Tahoka, Lynn County, Texas, Friday February 9, 1951

Number 19

DRIVES OWN TRACTOR—Mrs. W. S. Jasper, 69-year-old grandmother, is pictured above on the new tractor she recently bought in Tahoka for her own personal use on the farm she and Mr. Jasper operate west of New Home, Lynn county. (See story below.)

New Home Lady Buys Tractor For Own Use At Age of 69

Believe it or not, at the age 69 years, Mrs. W. S. Jasper, who lives a mile and three-quarters west of New Home, Lynn county, drives a tractor on the farm operated by her and Mr. Jasper and their daughter, Miss Opal. Furthermore, one day recently, having grown tired of using Mr. Jasper's machines, she walked into Lynn County Tractor Company and had Hall and J. A. Robinson fit her out with a new tractor of her own. Also, she is drilling an irrigation well of her own. Instead of retiring and sitting around the house, she is preparing to farm more inten-

sively—and she and her husband will celebrate their Golden wedding anniversary next fall. It all started last year. Mr. Jasper, a prosperous farmer who has been operating about 800 acres, couldn't get hands. Mrs. Jasper, who had driven teams all her life, volunteered the idea that she would drive one of the tractors—and drive it she did. "Anyway, I was always miserable doing housework," she told The News, "and always preferred work in the field to house duties." Mrs. Jasper never drove a car but once in her life. A-

way back in the Model T days, Mrs. Jasper attempted to drive the family car on one occasion and did pretty well until she ran under a tree and tore up the car top. She swore off. She sincerely enjoys work in the fields with growing crops. Before farms were mechanized, she liked to drive teams and always helped in the fields when it was not necessary to work at the house. Last year, Mr. Jasper started irrigating. He has two wells, but only one was completed in time to help the 1950 crop. This year, Mrs. (Con'd. On Back Page)

Bill Griffin Will Head Beef Division At Fair Again

W. B. (Bill) Griffin of Tahoka has been named superintendent again in 1951 of the Fat Beef division of the Panhandle-South Plains Fair, held each fall at Lubbock. Griffin has served as head of the division for the past two years. He is Lynn county farm agent. Assisting Griffin will be Earl Sears of Lamesa, W. L. Strangel, dean of agriculture at Texas Tech, will judge the fat steers again this year.

Steven A. Tilley Buried Sunday

Steven A. Tilley, 56, of the New Lynn community, died at Meridian on about 4 p. m. Wednesday of last week. The body was brought here immediately by Stanley Funeral Home but funeral services were delayed until Sunday in order that his only son, Weston, who was in Naval Training in Tennessee could be here. Services were held at 2:30 p. m. Sunday at New Lynn Baptist Church, with Rev. J. B. Vickery officiating, and burial followed in Tahoka Cemetery.

Mr. Tilley had been ill for a long time, and had been at Meridian since Christmas for treatment. He was born at Cleburne, Johnson county, December 17, 1894. He and Mrs. Tilley were married at Kopperl, Bosque county September 5, 1920, and one son and six daughters were born to them. The Tilleys moved to Lynn county in 1946 and have since farmed in this county. He is survived by his wife; one son, Weston of the Navy; and six daughters, Mrs. Ora Lee Landon of Waco, Mrs. Earlene Bowlin of Kopperl, Mrs. Ima Jean James of Hillsboro, and Misses Joyce, Dorra, and Sherry Lynn of the family home.

"Crazy Daze" Show Next Week Benefit For Scouts

"Crazy Daze" has hit Tahoka. If you don't believe it, just wait and see what goes on in the next week in this town. The Lion's Club of Tahoka is responsible for this two-packed event, set for Thursday and Friday, February 15-16, for benefit of the Boy Scout and Girl Scout programs, to better the conditions of their meeting place. The Lions are assisted by a professional, dramatic coach, Miss "Sandy" Roush, who has just arrived in town for a two weeks stay. Miss Roush's past experience has been in publicity, advertising and promotion for television over WGN and WBXB-TV in Chicago. "Sandy" has been in Texas just one week but is already sold on becoming a Westerner, and states, "The country is beautiful, the people are wonderful, and the weather, well—chargeable." She also states that she hopes Tahoka people will be friendly and cooperative in helping to put this (Con'd. On Back Page)

Congratulations:

Mr. and Mrs. Leonard Norwood on the birth of a daughter weighing 8 pounds 12 ounces at 1:06 a. m. Friday at Tahoka Hospital. The little lady, named Janet Lynne, was delivered by Cesarean section. Mr. and Mrs. Albert Curry on the birth of a son weighing 8 pounds 9 ounces at 2:34 p. m. Tuesday in a Lubbock Hospital. He has been named William Albert, Jr., and is the seventeenth grandchild of Mr. and Mrs. Wiley Curry. Mr. and Mrs. Herbert G. Smith on the birth of a son weighing 9 pounds 1 ounce at Tahoka Hospital at 10:27 p. m. Friday. He has been named Edward Gail.

Car Licenses Are Being Issued Here

A total of 600 motor vehicles have been registered since February 1st, opening day, according to J. E. (Red) Brown, county tax assessor and collector. For convenience, vehicles may be registered at Brown's office in the court house, at Farmers Co-op in Wilson, Farmers Co-op in New Home, or at Clayton Insurance Agency in O'Donnell.

McCords Buy Shop Building

H. B. McCord of McCord Motor Co., Pontiac dealer, has bought from H. B. and Wade Howell, the lots and building at the corner of Alley and Harper streets, formerly a blacksmith shop. McCord's Paint and Body Shop will be moved to this location, a wash and grease rack installed, and a part of the grounds used for a used car lot. The building is being repaired and the lots cleaned up and gravelled and put into condition for immediate use by the automobile firm. The McCords have plans made for ultimately remodeling the building into a modern structure. Freeman Blacksmith recently moved to his new building on the O'Donnell Highway.

Cotton Ginnings 96,716 On Jan. 15

A delayed report on Lynn county's 1950 cotton ginning shows a total of 96,716 bales prior to January 16, according to J. C. Womack, special agent of the Census Bureau. A small amount of cotton has been ginned since that date.

Telephone Co-op Negotiating For Area

Bulldogs Meet Bownfield In Final Contest

Tahoka and Brownfield meet here tonight, Friday, at 7:30 o'clock in the last scheduled basketball game of the season for both teams. Post has already clinched first place in the south half of District 4A. Brownfield is in second place, but if the Bulldogs can defeat the Cubs tonight they will gain a tie for second place. Then, one of the two teams will have to be chosen, possibly in a play-off game, to determine which joins Post in the play-off with two teams, Muleshoe and Leveland, from the north half of the district for the district championship. Tahoka recently defeated the Brownfield Cubs 49 to 40 in a game played there, but the Bulldogs will have to play ball tonight to win, for the Cubs are out for revenge. The A team game will be followed by a game between the B teams of the two cities. Post was the winner of the second conference game between (Con'd. On Back Page)

Two Sentenced To Pen Tuesday In District Court

District court in session here Monday and Tuesday of this week had a very slim docket. On Monday a civil case, Will Pechal vs. Jessie Bevell, involving a tract of Lynn county land, resulted in a hung jury. Tuesday, District Judge Louis B. Reed cited the criminal docket and four men entered pleas of guilty. Cecil Tiner, 18, of Dallas, entered a plea of guilty to burglary on three charges, and was sentenced to two years in the penitentiary in each case. He pled guilty to theft of a car belonging to Miss Robbie Milliken and to burglary of the Lynn County Tractor Company and the Bill Stange Motors. He had already been assessed a two year term at Sweetwater on burglary charges, and now faces similar charges at Lubbock and Plainview. His alleged companion, William A. Rogers, also of Dallas, who is out on bond, expects to fight his cases here. Date of his trials has not been set. Cornelio Sanchez, 18, of Lamesa was given three years in the penitentiary on a plea of guilty to burglary of the Hal Singleton Hardware at O'Donnell. He had previously been assessed a three year term at Lamesa for a similar offense. Sorra Lucio, 18, of Taylor entered a plea of guilty to unlawfully entering the Aarnett Laundry, and Judge Reed put him on probation for five years, this being his first known criminal offense. Charles Brown, about 25, Grassland Negro, who was charged with assault with intent to murder as an aftermath of a shooting scrape with another Negro of that community, was likewise given five years probation on a plea of guilty. This week's court term was Karl Clayton's first official appearance in court here as the newly elected district attorney.

Church of Christ Plans Meeting

The annual Spring Gospel meeting of the Tahoka Church of Christ will be held this year from April 22 through April 29, according to Fred McGinty. Dana Brookshire, minister of the Church of Christ at Plainview, will bring the message. Brookshire is well and favorably known here. A singer will be named later.

Missionaries Will Speak At Series Of Services In Local Baptist Church

The experience of various missionaries on their fields will be related to all who attend the meeting being conducted at the First Baptist Church beginning Sunday morning and continuing through Friday. Two of them, missionary Aaron Hancock and his wife will be guests in the home of pastor, Lee Ramsour, through the week. Aaron Hancock, a Choctaw Indian, who is working in Oklahoma as a missionary to the Indians will speak Sunday morning. Miss Josephine Ward, missionary to China since 1922, will speak at the evening service. Miss Ward has been principal of a Bible Institute in China. She was a prisoner in a Japanese internment camp during the last war. (Con'd. On Back Page)

AARON HANCOCK

MRS. AARON HANCOCK

Date Set For C. of C. Banquet

Annual banquet of the Tahoka Chamber of Commerce has been planned for the night of February 22. Unless plans go awry, the C. of C. hopes to have as its speaker a former high Government official, but he has not given his final confirmation of the date. The directors, headed by Maurice Bray, president, met Tuesday night to complete plans for the meeting.

T H S 64-Piece Band Will Present Three Concerts During Next Week

Tahoka High School's 64-piece band, directed by Wm. Tregoe, will present concerts next week in Wilson, New Home, and Tahoka. The band will appear in Wilson High School auditorium Monday night at 7:30 o'clock, with half of the proceeds going to the new Wilson band. Admission will be 75 and 35 cents. Thursday night, the group will play a concert at New Home under sponsorship of New Home P-TA.

Topics on the selection list are: "Tren, Tren, Tren," and "Synopated Clock," along with other numbers such as "The Waltz You Saved for Me," "Deep Purple," "Two Moods," "The Thing," and a collection of marches. A clarinet solo by Nancy Nowlin, with other solo numbers, will be featured on the program. Each program will last about an hour and a half and is designed for enjoyment of the musician as well as lovers of good music. Ten new uniforms were recently ordered for new students coming into the band, and these will be here before the organization goes to the annual Spring Northwest Texas Band Festival at West Texas State in Canyon.

Irrigation School Set February 20

Lynn county's annual Irrigation School will be held all day Tuesday, February 20, under sponsorship of the Extension Service and the Soil Conservation Service, according to Bill Griffin, county agent. Bob Thurmond, Extension Service irrigation specialist, will conduct the school. Beginning at 9 a. m., in the district court room, irrigation methods will be discussed and slides shown. The afternoon program will consist of field demonstrations on nearby irrigated farms, one of which will be the B. L. Hatchell farm near Wilson.

Mexican Infant Buried Monday

Little Janie Salinas, age five months and 15 days, infant daughter of Mr. and Mrs. Estanislao Salinas of South Third St., died of pneumonia in Tahoka Hospital at 1 a. m. Monday. Graveside funeral services were conducted by Father Powers, Catholic priest of Lubbock, at Tahoka Cemetery at 5:30 p. m. Monday. Stacey Funeral Home was in charge.

