

Lynn County Is Sixth In Texas Cotton Ginnings

Lynn county produced 185,527 bales of cotton from the 1949 crop, the largest in history from the standpoint of total production, and was the sixth in rank in Texas and fourth on the South Plains.

These facts were revealed by the release Sunday of the final report of the Department of Commerce, Bureau of Census.

Lubbock, with 261,495 bales, ranked first in Texas and fourth in the nation. Two California counties, Kern with 376,509 bales and Fresno with 345,663 bales, and one Arkansas county, Mississippi with 272,516 bales, exceeded the Lubbock county record in the nation.

The South Plains placed six counties in the "high ten" in Texas, with Lubbock first, Cameron second with 218,972, Hockley third with 202,088, Lamb fourth with 192,925, Hidalgo fifth with 190,906, Lynn sixth with 185,527, Dawson seventh with 175,057, Willacy eighth with 119,486, Hale ninth with 118,285, and Ellis tenth with 117,160.

A total of 1,740,870 bales were produced by 19 counties in this area which the Lubbock Avalanche-Journal calls the South Plains but which includes such off-the-Plains counties as Scotty, Motley, King, Kent, and most of Dickens.

Ginnings for the counties in this area from the 1949 crop, as compared with the 1948 crop, follows:

County	1949	1948
Bailey	69,619	23,703
Cochran	61,747	15,495
Crosby	116,252	37,937
Dawson	175,057	53,020
Dickens	49,580	16,232
Floyd	70,942	30,312
Gaines	15,123	2,803
Garza	23,563	4,787
Hale	118,285	66,794
Hockley	202,088	71,324
Kent	11,080	4,415
King	9,235	3,925
Lamb	192,925	89,445
Lubbock	261,495	126,413
Lynn	185,527	51,637
Motley	35,444	12,094
Scotty	54,129	31,965
Swisher	8,086	?
Terry	80,793	24,218

Lynn county's previous record crop was in 1937, when 154,000 bales were ginned. However, Lynn has almost habitually been in the "high ten" in Texas for many years.

Frances Chestnutt Seeking Election

Mrs. Frances Chestnutt of Tahoka this week announces her candidacy for County Treasurer. Mrs. Chestnutt, in September of 1949, was appointed to fill the unexpired term of Herman Reid, who resigned at that time, and she is now serving in that capacity. During this time she has striven to serve the people of the county in a most pleasant and efficient manner.

Mrs. Chestnutt has lived in Tahoka with her family for eight years, during which time she has made a number of friends and is well known throughout the county. Prior to her appointment to the office which she now holds, Mrs. Chestnutt was employed as secretary to County Judge Tom Garrard. She has also worked as bookkeeper for the Lyntegar Electric Cooperative, Inc. and the National Farm Loan Association, both in Tahoka. She has been very active in the social and civic activities of the county.

Before moving to Tahoka, Mrs. Chestnutt was interviewer for the Texas State Employment Service in Texarkana. She is the former Frances Smelser, daughter of Mr. and Mrs. J. B. Smelser of Mt. Pleasant, Texas, was graduated from the Mt. Pleasant schools and studied Business Administration in the business school there.

Mrs. Chestnutt states that she feels that with her past training and the experience in the office that she has had, that she will be even better qualified to serve the people of the County if elected to this office in the forthcoming Primary. Because of the confining duties of her office, Mrs. Chestnutt states it may not be possible for her to contact each voter individually, but it is not her intention to overlook anyone and assures you that your support and influence will be appreciated.

Cub Scouting for younger boys was organized by the Boy Scouts of America in 1930. Since then more than 2,500,000 boys have been enrolled.

Number 27

Former Tahokan Enters Race For State Court

Former State Sen. G. H. Nelson, Lubbock Attorney, will be a candidate for the State Court of Criminal Appeals, subject to action of the Democratic primary election on July 22.

A former city attorney of Tahoka, county attorney of Lynn county, 106th district attorney and a private law practitioner for 23 years, Nelson seeks the post now held by Judge F. L. Hawkins, who has been a member of the court since 1921. It is not yet known whether he will seek reelection.

Nelson, 48, was born in Hughes Springs, Cass county; was educated in the public schools there; East Texas State Teachers college, Commerce; and the University of Texas. He has been a resident of Roscoe, Hermleigh, Tahoka, and Ralls, in West Texas prior to moving to Lubbock in 1936. Before entering the practice of law in 1927, he was a school principal and superintendent and a chamber of commerce manager.

McCord Offer Cash To Those Guessing County Population

What is the population of Lynn County?

Rollin McCord of Plains Motor company is offering \$100.00 in cash prizes to the persons guessing closest to the official census for 1950. Guesses must be registered at his place of business by April 22.

A first prize of \$50.00, second \$25.00, third \$15.00, and fourth \$10.00 are being offered for the closest guesses.

The only requirements to guess are that a person lives in Lynn county or Tahoka trade territory and be 12 years of age or older.

In case of ties, the prize in the category involved will be divided. Guessers may be interested in knowing that Lynn county's population in 1940 was 11,931. In 1930, it was 12,372.

Baptist Church Plans Revival

The First Baptist Church, Tahoka, announces that its Simultaneous Revival, a part of the great area-wide series of this denomination, will begin here on Friday, April 14, and continue for ten days.

Rev. John R. Hilger of Greenville will bring the sermons, and Rev. Sheldon Russell will lead the song services. Both morning and evening services will be held.

Mr. and Mrs. E. J. Cooper, who have known Bro. Hilger for many years, says "he is a very consecrated preacher and really loves the Lord."

Congratulations:

Mr. and Mrs. Clyde Ashcraft, Route 4, on the birth of a girl at Tahoka Hospital weighing 7 pounds and 13 ounces at 9:18 a. m. Friday. Name, Betty Zan.

Mr. and Mrs. A. W. Minnick of Tahoka on the birth of a girl at Tahoka Hospital weighing 6 pounds 4 ounces last Saturday. Name, Gail June. The father is employed by the Highway Department.

Mr. and Mrs. D. S. Reno on the birth of 6 pound 8 ounce girl at 3:20 a. m. Sunday in Tahoka Hospital. Name, Patricia Ann.

Wilson Opens New School

Wilson's new \$125,000 high school building was dedicated in ceremonies held in the auditorium Friday night of last week. An "open house" was held during the afternoon, during which many people of the community and from Tahoka and other towns inspected the beautiful new building.

At the formal ceremony that night, Calloway Huffaker of Tahoka was the principal speaker. Others making brief talks included Mrs. Lenore M. Tunnell, county superintendent of schools,

105 Farmers Are Building Over 480 Miles of Terraces

Farmers in Lynn county have completed or are completing more large ridge-type terraces under the 1950 Agricultural Conservation Program than under any previous ACP in history. 105 farmers have built or are building 480.7 miles of large-ridge-type terraces and have completed 24,441 cubic yards of diversion terraces.

This information was released by Roy O. Nettles, chairman of the Production and Marketing county committee which administers the ACP terracing program in this county.

Lines for terraces were run by the Soil Conservation Service, the Extension Service, Vocational Agriculture teachers, G. I. Vocational teachers, and farmers qualified to run the lines. Mr. Nettles attributes the increased terracing program to the fact that more farmers are seeing the need to conserve water by terracing as well as preventing water erosion.

The terraces built under this year's program met a minimum of 16 inches in height and 22 feet wide at the base of the terrace.

VFW Plans For Memorial Day

Tahoka Post of the Veterans of Foreign Wars installed new officers at its meeting Monday night, and made further plans for the Memorial Day unveiling of the new monument to the dead of the two World Wars.

Members of all VFW posts in this district will be invited to the ceremonies, as will also the Department of Texas and National commanders.

Officers were installed by Bill Griffin, a former post commander and include: V. L. Clem, commander; Frank McGlaun, Jr., senior vice commander; Dan Lewis, junior vice commander; E. B. Holwick, adjutant; C. W. Cooney, quartermaster; Roy Askew, chaplain; Albert Curry, service officer; Deek Dunagan, trustee, one year; Bill Griffin, trustee, one year, and A. N. Norman trustee, two years.

Milt Draper Shows Steady Improvement

Milt Draper, 13, who was critically injured when he and the bicycle he was riding were struck by a car on the highway four north of town on March 17, continues to show improvement, attendants at Tahoka Hospital, where he is a patient, report. He received a very severe skull fracture in the accident.

His nurse reports that he is able to talk a bit and seems to know those at his bedside. He eats well, and at times helps feed himself. However, Hospital attendants say, at best, he will be a long time recovering. Though he is not out of danger, his physical condition is good, he has no paralysis, and prospects for his ultimate complete recovery are excellent.

Milt is the son of Mr. and Mrs. Buel Draper and is a popular student in Tahoka High School.

Continental Crew Moves To Tahoka

An oil exploration crew of the Continental Oil company moved into Tahoka last week, and on Monday started making geosynchronous tests in the northeast of Lynn county.

M. E. Bass is the party chief. The crew has offices in one of Mrs. S. N. McDaniel's duplex houses west of her home. There are 16 men in the party, 12 of whom have families.

New City Secretary, Three School Trustees Elected

Finley, Draper, And Jones New Board Members

V. F. Jones, Buel Draper, and Douglas Finley are the new trustees of the Tahoka School district, elected by the voters last Saturday to succeed Hick Gibson, Weldon Martin, and E. R. Tunnell. There were 120 ballots cast.

Jones received 68 votes, Draper 61, and Finley 52. Others on the ballot were: W. L. Rowe, who received 41, Mrs. James Clinton 40, H. W. Carter 40, and Graham Hensley 37.

Holdover trustees are: Calloway Huffaker, H. R. Tankersley, Ross Smith, and Alton Cain.

Other Trustees Named Re-elected to the O'Donnell board, without opposition, were J. W. Gardenhire, Cook, Witte, and Vaughn.

The News is unofficially informed that New Home elected B. A. Morrow, Clarence Eades, and Aubrey Smith to its board, from a field of ten candidates.

Newmoore is said to have elected Jack Hoskins, Lon Light, and A. G. Crutcher to its board.

No report was available from Wilson and Grassland.

Mack Haymes of O'Donnell was re-elected to the county board.

