New Drive-In Theatre Is Started For Tahoka

Lamesa Man Will Erect Latest Type Amusement Place

Construction of a new drive-in theatre was started in the north outskirts of Tahoka yesterday morning by R. A. Noret, owner of the Sky-Vue Drive-In Theatre at Lamesa.

Mr. Noret recently acquired 13 acres of land from D. C. Davis just outside the city limits east of the Lubbock highway and south of the Marvin Munn home. The location is just one mile from the court house.

All the latest ideas and the very newest equipment for drive-ins will be incorporated in the theatre layout, Mr. Noret told The News.

The screen will face west, toward the highway, and cars will enter from the rear instead of the front as in most of the first-built drive-in theatres. Driveways will be all-weather. Car ramps will be elevated, and the newest-style in-car speakers installed.

There will also be a ramp-house with seating for 100 people who had rather not sit in their cars or who wish to get out of the weather for any reason.

A deluxe snack bar will also be installed, with a patio in front. There will be rest rooms, a projection booth with the latest of equipment, and the screen tower also will have the latest innovations available.

Mr. Noret also has plans drawn for a completely equipped children's playground in the theatre area.

Contracts for construction of the theatre have already been let, and work was begun Thursday unloading materials and getting the grounds in shape. The job will be pushed to completion as quickly as possible.

FFA Banquet Held Monday

Monday night's annual Tahoka Future Farmers of America annual banquet in the school cafeteria was the best all-round FFA meeting it has ever been. The News reporter's privilege to attend.

The program was excellent, the food was delicious, and the boys conducted the affair with ease and efficiency.

Truett Smith, local attorney, brought the principal address, telling of the advances made in agricultural methods within his lifetime and pointed out the challenge in farming and stock raising for the youth of today. High School Principal Otis Spears introduced the speaker.

Bland Draper gave the welcome address in a capable manner.

FFA President Dan Martin presided at the meeting, which opened with the standard FFA ritual in which each officer stated his duties. These officers, in addition to Martin, are: Bland Draper, vice president; Charley Schulz, pinch-hitting as secretary for Dale Willhoit, who was in the hospital; Conrad Ratliff, treasurer; Jackie Slover, historian; Danny Lockaby, parliamentarian; Glenn Evans, reporter; Parker Blair, sentinel; and V. P. Carter, advisor.

Glenn Evans informed the group (Continued on back page)

Congratulations:

Mr. and Mrs. James Ensor on the birth of a daughter weighing 8 pounds and 10 ounces at 9:21 p. m. Sunday in St. Mary's Hospital, Lubbock.

Mr. and Mrs. A. M. Wiley, Route 2, on the birth of a son weighing 7 pounds 8 1/2 ounces in Lubbock Memorial Hospital Sunday at 12:56 p. m.

Mr. and Mrs. Carl Armes of New Home on the birth of a son weighing 7 pounds and 5 ounces in Tahoka Hospital at 5:34 p. m. Wednesday.

War Memorial Nears Completion

"The most beautiful monument I ever saw," is the way Albert Curry describes the memorial to Lynn county dead of World Wars I and II which is being carved by masons at the quarry in Llano. Curry, "Skete" Clem, and A. N. Norman went down to Llano last week end and inspected the monument. Finishing touches are being put to stone now and the 86 names are being carved thereon.

The monument, which will weigh 16 tons when completed, will be set up in the court house triangle about May 15, but will not be uncovered until Memorial Day, May 30, when a special unveiling ceremony is planned by the local VFW post, sponsors to the Memorial.

Plans are going forward for the big rodeo which will be staged here May 12 and 13 under sponsorship of the Tahoka Roping Club and the Jaycees.

Sheriff "Slick" Clem has been named parade chairman, and he has plans underway for making this part of the entertainment a fine one. The Lubbock Sheriff's posse, one of the most colorful mounted parade organizations anywhere, is expected to appear in the parade. Business houses of the town and country also will be invited to enter floats.

The rodeo will be held in three performances, Friday night, Saturday afternoon, and Saturday night of May 12-13. In addition to bareback and saddle bronc riding, bull riding, calf roping and bulldogging, there will be jackpot ribbon roping and a sponsors' contest. Stock will be furnished by J. A. Wise of Earth.

Seth Lewis, president of the Jaycees, states that the arena is being repaired and improved. Lights have been installed, and bleachers will be installed for the event.

Census Contest Ends Saturday

Have you guessed the census of Lynn county?

Rollin McCord of Plains Motor Co. is offering \$100 in cash prizes to Lynn county people guessing the nearest to the official 1950 population of the county.

The contest closes tomorrow, Saturday, April 22.

Anyone in the county or Tahoka trade territory 12 years of age or older may make a guess, unless he or she is an employee of the company or is a census taker, provided he comes to the motor company and files his guess. No guesses will be accepted by mail or telephone.

The person guessing closest will get \$50 in cash, second \$25, third \$15, and fourth \$10.

Call Meeting Of Softball Managers

Representatives of softball team sponsors and team managers are being asked to meet next Friday night, April 28, in the PMA office of the County Agriculture building in Tahoka for the purpose of re-organizing the Lynn County Softball League and making plans for the summer season.

Those interested in fielding a team are asked to start their plans now and have a representative at this meeting.

The Tahoka Chamber of Commerce finances and sponsors the program and the Tahoka Jaycees provide the playing field.

Blonde, chubby five-year-old Ketha Smith of the Veterans of Foreign Wars National Home for Widows and Orphans, in Eaton Rapids, Mich., pins a Buddy Poppy on the lapel of Sen. Robert A. Taft of Ohio. Ketha is the daughter of a deceased war veteran. Proceeds from the sale of V.F.W. Buddy Poppies will be used, in part, to maintain the National Home.

New Legislation Affecting Cotton Farms Explained

New cotton legislation recently passed by Congress provides for minimum 1950 cotton acreage allotments based on one of three provisions, R. O. Nettles, chairman of the county PMA committee, said today.

The revised allotments are based on the larger of (1) 65 percent of the average acreage planted to cotton or devoted to war crops in place of cotton in 1946, 1947, and 1948; (2) 45 percent of the highest acreage planted to cotton (Continued on Back Page)

Chas. Wells In Sheriff's Race

The News has been authorized to announce the candidacy of Chas. F. Wells for the position of Sheriff of Lynn county, subject to the action of the Democratic primaries.

Although Mr. Wells is well known to the long time residents of O'Donnell and Lynn county, for the benefit of the newer residents, he was born and reared in Lynn county, attending the public schools of Tahoka and O'Donnell.

He married the former Miss Lillian Kirkpatrick and they have one son, Dell, who is in grade school.

Mr. Wells is at present an employee of the Gibson Motor Freight and prior to that was self employed. For 18 months Mr. Wells was O'Donnell's Deputy Sheriff serving under the then sheriff, Sam H. Floyd in 1946 and 1947.

Mr. Wells has taken an active part in the welfare of his community.

In so far as possible he plans to contact each and every voter of the county in behalf of his candidacy, but because of his work, he will of necessity have to limit his time in campaigning.

He pledges, if elected, to try to the best of his ability to enforce the laws of the land with always a sense of dealing impartially with all.

ON TRAIL OF "ENEMY" SUBMARINES—Improved anti-submarine search weapons include shipboard sonar, under-water sound detection device, airborne radar, expendable sonobuoys and magnetic airborne detection gear. The "kill" is accomplished by planes and surface ships employing bombs, torpedoes and depth charges in a coordinated air-surface attack. Airship Fleet Lt. (JG) Robert Hartzel, USN, scans the horizon in visual search for "enemy" contact. (Official Department of Defense Photo)

Local Couple Died Here Last Week, Buried Together

Mr. and Mrs. John Morgan Scott, Tahoka residents for 13 years, died last weekend, Mrs. Scott at 11 p. m. Thursday and Mr. Scott at 10:30 a. m. Friday, in Tahoka Hospital, where they were patients.

Funerary services were held at 3 p. m. Saturday at the First Baptist Church with Rev. Geo. A. Dale of Lubbock, former local pastor, officiating, assisted by Rev. Sheldon Russell. Burial followed in adjoining graves at Tahoka Cemetery under direction of Stanley Funeral Home.

Mrs. Scott became ill on December 1 and was admitted to the hospital about three weeks before her death. While her condition was considered hopeless, Mr. Scott became ill and was taken to the hospital about ten days before he died less than half a day after his wife had passed away.

Mr. Scott was born October 6, 1883, at Town Creek, Jasper county, Alabama, and therefore was 66 years of age. Mrs. Scott was born September 3, 1893, at Bolivar, Tennessee, her maiden name being Iva Myrtle Callahan.

The couple met in Idabel, Oklahoma, and were married on December 28, 1913. They continued to reside there for many years, this being the home of Mrs. Scott's parents, Mr. and Mrs. H. C. Callahan. They moved to Tahoka in 1937, and had resided at the family home along with Mrs. Scott's (Continued on Back Page)

Negro Students Win Awards

The Dunbar Elementary School (Colored) of Tahoka won its share of honors in the South Plains District Interscholastic League meet held in Lubbock Friday, April 14.

First place winners are eligible to participate in the State meet which will be held at Prairie View University on April 21.

Tahoka winners are as follows: Junior Spelling: Bettie Joe McMillan and Alice Jewel Warren, first.

Arithmetic: Myrleen Denzy and Alvin Johnson, first.

Baseball throw: Juanita Hurst, first.

50-Yard Dash: Henrietta Hood, first.

Bairrington New Snyder Police Chief

Chester Bairrington, formerly of Tahoka, last week was named the new Chief of Police at Snyder, the booming Scurry county oil capital.

