Number 48

Paving Contractor Begins Work On Tahoka Streets

Tahoka's paving program is already under way.

The contractor started this week retopping the old asphalt-paved streets with a new seal-coat topping. Following completion of this job, the two main highways through Tahoka will be widened and curbing and gutters installed, unless the refusal of a few property owners to sign up for the curbing holds up the program. The State Highway Department is paying for the widening of the paving, but the property owners must pay for the curbs and gutters.

Two blocks on Kelsey-L were topped Wednesday before the rain, and other streets will be topped as weather permits.

Property owners on other streets of the city also must now sign up for the paving of their streets. Ivan McWhirter is signing up these contracts, as well as contracts on the main highways. Property owners may have five years in which to pay for the paving adjacent to their property.

Sam Sanders Construction company of Artesia, New Mexico, has the paving contract, and already has 16 men at work on the job. Other men are expected to arrive at an early date.

The sooner people who want paving sign up contracts, the sooner their street will be paved.

Organize Lions Club At Wilson

A big bouncing baby Lions Club was born at Wilson Monday night. Mother of the babe was the Tahoka Lions Club. District Governor Curtis A. Cryer of Borger was the attending physician. The new cafeteria of the Wilson public schools was used as the hospital.

But here we will change the figure of speech, for the Lions themselves long ago adopted some very figurative language in designating their official family.

As a banker Howard G. Cook is in the habit of running things, and so they made him president, and the birth certificate of the organization was handed to him by the attending physician and god-father, District Governor Cryer.

Trailing him was a train of vice-presidents: A. H. Smith, first; Ralph Kahlich, second; Leon Tamplin, third; A. J. Sales, secretary; Clyde Boyd, treasurer; J. L. Hyde, Lion-tamer (he must be a brave man); Rev. Howard Marcum, tall-twister (a still braver one); and four directors: Clarence Church, J. B. Smith, E. A. Hargraves, and J. P. Hewlett.

The Club starts off with 43 members. Including these about 200 people were present to witness the proceedings. Tahoka Lions present were: Bill Strange Jr., president of the Tahoka Club, Jack Robinson, Bill Griffin, Sheriff "Slick" Clem, Dr. Skiles Thomas, and Bertram Hatchell, accompanied by their wives.

O'Donnell was also well represented. Her delegation consisting of J. C. Harris, first vice-president, Harvey Gardenhire, Harley Jolly, and Hollis Hunt, John D. Phillips represented New Home. Four Lions from Lubbock were present, three from Slaton, two from Borger including Governor Cryer, and International Counselor Charles H. Dean of Plainview.

The evening's program started with a cafeteria style barbecue, Mayor Pat Campbell presiding and introducing the guests and visitors. Musical numbers were given by Barbara and Eileen Maeker and Frances Campbell of Wilson.

President Howard Cook introduced District Governor Cryer, who made an appropriate address and presented the official charter to the Club.

Rev. and Mrs. C. A. Holcomb, Jr. and family will leave for New Mexico and Colorado Tuesday morning for a vacation.

Soils stay cooler in the summer and warmer in the winter when they are protected by a cover crop.

Bulldogs Prepare For First Game

Forty-five Tahoka High School Bulldogs will return this week and from Fort Stockton, where they have been undergoing a week of intensive training under direction of Coach Jim Foust.

The Bulldogs will open the season Friday night of next week at 8 o'clock on the local field, when they meet the always rugged Sundown Roughnecks. Though both teams are in District 4A, this will not be a conference game, since Tahoka is in the south half and the Sundown school is in the North.

Foust is being assisted by Wayne Pipes, the new Junior High football coach, and by Almon Crowell. Pipes played football at Lubbock High and at Texas Tech.

Mrs. Eliza Park, 87, Dies Here Sunday

Following a long-continued illness, Mrs. Eliza Jane Park, 87, died here at six o'clock Sunday afternoon. More than three years ago she suffered a stroke and had been confined to her bed since. She became critically ill about two weeks before her death.

Funeral services were conducted in the Tahoka Methodist Church at 3:00 o'clock Monday afternoon by her pastor, Rev. C. A. Holcomb Jr., assisted by a former pastor, Rev. Ben Hardy. The remains were interred in the Tahoka cemetery under direction of Stanley Funeral Home. Pall bearers were Pat Hines of Tahoka, James Dietrich of Post, James Green of Muleshoe, Sheldon Land of Post, Dean Robinson of Lamesa, and X. L. Stroud of Jacksboro.

Mrs. Park is survived by two daughters, Mrs. Canna Allen and Mrs. Una (S. S.) Bartley of Tahoka; three sons, Sam Park of Brownfield, Edgar A. Park and Rainey Park, both of Tahoka; one brother, N. C. Rainey of Tahoka; 12 grandchildren, and five great-grandchildren. One daughter preceded her in death in February, 1925, and her husband, T. E. Park died here in 1941.

Mrs. Park, whose maiden name was Eliza Jane Rainey, was a native of Mississippi, having been born in that state on September 24, 1861. Her exact age at the time of her death, therefore, was 87 years, 11 months, and 4 days.

She was married to T. E. Park in October, 1886 in Mississippi. Later they moved to Texas and settled in Cooke county. They moved from Gainesville to Lynn county in December, 1915, and they continued to reside here until death took him away in 1941 and Mrs. Park on last Sunday.

She had long been a devoted member of the Methodist Church and was much loved by her family, her neighbors and her friends here and elsewhere.

The News joins in condolences to all the bereaved.

Building Bought By Baptist Church

The First Baptist Church here has made a deal for the building heretofore owned by a rural church in Hockley county to be moved to a lot owned by the local church in south Tahoka where revival services were recently held.

The church building purchased is 24 by 40 feet in size, and with a little redecorating inside and painting or stuccoing outside it will be quite an attractive mission chapel, it is said.

The building will probably be moved next week and will be ready for occupancy a couple of weeks later, it is hoped.

Congratulations:

To Mr. and Mrs. Marvin I. Vackar of Seminole upon the birth of a son weighing 4 pounds and 14 1/2 ounces at the West Texas Hospital Lubbock, on August 24. He has been named David Marvin. Mrs. Vackar is the former Joreta Smith, daughter of Mr. and Mrs. Harve Smith.

Try A News Classified Ad.

G. W. LANGFORD of Draw is shown above at the First National Bank corner with the first bale of 1949 cotton which was ginned in Tahoka by Farmers Coop Gin. Bobby Carroll, the gin manager, bought the bale at auction here Saturday afternoon, paying 61c per pound. The bale brought Mr. Langford \$245.32, the seed brought \$12.15, the gin donated the ginning, bagging, and tie, and Tahoka Chamber of Commerce added a \$50.00 premium, 35 is its custom.

New Grand Jury Holds Session

A new grand jury was empaneled in the district court and set to work by District Judge Louis B. Reed Monday morning and after completing investigation of all matters requiring immediate attention in the afternoon, it turned into court five felony indictments.

Jesse Lee Conley, colored, was indicted on a charge of operating a gambling house out in the vicinity of New Home. He is under bond.

V. D. Isaacs and James Barber were indicted for burglary for the purpose of committing theft.

Two indictments were returned charging the theft of property of greater value than \$50; but the accused men have not been arrested and their names are withheld.

