guest of the Club.

Two new members were present and were welcomed into the club. Jim Foust and Dub Lowrey who is associated with Wharton Motor Co.

Lion Dan Lewis had the program. He had as his guest and as speaker of the evening W. D. "Dub" Rogers, sales manager for the Coco-Cola Bottling Company of Lubbock, and also a member of the Lubbock Lions Club. "He brought us a very good message on what would happen if we should get socialized medicine in our country," Mr. Kenley said, and added, "I don't think there was one there who wanted it when he finished his message."

"We were also glad to have with us our District Governor, Lion Bill Rutherford from Dumas," Kenley stated, "who brought us a very good message that every one enjoyed very much."

Lion-President Jack Alley Robinson presided.

"It was a good meeting, and Lions that were not there missed a treat," Dub declared.

Mr. and Mrs. W. A. Reddell returned Monday from Tyler, where Mr. Reddell had attended a meeting of the directors of the Texas Rural Letter Carriers Association, of which he is president. Plans were being made for the Texas RLCA convention to be held in July.

Jaycee Box Supper Raises About \$200

Tahoka Jaycees raised nearly \$200 last Thursday night at the box supper held in the school gymnasium for benefit of the new Lynn County Memorial Park, according to Wilton Payne, president.

Musical entertainment was furnished at the event by the Plains Riders, and the boxes were auctioned off by Col. Kenneth Bozemann.

Cancer Drive Is Scheduled Here

April has been designated as Cancer Control Month, and a drive will start here Monday, April 18, with a goal of \$670.00 having been set as a minimum goal for Lynn County. Chairman of the local drive is H. W. Carter, and he will be assigned by Pete Hegl.

Mayor K. R. Durham has officially designated by proclamation this month as Cancer Control Month in Tahoka, and urges all citizens to join in this worthy drive.

Cancer, including leukemia and Hodgkin's disease, is now the second ranking cause of death among children, according to officials of the American Cancer Society.

Cancer has long been considered a disease among old people. However, this vicious enemy of man attacks young and old alike. At the five to nine year age period among children it leads all other diseases as a killer.

Surgery, x-ray, and radium are the only treatments which have ever cured cancer. Every day 550 Americans die of cancer. The purpose of this drive is to raise funds for the control and treatment of cancer in Lynn county and over the nation. If detected in sufficient time, the disease can be cured.

New Rotary Club Officers Elected

At its meeting last Thursday, the Rotary Club elected a new secretary and three directors, and the board of directors in turn elected a president and vice-president for the ensuing year.

Having served two years as secretary, Ross Smith asked that his name should not be considered, and the Club thereupon elected Tom Gill to the position.

Six men were nominated for the three places becoming vacant on the board of directors. Dr. Emil Prohl, whose term was to expire, was re-elected and Dale Thuren and Maurice Bray were elected as new members of the board.

Holdover members of the board are President Vernon Brewer, Terry Thompson, and Herbert Carter.

At a meeting of the Board of directors following, Dr. E. Prohl was elected president and Dale Thuren vice-president of the Club.

The program of the day consisted of moving pictures of the S. M. U.—Texas University football game played last fall, and presented by Maurice Bray.

Neal Stanley Has Leg Amputated

Neal Stanley of the Stanley Funeral Home here, who suffered very serious injuries in a car wreck several weeks ago and has been under treatment in a Big Spring hospital since, suffered an amputation of the left leg just above the knee last Saturday. Of course his condition continued to be grave but Bobby Stanley reported Thursday morning that his condition early Wednesday night was better than it had been for four or five days.

Physicians had sought diligently to save his leg but eventually found it necessary to amputate it in order to save his life. It is hoped by many friends here that he will now continue to improve steadily.

W. J. Faires is now living with a son who owns a fishing camp on Possum Kingdom Lake, near Bunger. He was here this week and ordered The News, sent to his new address.

Highway Paving Surveys Begun Through Tahoka

Right-of-way stakes are being set along the two highways that pass through Tahoka in preparation for widening them. It is presumed that the grading work will be begun some time soon.

In order that water piping may be laid by the City from the Mains that lie under the surface of the streets over which the highways pass before the additional pavement is laid by the State, the City is having trenches dug from these Mains to connections that will be required to serve occupants and future occupants of lots lying along these highways.

The City also intends to lay water system extensions across unpaved streets wherever needed before the streets are paved under the new paving program. From this time on and for a long time hereafter highway and street improvements will be going on in Tahoka, according to present prospects.

Mrs. J. H. Ramsey Died Saturday

Mrs. Mary Katherine Ramsey, 78, widow of the late J. H. Ramsey and mother of Miss Maude and Ora Ramsey of the Central Church community, with whom she had been living since her husband's death in November, 1947, died in the Tahoka Hospital last Saturday morning at about 9:45 a. m., following an illness of only a few days.

The body was prepared for burial by the Stanley Funeral Home here and on Saturday night was taken in a Stanley ambulance out to Grassland, where funeral services were conducted in the Grassland Methodist Church at 3:00 o'clock Sunday afternoon. Officiating were the pastor of the Grassland Methodist Church, Rev. J. E. Peters, assisted by Rev. J. E. Stephens, pastor of the First Methodist Church of Post.

Following the services, the body was brought back to Tahoka and buried in the cemetery near beside the grave of her late departed husband. Six nephews of deceased served as pall bearers, Luther Thomas, Auvy Thomas, Claude Thomas, Blain Ramsey, Leeman Mathis, and Buford Mathis.

Survivors include two sons and a daughter, Emmett and Ora Ramsey and Miss Maude Ramsey; two grandchildren, five great-grandchildren and a number of other more distant relatives.

Mary Catherine Ramsey was born in Shelby county, Texas, on August 28, 1871. She was married to J. H. Ramsey in 1888. They continued to live in Shelby county until the fall of 1923, when they and their children removed to Lynn county, where they lived since.

Mrs. Ramsey has been a member of the Methodist Church since her girlhood, a woman of fine Christian character, greatly beloved by her family, her neighbors, and her church. The News joins with hosts of others in expressions of sympathy for all the bereaved.

Mrs. Ward Eakin Breaks Knee Cap

Mrs. Ward Eakin accidentally fell and broke a knee cap at her home seven miles east of town on Thursday of last week and was taken to a Dallas hospital that night, where she underwent surgery again on Saturday. After the injured leg was placed in a cast, members of the family stated that she was to be brought back home on Wednesday of this week.

