Number 44

T-Bar Drive-In Theatre Opens

The new T-Bar drive-in theatre, built and operated by the Wallace Theatres, was opened Wednesday night, and will be open nightly in the future.

Four feature programs will be shown weekly, according to Lester P. Flood, local manager of the four Wallace shows in Tahoka. Show dates will be Thursday and Friday, Saturday, Sunday and Monday, and Tuesday and Wednesday.

The T-Bar, located a mile north of town on the east side of the Lubbock highway, is new and modern in every respect. It is named in honor of the T-Bar ranch of Lynn county, one of the oldest ranches on the Plains, and is decorated in blue and white, the Tahoka School colors.

The drive-in is the latest idea in show places. Many people prefer attending this type of theatre, since they feel freer to go to the show in their work clothes. They can relax in their cars and smoke or talk while viewing the picture.

The T-Bar has 278 latest type in-car speakers and the newest in sound systems, the best that can be bought in projection machines, and a large 55x55 foot screen which may be seen easily from the back ramps. Caliche driveways and ramps cover the entire parking area. The entrance driveway down the center, and the exit driveway to the north are also hard-surfaced.

A modernistic refreshment bar occupies the center parking area, where cold drinks, hot dogs, popcorn, and candy can be bought. Between this building and the screen is the projection room and the rest rooms.

Though open for business, Mr. Flood says the plant is not entirely complete. In the near future, Bermuda grass will be planted in front of the theatre and also in the vicinity of the screen. Also, a fenced-in children's playground will be installed.

Though not quite as large as city drive-ins, all the equipment is brand new and of the very latest type and has all the features of the biggest and the best.

The Wallace Theatres, a South Plains institution owned by Mr. and Mrs. Wallace B. Blankenship and son of Levelland and Lubbock, now operates four theatres in Tahoka. These are, in addition to the T-Bar, the Wallace, Rose, and Lynn.

Baptists Close Revival Sunday

Good crowds have been attending the services at the tent meeting at Sweet Street Baptist Chapel. There have been several additions to the church; through Tuesday night there had been three additions by letter, one by statement and six for baptism. Services will continue through Sunday night, August 6. The song service is under the direction of Laylan McMahon, the preaching is being done by Lee Ramsour, pastor of the First Baptist Church, W. H. Scantling is pastor of the Chapel.

After Sunday School and Training Union, the regular worship services of the First Baptist Church will be dismissed in order that the congregation there may worship with the congregation from the Chapel at the tent. The public is invited. The sermon subjects for the closing services of the meeting are announced as follows:

Friday night—"If We Could Lift the Lid Off Hell."

Saturday night—"God Answers By Fire."

Sunday morning—"Fear Not."

Sunday evening—"A Son On the Altar."

Baptist Workers Are Named Here

Miss Lillie Ragsdale began her duties as Educational Director at the First Baptist Church this week. She has served in a similar capacity in the Harris Avenue Baptist Church, San Angelo, for the past two years. Her coming completes the staff for the First Baptist Church. The staff now includes: Lee Ramsour, pastor; Bob Callahan, director of music and enlistment; Miss Ragsdale, educational director; and Mrs. Nan Adams, secretary.

The pastor indicates that he is quite hopeful of a good work to be done by the church.

Bobby Tippit, Gerald Wayne Tippit, and Jimmy Dumas Small left Thursday morning on a vacation trip to California.

Rev. L. B. Taylor, above, is the preacher at a revival meeting opening tonight and continuing through August 13 at the Lakeview-Petty Methodist church. Services will be at 10:30 a. m. and 8:15 p. m.

Former Citizen Died Last Week

H. M. McCormack, about 75, formerly a Tahoka business man, died at 6 p. m. Wednesday, July 26, at a hospital in Kingsville, Texas, his home for 30 years. Funeral services were held in that city Friday morning at 10 o'clock.

He was the father of Mrs. D. W. Gagnat and Mrs. W. V. McElroy of Tahoka and Mrs. B. C. Howell of Terrell, all children of an earlier marriage. He was also survived by Mrs. Maude King McCormack, also a former Tahokan and daughter of the late Mrs. Sophie King.

Mr. McCormack had a heart attack about a month before his death. On Tuesday of last week he underwent a gallstone operation which was deemed necessary, but he died the next day.

Mr. and Mrs. Gagnat, Mrs. McElroy, and Mrs. Howell were called to his bedside about ten days prior to his death, and were there when he died. Mrs. Chas. Verner, granddaughter, and W. V. McElroy went down for the funeral.

Mr. McCormack had a number of friends still residing in Tahoka. According to local friends, he came here in about 1916, established and operated a merchandise business. He moved away in the early 1920's. He was a well-to-do citizen of the South Texas area.

Unwelcome Guest Causes Excitement At Clinton Home

There was consternation at the Jim Clinton household last Sunday night. Sheriff "Stick" Clem was called on for help, and the unwelcome intruder which caused the near-panic was murdered.

The disturbance began at about 10 p. m. when Mrs. Clinton happened to walk out on the front porch. There she found the intruder—a black and white kitty (sometimes called a polecat).

She called for James. Though Jim is Tahoka's fire chief and knows what to do in a lot of emergencies, this was one that had him stumped.

He didn't want to become too personally acquainted with Mr. Kitty, and he didn't want his house "stunk up".

He called Sheriff Clem, thinking maybe the High Sheriff might have a tear gas bomb or something that would do away with or entice the skunk away from the house.

Sheriff Clem told him to hold everything until he got there, but Jim didn't want hold of a certain thing, namely, the intruder. To make a long story short, Tahoka's Fire Chief and Lynn County's Sheriff finally enticed the little animal out into the back yard, where the Sheriff committed the murder with a .22 rifle.

WINS DEEP FREEZE

J. E. Sherrill, Jr., was the winner of the Philco Upright deep freeze box given away last Saturday night by the D & H Super Market at the opening of their newly remodeled store.

Outstanding Entertainment Program Given At Grassland-Tahoka Meeting

Nearly 150 Grassland and Tahoka men attended the community good-will meeting held in Grassland school gymnasium Thursday night of last week.

An excellent dinner was served by the mothers of the Grassland Boy Scouts, of which Luther Kenley is Scoutmaster, and other ladies of the community. Proceeds from the dinner, about \$150, went to the Grassland Boy Scouts. Men of the Grassland community were guests of the Tahoka men at the meeting.

John Shepherd of the Grassland Scouts presided at the meeting in a masterful manner. Rev. J. E. Peters, Methodist pastor, pronounced the invocation. Music was furnished by a string band composed of T. L. Weaver, W. H. Norman, and Parks Leathers.

Shepherd gave the address of welcome, and Maurice Bray, president of the Tahoka Chamber of Commerce, which sponsored the meeting, responded.

Following the dinner, the Grassland community presented an excellent program of entertainment. Among the numbers were a tap dance by Jan and Judy, daughters of Mr. and Mrs. R. M. Thomas; a solo, "Chewing Gum," by Doty Jean, daughter of Mr. and Mrs. O. C. Harrison; a reading by Patsy Norman, daughter of Mr. and Mrs. W. H. Norman; a pantomime act by Mr. and Mrs. T. L. Weaver; acts of magic by T. L.; and a solo by Mrs. A. L. Shepherd. Mrs. R. M. (Dorothy) Thomas accompanied at the piano.

The program was then turned over to Mr. Bray, and R. P. Weathers and Truett Smith put on their comedy act, which brought a lot of amusement to the crowd.

The affair was closed with a more serious talk by W. E. (Hop) Smith, in which he expressed Tahoka's appreciation of the fine citizens of the Grassland community.

Redwine Named Chief of Police

Norvell "Booger" Redwine was named by the City Council in a meeting last Saturday as the new Tahoka Chief of Police.

Redwine, who was reared here, is a former Texas Ranger, Border Patrolman, and Deputy Sheriff.

He went on duty immediately.

Two Local Youths Win Plane Trip

Two Tahoka young people were among the ten given a free ride Tuesday on Pioneer Airlines from Lubbock to Plainview, where they were entertained for the day.

