Emmett Parker Of Newmoore Is Missing In Korea

Sgt. Emmett Parker, 25, son of Mr. and Mrs. N. S. Parker of Newmoore, has been missing in action in Korea since November 29, they were informed by the War Department Tuesday. Sgt. Parker's wife and baby live at Lamesa.

He had been with the Second Division, and in September had been awarded the Silver Star for distinguished service in action.

Emmett first entered the Army in 1943, and saw service in the South Pacific in World War II. He was released in early 1946, but six months later re-enlisted and was sent to Italy. There, he met and in January, 1948, was married to Edie Pressor, a native of that country.

Funeral services were held at the First Baptist Church in Tahoka at 2:30 p. m. Thursday, with Rev. Ted Brian, Baptist pastor at Plains, conducting the services.

William Tandy Reed was born in Arkansas February 20, 1861. He came to Lynn county December 28, 1922, and has lived in or near O'Donnell ever since. He was a retired farmer.

Mr. Reed is survived by his wife; one daughter, Mrs. J. F. (Mary) Stuart of Tahoka; and three sons, Tom Reed of Tahoka, Ormer Reed of Amarillo, and Rev. O. N. Reed of Spur; nine grandchildren, and three great grandchildren. Two of his children are deceased.

Florence Roe In College At Wharton

WHARTON, Dec. 28 —Miss Florence Roe, daughter of Mrs. Zona Roe of Tahoka, is a member of the Nursing Technician class at Wharton County Junior College in Wharton.

Bulldogs Split Seminole Games

Tahoka Bulldogs will play in Denver City next Tuesday night and in O'Donnell Friday night of next week. They will open the Conference season on January 9 with Slaton here.

Tahoka Closing On January 1st

Practically all Tahoka business institutions and offices will be closed all day Monday, January 1, according to Russell McGee, secretary of the Chamber of Commerce.

Drug stores will operate on Sunday hours.

Most business men will likely use the holiday to catch up on their book work, while employees enjoy a long week-end vacation.

McGee contacted most of the town institutions and said almost 100 per cent favored closing for the day.

W. T. Reed, 90, Dies Suddenly

W. T. Reed, nearly 90 years of age, a resident of Lynn county for 28 years, died in Tahoka Hospital Monday a short time after suffering a stroke at his home in O'Donnell.

Funeral services were held at the First Baptist Church in Tahoka at 2:30 p. m. Thursday, with Rev. Ted Brian, Baptist pastor at Plains, conducting the services.

WHARTON, Dec. 28 —Miss Florence Roe, daughter of Mrs. Zona Roe of Tahoka, is a member of the Nursing Technician class at Wharton County Junior College in Wharton.

Miss Roe is one of fourteen students who are taking this specialized training course for twelve months. At the close of her year's study she will be eligible to work in a hospital as a nursing technician, in a doctor's office, or public health office.

The course is designed to fit the needs of hospitals and doctors for nurses that have some training, yet do not have their R. N. status. The first four months of the year are spent at the College taking a series of subjects in preparation for actual hospital work.

County hospitals in Wharton and El Campo are used as laboratories for the students. Mrs. Ann Steele is Nursing Technician director.

Congratulations:

Mr. and Mrs. F. D. (Dusne) McClintock on the birth of a daughter, named Penny Galle, weighing 6 pounds, at 4:58 a. m. Christmas Morning in a Lubbock hospital. The new arrival has an older sister, Cheryl, 17 months of age.

Mr. and Mrs. Joel E. Holloway, Route 2, on birth of a daughter weighing 8 pounds 2 ounces at 4:45 a. m. Wednesday in a Slaton hospital. Name, Rebecca Ellen. Mr. and Mrs. W. T. Luttrell of Route 2 and Mr. and Mrs. E. W. Holloway of Levelland are the grandparents.

Mr. and Mrs. C. E. Newton on the birth of a son weighing 8 pounds 9 ounces in Tahoka Hospital at 12:20 p. m. Friday, December 22. He has been named David Eugene.

Mr. and Mrs. Paul Samuel Stone on the birth of a daughter weighing 7 pounds 1 ounce in Tahoka Hospital Saturday, Dec. 23. She has been named Nancy Jo.

LYNN COUNTY KIDDIES — Pictured above are some of the youngsters of Lynn County.

Top row, left to right: Leah Beth daughter of Mr. and Mrs. J. E. Holloway, Rt. 2; Charles, son of Mr. and Mrs. J. C. Bailey, Rt. 1; and Aaron, son of Mr. and Mrs. T. C. Bartley, Rt. 1.

New County Officials Take Over Next Week

There will be many new faces in the Lynn County court house after Monday, when officials take the oath of office for the next two years.

Sam H. Garrard will become the new county attorney, succeeding B. P. Maddox. Sheriff Roland Clem will be sworn in for another two years as sheriff.

J. E. (Red) Brown will be sworn in for a full term as county tax assessor and collector. He has been filling out the unexpired term of Frank McGlaun, Jr., who resigned.

Also, Tom Reid will begin a full term as county treasurer, filling out an unexpired term. His son, Herman Reid, formerly held the office. He was forced to resign because of the critical illness of his wife, and Mrs. Shorty Chestnut served several months of Herman's unexpired term, and Mr. Reid has served the past four months.

Frank McGlaun, Sr., was elected to the vacant position.

ICE AND SNOW COVER CARRIER'S DECKS IN KOREAN WATERS — Masks worn by sailors to protect them from cold winds and snow give them a "men from Mars" appearance while the US Carrier Philippine Sea has an off-day for replenishing fuel and ammunition. Winter struck early on the Korean coast.

