

Livestock Show Last Saturday Best Ever Held

Lynn county's annual 4-H and FFA Livestock Show, held Saturday of last week at the County Fair grounds, was the biggest and best ever staged here.

There were more animals of better quality exhibited by more boys than ever before, and the premiums paid were larger than ever.

The boys' stock from this show will be entered in the 17th annual South Plains Junior Fat Stock Show being held at the Lubbock Fair grounds Monday through Wednesday of next week.

Judges L. M. Hargrave and John Baumgardner, both of Texas Tech. and County Agent Bill Griffin, who was greatly responsible for the success of the show, declared this to be the best all-around county show in the area.

Chester Watley, Tahoka 4-H club boy, son of Mr. and Mrs. L. A. Watley, showed the grand champion calf, a milk-fed heavy Hereford steer.

Harold Hamilton, Tahoka FFA boy, son of Mr. and Mrs. Ed Hamilton, won the grand championship in the swine division with his 180-pound Berkshire barrow.

In the fat lamb division, Jerry Cain, Tahoka 4-H club, son of Mr. and Mrs. Alton Cain, captured the grand championship with one of his entries.

Prizes totaling nearly \$400 were presented winners in the show's various divisions, through courtesy of Tahoka Chamber of Commerce and Tahoka Rotary Club. In addition, bonuses totaling nearly \$1500.00 were presented the boys, \$9.00 for each pig and lamb entry and \$21.00 for each fat calf entry, by Tahoka business and professional men.

Elsewhere in this issue, The News lists all results and entries.

Mrs. C. W. Slover Died Tuesday

Mrs. C. W. Slover, 80, pioneer citizen of Lynn county, died at 1:30 a. m. Tuesday in a Lamesa Hospital following an illness of several days.

Funeral services were conducted at the Tahoka Methodist Church Wednesday afternoon at 2:30 o'clock, Rev. C. A. Holcomb Jr., her pastor, officiating. She was laid to rest in Tahoka Cemetery beside her husband, who died in September, 1943. Stanley Funeral Home directed the services.

Feeble Lou Sweeza was born February 5, 1870, at Buena Vista, Shelby county Texas, and therefore was 80 years, one month and nine days of age when death came. She was married Oct. 1, 1890 to C. W. Slover. They came west in 1897, settling in Swisher county, moved from there to Castro in 1900, and thence to Lynn in 1905, when they acquired the home place just southeast of the new little city of Tahoka. When Mrs. Slover passed, this farm was one of the oldest in the county under the same ownership.

Mrs. Slover united with the Methodist Church long ago, and was ever a faithful member. A religious woman, she also was one of the kindest and sweetest of ladies and a loving mother. With her passing, Lynn county loses another of its very finest citizens.

Surviving her are five daughters, two sons, 34 grandchildren, and 18 great grandchildren. The five daughters are: Mrs. David S. Whiteley, Silcam Springs, Ark.; Mr. R. G. Henderson and Mrs. S. R. Henderson, Hart; Mrs. J. B. Jolly, Phillips; and Mrs. Sam Floyd, Lamesa. The two sons are: John and Rufus Slover, both of Tahoka.

Stock Contracted For Jaycee Rodeo

Stock for the May 12 and 13 rodeo being sponsored by the Tahoka Jaycees and Tahoka Roping Club have been contracted for from J. A. Wise of Earth.

Three performances will be staged, Friday night, Saturday afternoon, and Saturday night. At each performance there will be contests in jackpot ribbon roping, bareback bronc riding, saddle bronc riding, calf roping, bulldogging and bull riding. There will be a sponsors' contest and merchandise prizes.

Other plans for the big event, which will be staged next week celebration, will be reported later in The News.

'Mystery Man' On Jaycee Jamboree Benefit Program

"The Mystery Man," one of the nation's outstanding entertainers, has been engaged to make an appearance at the Tahoka Jaycee Jamboree which will be staged in the school gymnasium on the night of April 6.

There is little doubt but that this one feature will be worth more than the price of admission.

A full program of comedy, music, and mystery is being rounded out, and it promises to be one of the best shows of this type ever presented in Tahoka. The audience will participate in the show with the "Dr. IQ" quiz show, and "Art Linkletter" will prove that "People Are Funny." Prizes will be awarded contestants in these programs.

Musical numbers by the High School band, the King Cole Trio, and the Tahoka Troubadour are on the program, along with trumpet solos, "Sugar Blues" and other "blues" numbers by Band Director Bill Tregoe. Special features of the musical program will be the winners of the recent talent show, Estelle Gray and Jean Crumpton in their presentation of their "Hucklebuck" number.

The "Fat Man" will present a mystery show that is yet to be equalled, and Colonel Flupenhagle's mysterious singing grasshoppers which he captured in South Africa will round out an all-local talent show you won't forget for a long time.

