LOCAL GIRL PLEDGED TO TSCW SOCIAL CLUB

Denton — Among the 233 upperclassmen at Texas State College for Women who have completed informal initiation into the 11 literary and social clubs on the campus is Miss Vonnie Foller, daughter of Mrs. C. E. Rutherford, Haskell.

During the three day initiation the campus was alive with lowly pledges obeying such "big sister" commands as bringing early breakfast, performing menial chores like washing, ironing and cleaning, and singing, dancing and salaaming before club members.

Organized to stimulate interest in literature, art or music, to promote social activities and encourage high scholarship, the clubs will hold formal initiation ceremonies during this month. Miss Foller pledged the Athenaeum Club.

Mrs. W. G. Hinson of Spur visited Mr. and Mrs. A. H. Pritchard and family over last weekend.

Entering the church on the arm of her brother, Earl Rudder, the bride wore a suit of charcoal grey with flamingo accessories. She carried a white Bible topped with pink carnations, maline and pink satin streamers.

Mary Cochren was maid of honor and Ralph Fry was best man.

After a short wedding trip the couple will live in the Dudley community where the bridegroom is engaged in stock farming.

Wilton (Hook) Davis, ace Hardin-Simmons ball carrier, will be out to better his rushing average Saturday night when the Cowboys entertain the Tempe Sun Devils in a Border Conference duel at Fair Park Stadium. Davis, national ground gaining leader in 1947, has been hampered by injuries during the past two games but has managed to scamper for a 699 yard total in six games.

**McMURRY WINDS UP HOME SEASON FRIDAY NIGHT**

Abilene — The McMurry Indians will wind up its home season at Fair Park Stadium Friday night, November 19, against the Southwestern Pirates in a Texas Conference game. It will mark the final conference game of the season for both the Indians and Pirates.

The Indians were undefeated on home soil this season in three starts and will be out to make it a clean sweep when the Pirates invade Abilene Friday. McMurry will wind up its regular schedule on Thanksgiving Day when they battle the Missouri Valley Vikings in Marshall, Mo. The victims of the Indians on the Fair Park turf this season have been East Texas Baptist, 35-0; A. C. C. 13-9; and Austin College 19-6.

Prior to last Saturday's game with Howard Payne in Brownwood, McMurry boasted of four players among the top ten scorers of the conference. Brad Rowland, the sophomore flash, from Hamlin, was among the top three with 30 points. Rowland, in addition, is ranked sixth in the nation in ground gaining in the small college class with 680 yards on 100 times carried. Other leading scorers from McMurry are Royce Smith of Colorado City, with 26 points, Floyd Sampson of Anson and Frantz Myatt of Abilene with 24 each. The most feared back on the Pirate squad is Frank White, one of the most dangerous passers in the conference. White connected for two touchdown heaves against Austin College last week.

**HARDIN-SIMMONS-TEMPE GAME SATURDAY NIGHT**

Abilene — Hardin-Simmons' Cowboys will lay a perfect series record with Arizona State of Tempe on the line Saturday night when they entertain the Sun Devils in a Border Conference contest in Abilene's Fair Park Stadium.

Victorious over the West Texas Buffs, 28 to 6 on Armistice Day, the Cowboys will be out to annex their third Border Conference victory of the 1948 campaign and their sixth over Arizona State in as many games.

The Sun Devils, winners in four of their first six 1948 games, will ride into Abilene hopeful of handing the Cowboys their second setback of the season. Tempe's hopes will be based on the speed of halfback Whizzer White, one of the fastest backs in the Border loop, and a high-geared eleven which has rolled up impressive victories over Western Colorado, Arizona State of Flagstaff, George Pepperdine and New Mexico A & M. The Sun Devils were defeated by Utah State, 22 to 17, and by Arizona 33 to 21.