Methodist Men Meet Monday

Methodist Men will hold their monthly meeting next Monday night at 7:30 p. m. in Fellowship Hall of the Church. A program will be presented by Wynne Coffler and W. C. Huffaker, Sr., and officers for the new year will be elected, according to V. F. Jones, president of the Methodist Men. The food will be prepared and served by H. W. "Cotton" Carter and Calloway Huffaker. All men of the community have a cordial invitation to the meeting.

Benefit Party At Legion Saturday

Members of the American Legion Auxiliary, Marion G. Brudley Post No. 250, are sponsoring a miscellaneous game party in the American Legion Hall, Saturday, February 10, at 7:30 p. m. Bridge, canasta, "42," and dominoes will be played, and refreshments will be served. Those winning high score in each type game will be given prizes by the organization. Admission is fifty cents per person. The public is invited.

Bill McNeely, who underwent a major operation in a Lamesa Hospital recently, developed pneumonia last week-end. Early this week he was in a critical condition but was reported to be improving again on Wednesday.

Southwestern And Poka-Lambro Meeting Held

Officials of the Poka-Lambro Rural Telephone Cooperative and of the Southwestern Associated Telephone Company were conferring here all day Thursday at the REA building in an effort to settle existing differences between the two organizations. A few months ago, Poka-Lambro was organized and a loan of \$1,800,000 made available to it by the Government for the purpose of building a rural telephone system over substantially the same territory covered by Lyntegar Rural Electric Co-operative. Southwestern has expressed itself as being willing to cooperate with the cooperative. However, it is claiming certain large areas, principally around the leading towns and communities, as territory which it is now serving or intends to serve in the next two years. Poka-Lambro is claiming part of the area which Southwestern claims, since Southwestern is not now rendering service to many people who desire such service. Law prohibits agreements on territories to be served, but it is believed that a solution to the problem can and will be worked out to the satisfaction of both. Without some of the territory claimed by Southwestern, Poka-Lambro will probably have a difficult time signing up sufficient customer-stockholders to build the lines. Representatives at the negotiations here Tuesday included: Poka-Lambro: Sam Allen of Lamesa, co-ordinator; Claude Wells, vice-president and now the acting president; V. H. Wheatley, Brownfield, secretary-treasurer; and Directors V. R. Osburn of Brownfield, George Teague of Lamesa, Loyd McCormick of New Home, and Claude Thomas of Grassland; Guy B. Keepers and Cecil M. Hawk of Lubbock, engineers; Tom and Sam Garrard, attorneys. Manager Garland Pennington and President John Heck of Lyntegar. Co-ordinator Glenn Newton and President S. H. Bradford of the South Plains Telephone Co-op of Lubbock. Southwestern Associated: Ray F. Red, Dallas, general commercial superintendent; G. D. Shelley, Lubbock, district manager; J. L. Kemper, Lubbock, Northern plant superintendent; and Mills Roberts, Hobbs; N. M., district manager. O'Donnell Independent Telephone Co.; Mrs. Bill W. Davis, the owner.

New Oil Test Is Announced

Another deep wildcat oil test was announced for Lynn county on Thursday, making the third new test announced in the past three weeks. The wildcat is planned by Ralph Lowe, Midland, in the southeast corner of the southwest quarter section 35, block H, EL&R survey, 14 miles southwest of Tahoka. Scheduled to get under way within 60 days, it will seek production in the Fusselman zone to 10,500. Honolulu Oil Corporation, Gulf Cities Service Oil Company, Skelley-Oil Company, Argo Oil & Refining Company reportedly are supporting the test. Driftstem test of the Ellenburger from 10,944 to 11,000 feet was under way in Sunray Oil Corporation No. 1, Sunray-Sohio-Mabee-Ernst, section 140, block 12, EL survey, northwestern Lynn, wildcat two miles southwest of Lakeview. The other new tests are one about six miles east and a little north of Tahoka and one about 12 miles west and a little north of Tahoka.

Odds AND Ends

(By E. I. The Elder)

This column is being written here in Waco in 17-degree weather, which doubtless will long have passed before this appears in print. The weather man keeps saying, however, that it is going to be colder yet, but we doubt that it will get much colder unless and until the skies clear. Seventeen-degree weather is pretty cold for Waco. The streets and highways are covered with sleet and ice, a little of it having fallen early in the freeze, and few cars are venturing out on the streets. The schools in Waco haven't closed but the schools in a number of the near-by towns have closed, temporarily.

And right here we want to ob-

POLIO—A GROWING SHADOW

CASES REPORTED SINCE 1936 SHOWN IN 3-YEAR PERIODS

*Including 1950 estimate of 30,000 cases.

During the three-year period 1948-1950 patient care alone cost more than \$58,000,000 in March of Dimes funds.

There was that same mournful strain, but the effort was crude and the effect unimpressive. So, in one morning, we had remarkable demonstration of what education and training can do for the Negro.

In former days, we have heard marvelous programs by students of Fisk University, a Tennessee Negro school, and also by the Negro quartet that used to give that program entitled "Wings Over Jordan," and all of them were very fine.

Doubtless other Negro schools over the South are making just as fine records in training Negro voices and in imparting a high degree of culture to thousands and thousands of the members of the Negro race.

When we think of these many thousands who are being educated and largely transformed in the Negro Schools of our South and then compare them in our minds with the millions of heathen blacks who inhabit the forests, the jungles, and the deserts of Africa and who have never heard of a school nor a church nor of the Saviour of the world, we are impressed with the mighty responsibility that rests upon the Christians of America to take the gospel of Christ to these unnumbered heathen millions. Not only is it our responsibility to take them the gospel but it is also the responsibility of America and the Christian nations of the world to take them the light of learning and to dispel the darkness of ignorance and superstition. Christianity and Education can make the Africans a mighty people.

We do not know whether there will be racial groups and racial distinctions in heaven or not; but as we listened to that Paul Quinn choir last Sunday morning, we almost hoped that there will be. We should just like to hear that Paul Quinn choir sing again and again up yonder, after we have left this world of sorrow and troubles here below, some of the selections they gave last Sunday. Of course they wound up with that incomparable and characteristic Negro spiritual, "Swing Low, Sweet Chariot," which nobody else can sing quite as well as the Negroes themselves. We hope that the time may soon come when millions of Negroes still in Africa may be singing it with just as much sincerity and impressiveness as the Paul Quinn choir sang it last Sunday. Wouldn't it be wonderful to hear them—a million at once!

Last week, we chided Senators Taft, McCarthy, Wherry, et al. for blaming Truman and Acheson for the mistakes made by General MacArthur—which, of course, they know nothing about and would care nothing about if they knew it—but we did not mean thereby to absolve Truman and Acheson from the blame which

should speedily become intensely concerned about that situation and should immediately take all possible practical steps to forestall the advance of Russia, either by force or by diplomacy, to gain the control of those oil-

fields. Now, after having gotten that off our chest, maybe our statesmen are fully aware of the true situation and maybe they have already taken steps to prevent a catastrophe in the Near East. We

certainly hope that eventually proves to be the case.

At this writing, we are still up in the air as to what is going to happen in Korea, and the air today is awfully cold.

Cunningham's Celebrated Fiftieth Anniversary Sunday

MR. & MRS. E. H. CUNNINGHAM

New Towel Set Is Styled For Kitchen

An excellent gift idea for a homemaker, who spends a large part of her day in the kitchen is a new towel set recently put on the market.

This towel set is designed especially for the kitchen, though it is as attractive and smartly styled as matched bathroom ensembles.

The seven-piece ensemble consists of a kitchen terry towel, two cotton dish towels, two dish cloths, and two wet holders that match.

This gift package is ideal for bridge prizes and bridal showers, as well as for other gifts parties.

FIRST BAPTIST WMS HAS BIBLE STUDY

The Women's Missionary Society of the First Baptist Church met in the home of Mrs. M. L. Bentley Monday afternoon at 3:00 o'clock for its Bible study, with Mrs. Bentley, the president, in charge.

Mrs. Lee Ramsour led the opening prayer, and Rev. Ramsour, the pastor, taught the Bible study lesson.

Fifteen ladies were present.

ANNOUNCES SERMONS FOR NEXT SUNDAY

Rev. C. A. Holcomb, Jr., pastor of the Tahoka Methodist Church, has announced the following sermon subjects for next Sunday: Morning, "Against God." Evening, "How to Overcome Prejudice."

Sunday was a great day for Mr. and Mrs. E. H. Cunningham of 2320 Main, Tahoka.

They were celebrating their Golden Wedding anniversary, and held open house in their home between the hours of 2 and 5 p. m. Eighty-three friends called, and others sent gifts, all of which made them very happy. Their pastor, Rev. Lee Ramsour, led in prayer.

Mr. and Mrs. Cunningham were married February 3, 1901 at Gosset, Texas. They came to Lynn county in 1916, and Mr. Cunningham farmed here for many years before retiring a few years ago, when they moved to town.

None of their four children survive, but they had with them their grandchildren, Mrs. Jean Dyer, Elwayne and Yvonne Beard, their great grandson, Crissie Dyer, and their niece and her husband, Mr. and Mrs. E. D. (Nettie) Warren of Oklahoma City.

Among their old-time friends from out of town who visited them during the afternoon were: Mr. and Mrs. J. D. Braswell and Mr. and Mrs. Ben Moore, all of Lamesa; E. W. Holloway, Leveland; Mr. and Mrs. W. L. Altman, Mr. and Mrs. Ben Altman and family, Mrs. Winnie Gentry, and Mrs. Ace Hupp, all of Lubbock; Mrs. Bill Bishop, Slaton; Mr. and Mrs. T. C. Beard, Brownwood; Mr. and Mrs. Lit Moore, Lakeview.

BIRTHDAY PARTY HONORS JIMMY BILLMAN

Jimmy Billman, 3, son of Mr. and Mrs. Joe Bob Billman, was honored on his third birthday with a party Monday from 3:30 to 5:00 p. m.

Motion pictures were taken of Jimmy and the guests. The Valentine theme was carried out, and cake, ice cream, and mints were served to the following:

Cal Womack, Stanley Price, Marthelen Reid, Stanley Renfro, Judy Hines, and Paul Douglas Kenley. Pat Stanley and Bill Robinson sent gifts.

The international emblem of the crusade against tuberculosis is the Double-Barred Cross.

Nazarenes Plan Special Service

Rev. Orville W. Jenkins, District Superintendent of the Abilene District, will be the speaker for the Sunday Evening Service, February 11, at the Tahoka Church of the Nazarene.

Everyone is cordially invited to hear this man of God. He has the message you need and want to hear. Services begin at 7:15 p. m.

The Church of the Nazarene is located at corner of North First and Sanders, Tahoka. —Clarence H. Mosley, pastor.

DRIA records kept by Texas dairymen in 1949, show that dairy cows producing 224 pounds of butterfat returned \$164 above feed costs while cows producing 475 pounds returned \$467 above feed costs.

Cupid, himself, couldn't bring her a love-liner gift than the beautiful bouquet or fresh-cut flowers... you let us arrange it specially for you... to "gift" her with on St. Valentine's Day. Extraordinary selection of dewy-fresh blossoms in season and out.