Mrs. Eakin had undergone previous operations on that knee, one just recently in that same hospital, and she has been home just a short time when the latest fracture occurred.

The most famous duel in U. S. history was that between Alexander Hamilton and Aaron Burr.

Pork Chops on the Hoof in Guam

On farms established by the U. S. Naval Government on Guam, American sailors instruct natives in modern agricultural methods. The produce from the farms is used for Naval personnel and the rehabilitation of the natives. In photo above, a seaman, first class drives some pigs to feed. (Official Navy Photograph)

Post-Mortem at 'Namru One'

The Naval Medical Research Unit No. 1, at the University of California at Berkeley, directed in 1943 to investigate possible enemy use of infectious disease as a weapon, has not only gained considerable knowledge of mass defense against disease, but also has assimilated invaluable information for the control of communicable airborne diseases among peacetime populations. Photo shows an autopsy under way on an animal infected during the course of studies at "NAMRU ONE." Protective masks are worn by the laboratory researchers. (Official Navy Photograph)

Winners Named In Pig Contest

Below are listed names of boys who were named winners in the Sears Pig program of 1949.

Winner of Gifts
 Bobby Huffaker, Rt. 2, Post; James Grady Burkhardt, Route 1, Tahoka; Jerry Inman, Rt. 3, O'Donnell; Marian Inman, Rt. 3, O'Donnell; Gene Hodge, Rt. 3, O'Donnell; Edwin Foster, Rt. 2, Wilson; Joe Stone, Rt. 1, Tahoka, and Ralph Mires, Rt. 2, O'Donnell.

Winner of Sears Boar
 Billy Spears, Rt. 4, Tahoka.

The above named boys will receive their Pigs in May from the winners in the 1948 program. Melvin Edwards has been named winner of the 1949 Sears Dairy Program. He has received a registered Jersey Heifer, bred by Edmund Maeker a Dairyman of Lynn county.

TODAY LAST DAY FOR APPLICATIONS FOR CONTOUR LISTING PRACTICE

According to Clarence Church, chairman of the Lynn County A. C. A. committee, Friday, April 15, will be the last day that applications for contour listing prior approvals will be taken. Up to this date prior approvals have been issued on over 225,000 acres of this soil building practice for 1949. This practice is contour listing and not contour farming. Church points out. The land must be listed on the contour at least 30 days prior to seeding. Contour listing must follow guide lines not to exceed twice the terrace intervals, or must follow terraces. If the slope of the land exceeds 3 percent, the listing must be in combination with terraces in order to qualify for the soil building payment.

WEST POINT H. D. CLUB NEWS

The West Point Home Demonstration Club met with Mrs. Clayton Lawrence on Wednesday, April 12.

Roll call was answered with Favorite Methods of caring for floors and floor coverings.

The Bake Sale to be held Saturday, April 16, by the County Home Demonstration club council was discussed and members voted to bring one cake or two pies.

A district meeting will be held in Floydada the same day and members discussed trying to go.

Miss Hard gave a very interesting discussion on Floors and Floor Coverings. She illustrated her talk with several pieces of flooring, each finished differently.

Members discussed their individual floor problems and offered suggestions for the best type of finishes for this area.

Refreshments of chicken salad sandwiches, olives, humpty dumpty cakes and punch with plate favors of tiny Easter chickens were served to Miss Graham Hard, and Mesdames T. W. Hale, H. R. Tankersley, A. D. Schaffner, C. T. Tankersley, Roy Shepperd, Leo Kennedy, Otto Stone, Blain Ramsey, Fortenberry, Elmo Schaffner, and the hostess.

The next meeting will be on May 11 with Mrs. A. D. Schaffner.

REV. D. D. JOHNSON STRIOUSLY ILL

Mr. and Mrs. C. N. Woods were called to Abilene Monday by the serious condition of her father, Rev. D. D. Johnson, who had suffered three strokes in the last two weeks, the last one on Saturday. Mrs. Woods remained at his bedside.

Brother Johnson resided in Tahoka for a number of years. He served as pastor of churches in this area and for some years was missionary for the Brownfield Baptist Association.

RAINDLS MOVE TO SAN ANTONIO

J. B. Oliver stated to the News Wednesday that on Monday he had taken his daughter, Mrs. Joe F. Raindl, and her two little children to San Antonio to join her husband and their Dad, Tech/Sgt. Joe F. Raindl, who was recently stationed at Fort Houston. He expects to make the Army a career.

At the present they are occupying an apartment in the city but will soon have living quarters out at the Fort.

While in San Antonio, Mr. Oliver also visited his sister, Mrs. J. H. Trusty, and her son.

NAN BETH PENNINGTON WINS SCHOLARSHIP HONORS

On the basis of her excellent scholarship as a freshman student in Texas Technological College, Miss Nan Beth Pennington, daughter of Mr. and Mrs. Willis Pennington of Tahoka, has been honored with membership in Alpha Lambda Delta sorority, a national honor society for freshmen women maintaining a grade point of 2.5 and above.

BAPTIST BROTHERHOOD MEETING COMING UP

W. A. Reddell, president of the Brotherhood of the Brownfield Baptist Association, is planning for a good program and a large attendance upon the next quarterly meeting of the Brotherhood which is to be held in the new Baptist Church in Wilson on Tuesday night, April 26.

A good musical program will be given and refreshments will be served as usual.

Mr. Reddell reports that Dr. J. A. Hill, President of West Texas State College at Canyon for thirty years prior to last September 1, when he retired, has accepted an invitation to deliver an address.

Rev. D. A. Bryant, pastor of the First Baptist Church of Post, will also deliver an inspirational address.

Both speakers will doubtless "make it snappy," however, and the session will not last too long.

Galileo discovered the law of the vibration of the pendulum in 1582.

Duane Carter Sets District Record

Duane Carter, Tahoka senior track man, scored all of Tahoka's 7 1/2 points in the Class A District meet held in Jones Stadium, Texas Tech, last Saturday afternoon.

Carter took first place in the high jump, setting a new record at 5 feet 11 inches. Also, he placed second in the pole vault.

Two other Tahoka boys, according to Coach Jim Foust, turned in very creditable showings, Clark Farr in the 220 yard dash, and Bill Draper in the mile run. Each took sixth place in a large field of runners.

As expected, O'Donnell, came through to take top honors in the meet, scoring an amazing 50 1/2 points. Seagraves was second, Mule-

shoe third, and Levelland fourth.