The two from here winning the trip were Bill Ross Smith, son of Mr. and Mrs. Ross Smith, and Judy Kelley, daughter of Mr. and Mrs. Vernon Kelley.

They won the trips by writing last lines to a limerick on the Brucecheon Club program of radio station KSEL, Lubbock.

Pennington Home From Philippines

Pfc. Charles H. (Bugs) Pennington, who has been stationed with the Army Air Force at Clark Field, Luzon, Philippine Islands, is here visiting relatives and friends.

He is home on a 51-day furlough, at the end of which he will report back to Camp Stone-man, California, for duty.

COMPLETES BUILDING

Paul Pittman, Gulf Service station operator, who moved into his new building on Main Street last week, states that the structure is now complete except for a few minor details. The new station is one of the most beautiful in the town.

Keep the young trees green. They are our future supply of lumber, pulpwood, railroad ties, poles and piling, and fence posts. Don't burn the woods.

Car And Tractor Are In Accident

J. W. (Johnny) Garner, driving a late model Ford, and H. O. Hargett, driving a tractor, were in collision near Mr. Hargett's farm home Wednesday which resulted in damage to both vehicles.

Mrs. Garner and baby, who were in the car, were slightly injured, Mrs. Garner receiving a cracked rib and the baby a lacerated lip.

Three Men Get Heavy Fines

Three men drew heavy fine in County Court here over the week end.

Clarence Densy, colored, drew a fine of \$125 and costs Saturday on a plea of guilty to possession of liquor for purpose of sale.

On Monday, Ira Collins, colored, was fined \$250 and costs on a charge of possession of liquor for purpose of sale.

On the same day, Romulo Salinas, Latin-American, drew a fine of \$250 and costs on a charge of driving while intoxicated. About a month ago he is alleged to have run over another Latin-American; this charge growing out of the incident. He is also charged with aggravated assault with a motor vehicle.

Ernest West Is Rotary Speaker

Ernest West, minister of the Tahoka Church of Christ, was the speaker at the Rotary Club luncheon Thursday noon.

He spoke interestingly on the subject, "Rotary—the Influence It Can Have in World Affairs."

David Weathers was program chairman for the day. Secretary Bruce Reed acted as master of ceremonies in the absence of President Charles B. Townes.

WESLIE MICKY WILL PREACH GOSPEL MEETING AT CHURCH OF CHRIST

Beginning Sunday, August 13, and continuing through August 23, Wesley Mickey of Fort Worth will preach in a series of Gospel meetings at the Tahoka Church of Christ. Services will be held at 10 a. m. and 8 p. m. daily.

Mr. Mickey is now engaged in a meeting at the Grassland Church of Christ with services Saturday evening at 8:00 and concluding with the two regular services on Lord's Day.

The public is invited to attend these meetings.

Grassland Methodist Church To Hold Meet

Grassland Methodist Church will start its summer revival meeting on Friday night, August 11, according to Rev. J. E. Peters, the pastor.

Rev. Grady Adcock of Silverton will do the preaching. Everyone is invited to attend.

Family Anxious About Local Man Missing Since Saturday Morning

Small Again Gets Tech Scholarship

Mr. and Mrs. Maurice Small were notified Thursday morning that their son Jimmy Dumas, who will be a Sophomore student in Texas Tech this fall, has been awarded the Sears scholarship for Agricultural Division Sophomores. Small received the award last year for Freshmen.

Jimmy Dumas was reared in Tahoka and is a graduate of the local high school.

Lightning Kills Y. L. Moore, 31

Y. L. Moore, 31, formerly of Wilson, was killed instantly by lightning at about 9:30 o'clock Sunday night at his home about seven miles southeast of Levelland, Hockley county.

Mr. Moore and his wife and three children a short time earlier had gone to a storm cellar during a severe electrical storm. Thinking the storm over, Mr. Moore stepped outside, carrying his one-year old son in his arms. Lightning struck Mr. Moore, killing him instantly. The child was uninjured.

Funeral services were held Tuesday afternoon at 3 p. m. at the South Side Church of Christ in Lubbock. Burial followed in the Tech Memorial Cemetery.

In addition to the wife and three children, the deceased is survived by his parents, Mr. and Mrs. T. F. Moore, who reside west of Wilson; seven sisters, Mrs. Amarie King of Levelland; Mrs. E. J. Mizer of Levelland; Mrs. Preston Parham of Lubbock; Mrs. Bill Savage of New Home; Mrs. Bob Devers of Plainview; Miss Joan Moore of Wilson and Miss Hythen of Lubbock; and seven brothers, B. L. of Levelland; Lamar of San Antonio; Laroyce and Lavoyce, both of Shallowater; Wendell of the U. S. Army; Clarence and Harold, both of Wilson.

North Side Will Play New Home

North Side defeated South side 14 to 1 last Sunday afternoon for the right to meet New Home this Sunday to determine the Lynn County Junior Baseball League championship.

New Home and North Side will play on the Jaycee field in South Tahoka Sunday afternoon at about 2 p. m.

Last Sunday, "Punk" White was the winning pitcher for the North. The North had big first and eighth innings which cinched the game. Otherwise the two teams were evenly matched.

"Stop" Signs, Blinker Lights Will Be Installed

Tahoka's City Council has authorized installation of a new "blinker" traffic light on U. S. 380 in East Tahoka at the street intersection just west of the Santa Fe railroad crossing.

Also, a number of "stop" signs have been ordered for early installation at a number of street intersections within the city.

WISE COUNTY REUNION

Wise County Old Settlers reunion is slated for August 20th in Mackenzie State Park, Lubbock, Texas.

All former Wise County residents are invited to attend this all-day meet, bringing well filled baskets, lunch on ground at noon with an interesting program to follow. A large crowd is expected for this annual affair.

Fire is responsible for much of the damage to both young growth and mature timber. Fire damages and weakens trees, making them easy prey for insects and wood rotting fungi.

A Tahoka man has been reported missing since Saturday of last week, and relatives are fearful for his safety.

L. E. (Ed) Holton, 46, walked away from his home near the new water reservoir in west Tahoka at 9:30 a. m. Saturday, cashed a \$10.00 check at South Side Service Station at about 11 a. m., and so far as is known by the family, has not been seen by anyone who knows him since.

Mrs. Holton says her husband was mentally and physically a sick man. He was terribly depressed Saturday morning, she says. She and Mr. Holton have been married 25 years, and have never been separated more than 2 days at a time. In fact, she says he was a great family man, and believes that he could not have left home unless he was mentally upset, at least for the time-being.

He left his billfold and Masonic ring on a chair at home. He is known to have talked to Pat Hines at the water tower, and she last saw him going toward town.

Mrs. Holton asks that anyone who may have seen Ed since that time, or who may have given him a ride out of town, notify her at once by calling Phone 65, or notify Sheriff "Stick" Clem, or other officers.

Mr. Holton has been employed by Southwestern Public Service company since moving here from W.atherford a year ago last February.

He is 5 feet 11 inches tall, has black hair and brown eyes, and has a big scar about two inches long over his right ear. He was wearing a khaki suit, brown dress shoes, and a brown straw hat.

The Holtons have three daughters, Juanita, 15; Stella, 13; and Mrs. Beryl (Mona) Dillard.

Methodist Church Plans Meeting

Rev. C. A. Holcomb, Jr., pastor of the Tahoka Methodist Church, will be in the pulpit for both services Sunday. The morning service is at 10:55 and the evening service at 8:00.

Rev. Holcomb has been conducting a revival meeting at Draw and has been away for the past two Sundays.

A revival begins at The Methodist Church Sunday, August 13th to continue through Sunday, August 20th. Rev. R. L. Butler of Munday, Texas, will be the guest preacher and Rev. D. W. Binkley of Anson, Texas, will lead the singing and conduct services for youth. There will also be children's services daily, conducted by Miss Sue Holcomb.

