Volume 45.

Tahoka, Lynn County, Texas, Friday, May 13, 1949

Number 32

First Home Game Of Tahoka Club Is Next Sunday

Lynn county's baseball team, the newest member of the Oil Belt League, will open its home season in Tahoka Sunday afternoon on the new baseball field which has been started in the south part of town, about six blocks south and two west of the square.

Tahoka meets Denver City in the first game here at 2:30 o'clock Sunday. Admission fees are 25 and 50 cents, or \$3.00 for a season ticket good for 16 home games.

Denver City is said to have possibly the best team in the league. Teams are: Post, Slaton, Brownfield, Levelland, Sundown, Seagraves, Denver City and Tahoka.

Tahoka lost its first game at Post 7 to 5, then defeated Brownfield 9 to 5. Last Sunday's game scheduled at Slaton was postponed because of wet grounds.

Wet weather and other factors have delayed work on the Tahoka playing field, but workmen have been busy this week, and it is hoped the grounds will be ready for Sunday's game.

Frank Larkin is president of the Lynn County Baseball Association, and Dale Thuren is coach and team manager.

Citizens are being urged to buy season tickets and help get the team off on a good financial basis.

With very little practice, the team is looking good, and prospects are that Tahoka is going to have a winning ball team again in a year or two, with support of the fans.

C. of C. Directors Hold Meeting

Tahoka Chamber of Commerce held its monthly board meeting on Monday night, with two other local organizations having representatives at the confab.

Tahoka Junior Chamber of Commerce (Jaycees) and the Chamber of Commerce worked out an agreement on combining the softball facilities that should prove beneficial to the town. The present park will be maintained for night games until the new Jaycee softball park is ready for play. Then the old park will be maintained for day-time games, especially for the boys and girls and women. Night games will be on the new Jaycee park, with the Chamber of Commerce as the sponsor. Plans are to improve the park considerably, eventually adding some bleachers, better back-stop, and better playing field. Both organizations plan to contribute surplus equipment, if any, to the new baseball club field which will adjoin the Jaycee park on the east.

In sponsoring the Softball league, the C. of C. will offer substantial trophies this year to winners and be responsible for financing the program.

The new park may not be so convenient to some, it is pointed out, but most people drive their cars to games anyway. It is possible to have better lights and a larger and better playing field at the new location. Most important, it will help draw attention to the new and extensive county memorial park project being sponsored by the Jaycees, it is believed.

The baseball team officers also met with the body and asked aid in selling tickets and getting the playing field in shape.

Plans were also discussed for advertising Tahoka through some promotional activities on the Tahoka Daisy. Most of the program planned will require several months or possibly a year to materialize. The Daisy fields are more beautiful this year than ever before, and some color pictures are being taken for possible future use. Eldon Carroll is taking the pictures.

PRESENTING RECITAL

Mrs. Dick Mitchell announces that she will present her music students in recital next Thursday night, May 13, at 8:00 o'clock in the Wilson First Baptist Church.

Quota Exceeded On Cancer Drive

Lynn county exceeded its quota in the recent Cancer Fund drive by \$209.50, according to H. W. Carter, drive chairman. Citizens contributed a total of \$879.50, and the quota was \$670.00. Most of this came from the communities of Tahoka, New Home, Grassland, Draw, and O'Donnell, Mr. Carter says.

He asks The News to extend thanks to all who contributed, and especially to those who gave their time and efforts in raising the fund.

Softball League Play Is Planned

Lynn County Softball League was reorganized last Friday night under sponsorship of Tahoka Chamber of Commerce. Representatives of seven teams were present and elected the officers and made regulations for the season play.

The League season will open on the night of May 23rd and close on July 30th. The Shaunnessy play-off plan will be used again this year, with the four top teams in the play-off series. Eight teams will be entered. Trophies will be given winners by the C. of C.

Lub Burke of Grassland was elected League president; Rufus Slover, vice president; and Clint Walker, secretary.

Games will likely be played this year in the new Jaycee park. However, the C. of C. will maintain the old park until the new one is entirely ready for play. The old field will be used by boys, girls, and women's teams for day-time games.

Teams entering the league are: Grassland, Bill Strange Mo'ors, the VFW, Wilson Davis & Humphries, White Auto, and Rutherforders. New Home is also expected to enter a team, however they have not definitely done so.

School Boys Close Baseball Season

The Tahoka Bulldogs, school baseball team, ended its first season of official Interscholastic League competition Wednesday, losing to Slaton 5 to 1 in a game played here.

Slaton scored one run in each of the first three innings and two in the seventh, while Tahoka's lone tally came in the fourth. Willis was the pitcher for the visitors, and Bennett hurled for the local boys.

Considering the fact that the most of the local boys had never played any ball before, the season was a very successful one. Tahoka won three and lost three games. The boys won two from New Home, and in conference play split with Post and dropped two to Slaton.

Coach Jacobs says most of the 20 or more boys participating will be eligible for play next year, as a large majority are Juniors, Sophomores, and Freshmen this year.

Likewise, most of them are under 17 years of age and will be eligible for the American Legion junior baseball participation this summer.

Additional Rain Fell Last Week

The rain which fell on Wednesday of last week and mentioned in our last week's issue, was much heavier in some portions of the county than it was at Tahoka, a few localities reporting as much as two inches. Only .92 of an inch fell in Tahoka at that time, but the average over the county was probably as much as 1.25 inches.

On Friday night when the veritable cloudburst was inundating Lubbock, only .53 of an inch was registered in the News rain gauge. The amount of the fall north increased greatly, however, while it decreased to the south. From two to three inches must have fallen along the north line of the county, growing gradually lighter from Woodrow south.

Not much planting has been done in the county this week, most fields still being too wet.

Lynn Farmers Urged To Make Acreage Reports

Lynn county farmers are urged to report crop acreage and land usage for the past five years to the local A. A. A. office in Tahoka.

These acreage reports will be used in carrying out provisions of the present national farm program, according to Clint Walker, Administrative Officer for the Production and Marketing Administration in Lynn county. They also will be vital in setting up what acreage allotments and other new farm policies which may be adopted before the present session of Congress adjourns.

Walker reports that approximately 90 percent of Lynn county farmers have turned in this information at the present time. This information must be obtained on every farm in the county at the very earliest possible date.

Under the present operating plan, Walker pointed out, wheat allotments are to be set by July 1 affecting the 1949 fall planting for the 1950 crop. Cotton allotments probably will be made later in the year and possibly still others at later dates, he said, when they are determined to be necessary.

The Agriculture Department and Production and Marketing officials are encouraging farmers to make complete and accurate acreage reports in order to receive full benefits under the allotments and other provisions of the national farm program.

Two War Dead En Route To Tahoka

Bodies of two Army Air Force officers from Tahoka who lost their lives in Europe during World War II are being returned to this country aboard the transport Haiti Victory, the Army announces.

The two from Tahoka are: Captain Charles A. Gaignat who was shot down over France while flying a fighter plane. He is the son of Mr. and Mrs. D. W. Gaignat of Tahoka.

The other is First Lieutenant Andy T. Wilson, who also lost his life while serving with the Air Force. Mrs. Betty Sue Roberts Wilson is the wife.

Bodies are not expected to arrive here for several weeks.

PLAN DEMONSTRATION

Ed Hamilton announces that he will hold a demonstration of the Westinghouse Loudromat and the Dryer at 10:30 a. m. May 17 at the REA building. Miss Criss Covey of the Westinghouse company will be present to conduct the demonstrations. The public is invited.

New Sewage Lines Are Being Laid Over Tahoka

Although the work of laying sewerage extensions in the city has been held up temporarily on account of failure to receive the necessary tile, the work will be resumed soon and will doubtless continue for quite a long time, according to Dr. K. R. Durham, mayor.

The first extension completed was that from a connection with the Main line at the intersection of North Second and Alley streets one block east to the northwest corner of the Fair grounds.

The ditches have been dug for extensions on two streets covering a total distance of six blocks in Southwest Tahoka, but not all the tile has yet been laid for reasons stated above.

Dr. Durham states that one of the extensions to be made as the piping is received will extend out into the Roberts Addition.

It is impossible to state yet how many blocks will eventually be served by extensions now contemplated, but it is hoped that everybody near one of these lines will connect up promptly as soon as the lines are ready for use.

7th Grade Program Next Thursday

Graduation exercises for the Tahoka seventh grade will be held Thursday evening, May 19, at 8:00 o'clock in the high school auditorium.

Although a list of the students' names are not available at this time, approximately forty boys and girls will taken part in the exercises. Jane Shepherd is salutatorian and Bobby Lehman is valedictorian.

Awards will be presented to the highest ranking boy and girl of each class throughout grade school and also to those having a record of perfect attendance.

Benediction Rev. C. A. Holcomb
Recessional March Of Nobles
Myra Holcomb will be the pianist. Mrs. Patricia Jacobs and Ivan McWhirter are sponsors of the class.

