

55 POLIO CASES REPORTED IN STATE

Austin, Texas, May 4.— During the first seventeen weeks of 1948 there were 55 cases of poliomyelitis reported to the State Health Department while in this same period for 1949, there have been 142 cases reported from different sections of the State, according to Dr. Geo. W. Cox, State Health Officer. Seven cases were reported in the past week with three from one county.

"Poliomyelitis is one of the most dreaded of all diseases," Dr. Cox said, "and justly so. It is more often a crippler than a killer, but in either case it takes a heavy toll among young Texas citizens, and is a health menace against which our children should be carefully guarded."

"Immaculate cleanliness of person and homes is urged as a precautionary measure against polio, and community hygiene assumes a place of major importance when the disease makes its appearance. Clean communities, clean homes, and strict personal hygiene, all play a part in helping to prevent the spread of diseases and Dr. Cox advises close inspection of home screens for keeping flies, and unremitting efforts in rodent control, and the extermination of roaches.

"Until it is definitely understood just how polio is transmitted, it is well to guard against all household pests and eliminate all insanitary conditions," Dr. Cox said. "We do not know with certainty how polio may be spread, and filth, which affords a breeding place for germs, should not be tolerated."

Mrs. M. V. Hodge and son Millburn of Hobbs, New Mexico, were visitors here Sunday in the home of her parents, Mr. and Mrs. T. B. Burroughs.

NOTICE OF EXECUTION SALE

STATE OF TEXAS: COUNTY OF LYNN:

By virtue of an execution issued out of the 72nd District Court of Lubbock County, Texas, on a judgment rendered in said Court on the 7th day of March, A. D. 1949, in favor of Franklin D. Brown and against Wayne Chandler in the case of Franklin D. Brown vs. Wayne Chandler, No. 16523 on the docket of said Court, I did, on the 26th day of April, A. D. 1949, at 2 o'clock P. M., levy upon the following described tracts and parcels of land, situate in the County of Lynn, State of Texas, as the property of the said Wayne Chandler, to-wit:

An undivided 1/32 interest in and to all of the oil, gas and other minerals, in and under and which may be produced from the following described tracts and parcels of land situate in Lynn County, Texas, described as follows, to-wit:

- First Tract: South one-half (S 1/2) of Section 11, Block 9, Cert. 521, H. E. & W. T. Ry. Co. Survey, containing 320 acres, more or less.
- Second Tract: All of Section 27, Certificate 524, H. E. & W. T. Ry. Co. Survey, containing 640 acres, more or less.
- Third Tract: All of Section 28, Certificate 524, H. E. & W. T. Ry. Co. Survey, containing 640 acres, more or less.
- Fourth Tract: All of Section 29, Certificate 70, L. & S. V. Ry. Co. Survey, containing 640 acres, more or less.
- Fifth Tract: All of Section 30, Certificate 70, L. & S. V. Ry. Co. Survey, containing 640 acres, more or less.
- Sixth Tract: The N. E. 1/4 of Section 55, Certificate 38, G. R. R. Co. Survey, containing 160 acres, more or less.
- Seventh Tract: All of Section 19, Certificate 184, D. & S. E. Ry. Co. Survey, containing 472.6 acres, more or less.
- Eighth Tract: All of Section 150, Certificate 86, G. R. R. Survey, containing 640 acres, more or less.
- Ninth Tract: S. 1/2 Section 202, Certificate 36, G. R. R. Survey, containing 320 acres more or less.
- Tenth Tract: N. E. 1/4 Section 391, Block 5, Certificate 506, Abstract 90, T. T. R. R. Co. Survey, containing 161.4 acres more or less.
- Eleventh Tract: All of Section 155, Certificate No. 31, G. R. R. Survey, containing 640 acres more or less.
- Twelfth Tract: All of the South 160 acres of the South one half of Section 18, Abst. No. 993, Block 477, H. E. & W. T. R. R. Co. Survey.

Also all of the right, title and interest of the said Wayne Chandler in and to a certain lease contract dated January 26th, 1940, recorded in Vol. 72 page 525 of the deed records of Lynn County, Texas, to Wayne Chandler and J. Q. Adams by C. O. Edwards, Mollie C. Edwards and Crawford O. Edwards, covering approximately 70,000 acres of land known and described as the T-Bar Ranch in Lynn County, Texas, AND on the 7th day of June, A. D. 1949, being the First Tuesday in said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Courthouse door in Tahoka, Lynn County, Texas, I will offer for sale and sell at public auction for cash, all the right, title and interest of the said Wayne Chandler in and to said property.

Dated at Tahoka, Texas, this 26th day of April, A. D. 1949.
Roland W. Clem, Sheriff, Lynn County, Texas. 31-31c

Mr. and Mrs. J. E. Mayberry and daughter, Miss Clara Jean Scruggs, left last Friday for Morning Star, Arkansas, where they expect to make their home. Morning Star is near Hot Springs.

NOTICE TO BIDDERS

STATE OF TEXAS: COUNTY OF LYNN:

Pursuant to an order of the City Council of Tahoka, Texas, passed on the 19th day of April, 1949, Notice is hereby given as required by Art. 5400A, of the Revised Civil Statutes of Texas, that at 10:00 A. M., on the 14th day of May, 1949, at a meeting of the City Council, in the City Hall, at Tahoka, Texas, bids will be received for the leasing for oil, gas and other mineral purposes, of the following described land owned by the City of Tahoka, and located in Lynn County, Texas, to-wit:

TRACT ONE—200 acres out of SW corner of Section 509, Block 1, E. L. & R. R. Co. survey, described by metes and bounds as follows: Beginning at the SW corner of said Section 509; Thence N 80.3 varas; Thence E 1358 varas to a point in the West line of P. & S. F. R. R. Co. right of way; Thence S 14 deg 24' W along said right of way line, 939 varas to a point in the South line of Section 509; Thence W 1125 varas to the place of beginning.

TRACT TWO—The South 40 acres of the West 200 acres of the E 1/2 of Section 488, Block 1, E. L. & R. R. Co. survey, described by metes and bounds as follows: Beginning at the SW corner of said E 1/2 of Section 488; Thence E 594 varas; Thence N 380 varas; Thence S 380 varas to the place of beginning.

such bids will be received for a ten year primary term Texas Commercial Revised 88 lease covering the above described property, providing for the usual 1/8th royalty and for delay rental payments in lieu of drilling operations of One Hundred Twenty and No/100 Dollars (\$120-

00) annually. Said lease will be awarded to the highest and best bidder submitting a bid therefor, provided that if the highest and best bid submitted does not represent the fair value of such lease, the City Council, at its discretion, may reject same.