It's all in fun, and fun for all at the Jaycee Jamboree Thursday, April 6, high school auditorium.

All proceeds of the program will go into the fund for purchasing uniforms for the high school band.

"Skip" Taylor Seeks Re-election

W. S. (Skip) Taylor announces that he is a candidate for re-election to the office of District Clerk.

The office of District Clerk pays only a small salary, but it is convenient for Mr. Taylor to handle the duties of this office in connection with his abstract business, which is located in the court house.

"Skipper" is well known to most voters of the county. He came to O'Donnell in 1916. During World War I he served with the 38th Division on the battlefronts in France. He came to Tahoka in 1921, and in the fall of 1922 bought the Lynn County Abstract Company, which he has operated to this day.

Mr. Taylor has handled the duties of the office of District Clerk efficiently and capably. The office requires the ability and skill which Mr. Taylor has acquired in the abstract business.

He will appreciate the careful consideration of the voters when they go to the polls in July.

MR. AND MRS. DOYL UNDERWOOD

Miss Coughran Weds Doyl Underwood

Miss Rubie Lu Coughran and Doyl Underwood, both of Earth, Texas, exchanged wedding vows at the First Methodist Church in Earth on Sunday, March 5, at 3:00 o'clock p. m.

The bride is the daughter of Mr. and Mrs. J. A. Coughran, Littlefield, and the groom is the son of Mr. and Mrs. E. G. Underwood, Earth.

Rev. Carl McMaster, pastor of the church, performed the double ring ceremony before a background of arched greenery and lighted candles. The white altar, bearing an open Bible, was flanked with altar baskets of white gladioli.

Mrs. Eugene Lee sang "Always" and "Prayer Perfect," and was accompanied by Miss Glenn Bell Roberts, who played traditional wedding music.

The bride, given in marriage by her father, wore a gown of bridal satin, designed by her. It was fashioned with a yoke of beaded silk embroidered point lace, a part of her mother's dress as worthy Maecia of Order of the Eastern Star. The sleeves were pointed over the hands. Attached to a fitted bodice was a panier drape and bustle bow with the skirt falling into a cathedral train. Her fingertip veil of illusion fell from a tiara, hand-embroidered with pearls on lace matching the yoke of the gown. She carried a single white orchid on a white Eastern Star Bible with satin streamers. Her traditional something old was the old lace. She wore a new braided pearl necklace which was a gift from the groom, borrowed a net trimmed handkerchief from her sister, Mrs. Harvick and a blue garter, belonging to her niece, Mrs. Jerry Kelley. The garter has been worn in five weddings. The penny in her shoe was a good luck piece belonging

to the groom.

Matron of honor, Mrs. Robert Harvick of Tahoka, wore a gown of American beauty taffeta fashioned after the bridal gown, a matching halo of net with a brief veil and she carried a arm bouquet of American Beauty roses.

Bridesmaids were Miss Jolene Parkins, Littlefield, cousin of the groom, and Miss Doye Paiste, Lamesa, cousin of the bride. They were dressed identical in turquoise taffeta dresses designed with Venice lace yokes, fitted bodices, and gathered skirts. They wore matching halos of ruffled net and red roses waist corsages with matching satin streamers.

The flower girl, Miss Casandra Coughran, niece of the bride, wore white taffeta dress with a sweetheart neckline and a halo of red rosebuds. She carried a white satin rose filled with red rose petals and tied with white satin shower ribbons.

Roy Dale Underwood served as best man for his brother.

Ushers were J. A. Sanders of Earth, nephew of the bride, Billy Perkins, Littlefield, cousin of the groom, J. A. Littleton, Jr., and Carl Jones, both of Earth.

Mrs. Coughran chose for the

wedding, navy with white accessories and a corsage of red roses. Mrs. Underwood wore navy, navy accessories and a corsage of red roses.

In the receiving line at the reception following the wedding ceremony held in the church parlor were Mrs. C. E. Sanders, sister of the bride, the bride and groom and their parents.

Mrs. Jerry Kelley registered the wedding guests in the bride's book.

From a lace covered table centered with red roses, the three-tiered wedding cake, topped by a miniature bride and groom, was served by Mrs. Jerry Kelley, and Mrs. Robert Harvick poured tea from a silver service. Baskets of white gladioli decorated the reception room. Assisting with the reception were: Mrs. L. Z. Anglin, Mrs. J. A. Littleton, Mrs. Bruce Higgins, Mrs. Leo Alonzo, Mrs. J. A. Littleton, Jr., Mrs. Sam Earley, and Mrs. Ed. Barton.

The bride chose for going away, a rose crepe dress and grey accessories, and wore a blue orchid corsage. The couple are at home near Tatum, New Mexico, where Mr. Underwood is farming.