Veteran Granted Loan For Farm

The first sale of a farm to a World War II veteran in Lynn county under the Veterans' Land Program was announced here this week by Sam Garrard, attorney for the State in the sale.

Joe D. Unfred, who served as an officer with the Third Armored Division in the European Theatre during World War II, was granted a \$7,500 loan by the State Land Office to buy a quarter section of land near New Home from his father Joe P. Unfred, now of Lubbock.

The land is improved, and has and irrigation well on it.

Mr. Unfred made application for the loan to buy the land last September. Negotiations actually got underway in February. The loan is at a rate of 3 percent interest and must be paid in semi-annual installments and retired in 40 years or less.

Clarence Church Enters Politics

Clarence Church, well known farmer of the Wilson community, this week announces that he is a candidate for Commissioner of Precinct 1, Lynn county.

This is Mr. Church's first time to ask for a public office, but he has been a leading citizen of this county and his community since moving here seven years ago from Jones county, where he was born and reared. He served on the Lynn county AAA committee three years, two of which he was committee chairman. He likewise served on the Wilson school board three years, and has been active in other affairs for the betterment of the area in which he lives.

He lives in Wilson and farms nearby. He is 34 years of age, married, and has two children.

Mr. Church says that he will make a statement regarding his candidacy soon. He hopes to see all the voters possible, and asks that each person in the precinct give his candidacy careful consideration.

New Record Set On Auto Registration In Lynn County

Lynn county set a new record so far for 1950 in the registration of motor vehicles, according to Frank McGlaun, Jr., county tax assessor and collector.

Up until April 1, a total of 4,164 vehicles had been registered, as compared with 3,513 for the same period last year.

Total receipts from registration until April 1 were \$60,250.04, of which the county will retain \$55,129.02 for division among the four commissioners precincts for road work.

McGlaun estimates total receipts for this year will run to \$75,000.

Noah Rainey Buried Tuesday

Noah C. Rainey, 76, a citizen of Tahoka since December, 1916, was found dead in his room south of the square at about 10:00 a. m. Monday.

Mr. Rainey, who lived alone, had been over to Mary's cafe for a cup of coffee at about 7:00 o'clock. A neighbor suspected that he was not feeling well, and on investigation found him dead.

Funeral services were held at the Methodist Church Tuesday at 2:30 p. m., with the pastor, Rev. C. A. Holcomb, Jr., officiating. Burial followed in Tahoka Cemetery with Masonic rites.

Noah Rainey was born October 22, 1873 near Walnut, Tipper county, Mississippi. His mother died in his youth, and he lived practically all his life in the home of his brother-in-law and sister, the late Mr. and Mrs. T. E. Park, and his ties with them and the Park children were close. He came to Texas with the Park family in 1898, lived with them in Grayson, Fannin, and Cooke counties before coming to Lynn county in December, 1915. Since 1919, however, he had lived alone.

In his younger days he was a musician of more than local note. He wrote songs and composed music thereto which were published in several song books. One of these songs, "My Loving Mother," was played on the organ by Mrs. Sam Reid, at his funeral. Some of these songs were popular at "singings" in the 1910 to 1915 period.

He also was an accomplished violinist in his younger days.

Seniors Present Play Next Week

With only seven days remaining until Senior Play day at Tahoka High School, the seniors are working long hours daily to polish lines, collect props, sell tickets, and publicize the play.

"Her Emergency Husband" will be presented next Friday and Saturday nights, April 14 and 15, in the Tahoka High School auditorium. Curtain time for both performances is 7:30 o'clock.

The stage crew is building flats for the classy honeymoon home of Nicky and Arlene Nutt (Dan Martin and Geneva Martin). The flats, which will represent walls in the Nutt house, will be the first contribution of the Nations' Honor Society's fund for stage properties and equipment. They consist of white pine frames put together with screws, covered with muslin cloth, and Kementone. Technical advice on construction of the flats was obtained from Bill Adams, director of drama at McMurry College, Abilene.

Seniors who are constructing the stage flats are Bob Tippit, Tom Chandler, Bert Stevens, Bill Rash, Horace Strickland, Carl McMillan, Bill (Shorty) McNeely, Dan Martin, Charles Polk, Garner Barham, Dick Moore, James White, and Almon Crotwell. Richard Carter freshman, is also helping.

Dick Moore was selected as promoter for the play this week. Tickets for the play may be bought at Tahoka Drug, Wynne Collier Drug, or from any member of the Senior Class.

Baptists At Wilson Announce Revival

Wilson Baptist Church opens a revival meeting Sunday which will continue through Sunday, April 16, according to Rev. J. M. McCraw, pastor, who will do the preaching.

Morning services will be held each day from 11 to 12 a. m. In the evening, prayer services will begin at 7:30, the song service at 8:00, and the sermon at 8:30 p. m.

Oldest Business Institution In Lynn County

ODDS AND ENDS

(By E. I. The Elder)

Well, I have re-learned one thing that I had forgotten since I have been down here in central Texas; that is that the folks have sand storms down here too. May be they don't have big wolfish ones like we have out West, but

they have had a number of good middle-sized ones since I have been down here. For the third day in succession now the wind has been blowing like a gale, especially in the afternoons, almost straight out of the west. Both on Sunday afternoon and on Monday afternoon the sun went out of sight behind a thick haze of dust before setting, and the present prospects are that it will do so again this evening. The several preceding days had also been characterized by high winds and much dust in the air. We know that the storm on Sunday afternoon reached as far east as Palestine and Athens, and we were over there. There were dense clouds of moisture in the forenoon, but rifts in the clouds appeared in the early afternoon, revealing a hazy, dusty, upper atmosphere. It is reported to have rained some at Palestine Sunday night. Waco, Temple, and all central Texas think, however, that they have a terrible drought. We are sure that the South Plains must be experiencing the real thing.

This was our second trip over to the Dogwood Trails at Palestine. On our first trip, the dogwood blossoms were not such a marvelous sight. The recent wintry weather had delayed the blooming season and many of the flowers that had appeared seemed to have been bitten and seared by the frosty atmosphere.

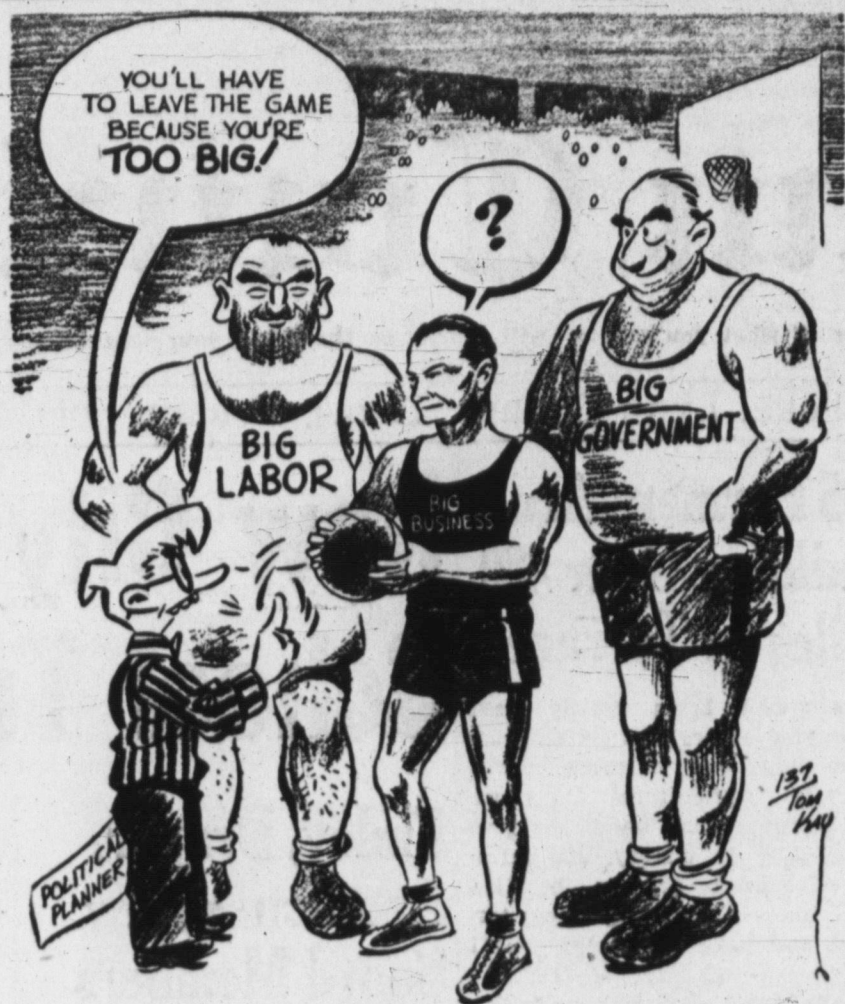

But on last Sunday, the blooms were "doing their stuff." They were fully as showy as the bluebonnets in May in central Texas and as the Tahoka Daisies at any time in the spring and summer when the rains have been copious on the South Plains.

The manager of the Palestine Chamber of Commerce estimated Monday, according to newspaper reports, that a hundred thousand people had visited the Dogwood Trails; but you know how these Chamber of Commerce people are, prone to exaggerate—all except the ones at Tahoka. At any rate, we saw only a small percent, of that 100,000. Guess we were too busy looking at the dogwoods. That is a sight worth seeing, folks. The greatest trouble with the show is that it doesn't last long enough.

Coming home, we drove up by Athens, hoping to jump up Arch Underwood somewhere over there in the brush, entertaining a bunch of West Texas friends. But we saw nothing of him. Possibly he was up in Washington "sorta looking after things" in the absence of his friend Harry, who possibly had not entirely recovered from his recent terrible attack of seasickness, or whatever it was that so violently upset his stomach down Florida way.

We had another purpose in going to Palestine Sunday. The Dog-

THE AMERICAN WAY

Political Referee

wood Trail visitors had not only been invited to see the dogwoods but also to visit the first Baptist church that ever assembled for worship within the confines of the present state of Texas.

That was a Primitive Baptist Church, designated by its founders as the "Pilgrim Regular Predestinarian Baptist Church," situated about fifteen miles south of Palestine near the little town of Elkhart in Anderson county. Strangely enough, it was not organized in Texas but was organized by Elder Daniel Parker in Crawford county, Illinois, on July 26, 1833, and thereafter moved to Texas in a body, finding a permanent resting place near Elkhart in Anderson county.

