BAPTISTS HAVE SOCIAL MEET

Baptists met on the lawn of the Church last Friday night for an all-church social meeting, different groups playing volley ball, croquet, and pitching horseshoes, and some just engaging in social-converse.

Also a comic wedding was staged to the amusement of the guests, about 130 present.

A water-melon feast closed the evening's entertainment.

PYTHIAN SISTERS HAVE ANOTHER INTERESTING MEET

The Pythian Sisters of Lynn Temple No. 45, Tahoka, met in due form Tuesday, July 5, with all officers but one at their stations.

Roll call was made and absentees were noted. The absent officer was excused due to illness.

During the business session some discussion was had on the Fancy drill team that is to be made up for the District meeting in September. Vera Witt had to withdraw as captain of the team because of illness in her family. As yet, another captain has not been appointed.

Millie Hill gave a lengthy and most interesting report on her trip to Grand Temple, which was held in Beaumont in May. She seemed to have acquired much information and was glad to pass it on to our local Temple. Everyone present enjoyed her report and all were glad that she was the one chosen to represent Tahoka.

It was announced during the meeting that at the next meeting, which will be on July 19 at 7:30 p. m., the new Program and Entertainment committee are to stage a "Little Girl" party. So each member is requested to come dressed as a little girl. A prize will be awarded to the best dressed "little girl."

This committee is composed of Elnora Curry, chairman, with Novice Curry and Rosemary Nelms as co-workers.

After the meeting was over, a ritual quiz was conducted by Elnora Curry. The members were chosen into teams, with Tommie Terry as head of one team and Florence Davies as head of the other team. Much information was learned from this as well as a good time had.

Lovely refreshments were served to the 18 members present by the hostesses, who were Lou Calvery, Pauline Warren, and Dixie Payne.

The American Bible Society distributed 9,716,251 copies of the Scriptures in 151 languages in 1948. Distribution in 40 foreign countries totaled 5,668,336, and in the United States 4,047,915.

Gold is never a bulwark, no defense to those who spurn God's great altar of justice. —Aeschylus.

BOBBY BOYD WINS JONES MILITARY OPPORTUNITY AWARD

College Station, July 9 (Spl.)—Bobby Keith Boyd, graduate of the Tahoka High School, was notified today that he had won the Jesse H. Jones Military Opportunity Award scholarship at Texas A. & M. College.

Selected from hundreds of applicants who participated in a state-wide examination on May 14, the winner will receive an opportunity of earning a part of his college expense at student labor in addition to the cash awards. There were 54 Texas boys named for Opportunity Awards at Texas A. & M. today. Others are due to be elected during the summer with around 70 expected to enter the college in September.

Only boys of exceptional ability who could not attend college without financial assistance were invited to compete for the awards. Final selection was made on the basis of scholarship, leadership, character and need.

Bobby Keith Boyd is the son of Mr. and Mrs. Marjion M. Boyd. In high school he was Student Council representative, president of the freshman class, was listed in Who's Who in U. S. high school and a member of the National Honor Society. In athletics he played football, was captain and all-district selection in softball, played basketball and did some boxing and was on the track team. His high school average was 95.0.

In the summer young Boyd worked in the oil and wheat fields, and plans to study military science at A. & M.

Santa Fe's net income for April, 1949, was \$2,238,954, according to a statement released by President F. G. Gurley today.

REDWINE H. D. CLUB NEWS

The Redwine Home Demonstration Club met in the home of Mrs. E. F. Carpenter Thursday afternoon, July 7, with 10 members and three visitors present.

Mrs. Elmer Owens gave a report of the last council meeting. Then she gave a talk on "Wall Finishes."

Plans were also discussed for a picnic in August.

The hostess served delicious ice cream, cake and punch to members and visitors present.

There will no regular meeting of the Club in August. —Reporter.

Mrs. Alice Fortenberry was in Sweetwater Thursday, where her cousin, Mrs. Harve Campbell of Hermleigh, underwent major surgery. She was doing fine when Mrs. Fortenberry last heard.

A mountain site at Glorieta, New Mexico, has been chosen by Southern Baptists for a "western" assembly grounds. When developed, the encampment will compare with the Southern Baptists Assembly at Ridgecrest, North Carolina, established in 1908.

MRS. COY FIELDER IMPROVING
Mrs. Coy Fielder, who underwent a major operation in a Dallas Hospital last Saturday morning and whose condition both before and following the operation for a time seemed so desperate, is reported to be showing unexpected improvement, and it is now thought that she has a good chance to recover.