Thieves Lose Own Auto As They Burglarize Local Firms

Winners Named In Home Contest

Winners in the Christmas decorations contests have been announced by the sponsors, the Tahoka Chamber of Commerce.

Babson Sees Press 'Most Valuable'

NEW YORK — Newspaper advertising is by far the most valuable in terms of reader coverage and actual results, Roger Babson, syndicated columnist on economic trends, believes.

"A newspaper is the greatest buy in the world," Babson says. "All newspapers, regardless of size, are highly educational. They are vastly more important to retailers, manufacturers and the city or community itself than merely by increasing sales. All kinds of civic and social organizations rely upon them for free notices of their activities. We all have more of a stake in the business of advertising than is generally realized."

Speaking of metropolitan dailies vs. hometown weeklies, Babson says both are in demand in most households and they are not in competition, both definitely having their place.

Woman Is Injured In Car Accident

Mrs. Mildred Pehsworth, 30, of Grassland, is in a serious condition in Mercy Hospital in Slaton as a result of injuries sustained in a car wreck a mile and three-quarters north of Central Church Sunday.

Social Security Man Is Coming

Here's a word from your social security office. Every man or woman who has worked a year, and a half or more on jobs covered by social security, and who is now age 65 or older, is eligible to receive monthly retirement payments. If this means you, file your claim with the Social Security representative on his next visit to Tahoka, which will be Tuesday, January 2, 1950 at 9:00 a. m. in the Post Office.

Mrs. N. J. Hudspeth, who has been seriously ill in Tahoka Hospital, is reported to be improving.

Approximately 90 percent of all the farms and ranches in Texas now have central station electric service.

Has Tax Forms For Farmers

Bill Griffin, county agent, has received a supply of Income Tax Form 1040F together with forms for estimating income of farmers.

Mrs. Coy Fielder Died Thursday

Mrs. Coy Fielder, 40, died at Tahoka Hospital at 6:30 a. m. Thursday after an illness of about a year and a half with a malignant disease.

Funeral services will be held at 2 p. m. today, Friday, at the First Baptist Church, conducted by Rev. Lee Ramsaur, pastor, assisted by Rev. Levi Price and Rev. C. T. Aly, former pastors here. Burial rites will follow in Tahoka Cemetery under direction of Stanley Funeral Home.

Grayce May Dean Fielder was born April 4, 1910, at Anson, Jones county, the daughter of Mr. and Mrs. Alvin Dean. She grew up there, and on December 24, 1934, she was married to Coy Fielder at Roby. The couple and their young daughter, Faylis Ann, now age 12, came to Tahoka in December of 1939. Mr. Fielder was an assistant cashier at the First National Bank here until he resigned early this year to open a jewelry store.

Mrs. Fielder was deeply loved by a host of friends, and was a model wife, mother, and housewife. She was active in the work of her church, the First Baptist, and the Eastern Star, as well as various civic organizations.

Report That Robert Draper Killed Is 'Slight Error'

Contrary to daily newspaper and radio reports, Robert Draper, of Tahoka, Hereford, and South Dakota, was not killed in that car wreck in Kansas Christmas Eve.

In fact, Robert was in bed asleep at the home of his parents, Mr. and Mrs. I. M. Draper, at the time the man driving Robert's car crashed into a telephone pole near Meade, Kansas.

Officers found Robert's car papers in the automobile and presumed that the dead man was Robert.

Mr. Draper says Robert, who left here for Kansas on hearing of the accident, presumed the driver of the car to be a man who had been feeding some cattle for him at Hereford. A man of similar description had been using his car. The man's wife was visiting in Kansas, and Robert was of the opinion the man was en route to join his wife for Christmas. The employee's name was not known by Mr. Draper.

BULLDOGS WIN OVER TEAM OF EX-STUDENTS

Tahoka Bulldogs won 51 to 41 Wednesday night in a practice game over a team composed of T.H.S. ex-students, all former basketball stars here.

Following this game an Ex-Student team played a team of All-Stars, the latter winning by a narrow margin.

Five Jailed As Result of Strange Mix - Up Here

What happens when thieves meet? When they met at Tahoka last week, it meant trouble for all concerned.

Though all the loot has been recovered, four automobiles were stolen; four Tahoka, one Lubbock, and five Plainview business houses were burglarized; and three men and two women are in jail charged with participation in a strange series of crimes.

The amazing story still has officers dizzy. Sheriff "Slick" Clem broke the series of crimes, with assistance of officers scattered all over North and West Texas.

The story begins Thursday night of last week, December 21, when two young men from Dallas, William A. Rogers, 21, and Cecil Tiner, 18, arrived in Tahoka at about 7 p. m. driving a 1950 Buick. They parked the car on the street just east of Dale Thuren Farm Store, and a few minutes later are alleged to have started a series of burglaries.

They are charged with breaking into Garner Implement Co., entering by way of a rear door, and taking a check protector, a book of the firm's checks, and a lot of keys.

The J. K. Applewhite Co. building was entered through a side window, and a check protector was taken.

Lynn County Tractor Co. was broken into, and taken were a typewriter, a check protector, two desk cigarette lighters, a bus-check book, and an electric razor.

All this loot was loaded into the Buick, and the two men are then said to have broken into the Bill Strange Motors through a back window and taken a check protector and attempted to "jimmy" open the safe there but failed.

Along about this time, another alleged thief came on the scene and stole the Buick automobile loaded down with the loot.