Select the flowers you know she likes best. Leave the rest to us! We're experts at arranging exquisite corsages of long-lasting freshness. Special deliveries made on request.—

New Dodge Trucks Have 50 New Features

Crysler Motors, local Dodge dealer, today revealed some of the 50 new features of the new B-3 Series of Dodge "Job-Rated" trucks which will be introduced on Saturday, February 10.

Increased power, new styling,

better brakes, improved steering for easier handling, more driver comfort, and newly designed shock absorbers are among the new features providing faster, safer and more economical hauling of larger payloads.

Horsepower increases in some of the eight engines powering the new Dodge truck line range as high as 20 per cent. Gross vehicle weight ratings in the new truck range from 4,250 to 40,000 pounds, and gross combination weight ratings range up to 60,000 pounds.

More Power, Economy
Higher governor settings, redesigned fuel pumps, "hotter" spark plugs with improved moisture-proofing, larger capacity generators, a new high-torque starting motor, and more efficient cooling systems are among engine improvements which provide the new line with greater power economy.

A major engineering development for easier riding and better handling are the new Airflow shock absorbers introduced on the 1/2, 3/4, and 1-ton models. Featuring an entirely new design and valving system, they provide better ride control on all surfaces.

Brakes have been improved on all models. All brake cylinders now are modified for positive protection against destructive rust and corrosion. A new Cyclebond molded tapered lining was developed to give the brakes smoother, more positive action, and to

Reserve Corps Summer Camp Is Mandatory

LUBBOCK. — Summer field training dates for two South Plains units in the Army Organized Reserve Corps have been announced by Major James Samsel, ORC unit instructor in Lubbock.

Both units—Company "C," 476th Construction Engineer Battalion of Andrews, and the 369th Transportation Truck Company of Lubbock—will train July 8 to July 21 at Fort Hood, Texas.

The construction engineer unit is commanded by Capt. Craddock Ulmer of Andrews. First Lieut. Jim S. St. Clair of Levelland is commanding officer of the transportation truck company.

In announcing the training dates, Major Samsel pointed out that attendance at summer training no longer is optional with individual Reservists. The Department of the Army has made it mandatory that members of Reserve units attend summer field training with units ordered to camp. Therefore, employers are urged to cooperate with the ORC program by arranging vacation schedules early in order to avoid uncertainties.

"One of the principal reasons for the existence of the Reserve is to have well organized and trained units that can function efficiently if called to active duty on comparatively short notice," Major Samsel said. "There is no substitute for actual field training. During the two-week field training program, the Reservist will devote his full time and energies to his military job. He will get practical experience in

the specialized duties of his unit assignment, and, most important, he will live as a soldier and will put into practice the things he has been taught during home drill periods."

Full information regarding the summer field training program may be obtained by contacting Major Samsel at the ORC office, Lubbock Municipal Airport, Lubbock, Texas.

reduce the tendency to grab or squeal. The new lining is now used on all models not equipped with air brakes from the 1 1/2-ton up.

Twin-Carburetion, Exhaust
A far-reaching development in new Dodge higher-tonnage trucks is that the power and economy benefits of twin carburetion and twin exhaust—already provided in the Y (4-ton) model—are now provided on the R (2 3/4-ton), T (3-ton), and V (3 1/2-ton) models. Engine output on these trucks has been greatly increased—from 106 to 125.5 net horsepower on the R model, and from 11.5 to 134.5 net horsepower on the T and V models. The result is higher average road speeds, faster hill climbing, greater economy, and less driver fatigue through reduced gear shifting. Greater axle capacities for higher GVW and GCW ratings are announced on many models.

New styling on all models features a new grille formed by two large horizontal louvers. A new "Job-Rated" medallion is centered in the grille beneath the redesigned Dodge nameplate. Wrap-around bumpers give the fenders more protection.

Thicker seat pad cushions and re-contoured seat backs provide greater comfort for the driver. Instruments are arranged in a cluster on the dash. Driver visibility has been increased by lowering the front of the hood line. The windshield wipers have been repositioned to cover a more usable area and to lay closer to the base of the windshield when not in use. Adv.

NOTICE

SHERIFFS SALE

WHEREAS, by virtue of Orders of Sale issued by the District Clerk in and for Lynn County, Texas, on the 13th day of November, 1946, on certain judgments rendered in the District Court of Lynn County, Texas, 102th Judicial District of Texas, on the 8th day of October, 1946, in favor of arkl for Delinquent Taxes owing and due to The State of Texas and Lynn County, as Plaintiff, and to The City of Tahoka and The Tahoka Consolidated Independent School District, as Impleaded parties defendants, the Sheriff of Lynn County, Texas, did sell at public outcry to the highest bidder on the 7th day of January, 1947, certain real estate situated in the County of Lynn and State of Texas; and

WHEREAS, at said sale of said property, there being no bid for as much as the adjudged fair value of said property as follows, to-wit:

Suit No.	Style	Recorded Vol.	Page	Description
500	The State of Texas Vs. J. F. Robertson et al	95	31	Lots Nos. 7 and 8, Block No. 109, Original Town of Tahoka, Lynn County, Texas.
456	The State of Texas Vs. Dorothy Tomlinson et al	95	32	Lots Nos. 11, 12, and 13, Block No. 33, North Tahoka Addition, Lynn County, Texas.
464	The State of Texas Vs. Homer Marshbanks et al	95	34	Lots Nos. 21 and 22, Block No. 1, Inside Addition, Tahoka, Lynn County, Texas.
479	The State of Texas Vs. J. E. McDonald et al	92	586	Lots Nos. 7 and 8, Block No. 118, Original Town of Tahoka, Lynn County, Texas.
478	The State of Texas Vs. Jasper Haney et al	92	587	Lots Nos. 5 and 6, Block No. 92, Original Town of Tahoka, Lynn County, Texas.
466	The State of Texas Vs. Charles R. Chandler et al	92	589	Lots Nos. 13 and 14, Block No. 80, Shook Addition, Tahoka, Lynn County, Texas.
462	The State of Texas Vs. M. J. Smith et al	95	23	Lot No. 16, Block No. 32, North Tahoka Addition, Tahoka, Lynn County, Texas.
471	The State of Texas Vs. Z. A. Gayman et al	95	24	Lots Nos. 4, 5, 6, 7, and 8, Block No. 78, Shook Addition, Tahoka, Lynn County, Texas.
467	The State of Texas Vs. L. A. Pickens et al	95	28	Lot No. 4, Block No. 79, Shook Addition, Tahoka, Lynn County, Texas.
465	The State of Texas Vs. Otto Matthews et al	95	29	Lots Nos. 9 and 10, Block No. 79, Shook Addition, Tahoka, Lynn County, Texas.

WHEREAS, the School Board of Trustees of The Tahoka Consolidated Independent School District, acting for and in behalf of said School District, have requested me in writing to sell said property at public outcry to the highest bidder for cash, and Whereas, said property has not been redeemed in the time prescribed by law:

Now, Therefore, by virtue of the above described judgment and order of sale and the power and authority conferred on me by the laws of the State of Texas, I will on the First Tuesday in the Month of March, 1951, the same being the 6th day of March, 1951, proceed to sell all the interest of the County, The City of Tahoka and The Tahoka Consolidated Independent School District in and to said property acquired by virtue of the above mentioned deeds at the principal entrance of the courthouse of said county in the City of Town of Tahoka, between the hours of Two o'clock and Four o'clock P. M., to the highest bidder for cash; provided, however, that as provided by law, I shall reject any and all bids which in my judgment are insufficient and inadequate.

Dated at Tahoka, Texas, this 13th day of January, A. D. 1951.

—Roland W. Clem, Sheriff, Lynn county, Texas. 17-3tc

Why your promptness is always appreciated

Your prompt payment of telephone bills helps keep down our collection costs. And since we must pay the 15% to 25% Federal Tax promptly or face a fine, your promptness allows us to help pay out of receipts instead of our own reserves. The same is true of our payment to other companies for connecting and carrying our toll and long distance calls.

We appreciate your fine cooperation and assure you that all of the money your promptness saves us will be devoted to keeping service values high and costs low.

In estimating the number of towels to have on hand it is wise to count on six towels and six wash cloths for each person in the household, plus an adequate guest supply. This allows for two towels in use, two in the laundry, and two in the linen closet.

The freshly laundered sweater should be pressed after it dries to give it that new look, but using the usual sliding motion for pressing will stretch the knitted material. To prevent this, pick the iron up and set it down gently to press the sweater.

Martha A. Brennan, 100 years old: "When you're my age, you don't have too much to look ahead to, but you have a lot to look back to—and that's fun, too."

Even in big cities we notice that every little movement has a candidate all its own.

Tuberculosis causes more deaths in the United States than all other infectious diseases combined.

The present drought in Texas should be evidence enough that livestock producers seldom ever get too much feed on hand. Producers who have stored stlage, hay, other roughages and feed grains are now cashing in on their stored crops.

Announcing...

New DODGE "Job-Rated" Trucks

The trucks that do the most for you!

MORE POWERFUL THAN EVER
 Dodge now offers you the most powerful "Job-Rated" trucks in Dodge history! Eight engines—94 to 154 horsepower—with power increases as high as 20%!
 You get the right power for your job... in the finest performing trucks that ever carried the Dodge name! Yet these new Dodge "Job-Rated" Trucks are priced with the lowest!

NEW! Smarter styling!
 New beauty combined with massive, rugged appearance. New hood line for better road visibility. Roomy new cab interiors in contrasting colors — new comfort with redesigned seats.

NEW! Easier handling!
 Shorter turning diameters than ever before—for even greater maneuverability! New steering wheel angle for greater driving comfort. New worm-and-roller steering gears make for easier steering—

plus all the ease-of-handling features that made Dodge "The Choice of Champions" in the 1950 National Truck Roadshow!

NEW! Extra-quiet brakes!
 Another Dodge engineering first! New, molded, tapered Cyclebond brake linings contact brake drums with smoother, more even action—practically eliminating brake squeal. Less tendency of brakes to "grab"—and lining life is greatly extended. Standard on trucks 1½-ton and up, except air brake models.

More than 50 brand-new features including...

- NEW! SMOOTHER RIDE with new "Oriflow" shock absorbers; standard on ½-, ¾-, and 1-ton models.
- NEW! EASIER LOADING with lower ground-to-floor height on all models through 2 tons.
- NEW! EASIER BAD-WEATHER STARTING with new moisture-proof ignition and high-torque starting motor.
- NEW! MORE ECONOMICAL PERFORMANCE with higher compression ratio—on all models through 1 ton.
- NEW! EASIER-TO-READ INSTRUMENTS—now grouped in a cluster placed in front of the driver.
- NEW! TWIN CARBURATION AND EXHAUST SYSTEM—more power with economy—available on high-tonnage models.
- NEW! SMOOTHER ENGINE IDLING with "hotter" spark plugs; on all models through 1 ton.
- ANOTHER DODGE EXCLUSIVE! 97ml Fluid Drive, now available on ½-, ¾-, and 1-ton models.

Come in to see the new DODGE TRUCKS...on display SATURDAY, FEBRUARY 10

Sam Allen Explains Co-op Telephone Set-up

Letters From News Readers—

From A Student's Viewpoint—
Does Tahoka's good name and sportsmanship record mean anything to you? If it doesn't, it should.

It means a lot of hard work and cooperation to the student body of THIS. Do you want to tear down this outstanding record in one night and in one word, BOO!