T. B. BURROUGH HAS ARMS BROKEN IN ACCIDENT

T. B. Burrough, head of the Santa Fe Section crew here, became the victim of an accident Thursday of last week in which he suffered the fracture of both arms.

As he was proceeding along on the Santa Fe track with his motor car and approached a road crossing, he came upon a car with a trailer attached crossing the tracks. His motor car caught the rear end of the trailer and he was thrown off his machine onto the track, causing the injuries to his arms.

He is under treatment in the Plains Hospital in Lubbock.

BAPTIST BOYS ATTEND ROYAL AMBASSADORS CAMP

Seventeen Junior boys, together with their seven counselors, attended the Boys Encampment held on the Plains Baptist Assembly grounds in Blanco Canyon eight miles south of Floydada this week.

Boys attending were Glenn Fleming, Ronnie Brooks, Gordon Smith, N. E. Wood Jr., Robert Fleener, John Mack Lowrey, Jimmy Rey McMillan, James Burkhart, Donald Renfro, Ronnie Stephenson, Jerry Williams, James Smith, Ted Pridmore, Jerry Lynn Freeman, Bobby Bass, Tom Anderson, and Kenneth R. Durham.

Counselors were Alton Fleming, Carroll T. Aly Jr., Paxton Hutchinson, Sheldon Russell, Dr. K. R. Durham, J. A. Biggerstaff, and J. C. Womack.

Messrs. Sheldon Russell, C. T. Aly Jr., and Paxton Hutchinson, expected to remain until Friday morning, attending the Intermediate Boys camp that followed the Juniors' camp.

Other Tahoka Intermediate boys who left on Wednesday morning to attend the Intermediate boys camp were Roy Riddle, Audrey McKee, and Bobby Williams.

YOUNG FELLOWS GO ON SIGHT-SEEING TOUR

Bobby McMillan, Laylan McMathan, and Lewis Cowan left Saturday night to do a bit of sight-seeing at Colorado Springs, Colorado, and environs. They expected to return to Tahoka about Thursday or Friday of this week.

Willie Gene Garrett had planned to make the trip with them but became very ill Saturday and could not go. He has been under treatment at the Seale Clinic. He returned to his home Sunday but reentered the Clinic Monday.

Mrs. Lawrence Harvick has recovered from an attack of pneumonia which she suffered some three weeks ago.

MISS TINY LEE AND CHARLES JONES WED

Miss Mary Evelyn "Tiny" Lee and Charles O. Jones Jr. were married at 2:00 p. m., July 1, in the home of Mr. and Mrs. G. W. Cogburn. The bride is the daughter of Mr. and Mrs. R. E. Lee. Mrs. Clara Jones of Brackettville is the mother of the bridegroom.

Rev. C. T. Aly read the double ring ceremony before a mantle decorated with English Ivy.

Mrs. Cogburn was the bride's matron of honor and Mr. Cogburn attended Mr. Jones as best man. Mrs. Cogburn wore a brown two-piece dress with rhinestones covering the blouse; white gloves, hat, and carnations.

The bride wore an ice blue marquisette dress with matching hat and gloves. She carried a white Bible covered with white carnations.

A tiered white wedding cake centered the refreshment table. The house party included Meses. L. C. Smith, C. W. Stephenson, Harold Hester, J. P. Stephenson, J. D. White, Pat Chambley, and G. W. Cogburn.

The bridal couple left on a wedding trip to Ruidoso, New Mexico.

Guests for the wedding and house party included Mr. and Mrs. L. C. Smith, Mr. and Mrs. J. D. White, Mr. and Mrs. C. W. Stephenson, Mr. and Mrs. Harold Hester, Mr. and Mrs. Jodie Richardson, Mrs. R. E. Bagby, and Mrs. Pat Chambley.

METHODIST YOUTHS ATTEND ENCAMPMENT

Jimmy Small, Ronnie Gurley, and Douglas McNeely are attending the Methodist Youth encampment at Ceta Canyon near Happy this week. They left here Monday morning and expect to return home Friday afternoon.

This encampment is for the boys and the girls of the entire Northwest Texas Conference, which covers a vast territory, and it was expected that there would be a large attendance.

Mr. and Mrs. Hugh L. Taylor, now of Royce City, were here Tuesday enroute to Denver, Colorado, to spend their vacation. Mr. and Mrs. Taylor formerly resided in Tahoka and operated a cleaning and tailoring business where the Quality Cleaners are now located. He was well known here as Taylor the Tailor. When they sold out here they went back to Royce City, whence they came, and are doing a prosperous business there.