Rev. Charles Iglehart, missionary to Japan brought a very helpful message to a large and appreciative congregation at the Methodist Church last Sunday evening. Mrs. Iglehart was also present and there was a reception for them in Fellowship Hall after the address. Rev. and Mrs. J. O. Haymes of Lubbock were present along with many representatives of the following Methodist Churches in the county: Wilson, New Home, Draw, Grassland, and O'Donnell.

Rev. Iglehart will be supported in his work in Japan by the Lubbock District. The District will present him with a car to be used in Japan next Sunday afternoon at four o'clock in McKenize State Park, Lubbock. Everyone is cordially invited to attend the presentation.

Lakeview Revival Starts August 14

Lakeview Baptist Church will open a revival on August 14 to run two weeks, according to Bert Stice of that community. The church is located eight miles west of New Home.

Rev. E. F. Cole of Fort Worth will do the preaching for the meeting. Services will be held morning and evening.

TECH EXES WILL PUBLISH ANNIVERSARY SOUVENIR

LUBBOCK, August 3. —A 48-page souvenir magazine honoring Texas Technological College on its 25th Anniversary will be published by the Tech Ex-Students' association as the September edition of the "Texas Techsan."

D. M. McElroy, executive secretary, said the issue will feature articles and early photographs of the campus when Tech was opened in September, 1925. Other stories will tell the story of the legislative battle to create the college, review the contributions of the college to the region and state, and trace the traditions which have become a part of the college in its short existence.

Other features of the issue will be a report on the 1938 Tech football team which went through the regular season undefeated and drew an invitation to the Cotton Bowl, and photographs of other Red Raider squads. Houston Harte, noted San Angelo author and former Tech Board member, and Walter White, eastern industrialist who graduated in 1932, also have been invited to contribute to the edition.

NAVY'S NEW EIGHT-BLADED AIRCRAFT PROPELLERS—One of the largest propellers ever developed for Navy aircraft is this experimental contra-rotating installation for use with turbine engines of over 5,000 horsepower, and is part of the Navy's continuing development program. The blades are 14 feet in diameter. The new propeller actually consists of two four-bladed propellers, placed one in front of the other, on a dual shaft and geared to turn in opposite directions. This eliminates the "torque" effect of propeller-driven aircraft. "Torque" is that force which tends to turn a plane in the opposite direction to that which a single propeller unit turns. (Official Department of Defense photo.)

INSECT CONTROL IS GARDEN CLUB TOPIC

For the July meeting, the Tahoka Garden Club chose the very attractive and spacious lawn of the Ivan Cliphart home. Miss Graham Hard, Lynn county Home Demonstration agent, discussed "Insect Control." Mrs. E. R. Edwards will head a committee to further plans for improving the American Legion hall grounds. Iced cokes were served by the

Social Committee to about twenty members.

SURPRISE BIRTHDAY DINNER GIVEN HERE

Mrs. J. F. Millman was pleasantly surprised Sunday, when her sons and their families brought in a big birthday dinner in her honor. Friday, July 28, was her birthday.

They brought a well-prepared dinner, which included two birthday cakes, and more other food than could be eaten.

Those present included: Mr. and Mrs. Odean Millman and two children, Dwayne, 10, and Ronny, 6, and Mr. and Mrs. Orville "Milo" Millman and daughter, Dolores, 2, all of Lubbock; and Buster of Tahoka.

Mrs. "Milo" Millman and baby came down Saturday, and the others came in Sunday.

Great oaks from little acorns grow—and charred stumps from the little match we throw. —Wall Street Journal.

Farmers Must File For Market, Classing Service

Farmers have only 10 more days to file their applications for free government classing and market news services Lell O. Buchanan said today.

Mr. Buchanan is in charge of the Lubbock cotton classing office, U. S. Department of Agriculture's Production and Marketing Administration.

August 15 is deadline for filing applications for these services due all farmers who belong to organized cotton improvement groups.

Last year, 98.6 per cent of the cotton ginnings in this area were classed by the Lubbock cotton office. This cotton was classed for farmers without cost under the Smith-Doxey Act, Mr. Buchanan reported.

Applications should be mailed to your local County Agent or to Mr. Buchanan, 1701 Avenue H, Lubbock.

THANKS SUPPORTERS!

Preston E. Smith of Lubbock writes The News that he is most grateful for the support and vote of the people in his race for Lieutenant Governor. Smith received an excellent vote over much of West Texas but could not gather in enough votes "down state" to get in the run-off.

Mr. and Mrs. Roy Taylor and children of Seymour came up Monday to be present for the C. T. Tankersley anniversary party Tuesday. Roy operates the Seymour fishing resort ten miles north of that city on Lake Kemp. He states that the water in the lake is at the highest point it has ever been in the lake's history. Because of the flood in Wichita Falls, water was held back in the lake, the capacity of which has been taxed by recent rainfall totaling 12 inches.

Mr. and Mrs. J. R. Wyatt and Mr. and Mrs. C. V. Wysl returned Sunday from a week's visit with Mr. and Mrs. A. W. Reagan and Mr. and Mrs. C. H. Reagan at Portales, N. M. Mr. Wyatt says crops are pretty good in that area, though the weeds got a good start during the recent rainy spell.

Penalty Set On Excess Cotton

The penalty rate for 1950-crop cotton produced on a farm in excess of the farm marketing quota will be 15.5 cents per pound, the chairman, State Production and Marketing Administration announced this week.

Mr. Vance, committee chairman, explains that under the Agricultural Adjustment Act of 1938, as amended, whenever farm marketing quotas are in effect for a crop of cotton, a producer for whose farm a "farm marketing

excess" has been determined is subject to a penalty on the excess at a rate per pound equal to 50 percent of the parity for cotton as of June 15 of the calendar year in which the crop is produced. The parity rate announced today is 50 percent of the parity price for cotton on June 15, 1950.

"Farm marketing excess" is defined by the chairman as the normal production of that acreage planted to cotton on a farm which is in excess of the farm acreage

allotment. He points out, however, that the law provides that the "Farm Marketing excess" shall not be larger than the amount by which the actual production of cotton on the farm exceeds the normal production of the farm acreage allotment, if the producer establishes such actual production to the satisfaction of the county PMA committee.

The chairman warns cotton growers that until the penalty on the farm marketing excess is paid, all cotton produced on the farm marketed by the producer is subject to the penalty and a lien on the entire crop will be in effect in favor of the United States. The Act also provides that any producer having an interest in the cotton produced on a farm in 1950 where the acreage planted to cotton is knowingly in excess of the farm cotton acreage allotment will not be eligible for any payments under the Agricultural Conservation Program on such farm and on any other farm in which he has an interest.

Eligibility for Federal price support on 1950 crop Upland cotton also depends on producer compliance with the acreage allotment-marketing quota program, Mr. B. F. Vance explains. As

announced by PMA on June 27, the price support rate on 1950-crop cotton will be 90 percent of the parity price on August 1, 1950.

Any person interested in cotton produced on a farm in 1950 on which the acreage planted to cotton knowingly in excess of the farm cotton acreage allotment will not be eligible for price support on any cotton produced on the farm, he points out. Neither will such person be eligible for price support on cotton produced on any other farm in which he has an interest if the total of his shares of the acreage planted to cotton on all farms exceeds the total of his share of the cotton acreage allotment on such farms.

Where it is determined by the county committee that the acreage planted to cotton on a farm is in excess of the farm cotton acreage allotment, the producer will be notified immediately, and will be allowed a period of 15 days from the date the notice is mailed from the county PMA office in which to adjust his planted acreage to the allotment, says Mr. Vance. If adverse weather conditions should prevent the adjustment to be made during this period, the producer

Mr. and Mrs. Fred Nolan were leaving this week for a vacation in New Mexico. Mrs. Nolan is employed in the County Tax Assessor and Collector's office.

Jeff Connolly and Frank Brown left Saturday for Wilkes, Hill county, where they expected to attend a Connolly family reunion and fish a few days.

To be safe, the water supply for the farm home must be protected from contamination by dust, ground water, insects and animals.

The News is your best advertising medium—by far.

may request an additional period, not to exceed 15 days, in which to adjust the acreage. The chairman points out that such request must be made in writing to the county PMA committee.