Brazil is encouraging private firms to buy new vessels for the fishing industry.

Water Department Has New Worker

At its meeting Tuesday night, the City Council employed J. M. Trammell as an assistant to Pat Hines in the water service.

Mr. Trammell's duties will be to read water meters, thoroughly inspect them, and repair meters wherever and whenever repairs are needed. City officials have expressed the belief that many of the meters are not registering correctly, and it is their purpose to have these defects cured if there are any.

Mrs. T. I. Tippit Died Wednesday

After a long-continued illness, Mrs. Elizabeth Mae Tippit, 65, wife of T. I. Tippit, died at 9:30 o'clock Wednesday morning in the Tahoka Hospital. She had been in very ill health for six months, her condition becoming critical several weeks ago.

Funeral services are to be conducted in the First Baptist Church of Tahoka at three o'clock this (Friday) afternoon, followed by burial in the Tahoka cemetery.

Survivors include the husband, T. I. Tippit, one daughter, Mrs. Linnie Finth, wife of Roy Finch, two sons, John Thomas Tippit and Gerald Wayne Tippit; two grandchildren; and one brother, John Kincaid, all of Tahoka.

Mrs. Tippit had long been a member of the Baptist Church and funeral services will be conducted by her pastor, Rev. C. T. Aly.

Daughter of Mr. and Mrs. J. T. Kincaid, Mrs. Tippit was born on July 28, 1883, at The Grove in Coryell county, Texas. She was married to T. I. Tippit on May 23, 1909, at Seattle in Coryell county. The family came from Bosque county, however, to Lynn county in 1924. They purchased land out three miles east of Tahoka and have developed it into one of the finest farms in the county.

Mrs. Tippit has lived a reserved kindly life and was greatly beloved by her neighbors and friends. She will be greatly missed in the home, the community, and her church. The bereaved husband, children, and grandchildren have the sympathy of a large circle of friends. The bereaved husband, children, and grandchildren and other relatives have the sympathy of a large circle of friends.

Students Winners In State Meet

Margaret Durham, Tahoka High School student, came back from Austin Saturday where she had participated in Conference A Interscholastic League contests, and brought with her plenty of trophies of victory.

In Journalism, she won first place in news writing, third place in copy reading, and fifth place in headline writing.

Duane Carter, who participated in athletic contests, tied with Ted Nelson of Kennedy for first place in the high jump. In the drawing to determine which should be declared the first place winner, Duane was the lucky man.

Two Tahoka students therefore came back with two high-place winnings to their credit, a very unusual record for any school.

Schools of the state participating in these Interscholastic League contests are divided into three classes, the large schools being classified as AA, the intermediate ones as A, and the smaller schools as B. The Tahoka school is in class A. We do not know how many schools there are in Texas in this classification but there are many of them.

Margaret Durham won very unusual honors since she won high places in three different divisions of Journalism, and she is to be congratulated indeed. She is the daughter of Dr. and Mrs. K. R. Durham.

Duane Carter is to be congratulated too for his high score in athletics. He is the brother of Virgil Carter of the Tahoka High School faculty.

1949 Class Sermon For THS Seniors Sunday Night

School closing exercises in Tahoka are under way, and plans are being completed for the Senior Class sermon next Sunday night and the graduation exercises on Friday night of next week.

The sermon will be delivered by Rev. C. A. Holcomb Jr., pastor of the Tahoka Methodist Church on Sunday night at 8 p. m. in the High School auditorium. All local churches will dismiss their evening services for the program.

The program Sunday night will open with the processional to the accompaniment by Mrs. Marcus Edwards, the invocation by Rev. V. J. Lowrance of the Primitive Baptist Church, songs by the choir, a piano solo by Nancy Cobb, and introduction of the speaker by Principal Otis Spears. Following the sermon, Carroll T. Aly will sing a solo, and Ernest E. West, Church of Christ minister, will say the benediction.

Seventh grade exercises will be on Thursday night of next week, High School graduation exercises will be on Friday night.

Honor Students Are Announced

Veima Ruth Howell, with a grade point average of 96.12 is valedictorian of the Tahoka Senior class for the session of 1948-49. Joan Slover having a grade point average of 94.95 is salutatorian. The third highest student is Elsie Havens, having an average of 95.00.

Other honor students are Belva Dee and Elva Lee Lowrance, Bobby Boyd, Jan Edwards, Mary Draper, Ripple Venable, Duane Carter, Jimmie Small, Robert Adamson, Myrta Holcomb, Gerald Wayne Tippit, Nancy Cobb, and Margaret Durham. The names of these students will be placed on the commencement program. Selection of honor students was based on a 90 and above average of the individual's junior and senior year grades in high school.

Stansell Clement, district attorney from Lamesa, will be the speaker at the Commencement Exercises to be held next Friday, May 20, at 8:00 o'clock p. m. in the high school auditorium.

Senior exams were given Wednesday and Thursday of this week. Monday, May 16, will be the annual Senior Day which the Seniors will spend in Lubbock with their sponsor, Mrs. Charles A. Stewart.

Regular exams are to be given next Tuesday, May 17, and Wednesday, May 18. Classes will not be held on Thursday or Friday morning, but students will report Friday afternoon at 1:00 o'clock p. m. to receive their final course grades, announced Otis Spears, principal. Buses will run at noon Friday and then again at four o'clock.

City Clean Up Drive Is Planned

A city-wide clean-up, pick-up and paint-up program has been scheduled by the City of Tahoka for the week of May 25 to 30, according to Bill Strange Jr. and Clay Bennett of the City Council.

Following the drive all alleys, lots, and outhouses will be sprayed by the City with DDT.

Cooperation of citizens in gathering up cans, rubbish, and other trash is urged. These should be placed in sacks, boxes, or barrels in the alleys. Also, citizens are urged to clean up vacant lots.

E. B. Gaither, scoutmaster, has pledged the aid of the Boy Scouts in the drive, and other organizations are asked to lend a hand.

Rev. and Mrs. C. F. Carmack left Thursday for Amarillo to remain for some time with a daughter and son-in-law, Mr. and Mrs. Everett Dyson. Mrs. Dyson was the former Lucille Carmack.

**HOLCOMB ANNOUNCES
SUNDAY SERMON SUBJECT**

Rev. C. A. Holcomb Jr., pastor of the Methodist Church, announces that his sermon Subject Sunday morning, May 14, will be, "You Can Take It With You."

He will preach the Baccalaureate sermon at the High School Sunday night.

Next week he will give a report of the Conference held in the

Church here one night this week, and will probably make a general report of the year's work.

The Northwest Texas Conference will convene in Amarillo on May 25.

Napoleon died on the Island of St. Helena in 1821.

Fernando Cortes was the Spanish conqueror of Mexico.

**W. S. Anglin Will
Leave Tahoka**

Walter S. Anglin, manager of the Southwestern Public Service Company office here, announced this week that he is moving to Lubbock on June 1 to become land agent for the company. He will be succeeded here by W. G. Clark of Santa Rosa, New Mexico.

Mr. Clark has been with the company about 15 years, and has lived in Lamesa, Lubbock, and Amarillo before transferring to the Sunshine State.

Mr. Anglin has already bought a home in Lubbock. He will be in charge of right-of-way, substations, and company lands, and the position is a nice advancement for him.

Walter and his family have long been leading Tahoka citizens. He is Past Master of the Tahoka A.F. & A.M. lodge, and is past District Deputy Grand Master, chairman of the Lynn County Parole Board, on the county Democratic Committee, a board member of the South Plains Area Boy Scouts Council, was a steward in the Methodist Church for many years, and for 13 years has had a perfect attendance record in the Tahoka Rotary Club.

Mr. Anglin came to Tahoka in June, 1920, as a gin manager. In April, 1921, the City of Tahoka bought the light plant from E. L. Howard, and Anglin became the city manager of the plant.

At that time the light plant consisted of a 25 horsepower engine, and served 48 customers part time. The water system consisted of three windmills and the old ground tank and old standpipe and served 30 or 40 customers. That year, however, the city added a 75 h. p. engine, in 1923 added a 100 h. p. engine, in 1925 a 150 h. p. engine, and also built the ice plant.

In 1928, the City of Tahoka sold its electric plant to Texas Utilities Company, present company predecessor, for \$100,000, and Mr. Anglin became local manager for the company, which position he has held until now.

The company now has 1,000 customers in Tahoka as compared with 48 in 1921. For further comparison, the plant in 1923 with 100 h. p. produced 10,000 kilowatt hours a month, while at the present time about 400,000 kilowatt hours are used.

The Anglins will be greatly missed in Tahoka.

Lost Atlantis is a fabled island in the Atlantic supposed to have been swallowed by the sea.

**Oceans Becoming Saltier
Blame is Placed on Rivers**

Is the ocean getting saltier? Yes, it is, say oceanographers, whose business it is to study such things as how salty is salt water, and why.