Buddy Brock of O'Donnell was high point man with 19 1/2 points, and Joe Palmer was runner-up with 13 3/4 points.

On April 2, Carter took first in the high jump at the Big Spring Relays, participated in by a large number of Class AA teams. He will also compete this Saturday afternoon in the South Plains Relays at Texas Tech, and next Saturday afternoon will enter the Regional meet.

Rev. C. P. McCollom Is Rotary Speaker

At the Rotary Club Thursday of this week, Rev. C. P. McCollom of Wichita Falls, here doing the preaching in a revival meeting at the Methodist Church, was the prin-

cipal speaker, taking for his subject "The Church." He sought to impress its importance upon his hearers, calling it the greatest movement in the history of the world and declaring that it would never die. Other organizations, cities, and nations have passed away but the Church has lived through the centuries and will continue to live.

Rev. Alby Cockrell of O'Donnell, who is leading the song services in the Revival, was also introduced by Rev. C. A. Holcomb Jr., the pastor, and made a few remarks as did Rev. Alby Cockrell.

Prior to the program, President Vernon Brewer read a communication from the Canyon Rotary club placing the name of Dr. J. A. Hill, who recently retired as president of West Texas State College, in nomination for Rotary District Gov. ernor for this district.

Two out-of-town dentists, Dr. Brown and Dr. Nowlin of Vernon, friends of Dr. K. R. Durham, were introduced by him as his guests.

RABBIT DRIVE WILL BE HELD AT WEST POINT

A big rabbit drive will be held in the West Point community next Tuesday, with dinner on the grounds at noon for hunters. The morning drive will start from the Hubert Tankersley place at 9 a. m. Another drive will be made in the afternoon. There are said to be many rabbits in the area.

Last Tuesday a drive was held near Tahoka Lake. Between 85 and 90 hunters met at the George Spears place, and killed 700 to a 1,000 rabbits in the Aycox and May pastures. Dinner was spread at the South Springs.

Calloway Huffaker states that plans are being made for an even bigger drive at West Point.

REID PARKER OPENS NEW BUSINESS

Reid Parker opened a new place of business Thursday morning in a new pumice stone building which he has just completed on lots lying north of the W. O. W. Hall and east of the City Park.

The building which is 50 feet by 25 feet in size is divided into four compartments, comprising two wash rooms, one polishing and waxing room, and one grease room. He is prepared to keep Lynn county cars looking new all the time if the owners will just let him.

The building itself is a neat and attractive structure, and this business will doubtless prove to be a distinct asset to the town and community.

PHEBE K. WARNER CLUB HAS INTERESTING PROGRAM

The Phebe K. Warner Club met in the home of Mrs. Grover Stewart Tuesday, April 12.

Mrs. Truett Smith gave a very interesting talk on Norway, pointing out many habits and customs of the people. Mrs. Smith's remarks left a favorable impression of the Norwegians with all those who attended.

Mrs. Roy Edwards displayed several oil paintings by Mrs. Mewhinney of Holland, Texas. Mrs. Mewhinney is recognized as one of the outstanding artists of Texas.

HARVE HENDERSON IS SERIOUSLY SICK

Harve Henderson, pioneer citizen of Lynn county, who moved from the Redwine community to Fletcher, Oklahoma, two or three years ago, is seriously ill in an Anadarko hospital following a heart attack which he suffered last Saturday night. Though he has since contracted pneumonia, he is reported to be improving nicely.

His children, Mr. and Mrs. Harley Henderson and Frank Henderson of Tahoka, John Henderson and Mrs. Truman Whittington of Sundown went to his bedside Sunday, and returned home Wednesday, as he was showing gradual improvement.

O'DONNELL RECRUIT ASSIGNED TO CAMP HOOD

Camp Hood, Texas.—Recruit Leon D. Parker, son of N. S. Parker, of O'Donnell, recently arrived at Camp Hood, Texas, and has been assigned to the famous "Hell on Wheels" 2nd Armored Division.

Parker attended grade school at O'Donnell, and was engaged in farming before his entry into the Army.

ROTARY HOE Controls Weeds in the row

REDUCES HAND HOEING

Quoting Mr. D. L. Jones, superintendent, Texas A & M Experiment Station, Lubbock: "At present, this is practically the only tool that will control weeds in the drill row before close sweep cultivation is possible."

Here are some advantages of the rotary hoe:

1. Uproots weed seedlings in the row; allows topsoil to dry, preventing further weed growth.
2. Works best at high tractor speeds, without damage to cotton or corn plants—up to 60 acres per day.
3. Definitely stimulates young crops.
4. Breaks soil crust, helping crops to come up.

Allis-Chalmers rotary hoes are front-mounted, where you can watch them easily without turning your head. You can keep the teeth exactly on the row, getting rid of the weeds that cause the most trouble. See us right away about an Allis-Chalmers Rotary Hoe for your farm.

THE LYNN COUNTY NEWS

TAHOCA, TEXAS

FRIDAY, APRIL 15, 1944

Thomas Writes Of Hawaiian Trip

The News received the following communication last week too late to get it into last week's paper but it is just as good for this week. Some of it will be of special interest to Rotarians. Mr. and Mrs. Thomas are visiting and sight-seeing on the Hawaiian Islands. Addressing the editor, Mr. Thomas says:

We arrived here Saturday morning (April 2) and had a very fine trip over, and although we were aboard ship five days, they had so much going on in the way of entertainment that it seemed like a short voyage to us. The water was quite rough Monday night, which was the first night out, and quite a good many were sick, including the writer, but after that it was quite smooth sailing.

We went out to Pearl Harbor Saturday afternoon, and there are some evidences there of the Japs' sneak attack. The Arizona, Oklahoma, and Nevada have some parts sticking out above water. There

were about 2,500 men who went down on the Arizona alone; and a Navy man here told me that 14,000 men was a close estimate of the Navy's loss at that time and it might have been more.

We also went through Hickam Field, which is, as you know, the Army Air Field here.

All this may not be of interest to you, but on our way over all Rotary members were asked to meet in the "Veranda" of the promenade deck and I am enclosing a list of the ones who were on ship, which you might wish to look over. Some thought we might get credit for meeting there but one district governor of the West Coast seemed to think of no way it could be done. Another member, who had been to England, told us that the "Queen Mary" and the "Queen Elizabeth" both have Rotary clubs by some special arrangement.

