

Lynn County Sheriff's Posse Formed Monday

A Lynn county Sheriff's Posse was formed Monday night at a meeting in the county court room of 34 interested citizens. Another meeting will be held next Monday night at the same place to complete the organization.

Officers elected at the meeting are: Sheriff "Slick" Clem, president; John Ellis, vice president; Sam Price second vice president; Mel Leslie, secretary-treasurer; and Claude Schooler, Oran Short, and Lee Roy Knight, along with the above-named, directors. Dallas Vaughn and T. I. Tippit are parade marshals. A committee composed of Lynn Birdwell, Larry Hagood, and Otis Curry will recommend a uniform.

Two members of the Lubbock Sheriff's Posse, Immediate Past President Bud Brady and E. F. Altord, were present and assisted in forming the local organization. Initiation fee is \$10, and monthly membership fee is \$3. Any man 21 or older interested in horses, riding, and encouragement of observance of laws is eligible for membership. Charter members will be accepted up until May 12.

Purpose of the Sheriff's Posse organization is explained in the Constitution and By-Laws as follows: "This is a non-profit organization, and purpose is to stimulate the interest in ownership and training of horses and promote horsemanship riding as a sport. To assist in every way possible to maintain law, peace and order in our community. To help in any civic affair that the club thinks worthwhile."

The posse is not a law enforcement organization and is in no way affiliated with the sheriff's office or the office of any other law enforcement agency, although it does propose to stand behind such agencies for the common good.

The Posse is a civic organization and can be of advertising value through its participation in parades and rodeos over the area.

Complete District H. D. Meet Plans

Lynn County Home Demonstration Council met April 20 in the office of Miss Graham Hard, the agent. The meeting was called to order by Mrs. Howard Draper. Roll was called and minutes were read by Mrs. W. C. Macker, secretary and treasurer.

Plans were completed for the District Home Demonstration Association to be held in Littlefield April 25. About twenty club women and Miss Hard plan to attend from Lynn county.

Each club gave its suggestions as to the type of work they would like to carry on in 1951.

A committee of Mrs. R. L. Littlepage, Mrs. H. R. Tankersley, and Mrs. J. A. Miller was appointed to secure funds for two 4-H club girls and one leader to attend the 4-H Girls Club Roundup at College Station this summer.

Mrs. Clifton Hamilton was elected associate reporter to fill the capacity of Mrs. Buel Draper, who is unable to attend Council now because of illness in her home.

Dixie Club reported to Council they would sell pies and cakes to people attending the Soil Conservation Tour on May 4.

Mrs. J. A. Miller of Redwine Club lead an interesting discussion on Parliamentary procedure. Those present were: West Point, Mrs. H. R. Tankersley and Mrs. C. A. Lawrence; Joe Stokes, Mrs. W. C. Macker, Mrs. Tom Russell, and Mrs. J. F. Wilson; Redwine, Mrs. J. A. Miller, and Mrs. W. E. Dubree; Midway, Mrs. Howard Draper and Mrs. R. L. Littlepage; Draw, Mrs. J. H. Stalcup; Wells, Miss Ina Ledbetter; Dixie, Mrs. Clifton Hamilton; and Miss Hard.

On Friday, the parade will include Tahoka and O'Donnell high school bands, the colorful Lubbock Sheriff's Posse, numerous floats and cowboys and cowgirls.

Lynn Wins Honors In State Save-Soil Event

SCS Work Results In Three Winners For Work In 1949

Lynn County Conservation District will receive three Gold Star honor awards at the Region 1 SCS meeting in Tulsa on May 10 in the fifth annual "Save the Soil and Save Texas" contests sponsored by the Fort Worth Press, the Houston Press, and the El Paso Herald Post.

Announcement of State and Regional winners was made Thursday.

With 55 counties in Region 1 competing, Lynn county will be awarded third place and a \$100 cash premium. The Borden-Scoury district was first, and Swisher was second.

The best record made by any group in the 55 counties was made by a group of farmers northwest of New Home, Lynn county. The Northwest New Home Group, judged outstanding in Northwest Texas, will receive a \$200 award.

