Crucial Cage Battle On Tap Here Tonight

Tahoka Bulldogs play the Post Antelopes here tonight in a District 4-A basketball game. The A game starts at 7:30 p. m., and the B game will follow.

The Bulldogs will play a non-conference game at O'Donnell on next Monday night, and on Friday night of next week they will wind up their regular season

schedule with Brownfield here.

Tahoka must defeat both Post and Brownfield to gain a tie with Post for first place in the South Half of District 4-A. By defeating one of the two teams they can gain a tie for second place with Brownfield. Two teams from the south half will play against the two top teams from the north half for the right to advance in the state play-off.

Seven Indicted By Grand Jury Here Monday

District Judge Louis B. Reed will start the trial of criminal cases in 106th District Court here Monday of next week.

The Lynn county grand jury, in session this week, has returned 16 bills of indictment against seven men.

J. H. Straddox of Abilene is charged with forgery on three counts, and Bolden D. Sutton of the same city is charged of the same offense on five counts. Both men are being held in jail at Abilene.

William A. Rogers of Dallas faces two counts for burglary and one for car theft, and Cecil Tiner, also of Dallas, was indicted for burglary in three cases and car theft in another. The pair were involved here a few weeks ago in burglary of local implement dealers. Rogers is free on a \$5,000 bond, and Tiner is in jail here.

Charles Brown, Grassland Negro, was indicted for assault and attempt to murder of another Negro in that community. He has been free on a bond of \$1,000.

Cardelario Sanchez of Lamesa, in jail here, was indicted on a charge of burglary at O'Donnell.

Sorria Lucio of Taylor, also in jail here, was indicted on a charge of burglary at O'Donnell.

M. W. Nettles Is Taken By Death

Murray W. Nettles, 56, prominent farmer of the Lakeview community, died of a heart ailment in Tahoka Hospital at about 3:30 p. m. Wednesday.

Funeral services will be held at the Tahoka Methodist Church at 2:30 p. m. today, Friday, and burial will follow in Tahoka Cemetery under direction of Stanley Funeral Home.

Mr. Nettles suffered a severe heart attack on Friday of last week. He was brought to the hospital here immediately, where he was under treatment of Dr. Prehl of the local staff and Dr. Gordon, a heart specialist of Lubbock. Up until a short time before his death, he was doing as well as could be expected.

Mr. Nettles has been a citizen of Lynn county for about 40 years, and was highly respected as one of the best farmer-citizens in this area. He was born in Jones county, and moved to Lynn in 1908 with his parents, the late Mr. and Mrs. John J. Nettles. He was a veteran of World War I and a member of the Lakeview Methodist Church.

Mr. Nettles is survived by his wife; two sons, Harold and Ronald, both of Lakeview; three daughters, Mrs. Christine Pendergrass, Lubbock, Mrs. Virginia Pendergrass, Ackerley, and Mrs. Mary Nell Ashcraft, New Home; six brothers, Roy of Lakeview, Arthur of Ropes, Eugene, Brownfield, L. L. of Loretto, Jack of Fort Worth, and C. C. of Morton; two sisters, Mrs. S. L. Williams of Lakeview, and Mrs. Ione Perry of New Home; and six grandchildren.

618 Sign For Crop Insurance

According to information released by Clint Walker, Administrative officer of the Lynn County Production and Marketing Administration, a total of 618 units of cotton crop insurance were taken by Lynn county farmers. Four hundred and thirty-eight (438) applications were taken which represents over a third of the farms in this county being covered by the all-risk insurance on the 1951 crop of cotton.

Crater Lake in Crater Lake National Park, Oregon, is the deepest lake on the North American continent and the fifth deepest in the world.

Two weeks ago, Post defeated the Bulldogs by a top-sided 45 to 18 score. In that game the Bulldogs "froze up" and did just about everything wrong.

However, last Friday night at Brownfield, it was a different story. The Bulldogs played, perhaps, their best game of the season to defeat the Cubs 49 to 40.

All the A team boys were hitting their shots, and frequently stole the ball from the Cubs and dribbled and passed around them for the victory.

Morgan Howe led the scoring with 12 points, Don Brice had 11, Wayne Tekell 10, Rocky Gurley 8, Lynn Halameck 7, and James Foster 1. The Bulldogs led 22 to 20 at halftime. However, they hit only five of 15 free throws, and Brownfield hit eight of 19.

The B team lost to Brownfield by a 35 to 18 score.

Saturday night, in a non-conference game at Denver City, the Bulldogs lost by a score of 49 to 42 in a game marked by 59 personal fouls in which four Denver City and three Tahoka boys left the game with too many fouls. Halameck was high point man for Tahoka with 13.

However, the Tahoka B team won its game by a 36-29 score, with speedy little Charles Hyles hitting 10 points to lead the scoring.

Monday night, in another non-conference game at Seminole, the Bulldogs lost 42 to 25. Halameck again was the high scorer for Tahoka. The B team lost a close one 29 to 26.

The Bulldogs have had a fair season, or possibly better than average, considering the class of competition they have been meeting this year. Comparative scores and the season's record so far shows that most of the teams played are among the top ones in their respective districts.

They have won nine and lost eleven games, but their losses have been to such teams as Aberdeen, Sudan, Sundown, Denver City, Happy, Post, and Seminole.

Burglars Take \$100 At School

Burglars entered the New Home grade school building on Tuesday night and took about \$100 in cash from a steel locker in the principal's office. Entry was made by prying open the front door, according to Sheriff "Slick" Clem, who is investigating the burglary.

The money was proceeds from the lunchroom and basketball games. No suspect has been arrested.

Pvt. Reece B. Askew Is Stationed At Ft. Hood

Private Reece B. Askew, son of Mr. and Mrs. R. E. Askew of O'Donnell, Texas, has been assigned to a unit of the famous 2nd Armored Division at Ft. Hood, Texas for training.

THE ABOVE two members of the Wayland College staff from Plainview, Texas, will lead in a week-end Revival at Wells Baptist Church February 9, 10, 11, pastor Sheldon Russell announces. On the right is President J. W. Marshall, who will preach; with him is Sam Allen, of the Wayland physical education department, who will lead the singing. The services will be held at 10:00 a. m., prayer meeting at 7:00 p. m. and preaching at 7:30 p. m.

March of Dimes Drive Lagging

The March of Dimes fund is away below the county quota, according to Terry Thompson, drive chairman, and Clint Walker, the county chairman.

Only about \$500.00 has been turned over to Mr. Thompson. However, a number of churches have not yet reported, and it is hoped that these will cooperate with the movement.