THE LYNN COUNTY NEWS,

Friday, August 4, 1950

Mr. and Mrs. Harry Coleman of New Albany, Mississippi, came last Friday for a visit with her sister, Mrs. Corene Pennington, and family.

Fires drive away and destroy game. Real sportsmen won't burn the woods.

Mr. and Mrs. Charles Verner and Mr. and Mrs. O. C. Elliott recently made a business and pleasure trip to St. Louis, and while there witnessed three major league ball games. Two of them were between the Cardinals and the Phillies, and one between the Cardinals and Brooklyn.

Large Crowd Helps C. T. Tankersleys Celebrate Fiftieth Anniversary

Mr. and Mrs. C. T. Tankersley of the West Point community celebrated their fiftieth wedding anniversary Tuesday of this week, and over three hundred friends and relatives called during the day to honor the couple. In fact, 237 signed the guest book, and there were perhaps a hundred who failed to do so.

Guests were treated to a fine barbecue dinner at the non hour, which was preceded by a program in honor of the Tankersleys.

The dinner table, spread under the trees, was heavily laden with delicious barbecued beef, "sonuv-a-gun," salad, red beans, cakes, cold drinks, coffee, and all the trimmings.

Following the meal, pictures of the couple were taken with the huge anniversary cake, and the guests filed through the Tankersleys.

 Pastor, Berni eC. Finch

They's new and beautiful farm house to view their home, and the scores of gifts sent them by their many friends and relatives.

Lou Ann Taylor of Seymour, a grand daughter, registered the guests in the living room of the home.

The large and beautiful anniversary cake, which was white and trimmed in gold, was served by two grand daughters, Mary Ann Tankersley and Jolene Bragg, after Mrs. Tankersley had cut the first piece.

Claud Wells supervised preparation of the barbecue.

Even after the dinner, all during the afternoon and even into the night, friends continued to call at the home to congratulate the couple—evidence to the fact that Mr. and Mrs. Tankersley are among Lynn county's most highly respected and loved couples.

But, the program just before the lunch was one of the outstanding features of the day.

Calloway Huffaker presided, and did so in a most happy way, passing many compliments on the pair and telling many humorous stories on them, which they and the crowd greatly enjoyed.

Rev. Sheldon Russell sang three beautiful and fitting songs, and pronounced the invocation.

District Judge Alton B. Chapman of Floydada, an old friend of the couple, gave the principal address of the program, in which he extolled the beauty and the holiness of matrimony and the fullness of life enjoyed by such a couple as the Tankersleys.

Mr. and Mrs. Tankersley, who both were reared in Hamilton county, met at a church social. Mr. Tankersley says she was "a cute little trick." She declares he was "the man of my dreams." And, they must have known from the beginning that they were meant for each other, and that a long and happy life was in store for them. At any rate, they have had fifty happy and successful years of married life, and are yet young in mind and spirit.

It was on August 1, 1900, that C. T. went down to the livery stable, hired a rig, picked up Permelia Bullman, and the two drove over to the home of Rev. Wm. Agee, Baptist pastor at Agee, Hamilton county. When they informed the pastor that they wanted to get married, Rev. Agee suggested that they unhitch the horse in order that he might stand between the shafts to read the ceremony. But, the young couple told him they didn't have time, and the preacher proceeded with the tying of the nuptial knot.

They moved to Dickens county in 1918, but spent only one year there, and came on to Lynn county in 1919 and have lived here ever since.

They have long been prominent in all affairs of their community and of the county, taking a leading part in church, schools, and political functions.

The Tankersleys have reared seven children, one son and six daughters, namely: Hubert Tankersley of West Point, Mrs. O. W. (Leta) Williamson of Miami, Okla.; Mrs. Terry (Beatrice) Noble and Mrs. Cody (Violet)

IT MAY—OR MAY NOT—BE POLIO

CALL YOUR DOCTOR PROMPTLY

If it is Polio, get in touch with your local chapter of THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

FIGHT INFANTILE PARALYSIS

HERE ARE SYMPTOMS OF POLIO listed by the National Foundation for Infantile Paralysis. They may—or may not—mean polio. Call your doctor and then, if help is needed, contact your local chapter of the National Foundation. When polio is around, these precautions are recommended: Keep children with their own friends and away from people they have not been with right along. Don't become exhausted through work or hard play. Don't stay in cold water too long or sit around in wet clothes. Avoid becoming chilled. Always wash hands before eating.

Mr. and Mrs. Alton Cain and children on Wednesday night attended a play at West Texas State Summer Playhouse in which Alton's brother, Wendell Cain, was one of the performers.

Each year a line of fire 45,000 miles long and a mile wide eats its scarlet way through our nation's woodlands, striking at the very heart of our national prosperity.

Bragg of West Point community; Mrs. Roy (Geneva) Taylor of Seymour; Mrs. Roy (Nola B) Munson of Estherville, Iowa; and Mrs. Roy (Patsy) Rutland of Waco. All were present along with their families except Leta and Nola B., who were unable to come for the event.

Among other relatives present were: Mrs. Tom Parsons of Indian Gap, Hamilton county, Mr. Tankersley's sister, Wally Denman of El Paso, a grandson; and Mrs. Roy Rutland, Sr., of Waco.

MRS. NETTIE DAVIS WILL HAVE FAMILY REUNION

Mrs. Nettie Davis expects to have all her children with her at her home on North Third Street this week end, except Mrs. Mildred Scholer of South Gate, California.

Mr. and Mrs. Owen Fields of Vista, California, arrived last week for a visit here with her mother.

Others who expect to be here include Mr. and Mrs. Daniel Davis of Amarillo, Mr. and Mrs. Sherman Davis of Lubbock, Mrs. Veda Davis and boys of Marlin, and Otis of the family home.

Not all of us possess enough land for growing trees, but that need not deter us from helping the fellow who can grow timber by giving him our encouragement, and helping him in every possible way to keep fire out of his woods.

Go To Church Sunday.

DIXIE H. D. CLUB PLANS PICNIC

When Dixie Home Demonstration Club met Wednesday afternoon, August 2, with Mrs. Charlie Lichey, Mrs. Clifton Hamilton gave an interesting demonstration on making and baking biscuits.

The minutes of the last meeting were read by Mrs. J. O. Allen. Plans were made for a picnic Friday night, August 18, on the lawn of the Dick Mitchell home for club members and their families.

Refreshments of banana nut bread, cookies, and punch were served to 11 club members and one visitor, Mrs. W. H. Giles of Fort Worth, sister of the hostess.

Go To Church Sunday.

CARD OF THANKS
 We take this method of expressing our hearty thanks to our many friends of the O'Donnell, Harmony, and Driv communities for their response when the call went out for blood donors, and also for cash donations. Also our thanks to Drs. Lehman and Seale and to the nurses in Lamesa General Hospital. May we be such a neighbor and friend as you have been is our earnest prayer. —Mr. and Mrs. J. L. Wheat.

The saplings of today are the pole timber and sawlogs of tomorrow. Fire kills saplings and injures timber. If we are to have timber for future needs, our young trees must be protected.

THE AMERICAN WAY

Treed

Forest fire prevention and control is necessary for the continuation of the annual \$60,000,000 forest industry payroll to over 50,000 East Texas workmen.

Burning and over-cutting forests are examples of man's part in upsetting the balance of nature and destroying the natural habitat of wildlife.

If money grew on trees that might abolish all sources of care-less forest fires.

We need forest fire protection to prevent destruction of food and cover for game birds and mammals, to prevent soil erosion, and to regulate stream flow.

Burned timber often results in the direct or indirect loss of wages, taxes and other public benefits. Burning land impoverishes the soil and the owner.

Mr. and Mrs. R. W. Fenton, Jr., are remodeling and re-roofing their home on North 5th street.

Last Rites Held For Kennedys

Funeral services were held last Friday afternoon in a Lubbock funeral home for Mr. and Mrs. James Madison Kennedy of that city, formerly of Tahoka, and burial followed in the cemetery there. The two were killed in a head-on crash between their car and a truck near Seymour Tuesday midnight of last week.