The Cowboys will again be expected to rely on the passing arm of Johnny Ford for aerial fireworks that have proved a deciding factor in the Cowboy's success during the last three games. Ford passed for 143 yards against West Texas State last Thursday although plagued with a high wind from the south end of the field. His spirals have netted 797 yards in six games this season.

Wilton (Hook) Davis and Pat Bailey will be out to spark the Cowboy ground game. Another back, diminutive Nolan Harvey, sustained a shoulder injury in last week's contest and will be out of the lineup, possibly for the remainder of the season.

The Cowboys will be playing their third straight home game of the season, the first home night contest, when they take the field Saturday night. Texas Tech's powerful Red Raiders will arrive in Abilene a week later to supply competition for the Cowboys in a Hardin-Simmons homecoming contest.

John Bailey, H. E. Swofford, Dr. R. W. Evans, Pete Bouchette and L. F. Patterson, of Clyde, left Sunday for their annual deer hunt in Mason county.

**BIGGER SEAL SALE?**  
of our 42nd annual  
is \$20,000,000. This  
increase of one and  
millions over 1947 —  
topped all previous

What's the point of all this  
minding? Is it just to eclipse  
own record—to give out  
and raise something to crow  
about? Do we really need more  
money? If so, why?

Have you never discovered  
the more you know about a job  
the more you see to do and the  
faster you want to do it? Ask  
and contractor if he'd build a  
factory and stop just before he  
got the roof on—or a successful  
fruit grower if he'd stop after  
pruning half the trees in his  
orchard.

We have a job to finish. Some  
500,000 U.S.A. citizens, in this  
richest and most health-conscious

of countries, still have active  
tuberculosis, and man of them  
do not even know they have the  
disease. Others know, but do  
nothing about it. Meanwhile,  
from cases known and unknown  
the germs pass on to families,  
friends, even to casual contacts.  
Remember: no one is safe until  
all are safe.

Locating the cause will re-  
main Job No. 1 until the knowl-  
edge of his own responsibility  
penetrates to the last citizen.  
We must cast the net wider each  
year. More and more counties  
throughout the country are in-  
stituting mass X-rays to find  
their tuberculous citizens, from  
the judge on the bench to the  
waitress in the restaurant. Such  
surveys cost a great deal of  
money and more surveys are  
needed.

Health education is a vital part  
of Job No. 1. The bulk of all  
money raised in the Christmas  
Seal Sale is spent on informing  
the public over and over in  
every way we can—through dis-  
cussions, printed materials, ra-  
dio, newspapers, magazines and  
by visual aids—that tuberculosis  
is a catching disease, but that  
it can be prevented and control-  
led if the proper measures are  
taken in time. That is the crux  
of the matter: action. It takes  
a tremendous amount of repeti-  
tion to educate public opinion  
to the point of action. There is  
no tuberculosis association that

could not use more and still more  
money on health education  
alone.

Finally, there is medical re-  
search. No less an authority  
than Dr. Esmond R. Long, Di-  
rector of Research for the Na-  
tional Tuberculosis Association,  
says: "Christmas Seal dollars  
are more urgently needed than  
ever before in seeking further  
knowledge about the cause and  
cure of tuberculosis in order  
that new and better weapons  
may be developed to prevent and  
treat the disease."

In 1900 our U.S.A. tuberculo-  
sis death rate was 194 per 100-  
000 persons. In 1947 that had  
dropped to 33 on 100,000—but  
in 1947 nearly 50,000 citizens  
died of TB, nearly half of them  
between the ages of 15 and 44.

In the face of such a challenge  
the goal of \$20,000,000 seems  
moderate indeed. When, on Nov.  
22, opening date for the 42nd an-  
nual Christmas Seal Sale, the  
small tow-headed boy who waits  
for Santa Claus on the 1948  
Seal makes his appearance, we  
have every confidence the Amer-  
ican public will see that his goal  
is reached; that he may bring  
to the children of the U.S.A. a  
promise of healthy adulthood,  
free from the menace of an an-  
cient and very great enemy.