The open Atlantic ocean anywhere a few miles off the United States coast beyond range of dilution by the many rivers, averages about 3.6 per cent salt — a shade more than the average for all oceans. So uniform are ocean waters over most of the globe that only in a few places does their salt drop below 3.3 per cent or rise above 3.8 per cent, says the National Geographic society.

Millions of years ago, as scientists reckon, ocean and river water were probably much the same. Even purest river water, however, carries a tiny per cent of salts acquired in draining the earth's crust. Salts also reach the oceans by way of undersea springs.

Once in the ocean, the salts stay behind, while the sun carries on its work of evaporation which lifts pure water back onto the continents. Thus the oceans grow imperceptibly saltier due largely to the sweet rivers which dilute ocean saltiness along the continent shores.

Saltiest of all ocean areas is the Red Sea. There are no rivers to produce even inshore dilution and the hot sun speeds evaporation, so the salt content surpasses 4 cent.

Thursday of last week, Bill Griffin discussed the recent Soil Conservation Field Day at the regular Tahoka club meeting.

**Mice Perish in 25 Minutes
At 35 Degrees Below Zero**

WASHINGTON.—Survival time of various warm-blooded animals kept in cages at a temperature of 35 degrees below zero has been determined by the Army Quartermaster corps. The series of tests were conducted in the cold room of Harvard's fatigue laboratory.

Mice succumbed quickest under such an exposure, dying in less than 25 minutes. Canaries were next, surviving for only 36 minutes. White rats lasted between 45 minutes and 2 hours. Some rabbits died in three and a half hours while others not for six and a half hours.

Some white leghorn chickens perished in less than three and a half hours while others managed to stay alive for twenty-nine and a half hours.

Army carrier pigeons put up the greatest resistance to the frigid temperatures. None died in less than 22 hours, and one lived for 78 hours. This hardiness may provide clues to the high survival of half-wild park pigeons under tough city conditions.

None of the animals hopped or fluttered about in an effort to keep warm. Instead, they hunched themselves up as compactly as possible, presenting a minimum body surface to the cold.

Cyrus Field financed the laying of the first Atlantic cable.

**Farmers Plant
Jackson's Crop**

Due to the long-continued illness of John Jackson, the neighbors gathered at his place out near the west line of the county Wednesday morning with eighteen 4-row tractors and proceeded to plant his cotton and maize crops.

Furthermore, W. E. Shawn, agent for one of the big oil companies, furnished five gallons of gasoline for each of the eighteen tractors.

Those who furnished tractors were: Fulford & Carmack, New; Barham, Guy Caves, A. N. Norman, Terry Noble, A. D. Schaffner, Van Brookshire, Edward Bartley, Hubert Tankersley, Tom Hall, John Fulford, C. T. Tankersley, Cody Bragg, Blain Ramsey, G. C. Wells, Buster Fenton, who furnished two tractors, and John Jackson's tractor driven by a farm hand.

Approximately 400 acres, were planted to cotton and maize.

A number of the women prepared a bounteous feast for the noon meal and all enjoyed the occasion.

Mr. Jackson has been in ill health for a long time, having undergone several major operations.

**BUILDING PROGRAM
PROJECT FOR TEXAS
TECHNOLOGICAL COLLEGE**

Lubbock, May 11.—Plans for construction as soon as possible of \$3,000,000, in new buildings at Texas Technological college have been approved by college directors.

The first group, to cost about 2 million, will include addition of two wings on the Administration building, two wings on the Engineering building, and either a new Home Economics building or wings on the present Home Economics structure. Studies are being made on details of a new pure science building, which will be a part of the \$3 million dollar, program.

Directors, at their meeting this week, voted to issue between \$2,600,000 and \$2,900,000 in bonds, to be retired by income from the college building amendment voted by referendum in Texas two years ago. Central Investment Company, Dallas, was employed to arrange sale of the bonds early in June.

The board said classroom space is a major need of Texas Tech and the Administration building wings alone will give 16,000 additional square feet for classes. The Engineering work and release for other purposes space now allotted to engineering over the campus.

Under the building amendment it is estimated upwards of \$3,500,000 will be made available to Texas Tech for buildings, during the next ten years.

**MISS JEANNINE SMITH
RECOGNIZED AT TECH**

Miss Jeannine Smith, daughter of Mr. and Mrs. Happy Smith of Tahoka and a Senior in Texas Tech, was one of 15 girls selected this year to serve as a member of the Tech Forum. Miss Smith is making an excellent record at the school, majoring in Vocational Education, Economics, Applied Arts.

Styx, according to Roman mythology, was the river one crossed to the Land of the Dead.

Tahokans Attend Demo Meeting

Many Tahoka people and other citizens of Lynn county attended the big Democratic Dinner out at Tech College, Lubbock, last Saturday night, at which Charles Brannan, Secretary of Agriculture, was the honored guest and principal speaker.

One of the objects of the meeting was to inform the people of this area respecting the policies of the

Government as it pertains to Agriculture, and another was to raise money for the coffers of the Democratic party.

People who heard the Secretary's address express the opinion that it was a good one but say that they learned little new respecting his plans.

As a money-raising proposition, the dinner must have been very satisfactory in spite of the fact that Lubbock and most of the South Plains had just been flooded with torrential rains and that more rain was threatened as people assembled

for the meet. Another rain in fact did fall, driving the diners inside. The dinner had been planned as an out-door affair. About 1500 people attended, it is said, at \$10.00 per plate. More than 50 Tahokites were there, and there were quite a number of citizens there from other parts of Lynn County.

The list as compiled follows: Judge and Mrs. Tom Garrard, Mr. and Mrs. Hubert Tankersley, Mr. and Mrs. Garland Pennington, Mr. and Mrs. W. E. (Happy) Smith, Mr. and Mrs. Charles Verner, Judge and Mrs. Truett Smith, Mr. and Mrs. Wiley Curry, Mr. and Mrs. Albert Curry, Sheriff and Mrs. Roland "Shick" Clem, Judge C. H. Cain, Winston Wharton, Wynne Collier, Frank Hill, Bill Strange Jr., Maurice Bray, O. L. Curry, Bill Griffin, Clint Walker, Condy Carmack, Roy Edwards, H. W. Carter, R. C. Carroll Jr., H. P. Caveness;

Calloway Huffaker, Judge J. W. Elliot, Otho Thomas, Perry Walker, Virgil Carfer, Mr. and Mrs. Frank Parris and daughter Mary Ann, Maurice Small, three or four 4-H Club boys, five F. F. A. boys, and others.

Also noted as present were Wilmer Smith of New Home, Morman Johnson of New Home, Tom Brewer of O'Donnell, and doubtless many others.

Grassland Pioneer Buried Saturday

Funeral services were conducted in the Church of Christ at Grassland on last Saturday afternoon at 3:00 o'clock for Mrs. John A. Williamson, 74, who died at her home in that community on the preceding Thursday night.

Services were conducted by S. D. Lofton, Minister of the Church of Christ at Post, assisted by Rev. D. W. Reed of Garnolia, Baptist Minister, and the body was buried in the Grassland cemetery.

Mrs. Williamson had been a resident of Grassland since 1915 and was a "charter" member of the Grassland Church of Christ.

Survivors include the husband, one daughter, Mrs. B. B. (Violet) West of Tahoka; three sisters, Mrs. J. T. Tate of Post, Mrs. Callie Freeman of Delight, Arkansas, and Mrs. W. O. Lamb of Pixley, California; one brother, G. C. Nolan of Delight, Arkansas; and four grandsons.

Mrs. Williamson was a native of Arkansas, having been born in that state on October 18, 1874. She was married to John A. Williamson in 1895. They moved to Grassland in this county in 1915, and had been

residents of that community for about 34 years.

Mrs. Williamson was a faithful member of her church and was highly esteemed by a large circle of friends. The husband and her daughter here, Mrs. West, and the four grandchildren have the sincere sympathy of the people of Grass-

land and other communities including Tahoka.

WEST POINT H. D. CLUB PLANS TOUR OF FARM HOMES

The West Point Home Demonstration Club met with Mrs. A. D. Schaffner Wednesday, May 11.

Roll call was answered with 'Why I Like Home Demonstration Work' Plans to take the tour of Lubbock county farm homes May 17 were discussed. Some of the members from our Club plan to make the tour. The training course in metal work was also discussed, and Mesdames T. W. Hale and Elmo Schaffner plan to attend. Other members are as yet undecided.

Mrs. Schaffner had charge of the program on Pictures in Bedroom arrangements.

Refreshments of cheese sandwiches, cherry nut cake, coconut macaroons, punch and mints were served to Mesdames Claude Wells, Keevil Coffman, T. W. Hale, Tom Hale, Hubert Tankersley, Elmo Schaffner, and the hostess.

The next meeting is June 8 with Mrs. Otto Stone. —Reporter.

MRS. MILLER ENTERTAINS REDWINE H. D. CLUB

The Redwine H. D. Club met Thursday, May 5, in the home of Mrs. J. A. Miller with five members present.

