THE AMERICAN WAY

ODDS AND ENDS

Hereafter Negroes who make application for admission into the law school of the University of Texas as students must be admitted on the same terms as white applicants, according to the decision rendered by the Supreme Court of the United States in the well known case of Heman Sweatt, a Houston Negro, who has been seeking admission into that institution since 1946. In fact, other Negro applicants for admission into various branches of the University are already being admitted.

When Sweatt applied for admission in 1946 and admission was refused him, attorneys for him filed suit to compel the University authorities to admit him, on the grounds that their refusal to do so deprived him of his rights under the Equal Protection clause of the Fourteenth Amendment to the Federal Constitution.

In an effort to comply with this Amendment, the University of Texas Authorities immediately set up a Law School for Negroes as a part of the State University. Sweatt declined to enter, on the grounds that it did not meet the requirements of the Fourteenth Amendment.

The Legislature then sought compliance by establishing a University for Negroes in the City of Houston containing a Law Department. But Sweatt refused to enter that also; and the action of the Texas Courts in sustaining the University authorities in refusing to admit him to the University of Texas.

Then he fired this significant shot: "These ominous activities of the Soviet Union, however, are being off-set by the growing strength of the free world. The free nations are making steady progress in creating more satisfactory conditions of life for their people and stronger defenses against aggression."

CAR TUNES: By Bray Chevrolet Co.

were a law review, moot court facilities, scholarship funds, and Order of the Coif affiliation. The school's alumni occupy the most distinguished positions in the private practice of the law and in the public life of the state. It may properly be considered one of the national ranking law schools."
Over against this he lists a string of facts which show the facilities offered by the Negro law school ostensibly established in Austin in 1947, and the University for Negroes later established in Houston to be far inferior to the facilities offered at the University of Texas.
Considered from that standpoint alone, there can be no doubt but that the Supreme Court made out its case in favor of the Negro. No new school, in fact, whether it be for whites or blacks, can be equal in equipment, faculty personnel, efficiency, past achievement, and reputation with an old-established institution like the University of Texas.
The fact that the State of Texas had launched a program whereby the present demands of the Negro race might be amply met and the future demands provided for was not taken into consideration by the Court at all. It did not take the broad view of the matter, only the narrow view.
But in spite of the fact that the Court apparently tried to narrow the effect of its decision down to the rights of the one Negro, Sweatt, alone, yet it will necessarily have far-reaching effects, the full extent and force of which can not yet be fully determined. But the following facts and conclusions seem to be unavoidable. First, the same line of reasoning used by Mr. Justice Vinson would apply to every other state college and university in the South, and all of them must now or eventually open their doors to both races and to all races alike.
Second, the same line of reasoning would apply to practically every public school in the South, and separate schools for whites and blacks must eventually be discarded.
Third, the same line of reasoning would apply to teachers as well as to students in the state universities, colleges, and public schools of the various states. Hence, there must be no "discrimination" against the colored race in the employment of teachers. And the proponents of this anti-discrimination, anti-segregation policy could go far in compelling local trustees to accede to their demands for the employment of colored as well as white teachers to teach the mixed classes of white and colored pu-

Huge Crowd Celebrates Opening of Paving At Banquet In Wilson

Nearly 150 citizens of Wilson and Tahoka attended the banquet program Thursday night of last week in the Wilson school cafeteria and auditorium celebrating the completion of the Tahoka to Wilson to Slaton paved road. The meeting was sponsored by the Tahoka Chamber of Commerce and the business men of Wilson.

A delicious dinner was prepared and served by the ladies of the Wilson Methodist Church.

The meeting not only celebrated the opening of the new road, but gave Tahoka business men an opportunity to become better acquainted with Wilson business men and citizens of that community and to inspect the beautiful, modern and new Wilson High School building and cafeteria.

Mayor Pat Campbell of Wilson presided at the meeting. Rev. William MacReynolds, new Methodist pastor at Wilson, gave the invocation. The new Wilson cafeteria, where the dinner was served, is large and roomy, and is well equipped for serving such meals to crowds up to 150 to 200 people. It is in a separate building from the other school buildings.

Following the meal, the crowd moved to the likewise roomy and very "classy" auditorium, where the program was held.

Mayor Campbell spoke briefly, and then introduced Maurice Bray, president of the Tahoka Chamber of Commerce, who made a brief talk. Bray, however, was interrupted by two Tahoka "hicks," Truett Smith and Ray Weathers, who proceeded to entertain the crowd with a lot of comedy for about thirty minutes, with citizens of the two communities being the "goats" in their jokes.

County Judge Tom Garrard spoke seriously for a few minutes during which he called attention to the value of the new road, and praised the Wilson community for its progressiveness, for its beautiful new school, and its excellent farming. He also praised the land-owners along the road for giving the right-of-way in order that the road could be built.

The new road, opened several weeks ago but just now receiving its finishing touches, was built by the State Highway Department as a farm-to-market road, but the right-of-way is sufficient to carry a state highway. Lynn county people are hopeful that the road ultimately will be designated as a state highway.

The new pavement leaves U. S. 87 two miles north of Tahoka and runs north to the Santa Fe right-of-way, which it follows to Wilson, and then to the Lubbock county line two miles south of Slaton.

From a point about a mile northwest of Slaton, another

Wes Izzard Will Speak At Air Base Exercises

The new road gives travelers an alternate and more direct route, with a saving of about seven miles, between Tahoka and Plainview. Also, the road saves travelers from Tahoka about ten miles when going to Idalou, Ralls, and Crosbyton or Floydada and points east or north.

A number of Lynn, Lubbock, and Hale county officials and many citizens along the route have worked for this road for many years. At one time, the State Highway Department designated the route as a highway, but right-of-way could not be secured, and the State withdrew its designation.

Due to opposition of the Lubbock Chamber of Commerce and other interests, designation as a highway could not be obtained at this time. However, if traffic over

Wes Izzard Will Speak At Air Base Exercises

Wes Izzard, editor-in-chief of the Amarillo Globe-News will be the principal speaker at graduation exercises to be held for Class 50-C of the USAF Advanced Multi-Engine School in the Theater at Reese Air Force Base at 10 o'clock the morning of Friday, June 23. Twenty-five cadets will be graduated at that time.