Their little daughter, Betty, age

The Texas Tech Red Raiders will meet five Southwest conference opponents, five Border conference foes and the University of Tulsa in their 1950 gridiron schedule.

The Texas Tech Foundation will soon publish an illustrated brochure, "Your Share in the Future," to help Texans know more about the state's third-largest public-supported institution of higher learning.

Firebreaks hold forest fires in check as dikes hold back the floods. A firebreak is a fort from which to attack forest fires.

6, was critically injured in the accident. Last Saturday, her step-grandfather, Mr. Jim Banister of Tahoka, went down to Seymour and brought her to the Tahoka Hospital. She is showing improvement, and it is now believed she will recover.

Mr. Kennedy was born March 16, 1908, at Avery, Texas. He was converted and joined the Baptist Church when 12 years of age. He was a son of Mrs. Jim Banister of Tahoka, and he and his family lived in this county until a few years ago.

Mrs. Kennedy (Kathleen Dalby) was born October 12, 1913. She was converted and joined the Methodist Church at the age of 14.

Jim and Kathleen were married in 1928. Three children were born to the couple, Mr. and Mrs. Kennedy were charter members of the South Baptist Church of Lubbock.

The children of the Kennedys are: Mrs. Wesley (Zelmarie) Josten, Jr., 19, of Lubbock; Mrs. Joe (Glenda Joe) Banning, 17, of California; and Betty.

Among the other relatives attending the funeral were: Mr. and Mrs. Jim Banister, father and mother of James; Mrs. J. W.

Dalby of Avery, mother of Kathleen; Mrs. J. E. Mayberry of Batesville, Ark., sister of James; Mr. and Mrs. C. Peel Banister and daughter of Oklahoma City, his brother; Mr. and Mrs. Roy Banister, also of Oklahoma City, brother; Paul Dalby of Tulsa, Calif., Mr. and Mrs. Jim Connor of Tulsa, Mrs. Thelma Fannin and Mrs. Iva Kelsoe of Avery, brother and sisters of Kathleen; Mr. and Mrs. John Medford of Avery, aunt of James; Mr. and

Mr. Link Robinson, 519 Lindsey, is the most content and satisfied man in Newport, Ky. In fact, he says there isn't a thing in the world that can irritate or upset him now that he is on the HADACOL band wagon. If there ever was a man who thought HADACOL is the most wonderful thing in the world, it is Link Robinson, since he learned that his system lacked Vitamins B, B, Iron, and Niacin.

Here is what Mr. Robinson has to say about HADACOL, which is now supplying liberal quantities of these essential elements: "I have been a steel worker for over twenty years. When you are a steel worker, you have to do plenty of good, hard, and you need lots of good, substantial food. But when a stomach is in as bad a shape as mine was... I couldn't eat, I had gas pains, stomach bloating and nervousness; well, I just couldn't eat the proper foods I needed. My boss told me about HADACOL and I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat the foods I need to eat to really be on the job. In fact, I can eat anything I want to. I am not nervous anymore, either. Best of all, I haven't got those terrific gas pains and no more stomach bloating. HADACOL is the best ever. I recommend HADACOL to everyone."

HADACOL is Different
Countless thousands are benefiting from HADACOL... even hundreds of doctors are recommending HADACOL to their patients whose systems lack Vitamins B, B, Iron, and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails. Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. © 1950, The Leffler Co.

Ramsey Thanks Texas Voters

BEN RAMSEY, run-off candidate for Lieutenant Governor, thanked Texas voters this week for the vote they gave him in the July 22 primary election. Ramsey, shown here in his San Augustine law office, said his heart was "filled with humble gratitude," and asked his supporters to continue the fight and elect him Lieutenant Governor in the August 26 second primary. Ramsey is the only experienced candidate in the race.

U. S. ARMY SOLDIER SERVES ALSO AS CIVIC LEADER—Master Sergeant Eugene H. Lansing, veteran of the China campaign with the Flying Tigers with the Army Air Force, now serving his second enlistment, has been designated as the first "Serviceman of the Month" and elected President of the Junior Chamber of Commerce in Boise, Idaho, where he is on an Army assignment. His career exemplifies how an American soldier has opportunities to display his varied talents. He is active in several civic organizations, the Boise Community Chest and a local glee club—all these in addition to his duties as recruiting officer in the Idaho Military District.

A native of Glenwood, Idaho, he was graduated from the Yakima, Washington, High School in 1937 and the same year enlisted in the Army Air Force, and in the Hawaiian department he qualified as an aircraft mechanic. After Pearl Harbor he was ordered to Australia and thence to Karachi, India, as shop foreman in an Air Force maintenance group. He next went over the "Hump" to China and served in the Flying Tigers, enduring vicissitudes in operations which soon had the Japanese on the run. At Kunming he was in charge of the oily propeller shop in China. During this period he was promoted to master sergeant.

"THANKS" LEFT OUT

Through oversight, The News last week left out the "Thank You" ad. of Thomas (Tom) Reid, candidate for Treasurer in the runoff primary. The omission was entirely unintentional, and we hereby apologize to Mr. Reid.

Mrs. H. G. Pittman of Stephenville came up two weeks ago to visit her son and wife, Mr. and Mrs. Paul Pittman. A few days after her arrival, she became ill and remained so for several days. Paul's sister, Miss Blanche Pittman, was here for a few days helping care for her. Mrs. Pittman accompanied them to their home in Stephenville Thursday.

Picnic Fare For Food And Family Fun

Dining rooms, say many families, are stuffy, especially in the summer. Out-of-the house eating is today's trend. Informality is the keynote of modern living. All of which adds up to picnics. Food tastes better on the terrace, in the back yard, or at the picnic grounds.

Food manufacturers of 1950 have made it easy to plan and fill the picnic basket. Think of the foods you can buy ready-to-eat or requiring a minimum of preparation in the home kitchen. Cans of baked beans, dozens of baked buns, loaves of cold meats and summer sausages, pickles, potato chips. The store offers radishes, green onions, potato salad, fruits of all types.

So it's a picnic for the family and almost a vacation for mother on the next hot summer day.

How does this menu sound? It ought to fill a growing boy's hollow legs, satisfy daughter's eye for color and flavor contrast, and give dad food that will tempt him beyond his capacity.

- Casserole of baked beans topped with crisp bacon slices
- Potato chips
- Hot dogs in toasted wiener buns
- Potato salad
- Watermelon
- Coffee
- Radishes
- Pickles
- Mustard
- Green onions
- Sliced cold meats
- Hard cooked eggs
- Slices of red-ripe tomato
- Assorted small fruits
- Cream Milk

Baked beans are a picnic favorite. They have been included because any picnic meal should include one hot dish. Empty cans of baked beans into a casserole, add catsup, top with bacon and bake in a 325 degree oven for an hour.

Crunchy potato chips, crisp radishes give texture contrast to the soft beans. Use bunches of washed radishes with leaves left on. Place the bunches, leafy part down, in a glass jar. Stick in a few gleaming white onion bulbs and you have a centerpiece as well as a dish of relishes.

The buns are split, buttered, toasted. A hot wiener is inserted. Balance the part of the hot dog that extends beyond one end of the bun by stems of green onions extending at the other end. Herb flavored mustard is even better than plain mustard.

Put the potato salad in a large bowl. Cut rings of green pepper. Insert the rings down the center of the salad. Peel the hard cooked eggs. Cut the fresh tomatoes in thick slices.

Arrange the sliced meat at the last moment lest the edges of the meat curl. Use water cress or parsley for contrast.

The watermelon should be dead ripe and chilled from center to outermost rind. Add small fresh fruits for color accent and appetite appeal. Don't forget to fill the large enamel coffee pot with amber coffee, hot and clear. Everybody ready?

Carlton Davies, son of Mr. Winston Davies of New Home is in the Glenn Rose Sanitarium being treated for inflammatory Rheumatism. Mr. Davies is spending the week there with him.

Sanitation is a very important factor in the control of diseases and parasites in the turkey flock. The lack of sanitation can wipe out all expected profits from the flock.