GIVEN under my hand and seal of office, on the 19th day of April, 1949.
K.R. Durham, Mayor. 29-31c

CARD OF THANKS

We wish to thank the many friends for the sympathy and many kindnesses shown us during the illness and upon the death of our beloved companion and mother. We shall ever remember and cherish

these kind expressions and deeds. — G. H. Spears and sons.

Division 3-23 of Brooklyn, N. Y., won the 1948 Naval Reserve trophy as the best submarine training unit in the United States.

SPECIAL MOTHER'S DAY SERVICE SUNDAY

The choir of the First Baptist Church under the direction of Brother Sheldon Russell will present special music Sunday. The pastor will speak Sunday morning on "Mother's God." There will be other special features of the service Sunday morning which will climax the Christian Home Week which has been given emphasis this week at the First Baptist Church. In honor of Mother and her God a large number of people should be in attendance at these special services Sunday.

The pastor's subject Sunday night will be, "Establishing and Building Christian Homes."

In the absence of the pastor last Sunday, the pulpit was filled at both the morning and the evening hours by Rev. George Lamberts, a native of Latvia, whose little country in Northern Europe was overrun and subjugated by Communist Russia. He gave much valuable information respecting the purpose of the Communists to utterly destroy Christianity, but found it a little difficult to speak English well enough to be thoroughly understood by the congregation. Mrs. Lamberts joined with him in singing two or three Christian hymns as they are sung in their native country.

WOMEN'S ARMY CORPS TO CELEBRATE SEVENTH ANNIVERSARY

May 14, 1949, will mark the seventh anniversary of the Women's Army Corps. Sgt. A. W. Carnes, in charge of the U. S. Army and U. S. Air Force Recruiting Station at the Courthouse, Brownfield, stated here today.

"The Corps originally created as the Women's Army Auxiliary Corps on May 14, 1942, became part of the Army of the United States on July 1, 1943," said Sgt. Carnes. "It was established as a permanent part of the Regular Army and Organized Reserve Corps on June 12, 1948, when Public Law 625, 80th Congress, was signed by President Truman."

In keeping with this seventh anniversary, there will be a reunion for all former service women in the Hilton Hotel in Albuquerque, New Mexico, May 14, 1949.

All former SPARS, Nurses, WAVES, WACS and WAFS, who are interested should contact S/Sgt. Mary A. Chavez of the Albuquerque Recruiting Main Station in the Rosenwald Building, 320 West Central Avenue, Albuquerque, for reservations.

Congratulations:

To Mr. and Mrs. Harold Burkhalter of Lubbock on the birth of a daughter last Friday morning in the Plains Hospital, Lubbock. She has been named Sherry. Mr. and Mrs. Roy Nettles of Lakeview are grand-parents. Roy was in Tahoka Tuesday walking on air. Sherry was the second grand-child which he and Mrs. Nettles had acquired within a week. The News reported last week the birth of a son on Monday to Mr. and Mrs. Leonard H. Nettles, their son and daughter-in-law. On Friday of the same week came this little grand-daughter. Grand-pa and Grand-ma Nettles will likely be a busy couple for the next few weeks.

Robinson Ready-To-Wear

For Men Only!

Ladies Do Not Read!

DO YOU WANT A NEW SUIT ?

Friend of mine, it's about time we of the Nobler Sex (inasmuch as we always let our wives have their way) cast our lot together. It's sad but true that the feminine sex always outdresses the male. True, because they are always buying a new dress or suit. Seems that the cleaner failed to get her practically new dress clean, or a moth or a silverfish had a good long feast in a noticeable place. With the following information, we will show you how you can buy that new suit for yourself. However, it's up to you to use your own technique in managing for it.

Here is the low-down: First let's look into this cleaning problem. If only the cleaner would get those unsightly spots out of your clothes this would save buying the Missus a new dress. Right: But, still most cleaners are affiliated with the National Cleaners & Dyers Ass'n., from whom they receive the latest information on how to remove, if possible, all spots. Like all businesses, cleaners keep in touch with these cleaning specialists in order to please their customers.

Most spots can be removed if given PROMPT attention by an efficient cleaner. Notice, prompt is underlined, because promptness may save further damage to materials and also starve a mean old moth or silverfish. Did you know it is very seldom if ever that a clean garment is damaged by a moth or silverfish. By close examination of a moth eaten garment, you will find traces of a food spot around the edge of the hole. It is the custom of the mother moth to lay her eggs or larva on or near a source of food. When the larva hatches, it eats the food spot material and all! Bingo—you buy a new suit or dress (not for yourself, either). Then, on the contrary, the silverfish runs at random and eats faster and more than a dozen moth larva. So this brings us back to the word promptness again. Manage in some way to have the Missus fall clothes cleaned now and stored in airtight mothproof bags. At least, have hem cleaned.

Thus, all spots removed, not a spot to feed a moth, and before chemicals in food spots can react on these delicate synthetic materials. All spots removed, there will be no unsightly stains on any garment. Conclusion, you buy YOURSELF a new suit with the saving.

Think it over. The price of one good dress will pay the price of cleaning and mothproofing the whole family's wardrobe and your other pair of pants.

BROWN COUNTY REUNION ANNOUNCED
 All Residents of Brown county are cordially invited to attend the Brown county reunion, May 15, in

Lamesa at the Park, which is five blocks west of the school buildings, on highway 137. Luncheon at noon. Thank you. —Miss Ora Ellis, Plainview, Texas, Secretary.

CHILD GUIDANCE CLUB ELECTS OFFICERS

At the regular meeting of the Child Guidance Club Monday night in the R. E. A. Building, a most interesting and helpful discussion was given by Miss Martha Graves on the subject of Sex Education.

Miss Graves is head of the Home and Family Life division of the Home Economics Department of the Texas Tech.

Following her splendid discussion of this subject, the Club went into a business meeting and elected officers for the ensuing year. Those elected were: For President, Mrs. Joe Bob Billman; Vice-President, Mrs. Charles Nelms; Secretary, Treasurer, Mrs. Roland Clem.

The next meeting, May 16, will be with Mrs. Roland Clem, and will be the last for this year.