Frances Brophy, Seal Sale  
Director, N.T.A.

### BUSINESS RECOVERING FROM ELECTION JITTERS

New York — Business and in-  
dustry are showing signs of a  
fast recovery from the national  
election jitters.

Evidence this week indicates  
pessimism was carried to ex-  
tremes following reelection of  
Mr. Truman and the return to  
power of a Democratic Congress.

Nothing specially has been  
hurt apparently except the deli-  
cately balanced state of mind  
known as business confidence and  
the reputation of numerous poll  
takers.

The stock market took one  
bad spill this week and then  
made a stand. A tiny amount of  
the more than 6 billion dollars  
lost since the election, was re-  
couped and Wall Street brokers  
said bargain hunters were back  
on the buying side.

Industrial production ranked  
among the year's best. Steel mill  
tonnage was the highest in his-  
tory. Electric power output star-  
red for the fifth week in the  
new high production column as  
did crude oil.

There was a small drop in  
automobile production but it  
was due to fresh labor distur-  
bances and scarcity of needed  
material. Soft coal output fell  
below the previous week but it  
was still a good tonnage. Build-  
ing construction work showed no  
letup from the terrific pace at  
which new homes and factories  
have been turned out all year.

Cutbacks in employment in  
some Northeastern industrial  
areas involved a relatively small  
number of workers and were for  
specific reasons seldom directly  
related. In some cases it was due  
to the seasonal nature of the  
business involved. In others it  
could be traced partly to basic  
antagonism between management  
and labor unions.

The current business scene  
seemed one of extraordinary  
strength and vitality. Economists  
who were guided by facts and  
figures rather than emotion said  
they could see nothing in the

election to change the picture,  
providing good business sense  
and good political sense pre-  
vailed where there were points  
of difference.

The calmer view of the eco-  
nomic prospects under the new  
set of conditions was taken by a  
large number of nationally  
known organizations. They used  
newspapers, radio, special bul-  
letins and other means of com-  
munications to get over their  
views.

The brokerage firm of Merrill  
Lynch, Pierce, Fenner & Beane,  
by far the largest in the world,  
took space in newspapers in  
nineteen large cities to acquaint  
clients and the public at large  
with its conclusions.

"The re-election of President  
Truman offers, in itself, no jus-  
tifiable reason for believing that  
there has been any change in the  
outlook for business," the Mer-  
rill Lynch advertisement said.  
"The greatest industrial machine  
of all time is still going and  
going at a record rate. We're  
still doing business at the old  
stand and under the same con-  
ditions that have prevailed for  
sixteen years."

A. W. Zelomek, editor of the  
International Statistical Bureau  
and economist for the National  
Retail Dry Goods Association,  
said the election would have only  
minor results on the business  
trend. The National Association  
of Purchasing Agents said it  
was convinced none of the fun-  
damentals underlying recent  
price trends had been changed.

Both stressed the fact that  
Mr. Truman took a definite anti-  
inflationary stand in the cam-  
paign and could be expected to  
strive hard to keep prices with-  
in bounds of reason. If this can  
be done, without setting defla-  
tionary forces in motion, econo-  
mists agree that the business  
boom has taken a new lease on  
life.

Various pronouncements in  
Washington this week and gossip  
from the presidential camp at  
Key West gave business and in-  
dustry a good clue of what can  
be expected. In all cases the  
specific programs were no more  
harsh on business than had been  
forecast and foreshadowed in the  
campaign.

Revision of the present labor  
laws and a fourth round of wage  
increases seem a certainty. Any  
attempt to raise prices will be  
frowned on in view of the cur-  
rent high profits of business.  
There are many executives who  
say their firms can not stand  
any higher production costs and  
stay in business. How they will  
meet the situation created by  
another wage hike remains to be  
seen but most economists be-  
lieve they will find a way.