Finding their get-away car gone, Rogers and Tiner were faced with the necessity of getting another car. They are alleged to have gone back to Bill Strange's and to have stolen the new 1951 Ford Pick-up truck, which he had sold to Lewis Allsup but which he had in the showroom for display on Friday.

After leaving Bill Strange Motors at about 9 p. m., they carelessly violated a traffic regulation.

Letters Awarded Tahoka Bulldogs

Surprises came left and right Thursday afternoon of last week when the annual Christmas program was held at Tahoka High School auditorium.

In addition to other gifts presented at the program, the three Tahoka coaches, Joe Turner, Jake Jacobs, and Tom Bartley, were each presented \$45.00 gift certificates for cowboy boots.

The coaches had a surprise for the boys, also, when Coach Turner announced the 1950 Bulldog football lettermen and presented them with their letter jackets.

STATED MEETINGS
of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members are urged to attend. Visitors welcome.—B. F. Sherrad, W. M. Wayne Shawn, Sec'y.

Odds AND Ends

(By E. I. The Elder)

The past few weeks have been strenuous ones for me and my sisters at Waco and near-by points on account of the terrible suffering that our brother has been undergoing and on account of other tragedies that have recently come to others of the Hill families, but we hope that the worst is over.

Two of my sisters and I, all of whom were born and reared in Bell county, did find opportunity recently, however, to take a little pleasure drive, and I accompanied them over the most scenic driveway, I think, to be found in Bell county—and there are few if any that equal in all central Texas. And though my sisters had been reared in the county, they had never before seen this particular stretch of God's handiwork.

Entering upon this driveway at the north end of the Leon River bridge three miles north of Belton, we meandered along the north banks of the stream under perpendicular bluffs of stratified limestone rock, past the big Leon River dam now under construction, up to Tennessee Valley and to the confluence of the Leon River and the Cowhouse, the lat-

ter coming in from the west. Crossing the Leon, which at that point is coming down from the north, we proceeded westward along the north bank of the Cowhouse for several miles and then crossed over it on an old rickety bridge to the south bank. From that point it was only a mile or so on up to the old town of Sparta, from which there is an enchanting view of the long and high rock cliffs that form the north banks of the colorful Cowhouse Valley. Still standing were a few of the homes of Sparta friends of mine who lived there more than forty years ago, many of whom I have not seen since.

Everywhere in the valleys, mixed with the cedars are sturdy oak and elm trees, numerous spreading pecans, and now and then a fine cottonwood. The adjacent hills are covered with cedars just as verdant and charming, no doubt, as the ancient cedars of Lebanon. Regrettably, when that big dam is finished, the waters will cover all of the lower valley along the banks of these streams and will destroy much of the timber. Some orchards of peaches, plums, and possibly other fruits, as well as pecans, will also have to be sacrificed.

But, in spite of all this, and due to its scenic setting, we predict that this lake will speedily become one of the most charming and popular recreation points in all Texas.

From Sparta, now much dilapidated, we took a more direct route down to Belton, one of the most charming old towns in Central Texas, since it has washed its face and combed its hair and has also acquired a considerably waif-like but not disproportionate waistline. Among the most recent improvements has been the remodeling and enlarging of the courthouse and it is now one of the handsomest temples of justice in all central Texas. Also is a brand new and much enlarged First Baptist Church, in a new and better location, to take the place of an ancient building which was destroyed by fire three or four years ago. And down, almost in the bed of Nolan Creek, a tributary of the Leon, Belton has one of the most charming and popular little parks to be found anywhere.

After lunch we drove over to old Salado, nine miles away, where two brothers, one of the sisters with me on that drive, and I all attended school. It had been a long time since my sister had visited the old college town, and she took a keen delight in locating old scenes and recalling happy events that occurred during the four years of her student life there. But the general aspect of the place is now enough to make any ex-student sad. The old Thomas Arnold building, which stood on a slightly sloping bench of a rocky hillside and command-

ed a delightful view of the town and much of the surrounding country, has long been a pile of ruins, surrounded by tall and ugly weeds which have grown up among the stones of fallen and smoke-blackened walls, and is not accessible to any but the able-bodied and the strong-limbed. So my sister could scarcely get a glimpse of the old sacred place.

Even the four or five fine springs, whose sparkling waters bubble up from the subterranean depths at the south edge of the rock-bottomed stream, where students used to meet and court and otherwise carry on, are now almost lost in a wilderness of old weeds and grasses and trash that strew them of their beauty.

The old suspension foot-bridge too is gone—not gone with the wind but with overflowing waters that swept it away years ago. The grove of fine old trees just below the springs has also been rendered inaccessible, and old Table-Rock, still further down on the banks of the beautiful Salado Creek, which was the trysting place of many a fond lover, has also tumbled down and most of the numerous names carved thereon are no longer readable.

The old mill-dam and the mill with its water-wheel just above Table-Rock have likewise crumbled and vanished, and the old "Long Hole" farther down the Creek has been ruined as a swimming hole for the boys by the fact that some Temple people have bought the adjoining lands and have erected their homes on the banks of the stream.

One historic old building still stands, "Shady Villa," a hotel where the distinguished men of early-day Texas often spent a night or enjoyed a sumptuous meal; but even that has changed its name—it is now the "Salado Inn," we believe.

It's a pity that a modern college has not been erected on the

Coch and Mrs. Leo Jackson and daughter, Myrna Gail, were here Tuesday and Wednesday visiting Mr. and Mrs. R. L. Richardson, Mr. and Mrs. Dea Parker, and other friends.

site of old Salado College, later the Thomas Arnold High School, or at some other point at this old educational center with its wealth

of traditions and of history-making events. But most probably the old town will never be resurrected.