For the past five years he has been on the police force at Panama, California, and was visiting relatives here when he heard of the open position at Snyder. He made application for the job, and was promptly elected by the council from a large field of applicants.

New C-C Board Plans Field Day For May 4th

Census Taking Nears Completion

Lynn county's 1950 census enumeration is now going into the home stretch, J. B. Howell, supervisor for Lynn and Garza counties, states.

Cooperation has been excellent so far, he says, and there has not been a single refusal in this county, all of which he greatly appreciates.

Enumeration has been completed in O'Donnell, and the work is past the three-quarter mark in Tahoka. Taking of the farm census is much slower, but progress in the rural areas is satisfactory, he says.

He expects the census to be completed on schedule, May 1, and tentative figures will be release about ten days after completion.

Co-operation of every person is sought in getting a completely accurate census of the towns and county. Mr. Howell may be contacted at the Sheriff's office mornings.

New Oil Test Will Be Drilled

Another wildcat oil test for eastern Lynn county was announced Sunday by James H. Snowden and associates of Fort Worth. A rotary rig was moved in this week to drill a hole 9,500 feet in depth to test the Ellenburger formation.

Location is about three miles north and 1 1/2 miles east of the Central Church on the Bryan Williams farm, 1,980 feet from the south and 660 feet from the west line of section 1470, EL&R survey. The location is just a short distance from the Garza county line.

The drillsite is on a block of 6,000 acres assembled by John Darden of Midland and turned to Snowden et al to drill. Darden received an unreported amount of cash and retained some acreage in the block.

The Fullerton Oil Co. No. 1 Reed, a Pennsylvania wildcat in west Lynn county, north of West Point, was recently abandoned as a dry hole. The test was made two and one-half miles east of the two-well Mound Lake Pennsylvania pool in eastern Terry county.

The News has no late report on depth of the Magnolia Garza Land & Cattle Co. No. 1 wildcat 3 1/2 miles east and 1/2 mile south of Draw on the northwest part, SE quarter Section 431, Block A, EL&R survey. The test is reported to have had a showing of oil at about 6,000 feet. This was about two weeks ago.

Louis Botkin Is Operating Grocery

Louis Botkin has bought the grocery and meat market operated by John Kincaid in the past few years, located on East Lockwood across the street west from Tankersley's. He took charge of the business last Saturday.

Mr. Botkin is well known locally, having attended the local schools. For the past four years he has been with Tahoka Co-op gin. He states that he plans making early improvements in the store.

Mr. Kincaid has not announced his plans for the future other than that he expects to fish and rest up for a while.

Mrs. E. S. (Nettie) Davis reports that her daughter, Mrs. H. C. (Veda) Davis is ill in a Martin Hospital but was improving at last report. Mrs. Davis expected to leave Thursday for California to visit her other two daughters, Mrs. Ruby Fields at Vista and Mrs. Mildred Robinson at South Gate.

Chamber Financing Summer Softball Program Again

Tahoka Chamber of Commerce directors, in a meeting Monday night, laid plans for the annual Soil Conservation tour, the summer softball program, and the Chamber of Commerce membership drive.

The Soil Conservation Day field tour will be held on Thursday, May 4. Business men and farmers will take the day off for a tour of Lynn county farms to observe the latest local developments in farming methods. The two previous tours have met with much interest and have opened the eyes of a lot of people as to the scope of farming improvements being made in this county.

The Chamber of Commerce will again finance and sponsor organization. (Continued on Back Page)

Band Concert Tuesday Night

Tahoka High School Band will present a concert in the school auditorium next Tuesday night at 8 p. m., according to Bill Tregoe, director. Admission fees of 50 and 25 cents will be charged to raise funds with which to pay for sheet music, awards, and band equipment.

The band will play the numbers which it will use in the Regional Band contests at West Texas State Canyon, on Friday, April 28.

Three soloists, Dot Durham, Paxton Hutchison, and Harold Hamilton, will present instrumental numbers, and there will be a clarinet quartet number by Tommie Whorton, Wanda Jean Lowrance, Jerry LeMond, and Kay Mitchell.

The program promises to be an excellent one, and well worth the public's time to attend. Mr. Tregoe says.

Alton Cain, president of the Band Boosters Club, informs The News that the uniform fund now is in excess of \$3,000. The organization yet needs about \$500 to pay for the new all-wool blue and white whipcord uniforms which are expected to arrive within a few days.

Former Citizen Died Monday

Jesse F. Bartley, 50, of Muleshoe, formerly of Lynn county, died at 1:30 a. m. Monday in Green Hospital at Muleshoe. He was buried in the cemetery there Tuesday, following services at 2 p. m. in the Muleshoe Church of Christ conducted by Edd Russell, minister.

Mr. Bartley was born at Bonham, Fannin county, August 9, 1899, and was therefore 50 years, 8 months and 8 days of age. He was a veteran of World War I. Mr. Bartley formerly resided in Lynn county and has a number of relatives living here now.

He is survived by his wife, Mrs. Leona Bartley; three sons, Leo and Gene of Muleshoe, and J. L. of Meadow; two daughters, Frances and Glenn Bartley, both of Muleshoe; four brothers, Willis of Burkburnette, Newman, Callaway and Sears of Tahoka; three sisters, Mrs. Jewel Reed of Tahoka, Mrs. Lillian Key of Amarillo, and Mrs. Aline Rouse of Corpus Christi.

WARREN INFANT IS BURIED HERE

Graveside services for the infant child of Mr. and Mrs. Robert Warren were held at Tahoka Cemetery.

The infant died shortly after birth at Raymondville last Thursday. Paternal grandparents are Mr. and Mrs. W. B. Warren of Tahoka, and the maternal grandparents are Mr. and Mrs. Howard Martin of Lyford.

1.61 Inch Rain Aid To Soil

Rains totaling 1.61 inches fell in Tahoka last week end. Though the rain was spotted, most of Lynn county received sufficient moisture, up to two or three inches in certain areas, to put the soil in condition for planting, to improve the prospects for a 1950 crop, and to raise the spirits of the citizens.

Scattered areas, particularly Dixie, West Point, Three Lakes, Wells, and Draw communities received light precipitation, but possibly two thirds of the county received from an inch to three inches of rain.

East of Tahoka the rain Saturday night was exceedingly heavy, some farmers reporting 3 inches and many reporting 2 and 2 1/2 inches. Wilson had a good two inches, H. G. Cook reported, Ben Moore, who keeps a government gauge at O'Donnell reported .75 there, but the rain was heavier both east and north of that city.

Though the rain was light at Draw, most of the rest of the eastern half of the county all the way to Slaton and Southland received excellent rain which put water in the lakes.

Last week's rainy spell started with cloudy weather on Tuesday with a trace of moisture. Wednesday and up to Thursday morning, a shower and mist brought a total of .39 inch in Tahoka, according to the Government gauge kept by The News. Thursday and Friday night there was only .03 of an inch, but Friday and Saturday the mist totaled .11. Then, on Saturday night, a hard rain, accompanied by high wind and fine hail, totaled 1.06 inches, for a total of 1.61 inches for the spell.

Sunday afternoon, a shower added to the moisture in some areas, about a quarter at Wilson.

The county yet needs a good general rain, but that last week will be of great benefit and will furnish some farmers moisture to plant on. On chiseled land, very little water ran off, it is said, and much of this that was too dry to list can now be plowed.

Bulldog Baseball Boys Play Today

Tahoka High School will open an intensive but short baseball season today, Friday, when the Bulldogs meet New Home on the diamond at New Home.

The game was originally scheduled for Tahoka, but a part of the field used last year has been sold and is not available for baseball.

Coach Jake Jacobs has had twenty boys working out for two or three weeks when weather would permit, and several of them show promise of being pretty fair ball players with a little more training and experience.

Baseball was started in the local schools only last year, as the sport now is an Interscholastic League event.

The District 4-A championship will be decided this year in a tournament which will be held in Slaton May 3, 4, and 5, with teams from Tahoka, Morton, Slaton, Levelland, and Sundown competing. Tahoka has drawn a bye in the first round and will meet the winners of the Morton - Slaton game in the second round of this tournament.

In preparation for the tournament, Coach Jacobs has arranged several practice games. New Home (Continued on back page)

Street Paving Contract Let

Texas Highway Department Tuesday announced that Ernest Loyd of Fort Worth was low bidder at \$48,496.00 for widening of the paving on Tahoka streets which coincide with 1.73 miles of U. S. Highways 87 and 380 through the town.

Curbs and gutters on the project have already been laid by Sam Sanders construction company. Paving work is expected to start at an early date. The contract calls for grading, flexible base, and triple asphalt surface treatment.

NOTICE TO BIDDERS
Sealed proposals addressed to Mr. Pat Campbell, Mayor of Wilson, Texas, will be received at the office of the City Secretary until 10:00 a. m., C. S. T., April 28, 1950, for furnishing all necessary

STATED MEETING
of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members urged to attend. Visitors welcome. L. A. Forsythe, W. M. Edd Hamilton, Sec'y.

Cub Pack Plans For Post Camp

Pack 21 of the Cub Scouts, Tahoka, is laying plans for its annual Cub-Dad Camp on May 27 and 28 at Camp Post, according to Newt Smith, Cubmaster.

Health certificates and reservation blanks are being mailed out this week, and these should be filled in and mailed back to Mr. Smith immediately.

Fees for the camp are \$1.75 per person, to be paid on entry to the camp at Post. This includes all groceries, which are furnished. The only meal that Pack 21 will prepare will be the Sunday morning breakfast, and this will be prepared outside.

execute bond and guaranty in the forms provided within (10) days after notice of award of contract to him. Bids without required check or proposal bond will not be considered.

The successful Bidder must furnish performance bond on the attached form in the amount of 100 percent of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or offer Surety or Sureties acceptable to the OWNER.