Rutherford & Co.

The decline of the pulpwood supply in New England and the Lake States combined with the discovery that paper can be made from southern yellow pine has caused a great expansion of the pulpwood industry in the South.

A thin magazine folded in half and placed over the lower round of the wire clothes hanger will prevent the creasing of trousers where they are folded over the hanger. Paper clips can be used to hold the magazine in place.

Lynn County 4-H Club Girls Make Report On Annual Encampment

On July 25, 26, 27th, 1950, at the Lubbock Fair Grounds in Lubbock, there was a girls 4-H District II Camp.

Those girls who attended Camp from Lynn County were: Mary Bess Eades of New Home, Ann Moore of New Home, Janith Hickerson, Tahoka, and Jerrile Leonard, Tahoka. The adult leader was Mrs. C. G. Eades, Miss Graham Hard, County Home Demonstration Agent, and Miss Dian McClarkin, Asst. County Home Demonstration Agent-in-training also attended the camp.

The girls were divided into three sections according to age groups and attended their classes according to the sections they were in:

A variety of subjects were offered the girls such as crafts, recreation, nature, camp cookery, and newspaper writing.

In crafts, the girls tie dyed cotton batiste scarfs.

Miss Frances L. Reasonover, Asst. Foods and Nutrition Specialist, conducted the camp cookery classes.

Mrs. James Allen, of Texas Tech journalism department, lead the girls in writing stories. Each section was responsible for getting out a camp paper.

Miss Mildred F. Harris, Asst. State 4-H Club Leader from College Station also attended the camp.

The theme of the camp was Latin-American. Everyone dressed for the occasion guest night when a party was given. The recreation 4-H leaders conducted the party.

Each and every girl who attended the camp was outstanding in her own county and was training to become a leader among her fellow 4-H'ers.

Young Minister On Methodist Hour

Dr. Wesley H. Hager, pastor, Grace Methodist Church, St. Louis Missouri and one of the brilliant young ministers of Methodism will be heard on the "Methodist Hour" broadcast Sunday morning, August 6th, speaking on the subject "In the Name of Jesus Christ."

Transferring into the St. Louis Conference from the First Methodist Church of Mount Vernon, New York, Dr. Hager was assigned Grace Church two years ago, and instantly won a place for himself as one of the great young preachers of the denomination.

In his radio sermon, he states, "Service is one of the greatest words in our language, but its beauty has been marred somewhat by its widespread commercial use in so many different fields. Yet the word carries the greatest and loveliest ideas in its keeping, the giving of oneself for another, keeping love alive in the world, caring for the welfare of others—all in the name of Jesus Christ."

The Methodist Hour Choir features a medley of gospel songs on this broadcast and may be heard over station KGNC, Amarillo, at 7:30 A. M. Sunday.

Legion Auxiliary Elects Officers

Officers for 1950-1951 were elected at a recent meeting of the American Legion Women's Auxiliary, which was held in the home of Mrs. David Weathers, outgoing president.

The following officers were elected: Mrs. Calvin Edwards, president; Mrs. R. L. Richardson, vice-president; Mrs. Jess Gurley, first vice-president; Mrs. H. L. Roddy, second vice-president; Mrs. Penny Walker, secretary; Mrs. Clint Walker, treasurer; Mrs. Charles Stewart, reporter; Mrs. Odelle King, chaplain; Mrs. Eldon Carroll, historian; Mrs. Fernan Chapman, sergeant at arms.

The membership committee for the ensuing year will be composed of Mrs. H. L. Roddy, chairman, Mrs. Dale Thuren, and Mrs. Lenore M. Tunnell.

Slaton Will Build New Gymnasium

Slaton school district voters recently approved a \$105,000 bond issue for the purpose of building a new gymnasium and some new classrooms.

The new gym will be of brick and steel construction, 50x90 feet in size, with seats for 800 people at basketball games.

Congratulations:

Mr. and Mrs. "Bud" Grider of Levelland on the birth of a son weighing 6½ pounds and named Allin Lee, in a Levelland Hospital Saturday night. "Bud" is employed by Livermore Drilling Co.

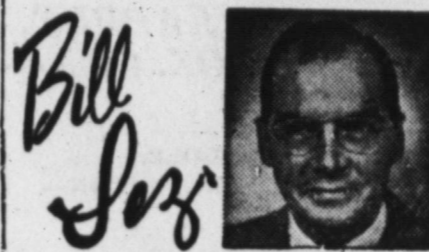

To keep cake from drying out, cut slices from the center as needed and then put the halves together again.

Plant an ash tray in your car and save a tree in the forest.

The land is our capital; its products are our dividend. Don't burn the interest.

Ninety-nine percent of our forest fires are caused by man. Incendiary fires, field fires, camp fires, and smokers cause the largest number of fires.

Lumber manufacture required half of the timber harvested in the South in 1947. In that year thirteen Southern States produced forty per cent of the Nation's lumber.

By BILL STRANGE JR.

A fellow telephoned a local grocer to order 100 pounds of sugar "before the hoarders can get it." That's as confused as a driver's first salute. The man apparently didn't consider himself a hoarder. Well, a lot of folks seem to have gotten a little panicky over present conditions, even though govt. and agricultural officials say there's no need for worrying about supplies. If we'd all just go along and accept our normal attire, we'd be using our heads and helping to keep from promoting a false shortage and rising prices. Sometimes it seems that the only shortage is common sense.

An English thief squirts toothpaste on his victims and while he helps clean it off he steals their wallets. That's a new kind of dental brush-off. Don't brush off those major car troubles. They may lead to big accidents or major repair bills. Just bring your car for regular expert service to BILL STRANGE MOTORS, where the job is always guaranteed. Phone: 49. Adv.

Thank You, Friends

For the support and vote you gave me in the election, I appreciate my friends, those who voted for me and those and those who didn't, but I especially thank those who gave me their vote.

Although I didn't get in the run-off, I ain't mad at anybody.

P. K. FLEMING

24-POINT INSPECTION for your ALL-CROP Harvester

Be sure your ALL-CROP is ready to roll. Now is the time for a final check-up for worn or broken parts. It may save you many bushels of grain and prevent a breakdown in the field.

If your ALL-CROP Harvester has not been inspected since last season, it will pay you well to have us check it over. There's still time for shop overhaul, if that is what your machine requires.

Our mechanics are factory-trained in ALL-CROP Harvester schools

Hints Given On Freezing Vegetables

Selection and Preparation
Speed in getting vegetables from the garden to the freezer is very important in having top quality frozen vegetables from your home freezer or locker drawer.

Select fresh, tender products at the right stage for good eating. During hot weather it is wise to harvest vegetables in the early morning before they have absorbed much heat from the sun. Harvest when the products have reached their best flavor and texture. All vegetables should be young and tender when frozen to have top quality product. Freeze the vegetables without delay, because they lose quality rapidly after harvesting. If it is necessary to store vegetables for a short time after harvesting, spread them out loosely in a cool, well-ventilated place, or pack loosely in the refrigerator. Prompt cooling in ice cold water of many freshly picked vegetables, followed by storage in a refrigerator, will help retain flavor and quality.

The preparation of vegetables for freezing is similar to that required for canning. Wash well, drain, sort, trim, and cut the vegetables as for eating or canning.

Scalding the vegetables in boiling water or steam is necessary to prevent loss of quality and to preserve the vitamin content of the vegetables. The scalding also brightens the color, shrinks the food, further cleans the product, and stops the action of the enzymes.

Select a large kettle (enamel-ware, aluminum, or stainless steel). Place a gallon of water in the kettle and bring to a rolling boil.

Place about one pound of prepared vegetables in a wire basket or a large loose cheesecloth bag and dip in the vigorously boiling water.

Keep the kettle covered during the entire scalding period. Keep the heat on high so that the water will continue boiling vigor-

ously.

Timing

Start counting scalding time as soon as the vegetable is put into the boiling water. Each vegetable requires a different scalding time. The scalding time given with each vegetable should be followed. It is important to heat the food the right length of time. Too long a scalding period will result in softening of texture and an unnecessary loss of water soluble vitamins and minerals in the water. If vegetables are not scalded long enough, they will lose color and flavor and become tough during storage.