The reason for this strange procedure was that the Mexican Government, then dominated by the Roman Catholic Church, had forbidden the organization of any Protestant or any Baptist Church in Texas, which was then a state of Mexico. The astute Elder Daniel Parker, who with many others was then planning to migrate to Austin's colony in Texas, conceived the idea of organizing a church of the prospective immigrants while still in Illinois and then moving to Austin's colony in a body. They could do this without violating

In the center of the cemetery is a granite monument ten or twelve feet high erected by the State of Texas, on which is carved the single name, PARKER.

A great-grandson of the original Daniel Parker is now the custodian of the Pilgrim Church, grounds, and cemetery. He is himself a man between 75 and 80 years of age. He is authority for the statement that Elder Daniel Parker served in the Illinois legislature before moving to Texas; that after he came to Texas and finally settled near Elkhart, Anderson county was organized and the county seat laid out. One of Parker's sons, John Parker, was elected as one of the county's first commissioners, and the town of Palestine was so named because the Parkers had come from Palestine, Illinois. This writer has had no opportunity as yet to verify these statements but doubtless they are true. Certainly they are interesting to any one who is interested in the early history of Texas.

We have been wondering if Daniel Parker and his descendants were related to Silas Parker, father of Cynthia Ann, who was stolen and taken into captivity by the Comanche Indians in 1836, just year or two after Daniel Parker was getting his church started near Palestine. Silas Parker and family lived near Groesbeck, Limestone county, forty miles west of the Pilgrim Church in Anderson county. That particular old man Praker who is now custodian of the Pilgrim Church boasted that descendants and other relatives of Daniel Parker are to be found today in nearly every town of any importance in Texas. The Parkers are in truth as numerous, almost, as the sands on the seashore.

Aside from its near-by Pilgrim Church, its Dogwood Trails, its beautiful scenery, and its historic past, the fine old town of Palestine holds interest for many of the people of Tahoka. That is where the late Ben Rogers of Tahoka lived so long, and while living there served as state senator from that district in the Texas legislature.

That was the boyhood home of W. R. "Billie" White, former pastor of the First Baptist Church of Lubbock and now president of Baylor University, Waco.

That is the town that furnished Texas with one of her most dynamic governors, Thomas M. Campbell. Governor Campbell made many political enemies but he proved himself to be the friend of Texas. He sponsored and suc-

ceeded in procuring the passing of a law requiring the big insurance companies of the nation to invest a certain portion of their profits in Texas instead of draining the state of these vast sums of money and investing the same in the North and East. The next time you view some great insurance building towering toward the skies in any one of our great cities, just remember that Governor Tom Campbell of Palestine was more responsible than any other man for the construction of that building in our state.

Palestine was also the home of one of our boyhood heroes, that grand old man John H. Reagan, who shed luster upon every political position which he held. First, he was postmaster-general of the Southern Confederacy. Then, after Reconstruction days, he was elected by the Texas Legislature to the United States Senate, where he served with distinction. When James S. Hogg won his fight for the governorship and the creation of the Texas Railroad Commission, he asked Senator Reagan to serve as the chairman of the Commission. Few men would have been patriotic enough and unselfish enough to resign a seat in the U. S. Senate to accept the chairmanship of a mere commission created by any state for any purpose. But John H. Reagan did that very thing; he gave up his seat in the U. S. Senate at Washington and came back to Texas and accepted the much less distinguished position of Railroad Commission chairman and served his state for many years in that capacity. We regard John H. Reagan as one of the greatest men that ever served Texas in any capacity.

Now, turning to the humbler stations in life, we can never forget the tenderness and the soul-thrilling power with which Johnny Cohen used to sing those two great evangelistic hymns, "The Ninety Nine" and "When they ring those golden bells for you and me." He did so in two revival meetings held in Tahoka.

Who was Johnny Cohen? He was a Christian Jew. Where did he live? He lived in

Tahoka Students Place In District

Tahoka school students were winners of several places in the District 4-A Interscholastic League literary contests held in Levelland last Saturday.

In Senior Number Sense contest Wendell Moore of Tahoka took first place, and John Shepherd won second.

Wayne Adair of Tahoka was fourth in the Typing contest, and Sue Findt was fifth in the Short-hand event.

In the Spelling contests, Josephine Raindl and Bland Draper of Tahoka carried away second place honors for high school students.

and Laquita Smith and Jane Shepherd won second place in the contest for seventh and eighth grade students.

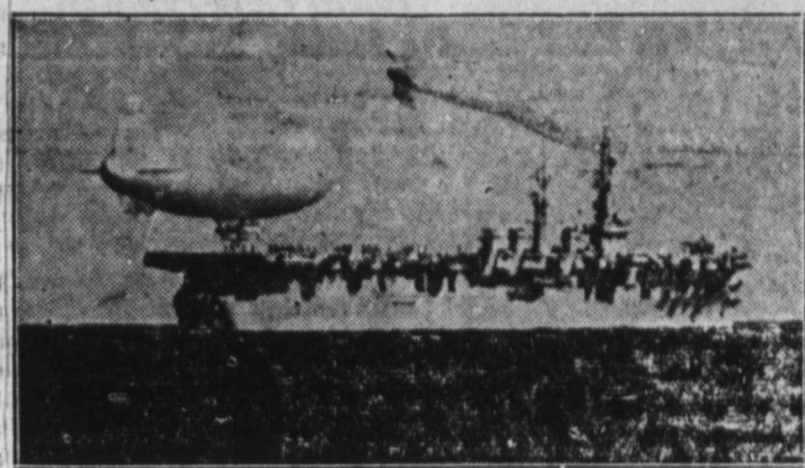

Contesting schools in the meet were: Levelland, Plainview, Morton, Slaton, Muleshoe, Tahoka, and Littlefield.

All these students will compete in the regional TIL meet at Texas Tech in Lubbock on April 21 and 22, as the first five contestants are eligible to advance to the regional.

"Tahoka High should be proud of these students," Floyd Tubbs, commercial teacher who accompanied the contestants to Levelland, said. "The students placed in every event they entered except the ready writer contest."

Scott Poe and son, Bobby, of California have been here visiting friends and looking after property interests here.

The words of a man's mouth are as deep as waters; and the well-spring of wisdom as a flowing brook. —Proverbs 18:4.

HUNTER-KILLER TEAM TO DESTROY SUBMARINES

—With the advent of post-war improvements, such as the snorkel underwater breathing device, the submarine has become an increasingly difficult target. In recognizing the seriousness of this problem the U. S. Navy is improving anti-submarine warfare weapons and tactics. Aircraft, including blimps, may operate from carriers of an anti-submarine task force. Airships fly around the clock, landing on deck of the carrier twice daily to shift combat crews, refuel and replenish stores. (Official Document of Defense Photo)

STATED MEETINGS

of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members urged to attend. Visitors welcome. L. A. Forsythe, W. M. Edd Hamilton, Sec'y.

Wilburn Reagan Is Portales Operator

Mrs. A. W. Reagan and daughter, Mrs. D. H. Webb, and son, Wilburn Reagan, all of Portales, N. M., were here Tuesday.

Mrs. Reagan's parents, Mr. and Mrs. J. R. Wyatt, Wilburn, who is Linotype operator for the Portales Daily News, learned the printing trade in The Lynn County News office.

Wilburn started to work for the News on the Linotype at the age of 12 years while attending Tahoka High School. He is now 19, has finished high school, and holds down a full time job as operator, and in addition has invested his savings in Jersey milk cows and Whiteface beef cattle.

Why Baby Pigs Die

Deficiency of vitamin A in rations for gilts and sows can be blamed for several diseases and defects of baby pigs. Unless swine producers are certain that rations for their breeding stock contain plenty of this vitamin, it is good insurance to feed a vitamin A supplement, the committee advises. Even carefully selected rations may be short on vitamin A. When this happens, litters are smaller and pigs are stillborn or physically defective and too weak to survive, with scours and pneumonia often adding to their difficulties.

Special Coatings for Blinds

Metal strips for Venetian blinds are roller-coated at the rate of about two feet per second. Both sides and edges are coated at the same time. The coating must be especially formulated to resist mechanical wear, soaps and other compounds used in cleaning, sunlight and moisture. It must also be anticorrosive and as flexible as is possible, consistent with the required hardness. In addition, it must be smooth, pleasing in both texture and color, and must retain these properties for a long time.

A King's Secret

An English monarch, Charles I, had a French chef who made ice cream for him. But Charles believed ice cream was a dish for royalty alone. When his chef retired, Charles granted him a generous pension to keep the recipe secret. However, it leaked out little by little. Finally colonists in the far-off wilderness of America were making ice cream too.

Composition of Jupiter

According to accepted theory the giant planet Jupiter, has a core of metal and rock, about 37,000 miles in diameter. Around this is a layer of ice some 17,000 miles deep. The outer layer, about 8,000 miles deep, is believed to consist of clouds of frozen ammonia in an atmosphere of hydrogen and methane ("marsh gas"). This makes up its total diameter of 86,700 miles, which is about 11 times that of the earth.

Ultrasonic Generators

A new research device, which has scrambled eggs and homogenized mercury and water during experiments with high-frequency sound waves, has been developed. Called the "ultrasonic generator," the laboratory device produces sound waves pitched above the range of human hearing. The waves are generated by a wafer-shaped quartz crystal, which vibrates when an electric voltage is applied across it.

CARD OF THANKS

We wish to express our appreciation to all of our friends for the lovely flowers and kindnesses shown us and also for the nice food brought at the time of the death of our beloved father and brother, C. W. Johnson. This has made our sorrow easier to bear. May God bless you all, is our prayer. —Daughter, Brothers, Sisters, and their families, of C. W. Johnson.

Corn yields of more than 100 bushels per acre were reported for 1949 from 16 different Texas counties. These outstanding yields all came from fields planted to corn hybrids.

Unfreds Tell Of Northeast Visit

Mr. and Mrs. Joe D. Unfred and two children of New Home returned home Monday night from a visit to the northeastern part of the United States.

