**Junior Teams Split Two Series**

Tahoka's Seventh Grade football continues its winning ways, having won two games in the last week, over Seagraves here Thursday night of last week 7 to 0, and over Slaton here Tuesday night, 35 to 0.

As the News went to press on Thursday night, the boys were due to return the games in Seagraves. They play in Slaton next Tuesday.

The Seagraves game was a close, hard-fought affair, with Halfback Leslie Paris getting away in the second half for the lone touchdown. Tahoka outweighed and out-classed the Slaton boys, and could have run the score much higher, but Coach Pipes used all his boys in the game.

The same nights, the Eighth Grade Juniors lost two close decisions, one to Seagraves 21 to 13, and one to Slaton 14 to 6.

In the Seagraves game, the Tahoka team took an early lead when Bobby Williams scored, followed by a touchdown by Wayne Brasher. After scoring once in the first half, the visitors came back strong in the second half to run up two more scores to win. However, the visitors team was made up of Eighth graders and Freshmen who had been playing together all fall, while three Freshmen joined the local Eighth grade team for this game.

The Tahoka and Slaton teams were evenly matched, but Slaton had a little more scoring punch, and emerged victorious 14 to 6. Left end Jackson scored on about a 50-yard pass play, with Wayne Brasher doing the tossing.

Members of the Eighth grade team are:

Ends: Will Lee, 13, wt. 125; Gary Mitchell, 13, wt. 105.  
Tackles: Mildred Ratliff, 14, 165; Roy Jolly, 15, 120; W. C. Wallace, 13, 91; Billy Rains, 13, 105.  
Guards: Robby Dorman, 15, 115; Donald Paris, 13, 103 Jimmy Bragg, 12, 105; Phillip Murray, 15, 120.  
Center: Thomas Autry, 15, 132.  
Quarterbacks: Wayne Brasher, 15, 115; Roy Sherrod, 13, 105.

Halfbacks: Bobby Williams, 14, 130; Brownie Williams, 14, 90 lbs.; Rollin McCord, 13, 90.  
Fullback: Richard McNeely, 15, 130 pounds.  
Manager: Roy Riddle.

Record crops of almonds, walnuts and filberts are expected this year. Housewives can take this as a tip to assemble their favorite recipes for nut dishes...and keep an eye out for new ways to include nuts in family meals.

**Mexican Baby Is Buried Here**

almost five months old, the baby of Gabriel Pinon and Manuela Pinon, was buried in the Mexican cemetery here at 3:00 Saturday, with only brief graveside services, the parents not desiring the services of a priest or minister.

The child died Friday at 5:45 p. m. at a Mexican cotton-pickers' camp five miles north of New Home. It was born on May 26, this year, at Robstown in South Texas.

Carnival Monday night, October 31.  
Plan now to attend the All-School

**Levelland Pastor Is Speaker Here**

Emphasizing the power for good that any group of consecrated men, working together, may have in their community, Rev. J. H. Wright, pastor of the First Baptist Church of Levelland delivered the inspiration address or discourse at the Association Brotherhood meeting held in the First Baptist Church here Tuesday night.

Preceding the program of the evening, supper was served in the basement of the church to more than 80 men, including a few newly grown boys, prepared and served by members of the Tahoka Brotherhood.

The program, which was opened with congregational singing and prayer, was given in the main auditorium of the church, with W. A. Reddell of Tahoka presiding.

A quartet composed of Gomez and Brownfield Brotherhood members and led by Alton Webb of Gomez gave two numbers, which received much praise.

Rev. C. T. Aly of Tahoka presented the claims of Wayland College for unstinted support before the Brotherhood and the body voted to give it that character of support during the emergency that now confronts it. Aly is in charge of the campaign throughout the Brownfield Association to raise funds for its financial aid.

District Brotherhood president Judson Burnett of Levelland was present and made a number of announcements and also an appeal to the Brotherhood to meet its obligations to pay out the balance which it yet owes on the swimming pool at the Plains Baptist Assembly in Blanco Canyon. The Brotherhoods of the entire district comprised of eight associations assumed this responsibility something like a year ago and about \$4,000 yet remains unpaid, he stated.

Officers for the ensuing year were elected, and an invitation was accepted to meet with the O'Donnell Brotherhood three months hence, January 24.

Record crops of almonds, walnuts and filberts are expected this year. Housewives can take this as a tip to assemble their favorite recipes for nut dishes...and keep an eye out for new ways to include nuts in family meals.