But we three, my two sisters and I, spent a few happy hours there that day before returning to our duties here at Eddy.

What will be done in '51?

We look forward to continued expansion of telephone service during the year ahead. New telephones will be installed, facilities enlarged just as quickly as the flow of new equipment permits.

However, regardless of how the equipment picture shapes up, we will keep our present facilities operating at the highest possible efficiency. You can depend upon having service fully in keeping with the importance the telephone plays in the daily life of the community.

County Agent Reports Year's Work

The annual report of County Agent Bill Griffin to the Texas Extension Service, which covers a period of 12 months from December 1, 1949, through November 30, 1950, outlines the work of the year and reveals other interesting facts concerning Lynn county agriculture.

The News has condensed the report below:

Of the 550,000 acres in the county, 120,000 acres are range land, and the remaining 430,000 acres are devoted to cotton, grain sorghums, sudan and wheat, with approximately 200,000 acres in cotton, 210,000 acres in grain sorghums and feed crops, and 20,000 acres in other crops.

Irrigation is showing rapid development, where sufficient water is available, with 300 wells irrigating 30,000 acres, mostly in the northern half of the county. Cotton and grain sorghum are the principal irrigated crops, with alfalfa and permanent pasture gaining in popularity.

Rainfall during the year was above the 19-inch normal, however the yield was reduced by the hot dry period of July and August. Griffin predicts a large cotton acreage in 1951, a reduction in feed acreage, and therefore a reduction in livestock population. He also predicts the continued high land prices will cause more grassland to be put in cultivation.

He also states the seven Veterans' Agricultural classes operating in the county will make excellent groups to assist with carrying out demonstrations and speed up program development.

Problems and Methods - Some progress is reported in solving a number of county agricultural problems, but he recommends that the program should be continued over a period of several years.

Noxious weed control: Two demonstrations were held on Bindweed control and eradication, and three on Johnson grass. A Johnson grass control week was held, and publicity was given to control methods.

Through efforts of the Johnson Grass Control committee, the commissioners court cooperated in spraying barrow ditches, and the Highway department and Santa Fe railroad cooperated on their right-of-ways. Cooperators sprayed grass on 30,000 acres of land mostly in August, and 70 acres of bindweed were sprayed in April.

Entomology: Two county-wide meetings, 12 community meetings, and one demonstration were held on cotton insect identification and control. Two demonstrations were held on livestock parasite control. Nine 4-H method demonstrations were also held, bulletins and circulars on parasite and cotton insect control were distributed, publicity given in The News to the same, and a cotton insect identification and control booth was set up at the Lynn County Fair.

An estimated 1,350 farmers were contacted in the meetings and in the field or office, and as a result of the program about three million pounds of insecticides were applied to cotton to control the fleahopper, bollworm, and leafworm. Infestation control was successful. About 10,385 head of cattle, swine and sheep were treated, and results were good, for external and internal parasites. About 750 farm homes

and premises were sprayed for insect control. All Grade A dairymen cooperated on the control program.

Cotton Improvement: The service disseminates information on cotton insect identification and control and recommends steps for cotton production. A cotton improvement program was planned by the Seven Step Cotton Committee, one county-wide meeting was held on the program by an Extension Service specialist, one demonstration was held on balanced farming, a plaque was presented the producer of the first bale, and six Cotton Improvement Associations were assisted with free cotton classing and grading.

Grain Sorghum storage: Furnished outlook information to elevators, railroads, marketing and handling companies. Distributed blueprints to farmers planning storage construction, and assisted

farmers with building plans, methods of handling grain and fumigation problems.

Conservation of Natural resources: Cooperates with Soil Conservation board of supervisors and assisted in carrying out educational program. Held annual field day and county tour May 4 to view results of water conservation, deep breaking, terracing, contouring, and improved irrigation practices. Held one deep breaking demonstration, held irrigation school in February, distributed bulletins on conservations, and showed slide films on the subject.

Pasture Improvement: Held demonstration of mixed grass pasture, seeded demonstration plots of dry land alfalfa on Truett Smith and Oscar Roberts farms, and cooperated with other agencies on demonstrations and practices.

Dairy Cattle: Provided information on artificial insemination program to all interested farmers and dairymen. 4-H club demonstrations to show advantages of proper feeding and care of their animals.

Swine: One adult and four 4-H club demonstrators demonstrated proper swine care and feeding.

Beef Cattle: One demonstrator showed proper feeding and parasite control.

A total of eleven demonstrations held on parasite control, and bulletins, leaflets and circulars distributed to boys and adults on parasite control and proper feeding methods.

Next week The News will give more of the specific results of the Extension Service program of the past year as taken from the report.

THE LYNN COUNTY NEWS,

Friday, December 29, 1950

Christmas visitors in the home of Mrs. Pearl Brown were Mr. and Mrs. Sam Sanders and children of Cleveland, who came on Wednesday of last week, and Mr. and Mrs. O. D. Pierce of Crystal City, who came Sunday. All are still here. Mrs. Sanders and Mrs. Pierce are Mrs. Brown's daughters.

Authorities say coffee should not be boiled and that for best results one should start with freshly drawn cold water. Hot water out of a faucet may give it an undesirable taste.

It takes only about five hours of labor per year to raise one sheep, according to the University of Illinois College of Agriculture.

On December 29, the changes in the Federal grade standards for steers, heifer and cow carcasses will become effective.