Mrs. W. E. Dubree and Mrs. J. A. Miller gave reports of the district meeting in Floydada, and other business items were also discussed.

Delicious refreshments were served to members following the business meeting.

The next meeting will be in the home of Mrs. Dubree on June 28. —Reporter.

A Samurai was a member of the military caste in Japan.

97-TON ATOM SMASHER

THIS ATOM-SMASHING coil may also have its place in trucking history, too. After many months of controversy because of its weight—97 tons—the coil was delivered to Carnegie Institute of Technology's Nuclear Research center at Saxonburg, Pa. The coil was wound in Brooklyn Navy Yard as the Bureau of Naval Research's contribution to the atomic research program. But highway commissioners blocked overland delivery, forcing a 3600-mile water voyage via the Gulf of Mexico, the Mississippi, Ohio and Allegheny rivers. Despite claims of highway experts that such heavy loads would crush the Pennsylvania roads, Pittsburgh papers reported: "the coil, carried on I-beams equipped with heavy-duty 1400x24 General tires, was trucked 33 miles from the Kittanning, Pa., locks to Saxonburg, Pa., without damage to the highways. Most of the highways traveled were secondary roads, at that." Navy officials, claiming this one of the largest hauling jobs ever undertaken by them, attributed the successful hauling to "proper sized tires and mechanically perfect equipment."

Congratulations:

To Mr. and Mrs. G. R. Dillard on the birth of a daughter, May 5 at 7:06 a. m. in the Tahoka Hospital. She was named Tanya Jan. The father is employed with an oil company here.

To Mr. and Mrs. Joe D. Unfred of Rt. 4, Tahoka, on the birth of a daughter weighing 7 pounds and 6 ounce, May 9 at 8:29 a. m. The little lady was named Nancy Lou. She was delivered in the Tahoka Hospital.

IF YOU WANT PAVING, BETTER SIGN UP

Members of the City Council are urging property owners of Tahoka to get busy and sign-up for paving, if they want it. Something definite must be in hand before the program can be started.

CARTER TAKES TEAM TO A. & M. CONTESTS

V. P. Carter, vocational agriculture teacher in the Tahoka high school and three of his F. F. A. boys left Thursday for the Texas A. & M. College to attend and participate in the state contests to be staged there Saturday.

The boys accompanying Mr. Carter are Dwaine Townsed, Delwyn Tunnell, and John Henry, constituting a dairy judging team which will compete with other teams Saturday.

Mr. Carter had intended to take at least one other team but the death of Mrs. T. I. Tippit, mother of one of the boys, prevented this team from going.

Mr. Carter will give a report of the contests next week.

First flight over the English Channel was by Louis Bleriot in 1909.

BAPTIST NOTES

Rev. and Mrs. C. T. Aly and a number of Tahoka Baptists attended Workers' Conference at Redwine Thursday.

Rev. Carson Taylor of Abilene spoke at the Baptist Church here Wednesday night on the evil effects of alcohol used as a beverage, illustrating his talk with pictures projected on a screen.

Rev. C. T. Aly has announced his sermon subject for Sunday morning, May 14 as—"Youth Christianity."

The evening services will be dismissed on account of the Senior Class program at the high school.

New-Born Babies Make Adults Look Like Pampered Sissies

CHICAGO.—New-born babies are tiny but tough, and in many ways, make adults stack up like sissies. Dr. Clement Andrew Smith, assistant professor of pediatrics at Harvard Medical school, listed these among baby's strong points:

Babies have been known to go five, ten and even as long as fourteen minutes without breathing immediately after birth.

The body temperatures of babies exposed to chilling or covered by too many blankets have ranged from less than 90 to 102 degrees.

These changes in internal temperature will not do the baby any particular good, but on the other hand neither do they signify as much harm as they might in an adult, he said.

Babies apparently have more water in their bodies at birth than after. For this reason it is sometimes considered wise not to feed them for two to five days after birth. This is especially true of premature infants.

Baby also has disadvantages, too, the first being his small size. A baby has proportionately a much larger surface area than an adult. This causes a heavy loss of body heat. To make up for this an infant must breathe faster and his heart beats faster.

Success to the Grads of '49—

● We wish you one and all lots of good luck and success in your future endeavors. Whatever your destination — college, technical school or business — we're all rooting for you to make the top-grade!

Robinson Ready-To-Wear

We Salute The 1949 Graduates Of The Schools Of Lynn County!

May You Make The Most Of Your Lives—For You Will Be Running Our Country In A Few Years!

Higginbotham-Bartlett Co.

Reports Due On Contour Listing

Farmers who intend to participate in the soil building practice of contour listing must report performance of this practice by June 1, 1949, according to Mr. Clarence Church, chairman of the Lynn county A. C. A. committee. Prior approvals for the practice have already been issued to around 700 farmers of this county and this approval must be turned in to the A. A. A. office showing compliance with the specifications. Those farmers who have secured prior approval but have not reported the practice have been sent notices and failure to report the practice will result in cancellation of approval.

FIRE BOYS URGED TO ATTEND MEETINGS

As a member of the Fire Department, I would urge every member to be present at its meetings, for that is what it is going to take to make a go. So, members, let's come and drill and have a good time. We will turn on the siren at 7:30 o'clock. So come and put it over the way it should be done. — Chief Jim Clinton, Assistant Chief Lawrence Harvick, Secretary Ted Gentry. —Reporter, Troy Connolly.

Dynamite was invented by Alfred Nobel in 1867.

CONSTRUCTION OF LITTLE THEATRE AT WAYLAND PLANNED

Plainview, Tex., May 10.— Construction of a \$25,000 Little Theatre as a memorial to Prof. and Mrs. B. H. Warren was approved by the ex-students of Wayland College in their annual banquet here, it was announced today.

It will comprise the 1st unit to be finished in the newly renovated basement of the administration building.

Mrs. Warren made the main address at the banquet, speaking on "Forty Years of Progress."

"Some destruction has accompanied the constructive efforts," she stated. However, she declared that she welcomed the marvelous changes for the better as typified by the remodeling of buildings and increases in the faculty.

President Marshall estimated the cost would be about \$15,000 to finish it completely with seats, velvet curtains, and the like.

To seat about 200, it will be used for morning watch services, drama presentations band and orchestra practice, and for audio-visual studies.

MISS VIRGINIA JONES IS STUDENT EMPLOYEE

San Marcos, May 9.— Virginia Jones from Tahoka is among the student employees at Southwest Texas State Teachers College.

More than 200 students are employed in part-time library, laboratory, and clerk work. Each year the College employs a large number of students to help meet College work needs, and to help students meet expenses.

Ellis Howe invented the sewing machine in 1846.

Benjamin Franklin founded the Saturday Evening Post.

Mrs. Harley Henderson returned home Wednesday night from Fletcher, Oklahoma, where she visited Mr. and Mrs. Harve Henderson and Miss Belle Henderson several days. Mr. Henderson recently suffered a heart attack and is believed to be improving slowly. The Hendersons are old time Lynn county citizens.

Mrs. W. G. (Roxie) Brunette of Odessa is here visiting Mr. and Mrs. W. L. Knight and other relatives. She is a sister of Mr. Knight.

China was the first country to develop gunpowder.

Doctors Report Radioactive Arsenic Used for Cancer

ATLANTIC CITY, N. J.—The first use of radioactive arsenic for cancer was reported to the American Association for Cancer Research.

This arsenic is made in an atomic energy furnace at the Argonne laboratory near Chicago. It is used on human leukemia and Hodgkins disease, both incurable forms of cancer.

The report was made by Drs. William Neal, Leon O. Jacobson, Austin M. Brues, Howard Ducoff, Robert Straube and Thomas Kelley of the Argonne and the University of Chicago department of medicine.

Arsenic is one of the old remedies for both diseases. It never cured. Nor was it known why the arsenic was beneficial.

The new form, known as Arsenic 74, emitting strong radioactive rays, is used for two purposes. One is to try to learn why arsenic is beneficial. The other is to find out whether this new form may be more useful for people with the diseases.

THE LYNN COUNTY NEWS

TAHOKA, TEXAS

NEW MISSIONARY TO SPEAK TO LYNN COUNTY CHURCHES

A committee composed of Rev. C. E. Strickland of New Home, Rev. C. T. Aly of Tahoka, and Rev. W. T. Sparkman of Brownfield has furnished to the News for publication the following speaking itinerary to the Baptist churches of Lynn county, by Rev. Jimmy Bolton, newly elected Missionary from the Brownfield Association to Juneau, Alaska.

Rev. Mr. Bolton was pastor of the Baptist Church at Round Rock before accepting the call to go to Alaska. He wishes to acquaint himself with the various churches of the Association before leaving for his new field of service. He will be speaking in Terry county next week. His itinerary for Lynn county, unless changed, will be in the Baptist churches in the following places:

Sunday, May 22, 11 a. m., O'Donnell; Sunday afternoon, Lakeview; Sunday night, May 22, Tahoka; Wednesday night, May 25, Redwine; Friday night, May 27, Central; Sunday morning, May 29, New Home; Sunday afternoon, May 29, Petty; and Sunday night, May 29, Wilson.