**GLOVE - MAKING DEMONSTRATION GIVEN AT JOE BAILEY CLUB**

The October meeting of the Joe Bailey H. D. Club was with Mrs. Elmer Newton as hostess. During the business meeting officers for 1950 were elected as follows: president, Mrs. Raymond Ballew; vice-president, Mrs. Eli Vickers; secretary-treasurer, Mrs. John Ragan; council delegate, Mrs. Elmer Newton; Reporter, Mrs. R. R. Ragan.

After the business meeting, Miss Hard gave an interesting demonstration on glove-making, illustrating with different materials and patterns.

Following the social hour, cake and punch were served to five club members, Miss Hard, and two visitors.

The November meeting will be with Mrs. Ballew. All Club members please be present. —Reporter.

Plowing under cotton stalks before frost is the most dependable method for controlling boll weevils. A heavy roller-type stalk cutter with disk harrow attached does a good job of stalk destruction and makes plowing easier. Stalks may be recovered by beddings or by using a one-way plow.

Berkshire Senior boar pig: 1st, Roy Botkin.

Berkshire Senior sow pig: 1st, Roy Botkin.

Poland China Junior gilt pig: 1st, Richard Carter, FFA, Tahoka.

**Farm Bureau Drive Progresses**

Farm Bureau community team captains met with officers of the Lynn County organization at the American Legion Hall, the evening of October 27 to tabulate results of the membership drive which has been making a house to house canvass for members, according to Hubert Tankersley, Lynn County Farm Bureau president.

The county's quota is 574 members for 1949. Results of the campaign were reported by wire to state Farm Bureau headquarters at Waco at the team captains report meeting Thursday evening.

During Farm Organization Week, 10,000 workers in 162 Texas counties have volunteered their time and effort toward increasing the membership in the Texas Farm Bureau Federation to 70,000 members this year, Mr. Tankersley said.

Plan now to attend the All-School Carnival Monday night, October 31.

Due to lack of space The News will give results in the Canned Fruits and Vegetables next week.

Mrs. S. J. Harris, who spent several days under treatment at Tahoka Hospital last week, is recuperating at her home now.

#### Poultry Men Should Heed This Advice on Fowl Pox

Poultry growers who may wonder whether to have their flocks vaccinated against fowl pox are given this advice in a veterinary bulletin: 1. Don't vaccinate unless the disease has appeared on your premises in past years or unless it seems likely to strike in your locality. 2. Once vaccination is started, it must be repeated every year and must include every bird in the flock. 3. Fowl pox vaccine contains live virus that can spread and infect neighboring flocks; therefore, owners of nearby flocks should be advised of your vaccination plans. 4. The flock must be in good health when vaccinated. 5. The exact age for vaccination is determined mainly by individual flock conditions, but it should be performed at least two months before the birds go into egg production. 6. If it is necessary to vaccinate birds already in production, pigeon pox vaccine should be used. This gives shorter immunity than fowl pox vaccine, but does not cause such a severe reaction.

#### Before Freezing Butter

Those who own home freezers may want to freeze butter while it is plentiful. Lavada Curtis, A.P.I. extension service food preservation specialist, reminds us that frozen butter will stay fresh for six months or longer if it is of good quality. Poor butter deteriorates even when frozen. Another important fact is that butter from pasteurized sweet cream will keep better than that made from sour cream. Before freezing butter, wash it thoroughly to remove all of the milk. While wrapping butter in parchment paper, press out all air remaining between paper and butter; then pack butter in wax cartons. Ordinary household wax paper is not satisfactory. It will not keep the air out which may cause the butter to become rancid. Store butter at zero.

#### Care of Begonias

Tuberous-rooted begonias require three things — shade, a rich soil and moisture. Flower lovers who understand their limitations and peculiar habits find them excellent plants. The begonia is adapted to shady nooks in the garden or on the north side of a building. The shade of trees is satisfactory, provided the limbs are high enough to allow plenty of air circulation. Soil must be well drained but must be kept moist at all times. When grown in pots and window boxes a liberal amount of drainage material must be placed in the bottom for the tuberous-type begonias. Do not water from the bottom. Do not spray or water the plants in late evening, be cautious, or the stems may decay at the soil surface.

A long and happy life depends largely on what and how much you eat. Too many fats, starches and sweets in the diet decreases your life expectancy. Plenty of green leafy vegetables, milk, fresh fruits and animal protein foods increase your chances for a long life and good health.

Legumes for soil improvement is a good bet for land that will be taken out of wheat, corn or cotton next year. Soil and climate have a lot to do with legume growth, so find out which varieties do best in our country, and plant them now.

The Senior Class of Tahoka High on Saturday, October 22, during a bake sale, were honored by a purchase made by Sheriff "Slick" Clem and E. L. Jeter. The Senior Class was sponsoring this sale to raise funds for their senior trip.