They were accompanied home by Mrs. Unfred's mother, Mrs. Jesse Westfall, who has lived at Harrisburg, Pennsylvania, but who has decided to make this her future home. She is said to have made four trips down to Lynn County before deciding that this really was "God's country."

Joe D. says they left here March 16, and went East by a Southern route to Atlanta, Georgia, where they visited his Army Colonel, a Mr. Lovelady, under whom he served in the European Theatre during the war as Maintenance Officer of the Third Armored Division.

From there, they went north through the Shenandoah Valley to Harrisburg, Penn., and found that country under 8 to 20 inches of snow, the biggest snow of the season. They returned down the Turn Pike through Ohio to Cincinnati, and by way of Louisville, Kentucky.

Incidentally, Joe D. tells a story running something like this: When God created the world, he intended to make the Plains a perfectly level country. But he was very busy at the time and left a few high spots and a few low spots. It is his ultimate aim yet to make this a perfectly level country, and he is causing the wind to blow and the sand to drift in order that the high places may be cut down and the low places filled up. Therefore, Joe thinks we just as well accept God's will and do just a little less complaining about the sandstorms.

MARRIAGE ANNOUNCEMENT

DAUGHTER'S ENGAGEMENT

Mr. and Mrs. C. A. Marlin announce the approaching marriage of their daughter, Geneva Marlin, to Louis Alan Botkin, son of Mr. and Mrs. V. L. Botkin. The wedding will be Thursday, the first day of June, 1950, at the Tahoka Church of Christ.

Mr. and Mrs. J. L. Cunningham returned home Monday after spending ten days in Amarillo with their daughter, Mrs. I. Z. Ricketts, and husband, and ten days in Freepport with their grandson, Cecil Collins. Mr. Cunningham reports they had a wonderful trip and that he gained weight eating delicious food dished up by their kinfolks.

Mrs. C. B. Early was able to return home Monday after undergoing an operation in Lubbock Memorial Hospital Thursday of last week. She is reported to be doing as well as can be expected.

Buenice Lane, colored, underwent an appendix operation at Tahoka Hospital Friday. She was able to be up this week.

U. S. TROOPS IN THE TROPICS—Among tangled reeds in the Panama Canal Zone Cpl. Vernon L. Pope, Marshallfield, N. C., (right) and Pfc. Paul G. Oliver, Bassett, Va., prepare for joint Armed Forces in Puerto Rico in amphibious-airborne "Exercise Portrex." Participating in the maneuvers under the direction of the Joint Chiefs of Staff are 80,000 Armed Forces personnel plus ships and planes of the Army, Navy, Air Force and Marines. Climax of the training exercise is an airborne-amphibious assault on the island of Vieques northeast of Puerto Rico. (Official Department of Defense Photo)

"BUGS" ARE ALREADY ON THE LOOSE

College Station, April 6.—Home gardeners and truck crop producers in many sections of the state are already busy at the job of keeping destructive bugs out of their vegetable crops. The fight will soon be general over the entire state and chances are good the bugs will put up a stiff scrap for their share of the products raised on the farm and in the garden. A show of weakness on the part of the producer may be fatal for the vegetables.

James A. Deer and Allen C. Gunter, extension entomologists of Texas A. & M. College, have

prepared a circular, C-264, Vegetable Insect Control, that is full of useful information on insects and insecticides. They point out the need for complete control and describe the insecticides that have given the best results. Recommended control measures are listed for all of the more common vegetable insects found in the state.

The entomologists suggest that you visit your local county extension agent's office and ask for a copy of C-264. It is free for the asking.

MANILLA SECOND SHEETS, The News office.

Sen. LeBlanc Continues Rationing of Hadacol

The continued increasing demand for HADACOL, one of the truly great medical discoveries given to the world by Senator Dudley J. LeBlanc, has made it necessary to decrease the ration allowance on HADACOL from six bottles to two bottles.

"We placed the limit at two bottles to a customer only after trying every other alternative," said Senator LeBlanc. "The de-

mand for HADACOL has increased 100 per cent in the past year and more people have been blessed by its five B's and four important ingredients. Despite our new \$250,000 fleet of trucks with the most modern machinery and our fleet of 300 trucks to speed delivery, we cannot keep up with the demand.

"We place a ration limit of six bottles to a customer several weeks ago and cannot catch up with the demand. Our 300 em-

ployees are working shifts around the clock but one bottleneck after another comes up. We expect to lick them all but meanwhile we are asking our customers to have patience and accept no inferior substitutes.

"For instance, when I created HADACOL I read every available authoritative medical and drug book in order to use the very finest ingredients regardless of cost. For instance, I read on page 234, U. S. Dispensary, 23rd edition, that Theoretically Calcium Glycerophosphate should for many purposes be superior to most other calcium salts because it represents both calcium and phosphoric acid in a soluble combination."

"Little did I realize when I made Calcium Glycerophosphate a part of the now famous HADACOL formula that in time the demand for this great medical discovery—HADACOL—would be so great that we would use up the entire available supply in the United States of this product. But that is exactly what we have done and great plants throughout the nation are now working to increase their facilities to expand production of this essential ingredient which blends with other expensive products to help so many million suffering people in distress."

Yes, in HADACOL Senator LeBlanc envisioned the medicine that would bring blessings to folks of all ages, and in perfecting this formula he worked in his own small laboratory, sometimes 18 to 20 hours a day. Perhaps others could have placed the same ingredients in a medicine, but it remained for him to develop a formula which contains the most expensive ingredients of their kind. For instance, he uses Vitamin B-6 which costs at the factory \$550 a kilogram, which is less than half a gallon.

mand for HADACOL has increased 100 per cent in the past year and more people have been blessed by its five B's and four important ingredients. Despite our new \$250,000 fleet of trucks with the most modern machinery and our fleet of 300 trucks to speed delivery, we cannot keep up with the demand.

Local Grocerymen Fishing In Mexico

Probably the biggest single fishing expedition ever to leave the plains was that of 120 grocery men from this area who are this week fishing at Sugar Lake down in Old Mexico.

The party left Sunday morning by chartered bus from Lubbock and are guest on the trip of Mead's Bakery of Lubbock. Mead is furnishing food, boats, guides, lodging, and transportation on the trip. The party expected to return Thursday night.

Among those from Lynn county making the trip were: David and R. P. Weathers, W. T. Kidwell, W. A. Porterfield, A. J. Jester, and L. W. Gandy, all of Tahoka; C. L. Bolch of O'Donnell; G. B. Mayfield of New Home; Gus Helst and A. A. Teinert of Wilson.

Leighton Roddy, 7, son of Mr. and Mrs. H. L. Roddy, underwent an emergency appendectomy at Tahoka Hospital last Friday. He is reported to be recovering nicely.

If you're a tradesman who offers a special service for home or industry, tell 'em about it in The News Classified Ads. You'd be surprised how your business will grow.

New cases of the sweetpotato internal cork disease have been reported by a few counties in east and central Texas. It is a virus disease and can be checked only by planting disease free plants. All bedding stock should be checked by slicing samples out of each lot. Look for hard, black corky islands or streaks inside

the potato. Don't bed diseased potatoes.

Wigs Are Not New
Wigs and other types of false hair were worn by the ancients.

Tech Graduation Exercises May 22
 Lubbock, April 5. —More than 1,100 seniors and graduate students at Texas Technological college are scheduled to receive degrees at May 22 commencement exercises, Assistant Registrar Evelyn Calwell has announced.

Miss Calwell said 878 May graduates and 194 January graduates are on the tentative list of B. A. and B. S. degree candidates. Forty-two graduate students also are expected to complete work on advanced degrees before May 22.

Mount Everest has never been climbed.

CARD OF THANKS
 We wish to thank everyone who helped in any way after the fire which destroyed our home. God bless everyone of you. —Daniel Thomas and family.

The highest reported wheat yield ever made in Texas was made in 1949 by John Jaetzold of Deaf Smith County—92.5 bushels per acre.

Hundreds Tell Bob Wills Of Hadacol's Numerous Blessings

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind."

Hundreds have told Wills of the blessed benefits of HADACOL and the following statement by Miss Betty Lou Lobb, 720 College St., Bethany, a well known singer, is a good example.

"I was tired, run down and lost my appetite. I suffered with gastric disturbances. I had tried almost everything but it didn't seem to help me. I had heard about the wonderful results HADACOL had been bringing to so many of my friends. Soon after taking HADACOL I was feeling much better, had no gastric disturbances and had a wonderful appetite. I am no longer nervous. I am sure that HADACOL has helped me a great deal and I recommend it to my friends."

Miss Lobb suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of the lack of the

Bob Wills Hears About HADACOL'S Blessings

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Betty Lou Lobb, 720 College St., Bethany Okla., a very promising young singer, tells Bob how HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWHN, Fort Smith; KGLC, Miami, Oklahoma; KLYN, Amarillo, and KWFT, Wichita Falls.

B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks.

HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the bloodstream so that it can go to work right away.

It is easy to understand, therefore, why countless thousands have already been benefited by this amazing tonic, HADACOL. So, it matters not who you are . . . it matters not where you live . . . or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Accept no substitutes.

Political Announcements

The Lynn County News is authorized to announce the following candidates for office, subject to the Democratic primaries:

For State Representative, 119th District:
 Forrest Weimhold, Levelland. Waggoner Carr, Lubbock.

For District Judge:

For Commissioner, Prec't. 4:
 G. W. (Dick) Turner. (re-election).

For District Clerk:
 W. S. (Skip) Taylor (re-election).

Easter Services In Palo Duro Canyon

Canyon, April 4. —Easter Sunrise Services will be held in Palo Duro Canyon State Park at 6:23 a. m., Sunrise time, April 9.