All lump sum and unit prices must be stated in both script and figures. The OWNER reserves the right to reject any and all bids and to waive formalities. In case of All lump sum and unit prices stating the prices in the bids, the OWNER reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable or "unbalanced" unit prices will authorize the OWNER to reject any bid.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions.

Instruction to Bidders, proposal forms, specifications, and plans, are on file at the office of the City Secretary, Wilson, Texas, and PRICE & HAWK, 1509 Thirteenth Street, Lubbock, Texas.

Copies may be secured from the above upon deposit of \$15.00 which deposit will be returned to the Contractor on submission of a bona fide bid on the work, with such Plans and Specifications; or upon returning the Plans and Specifications immediately after examination of same, and advising the ENGINEER that bid will not be submitted; otherwise, the deposit shall be forfeited.

CITY OF WILSON, TEXAS.
By: Pat Campbell, Mayor.

NOTICE TO BIDDERS
Sealed proposals addressed to Mr. Pat Campbell, Mayor of Wilson, Texas, will be received at the office of the City Secretary until 7:30 p. m., C. S. T., April 27, 1950, for furnishing all necessary materials, machinery, equipment, superintendence, and labor for constructing a Water System for the City of Wilson, Owner, of Wilson, Texas.

Bidders must submit Cashier's or Certified Check issued by a bank satisfactory to the OWNER, or a Bidder's Bond from a reliable Surety Company, payable without recourse to the order of Mr. Pat Campbell, Mayor, in an amount of not less than five per cent (5%) of the largest possible bid submitted as a guaranty that Bidder will enter into a contract and

Farm Housing Loan Approved

The first loan in Lynn county under the Housing Act of 1949 which authorized Farmers Home Administrative to provide loans for construction and repair of farm dwellings and other farm buildings was announced this week by Perry Walker of the Lynn-Garza FHA office.

The loan is to Mr. and Mrs. H. D. Nelson for \$4,900.00 for a farm house and other improvements.

Mr. Walker says four applications are on file for approval. Under the FHA program, Mr. Walker says, loans for periods of 33 years at 4 percent interest may be made to farm owners who are otherwise unable to finance needed housing and other building improvements for themselves and their tenants. Veterans receive preference. The largest loan for minor repairs is limited to \$1,000, and for new construction \$5,000.

To be eligible for a housing loan, one must be a farm owner and unable to get a loan elsewhere and lack the necessary capital to make the needed improvements. He must be able to repay the loan from farm and other income. Tenants or farm laborers are not eligible but an owner may borrow money to build or repair houses and other buildings for his tenants.

W. E. Suddarth of San Angelo visited friends in Tahoka recently. He had been visiting in Lubbock and Amarillo and was returning home. His daughter, Ruth, is teaching in the San Angelo schools, and her husband, P. C. Windsor, is a teacher in San Angelo Junior College. Mr. Suddarth was a rural carrier here for several years before his retirement from the postal service.

HALL ROBINSON JACK ALLEY ROBINSON - PHONES 165 - 1515 LOCKWOOD STREET

Acting Governor Wardlow Lane, right above, has designated the week of May 1 as "Texas Motor Transportation Week" in special tribute to the state's trucking industry and in recognition of the leadership furnished the industry by Henry English of Dallas, the first Texan ever to serve as president of the American Trucking Associations. He is shown handing the official memorandum to Jim Taylor, executive director of the Texas Motor Transportation Association, which will hold its 16th annual convention in Dallas on May 4-6 this year.

HOLDING AN "ENEMY" BEACHHEAD—Members of the 10th Field Artillery hit the dirt in a simulated landing at U. S. Naval amphibious base in training for "Exercise Portrex," joint Armed Forces amphibious-airborne maneuvers in the Caribbean. Artillerymen defend themselves with light firearms while field guns are being brought ashore.

New Coventry Monument Glorifies Lady Godiva

Lady Godiva is on her horse again. This time Coventry's medieval heroine is of bronze, and her mount is the bronze steed of the statue recently unveiled by the wife of the U. S. ambassador to Britain.

The new monument in Coventry is an indication that this ancient English city, now gradually rebuilding its war-shattered homes, churches, and factories, has not forgotten its past.

In practical terms, this part is the story of steadily developing industries which have made Coventry one of England's economic leaders. To the world at large, however, the name stands for three other things:

It is a symbol of sacrifice by a modest woman who rode naked through the streets to ransom the people from cruel taxation.

There are skeptics who say that Lady Godiva's ride is a myth, and that the myth was merely romanticized by Tennyson's famous poem.

Whatever the exact facts, in the history-plus-legend of the event, it is recorded that Lady Godiva was the wife of Leofric, powerful 11th-century Earl of Mercia.

The earliest narrative of the famous ride was written by a 13th century author, based on stories growing out of the incident. According to this account, Leofric, in jest or anger at his wife's continued protests against the heavy taxes levied on Coventry's near-starving people, agreed to lift the burden if she would ride unclothed through the marketplace. At the end of her ordeal, the story goes, Leofric kept his promise.

Later a postscript legend was added, to the effect that only one of all the townspeople broke the pledge not to look during the ride. For his lapse, this "Peeping Tom" was stricken with blindness.

Former Citizen Recovering From Wreck Injuries

Mrs. M. L. Thomas of Grassland reports that her daughter, Mrs. J. N. (Jimmie Lou) Wilson of Stamford, was critically injured in a car accident in that city on March 27 but that she now is believed to be on the road to recovery.

Mr. and Mrs. Wilson teach school at Avoca but live in Stamford and drive back and forth. On the evening of March 27, they were returning home from their school in a car with another teacher. In the outskirts of Stamford, a car coming into the street they were traveling from a side road crashed into their car.

The other teacher and Mr. Wilson were only slightly injured, but Jimmie Lou sustained a badly fractured pelvis and other injuries to her back and hips. She was carried to the Stamford hospital and placed in a cast. Doctors say she will be confined to the hospital for six or eight weeks.

Mrs. Wilson was reared in the Grassland community, graduated from Tahoka High School, and from McMurry College, Abilene. She and Mr. Wilson have a 20-months old daughter.

CARD OF THANKS

Many friends and acquaintances were kind and helpful to us during the illness and death of our loved ones, Mr. and Mrs. J. M. Scott, and we wish you to know your acts of kindness were deeply appreciated. May God bless you, one and all, is our prayer. —Miss Ethel Callahan, Mr. and Mrs. J. C. Redus, Mr. and Mrs. Harral Scott, Mr. and Mrs. W. L. Greene, and other relatives.

DORCAS CLASS MEETS WITH MRS. HAMILTON

The Dorcas Sunday School Class met in the home of Mrs. Edd Hamilton Tuesday evening, April 11. Sharing hostess duties with her was Mrs. Hoyette Hodges.

The meeting was opened by singing the Class song. Mrs. Urban Brown led in prayer, and roll call followed. Mrs. C. N. Woods brought the devotional, using the life of Moses as the subject. Minutes of the previous meeting were read by Mrs. Bill Cathcart, followed by a business session.

Committees were appointed for the Mother's Day party in May, namely: Program, Mmes. Roy Hicks, Ivan McWhirter and Urban Brown; Refreshments, Mmes. Virgil Carter, Bill Cathcart, and Dave Polk; Decorations, Mmes. Edd Hamilton, Hollis Hill and Clyde Spruiell.

Special prayers were then offered, followed by the exchange of gifts between the members present.

Mrs. Virgil Carter conducted a social hour, after which refreshments were served to Mmes. J. A. Biggerstaff, Roy Hicks, Urban Brown, Virgil Carter, Dave Polk, Ivan McWhirter, Clay Bennett, C. N. Woods, Bill Cathcart, Lawrence Harvick, Hoyette Hodges and Edd Hamilton and Miss Lois McWhirter.

The class enjoyed the presence of two visitors.

A cordial invitation is extended all class members to be present both for Sunday School and for the monthly class meeting, as we need you, the church needs you, and Christ needs you. —Reporter.

RUPTURE

SHIELD-EXPERT, H. L. HOFFMANN of Minneapolis, Minn., will demonstrate, without charge his "Rupture Shields" in LUBBOCK — HOTEL LUBBOCK WEDNESDAY, APRIL 26

From 10 A. M. to 3 P. M. Please come early. Mr. Hoffman says: "I have specialized in the field of Rupture Correction since 1928 and personally fitted well over ten thousand cases. When skillfully done most Rupture openings will contract in a short time. Above all you can go to work immediately without fear or pain. There are many of my satisfied customers right here in this community. Special lady attendant for WOMEN & Children. Ask for Mrs. Hoffman."

CAUTION: If neglected, rupture may cause weakness, backache, nervousness, stomach and gas pains. People having large ruptures, which have returned after surgical operations or injection treatments, are especially invited. "If you want it done right, don't experiment. See HOFFMANN." If unable to see him at this time address:

Hoffmann's Surgical Appliance Co.

933 ANDRUS BUILDING
Minneapolis 2, Minn.

Poultry Disease Viruses Survive Sub-Zero Cold

Poultry growers who rely on very dry or freezing weather to kill off disease germs in their flocks may be in for a long, long wait.

New evidence that the popular "dry and cold" theory of disease control does not apply to deadly virus infections of poultry has been furnished.

Viruses responsible for common poultry diseases—including fowl pox, bronchitis, and laryngotracheitis—were frozen, dried by laboratory methods, and then stored in the dry state at temperatures constantly below zero. The stored viruses were tested at intervals on poultry to see if they would produce infection.

It took almost two years for the weakest virus to lose its infection-producing power, veterinary scientists reported, while some of the other viruses remained infective for nearly ten years.