Mrs. R. B. Floyd remains under treatment in Seale Clinic after becoming suddenly ill while downtown last Saturday. She is not able to have visitors.

# Colorful Flower Show Held Here Saturday

On Saturday, October 22, a new and eventful affair, the first local county flower show, was sponsored in Tahoka by the Women's Society of Christian Service of the Methodist Church.

Many beautiful flowers and flower arrangements were entered, making the show a great success.

Listed below are the places won by the decision of out of town judges.

### Straight Classes

Class I: Single Specimen—Roses—1st, Mrs. L. R. Brooks; 2nd, Corinne Cathcart; 3rd, Mrs. Ted Terry.

Class II: Single Specimen—Large Dahlias—3rd, Mrs. Skiles Thomas.

Class IV: Three or more large Dahlias, any color—2nd, Mrs. Skiles Thomas.

Class VII: Three or more Roses—1st, Mrs. W. W. Rowland; 2nd, Mrs. Ivan Cathcart; 3rd, Mrs. Emil Prohl.

Class VIII: Three or more Marigolds—1st, Mrs. Hubert Tankersley; 2nd, Mrs. V. F. Jones; 3rd, Mrs. Chas. Nelms.

Class X: Five or more Zinnias—1st, Mrs. Chas. Nelms.

Class XI: Single Specimen—Chrysanthemums—2nd, Mrs. W. V. Kelley.

Class XIV: Five or more small Chrysanthemums—1st, Mrs. Chas. Nelms; 2nd, Mrs. A. G. Cook; 3rd, Mrs. L. R. Brooks.

Class XV: Seasonal Arrangements—1st, Mrs. D. V. Smith; 1st, Mrs. R. W. Rutherford; 2nd, Mrs. Ted

Terry; 3rd, Mrs. H. W. Carter.

A. Church Arrangements—1st, Mrs. Calloway Huffaker; 2nd, Mrs. Calloway Huffaker; 3rd, Mrs. Ted Terry.

B. Princess Feather—1st, Mrs. D. G. Cook.

### Flower Arrangements

Class I: Miniature Arrangements—1st, Mrs. Calloway Huffaker; 2nd, Mrs. Maurice Small; 3rd, Mrs. W. V. Kelley.

Class II: Children's class—1st, Geraldine Tippitt; 2nd, Linda Jones; 3rd, Retha Ann Cathcart.

Class III: Men only—1st, Mr. Herbert Carter; 2nd, Mr. Howard Henderson; 3rd, Mr. Herbert Carter.

Class IV: Any vase or combination of colors (as you like it)—1st, Mrs. Emil Prohl, Mrs. Roy Edwards, Mrs. Calloway Huffaker, Mrs. V. F. Jones, Mrs. A. M. Bray, Mrs. D. G. Cook; 2nd, Mrs. J. T. Tippit, Mrs. H. W. Carter; 3rd, Mrs. H. W. Carter, Mrs. Ivan Cathcart.

Class V: Foliage and Dried—1st, Mrs. John Jackson.

Class VII: Japanese—1st, Mrs. Lum Haney, Mrs. Calloway Huffaker, Mrs. A. M. Bray; 2nd, Mrs. A. M. Bray.

### Pot Plants

1st, Mrs. D. B. English; 2nd, Mrs. Rafe Richardson; 3rd, Mrs. D. G. Cook.

### Unusual Containers

1st, Mrs. Woodworth, Mrs. Maurice Small; 2nd, Mrs. Skiles Thomas, Mrs. Skiles Thomas; 3rd, Mrs. V. F. Jones, Mrs. R. H. Gibson.

The House of Flowers furnished arrangement for the Tea Table, a lovely orchid tree and several for an exhibit table.

About two hundred guests called during the afternoon.

A week of Prayer program was conducted by Mrs. R. H. Gibson at the Church, assisted by Mrs. Bell. This was the W. S. C. S. meeting October 23.

## SMU ALUMNI ASSOCIATION, EXTEND INVITATION TO LOCAL RESIDENTS FOR HOMECOMING

Dallas, Oct. 26.—Seven Tahoka residents, active members of the SMU Alumni Association, have been extended personal invitations to attend Southern Methodist University's annual Homecoming celebration October 28-30.

George E. Bushong, executive secretary of the SMU alumni, says that a record attendance is expected this year at reunion festivities. Active membership in the association totals more than 10,000, Bushong said. He predicts that some three thousand exes will be on the SMU campus for the three-day program.