LOOK FOR THE
IH SYMBOL OF QUALITY
when you need parts
This symbol assures you of proper fit... longer wear... better all-around performance. It also assures you of getting full value for your money. Don't take chances on "look-alike" parts. Insist on parts that carry the IH symbol. Come in today and select the IH quality parts you need from our large stock.
IH plow shares, for instance, are precision engineered... made of tested metals in patterns adapted to your particular type of soil. IH plow share design calls for minimum power to do the maximum plowing job. You save because IH shares last longer... you save on tractor fuel costs.

CITY ORDINANCE NO. 98

An Ordinance Providing for the character of electrical installation and service requiring permits to be applied for and taken out before any electrical installation has been made and fixing the fee for such permits. Requiring inspection on all electrical installation and providing a fee therefor. Providing penalties for violations and declaring an emergency in case of fire and faulty installation and no inspection.

Be it ordained by the city council of the City of Tahoka: 1. In order to insure the payment of fees and charges herein fixed and in order that all electrical work covered by this ordinance shall be made to comply with the requirements of this ordinance, when an application to do any electrical work is made a general deposit of \$10.00 shall be made, and maintained by the person, firm or incorporation making such application with the City Secretary to be returned upon compliance with ordinance. 2. When the fees herein required are paid, and when the provisions of all ordinances of the City relation to licenses and deposits are complied the City Secretary shall issue to the applicant a permit, which shall state the kind of work to be done, the location of the building, but street and number, and such permit shall be without effect as to any work not therein described, or to any other place not therein described. Provided, however, nothing in this ordinance shall be construed as preventing any owner from doing electrical work on his own premises if he shall secure

a permit and make a deposit of \$10.00 in addition to guaranteeing the fees herein required. 3. After certificate on all work has been issued by the inspector the deposits herein required shall be returned. 4. In the installation of the electrical wiring, fixtures and apparatus the rules and requirements of the National Board of Fire Underwriters in force at the time the work is done together with the rules contained in this ordinance and such additional rules and requirements as may from time to time be adopted. 5. MINOR REPAIRS: If fixtures are changed and replaced with other fixtures and no change in the size of wire is made no permit shall be necessary. 6. If any part of electrical equipment in or about any building within the City is found to have been installed and connected in violation of this ordinance, or, in the opinion of the inspector is dangerous to life and property the owner or tenant of the building, to cease using electrical current in such equipment, and to have the defect repaired within five days, and if such defects have not been repaired in said time the inspector shall disconnect such defective wiring and equipment from the source of supply. 7. ALL ENTRANCE WIRES must be in conduit with entrance conduit and cover where wires enter the building, and an outside ground installed. 8. KNOB AND TUBE WIRING: Electricians must install an approved outlet box at each plastered outlet on new work. Except surface switches on plaster which shall have a porcelain sub-base. No exposed wire shall be allowed within 7 feet 6 inches of any floor or ground. Standard boxes for knob and tube work shall be three inches in diameter and 3 1/2 inches deep. Two screws shall be used to fasten box to back board. All joist shall be bored or knobbed on every joist. Cross over tubes shall be taped at both ends. When fastening knobs to one inch boards screws shall be used. Wires shall be supported at least every four feet, and within six inches of all headers, fire stops or braces above and below same where wire passes through same. Wires running between joist and running in attics and under houses shall be considered as exposed to mechanical injury. Knobs shall be used within six inches of all tubes where strain is brought on tube. All inside wiring must be rigidly supported on non-combustible, non-absorbent, insulators which separate the wires at least one inch above the surface. All inside wiring must be separated from contact with the walls, floor-timbers and partition through which they may pass by, non-combustible, non-absorbent insulating tubes, glass or porcelain wiring shall not be laid on plaster, cement or similar material. 8. LOCATION OF METER:

Valerie Wells Weds W. C. "Dub" Harvick

Miss Valerie Wells and W. C. (Dub) Harvick, Jr., were united in marriage last Sunday, Christmas Eve, at Clovis, New Mexico, the rites being read by Rev. Stoker, educational director of the First Baptist Church of that city.

They were accompanied by Mr. and Mrs. R. C. Wells, Jr., and Mr. and Mrs. Dale Williams.

The bride is the only daughter of R. C. Wells, Sr. She was born and reared in Tahoka, and is a graduate of Tahoka High School.

The groom is a son of Mr. and Mrs. W. C. Harvick, Sr. He is also a graduate of the local school, and during the last war served in the Pacific with the Marine Corps.

The couple will make their home here. He is market manager for Carter's Food Store.

Each meter and switch shall be installed in convenient location on an open porch, or in some other accessible place where said meter and switch may be read and tested, and is protected from the weather in a suitable manner and not less than 8 feet and not over 10 feet from the ground or floor.

No telephone or telegraph or bell wires or other signal wires shall run so as to come in contact with, or nearer than five inches to light or power wire, unless such light or power wire is protected by porcelain tubes, flexible tubing or metal armor or conduit.

It shall be unlawful for any person, firm, incorporation, as principal, agent, servant or employee, for himself or itself or for another firm incorporation, to install, alter, add to, connect with, or change any inside electrical wiring, fixture, appliance, apparatus, machinery, equipment or any other electric meter without first obtaining a permit therefor, or use on wire any inside or outside electrical wiring, connection, fixtures, appliances, apparatus, machinery, equipment or work installed, altered add to or change pursuant to any permit issued hereunder until the certificate herein provided for shall have been issued; or furnish or use electrical current through or in connection with any inside or outside electrical wiring, connections, appliances, apparatus, machinery, equipment work after receiving notice from the inspector to cease using or furnishing such current, until the defects in such work have been repaired and a certificate issued hereunder; or to hinder, impede or interfere with the inspector, or his authorized deputy, in the discharge of his duties, or to refuse, fail or neglect to comply with, and so conform to any provision or requirements of this ordinance; to maintain or use or suffer to permit to be used and maintained upon premises owned or controlled by him or it, any electrical wiring, connections, fixtures, appliances, apparatus, machinery, and work which does not conform to the requirements of this ordinance.