The grand jury consists of the following twelve men: Wayman Smith of New Home, foreman, Price Seely of O'Donnell, Leroy Davis of Grassland, Clay Bennett, H. W. Carter, John Slover, and W. L. Rowe, all of Tahoka, Graham Hensley of Draw, J. E. Crooks of Wilson, R. L. Hagler of Gordon, Buel Draper of Dixie, and Roy L. Williams of Lakeview.

District Attorney Stansell Clement of Lamesa assisted the grand jury in its investigations.

Lyntegar Sets Record In Loan Repayment

The news came out of Washington Wednesday that John Heck of Wilson, president of the executive board of the Lyntegar Electric Cooperative, Garland Pennington, manager, and Judge Tom Garrard, attorney, had presented to the REA Administrator Claude Wickard a check for \$135,529, repayment of a portion of an advance loan made previously by the REA to Lyntegar, the largest repayment check ever received by the REA from any Cooperative in the entire country.

Presentation of the check was made in a ceremony held on the steps of the Capitol building.

This brings the total amount of repayments made to REA by Lyntegar up to \$487,197, this was reported to be \$200,000 ahead of the repayment schedule.

Senator Lyndon Johnson of Texas was present, the report stated, and we would bet our ears that George Mahon was there also.

Rural Schools Open Next Week

Lynn county's two remaining grade schools will open the 1949-1950 session next week, according to Mrs. Lenore M. Tunnell, county school superintendent.

These schools are Grassland and Newmore.

At Grassland, the school building and teacherage have been completely redecorated during the past summer. Mr. and Mrs. S. W. Rollins, who taught in Gray county last year, have been employed to teach the seven grades. High School pupils transfer to Tahoka.

Newmore has employed Mr. and Mrs. Brasswell, who come from Brownwood. The high school pupils transfer to O'Donnell.

Other children in Lynn county districts attend schools at Wilson, New Home, O'Donnell, and Tahoka, all of which open the new school year next week.

Wilson In Lead For League Title

Wilson has won two games over White's in the Lynn County Softball League play-off series for the championship. The two teams are scheduled to play again Thursday night as The News goes to press.

If Wilson should win this one, it is for the second year in a row the county champion, but if White's win, the series will be prolonged until one team wins three of a possible five games.

Sheriff "Slick" Clem Honored At Rodeo

At the closing program of the O'Donnell rodeo last Saturday night, Sheriff "Slick" Clem was awarded first place as the ideal cowboy—and those who saw him perform declare that it was no empty unearned honor. They say that Slick really earned his spurs.

The sheriff was riding a beautiful Palomino. When he mounted the animal to show off in this contest, somebody gave the steed a stinging rap or did something to him to stir his hot blood, and they say that the brute proceeded to do some tall and furious bucking; but "Slick" stayed with him, to the surprise and admiration of the crowd.

Queen Contest Date Changed

The Farm Bureau Queen contest, announced in The News last week, will be held on Thursday night, Sept. 8. The contest had been previously announced for Friday, but the date has been moved up because of the football game here on Friday between Tahoka and Sundown.

All entries must be in on Wednesday, Sept. 7, and must be daughters of Farm Bureau members, between the ages of 16 and 22. These entries may be filed with Miss Graham Hard, the county Home Demonstration agent, Mrs. T. D. Lishman or Mrs. "Shorty" Chestnut.

Cash prizes of \$50 for first place, \$10.00 for second, and \$5.00 for third, will be awarded.

Heavy Showers Fall In Tahoka

A rainstorm accompanied by high wind and considerable electrical activity visited Tahoka at about 3:15 o'clock Wednesday afternoon, lasting possible 20 or 25 minutes but dropping .55 of an inch of rain on the city. Jake King thinks that fully an inch of rain fell at the city's western limits, where water ran over the highway pavement, but the rain evidently did not extend far west of town. Neither did it rain much beyond the southern or eastern limits of the city, but it extended several miles north, though in smaller quantity.

The only damage done in the city so far as reported was the crashing of a section of the plate glass front at the Rollin McCord automobile building situated on the south side of the square and the section of Venetian blinds that hung over it. Occupants of the building do not yet know whether this freak crash was caused by lightning or wind or both. Tom Cloe, who works in this office, says that his telephone rang and he walked across the room immediately in front of the plate glass to the telephone. Just as he picked up the receiver there was a blast that sounded just about like the firing of a big naval gun. One whole section of the glass front, practically five feet wide and more than five feet from top to bottom, was hurled against the wall on the opposite side of the office, a portion of which was some ten feet away and another portion about 20 feet away. Numerous particles of the glass are still in the wall. The Venetian blind that hung over the window was slammed against the wall and left lying as a mass of ruins in the southeast corner of the room. A large piece of the adjoining section of glass was also broken out.

Tom thinks that a bolt of lightning must have struck the window. J. R. Thurman, who works in the shop, was up in the front office but at the west side at the time and says that he saw a flash of lightning.

Whether it was lightning or a terrific gust of wind, Tom feels that he was lucky, for if the crash had come a second sooner he would have been in the path of the flying broken glass.

Methodist Pastor Returns To Pulpit

Rev. C. A. Holcomb, Jr., pastor of the Tahoka Methodist Church will be in his pulpit Sunday morning and evening after holding revivals in Silvertown and Morton and a short trip to New Mexico.

Rev. Grady Adcock of Silvertown, Rev. George Maurice Small, Rev. Ben Hardy, and Mr. W. L. Hollaman of Slaton filled the pulpit during August.

Wednesday evening September 7 will be Open House at the Methodist church. After supper together there will be a general inspection of the newly remodeled church. Everyone is cordially invited to attend.

Sunday September 11 will be Fill The Pew Sunday. Every pew in the church is hoped to be filled this Sunday.

The Revival will begin on Sunday September 11 with Rev. H. L. Thurston of Brownfield as the preacher.

Tahoka Schools Opening Schedule Is Announced

A complete schedule for enrollment next week in the Tahoka Public Schools has been announced by Superintendent Vernon Brewer and Principals Otis Spears and Urban Brown.

Monday, all students and their parents who are interested in band are requested to meet at 9:00 a. m. at the High School with Band Director Wm. Tregoe and Principal Otis Spears. Band work is being offered this year for the first time since early in the war.

Tuesday at 11:00 a. m. all the boys coming out for football and all those who expect to come out for basketball are expected to meet at the High School for the purpose of enrolling.

Tuesday at 1:00 p. m. students, and their parents, from both High School and Grade School who expect to take band, are requested to meet at the High School with an instrument salesman, the band director and the High School principal.

Wednesday morning at 9:00 o'clock there will be a general faculty meeting, followed by meetings in separate groups of the High School and Grade School faculties.

Thursday is general registration day—when all students not mentioned above will make out their schedules for the year.

On Thursday, the school buses will make their first regular run, and will arrive at the schools at 9:00 a. m.

At 9:00 a. m., all Senior High School students will register at the High School building, and all Grade School students from grades one to seven, inclusive, will meet in the Grade School gymnasium.

At 10:30 a. m. Thursday, all Juniors will register.

At 12 noon, lunch will be available in the school lunch room.

At 1:00 p. m. Thursday, all the Freshmen and Sophomore students will register.

Friday, classes will meet for the first time, beginning at 9 a. m.

The buildings have been repaired during the summer, and a number of new teachers have been employed in preparation for what is expected to be a successful school year.