Similar research has shown that the virus which causes Newcastle disease is likewise highly resistant to freezing temperatures. Living viruses capable of causing Newcastle disease have been found in the bone marrow and muscle of poultry carcasses chilled or frozen for as long as six months.

Early Days of Street Car

New York pioneered tracked vehicles with Broadway horsecars in 1827. London waited until 1861. The first electric traction line of any extent is credited to Richmond, Virginia, in 1858. Streetcars really pushed forward from 1902 to 1917, while the motor vehicle was still an infant. Trolley excursions were popular, traction companies had plain and fancy cars that could be chartered, and built amusement parks as goals of excursion runs. Baltimore's black-adorned funeral car, Dolores, did a brisk business for years, since the city's cemeteries were mostly along the trolley lines.

Center of Learning

An educational and literary center from early times, Edinburgh, Scotland, was already well launched on its golden age of learning when the New Town was built at the end of the 18th century. Associated with the city, among the gifted company that included Scott and Stevenson, are such notables as the fiery 16th-century reformer, John Knox; philosopher David Hume; economist Adam Smith; biographer Boswell; J. M. Barrie, novelist and playwright; and Alexander Graham Bell, inventor of the telephone. Present-day Edinburgh has a population approaching the half million mark.

Cleaning Venetian Blinds

To clean those Venetian blinds, use a cloth wrung out of warm, soapy water. Rinse in clear warm water and dry. Smudges may be removed before washing with art gum. A coat of wax will help the blinds resist dust and greasy film. The tapes can be dusted with a brush, or cleaned with a special attachment of the vacuum cleaner. A clever aid on the market for cleaning blinds is a pair of tongs. A pair of wool pads for dusting are interchangeable with a pair of sponges for washing. With this gadget, you can get at both sides of the slat at once.

The Lynn County News

"ENEMY" LANDING PARTY—U. S. "assault" troops in "Exercise Portrex" communicate with landing craft by means of walkie-talkie while they struggle through the white sand of Puerto Rican beach.

SCS Men Will Hear Governor

Soil Conservation leaders from the Lynn County Soil Conservation District have been invited to hear Governor Allan Shivers at a special conservation observance in Tullia, May 19.

These include C. C. Swope, Wilson; H. O. Hargett, Tahoka; R. L. Littlepage, Tahoka; W. R. Ledbetter, O'Donnell, and K. K. Moore, Wilson.

The Texas governor will make his address during a dinner observing Soil Conservation Week. The dinner will begin at 8:00 o'clock in the new Tullia High School gymnasium. Women of the Swisher County Home Demonstration Council will serve. More than 500 guests are expected.

Fifty-one counties are represented in the observance. They are the counties which comprise Region I of the state soil conservation organization.

Tullia is also the site of the Region I awards program which will be held May 10. This is the program sponsored by the Fort Worth Press.

Governor Shivers is expected to fly into Amarillo the afternoon of May 19. He will be met there by a special reception committee from Tullia and an escort of Texas Highway Patrolmen.

Fred Wemph, chairman of the Texas Highway Commission, from Midland, will introduce the governor.

Johnny Linn, known as Uncle Jay, will be master of ceremonies. Mr. Linn handles the early morning farm programs over Radio Station KGNC in Amarillo.

Now is a good time to inspect and make needed repairs on the house and other farm buildings. Leaks and structural defects should be repaired before they become big expense items.

34 Students On New Honor Roll

(By Dick Moore)

Thirty-four Tahoka High School students made the honor roll for the fifth six weeks. Girls outnumbered boys on the honor roll list, 24 to 10.

To make the honor roll at THS a student must make A's, with not more than one B.

Students making all A's on the fifth six weeks honor roll were: Carolyn Henderson, Charles Ware, Delwyn Tunnell, Marjorie Clinton, Mary Louise Fenton, Joyce Isbell, Wanda Norman, Betty Huddleston;

Arlene Redman, Margaret Redman, Elna Dunagan, Jolene Bragg, Ewayne Crotwell, Jane Shepherd, Wendell Moore, Wayne Adair, John Shepherd, Patricia Inman, Jo Raindl, Poneice Riley, Sue Findt, Pat Sherrod, Jo Anne Bennett, JoAnn Thomas, Dan Martin, and Wanda Short.

Those making all A's, with the exception of one B, were: John Foster, Eunice Shepherd, Jackie Stephens, Bobby Lehman, Jane Henderson, JoAnn Scott, Tommie Whorton, Loretta Henry, Almon Crotwell, and Mary Ann Tankersley.

Big Spring, Texas

TREAT EARLY FOR HORNFLY CONTROL

College Station, Apr. 13. —A tiny fly, grayish to black in color and about 3/8 of an inch long about this time of year or a little later begins to rob the livestock producer of pounds of beef and dollars that could be profits. This small bloodsucker, according to James A. Deer, assistant extension entomologist of Texas A. & M. College, is the hornfly.

It is seen principally on the head, neck and shoulders of cattle often in great numbers and if permitted to multiply, they may cover 50 percent of an animal's body, says Deer. The hornfly has a very short life cycle—10 to 14 days. This factor, points out Deer, makes it possible for very heavy infestations to build up in the spring before the producer notices their presence. Control measures should be used early to check the multiplication in the first generation. The first spraying is very important and may reduce the to-

tal number of sprayings needed during the summer. Animals should be given the first treatment when the fly population reaches an average of about 25 flies per animal.

Deer says there are two insecticides which will give very effective control against the hornfly. DDT has been successfully used for several years and a .5 percent spray or dip will give excellent results. Toxaphene is the other recommended material and it is also used, at a .5 percent strength. It is recommended only for use as a spray. Deer adds that toxaphene has given equal or superior results when compared to DDT for hornfly control.

He points out that numerous tests have shown that cattle kept free of hornflies gained from 10 to 20 pounds more per month than those not treated. Ten pounds of 40 percent wettable toxaphene or eight pounds of 50 percent wettable DDT in 100 gallons of water and used as a spray will protect

Teachers Plan Final Exams

Final exams and exemptions were the main topics of discussion in the weekly meeting of Tahoka High School teachers.

Final exams will be given May 16 and 19 for everyone except seniors, who will have their exams May 11 and 12. The Senior Trip to San Antonio is set for May 16-19. The Baccalaureate Sermon will be held May 21, and Commencement Exercises, May 23.

To be eligible for exemption in a course, a student must have an average of 90 or above in that course. Only the spring semester grades are counted.

A student cannot be exempt in a course if he has less than an A- in conduct in that course.

April 30—May 6 is National Home Demonstration Week.

cattle for a period of 20 to 45 days says Deer.

**Pictures Shown
At Rotary Club**

One of the most interesting programs of the year was presented at the Rotary Club Thursday noon of last week by the program chairmen for the month, Vernon Brewer and Russell Magee. Nolan Von Roeder of Snyder presented some beautiful and entertaining color moving pictures of his big game hunts last fall and winter in Utah, Colorado, and the Hill Country of Texas. The pictures were even more interesting to the Rotarians because of the fact that Lynn county men took part in each of the hunts.

Prior to the showing of the picture, the Third Grade Rhythm Band of the local schools, presented a 15-minute program of music, which likewise was unusually entertaining. Mmes Zuma McWhirter, Linnie Finch, and Frances E. Dunagan are teachers of the third grade classes. Janelle Toler, High School senior, was the accompanist.

Charles Stewart was present as a new member of the Rotary Club. Rev. Geo. Dale, former Tahoka Baptist pastor who is conducting a revival at Post, and several Post Rotarians, including James Minor, also formerly of Tahoka, were visitors.

**Students Enter
League Meet**

(By Pat Sherrod)

Five Tahoka High School students will enter regional Inter-scholastic League contests Friday (today) and Saturday at Texas Technological College, Lubbock. The students and events they will enter are: Sue Findt, short-hand; Wendell Moore and John Shepherd, number sense; Jolene Bragg and Pat Sherrod, journalism.

Floyd Tubb, commercial teacher, and Preston Clark, journalism teacher, will accompany the students to the contests.

Senior to Visit Tech
The Senior Class of THIS will make a school journey to Lubbock Friday afternoon, as guests of Texas Technological College. They will visit engineering and home economics exhibits on the Tech campus.

Two THIS exes who are now Tech students—Bennie Pridmore and Charles Dollins—came down last week and invited the seniors to attend the shows, look over the Tech campus, and visit the dormitories.

The engineering show is presented annually for graduating seniors of high schools in the Parhandle-South Plains area.

Mr. and Mrs. T. M. Lockaby and son Danny attended the funeral of Mrs. Lockaby's nephew in Waco on Monday of this week.

**Cemetery Meeting
Is Called Again**

Last week, officers of Tahoka Cemetery Association attempted to call a meeting for the purpose of electing officers and attending to other important business. Mrs. Helen Ellis, president, says only two members showed up.

She is calling another meeting for 3:00 o'clock Saturday afternoon in the District court room, and asks that those who have relatives buried in Tahoka Cemetery be present.

It is imperative that new officers be elected, as old officers and directors have either resigned or quit. Unless something can be done soon, Tahoka's City of the Dead will have no one to see that proper care is taken of the graves and premises.

**Waggoner Carr Is
Veteran of War**

The News' attention has been called to an error of omission (one little figure which meant a lot) in the recent announcement of Waggoner Carr, county attorney of Lubbock county, who is seeking the office of Representative in the Legislature from this district.

We stated that Carr spent "3 months" in the Army, when we should have said 37 months, or a little over three years.

The News wouldn't blame Waggoner if he had raised a big ruckus about such a blunder. We know from what many ex-Army men have told us about how slow time passed while they were in the service, that no one could possibly mistake three months service for 37 months service.

But, Waggoner is a fine young gentleman with ability who will, if elected, give this district and the State of Texas excellent representation, and we hasten to apologize for the error.