C. G. Eades of Wilson, will receive a plaque for having been judged the outstanding 1949 farmer of the Lynn County Soil Conservation District.

Several members of the local district board expect to attend the Tulsa meeting and accept the awards. R. L. Littlepage is chairman of the district. Kay K. Moore is secretary, and H. O. Hargett, W. R. Ledbetter, and C. C. Sweppe are the other board members.

Court House Is Being Re-wired

Work of re-wiring the Lynn county courthouse is well underway, with Seth Lewis in charge of the work, which is directed by the Commissioners Court. The completed job will cost about \$2,500.

The electrical wiring, inadequate to start with, has constantly required make-shift repairs ever since the courthouse was erected in 1916. Then, during the rain-storm of two weeks ago, lightning struck the meter and entrance line and burned up or put out of operation the entire lighting system. This blow made necessary completely rebuilding of the electric lines in the building. The News is informed.

Wiring of the building was the subject of a controversy back in 1916 that resulted in a lawsuit, which the county won. The county at that time alleged that the wiring did not meet specifications and the contract.

A new telephone cable and also some new connecting lines have also been installed by the Southwestern Associated Telephone Co.

The boys will play in the district tournament at Slaton on May 3, 4, and 5.

Say you saw it in The News.

Telephone Work Nears Completion

Work of rebuilding the outside plant (distribution system) of the Southwestern Associated Telephone Co. will be completed in about a month, according to Mrs. Merle Hawkins, chief operator.

To date, 58 new connections have been made, and there has been quite a bit of regrouping of telephones, she reports, with 31 changes of numbers becoming necessary.

There remain about 25 applications for phones on hand, some of whom the office has not been able to locate because of lack of proper street address in the hands of telephone officials.

The Tahoka office now has 787 telephone connections and, in addition, about 80 at Wilson.

The outside plant is being rebuilt completely, and the company hopes it will now be able to adequately serve anyone wishing telephone service.

Odds & Ends

(Cont'd.—From Editorial Page)

were J. Pinckney Henderson, George T. Wood, and Hansbrough Bell, all East Texans. Henderson especially made a brilliant record as a statesman. Coming to Texas from North Carolina in 1836, he served as attorney-general in President Hous-

ton's cabinet, then as his secretary of state, as minister of the Republic of Texas to England, France, and the United States successively; and as governor of Texas after its admission into the Union. He was elected to the U. S. Senate in 1857 but died before taking his seat. Henderson county was named in his honor, Athens being the county seat. The city of Henderson in Rusk county was also named for him. This col-

umnist recently passed through Henderson county twice and also through the city of Henderson once. The city of Henderson is the county seat of Rusk county, while the town of Rusk is the county seat of Cherokee county. Both the county of Rusk and the town of Rusk were named for that other great Texan mentioned above, Thomas J. Rusk.

Recently this columnist visited relatives in Longview, the boyhood home of James Stephen Hogg, who published a newspaper there for awhile in his youth. Later he studied law, was admitted to the bar, served as county attorney and then as district attorney, two terms as attorney general of Texas, and was the first native Texan to be elected governor. In the opinion of many he was the greatest governor this state has ever had. By reason of his courage, his ability, and his dynamic personality, he became a power in national as well as state politics before his death, which occurred when he was only 55 years of age. Hogg was first elected governor upon his proposal to ask the legislature to create a railroad commission. He conducted a colorful campaign. Great crowds came in wagons, buggies, and on horseback to hear him speak, sometimes as many as ten thousand people sitting for two hours or more as he forcefully and eloquently presented his cause. He won by an enormous majority. Two years later he had an able and bitter opponent in the person of George "Warwick" Clark of Waco, and the campaign was heated. The Democratic convention split wide open at Houston and each faction nominated its candidate. Another hot fight followed and Hogg again won out by a large majority.

Another East Texan followed Hogg as governor; Charlie Culbertson, whose father, David B. Culbertson called Texarkana his home, though the son had located in Dallas before he was elected first as attorney-general for two terms and then as governor for two terms. During his last term as governor, he was elected to the United States Senate and served in that capacity for many years.