Drinks were served Monday night to seventeen members and twenty-one guests.

The guests were: Mesdames W. T. Havins, Clayton Lawrence, Arthur Biggerstaff, Otis Spears, B. L. Hatchell, Ross Smith, Welch Flippin, Otis Winborn, Happy Smith, John Witt, Helen Ellis, James Clintons, C. A. Holcomb Jr., Clint Sikes, Callo-way Huffaker, Joe Robinson, Truett Smith, Coy Fielder, Roger Bell, and Misses Lola McWhirter and Graham Hard.

Members present: Mesdames Alton Cain, Fred Hegl, Roy Hicks, Felix Jones, Fred McGinty, Ivern McWhirter, Charles Nelms, Everton Nevill, Maurice Huffaker, Charles Whitfield, G. H. Chestnut, Elmo Jeter, Joe Bob Billman, O. D. Jones, R. W. Clem, Neal Stanley, and W. H. Clem.

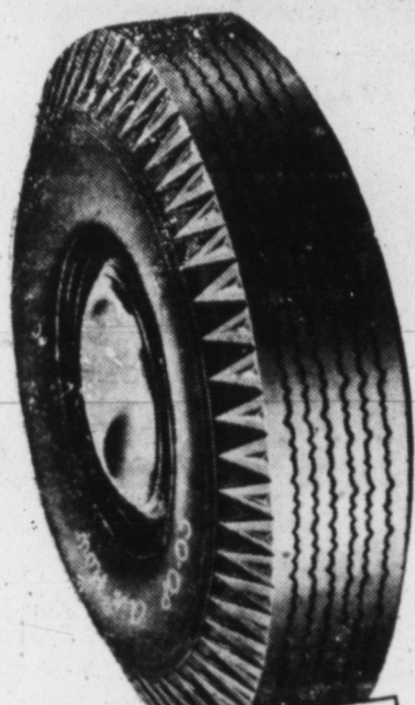

VACATION BIBLE SCHOOL

Plans are shaping up for a Vacation Bible School at the Baptist Church. The faculty is being selected and instruction of the faculty is being planned in prospect for the greatest Vacation Bible School in the history of the First Baptist Church. Splendid cooperation is being manifested. May 28 will be Preparation Day and the Vacation Bible School proper will start on May 30th at 8:00 o'clock A. M. and run until 11:00 A. M.

Mr. and Mrs. Harry McElfresh of Fort Worth left for their home Thursday after having spent a few days in this area visiting with her sister and brother-in-law, Mr. and Mrs. Cecil Bradshaw, who live near the line of Lynn and Lubbock counties. Mrs. McElfresh is better known here as Miss Lots Goad, being a daughter of Judge and Mrs. P. W. Goad, who lived in this county for years. Judge Goad serving a couple of terms as county judge.

ROTARY HOE Controls Weeds in the row

REDUCES HAND HOEING

Quoting Mr. D. L. Jones, superintendent, Texas A & M Experiment Station, Lubbock: "At present, this is practically the only tool that will control weeds in the drill row before close sweep cultivation is possible."

Here are some advantages of the rotary hoe:

1. Uproots weed seedlings in the row; allows topsoil to dry, preventing further weed growth.
2. Works best at high tractor speeds, without damage to cotton or corn plants—up to 60 acres per day.
3. Definitely stimulates young crops.
4. Breaks soil crust, helping crops to come up.

Allis-Chalmers rotary hoes are front-mounted, where you can watch them easily without turning your head. You can keep the teeth exactly on the row, getting rid of the weeds that cause the most trouble.

See us right away about an Allis-Chalmers Rotary Hoe for your farm.

WIGGINS INSTALLATION CEREMONIES TUESDAY
 Lubbock, May 3. —Dr. D. M. Wiggins becomes the fifth president of Texas Technological college. Tuesday, May 10.
 Formal installation ceremonies are to be conducted at Jones stadium, on the campus, in the evening following a full day of honors and courtesies for Dr. and Mrs. Wiggins. Forerunning the evening program is to be a luncheon meeting honoring Dr. and Mrs. Wiggins and attending as special guests will be the board of directors, membership, and the visiting delegates. Dr. William H. Cowley, professor of education from Stanford University is to be the featured speaker. Dr. Doak S. Campbell, president of Florida State university, will

make the inaugural address, and Charles Thompson of Colorado City, Texas, chairman of the college board of directors, will conduct the investiture service.
 When Dr. Wiggins came to Texas Tech in September, he took over the leadership of a student body which numbers almost 6,000. The first president, the late Dr. Paul Whitfield Horn, was over a student group numbering more than 1,000, principally from West Texas, who came that opening year of 1925.
 In the brief 23 years of the college's life, punctuated by war years which controlled much planned expansion, the college has accomplished much by way of improving both academic offerings and the plant facilities.
 Under the few months guidance

by Dr. Wiggins thus far some 48 new courses have been added already to the regular curriculum to be offered for the first time next year, 1949-1950. Also a 10-year master building program involving an expenditure of \$4,000,000, has been approved, and acquisition of Pan-Tex ordnance plant as part of Texas Tech has been realized.
 Dr. Wiggins, a long time resident of West Texas, went while a young boy to Canadian, where his parents established permanent residence. He was graduated from Goodnight college in 1917, and went immediately to Burk Burnett High School as principal and coach. After military service, he re-entered college this time going to Hardin-Simmons university where he took a bachelor of arts degree and was appointed principal and coach of Vernon High school.
 In 1920, he was graduated from Yale university with a master of arts degree, and in 1930, received his Ph. D. degree. In June, 1943, Hardin-Simmons university conferred on him an LL. D. degree.
 For ten years from 1925 to 1935, Dr. Wiggins was dean of students at Hardin-Simmons university. He went in 1935, to Texas College of Mines and Metallurgy at El Paso.
 Dr. Wiggins succeeds as president of Texas Tech Dr. W. M. Whyburn who resigned to join the faculty of the University of North

ENGAGEMENT ANNOUNCED
 Mrs. Mildred H. Lane, Carlsbad, New Mexico, announces the engagement of her daughter, Miss Leah Lane, to Mr. Truett Tyler, son of Mr. and Mrs. C. J. Tyler, O'Donnell, Texas. No date has been set for the wedding.
 Miss Lane, a graduate of Carlsbad High School, is a sophomore accounting major at McMurry College, Abilene, Texas.
 Mr. Tyler graduated from O'Donnell High School in 1942, and is now a senior industrial engineering student at Texas Technological College, Lubbock, Texas, where he is vice-president of the Tech Student Chapter of the American Institute of Industrial Engineers, and president of Sneed Hall.