The bride is a graduate of Brownfield High School in 1946

and has been employed as bookkeeper at the Campbell Gin.

The groom finished Springlake High School in January, 1945 and was in the armed service for 19 months.

Wedding guests were from, La-

rest, Lorenzo, Littlefield, Tahoka, Lubbock, Brownfield and Earth.

Student Council Attends State Meet In Amarillo

Eight Tahoka High School students left before sunrise this morning to attend the two-day convention of Texas High School Student Councils in Amarillo.

The THS delegates are John Shepherd, council president, and Wendell Moore, Paxton Hutchison, Je Anne Bennett, Geneva Marlin, Jean Henderson, Tommie Whorton, and Betty Huddleston. They were accompanied by Jess Miles, council co-sponsor, and Otis Spears.

At the Amarillo convention they will meet student councilmen from

many other schools and discuss with them the plans, projects, and activities of high school student government. Leisure time at the convention will be filled with a banquet, a western party, and outdoor activities.

Council Activities

The Council has had a busy year. Last fall councilmen had the task of wrapping the football goal posts for home games. They sponsored a Homecoming Day in honor of THS Exes and decorated a float for the presentation of the Football Queen at the Post game.

At Christmastime they sponsored a decorating contest among the five high school classes, awarding a prize to the Senior Class for the best job. They also decorated the school Christmas tree and had charge of the Christmas program and music.

This semester the council grew up a schedule of weekly assembly programs, which are being presented each Friday morning by a variety of classes and organizations at THS.

Dr. Pepper Duty

When the high school recently acquired a soft drink machine the job of refilling it at the end of each school day fell to the council. The automatic machine, which sells Nu-Grape and Dr. Pepper, and makes change, dispenses an average of four cases of drinks per day. When it is completely paid for proceeds will go into the general maintenance fund, according to Mr. Spears.

Council plans for the rest of the term include an all-school Western Party in the gymnasium March 31, and repair and repainting of the players' benches on

ODds AND EndS

(By E. I. The Elder)

Well, here I am down here in Waco and am writing this column a little early for the next issue of The Lynn County News, but maybe what I write will not become too stale before the paper comes off the press.

One of the lessons I got—mighty late in life—was the importance of little things, fan belts, for instance. I would advise my friends who may be starting out on a journey more than five miles long to see to it that the fan belt is sound and functioning properly before they step on the gas. My engine kept getting hot and we had to stop and cool it off twice before discovering the trouble. The old fan belt had worn out and was scarcely turning the fan at all.

And, by the way, it occurred to me that I personally have been running all my life without proper fan belt facilities, and too often I find myself getting a hot engine. When I do, I fume and sputter and blow off steam until I have to be stopped and cooled off before proceeding further.

Another impression I got in Snyder was the utter unconcern and even contempt for others that fellows driving big trucks have. Of course there are some gentlemen who drive big trucks heavily loaded who have every reasonable regard for the little fellow driving an ordinary passenger car or even an old Model T Ford. But there are many, I noticed in Snyder, who seem to be saying to car drivers, "Get out of the way, little ones, I am coming," and if the little ones don't hasten to get out of the way they are liable to be kicked out of the way.

There is another class of people on the highways. If they discover that you are in trouble, any kind they will volunteer to help you and will generously do a lot of helpful things for you even though you may be a perfect stranger to them. We had that experience. We think that they too are the "salt of the earth." It must have been men and women of this calibre to whom the Man of Galilee applied this descriptive phrase when he was here in the flesh. We want to doff our little old hat to the Gentlemen drivers on the highways. Long may they live, and may their tribe increase.

It will have been thirty years in May since I lived in Roscoe and I have not had much time to visit there since moving away, but we stopped there on Tuesday of last week—Mildred and little Marion Lee and I—to eat lunch, and I met one of Lum Haney's brothers in the cafe and another one of them out on the sidewalk immediately after the meal. I also met Lum's brat-in-law and two or three other old-time friends before I could get out of town. Mildred began to think that we were not going to be able to get out of town soon. I did not recognize one of the fellows I met and he did not recognize me at the start. When I did learn who he was, I said, "O my! Miles, you have been here 75 years, haven't you?" He said, "No, not quite, only 63 years." He was an old ranceman, as was his father before him. Then he asked me, "Do you know a fellow named Sam Sanford up at Tahoka?" I answered in the affirmative and he said that Sam used to come to their home on the edge of the breaks near Roscoe when he (Miles Emerson) was a boy.

Well, I could have spent the afternoon there just that way, but I had to break loose and go on. I promised some of the folks that I was going to come down to Roscoe some time this summer and camp with them for awhile. A lot of the "salt of the earth" live there.