Izzard was born in Chicago in 1900. He grew up mostly in Kansas City and Independence, Missouri. He began his newspaper career in 1919 after getting out of the Student Army Training Corps in World War I. He entered the University of Illinois in 1920 and worked on the Kansas City Journal during the summer. Following his graduation from the University in 1923, he went to work as copy desk chief on the Kansas City Journal.

Izzard came to Texas with Gene Howe, formerly of Atchison, Kansas, when he founded The Amarillo Globe in 1924. He began newscasting on Amarillo's 2 small stations, WDAG and KGRS and is the oldest radio newsman in point of service now in the air in Texas. He now has a regular schedule of commentaries on the Globe-News station, KGNC. However, Izzard stresses that he is a newspaper man first; then a newscaster.

Izzard has two children, Bob, who is also a newsman on KGNC, and Marilyn, who just graduated from the University of New Mexico. Bob was a fighter pilot in Europe, flying 105 missions. He

of the Student Army Training Corps in World War I. He entered the University of Illinois in 1920 and worked on the Kansas City Journal during the summer. Following his graduation from the University in 1923, he went to work as copy desk chief on the Kansas City Journal.

THE LYNN COUNTY NEWS,

Friday, June 18, 1938

Mr. and Mrs. W. T. Kidwell and children and Mr. and Mrs. W. R. Rodgers left Sunday for a vacation trip of a few days to Colorado.

E. I. Hill left Tuesday of this week for Waco, where he will visit with a brother, W. F. Hill, who is recovering from injuries received in a fall about the first of the year. He also has three sisters there and a sister at Stephenville, whom he will visit.

TEXAS BOND LEADER

Fred F. Florence, who is Chairman of the Texas Advertising Committee, U. S. Independence Savings Bond Campaign, is President of the Republic National Bank of Dallas and a business and civic leader of the Southwest. He heads a statewide group of Texas newspaper publishers and advertising executives for a new advertising campaign in behalf of public purchases of savings bonds during the current drive, concluding July 4th.

"Sale of U. S. Savings Bonds is essential to the stability of our country," Mr. Florence points out. "People who buy them are not only patriotic citizens doing a real service for their community and country, but are making a wise and sound investment for themselves."

County Judge Tom Garrard spoke seriously for a few minutes during which he called attention to the value of the new road, and praised the Wilson community for its progressiveness, for its beautiful new school, and its excellent farming. He also praised the land-owners along the road for giving the right-of-way in order that the road could be built.

The new road, opened several weeks ago but just now receiving its finishing touches, was built by the State Highway Department as a farm-to-market road, but the right-of-way is sufficient to carry a state highway. Lynn county people are hopeful that the road ultimately will be designated as a state highway.

The new pavement leaves U. S. 87 two miles north of Tahoka and runs north to the Santa Fe right-of-way, which it follows to Wilson, and then to the Lubbock county line two miles south of Slaton.

**Miss Jean Henderson, "Shorty" McNeely,
United In Marriage at Clovis Saturday**

Miss Barbara Jean Henderson and Billy "Shorty" McNeely, both of Tahoka, were united in marriage at the First Methodist Church in Clovis, New Mexico, last Saturday afternoon at about 3:30 p. m. Rev. T. H. Raper, the pastor, read the double ring ceremony.

A few close friends accompanied the young couple.

Both the bride and the groom were born and reared here, attended the local schools, and both were members of the graduating class of this May. Their marriage was the culmination of a long school days courtship.

Jean is the daughter of Mr. and Mrs. Harley Henderson, and "Shorty" is the son of Mr. and Mrs. Bill McNeely.

**Seagraves Teacher
New Home Principal**

SEAGRAVES, June 13.—C. P. Martin, who has taught history in Seagraves High School for the past two years, has accepted a position as principal of the elementary grades in the New Home schools.

Martin, who received his degree from Texas Tech in January, 1941, is now taking additional work at the college. He will move from Seagraves about July 1.

**More Paving Is
Signed Up Here**

Indications are now that 15 more blocks of Tahoka streets will be paved under the present program, Iva McWhirter, who is signing contracts for the Sam Sanders Construction company, says.

Six blocks have been signed up solid, and only one or two signatures are needed to complete another nine block project, he said.

Five blocks are in North Tahoka, and the other ten are in the Roberts Addition.

**Ft. Worth Boosters
Will Visit City
Next Tuesday**

Thirty Fort Worth business men, traveling in a chartered bus, will visit Tahoka next Tuesday morning, June 20, arriving at 9:40 o'clock, Clint Walker, secretary of the Chamber of Commerce here, has been informed by William Holden, general manager of the Fort Worth Chamber of Commerce.

The party will visit the South Plains "prosperity area," arriving at Post by train at 7:45 a. m. Tuesday, transfer to a chartered bus, and then visit Tahoka, O'Donnell, Lamesa, Seminole, Denver City, Hobbs and Lovington on that day. Wednesday, they will visit Seagraves, Brownfield, Levelland, Littlefield, and Lubbock, and then head back home.

This is the first such trip Fort Worth business men have ever made designed wholly to become better acquainted with this immediate "prosperity area."

The party will be made up of top-ranking banking, manufacturing, jobbing, wholesale, livestock, meat packing, grain, and newspaper interests of that city.

**DONKEY BALL GAME
AT WILSON JUNE 24**

There will be a Donkey Baseball game at Wilson on Saturday night, June 24, sponsored by Wilson Lions Club. Everyone is invited to come out and enjoy the fun.

**Census Contest
Winners Named**

Rollin McCord of Plains Motor company this week announced the winners in the \$100 Lynn county census guessing contest, following the announcement that the county has 10,971 people.

Winners in the contest and their guesses follow:

First prize, \$50, to John A. Roberts, who guessed 10,985.

Second prize, \$25, to W. P. Smith, whose guess was 10,991.

Third prize, \$15 to Sylvia Thompson on a guess of 10,999.

Fourth prize, \$10, to Clyde Briley Jr., who guessed 11,058.