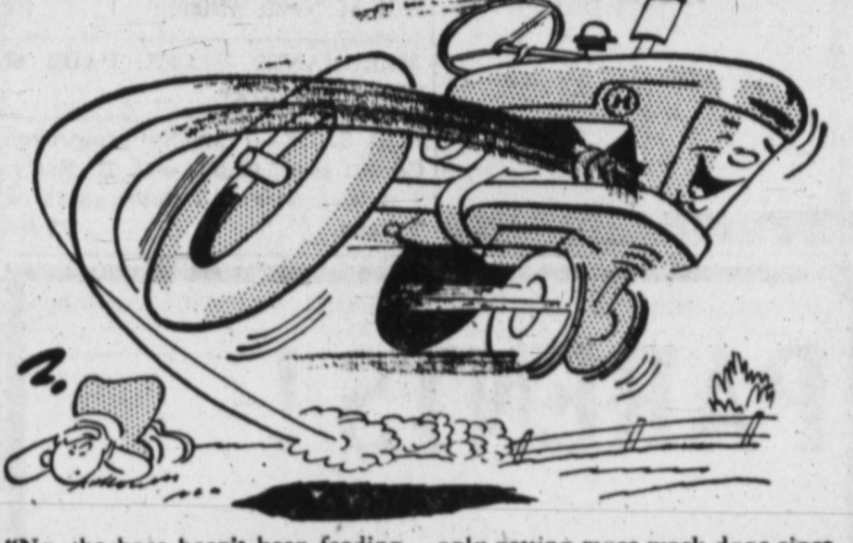

The services will be conducted by the San Jacinto Baptist Church and its organizations with Rev. Leon Hill preaching the sermon. Rev. Hill, one of the Southwest's best known speakers, originated the Sunrise Easter Service at Elizabethton, Tennessee. He hopes to see the Palo Duro Easter Service grow into something like the beautiful services held at Grand Canyon and Bryce Canyon, at the Garden of the Gods and at Elizabethton.

The public is invited. The only charge to be made is the usual park admission fee. Breakfast will be available at El Coronado Lodge adjacent to the service site beginning at 5 o'clock Easter morning.

Mr. and Mrs. A. M. (Maurice) Bray left Tuesday for El Paso to attend the wedding on Thursday of his sister, Mrs. Maxine Yearwood, who is Dean of Women at Texas Western College, formerly the College of Mines.

Mr. and Mrs. J. K. Applewhite returned last Friday from San Benito, South Texas, where they spent several weeks.

IH PISTONS and SLEEVES Give Me Lots of Pep, Power and Pull!

"No, the boss hasn't been feeding me wild oats! It's just my new piston-and-sleeve transfusion that gives me all this pep, power and pull. It was just yesterday the boss was bragging to the neighbor across the fence about my 'operation.' 'You know,' he said, 'I'm not only getting more work done since I had those IH matched pistons and sleeves put in, but I'm getting it done cheaper. I've already made more than the cost of the job in oil and fuel saved. Besides, it's a lot more fun driving a tractor with lots of zip and go.'"

Bring in Your Tractor For a Piston-Sleeve Transfusion TODAY

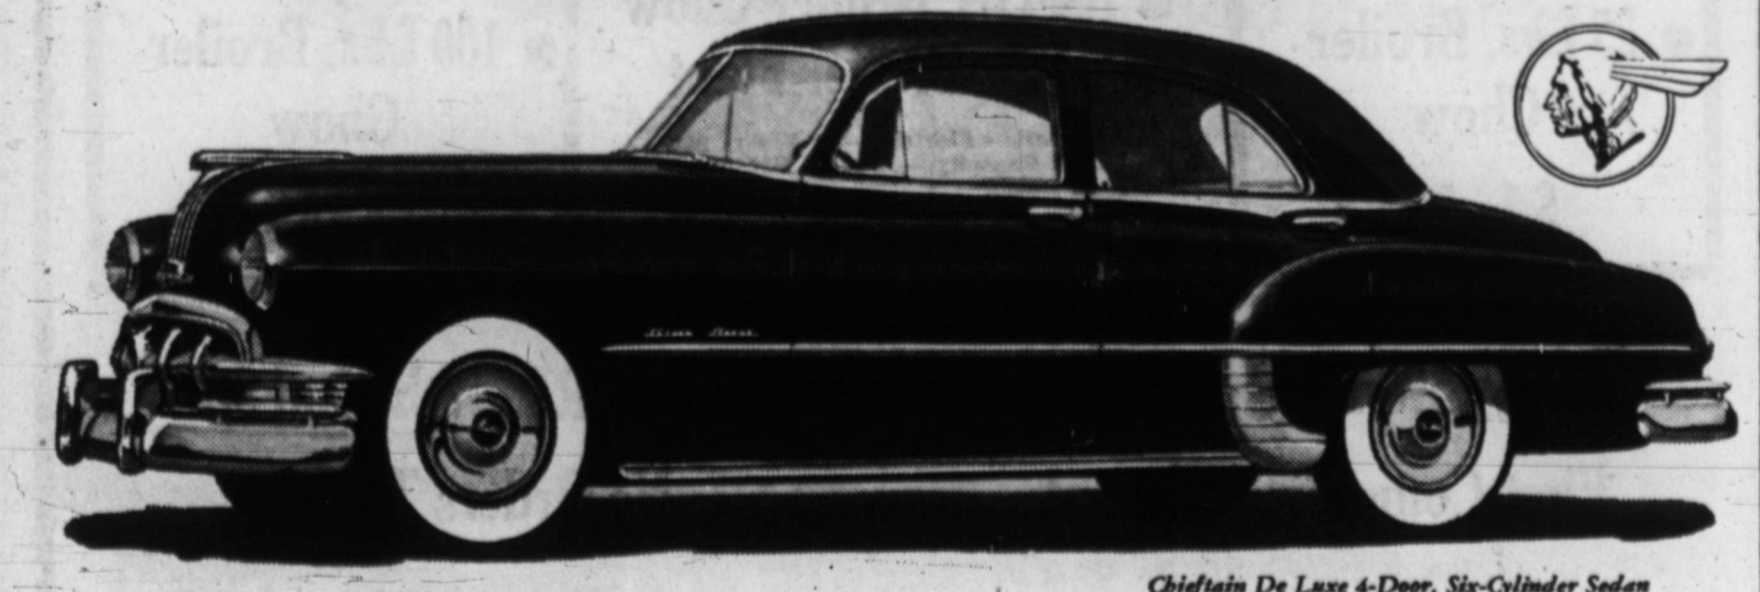

You'll be surprised, too, at what a piston-and-sleeve transfusion can do for your tractor. Be ready for the busy season. Drop in and talk it over NOW.

Let's Go To Church Sunday

EVERY SUNDAY . . . Easter is more to every grateful heart than the thrill of wearing smart new clothes . . . more than gladness that the long Winter is over and Spring has come again . . . more than looking forward to the full blooming of a happy Summer!

It is the renewal of hope in every heart that life can be good, a renewal of faith in the future, an acknowledgment of the joyous reassurance in those immortal words, "Let not your heart be troubled, neither let it be afraid." The glorious words that have rolled down the centuries bringing solace and relief to the burdened, are needed in today's confused and anxious world. To Him who said them, let us pay the tribute of our presence in His House. He is Risen! Come to Church on Easter!

Schools Turn Out For Easter Holidays

Tahoka schools closed Thursday afternoon for the week, giving the children and teachers an extra one-day holiday for Easter. School will re-open Monday morning on schedule.

FORMER TAHOKA BOY IS MAKING GOOD ON TENNIS TEAM AT WEST TEXAS

Mrs. E. S. Davis brought the following clipping to The News from a Marlin, Texas paper, which tells of her grandson, and son of a former Tahoka couple known to many of our readers:

Joe Davis, son of Mr. and Mrs. H. C. Davis of Marlin is establishing quite an athletic reputation for himself at West Texas State College at Canyon, where he is a junior classman.

Davis is an exserviceman. He is mentioned in the west Texas regions as Lanky Joe Davis, standing 6-feet and 4-inches tall, he has been using his elongated stature to advantage in recent tennis competition matches. Although the University of Arizona netters sent the WT team home with defeat, the team with Davis downed the Hardin-Simmons University players. Davis has been playing both in doubles and singles. He took the only single match for West Texas scoring 6-3 and 6-2.

The tall Joe Davis is not well acquainted in Marlin yet. He is still listed as being from Abilene, where his parents lived for several years before moving to Marlin recently as Mr. Davis assumed his duties as district manager of the Lone Star Gas Company.

Davis is also making records for himself in basketball, softball, and golf. He is active in inter-mural basketball and is coaching a Class B basketball team.

If you spend half your time minding your own business and the other half letting others find their business, you'll stay out of lots of trouble.

MEMORIAL FUND IS GROWING SLOWLY

The VFW's fund for the erection of a monument to the dead of World Wars I and II continues to grow as other contributions are

Traffic Death Statistics

The honeymoon is over in post-war traffic safety, the National Safety Council declares. It is now apparent, the council says, that the steady reduction of the traffic death toll since the end of the war has leveled off, and unless a new incentive for safer driving and walking can be found, the nation can reconcile itself to an annual loss of about 32,000 lives in traffic. That conclusion is based on the council's nine-month tabulation of 22,320 traffic deaths for 1949—only 2 per cent fewer than the 22,750 death toll at the end of September, 1948. The September 1949 toll was 3,000 deaths—about the same as in September, 1948.

Usage of "Pumpkin"

Riley, Whittier, Irving, Thoreau, and many others have written about pumpkins and pumpkin pies. So established is the usage of "pumpkinhead" and "some pumpkins" that dictionaries recognize and define both colloquialisms. Pumpkin Center and Pumpkin Chapel are Kentucky postoffices. Pumpkinvine creek joins the Etowah river south of Cartersville, Ga. Elwood Haynes in 1894 launched one of America's first "horseless carriages" on Pumpkinvine pike, Ind.

CHILD GUIDANCE CLUB HAS EASTER PARTY FOR CHILDREN OF MEMBERS

A annual Easter party for the members and their children of the Child Guidance Club was staged Monday, April 3, at 4:30 p. m. at the school cafeteria with Mrs. Ivan McWhirter and Mrs. Urban Brown as hostesses.

They had as their guest, Miss Lola McWhirter, who read stories to the children.

An egg hunt for the children followed and as the children returned to the building, records pertaining to Easter were played.

Refreshments of red punch with green and red ice and rabbit-shaped cookies were served to 18 children, 13 members and one guest from a table covered with a white tablecloth centered with pansies.

Paper rabbits and little plastic baskets of pansies were favors for the children.

Poultry of all kinds is on the plentiful foods list. Serve it often.

South America extends farther south than Africa.