Well, we got down to Hamilton that night and visited the relatives there until after ten o'clock the next morning; then drove on down to Moody, where a sister and her husband, Dr. and Mrs. E. R. McCauley, still live. There

WHY "GET UP" AT NIGHTS?
It's not necessary. Raise the ph. of the fluid in your bladder with CITROS. Reduces the urge of irregular elimination. Get rid of backache, burning, bearing-down pains. We not only visited the living but in the afternoon visited two cemeteries. One of these cemeteries was the Old Perry cemetery two miles north of Moody. It was established before any railroad had been built through the country, and long before Moody had been laid out as a town.

That was then a pioneer country. Barbed wire had not been invented, and all the fences were either constructed of rails or of rock, mostly of rails, for there were few rocks out on the prairies of McLennan and Bell counties, but rail could be cut and hauled from the cedar brakes along the Leon River and other streams.

Quite a good many people had settled along the streams even before the Civil War but there were very few people out on the prairies until after that terrible conflict had ended.

Following the Civil War, people from the older Southern states, whose slaves had been freed or who for other reasons were poor, began to pour into the black-land region of Texas, to get a new start, or their first start, in life.

Possibly Alabama furnished far more emigrants to the prairies of Central Texas in those early days than did any other state. At any rate many Alabamians came to Bell and McLennan counties as early as the early Seventies and established their homes and broke out little patches of farm lands all over the prairies of these two counties. Trading centers were established here and there. One of these was Old Perry, and among the colonists that swarmed into this area were various members of the Witt family. In the course of time they and many other families buried their dead in the Old Perry cemetery. No evidences of the existence of Old Perry are now to be found except this old cemetery.

Wednesday afternoon of last week, Mrs. E. R. McCauley, Mildred and little Marion Lee Hill and I visited this cemetery. There my father and mother, F. P. Hill and Rachel Hill, are buried. Close by are the graves of my mother's parents—my grandparents—Rev. W. C. Witt and Mrs. Joice Hollingsworth Witt; and also my great-grandparents, Rev. Silas Witt and Mrs. Susannah Randolph Witt. Susannah Randolph was a descendant of the Virginia Randolphs, and the family tradition is that the Randolphs were descendants of John Rolfe and Pocahontas, the heroine of Jamestown.

However that may be, I stood Wednesday between the two tombstones at the head of the

Editor Announces For Representative

Forrest Weimhold, publisher of the Levelland and Morton papers and owner of the Levelland radio station, has announced as a candidate for representative in the Legislature from this district. Without committing ourselves this early, The News does think that Forrest deserves a pat on the back, if he can make half the success in politics he has in business he will be a whiz. We have known him well ever since he was a kid working his way through Texas Tech. He went into business at Sudan on a "shoestring," and now he is able to place his various business enterprises, at the age of 36, in the hands of trusted employees, and offer his services to the people. And, we'll bet it's not entirely for selfish reasons. He is a public-spirited citizen, and preaches the gospel that "for every tax dollar spent, 100 cents of value must be received." In

graves of my great grandparents, Rev. and Mrs. Silas Witt, with my little grand-daughter Marion Lee in my arms, while Mildred took a picture of us and of the monuments of the great-great-grandparents of Marion Lee.

At home I have the photographs of these great-grandparents of mine. This may be dull reading to you, dear readers, if any, but it was somewhat thrilling to me.

Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.
CREOMULSION for Coughs, Chest Colds, Bronchitis

this day of unprecedented spending by all government agencies, this is, to say the least, an out-of-the-ordinary statement to come from an office-seeker. We predict Forrest will gather in a lot of votes, regardless of who else may enter the race

Let's Try to Regain Clean City Title

Never before have there been more improvements underway or projected in Tahoka. When these improvements are completed the old town will be in position to regain its long lost claim to being the cleanest small town on the Plains. Now, let our next major project be the cleaning up of the town—the streets and alleys, the vacant lots and individual homes and business houses.

A. W. EDWARDS IS ENJOYING FLORIDA

A. W. Edwards is down at St. Petersburg, Florida, enjoying the sunshine, and wants The News sent to his address for about two months.

He writes: "When I get back to Texas, I'll be coming around to see you. Fine weather we're having here. Just wish I had some of my old Texas friends here to go fishing with me."

WHY EDS. SKIP TOWN

"The judge exacted from the husband a promise that he would kill his wife every morning before leaving for business."—Virginia paper.

More trees, shrubs, flowers and lawns would help, too. And somebody should take on the project of cleaning up and landscaping the school grounds.

Mr. and Mrs. Edwin F. (Tiny) Jolly of Dallas are here this week visiting his parents Mr. and Mrs. J. L. Jolly. Edwin received severe burns last November 23 at Dallas, and still is on crutches. However, his burns are healing and he hopes to be back at work in another couple months.

Miss Virginia Jones, Carl Griffing Jr. Wed

Miss Virginia Jones, daughter of Mr. and Mrs. Vernon F. Jones, was married to Carl Griffing, Jr., son of Mr. and Mrs. Carl Griffing, Sr., at 8:00 o'clock Thursday morning, March 9, in the Tahoka Methodist Church.