If the adults of our town will cooperate, we can maintain our standing. From observation, we are prone to believe that the adults are the ones who do all the "booing" at our sports activities. Naturally, the team and school receives the blame, although they actually had no part in it.

It would be better to have fifty backers at a game who do no "booing" at all than to have a hundred and fifty with several "boosers" in the crowd.

Our basketball team has won sportsmanship trophies in both tournaments entered this year. We wonder if our town could?

If you can't refrain from "booing," you would be better off at home than at a game. You can play a big part in helping our school keep our good sportsmanship record by not "booing," no matter how wrong you may think

Point of View A Preacher's

BY LEE RAMSOUR,
Pastor First Baptist Church

Just As Good

She had made her plans and the time had come to make her purchase. She walked into her favorite shopping place and called for the item. A courteous attendant said, "I'm sorry, but we have something just as good."

When is something else just as good? Is it not when it meets equally as well every requirement? Have you ever tried to make excuses serve the same purpose as work?

It just doesn't work—no excuse, however good, gets the job done. A good excuse is not as good as a job well done. Let's all quit making excuses and serve the Lord as we should.

W. G. (Bill) Clarke, local manager of Southwestern Public Service, has been under treatment for a week in a Lubbock Hospital. He was able to come home Wednesday, but is not well yet.

The officials are. Remember, this at our next basketball game, and PLEASE DON'T BOO!
—The Student Body, Tahoka High School.

Some farm people are not signing up with Poka-Lambro Rural Telephone Cooperative for telephone service because they do not understand the proposal.

This belief was expressed to The News by Sam Allen of Lamesa, officially president of the organization but now acting as co-ordinator out of the headquarters office recently established on the second floor of the First National Bank in Tahoka, and J. Claude Wells of Tahoka, vice president of the cooperative.

The co-op is very similar in its organizational structure to the Lynn Electric Co-op.

The Government has approved a loan for the building of the system, but experts have figured out the proposition so that the loan may be repaid from the co-op earnings, just as is being

LYNN BALAMICEK IS HONORED AT POST

Lynn Balamiczek, Tahoka Building Union quarterback, was one of the District 4A 1950 "all opponent" gridder's honored by the Post-Dispatch at their annual football banquet Thursday night of last week.

Other District stars were present from Brownfield, Slaton, Littlefield, Monroton, and Levelland, all selected by vote of Post players.

Bobby Dwyne of Lubbock, professional football player and former star quarterback of the University of Texas, was the featured speaker at the banquet.

Dr. and Mrs. C. Skiles Thomas and children and Dr. Thomas' mother, Mrs. C. A. Thomas, recently spent three days in San Antonio. Dr. Thomas attended the Medical Association meeting, while the rest of the family visited the Alamo, the zoo, and other places of interest.

NOTICE OF PUBLICATION OF FINAL ACCOUNT

The State of Texas, to the Sheriff or any Constable of Lynn County— Greeting:

Bill Ellis, administrator of the estate of J. A. Ellis, deceased, having filed in our County Court his final account of the condition of the estate of said J. A. Ellis, deceased, together with an application to be discharged from said administration, you are hereby commanded, that by publication of this writ once in a newspaper regularly published in the County of Lynn, and said publication shall be not less than ten days before the return day hereof, you give due notice to all persons interested in the account for final settlement of said estate, to file their objections thereto, if any they have, in said Court on or before Monday, the 26th day of February, A. D. 1951, when said account and application will be considered by said court.

Witness, Beulah Pridmore, Clerk of the County Court of Lynn County.

Given under my hand and seal of said court, at my office in the town of Tahoka, this 7th day of February, A. D. 1951.

Beulah Pridmore, Clerk County Court, Lynn County, Texas. (SEAL)

A true copy, I certify:—Richard W. Clem, By Otis Curry, Deputy Sheriff. 19c

done by the REA.

Since the signing member is not out a dime for installation, however, the regulations require that each signing member take out a \$50 membership equity, which will become a part of the capital stock of the corporation. A stock certificate will be issued, which may be sold by the farmer at any time he wishes.

In the case of Lyntegar, this \$50 membership was not required, but each member was required to spend a considerable sum wiring his house. There will be no installation expenses.

Even if a farmer moves to some other location in the territory of Poka-Lambro, he can still receive service if it is practical at all to build a line to his new location.

If after signing for service and investing the \$50 it is found that Poka-Lambro is unable to deliver service, then at least \$45 of the \$50 will be refunded, since the co-op can not use more than \$5.00 for pre-allocation expenses.

Heretofore, rural telephone service has been unsatisfactory in most rural areas. The co-op system will be built a double metallic circuit which eliminates the buzzing and static which interfere with present rural tele-

phone systems in this area.

Poka-Lambro plans call for a number of automatic unattended dial exchanges, connected with the rural community's trading center. For example, Lynn County will have a station at Grassland, one for Newburg, Peely, one for ... will ... well, and ... be no toll charges from the automatic exchanges and the central trading center—Tahoka, for example.

A person living at Grassland may dial ... this exchange or may be ... with anyone in Tahoka. If he wishes to call Lubbock, or New York, for example, he will be charged the regular toll fees.

In fact, the proposed Poka-Lambro system is much better and should render better service than most of the town systems in this area do in their respective towns, for few of the towns have dial systems, or double metallic circuits.

The Rural Electric Administration has set aside \$1,800,000 for a loan to Poka-Lambro, if the farmers want it.

Farmers are slow in signing although they seem very interested

in most sections. Lamesa territory leads in sign-ups so far with 35.9 percent of the farmers signing. This territory is close behind with 31 percent signing.

The system is set up to serve Lynn, Dawson, Gaines, and counties, the south two-thirds of Hookley, Southeast Cochran, Eastern Yoakum, western Borden and Garza counties, and northwestern Martin.

Mr. Allen and Mr. Wells ask that those interested contact them immediately for any further explanation.

The More He BREAKS The More He MAKES

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.*

Our highways should be SAFE for ALL the people—individuals, commercial users and the military alike.

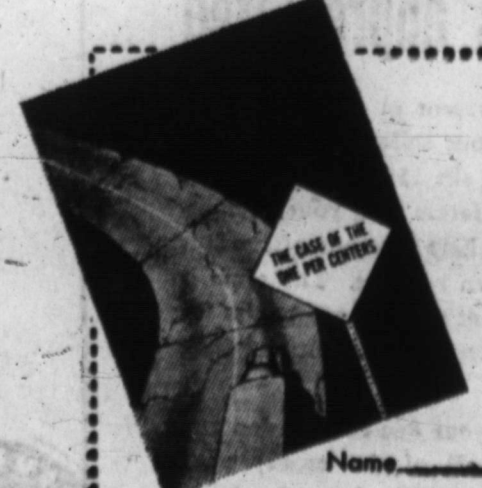

Texas highway tax dollars should be conserved and used wisely. This can be done

- (1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- (2) by enforcing the law against those who persist in over-loading.

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users—individual and commercial—can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.*

This is your problem. Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

THE MORE PAVEMENT HE BREAKS, THE MORE PROFIT HE MAKES.

NEW 1951 Chevrolet
AMERICA'S LARGEST AND FINEST LOW-PRICED CAR!

Yes—refreshingly new...
WITH FINEST QUALITY ALL THE WAY THROUGH!
—with time-proved **POWER GLIDE** AUTOMATIC TRANSMISSION
—proved by more than a billion miles of performance in the hands of hundreds of thousands of owners.
*Combination of Powerglide Automatic Transmission and 105-h.p. engine optional on De Luxe Models at extra cost.
AMERICAN BEAUTY DESIGN—Brilliant new styling... featuring entirely new grille, fender moldings and rear-end design... imparting that longer, lower, wider big-car look that sets Chevrolet apart.
MODERN-MODE INTERIORS—With upholstery and appointments of outstanding quality, in beautiful two-tone color harmonies... and with extra generous seating room for driver and all passengers.
SAFETY-SIGHT INSTRUMENT PANEL—Safer, more efficient... with overhanging upper crown to eliminate reflections from instrument lights... and plain, easy-to-read instruments in front of driver.
IMPROVED CENTER-POINT STEERING (and Center-Point Design)—Making steering even easier at low speeds and while parking... just as Chevrolet's famous Knee-Action Ride is comfortable beyond comparison in its price range.
Buy the car that's refreshingly new, and thoroughly proved, too... the new 1951 Chevrolet!
It's more dependable, more desirable, from its time-proved Powerglide Automatic Transmission* for finest no-shift driving and Silent Synchro-Mesh Transmission for finest standard driving at lowest cost to its time-proved Valve-in-Head engine performance. So powerful and efficient that Valve-in-Head design is the trend-leader of the industry!
Take one look at the following features—and then visit our showroom and see Chevrolet for 1951 in all its sterling quality—and you'll know it's America's largest and finest low-priced car. Better see it—today!

Mrs. Lenore Tunnell Named Secretary Of W.T.T.A.

Mrs. Martin Host To Draw H. D. Club

The home is likened to a glass and what is in the home is the refreshing cool water the glass may contain," says Miss Graham Hard, our Lynn County Home Demonstration Agent.

The demonstration on arrangements of furniture in the home, showed clearly that it could be made to blend in not only with the home but with the people also.

Many members missed this first demonstration because of the weather conditions.

Our hostess, Mrs. Olive Martin, served delicious refreshments to the following members present: Mmes. W. T. Luttrell, A. R. Hensley, J. Holway, Stalcup, L. B. Jones, and Miss Hard.

Our next meeting will be the first Friday in March and will be held in the home of Mrs. L. B. Jones. —Reporter.

Small Cost, little space, but power to burn—the Wart Ad.

MRS. LENORE M. TUNNELL

Mrs. Lenore M. Tunnell, Lynn county superintendent of schools, is the new secretary of the West Texas Teachers association, filling a vacancy left by the resignation of Mrs. Lucille Lucas Beyer.

Mrs. Tunnell was chosen by the executive committee when the former secretary moved out of district 4.

Members Are Listed

Members of the executive committee are the president of the association, Ross A. Buckner, superintendent of Seagraves public schools; Walker Bailey, Howard county superintendent of schools, vice president; and J. H. Millikin, director of extension of Texas Tech, treasurer. Mrs. R. A. Stuart, director of girls in Lamesa public schools and district membership chairman, attended the meeting.

Mrs. Tunnell has served as Lynn county superintendent 12 years, and was a teacher for 18 years previously. She has been a member of the Texas State Teachers association many years and taken a prominent part in local, district and state activities of the association. She received her bachelor of arts and master of arts degree from Texas Tech.

She has two daughters, Mrs. Charles A. Stewart, a teacher of journalism in Tahoka High school; and Savannah, a senior journalism major at Texas Tech.

The annual meeting of the Southern Agricultural Workers' Association will be held in Memphis.

Sgt. Emmett Parker's Major Writes Family "Missing In Action" Details

Smile of Dimes

Smilin' through is Eugertha Mae Houston, 3, of Washington, D. C. Following an infantile paralysis attack in July, 1949, this little girl spent four months in the hospital and still receives out-patient care. Washington, D. C. Chapter of the National Foundation for Infantile Paralysis aided Eugertha with March of Dimes funds.

Small Cost, little space, but power to burn—the Wart Ad.

way department printed the sign to indicate there was no ferry across the River Styx.