The father, David B. Culbertson, was fully as distinguished in some respects as the son. He served as congressman for the Texarkana district for many years, was on the House judiciary committee, and was regarded as one of the ablest lawyers in congress.

Another Texarkanan, Morris Sheppard, shed much luster upon our state as its representative in the United States Senate. He unflinchingly for the highest and best in all things affecting our national life and was a powerful supporter of Woodrow Wilson, as President of the United States, for two terms.

Space forbids the mention of other powerful East Texans who have figured in the life of our state and nation, but these are enough to show why East Texas has held the ascendancy in political and governmental affairs in this state for so long.

Our hope is that we may soon discover and elevate to places of leadership many West Texans who can serve our state and nation as brilliantly as have those mentioned above.

Editor Honored For 20 Years As Weather Observer

E. I. Hill, editor of The News and for more than 20 years an observer for the Weather Bureau, U. S. Department of Commerce, this week was presented a 20-year service award pin in recognition for his work for the Bureau.

In making the award, F. W. Reichelderfer, Chief of the Bureau, with headquarters in Washington, D. C., wrote:

"On behalf of the Weather Bureau and the Department of Commerce, it affords me a great deal of pleasure to present you with the enclosed Length of Service Award as a modest but sincere recognition of your more than 20 years of honorable service. Your record richly merits this organi-

Social Security Termed Insurance

Do you know how much life insurance you have?

John G. Hutton, manager of the Lubbock office of the Social Security Administration says that several thousand families in this part of Texas have more life insurance than they realize.

"You have established an imposing aggregate of total experience as evidenced by the fact that 25 observers have this year qualified for the 50 year award. Over 1700 of you qualified for one of the several awards, based on ten or more years of service. This interest in and loyalty to the Weather Bureau's program is a clear indication of the high caliber of our personnel, and words cannot properly express our feelings of appreciation."

insurance than they realize.

For instance, one young worker added up his life insurance policies and told his wife that he had \$9,000 worth of life insurance. His wife smiled and said, "You're wrong, dear—counting your Federal old-age and survivors insurance, you have about \$20,000."

She was right, too. She had figured out the amount of social security benefits she and her two children would get from the Social Security Administration in case of her husband's death. Of course the amount could be less depending on the age of the children and the husband's earnings.

According to Hutton, your social security account is like an insurance policy in many ways. When your social security tax is taken from your pay check, you are paying in advance for retirement insurance or protection against part of the financial loss your family would suffer when you die.

office, Hutton said. A representative of the Lubbock social security office will be in Tahoka at the post office at 9:00 a. m. May 2, for the purpose of answering questions about social security and taking claims for possible benefits. Or write direct to the Lubbock social security office, 1311 Texas Avenue.

The average annual expenditure per patient for 1947 in state, county and city hospital for the long term care of psychiatric patients was \$549, about \$1.50 per day. The American Psychiatric Association's minimum standard is \$5 a day for active and convalescent treatment; \$2.50 a day for chronic treatment.

Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

FEATHER-BEDDING!

LEADERS OF the Firemen's union have called a nationwide strike starting with four great railroads, on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman... upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them: They represent that an extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good..."

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding."

The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels is Outstandingly Good..."
PRESIDENTIAL FACT FINDING BOARD REPORT
Read these excerpts from official reports of Presidential Fact Finding Boards:
"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."
"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation..."
Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

Tahoka Student To State Meet

Several Tahoka students competed in the Region I Inter-scholastic League Meet held at Texas Tech last week end, but only one student qualified to participate in the State meet.

Wendell Moore placed second in the Class A Number Sense contest, and along with the first place winner, will represent Northwest Texas at the State meet at the University of Texas.

O'Donnell's tennis girls doubles team, composed of Roberts and Simpson, won their first round contest but lost in the second round to the team from Memphis.

Letters From News Readers

The News welcomes letters from its readers for use in this column. All letters must be signed; however, your name need not be published if you specifically designate that it not be used. Opinions expressed in this column are not necessarily those of The News Editor.