There is something fascinating in the study of trees. The development of a tiny seed, which you may hold lightly in your hand, into a structure weighing several, perhaps many, tons and rearing itself seventy to one hundred feet into the air would be regarded as a miracle were it not of such common occurrence.

Sawtimber in the South is being cut faster than it is being replaced by new growth.

Common cork is made from the bark of a species of oak.

DAVIS & HUMPHRIES SUPER MARKET

**Miss Jean Henderson, "Shorty" McNeely
United In Marriage at Clovis Saturday**

Miss Barbara Jean Henderson and Billy "Shorty" McNeely, both of Tahoka, were united in marriage at the First Methodist Church in Clovis, New Mexico, last Saturday afternoon at about 3:30 p. m. Rev. T. H. Raper, the pastor, read the double ring ceremony.

A few close friends accompanied the young couple.

Both the bride and the groom were born and reared here, attended the local schools, and both were members of the graduating class of this May. Their marriage was the culmination of a long school days courtship.

Jean is the daughter of Mr. and Mrs. Harley Henderson, and "Shorty" is the son of Mr. and Mrs. Bill McNeely.

**Seagraves Teacher
New Home Principal**

SEAGRAVES, June 13.—C. P. Martin, who has taught history in Seagraves High School for the past two years, has accepted a position as principal of the elementary grades in the New Home schools.

Martin, who received his degree from Texas Tech in January, 1941, is now taking additional work at the college. He will move from Seagraves about July 1.

**More Paving Is
Signed Up Here**

Indications are now that 15 more blocks of Tahoka streets will be paved under the present program. Iva McWhirter, who is signing contracts for the Sam Sanders Construction company, says:

Six blocks have been signed up solid, and only one or two signatures are needed to complete another nine block project, he said.

Five blocks are in North Tahoka, and the other ten are in the Roberts Addition.

**Ft. Worth Boosters
Will Visit City
Next Tuesday**

Thirty Fort Worth business men, traveling in a chartered bus, will visit Tahoka next Tuesday morning, June 20, arriving at 9:40 o'clock. Clint Walker, secretary of the Chamber of Commerce here, has been informed by William Holden, general manager of the Fort Worth Chamber of Commerce.

The party will visit the South Plains "prosperity area," arriving at Post by train at 7:45 a. m. Tuesday, transfer to a chartered bus, and then visit Tahoka, O'Donnell, Lamesa, Seminole, Denver City, Hobbs and Lovington on that day. Wednesday, they will visit Seagraves, Brownfield, Leveland, Littlefield, and Lubbock, and then head back home.

This is the first such trip Fort Worth business men have ever made designed wholly to become better acquainted with this immediate "prosperity area."

The party will be made up of top-ranking banking, manufacturing, jobbing, wholesale, livestock, meat packing, grain, and newspaper interests of that city.

**DONKEY BALL GAME
AT WILSON JUNE 24**

There will be a Donkey Baseball game at Wilson on Saturday night, June 24, sponsored by Wilson Lions Club. Everyone is invited to come out and enjoy the fun.

**Census Contest
Winners Named**

Rollin McCord of Plains Motor company this week announced the winners in the \$100 Lynn county census guessing contest, following the announcement that the county has 10,971 people.

Winners in the contest and their guesses follow:

First prize, \$50, to John A. Roberts, who guessed 10,985.

Second prize, \$25, to W. P. Scott, whose guess was 10,991.

Third prize, \$15 to Sylvia Thompson on a guess of 10,999.

Fourth prize, \$10, to Clyde Briley Jr., who guessed 11,058.

There is something fascinating in the study of trees. The development of a tiny seed, which you may hold lightly in your hand, into a structure weighing several, perhaps many, tons and rearing itself seventy to one hundred feet into the air would be regarded as a miracle were it not of such common occurrence.

Sawtimber in the South is being cut faster than it is being replaced by new growth.

Common cork is made from the bark of a species of oak.

Miss Nan Beth Pennington and Ray Adams United In Marriage Last Sunday

Miss Nan Beth Pennington, daughter of Mr. and Mrs. Willis Pennington, and Ray Adams, son of Mr. and Mrs. P. D. Adams, were united in marriage in a double ring ceremony at 5 p. m. Sunday in the First Baptist Church auditorium. Rev. Lee Ramsour officiated at the ceremony, performed before an arch of gladioli and greenery, flanked by candelabra and baskets of gladioli and fern.

Mrs. Pat Hutchison, organist, played a prelude and accompanied Sargent Munn, who sang "I Love You Truly" and "Because." Mrs. W. H. Kenley presented a musical reading, "Why Do I Love You?"

The bride wore white satin, styled with an illusion yoke attached to a bertha of imported lace and seed pearl embroidery. The full skirt extended to a chapel-length train. She wore a finger-tip veil of illusion, falling from a tiara of seed pearls and rhinestones and carried a lace colonial fan topped with white gladioli and stephanotis and centered with vanda orchids.

The matron of honor wore Nile green organdy over taffeta, fashioned over a hoop skirt, a matching half hat of ruffled organdy and carried a fan of peach gladioli.

The bridesmaids wore orchid organdy over taffeta ruffled orchid half hats and carried fans of yellow daisies.

Following the ceremony, a reception was held in the home of the bride's parents. Flowers of her attendants decorated the bride's table, covered with a white lace cloth with pink underlay. A three-tiered cake was served.

After a trip to New Mexico, the couple will make their home in Tahoka. For travel, the bride wore a Palamino suit with brown accessories and an orchid corsage.

Both the bride and groom were reared here, and are graduates of Tahoka High. The bride attended Texas Tech, where she was a member of Alpha Lambda Delta and the Baptist Student Union.

Mr. Adams attended John Tarleton College at Stephenville. He is manager of the R. W. Fenton, Jr. Insurance Agency here.

One of the reasons why mesquite trees are hard to kill is that they produce root-collar sprouts at ground level where stem and roots merge.

NOW YOU CAN MAINTAIN a refreshingly cool indoor atmosphere at work, home, or play all summer long with efficient, low-cost evaporative air cooling.

THE ARCTIC CIRCLE AIR COOLER furnishes the modern means of economically cooling residential, commercial, and industrial buildings where ever summer temperatures exceed the comfort zone.