We are feeling fine, as the temperature is about 70 and it varies very little the year around.

We are visiting Mr. and Mrs. Charles E. Hill. Mrs. Hill is the former Camille Thomas, granddaughter of A. I. Thomas of Tahoka, and Mr. Hill is in the Navy here and has served about eight years in the service. He seems to like his work.

I may drop you a few (more) lines soon, as you asked me to do. Hope you and yours are OK.

Yours truly,
W. Otho Thomas.

Editor's Note: Mr. Thomas lists twenty-four passengers on his ship, the S. S. Lurline, who were Rotarians, 23 of them coming from 10 states of the Union and one from Vancouver, British Columbia. Ten of the 23 were residents of California. Other states represented were Washington, Missouri, Colorado, Illinois, Indiana, Idaho, Texas, Michigan and Montana.

The Rotary meeting was held on Thursday, March 31, and the Minutes recited that every member was called on for a short talk.

The former District Governor referred to by Mr. Thomas was Wil-

Lawson Easter Show Is Subject of Film

Wilmington, Ohio, April 11.—"Every man, woman and child in the United States should go see 'The Lawton Story'."

In these words Jimmie Fidler, West Coast radio commentator, told his 34,000,000 listeners what he thought of the new Hallmark film based on the life of Christ and the Wichita Mountain Easter Pageant.

Fidler made the statement on a coast-to-coast broadcast from Hollywood on April 3. He would neither comment nor write a line about the new film until he had seen it in a special preview for the press in Hollywood last week.

"The Lawton Story" is the first sound and color motion picture of the life of Jesus ever made. The surrounding story, based on the life of the late Rev. Mark Wallock, founder of the world famous Wichita Mountain Easter Pageant, serves to introduce the Lawton, Oklahoma members of the cast. They appear later as Biblical characters in the film.

Ginger Prince, 6, new child star from Atlanta who plays Mr. Wallock's niece in "The Lawton Story" sings four songs. Two of them, "Down In Oklahoma" and "Right Under My Nose" are new.

The little child star—appearing in her first picture—handles more than 2,000 words of dialogue.

Liam D. Shannon of Seattle, Washington, "who made a very interesting talk on some of his experiences. While District Governor, he flew 4000 miles to attend a meeting in Fairbanks, Alaska."

THE BIG FISHERMAN

Again the W. S. C. S. calls attention to the Silver-Tea to be given at the Methodist Church next Monday afternoon at 3:30 o'clock.

A feature of the program will be a book review by Mrs. Fred B. Hegl, who will review the current, popular production entitled "The Big Fisherman," written by Lloyd C. Douglas. You will enjoy it.

REDWINE H. D. CLUB NEWS

The Redwine H. D. Club met on April 7 in the home of Mrs. G. C. Watson, with ten members and the H. D. Agent, Miss Hard present.

Reports from various committees were given and a talk, "The Care of Floor and Floor Coverings" was given by Miss Hard.

Refreshments of cookies and fruit punch were enjoyed by all.

The next meeting will be on May 5 in the home of Mrs. Arnold Miller. —Reporter.

The Navy's new 65,000-ton super-carrier is 1,900 feet long.

MIDWAY H. D. CLUB NEWS

The Midway Home Demonstration Club met in the home of Mrs. James Clayton on April 5.

Members present included Mesdames R. L. Littlepage, Cleve Littlepage, Welch Flippin, Howard Draper and James Clayton. Mrs. S. M. Clayton Sr. of O'Donnell was a guest. —Reporter.

DOUTHITS VISIT IN EL PASO

Mr. and Mrs. Henry Douthitt recently spent several days with their son Corbin and family in El Paso. He is now office manager for the seven Furr Food Stores in that city. Corbin recently completed a new three-bedroom brick home just outside the city limits.

CHILD GUIDANCE CLUB TO HAVE GUEST SPEAKER

Members of the Child Guidance Club will have as guest speaker for their next meeting on Monday night, April 18, Mr. E. Esten Day, Counselor for the Vocational Rehabilitation Division of the State Department of Public Health at Lubbock.

Mr. Day will show the film "Comeback" in addition to giving a resume of the work that his Division is accomplishing with the handicapped persons in this area.

The meeting will be held in the School Cafeteria and all members are expected to bring their husbands and some other guest.

Navy Aerobee rockets launched from the USS Norton Sound will measure cosmic rays 78 miles above the earth.

A Navy carrier task group can greet an attacking plane with more than 6,000 shells per second.

MIXING OIL AND WATER

Lon Strain of Colorado City, brother of L. R. Strain of New Home and a long-time friend of the editor, dropped into the News office Tuesday for a brief call and the editor kept him for nearly an hour answering questions and relating incidents of the past. The Strain brothers have a lot of land and a lot of oil down at Colorado City, and now they are hoping to get a lot of water. The City is building a big dam across Morgan Creek, one of the main tributaries of the Colorado River.

MILLIKENS VISIT AT CARLSBAD

Mr. and Mrs. G. R. Milliken and Miss Robbie visited their daughter and sister, Mrs. W. C. Mathis Jr. and her family at Carlsbad, New Mexico, Sunday.

They found that Mr. and Mrs. Mathis' oldest son Don Mack was ill and that the trouble had been diagnosed as rheumatic fever.

This Man Favors A 'Dickle' Cup Of Good Coffee

NEW YORK. — Edward Walsh Mehren is going to Washington with an idea he says will save the public \$ billion dollars a year.

The billions of dollars savings estimate comes from Mehren's figures showing Americans drank 25 billion cups of nickel coffee in 1939. Today that coffee ranges up in price to a dime. Drinking nickel coffee would save 625 million dollars a year, he says. It is the same with other things.

He wants a dickle or maybe a jime.

That is, he wants the United States to make coins worth 2 1/2 cents, 7 1/2 cents, and 12 1/2 cents.

His friends suggested the coin halfway between a dime and a nickel be called a "dickle" or "jime" for jimey and dime. That would make the 2 1/2 cent piece a "pickle" for penny and nickel, or "jenny" for jimey and penny. The 12 1/2 cent coin of course would be a "bit," two bits being a quarter.

For nearly a year Mehren has been on his crusade for fractional coinage. Now the Beverly Hills, Calif., soft-drink manufacturer is heading directly for President Truman.

Mehren argues this way: America has only four coins worth a quarter or less. But Britain has six, and The Netherlands and Sweden each have seven coins worth a quarter or less.