NEWS CANNOT PUBLISH ANONYMOUS AND LIBELOUS LETTERS

The News this week received a letter signed "Baseball Fans of Tahoka" which contained libelous statements. Naturally, the letter can not be printed.

The News is glad to publish letters from its readers on almost any topic of general interest, but we can not publish letters that cast reflections upon individuals which are libelous. Furthermore, it is the policy of this newspaper, as it is with all publications, to publish only letters which are signed by the writer. If the writer so requests, his name will not be published, but the newspaper editor must have on file the writer's original letter with his signature. The News editors have to stand behind any statement it writes, and so should any correspondent to the paper.

We ask the writer or writers of the letter to "tone down" their statements in another letter, sign the same, and we shall be glad to publish the same, withholding the name if desired.

We can say that the writer of the letter was displeased over the placing of a fence across the Tahoka baseball diamond by some citizens and converting a part of the field into grazing grounds.

The letter continues: "Lots of money and labor have been spent towards the improvement of this park, and efforts will all be wasted. With all sincerity and respect to the sportsmanship of this city, we beg them to reconsider."

And, now comes another letter which hits at a lot of us here in Tahoka, but which contains some interesting comments:

Editor Hill: Last week you invited your readers to write for your new "Letters From News Readers" column.

I've been wanting to get some things off my chest. So, here goes.

Why can't something be done about that eyesore just north of the Methodist Church? It's a disgrace to the town. Let's build a fire under the City Council or the owners, whoever they are, and tear it down, burn it, or blow it up. I can't understand what's the matter with good citizens like Mr. Harris and Mrs. Stanley and others that they don't demand the town get rid of this pile of junk.

Now then, I came into Tahoka one night on the bus with my daughter and baby and got off and had to walk several blocks in a sandstorm carrying the baby and a handbag. There was a lone woman standing under the street light waiting to get on the bus. I

THANKS! THANKS! YOU WONDERFUL PEOPLE

For every kindness we are deeply grateful. —Mr. and Mrs. Buel Draper and Mill.

Rev. F. M. Wiley of Spade, formerly pastor of the Central Baptist Church, was here Wednesday visiting friends and his son, Audye Wiley, who lives southeast of Tahoka.

Imagine this happens a lot of times. Isn't Tahoka about big enough to have a bus station, at least a place where people can wait without felling we are imposing on our good druggist when his store is open?

You said something awhile back about cleaning up the town and something about Tahoka was one time the most beautiful little city on the Plains. Say some more. Tahoka needs a little pride. Clean up your school grounds and vacant lots and piles of junk, also weeds and junk yards. It won't cost too much. I don't own the lots next to me, but I promise you I'll clean them up myself if the owner is too chinchy to do it. Another thing, if he won't clean them up, slap the taxes on him and let the city do it.

We spend a million to pave roads and some more to pave streets. We pay right out of our pockets to pave our own streets but all of us pay to get the farmer's roads paved. Let the county and city do something now to clean up the town.

Why can't we sometimes have a picture show that is new? All the shows we have are from a year to ten years old. So, every year and then I just go to Lubbock to see a good new show. Then about a year or two later it comes here and about a year later I see the same old comedy. I don't know the picture people here, but let's build a fire under them too. They are just in business for the living and I imagine they would give us better shows if we demanded it.

Now, I'm not mad at anybody and not hitting at any one man in particular. But, we've got too many that just grab all the dollars they can and go home.

Yours for a little less bull and a little more work.

I. M. DUSTRUS.
Editor's Note: Though the signature above is fictitious, the writer signed his name and asked The News to kindly withhold it.

WARNING: DYNAMITE!

The persistent campaign that is being made for federal aid to the public schools is being promoted by two apparently conflicting organizations, the Roman Catholic Church and the Communistic elements of our population. The Catholic leaders maintain that in fact the education of the child is not a proper function of the Government but is the function of the Church, by which they mean the Roman Catholic Church only. They are openly seeking Government funds for the transportation of children to the Catholic parochial schools, for the purchase of text books and for the payment of teachers. In many sections of our country where they dominate, they are teaching the doctrines of their church to the children in the public schools. It is their purpose with the aid of federal funds, to make it legal to teach Catholicism in the public schools to the end that eventually they may make America a Catholic country. They would destroy the good old American doctrine of the Separation of Church and State. They want a union of Church and State with the Church dominating the state.