ARCTIC CIRCLE AIR COOLERS are manufactured in a complete range of sizes, from small fan models designed to cool minimum housing units such as trailers or rooms, to huge blower models for large industrial plants containing thousands of square feet of floor space.

- For Commissioner, Prec't. 4:** G. W. (Dick) Turner, (re-election).

O'Donnell Couple Marry In Tahoka

A wedding ceremony was held in the home of Mr. and Mrs. J. E. Sherrill, Jr., in Tahoka Saturday at 2 p. m., in which Miss Pauletta Fannon and Jimmy Crawford, both of O'Donnell, were united in marriage in a double ring ceremony performed by Ernest West, minister of the Tahoka Church of Christ.

The bride is the daughter of Clyde Fannon of O'Donnell and is a student in Draughton's Business College in Lubbock. The groom is the son of Mr. and Mrs. J. D. Crawford, citizens of the Draw community for many years, and is a May graduate of West Texas State College.

The bride, given in marriage by her father, wore a powder blue gaberdiene suit with white accessories and carried white roses on a white Bible. Miss Jerry Schooler of O'Donnell, maid of honor, was dressed in white pique with light blue accessories and a pink carnation corsage.

Mr. Sherrill served as best man. After a wedding trip to Colorado Springs, the couple will be at home in Lubbock.

Mrs. Ben Hur Lawson of Los Angeles spent from Saturday until Monday visiting her mother-in-law, Mrs. G. H. Spears, and sister-in-law, Mrs. G. C. Watson. She was en route home from Minnesota.

Mr. and Mrs. Ronald Sherrill returned home Monday from a week's vacation trip to Missouri and Arkansas. This was their first visit to this area, and they greatly enjoyed the beautiful Ozark country.

Mrs. Ola Lizzie Williams, who has been ill several months, recently underwent a tonsillectomy at a Lubbock hospital. She is at home and doing nicely. The News is informed.

Mr. and Mrs. J. L. Heare returned last week from a 10-day trip to Port Arthur, where they visited his brother, Dr. L. C. Heare. It was the first time they had visited him in ten years.

Mr. and Mrs. George Marsh are living here this summer in the N. M. Wyatt home while he does graduate work in Texas Tech. Mrs. Marsh is the former Nancy Nell Wyatt.

Nancy Jo Sewell, daughter of Mr. and Mrs. Bill Sewell of Lubbock, is here visiting her grandparents, Mr. and Mrs. R. P. Weathers, while her parents and others attend the bankers' convention in Minneapolis, Minn.

The primeval forests were our heritage. Will coming generations be proud of the forest heritage we are leaving them?

Verner Speaker At Rotary Club

Charles Verner gave an address at the weekly luncheon of Tahoka Rotary Club Thursday of last week that was of more than passing interest, in which he made a plea for vigilance on the part of all citizens in maintaining the America form of government as it was conceived by the founders of this great nation.

He explains that several ideas in his talk were suggested by a speech made by W. G. Vollmer, president of the T. and P. railway. Charles stated that, to safeguard our freedom, we must:

1. Register and vote in all elections, whether national, state, city or school board.
2. Interest and inform ourselves in the functions and activities of the various governments.
3. Suggest, commend, and constructively criticize our government to the extent that our good judgment may dictate.
4. Resist the temptation (now a daily thing almost) to trade freedom of action for artificial security.
5. Accept the responsibility of

solving local problems rather than turning to Washington or Austin for the answer.

6. Remember that whatever the government spends they must first take from the people, and

7. The more the government

Approximately one-fourth of the rain that falls in the forest is caught by tree leaves and branches and dissipated into the air.

sperds, the less you and I have to spend on ourselves and our families.

W. T. Campbell of Blum, Hill county, and his grandson, Theo Campbell of Wilson, were visitors in Tahoka Tuesday. The elder Mr. Campbell is the father of Pat Campbell, mayor and postmaster of Wilson.

The Church with a cordial invitation and a friendly greeting.

first elective term as Governor, said he has done his best to carry out a program for Texas in a manner acceptable to the people of Texas, adding:

"If I have succeeded, I will appreciate their vote for a term of my own."

Shivers, who assumed the Governorship last July, had not held a full-time governmental job before becoming Governor. He was elected to the State Senate in 1934 and twice re-elected. In 1946 he was elected Lieutenant Governor and re-elected to that office in 1948. Born in Lufkin, he spent his boyhood in Tyler county and later moved with his family to Port Arthur.

Balsa, one of the world's lightest woods, was named from the Spanish word meaning raft.

SYMBOL OF MILITARY MIGHT—This flag of the Chairman of the Joint Chiefs of Staff, in the language of heraldry, tells the story of America's postwar military might. The over-all theme is unity. The 13 stripes on the shield are the early colonies. The blue stripe above is Congress, forging the states into one nation. The American eagle clutches three golden arrows representing the Army, Navy and Air Force, striking as one. The upper triangle is blue and the lower white. The flag recently was presented to General Omar N. Bradley.

You May Need This Advice . . . How To Keep From Being Counted In Census of Lubbock, Lubbock County

After consulting two almanacs, the Chamber of Commerce, Webster's dictionary, and our brother members of the Downtown Domino Club, The News' census editor has come up with the following suggestions on how to keep from being counted in the 1950 census as a citizen of Lubbock or Lubbock county:

1. If you must take a trip to the north, do not stop at a filling station. That will make you a Lubbock citizen.
2. Do not patronize the parking meters. Not only will that help the poor people of Lubbock support their local government and take a tax burden off of Lubbock businessmen, but it also will make you a Lubbock taxpayer—and, therefore, a Lubbock citizen.
3. Above all things, do not register at a hotel or tourist cabin. If you do, it's a dead cinch you're a Lubbock citizen.
4. Do not ride a bus or train arrival with outstretched arms and census blanks.
5. Do not accept a gift from a Lubbock citizen. All kinds of rewards and "sop" are being dished out to prospective citizens. After receiving such a "sop," you are as good as gone—one more little digit in the great drive to catch Amarillo.
6. If you fly over Lubbock, ask the pilot to keep at an altitude of at least 1,000 feet. Sleuths with spy-glasses may pick your name off your suitcase label.
7. Do not appear on any Lubbock radio stations. Many people making such personal appearances are being horn-swaggled into being counted as citizens of the Hub of the Plains.