Detailed information concerning the disappearance of Sgt. Emmett Parker, 25, son of Mr. and Mrs. N. S. Parker of Newmore, has been sent the parents in a long letter from Major Jack T. Young, the soldier's commanding officer.

Sgt. Parker has been reported missing in action in Korea since November 29. Fears are held that he was killed while Major Young, a company of American infantrymen, some Turkish soldiers, four tanks, and 72 Koreans were attempting to take a strategic hill.

After describing the action of the day in detail, Major Young writes as follows:

"I am sorry that I could not give you better or more encouraging information at this time. As you know, your son was my assistant and one of the first volunteers to join me. He was a superior soldier and in the short space of three months I got to know him well. We became very close friends. I miss him more than I could express in words. I do pray that somehow, by the grace of God he is alive and will be able to return to his dear ones soon.

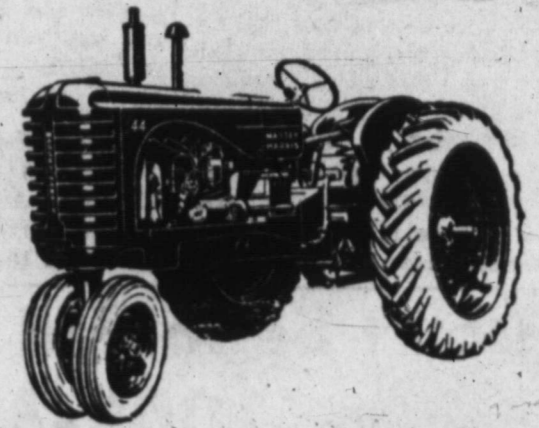

"Sgt. Parker has been awarded a Silver Star for his bravery and I have put in, and I understand it has been approved, a recommendation for an oak leaf cluster for his Silver Star for gallantry in action.

"It was through his courage there are 40 mountain peaks in the Great Smokies more than a mile high; 16 peaks exceeding 6,000 feet in elevation.

and understanding and able leadership that my Korean soldiers were able to fight well. He was greatly respected and admired by everyone, and if every soldier here were like your son, the war in Korea could have been ended long ago. Unfortunately I do not know what is in there for us in the future. All we can do is to carry on in an effort to win this war so those who died will not have died in vain."

J. Douglas Finley

"Rocky Mountain blizzards couldn't stop me!"

"The two winters I tested new Conoco Super Motor Oil—as one of a group picked to prove its winter wear-fighting ability—we had the worst weather in years. Blizzards came in on top of blizzards. The temperature went to the bottom and stayed there.

"BUT MY CAR ACTED LIKE IT THOUGHT IT WAS JULY! With new Conoco Super that car performed better than it ever had. At the end of the test, with proper drains and regular care, gasoline mileage was practically as good as at the beginning."

After a total of 386,422 miles, logged by Mr. Seefeld and other winter test drivers, Conoco engineers found no wear of any consequence! Analysis of drains showed this great oil actually stopped the dangerous accumulation of free water and acids, chief causes of winter wear. This test proved that new Conoco Super Motor Oil, with OIL-PLATING, fights off rust, corrosion and sludge. So, change to Conoco Super, now.

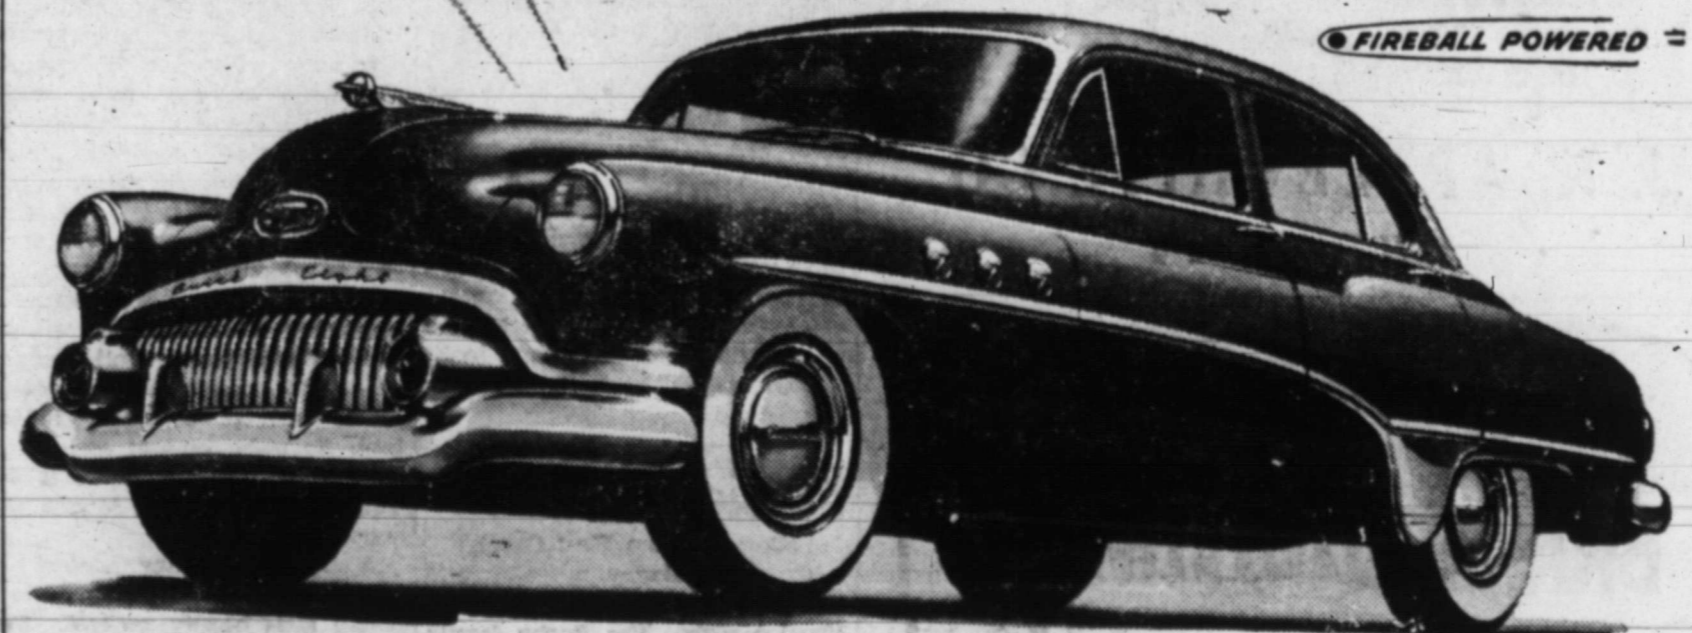

says JACK W. SEEFELD

YOU'RE LOOKING AT THE Newest Car in the World Today

Take your pick! 4-door Sedans, 2-door Sedans, 6- and 3-passenger Coupes, Rivieras, Convertibles

New in Style—New in Structure—New in Power—New in Thrift—Potent in Price Appeal—It's the 1951 BUICK SPECIAL!

HERE is good news for folks with a shrewd eye for what their dollars will buy.

Here is a tidy traveler that defies the upward trend of costs—proudly wears a 1951 price tag like that which zoomed last year's SPECIAL into popularity so great that it put a crimp in "the low-priced three."

Take our word for it, this is every inch and ounce a Buick—Buick-featured, Buick-designed, Buick-built from the ground up—but literally the newest thing on wheels.

The sturdy and ample body is new. The high-strength frame is new. The power is new to the SPECIAL, which now has the

thrifty F-263 engine that first made its name in the SUPER, and here delivers 120 horsepower with standard transmission—128 with Dynaflo Drive.*

It's a Buick with less weight and more power—and that spells a pair of new thrills for you. There's a performance thrill such as you've never enjoyed in the SPECIAL—plus a handsome gas-saving into the bargain.

We'll make a prediction now as to what title folks will give it, once they get it out on the road.

*Standard on ROADMASTER, optional at extra cost on other Series.

That title in three words, will be: "Thriftiest Buick Yet!"

Better hurry around to your Buick dealer's and look this marvel over. We'll give you another prediction—which is:

Once this one's discovered, the demand will be terrific.

No other car provides all this:

- DYNAFLO DRIVE • FIREBALL POWER • PUSH-BAR FOREFRONT
- WHITE-GLOW INSTRUMENTS • TORQUE-TUBE DRIVE • 4-WHEEL COIL SPRINGING • DREAMLINE STYLING • DUAL VENTILATION • BODY BY RSHR

THS Basketball Team's Record Impressive As Season Ends

Coach Jake Jacobs' Bulldog basketball teams ended the regular season of play Tuesday night with a 4-3 conference record and a 12-12 all-game record, which is above average considering the type of teams met this year. They ended up in second place in District 4A play. They never met a team that did not have an advantage in height.

The B team ended the season with 10 victories out of 16 games played, and they also met some of the toughest B-team competi-

tion in this area. In conference play, Tahoka defeated Brownfield three times to make it a grand-slam for the year, having also upset the former Class-AA school in football 18 to 0 in the fall. Slaton was no match for the Bulldogs in the first game with them and Tahoka won by 21 points, but in the return game in Slaton's small gym it was an almost unbelievable game. Slaton beat the Bulldogs 33 to 30. Post took one easy victory 45 to 18 at Post, but had trouble with the Bulldogs here before winning 56 to 43.

In non-conference play, Tahoka met many of the top Class A and Class B teams of this area. The tough schedule brought their possible average in games won and lost way down.

They defeated both O'Donnell and Seagraves twice, both top contenders in their Class B district, and won over Ropes, now and always a strong team in their district.

Tahoka split with Seminole, a strong team in strong Class 5A, and dropped two to Denver City, which ended second high in the same district. They also lost one to Sundown, a Class B power.

Three of their losses were to tall and powerful Abernathy, one of the stronger Class A teams on the Plains, and one game to Sudan, who has lost very few games in recent years to anybody.

The Bulldogs took an easy 40 to 28 victory over Lockney, one of the four top teams in District 3A, but lost to ratty and classy Happy, another Plains Class B power by a narrow margin.

Close observers of basketball in this area, however, believe that neither Tahoka or Post have much chance against Muleshoe and Levelland in the district play-off this week-end.

The Bulldogs lose only two boys by graduation this year, Ronny Gurley and Jackie Slower. Wayne Tekell, Lynn Hammick, Don Brice, and Morgan Howie, all starters, will be back next year. Also, James Foster and Bill Short, who have seen much A-team action, will also return.

Among the other reserves who are coming up to give these boys a run for their money are: Charles Hyles, Richard Havens, Steve Slower, Joe Brooks, John Foster, John Curry, Richard Carter, Earl Bartley, J. B. Ables, Max Dodson, and possibly others. A few good prospects will also be coming up from the Eighth Grade team.

The B team defeated Aber-

Certified planting seed come from fields that were inspected during the growing season and were properly handled at harvest time. They have been cleaned, tested for purity and germination and properly stored. The extra cost is cheap insurance so far as stands and yields are concerned.

TAHOKA, TEXAS, FRIDAY, FEBRUARY 9, 1951

Educators Leave For Atlantic City

Mrs. Lenore M. Tunnell, county superintendent of schools, left Tuesday from Lubbock aboard a special train for the annual meeting of the National Association of School Administrators in Atlantic City.

Oss Spears, superintendent at Cooper and formerly high school principal here, is also making the trip to the meeting.

Mrs. Tunnell will spend a day in Chicago, then will go to Detroit for a two day visit with Dr. Conrad Lam, who was reared in Tahoka, and his family. Dr. Lam now is an internationally famous surgeon at Henry Ford Hospital.