On the other hand, the Communists are using the labor unions, Negro organizations, and even some of the great church organizations to induce the Federal Government to grant aid

to the public schools to the end that in the course of time, the said Government shall control the public schools and abolish segregation of the races in the public schools and everywhere else. The abolishment of all segregation laws and all race discrimination laws is one of the chief aims of Communism. They want to compel the white children to sit with colored children in the schools and they hope that eventually they may thereby be able to bring about social equality and even amalgamation of the races.

We would respectfully warn our public school teachers against falling for this proposal that the Government furnish aid for our public schools. There is dynamite in it.

Voluntary cooperation is fine as long as it does not violate the individual rights of others. Compulsory cooperation is tyranny if and when it does violate the God-given rights of any individual. The pooling of funds by individuals for the common welfare of the people, for charitable, moral, educational, religious, or other benevolent purposes is to be commended and encouraged; but the pooling of funds to promote the welfare of those who enter into the pool to the detriment of their neighbors and other members of society is to be condemned. Communism is wrong because it virtually enslaves all who come under its sway. Trusts and combines which swindle, cheat, and rob the people under-forms of law should likewise be condemned. Communism should be suppressed because it violates practically every right the individual possesses. Trusts and combines should likewise be suppressed because they too violate the rights or militate against the common welfare of the people. Instead of encouraging communism, our state and federal officials should constantly be on the alert to enforce our anti-trust laws.

The evidence seems to be conclusive that the Russians shot down an unarmed and unoffensive American plane in cold blood and without provocation and that the Soviet government officials then deliberately lied about it. We are glad that our Government had the courage to brand the Russian statement as a bunch of "deceit, distortion, and lies," and that President Truman has instructed the state department to inaugurate a "great campaign of truth" in order to inform and convince the rest of the world that our desire and purpose is to maintain world peace and at the same time to let the Russians know that we are not deceived and can not be intimidated by their persistent campaign of deceitfulness and hypocrisy. Believing in no God, and in no life beyond the grave, those Russians communists, from Stalin and Visinsky on down, never hesitate to tell any lie that they think will serve their diabolical purposes and ends. That goes too for communists in this country as well as in Russia.

Morrison of Cameron, Milam county, and Representative Cecil Story probably candidates include former Attorney General Bill McCraw, of Longview. Others mentioned as Dallas, who made an unsuccessful race for governor while serving as attorney-general; David Wuntch of Tyler, currently serving as assistant attorney-general; W. E. Myers of Fort Worth, who started out in the practice of law in Sweetwater some forty years ago, soon afterwards moved back to Cleburne and finally to Fort Worth, where he has served as assistant district attorney; J. D. Dickson of Seymour; and doubtless many others are thinking of announcing soon, for politicians in east Texas are almost as thick as pine trees in the forests or as oil derricks in Kilgore. They lack a whale of a lot being as tall as the pines, however, and most of them doubtless are not as straight, but some of them are suspected of being fully as greasy with oil as are the countless derricks. We hasten to state, however, that we believe that some of the above mentioned candidates are strictly honest and eminently well qualified to serve on this court.

Almost from the very day that Texans won their independence from Mexico, April 21, 1836, East Texans have largely dominated the politics and the government of this vast domain that lies between the marshy Louisiana on the east and the mountainous New Mexico on the west. In the first place, east Texas got the start of other sections of the state, for the Anglo-Americans that began pouring into the state soon after 1836 struck east Texas first and established their homes there. Many of them were able and ambitious young men who desired to have a vital share in the work of building a new state in this great virgin domain situated in the then far Southwest. Many of them also desired to win a name for themselves while earning a competence for their families. Although some tough characters and criminals found refuge from the arm of the law during the colonization period that preceded and accompanied the Texas Revolution, it is probable that no state in our Union was populated by a higher class of citizenship morally intellectual-

ly, and culturally in the beginning of its history, than was Texas. An unusually large number of men and women of high educational attainments and broad culture were among the thousands of immigrants that came to Texas in its early days. Texas brag? We believe that the facts of history will bear out the foregoing statement.