Chilling

The scalded vegetables should be placed immediately in running

cold water or a large container of iced water. The chilling stops any further cooking and also prevents loss of quality. The chilling should be only long enough to cool the vegetables. About 2 or three minutes will usually be required to cool the vegetables in iced water. Be sure the vegetables are cool before packing them. Test coolness of the vegetable by biting into several pieces. If the product is cool to the tongue, it is cool enough to pack.

Packing
After the vegetables have been scalded, chilled and drained, pack in air-tight, moisture-vapor-proof containers, seal according to type, container being used.

Your Roof Problem Is . . . An Investment

Whether you need a new roof for your present home, or one you are building, it's smart to employ quality craftsmen and materials. Quality means economy in the long run. Call 331-J, Lamesa today, to arrange for an estimate.

KING ROOFING Company

Lamesa, Tex. — Phone 331-J

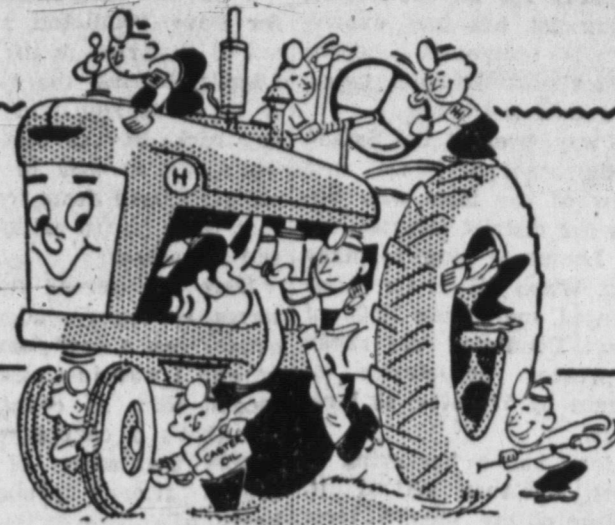

Label containers with name of vegetable and date. If package is to be put in a locker also put the locker number on the package.

Bulletins on freezing fruits, vegetables, poultry, and other products are available in the County Home Demonstration Agent's Office.

One tree will make a million matches! One match can burn a million trees.

When your match goes out be sure it can't come back. Be careful with fire in the woods.

First of the Fine Cars in Value

Even Wiser than He Seems

PLAINLY, here travels a man wise in the ways of fine motorcars.

You know that, by the four Ventiports and the rich sweep of chrome which mark his car as a ROADMASTER.

You know it, should you trail him on the highway, by the smooth lift of the big Fireball

power plant at his toe's command, by the obvious levelness of the ride he enjoys, the swift ease with which Dynaflo Drive solves his traffic problems.

What is not so plain from what you see is that here also is a man very wise in what today's dollar should buy!

For this man has all that a fine-car owner can ask for — brilliant performance, a ride without equal for gentle softness, finger-easy handling, abundant room all around him, styling that is easily the most distinguished on the highway.

Yet he paid considerably less than comparable-merit costs elsewhere.

He found fewer extra charges in his delivered price, with such things as Dynaflo Drive, foam rubber cushions, windshield washers, electric clock, even non-glare rear-view mirror included in the price.

If you know fine cars, it won't take fifteen minutes behind a ROADMASTER wheel to see that here is one of the finest.

If you have inquired about prices, a single glance at the delivered figures establishes this as the big buy of the field.

Why not make both checks — especially since your Buick dealer will be glad to arrange a trial run in a ROADMASTER any time you care to call on him?

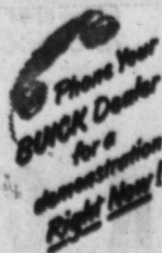

Only BUICK has **Dynaflo-DRIVE** and with it goes!

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Buick Roadmaster
with Dynaflo Drive

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

ODDS AND ENDS

(By E. I. The Elder)

We haven't gotten the full returns from Lynn county as this is being written, but here is congratulations to all the winners and sympathy for all the losers. This Columnist has had experience in both categories—elected seven times and defeated twice. So we know how it feels.

By the way, over at the Salado reunion the other day, we met the widow of the man who defeated us for district attorney for Bell and Lampasas counties many years ago. When all of the votes were counted, more than 7,000 of them, Dave Pendleton was ahead of the present perpetrator of this Column by 57 votes, as I remember it.

I had long had a hankering to come west, and that settled it. At the close of my second term as county attorney of Bell coun-

ty, I got together all my few earthly belongings and headed for Roscoe, where I lived for the next eleven years.

I was not disgruntled, however, for Dave Pendleton and I came out of that race as the closest of friends. During the race, neither of us slung any mud or threw any rocks at the other. In fact we spoke so well of each other privately and from every stump that folks got to calling us David and Jonathan.

Dave had served two or three terms as county judge of Bell county just a few years previously, and I was just closing out my second term as county attorney. So, that's a chapter of my life history that some of my Lynn county friends probably never heard of.

Well, Dave served one term as district attorney, decided he did not like the work, and did not run for a second term. A little later, he too moved away from Bell county. Soon after moving away, he settled down over at Tyler and began raising fine fruits and vegetables. After having been there a year or two, he sent me a bushel of fine Elberta peaches. I wrote him a letter of thanks and appreciation, and the first thing Mrs. Pendleton did the other day when I met her at the Salado reunion was to thank me lavishly for that "nice letter" I had written to her husband back in the early 'teens of this century.

But neither Judge Pendleton's political career nor mine was entirely over, for after that I served about three terms as county judge of Smith county and I served two terms as county attorney of Nolan county, a part of a term by appointment as district attorney of the 32nd judicial district and nearly two full elective terms. The district then embraced Sweetwater, Snyder, Colorado City, Big Spring, and Gall. That was just before I came to Tahoka to take charge of The Lynn County News.

Judge Pendleton and I never met again after our separation in Bell county about 40 years ago. He died about two years ago. Mrs. Pendleton was reared near Salado and has many relatives there, and so she came back down from Tyler to the reunion.

The Salado people, and especially the former pupils of the old Salado College and the pupils of the Thomas Arnold High School that succeeded it, have been having these annual reunions for many years, except perhaps during some of the recent war years. The attendance this year, they say, was the largest they have ever had. They had a program in the morning but the afternoon was given over almost entirely to social converse.

There was a welcome address by a local citizen, to which Mrs. Fieda Davis Shanklin of Houston, responded appropriately and happily by reading an abbreviated sketch of the high lights of Salado's history, Mrs. Shanklin having been born and reared in Salado.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30. Members are urged to attend. Visitors welcome. —B. F. Sherrod, W. M., Wayne Shawn, Sec'y.

lady. She had since lived however in Mexico, Puerto Rico, Canyon, Texas, and Houston.

After a few musical numbers, J. A. Hill, a graduate of the Thomas Arnold and president of the West Texas College at Canyon for thirty years, was introduced as the principal speaker. After reciting some interesting personal experiences which he had while a student in the Thomas Arnold, he spoke at some length on citizenship, democracy, and world problems, giving briefly some of his observations respecting these matters stemming out from his attendance on the meetings of the General Assembly of the United Nations organization for a week last fall at Lake Success, New York.

Notwithstanding the dark clouds that now hover over the world, he expressed his confidence in the final triumph of Christianity and Democracy and the dawning thereafter of a brighter and better day.

Old Salado College was established in the sixties of the last century. For years it was a flourishing institution, and many highly educated people were drawn to the town by the College. A few of these and numbers of their descendants live in Salado yet. But the establishment of state schools like the University of

Texas, the Texas A. & M. College, the Sam Houston State Normal College, and some of the older denominational schools, such as Baylor University at Waco and Baylor College at Belton, Southwestern University at Georgetown, and others finally crowded Salado College off the map, since it was a semi-private institution founded originally by a stock company and maintained by tuition charges and voluntary contributions.