The City of Tahoka will designate the electrical inspector, and he shall make all inspections and issue certificates of compliance. 12. Any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and shall be fined not more than \$100.00.

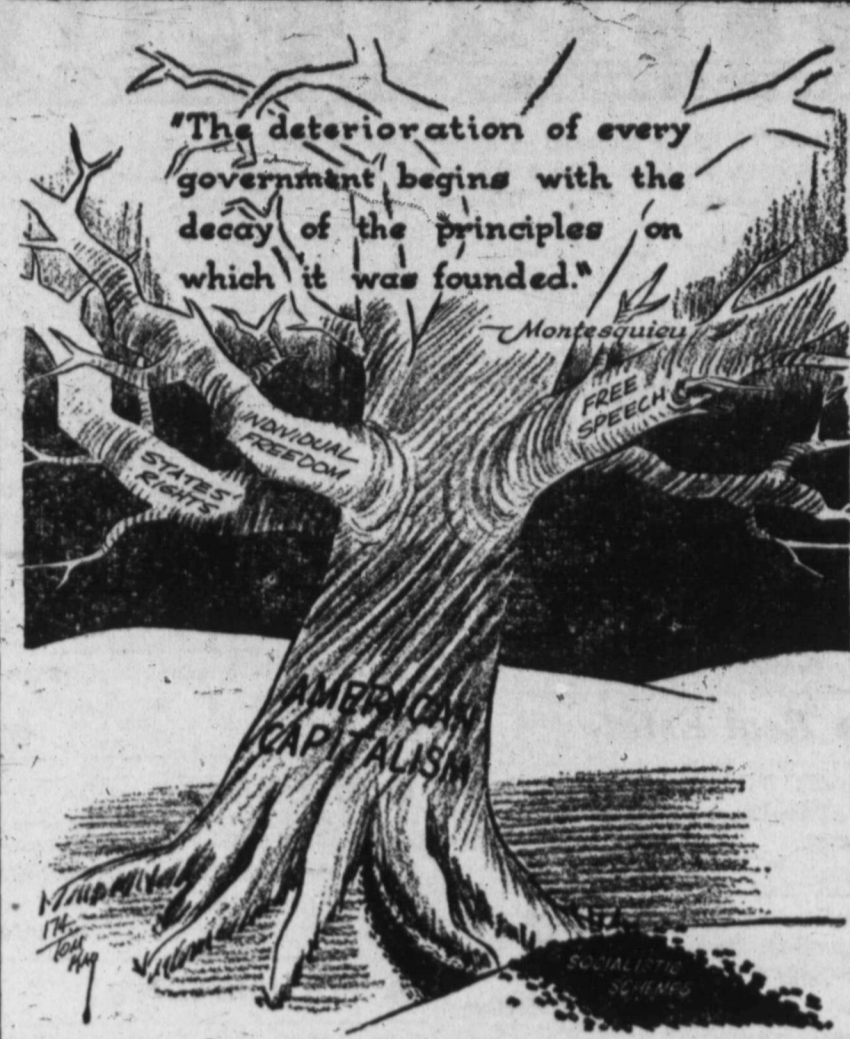

All people engaged in electrical installation of any kind shall be known as electrical contractors. (A) All workmen engaged by the contractor shall be known as the electrician. 14. All electrical contractors soliciting bids in this City must first be licensed and bonded by the City of Tahoka.

(A) License fee for an electrical contractor shall be \$200.00. (B) License fee for electrician shall be \$5.00. (C) Bonded to the City of Tahoka in the amount of \$2,000.00. (D) For issuing permits to install a motor for power, 50c. (E) For issuing a permit for buildings, \$1.00. (F) For inspecting wiring or fixtures on new work. On outlets 1 to 5, 20c each. All over five outlets 10c each. Switches being considered as outlets. (G) For fixtures the charge is per socket and will be one-half the rate of outlets. (H) For inspecting electric signs with 20 sockets or less 5c for each socket over 20 sockets, 3c each. (I) For inspecting one horse power motor or less, 50c; Motor 1 to 8 horse power, \$1.00; over 8 horse power, \$2.50. (J) For inspecting each motor-generator, \$2.50. (K) Permit for erecting a electric sign, 50c. (L) Inspecting each motion picture outfit, \$5.00.

The fact that there is no ordinance of the City of Tahoka requiring a permit for the installation of electric wiring and fixtures and inspection of same or the resultant danger of fire caused by faulty installation, creates an emergency and public necessity that all rules be suspended, and this ordinance be enacted at the meeting of its introduction, and first reading, and it is so ordered.

The above ordinance passed by and unanimous vote, and approved this 12th day of December, 1950, and shall be in full force after passage and publication. ATTEST: K. E. Durham, Mayor of Tahoka; Nettie G. Jackson, City Secretary; J. A. Biggs, Jr., Joe Bob Pittman, H. G. Hodges, Councilmen.