Mr. Carl Self, who formerly operated the Self Furniture Co. here, and now of Lubbock, was a visitor in Tahoka Monday.

TEXAS H. D. CLUBS OBSERVE NATIONAL HOME WEEK

Some forty thousand members of nearly two thousand home demonstration clubs in Texas are observing National Home Demonstration Week, May 1-7, using the theme, "Today's Home Builds Tomorrow's World."

In observing National Home Week, we might look at the home demonstration work in our own county. In January 1948 there were six clubs in the county with an enrollment of ninety members. Of these six, one club has disbanded, but four other groups have organized. The clubs that have organized are Dixie, Redwine, Joe Bailey and Midway. The enrollment of the nine clubs is one hundred and thirty-four.

The agent does not do all of the demonstrating as has been the practice in the years past. There are at least two meetings during the year, and often more than two where the leaders give the demonstration to the club members. The home demonstration agent or some member of the specialist group from College Station, conducts a training meeting where one or two members from each club come in for the training. After the leaders are trained, they go back to their respective communities and give the demonstration. An example of this is the tailoring work, taught by Miss Mary Routh, Clothing Specialist, which is now being completed. As a result of her teaching, there have been twenty-five woolen coats and suits made. Other classes are being planned for this fall.

The two main demonstrations being carried in the program now are bedroom improvement and landscaping. Other than these demonstrations for this year, there will be some work done in the making of aluminum serving trays and the making of leather gloves. The club women have also been doing some cooperative buying of Downe Satin for making comforts and other household items. This material is purchased in bolt lots.

Matterhorn is a high mountain in the Swiss Alps.

PAIN IN YOUR BACK

Indicate that your bladder and kidneys need attention. The fluids that flow through them are irritating. CIT-ROS will quickly bring these fluids back to normal. Pain ceases and gradually the soreness leaves. A new remedy for lumbago is at your druggist. \$1.00. Get it today at WYNNE COLLIER, Druggist

POST RODEO BOOSTERS WILL BE IN TAHOKA

Approximately 75 Post business men and Post Stampede and Rodeo boosters, in two chartered buses, will arrive in Tahoka at about 8:05 a. m. Friday, May 13, to present a brief program of musical entertainment and invite the residents of the community to the Post Stampede and Rodeo, the nights of May 18, 19, 20, and 21. They will be here about 15 minutes.

With Joe Moss, Post attorney who can say the most in the shortest time, acting as master of ceremonies, the Melody Maids—the same cute little sextette which entertained on last year's Post Stampede Booser Trip—and a string band will present a fast moving western musical program. The same string band will play for the five rodeo dances, beginning Tuesday night, May 17, on the Post Stampede pavillion.

DRAW H. D. CLUB MEETS WITH MRS. L. B. JONES

On May 6, Mrs. L. B. Jones was hostess to the Draw H. D. Club with the Joe Bailey Club members attending as guests.

After the business meeting Mrs. Weldon Martin gave an interesting demonstration on Picture Selection and Arrangement, illustrating with different pictures and colors.

During the social hour refreshment plates of ice cream and cake were served to sixteen club members and four visitors. —Reporter.

First of the High-Compression Engines of the Future OLDSMOBILE'S "ROCKET" GETS MORE POWER, MORE MILEAGE...FROM TODAY'S GASOLINE!

"88" LOWEST PRICED CAR WITH "ROCKET" ENGINE
*Hydra-Matic Drive standard equipment on Series "88" and "88" models, optional at extra cost on "76." White sidewall tires optional at extra cost.

Power! Completely new, high-compression power! Power that sets this "88" Oldsmobile apart from every other car! That's the "New Thrill" action of the "Rocket"—Oldsmobile's ultra-advanced new engine that takes fullest advantage of today's fuels! It gets more exciting energy from less gas by using the Futuramic principle of high-compression. And the revolutionary thinking behind the "Rocket" makes possible magical smoothness and quietness!

To point up this brand new kind of performance, Oldsmobile built a brand new kind of car—the Futuramic "88"! The "88's" compact-new Body by Fisher accentuates that "Rocket" Engine flash and dash! The "88" has Futuramic styling! And, in the "88," Hydra-Matic Drive* teams up with the "Rocket" to give you extra gas economy and greater driving ease! You've got to try it to believe it! ("Rocket" Engine, and Hydra-Matic Drive as standard equipment, are also featured in the Series "98" Oldsmobile.)

MRS. BUEL DRAPER IS HOSTESS TO DIXIE H. D. CLUB

Mrs. Buel Draper was hostess to members of the Dixie Home Demonstration Club in her home Wednesday.

Roll Call: Report of books read from the T. H. D. A. reading list. Mrs. Elmer McAllister gave a report on the Council meeting.

Members voted to make aluminum trays.

Mrs. Lee Holden read some good household hints. Gifts were exchanged with Sunshine Pals.

Mrs. Buel Draper read a poem by Vernon Hagelin.

Mrs. Clifton Hamilton was a new member.

Refreshments of cake, min's, and punch were served to 23 members, one visitor, Mrs. E. J. Cooper.

The next regular meeting will be May 18 with a covered dish luncheon in the home of Mrs. Lee Holden. —Reporter.

Mothers Day guests in the home of Mrs. Maude Bledsoe and Mrs. Jewel Johnson were: Mr. and Mrs. Cloys V. Johnson and Miss Jean Johnson of Texarkana, Arkansas, children of Mrs. Jewel Johnson. Other guests were Mr. and Mrs. Floyd Bledsoe and children from Lubbock; Mr. and Mrs. Leroy Bledsoe and children of Morton; Mr. and Mrs. N. H. Cromer and son of Petty community and Mr. and Mrs. Fred Nolen and daughter of Tahoka.

Mr. and Mrs. Jarrell Cox of Edinburg spent the week-end here visiting their son Paul and his family. They came by Fort Worth and Miss Mildred, their daughter, who is attending the Southwestern Baptist Theological Seminary there, accompanied them out to Tahoka. They started on the return trip Monday morning. The Coxes moved down to the Valley last January following a residence of about twenty years here.

JERRY FRAZIER TO BE PRESENTED IN RECITAL

Texas Technological College is presenting Miss Geraldine Frazier daughter of Mr. and Mrs. L. F. Frazier of Tahoka, in her senior organ recital on Sunday, May 15 at 4:00 o'clock in the First Methodist Church of Lubbock. The public is cordially invited to attend.

Miss Frazier, organ student of Mrs. Mamié I. Neal, will receive a B. A. degree in music from Texas Tech this summer. She has been employed as a teacher in the Lubbock Public Schools for the next school year.

Galileo discovered the law of the vibration of the pendulum in 1582.

NOTICE OF EXECUTION SALE

THE STATE OF TEXAS: COUNTY OF LYNN:

By virtue of an execution issued out of the 72nd District Court of Lubbock County, Texas, on a judgment rendered in said Court on the 7th day of March, A. D. 1949, in favor of Franklin D. Brown and against Wayne Chandler in the case of Franklin D. Brown vs. Wayne Chandler, No. 16523 on the docket of said Court, I did, on the 28th day of April, A. D. 1949, at 2 o'clock P. M., levy upon the following described tracts and parcels of land, situate in the County of Lynn, State of Texas, as the property of the said Wayne Chandler, to-wit:

An undivided 1/32 interest in and to all of the oil, gas and other minerals, in and under and which may be produced from the following described tracts and parcels of land situate in Lynn County, Texas, described as follows, to-wit:

First Tract: South one-half (S 1/2) of Section 11, Block 9, Cert. 521, H. E. & W. T. Ry. Co. Survey, containing 320 acres, more or less.

Second Tract: All of Section 27, Certificate 524, H. E. & W. T. Ry. Co., Survey containing 640 acres, more or less.

Third Tract: All of Section 28, Certificate 524, H. E. & W. T. Ry. Co., Survey, containing 640 acres, more or less.

Fourth Tract: All of Section 29, Certificate 70, L. & S. V. Ry. Co. Survey, containing 640 acres, more or less.

Fifth Tract: All of Section 30, Certificate 70, L. & S. V. Ry. Co. Survey, containing 640 acres, more or less.

Sixth Tract: The N. E. 1/4 of Section 55, Certificate 38, G. R. R. Co. Survey, containing 160 acres, more or less.

Seventh Tract: All of Section 19, Certificate 184, D. & S. E. Ry. Co. Survey, containing 472.6 acres, more or less.

Eighth Tract: All of Section 150, Certificate 86, G. R. R. Survey, containing 640 acres, more or less.

Ninth Tract: S. 1/2 Section 202, Certificate 36, G. R. R. Survey, containing 320 acres more or less.