V. F. W. AUXILIARY NEWS
 Our regular meeting on Monday night was held at the American Legion Hall for the purpose of installing officers.
 Our District President from Lubbock was here along with other members from the Lubbock Auxiliary for this year.
 We were also honored with the visit of two members of the Post Auxiliary.
 After the meeting was over refreshments were served to about 25 ladies. —Reporter.
 Mrs. John Medford of Avery, Red River county, was here last week visiting her sister-in-law, Mrs. Jim Banister. She also visited relatives in Lubbock and returned home last Friday.

Rotary Holds Ladies' Night

Last Thursday night was Ladies night for the Rotary Club, when wives of Rotarians were guests of honor at a delicious fried chicken dinner served in the school cafeteria.

Bill Strange Sr. was in charge of the program, the principal number on which was an enjoyable talk by Jack Sisco, former, head coach at North Texas State, Denton, but now a business man in Corsicana and president-elect of the Rotary club of that city.

Carroll T. Aly Jr. presented two musical numbers on the marimba-phon.

Lions Club Has Interesting Meet

Tahoka Lions met in their usual Den Tuesday night and enjoyed a Steak Supper served by Mrs. Murry and Mrs. Sparks, with Lion President Jack Alley Robinson presiding. After devouring the steak, the Lions were ready for the program of the evening with Lion Berry Fisher in charge. He entertained with a picture furnished by Douglas Finley, the M. M. dealer here. It was very good.

The picture was made in the beautiful Evangeline country down in Louisiana, where the scenery is gorgeous.

The Lions agreed that each would bring a pie to the Scouts' pie supper Friday night and to buy one to help the Scouts.

Lions, let's be present next Tuesday night. —Reporter.

C. E. WOODWORTH LEG BACK IN CAST

The leg of C. E. Woodworth which was broken early in January when he fell on the ice and which was kept in a cast for many weeks, was placed back in a cast Tuesday of this week to remain so encased for six more weeks.

The original cast was removed just four weeks ago, Tuesday, but a re-examination of the leg revealed that the broken bones had failed to knit together satisfactorily for lack of a sufficient amount of calcium in the blood.

Mr. Woodworth was down town in his car with his wife, however on Wednesday and enjoyed talking with friends. It is hoped that the injuries will now heal normally.

WARNING

County Commissioners are complaining that some farmers persist in running out onto the pavement on the farm to market roads with their plows to turn around at the end of the rows and of en do serious damage to the roads. The News is requested to give the warning that if this practice is continued, they intend to file complaint against every person so offending. Please stop it.

Fire Equipment Given Approval

At a meeting of the members of the Volunteer Fire Department at the station here Tuesday night, seventeen of the twenty members were present.

State Fire Inspector Horton of Lubbock was present and made a thorough inspection of both of Tahoka's fire trucks and all the fire-fighting equipment and found all of it in good condition, up to standard.

BELL COUNTY REUNION WILL BE HELD MAY 15TH

The Bell County Ex-residents Association of West Texas will hold its annual reunion with an all-day meeting at the Presbyterian Encampment Grounds, Buffalo Gap, Texas, Sunday, May 15th.

Come spend the day and bring a basket lunch, to be spread at noon after which will be election of officers and a good program.

All Bell county ex-residents, their families and guests are welcome. — C. J. Glover, President; Florence French Clifton, Secretary.

MRS. SHAFFER VISITS AT MADISONVILLE

Mrs. G. C. Schaffer left Sunday for Madisonville, to spend about three weeks visiting with her son, G. C. jr., and his wife and two children.

She was accompanied by Mrs. A. T. Kent of Madisonville, mother of Mrs. G. C. Schaffer jr., who had been here for a week or more visiting her parents, Mr. and Mrs. A. L. Dunagan.

TABOKA FHA GIRLS WILL ATTEND MEET IN DALLAS

Three members of the local chapter of the Texas Association of Future Homemakers of America will attend the state FHA convention in Dallas Thursday through Saturday.

Velma Ruth Howell, chapter president, will be the official delegate. Other members to attend are Patsy McGinty and Margaret Roberts. The girls will be accompanied by Mr. and Mrs. Granvel Ayer.

Convention theme is "Promoting International Good Will," the main speaker will be Roberto de la Rosa of Mexico City, who is a culture agent for the Mexican government.

Local Student At SMU Is Honored

Dallas, Tex., May 4.—George M. Small, son of Mr. and Mrs. J. M. Small of Tahoka, was recognized for high scholastic achievement at an Honors Day program held at Southern Methodist University May 4.

Presiding at the convocation was Dr. Humphrey Lee, SMU president. Guest speaker was Dr. E. C. Colwell, president of the University of Chicago.

A social science major Small plans to enter the ministry. He has been active in student organizations on the campus.

NORDYKES RETURN HOME; HAVE VISITORS

Mr. and Mrs. L. M. Nordyke returned home last Thursday after having spent three weeks in Marlin, where they took the hot baths. They also visited their son-in-law and daughter, Rev. and Mrs. Charles Kennedy, in Waco. Mrs. Kennedy is the former Miss Faye Nordyke, returned to Tahoka with them for a few days visit here.

On Sunday they had as their guests Mr. and Mrs. Jack Kennedy and two children Jackie and Mildred of Hobbs, New Mexico.

Girls Forget Fears, Thanks To 2-Way Help

What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in CARDUI'S 2-way help. You see, CARDUI may make things lots easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. CARDUI is scientifically prepared and scientifically tested. If you suffer "at those certain times", get CARDUI today.

Grassland Co-op Has Annual Meet

Stockholders in the Farmers Co-operative Gin of Grassland held their annual meeting last Monday night.

L. S. Turner, president, reported on the year's work. He said he was giving a poor report but it sounded good to us, considering the dry year. They have installed new scales, new power system, and a new press and other machinery amounting to about ten thousand dollars.

Mr. C. C. Donaldson gave the annual audit, and he encouraged each member to examine the report and to meet often with the directors and suggest new and better ideas of running the Co-op Gin.