Beauty by Chrysler

The Beautiful Chrysler | Silver Anniversary Model

NEW YORKER CONVERTIBLE SEDAN with Prestomatic Fluid Drive® Transmission... Drive without shifting.

Beauty In Appearance! Every clean, lovely line has purpose and meaning. Beauty that is useful is the Chrysler idea. A striking line of chrome along the fenders may please your eye, but it's there to act as a rub rail. Behind each detail of Chrysler design there's a story of common sense and imagination in engineering.

Beauty In Comfort! A chair at home is beautiful if fine design gives it grace and comfort. Chrysler chair-height seats have this kind of beauty, too. Perfectly proportioned for comfort, they seat you at the proper height to see the road and to enjoy your drive. Comfort that has beauty through fine design—that's the secret of Chrysler engineering and the relaxing pleasure of driving a Chrysler.

Beauty In Performance! You know what we mean the moment you feel the smooth response of the great Spitfire High Compression engine. With Prestomatic Fluid Drive Transmission, driving is wonderfully easy. Start in third, a slight lift of your toe takes you into cruising range. You rarely touch the gear shift lever. A few minutes in this car gives you pleasure it would take a book to describe. Phone for a demonstration today.

You Will Enjoy PLAINS MOTOR CO.

Makes Plea For Tax On Natural Resources

AUSTIN, July 13 (Spl.) — A warning that oil and natural gas resources of Texas and other parts of the South are being drained away so rapidly that the supply "will dwindle sharply during the next 20 years," leaving this section of the nation "indeed a blighted area" comes in a national report just received at the state office of the Texas Rural Roads Association.

The findings, contained in a complete copy of the National Planning Association's report to the President's Council of Economic Advisers, is titled, "The Impact of Federal Policies on the Economy of the South," including Texas. It has not yet been distributed, but a copy came to the Texas Rural Roads Association President Jim Cantrell of Princeton. North Texas banker and farm leader. The report represents months of careful study by qualified economists, including Dr. L. P. Gabbard, head of the Department of Agricultural Economics and Sociology, Texas A & M College at College Station.

"It gives every patriotic Texan food for thought," Cantrell said. "Wake up Texas," he declared. "Let's close the gate before all our horses are out and gone forever."

Pointing out that in physical resources, Texas and the other southern and southwestern sections of the country chiefly depend on oil and natural gas, the report declares that the very life blood of these states' economy is being drained away daily in ever larger amounts. It is a problem which calls for immediate and serious consideration if drastic harm to the states is to be prevented, the report said.

The National Planning Association's report comes after the recent action of the Texas Rural Roads Association at a meeting in Dallas June 16th. At this meeting the Rural Roads group recommended a plan embodying the sound business premise that natural resources, Texas' greatest capital assets, should leave as they are depleted compensatory capital gains in the State in the form of permanent improvements. These should include rural roads, soil conservation, State-owned buildings and such other permanent improvements as the Legislature may find necessary or desirable. Such permanent improvements would be paid for out of a reasonable severance tax on natural resources the Rural Roads Association plan stipulates. Under no circumstances should natural resources taxes ever be placed in the General Revenue Fund for current operation of State business, the group pointed out.

Net income for the first four months of 1949 was \$11,723,363 compared with \$13,723,241 for the first four months of 1948.

Multi-Million Dollar Research Program

Artist's drawing of new research laboratory near Detroit

DETROIT—Dearborn Motors Corp. announced a multi-million dollar research and development program in farm equipment. Focal point of the activity will be the new laboratory and general offices now being erected near Detroit at a cost of \$2 1/4 million. Officials of the Ford Tractor and Dearborn Farm Equipment company said the research activities will include studies of existing machinery, as well as development of equipment for farm jobs not yet mechanized.

THE INDIANS ARE COMING ! ! !

Yes, the Top o' Texas Rodeo and Horse Show Association is giving this country back to the Indians during the annual Top o' Texas Rodeo and Horse Show to be held in Pampa on August 2, 3, 4, 5, 6.

Arrangements have been completed with the U. S. Indian Reservation Offices at Anadarko, Oklahoma, for the appearance of a group of Indians from the United States Indian Reservations to appear in this year's show. There will be three tribes represented in the delegation, the Kiowas, Comanches and Apaches. The oldest Indian, Frank Bosin, is a Kiowa and is 89 years old. George, who is Frank Bosin's son, is a descendent of Toohausan (signer of the Medicine Lodge Treaty). George's wife, Beauty Aspermy is a Comanche, a descendant of Chief Quana Parker. The group of dancers will range in age from 9 to 90.