Jaycees Topic Of Rotary Program

Bill Wood, president of the Tahoka Junior Chamber of Commerce, was the speaker at the Rotary Club Thursday at noon. He told of the aims, objects, and projects of the National, State, District, and local Jaycee organizations.

He emphasized the fact that the local organization, though young, is already carrying out an extensive program of good to the community without asking donations from anyone through its dues of \$5 per member per year and benefit programs. The club has 60 members.

The Jaycees have bought about ten acres of ground in South Tahoka for development into a park, and have already built a softball field thereon. They also plan a safety program, health survey, and are sponsoring organization of another Boy Scout troop.

Bruce Reid introduced the speaker, as program chairman.

Sam Garrard was present for the first time as a new member.

Tom Gill, secretary, reported an attendance record of 98 percent for the month of August.

President Emil Prohl announced that the District Governor, Elmo Wasson of Big Spring, will meet with club officers next Wednesday night and speak to the club Thursday at noon.

Dr. Skiles Thomas was speaker at the club Thursday of last week.

Mr. and Mrs. Maurice Small last week attended the graduation exercises at Southern Methodist University, Dallas, and saw their son, George Maurice, graduate.

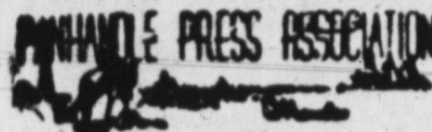

Mr. and Mrs. W. H. Giles and baby of Fort Worth have been here for several days visiting Mr. and Mrs. Charley Lichey.

OUR SUPREME FOLLY

After quoting our little editorial of two or three weeks ago in which we suggested that every person convicted of drunken driving should be locked up for 30 days to six months and otherwise punished by society, H. G. Richards, editor of the ANTON NEWS, last week made the following comment:

"Amen, Brother Hill. But we would go you one better than that. We wish that there were a law that the driver's license of every person convicted of being DRUNK be suspended for six months; and that he produce substantial proof that he had stayed on the water wagon before the privilege of driving is restored to him. Then perhaps we could nab the drunkard before he made the fatal drive."

We will agree with you there too, Brother Richards. Not only would we take the driver's license away from every person convicted of drunkenness, but we would forbid the issuance of a driver's license to any person who has been convicted of drunkenness at any time within six to twelve months preceding his application for a driver's license, supported by his affidavit to that effect. That would probably be regarded by many persons who never

drink as a nuisance requirement but it would help to protect everybody who uses the highways against the danger of being killed or crippled by some drunken driver.

And we think the public should go much further than that. We think that the public should demand and require the enforcement of laws forbidding the sale of intoxicating liquors, just as we forbid the sale of opium, cocaine, and other habit forming drugs. Far more people become addicted to the drink habit than to the drug habit, and they are almost as great a menace to society.

By all means, the sale and the use of liquor should be forbidden in and around our army camps. Drunkenness on the part of the Army and Navy officers ought to be forbidden and enforced by dismissal from office. By all means also, the sale of liquor to any professor or any student in any college, university, or public school also should be forbidden. Instead of being encouraged to drink, our young people should be taught the folly of drinking, for it is in fact the most foolish thing that any young person or any old fool can indulge in.

President Roosevelt was a man of remarkable ability and he did much for the benefit of the common man, but he and Al Smith of New York and a horde of other light drinkers did possibly the greatest disservice to this country that was possible for them to do when they deliberately undertook to sabotage and did sabotage the Volstead Act and the Eighteenth Amendment. The full story of the utter surprise and confusion that attended our disgraceful defeat and disaster at Pearl Harbor will probably never be known, but it is known that liquor had flowed freely and that many of our officers and men had been indulging heavily when the attack was made.

Our supreme folly, it seems to us, is the licensing of the sale of the abominable stuff and the encouraging of our children and young people to drink it.

Odds & Ends

(By E. I. The Elder)

They're hunting for Noah's Ark. Yes sir, at this very moment, as this is being written, a group of

five men are up on Mount Ararat hunting for the Ark—not a bunch of religious fanatics, not a group of illiterate peasants, but a party of college-trained men, most of them who have reached some eminence in their respective vocations or professions. And they are, all, Americans.

The eldest is a retired missionary to China, Dr. Aaron J. Smith, 61, of Greensboro, N. C. Another is described as a development engineer, Walter Wood, 36, of Seacliff, Long Island, New York. A third one is a physicist at the Oak Ridge atomic energy plant near Knoxville, Wendell Ogg, 24, of that city. The fourth one is an interior decorator, E. J. Newton, 46, of Colfax, N. C. The fifth and last one of the group is Edwin Greenwald, staff writer for the Associated Press.

That doesn't look like a bunch of "nuts." And yet it looks like a nutty mission. The ark, according to Bible scholars, was built more than forty centuries ago. It was constructed of gopher wood—timber of some kind. Why sensible men could be led to believe, as the leader of these Ark-hunters professes to believe, that this ark is still existent and may be found and identified as Noah's Ark, is more than we can comprehend. If they are not sincere, we wonder what their purpose could be. Are they mere notoriety seekers?

The Russians suspected that they are spies, seeking to spy out some secrets that may lie hidden behind the iron curtain, and they protested strenuously to the Turkish government that it should not permit the expedition; for Mount Ararat is in the land of Turkey and is situated near the Russian border. But Turkey declined to heed the Russian protest.

That these Americans could be seeking to "spy" on Russia, in the first place, seems silly. They are not equipped with airplanes. We have never owned a pair of army glasses nor been on Mount Ararat but we suspect that it would be futile for any one to undertake to gather any valuable information either by photographs or by views through glasses of a little nook of Russia situated on the Turkish boundary line far removed from Moscow or any of the population or industrial centers of Russia. If that could be done, then there is nothing to prevent the Turks from gathering all the information they might desire regarding Russia at almost any time.

More probable is the suspicion that the Russians are merely doing a bit of fault-finding with the hope of discrediting the United States in some degree in the eyes of other nations or with a view to excusing their own spying activities. Russia is a shining example of virtue, isn't she, to be pointing an accusing finger at Uncle Sam and complaining that he is seeking to take a peep behind the iron curtain, when Russia herself has spies throughout the world, many of them in the United States of America, and some of them having wormed their way into high official positions.

Russia not only has spies but she has propagandists in almost every nation under the sun that has not already been crushed by her iron heel. Most of her neighboring nations have already been crushed, and it is her obvious purpose to keep on crushing nation after nation until she feels able to make successful war upon the United States. Do you doubt that? Then take a look at Poland, at Czechoslovakia, at Hungary, at Romsinia, at Jugoslavia, where Tito is fighting a losing battle to maintain his country's independence. Turn to Monday's Avalanche and read this headline: **FORMER NAZIS GIVEN CITIZENSHIP BY REDS.** Then read the story underneath. It is plain that the Russian dictators are now openly courting the former German dictators and inviting the latter to join them in their campaign to subdue the world. The apparent plan is for Russian dictators and the former German dictators jointly to bring all Germany into the Communist fold. After that, the subjugation of the rest of Europe, they think, will be easy.

Now turn your eyes across the Pacific. China has already been lost to the Reds. Think of more than 400 million people being won by the Russians in a few months time. We do not know how much enthusiasm the Reds may be able to work up there for the Communist cause but no end of Russian domination can be hoped for in the next 50 or 100 years. How much of evil that may mean for the world only God can foresee and terminate.