Thus, these East Texans, with capable lawyers, judges, doctors, ministers, educators, and even editors as their leaders, early became accustomed to the exercise of their responsibilities as leaders and acquired a training and skill in the field of leadership that has been helpful to them and their descendants through all the subsequent years. And even today, they are loath to yield first place—or scarcely any place—to the people of other sections of the state. Their representatives in the legislature have succeeded for decade after decade in preventing a re-districting of

the state into Representative and Senatorial districts because they did not wish their power in our legislature to be reduced. Finally, in 1948, the members of the legislature from other sections of the state did succeed in getting a Constitutional amendment submitted to the people providing that in case the legislature should fail to re-district the state following any decennial census, then a commission composed, as we remember, of the governor, the lieutenant governor, the speaker of the house, the attorney-general, and some other state officer—we are not sure whether it is the comptroller, the secretary of state, or some other—should proceed to re-district the state themselves. This amendment was adopted by the people; and if East Texas is hereafter able to dominate state affairs, she can only do so through a sufficient number of representatives and senators elected from districts equitably created; or by the election of men of superior influence and ability. This is assuming, of course, that questionable methods will not be employed.

If West Texas now wishes to come into her own politically, she should by all means put forward candidates for state offices who are men of strict integrity and high ability and then back them up. Certainly we do not wish to dominate state affairs, but we do wish to have a power in legislation commensurate with our population. In this connection, we should like to observe that agriculture is no longer the matter of chief interest in East Texas. There oil is the chief industry and the matter of chief concern. Agriculturally, the interests of West Texas, North Texas, Central Texas, and parts of South Texas are virtually the same; and the same is true as to the live-

stock industry. We said that East Texas has heretofore largely dominated the politics of this state. We do not contend that this domination on the whole has been hurtful. On the contrary, it has usually been highly helpful. Let's take a brief look at a few of the great leaders coming from East and Southeast Texas.

It is hardly necessary for us to mention Sam Houston to start with, who won the battle of San Jacinto, served as president of the Republic of Texas, as governor of the state, and as United States Senator from Texas; but we might call attention to his colleague in the Senate from Texas, Thomas J. Rusk. He came to Texas from

Georgia in 1835 and settled at Nachogdoches for the practice of law; sat in the convention that declared Texas Independence on March 2, 1836; fought gallantly in the battle of San Jacinto; served as chief justice of the Republic of Texas in 1845; was a member of the Annexation Convention in 1846; and served with distinction as U. S. Senator from Texas from 1846 until his death, which occurred in 1856. He was an able man and reflected great honor upon his adopted state by his able and patriotic service in the U. S. Senate.

Dunagans Observing 50th Anniversary Here Sunday

Newest test developed by Fisher Body is this "water bath" in which hundreds of gallons of water are shot at each body. An inspector rides inside the body through the test, searching for a possible leak. The rubber shroud covering the dash panel prevents water from entering holes there for the steering wheel, pedals and for the wiring.

Mr. and Mrs. A. L. Dunagan, citizens of Lynn county since 1926, will be honored at an "open house" in celebration of their Golden wedding anniversary, Sunday, from 2:30 to 5:30 p. m. at the Lyntegar R&A building in Tahoka.

Mr. and Mrs. Dunagan were married near Hillsboro on April 29, 1900. They lived in Navarro county three years, moved to Smith county where they resided two years, and then went back to Navarro to the farm where Mr. Dunagan was born and lived there 21 years. They moved from that place in 1926 to the farm on which they now reside a few miles north of Tahoka.

Mr. Dunagan was born in Navarro county, Texas, March 12, 1881. Mrs. Dunagan, whose maiden name was Ada Kennedy, was born in Mississippi, but came to Hill county, Texas, with her parents at the age of nine months.

The couple long have been active in Lynn county civic affairs. They have raised 11 children to maturity, all of whom, together with their families, expect to be here to help celebrate their parents' anniversary.