Methodists Hold Prayer For Peace

Local Methodists will join Sunday, December 31, with the denomination's early nine million members in a national mid-century prayer for peace, it was announced today by the Rev. C. A. Holcomb, Jr., pastor of the Tahoka Methodist Church. He said the call to special prayer was sounded by the Methodist Council of Bishops and the church's General Board of Evangelism in view of the "exceptionally grave condition of the world today."

In a letter to pastors of 42,000 Methodist churches, the board urged every congregation to unite in a chain of prayer on Mid-Century Sunday, beseeching God's guidance in converting a world crisis to a just and lasting peace.

Declaring that "mankind's hope for freedom is in desperate jeopardy," the plea for prayer coincided with a similar request by the president of the new National Council of Churches, Episcopal Bishop Henry Knox Sherrill, of New York. He urged all Protestants to offer prayers on December 31 for "a peace which is the fruit of righteousness."

Faulty kidney function. Trouble starts by the ph. of the body fluids getting out of balance. Chemists find that if the ph. is corrected, balance restores—the body repairs the damage, removes the pain. CITROS is the answer. Supplied by your drugist. For sale by WYNN COLLIER, Drugist

CLINTONS WILL OBSERVE WEDDING ANNIVERSARY

Mr. and Mrs. W. T. Clinton, citizens of Tahoka for many years, will observe their fiftieth wedding anniversary on next Sunday.

They plan a quiet observance with possibly all of their children and their families home for the day.

EDITOR BACK TO WACO

E. I. Hill, editor of The News, left Thursday for Waco and Eddy after visiting here nearly a week. He has been spending most of his time in Central Texas since last March.

Also visiting at the Hill home here during Christmas were Miss Berta Hill of Seguin and Mrs. Myrtle Rochelle and two daughters of Lubbock.

About the time one concludes that a warm winter is ahead the weather takes a turn.

go to your physician now and have this test. Three of the diseases common to the after-forty group are concerned with the circulation of the blood. These are apoplexy, hardened arteries, and high blood pressure. You will want your physician to check your blood pressure.

A great deal can be done to arrest certain forms of arthritis. The person may be put on a special diet. The doctor may advise the removal of some hidden infections.

Information on prevention of these disabling diseases will be sent you on request. Let's plan to keep well during the New Year!

Mr. and Mrs. T. N. Lambert and two children of Hawley spent Christmas here with their parents, Mr. and Mrs. L. R. Blair.

Mrs. C. L. Walker, who has been critically ill in Tahoka Hospital, is reported to be considerably improved.

All infants in arms travel free on British railways. Children under three years of age pay fares only if they occupy a sleeping berth alone and children from 3 to fourteen pay half fares.

Among the 48 states, Texas ranks high in the number of dairy cows, but very low on the basis of milk and butterfat production per cow. The artificial breeding program, if widely used, could materially assist in remedying the situation.

In connection with the observance of United Nations Week and more especially United Nations Flag Day, home demonstration agents report that 3,393 United Nations Flags were made in Texas.

Wall, Doris Lamb, Margaret Crowson, Waymon Crump, Rodney Maeker, Jr., Carolyn Williams, Peggy Davis, Lavada Galnesu, Earl Bramblett.

Third Grade: Jerene Verkamp, Donald Klaus, Ross Preas, Sherry Tilley, Rosny Crowson, Mary Evelyn Duke, Sue Campbell, Linda Roper, Jimmy Jerrys, Helen Crowson, Kaye Collins, Giles Smith, George Tاملن, Jerry Swope, Jerry McGrew, Jerald McGhee, Joan Maeker, Virginia Hernandez, Mike Spears, Billy

Weaver, Sarah Velasquez.

Fourth Grade: Jimmy Blankenship, Nancy Cook, Dolores Smith, Ronnie White, Robert Christopher, Barbara Crowson, Elizabeth Parker, Linda Batsell, Donita Jordan, Sue Oats, Paul Henderson, Mary Lou Hagens, Jeanette Schneider, Audrey Klaus, Willie Pat Baxley, Marilyn Schoepf.

Fifth Grade: Marvin Schoepf, Joyce Church, Jane Williams.
Sixth Grade: Kay Bohall, Mary Lou Lichey, Patsy Spears, Dixie Hewlett, Joyce Raymond, Ida Pearl Mason.

Seventh Grade: Jerry Church.
Eighth Grade: Norman Bramblett, Janet Dube, Verlene Ehlers, Evelyn Gindorf, Myrna Jean Katz, Javan Schneider, Eileen Maeker, Lawanda Murphy, Yvonne Peterson, Sylvia Montgomery, Joe Sayers, Elmer Wuensch.

Freshmen: Barbara Montgomery.

Sophomores: Shirley Bramblett, Charlene Lackey.

Juniors: Shirley Bartley, Joe Wayne Moore.
Seniors: Curtis Lichey, Thomas Mason, Mary Campbell.

Mrs. Addie Mae Carmack Wilman of Oklahoma City and Mr. and Mrs. Everett Dison and two children of Amarillo visited here Christmas with the ladies' parents, Rev. and Mrs. C. F. Carmack, and brother, C. O. Carmack, and family.

Soldier Writes From Korea

Some insight to the suffering of our troops in Korea is told or implied in a recent letter from Cpl. Rex Marshall, Jr., 19, formerly of O'Donnell and Tahoka, to his dad.

Rex was to receive the Bronze Star for action with the Second Division. He telegraphed Christmas Day that he now is in Seoul. Gen. Walton Walker recently praised the division for "saving the Eighth Army from encirclement" in recent operations when hit by five Chinese Divisions whom they fought for four days in order to prevent catastrophe and to open up a roadblock in their rear.