Mr. O'ho Keys, assistant manager of the Lubbock Co-op Cotton Oil Mill, said a Co-operative is no stronger than its membership and that gins are necessary pieces of farm equipment. "This is yours," he said, "look after it personally."

Mr. Tom Brown, Farmers Co-operative Compress manager, is optimistic about the crop outlook for this year. Even last year they received 78,000 bales of cotton, he said. The Compress has installed a

new fire-extinguishing system that cuts insurance rates a big percent, he stated.

Mr. Sam Haynes of Lubbock with the National Cotton Council explained that the Cotton Council always has a new idea and a new use for cotton. "Never buy a competitive product where cotton can be used," he advised. If you are a cotton farmer, he insisted that you buy cotton cord tires: "They are the best any way," he concluded.

Three directors were elected: L. S. Turner re-elected, J. A. Probst re-elected, and C. O. McClesky new. Ice cream, coffee, softdrinks, and doughnuts were served to about 200 people.

FIRE BOYS CHANGE MEETING NIGHT

Troy Connolly reports that the members of the Tahoka Volunteer Fire Department have changed their meeting nights from the first and third Monday nights to the first and third Tuesday nights in each month, chiefly to avoid conflicts with other meetings in town.

The department consists of about twenty members. The fire chief is Jim Clinton; Assistant chief, Lawrence Harvick; and treasurer, Ted Gentry.

Last PTA Meeting Next Thursday

The last meeting of P. T. A. for this school term will be held Thursday, May 12, at 3:00 p. m. in the High School auditorium.

We would like to urge every one to be there who possibly can do so. At this time we will have a round-table discussion on P. T. A. work led by Mrs. Pete Hegl. If you have any suggestions or ideas that you would like to discuss now would be a good time to do so. It is hoped that every one interested in P. T. A. will be present at that time, and let's talk about these problems and try to build a better P. T. A. for the coming year.

We will also have the installation of the new officers at this time and a short program.—Reporter.

THE BLACK CATS OPEN THEIR BASEBALL SEASON

John L. Martin, colored has offered the News the following announcement for publication.

Hello, Baseball Fans. The Tahoka Black Cats, with Early Lee Lawson as manager, will open their baseball season next Sunday, May 8, in Seagraves, in a game with the Seagraves Brown Bombers.

The Black Cats will play their first home game here on May 22.

We ask that each and every one shall give us their support and hope that the Black Cats will have a winning club this year.—John L. Martin.

REV. C. T. ALY REPORTS GOOD REVIVAL AT FABENS
Rev. C. T. Aly returned home Monday afternoon from Fabens, El Paso county, where he had been engaged in conducting a revival meeting throughout the preceding week. He reports that there were thirteen additions to the Church during the revival, six upon profession of faith and seven by letter.

Fabens is a town of about five thousand people, he reports, two-thirds of them being Mexicans. It is situated 28 miles from El Paso on the Rio Grande River. Farming is done by irrigation from the waters of the River. Cotton and alfalfa are the principal products. Average production of cotton is about one and a half bales per acre each year. Often six crops of alfalfa are harvested per year. Successful cotton farming is highly dependent upon the policy of the Government in limiting cotton acreage. Most of the cotton crop that has been planted this year is already up. A few big farms own or control practically all of the rich farming lands. Irrigation is controlled by the Federal Government. The channel of the river bed has been changed by the Government artificially in recent years so as to straighten it out in much of its course in that area.

Brother Aly found many things there with reference to the land and the people that would make an interesting story, too lengthy however to even mention here. He had a hard struggle in trying to arouse the interest of the people in spiritual matters, he reports, but was delighted with the final results.

S. M. U. PROFESSOR OF JOURNALISM VISITS HERE
Martin S. Reese of Dallas, who came out to Lubbock Thursday to attend the Journalism meetings held at Texas Technological College on Thursday, Friday, and Saturday of last week for the benefit of College students and teachers, spent two or three nights here with his parents, Mr. and Mrs. J. L. Reese. In his boyhood days, young Reese was employed as a printer in the News Office. Then he entered Tech College and majored in Journalism, becoming head of the printing establishment in that institution. Then he joined a South Texas newspaper as advertising manager, and while working there was called into the service in the Navy. After the war, he located in Dallas and is now one of the teachers of Journalism in Southern Methodist University. While here Saturday afternoon, he called briefly at the News office, where he had started his career. This was the first newspaper office that he has ever in.

CHURCH OF CHRIST PREMISES BEING BEAUTIFIED
Members of the Church of Christ are making their church premises one of the beauty spots of the town. Recently they have laid concrete walks in front of and partially around the building, have treated

the adjacent parking space between the Church building and the parsonage to a covering of gravel so as to lift it out of the mud, and have otherwise improved the premises.

The scrubbery heretofore planted out about the building is thrifty and beautiful, and flowers have recently been planted about the parsonage, which add much to its attractiveness.

County Tour

(Continued from Page 1)

The huge Dam, completed about 2 years ago reminds one of a little "Pompano Kingdom" dam, they say, but has not yet impounded very much water on account of the slight rainfall for the past two years. It is built across the upper reaches of one of the prongs of the Double

Mountain Fork of the Brazos River and has a water shed of about 6,000 acres of land, it is estimated. If it is ever filled with water, the Lake will cover about 65 acres, it is said. It will require a wet year and many heavy rains to fill it, however.

After lunch, the party jumped almost across the south portion of the county to Newmoore in the deep sand belt to inspect some deep

plowing experiments. Over there they have been using big disc plows pulled by caterpillars to turn up the soil 20 inches deep in order to mix the clay sub-soil with the blowing sands. That should prove very helpful if a large enough acreage in one body can be plowed

up in that manner. From Newmoore, the party jumped almost across the west part of the county to the Lt. H. Moore farm several miles northwest of New Home to inspect a new irrigation project, irrigation through canvas gated pipes. The equipment consists of huge pipes made of canvas so treated as to be impervious to water. From this huge pipe, small pipes lead out so distanced as to discharge the water down between the rows, thus watering

some 25 or more rows at a time. By this method less water is lost through evaporation. They also inspected irrigation projects on the neighboring farms of B. A. Morrow, Clarence Eades, and Douglas Finley. B. A. Morrow has one of the oldest wells in the county. Water is being pumped out of it through a ten-inch pipe full-flow. He has one of the finest alfalfa fields to be found anywhere. The alfalfa is now almost ready to harvest and he ex-

pects to get two or three additional cuttings from the field during the year. He is also irrigating a pasture of mixed grasses, alfalfa, love grass, and other varieties all mixed together. It was a beautiful sight, Smith declared.