Citizens are urged to get their contributions in immediately and help Lynn county do its part.

Seniors Working On Class Play

By Patsy Locke

Dramatization of the novel, "Home Sweet Home," by Craig Rice, best seller for several months, also a successful movie, is to be presented soon, by the senior class of the Tahoka High School, the cast being set this week, according to Miss Jeanette Smith and Jess Miles, senior sponsors.

The characters are: Dinah, Patsy McGinty; Marion, Jo Hogan; Polly, Elva Duragan; April, Jo Anne Bennett; Mrs. Cherington, Jane Adair; Joella, Geraldine Thornshill; Mag, Patsy Locke; Betsy, Sue Fink; Archie, Jerry Mic Stevens; Rupert, Wendell Moore; Pete, Bland Draper; Mr. Cherington, Parker Blair; Bill, John Shepherd; Willie, Danny Lockaby; O'Hare, Glenn Evans; Shuky, Wayne Adair; Joe, Durwood Jones; Riley, Jerry Ford; Flashlight, Dale Walcott; and Wendy, Elwayne Crowell.

The senior class is already at work constructing the elaborate scenery for this play, whose unusual setting is on the terrace of the Carfax home.

The proceeds from the production will go to defray expenses for the senior trip to San Antonio in the spring.

There will be two performances of "Home Sweet Home."

JOHN CURRY UNDERGOES EMERGENCY OPERATION

John Curry, son of Mr. and Mrs. Dewey (Pete) Curry, underwent an emergency appendectomy in a Lubbock hospital shortly after midnight Saturday. Gangrene is reported to have set up in the appendix. He is said to be improving nicely.

John was with the Tahoka High School basketball team at Denver City Saturday night when he was stricken. The boy was examined by a Denver City doctor, and was rushed back to Tahoka by L. F. Hyles and his parents carried him to Lubbock immediately. John is a member of the B team squad.

Survey Planned Of Wilson Schools

The Wilson school system will use materials furnished by the Texas Education Agency to make a detailed survey of the Wilson schools and community, according to J. P. Hewlett, superintendent of schools.

More than 800 schools over the state are expected to take part in the school-community survey program.

This material is now being used by high schools with fewer than 100 pupils. If the results of the program are satisfactory, all high schools in the state may eventually take part in the survey, according to J. W. Edgar, State Commissioner of Education.

Purpose of the survey is to gather information about the local community which will help school leaders in planning a better program of education for the school and community.

Because the good school is so closely tied to community life, many of the questions will be concerned with community resources, Edgar said.

After the material has been collected by the teachers and pupils of the Wilson High School, (Cont'd. On Back Page)

Sheriff's Two-Way Radios Installed

Installation of the new two-way radio system for the Lynn county Sheriff's department was completed Monday.

The master radio sending and receiving set was installed in the Sheriff's office, and three cars have been equipped with two-way radios. They are those of Sheriff "Slick" Clem and Deputies Otis Curry and Cleve Barrington.

Sheriff Clem says the radio will reach out easily for a distance of 75 miles.

Miss Haney Named To Editorial Staff Of TU Publication

AUSTIN, Tex., Jan. 31 —Fances Marion Haney of Tahoka has been elected an assistant editor of the Longhorn Pharmacist, student-alumni monthly publication of the College of Pharmacy at the University of Texas.

Miss Haney is a junior majoring in pharmacy. She is a member of Delta Zeta social sorority, the Girl's Glee Club, the student branch of the American Pharmaceutical Association, and the student branch of the Texas Pharmaceutical Association. Mr. and Mrs. L. C. Haney are her parents.

Tahoka "Sweetheart" In Ft. Worth Rodeo

Miss Laquita Roberson of O'Donnell, employee of the Sheriff's office here, will ride in the arena at the Fort Worth Fat Stock Show rodeo Sunday afternoon as Tahoka's sponsor. The day has been designated Tahoka and Lynn County day at the show.

She will be accompanied to Fort Worth Saturday by Sheriff and Mrs. Roland W. Clem.

Tahoka Chamber of Commerce is helping finance Miss Roberson's appearance at the show.

Tahoka Growth Continues As New Homes Are Being Built

Last fall many local citizens predicted that Tahoka's growth was over for awhile.

That prediction was very erroneous as evidenced by the fact that two major business buildings are under construction, and permits have been let for nearly twenty homes in the last ten weeks.

The new Bill Strange Motors building on East Lockwood (the Tahoka-Post highway) is nearly completed. This is one of the largest buildings in Tahoka.

The new Shambeck Buick Company building on North Main and Fifth, featuring modern architecture, is well under way and promises to be one of the most beautiful structures in this area.

Lynn County Tractor Company is also erecting a large addition to their building on East Lockwood.

J. O. Freeman is completing a new blacksmith shop building on South Sweet Street. Ivan Cathcart has erected a neat building on West Lockwood for his meat processing business. Many other businesses have made minor improvements, including the A. I. Thomas cafe building on Sweet Street which was recently damaged by fire.

But the erection of new residences marks the principal construction in Tahoka at this time. Fine new homes were recently completed by Calloway Huffaker, Neely Brooks, Al Lehman, John Fulford, and others.

Trust Smith is building a beautiful new brick home on North Fourth. W. C. Huffaker Sr. has a new brick home near completion on North Third, and work is just starting on a large and beautiful Austin stone home for Dr. Emil Prohl on North Second, just west of the Calloway Huffaker Austin stone home.

John Fulford is starting a new home west of the high school on North Second for his son-in-law F. E. Redwine, and south of it on North First, Billy Joe Oliver and R. E. Fisher are completing nice new homes. Also, in the Roberts addition, G. W. White is erecting a nice place.

Walter Kahl has moved in an old house to his lots on North Miller, north of the High School, and is remodeling it into a modern residence.

Tahoka is growing north, as well as west. W. R. McNeely is erecting a modern home on North Seventh, as is C. W. Leverett also. Hubert Tankersley recently moved a house to that street. David Rindro has built a new home on North Sixth, and D. R. Jenkins has erected one on North Fifth.

Construction was started last week on South First of a new home for Mrs. R. W. Lewis. L. C. Dodson has built a new home in South Tahoka, and L. D. Carroll has added to his home.

Mrs. Hattie Yates has added a room and otherwise improved her home on Main Street.

Contractors report that other new homes are in the planning stage for early construction.

Baptist Youth Meet In City

Approximately one hundred young people attended the Brownfield Baptist Association youth meeting held in the Tahoka Church on Tuesday evening.

Rev. J. M. McCraw, pastor at Wilson, brought the message at the meeting. Testimonies were heard from a number of the young people present.