Exes will begin to celebrate their SMU reunion Friday afternoon, Oct. 28, with traditional campus activities including student contests, registration and open house at the SMU Student Union Building, and an evening bonfire and pep rally.

Highlight of the celebration will be the annual Homecoming football game between the Mustangs and Texas University. Selection of the SMU Homecoming Queen, chosen from 15 beauties representing student organizations, will be announced at the game Saturday afternoon. The queen will be crowned during halftime activities.

Saturday the alumni will view a pre-game parade of floats and student marchers in downtown Dallas witness the Mustang-Steer game at the Cotton Bowl, and attend a Homecoming Dance in the huge Automobile Building at Dallas' Fair Park.

The three-day program will close Sunday morning with a special non-denominational Homecoming service in McFarlin Memorial Auditorium on the CMU campus. Dr. Umphrey Lee, president of SMU, will deliver the sermon. The services will include a musical program by the SMU choral union, 200 voices under direction of Dr. Orville J. Borchers, dean of the SMU School of Music. SMU Alumni Association members from Tahoka are Mrs. O. C.

Elliott, George M. Small, Mrs. Gilbert M. Stewart, Mr. and Mrs. Andrew M. Bray, and Mr. and Mrs. W. B. Strange, Jr.

Plan now to attend the All-School Carnival Monday night, October 31.

### Boyd Writes Of Travels In East

To the Editor of The Lynn County News:

I am continuing my travel story this week that I have been missing on account of ill health.

Of course, everybody understands that Tom and Leon are both good friends of mine or I would not have written about them as I have, however, if you knew how rough they handled me in Buffalo you would not blame me for taking advantage of them now. Tom is considered one of the best drivers that McLaughlin has ever had, since he has never wrecked a car and has not paid too many fines for speeding. Leon is the best car trader I have ever seen because I have traded

with him twice and if he does as well the next time as he did on the two previous occasions, I am sure that I will be walking the rest of my life.

On Friday morning about 10:30 o'clock Leon rolled out a new Chevrolet and said, "your car is insured—take off," but I soon found out that insurance does not prevent wrecks. We had our maps and we were soon rolling along the shore of Lake Erie which is one of the most interesting drives that you will find anywhere. The shore is covered with flowers and trees with a gap every few feet to give a view of the clear, blue water that extended as far as we could see and even many miles beyond that. It was a beautiful drive and we were enjoying it immensely but just about the time we were ready to take a comfortable seat upon predestina-

tion we came to a sudden stop that upset our plans. The roads were good, the weather was fine and the traffic was not too heavy, but suddenly we crashed into the rear end of a Buick which proved to us that there is always an unforeseen calamity awaiting around the corner for the unwary. The average speed of the traffic was about 40 miles per hour and we were staying in line but there was a dip, a rise and an intersection that we had not anticipated, which caused our trouble. Up there you find two stop signs at every intersection, here we have no sign at all—better be careful. We damaged our grill and one fender but we found a small garage near by and were soon on our way again.

That night at about 9 p. m. we stopped at a camp but we were up and ready to go again at 1:30 a. m. when we discovered that a dense fog had settled upon the earth but we decided to travel in spite of it. Realizing that danger was all about us we drove very slowly while other cars were passing us at high speed and as we expected we did not go far until we saw a light signaling us to stop. It was the watchman who informed us that a terrible wreck had occurred only a short distance ahead. It happened on a curve bridge where two cars had a head-on collision and a third car ran into the rear of one of the other two. The two were demolished and the third was unable to leave under its own power. We do not know how many were hurt but one man was lying on the ground and was picked up and carried away in an ambulance just after we arrived. After that we drove even more cautiously and just after daylight we pulled out of the road near a filling station and went to sleep.

All went well until late that afternoon when we got lost in East St. Louis. Tom had warned us and our failure to heed his warning almost brought disaster in that great city. After we had crossed the Mississippi our troubles started because arrows pointing in all directions were confusing and we were soon lost. However, we remembered that number 40 went straight thru the heart of St. Louis and we decided to risk our fate by following this highway but an arrow with 40 written on it led us into a walled-in canyon from whence there seemed to be no escape and we were soon facing the bridge over the Mississippi River that we had just crossed. Here we slowed down and almost had a rear-end collision, which caused me to lose what little presence of mind that I had left. However, I soon found a cop who put

me on the right road and I was on my way again but not until the damage had been done. After the excitement was all over I came to myself and began to look for tourist court where I could take a bath and put on some dry clothes. Yes sir! I was really frightened that time.

Next time I will tell about a trip made by Leon, his family, Clyde, and I from Wilson to Gettysburg, Pa.