**Negro Fined On
Assault Charge**

Jesse Smith, O'Donnell Negro, was assessed a fine of \$25.00 and costs when he appeared before Judge Tom Garrard Monday on a charge of aggravated assault, according to Sheriff "Slick" Clem. Smith is alleged to have struck his wife in an argument at O'Donnell Sunday night.

IN APPRECIATION

Words cannot possibly express my deep and abiding appreciation to all my friends, neighbors, and Bethel Church for the kindness shown me during my stay in the hospital and since I came home. The many lovely cards, letters, gifts, and flowers I received were a great inspiration to me, and your visits brought unending cheer. Your thoughtfulness shall always be remembered. May God bless you. —Mrs. Lonnie Williams, Route 3.

Dale Willhott, 15, son of Mr. and Mrs. Vernon Willhott, is reported by Tahoka Hospital to be improving from pneumonia.

April 30—May 8 is National Home Demonstration Week.

**Parent-Teachers
Elect Officers**

The Tahoka Parent-Teacher Association met Thursday afternoon of last week for the election of new officers and a business meeting.

An address by the guest speaker, Rev. C. A. Holcomb, Jr., and a number of songs presented by Mrs. Donaldson's sixth graders, highlighted the program.

Rev. Holcomb said, "We teach our children both by precept and example set in our own lives." Mrs. Donaldson has gone a long way in the three years she has been working with our children in public school music. This was evidenced by the harmony of the sixth graders. Their singing was enjoyed by all present.

The Association voted to buy three band uniforms and to contribute ten dollars to the High School Library fund. They also asked that Mrs. Witt and Mrs. Cathcart go to the District P-T, A. Conference in Slaton as Delegates.

The following officers were elected: Mrs. John Witt, president; Mrs. Ivan Cathcart, vice president; and Mrs. V. J. Lowrance, secretary-treasurer. —Reporter.

**Draw Methodists
Complete Building**

Special services next Sunday morning will mark the opening of the new Draw Methodist Church School Annex, according to Rev. J. W. Hawkins, pastor of the church.

The newly completed addition to the church building contains five class rooms, two of which join together to form a Fellowship Hall, a pastor's study, and rest rooms.

Sunday School services begin at 10 a. m., with preaching at 11 a. m. and 8 p. m. There will be special musical numbers on the program.

Rev. Hawkins states that they hope and expect more than 100 at the Sunday School service. He hopes that all members will be present, and a number of visitors are expected.

DIXIE H. D. CLUB NEWS

Miss Graham Hard presented an interesting talk and demonstration on finishes for furniture, new and used, at a meeting of the Dixie home demonstration club Wednesday afternoon, April 19 in the home of Mrs. E. J. Cooper, with Mrs. Clifton Hamilton as hostess.

Minutes of the last meeting were read by Mrs. J. O. Allen. Mrs. E. R. Tunnell was named to attend the meeting on making whole wheat breads.

Several of the club members are planning to attend the district meeting at Littlefield, April 25.

Refreshments of sandwiches, potato chips, cookies, and coffee were served to twelve club members and Miss Hard.

Mrs. T. D. Dunlap will be hostess to the next meeting at 2:30 p. m., May 3, in her home.

**Former Citizens
Visit Tahoka**

A. M. Sullivan of Coahoma and Big Spring and E. H. Boulloun of Big Spring, both long-time Tahoka citizens were here Thursday of last week visiting old time friends.

Boulloun was in the grocery business here for nearly a quarter of a century before moving to Big Spring a few years ago.

Sullivan has been away for 24 years, but declares he has never forgotten his many Lynn county friends and often thinks of them and of Tahoka. He has been in ill health for several years, but of late his health has been better. He reports that Mrs. Sullivan is getting along fine.

Mr. Sullivan came here in 1912, but moved to Coahoma in December, 1926, where he is engaged in the real estate business, the same business he followed in Tahoka. He also has a monument business a nice display in North Big Spring on the Lamesa-Tahoka highway.

**Garden Club Will
Hold Plant And
Seed Exchange**

Tahoka Garden Club will have a plant and seed exchange on Friday, April 28, at 10:30 a. m. in the yard of Mrs. L. C. Haney at 1629 North 5th Street.

Anyone with plants or seed who wishes to exchange for something in your neighbors yard, should bring plants and seeds, labeled. Mrs. Terry Thompson, chairman of the committee, states.

This is for the public, not just for Garden Club members.

Plants to be exchanged must be in Mrs. Haney's yard by 10:30 a. m.

Treating the small cut and hills that are scattered over a wide area will do little or no good. Locate the main colony and concentrate on it.

**Lodge Has Past
Masters' Night**

Tahoka Lodge A F & A M observed Past Masters' Night last Tuesday evening with a dinner at the Legion Hall, followed by a meeting in the Lodge Hall at which the Past Masters conferred the E. A. degree.

Visitors were present from lodges in O'Donnell, Brownfield, Post, Meadow, and Lubbock, and two Masons from Louisiana and one from Arkansas were also present.

Past Masters present included Happy Smith, Vic. Botkin, Clint Sikes, Ed Hamilton, C. H. Cain, Walker Anglin of Lubbock, and C. R. Riley of Brownfield. L. A. Forsythe is the present W. M.

A total of 110 men attended the meeting.

Negro Is Found Dead At Home

Robert Barber, aged about 65, Negro handyman, was found dead in his house at Wilson last Saturday night by a Negro friend who went to the house. Decomposition of the body had set in, and it is believed he died of natural causes about April 9 or 10, five or six days before being found.

Stanley Funeral Home and others made every effort to locate some of his relatives but had no success, and he was buried in the Tahoka Cemetery late Monday.

Though he was believed to have a sister in Lubbock and that his mother lived, or had lived, in Beaumont, neither could be located.

Katie Lou Riggs And James Wells Wed At Church

Katie Lou Riggs, daughter of Mr. and Mrs. W. E. Shumate of Oklahoma City, was married to James E. Wells, son of Mr. R. C. Wells of Tahoka, at 7 p. m. Thursday of last week at the First Methodist Church in Tahoka. Rev. C. A. Holcomb, Jr., pastor, officiated.

Mrs. David Evans, vocal soloist, was accompanied by Mrs. Pat Hutchison, organist, who provided the wedding music. Misses Tommy Whitton and Carolyn Collier lighted candles. Peach gladioli and ferns decorated the candle-light altar.

The bride, given in marriage by Mr. A. M. Bray, wore an ivory lace gown over ivory bridal satin fashioned with full-length sleeves, a sweetheart neckline, and full skirt. A tiara studded with pearls held her shoulder-length veil and she carried bronze orchids on a lace fan.

Mrs. A. M. Bray, matron of honor, wore a bronze satin dress and hat and carried a bouquet. Mrs. Janie Shumate, bridesmaid, wore a pink satin dress and hat and carried a bouquet.

John W. Wells served as best man. The ushers were Wade Holland, R. C. Wells, Jr., W. C. Harvick, Jr., and Glen Wells.

A reception was held in the home of Mr. and Mrs. R. P. Weathers following the ceremony. The refreshment table was covered with a lace cloth over ivory satin. A double ring cake placed on a reflector, candelabra, and pink lilacs decked the table.

Following a short trip to the South, Mr. and Mrs. Wells are making their home in Tahoka.

NEPHEW IS HOME FROM SAUDI ARABIA

Mrs. E. S. Davis brought The News a clipping Wednesday from the San Angelo Standard telling of her nephew, Alden Wiggell, who, with his wife and son, Terry, were visiting at his home there after spending 30 months in Saudi Arabia working for an oil company as a driller.

He told the Standard reporter many interesting things about life in Arabia, including the fact they live in an American community of 350 people, in an air-conditioned house, are able to get most foods found in America, the Arabian-American Oil Co. (owned by Standard) is the only company in the country and operates one of the biggest fields in the world. They will return to Arabia by plane shortly.

Rev. C. A. Holcomb, pastor of the Methodist Church, underwent major surgery at Tahoka Hospital Monday. He is reported to be recovering satisfactorily.

Pythian Sisters Plan Initiation

Pythian Sisters of Lynn Temple No. 45 met Tuesday, April 17, at 7:30 p. m. for their second meeting of the month. Roll call was made and absentees were noted. Two of the officers were absent. They were not excused.

Some mention was made of going to Grand Temple next month. It was voted to have initiation on the first meeting night of May, this being May 2. Ballot was taken on eight names for membership.

Several brought packages to send to Grand Temple for a parcel post sale they are to have during the session.

Another item of interest to each one in the Temple was the reinstating of Jewell Munn. She had been a member for years but due to ill health was not active this past year. We are happy to have her back with us.

After the business session was over, a very lovely and fitting memorial service was conducted by officers and members in honor of Millie Hill, past chief of the Temple, who passed away last January. In the eulogy given by Past Chief Myrl Mathis, it was

pointed out that she was a charter member of Lynn Temple. In fact, she was one of the very first ones to be Past Chief. Her works were praised, and a vacant chair was draped in her honor.

Those taking part besides the present officers and Myrl Mathis were Past Chiefs, Nina Short, as Excellent Junior, Florine Best, pianist, and Fannie Lee Seyer, who read the Scripture. The flowers, representing the colors of all the stations, and linked together by ropes of myrtle, were taken to the cemetery and placed on the final resting place of the Past Chief.

Due to the fact that we are to

have initiation at our next meeting, a called meeting has been set for Tuesday evening, April 28, at 7:30. This meeting is for the special purpose of practicing for initiation. All officers and each member who possibly can be in the degree staff is urged to attend.