With the addition of three new coins, the United States would have seven, too.

"They would be used for soft drinks, sales taxes, telephones, street car and bus tokens, magazines, newspapers and all other commodities and services that are too cheap at 5 cents, and too expensive at 10 cents," says Mehren.

"Everybody is for it," he said. "I've got hundreds of letters from all over the country. This is a thing America needs. The people want it. And I'm going to get a plank in both the Democratic and Republican platforms at Philadelphia calling for this currency reform."

"It will take a lot of silver. Western Senators would not oppose that. But then I also propose to abolish the silver dollar and half dollar.

"Nobody ever uses them any more."

Brother, can you spare a jime!

Blind Vet's Keen Hearing Averts Railroad Tragedy

BEAVER FALLS, PA.—The keen hearing of a blind marine veteran is credited with averting a railroad disaster near here.

If 22-year-old Jack George hadn't detected a broken rail on the bridge spanning the Beaver river, the crack Chicago-to-New York "Admiral" of the Pennsylvania railroad could have been derailed.

Jack and his father, Griffith W. George, a conductor for the Pittsburgh and Lake Erie, were sitting in their home about a block from the river.

Jack's ears, made acute by the loss of his sight four years ago on Guam, picked up the sound of the broken rail as a fast eastbound train crossed the span.

The father, leading his son, went to the bridge where a flashlight revealed a 12-inch break in the track.

They hurried home and telephoned the Pennsylvania dispatcher, who warned all trains to slow down when approaching the bridge so they could be switched to adjoining tracks.

Girl Shoes Angry Bull For Frightened Drivers

BARNSTABLE, MASS.—A 13-year-old girl caused considerable blushing among full-grown men when a belligerent bull tied up traffic on Route 6 for a half hour. Some drivers attempted to start a roundup, but they quickly returned to their automobiles when the bull began snorting.

Cars were lined up a mile before Dolly Van Duzen, 13, rode her horse up to the bull and dismounted. Waving her arms in the bull's face, she yelled "Scat." The bull did.

CARD OF THANKS

I want to thank the friends who visited me and offered help while I was in the Clinic, and especially do I thank Dr. Seale for his wonderful kindness and understanding. Thanks also to the nurses for the beautiful flowers and their many other kind deeds. May God bless them all.
Gene Riley.

Mr. and Mrs. Bill Strange Jr. had as their guests from last Wednesday until Sunday, Mr. and Mrs. H. K. Wright of Dallas and Mr. and Mrs. Robert Hall of Fort Worth. The former are Mrs. Strange's parents and the latter are her sister and her sister's husband.

CHILD GUIDANCE CLUB ENTERTAINS THE CHILDREN

The Child Guidance Club met on Friday afternoon, April 8, at 4:30 o'clock, in the home of Mrs. Everton Nevill with Mrs. Urban Brown as co-hostess.

Members brought their children as guests and treated them to an egg hunt.

Probably the high spot of the afternoon was the Easter Bonnet contest. Mrs. Alton Cain won first place with her creation. There were many original creations, enough to make hat designers green with envy.

The house was beautifully decorated in the Easter theme, centered in the dining room, with the dining table fashioned into a huge yellow Easter Basket.

Beautifully decorated cakes were served with fruit punch to thirteen members and two guests besides the twenty children. Those present were: Miss Lola McWhirter, Mrs. Paul Cox and children, guests; and Mrs. Maurice Huffaker and son, Mrs. V. F. Jones and daughter, Mrs. Fred Hegi and sons, Mrs. Alton Cain and daughter with a little guest, Larry Price; Mrs. Urban Brown and daughter, Mrs. Felix Jones and children, Mrs. E. L. Jetter and children, Mrs. Ivan McWhirter and son, Mrs. Charles Nelms and daughters, Mrs. Roy Hicks and son, Mrs. Roland Clem and son, Mrs. W. H. Kenney and son, and Mrs. Everton Nevill and Sheryl Ann.—Reporter.

WILD WOMEN

The wild women driver stories that have been circulated for years have been traced back to 205 B.C. when it is reported the Romans were battling with a traffic problem that led them to pass a law prohibiting women from driving Chariots. The Roman ladies became infuriated and started a protest lasting 20 years, culminating in 180 B. C. when they stormed the Capitol and rough-housed the senators. The women regained the right to drive.

Mr and Mrs. E. J. Cooper, Mr. and Mrs. Alton Cain and children, and Mr. and Mrs. Clinton Hamilton visited their son and brother, Noel Cooper and his wife at Lamesa Sunday.

THE PASSION PLAY

Probably less than a hundred people saw the most recent if not the only motion picture version of The Passion Play based on the famous Oberammergau production which was shown in the High School auditorium here last Friday night. It was a most interesting and highly educational presentation of the world's greatest story, the Life of Christ. One is convinced, however, that it would have been much more effective if presented as a talking motion picture. But even so, it merited a much larger patronage than it received. Grand in its conception, its theme, and its presentation, it is a production of far greater educational, moral, and spiritual value than any of the other pictures that are being currently shown in the theatres of our country.

As fine as it was, however, it proved the impossibility of presenting Biblical pictures involving controversial interpretations of the Scriptures without displeasing great numbers, even millions, of sincere Christians. It had the effect therefore of emphasizing the correctness and the wisdom of that great principle of the Separation of Church and State contained in the First Amendment to our Federal Constitution and of our adherence to it through all the succeeding years. A picture like the Passion Play, for instance, could not be introduced into our public schools as an educational feature without causing great dissension among our religious

denominations, for it presents interpretations of the Scriptures that are highly controversial; and the Jews would doubtless object on the grounds that the whole story conflicts with their religious beliefs.

So, we must hew to the line in this country in maintaining complete separation of Church and State. And whenever any particular denomination undertakes to undermine this principle as one of the foundations of our government, it must be stopped unceremoniously in its baleful and un-American efforts.

In this connection, it might be pointed out that churches in this country, and especially religious denominations—by which we mean groups of churches associated together in the teaching and promotion of their distinctive doctrines—should open their eyes and see the marvelous possibilities of presenting the gospel message and other Bible truths, by means of motion pictures, to their children and to the people at large. This can be done in much larger measures than it is being done at the present time. Visual education, in our opinion, is just as important and as effectual in presenting Biblical and spiritual truths as is visual education in the public schools or elsewhere in presenting secular knowledge.