If you registered at Texas Tech or a business college either last semester or this semester, you are a "gone goshawk" for all college students are counted as citizens of the town in which they attend college, and cannot be counted in the town where they were born, reared, and which they still call home.

But, if you just don't give a dang about your own home town and county, go on to Lubbock and help them reach the greatest ambition of that city's career—to attain a population, by hook or crook, that is bigger than that of Amarillo.

OILFIELD OFFICIALLY NAMED ROPES FIELD

The oil field north of Ropes which has been variously referred to as the Ropes oil field and the Smyer oil field, has been given the name of Ropes Oil Field by the companies interested in the drilling.

At the present time two new wells are being drilled, and a third is to start at an early date. —Ropes Plainsman.

The hardest American softwood is longleaf pine; the hardest hardwood is bois d'arc.

Odds & Ends

(Cont'd. From Editorial Page)

four rendered the majority opinion. Justice William O. Douglas wrote the majority opinion and Chief Justice Fred M. Vinson and Associate Justices Hugo Black and Harold Burton joined therein. One dissenting opinion was written by Justice Stanley Reid, in which he was joined by Justice Sherman Minton, and another dissenting opinion was written by Justice Felix Frankfurter.

That much just to keep the record straight.

We are not undertaking to express any opinion as to the merits of the respective written opinions of the three different divisions of the Court.

Suffice to say that practically all Texans are greatly disappointed at the result. Apparently the Texas Attorney General Price Daniel and those attorneys associated with him put up a strong

THE LYNN COUNTY NEWS,

Friday, June 16, 1950

fight. They laid much stress upon the clauses in the resolutions admitting the Republic of Texas into the Union which seemed to retain the ownership of such oils and other minerals in the state; but it must be admitted that these clauses were not as clear-cut and specific as they might have been—presumably for the reason that it possibly had not been suspected by any one concerned at that time that these

tidelands might be overlaid with oil.

Our foresight is never as good as our hindsight.

Experiments have shown that the Sequoia of California sometimes holds its cones for 16 years before they drop and discharge their seed. The seed are preserved from weather and fungi by a powdery pigment which makes them waterproof and germ proof.

Methodist Youth Meeting Here

The Spearhead sub-district of the Methodist Youth Fellowship met in Tahoka Methodist Church last Sunday afternoon to make plans for future activities. Representatives from Cooper, Draw, Grassland, O'Donnell, and Tahoka were present. John Shepherd of Grassland is president of the sub-district and Jim Bob Porterfield of Grassland is worship chairman. Ronnie Gurley, Joyce Weaver and Mary Fenton of Tahoka are officials of the sub-district and members of the council. Rev. H. A. Longino of O'Donnell, Rev. C. R. Hanks of Cooper, and Rev. J. W. Hawkins were present with their young people.

It was decided that the council would meet on the first Sunday afternoon in each quarter at Tahoka and that the sub-district would meet on the third Monday night in each month.

The meeting for next Monday night will be at New Home with registration at 8:00 p. m. There will be a program given by those who attended the Assembly at McMurry College. Recreation under the direction of Ronnie Gurley, worship under the direction of O'Donnell, and New Home will serve refreshments. Young people from the Churches in the sub-district are urged to attend.

Slaton Boosters In City Tuesday

A caravan of boosters for the Slaton Frontier Birthday Party all day Saturday of this week visited Tahoka Tuesday morning and presented a 20-minute program on the north side of the square.

The Celebration Saturday will feature a matched roping contest between Sammy Baugh, all-American football star, and "Red" Watley, Crosbyton, both top-notch ropers. There will be, also, jack-pot roping, a big street parade, old fiddlers contest, square dance, and songs by Odis Echols and his Melody Boys.

Postoffice Hours Are Changed

Beginning Monday, June 19, the Tahoka postoffice will close at 5 p. m. week days, as well as at noon Saturdays. Postmaster W. E. (Happy) Smith announces.

The new closing hours are in keeping with the Postal Department economy move. Most postoffices have already adopted the earlier closing hour.

The local office employs four clerks on a 40-hour week basis, and this saving of five hours on week days and six on Saturdays will enable the local office to save the government some money, Smith says.

Go To Church Sunday.

Methodist Men Hear Shelton

Travis Shelton, Lubbock attorney, as the speaker at the monthly meeting of the Methodist Men in Fellowship Hall of the Church Monday night. He brought an interesting and inspirational talk on "Fellowship."

Travis was reared in this county, the son of Mr. and Mrs. S. L. Shelton of Tahoka, and at present is a candidate for district attorney at Lubbock.

Miss Mary Louise Fenton rendered two piano solos, and Miss Sue Holcomb, accompanied by her sister, Miss Myrla, sang a group of "spirituals," all of which was greatly enjoyed by the 35 men present.

A cold plate dinner was served by Jack Fenton and Maurice Small. Pete Hegi acted as president in the absence of V. F. Jones.

Next month, the meal will be prepared by Perry Walker and A. C. Weaver, and Bill Clarke and Tom Gill will arrange the program.

Prohls Attending Rotary Meeting

Dr. and Mrs. Emil Prohl left Wednesday to attend the annual Rotary International Convention this year in Detroit, Michigan, June 18-22, inclusive. Delegates will be in attendance from nearly every nation in the world, except those dominated by Russia.

Dr. Prohl, president of the local club, is also chairman of the 183rd District On-to-Detroit committee, and he is proud of the fact that every club in this district will be represented at the great convention.

The Prohls drove down to Austin, then to Fort Worth, from which place they will ride the Texas Rotary special train to the convention.

Their children, Karl and Martha Ann, are visiting Mr. and Mrs. Bill Hale on Foster Ranch near Kent, Texas, while they attend the convention.

The clearing of forest land has influenced the wildlife pattern in the South. Bears, lynx, and pumas, once common in many communities, now are seen only occasionally in places far removed from human habitation.

Texas forests are valuable for wood products, protection of watersheds, food and shelter for wildlife, recreational opportunities, regulation of stream flow, control of erosion, windbreaks, and aesthetic appreciation.