Children of the couple are: Mrs. A. T. Kent, Madisonville; Mrs. B. R. Hoyle, Mrs. O. L. Wolfe, and Mrs. Ira Knox, Carlisbad, N. M.; Mrs. H. H. Craig, Malone; W. H. (Dub) Dunagan, Lorenzo; Morris Dunagan, El Paso; Mrs. J. K. Woosley, Lubbock; Mrs. J. W. Lowrey, Irvin and Dexter Dunagan, Tahoka.

Also, they have 18 grandchildren and 4 great-grandchildren.

SEN. G. H. NELSON SEEKS STATE OFFICE

Mrs. Stokes Attends Convention

Mrs. Gladys M. Stokes was in San Antonio this week, attending the 1950 convention of agents of Southwestern Life Insurance company.

Mrs. Stokes, who represents the Company here, qualified to attend the meeting by reason of her outstanding record in the business during the year, 1949.

The program included addresses by officers and leading agents of the Company and round-table discussions of problems of the business.

Mrs. Stokes expects to return to Tahoka by April 31st.

Mrs. Lucille Looker of Idaho Springs, Colorado, who visited relatives here last week, returned to her home Thursday night of last week. She was accompanied home by her mother, Mrs. R. B. McCord, and sister, Mrs. Carlice Edwards, and the latter's son, Don Mac. The party flew from Lubbock to Denver. Relatives report that Mrs. McCord greatly enjoys travel by air.

Former State Senator G. H. Nelson of Lubbock, who resided in Tahoka nearly 10 years, and now a candidate for Judge of the Court of Criminal Appeals of Texas, was here for a few hours Wednesday morning greeting old friends.

Nelson was superintendent of the Tahoka Schools in 1925-26, city attorney of Tahoka in 1928, county attorney of Lynn county 1929 through 1932, and district attorney of the 106th Judicial district from 1933 through 1935. He was elected State Senator in 1935, and moved to Lubbock. He served as Senator until January 1, 1935, maintaining a law office at Lubbock during that time and since his retirement as Senator. He ran for Lieutenant Governor in 1938, Coke Stevenson being elected.

Mr. Nelson is considered one of Texas' outstanding attorneys. He is prominent in civic and religious affairs.

Other candidates for the office of Judge of the Court of Criminal Appeals of Texas are Cecil Storey of Longview, a member of the Texas House of Representatives; W. A. Morrison of Cameron, a district judge; and Robert I. Latimore of Dallas, an attorney.

The Court of Criminal Appeals of Texas passes upon all criminal cases in the State of Texas which may be appealed from the trial courts of this state. It is the Supreme Court in criminal matters. The court is composed of three judges, one of whom is elected each two years for a six year term. In addition to the three judges, there are two commissioners who are selected by the three judges

Psychiatrists estimate that from 40 to 60 percent of all mental patients could eventually be discharged, if better care and more modern methods of treatment were employed. The poorest state hospitals now discharge an average of only 25 per cent.

Speeding on U. S. streets and highways last year killed 10,000 men, women and children.

Mrs. Iva Elliott, assistant cashier at the telephone office, underwent surgery in a Lamesa hospital on last Friday. She is reported to be improving nicely and hopes to be home in a few days.

Server Fed Up On Fish

P. D. Server, justice of the peace, returned last week from a fishing trip in company with three Lamesa men, one of them his son-in-law, M. W. Tod, to Hot Springs, New Mexico.

Mr. Server reports that they caught a 55-pound catfish in Elephant Butte Lake, the biggest he ever saw caught, which furnished all the fish he and 50 other people could eat. They also caught about 70 pounds of other fish.

Tahokans Invited To Join New Lubbock Band

Tahoka people who would like to play in a band and have no other opportunity to do so, are invited to join the new Lubbock Community Band, Jack Spratt, director, told The News this week.

The band has been organized by a group of people who enjoy band work. Anyone interested who owns an instrument and would like to play is a welcome member, and should contact Jack Spratt, 1943 19th Street in Lubbock. Meetings are Tuesday nights at 7:30 o'clock.

A complete library of music is available, and expenses other than that of traveling to and from the meetings are negligible, he said.