After the meeting was adjourned, refreshments of chicken salad sandwiches, punch and cookies were served the members present by Lou Calvery, Elnora Curry, Tommy Terry, and Emma Halamick.—Reporter.

THE AMERICAN WAY

Ain't It the Truth!

Odds AND Ends

(By E. I. The Elder)

This little town of Eddy, where my brother lives and where I have been staying much of the time recently, is the native habitat of Senator Connally. One standing on the sidewalks of Eddy and looking eastward across a block land farm, may see on the crest of a hill three-quarters of a mile away the stately two-story, boyhood home of the man who has now served with distinction for many years as U. S. Senator from Texas and who has gained additional luster for his important service in helping to shape the foreign policy of our Government and in consequence thereof has become a world figure.

Well, this same Tom Connally

is just as well known to the people of Eddy as Walter Slaton or C. H. Cain or Tom Garrard or any other old-timer there is known to the people of Tahoka. One of his sisters, Mrs. Bertha Connally Moore, still resides at the old homestead, which she now owns. Another sister, Mrs. Ola Connally Laughlin, lives in the second house up the street from my brother's residence and calls to see him often as he lies on his bed, crippled from an accident. Another sister, Mrs. Lila McKay, lives in Mexia. She is the wife of Sparks McKay, who is closely related to the well-known Sparks and McKay families of Bell county, a daughter of John McKay having married Clay McCoy, the son of Mrs. Dr. McCoy of Tahoka.

Furthermore, Hiram Stator, Jr., of Waco, who is a nephew of Tom Connally, being the son of his deceased sister and her husband Hiram Stator who was reared in the near-by town of Moody, is a prominent member of the state legislature. Incidentally, it might be stated that a son of Tom Connally, who was a practicing attorney in Houston, was recently appointed as a federal judge in that city.

When Tom Connally's mother died a pumber of years ago his father having died previously, three Eddy men were appointed by the court as commissioners to divide the estate, which consisted of the home place, more than 1200 acres of farm and ranch land in Coleman county, and other property. One of these commissioners was the brother of this writer. Many of the boyhood friends of Tom Connally still reside here and in other towns and cities of this area. He was educated in Baylor University and the University of Texas. In early manhood he served for several years as county attorney of Falls county. His tracks may be seen everywhere in that county yet, especially in Marlin.

which fine little city I have visited twice since being in this area.

By the way, the last time I was in Marlin, one of the first men I saw after my arrival was J. E. Rice of the Joe Stokes community, Lynn county. He was accompanied by his son Boyd Rice, who was formerly a rural mail carrier out of Wilson and also, at Tahoka for awhile, and is now performing the same kind of service at Kosse, some 20 miles east of Marlin. Also with him was the elder Rice's son-in-law, a Mr. Arnold, who resided for a time in the Dixie community, Lynn county, before moving out to the Plains many years ago, the Rices lived in Milam county near the Bell and Falls county lines. We certainly were glad to see a Lynn county man, especially a good friend like J. E. Rice, for Lynn countyites are rare animals down in this area.

Speaking of boyhood friends, I met one the other day who told me of two fistic arguments he had with Tom Connally when both were kids, the two being almost exactly the same age. They were on their way with other kids to a swimming pool in a creek not far from the Connally home. They had a disagreement about something and proceeded to settle the matter by a resort to arms, their "arms" consisting of their fists. In the first encounter, Tom blooded Herschel's nose and messed up his face considerably. Herschel was not thoroughly satisfied with the outcome of that encounter and so renewed the quarrel at the swimming hole. A second combat followed, and Herschel claimed the other day that in that contest he got Tom down, rubbed his face

in the mud and also rubbed mud in his hair.

We do not have Tom's version of that affair but we do know since he has grown up and been in politics no opponent has gotten him down politically or successfully rubbed mud in his hair. Furthermore, Herschel has not felt like fighting Tom since but we'll bet he would fight for him mighty quick in any kind of contest that Tom might engage in.

Over at Marlin the other day we noticed a nice federal building constructed when William G. McAdoo was secretary of the treasury. If we remember correctly, Tom Connally was then a freshman in Congress. We have an idea that he had some hand in securing the appropriation of funds for the building of that handsome structure. Other citizens of Marlin may have had much to do with it also, for they seem to have a progressive bunch over there. They have a beautiful and magnificent courthouse, built some twelve or fifteen years ago, that must have cost 200 or 300 thousand dollars even at that time. That is a sign either of progressiveness or of prodigality.

We have noticed evidence of the some awakened progressiveness—or prodigality—in many other cities and towns in central Texas. At Belton, they are remodeling and enlarging their courthouse there at an expense of about \$135,000. In McLennan county they have recently voted bonds for building a jail and remodeling their courthouse at Waco, we understand. Similar improvements have been made or are being planned in other counties in this area. Work is soon to begin in earnest on a super-highway to run through Texas from Dallas to and through Waco, Temple, Austin, and San Antonio—and we know not how much further in either direction. It is to be

a four-lane thoroughfare.

While most of these counties are far behind Lynn county and other South Plains counties in the construction of farm-to-market roads, yet the people are beginning to wake up to the importance of building them also. McLennan county recently voted \$190,000 to build these secondary roads; but \$190,000 will probably build not more than thirty miles of such roads. Considerable mileage has already been completed. Just last week a stretch of such road a little more than six miles long was completed connected Moody and Eddy.

Some of these days, we opine, Tahoka will be wanting a post office building. We would not advocate the construction of such a building as a mere hand-out to Tahoka, but if and when it becomes a matter of good business for the Government to build such a structure rather than to continue to pay rent, then we hope that it builds one that will be a credit to the town and county.

Guess they are about ready to begin putting the hot top on some of Tahoka's streets as well as on the new highway to Wilson and

Slaton. We hope also that Lynn county gets some extension of her farm-to-market roads this year. Adios.

It is dangerous economy to build steep stairways to save space, especially if they are used infrequently. Every stairway should have the protection of a guard rail—low enough for children.

You can't beat newspaper advertising; it's been tried!

April 30—May 6 is National Home Demonstration Week.

SEE WHAT YOU'RE DOING!

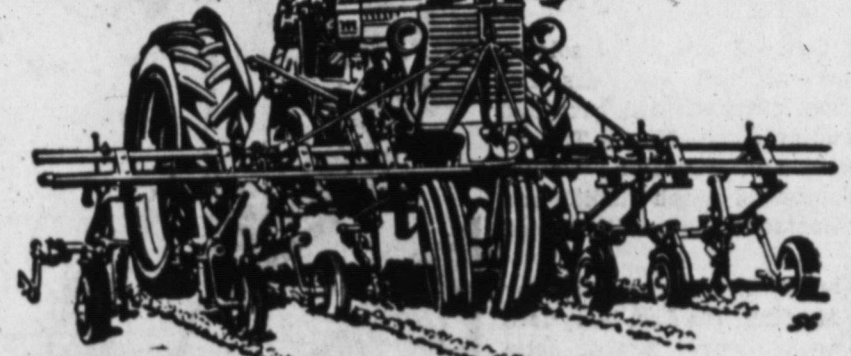

- Because MM tractors are completely VISIONLINED... permitting you to see easily the work being done without stretching or straining.
- Because cultivator gangs are mounted just behind the front pedestal where it is easier to see and to dodge out-of-line plants.

MM Universal tractors and famous Quick-On—Quick-Off cultivators are a combination hard to equal for getting work done fast and efficiently. This is especially true since new Uni-Matic Power gives added smooth, positive control. The gangs of MM cultivators enter, stay, and leave the ground in level position because of the parallel link tie-up to the main tool bar. Gauge wheels assure even ground penetration by the outer gangs no matter how uneven the field.

NEW UNI-MATIC POWER
Optional on all MM Tractors is the new hydraulic unit for raising, lowering, and controlling mounted and pull-behind implements. Get more work done every hour with less effort.

EQUIPMENT TO SUIT YOUR CROPS

A complete selection of attachments, shovels, springtooth, fertilizers and the new rotary hoe are available. Let us tell you how you can turn cultivators into drill planters at big savings.

Tahoka Implement Co.

Look how you save with Dynaflow

FIRST thing you notice, of course, is the bother and effort Dynaflow Drive* saves.

Next, that Dynaflow saves you physically—after long trips you're less tense and tired, more relaxed.

But then, as the miles pile up—and this comes from cold, recorded fact after Dynaflow's two years of public operation—you spot savings you hadn't expected...

You save on tires—because power application is steady, even. On clutch expense—the usual friction clutch is gone.

You save on transmission maintenance, and the rear-axle expenses likely to go with it. And the way your engine is oil-cushioned against normal shocks and strains shows up in less engine upkeep.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

You may well discover another pleasant surprise, too.

We are getting a steadily mounting number of well-satisfied letters about gasoline mileage with Dynaflow cars.

The SPECIAL has shown some records little short of phenomenal. The SUPER is delivering mileage that compares most favorably with gear-shift cars. And the ROADMASTER more than holds its own with cars of its size and bulk.

In short, there's a lot more to please your budget in the 1950 Dynaflow than its new lower price. Refinements over the past two years result in savings that are sizeable over the life of the car.

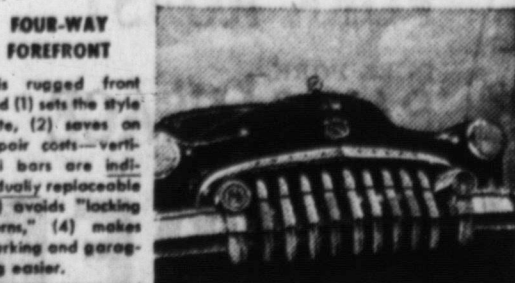

Knowing that, don't you want us to demonstrate the big side of Dynaflow—the utter smoothness of America's first oil-does-it-all drive?