More than twenty times as much plant food is removed from sloping land by erosion as is removed by crops. It requires about five hundred years for natural processes to build an inch of soil. That same soil can be washed away by a single heavy rain.

NOTICE OF BOARD OF EQUALIZATION MEETING

In obedience to an order of the Board of Equalization, regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the Courthouse in the town of Tahoka, Lynn County, Texas, at 10 o'clock A. M., beginning on Tuesday the 27th day of June, 1950 and from day to day thereafter, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in Lynn County, Texas, until such values have finally been determined for taxable purposes for the year 1950, and any and all persons interested or having business with said Board are hereby notified to be present.

Beulah Pridmore, County Clerk, Lynn County, Tahoka, Texas, this 12th day of June, 1950.

Lynn County, Tahoka, Texas, this 12th day of June, 1950. 37-21c

Telephones

(Cont'd. From Page 1) had been received when the deadline was reached Saturday night. Those sending in their applications after that date will have to wait until the fiscal year beginning on July 1 to be considered for service.

The federal government has set aside \$25 million to be loaned through the REA co-operatives and private companies building lines in rural areas. Recent Texas legislation permits organization of rural telephone co-operatives. Assistance in forming the Poka-Lambro cooperative has been given by the Lyntegar Rural Electric Cooperative, with headquarters in Tahoka, and it is expected that the telephone cooperative will cover about the same territory as the electric cooperative.

It is likely that, in many cases, the telephone lines may be strung on the same poles with the light lines. Telephones in a given area may be tied in with whatever town exchange the users may desire. It is likely that something will be worked out in this regard with the Southwestern Associated Telephone Co., which serves most of the towns in this area, whereby the co-op. and the company cooperate in rendering the telephone service.

Late last week, the proposed Hockley County Rural Telephone Co-op voted to throw-in with the Poka-Lambro group. Price and H. W. Lubbock engineers, have been employed to map the area for the proposed rural telephone lines. Officials have estimated that rural telephone service will cost each user about three dollars per month.

Outcome of the proposed cooperative will be determined by action of REA officials in Washington, which will give a hearing to the local officials on June 19.

Wildcats

(Cont'd. From Page 1) somewhat but is still flowing 24 hours a day.

Last week, another deep 10,000-foot wildcat was announced by the Schio Petroleum Co., 13 miles northwest of Tahoka, to be known as the No. 1 W. T. Rodgers, located 660 feet from the north and west lines of section 14, block 12, EL&RR survey.

Early this week, the J. H. Snowden et al. No. 1 Bryan Williams, located northeast of Central Church on section 1407, block 1, EL&RR survey, was reported drilling below 7,125 feet in lime and shale. The venture is slated for 9,500 feet to test the Ellenburger.

Another test of interest here is the recent announcement of the Gulf's No. 1 A. M. Clayton test of the Ellenburger in Borden county, four miles east and 2 miles south of Mesquite school and 5 miles east of the Williams discovery. Rig was moved in last week.

Interest increased this week in Northwest Lynn county acreage with announcement of further discoveries in Hockley county. Kewaree Oil Co. No. 1 C. T. Pace, immediately northeast of Claueine in labor 13, league 33, Baylor Co. school land survey, was flowing 3 barrels of oil per hour from the San Andreas at 5,123-51 feet after acidization. The well was expected to be completed as a discovery.

Six miles west of Anton, another pool apparently has been discovered by the Humble No. 1 Hobgood at 6,640-70 feet in the Clear Fork-Tubb section of the lower Permian.

The well between Ropes and Smyer, now officially known as the Ropes field, was possibly the biggest discovery in Texas of the year. Two more tests are going down nearby and a third is projected.

The average citizen should be the one most concerned about forestry. He is the ultimate purchaser of lumber and the other products of trees.

Mrs. Hughes

(Cont'd. From Page 1) 1883, to R. R. Hughes, a native of Missouri.

The young couple moved to Coleman county in about 1889. From there they went to "Indian Territory" (Oklahoma) in 1893, but they found that country "too wild," and two years later filed on land in Scurry county. From Scurry county, they moved to Graham Chapel, Garza county, in 1904, and thence to Brownfield in 1906, where they lived for many years.

Mr. Hughes died at Wilson on April 27, 1928, at the age of 72, and was buried in Tahoka Cemetery. Mrs. Hughes was converted and joined the Methodist Church at the age of 14, and affiliated with this denomination until she broke up housekeeping and went to live with her children, all of whom were Baptists. She was a kind and loving mother, and had many friends in Tahoka and over the county.

Six children, 11 grandchildren, and 15 great-grandchildren survive. The children are: Mrs. Clifford (Buna) Cathey of Greenville, Mrs. R. C. Forrester of Tahoka, Mrs. Josie Scott of Lubbock, Dr. H. H. Hughes of Brownfield, Clay Hughes of Mayhill, N. M., and Elbert Hughes of near Albuquerque. One son died at the age of four. Mrs. O'Bera Biggerstaff is a granddaughter.

All the children except Mrs. Cathey, who could not come, were here for her last rites.

TAHOKA, TEXAS,

FRIDAY, JUNE 16, 1950

KING FOR A DAY!

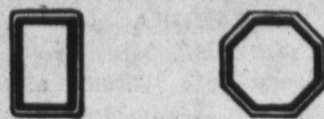

Time to salute that wonderful guy again!

Show him just how really wonderful we think he is.

What better way of letting Dad know than an electrical gift . . . something he can claim as his

very own. An electric shaver, that very special electrical tool for his hobby shop. Or a Certified Lamp. Perfect companion to his favorite chair . . . a Certified Lamp will add extra "see-ability," extra reading enjoyment . . . from Chaucer to the Sports Page!

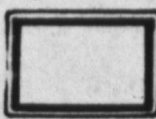

Yes, Dad likes nice things. He appreciates comfort and efficiency . . . and he'll find both in an electrical gift. Why not visit your dealer? He'll help you choose just the gift from his wide selection of new electrical "man-kind" appliances. They're all so very economical . . . low cost, dependable electric service makes them that way!