Several years after it passed out of existence, another private institution, the Thomas Arnold High School was established also by private capital. It, too, did a great work for a number of years, and then reverses began to come. Twice the old stone building, which had housed the original Salado College and then the Thomas Arnold, was practically destroyed by fire. Then discussions arose, state and denominational schools were being established everywhere, and finally, after a service of some 25 years and after the building for a third time had been visited by a destructive fire with nobody to erect a new building on the ruins of the old, the institution passed into history.

Just as the immortal Prof. C. R. Smith had been the guiding genius of the old Salado College, so was Dr. S. J. Jones, ably assisted by Prof. T. J. Witt for a time, the life, and the foundation stone, as it were, of the noted Thomas Arnold.

While the Thomas Arnold was dominated a high school, it was in fact the equivalent of a two-year college of the present day, and in some respects the equivalent possibly of a four-year college. In addition to Physics and Chemistry courses, Mathematics up through Solid Geometry and Trigonometry, History and English course, it offered a course of four years in Latin and a course of three years in Greek. And a lot of students studied Latin and Greek in those days.

Dr. E. J. Jones was one of the greatest scholars, without a doubt, that ever taught in any University or College in Texas. He was so esteemed by the educators of the state. Holding his M. A. degree from the University of Virginia and his Ph. D. degree from Vanderbilt University, he had the

broadest and the most thorough knowledge of all the subjects taught in the Thomas Arnold of any man we have ever met. For a time, he taught in the University of Texas, and we have never known why the Board of Regents did not make him a permanent member of the faculty of that institution.

His students and admirers are to be found throughout Texas and other states today. Quite a number of them were at the Salado reunion the other Saturday.

Salado today is practically a ghost town, but its leading citizens still have the traditional college spirit. With never-failing springs near the water's edge on the gently sloping south bank of the Salado Creek, skirted with groves of fine trees and flanked back with wooded hills, flanked on the north bank by a nearly level expanse of wood and meadow and, Salado presents an ideal location for a college.

Many a time have we regretted that while Texas was establishing state colleges of various kinds, she did not fix upon Salado as the site of one of them.

Does Texas need another college? We do not know.

Will she ever need another college? We do not know the answer to that either. But we do know that the population of Texas has increased more than one million during the past ten years. It is likely to increase another million during the next ten years. We feel sure that within the next ten or twenty years she will probably be establishing another

college somewhere in central Texas.

If so, we nominate Salado as the location.

Too close to the University of Texas, some one may say.

Well, we are not sure but that there is danger of the University getting too large any way. Why not let the colleges take some of the burdens off its shoulders? A student can get more individual attention and help in a smaller school, any way.

Too close to Baylor, Belton, and the Southwestern University at Georgetown, another may chirp in.

Well, there are three sizable colleges in Abilene and each of them is growing steadily. With increasing numbers of students coming out of our high schools each year, we may need several new colleges in a decade or two. Who knows?

Whatever comes and goes, we want our West Texas Colleges, state and denominational, to receive ample support.

And that brings me back to politics for a minute or two.

I have seen the returns of the election respecting district candidates in the Lubbock area, and I notice that that dynamic, young Lubbock lawyer, Waggoner Carr, won his race in a walk for a seat in the legislature. I am sure he will be a capable and valuable member of that body. And his wife is a former Lynn county girl too.

I was also glad to note that a former Lynn county boy, Travis Shelton, won the race for district attorney of the Lubbock district. Well, Travis is young, but you just watch him deliver the goods.

I see that Judge Reed retains his position as district judge. It seems that two Lamesa men are to run the district court the next two years and in all probability the next four years.

I still don't know how any of the county races turned out.

And here are our congratulations to our Linotype operator, H. L. McMillan. May you, sir, live happily ever afterward.

We need fire protection to prevent injury and destruction of our remaining stands of merchantable and second-growth timber. Fire protection also is essential to the reforestation of non-agricultural cut-over land.

We need fire protection to grow timber for revenue. Growing timber provides taxable wealth for the support of schools and colleges, roads, hospitals, and government.

We need forest fire protection to provide green woods for camping and recreational purposes.

The man who burns his woods to get rid of cool weevils might just as well burn his barn to get rid of rats.

WHERE TELEPHONE EXPANSION MONEY COMES FROM

Telephone service, operating under regulated rates, cannot produce large enough earnings to pay for expansion costs. Telephone expansion is financed largely with money from investors who buy either our stocks or bonds. The money you pay for telephone service goes entirely to meet operating costs and to give investors a reasonable return on their money.

By operating on a sound, business-like basis, we are able to attract the investors' dollars which help to give Americans the world's finest telephone service.

NOTICE: TO ALL OWNERS OR CLAIMANTS OR PERSONS INTERESTED IN ANY PROPERTY ABUTTING UPON THE HEREINAFTER MENTIONED PORTION OF STREETS, AVENUES AND ALLEYS IN THE CITY OF TAHOKA, TEXAS:

The Governing body, the City Council, of the City of Tahoka, Texas, has ordered that a portion of streets, avenues, and alleys in the City of Tahoka, Texas, be improved and contract has been made and entered into with Sam Sanders for the making and construction of such improvements, to-wit:

Raising, grading and filling of the streets, avenues and alleys, hereinafter mentioned, and installing and constructing curbs and gutters where not already constructed on proper line and grade, and by paving with three coat topping on six inch compacted caliche base.

Estimates of the cost of such improvements for each portion of said streets, avenues and alleys so to be improved have been prepared and approved by the City Council and the same is on file with the City Secretary, at the City Hall of the City of Tahoka, Texas.

The portions of said streets, avenues and alleys so to be improved, together with the estimated cost of the improvements so to be made, and the amount of amounts per front foot of said streets, avenues or alleys are as follows:

(1) North Sixth Street from the east line of Taylor Street to the end of existing pavement west of Kelsey Street, designated Unit No. 28. Three blocks.

(2) Sweet Street from the north side of North Fourth Street to the south side of North Fifth Street, designated Unit No. 29. One block.

(3) North Fourth Street from the East side of Sanders Street to the west side of Kelsey Street, designated Unit No. 30. One block.

(4) North Fourth Street from the east side of Miller Street to the east side of Ketter Street.

designated Unit No. 31. Two blocks.

(5) North Third Street from the east side of Edwards Street to the west side of Wells Street, designated Unit No. 32. One block.

(6) North Second Street from the west side of Edwards Street to the west side of Miller Street, designated Unit No. 33. Two blocks.

(7) Wells Street from the north side of North Second Street to the South side of North Second Street, designated Unit No. 34. Two blocks.

(8) Wells Street from the north edge of pavement on Lockwood Street (U. S. Hwy. 380) to the south side of North Second Street, designated Unit No. 35. Two blocks.

(9) Edwards Street from the north edge of pavement on Lockwood Street (U. S. Hwy. 380) to the south side of North Second Street, designated Unit No. 36. Two blocks.

(10) Knighten Street from the north side of South First Street to the south side of Lockwood Street (U. S. Hwy. 380), designated Unit No. 37. One block.

(11) Knighten Street from the north side of South Second Street to the south side of the alley north of South Second Street, designated Unit No. 38. One-half block.

(12) Ketter Street from north side of North Fourth Street to south side of North Fifth Street, designated Unit No. 39. One block.

All persons interested in the above mentioned property are hereby advised that the Mayor and the City Councilmen will hear all protests at the City Hall from 1 P. M. to 5 P. M. on Monday, August 7th, 1930.

I help build Sub Stations?

THAT'S RIGHT... many a housewife has a lot to say about building your Public Service Company.

How? Through her investments, of course. Whether it be a sub station or a service car, our company is truly "owned" by the stockholders—ministers, doctors, lawyers, teachers—yes, even you or your neighbor... and no one of them owns more than 2% of the total stock.

Perhaps you have a savings account—or a life insurance policy—it's pretty certain that some of those funds have been re-invested in your Public Service Company.

And so, you see, we really belong to the people. It's a working example of free enterprise... the system that has made America great and strong.

SOUTHWESTERN PUBLIC SERVICE COMPANY. 33 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE.