Worrell Moore of Tahoka, president of the Young People's organization, presided at the meeting.

Refreshments were served at the social meeting following the program.

NEED THREE MORE ADULTS FOR TYPING CLASS HERE

Thirteen adults have signed up for a typing course which will be offered at the local High School by Floyd Tubbs, beginning next Monday—if three more students will sign for the course. A minimum of 16 is required if the course is to be presented.

The class will meet each week day, Monday through Friday, from 4:15 to 5:15 p. m.

Lloyd N. Conwill Is Buried Here

Lloyd Newton Conwill, 51, died shortly after midnight Sunday in the McKinney Veterans' Hospital after an illness of about two years.

The body was brought here Monday by Stanley Funeral Home, and funeral services were held in the First Baptist Church at 2 p. m. Wednesday, with Rev. George A. Dale of Lubbock, former local pastor, officiating. Burial followed in Tahoka Cemetery with rites by the Masonic Lodge.

Conwill moved here about 11 years ago from Lubbock. He was born at Wiley, Texas, April 28, 1899. For many years he has been a salesman traveling over West Texas. He was a member of the Baptist Church, a Mason, a Shriner, and a veteran of the Armed Services. Fishing was his hobby, and even after he knew he had no chance of recovery he and his wife made two or three fishing trips.

About two years ago he developed a throat ailment, and soon it was learned he had cancer. He gradually lost his voice. A few weeks ago he entered the Big Spring Veterans' Hospital for treatment, and on Wednesday of last week was moved to McKinney for an operation. He was conscious until a short while before his death.

Mr. Conwill is survived by his wife, Mrs. Minnie Freeman Conwill, and four children by a previous marriage. The children are: Everett Conwill of Lubbock, John Conwill of Corpus Christi, Mrs. Nellie McGowan of Galveston, and Mrs. Minnie Bailey of San Antonio. A brother, Floyd Conwill of Corpus Christi, and four grandchildren also survive.

Baptist Planning Special Services

During next week, Miss Jewell Murrah of the Baptist Training Union department, will be with the First Baptist Church to aid in the planning of the work in the adult department of the Training Union. Special conferences have been planned throughout the week. Miss Murrah will be presented at the morning worship service Sunday.

Services for Sunday will include a baptismal service Sunday evening, and the morning sermon on "Advancing With Christ" and the evening sermon, "The Church or the World."

Small Cost, little space, but power to burn—the Want Ads.

Odds and Ends

(By E. I. The Elder)

If it doesn't make any difference with the Pope, I rise to remark that it wouldn't make any difference with me if the Romanians were tied up with the Russians—which they are not. Both organizations in this country are composed of good and honorable American citizens and neither of them has ever burned anybody at the stake.

To me, one of the modern-day miracles is that some very intelligent and patriotic American citizens will fight to the death political autocracy like that headed up by Stalin of Moscow and will submit as meekly as a shorn lamb to a religious autocracy

like that headed up by a man-made Pope who lives in Rome.

It all goes to show that folks can be twisted up to be religious slaves as well as political slaves.

Neither Hitler nor Stalin has ever been more autocratic or presumptuous than Pope Pius XI. He claims to be the vicar or proxy of Jesus Christ on earth, with power to forgive sin, to excommunicate men and send them to hell, and to lord it over every member of the Roman Catholic Church on earth, whether that member lives in Rome or Tahoka.

Maybe the Pope can forgive sin committed against him, but so can that little Baptist preacher down here at Putunk or that little Methodist preacher at Putunk. But that will not get the old sinner into heaven any more than it would fling open the celestial gates to Bill Cook or to the biggest liar in Russia.

"There you go again shooting off your head about religion," some one will say. Well, I am talking about religion but I am talking about Americanism. No American can place the decree of the editors or the bulls of any foreign potentate over and above the fundamental principles on which our government is founded and be a good American. One of the principles written into our federal constitution is that of religious liberty—freedom of a citizen to worship God according to the dictates of his own conscience—and when any pope undertakes to forbid any American citizen, whether such citizen be a priest, a prelate, a bishop, or any other dignitary in the Roman

Catholic Church, from becoming or remaining a member of any non-religious, non-ecclesiastical, service organization in this country, he is simply monkeying with affairs in this country which are none of his business and is violating the spirit if not the letter of our Constitution.

Until a couple of years ago I had been a member of the Tahoka Rotary Club ever since it was organized, and I never did hear any member or any speaker publicly mention either the Catholic Church or the Pope of Rome in any Rotary meeting. Rotary Clubs are neither political nor religious nor ecclesiastical organizations. Internationally, one of its primary objectives has ever been the cultivation of peace and good will among the nations and peoples of the world.

But since the recent excusable flare-up on the part of the Vatican, I think the Rotary Clubs throughout the world should give him a very definite hint to attend to his own business.

Last week, in accordance with the provisions in our state and federal constitution guaranteeing to every citizen freedom of speech and freedom of the press, I gave an estimate of the work being done by that free-lance evangelist, Billy Graham, who is now tearing around over our country like an unleashed and un-leashable tonnage. I suggested that as a matter of fact there might be many preachers of the gospel greater than Billy Graham. While that is meant as no disparagement of him, it is meant as a just appreciation of the high character and ability of scores of Ministers in various religious denominations. While there are many Ministers whom most of us would not go far to hear, yet I believe that there are more great orators in our pulpits today than there are in our court rooms or in our legislative halls or in all the field of politics. I can say it sincerely that I believe that possibly our very greatest orators may be found among the top-notch preachers of the Methodist, Baptist, Presbyterian, Christian, Lutheran, and other denominations. And there are many even in the middle brackets who are powerful pulpiteers.

I mention one whom I heard last Sunday, a man well known in Tahoka. Many members of the First Baptist Church in Tahoka will remember Rev. Tilson F. Maynard, who conducted a revival meeting there some twelve or fourteen years ago. Prior to

that he had taught school down at Three Lakes. He was regarded as a pretty strong preacher when he held forth in Tahoka. Well, he has been pastor of the Emmanuel Baptist Church here in Waco for several years. So I went out to hear him, and I found him to be one of the most dynamic speakers I ever heard in anybody's pulpit. He doesn't run with the speed of a Billy Graham but with speed enough, and with mighty power. His church has more than 1,300 members and the house of worship is spread out all over a city block in South Waco.

But Waco is full of able preachers. The pastors of the First Baptist Church and the First Methodist Church, whose names respectively are Feezor and Howell, are taking it time about on Sunday nights preaching over one of the radio there. They are among the top-notchers in the city.