On price controls, allocation  
of materials and revision of the  
present tax law, there is some  
doubt in business circles that the  
President will get out of Con-  
gress exactly what he wants.  
Many people in the higher income  
brackets now claim they work  
almost exclusively for the gov-  
ernment and are thus immune  
from any further tax burden.

Prices have been hardening.  
This week higher tags were on  
a number of grocery items and  
an assortment of industrial ma-  
terials. Bumper crops, high in-  
ventories of merchants and filled  
pipelines of supply are counter-  
balancing influences in the price  
field. It may be that the econo-  
mists who think we've seen the  
worst are correct.

### "BIG CITY" ONE OF THE SEASON'S HAPPIEST HITS

Laughs, tears, romance and  
song are all present in the ex-  
hilarating parade of talent of-  
fered in "The Big City," showing  
at the Plaza Sunday and Mon-  
day, with Margaret O'Brien head-  
ing a cast that includes not only  
a group of Hollywood's best-  
known players, but also the  
Broadway musical comedy star,  
Betty Garrett, and world-re-  
nowned Lotte Lehmann of Met-  
ropolitan Opera fame.

Miss Garrett in the role of a  
flossy Bowery entertainer, sings  
such songs as "Don't Blame Me,"  
"I'm Gonna See A Lot of You,"  
and "Ok! Baby Dok'l." Mme.  
Lehmann offers contrast in her  
rendition of "Brahms Lullaby,"  
"Traumerel," and Irvin Berlin's  
"God Bless America." Danny  
Thomas, another headliner in the  
cast, lends his style to "The  
Whiffenpoof Song." "What'll I  
Do" and "Yippee-O Yippee-Ay"  
which gives you an idea of the  
rich musical fare.

Actually the picture is not a  
musical but rather a comedy-  
drama which gives a natural  
out to song sequences. It tells  
of a child, brought up by three  
self-appointed guardians, who  
finally has to face a court bat-  
tle to determine her future life.  
It is here that little Margaret  
O'Brien comes into her own, giv-  
ing another one of those heart-  
warming portrayals that has en-  
deared her to youngsters and  
adults the world over. Margaret  
also sings in an hilarious im-  
personation of Miss Garrett.

Others who add to the enter-  
tainment of this happy offering  
are the Robert Preston as a clergy-  
man, George Murphy as a police-  
man, Karin Booth as a roman-  
tic schoolma'am, Edward Ar-  
nold as a judge and freckled  
Butch Jenkins, who no-punches-  
pulled scrap with Miss O'Brien  
is one of the film's funniest  
scenes.

## MARKETING with Marjorie

Come Thanksgiving, you'll be mighty thankful you marketed early. So look over the ideas below and plan your dinner right now. Then choose all you need for your Thanksgiving feed from A&P's big stock of big values!

#### GOOD USE FOR A GOOD HEAD

Ever eat all of a salad, including the bowl? You can when it's made like this: Hollow out a firm, green cabbage head and shred portion removed (about 1 1/2 quarts). Add 1/4 tsp. salt, 1/2 tsp. pepper, 1/2 tsp. sugar, 1/2 tsp. grated onion and 1 1/2 tbsps. vinegar. Add 1/2 cup of tangy ANN PAGE SANDWICH SPREAD from the A&P; toss; chill and pile into cabbage shell. Serves 6.

#### "CORN" AS CAN BE

Honest Injun, this corn pudding is the best thing that's happened to corn since the Indians discovered it! Beat 1 egg; add 1 cup milk, 1 cup of A&P's golden sweet IONA CORN, 1 tbsps. fat (melted), 1 tsp. sugar, 1/2 tsp. salt and 1/2 tsp. pepper. Mix well; turn into greased casserole and bake in moderate oven, 350° F., 1/2 hr. or till set. Serves 4 to 6.

#### HOLIDAY HIT

If you want to make a big hit on the big day, take my tip and take a trip to your A&P for a rich JANE PARKER FRUIT CAKE. Studded with glacéed cherries, pecans, raisins and citrus fruits... this luscious fruit cake is America's favorite. Bet it'll be yours too!