Latest contributions, which have swelled the fund to \$3580.50, F. W. Chapman, Clint Walker, E. A. Thomas, W. P. Thomas, and Mrs. Zoe Lowrey.

PARENTS!

Have your children been enumerated in the scholastic census?

If not, you should report them to the Tahoka School business office immediately.

Each child who will be six (6) years of age before September 1, 1950, or who will not be eighteen (18) before September 1, 1950, should be on the roll.

If the school census enumerator has not called on you, please contact my office as quickly as possible, as such children must be enumerated in March.

Soil Damage From Winds Increasing

Fort Worth, March 31.—Sharp increases during the last two weeks in areas undergoing wind erosion damage were reported today by Louis P. Merrill, regional director of the U. S. Soil Conservation Service.

Merrill said that acreages suffering moderate to severe erosion in the western portions of Texas and Oklahoma widened by more than 400,000 acres in the past two weeks. Of this the Texas areas suffering erosion damage increased from 195,000 two weeks ago to 496,300 acres. The Oklahoma acreage in this category increased from 110,000 to 279,500 acres.

Merrill explained that dying wheat cover, succumbing to drought, insect damage, and overgrazing is a major factor in the increase in blowing acreages. Unprotected cotton lands beginning to blow for the first time and overgrazed fields of sorghum stub-

ble are also involved in the increasing hazard.

However, fieldmen of the Soil Conservation Service in Texas reported a slight decrease in acreages without sufficient plant and residue protection. Improving wheat and other winter cover crops in some area is partly responsible for this, Merrill explained. Texas acreages without sufficient protection dropped from 1,987,400 acres two weeks ago to 1,987,400. In Oklahoma an increase in unprotected lands was reported—from 410,000 acres to 454,000.

Dust storms in the Lubbock and Lamesa areas in the past week were the most severe of the season. District Conservationist Marshall Howard at Lubbock reported severe wind erosion damage to small areas. However, work of the farmers in that area to safeguard their land has been extremely encouraging, Marshall added. He pre-

dicted that there would be little serious damage this year to land because of the widespread use of tillage. Moderate erosion was occurring on 31,000 acres of unbroken cotton land with slight and probably temporary loss of loose surface soil on 200,000 acres broken during the last three weeks—some chiseled land was beginning to blow.

District Conservationists Jesse D. Jenkins at Lamesa reported a sharp jump in acreage suffering moderate wind damage. He said 175,000 acres of sandy land cotton fields and mixed land fields on which stalks have been out are undergoing damage. Sorghum stubble fields are holding effectively. Farmers have deep-plowed, disked or listed many fields and these are holding.

District Conservationist John A. Perrin at Littlefield said 150,000 acres are suffering moderate damage from wind. Winter wheat and cover crops are in poor condition, he said. In his reporting area, 600,000 acres are without sufficient protection against blowing.

Western portions of the Oklahoma Panhandle remained in serious condition, with some wheat already dead, according to District Conservationist John F. Bailey at Guymon. He reported an increase of 60,000 acres undergoing moderate erosion, with 120,000 acres altogether having suffered damage.

Insect damage remained a serious threat in other wheat-growing sections of Western Oklahoma. District Conservationists G. C. Gardner of Anadarko reported 90,000 additional acres, mainly peanuts and cotton lands, added to the acreage suffering erosion damage. Of this 10,000 acres is undergoing severe damage, he said.

Soil Conservation Service men in the Texas portion of the Cross Timbers, where moisture conditions have been more favorable, reported crop conditions still good or fair.

The regional Soil Conservation Service head said conditions generally are not worse at this date than they have been in the last four years. Early rains, preparation of land for planting, cessation of strong winds, and conservation measures in these years were in time to save a part of the wheat crop and to prevent any semblance of a "dust bowl."

Merrill pointed out that many farmers are using protective methods to help prevent wind erosion damage. For example, farmers of the Plains and Cross Plains Timber areas of Oklahoma and Texas have been using stubble mulch tillage on more than 5,000,000 acres, cover crops on 2,000,000 acres and have been applying recommended rotations to keep the soil in condition to resist erosion. Nearly 100,000 miles of terracing have been built for water conservation as has nearly 4,000,000 acres of contour cultivation. Most of the shallow and light soils are

ENERGY FOODS OFTEN MISUNDERSTOOD

College Station, Apr. 6.—To the nutritionist as to the engineer, energy means power from fuel or heat and it is often measured in calories or heat units. The more popular definition of the word energy includes such terms as vim, vigor, vitality and even spirit.

A homemaker may then conclude that the more energy foods her children eat, the more energetic they will be but says Louise Mason, extension foods and nutrition specialist of Texas A. & M., being planted to small grains and sorghums. A definite trend is underway to remove the shallow and light soils from cultivation. Large acreages are now being devoted to irrigation and maintained in effective cover. Complete farm and ranch plans for wind erosion control, water conservation and soil fertility maintenance and improvement have been made on 23,000,000 acres in soil conservation districts. This is about one-third of the total area involved.

Merrill added that farmers in soil conservation districts are making real progress. Although a few of them may be using some of their more hazardous land for cultivated crops, they are at least using the measures which reduce the wind erosion hazard. They are rotating cotton with grain sorghums, some are strip-cropping, and many others are leaving field grasses in cotton fields through the blow months.

Emergency tillage has helped to control soil movement on many unprotected fields, Merrill said, but this practice is of only temporary value and especially in sandy areas can be expected to lose effectiveness as roughened soil surfaces smooth out.

Merrill declared that the basic problem is one involving the cropping of land that is not suited to cultivation. About 12 per cent of the more than 27,000,000 acres of cropland in the wind erosion area of Texas and Oklahoma is classed by the Soil Conservation Service as land unsuited to cultivation being largely light and shallow soils. In the Plains and Cross Plains Timbers of Texas and Oklahoma are over 3,000,000 acres of this land. The only adequate treatment for such land is to put it in grass.

Another 2,850,000 acres in the Plains and Cross Timbers of Oklahoma and Texas are land which should be cultivated only one year out of every five or six, then with extreme caution and in erosion resisting crops—or better still should be retired to grass.

Merrill is of the opinion there may be a good many more sand storms and a few dust storms this blow season but that severe land damage will be confined to small isolated areas. He believes the likelihood of major damage comparable to that of the thirties is remote indeed.

College, that is not necessarily the case. Starches, sugars and fats are the high energy foods for they are the chief sources of fuel or calories for the body. If used in excess, these foods are stored as fat and may make a person feel less energetic, says Miss Mason. Likewise, too many of these foods in the diet may cut down on other nutrients, such as vitamins or protein, needed by the body for nutritional well-being and normal vim and vigor.

Miss Mason says the term fuel food might be a better word than energy food since the term describes the foods that supply the fuel for body activities. The fuel food needs of the body depend upon its size and activities. A good indicator that fuel food needs are being met is a constant body weight. Overweight indicates a surplus and the supply should be reduced.

By serving poultry, now at lowered prices, there's a chance to balance the food budget with one of the thrifty buys on the market.

There's more in eggs and chicken than meets the palate—They furnish complete protein, minerals and vitamins to help maintain top efficiency.

Deadline Set On GI School

Lubbock, April 5. —The deadline for most veterans for starting a course of education and training under the GI Bill is 15 months away—on July 25, 1951.

A Veteran Administration regulation, issued today by the Lubbock Regional Office states that

the majority of veterans will not be permitted to begin GI Bill courses after that date. An exception has been made for those discharged after July 25, 1947, and those who enlisted or re-enlisted under the Armed Forces Voluntary Recruitment Act, according to an announcement made by Robert W. Sisson, VA Regional Office Manager.

July 25, 1951, however, is not important to veterans who have started and actually are pursuing GI BILL training on that date, as they have the right to continue their courses.

The VA regulation explains that a veteran who has started a course and who has continued in it will be considered to be in training, even though he has temporarily interrupted the course for the summer vacation or for other reasons beyond his control.

Miss Mary Lou Williams of Plainview spent last week end here with her roommate in Texas Tech, Miss Savannah Lou Tunnell, Savannah Lou, who is a Junior majoring in Journalism and Spanish, recently was elected Secretary of the DPD club at Tech.

RESULT OF A DEPTH CHARGE—The mission of the Hunter-Killer Team of surface vessels, airplanes and blimps is to seek out and destroy enemy submarines. One depth charge explosive could seriously cripple a submarine. Here this phase of anti-submarine warfare is simulated in maneuvers in the Caribbean. (Official Department of Defense Photo)

Sgt. G. B. Bennett Is In Philippines

Clark Field, Philippine Islands, April 3. —Staff Sergeant Gordon D. Bennett, son of Mr. G. B. Bennett of Tahoka, has been recently assigned to the 18th Food Service Squadron at Clark Air Base in Central Luzon upon his arrival from an overseas tour of duty with the U. S. Air Force in the Philippines.

Historic Clark AFB, located 60 miles north of the famous but still war-torn Manila, is the largest American military installation in the Philippines. It was named after Major Howard Clark, who was killed in a seaplane crash on May 21, 1919 at Panama while serving with the Aviation Section in that area. Recreational facilities such as enlisted men's clubs, theaters, swimming pools, bowling alleys, snack bars and an excellent golf course are provided inside the base. During this stay here, he will come in contact with the primitive Negritos, who inhabit the mountains nearby.

In the service since 1934, Staff Sergeant Bennett participated in the European theater of Operations during the war. He arrived in the Islands last February. His wife, Bonnie Belle, and

CARD OF THANKS

I want to thank you many friends for the sweet words of sympathy, kind deeds rendered to me and the family, the beautiful floral offering, a token of love and friendship, the nice dinners, and every kindness shown us in this dark hour. All was appreciated very much. May God bless you. — Mrs. Claud Johnson, his daughter, sisters, and brothers.

Little Tommy Rykes, two and half year old son of Mr. and Mrs. Harlan Dykes, underwent an emergency appendectomy at Lubbock Memorial Hospital Wednesday night of last week. He is reported to be doing fine.

children, Gordon, 8, David, 3, and Shirley Ann, 2, are presently residing at 8324 Garland St., Houston, Texas.