To me the war situation at the time this is being written, far in advance of the time when it will appear in print, still appears to be a little better. MacArthur seems to have quit bragging but is quoted as having stated grimly a few days ago that the Reds are not going to drive him and his army out of Korea—no joking about it—and we hope that he proves to be right this time. But notwithstanding his assurances, the news correspondents and news commentators, seem to be all up in the air. They can not decide whether the Reds are preparing to pull out of South Korea or are planning another terrific surprise attack. At any rate, we hope that the general is not caught with his khakis down this time.

By the way, we are not seeking to re-open old disputes, but unless our friend Andy Jack Stricklin of the Terry County Herald is too fearful of getting

another awful shock, we suggest that he procure a copy of LOOK MAGAZINE, dated January 30, 1951, and turn over to page 54, and read the article, WHY WE GOT LOKED, written by Homer Egan, Pulitzer prize-winning correspondent of the New York Herald Tribune. It is a story of our military operations in Korea, and it lays bare blunders which General MacArthur made as Commander of the U. N. Forces in that section in Asia. It fully corroborates every charge which I made against General MacArthur's inefficiency in the conduct of those operations and of my criticisms of General MacArthur which shocked Andy Jack so rudely. I sincerely hope that General MacArthur fully redeems himself by his generalship from here on out; but I do not think that in view of the facts, Jack, and Brother H. G. Richards of the Andon News and Charley Guy of the Lubbock Avalanche and Journal will quit blaming Truman and Acheson for MacArthur's blunders.

What a senseless furor the suicide crowd in Congress have been raising over Truman's proposal

to send troops to Europe! Some of them contend that he doesn't have authority as commander-in-chief of the army and navy to send troops to Europe without the consent of Congress. Well, what is a commander-in-chief for anyway? We'd like to know. If he can't "command" what is he called a commander for in the Constitution? Long-term Investment that pays daily dividends

THESE days thoughtful people turn their minds to the durability of things they purchase. But it's rare when doing your duty turns out to be the best way to satisfy your heart's desire. That's what's so marvelous about this '51 Buick. If you picked a car just for the life it gives you—your pride in its power—or its generous comfort—you couldn't make a better choice. But make note of this: That gleaming new push-bar forefront, which greets your eye with flashing beauty, contains 25 grille bars made of stamped steel, individually mounted to "give" and come back unharmed. Combined with a massive, wrap-around bumper, fortified by two stalwart "bumper bombs" and two added uprights, it gives unsurpassed protection. Springs of stout spiraled steel on all four wheels let your wheels curtsy over bumps, while you ride level as a lance. But they also need no servicing, and breakage is virtually unknown. Buick's great-powered engine is a Fireball, wondrously lively and eager at the mere touch of your toe—but it also wrings extra power from every drop of fuel, and has the mechanical perfection

that comes only from years of experience with this basic design. Dynaflo Drive gives you effortless smoothness of control—but it also eliminates clutch repair bills, saves tires, eases strain on the whole driving mechanism, from engine to differential. The road-steady gait of a Buick assures relaxed security—and is also evidence that you have a durable, deep-silled, X-braced frame beneath you. However you check it, you'll discover this: The things that make you yearn for a Buick on first acquaintance, are the very same things that make Buick such a smart long-time buy. Better see your Buick dealer—soon.

No other car provides all this:

Eugene Carpenter Honored With Birthday Party

Charles Eugene Carpenter, son of J. C. Carpenter, was honored on his third birthday with a party by his grandmother, Mrs. C. J. Carpenter, and aunt, Mrs. Lawrence Parvick at the Carpenter home Monday at 3 p. m. The children played games, and refreshments of angel food cake and punch were served. Gale Price Lovelind, Tony and Curtis Harvick, John and Pat Williams, Carl and Jana Holwick, and four mothers.

Mrs. Jennie Larkford, who recently suffered a heart attack and who has been under treatment at Tahoka Hospital, was able to return to her home Tuesday of this week. She is much improved.

Refreshments of coffee and cookies were served to the following: Mrs. Jennie Wain, Ruby Stewart, Miss Graham Hard, and the hostess.

Miss Sue Franklin, daughter of Dick Franklin of Wells, and Charles Ray Polk, son of Mr. and Mrs. Donna Polk of Tahoka, will be married in a simple double-ring ceremony today at 6 p. m. at the home of the bride's father at Wells. Rev. Sheldon Russell of the Wells Baptist Church, will read the ceremony.

Mr. and Mrs. Harold Gene Franklin, brother and sister-in-law of the bride, will serve as best man and bridesmaid, respectively to the couple.

Miss Peggy Holmes of Waco, cousin of the groom, will sing "Because" and "Always," with Mrs. Lois Barnes accompanying at the piano.

Only relatives and a few close friends will attend the ceremony, which will be followed by a brief reception.

After a wedding trip to New Mexico, the couple will make their home in Tahoka.

The bride is a 1950 graduate of O'Donnell High School and attended Texas Tech one semester.

The groom is a 1950 graduate of Tahoka High School. He is employed at the Sapulpa Fe station here.

J. E. Weir of O'Donnell received a broken ankle in a car wreck which occurred three miles south of Woodlaw Sunday morning. He was taken to a Lubbock hospital.

A Chetlain will find it cheaper to pay than to repair. For instance, the expense of a larger, the cost of a board, the cost of a job, — Elmer Moore.

Girls Scout Troop 4 Names New Officers

Girl Scout Troop No. 4 met for its first game in 1951 last Friday, February 2. Ten girls attended the meeting. New officers were elected. They are: President, Margie Curry; vice-president, Sue Williams; secretary and reporter, Marjorie McCarty; treasurer, Bessie Gallop; historian, Nancy Nowlin. Mrs. Dick Mitchell is leader of this troop. The girls decided to take a hike the next meeting if the weather is favorable.

His committee assignments include: Congressional and Legislative districts, Conservation and Reclamation, Criminal Jurisprudence, Privileges, Suffrage and Elections, and Local Uncontested Bills.

The Congressional and Legislative Districts Committee will handle the redistricting bills, the Conservation and Reclamation committee will handle the bills concerning water, Criminal Jurisprudence will study all bills designed to improve the process in Criminal Court cases and all new laws concerning crimes, and the Privileges, Suffrage and Election committee will study all the bills designed to improve our election laws.

He reports there is a strong movement among the legislators to economize on spending money. The House has voted to consider the "must" money bills first. Both bills are those to finance the running of the State government for the next two years.

"This means," he says, "that the taxpayers' money will be spent for the essentials of our State government. It appears that the Legislature as a whole want to do the job well and go home without expending the session unduly."

He invited people of his district to write him their opinions and advice on any matters that may affect our area and the state in general.