Wilson Fishermen Make Big Haul

Five Wilson fishermen returned last Thursday night from a trip to the Rio Grande River below Eagle Pass, where they report having caught 282 pounds of fish last week.

Most of the fish were catfish, yellow and channel, the largest cat weighing 55 pounds. They also brought home a 75-pound alligator gar they caught, which attracted quite a bit of attention from the Wilson folks.

Those making the trip were: E. O. Montgomery, Ed. Ira, and Charley Crocks, and W. F. Raymond.

Classes Publish Issue, "The Growl"

The Growl, Tahoka High School newspaper, had a complete new staff for this week's issue. With Jane Shepherd as editor, the Eighth Grade published its class edition. The next and last three issues of The Growl will be class editions of the Sophomore, Senior and Junior classes. The Freshman Class put out an edition in January.

Bobby Lehman wrote advertising for the Eighth Grade edition. Artists were Jerry Aldridge, Shirley Graves, Donald Ward, and Laquita Smith.

Loretta Henry, Jimmy Bragg, Willie Lee, Jerry McNeely, and Shirley Tomlinson served as pressmen, or mimeograph machine operators.

The circulation staff, which was responsible for stamping and mailing papers, and distributing papers to the lockers of the subscribers Thursday afternoon, was composed of Donald Paris, Edgar Hammonds, W. C. Wallace, Jimmy Whorton, David Webb, and Roy Gene Sherrod.

Reporters for the Eighth Grade edition were all members of the class.

Mrs. Minnie Mae Smelser and Mrs. Opal Pittman, Eighth Grade teachers, and Preston Clark, journalism teacher, supervised the students' work.

VFW Auxiliary Entertains Group

Ladies of the VFW Auxiliary were hostesses to members of the VFW, the American Legion, and the Legion Auxiliary on Monday, April 17, at 8 p. m. at the Legion Hall.

The Auxiliary assembled at their stations, with President Mrs. Bill Griffin in the chair. Commander Clem and the speaker for the evening, Mrs. Rafe Richardson, were escorted to their stations with the colors.

Mrs. Dea Parker and five of her pupils gave some very colorful tap dance numbers, Linda Milliken, Dona Jo Howell, Juda Thomas, Elaine Buchanan, and Jan Thomas.

The United Nations organization was discussed for the information of all present by Mrs. Richardson.

Much laughter came from the crowd when Mrs. J. B. Oliver and Mrs. Avis Buchanan supervised a number of games.

Mrs. Pauline Smith, Mrs. Kathleen Holtwick, and Mrs. Avis Buchanan served delicious refreshments of home baked pie and coffee to some fifty-five or sixty people.

Monday, May 1, at 8 p. m. at the Legion Hall will be a business meeting. Each member is to present one or more names for membership. —Reporter.

Rodeo

(Cont'd. From Page 1)
have been busy recently repairing the arena, rebuilding the chutes and building a return in the arena, and otherwise putting the rodeo grounds in an excellent shape.

Bleachers have been installed, and there will be plenty of parking space available for cars.

Oran Short, Lyntegar line superintendent, and other REA employees have completed installation of an excellent lighting system at the arena.

To advertise the rodeo, the two organizations are sponsoring a Frontier Week, which co-incides with the rodeo, and every adult male in Tahoka is being requested to grow a mustache, beard, sideburns, or goatee, and during the Frontier Week to wear Western dress. Though this will not be absolutely compulsory, those who fail to do so may get "fined", dunked in a water tank, or placed in a "jail" on the courthouse square. Whiskers should be started and showing by next Tuesday, May 1.

George Fulkerson is the Frontier Days "Sheriff," his deputies not having been appointed as yet.

Citizens are urged to enter in to the spirit of the celebration, and enjoy a good time, and also help advertise the town and county.

Booster Trips will be made to surrounding towns starting a week before the rodeo date. All interested in making these trips contact "Skete" Clem, or any member of the Jaycees or Tahoka Roping Club.

Several entries for the rodeo

events have already been received from cowboys the promise a good show, and more are expected to be coming in between now and the opening show.