But that is not all. Turn to page

8 of Monday's Avalanche and read this quotation from Dr. Kazuo Kawai, editor-in-chief of the Tokyo Nippon Times, who has just arrived in San Francisco to serve for a year as Visiting Professor of Recent Japanese History at Leland Stanford University.

Read these two paragraphs from an interview which he gave: "The thing that makes the Communist position so strong (in Japan) is that Japan has to have foreign trade to live. She does not have enough resources of her own to support her people.

"The normal areas of trade are East Asia—mainly China. If all the regions of natural markets fall under Communist control, there will be practically irresistible pressure for Japan also to go Communist."

Whether that is a mere statement of fact or is intended as a threat, it does not augur well for the United States. The Jap Editor-Professor is saying that the size of the bribe offered by the United States and that offered by Russia will determine whether Japan is to go democratic or communistic. He does not indicate that liberty and democracy will have any special appeal for the Japs nor that threatened autocracy and slavery would create any spirit of rebellion among them. It is merely a matter of bacon and beans.

If that is the spirit of the Japanese, they will most certainly be brought into the Communist fold within a few years. If that is the attitude of Dr. Kazuo Kawai himself, we think we have no business in permitting him to teach for a year in an American University. Teachers in American Universities ought to be sold on the ideology of liberty and democracy.

Incidentally, it may be stated that he graduated from Stanford University before the war but returned to Japan in 1941. He is now returning for a year to this same University.

We are very charitable.

Miss Frazier Marries Wichita Falls Man

Miss Geraldine Frazier, daughter of Mr. and Mrs. L. F. Frazier of Tahoka, and William J. Askew, grandson of Mr. and Mrs. H. L. Roach of Wichita Falls, were married at 8 a. m. Sunday in the Lubbock First Methodist Church with Dr. H. I. Robinson reading the double ring ceremony.

Mrs. Mamie I. Neal, church organist, played "I Love You Truly," "O Perfect Love," and Lohengrin's Bridal Chorus.

The bride was given in marriage by her father. Miss Gladys Ruth Haynes of Plainview was maid of honor, and John A. Weibelt of San Angelo served as best man. The bride wore a forest green suit and hat with cocoa accessories and carried a white Bible topped with Peruvian lilies grouped around a gardenia.

A wedding breakfast followed at the home of the bride's parents, after which the couple left on a short trip. They will make their home in Lubbock, where the bride will teach in the Lubbock schools, and Mrs. Askew will be assistant instructor in electrical engineering at Texas Tech.

The bride was reared in Tahoka, graduated from Tahoka High School and on Friday night received her degree from Tech. Mr. Askew is a graduate of Wichita Falls High School and a June graduate of the Tech college.

East Texas produces two-thirds of all outdoor rose plantings in the United States. Up to 20 million rose bushes a year are shipped out.

HOP HALSEY ANNOUNCES FOR LIEUTENANT GOVERNOR

The Lubbock Morning Avalanche Wednesday carried a news story stating that Hop Halsey of that city had announced at 11:30 Tuesday night that he would be a candidate for lieutenant governor of Texas in the primary elections next year.

Halsey served two terms in the legislature, 1940 to 1944, where he made quite a record as a state Representative, and gained much information regarding the various departments of government as well as the procedure followed in the enactment of laws.

As a Representative he did much for Texas Tech and for the West Texas State College, and was largely responsible for the inauguration of the farm-to-market roads program. During and following the war, he served about three years in the Pacific as a corporal in the Marine Corps.

Born in Salado, Bell county, he is 35 years old, married a Lubbock girl and has two children. Through his radio programs for the Mark Halsey drug stores during a number of years as well as through his political campaigns, he became personally known to almost every man, woman, boy, and girl throughout all this South Plains area and to many others throughout Texas. He will doubtless be a strong contender from the very start for this important office.

Texas farmers and stockmen are again cautioned about the use of 2, 4-D applications on plants. Careless use of this poison has caused extensive damage to desirable plants, shrubs and trees. Users of 2, 4-D are urged to read and follow directions and cautions carefully.

A good cotton insect control program will increase the yield by 15 percent. How big the profits will be depends on a couple of things: 1, what price the farmer gets for his crop, and 2, the cost of producing and harvesting the crop.

There is real danger in raising chickens and turkeys on the same ground. Diseases fairly mild in chickens are often extremely serious in turkeys.

Bighorn Sheep Being Trapped To Save Herds

COLORADO SPRINGS, CO.—The Rocky Mountain bighorn sheep, normally a carefree animal which asks nothing more of life than a chestful of fresh air and a few simple vittles, is learning that life can be hideous.

The state game and fish department has rigged up a fancy Fu Manchu type trap near here to kidnap the bighorns from the mother herd.

This trap consists of a drop-gate which spans the natural walls of Tarryall canyon, and 100 yards of wire stretched up one canyon wall to a point of concealment. The sheep trot through the gate into the dead end of the canyon, someone yanks the wire and the gate falls behind them.

Next morning the bighorns find themselves a couple of hundred miles upstate, barking their shins on a clutter of unfamiliar rocks, minus many of their dearest relatives, dry-mouthed from the bait of salt that lured them into the drop-gate trap, and probably hating themselves.

For Own Good

Actually it's all for the good of the bighorns, but you can understand their embarrassment.

The game and fish department has "transplanted" some 17 groups from the Tarryall herd, establishing new herds throughout the Rockies in Colorado. The idea is simple. There are about 1,000 sheep in the mother herd near here and the food supply (lichens, leaves and shrubs) runs thin at times.

George W. Jones, the department's sheep-trapping technician, says the job is a ticklish one for several reasons.

"When you spring the trap you don't want more than 17 sheep inside it," he says. "That's about all we can crowd into our truck at one time."

"We try to snare two big, old rams, two young rams, and the rest ewes. That gives you an ideal start on a new herd after the transplanting. The old rams are smart and can keep the herd out of trouble. Then when the old rams lose interest in the ewes, the young ones are beginning to get family ideas."

Court in November

Bighorns do most of their courtship in November, in a swirl of snow and sleet and assorted mixtures of both. A really productive ewe drops only one lamb a year.

Because of this unspectacular birthrate among the big curly-horned animals, and the fact that they die by the hundreds if denied their normal diet, the state must coddle them. Back in the 20's they ran short on chow, became diseased, and threatened to die out completely. Those that managed to survive looked sickly and clumsy hopping about the rocks.

The state's total bighorn population today is between 4,500 and 5,000, Jones says. His hope is that the transplanting project will be successful enough to warrant a bighorn hunting season in the next decade or so.

Franklin Will Reveal Ben Was Wealthy at Age of 42

PHILADELPHIA, PA.—It was written in 1797, Benjamin Franklin intended to leave his wealth and personal belongings to relatives, friends and institutions.

This was disclosed when the long lost will was made public by the Franklin institute as part of the celebration of its 125th anniversary. It also was the 200th anniversary of Franklin's discovery that lightning was electrical.

Franklin was wealthy when he quit business at the age of 42. Dr. Robert A. Millikan, California Institute of Technology, said the philosopher retired with an income of about \$15,000 a year, which he termed equal to approximately \$50,000 today.

He willed various small amounts of money, property and personal belongings to members of his family.