TEN IMPORTANT ETIQUETTE CHANGES LISTED BY EMILY POST'S ASSISTANT

Anne Kent, personal assistant to Emily Post for more than 15 years, has listed for the December issue of Cosmopolitan magazine the ten most important changes in etiquette. Here they are:

1. First-name calling. Miss Kent finds no fault with this practice in circles where it's taken for granted. She says that position and age should be respected, and children shouldn't call adults by their first names.
2. Trousers on women. "Slacks are not incorrect dress for resort areas, sports, and lounging at home," says this expert, "but are improper for city wear. Of course," she adds, "some women are mistaken to wear them ever."
3. The younger set (past eighteen) after midnight. The modern young woman and her young man head for home alone or with other young friends, stopping off for a late snack.
4. Posture. "I don't believe we should revert to the ramrod stiffness required when our grandmothers were young women," says Miss Kent, "but a little more gracefulness of posture would eliminate a great American eyefore."
5. The typewriter supersedes the pen. The typewriter for personal correspondence is now not merely approved but favored. Formal notes, such as answers to formal invitations, should be penned by hand. And letters of sympathy seem warmer and more sincere if handwritten.
6. Manners after divorce. Years ago, divorced couples shunned each other. But today, many of them remain good friends or, at least, on speaking terms.
7. Women and nicotine. Sherry's, famous old New York society restaurant, forbade any woman to light a cigarette on the premises. The modern woman reaches for a cigarette almost whenever or wherever she has the whim.
8. Calling on new neighbors. This old American custom is vanishing, a casualty of World War II. Miss Kent believes that "people's instinctive kindness will eventually bring back the courtesy call."
9. Buffet meals replace big dinners. The modern hostess who gives a dinner party can prepare ahead of time, relax, and ask the guests to help themselves.
10. The decline of chivalry. Since gaining a more equal status with men, women no longer expect deference as the "weaker" sex. Unless she's infirm or elderly, the modern woman must hustle for a seat on the subway. And that old hats-off-in-elevator rule has been completely revoked in business-building elevators. According to Miss Kent, feminine independence has been paid for out of the currency of male chivalry. And many a woman seems to believe the purchase isn't worth the price.

Larkins Attending Maytag Meeting

Mr. and Mrs. Frank Larkin of Larkin Appliance, Tahoka, are in Dallas this week attending a meeting of more than 700 Maytag appliance dealers.

Fred Maytag, of Newton, Iowa, 40 year old president of The Maytag Company, is attending the meeting and was the guest speaker at a dinner held Wednesday night. The occasion also marks the formal dedication of the new \$250,000 building of Maytag Southwestern Company of Dallas, distributors in Texas of all Maytag home appliances. "We're going to discuss the effect of the national emergency on the appliance business with Mr. Maytag himself," Frank said leaving for Dallas. "Maytag dealers sold more than five and a half million dollars worth of appliances in Texas last year and we're going to do everything we can to keep up that kind of a record."

Murray Gehring of Seiling, Oklahoma, who is here doing terracing construction on Lynn county farms, underwent an emergency appendectomy in Tahoka Hospital last Saturday.

Odds & Ends

(Cont'd. From Editorial Page)
 Not until now, in the present crisis, when Russia may storm over into West Germany at any moment, has anybody heretofore, in any war, objected to the Commander-in-Chief, through his generals, conducting the war.
 Others admit that the President has the constitutional authority to send troops to Europe but they say they do not think he should exercise that authority without the consent of Congress. There is some sense in that. But if we have read our newspaper tonight, he has time and again

Mrs. W. A. Hardt left by train from Lubbock Monday for Baldwin Park, California, to spend two or three weeks visiting there with the family of her daughter, Mr. and Mrs. Clyde Holcomb and little daughter.

expressed willingness for Congress to advise if it cares to, maintaining that he and the military staff will act as the situation may demand, however, without waiting for the consent of Congress.

There is still a third group, the suicide squad, who want no soldiers or at least only a few soldiers sent across.

A number of Senators, Republican and Democratic, have repeatedly shown how stupid that would be. But none of them has made it look more ridiculous than Senator Kerr of Oklahoma did the other day when he jumped on the Taft-Hoover proposals. Here is what he said: "Mr. Taft would put up a posted sign to keep out the Russian giants from Western Europe but he wouldn't station enough guards there to stop a band of pygmies. He says he would go to Europe only after an attack was made. What folly!"

Kerr's statement sounds like sense to me, Charlie Guy and Andy Jack Sturcklin, and Brother Richards to the contrary notwithstanding.

Somebody suggested the other day that a bipartisan cabinet be created to conduct the war. That, of course, would involve putting the skids under Secretary Acheson, and while we have come to believe that Acheson, in spite of two or three serious blunders, is one of the ablest men in Wash-

ington, yet at first blush that seemed like a good suggestion, in the interest of unity and efficiency. And then we had a second thought. Any party coalition for the conduct of the war would not be acceptable to Senator Taft unless he were the principal Republican in the coalition cabinet, and he would not be satisfied there unless he could run the whole works. And that would be fatal to all hopes for success, unless the Commander-in-Chief of the Universe should come to the rescue and knock Taft right down in the road as he did once to Saul of Tarsus, make a believer out of him, and put all the Russian demons to flight.

the Railroads **RESPECT...**
 the Labor Unions seek to **REPUDIATE...**
 this agreement!

What is the **TRUTH?**

At various states in the present dispute with the brotherhoods of railroad operating employees... the railroads agreed to arbitrate. The union leaders refused.
 ... the railroads accepted the recommendations of President Truman's Emergency Board. The union leaders refused.
 ... the railroads accepted the White House proposal of August 19, 1950. The union leaders refused.
 Finally an Agreement was signed at the White House on December 21, 1950. Now the union leaders seek to repudiate the Agreement.
 The railroads stand ready to put the terms of this Agreement into effect immediately, with back pay at the rates and date indicated.
 The Agreement is given in full below.