Rev. C. A. Holcomb, Jr., read the single ring ceremony before a beautifully decorated altar. Floor baskets of white gladioli and fern and an arch of greenery with white gladioli and silver bells at the top were used. Melrose bows marked the pews.

Spring, which runs from March 20 until we come to our senses, is a demonstration of mind over matter. Nobody could possibly feel as young and lethargic at the same time as Spring makes us feel. Then, too, it's the most hopeful season of the year. Out of the barrenness of winter the earth is re-born. Leaf and bud, shoot and flower sprout from the earth and the bare limbs of trees. The singing of birds is heard, and the gardener rushes home from work to dig his small plot of ground. The young folks turn a second look, and it doggone near makes poets out of ancient scribes.

Why drive that old car when you can receive immediate delivery on a New 1950 Ford—Come in and let me figure you a deal.

The U. S. Patent Office has issued a patent to a fellow who plans to treat cigarettes so they give off colored smoke. Soon you can have your smoke dreams in technicolor. Promise Me" and "Because," accompanied at the organ by Mrs. Irving Stewart, who also played "Ah, Sweet Mystery of Life," "I Love You Truly," "Indian Love Call," and "Clair de Lune" during ceremony.

The bride was attended by her sister, Miss Mary Ann Jones, maid of honor, and Lirda Jones junior bridesmaid. David Evans, cousin of the groom, was best man. Bill Woods, of Post and Dan Brookshire were ushers.

Given in marriage by her father, the bride wore a dress of white slipper satin with a sweetheart neck and nylon chiffon yoke with dainty medallions studded with seed pearls and crystal beads. Self-covered buttons extended from the neck to the waist in back and fastened the pointed sleeves. The full circular skirt hung in soft pleats and formed a short train.

The bride's fingertip-length veil was imported illusion net and was held in place by a tiara made of net and lace studded with seed pearls and crystal beads. Her dress and veil were designed and made by her mother.

She carried a cascade bouquet of hyacinth flowers with hand-made lace leaves and ribbon centered by a white orchid. For something old and borrowed, she carried a white linen handkerchief that belonged to a great, great aunt.

The maid of honor wore a dress of pink satin, with fitted bodice and full gathered skirt, and carried a bouquet of white lace leaves and blue carnations tied with pink ribbon.

The reception was in Fellowship Hall at the church. Pink carnations and tall white candles tied with melrose and tiny silver bells were used on the serving table which held the three-tiered wedding cake trimmed with white roses and silver dragees. Mesdames Happy Smith, C. E. Woodworth, Borden Davis, H. B. McCord, Sr., Dan Brookshire, Dub Fulford, David Evans, Chas. Walden, H. B. McCord, Jr., Jack Fenton, and Misses Peggy Carter, Jeannine Smith, and Nan Pennington were in the house party.

The bride's mother wore a semi-tailored dress of navy crepe, with navy hat and navy accessories, and wore a white carnation corsage.

The groom's mother wore a navy tailored suit with navy hat and navy accessories, and wore a pink carnation corsage.

On their return from points in West Texas and New Mexico, the young couple will live in Pecos.

The bride is a 1949 graduate of Southwestern State Teachers College in San Marcos, and teaches in the Pecos grade school.

The groom is a 1949 graduate of Texas A. & M. College, and is

Weimhold Seeks

(Cont'd from front page)
 the district is represented in the
State Legislature by Preston
Smith of Lubbock.

It is widely rumored over the
state that Mr. Smith will not
seek re-election to the office, but
will announce his candidacy for
Lieutenant Governor.

Weimhold, who is 36 years old
and married, has been a citizen of
the South Plains for the past 25
years and is a native West Texan.
He graduated from Texas Techno-
logical College, Lubbock, in
1936, and owned and operated the
Sudan News with his father, the
late H. H. Weimhold, who was a
pioneer West Texas newspaper
publisher, until 1939 when he
purchased The Hockley County
Herald and moved to Levelland.

Since being a citizen of Hockley
county, Weimhold has been active
in all civic and county affairs, be-
ing a past president of both the
Levelland Rotary Club and the
Hockley County Board of Develop-
ment, as well as a director of
these organizations and Hockley
County Fair Association and other
local organizations. He is also a
past director of the West Texas
Chamber of Commerce. Weimhold
is treasurer and a director of
Hotel Levelland, Inc., a commu-
nity-enterprise.

The Levelland publisher has
been active in the various profes-
sional organizations, as he is pre-
sident of the West Texas Press
Association, as well as a past
president of the Panhandle Press
Association and has served on the
executive board of the Texas
Press Association for the past
four years. He is also a director
of the Texas Technological Col-
lege Alumni and Ex-Students as-
sociation, and a member of the
Tech Museum membership com-
mittee.