CROSBY BEER ELECTION

An election is to be held throughout Crosby county Saturday to determine whether or not the sale of four-percent beer shall be legalized.

Baseball

(Continued From Page 1)

most of which could be attributed, partly at least, to the rough playing field.

How much is it WORTH?

You can't put a real price tag on telephone service. Who can say what it's worth when it brings a doctor quickly? Can you set a price on the pleasure of hearing a loved one's voice from many miles away? How would you value the countless minutes and steps it saves in everyday living? Whatever the telephone is worth, its cost is small for the many services it performs every day for everyone.

Southwestern Associated Telephone Co.

SEND FLOWERS!

Make Mom Queen for a Day! Shower her with fragrant flowers from our ideal display! It costs a lot less than you think!

If Mother were choosing A Mother's Day Gift

Ten to one, she'd choose flowers. No other Mother's Day remembrance will make her feel more cherished than a corsage she can show off at church, a bouquet of her favorites, or a cheerful plant. If you can't drop in, a telephone call will enable us to set aside your Mother's Day flowers for prompt delivery.

We'll wire flowers anywhere!

DRAW METHODIST CHURCH MAKES PROGRESS

Rev. John W. Hawkins, pastor of the Draw Methodist Church, dropped into the News office Monday just during the month April was 74%; the work at Draw. We got a much more extended report from him than he expected us to print, but we are sure he is entitled to it.

He wished merely to report that there were six additions to his church Sunday, five of them upon recent professions of faith and one coming from another denomination to be with her husband, a new convert. Also, he reports that one baby was baptized.

He also wished to report that the average Sunday School attendance during the month of April are 74%;

for the 11 months of the present Conference year, 64-1/2. "Our attendance for May," he added, "should lift that average to well above 65."

"Our church membership at the last Conference was 82," he said. Brother Hawkins issues a Bulletin, from which we glean the following.

"May! It is the month of spring showers and spring flowers. It is the month of plantings and beginnings of new life and new beauty. That is true in nature.

"May is also the month following Easter, and the time for newness of life in the work of the Church; and the time for newness of beauty in the Christian life.

"For each of us let it be a time for taking on greater interest and

greater activity in the work of the Sunday School and the Church services. It would be a fine time for each of us to reach a higher record for attendance at the services and to reach a higher standard in all the Christian life."

"Our Methodist Camp Grounds at Ceta Canyon, where our Intermediate and other camps are held each year, are in process of improvement," the Pastor further says. "Some badly needed additions are being made. Our Conference owns and uses this camp ground for all of its age groups.

"All the churches are asked to help in this improvement work. The quota for our charge is \$125.00. We will be providing for this, or the major part of it, right away."

Pastor Hawkins plans to go up to Conference, which meets in Amarillo on May 25, with a good report. "I have had the most pleasant year of my entire ministry with the Church at Draw," he declared to the editor as a parting shot.

NEWS FROM CALIFORNIA

The News early this week received a communication from Mrs. T. C. Bartley, the former Miss Edith Willingham, who now lives at Pulga, California, in which she announces the birth of their third son, which event occurred on April 12 at Oroville in that state. He has been named Aaron David. He seems to have gotten a good start in life as he weighed 8 pounds and 12 ounces at birth. She says that she thought possibly their friends here would like to hear this bit of news since both she and her husband have lived in Lynn county most of their lives.

Mrs. Bartley further writes: "I also have had my mother and Dad, Mr. and Mrs. R. E. Willingham of 6 miles east of Tahoka, here visiting with us. Mr. Willingham had the pneumonia while he was here, otherwise I think they enjoyed their trip to California, visiting among their ten children that live here.

"We are planning on coming to Tahoka on a visit in the near future, so here's lots of luck to the good old Lynn County News. We get it every week here in this little mountain town, Pulga, California."

Then she signs both names, Mr. and Mrs. T. C. Bartley.

Thanks a lot, and Congratulations. Bring Aaron David and the other boys in to see us when you come to Tahoka. —The Publishers.

KIRMA TO APPEAR ON STAGE AT ROSE THEATRE

Starting Sunday, May 29, Kirma, internationally famous psychologist and mental telepathist will appear on the stage of the Rose theatre for a full week's engagement.

According to the management of the Rose, Kirma will present one of the most amazing demonstrations of mental telepathy and psychology ever presented on the American stage.

His audience will be invited to concentrate their minds on any important question pertaining to affairs of the heart, business, position, health, vocation, etc.; and Kir-

ma will answer them. During Kirma's demonstrations he will not refer to persons by their full names and personal questions will be answered in a manner so that only the person thinking of the question will understand his answer.

There will be no charge whatever connected with Kirma's advice upon your various problems. All that is necessary to have your question answered is a strong desire to have him answer it and a willingness to concentrate upon what you want to know.

Kirma is considered one of the world's greatest exponents in his field of mental science and his

demonstrations promise to be both constructive and entertaining.

Kirma will appear on the stage for a full week and will set aside a special performance for Ladies Only on Friday afternoon, June 3 at 2:00 o'clock in which he will answer questions of a personal and delicate nature for women only.

No men or children will be admitted to this special performance and as a special feature a drawing will be held for 10 free private consultations.

Also on Friday June 3, Kirma will hold a special Midnight Ghost Party beginning at 11:30 p. m.

DON'T SAY FLOOR PAINT—SAY

Flor-Ceal

DOES MORE • COSTS LESS

Yes, Flor-Ceal does all the work with just one coat—and in one operation! It leaves a lasting beautiful floor that's protected from dirt and wear, oil or grease... a floor that's easy to keep clean! All for a cost of only about 1 cent per square foot!

EASY TO USE—DRIES OVERNIGHT! Flor-Ceal goes on just like any paint—with a brush, spray or roller coat. One coat covers! And you can paint it on one day, use it the next!

GUARANTEE... Flor-Ceal is guaranteed not to crack, chip or peel. It is absolutely non-slippery. Treat your floors to new beauty and life with Flor-Ceal!

FOR ALL SURFACES • INSIDE OR OUT

CONCRETE
Flor-Ceal is the ideal paint for concrete porches, garages. It stands against stains, wear and weather. Won't chip or peel! No extra preparation needed except for newly laid concrete. In 4 colors and black and white.