All of his household goods and furniture were willed to his wife to dispose of as she desired. Income from his printing business, which he owned jointly with David Hall, was divided equally among his wife, son William and daughter Sarah.

He also provided that in event of his wife's death and no offspring had been born to his children, the printing business income should go to the children and grandchildren of his brothers and sisters.

His wife was willed two houses and lots on Market street in Philadelphia. Another house in Boston was to go to his youngest sister, Jane Mecom. At the time of the will Franklin held the mortgage on the Boston house, occupied by his eldest sister, Elizabeth Douse.

All his electrical apparatus was to be awarded to Yale college at New Haven, Conn.

C. W. McClintock Jr. Weds Morton Girl

Miss Virginia Lee Doughty, daughter of Mrs. Dona Doughty of Morton, became the bride of Carl Woods McClintock Jr., son of Mr. C. W. McClintock Sr. of Tahoka in a double ring ceremony read by Rev. M. A. Walker, pastor of Trinity Methodist Church, Amarillo, at 7:15 p. m. last Friday in the home of Mr. and Mrs. A. L. Frazier in Sudan.

The bride was given in marriage by her uncle, F. O. Masten of Sudan. She wore a suit of aqua wool gaberdine with black and white accessories and a corsage of shell pink roses.

Miss Cieta Doughty of Lubbock, sister of the bride, served as maid of honor and wore a suit of beige gaberdine with paprik accessories and a corsage of talisman roses.

Bridesmaids were Miss Grace Ann Hawkins and Miss Jo Ann Lackey of Morton. Miss Hawkins wore a suit of dusty pink wool with black accessories and a corsage of white carnations. Miss Lackey wore a suit of brown and matching accessories with a corsage of white carnations.

Derwood McClintock of Morton, brother of the groom, was best man. A. L. Frazier and Q. L. Masten, uncles of the bride, both of Sudan, served as ushers.

Before the ceremony, Mrs. Ople Masten sang "Because" and "Always," and as the benediction she gave the "Lord's Prayer." Miss Marthana Masten was the pianist.

Following the ceremony a reception was given to the 150 guests by the bride's aunt, Mrs. A. L. Frazier, and by her mother and sister. The couple went on a wedding trip out into New Mexico.

The bride attended Morton High School and the Texas Technological College. The groom is a graduate of the Tahoka High School and has been employed by Leroy Knight. He is a farmer. The couple will reside in this vicinity.

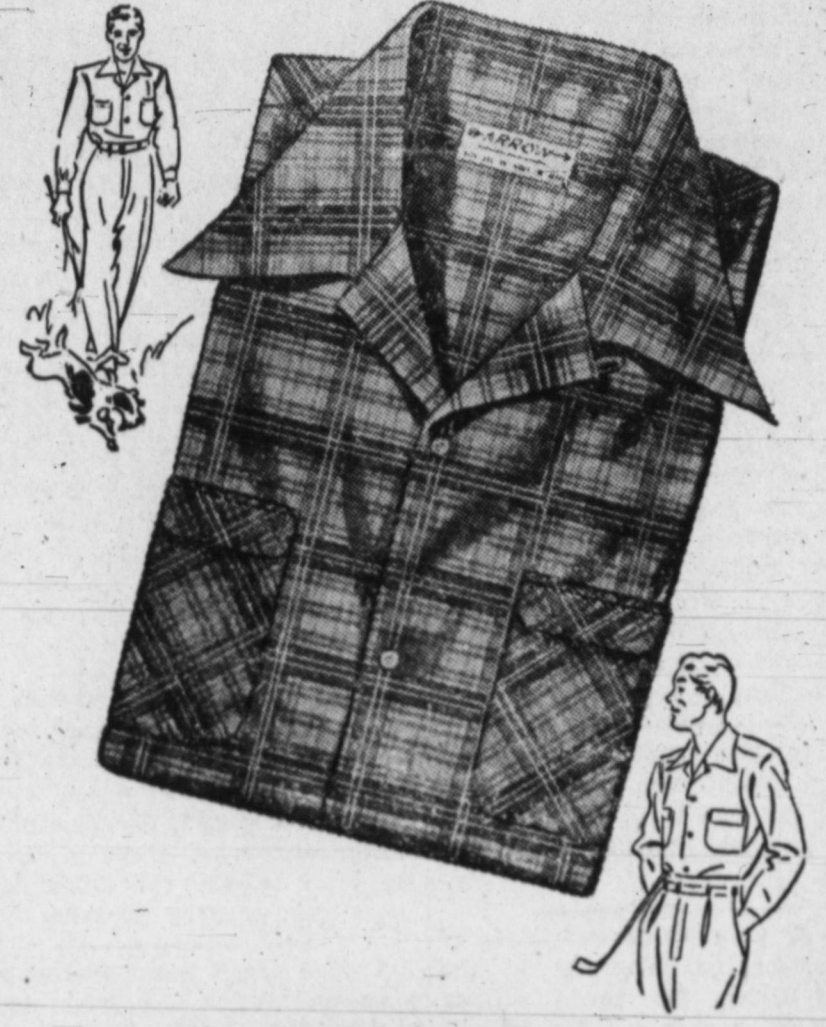

Three Texas counties rank high among the leading counties in the United States in Jersey activities. Hopkins was fifth in number of registrations and seventh in the number of new buyers. Harris was fifth in number of transfers and Bexar ninth in number of registrations. Texas led all states in total registration, transfers, new breeders and total number of cows on Register of Merit test.

Miss Virginia Jones Receives Degree

San Marcos, Aug. 30.— Miss Virginia Ray Jones, daughter of Mr. and Mrs. V. F. Jones, Tahoka, was among the 368 graduates awarded degrees at commencement exercises at Southwest Texas State Teachers College on Thursday night, August 25.

Largest graduating class in the history of the school, 288 bachelor's degrees and 80 master's degrees were awarded. Dr. J. G. Flowers, president of the college, who returned last week from Germany where he served during the summer as an educational advisor to the American Military Government, gave the commencement address.

Miss Jones received her bachelor's degree.

Geo. Maurice Small Receives Degree

Dallas, Aug. 30— George Maurice Small, son of Mr. and Mrs. J. W. Small of Tahoka, received his Bachelor-of Arts degree from Southern Methodist University August 26.

Dr. Norman Snaith of Wesley College, Leeds, England, delivered the commencement address to the summer graduating class. Dr. Snaith has been a visiting professor in the Perkins School of Theology at SMU this summer.

Small majored in Social Science and plans to enter the ministry. He attended McMurry College, Abilene, before entering SMU. At SMU he was a member of the Chapel Choir and the Methodist Student Movement.

Lamesa's 3-Day Rodeo Started Underway

Lamesa, Sept. 1— A gigantic parade through the downtown area this afternoon opened the first annual Dawson County Professional rodeo with performances slated to continue each night through Saturday.

The rodeo is being held in a new arena which has been erected in South Lamesa by the Lamesa Rodeo Association.

Enterers are being attracted from a wide West Texas area in all events including the cutting horse contests which are slated for each performance.

Tommy and Buck Stiemer of Austin are in charge of the productions. Both are known throughout Texas rodeo circles. The local show features several special acts.

Mrs. Myrtle Rochelle and children of Lubbock spent the week end here with the editor and Mrs. Hill. She returned home Saturday afternoon but the children, Anita Jo and Sara Sue remained several days longer.