She will spend Friday night until Sunday morning in New York City, where she has tickets for the "Hit Parade" and other shows.

The Atlantic City program opens Sunday and will feature many prominent educators and national figures. Travis White of Dallas is the national president, and the Texas delegation will hold open house in a prominent hotel in his honor during the convention. Kenneth Oberholzer of Denver, formerly Lubbock superintendent, is in line for president next year.

Following the convention Mrs. Tunnell will visit in Washington with John Hazelworth, who is working for the Government and who lived in her home here while working for Continental a year or two ago.

From early July to mid-December more than 10,000 donors visited Tokyo's American Red Cross blood bank and donated blood.

L. & B. H. D. Club Elected New Officers At Last Meeting

The L. & B. Home Demonstration Club met on February 6, in the home of Mrs. Silas Russ to elect officers.

Officers elected were: Mrs. Leonard Issaac, president; Mrs. L. B. Jones, vice-president; Mrs. Silas Russ, secretary-treasurer; Mrs. Roy Burdett, council delegate; and Mrs. Nolan Jones, reporter.

Serving on the committees are: Mrs. Matt Farmer, Membership Committee; Mrs. Nance, Program Committee; Mrs. Roy Mauldin,

Finance Committee. The hostess entertained with members buying chances at a "Surprise Box" and serving cookies, Cheese-Uts, potato chips, assorted muffins, and frosted cakes for a beverage.

The club will sponsor a Valentine Party, where each lady attending will bring an apron to auction. There will also be a candy breaking. It will be held at the Berry Flat School House today, Friday, everybody is invited to attend. —Reporter.

Texas Venture

In Education • 1876-1951
Our first state college—Texas A. and M. is now in its seventy-fifth year

BOB KARPEN

Less than a generation ago grain sorghum was a tall spindling chicken-feed crop, grown on a few Texas farms. Today it is the state's second money crop, valued at \$166,000,000 a year. A \$24,000,000 plant for processing this one crop has been built at Corpus Christi. This amazing development is the result of research by plant scientists of the Texas Agricultural Experiment Station of the A. and M. System, under the leadership of R. E. (Bob) Karper, A. and M. agronomist at Lubbock. By juggling the genes within the grain sorghum seed, Karper and others have been able to pull it down to a thrifty low-growing plant with big heads at uniform height throughout the field. This made it possible to harvest the grain mechanically, completely revolutionizing the agriculture of the Texas plains area. The present-day combine-type grain sorghum is being further developed for a variety of uses and is increasing rapidly in value to Texas farmers, as a result of the work of this Pennsylvania farm boy who has been engaged in agricultural research on the Texas plains since 1915.

Joe Stokes H. D. Club Has Meeting

Mrs. J. H. Smith, Jr., was hostess to the Joe Stokes Home Demonstration Club at a meeting in her home Thursday, February 8.

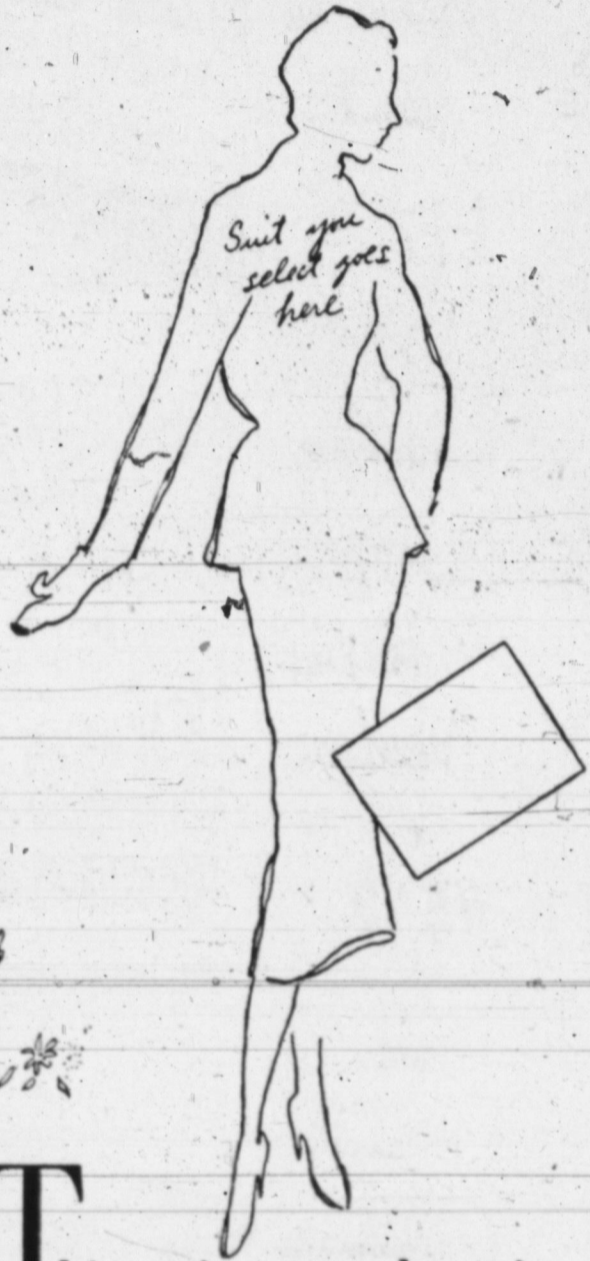

"Furniture does express the habits of the people that live in that home," says Miss Hard, our home demonstration agent, in her program of furniture arrangement.

Refreshments of sandwiches, cookies and cakes with valentines as plate favors were served to Miss Hard, mesdames: Tom Russell, J. T. Wilson, Bunk Gill, C. M. Overman, J. H. Smith, Sr., L. A. Arms, H. D. Dean, H. A. Par-

South African Air Force pilots flew their first combat sorties over Korea in support of United Nations forces in late November.

ris, W. C. Maeker, C. Lebew, Alvin Scambeck, Misses Joyce and Judy Smith and the hostess.

The club will meet on Thursday, March 8th in the home of Mrs. Tom Russell. —Reporter.

Senator Corbin Favors Farm-To-Market Roads

AUSTIN. —Continuation of the full \$15,000,000-a-year farm-to-market road program was put at the head of his list today by Senator Kälmer B. Corbin of Lubbock and Lamesa.

"I am opposed to any schemes aimed at cutting down on the farm-to-market road program, and I am opposed to any schemes for taking road money away from the counties and giving it to the State Highway Department," the senator declared.

Corbin referred particularly to the plan announced last week which would take money now allocated to counties for lateral road construction, amounting to about \$8,000,000 next year, and giving it to the Highway Department to replace the present \$15,000,000 annual rural road program.

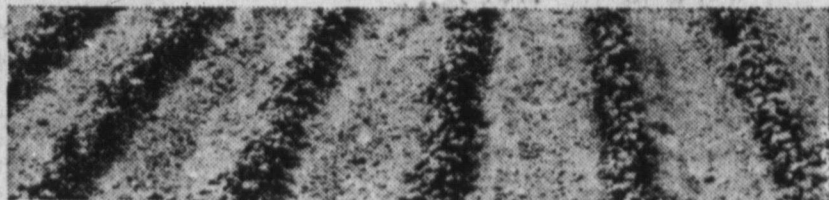

"The proponents of this scheme say that many years from now it will get more farm-to-market roads built," Corbin said. "But I say that we need more roads now, not 20 years from now. The \$15,000,000-a-year program is little enough as it is without cutting it down still farther."

Furthermore, the senator continued, as a former County Judge in West Texas, he knows that the counties are doing a good job of rural road-building with the money they receive from the bond surplus account. In the years to come, as more and more bonds are paid off, the money available for immediate road construction will become greater, and more rural roads can be built by the counties.

MORE and BETTER COTTON

SEED TREATMENT helps turn thin stands . . .

into thriving yields.

As a cotton planter, you can expect four-way benefits from one simple operation you can perform on your own farm, or have done for you. It consists of planting seed that has been treated with an organic mercury dust. Its results include:

1. Control of most of the seed rot or decay that reduces your stands before the seeds can sprout.
2. Control of seedling blight caused by bacteria in your soil or seeds that attack the tender seedlings.
3. Control of anthracnose or pink boll disease, another germ-caused ailment that results in smaller crops of poor-grade, spotty cotton.
4. Control of bacterial blight or angular leaf spot that kills your cotton plants or stunts their growth.

Experiment Station figures show yield increases of 5% to 40% as a result of seed treatment. This means up to \$12 per acre added to your income. Cost of the chemical amounts to less than 10¢ per acre.

Those who recommend seed treatment stress the fact it should be correctly used—applied to the seed according to directions, and in the right amounts. The cotton planter has too much at stake, they say, to risk cutting corners on the use of less than recommended amounts, or skipping any steps of the fairly simple seed-treating process.

The treatment can be done by many ginners and delinters. Ask your County Agent about the value of seed treatment and where you can get this service in this vicinity.

TED TERRY'S NEPHEW IS CITED FOR BRAVERY

Ted Terry has been notified that his nephew, Pfc. Rex H. Marshall, has been cited for heroic achievement in battle in Korea. The paper sent Terry by the Army states:

"Pfc. Rex H. Marshall, Infantry, U. S. Army, a member of Headquarters company, 2nd Battalion, 38th Infantry Regiment, 2nd Infantry Division, distinguished himself by heroic achievement on 14 September 1950 in the vicinity of Chang-Dong, Korea. On the afternoon of this date he learned that communications with an advanced company of the battalion had been severed by enemy artillery fire and that the company could not receive vitally need information. He immediately volunteered to act as a messenger and started out in his vehicle through intense enemy artillery and mortar fire. On two occasions enemy artillery shells burst within about thirty feet of his vehicle and when about one half mile away from his objective he encountered heavy automatic weapons fire. Realizing that it would be too hazardous to travel further by vehicle, he parked it

where it would be hidden from enemy observation and proceeded the remainder of the distance on foot. His good judgment and courage under fire enabled the company to receive a message of tactical importance. The heroism and devotion to duty displayed by Pfc. Marshall on this occasion reflect great credit upon himself and the military service."

Some 500,000 pounds of Christmas gifts from various U. S. civic groups arrived in the Far East Command in time for pre-holiday distribution.

The Bureau of Naval Personnel has pointed out that women line emblems will normally not be assigned to overseas billets.

Make a padded slipcover from old towels to cover a pastry board. This will prove handy for ironing small emergency items.

"Nothing like it for Long Life!"

Nothing like it for looks!

It's the car to see . . . and to be seen in! Mercury gathers admiring glances on every corner. And you can rest assured that its low, graceful, practical design will stay in style for years.

It's only smart business today to think of the future. And for that reason, it's smart business to consider only a new model car—like the 1951 Mercury—for your best investment. For, a 1951 Mercury will last longer, and will assure you of more years of satisfaction. That's why it's smart business to own a 1951 Mercury!

Nothing like it for value!

More for your money—that's the 1951 Mercury! And Mercury's long life, steady running economy, high resale value are just a few of the many reasons why the 1951 Mercury adds up to the buy of your life!

3-WAY CHOICE!
For "the drive of your life" Mercury now has a triple choice in transmissions. More-O-Matic Drive, the new, simpler, smoother, more efficient automatic transmission or Thrifty Touch-O-Matic Overdrive—optional at extra cost. There's also Silent-Tone synchronized standard transmission.