A bill is pending in Congress and is being sponsored by Democratic leaders, providing for the construction of more than 800,000 public housing units within the next six years to provide decent living quarters for millions of people now living in crowded and unsanitary tenements. Up bobbed Senator Bricker of Ohio Sunday and announced that he would offer an amendment to the bill "which would prohibit any discrimination on the basis of race, creed, or color in the renting of public housing." In other words, he would prohibit any sort of race segregation. His amendment would bring about a mixing of the races—Italians, Russians, Slovaks, Mexicans, Negroes, Chinese, Japs, and what-have-you, all in one conglomerated mess. We think that would be a mistake. We believe that the races would fare better and be better pleased if they were segregated racially, Italians in one section, Russians in another, Chinese in another and so on through the list. Some mixing might be permissible but should be discouraged. Each race could largely govern itself, and would probably have better local government than they would have if all mixed up. We wonder if Senator Bricker himself would like to live in a section made up indiscriminately of Whites like himself, Chinese, Italians, Negroes, Mexicans, and various other races. If he prefers a community like that, he can probably find one somewhere in Ohio.

The accident that befell little Kathy Fiscus in San Marino California, last Friday demonstrated the fact that the people of the United States are an intensely sympathetic people. All the Nation stood with heads bowed and a silent prayer in

their hearts that the little girl would be rescued when news swept the country that she had fallen in, to the casing of a well only 14 inches in diameter but many feet deep. In the meantime, men were working like fury trying to locate the body and to rescue the child if still alive. Unfortunately the child was dead and had been dead many hours when found and brought from the well early Sunday night, and then a wave of sorrow swept the nation. That is all very fine, but isn't it strange that a people with so much sympathy will show so little concern in protecting children from threatened danger. We often stand by very indifferent when the health, the morals, and the very lives of little children by the thousands are being threatened continually by the slums, the low dives, and the very cess-pools of hell that surround them and in the midst of which they are being brought up.

AGREED!

Here is a clipping from Ernest Joiner's column in the Ralls Banner, which he publishes. He and the News editor see eye to eye on this Federal Aid for the Public School proposal. It means the eventual Federalization of our public schools, for the fellow who furnishes the funds is the fellow who will pull the strings. Good Old Uncle Sam will not furnish the "aid" long without prescribing the conditions—without saying how and where and upon what terms the money shall be spent. And there is where the so-called "civil rights" advocates will do their stuff. And there is also where the Parochial Schools will also get in their work—for Uncle Sam seeks to please just about every powerful pressure group with some sort of hand-out. The News may be wrong, but we have heretofore expressed our opposition to these Federal Aid schemes many times. But listen to Ernest Joiner.—

"A brand new orchid to Editor: E. I. Hill of the Lynn County News

for his editorial blast at a \$300,000,000 federal grant to aid schools in the 48 states. The bill sounds good on the surface, until one looks into the "sneakers" in the proposed bill. The funds are to be allocated to states, the latter spending the money as they see fit. This means that in some states federal tax money will be used to finance parochial schools, thus breaking

down the constitutional safeguard for complete separation of church and state. It offers a beautiful way of withholding funds from states refusing to comply with non-segregation principles. No stones are being left unturned in a gigantic pressure movement to cut parochial schools in on the public treasury. It is already being done in New Jersey. The bill has been intro-

duced in the Texas Legislature on several occasions, and it may come up in the current session. That bill would take tax money and divert it to the use of church schools. Writers of the Constitution, fresh from religious persecution, evidently knew more of the dangers of church-state alliance than we in this allegedly enlightened era.—The Ralls Banner.

Your first thrill is seeing it...
Your greatest thrill is driving it!

The Styline De Luxe 2-Door Sedan
White shown here optional at extra cost.

The most Beautiful BUY of all
now made even more attractive by new lower prices!

The most Beautiful BUY for Styling. Yes, it has smoother, smarter lines—front, top, side and rear! Add to this the glowing color harmonies, the luxurious fittings and fabrics of its Bodies by Fisher, and you'll understand why people call Chevrolet the most beautiful of cars.

The most Beautiful BUY for Driving and Riding Ease—with new Center-Point Design. This great 4-way engineering advance—including Center-Point Steering, Center-Point Seating, Lower Center of Gravity without loss of road clearance, and Center-Point Rear Suspension—brings you a brand new kind of driving and riding ease exclusive to Chevrolet and higher-priced cars.

The most Beautiful BUY for Performance with Economy. You'll get the biggest "triple-thrill" in motoring out of seeing, driving, and saving money with this new Chevrolet—the most beautiful buy of all—now available at new lower prices!

And, while you'll naturally be happy to know it's the beauty-leader, we believe you'll get your greatest thrill out of driving it. You'll experience amazing new handling ease and riding ease, thrilling acceleration, and outstanding hill-climbing ability—plus typical Chevrolet economy. For here's the only low-priced car with a world's champion Valve-In-Head engine—of the type now being used on more and more higher-priced automobiles.

Give yourself and your family the biggest "triple-thrill" in motoring—see, drive and save with Chevrolet—the most beautiful buy of all!

The most Beautiful BUY for Comfort. Enjoy the lounging restfulness of a Super-Size Interior with extra-wide "Five-Foot Seats," extra-generous head, leg and elbowroom, and the advanced heating and ventilating system of a "car that breathes." (Heater and defroster optional at extra cost.)

The most Beautiful BUY for All-Round Safety. Featuring: (1) Certi-Safe Brakes with "Dubi-Life" rivetless brake linings (2) Extra-Strong Fisher Unisteel Body (3) Panoramic Visibility (4) Safety Plate Glass in all windows, and (5) the super-safe Unitized Knee-Action Ride.

ELDERLY FOLKS HAVE DINNER PARTY

Mrs. Howard Draper of the Midway community reports that on Thursday of last week she enter-

tained at dinner Minister S. A. Ribble, who was here doing the preaching in the revival services at the Church of Christ, together with ten other elderly people; and that

Price of House Regulators is up 55%

A West Texas Gas Company service man completes a new meter and house regulator installation.

Yet Natural Gas Service Remains At the Same Low Pre-War Prices

Regulators are but one item. Everything behind your natural gas service has increased in price.

Like everything else, gas is more expensive to produce, more expensive to deliver to your home and business, but not one cent of this increased cost has been passed on to you.

The price of the meter, to which the house regulator is attached, is 105% higher than the meters purchased by West Texas Gas Company in 1940.