Ted Terry, his nephew, has asked us to print the following letter:

Dear Daddy:
Old Boy, I thought I would drop you a few lines this morning. This finds me in the best of health, although I have a slight cold—been used to staying out in the open; now we are in a house with a stove in it and now I got a cold.

What do you think about the war? How does it sound? Sure be glad when this mess is over with. Ready to come home. Have seen enough of this mess. I will be a nervous wreck when and if I get

out of this mess. Can't sleep at night now; I dream they are still chasing me. It's hell, boy.

They had us surrounded the other day, and we had to go through a six mile road block. They were on both sides of the road, and they really knocked us off. GI's were lying on both sides of the road. We couldn't step for them. Sure was pitiful. Boy, I came out of it, thanks to God! But some of my buddies didn't; that's what hurt.

Glad you are going to church. Just keep it up. Maybe that's what is bringing me good luck. Bye for now.

Your son,
J. R.

Five Jailed

(Cont'd. From First Page)

tion, and City Policeman L. N. Bartley took after them. They turned in at the Gibson Motor Freight warehouse, where they abandoned the Ford and took to their heels. Mr. Bartley never suspected they were guilty of any major crime and turned his attention to other duties without investigating the traffic violation further.

The two men are said to have gone to the Milliken home, where they took Miss Robbie Milliken's 1950 Chevrolet and proceeded to Lubbock and Plainview, where they are said to have committed other burglaries. Ditched the Chevrolet east of Lubbock and stole a 1950 Ford. They alleged-

ly joined two women there, one of whom they said brought from Dallas and one of whom they picked up in Lubbock, with whom they consorted for two or three days in Lubbock and Plainview tourist courts.

Back to the Buick theft. Early Thursday night, L. E. Platt, 21, who had been working here and who evidently never saw the alleged thieves from Dallas, decided to go to McKinney to visit his father, Willie Platt, also formerly of Tahoka. L. E. is alleged to have seen the Buick east of Dale Thuren's, got in it, and drove off for McKinney. Seven miles east of Denton, he blew out a tire, abandoned the car, hiked back to Denton and caught a bus for McKinney.

When the burglaries and the theft of Miss Milliken's car were reported to Sheriff Clem, he no-

THE AMERICAN WAY

Up To His Neck

tified other officers over the area, and went to looking for suspects himself.

He learned that Platt had left Tahoka Thursday night. On questioning some of his associates, Clem learned that Platt had dropped a remark that he might pick up a car and go home for Christmas.

Clem called the McKinney sheriff, who looked up Platt. Clem went to McKinney, questioned Platt, who admitted the car theft but who denied any part in the burglaries. But the Buick he allegedly stole contained the Tahoka loot. However, it also contained the car papers of two Dallas men. Dallas officers were called and they immediately took in custody a man who had previously owned the Buick. He claimed to have recently sold the Buick to Rogers. The parents were contacted, and they told officers their son owned the Buick and had gone to West Texas a few days before. They delivered their son, as they promised, to Lubbock officers Tuesday night.

The officers also had learned that Tiner was with Rogers. In the meantime, they started a search for him. Sunday night, he was apprehended in a Plainview tourist court. His girl companion, Patsy Hilliger, was picked up with him at the tourist court, and the other girl, Virginia Allen, was picked up as she boarded a bus in Plainview bound for Amarillo. The latter is in jail in Tahoka.

The women and Tiner are alleged to have had some of the stolen loot in their possession. Platt was brought here and charged with car theft and his

Estherians Enjoy Christmas Program

The Esthonian Sunday School Class of the First Baptist Church met Tuesday, December 19 at 7:30 in the home of Mrs. John Roberts for its regular monthly meeting.

Since there was no business, the program was presented.

Ruth Stapp read the story of the Nativity and Nan Adams and Muriel Callahan sang the accompanying songs. The program was very beautiful.

Refreshments were served to the following members and guests: Colene Fulford, Addie Dodson, June Novak, Ann Uzle, Mary Jo Miller, Helen Whitaker, Donnie Redwine, Ruby Lewis, Margie Coraway, Joretta Tippit, Earlene Fenton, Peggy Huey, Mrs. Roberts, Jennie Allen, Betty Shawn, Gwen Akin, Margaret Roberts, Ruth Stapp, Nan Adams, Wanda Hopkins, June Paris, Gerry Renfro, Earlene Hatfield, and Beverly Bass.

The Christmas theme was carried out in the decorations and an enjoyable evening. —Reporter.

bond set at \$1,000. His alleged theft of the other alleged thieves' car not only was a strange coincidence, but his apprehension furnished the key to apprehension of the other two men and two women, none of whom he knew.

Though Platt yet must face the theft charge, he narrowly escaped having a strong case of circumstantial evidence against him in the burglary cases.

Clem gives a lot of credit to the Sheriffs at McKinney and Denton, both the Sheriffs and Police at Lubbock and Plainview, and the Texas Rangers for helping out on the case.

New Officers

(Cont'd. From Page 1)

and Constable of the Tahoka precinct.

Other officers remaining in office include: Mrs. Beulah Pridmore, county clerk; W. S. Taylor, district clerk; and Mrs. Lenore M. Tunnell, county superintendent; P. D. Server, justice of the peace.

In district offices, Lynn county will be represented by Judge Louis B. Reed as District Judge; Karl Cayton, Lamesa, district attorney; Waggoner Carr of Lubbock, state representative; E. H. Boutler of Lubbock, representative on the State Board of Education; and George Mahon, representative in Congress.

For ages the two sexes have been racing for supremacy. Now they have settled down to neck and neck.