#### CRUST ISN'T A "MUST"

Pumpkin pie filling baked in a casserole instead of a crust is just as tasty... especially if you use A&P's choice ANN PAGE SPICES and this recipe: Mix 1/2 cup brown sugar, 1 tsp. cinnamon, 1/2 tsp. nutmeg, 1/2 tsp. ginger, 1/2 tsp. cloves and 1/2 tsp. salt. Add to 3 eggs, slightly beaten. Add 1 1/2 cups cooked or canned pumpkin; mix well and stir in 2 cups milk. Pour into 1 1/2 qt. casserole; set in pan of hot water and bake in moderate oven, 375° F., 1 1/2 hrs. or till set.

BUY CHRISTMAS SEALS FOR COMMUNITY HEALTH

The 1948 Christmas Seal Sale opens officially Monday, November 22nd in Callahan County, with the delivery of Seals in the morning mail to county residents. Callahan County's Seal Sale is held in conjunction with the nationwide appeal for funds to support battle against tuberculosis being waged throughout the country by the 3,000 associations affiliated with the National Tuberculosis Association.

The annual Seal Sale, which will continue until Christmas, represents the only appeal during the year for funds to carry on the year-round tuberculosis control work of the Callahan County Tuberculosis Association.

"The nationwide fight against tuberculosis today is just as

important as it was in 1907, the year of the first Seal Sale in the United States," Mrs. W. P. Brightwell, president, said. Although tuberculosis has dropped from first to seventh place as the cause of deaths in America since 1907, the disease still kills nearly 50,000 Americans annually. While no age is safe from tuberculosis, the disease today is taking the lives of more Americans between 15 and 44 than any other disease.

Mrs. Brightwell explained that of the money raised in this county eighty percent remains in the county to fight tuberculosis here and the remainder is forwarded to the Texas State Tuberculosis Association. The State sends five percent to the National Tuberculosis Association to finance its work on a national level. Of the

total raised in the county's Seal Sale, therefore, 95 percent will be used within the State.

"It is an inspiring thought that the American people themselves, through their annual purchases of Christmas Seals have contributed materially toward the conquest of tuberculosis," said Mrs. Brightwell.

"But we cannot rest on our laurels while there is still a single case of tuberculosis in the country. We have a long road to travel before we eradicate tuberculosis and we must continue to fight the disease with every means at our disposal. The American people make use of a powerful weapon against tuberculosis every time they purchase Christmas Seals."

MRS. SIADOUS HOSTESS TO DELPHIAN CLUB

One of the most beautiful and delightful annual luncheons of the Delphian Club was held Tuesday, Nov. 16th, in the home of Mrs. C. H. Siadous.

Corsages of tiny white and yellow chrysanthemums were presented to each member and guest upon arrival by the president, Mrs. M. L. Stubblefield. The rooms throughout the house were filled with lovely festive colors of all. The luncheon table was centered with large yellow chrysanthemums completely imbedded in an array of native autumn leaves. The 16 unique miniature black traveling bags designated place cards, which carried out the theme of the year's course of study "Off The Beaten Path."

Mrs. Siadous was ably assisted on this gala occasion by Mes. Hugh Ross and Lea Macdonald.

The invocation was given by Mrs. E. C. Fulton. Immediately following the luncheon, all retired to the spacious living room where minds and souls were further inspired by the inspirational Art and Music program which followed.

Guests were Mes. L. L. Blackburn, John English, and J. A. Brashear. Members present were: Mes. E. C. Fulton, Irvin Corn, C. B. Snyder, Jr., M. C. McGowan, Faye White, W. P. Brightwell, A. H. Pritchard, R. L. Alexander, L. C. Cash, M. L. Stubblefield, Ralph Ashlock.

The next meeting date is Dec. 2nd, in the home of Mrs. L. C. Cash.