WOOD OR LINOLEUM
Clear (transparent) Flor-Ceal brings out all the natural beauty of your wood floors without the need for shellac, varnish or wax. It brightens and protects linoleum, makes continuous waxing unnecessary.

BASEMENTS
Basement floors can be brightened and protected against grease, oil and dirt easily and quickly with Flor-Ceal! Absolutely non-slippery for added safety in laundry and rumpus rooms.

FOR HOME • FARM • FACTORY

"Our two Ford BIG JOBS have given better performance than any trucks we ever owned"

Ford 145-horsepower Model F-7 BIG JOB shows Gross Combination Weight rating of 35,000 lbs. as a tractor; Gross Vehicle Weight rating of 19,000 lbs.

"OUR OLDEST 145-horsepower Ford F-7 truck has given us 80,000 miles of the most satisfactory service with a minimum of expense," reports Jno. B. Stephens, Jr., owner of the E-TEX PACKING COMPANY. "On a recent check for 3371 miles the F-7 BIG JOB gave an average of 7.18 miles per gallon. We have another F-7 with 60,000 miles. Our two Ford BIG JOBS have given much better performance than any other trucks we have ever owned."

Mr. Stephens is but one of many Ford BIG JOB enthusiasts who has taken the time to write about the remarkable performance of the Ford F-7 and F-8. Thousands of others are profiting from gas economy unusual in the big truck field... from an ability to carry gross loads of 50,000 lbs. and more on tandem-axle semi's... from power that makes the BIG JOB the king of the hills. Come in and get the facts on any one of over 139 Ford Bonus Built Truck models for '49, built extra strong to last longer.

- ★ Brand New 145-Horsepower Ford V-8 Truck Engine
- ★ New Super Quadrax Single-Speed Axles; Two-Speed Optional on F-8

NEGRO COMMUNIST SLANDERS HIS RACE

There are a few Negro Communists in this country, very few in the South. We are sure that there are not many in Texas. We know of none in Tahoka. Most of the Negroes here are patriotic and law-abiding. They respect and are respected by the Whites. The two races get along together here and in most other places in Texas without any racial clashes.

But there is an organization of "high-brow" Negroes in New York and a few other cities in this country which is continually striving to make trouble for the White people of the South. They not only seek to abolish segregation in the schools, in the offices, in the business houses, in the cafes and hotels, but have as their ultimate goal the repeal of all laws prohibiting marriage between Negroes and Whites. This is in accordance with Communist teachings and practices.

One of these "high-brow" Communist Negroes is Paul Robeson, who has gained some note as a professional singer. While over in Europe recently, he sought to give

aid and comfort to the Russian Communists by declaring in a public speech that in the event of war between the United States and Russia the Negroes of the United States would never fight against the Russians.

Paul Robeson probably doesn't believe that statement himself. He was probably using his right of free speech, which is guaranteed to him by the Constitution of the United States, to vent his spleen for some fancied wrong which he thinks that he has suffered. Paul Robeson should be reminded that although the Communists might grant him the right to wed the fairest white lady in all the land, if they were elevated to power, they would never grant him the right of free speech. If Paul Robeson were a resident of Russia and were to publicly declare that any group, race, or class of Russian people would never fight against the United States in case of war, his head would come off or else he would be sent to some concentration camp from which no traveler ever returns.

Furthermore, either ignorantly or maliciously, Paul Robeson has slandered his own race. There have been practically no slackers among the Negroes in the two World Wars in which this country has been engaged during the present century. There would be few if any slackers among them in case of another war, whoever our enemies might be. The Negroes have shown a commendable degree of patriotism and courage. They are friends of the white people of America, among whom they live; and they realize that the white people of America, especially of the South, are their best friends. They appreciate the opportunities that are given them. They are being paid just as good wages as are the white people engaged in the same classes of work. Their educational opportunities are being bettered every year.

Some of them may feel that the race has a just grievance against the whites for lynchings that occur in the South occasionally. There may be rare exceptions but as a rule no lynchings occur except in cases in which the victims have perpetrated the most outrageous crimes imaginable. And even then lynchings are very rare. There are twelve or fifteen million Negroes in the United States, and lynchings during recent years have not averaged more than three or four per year in the entire country. Not as many as one for every million Negroes in the country.

We hope the figures will soon be reduced to absolute zero, but when Russian and other Communist dictators reduce the number of their unoffending victims to anything like that percentage, then will they probably be justified in criticizing lynchings in America.

Robeson's slander of the Negroes in this country may fool the Russians but it will not fool anybody in this country.

The Boy Scout organization has been of tremendous value in the training of boys and in starting them off on the right road. Boys Ranches, so-called, which have been

established and are being established to deal with, train, and reform boys who are criminally inclined, are likewise proving their worth. The churches and Sunday Schools, however, have been undoubtedly the most potent force in training the boys up into the right kind of men. But neither one nor all of these forces combined can make a man out of a congenital criminal. Only the regenerating power of God can do that. The natural-born criminal is a hard customer. A striking example is that youth who was convicted last week of cruelly beating to death his aged benefactor. Crimes just as callous and horrible are being committed frequently in this country. These criminals seem to have no moral sense whatever and no compunctions of conscience to speak of. Jails and prisons are harsh institutions but no adequate substitute for them has yet been found for dealing with some classes of criminals.

For two weeks now the Tahoka Daisies have been in full bloom, and even Solomon in all his glory was not arrayed like one of these. There are a few patches of them in Tahoka that will match anybody's Bluebonnet field. One of them lies right across the highway east of the Stanley Funeral Home. There are several others in town just as beautiful and glorious. The only thing that mars their beauty is a mixture of ugly weeds and mesquite shrubs growing up among the daisies. If these could be cleared out entirely, leaving the daisies as the undisputed occupants of these little domains, Tahoka would really have something to show to the world. The Daisies show up best from ten o'clock in the morning until sunset. They close up at dusk and do not open well the next morning until the sunbeams begin to warm them up. We are proud of our Tahoka Daisies.

County Herald entitled "Stricklingly Speaking" by The Old He. The following is taken from that column of last week:
"A Texan did considerable boasting about a mere handful of Texans standing off some 5,000 Mexicans at the Alamo for several days. Also what took place at San Jacinto, when Houston and a small ragged army not only whipped the boastful Santa Ana, but captured him.

Of course, this patriotic Texan played up the Ranger who stopped riots single handed.