MEMORANDUM OF AGREEMENT

- Washington, D. C. December 21, 1950
- Establish 40 hour week for yardmen with increase of 23 cents effective October 1, 1950, and additional 2 cents effective January 1, 1951.
 - Set aside 40 hour week agreement until January 1, 1952, and establish 6 day work week for yardmen. Effective with the first pay roll period after 30 days from the date of execution of the formal agreement, yardmen required by the carrier to work on the 7th day to be straight time rates except engineers who shall receive guarantees where they do not now exist. This does not create to go on 40 hour week. Provide for consideration of availability of manpower and 4 cents per hour if and when the 40 hour week actually becomes effective.
 - Settle rules for 40 hour week and 6 day week.
 - Grant yard conductors and brakemen other rules such as daily earnings minimum, car retailer operators and No. 81.
 - Settle following rules: Initial Terminal Delay (Conductors and Trainmen) Interdivisional Runs Pooling Caboose (Conductors and Trainmen) Reporting for Duty More than One Class of Service Switching Limits Air Hose (Conductors and Trainmen) Western Differential and Double Header and Tonnage Limitation (Conductors and Trainmen, all Territories)
 - Road men to receive 5 cents per hour increase effective October 1, 1950 and additional 5 cents per hour increase effective January 1, 1951.
 - Quarterly adjustment of wages on basis of cost of living index (1 point to equal 1¢ per hour. First adjustment April 1, 1951. Base to be 176).

(2)
 8. Agreement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters.
 9. Effective October 1, 1950, the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate.
 Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951.

10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter until changed or modified under provisions of Railway Labor Act. Moratorium on proposals for changes in wages or rules until October 1, 1953; as follows:

No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except such proposals for changes in rules or working conditions which may have been initiated prior to June 1, 1950. Provided, however, that if as the result of government wage stabilization policy, workers generally have been permitted to receive so-called annual improvement increases, the parties may meet with Doctor Steelman on or after July 1, 1952, to discuss whether or not further wage adjustments are justified; employees covered by this agreement are justified; in addition to increases received under the cost of living formula. At the request of either party for such a meeting, Doctor Steelman shall fix the time and place for such meeting. Doctor Steelman and the parties may secure information from the wage stabilization authorities or other government agencies. If the parties are unable to agree at such conferences whether or not further wage adjustments are justified

(3)
 they shall ask the President of the United States to appoint a referee who shall sit with them and consider all pertinent information, and decide promptly whether further wage increases are justified and, if so, what such increases should be, and the effective date thereof. The carrier representatives shall have one vote, the employee representatives shall have one vote and the referee shall have one vote.
 11. If the parties cannot agree on details of agreement or rules they shall be submitted to John R. Steelman for final decision.
 The usual protections for arbitrators, miscellaneous rates, special allowances, and existing money differentials above existing standard daily rates will be included in the formal agreement.
 ** The foregoing will not debar management and committees on individual railroads from mutually agreeing upon changes in rates, rules and working conditions of employees covered by this agreement.

A Preacher's Point of View

By Lee Romsour
Pastor First Baptist Church

Not long ago I commented to someone about an adverse reaction on the part of another. The reply was, "Don't be surprised. That person is always finding fault."

Then again I made mention of another who had been very gracious in a matter and the response was, "You can always expect that, for that person is always

helpful in attitude and service."

Now, what makes the difference? Some of us cultivate ourselves to be so that we never accept anything as right until we are shown. Others cultivate a trusting attitude where we accept people and experience at face value until we are shown otherwise.

Somehow, I don't want to be the kind of person who is always expected to be on the wrong side. Do you?

Cage Activity At New Home

New Home has had a lot of basketball activity during the past week.

Last Friday night at Wellman, the boys defeated Wellman 37 to 30, with Kenneth Rogers scoring 11 points for New Home. An overtime period was required for the New Home girls to win 23 to 22, with Ann Cowan scoring 16 of New Home's points.

Monday night, the New Home boys took an easy 52 to 32 victory over Seagraves at New Home, with Kenneth Rogers scoring 22 points for the victors, and Darrell Fletcher 13. In a Junior boy's game, Seagraves won 18 to 12, Eugene Keith being the high scorer for New Home.

On the same night, New Home girls won over the Reese Airbase team by the low score of 14 to 12, with Ann Cowan the high girl. The Airbase team has on it three former New Home players who went to the state tournament a few years ago. These are Emma Dean Robertson, Leta Dell Rowland, and Martha Crabtree.

Tuesday night at Seagraves, the Seagraves boys got some measure of revenge by defeating New Home 32 to 31 on a last minute free throw. Rogers scored 16 points. In the Junior contest, Seagraves won 32 to 13, and in the B team game Seagraves won 26 to 16.

Plastic Tableware Soon May Serve Army Mess Halls

A new type of plastic tableware developed by the Army Quartermaster Corps may replace the heavy white chinaware now being used in mess halls.

The plastic tableware developed as a result of extensive tests is to be made of cotton rag-filled phenolmethane-formaldehyde. The rag content is chopped cotton cloth chiefly from shirting material, which increases durability.

The plastic plates, saucers, and other pieces are the results of more than three years of field and laboratory tests. Testing of the tableware was based on acceptability by soldiers, meeting of military requirements, and annual replacement cost. The tableware was subjected to the rigors of climate—from tropical heat to deep freeze—and to various durability tests.

Champion Picker Repeats At Huron

John Mehta, a 25-year-old Highway City, Calif., war veteran, made a repeat performance at the competition, designated as "the world's champion cotton picking contest" at Huron, Calif., to win the title and \$500 for the second consecutive year.

The champion cotton picker gathered 608 pounds of Adala cotton in the six-hour period for an average of slightly more than 101 pounds an hour. In addition to the cash prize, Mehta received a golden trophy for his achievement.

Cotton Shows Gain In Women's Dresses

More cotton was used in women's dresses in 1949 than in any other year on record, the National Cotton Council reports in a new survey of cotton markets.

A total of 215,850 bales—or approximately 103,175,000 pounds—was used in women's dresses, misses', and juniors' street, house and other dresses during the year. The use of cotton in dresses during 1949 showed a 28 per cent increase over the preceding year.

Cotton Council market researchers attribute the increased use of cotton in dresses chiefly to new finishes developed for cotton fabrics and smart styling designers now are giving to high-fashion cottons.

New Candy Stripes Make Sleep Bright

Sleep is getting gayer all the time.

A few years ago cotton sheet manufacturers came up with sheets in colorful solid pastel shades. This year, at the request of one of the nation's most fashionable department stores, a leading sheet manufacturer is making cotton sheets in candy stripes!

The sheets are made of soft cotton percale in blue, pink, yellow, or green, all striped with white. The candy stripes are to be used as top sheets with white linens.

To go with the candy striped sheets are either white pillow cases with a matching striped hem or all-over striped pillow cases.

Price Speaker For Baptist Banquet

The deacons of the First Baptist Church will have their annual fellowship banquet in the basement of the church tonight.

A program has been arranged on the theme of "Beacon-Lights." Rev. Levi Price, former pastor here and now pastor at Coleman, will be the principal speaker.