GI Land Fund Has Been Used

Austin, April 4. —Although the entire \$25,000,000 principal of the Veterans' Land Program was committed by March 18, Land Commissioner Bascom Giles stated today that additional applications are still being accepted "under certain conditions."

"Where both seller and veteran understand that we cannot guarantee there will be money available to complete the purchase," said Giles, "we are putting the application on file."

The \$25,000,000 fund is a revolving one and thus additional purchases can be made from time to time as veterans make their semi-annual payments, Giles pointed out. Some veterans are also retiring their indebtedness at a faster rate than contract demands. One tract in Dickens County has already been paid for in full.

"Also," Giles explained, "every withdrawal enables us to process one of the applications accepted on this conditional basis. We will set upon these new applications, if and when money is available, in the order they are received."

The down payments accompanying a "conditional" application will be deposited in the State Treasury, Giles said, and will be returned if the transaction is not completed.

No application has been accepted since March 18 except this conditional basis," Giles stated.

DO NOT DISAGREE ABOUT ARTHRITIS!

Some claim it is incurable—yet sufferers who have tried REUMA-RUB tell us that this new liquid analgesic gives them wonderful relief from pain and discomfort. Come treat your Buick to our big Spring Special!

Here's rollicking good news for you! We can take that noble Buick of yours, and in a few short hours we'll put new life—new pep—new spring zing into it!

You'll hardly know your own car. You'll have to lay a gentle toe on that gas treadle—or look for your hat in the back seat.

Because our mechanics are Buick specialists right to their fingertips—men who know your car and its needs from long experience. Because they use Buick methods, special Buick tools, factory-engineered parts, to bring out the best in your Fireball baby. And because that big 17-step maintenance and tune-up routine we show below is just about the finest, most complete way to get your motor ready for really lively spring driving!

Just check those 17 big items in your mind. How long since your Buick has had these important attentions? And how about coming in this week?

These Spring Services will save GAS—OIL—WEAR—AND MONEY!

1. Drain crankcase and refill with summer grade oil.
2. Clean and adjust spark plugs.
3. Clean and adjust distributor points.
4. Clean carburetor screen; adjust carburetor.
5. Scientifically time ignition.
6. Adjust valve tappets for proper clearance.
7. Completely tune engine for peak performance and mileage.
8. Adjust generator charging rate.
9. Test battery; clean and coat terminals; add water.
10. Repack and inspect front wheel bearings.
11. Inspect brake linings and drums.
12. Drain and flush out cooling system.
13. Tighten all hose connections.
14. Adjust fan belt tension.
15. Tighten cylinder head bolts with special torque wrench.
16. Fill steering gear housing with lubricant.
17. Complete LUBRICARE chassis lubrication and inspection.

O'Donnell Sweeps Tennis Contests

In the District 4-A South tennis tournament held in O'Donnell, Jerry Stevens won over the Slaton entry but lost in the finals to Harrell Line of O'Donnell. In doubles, Lynn Halasick and James White lost to Raymond Hancock and Edward Gray, the meet champions. Elaine Hohn was the girls single champion, and Carolyn Middleton and Pat Simpson won the doubles event, to make it a clean sweep of the meet for O'Donnell.

Thus, it will be all-Lynn county and all-O'Donnell players who compete for the district championship at O'Donnell Saturday of this week.

Tahoka did not enter a track team in the district track and field meet which was held in Lubbock Saturday.

TEAMWORK. PAYS OFF WITH "SUNKEN" SUBS—Training exercises in the search for "enemy" submarines involve the use of surface vessels, airplanes and blimps employing the latest detection devices. (Official Department of Defense Photo)

Bill Soys

By BILL STRANGE, JR.

Every kid who ever dreamed of straddling a cayuse or tossing a lariat over a cow critter will be plumb happy to hear that oil Hopalong Cassidy and Lum (Lum and Abner) have bought a 225,000 acre spread in Nevada. The ranch will be used to give vacations to 200 boys a month during the summer. That's enough to make every kid in the country eat his cereal and spinach. Boys from 9 to 14 from every state in the union will be selected to ride the range with Hopalong, and that's a mighty proposition, pardner. Doggon, what's got into us? We're over fourteen.

A Bristol, Eng., man recovered a car that had been stolen from him 3 years before. He recognized it by a patch of gum he'd used to seal up an oil leak. We'll bet that gum took the thief's breath away. The new 1950 Ford will take your breath away. It's that good looking. It's smooth and economical to drive too. So try it now and you'll be convinced it's the buy of the year. BILL STRANGE MOTORS, Phone: 49. Adv.

Bee Stings

On the average, a honey bee ejaculates 0.3 cc. of venom into the tissues when it stings a person. The venom is a clear, colorless fluid, secreted by two glands, one secreting an acid and the other an alkaline fluid. The mixture, in the form ejaculated, is acid to litmus. It exerts three actions: (1) produces inflammation, (2) is a convulsant, and (3) is a stupefying and paralyzing substance. Due to personal idiosyncracies, the reaction to bee stings varies in severity. A number of stings may cause some persons no more inconvenience than so many painless papules. On the other extreme are persons who have died in a few minutes from a single sting.

Steel Pierced with Oil

A practical method using oil to pierce holes in steel is under experimentation.

A column of oil is substituted for the ordinary metal punch. The column is struck hard at the top. The oil, confined in all directions and not compressible, is forced to punch through the steel sheet at the bottom of the column and into the hollow area of the die placed under the sheet. The new method, it is claimed, would considerably reduce costs in various ways.

Lee Roy Bartlett, a 4-H boy, in Upshur county produced 149 bushels of corn in 1949 from his measured acre.

P. A. Nowlin underwent surgery in West Texas Hospital, Lubbock, last week. He is reported to be improving satisfactorily.

Cloves are the dried, unexpanded flower buds of an evergreen tree, according to the Encyclopedia Britannica.

Mr. and Mrs. Johnny Garrison of Mineral Wells were here last week visiting Mrs. Garrison's father, J. F. (Frank) Stuart, and Mrs. Stuart.

One tree will make a million matches; also one match will burn a million trees.

Pennington Has New Water Well

Garland Pennington's new irrigation well on his farm two or three miles east of Tahoka is pumping a good 400-gal. per minute, he reports.

An electric pump was put in operation on the well Monday, and it is throwing a 6-inch stream of water. The well was drilled several weeks ago. For a while he feared that it might not prove profitable. The nearest irrigation well to this new one is the Wiley Curry well just east of town.

Mr. Pennington expects to water some cotton land, a garden, and an alfalfa patch. At any rate, he thinks he will be able to raise something in extra dry years.

J. C. Womack farms the place.

Mr. and Mrs. W. A. Strickland of Cross Plains were here this week visiting old friends. He formerly owned a barber shop in Tahoka, but sold out and moved to Munday in 1935, and later moved to Cross Plains. He recently sold his shop there, and he and his wife came out to visit old friends here for a few days.

If some people could make their hands work as fast as their tongues, miracle could be performed.

The national headquarters of the National Foundation for Infantile Paralysis receives half the money raised in the March of Dimes, using it for research, education and epidemic aid. In 1948 the public gave over \$21,000,000.

Allen Cox, three year old son of Mr. and Mrs. Paul Cox, has been ill with pneumonia.

H. L. Roddy, rural mail carrier, has been confined to his home with virus pneumonia.

CROP Holds National Dedication of Trains

Carl Key, area representative of the Christian Rural Overseas Program (CROP) for the states of Alabama, Delaware, Louisiana, Maryland, Mississippi, New Jersey, North Carolina, South Carolina, Texas and Virginia, is shown above (right) presenting to Albert Farmer, national field director of the relief program, miniature trains which represent the 1949 contributions from the various states in his area. The presentation was made at the national dedication services for the 1,163 railroad carloads of farm commodities given to CROP during the year. States in Key's area contributed 120 carloads.

Since CROP's inception in August, 1947, approximately 175,000,000 pounds of farm commodities have been sent to those most in need in 22 countries. CROP will be continued throughout the 1950 harvest season. Sponsors are Catholic Rural Life, Church World Service (22 Protestant denominations) and Lutheran World Relief.

Every home should be protected by home fire fighting equipment. Keep it in good operating shape and ready for instant use. The first few minutes are the most vital so far as fire fighting is concerned.

THE MAGIC FIRST DOSE.

Start relief when your back aches, bladder is irritated and you get up often at nights. CIT-ROS balances the pH of the body fluids, relief comes quickly, the body repairs the irritated tissues. Pain and soreness disappear. Get CIT-ROS \$1.00 at your druggist. For sale by WYNNE COLLIER, Druggist

Robert Draper, an old Lynn county boy, who has made quite a success farming and ranching and now has extensive ranch holdings near Dupree, South Dakota, has been here the past several days visiting relatives and at the bedside of his nephew, Milt Draper. Robert reports that his country is covered with several feet of snow, and he would like to trade a little of their moisture to Lynn county for some dry weather right now.

The man who lets his job go to his head lets it be known that he doesn't have the head for the job.

Rogers Indicated In Murder Case

Two indictments, one for murder and one for burglary, were returned against Victor F. (Jack) Rogers, 28, Latin-American, by a special 106th Judicial District grand jury in Lamesa Friday of last week. Rogers is charged with the March 29th murder of Claude W. Johnson, 44, Lamesa policeman, and former Tahoka citizen.

A news story in the Lubbock Avalanche, under a Lamesa dateline, said last Saturday:

Johnson was beaten to death with his own pistol in front of a store on the square here. Rogers, who earlier had attempted to involve a man identified only as "Tierras" in the slaying, has admitted since that he was alone with the partolman when the fatal beating took place.

The special session was called today by Judge Louis B. Reed. The grand jury in regular session March 27.

Rogers, in two signed statements made to officials, said he went to Big Spring March 28 with a man named Wayne Cox. There, he bought two cases of beer and a pint of whiskey. They returned to Lamesa, Rogers said, and about 12:30 a. m. the suspect parked his car on a downtown street and "pried the door of a store open with a tire tool I had."

Rogers said he then went to Dewey's department store where he started to break in. "I changed his mind, and prepared to drive away."

It was then, the suspect said, that Johnson drove up in his car, looked in Rogers' car and saw the beer. The two men were standing between the cars.

"We turned toward his car," Rogers said, "and I hit the officer with my fists. A struggle ensued. The statement continued, "and somehow I managed to get his gun and began to beat him in the head with it."