This group of dancers are nationally famous for their Indian War Dances, and will dance at each night's rodeo performances in full costume and ceremony. The costumes of the Indian girls are buck skin and beads valued up to \$500.00, and are treasured very highly by them as it is almost impossible to obtain the materials to make these dresses. The War Bonnets and Head Dresses of the men are Eagle feathers and are also very expensive and hard to obtain. They will be equipped with tom-toms or war drums plus the colorful University Hardin-Simmons Cowboy Band in the background.

These dancers are experts in their tribal dances and do such dances as the war dance, shield dance, Indian round dance, Indian two-step, Eagle dance and many others.

CARD OF THANKS

We wish to take this means of reaching our friends and neighbors in the Draw and O'Donnell communities and vicinity to express our heartfelt appreciation for their many tokens of love and friendship during the time of the loss of our beloved husband and father; also for the fine food supplied and the many other tokens of love. May God bless you. —Mrs. J. D. Crawford and family.

Any man can keep unconquerable within himself.

TAHOKA RURAL CARRIERS ATTEND LUBBOCK MEET

George M. Reid, Harry Roddy, and W. A. Reddell attended the district meeting of the West Texas Rural Letter Carrier's Association held in Mackenzie State Park in Lubbock Saturday night.

They enjoyed a luncheon together but had no set program. Officers for the ensuing year were elected, however George Reid of Tahoka retired as president and Mr. Winder, rural carrier at Morton, was elected to succeed him. Harry Roddy of Tahoka was elected secretary.

The Women's Auxiliary met the same night but a dashing rain that came made it necessary for them to meet indoors, which in this instance was the First Methodist Church. Mrs. Roddy of Tahoka was re-elected secretary. Mrs. Reddell, Mrs. Reid and others also went up attend the meeting but Mrs. Reid and her party, on account of the rain, missed the meeting.

COMPLETES NEW HOME

W. I. Lemon has just recently completed a neat new home on the same lot on which his grocery store is situated. It consists of two bedrooms, dining room and kitchen, sitting room, and bath room, stuccoed on the outside and neatly finished on the inside.

His store faces Main Street and his home faces Alley Street in north Tahoka.

Baptist Parsonage To Be Dedicated Sunday

Plans have been completed for the dedication of the new Baptist parsonage here at 2:30 o'clock Sunday afternoon.

At the noon hour, following the morning church services a basket lunch will be spread in the Church dining room. Each family of the Church is invited and urged to bring such a lunch for themselves and any guests that they may have. It is hoped that most of the families of the Church will accept this invitation and be present.

The program of the afternoon will begin with a song and praise service conducted by the Associate Pastor Sheldon Russell, with Mrs. W. P. Hutchison at the organ.

The general theme of the program will be Divine Provisions. Rev. F. E. Swanner, district missionary, will be the first speaker, and he never fails to inform and to inspire his audience. His subject will be: "The Church, a Divinely Provided Institution."

Rev. A. C. Hardin a former pastor of the Tahoka Church, will have for his subject, "God Provides Leaders for His Church."

Rev. George A. Dale of Lubbock, another former pastor, who served here for eight years, will discuss, "God Provides FOR The Leaders of His Church."

This portion of the program will be given in the Church auditorium. Then the audience will move out to the parsonage, where the pastor, Rev. C. T. Aly will deliver the Dedication Message, and the Dedication prayer will be offered by Dr. K. R. Durham.

These dedication services will mark the close of Rev. Aly's first year as pastor.

This has been a fruitful year for the church not only from a material and financial standpoint but also in the number of professions of faith made and the number of additions to the Church.

Records show that during the past 12 months there have been 193 additions to the church; 85 by profession of faith and baptism, 99 by letter, and 11 by statement.

A total of approximately \$32,000 have been raised by the Church for all purposes, including the building and other improvements, current and local expenses, Missions, Education, and other benevolences.

Fred House is building a neat cottage consisting of three rooms and a bath room for his son-in-law and daughter, Mr. and Mrs. Bill Biggerstaff, on his residence lot in North Tahoka facing North Main Street.

Mrs. Biggerstaff is the former Miss Helen House.

Water Program . . .

(Cont'd. From Page 1)

dam was not discussed. Only one location seemed to be in the thinking of the committee as well as of the representatives of the various Plains cities and towns that were presenting the matter. That location seemed to be Sanford, which is situated near Borger. The proximity of the lake thus created by Borger, Pampa, and Amarillo possibly gives it a long lead over Tascosa, which has also been approved by engineers, on account of the fact that Tascosa is far removed from any other town of considerable population.