REGULATORY SIGNS

WARNING SIGNS

GUIDE SIGNS

SKETCH G

The shape and color of a highway sign should have a meaning for you, Mr. and Mrs. Motorist, even though there is no message or symbol on it. You have only a split second at high speeds to read a written message or grasp the meaning of a symbol on a traffic sign. If you fail, you may be courting disaster. Is it not logical then that meaning should be assigned to shapes and colors of a sign as added assurance of your glance recognition? Wouldn't knowledge of both be added insurance for your safety?

From the shape and color of the sign, it is possible for you to tell whether it is a REGULATORY sign intended to inform you of a law or regulation enacted to promote safety and convenience upon the streets and highways, whether it is a WARNING sign erected to tell you of a hazardous condition either on or beside the road, or whether it is a GUIDE or DIRECTIONAL sign to lead you to your destination.

This is the fifth in a series of articles designed to make Mr. and Mrs. Average Driver more familiar with traffic control signs, which when properly understood and obeyed, make our highways a safer place to be. This is the story of the WARNING sign.

You noted above that the WARNING sign is erected for the purpose of informing you of a hazardous condition either on or beside the highway. It may warn you of a STOP sign ahead, a narrow bridge, a curve, a crossroad, or some condition that requires the special attention of the motorist, if not a reduction in

Grain Price Supports Are To Be Announced Soon Says Mahon

speed. This sign is a diamond shape, and it has black letters or a symbol on a yellow background. Either the message, symbol, or the background is reflectorized in the condition of which warning is given exists at night.

The WARNING sign will be located on the shoulder of the highway at a point 300 to 500 feet in advance of the condition of which it warns.

Remember, when you see the yellow diamond shaped sign beside the highway, you are approaching something which requires you to be alert or else take the chance of becoming a traffic statistic.

Congressman George Mahon advised early this week that Department officials had informed him that all the papers had been prepared for an announcement of the support price loan on grain sorghums.

The announcement has been held up for weeks pending Senate passage of a bill increasing the capital stock of the Commodity Credit Corporation. The Senate acted on June 6, passing the bill which the House had approved last March 23.

Mahon stated that Presidential approval of the pending measure was expected soon and that within a few hours after the President signs the bill, the grain sor-

Draw H. D. Club Met In Sherrill Home

The Draw Home Demonstration Club met with Mrs. Gus Sherrill on May 29 at 3 o'clock. Mrs. L. B. Jones gave a demonstration on covering lamp shades. There were 13 present and two visitors from the T-Bar club.

Refreshments of ice cream and cake were served those present. The club meets with Mrs. Clyde Childress July 7. —Reporter.

The maximum flow of streams through open land may be several hundred times their average flow.

ghums loan will be announced. He said that the support price on grain sorghum might possibly be announced before the end of the week.

You can haul more loads . . .
more miles . . . for less . . .
with Chevrolet Trucks

Take time out to talk to some Chevrolet truck users. You'll find it revealing. You'll discover that Chevrolet trucks pay their way by hauling more loads—more miles—for less! And you'll find that this extra measure of value is even more apparent in the new Chevrolet models. Definitely, they're America's first-choice trucks. Heavy-duty units feature a brand-new 105-h.p. Valve-in-Head engine with the power to pull heavy loads and conquer steep grades. They offer new Power-Jet carburetion for smoother, quicker operation. They bring you the fast, safe shifting of Chevrolet's 4-speed Synchro-Mesh transmission. But whatever your hauling requirements, Chevrolet trucks are your best bet. See them in our showroom. You'll agree.

(SEAL)
ATTEST: W. S. Skip Taylor, Clerk, District Court, Lynn County, Texas. 34-4c

SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF LYNN.

NOTICE IS HEREBY GIVEN

That by virtue of a certain order of sale issued out of the Honorable District Court of Lynn County, on the 1st day of June, 1950, by W. S. Taylor, Clerk of said Court for the sum of Four Thousand Three Hundred Eight and 70/100 (\$4308.70) Dollars and costs of suit, under a judgment, in favor of Rhine Simpson in a certain cause in said Court, No. 1896 and styled Rhine Simpson, Plaintiff vs. B. W. Keith and wife, Leona Keith, Defendants, placed in my hands for service, I, Roland W. Clem, as Sheriff of Lynn County, Texas, did, on the 1st day of June 1950, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to-wit:

Lots Seven (7) and Eight (8) in Block Ninety Five (95) of the Original Town of Tahoka, Lynn County, Texas, together with all improvements and appurtenances thereto.

and levied upon as the property of B. W. Keith and wife, Leona Keith, and that on the first Tuesday in July 1950, the same being the 4th day of said month, at the Court House door of Lynn County, in the city of Tahoka, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said order of sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said B. W. Keith and wife, Leona Keith.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in THE LYNN COUNTY NEWS, a newspaper published in Lynn County.

Witness my hand, this 1st day of June 1950, Roland W. Clem, Sheriff, Lynn County, Texas.
—By Cleave Bairrington, Deputy. 35-3tc

It's Super

for Stretched-Out Mileage!

Friends, it's amazing how gasoline mileage can s-t-r-e-t-c-h o-u-t . . . when you OIL-PLATE your engine with new Conoco Super Motor Oil!

Proved By 50,000-Mile Road Test! In a punishing 50,000-mile road test, engines lubricated with new Conoco Super Motor Oil showed amazing economy of operation. Gasoline mileage for the last 5,000 miles of the test-run was actually 99.77% as good as for the first 5,000 miles. Proving that Conoco Super Motor Oil—with proper crankcase drains and regular care—can really s-t-r-e-t-c-h o-u-t gasoline mileage!

Come in and let me tell you about "50,000 miles no wear!"

HERMAN RENFRO
CONOCO REPRESENTATIVE

ONE Look

Yes, a look will show you why it's Ford for Fashion, again for '50! Once again Ford's smart, modern styling earned it the New York Fashion Academy's coveted medal as "Fashion Car of the Year." No other car at any price has received such an honor 2 years running.

ONE Listen

You can hardly hear the '50 Ford's powerful V-8 engine. For with all its road-mastering power it never raises its voice. Your ride is quiet, too, because "sound-conditioning" throughout Ford's roomy and sturdy "Lifeguard" Body keeps noise out!