In face of the increased costs of regulators, meters, steel pipe, wages and other items... natural gas service for your home and business is still furnished you at 1940 prices!

West Texas Gas Company

HELPING BUILD WEST TEXAS SINCE 1927

the combined ages of the eleven mounted to 797 years and 6 months, an average of 72 years and 6 months per person. She regarded that as somewhat remarkable.

The eleven elderly persons were, the Minister and Mrs. S. A. Ribble, Mrs. Draper's parents, Mr. and Mrs. I. M. Draper, Mr. and Mrs. D. A. Stevens, Mr. and Mrs. A. L. Salisbury, Mrs. Alice Reed, Mrs. G. W. Forsythe, and Mrs. L. C. Johnson.

Mrs. Fred McGinty and daughter Montie Ruth were also present; but neither they nor the hostess, Mr. and Mrs. Howard Draper, figured in the age computation.

The News is confident, however that any one of the so-called "elderly" members of the party could inform Mrs. Draper that they are not elderly. We know a lot of young folks who have been here more than 72 years.

"BARNEY" DWIGHT'S BROTHER ASSAULTED AND ROBBED

"Barney" Dwight has a brother who lives in Shawnee, Oklahoma, and runs a fruit stand there. He received a clipping from a Shawnee newspaper early this week giving an account of an assault upon and robbery of his brother by a "customer" a few nights ago.

The brother is E. A. Dwight, 65, and when he turned to wait on the customer, the latter struck him with a beer bottle and then proceeded to beat him up terribly. Taking Dwight's billfold and \$60 from him, the robber made his get-away but was afterwards arrested and jailed. Investigation revealed that he was an ex-convict.

Dwight was taken to a hospital where his wounds were treated, about 15 stitches being taken to close the wounds. He had been a resident of Shawnee for 25 years and had been operating the fruit stand for six years.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to all those who were so kind during the illness and death of our dear mother; for each kind word and deed, for the beautiful flowers, and for the food served; also to Dr. Prohl and his nurses for their wonderful services. May God bless you all in our prayer.—The Ramsey family.

A fast carrier task group of World War II could throw 200 tons of metal a minute at attacking aircraft.

RECRUITER TO BE HERE

L. Carter from the instructor's Office of the Organized Reserve Corps, Lubbock, Texas, will be in Tahoka on Friday, April 22, 1949 at the Courthouse between the hours of 9:00 and 10:30 a. m. for the purpose of re-enlisting and enlisting men in the Enlisted Reserve Program. Former enlisted men in the ORC and men who have never been members of the ORC should take advantage of the benefits offered in this program, such as building up longevity, working for a Commission, attending Service schools with full pay. A Reserve may retain his grade held at time of discharge, may work for promotion, earn retirement points and may not be called to active duty without his consent, except by order of the President or Congress.

Anyone desiring further information in regard to this program and its benefits should be at the above named place and time, or write the Instructor's Office, ORC, Lubbock, Texas.

CARD OF THANKS

We appreciate very much the kindness and sympathy shown by our many friends during the funeral of our loved one, F/O C. B. "Boots" King. We thank the American Legion, the V. F. W., all who sent food and the lovely flowers, and all who rendered special services. May God bless you all. Judy Carol King, the brothers and sisters of C. B. King, J. W. Lowrey and family, Uncle Jake King.

"PERFORMANCE of my new 145-H.P. Ford F-7 BIG JOB equals trucks of twice the G.V.W. rating"

OVER ALL TYPES of roads, the performance of my new 145-horsepower Ford F-7 BIG JOB equals that of trucks with double the G.V.W. rating of the F-7," reports George F. Kidd who hauls for the Frozen Food Express of Dallas, Texas. "The economy of operation is more outstanding with an average of 7 miles to the gallon of gas. My Ford Truck has proven that it is really 'Bonus Built.'"

Mr. Kidd is but one of many Ford BIG JOB enthusiasts. Thousands of others are profiting from gas economy unusual in the big truck field . . . from an ability to carry gross loads of 50,000 lbs. and more on tandem-axle semi's . . . from power that makes the BIG JOB the king of the hills. Come in and get the facts on any one of over 139 Ford Bonus Built Truck models for '49, built extra strong to last longer.

Ford Model F-7 BIG JOB shown has a Gross Combination Weight rating of 35,000 lbs. as a tractor, Gross Vehicle Weight rating of 19,000 lbs.

V. F. W. AUXILIARY ANNOUNCE REGULAR MEETING
On Monday night, April 18, at 7:30 o'clock, there will be a regular meeting of the V. F. W. Auxiliary in the Old Red Cross building.

All members and all others eligible—wives, mothers, sisters, and daughters of Service men and women—are given a special invitation. Business at this meeting will include the election of officers and other general business matters. Refreshments will be served.—Reporter.

Naval personnel will wear through more than 1,025,000 pairs of shoes during 1949.

Nearly 9000 Naval Reservists will have completed Atlantic training cruises this spring.

STOPS VIOLATORS
Yugoslavia speed cops are reported to have a novel way of punishing speeding motorists. Instead of giving the speeder a ticket, they let the air out of his or her tires. The labor of reinflating them is reported to be an excellent cure for speeding.

John Stanley received news Monday that his father D. H. Stanley of Grandview, who lived here for a number of years, was stricken with a severe heart attack last Sunday and that his condition was serious. They planned to go to see him if his condition did not improve.

New-Born Babies Make Adults Look Like Pampered Sissies

CHICAGO.—New-born babies are tiny but tough, and in many ways, make adults stack up like sissies. Dr. Clement Andrew Smith, assistant professor of pediatrics at Harvard Medical school, listed these among baby's strong points:

Babies have been known to go five, ten and even as long as fourteen minutes without breathing immediately after birth.

The body temperatures of babies exposed to chilling or covered by too many blankets have ranged from less than 90 to 102 degrees.

These changes in internal temperature will not do the baby any particular good, but on the other hand neither do they signify as much harm as they might in an adult, he said.

Babies apparently have more water in their bodies at birth than after. For this reason it is sometimes considered wise not to feed them for two to five days after birth. This is especially true of premature infants.

Baby also has disadvantages, too, the first being his small size. A baby has proportionately a much larger surface area than an adult. This causes a heavy loss of body heat. To make up for this an infant must breathe faster and his heart beats faster.