The argument has been advanced in favor of Tascosa on the grounds that the water lift from that point into Amarillo would not be nearly so great as it would be from Borger. According to the Texas almanac, however, the altitude of Borger is only 60 feet lower than that of Tascosa. Tascosa's altitude is given as 3,176 feet above sea-level while Borger's is 3,116 feet. Amarillo's altitude is 3,676 feet, exactly 500 feet higher than Tascosa and 560 feet higher than Borger.

Below Tascosa, the river bed comes within twenty miles of Amarillo. Tascosa is practically twice as far away. Also, it is probable that a dam at Sanford would impound a much larger lake than would a dam at Tascosa, for it would have a much larger water basin.

Either location, however, should be satisfactory to people of the South Plains.

Mr. and Mrs. Raymond Wilhite of Knox City visited Mr. and Mrs. Lee Holden and Mr. and Mrs. O. L. Kidwell and family a part of last week.

Mr. and Mrs. E. H. Cunningham left Friday for a visit with relatives and friends at Uvalde.

Masons Install New Officers

On Tuesday night, July 5, Tahoka Lodge No. 1401, Masonic Order, installed officers for the ensuing year, as follows:

L. A. Forsythe, W. M.; Beecher F. Sherrod, Senior Warden; Jake Weathers, Junior Warden. Edd Hamilton, Secretary; and J. W. Lowrey, Tiler.

Officers appointed include H. G. Hodges, Senior Deacon; Charlie Terry, Junior Deacon; John Thomas and C. B. Terry, Stewards; and M. H. Brasher, Chaplain.

GAITHERS ATTEND FAMILY REUNION

Mr. and Mrs. E. B. Gaither attended a regular annual family reunion at the home of a cousin, Charlie Childress, and family at Lockney last Sunday. Members of related families were there from as far east as Stephenville and from points west in New Mexico.

Mr. Gaither reports that it rained over a large area on that portion of the Plains Sunday, including Abernathy, Hale Center, Plainview, Lockney, Floydada, Ralls, and Idalou.

PUBLIC LIBRARY OPEN

The Lynn County Library is open on Wednesday and Saturday of each week, from 1:00 to 5:00 p. m., located in the Courthouse.

New books in the Library are: The Chain, The Naked and the Dead, Pride's Castle, Dinner at Antones, The God Seeker, Point of No Return, The Big Fisherman Cheaper by the Dozen, The Return to Religion, and Elephant Walk.

Mrs. W. T. Kidwell and Mrs. O. L. Kidwell visited relatives in Chillicothe Wednesday and Thursday.

NEGRO GETS DRUNK; SHOTS SELF IN HEEL

Jesse Bradley, a sable-hued gentleman who lives "over the hill," seems to have gotten hold of a little too much corn-juice some where last Sunday morning, fancied that another Senegambian had done him some kind of injury, got a single-barrel shot-gun, and went out to search for his enemy. Before finding the alleged culprit, however, Bradley accidentally fired the gun and the shots played havoc with his left heel. He was taken to the Seale Clinic where the wound was dressed and where he was told that it would probably be several

months before he could use the foot to walk on.

This caused a little investigation on the part of the sheriff's office, and about three gaming cases and one drunk were unearthed.

Attend Church Sunday.

HEALING BACKACHE

THE LYNN COUNTY NEWS

FRIDAY, JULY 15, 1949

TAHOKA, TEXAS

THE A. A. A. Farm Program News

By Clinton M. Walker, Secretary,
Lynn County A. C. A.

Loans For Construction Of Granaries Now Available

Commodity Credit Corporation will make loans available to Lynn county farmers for constructing or acquiring farm storage facilities. The amount of the loan cannot exceed 85 percent of the total cost of the granary or 45 cents per bushel of the rated capacity, whichever is the smaller.

Any producer who is in need of additional storage capacity on or nearby his farm to store his own production of milo, wheat, corn, barley, or oats, is eligible for the storage construction loan. Commodity Credit Corporation will guarantee loans made by local approved lending agencies to producers for construction of the additional storage. If the farmer does not wish to, or cannot obtain credit from other sources, Commodity Credit Corporation will make the loan direct. These loans may be made for a period not to exceed 5 years, and will bear interest rates at 4 percent per year.

Lynn county will have quite a large acreage of grain sorghum this year due to some areas being hail-d and blown out and also due to the normal planting of sorghum. The loan rate on grain sorghum for this county for 1949 is \$2.03 per hundred pounds where stored on the farm, and \$1.82 1/2 per hundred pounds where stored in an approved elevator. With the acute storage problem that we have facing us, farmers are urged to consider this farm storage construction. Most farmers who have had granaries some time say that the granaries have paid for themselves several times during the past years.