ONE Ride

A "Test Drive" and you will learn Ford's quality firsthand! You'll marvel at the performance of the 100-h.p. V-8, or its companion-in-quality, the 95-h.p. Six . . . the comfort of its "Mid Ship" Ride. You'll feel the safety of Ford's 35% easier-acting King-Size Brakes. And after you've come to know this car, you'll thrill to its complete economy—low first cost, great gas mileage, low upkeep and high resale value. You'll recognize that Ford's the "Big Economy Package" of the low-price field.

"TEST DRIVE" THE '50 FORD
AT YOUR FORD DEALER'S
So economical to buy . . . and to own!

Tahoka Lady Receives Degree

GALVESTON, June 15—The University of Texas John Sealy College of Nursing, at the close of the 1949-50 session, awarded a Bachelor of Science degree in Nursing Education to Charlotte Virginia Collier of Tahoka.

John King of Smyer was down Monday visiting his mother and friends. He has a place very close to the Smyer discovery oil well in eastern Hockley county. He has been offered some fabulous prices for royalty on one of his two farms, but has not sold any of it yet. He thinks the field is certain to hit big place.

MARINE RESERVES HOLD THEIR FIRST POSTWAR MEETING

The first postwar convention of the Marine Corps Reserve Officers' Association held in Washington early in May brought together delegates from the 48 nationwide chapters of the organization. Highlighting the two-day meeting were speeches by three former fighting Marines, Senator Paul Douglas, of Illinois, and Representatives Donald L. Jackson, of California, and Michael J. Mansfield, of Montana, Marine veterans, and Senator Brian McMahon, of Connecticut, chairman of the Joint Congressional Committee on Atomic Energy.

GEN. CATES

Other speakers were General Clifton B. Cates, commandant of the United States Marine Corps; Colonel Melvin J. Maas, USMCR, national president of the association; Major General W. J. Wallace, of the Division of Aviation; Major General M. H. Silver, of the Director Division of Reserve. The membership exceeds 2,600 Marine reserve officers.

The following national officers were elected: National President, Colonel Melvin J. Maas, USMCR; First Vice President, Colonel Justice M. Chambers, USMCR; Second Vice President, Brigadier General Karl S. Day, USMCR; Western Vice President, Major Andrew Geer, USMCR; Vice President Emeritus, Colonel Harvey L. Miller, USMCR; Executive Director, Major William P. McCahill, USMCR; National Secretary, Major Helen G. O'Neill, USMCR; National Treasurer, Lieutenant Ann Day McDermott, USMCR; Judge Advocate General, Major Edward M. English, USMCR.

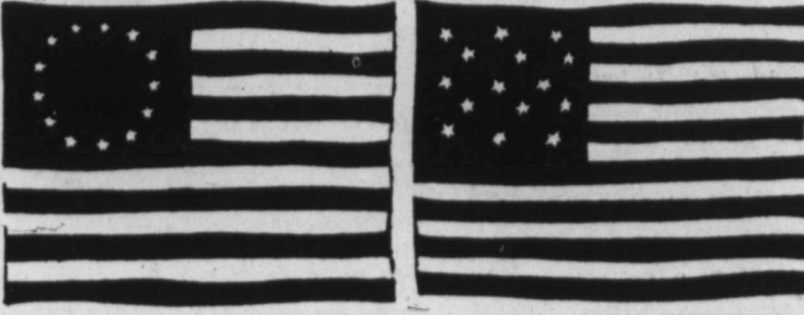

Do Your Gums Spoil Your Looks?

Do your gums itch, burn or cause you discomfort? Druggists will return your money if the first bottle of LETO'S fails to satisfy. WYNNE COLLIER, DRUGGIST

Picture Story of U. S. Flag

PRE-INDEPENDENCE FLAGS—Depicted above are banners carried by American patriots when they first took up arms in 1775. At the left is the blue flag with its white crescent which was nailed to the staff at Fort Moultrie by Sergeant Jasper. In the center is the Rattlesnake Flag of the Virginia minute men at Culpeper. At the right is one of the New England pine tree flags.

This is the first Stars and Stripes. The Continental Congress on June 14, 1777, resolved: "That the thirteen United States be thirteen stripes, red and white; that the Union be thirteen stars, white on a blue field, representing a new constellation." According to legend the five-pointed stars were designed by Mrs. Betsy Ross.

With the admission of Vermont and Kentucky to the Union two stars and two stripes were added to the flag following an Act of Congress in 1794. It was a flag of 15 stars and 15 stripes over Ft. McHenry that inspired Francis Scott Key to write "The Star-Spangled Banner." Congress in 1818 restored the original number of stripes.

Forest resources are the concern and responsibility of all Texan as even though most of the commercial forest land is in East Texas on about one-fourth of the land area of the State. The heartwood of redwood, Port Oxford cedar, western red cedar, eastern red cedar, and southern cypress are rot resistant, and as near everlasting as wood can be.

Science To The Rescue... Modern Housekeepers Now "Have It Easy"

Less elbow grease is required to do the house cleaning chores today because science has come to the rescue. High on the list of modern aids for the homemaker are the detergents. They make it possible for the house cleaning job to be done with less effort and with more speed and effectiveness.

Unless the soil where corn was planted this spring was supplied with plenty of nitrogen, yields will be low. The situation can be corrected through the use of a nitrate fertilizer applied now as a side dressing. Two hundred pounds per acre of ammonium nitrate or 300 pounds of sulphate or ammonia will balance the 200 to 300 pounds of 4-12-4 or 5-10-5 that was applied before the corn was planted.

Time can be saved and inconvenience avoided if complete plans for the entire farmstead are worked out before any buildings are constructed. New buildings, including houses, should be placed in a suitable location with reference to their use and to existing buildings.

A 22-acre oat pasture at the Brazos River Field Laboratory of the Texas Agricultural Experiment Station near College Station furnished good grazing during the past winter for 85 steer calves for 94 days and for 88 sows and 30 calves for 21 days.

Private owners hold about 91 per cent of the commercial forest land in the South, while only nine per cent is in the public ownership.