"In order to do a bit of boasting on his own, his listener, a down-east Yankee asked the Texan if he had ever heard of Paul Revere. 'Sure,' said the Lone Star stater. 'He was the guy that rode after help.'"

A Change is in Order...

Change to OIL-PLATING!

Like New!
... Keep your car in showroom shape. OIL-PLATE the engine with Conoco Nth Motor Oil. It protects against wear... preserves that power. An additive, exclusive in Conoco Nth, fastens an extra shield of lubricant right to cylinder walls. That's pep-preserving OIL-PLATING!

Holds Fast!... OIL-PLATING holds fast to metal parts. It can't all drain down, not even overnight! Already lubricated at the touch of the starter.

Holds Up Longer!... Conoco Nth is tough, because it's made from top-quality paraffin-base crude oil. It stands up under hard driving in searing summer heat.

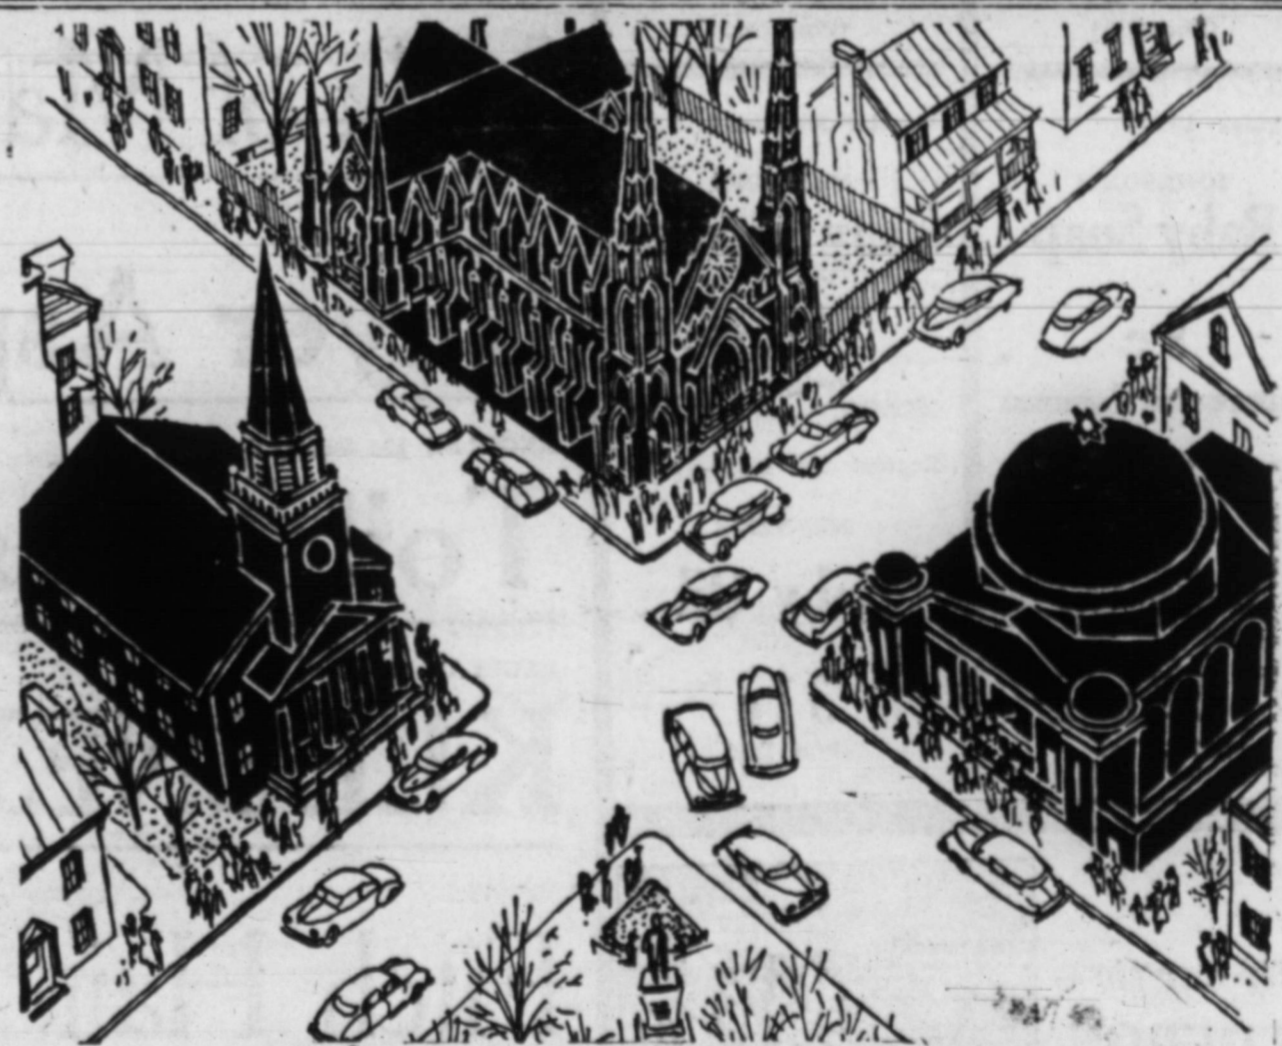

Holds Down Cost!... An OIL-PLATED engine means fewer repair bills. An OIL-PLATED engine means fewer quarts between drains. An OIL-PLATED engine purrs for years and years.

Oil-Plate today at your Conoco Mileage Merchants!

THIS IS AMERICA

This is freedom — many religions, many races, living in harmony together. For freedom is more than a way of life. It is a state of spirit — and our richest asset.

Under freedom of religion, Americans attend more churches than any other nation. Under freedom of speech, we have more newspapers, more radio stations than any country in the world. Under freedom of opportunity, our children attend more schools, have more chances to succeed in life.

We are only 7% of the world's people, living on 6% of the world's land. Yet we in America have the highest stand-

ard of living the world has ever known.

Under freedom of enterprise — you may call it Democracy, or Capitalism — we make just about one-third of the world's goods, mostly for our own use. We drive three-fourths of the world's autos, use about half the world's electricity. Our homes are unrivaled for comfort and labor-saving devices. We eat more meat, buy more clothes, see more shows, own more insurance. We even save more money.

Yes, freedom pays — in the coin of tolerance and understanding, and in the coin of progress and prosperity.