For further information of this type of farm storage construction loan, please drop by the A. A. A. office or consult your local or county committeemen.

Wheat Allotments

Wheat acreage allotments for 1950 will be mailed to Lynn county farmers by July 20, 1949. Farmers who have planted wheat during any of the years 1947, 1948, or 1949 will have a wheat allotment for 1950.

Requests for "new grower" allotments are being taken at the A. A. A. office and will be accepted until September 1, 1949. Your requests for such allotments must be in writing and must specify the acreage you request. The county committee will set up a reserve for "New Grower" allotments not to exceed 3 percent of the total county allotment for all wheat farms.

Potatoes For Livestock Feed Available

Irish potatoes for livestock feed are now available under the Irish Potato Purchase Program in Lynn county. Cost of these potatoes for

The driver of this car was killed because he was driving "too fast for conditions." Rounding a curve on damp, slippery pavement, his machine skidded off the road and rolled over and over down the side of a steep embankment; finally came to rest right-side-up with the driver crushed in the wreckage. Stated speed limits apply only to average conditions, and a safe speed at ordinary times can be a very dangerous speed in bad weather. The law has a right to expect motorists to drive below stated speed limits when special conditions demand it.

livestock feed is 35 cents per hundred pounds delivered, rail freight prepaid to any rail destination within the county. Orders for the potatoes will be taken at the A. A. A. office in Tahoka.

Wheat Loan Rate Higher Than Interim Rate

The final wheat loan rate for Lynn county will be \$1.92 per bushel for No. 1 wheat. This amounts to 5 cents per bushel more than the interim loan rate of \$1.87 per bushel. Lynn county farmers have placed a total of 71,626 bushels of wheat in the loan so far this year representing a cash outlay of \$132,867.22. Farmers that have already put wheat in the loan at the interim loan rate of \$1.87 will be

reimbursed the additional 5 cents per bushel when the wheat is turned over to Commodity Credit Corporation at the maturity date of the loan.

Local Committeemen To Set Allotments

If acreage allotments and marketing quotas become necessary next year for cotton and wheat, the individual farm allotments will be set by local farmer committeemen, according to B. F. Vance, chairman of the Texas Production and Marketing Committee. This is a vital point in the Nation's Agricultural program, the chairman emphasizes.

He points out that when farmers are producing more of a commodity than can be marketed and ample

reserves have been built up, they know that adjustments should be made. But as individual farmers they are helpless in making the necessary adjustments. Each farm has been laid out to grow particular crops. Machinery has been accumulated to grow these crops. On most farms it is not possible for the farmer to shift his entire farm from one crop to another.

Farmers are aware of this but without a farm program which provides a means for unified action there is no means for assuring desired results. Under the program the acreage that is needed to assure abundance without wasteful surpluses is divided equitably among farmers of a community, a county and the county as a whole.

"And no one is better able to set up the individual allotments for a farm," the chairman states, "than the elected committeemen. They are farmers. They know the problems confronting their neighbors. They are elected each year. The farmers affected by the allotments they set are the ones who elect them."

"And no one can impose marketing quotas upon farmers. The law requires that two-thirds of the farmers must approve marketing quotas before they are effective."

Lynn county planted approximately 264,000 acres of cotton in 1948 and 260,802 acres in 1947. Approximations for this year's acreage have ranged from 250,000 to 300,000 acres. Farmers indicated they would plant 317,000 acres of cotton in 1949 when acreage reports were taken in May, but quite a good deal of cotton has been destroyed by

county has approximately 435,000 sand or hail since that time. Lynn acres in cultivation.

A farmer is a man who makes

his money on the farm and spends it in town. An Agriculturalist is a man who makes his money in town and spends it on a farm.

AMERICAN BANKING IN ACTION

NO, OUR AMERICAN SYSTEM ISN'T PERFECT, BUT

... it's the best system in the world! We Americans are a long way from Utopia. There are ups and downs in prices and jobs. The housing problem still exists. But the American way has given us the highest standard of living known to man and we are free men—free to solve our problems... to correct our faults. Working together, workers and management, business and banks can achieve greater good for all concerned. Let's continue to work together, so we can all share together.