Yours very truly,  
W. G. Boyd.

### Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**Larkin Appliance AND LOCKERS**

One can hear now on Sunday almost any kind of religious radio program he desires to hear. Usually, there are two or three programs by Lubbock Ministers of the Church of Christ, Baptist Churches of various group affiliations, various Holiness types, and others. But, in addition to these both the Methodist Hour and the Baptist Hour are now being presented, the Methodist Hour at 7:30 in the morning and the Baptist Hour at 2:30 in the afternoon. On the Methodist Hour programs are appearing Sunday by Sunday some of the most able men of that denomination, and on the Baptist Hour programs is appearing currently Rev. R. G. Lee, president of the Southern Baptist Convention. Immediately following the Baptist Hour is the Lutheran Program, with Dr. Meyer of St. Louis as the speaker. We heard all three of these programs last Sunday, Methodist, Baptist, and Lutheran, and all were good. How much superior they are to the froth and the trash that is heard on most of the radio programs, Sundays and weekdays. We think that every person should hear some good religious program of his or her choice each Sunday, and it might be helpful to switch over pretty often and hear the best that the other fellow's church has to present.

Mrs. O. W. McPherson of Dublin is leaving today after visiting her sister, Mrs. Paul Ray here and another sister, Mrs. Sid Mayfield at Tokio.

**Soil Meet**

(Cont'd. From Page 1)  
experience as a dirt farmer himself but from his youth he has made a study of scientific farming methods, and he has a fund of knowledge pertaining to agriculture that is possibly not surpassed by any man in Texas. Furthermore, having gone through college as a youth, he has an excellent command of the English language and seems to have no difficulty in finding the word that exactly expresses the thought intended. He speaks authoritatively and convincingly and not only interests but instructs his audience. Marshall would have made a valuable legislator or commissioner of man, during the James E. Ferguson administration if he had aspired to any position of that character. In fact, he wrote largely the first soil conservation law in Texas. Further back, he and another Bell county administrator as governor, wrote the first State Aid Law appropriating funds to the rural schools. Any way, he "knows his onions" when it comes to farm problems.

In the afternoon, A. P. Duggan of Littlefield, a lawyer by profession, discussed Water Conservation. He likewise has a great fund of knowledge respecting the water supply and stated very clearly the law governing the use of water, both surface and underground water. He had obtained also a large fund of facts revealed by geologists, water engineers, and other scientific sources. His address was also attentively heard because he also used demonstrated facts as the basis of his conclusions. It was all very interesting.

Other speakers of the day were Mr. Eloise T. Johnson, Family Life Educational Specialist, from A. & M. College; Sid J. Payne of Tulia, chairman of the State Soil Conservation Board; C. A. Tidwell of Amarillo, assistant state conservationist of the U. S. Soil Conservation Service; K. K. Mocre of New Home, Lynn county Soil Conservation District Supervisor, and Miss Hill, who presided throughout the Program and frequently made pertinent and sparkling comments.

Many others spoke briefly in praise of the program and the discussions of the day.

The noon meal, which was furnished by Lyntegar and prepared and served by Miss Opal Wood, Home Economist on the Lyntegar staff, was another highlight of the day and drew many compliments from those present.

**MISS THELMA ROMINES WEDS EMIL A. RAINDL**

Miss Thelma Romines, daughter of Mr. and Mrs. A. R. Romines of Plainview, formerly of Tahoka, and Emil A. Raindl, son of Mr. and Mrs. Frank Raindl Sr., of Wilson, were united in marriage on Tuesday of this week, October 25, in Lovington, New Mexico.

The bride wore a green suit with brown accessories, with a white chrysanthemum corsage.

She was formerly employed as a nurse's aide at the Tahoka Hospital. Mr. Raindl is a farmer.

The couple will make their home in Tahoka.

**MARTHA SHERROD CLASS**

The Martha Sherrod Class met Tuesday night in the home of Mrs. Dub Fulford, Mrs. John Fulford being hostess. The business of the class was transacted and refreshments were served to thirteen people.

Ernest C. Reese, who visited his father, who is ill, over the weekend returned Monday to Fort Worth where he is a student in Southwestern Baptist Theological Seminary. Mrs. Reese and little daughter are still here, caring for Mrs. J. L. Reese, who is ill, also.

**Rev. H. A. Nichols Thanks Friends Here**

Rev. H. A. Nichols, former pastor of the Tahoka Methodist Church and pastor of the First Methodist Church at Stratford for the past three and a half years, has written the News telling of the great opening services which they had in their splendid new church edifice here Sunday and thanking the many friends here who sent flowers for the occasion.