Tenth Tract: N. E. 1/4 Section 391, Block 5, Certificate 506, Abstract 90, T. T. R. R. Co. Survey, containing 161.4 acres more or less.

Eleventh Tract: All of Section 155, Certificate No. 31, G. R. R.

Survey, containing 640 acres more or less.

Twelfth Tract: All of the South 160 acres of the South one half of Section 18, Abet. No. 993, Block 477, H. E. & W. T. R. R. Co. Survey.

Also all of the right, title and interest of the said Wayne Chandler in and to a certain lease contract dated January 26th, 1940, recorded in Vol. 72 page 525 of the deed records of Lynn County, Texas, to Wayne Chandler and J. Q. Adams by C. O. Edwards, Mollie C. Edwards and Crawford O. Edwards, covering approximately 70,000 acres of land known and described as the T-Bar Ranch in Lynn County, Texas. AND on the 7th day of June, A. D. 1949, being the First Tuesday in said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Courthouse door in Tahoka, Lynn County, Texas, I will offer for sale and sell at public auction for cash, all the right, title and interest of the said Wayne Chandler in and to said property.

Dated at Tahoka, Texas, this 26th day of April, A. D. 1949.
Roland W. Clem, Sheriff, Lynn County, Texas.

STATED MEETINGS OF Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30. Members urged to attend. Visitors welcome.

4-H CLUB GIRLS GIVE COLORFUL DRESS REVUE
 The Lynn county 4-H Club Girls held their Dress Revue and Apron Parade at the Tahoka High School Saturday, May 7.
 Miss Graham Hard, county home demonstration agent, has given the News the following report of the affair.
 The attendance was very good considering the weather conditions. Some of the girls who sent their dresses and aprons in Friday, did not get to attend the Dress Revue to model their garments because of the muddy roads. In spite of the weather, there was a very colorful display of dresses and aprons. The

show revealed that there are some promising dressmakers among these 4-H Club Girls.
 The following entries were modeled by the girls:
Aprons
 24 aprons by girls 9, 10 and 11 years of age.
 12 aprons by girls 12 and 13 years of age.
 2 aprons by girls 14 years of age and over.
Dresses
 16 dresses by girls 9 through 13 years of age.
 6 dresses by girls 14 years of age and over.
Winners Named
 Winners of 1st and 2nd places

are listed below.
APRONS: 9 to 11 years of age—1st place, Barbara Short, Tahoka; 2nd place, Nancy Sargent, Tahoka; 12 to 13 years of age—1st place, Betty Cook, O'Donnell; 2nd place, Peggy Hemmeline, New Home; 14 years of age and over—1st place, Innocent Flores, Wilson; 2nd place, Shirley Glenn, O'Donnell.
DRESSES: 9 to 13 years of age—1st place, Wanda Sue Fletcher, New Home; 2nd place, Verlene Ehlers, Wilson; 14 years of age and over—1st place, Ada Marie Barnett, New Home; 2nd place, Innocent Flores, Wilson.
 First place winners in each division received a prize of a pair of scissors and second place winner received white washable material for a blouse.
 Prizes awarded to the winners of first and second places were donated by the following named merchants of Lynn county:
 Gagnat Hardware, Tahoka; Rutherford & Co., Tahoka; Mansell Bros. O'Donnell; Boydston's Variety O'Donnell; Wilson Oil Co., Wilson; Young's Laundry, Wilson; Campbell's locker, Wilson; Mercantile Dry Goods, Wilson; Bill Balch Service Station, New Home; Phillips Grocery, New Home; Harrison Grocery, Grassland; Vaughn Service Station, Grassland; Walker Gro., Grassland; and Wisbert Blacksmith, Grassland.

The board authorized a committee headed by Chanslor Weymouth, Amarillo, to sign leases with the Commodity Credit corporation or some other organization for the space in warehouses and igloos on the 17,000 acre property. Weymouth estimates the Panhandle wheat crop at between 45 and 50 million bushels. He said much of the wheat will spoil unless storage space is found. The committee also was authorized to employ sufficient men to maintain the Pan-Tech lands and equipment.
 The board at its meeting this week also contracted with the City of Lubbock to supply water to the

campus, following a temporary break-down in the Texas Tech water system.
 An appropriation of \$4,690.94, was made to complete the animal

husbandly building on the campus, and \$12,000, was set aside to renovate a portion of West hall, men's dormitory for exclusive use of Tech athletes.

Well, the promoters of that Crosby county beer election got their answer Saturday. The dries turned down the proposal to authorize the sale of beer by a vote of nearly three to one (3 to 1). When they had counted the returns from ten boxes in the county, the dries had rolled up 1230 votes against beer to 469 votes for it. A number of smaller boxes still out, which had a potential vote of 295, were believed to have gone dry by a similar overwhelming majority. Even a Ralls, where the movement originated, cast 442 dry votes to 163 wet. Crosbyton voted dry 356 to 141; Lorenzo 198 to 44. The people of Crosby county evidently don't believe that the right way to whip the bootleggers is to legalize their business. Officers will probably make it tougher for the bootleggers from now on out. And a little tightening up in other South Plains counties, including Lynn and Lubbock, might help considerably.

The country weekly newspapers may differ among themselves on many matters but one thing is sure, none of them in this part of the world are tainted with communism or totalitarianism of any kind, that we know anything about. They are all in favor of the four freedoms and then some: Freedom of speech, freedom of the press, freedom of assembly and petition, freedom of worship, separation of church and state, government through democratic processes; in fact, the whole American way of life. The Texas country weekly is thoroughly A-

Odds & Ends

ODDS & ENDS
(By E. I. the Elder)

We used to conduct a "column" in this paper under the above caption but for various reasons we cut it out several years ago.

We have some things on our chest this week, however, that are not important as news and not very suitable for purely editorial comment, and therefore we are going to revive our "column" for this week at least.

Item No. 1 is that we attended the meetings of the South Plains Press Association in Lubbock Friday and Saturday. So did Mrs. Hill, and Frank, the associate editor, attended Friday afternoon and night.

Of course the doings of the gentlemen and ladies of the press do not hold much interest for the readers of the newspapers which they publish, as their lives consist chiefly of hard work with very little fun or theatricals mixed in. They don't print their own names often in their own newspapers, except under the masthead.

Well, just the same, they are a fine lot of citizens—at least most of them in these "diggings" are.

And they are printing and publishing a lot of the best and most progressive country weeklies out on these Plains that are to be found anywhere, we believe. In fact they were so busy so long at their respective jobs that they never could find time to fraternize or to neighbor with one another.

Almost a year ago, however, a few of us had occasion to take a day off and meet and eat together in one of the Lubbock hotels. Charley Guy and his side-kick C. W. Ratliff of the Avalanche-Journal publications and their common side-kick A. B. Davis of the Lubbock Chamber of Commerce might have been co-conspirators in getting a bunch of us country ginks together, but anyway, there we were, about twenty of us, sitting around a lunch table with our feet under it having a good social time. Somebody wished that we might get together more often. Somebody else then suggested an organization. Others agreed, and then still others. The upshot of it was that we organized the South Plains Press association then and there, Johnny on the spot. A board of directors consisting of eight members was elected. The perpetrator of this "column" was named president and Lois Vestal, American, and we believe that goes for all the Texas dailies also.

tal of the Sun-News, Levelland, was selected as secretary. It was decided also to print an "organ" for the baby organization and that task was also saddled onto Lois Vestal.

Let it be said here that he did a "swell" job of it, and is still doing so. He kept the baby fed at fairly regular intervals and the youngster actually grew some as the months passed. In fact he showed up as a pretty vigorous and vociferous kid at the meeting in Lubbock last week-end. Vestal will continue to function as wet nurse, but there are some new baby sitters on the job for the next twelve months.

The original eight consisted of H. G. Richards of the Anton News, Charles W. Roberts of the Andrews County News, A. M. Jackson of the Slaton Slatonite, Lois H. Vestal of the Sun-News, Levelland, E. I. Hill of the Lynn County News, C. W. Ratliff of the Avalanche-Journal, A. J. Stricklin Jr. of the Terry County Herald, and W. J. Hale of the Yoakum County News. Hale later resigned and Ernest Joiner of the Ralls Banner was selected to serve out his term.

New members of the board elected Saturday were Charles Guy of the Lubbock Avalanche; Allen Hodges, of the County-Wide News, Littlefield; Homer Steen of the Floydida Hesperian; and Douglas Meador of the Matador Tribune. Holdover members are H. G. Richards of the Anton News, who was elevated to the position of president; Lois H. Vestal who continues as secretary, Ernest Joiner of the Ralls Banner, and A. J. Stricklin Jr. of the Terry County Herald. Swell guys, every one of them.

Maybe all that is as dry as dust to you boys out there on the farms and to you here in town in the stores and offices and shops; but if you happen to be in the towns of any of these gentlemen of the Press drop into their newspaper offices and meet them. Pat them on the back and tell them that you know that they are the salt of the earth for you saw it in The Lynn

County News and it never tells a lie.