Capt. and Mrs. Kenneth Elwayne Nevill arrived here last Friday for a visit with his parents, Mr. and Mrs. Jodie Nevill, and other relatives. He is in the Army Air Force and has been stationed at Mather Field, Sacramento, Calif. He is being moved to Barksdale Field, Shreveport, La., where he will join the 91st Strategic Recon. Wing. They expect to leave here this week end.

Important items imported into post-war Japan from Sweden include sulphite paper pulp, iron and steel products and rosin.

Nothing can bring you peace but yourself, nothing can bring you peace but the triumph of principles. —Emerson.

Miss Joye Lee Weds Chesley Jenkins

Miss Bobbie Joye Lee, daughter of Mr. and Mrs. R. R. Lee of Tahoka, was united in marriage to Chesley Jenkins, son of Mr. and Mrs. R. A. Jenkins, also of this city, in a service read Saturday at 2:00 p. m.

Rev. Bill Scantlin of Plainview performed the single ring ceremony.

The bride wore a shadow pink wool suit, with navy accessories. She carried a white Bible belonging to the groom's mother topped with a pink carnation. Something new was the bride's ensemble; something old was a gold bracelet belonging to her aunt; something borrowed was a gold bracelet belonging to her aunt; something borrowed, her mother's pearls; something blue, a hairkerchief; a lucky penny in her shoe.

Immediately following the ceremony, a reception was given in the home of the bride's parents with members of the wedding party attending.

Outstanding among the festivities was a three-tiered white wedding cake topped by a miniature bride and groom.

The couple expect to make their home in Tahoka.

Sudan Wins Team Trophy At J-C Meet

The Tubohk Jucees 2nd Annual Invitational Boxing Tournament staged three nights of last week, January 25, 26, 27, in the local school gym, again was boasted as a great success.

A total of 62 fighters had entries and physical examinations at the deadline on Thursday afternoon at 6:00 o'clock. These fighters represented a wide area of the South Plains, as follows: Lubbock, Big Spring, Sudan, Three-Way, Abertathy, Tahoka, Roswell, N. M., Post, Cooper and Brownfield.

Although the entries in the open division were but short, the large number of High School entries maintained a full three night card.

Thursday Results

The opening night, Thursday, with a capacity crowd of approximately 600 fight fans, the bell sounded to bring forth a card of nine/ten bouts, with only one being an exhibition.

Charles Schultz, 112, Tahoka, defeated Jimmy Cole, 113, Big Spring.

Glenn Anderson, 92, Tahoka, defeated Mike Baker, 96, Brownfield.

Leon Anderson, 84, Tahoka, defeated Jimmy Walker, 80, Brownfield.

Howard Millup, 105, Sudan, defeated Dale Johnson, 106, of Brownfield.

Brownie Williams, 103, Tahoka, defeated Wendell Pike, 104, Sudan.

William Chapman, 98, Lubbock, defeated Stanley Stone, 108, Tahoka.

Harley Schultz, 114, Tahoka, TKO in the second round from Mackie Hard, 118, Brownfield.

Bob Briscoe, 117, Brownfield, defeated Wayne Brasher, 115, Tahoka.

Virgil Miller, 116, Woodrow, defeated Clifford Dupier, 114, Three-Way.

Johnny Cloud, 125, Brownfield, TKO in second round from Grady Dorsey, 123, Big Spring.

Gene Jackson, 138, Tahoka, defeated Ray Adams, 133, Big Spring.

Carlton Tanner, 129, Three-Way, defeated Jimmy Bounds, 128, Big Spring.

Don Doyle, 135, Roswell, N. M., defeated Charlie Brookshire, 136, Tahoka.

Doug Forbes, 147, Brownfield,

defeated Johnny Cogtler, 138, Big Spring.

Bobby Johnson, 143, Big Spring, defeated Leroy Loe, 141, Sudan.

Raymond Gillispay, 155, Big Spring, TKO in first round from James Franks, 151, Brownfield.

Kenneth Hayes, 169, Sudan, defeated Don Rose, 170, Post.

James Forbes, 154, Brownfield, won the only open battle, defeating 152-pound Jerry Taylor of Post.

In a non-decision scrap, John C. Knapp, 126, Lubbock, mixed it up with Ray Thornton, 126, Lubbock, in an exhibition bout.

Friday Night - Three exhibition bouts featured the second night of fighting, with a few Lubbock fighters not showing up, the exhibition bouts filled the fight card.

High School - Brownie Williams, 103, Tahoka, lost by decision to Howard Millup, 105, Sudan.

Leon Anderson, 84, Tahoka, defeated Tommy Staples, 84, Lubbock.

More pleasure per cup - More cups per pound

Tommy Staples, 84, Lubbock, was awarded the sportsmanship award after having two bouts in the tournament, showing some of the class that he has acquired in his some 23 fights. Tommy, 13, has a record of 18 wins and five losses.

Winners of the open division were measured for jackets and will be mailed the same at a later date.

Winners of the High School division were each awarded kelp medals and runner ups of the open division were awarded gold gloves.

Nothing Better Than Good Food, Says Ohio Man

If a man isn't able to eat the foods he likes he's in mighty sorry shape—imagine going through life without being able to enjoy a fine big platter of bacon and eggs. That is the way Joseph N. Damillot, 3414 E. 5th Street, Dayton, Ohio, used to be, but since he has been taking HADACOL, he says he feels just fine and is able to enjoy lots and lots of fine foods. Mr. Damillot found that taking HADACOL helped his system overcome a deficiency of Vitamins B₁, B₂, Niacin and Iron.

Here is Mr. Damillot's statement: "My first bottle of HADACOL convinced me that HADACOL was what I needed for the gas on my stomach at nights. I could not keep food on my stomach, but after the first bottle I was going great. Now I eat bacon and eggs, and other foods that never would stay with me. I also can sleep well at nights. Thanks to HADACOL, I will never be without it, and can recommend it to all who suffer with the above ailments that I had. I know because I have suffered for quite some time."

HAS THE Electric HOME LAUNDRY?

The glamour girl, of course. All she does is put the clothes in her automatic washer, set the dials, and leave the rest to Reddy. Then, when they're washed sparkling clean, into the dryer they go and once more, Reddy takes over the hard work. Reddy keeps the water hot, too, with an automatic electric water heater, that's as clean and dazzling as an electric light bulb. Ironing is easier, too, when it's done on a modern, electric ironer. Don't get worn out by back-breaking wash days. Be drudgery-free, be happy, let low cost electric service do the hard work.

Letters From News Readers

Fred Mathews and his mother, Mrs. Belle Mathews, former Lynn county citizens from the Grassland community, have been living in Ontario, Oregon, for several years. This week, The News received a letter from him in regard to their subscription. We thought some of our readers might be interested in these paragraphs from his letter:

I am employed by a combination quick-freeze plant and onion shed.