Only Buick has Dynaflow—and with it goes HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER model.)

- NEW-PATTERN STYLING, with MULTI-GUARD front-end, taper-through fenders, "double bubble" taillights
- WIDE-ANGLE VISIBILITY, close-up road view both forward and back
- TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius
- EXTRA-WIDE SEATS cradled between the axles
- SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube
- WIDE ARRAY OF MODELS with Body by Fisher.

Matchless Team — DYNALOW and F-263

In the Buick beauty pictured here you can have both Dynaflow and Buick's very latest in power. For every 1950 SUPER has the F-263 engine, that lively high-compression stepper that's the big power thrill of the season. Dynaflow Drive is optional equipment at extra cost.

FOUR-WAY FRONT
This rugged front end (1) sets the style note, (2) saves on repair costs—variety bars are individually replaceable (3) avoids "locking horns," (4) makes parking and garaging easier.

McCullum Wood Works in Lubbock, Texas

New Wilson School One of Most Modern In Section

Wilson High School's new building completed three weeks ago, is one of the finest and most complete small school buildings anywhere.

This a reporter from The News discovered on inspection of the building on Friday of last week.

There are many buildings much larger, but there are none finer. Other work will be done this summer on the grade school building and other school buildings, and when this work has been done, the Wilson district will have one of the most complete small school plants in the country.

In March of last year, the Wilson school district voted \$175,000 in bonds with which to build the new high school and cafeteria and to remodel the old plant.

A completely fire-proof high school of 48,000 square feet floor space was erected at a cost of about \$118,000, and a separate building for the school cafeteria, 40 by 80 feet in size, was built at a cost of about \$12,000. Butler and Brasher were the architects, and John T. Glover and Son the contractors.

Everything is fireproof except the doors and some of the furnishings. The superstructure is of brick, tile, concrete and steel, with

aluminum double-hung windows, fireproof roofing, aluminum Venetian blinds, asphalt tile floor covering in the rooms and terrazzo flooring in the halls and rest rooms. Glazed tile wainscoting is used in the hallways.

A beautiful auditorium of 476 seats acoustics and containing 476 opera chairs is an outstanding feature of the building. There are dressing rooms, a ticket booth, and a concessions room.

There are offices for the superintendent and principal, a vault for school records, and a book room. A public address system keeps the principal's office in touch with all class rooms at all times.

There are five classrooms, a study hall-library seating 60 students, and a home-making department. School authorities are especially proud of this department, as it is equipped with practically every device for the teaching of home-making methods, including three new gas ranges and one electric range, kitchen cabinets, sewing machines, vacuum cleaners, tables, individual material drawers for each girl, etc.

The Vocational Agriculture department is temporarily housed in the new building, but plans are to

erect a special shop and classroom this summer for this department.

The building has a hot air heating system which can be converted to air conditioning, also, if found necessary.

Wilson is especially proud of its new trophy case in the hallway just outside the auditorium, in which are displayed the scores of trophies its athletic teams and literary event competitors have won down through the years.

Among the most notable of trophies won were Class B district championship in six-man football in 1947 and 1949 and the district basketball championship in 1929, when all schools competed in the same class. Incidentally, back in those days Wilson was Lynn county boys' champion for seven successive years.

This summer, the board plans to rebuild the old main school building. The top floor will be taken off, and the rest of the building modernized for grade school purposes. Surplus material will be used to construct another small building—a workshop and classroom for the Vocational Agriculture department.

The gymnasium has been improved, and other athletic equipment is being added. Wilson is seeking to build back its athletics, which for a few years, particularly in boys' basketball has not been up to its old par. Girls' basketball is not the best, but is above average at that. The football boys have been doing all right for themselves, and the school is planning to go to 11-man football in the future.

Wilson has about 90 students in high school, and about 250 students in grade school.

Improvements of the plant have been under the administration of a school board composed of B. F. Brieger, president; Jasper Campbell, secretary; Clarence Church, C. C. Swope, Newman Bartley, T. B. Mason, and B. W. Hobbs. In the recent school trustee election, Church, Campbell, and Mason were re-elected to the board. In the board reorganization, Mr. Church was named president and Mr. Swope, secretary.

The school faculty is headed by Superintendent J. P. Hewlett, who is serving his third year with the schools, coming to Wilson from Southland.

H. G. Hamrick is High School principal and teaches government and economics; A. H. Smith, vocational agriculture; H. A. Sayles is coach and also teaches history; Mrs. Bullard, mathematics; Mrs. Jeanne Scarborough, English; Mrs. A. J. Sayles, homemaking; Mrs. Zane Brewer, commercial subjects.

The grade school is composed of: L. G. Fuller, principal and eighth grade; Mrs. L. G. Fuller, seventh; Mrs. Ruth Nelson, sixth; Mrs. Elmer Blankenship, fifth;

Political Announcements

The Lynn County News is authorized to announce the following candidates for office, subject to the Democratic primaries:

For State Representative, 119th District:
Forrest Weimhold, Levelland.
Waggoner Carr, Lubbock.

For District Judge:

F. E. Redwine.
Will Edd Tredway.
John Earles.

For Commissioner Prec't. 4:
G. W. (Dick) Turner, (re-election).

For District Clerk:
W. S. (Skip) Taylor (re-election).

TAHOKA GARDEN CLUB HAS GUEST SPEAKER

The Tahoka Garden Club, now a member of Texas Garden Clubs, Inc., met Tuesday afternoon and Mrs. L. C. Haney introduced the guest speaker, Mrs. John Powers of the Lubbock Garden Club. She talked on the "Iris" and gave a demonstration on dividing the plant for resetting.

Mrs. Fry, a Lubbock "Iris" enthusiast, spoke on "Types and Varieties of the Iris." A beautiful horticultural exhibit of thirteen varieties of this flower as grown in the iris gardens of Tahoka was brought to the club and the scrapbook of the club's activities, being compiled by Mrs. Vernon Brewer, was presented.

Mrs. Walker of Grassland told of her sixty-four varieties of the iris. The two flower arrangements for the meeting were of tulip, lilac, and iris. —Reporter.

ORDER EASTERN STAR

Tahoka Chapter 743 Order Eastern Star will have initiation Monday, April 24. Meeting time is 8:00 p. m.

Era Stewart, Sec'y.
Omega Hensley, W. M.

It is dangerous economy to build steep stairways to save space, especially if they are used frequently. Every stairway should have the protection of a guard rail-low enough for children.

The minimum sized septic tank should hold no less than 500 gallons. Tanks that are too small soon become over loaded with sludge and raw sewage and this will pass into the disposal field and clog up the system.

At Rodanthe, a small village on wind-swept Hatteras Island, off the North Carolina coast, residents still celebrate Christmas on January 6, the age-old Twelfth Night.

Lubbock Man Lions Candidate

The political pot of District 2T-1, Lions International was set all Harvey, member of the Lubbock last week with the announced candidacy of Dr. Marshall Harvey for the office of District Governor. Election of officers for the coming year will provide the climax of the 1950 District 2T-1 Convention meeting in Childress, Texas, April 30, May 1 and 2.

The Lubbock Lions Club, largest in Texas third in the nation, and sixth in the world, is booming. Dr. Harvey as their first candidate to this high District post in a number of years.

Dr. Harvey, a Lubbock chiropractor, is well-known among the West Texas members of his profession, and has held important offices in the District organization. He served as Deputy District Governor under Charles H. Dean in 1946. Lion Harvey was chairman of the committee on division of District 2T, and has served on many other important bodies within the District organization.

Dr. Marshall Harvey has been a member of the Lubbock Lions Club since 1933, and holds a ten-year perfect attendance record. He was president of the Lubbock club in 1939 and 1940. He holds the distinguished Master Key award in Lionism, and has served every office in the Lubbock club, including that of secretary.

As a citizen, Dr. Harvey is active in community affairs. He vigorously supports all youth movements, and is one of the organizers of the Lubbock Boys' Club, which he served as president

for ten years. Harvey has been a member of the Lubbock Associated Girl Scout Council for five years and of the Lubbock Recreational Council seven years. His work as a member of the Lubbock U. S. O. Council during the war was notable. Other civic organizations in which Dr. Harvey is active include the Toastmasters' Club, S. P. E. B. S. Q. S. A., Inv., Lubbock Little Theater and others. He is a Royal Arch Mason and a member of the Lubbock Elks Club.

Dr. Harvey has made noteworthy contributions to his profession. His preliminary education was received at Abilene Christian College. His professional education was completed at the Illinois College of Chiropractic and Foot Surgery. He is Past President of the Chiropractic Society of Texas, Inc., and is a councilman from Texas to the National Association of Chiropractors. Also, Dr. Harvey is a member of the Texas State Board of Chiropractic Examiners, having held the post since 1939. He is now serving as Secretary to that Board, having received his latest appointment from Governor Allen Shivers.

Married, with three children and one grandchild, Dr. Marshall Harvey has lived in West Texas all of his life, and in Lubbock for the past 20 years. He is a member of the Broadway Church of Christ, Lubbock.

Newspapers Get "Pat On Back"

AUSTIN, April 20—A highly placed state official has given Texas newspapers a pat on the back.

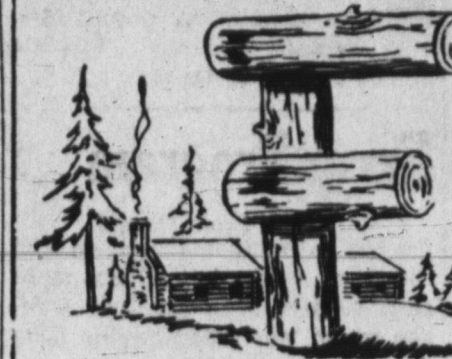

State Health Officer George W. Cox, veteran of more than 13 years as head of the State Department of Health, called the Texas press a "more potent force in mass public education," and said his department invariably turns in that direction as the first means of reaching the people with information on health subjects.