Now, just another word about this organization. One of its main purposes is social. Birds of a feather like to flock together.

Another purpose is to bring about better cooperation among the newspapers of this area so that we can pull together stronger and do a better job for the people of the South Plains and other parts of West Texas. We need them work for the promotion of the common interests of the people of this vast Plains empire. This is a rich area—rich in the production of cotton, more galey I wheat, sorghum grains, cattle, and oil. This area also has an abundance of underground water, which is fully as important as oil. We have already just about won the fight for better representation in the legislature; but there will be many another battle to fight in the future. We rave organized to help our people and not to fleece anybody.

So, we were in the first annual meeting Friday and Saturday. Our own members staged a very excellent program.

But on Friday night, we had a visiting speaker. We had been reading and hearing much of John Ben Shepperd of Gladewater in deep East Texas in recent weeks, and so we got a chance to sample

him and size him up a bit Friday night. We don't know too much about him yet but he made a jam-up good impression. He started out in a humorous strain and kept it (Cont'd on back page)

AMERICAN BANKING IN ACTION

ANOTHER AMERICAN IDEA

More than one-hundred million American cars have rolled off the assembly lines. Only in a country like ours—where the mechanic who makes a car also makes enough money to buy one—can cars be made and sold in million lots. Your money in the bank helps to finance automobile production and to make jobs for 9 million workers in this field. When you buy a new car, bank credit will help you finance it. This is the system of American free enterprise and free chartered banking at work for you!

NEW HOME SCHOOL NEWS
 Friday night, May 13, the grade school will present their close of school program. The first through the sixth grades will present their programs at this time. The program will begin at 8:00 o'clock p. m.
 Sunday night, May 15, will be an exciting night for the Seniors,

their Baccalaureate service. It will start promptly at 8:30 o'clock p. m. The speaker of the evening will be M. Norvel Young, Minister of Broadway Church of Christ.
 Tuesday night, May 17, the eighth grade will have their graduation exercises. Immediately following, the 7th and 8th grades will present a

play for each grade.
 Friday night May 20, will be the commencement exercises for the Seniors, the final night of the program for this school year.
 The Eighth Grade Graduation will begin at 8:00 o'clock p. m. Tuesday, May 17. The Valedictorian speech will be given by Geniece Renfro and the Salutatorian speech will be given by Bernice Peek.
 The Seventh Grade girls will present a play "The Magic Ring." The Eighth Grade will have a play, "The Missing Link."
 The Senior Baccalaureate will be as follows:

ors present were: H. O. Hargett, W. R. Ledbetter, A. E. Hagens, and Kay K. Moore, Secretary.
 The following Farmer-District greements were approved: Vernon Wilhoit, Carl C. Jones, Herbert Hunt (Walter Gasper—operator).

SERVICES BEING CONDUCTED AT MEXICAN MISSION
 Services are being conducted at night this week at the Mexican Mission maintained here by the First Baptist Church and the Brownfield Association.
 Rev. E. R. Hammock is the regular missionary but he is being assisted this week by Rev. Scott Cotton of Pecos, who has been engaged in missionary work among Spanish-speaking people most of the time for the past thirty years.
 The Mission is situated a block north and across the street west from the Burleson Grain Store. The congregations are small but those who attend are said to be deeply interested in the work.

CLEAN-UP NEEDED
 Nearly all the cities and towns in this area from Lubbock on down have recently put on clean-up campaigns or are planning to do so in the near future.
 Tahoka usually has a clean-up campaign in the Spring. Somebody in Tahoka may be planning one now, but as this is written we have heard nothing of it.
 Are we to have one this Spring or summer?

A standard gauge railroad track is 56 1/2 inches wide.

SOIL CONSERVATION NEWS
 In the past few weeks several farmers, who are cooperators in the Lynn County Soil Conservation District, have reseeded native pastures and some shallow soils that have been left out of cultivation.
 Some of the farmers are—Vernon Wilhoit, 3 miles North of Tahoka, who has reseeded approximately 14 acres of native pasture to the following grasses—Weeping Lovegrass, King Ranch Bluestem, and Sand Lovegrass. This grass was planted April 13 and Mr. Wilhoit states that since the rain, he has obtained a good stand.
 A. L. Perdue, who operates M. B. Bentons farm at Wilson, reseeded approximately 10 acres of shallow rocky soil to a mixture of Weeping Lovegrass, King Ranch Bluestem, Sand Lovegrass and Blue grama. This planting is successful Mr. Bentons plans to reseed approximately 50 acres of shallow soil that is being left out of cultivation.
 Will Montgomery is another District cooperator who has reseeded a small acreage on his farm. Mr. Montgomery used a grass mixture of Blue Grama, Side-Oats Grama, King Ranch Bluestem, Weeping Lovegrass and Sand Lovegrass. Mr. Montgomery reseeded 10 acres of pasture last year but due to moisture conditions, did not get a good stand.
 The District Supervisors assisted these farmers in reseeding by furnishing the seed, use of a grass seed drill and Soil Conservation Service technicians. Any District cooperator, who would like to have assistance in reseeding a pasture or shallow soils, should contact the Supervisors.
 Jay Moore of Lakeview is completing 5 acres of bench leveling on his farm. He is planning to plant 2 acres to straight Alfalfa and 3 to improved pasture.
 B. A. Morrow of New Home is bench leveling approximately 6 acres this week. Mr. Morrow bench leveled 17.5 acres last year and planted it to Alfalfa and improved pasture in October. He has had cows grazing on this pasture for the past month.
 The District Supervisors held their regular monthly meeting last Friday morning with R. L. Littlepage, Chairman, presiding. Supervisors

VISITORS HERE FOR J. G. SCOTT FUNERAL

Mrs. Mary Lynn Verhines left Monday for her home in Roswell, New Mexico, after having spent about a month here with her mother, Mrs. J. G. Scott while helping to care for her aged father until he died on Thursday morning of last week, and to help wind up business matters here since his death. She was accompanied home by her mother, who will remain there for an indefinite time. She stated before

leaving, however, that she expected to come back to the Old Settler's Reunion which is to be held here in June or July.

Out-of-town relatives and friends here for the funeral services on Saturday afternoon, which were conducted at two o'clock at the Stanley Funeral Chapel by Rev. C. T. Aly, included Mrs. Arthur Edeleman and Mr. and Mrs. Bill Holland, all of Estelline, the ladies being nieces of the deceased; a nephew, Ben Scott of Brownfield;

and the following friends, Mr. and Mrs. John Beard of Brownfield, and Mr. and Mrs. Leonard Clayton and Mr. and Mrs. Roy Lee of Roswell. Also, Bill Verhines, son of Mrs. Mary Lynn Verhines of Roswell, who is attending college in Silver City, New Mexico, was here for the funeral.

Although born in Cherokee county, Texas, in 1856, as stated in the News last week, Mr. Scott came out to Seymour while still a very young man, served as public weigher there for several years, and then got a job on the Pitchfork Ranch near Matador, where he worked for many years. After marrying Mrs. Jennie McDonald, daughter of the late Uncle Ike Metcalf and Mrs. Metcalf of Tahoka, in 1908, Mr. and Mrs. Scott resided at Seymour until 1909, when they removed to Lynn county. He farmed here about twenty years and then got crippled and disabled and moved into town. He had been confined to his home rather closely since that time.

MACHAS RETURN FROM TRIP THROUGH NEW MEXICO

Mr. and Mrs. V. H. Macha returned the first of the week from a trip through New Mexico, having left here on Thursday of last week. Their daughter, Miss Edith Macha, who is now a student in the University at Boulder, Colorado, met them in quaint old Santa Fe and accompanied them up to Taos.

At Taos they visited the Indian pueblos near the town, and while she was charmed with the scenery and the quaintness of the buildings, she did not think much of the lazy men and the squaws that inhabit the place. Of course the town of Taos itself is filled with artists and cultured people.

The Machas also visited Albuquerque and found it to be a more modern and a growing city. They came back pretty well pleased with Texas.

PYTHIAN SISTERS

The Pythian Sisters of Lynn Temple No. 45, met Tuesday, May 2 at 7:30 p. m. in the W. O. W. Hall for the first regular meeting of the month. All nine officers were at their stations.

During the business session a motion was made to have a bake sale on Saturday, May 7, and this sale was put over with much success.

More plans were made for the Banquet to be given in June and Vera Witt was added to the committee to work on this.

After the meeting was over a very fitting Mother's Day program was given under the direction of Myrl Ma'h's. The group sang a song first then the story of Mother's Day was read by Irene Spears, followed by a poem by Avis Campbell. Then the entire group sang another song. On entering the Temple each one was presented with a lovely little corsage of sweet peas, fern and ribbon. Red, if their mother was living and white if not. This was also done by the program committee.

Following the program, lovely refreshments of home-made ice cream and cakes were served to the 27 members present. The refreshment committee was composed of the four Mrs. Curry's, Oro, Mary Lou, El-nora, and Novice.