Onions and potatoes have had a disastrous market. Sugar beets, sweet corn prices satisfactory. Dairy farmers doing very well. Lettuce prices perhaps average. Fruit prices better than last year. Alfalfa, hops, mint, some small grain, melons, clover raised.

The majority of land is watered from Owyhee dam off Owyhee River watershed. Considerable land watered from dams on Malheur River. Some land watered from pumps on Snake River and irrigation wells.

Would like to see Mr. Hill thin sugar beets, bending over with a hoe about sixteen inches long, using one hand to hold back little plants the other one to hoe. They pay from \$15.00 to \$25.00 an acre for thinning.

Our health is good. This county is much larger than any in Texas.

THE LYNN COUNTY NEWS,

Friday, February 2, 1951

All of these states have a larger Democratic registration than Republican, and even Oregon Democratic registration exceeds the Republican by 16,000. But the Republicans voted heavier in the primary and have all the state officers except State Treasurer. All four Congressmen and two-thirds of the Legislature is Republican.

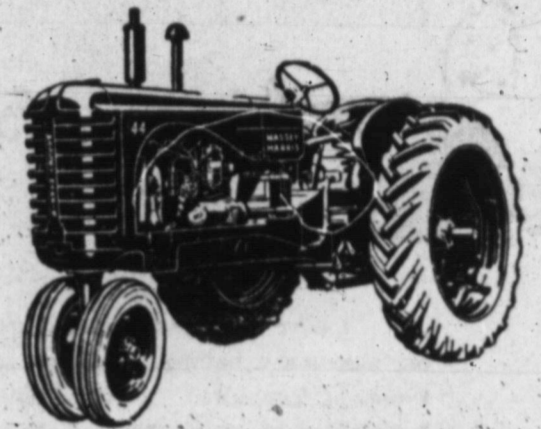

Idaho lost their two Democratic U. S. Senators, Democratic Congressman, Democratic State Senate, and elected only a Demo-

cratic Secretary of State. Malheur county has a Democratic tax assessor, and the balance are Republicans.

a group of local citizens will be asked to examine the results in the light of their knowledge of the community.

Edgar recently pointed out that fact's and figures alone cannot tell a complete story. People who know local conditions must express judgments in order to give the facts their proper meaning, he said.

Superintendent J. P. Hewlett, with Mr. A. H. Smith, high school principal, recently attended a meeting in Lubbock at which members of the Texas Education Agency staff explained the use of the study guides. It was pointed out at this meeting that collecting the desired material should give pupils and teachers a new knowledge of their community furnish the basis for a new understanding of such material studied in the school.

When all communities of this size have reported their findings, the state education agency will have a body of information about education in Texas that could not be obtained from any other source. The rapid changes that have taken place in our social and economic life in the past few years have made available information out of date, officials of the agency said.

Teams of students will begin the survey of the community about February 10. Townspeople are requested by Superintendent Hewlett to help supply the information requested. None of it will be made public as an individual report, he said. It will be collected into a general report on the entire community.

Tom Nordyke Dies Suddenly

Tom Nordyke, 68, died suddenly, possibly of a heart attack, Tuesday afternoon at his home in Cross Plains. This information was placed Levi Nordyke here at about 8 a. m. that day by Theodore Nordyke. The three men are brothers.

Mr. Nordyke, a retired farmer, lived in Lynn county about four years and farmed with Levi southeast of Tahoka from 1938 to 1942. His wife died in about 1930. He was a member of the Church of Christ.

Mr. and Mrs. Levi Nordyke expected to leave here Thursday morning to attend funeral services.

The deceased is survived by one son, Tommie, who lives in California, and one daughter, Mrs. Maurine Strahan, with whom he lived at Cross Plains.

Social Security Man Is Coming

Genald L. Scharitz, Field Representative of the Lubbock Social Security office will be at the Post Office in Tahoka at 4:30 p. m. on Tuesday, February 6, 1951. The 1950 amendments reduce eligibility requirements to about 1 1/2 years employment, or 6 quarters of coverage. This new provision affects only those cases where the wage earner was living on September 1, 1950. From now until July 1954, 6 quarters of coverage is sufficient for a fully insured status.

Many individuals who previously could not meet the requirements may now qualify for monthly benefits. The Lubbock office is undertaking to contact persons whose claims were denied in the 1940-1950 period. We realize, of course, some addresses are now incorrect, and a few may have died during the intervening years. Any reader of these articles who knows a person over 65, who has worked under the social security program for a period of 6 calendar quarters, should pass the information along to him.

Tuberculosis was the first cause of death in this country when the National Tuberculosis Association was founded in 1904.

They proved she shot her husband at close range, because there were powder marks on him. She contended there were powder marks on him beforehand, and that's why she shot him.

Heavy Machinery Aids Farmers

Heavy dirt-moving machinery has been a boon to Lynn county farmers by providing an efficient means of carrying out much needed soil and water conservation practices, says Roy Nettles, Vice-chairman of the County FMA Committee.

He points out that the volume of work stimulated by ACP aid to farmers in carrying out conservation practices has created an incentive for contractors to obtain heavy dirt-moving machinery. Where it has not been practical for individual farmers to buy this machinery, contractors have purchased the needed equipment to do the work for a number of farmers.

For many practices such as the construction of terraces, building dams and leveling land, the vice-chairman explains, the use of this heavy equipment under contract has proved the most economical and practical means of getting the work done.

The vice-chairman also points out that individuals handling this equipment are becoming more skilled in their operations and more familiar with program requirements, resulting in a high degree of conformity with ACP standards.

The vice-chairman explains that while the county committee in no way promotes business for individual contractors, the fact that contractors have responded to the business which the program has created is most encouraging. The

Cunninghams Will Observe Anniversary

Mr. and Mrs. E. H. Cunningham of Tahoka will celebrate their Golden Wedding anniversary in their home at 2320 North Main next Sunday, February 4. They will hold open house to their friends from 2 to 5 p. m. All their grandchildren and a niece raised in their home, Mrs. Nettie Warren of Oklahoma City, will be with them on that day.

Nematodes, microscopic worms which cause root-knot on various plants, are a serious pest once they become established in the soil and they are found in many of the light sandy soils of Texas. The best control method is to keep them out of the soil.

result is greater conservation accomplishment and a higher quality of work. To qualify for assistance under the ACP, the vice-chairman explains, all conservation practices must meet ACP specifications and farmers taking the services of contractors should make sure the practices do meet these standards.