Appropriations and other financial provisions for state supported colleges and Universities are resulting in the inauguration of great building campaigns for these institutions and in a continual increase in the number of students enrolling in them. This means a better educated citizenship in our state, better, that is, except in one particular. Neither the Bible nor religious doctrines can be taught either in the public schools or in these institutions of higher learning. Unless the Church and the home, therefore, make comparable progress in teaching the Bible and the tenets of Christianity to the children and young people of our land, there will be an ever-increasing number of young men and young women coming out of our colleges well educated secularly but as ignorant as a dodo of the Bible. This entails a grave responsibility upon our homes and our churches to double their efforts to teach the Bible and Christian tenets in the churches and in the church or denominational schools of our land. Teachers in the churches, however, must be volunteers and for this reason it is difficult to impose set standards of scholarship upon available teachers. Nevertheless, the churches are going to learn that scholarship, devotion, and loyalty are "musts" in their teaching forces, and that these requirements are much more important than mere adherence to any cut-and-dried organization get-up. The problem of the future is for the churches to supply religious education commensurate in quality and in numbers with the secular education that our public schools and colleges are giving to our children. The churches must meet this emergency if we are to remain a substantially Christian nation.

The Ku Klux Klan, which was outlawed nearly a quarter of a century ago, has become active again in some of the Southeastern states. In Alabama 45 men were indicted last week for outrages committed by them as alleged Klansmen. It is to be hoped that the organization is crushed. While the intentions of many Klansmen may be good and commendable, they seek to accomplish their ends by unlawful and indefensible means. In a democracy, mob rule should never be countenanced. It is wrong in the first place. Let's employ the legal machinery set up by our state and federal government to enforce our laws.

Fifty per cent of Southern Baptist churches are located in the open country. Only 15.7 per cent are in cities of more than 2,500 population.

Odds & Ends

(By E. I. The Elder)

Up at the Mackenzie State Park the other day we drove out by Prairie Dog Town just to see this artificial home that has been provided for these interesting little rodents in order to preserve the species. A plot of pasture land had been enclosed with net wire sunk so deep into the earth that the little four-footed prisoners can not dig out. There they were scattered around out there in considerable numbers behaving just as they used to do when there were countless thousands of them all over this Plains country. Of course it was not a very great sight to us who had seen them in all their pristine glory on the free range, but, folks, if and when you have visitors from the "sticks" or the piney woods, just drive them out by the "town" late some afternoon when the little beasties are out feeding and we are sure your guests will enjoy the antics they cut as they caper about. It's really fun to watch them scamper to their holes, shake their tails, and dive in.

Like his big old brother, the American buffalo, little Mr. Prairie Dog has become an almost extinct animal. Both will probably be preserved in small numbers however for centuries to come. The buffalo in his day was monarch of all he surveyed. Not even the Indians, with the weapons at their command, could quell him. But he came in contact with civilization and a superior force when he met the White man. Gun powder and the White Man had just about put an end to the Buffalo before even the White Man realized the enormity of his slaughter. It took Gun Powder and the White Man to put the savage Indian out of business too. There are a good many Indians and half-breeds left yet who might be denominated as harmless barbarians, but the fierce, brutal savages have been exterminated or conquered. They had to go before the onward march of Civilization.

And, with the coming of the farmer and the plow, the mischievous little prairie dog had to go too. Let's keep a few of him just for show purposes.

Another Plains animal that has almost entirely disappeared is the graceful, timorous, fleet-footed antelope. Harmless, beautiful, affectionate when domesticated, something very definite and effective should be done to preserve it from extinction at the hands of modern Vandals armed with guns and possessed of a mania for killing dumb animals. There used to be many herds of them that roamed these Plains; rarely ever is even a small group of them seen any more.

Several species of antelopes were known to the ancients. They were found in abundance in North Africa, Arabia, Syria, and parts of Palestine. They were enumerated in the law of Moses as "clean" beasts, their meat fit for the tables of all Hebrew families. The ox, the heifer, the sheep, the goat, the hart, the fallow deer, the roebuck, the gazelle, the ibex, the antelope, and the mountain sheep, according to a recent translation, were among the approved viands for the Jewish table. The hog was taboo as being "unclean," and we are not sure but that Moses was right in scratching it off his list though we do enjoy bacon and ham and eggs pretty often; hog sausage, pork and gravy in the winter time.

Those old Jews didn't have any use for the hog and mighty little for the dog. The dog was the Jewish

scavenger. He had no resting place in any Jewish home; we don't think that they provided even a dog house for him. He was a stranger and a wanderer on the face of the earth. He slipped around and licked the beggars' sores. True, he picked up the crumbs that fell from the Syro-Phoenician woman's table, but she was not a Jew, she was a Syro-Phoenician; and the Phoenicians were a mixed race, apparently having Hamitic blood in their veins. They were hated and despised by the proud Jews.