Rev. Nichols was here nearly four years and was one of the most popular pastors of any church that ever served in Tahoka. He and Mrs. Nichols both still have hosts of friends here who are delighted at the marvelous success they seem to have achieved in the bustling north Panhandle city of Stratford.

Here is Rev. and Mrs. Nichols' message of appreciation to the people of Tahoka:  
Dear Editor Hill:

Through your Weekly I wish to extend to our many friends at Tahoka, thanks for the many flowers they sent for our Church opening last Sunday. The flowers added so much to the sanctity and solemnity of the services of the day. They adorned the altar and added so much to a worshipful atmosphere.

The church was completed in September, but due to the lateness of getting the church furniture we had to wait until October 23 for the Opening Services. We have a plant that cost us \$154,000.00, without owing a dime on it, for which we are justly proud.

The "Old West" still is in the hearts of these fine people, friendly and freehearted. We had a great congregation last Sunday—700. The church had me to urge everyone there to stay for lunch. Five hundred took me at my word and ate. Still there was food galore and the church again insisted that at the afternoon services for me to urge the people to eat supper with us again at the Fellowship Hall in the church—and some 250 ate.

What a fellowship we had that day! Many towns had representatives

throughout the Panhandle. A new day seems to have arrived in this community. More new churches are being built in this section of the state than any other we know about.

With best wishes to the Editor and Staff and our friends, we remain,

Sincerely,  
H. A. & Mrs. Nichols.

Martin S. Reese of the Southern Methodist University faculty in Dallas, accompanied by his wife, returned to their home in Dallas Sunday after visiting his father and mother, here.

Plan now to attend the All-School Carnival Monday night, October 31.

Rev. and Mrs. Boyce Evans and two children of Abilene were here this week visiting their parents, Mr. and Mrs. C. B. Evans of Redwine and Mr. and Mrs. H. O. Hargett of Tahoka. Boyce had just been called as pastor of the Mansfield Baptist Church near Fort Worth and he and family were preparing to move to that town. Boyce had just held a very successful revival meeting at that place.

**CARD OF THANKS**

I wish to thank all those who sent flowers and cards during my recent stay in the hospital. I especially want to thank all the blood donors who's service was greatly appreciated.—Frank Raindl Sr.

Odds & Ends

(By E. I. The Elder)

What in the world would we do if it wasn't for the weather. Half the time we wouldn't have anything to talk about. It is a funny thing, if it acts like our radio broadcast-

ers say that it does. It surely is a fickle gal. The other day there was a big bad storm out over the Gulf of Mexico and she was headed this way they said. Everybody was warned to get their life boats handy and their bathing suits on.

Then the next day, the radio boys said that the old gal apparently had stopped away out from shore and was just flopping around and around like a bunch of wild geese that had lost their course and didn't know which way to go. The next thing we knew she had headed off to the northeast rather leisurely, and that was the last thing we ever heard of her.

Then there are the Cold Waves. It surely is hard for them to make up their minds. Recently there was one of them coming out of the Rocky Mountains headed straight for West Texas. It was going to hit here, whiz-bang, pretty pronto. We went to bed and covered up head and ears wondering if it would get here during the night as a dry duster or as a snow-spreader. When we awoke the next morning, we couldn't see anything of the gal. The sun was away up yonder in the sky shining brightly and a soft southern breeze was barely rustling the leaves on the trees. That night San Antonio reported that the winged monster had gotten lost somewhere out in the mountains and nobody there knew what in the world had become of her. I think that it was the next day that they reported that the lost had been found and was still coming this way. She was going to be joined somewhere in the Panhandle, however, by another Miss Cold Wave coming in from the North and the two were then going on down to Dallas and the Piney Woods together. So, we guess that is what was the matter up in the air down here in Lynn county the other night—the two ladies had met, and the meeting was not peaceful. They must have tangled up and gotten into each other's hair furiously, for the winds roared and the lightnings flashed, the fire flew, and the thunder crashed, and the rain and the hail beat down on a score of cotton fields and literally knocked the stuffin' out of 'em. Some poet has said that "Hell no fury has like a woman scorned," but when two vampres of the air meet, one from the icy North and the other from the snow-capped mountains of the West, there is likely to be 'urlicious war in the elements.

That guy talking about a cold wave being lost, however, reminded us of the boary-headed, wrinkle-faced story about the fellow who was wandering around in the town and finally asked a man where the depot was. "Are you lost?" the native returned. "No (hic) it's the de-

Fostoria's Nararre

pot that's last," the lit-up gent explained.

O, Well, these weather-broadcasters have got to say something about the weather whether they know anything about it or not, and so we are thankful that they furnish us a bit of amusement now and then.