Mrs. Otto Williamson and children of Miami, Oklahoma, left Monday after a week's visit with her parents Mr. and Mrs. C. T. Tankersley.

RECEIVES PREMIUM—Shown Above G. W. Langford center, is being presented checks by Hubert Tankersley, left, president of Tahoka Chamber of Commerce, and Bobby Carroll, right, Farmers Coop gin manager, for premiums for the first bale of 1949 cotton ginned in Tahoka. The cotton was ginned Tuesday of last week, and weighed 402 pounds. (Photo by Eldon Carroll)

Mrs. J. W. Slover's Father Dies

Mr. and Mrs. J. W. Slover were called to Los Angeles California Sunday night August 21st by the death (heart trouble) of Mrs. Slover's father, C. A. Rector. Mr. Rector would have been 76, had he lived until his next birthday, November 27.

Mr. Rector was a former Sheriff of Roswell, Chaves county, New Mexico, having served two terms—from 1916 to 1920. At the time of his death he was a deputy sheriff of Los Angeles county, having served in that capacity since 1929.

He is survived by his widow, four children: Harrison Rector, of Reno, Nevada, George Rector of Monterey, California, Mrs. Adajane Welsh of Los Angeles, and Mrs. Annie Slover of Tahoka. Four grandchildren: Claud, Joan, and Emily Slover of Tahoka, and Mrs. Jean McClelland of Edinburg, Texas. Six brothers and one sister, all living in Missouri. Mrs. Slover's mother having preceded him in death in 1929. Mrs. Slover had visited with her father for two weeks at the first of July.

MRS. T. C. LOWE IS HONORED WITH SHOWER

Mrs. T. C. Lowe, the former Jo Rita Ray, was honored with a pink and blue shower Tuesday, August 30, in the home of Mrs. Crawford Holtzclaw. A beautiful arrangement of gifts, were displayed.

Games were played and refreshments of blue cake and pink lemonade were served.

Those present were: Mrs. C. E. Gannaway, Mrs. J. E. Fortenberry, Mrs. Clarence Scott, Mrs. Dee Leavitt, Mrs. Henry Ray, Mrs. W. L. Douthitt, Mrs. Jim Bob Smith, Mrs. Lula Lowe, Mrs. Gro Kizer, Mrs. H. C. Hemmeline, Mrs. James E. Enzor, Mrs. Dwight Corbell, Mrs. Dan Carpenter, Mrs. George Hindman, Misses Coleene Savage and Billye Minton and the hostesses, Mrs. Crawford Holtzclaw and Mrs. Claud Brown.

Those sending gifts were: Mrs. Lee Reiger, Mrs. L. D. Stamford, Mrs. Jesse Ganus and Mrs. Bobby Fillin-gin.

Mr. and Mrs. E. J. Cooper returned Saturday from Sherman, to which place they had been called by the serious illness of the wife of Mr. Cooper's brother.

Youth Revival Is Well Attended

The Youths' Revival being conducted at the First Baptist Church this week is being well attended at both the morning and the evening services.

Rev. Melvin Ratheal, pastor at Spur, is doing the preaching, and Associate pastor Sheldon Russell of Tahoka is leading the song and devotional services.

There have been a number of rededications and two or three professions of faith during the week. Plans are being made for a capacity crowd Sunday.

Mr. and Mrs. L. J. Turner of Platt, Coryell county, and Mr. and Mrs. Ben Lofton of Houston are here visiting Mr. and Mrs. V. L. Botkin, having come Tuesday. The Turners are Mrs. Botkin's parents and Mrs. Lofton is her sister.

Mr. and Mrs. Charles Stewart are visiting and vacationing in Durango, Colorado, this week.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30. Members urged to attend. Visitors welcome. L. A. FORSYTHE, W. M. EDD HAMILTON Secretary.

Lyntegar Officials Visit Washington

Garland Pennington, manager of the Lyntegar Electric Cooperative, and Judge Tom Garrard, attorney for the Cooperative, and John Heck of Wilson, president are expected to arrive home today from a trip to Washington made in the interest of the Cooperative.

It was probable that they would have occasion to confer with President Truman while in Washington, it was stated.

The News is informed that Perry Walker has been in a Lubbock hospital for two weeks under treatment for nose-bleeding, which physicians have been unable to stop, and that his condition is serious.

MRS. CLAUDE DONALDSON ATTENDS WEDDING OF HER NIECE

Mrs. Claude Donaldson and daughter Jane left Monday for Altus, Oklahoma, for a week's visit with relatives and to attend the wedding of a niece of Mrs. Donaldson next Sunday.

The niece, Miss Mary Lois Lincecum, is to be married at 3:00 o'clock Sunday afternoon in the First Methodist Church at Altus to a young man whom she met while both were students in the University of Oklahoma at Norman. Miss Jane Donaldson is to serve as one of the bridesmaids.

Claude Donaldson plans to go over to Altus Saturday, attend the wedding Sunday afternoon, and to accompany his wife and daughter back to Tahoka later.

PYTHIAN SISTERS HAVE SOCIAL MEETING

(Condensed) The Pythian Sisters of Lynn Temple met Tuesday night at 7:30 p. m. along with their husbands and children in the back yard of the Wiley Currys for a social meeting.

A very short program was given. Games were played under the direction of Elvora Curry and Vearl Carter, and fun galore was had. After the active games, "42" was played by all.

Hostesses for the occasion were Pauline Warren, Jewell Connolly, Anna Pennington, Bernice Carter and Oro Curry. Refreshment, which were furnished by the members, consisted of home-made ice cream and cakes.

Members of Lamesa Temple No. 42 were invited and eight came.

New License And Law Reminder To Sportsmen

Effective September 1st, 1949, is the Big Game Hunting License bill. It provides for a \$2.15 annual license for hunting deer and turkey. Excepted only are those hunters under 17 years of age and those (regardless of age) hunting on land on which they reside. Those in the latter class must register with the Austin Office on a form to be supplied by Game, Fish & Oyster Commission, and obtain an exemption license. Major provisions of the bill, however, is the deer tag feature. Each license issued will bear the same number of deer tags as the number of deer the hunter is allowed to kill during the season for which the license is issued, and the tags will bear the same serial number as the license of the hunter who killed and tagged the deer. A tag must be permanently attached to each deer killed and must not be removed or used again. The Big Game Hunting License permits the hunter to hunt deer, turkey, and small game, but if a hunter intends to hunt only small game he may secure a regular \$2.00 hunting license. But if he hunts at all and is not exempt as stated above, he must have one or the other of the above named licenses.

The new fishing license law provides for a \$1.65 resident fishing license and eliminates a number of special licenses heretofore required. A license is required of all anglers over the age of 17 years who use artificial lure regardless of where they fish (except salt water where no license is required for sport fishermen) and fishermen over the age of 17 years using minnows or other live bait and fish outside their home county. Fishermen using worms or cut bait may fish in their home and-or adjoining counties with out a license. The law provides also for an annual non-resident fishing license for \$5.25 and a 5-day non-resident fishing license for \$1.65. All other laws requiring various licenses for sport fishermen, including general, special or local, were repealed in the new law.