Weimhold served about three
years in the United States Army
Air Forces during World War II,
16 months of which time was
spent overseas in the China-Bur-
ma-India theatre.

During Weimhold's army ser-
vice, The Hockley County Herald,
was managed and operated by his

wife, the former Ruth Maples of
Spur. Weimhold is a member of
the American Legion and Veter-
ans of Foreign Wars organiza-
tions.

"I feel that I am well ac-
quainted with the problems and
needs of the peoples of the 19th
district and that I am qualified
with experience and ability to
capably represent this large dis-
trict in the Texas State Legisla-
ture," Weimhold said in making
his announcement.

"I fully realize that it is im-
perative that every economy be
exercised in our state government,
as well as all other branches,
and that for each tax dollar
spent, 100 cents worth of value
must be received," he added.

"I believe that I can serve the
people of this district well as
State Representative, and sincere-
ly solicit the support, influence,
and vote of each citizen who be-
lieves in good, sound, common
sense state government. I promise
to serve all sections of the
district fairly and impartially,"
Weimhold concluded. A full state-
ment will be made later.

Weimhold is the first candidate
to publicly announce his candi-
dacy as State Representative of

the 19th district in the coming
Democratic primary.

CARD OF THANKS

We wish to take this opportuni-
ty of expressing our deep gratitude

Lynn County Farmers Showing More Interest In Soil Conservation

"Interest of the farmers of Lynn county in carrying out the district work plan seems to be growing each year." Kay K. Moore, secretary of the Lynn County Soil Conservation District No. 119, says in his annual report, a portion of which was published in The News last week.

Further excerpts from his report follow:

"From the standpoint of conservation farming this has been our most successful year since the beginning of the district. Many conservation practices as level bench borders, soil improving crops on both irrigated and dryland, and establishing grasses on land not recognized as being suitable for cultivation, are beginning to spread in this district. The evidence of this makes the supervisors realize the importance of stressing a complete soil conservation program, rather than a practice program.

"At the close of 1949, we had 478 active district cooperators a 162 active applications which to some extent shows the interest and demand for assistance in establishing conservation practices in the district.

"B. A. Morrow won the award as the outstanding farmer for the District in the 'Save the Soil and Save Texas' contest sponsored by the Fort Worth Press. He is doing an outstanding job in the establishment of a complete soil conservation on his 640 acre farm.

"The commissioners' court were very cooperative in using their equipment in their precincts to do conservation jobs that could not be accomplished by farmers with their smaller equipment. This equipment was available at all times when not in use on the roads. The commissioners are now furnishing a large tractor and large plow to do deep chiseling to help prevent wind erosion. This work is being done for \$1.25 per acre for the farmer.

"Business men have at all times shown a cooperative attitude. The Chamber of Commerce sponsored a conservation tour of the district last spring. Several business men were making plans to assist us with an irrigation field day which was to have been held in the New Home community last fall. The field day was cancelled due to weather conditions."

Problems and Needs of the district are outlined as follows:

Educational: To have the necessary facilities for developing an excellent educational program in the district we need one 16mm movie projector, one slide projector, and one 35mm camera. During the past year we think that much progress was made in the development of our educational program, but during the coming year we hope to have more conservation educational meetings, newspaper and magazine articles, and conservation demonstrations.

Technical: Technical assistance is furnished by Soil Conservation Service personnel. SCS technicians have done an outstanding job so far as its personnel was available. This is evidence by the fact this district won fourth place in the "Save the Soil and Save Texas" contest sponsored by the Fort Worth Press. However we need more technicians.

Financing: We need finances to employ a secretary-manager, conservation and engineering aids to assist Soil Conservation Service technicians. We also need money to purchase large equipment to apply soil conservation practices on the land.

Equipment and Material: We need the following—2 large plows for deep plowing, one large caterpillar tractor, one pickup, one maintainer, two carry-alls, 2 I-9 tractors and one terracing machine, grass and winter legume seed to begin our grass seed production program in the district.

Receipts and Expenditures of the District: As of January 1, 1949 the district had \$31.81 in the bank and received \$58.50 for the use of equipment and \$100 for winning 4th place in the Fort Worth Press contest. The expenditures for the year were \$43.85, leaving a balance of \$146.46 as of December 13, 1949."

An Educational committee composed of Vocational Agricultural teachers, Veterans Vocational teachers, the Farm Administration, Home Demonstration agent, Production and Marketing Administration, Soil Conservation Service and the County Agent have assisted the program.

Besides these, the program of SCS has been put before the people by newspaper articles, four conservation educational meetings, one conservation tour, and one land levelling demonstration and irrigation field day.

Aides by the above mentioned agencies are too extensive in scope to enumerate here, but all have programs that fit into the soil conservation plan.