By the way, another night last week, when the weather was cutting up and we were delayed quite a while by a mis-hap that happened to our machinery we picked up a Texas History, which one of our school boys had brought in, and scanned its pages for a few minutes. Kid-like we were looking at the pictures, and our attention was arrested when we came to the picture of Peter Hansbrough Bell, for our native county, Bell, was named for him, and a large metal statue of

WYNNE COLLIER, Druggist.

School Carnival Monday Night

Carnival time for the Tahoka schools is just three days away.—The all-school carnival, sponsored by the Parent-Teacher Association, will be held in the School gymnasium Monday night, October 31.

Carnival King, Queen, Duke, and Duchess candidates from each class of the elementary and high school have been elected.

High School Candidates The high school King and Queen candidates are Wanda Short and Bill Burkhart, Senior Class; Jane Adair and Clark Farr, Junior Class; Carolyn Henderson and Harley Schultz, Freshman Class; and Lou Ann King and Richard McNeely, Eighth Grade.

High School Duke and Duchess candidates are Garner Barham and Lenora Gray, Senior Class; Wayne Adair and Wanda Martin, Junior Class; John Paul Lawson and Frances Martin, Sophomore class; Richard Carter and Shirley Wooten, Freshman Class; and Wayne Brasher and Jerry Aldridge, Eighth Grade.

Grade School Candidates There will also be a grade school King, Queen, Duke, and Duchess elected at the carnival. Grade school candidates for King and Queen are Garland Huddleston and Bobbie Carrol, Seventh Grade; Kenny Durham and Bessie Galloway, Sixth; W. H. McNeely and Johnnie Clem, Fifth; Jackie Applewhite and Gloria Best, Fourth; Terry Stanley and Linda Miller, Third; David Copeland and Sharon Applewhite, Second; and Frank Greathouse and Susan Thomas, First Grade.

Grade school Duke and Duchess candidates are A. W. McClellan and Susie Smith, Seventh; Gordon Smith and Marianna McGinty, Sixth; Don Renfro and Carolyn Duckett, Fifth; Paul Holcomb and Nancy Draper, Fourth; Cecil Hammonds and Betsy Adams, Third; Linada Williams, Second; and Buddy Chestnutt and Gale Phillips, First Grade.

Election Procedure Given Each class, from the first grade through the high school seniors, will have two booths at the carnival. King and Queen candidates of the classes making the most money on their projects will be elected. Each penny taken in counts one vote. The money will go to the pro-

motion of class and school projects. Third grade candidates Jay Gurley planned for this year, and it is believed that it will be a great success. Last year the Junior Class took in the most money and their candidate, Dan Martin and Geneva Martin, were elected King and Queen. A great and elaborate carnival is Try Our Classified Columns.

MAIN STREET MERCHANTS

There are many merchants along the main streets of the great Panhandle-Plains-Pecos Valley area... dry-goods... drugs... hardware... groceries... your Public Service Company.

Yes, we are merchants, too. Our product is dependable, low-cost, electric service and we know it's the best merchandise of its type that can be found anywhere.

For 25 years we have been working alongside our fellow merchants... a locally-owned, business-managed company, dedicated to bringing new and better living... electrically... to everyone.

**AMENDMENTS EXPLAINED  
MORE OF THE PROPOSED**

In order that voters who read this newspaper may have the opportunity to gain a little information about the ten proposed constitutional amendments to appear on their ballots one week from next Tuesday, we printed the substance of five of them last week together with a few comments thereon, and here goes for the other five this week.

**House Joint Resolution No. 22**  
District Judges

House Joint Resolution No. 22 proposes some minor changes respecting the qualifications, service, and salary of district judges. We do not believe any of them are radical or unreasonable. Possibly the most important change respects the salary. The proposed amendment contains no limitations whatever but leaves that up to the Legislature entirely. But, in effect, the provision respecting salary in the present constitution is merely directory or conditional, and the Legislature can and does find a way of doing just about what it wishes to do any way. Voters would probably make no mistake in voting for this amendment.

**House Joint Resolution No. 38**  
Retirement Pensions for Appointive County Officers

The substance of House Joint Resolution No. 38 is as follows:  
"The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this state under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary, and shall first be authorized by a vote of the qualified voters of such county. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by section 51f of Article III."  
We think this proposed amend-

ment should be defeated. It places no limitations whatever on state or county authorities respecting retiring county officers or employees who might be pensioned. It makes no provisions as to how long or how short a time they may have served in order to be entitled to a pension. They may have served only one month or one week in so far as the proposed amendment provides, then retire, and draw a pension for the remainder of their lives. Nor are there any limitations as to the financial circumstances of the retiring officer or employee. He might be worth a hundred thousand dollars and still be entitled to the pension under the provisions of this amendment. Of course, it is presumed that the legislature would impose limitations. Just the same, there is too much room for waste and graft and political favoritism wrapped up in this amendment to suit us, and we are strictly against it. The voters should be leary and scratch it.