The Trespass Law

"Article 1377. Section 1. It shall be unlawful for any person to enter upon the inclosed land of another without consent of the owner, proprietor or agent in charge thereof, and therein hunt with firearms or therein catch or take or attempt to catch or take any fish from any pond, lake, tank, or stream or therein camp, or in any manner depredate upon the same. By "Inclosed Lands" is meant such lands as are in use for agriculture or grazing purposes or for any other purpose, and inclosed by any structure for fencing either of wood or iron or combination thereof, or wood and wire, or partly by water or stream, canyon, brush, rock or rocks, bluffs or island, proof or ownership of lease may be made by parol testimony."

The bill provides for penalties graduated on the number of previous trespass convictions of the offender.

Can Black-Draught Help Physical Fatigue?

Yes, Black-Draught may help physical fatigue if the only reason you have that listless feeling is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath — and if these symptoms are due only to constipation — then see what Black-Draught may do for you. Get a package today.

Wilson Schools Open Monay

The Wilson Public Schools will open for registration Monday September 5, 1949, and class work will start Tuesday, September 6. We are expecting a slight increase of enrollment which was about 350 children in regular attendance.

The new school lunch room will be open for service at the beginning of school. The new high school is expected to be ready for use on the beginning of the second semester.

Our football schedule is not ready for publication as yet. We will be in a different district this term.

Mr. Grady Hamrick will be our new high school principal. Other high school teachers are: A. J. Sales, coach and social science, Mrs. A. J. Sales, homemaking; Mrs. Zase Brewer, Commercial subjects; Mrs.

Jeanne Scarborough, English and a class for children with speech defects; Mrs. Nannie Bullard, mathematics; A. H. Smith, Vocational Agriculture.

Grade school principal is L. G. Fuller. Other grade teachers are: Mrs. L. G. Fuller, 7th grade; Mrs. Ruth Nelson, 6th grade; Mrs. E. L. Blankenship, 5th grade; Mrs. Grady Hamrick, 4th grade; Miss Gladys Kirtley, 3rd grade; and Mrs. Leona Batsell, Miss Ethel Summerlin, and Miss Mary Winston, 1st grade. — J. P. Hewlett, Superintendent, Wilson Public Schools.

Misses Margie and Melba Campbell of Spur and Miss Jo Hogan of Carlsbad came Monday to visit their grandmother, Mrs. D. C. Cooper, and to attend the Youth Revival being conducted here this week by Rev. Melvin Ratheal of Spur, pastor of the two Campbell girls. Miss Hogan is their cousin.

MRS. GERTRUDE DICKSON

Mrs. Dickson Is Named Service Advisor

The appointment of Mrs. Gertrude Dickson of Lubbock as home service advisor for the Southern Division of the Southwestern Public Service Company was announced today by H. L. Allen, vice-president and division manager.

"We have long felt the need in this division for a skilled home service advisor who could assist our residential customers in the efficient and economical use of electricity in their home. We are fortunate to have been able to obtain a person as skilled and experienced as Mrs. Dickson. As soon as our customers have had an opportunity to use her free advisory service, I am certain they will share our enthusiasm," Mr. Allen said in announcing the appointment.

Mrs. Dickson is a native Texan, having been born at Del Rio. She attended public schools in that city prior to entering the University of Texas for her college work. She received a Bachelor of Science degree in home economics from the university.

Mrs. Dickson has gained eight years of experience in her subject, nearly two years of that time having been with the Gulf States Utility Co. in a capacity similar to the one she will have with the Southwestern Public Service Company.

Mrs. Dickson will establish a complete advisory program in her field. She will be available for assistance in homes to explain how best to employ electric appliances, with particular emphasis on the economies that can be obtained through efficient operation of electric ranges.

Schools in the area will be able to call upon Mrs. Dickson for demonstrations of electric ranges,

Revival To Be Held At Assembly Of God Church Here

Evangelist Neva Clark of Denver City, Texas, will conduct a revival at the Tahoka Assembly of God Church, starting Sunday night, September 4th and to continue indefinitely.

Sister Clark is a very capable speaker. She is also an excellent musician and singer.

Services will be conducted each evening at 8:00 o'clock. We will be expecting you. —H. C. Lonis, Pastor.

CARD OF THANKS

We wish to thank our friends who were so thoughtful during the illness and at the death of our Mother and Grandmother. We pray that you may have comfort from your friends as we have had. The Children and Grandchildren of Mrs. T. E. Park.

When baskets or other objects have handles, carry them with the weight resting against the hip and bend in the opposite direction to balance. The weight is then transferred to the large bones and muscles of the legs, instead of your back.

freezers, laundry equipment and other electric appliances. She will also lend assistance in planning new electric kitchens or remodeling old ones.

Women's clubs in the Southern Division will have an opportunity to hear Mrs. Dickson speak on the many phases of her program.

Mr. Allen said that Southwestern Public Service Company managers in the communities served by the Southern Division would be able to make all arrangements for employment of Mrs. Dickson's services for interested individuals or groups in their town without any financial obligation whatsoever.

Mrs. Dickson has a 6-year old daughter, Marcia, and a 4-year old daughter Raye. Her parents, Mr. and Mrs. D. W. Hill live at Midland, Texas.

PVT. JAMES B. WARD RECEIVES PROMOTION

With the Eighth U. S. Army in Takeyama, Japan—Recently acquiring a well earned promotion from Private to the grade of Private First Class, James B. Ward, son of Mr. and Mrs. Jim Ward, Denver City, but formerly of Tahoka.

Private First Class Ward is assigned to Company D, 5th Cavalry Regiment Division and holds the position of Mail Clerk in that Company.

Private First Class Ward's promotion was due to the perfection in carrying out the duties of Company Mail Clerk and other duties.

5 Reasons why YOU should own an ALL-CROP Harvester

1. Be ready the day your crop is ready.
2. If a storm strikes, save down, lodged grain before it is lost.
3. There's no binding, sweaty shocking or threshing.
4. Low first cost and low operation cost with your regular farm tractor.
5. Grow crops that pay best — the All-Crop handles over 100 different grains, seeds and beans.

The All-Crop harvester gives you a home harvest — lets you control your crop in your own way, without waiting. For more information stop in and see us.

NOTICE TO THE OWNERS OF PROPERTY ABUTTING UPON THE HEREINBELOW MENTIONED PORTIONS OF STREETS IN THE CITY OF TAHOKA, TEXAS, AND TO ALL OTHERS HAVING ANY INTEREST AFFECTED THEREIN:

The Governing Body of the City of Tahoka has heretofore ordered that the following portions of streets in the City of Tahoka, Texas, shall be improved by raising, grading and filling same, and by installing concrete curbs and gutters, and where necessary storm sewers and drains, and by paving with Triple Asphalt Surface on Compacted Caliche Base, to-wit:

- 1. Sweet Street (U. S. Hwy. 87) from South line of South Third Street to North line of South Seventh Street, designated as Unit No. 1.
2. Main Street (U. S. Hwy. 87) from edge of Existing Paving in North First Street to South line of North Fourth Street designated as Unit No. 2.
3. Main Street (U. S. Hwy. 87) from South line of North Fourth Street to South line of North Seventh Street, designated as Unit No. 3.
4. Lockwood Street (U. S. Hwy. 380) from East line of Miller Street to West line of Sweet Street, designated as Unit No. 4.
5. Lockwood Street (U. S. Hwy. 380) from edge of Existing pavement on Alley Street to West line of Randall Street, designated as Unit No. 5.
6. Lockwood Street (U. S. Hwy. 380) from West line of Randall Street to West line of Mable Street, designated as Unit No. 6.
7. North Sixth Street from the edge of the existing pavement in Main Street to edge of existing pavement approximately 50' East of Kelsey Street and Petty Street from edge of Existing Pavement on North Fifth Street to South line of North Sixth Street, designated as Unit No. 7.
8. North Fifth Street from end of existing pavement approximately 200' West of West line of Kelsey Street to East line of Taylor Street, designated as Unit No. 8.
9. North Fourth Street from West line of Sanders Street to East line of Ketter Street and Sanders Street from edge of existing pavement in North Third Street to the South line of North Fifth Street, designated as Unit No. 9.
10. North Fourth Street from edge of existing pavement in Main Street to edge of existing pavement in Petty Street and Petty Street from existing pavement in North Third Street to the South line of North Fourth Street and from North line of North Fourth Street to edge of pavement in North Fifth Street, designated as Unit No. 10.
11. North Second Street from edge of existing pavement in Sweet Street to East line of Kelsey Street and from West line of Kelsey Street to West line of Sanders Street, designated as Unit No. 11.
12. North Second Street from West line of Sanders Street to East line of Miller Street, designated as Unit No. 12.
13. North First Street from edge of existing pavement in Petty Street to East line of Kelsey Street and from West line of Kelsey Street to West line of Sanders Street, designated as Unit No. 13.
14. North First Street from West line of Sanders Street to East line of Taylor Street, designated as Unit No. 14.
15. South First Street from East line of Taylor Street to edge of existing pavement in Kelsey Street, designated as Unit No. 15.
16. South Second Street from edge of pavement in Conway Street to East line of Taylor Street, designated as Unit No. 16.
17. Petty Street from edge of existing pavement in South First Street to edge of existing pavement in Lockwood Street, designated as Unit No. 17.
18. Miller Street from edge of existing pavement in Lockwood Street to North line of North Third Street, designated as Unit No. 18.
19. Miller Street from the North line of North Third Street to North line of North Fourth Street and North Fourth Street from the West line of Miller Street to the West line of Edwards Street, designated as Unit No. 19.
20. Kelsey Street from edge of existing pavement in Lockwood Street to North line of South First Street and from South line of South First Street to South line of South Third Street, designated as Unit No. 20.
21. Kelsey Street from South line of South Third Street to South line of South Sixth Street, designated as Unit No. 21.
22. Kelsey Street from South line of South Sixth Street to North line of South Eighth Street, designated as Unit No. 22.
23. Sweet Street from edge of existing pavement in Lockwood Street to edge of existing pavement in North First Street, designated as Unit No. 23.
24. Petty Street from edge of existing pavement in North First Street, to South line of North Second Street, and from North line of North Second Street to existing pavement in North Third Street, designated as Unit No. 24.
25. North Second Street from East line of existing pavement in Main Street to West line of Doak Street, designated as Unit No. 25.
And contract for the making and construction of such improvements having heretofore been made by the City of Tahoka, Texas, with Sam Sanders, and in connection therewith the following assessments are proposed to be made, to-wit:

UNIT 1 SWEET STREET (U. S. HIGHWAY 87) From the South Line of South Third Street to the North Line of South Seventh Street Assessment Per Front Foot \$1.71 Per Foot for Curb and Gutter

Table with columns: Addition, Blk. No., Lot No., No. Ft., Owner, Total Assessment. Lists property owners and their respective assessments for Unit 1.

*NOTE — Denotes corner lot for which a portion of Assessment appears in two units.

A hearing will be given and held by and before the City Council of the City of Tahoka, Texas, to the owners of any railroads or the owners of any interest therein, and to the owners of abutting property or the owners of any interest therein, in any of the Units as herein before designated, at which they shall have the right to be heard on any matter which is a prerequisite to the validity of the proposed assessment, and to contest the amount of the proposed assessment, the lien and the liability therefor, the special benefits to the abutting property and the owners thereof by means of the improvements for which the assessment is to be levied, and the accuracy, sufficiency, regularity, and validity of the proceedings and contract in connection with such improvement and proposed assessment.

The hearing herein provided will be held in the Council meeting room of the City of Tahoka at the City Hall in the City of Tahoka, Texas, on the 19th day of September, A. D. 1949, at 10:00 A. M. and will be continued from time to time until the purposes thereof are, in the opinion of the Council, fully accomplished, and such hearing is in all respects to be conducted in accordance with the law.

By Order of the City Council of the City of Tahoka, Texas.
K. R. DURHAM, Mayor.

Fair Exhibitors Given Notice

Lubbock, August 31.— All Exhibitors in the various departments of the 32nd Panhandle South Plains Fair, which will be held September 26 through October 1, at Lubbock, who plan to compete for part of \$10,000.00 premiums have been given a notice of the deadline for entering exhibits.

Panhandle South Plains Fair Officials have announced the following rules for all entries. The deadline for various departments are:

- Livestock—Sept. 16 at 6:00 p. m.
 - Agriculture—Sept. 24 at 6:00 p. m.
 - Veterans Vocational Agriculture—Sept. 25 at 6:00 p. m.
 - Vocational Agriculture—Sept. 25 at 6:00 p. m.
 - Individual Exhibits—Sept. 25 at 6:00 p. m.
 - Rabbit and Cavy—Sept. 23 at 6:00 p. m.
 - Boy Scouts of America—Sept. 25 at 6:00 p. m.
 - Women's Department—This Department will open at 9:00 a. m., Sept. 22 and will close at 1:00 p. m. on Sept. 23 for all entries except bread, cake, cut flowers and plants. Bread, cake, cut flowers, and plants will be received from 8:00 a. m. until 1:00 p. m. Sept. 26, and must be delivered to the Fair Grounds during this period.
- Since more exhibits and displays will be at this year's Fair than ever

KIDNEY PAINS

To stop irritation, irregular elimination, use CIT-ROS. New remedy quickly restores the normal pH of the body fluids. The cause eliminated, the body stops pain, heals sore spots. CIT-ROS brings you comforting relief. CIT-ROS at your druggist. For sale by

Harvest Your Cotton

this TIME- and MONEY- SAVING way

JOHN DEERE No. 15 Two-Row Cotton Harvester

You'll make short work of harvesting cotton . . . slash expenses to a fraction of hand-pulling costs when you own a John Deere No. 15 Two-Row Cotton Harvester.

The John Deere does an excellent job of harvesting any cotton that is suitable for mechanical snapping. Stripping two 40-inch rows at a time after defoliation, the John Deere does a once-over job, saving more cotton than the average hand-puller. Harvested at the same time, cotton pulled with the No. 15 grades as high as that picked by hand.

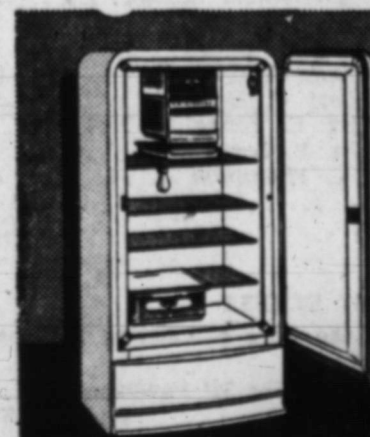

Be sure to stop in soon and let us tell you more about this time- and money-saving two-row cotton harvester.