No, sir, when Abram left Ur of the Chaldees, he didn't bring any cur dogs nor hunting hounds with him. He had flocks of sheep, but there is no record that he ever owned a Shepherd dog to herd them or to guard them against Lobos and Mountain lions that might have infested the region. He hired human herdsmen to do that.

Sarah didn't have any poodle dog, either. And when Abram's servant took ten camels and went back to the old home town to get a bride for that boy Isaac, he brought the bride all right, and all her belongings, but when Rebekah alighted off that camel and they took all the bags and baskets and boxes into the tent, there was not a single cocker spaniel in the entire cargo.

Yes sir, the Jews hated dogs. They never spoke of dogs except in a tone of contempt. The greatest insult they could throw at their enemies was to call them Gentile dogs.

We sometimes wonder if that boy David's greatest disappointment didn't lie in the fact that he was never permitted to own a dog. David was a regular boy. His dad depended

upon him a lot. Being a sheep man, he often sent David out to herd the sheep on the open range. We guess David did not know anything at all about Shepherd dogs—the only kind he had even seen, probably, were old mangy curs—but if he ever ran across one of those friendly companionable Collies or one of those glossy golden-haired, golden-hearted Shepherds, we bet he begged his daddy to let him have one.

And when that lion came and stole a lamb out of his father's flock and made way with it and David had to follow the lion and yank that lamb away from him, and the surprised king of the forest then turned upon David to lick him up, and David grabbed him by the jaw and beat him over the head with his shepherd's stick and knocked his brains out, we'll bet David was wishing by the time it was over that he had two or three bull-dogs there to help him out.

Anyway, we think that David missed a lot by never having a dog.

Most dogs are friendly and lovable, whether they are worth a tallow candle or not.

But there are three types that I always dread to meet. I never did like a bull-dog; he has too stern and ugly a face, like John L. Lewis.

I don't like a German Police. He is too big for a dog, and too vicious. He ought to grow a little more mane and be called a lion.

And then I don't like that "He-won't-bite" old cuss that lies around all day in his master's or his Missus's yard and the moment you start to enter he sedately rises up and comes toward you with a menacing growl and just keeps on coming in spite of the Missus's pro-

testations that he won't bite. I always try to be brave under such circumstances and to speak to the beast in the most kindly and flattering kind of way, but usually find it necessary to make a strategic retreat until the lady really senses the danger and sternly calls to Old Tige to come back and behave himself.

Such dogs, in town are usually short-lived, however. Some night they often contract such fatal diseases as poisonitis or, maybe it is shotgunitis and the next morning

there is a dog funeral in town. The family, of course, never forgives the mean neighbor or other person from whom they think their darling old dog-devil contracted the disease.

Good Buy - all around

FRIENDS gather, look over that long Fireball and wish they had as much Fireball life as you have here.

They size up the broad windshield and narrow corner posts—and don't have to be told how these things step up "see-power."

They appraise the smart styling, the roomy interiors, the usability of luggage space—and agree you've made a buy.

But don't stop, please, with letting them look. Invite them in and introduce them to some of the special pleasures you'll know as a Buick owner.

Show them, for instance, how completely different Dynaflo Drive is, with every mile cushioned by flowing oil and none of the rigid harshness of direct-drive cars.

Let them sample the matchless Buick ride, with all four wheels cradled on soft, coil springs and low-pressure tires made still easier-riding by extra-wide rims.

Standard on ROADMASTER, optional at extra cost on SUPER models.

Point out how solid this Buick feels. That's what you get from husky frames, low-sprung weight, and power delivered through a torque-tube instead of the rear springs.

For the truth is, this Buick's a bargain on much, much more than you can see.

It's a big buy on the solid goodness a demonstration quickly makes plain. On increasingly favorable delivery dates. On attractive price. On the kind of "deal" your Buick dealer makes.

That's why we keep saying "Better see your Buick dealer—and get that order in promptly!"

BUICK alone has all these features
Silk-smooth DYNAFLOW DRIVE • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRIFLEX COIL SPRINGING • Lively FIREBALL STRAIGHT-BIGHT POWER with SELF-SETTING VALVE LIFTERS plus 16-POISED ENGINE MOUNTINGS • Low-pressure tires on SAFETY-RIDE RIMS • Cruise-Line VINTIPOINTS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER

When better automobiles are built, BUICK will build them. **"Buick's The Buy"** Your Key to Greater Value. Time is HENRY J. TAYLOR, ABC Network, every Monday evening.