Mr. Moore states:

"Policy of the Board of Supervisors is to work with individuals and groups. Applications are approved as they are received and in general, are given assistance in the order in which the applications

are made by the farmer. However, in the case of any emergency an effort is made by the Board to take care of it at an early date. Since we now have a large number of applications on hand, we are attempting to work in groups more farmers. When groups have if at all possible in order to serve been organized, they receive a high priority for the assistance in the establishment of a conservation program on their farms."

Their prices are far more favorable than would be secured by the people if they had to shop elsewhere, for it is a well-known fact that this house pays the top of the market at all times.

One of the recognized principles of farming along scientific lines today is the raising of all kinds of poultry. It is because of the excellent service and the desired market afforded by such houses as that operated by this well-known firm that this feature is receiving more attention from the farmer of today and progress along this line is particularly

noticeable in this community where the producer knows that he will receive the highest prices for his poultry. They offer the farmers an excellent market for poultry, and each year on account of their extensive business are compelled to buy thousands of dollars in this community. It is incumbent upon the farmer to engage more and more in the raising of poultry, as they offer them a market at their very door and in fact more than can be obtained elsewhere for poultry of all kinds. They pay cash upon delivery. There is no greater incentive to extensive poultry raising than the knowledge that a market is waiting right at home where one does not have to deal with commission men and pay shipping cost.

F. M. Chancey Sand & Gravel

Washed Sand and Rock-Fill Run and Remixed. Plaster Sand—Brick Sand. Located 1361 34th St., Lubbock, Texas. Phone 2-3453.

Did it ever occur to you why an architect or a construction engineer always specified that the sand, gravel and washed sand shall come from the plant of a reliable dealer in these commodities? It is because each material that enters into good construction should be of a kind and quality that by test is proven to be the best. To the average person, sand is sand, and gravel is gravel, but it is the utmost importance to a construction job of any kind to know just what particular grade it is proper to use to insure the best results. F. M. Chancey Sand and Gravel has gained an enviable reputation throughout the state as a reliable dealer in sand and gravel for every purpose. The

constructors and the public in general should exercise great care and use only the very best products for while sand and gravel are not of major consequences as regards cost, they become important as a base for the project they enter into. These products may be likened unto the keystone of the arch, a small and apparently inconsequential thing in itself, but without it the structure is not complete. Real estate projects are greatly aided by the graving of roads and driveways, particularly since the coming of the motor car, for the property that is not provided with an all-weather outlet makes a very poor appearance to a prospective purchaser.

Talent Show Proves Big Hit

A musical-comedy team composed of Estell Gray and Jean Crumpton won first prize at the All-School Talent Show last Friday night in the gymnasium. The girls imitated Homer and Jebo's rendition of "The Hucklebuck."

Rollin McCord, Jr., was judged second best for his cornet solo, and Roy Gene Sherrod won third with his Al Jolson-like singing of "Mammy."

Judges for the talent show were Mr. and Mrs. Clay Bennett, Mr. and Mrs. E. B. Gaither, and Mrs. George Bell. Cash prizes of \$3, \$2, and \$1 were awarded the winners. Although they did not compete for the prizes, the biggest applause-getters on the program were Bill Tregoe's Trumpet and the tap dance numbers of Mrs. Laville Parker and Jan Thomas.

Senior class members asked The News to express their sincere thanks to the citizens of Tahoka for the fine support given to the talent show. A large and appreciative audience attended.

The seniors cleared a little over \$140 on the show, counting proceeds from sandwiches, cake and cold drinks sold to the visitors. Mrs. Lillian Bartley, senior co-sponsor, said. This money will be used to help finance the tentatively-planned Senior Trip. Mrs. Bartley said.

Proceeds from the Senior Play, rehearsals for which are now under way, can not be used for the Senior Trip. They are earmarked for the class gift to the school.

District Judging Contest Held

The Brownfield district FFA livestock judging contests were held here Friday of last week with seven of the eight schools in the district participating.

The Wilson FFA team, coached by A. H. Smith, vocational agriculture teacher, carried away first place honors. Plains won second. New Home, coached by Olin Rice,

the teacher, won third place.

Other schools participating were Wellman, Brownfield, O'Donnell, and Meadow. Tahoka withdrew from the contest because it was impossible for one of the team members to be present for the judging.

Mr. and Mrs. Roy Adams of House, New Mexico, were here last week end looking after their property southwest of Tahoka. Roy says it is very dry up in that country, too.