"Texas newspaper editors and reporters have consistently shown an awareness of public health problems and have given unstintingly of much valuable space to stories relating to public health."

"I can define public health in three words—mass public education," the health official said. "Without newspaper cooperation, such education is literally an unobtainable ideal."

Pointing out the custom of rural people to read their local weekly thoroughly, Cox said—he was especially happy that these papers used state and local health department releases.

"It's one of the most valuable services a paper can render its readership, but then maybe I'm a bit prejudiced," he observed.

If Your Diet Is Deficient in Vitamin B this great new formula can help you build

RICH RED BLOOD

...help you curb diet deficiency symptoms like

- UNDERWEIGHT
- WEARINESS
- CONSTIPATION
- FATIGUE
- BACKACHE
- 'NERVES'

Do you sometimes wonder what in the world can be the matter with you? You know that you have no diseases, no infections... yet you're always "out" on your feet, constantly over-fatigued, nervous, weak, irritable, cheerless. (This is especially true of older people.) Well, scientists have learned that such a condition may be due to the simple fact that you do not get enough B-Vitamins in your diet.

BEXEL SPECIAL FORMULA MAY DO WONDERS FOR YOU
Naturally it is wise to consult your doctor, since such a condition may be due to other causes. But if mild Vitamin-B and Iron deficiencies are the cause of your bodily distress,

then a great new scientific discovery, Bexel Special Formula, may do wonders for you! It may be exactly what you need for glowing, vibrant, good health.

Everybody knows the importance of Iron in your diet to help you build RICH, RED BLOOD. Well, just ONE capsule of Bexel Special Formula (that's all you take a day) contains 5 times the minimum daily requirement of both Iron and Vitamin B₁. Also Choline, Inositol and Liver in supplementary quantities!

YOU MUST FEEL BETTER OR YOUR MONEY BACK!

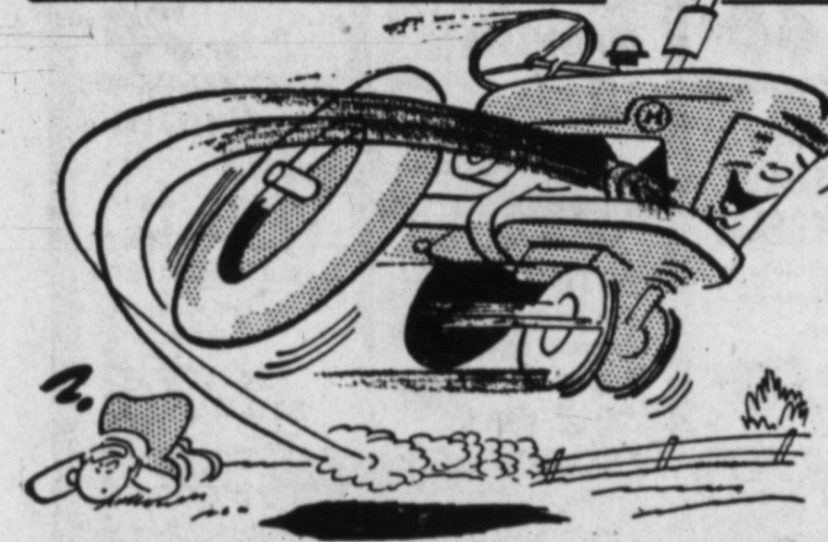

Try Bexel Special Formula for just 30 days. If you don't feel better... definitely, noticeably better... we'll refund your money without question!

So today, get Bexel Special Formula B-Complex Capsules... product of McKesson & Robbins.

Scotts Die

(Cont'd from front page)
sister, Miss Ethel Callahan, just south of the Tahoka High School. Mr. Scott was a member of the Baptist Church, while Mrs. Scott had affiliated with the Christian Church years ago. He was a retired piano tuner.

They are survived by two daughters, Mrs. J. C. (Myrtle) Redus of Amarillo and Mrs. W. L. (Frances) Green of Danvers, Mass.; and one son, Herral Scott of Sulphur, Oklahoma; and five grand children. Miss Ethel Callahan of Tahoka was a sister of Mrs. Scott. Mr. Scott had one brother, Luther, of Idabel, Okla.

Among the relatives here for the

funeral were: The Redus, Herral Scotts and Miss Callahan; Cruse Callahan, nephew, of Dallas; Mrs. Irce Hopkins and Mrs. Virginia Jones, cousin, of Dallas.

Farm Program

(Cont'd. From Page 1) on the farm during any one of the three years; but (3) not more than 40 percent of the 1949 acreage which was tilled on the farm or in regular rotation.

Since most Lynn county farmers have a higher percentage figure than 40 percent of the crop land, very few farms will be eligible for additional allotment.

Any owner or operator of a cotton farm in Lynn county who be-

lieves he is entitled to an acreage increase and wants to be considered by the county committee for possible allotment adjustment under the legislation must file an application not later April 28, 1950.

"We urge owners or operators who want their farms considered for revised allotments to file applications by this date," Mr. Nettles said. "Farmers who are satisfied with their present allotment need not file applications. However, those desiring increases will be considered by the county committee after applications for such increases are filed in the county office."

Each operator of a farm for which an application is filed will receive a notice from the county committee of the revised 1950 cotton acreage allotment. When the new allotment notice is mailed it will replace any previous 1950 allotment notice already received by the farm operator.

Application forms may be obtained from the county PMA office.

C. of C.

(Cont'd from front page)
zation of the Lynn County Softball League.

On May 5, directors will conduct the annual Chamber of Commerce membership drive. The body has 110 members at this time.

Several other items of business were discussed which will be made public later.

Maurice Bray is the new president of the organization, and H. W. Carter is vice president. Clint Walker, who asked to be relieved of his duties as secretary several weeks ago, is continuing in this capacity until some other arrangement can be made for a man who can give more time to the work.

Other members of the board of directors are: Wynne Collier, Charles Verner, Winston C. Wharton, and Douglas Finley, new members; and Terry Thompson, Ronald Sherrill, Bill Strange, Sr., Vernon Brower, and H. R. Tankersley, holdover members.

Milt Draper Is Carried Home

Milt Draper, son of Mr. and Mrs. Buel Draper, who was critically injured when a car struck the bicycle he was riding a few weeks ago, was taken home Tuesday of this week.

Although he has shown considerable improvement, he is yet under the care of nurses and is still regarded as in a serious condition. Great hopes are held for his ultimate recovery from the severe skull fracture, though an operation may be necessary later.

Venue Change Refused Slayer

Victor F. (Jack) Rogers, confessed slayer of Lamesa City Policeman Claud W. Johnson, was denied a change of venue and his case set for trial Monday, May 1, by District Judge Louis B. Reed last Saturday following a hearing of testimony on the motion Friday at Lamesa.

Rogers is alleged to have beaten Johnson to death when the Policeman found him attempting to burglarize a business house on the east side of the square in Lamesa in the early morning of March 29.

Calloway Huffaker, Tahoka attorney and former district attorney, has been employed by the family as a special prosecutor in the case to assist District Attorney Stansell Clement and County Attorney Vernon Adcock.

The Lamesa Reporter and Dewey Koslosky, whose store it is believed Rogers was attempting to burglarize, last week started a fund policeman in

to aid the widow of the policeman slain in line of duty. Contributions are entirely voluntary and up until Tuesday of this week a total of \$352.50 had been contributed.

Expert To Speak On Cotton Insects

Mr. Fred Elliott, cotton specialist at Texas A. & M. college, and Mr. Guy Carpenter, Associate County Agent in entomology, will present a program on cotton insect control and will discuss mechanized cotton production and storm proof varieties of cotton. The meeting will be held April 26, at 10:00 a. m. in the county court room. All farmers and other people interested in cotton production and cotton insect control are invited to attend.

FFA

(Cont'd. From Page 1) that Tahoka FFA has 52 members, showed 58 barrows and 10 calves in the Lynn County and South Plains Junior livestock shows, has 54 registered gilts - now in the chapter, has a new GMC pickup furnished with the help of Winston C. Wharton, last year had five Lone Star Farmers and expects to have the same number this year, as compared with only one in all the previous years that Tahoka has had Vocational Agriculture.

The invocation was pronounced by Mr. Coffman of the High School faculty.

Following the steak dinner, Conrad Ratliff and Glenn Evans presented a vocal duet number which "brought the house down" and resulted in an encore number.

The boys had as their guests their fathers, men teachers of the school, members of the school board, and several local business men and agricultural workers. Special guests included Olin Rice and J. W. Reid, vocational agricultural teachers at New Home and O'Donnell, respectively.

The boys closed the meeting with the Pledge to the Flag and the FFA closing ritual.

Baseball

(Cont'd. From Page 1) being the first. Next Wednesday, the Bulldogs play Slaton, and on the following Friday play New Home again.

Among the boys competing for places on the Tahoka Bulldog team are:

Pitchers: James Foster, Earl Bartley, Punk White, Richard Havens, Clayton Carter, Bert Stevens, Horace Strickland, and Chas. Brookshire; First basemen: Sammie Pridmore, Ronnie Gurley, and Glenn Wells; second: Lynn Halmock and John Foster; third: Morgan Howie and Don Brice; shortstop: Benny Brookshire and Joe Brooks; catcher: Wayne Teked and Kenneth Huffaker; outfield: L. F. Williams, Wayne Martin, Steve Slover, Charley Jones, Jackie Slover, and the pitchers.

New Home has some good boys, and the game may be expected to be a good one considering the players inexperience. Fans of the sport are invited to be out for the contest.