Eleven Brownies Enter Girl Scouts

Eleven Brownie Scouts were inducted into the Girl Scouts, Troop 1, in a Troop Investiture program last Friday afternoon at the home of Mrs. N. E. Woods.

The girls received their Trefoll pins and became Tenderfoot Girl Scouts.

Mrs. E. Prohl had charge of the program, and gave a brief talk on Scouting. Members of the Troop committee are Mrs. Woods, Mrs. Buel Draper, and Mrs. John Thomas Tippit.

Refreshments were served to several mothers, and the following new Girl Scouts: Marilyn Carmack, Glorice Best, Marilyn Joe Voyle, Edith Woods, Geraldine Tippit, Nancy Draper, Mary Helen Whitacre, Jan McElroy, Janice Blair, Joan and Ruth Curry.

Cpl. Kenneth Freeman Writes About Cold Weather In Alaska

So, you thought it was cold here during the recent cold spell. Mrs. J. O. Freeman on Monday brought The News some newspaper clippings sent her from Ladd Airforce Base in Alaska by her son Cpl. Kenneth J. Freeman, who has been stationed there about a year.

MORE and BETTER COTTON

ANTHRACNOSE boll rot can reduce the grade of your cotton

If you've had some points taken off by the grader for spotty cotton, you know what anthracnose, or pink boll rot, can cost you as a cotton grower. It is expensive and persistent; but it can be controlled now by measures that cost you little.

planting helps a lot to kill off the anthracnose fungi. This treatment cuts off the disease at its source. Used with other control measures, it can practically wipe out the disease from an entire area in a few years. Mercury dust treatment will also control seed decay and damping-off (sore shin) organisms and reduce angular leaf spot.

Mrs. Adams Honored On Her 88th Birthday

Mrs. L. E. Adams, age 89, was honored Monday, February 2, on her 88th birthday with a party in the home of Mrs. R. E. Lee.

C. M. Mason, Jim Hedge, Regin Harper, and R. A. Williams, and Misses Cussie Mason and Mary E. Hammonds.

snapped," the clipping reads, "the thermometer had read, 55 below but the photographer and newspaper reporter standing near it, preparatory to taking the picture, caused it to rise three degrees."

The other clipping tells of a 10-day field exercise Corporal Freeman's outfit was preparing to take. The maneuvers were being held to prove Mother Nature can be overcome in that land of sub-zero temperatures, to familiarize the men with life in the open in the cold country, to test equipment and to train men in extreme weather conditions.

1951 Bulldog Football Schedule Is Announced

Coach Joe Turner Is Rotary Speaker

Coach Joe Turner was speaker at Tahoka Rotary Club Thursday night of the week.

He reviewed the past football season, stating that he had the best bunch of boys mentally and morally he ever had and they won some ball games on spirit though outweighed 12 to 20 pounds in every game they played.

He also outlined next year's schedule, and warned his listeners that the schedule is tough, next teams will be gaining for Tahoka, and Tahoka will again have a tight team compared to its opponents.

On behalf of the Amarillo News-Globe, he presented a plaque to Lynn Carl H. Limbeck, who was honored by that newspaper last fall by being selected the "Player of the Week" in all Northwest Texas for his performance in the game in which Tahoka defeated Brownfield 19 to 0.

Following the talk, Coach Turner presented moving pictures of the Tahoka-O'Donnell game last fall.

Jackie Slover and Ronday Gurdley were introduced as the Junior Rotarians for the Month of February.

SECOND SECTION
The Lynn County News
TAHOKA, TEXAS, FRIDAY, FEBRUARY 9, 1951

Official Department Of Defense Photo
TRAGIC MARCH FROM THE YALU RIVER—When outnumbered by hordes of Chinese Communists in northeast Korea, U. N. forces fought their way through surrounding enemies and finally reached the coast and the protection of the Navy whose vessels offshore laid down a barrage against the on-coming Communists. (This radio photograph shows elements of the ROK 2nd Division struggling along in 20-below-zero temperature.)

Tahoka's 1951 football schedule under the new Interscholastic League set-up has been completed by Coach Joe Turner.

The Bulldogs this year will be

Local People At Fat Stock Show

Lynn county was well represented at the Fort Worth Fat Stock Show rodeo last Sunday afternoon. That day had been designated as "Tahoka Day."

Miss Laquita Roberson was one of the two "sweethearts" riding in the arena at the performance.

Among those at Sunday's show from here were: Mrs. R. C. Forrester, Mr. and Mrs. J. A. Biggerstaff and daughter, J. E. (Red) Brown, Mr. and Mrs. Otis Curry, Mr. and Mrs. A. N. Norman, Russell McGee, R. A. McClinton, Lee Roy Knight and son, Taylor, Mr. and Mrs. Rollin McCord, Mr. and Mrs. Dale Thuren, Mr. and Mrs. Lewis Allison, Mr. and Mrs. Terry Thompson, Wanda Prichard of the T-Bar Ranch, and Jack Allison and Larry Hagood who are in the Army, W. J. Kahl, Lee Roy Akin, and Jack Yandell.

playing in District 6-AA along with Post, Spur, Station, and Rails. Two conference games with Post and Station will be played in Tahoka, and two conference games will be played away from home with Rails and Spur.

Coach Turner has arranged six non-conference games to fill out a 10-game schedule. All the schools to be played this year are supposedly in Tahoka's class.

However, there is not a "breather" on the schedule, and even before the season opens Tahoka definitely is the "underdog" in at least four of these games, Denver City, Seminole, Post and Spur, the last two being conference games.

Five games will be played at home and five away.

The complete schedule follows:
Sept. 7—Sunday there.
Sept. 14—Denver City here.
Sept. 21—Seminole here.
Sept. 28—Abernathy here.
Oct. 5—Open.
Oct. 12—Post here.
Oct. 19—Spur there.
Oct. 26—Station here.
Nov. 2—Rails there.
Nov. 9—Lockney there.
Nov. 16—O'Donnell there.
* Denotes conference games.

Official Department Of Defense Photo
FIVE BATTLE WOUNDS—Cpl. Albert L. Ireland, 22, of Cold Spring, N. Y., fighting Marine reservist who stopped five enemy missiles in World War II, practically ordered himself to the fighting front in Korea. When told that twice-wounded Marines no longer were sent to combat he went directly to the Commandant of the Corps in Washington and asked for a fighting assignment. Ireland came away with orders to fly west to rejoin his Leatherneck replacement draft heading for Korea.

LET'S PLAY CANASTA!

This is the first of a series of eight articles on how to play Canasta. The article will describe fully the play of a hand of Canasta, from the deal right through to the scoring, as seen by YOU in the position of North.

CANASTA is a form of Rummy. If you have played Gin or any other kind of Rummy, you know all the fundamentals of Canasta. Just remember these special features:

Suits don't count. Sequences don't count—only sets of the same rank. Treys (threespots) are special. Deuces (twospots) and jokers are "wild." Picking up the discard is restricted by special rules. Scoring by melding is usually more important than "going out."

Canasta may be played by two, three, four, five or six players. Most-played is the four-hand partnership game. Let's sit down and play! You and your partner sit down as North and South against two others, East and West.

The pack of cards for Canasta is the same as two regular packs of 52 cards each shuffled together, plus four jokers, making 108 cards in all.

We will suppose that West deals first. He gives out cards one at a time to the left (clockwise) until each player has 11 cards. He then puts the rest of the pack face down in the center of the table, forming the stock. The top card is turned face up beside it, as the first upcard.

Save time and tongue when you see peeling stamps on cards and letters. Just run the stamps over an ice cube. Better Homes & Gardens magazine suggests.

Experience is what you get when you're expecting something else.

ANNOUNCING...THE LOVELIEST AND FINEST NEW CHRYSLERS EVER BUILT!

For 1951, Chrysler has developed for you more basic advances in motor car value than any new car line has offered in years!

Whether you expect to own one this year or not... you owe yourself a turn at the wheel of a new Chrysler for 1951. Here is brilliant new style... and new basic engineering, too, with over 70 new features and improvements. Here is progress in comfort and performance so bold and so new you will feel its impact in America's motor cars for years to come. Since Chrysler first introduced high-compression performance in 1924, it has been Chrysler tradition to bring you the good things first... to strike out in new paths and open new standards of what you can expect in a motor car. Here, for 1951, is one of the great Chrysler cars. See all these exciting new motoring wonders tomorrow at your Chrysler dealer's—America's newest new car is now on display.

WINDSOR 4-DOOR SEDAN

Gracious new Beauty, to stay new for years!

Stunning new lines... rich new interiors... Clearbac full-vision rear windows... and remember, your Chrysler's baked-on enamel finish is the all-round toughest, most durable automobile finish known!

New Oriflow Ride, unequalled in smoothness!

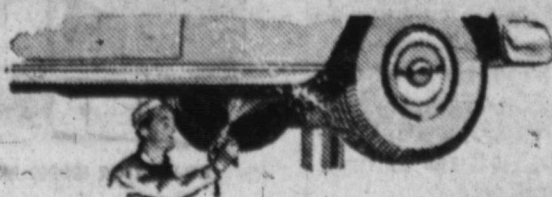

On every Chrysler for '51, Chrysler presents the amazing new Oriflow shock absorber... it has over twice the shock-absorbing power of any other shock absorber on any other car!

New FirePower Engine, matchless in Power!

Here is Chrysler's revolutionary new Hemispherical Combustion Chamber... engineering secret of FirePower... heart of the most powerful, most efficient, best-constructed engine ever put in an automobile. 180 horsepower. Will outperform any other engine on the road today, with ease. The only engine design that can give full combustion, full compression, full use and value from every drop of fuel.

New Chrysler-built value throughout your new car!

Chassis undercoating at no extra cost... Safety Rims on every wheel... Superfinish engine parts... Safety Cushion dash... Cyclebond brake linings... Chrysler engineering skill means extra value all through your car!

Holcomb Attends Ministers' Week

Rev. C. A. Holcomb, Jr., Tahoka Methodist pastor, this week is attending "Ministers' Week" at Southern Methodist University in Dallas.

A number of outstanding Methodist ministers of the nation were on the program for lectures during the week.

Thursday, seven new buildings at Perkins School of Theology at SMU were dedicated.