**House Joint Resolution No. 15**  
Authorizing Organization of County Health Units

This proposed amendment is as follows: The Legislature shall have the authority to provide for the organization of county-city health units and the operation thereof and to authorize counties and cities to provide a tax of not to exceed twenty cents (20c) on the One Hundred Dollar (\$100) valuation of taxable property in counties and cities for the purpose of financing the said county-city health units; provided that no such tax shall be authorized except by a vote of the people residing in the city or county in which said tax shall apply. The foregoing tax shall be levied only on county valuations."

The News has heretofore expressed itself as favoring the adoption of this amendment. We will confess, however, that the amendment is very indefinite as to how moneys provided under it might be spent. That would have to be regulated by statute if regulated at all. And there would be no money to spend until authorized by the people. We are a little afraid of this amendment.

**House Joint Resolution No. 36**  
Authorizing Establishment of Hospitals

Briefly stated, this amendment would authorize the creation and establishment of hospitals in the counties of this state under conditions to be set out by legislature and for the levy of a tax of 20 cents on the \$100 for the support of the same, said tax to be authorized by a vote of the people.

This proposed amendment would seem to be subject to the same objections as the preceding one, and we suspect that the people will be slow to vote in order to experiment in the operation of district hospitals. Study this matter and vote as you think best.

**Senate Joint Resolution No. 3**  
Proposing Creation of Rural Fire Prevention Districts

"The Legislature shall have the

power to provide for the establishment and creation of rural fire prevention districts and to authorize a tax on the ad valorem property situated in said districts not to exceed three cents on the \$100 valuation for the support thereof; provided that no tax shall be levied in support of said districts until approved by a vote of the people residing therein."

To us this amendment seems to be all right and probably needed in some rural areas. We are willing for the voters of any area to have fire protection if they are willing to vote the tax and pay it.

**Odds & Ends**

(Cont'd. From Page 1, Sec. 2)  
The man stands on the southwest corner of the courthouse square in Belton. So, we read the cut-lines beneath the picture and here is what we found

Peter Hansboro Bell, the first governor of Texas, to serve two terms, was elected in 1848. Later he was a United States Senator for two terms.

That last statement is what astounded us. Peter Hansbrough (not Hansboro) Bell was governor of Texas for almost two terms but he was never a United States Senator. We looked back on the preceding page to read the sketch of the Governor which was printed on that page, and we found that in the text it was stated that after Bell was governor he had served two terms in the United States Congress. No statement was made as to whether his service was in the Lower House or the Senate but one would naturally conclude that the Lower House was meant, which was correct. But the incident shows that the authors or the publishers of these histories must have been inexcusably careless, for there in the cut-lines under the picture is the untrue statement that he was "A United States Senator for two terms."

Of course, we guess that it will make no particular difference, so far as our school children and future generations are concerned, as to whether Bell served in the Lower House or the Senate back in 1853-1857, but historians ought to be careful to relate facts correctly.

This is not the only error we found in that book in just a brief examination. In that same book is a picture of David G. Burnet, who for many years played an important part in the early history of Texas, being the first President of the Republic

in 1836, and in the cut-lines under this picture is this unqualified statement, "Finally, he was a United States Senator from Texas."

And that statement also is untrue. Just after the close of the Civil War, in 1866, Burnet was elected to the United States Senate, but he was not permitted by the U. S. Senate to take his seat as a member of that body. He never was sworn in and never did serve one day or one minute as Senator. On account of its secession from the Union, Texas had not been represented in the United States Senate since July 11, 1861, and neither David G. Burnet nor Oran M. Roberts, who were elected to that body by the Texas Legislature on August 21, 1866, was ever seated. It was a "Carpetbag" legislature which elected Morgan C. Hamilton and James W. Flanagan to the United States Senate in 1870 and both took their seats in that body as Senators from Texas on February 22, 1870.

The authors of the Texas History now being used in our public schools are "dead wrong" in stating that David G. Burnet was ever a United States Senator from Texas.

We found other errors too. It is to be hoped that under the new Gilmer-Akin school law, the directors see to it that History text

books so carelessly written as this one are revised and corrected before they are adopted and used as text-books in our public schools.