New Chemicals Aid Britain In Great 'Battle for Food'

A "war" factory is working full blast in the weald of Kent, the "garden of England" about 40 miles southeast of London.

Day and night shifts keep the plant going at full speed. The factory is manufacturing deadly weapons to be thrown into a worldwide battle against man's oldest enemy. Ammunition for this fight is a series of powerful, newly discovered weed killers and insecticides.

Manufacture of chemicals for plant protection is one of Britain's newest industries. Besides supplying urgent home needs, one-third of its production is already being exported — to the United States, Canada, South America, Europe, Africa and India.

But unlike most British industries today, exports are not the No. one priority in this industry. The more food Britain can grow on home soil, the less she need draw from dollar sources. An example of how vital these chemicals are in the Battle of Food is the fact that one of them — an insecticide to deal with worms — has swelled yields of wheat by as much as 30 per cent.

The plant set amid the orchards of Kent is a formulating factory. Basic chemicals are manufactured at large chemical plants in other parts of Britain and shipped here to be "wrapped up."

Technicians dilute the formulas or mix them with fillers like Fuller's Earth, china clay, sulphur or ground limestone, so that farmers can use them safely.

Mrs. A. A. Lawson of Grassland recently returned from Lufkin down in deep east Texas, where she had a long visit with her daughter, Mrs. Lewis Ward, who teaches there. Then she visited her aged mother, Mrs. Naomi Smith at Wichita Falls. Mrs. Smith is only 96 and enjoys remarkable health for one of her age.

A total of 35,000 men were involved in the Navy's largest peacetime maneuvers.

LIVING COSTS

A wool overcoat costs \$40.00 while a wooden one costs \$400.00 or more. A taxi to the theatre costs \$1.00 for a round trip, but a ride to the cemetery takes \$10.00 for a one way fare. You save money staying alive and it's easy—Drive Carefully.

USS United States, the Navy's supercarrier, will be able to accommodate planes weighing well over 100,000 pounds.

Senator Corbin Is Called 'Lone Wolf'

Austin, Texas, April 7.—A new Dealer who thinks he's pretty much of a lone wolf in the Texas Senate is the new spokesman for the big South Plains and West Texas District of cotton, cattle, wheat and oil.

He's Senator Kilmer B. Corbin of Lamesa. This tall, thin brunet is only 29. This is his first term in the Legislature. During the four years he'll represent the vast 24-county district that cuts a swath through the state in the South Panhandle, just below it and into West Texas.

This is the land of big ranches, irrigated and dry land farms, Lubbock is the city in the district, Texas Tech the big state school and the state hospital at Big Spring the chief eleemosynary institution.

Wants Taxes

Senator Corbin counts himself a New Dealer. And he adds, "I'd be more at home in the House with my political ideas than I am in the Senate." He doubts that there's anyone else in the Senate who shares his theories all the way.

"I'm for more taxes to give more services," Senator Corbin said. "The taxes would be on natural resources."

By the time Corbin was in the second grade in a country school in Dawson County, he knew he liked to make speeches. So he reasoned that he should become a lawyer. But probably the thing that turned him up the road to the Capitol was a state declamation contest in which he won the second prize. Then he was in Lamesa High School.

"In those days I thought all lawyers did was talk," Corbin said.

When he graduated from Lamesa High School, he went to Texas Tech to study pre-law. Then later at the University of Texas he entered Law School in 1939.

He married a girl he knew in school in Lamesa and decided to drop out of law school to teach. Corbin was one of three teachers in a 1932 country school near Lamesa. There he turned his interest to coaching boys and girls for debate and declamation contests.

And in 1942 he decided to run for county judge. He was elected and served continuously until 1948. By then he knew enough people in the district to get elected Senator on his first state race.

Water is the big legislative con-

cern of Senator Corbin. For water is the big economic need of the people he represents.

"The Legislature can't make it rain," the new Senator said. "But we can help protect the water that the people do have."

Corbin's idea of the best way to do that is to leave things alone. He's leary of proposals now before the Legislature to regulate water. One such measure would completely revise present surface water rights, cancel unused rights and reissue new rights through an enlarged state board.

Another water issue which Senator Corbin looks at favorably is a bill to set up water districts for underground water rights. Now there's no law controlling underground water except the principle that it belongs to the person who owns the land, he said.

If the surface water rights bill gets out of the committee where it now is, Senator Corbin is ready to put an amendment on it that would protect the water rights of West Texas cities. The West Texas Chamber of Commerce asked his help on it.

Corbin is cosigner with Senator Walter Tynan of San Antonio on the controversial basic science bill in the Senate.

The self-styled liberal Senator also believes in lifting the ceiling on old-age assistance. He wants bigger appropriations for eleemosynary institutions.

Personally he's sponsoring a bill

STATED MEETINGS of Tahoka Lodge No. 104) the first Tuesday night in each month at 8:30. Members urged to attend. Visitors welcome.

BUEL DRAPER, W. M.
H. G. HODGES, Secretary.

to set up a state distribution system for the school lunch program in co-operation with the federal plan. It carries a \$412,400 appropriation and so far hasn't gotten out of the finance committee. The Department of Public Welfare would administer the program.

Farm Man

The Senator also introduced a bill to let private persons take over the county hospitals in counties which can not support them.

"I'm for the people because I'm one of them," Corbin said. "I've lived on a farm most of my life like most of the people I represent."

Senator and Mrs. Corbin have three children, Barry, 8; Blaine, 5; and Jane, 4. They are living in Austin during the session.

A recent check of Naval aircraft engines "canned" at the end of the war showed them to be in perfect condition.

Navy planes flew 1,804,200 pounds of hay and emergency supplies to stricken farmers and Indians during Operation Snowbound.

The Navy has developed a communications robot capable of originating and sending 60 simultaneous messages.

Do you tell time by Baby?

At his feeding times, yes. He sounds off on the dot when a meal's due. But the rest of your day, you're wise to depend on electric clocks.

With a baby in the house, it's surprising how much you depend on electric service — to prepare and refrigerate his food, heat water for his bath and laundry, wash his clothes, and so on.

Of course, you depend on electricity to help take the work out of your housework too. Always ready, it lends a willing hand with heavy chores, provides comfort, ease and even entertainment. And best of all, you can depend on its economy — for what other item in your budget does so much for so little?

Your friends and neighbors in this company — under sound business management — are continually using their technical skill and practical experience to keep electricity the biggest bargain in that budget of yours. You can depend on that too!