"I hit him several times," Rogers said. "He finally quit struggling and lay still."

Then, Rogers told officers, he ran all the way to his home and told his parents he had had a "fight with an officer and had hurt him bad."

The suspect said his initial statement to County Attorney Vernon Adcock following his arrest was not the "whole truth," and that no one was with him when he started to enter the store or when he was fighting Johnson. He earlier stated that the man named "Tierras" was struggling with Johnson and that he had gone to "Tierras' aid."

Helicopter's Field of Duty Expands Steadily Since War

The day when thousands will own helicopters for private pleasure hopping lies far in the future, qualified observers agree. Daily headlines prove, however, that the humming-birdlike aircraft have found permanent duty roles in commerce, agriculture, exploration, patrol and rescue work. They are economically useful in many parts of the globe.

Only a dozen years ago the helicopter was just being developed. Today it enables man to carry on almost as if he had wings of his own, and comes nearer than other types of aircraft to realizing the dream of flight that inspired men to develop flying.

Maine's Aroostook county potato farmers save time and money by enlisting helicopters for frequent DDT dusting to control fungus and bugs. On New England blueberry acres, chemical dust is fed from hoppers into the downwash from the rotor blades during ground-skimming flights. Helicopter dusting increases the yield from Massachusetts cranberry bogs.

In major fruit and vegetable areas of Florida, Texas, and the West Coast, too, there are crop-dusting companies ready to provide helicopters on short notice. Besides laying chemicals accurately on insects and weeds, the machines have substituted for smudge pots by forcing downdrafts of warm air. They have rounded up range cattle, scared hungry game away from ricefields and other crops.

In Argentina last year, 10 helicopters broke up a devastating locust scourge. In the Anglo-Egyptian Sudan, they sprayed cotton fields on ground where tractors could not tread. In Arabian date-palm groves they were reported superseding the laborious hand-pollinating operation. Great Britain finds helicopters well suited to spraying England's hedge-row-enclosed fields, and sends them to work in distant colonial lands in the off season.

Milwaukee, Wisconsin, is sometimes called the "Nation's Safest City." According to the World Book Encyclopedia, Milwaukee has won the accident-prevention contest of the National Safety Council ten times.

Legal Notices

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION
Sealed proposals for constructing 1.734 miles of Gr., Flex. Base & Asph. Surf. Treat. in the city of Tahoka on Highway U. S. 87 & 380, covered by C 68-2-15, & C 297-5&6-5&8, in Lynn county, will be received at the Highway Department, Austin, until 9:00 A. M., April 18, 1950, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of the said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type or workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project. Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of F. B. Ogle, Resident Engineer, Lubbock, Texas, and Texas Highway Department, Austin. Usual rights reserved. 27-3tc

Tahoka Co-op Gin Will Hold Meeting

Members of the Tahoka Cooperative Gin Co. will hold their annual business meeting Wednesday, April 12, at the Lynn County Fair exhibit hall, H. G. Hodges, manager announces.

The business meeting starts at 11:00 a. m., at which time three directors will be elected and plans for the next year made. Members of the Co-op and their families are invited to the barbecue at 1:00 p. m.

The Tahoka Co-op is preparing to completely rebuild their gin plant from the ground up. Most of the old machinery will be replaced, a new gin building, cotton house, and seed house erected, and other improvements made.

The station has been enlarged and modernized during recent weeks, and almost a complete plant will be in operation by opening of another ginning season.

Lions Club Views Alaskan Pictures

A picture on Alaska was presented by Virgil Carter at Tuesday night's Lion's club meeting. The movie depicted the scenic grandeur of the province and carried the audience through a salmon cannery showing how the fish are caught, cleaned, and canned.

Lion Bill Griffin gave members their 1930 membership cards.

Boss Lion A. R. Milliken had his brother-in-law, Lion Jack Alley Robinson give the Lion's roar.

Mrs. Sparks and daughter served a ham supper.

Members of the club are urged to attend the meeting next Tuesday night at 7:15 o'clock.

DIXIE H. D. CLUB MEETS IN TOWN

Members of the Dixie Home Demonstration Club met April 5 in the home of Mrs. Ronald Sherrill, with Mrs. Troy Copelin as hostess.

Roll call was answered with each member telling "My worst enemy in the garden."

Mrs. E. J. Cooper gave a report on the Council meeting. There was a profit of \$93.59 on the food sale at the Stock Show. She also made a report on insect control in yards and gardens which she visited last week.

Refreshments were served to eleven members, and the following guests: Mrs. Truett Stone, Mrs. Bud Copelin and little daughter, Donna Kaye.

The Club met in the home of Mrs. Charlie Lichey on March 30. Miss Hard, home demonstration agent, showed colored slide pictures made at the Style Show in Lubbock last fall. Refreshments were served eight club members, seven visitors, and several children.

The Club will meet again on April 19 in the home of Mrs. E. J. Cooper, 1825, North 5th St.

BYRUM WEST REPORTED SHOWING IMPROVEMENT

Byrum West, who suffered a severe heart attack last week and who is a patient in the hospital, was reported Thursday morning to have shown improvement.

His parents, Mr. and Mrs. B. B. West of Albany, have been here at his bedside for several days.

William Henry Harrison, died at the end of his first month as president, serving the shortest term on record.

SHAMBURGER-GEE LBR. CO.

PHONE 313

Nelson . . .

(Cont'd from front page)

between 1935 and 1941, Nelson was a candidate for lieutenant-governor in 1938, losing to Coke R. Stevenson in the latter's first campaign for that office.

Nelson's wife is the former Miss Aileen Hackney, of Hopkins county, to whom he was married in 1924. They have four children, Mrs. Roland Nabors of El Paso; Bert, a student in Texas Technological college; George, in a Lubbock Junior High school, and Mary Sue, of pre-school age.

The candidate is a Baptist and currently a member of the Board of Deacons of First Baptist church,

Lubbock. He also is a member of the American Business club here.

Nelson's announcement stresses his seven years as a prosecutor, more than a decade of defense counseling and seven years in the legislative branch of the government, during which he helped write numerous laws, as especially fitting him for service on the State Court of Criminal Appeals. He calls his record in the courts and the legislature "all-around preparation for the judgeship I now seek."

"It shall be my purpose, as a member of the State Court of Criminal Appeals," the Nelson statement says, "to protect the rights of every individual who may be charged with crime to the end that those rights, under the Constitution and laws of Texas

are preserved. Likewise, it shall be my purpose also to protect the public from the ravages of crime and criminals. The public has rights that must be preserved, as well as the individual who may be haled before the courts."

Nelson said he would wage an active campaign for the office and expects to visit each of the state's 254 counties between now and the July election.

Rainey

(Cont'd from front page)

Mr. Rainey had been a member of the Methodist Church since his youth, and for many years had been a Royal Arch Mason. He took more than ordinary interest in politics, kept an open mind, and

was progressive and optimistic in his thinking. It is doubtful if he had an enemy and he was loved by both the adults and the children with whom he had contact.

He was the last of a family of 14 children. He is survived by the following nephews and nieces, with whom he was raised in the T. E. Park family: E. A. Park, Rainey Park, and Mrs. Sam Bartley of Tahoka, Sam Park of Brownfield, and Mrs. G. T. Allen of Gainesville; and many other nephews and nieces who live in Mississippi.

A little almond flavoring goes well with canned red cherries or with a custard sauce. It's good too, in macaroons.

Classified Ads are small but they do a Big Job well.

Baptists Await Preacher's Answer

Rev. Lee Ramsauer of San Angelo was unanimously elected the pastor of the Tahoka First Baptist Church at the Sunday night service. However, he has not yet given the church his decision on coming here.

He is to meet with the Board of Deacons at the church here tonight, Friday.

Rev. Ramsauer preached at the Sunday morning service here. At present he is pastor of the Harris Avenue Church in San Angelo, which in seven years he has built from a very small church to one of 700 members.

MERCHANTS SALES PADS at The News office.

MRS. JOHN JACKSON THANKS VOTERS

I sincerely appreciate the confidence placed in me by the voters of the City of Tahoka at Tuesday's election. I also wish to thank my friends for the nice words spoken in my behalf. It is my purpose to fill the office of City Secretary to the very best of my ability. Again, I say "Thank You!" —Mrs. John (Nettie) Jackson.

COUSIN IS KILLED

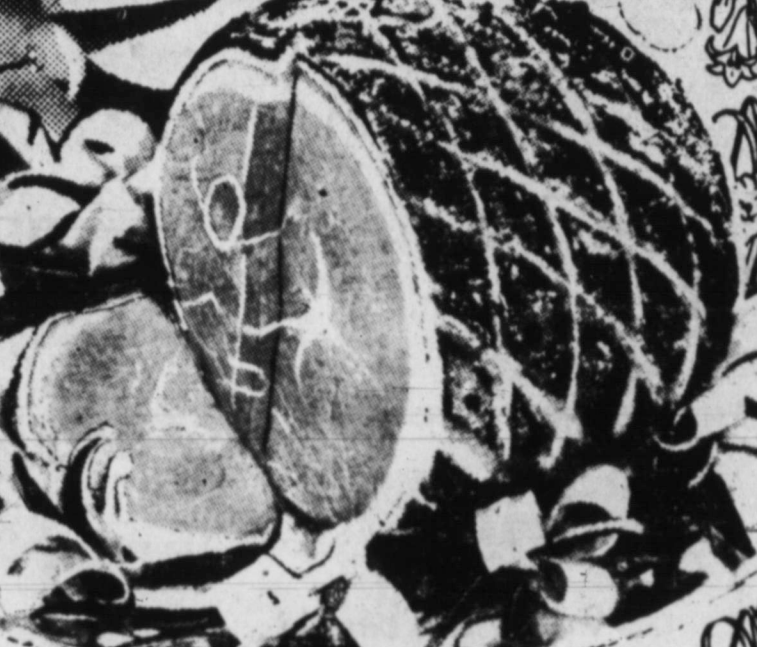

C. C. Dwight reports that a cousin of his, Corporal C. C. Dwight will killed one day recently in a plane accident in Japan. His body will be brought back to Amarillo for burial, he having been reared in that city.