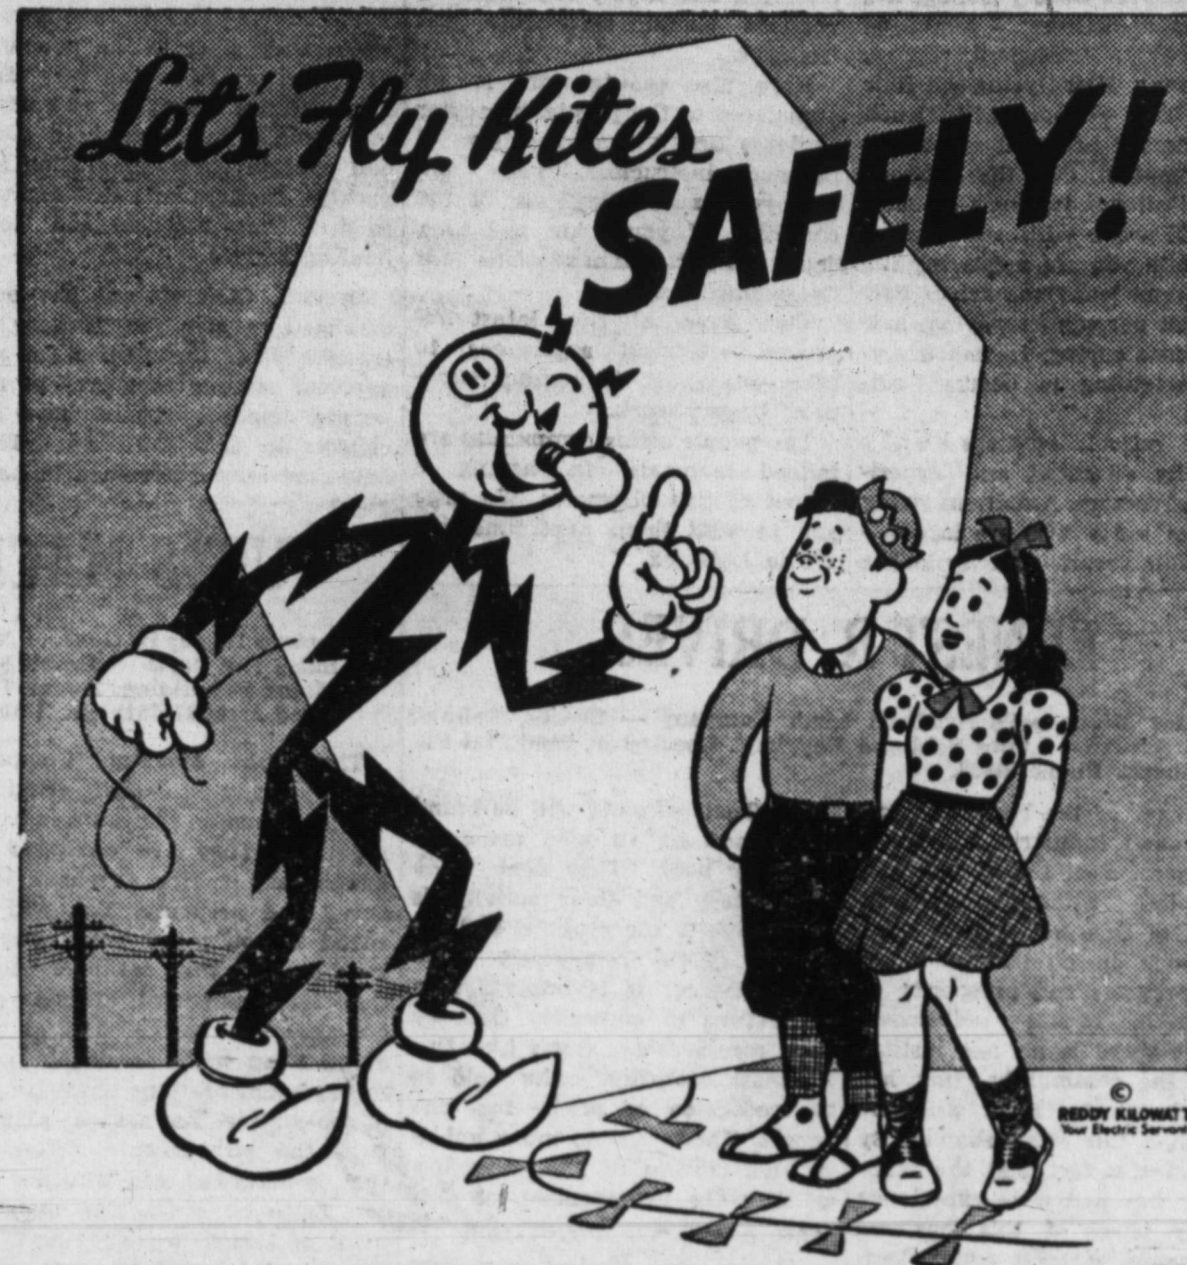

Mr. W. F. (Frank) Cook, who has been ill for some time, is still hardly able to get around, according to Mrs. Cook.