The next meeting will be held on May 16 at 7:30 p. m., when it is hoped even more of the members can be out. —Reporter.

KELLY HILL VISITS PARENTS HERE

Kelly Hill of Cleveland, southeast Texas, returned to his home last week after a few days visit here with his parents, Mr. and Mrs. I. B. Hill.

He had recently undergone a major operation in a Hospital at Liberty and was just recovering.

Kelly is connected with a prominent business establishment at Cleveland.

Demosthenes was the most famous orator of ancient Greece. Hendryk Hudson's ship was named the Half Moon.

ROTARY HOE Controls Weeds in the row

REDUCES HAND HOEING

Quoting Mr. D. L. Jones, superintendent, Texas A & M Experiment Station, Lubbock: "At present, this is practically the only tool that will control weeds in the drill row before close sweep cultivation is possible."

Here are some advantages of the rotary hoe:

1. Uproots weed seedlings in the row; allows topsoil to dry, preventing further weed growth.
2. Works best at high tractor speeds, without damage to cotton or corn plants—up to 60 acres per day.
3. Definitely stimulates young crops.
4. Breaks soil crust, helping crops to come up.

Allis-Chalmers rotary hoes are front-mounted, where you can watch them easily without turning your head. You can keep the teeth exactly on the row, getting rid of the weeds that cause the most trouble.

See us right away about an Allis-Chalmers Rotary Hoe for your farm.

In every state live some of the three million people who own the business-managed electric companies

And in cities and towns everywhere live another 72,000,000 indirect owners—probably including you. Much of the money you put into bank savings and life insurance premiums is put to work for you in electric company securities—some, perhaps, in your own electric light and power company.

Nearly everybody owns these companies that serve nearly everybody! What affects them affects you.

HELEN MAYES stars in the ELECTRIC THEATRE. Hear it every Sunday, 8 P. M., EST.

Odds & Ends

(Cont'd. from Editor's page)
up for some ten or fifteen minutes, until all his auditors were in a happy mood and then he turned his attention to the discussion of conditions in Europe. What he said seemed sensible, though parts of the picture were none too rosy for peace-loving Americans. He had just returned a few days ago from a tour of Europe.

Any way, we are going to watch John Ben Shepperd. He is a likeable chap and is as bright as a new silver dollar. We have an idea that somebody, maybe some Special Interest, is grooming him for some office—we don't know what, but we are going to keep an eye skinned and an ear to the ground. If John Ben runs for anything, he may be able to ride many a political storm successfully in the future, but that Sundown tornado Friday night came very near breaking up his meeting in the hotel Lubbock. Just as he was really getting down to business discussing European affairs, word came suddenly that a tornado had struck Sundown and wrecked it, killing at least two people and injuring several others, and was then headed straight toward Lubbock. Some grabbed their hats and rushed away to see about Mary and the kiddies, but most of the folks decided that it would probably be safer to remain where they were than to rush out and down into the streets to try to ward off a tornado.

So, the folks soon calmed down and John Ben went on with the show.

He had hardly rung down the curtain, however, until a terrific rain and hail storm took over, and got a lot of people into deep water.

But that's another story that Charley Guy and C. W. Ratliff and their cub reporters armed with typewriters and cameras have already told you about.

Saturday at noon, we were wined and dined again—no, not wined—we didn't even see nor smell any bootleg wares during the two days, although we heard that a gentleman bootlegger had been hanging around. Haven't heard of anybody circulating any petition for a beer election in Lubbock on that account, however. O yes, back to the luncheon. C. W. Ratliff was in charge. We ate and ate and ate and then in came the famous barber shop quartet. They gave us three a-cappella numbers, each one better than the others. Those boys really can sing. And then, before we could wind up our business, the Democrats were swarming into the lobby of the Hilton where we were having our Saturday lunch.—we mean the professional Democrats, the big boys from Dallas and Houston, and Corpus Christi, and Austin, and Fort Worth, and everywhere—except Junction, didn't see hair nor hide of Coke. And even Old Tack was there from the Amarillo News-Globe—and we've heard say that he admits to being a Republican.

Yes, and George Mahon and five other Congressmen were there, Hogue, and Worley, and Gossett, and Burleson, and a Spanish-American

guy from New Mexico—we guess he was a guy, George Mahon called all those other Washington big-wigs "guys"—said they were good guys. And George he was a busy man. You have heard for 50 or 75 years how busy that ornate fiddler was—well he was not in it at all as compared with George Mahon Saturday. On top of everything else he had to ram-rod that interview that Secretary Brannan had to give the newspaper men and he did it in a fine way. He had brought along a lot of other big moguls from Washington besides the Secretary, and he had to make them feel at home too, and so he proceeded to introduce them—Bill and Jim and Tom and Dick and Harry—no, Harry wasn't there—but the rest of 'em were, and George could tell the very swimming hole that every one of them patronized when they were kids, from Vermont to Texas, and he made us feel like saying to them "Come back and see us some time, Tom, and bring Mary and the kids and stay a week or two."

All levity aside, George did do a swell job, and all those "guys" seemed to know their stuff, too, agriculturally. Among them, Marvin Jones, who helped to launch the New Deal Agricultural Program. George himself has gotten to be an expert in that field, and is evidently doing a masterful job for the farmers of this area and all of Texas. Of course Brannan knows all the answers to all the questions pertaining to Agriculture. He was very courteous and frank in answering all the questions shot at him by the country newspaper men of this area.

We couldn't stay for the dinner at night, but our good friend Arch Underwood, who was the daddy of the affair, was certainly in his glory in the afternoon at the hotel. He is a born political mixer and leader and knew just about all of the politicians in the country from the banks of the Hudson to the banks of the Rio Grande. Other local lights who were hugely enjoying that crowd were Lubbock county's long-time Democratic chairman L. C. Ellis and that dynamic fighter for the New Deal and new dealers, G. H. Nelson.

The suave Truett Smith, Judge Jim Elliott, Farmer Wiley Curry, and doubtless a number of other Lynn county citizens attended the ten-dollar dinner, at night.

It was a great pow-wow, folks.

CARD OF THANKS

May we have a little space to thank our neighbors and friends for their wonderful kindness to us during the recent illness and upon the death of our beloved companion and sister Jeffersons G. Scott. We are grateful to the Doctors and nurses who ministered to him, to all those who watched by his bedside through many days and nights, to those who brought or sent flowers, to those who prepared and served food, to Brother Aly for his kind and comforting expressions of sympathy, and to every one who did a favor of any kind. My God bless and keep you all.—Mrs. J. G. Scott and family.

CARD OF THANKS

We are deeply grateful to the neighbors, and friends who went in to our fields and knifed our crops while our men folks were busy helping to care for our loved one, J. G. Scott, during his last days. May the Lord keep and bless every one of you.—Mr. and Mrs. W. P. McDonald.

Can Black-Draught Help Physical Fatigue?

Yes, Black-Draught may help physical fatigue if the only reason you have that listless feeling is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath — and if these symptoms are due only to constipation — then see what Black-Draught may do for you. Get a package today.

Planning Ahead...

To Keep Abreast With Your Natural Gas Needs

West Texas Gas Company is planning for tomorrow... yes for next year and years to come. Planning new transmission and distribution lines, additions to compressor stations and many other things that mean so much to good gas service.

During the past few years many things have been possible to secure and still are far from complete. In order to be prepared to do this, West Texas Gas Company engineers are planning now.

Many of our 1949 projects, many more, being planned now, will be completed before the end of the year... all of which are designed to furnish you good natural gas service.

Good Gas Service Doesn't Just Happen

It Is Planned

HELPING BUILD WEST TEXAS SINCE 1927

Here's Comfort with a capital

"SEE"

LOOK at its clean and sweeping lines so unmistakably Buick—the room expressed in its broad beam—the level-going smoothness shown in its sizable length.

Now — slip in. Settle back. Take in the spread-out room everywhere—even to extra room overhead from super-soft seats that cradle you deeper.

Then notice this: You can really see! See more of everything easier—through its higher and wider windshield set in narrower corner posts—through its deep side windows, and its one-piece rear window that makes parking and backing up so much simpler.

Your whole outlook is broadened and driving becomes safer and more fun because high visibility here goes along with comfort.

So do plenty of other things—like

Dynaflow Drive,* lively Fireball power, coil springs all round, and big soft tires, and extra-wide rims for comfort with safety.

And all at prices that make this beauty the buy of the year!

See for yourself at the nearest Buick dealer's, where you will find your dollars buying so much you'll get your order in fast.

BUICK alone has all these features
Silk-smooth DYNAFLOW DRIVE* • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • LIVING SPACE INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRI-FLEX COIL SPRINGING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS • Cruiser-Line VENTPORTS • Low-pressure tires on SAFETY-RIDE RIMS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER

*Standard on ROADMASTER, optional at extra cost on SUPER models.

More clearly than ever