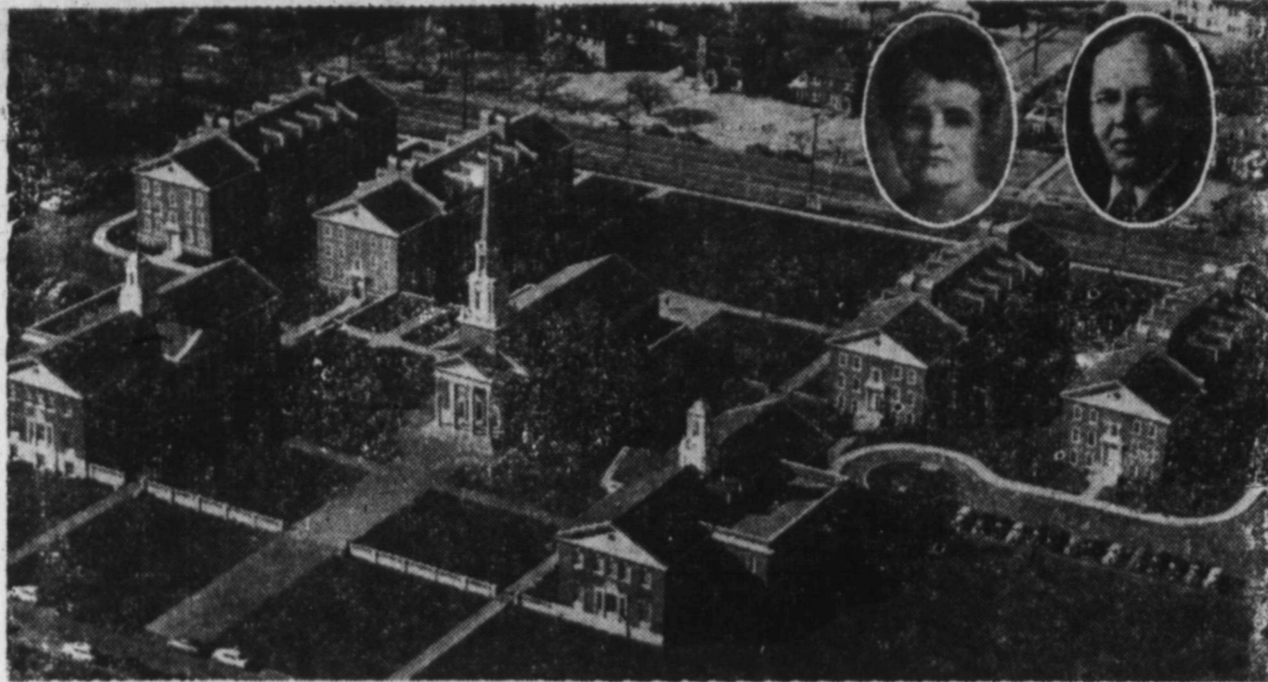

These buildings are: Kirby Hall,

classroom and administration building; Bridwell Library, with a book capacity of 120,000 volumes, named in honor of J. S. Bridwell of Wichita Falls; Perkins Chapel, in which there is a new \$30,000 organ; and four new dormitories.

The new plant has a value of \$3,750,000, and the largest donors are Mr. and Mrs. J. J. Perkins of Wichita Falls, whose gifts in oil and other properties will ultimately run into millions of dollars.

Rev. Holcomb will return home on Friday.

SMU Completes Entire School Plant For Training Ministers

Perhaps unique in the history of college construction is the Perkins School of Theology quadrangle on the campus of Southern Methodist University. School officials believe that it is the first theological seminary plant designed and brought to construction in one continuous operation. Costing approximately \$3,750,000, the seven-building quadrangle will be dedicated to the training of ministers and Christian workers on February 8. Shown in the aerial view are, left to right in the foreground of the quadrangle: Kirby Hall, the Perkins Chapel, and the Bridwell Library; rear, left to right: E. B. Hawk Apartments, Paul E. Martin Apartments; S. B. Perkins Dormitory, and A. Frank Smith Dormitory. Insets show Mr. and Mrs. J. J. Perkins of Wichita Falls, for whom the school is named. They are long-time benefactors of SMU and principal donors to the development of its theology school facilities.

A Message to OLDER PEOPLE

You often do not get enough

IRON and B VITAMINS
in your diet!

Yes, older people often eat a diet which is slightly deficient in B-vitamins and in Iron. Result may be Weakness, Underweight, Feeling below par, "Nerves," Fatigue. New Bexel Special Formula may be just what you need. Bexel is a scientific product which combines the important B-vitamins with Iron. Everybody knows the importance of Iron in your diet to help your body maintain rich, red blood. Just one capsule of Bexel Special Formula a day (that's

all you take) contains 5 times the minimum daily requirement of Iron. Also 5 times the minimum daily requirement of Vitamin B₁!

Money Back Guarantee

Bexel is offered to you on a money-back guarantee: take Bexel Special Formula for 30 days. If you don't agree that you feel really better, are your own bright-eyed self again, your money will be refunded in full.

Cotton Mildew Tests Are Planned

Extensive tests to discover better ways of protecting cotton fabrics from rot and mildew will be made cooperatively during the next few years in various parts of the world by the Army Quartermaster Corps and the U. S. Department of Agriculture.

Results obtained in these tests will guide the Quartermaster Corps in developing new cotton

fabrics for use in tents and other equipment that will have greater resistance to damage by microorganisms. The experiments also will provide a check on present laboratory methods of estimating, without extended field tests, the probable performance of the treated fabrics.

Four Test Stations

Four widely separated locations

are being chosen for the tests so that the cotton materials can be exposed to typical conditions occurring in hot-humid and hot-dry climates throughout the world. The test fabrics are being treated with selected fungicides and other chemicals at the Southern Regional Research Laboratory at New Orleans.

Locations

Test stations will include New Orleans for a humid, subtropical climate; Las Cruces, N. M., for hot, dry climate; and two overseas stations, probably located in the Caribbean and South-Pacific areas.

After exposure at the four test stations for periods of a month to about two and a half years, the fabrics will be reexamined in the laboratory.

Fred Bucy Is Trying To Feed The Hungry

By Jack Stricklin, "The Old He" of the Terry County Herald—

Fred Bucy and the Old He have just a big in common. Both at one time resided in old Johnson county, but they ran us out of there pretty early in life. Fred hung on years later. In fact, he may not have been around when we left there in 1906. But it was in that section that Fred first got the love of raising good livestock, especially beef cattle. We got printers ink in our blood in Tennessee when a boy and fell from grace on the farm proposition.

After coming to Terry a number of years ago, he first bought considerable holdings in the Johnson community, where he still does most of his breeding as well as extensive farming. In the past few years he bought a large farm 7 miles out on the Leveland

highway, where he does extensive feeding as well as breeding. His main forte is the Aberdeen-Angus cattle, but in the feeding operations he has both A-A's. Hereford, or crosses. All in good shape, and he sells as fast as they reach a prime stage.

Went out with Fred one day last week in his pickup. He resides in town, but has two houses out there, and a couple of Lettins to handle the farming. He has an excellent place, good mixed land. The improvements are in a low place, that could with heavy rains form a kind of lake. It is his intention to soon break out all his low lands, and plant in the favorite pasture grasses and irrigate it.

His Favorite Breed of Cattle

Speaking of Fred's favorite breed of cattle, we remember that when Angus were first introduced into this section on ranches some 35 or 40 years ago, they were just black polled (hornless) or as some called them, polled Angus. But more recently these Scottish bred cattle are termed Aberdeen-Angus. People used to think they were a kind of wild breed, and most stayed with the Herefords. But Fred says when in the feed lots they are as gentle as other cattle, and easy to handle.

Fred went down to the ranch section just north of Fort Worth recently and bought a male and several A-A females, highly bred and registered. In fact, they are real aristocrats of the Angus fraternity. From these he will get his thoroughbred as well a good grade stuff through breeding.

Of course Fred, has the usual bunch of porkers on hand to clean up the waste, and make bacon and hams. He also has thousands of dollars' worth of farm machinery, and he says one of the first steps to be taken is a shed for these costly farming implements. It is now taking all kinds of weather as it comes.

The two tenants were harvesting cotton leavings with a combine when we reached the farm, but they were not getting as many bolls as Fred expected, and an examination revealed that some of the "fingers" on each side, a 2-row affair, were broken off. He brought them to town to repair or replace.

Cotton is too high to leave any in the fields. He wants to show us his Johnson community farm some day.

Officials of Mount McKinley National Park, Alaska, report that 795 Dall sheep were counted in the park this past summer, an increase of 200 over a count made in 1947.

Humanity is never so beautiful as when praying for forgiveness or else forgiving another. —Richard.

Now is the time to prune the orchard and to clean up all roaches that may serve as wintering quarters for insects and diseases.

Honolulu Will Drill On J. B. King Place

Mr. and Mrs. J. B. King, formerly of Tahoka, but now of Route 5, Lubbock, were in Tahoka on business Monday.

Mr. and Mrs. A. D. Woody, who have been living here about two years, have moved to Sterling City.

The average dairy cow will consume from 100 to 120 pounds of water daily and if this water is not supplied, milk production drops off rapidly for milk is approximately 87 percent water.

25 County Ginners Attend Co-op Meet

July 26 Is Last Day For Entering GI Training

Veterans have until July 25 to apply for education under the GI Bill of Rights, according to a announcement by officials of the Southwest School of Printing at Dallas.

Public Law No. 346 provides that a veteran who desires to enroll must be in training under this bill before the July date and the training must be completed by July 26, 1956.

There is no time limit on application for education by disabled veterans under Public Law No. 16, but the deadline for completion of government education is the same.

The Southwest School of Printing is owned and operated by the newspapers and commercial printing firms of the Southwest. Since the war it has devoted its facilities to the training of veterans in the printing trade.

School officers point out that the next class will start April 2, and that this will be the last class

About twenty-five Lynn county people attended the annual convention of the Texas Co-op Ginners Association held at the Blackstone Hotel in Fort Worth Monday and Tuesday.

Wilmer Smith of New Home, president of the Farm Bureau in his county, was elected to the new board of State Directors, and will represent the 11 counties of District 2.

Louis Allsup was a hit as a "door prize" at the annual banquet.

Many prominent speakers were on the program, including Congressman W. R. Rigg from Waco, agricultural specialists from Texas A. & M., and representatives of the Houston Bank of Cooperatives.

Most of those from Lynn county also attended the Nat. show of the Fat Stock Show rodeo Sunday night.

Among those present from Lynn county were: Messrs. and Mrs. J. M. Johnson, B. A. Morrow, Lewis Allsup, Clyde Ashcraft, Roy L. Williams, Wilmer Smith, Dick Turner, and E. R. Blakney and Mr. Jesse Wilson, all of New Home; Messrs. E. J. Hewlett, R. J. Nieman, Chas. Campbell, A. E. Hagens, and M. L. Mirey, all of Wilson.

before the veterans' deadline date. The school director is Ray Abel and the address is 3800 Clarendon Drive, Dallas 11, Texas.

Strike Out Polio!

Getting set to put over a strike on polio is eight-year-old Barry Brown, of Mesa, Arizona, who was stricken with infantile paralysis four and a half years ago. Thousands of youngsters like Barry have been aided by funds contributed to the annual appeal of the National Foundation for Infantile Paralysis. Join the 1951 March of Dimes and help strike out polio!

Citizens of Tahoka should begin thinking about the proposition of filling four City offices in the coming election on Tuesday, April 10, states Dr. K. R. Durham, mayor.

Mayor Durham states that he will not be a candidate for reelection. He has served on the City Council for 14 years, the past four years as mayor, and feels that he should be relieved.

Also, it will be necessary to elect three City Councilmen. H. G. Hodges and Joe Bob Billman are the hold-over councilmen. The term of J. A. Biggerstaff expires in April. Two other councilmen, B. L. Parker and Bill Shlange, Jr., resigned during their terms; the latter when he was called to Army duty.

Mayor Durham wishes the attention of taxpayers called to the fact that an increase in city valuations is almost imperative at an early date. Any blame for such, he declares, should be on his administration and not on any one that may be elected.

He explains that demands for improvement of the street lighting system, increase in police protection and office personnel services, and other smaller services by the City have brought about the committing of a greater sum of money for City government operations.

"We can not have these services without being out more money," Dr. Durham stated. "Cost of operation of the City has increased to such an extent that it seems to me there will be no alternative except to raise the valuations soon in order to secure more funds with which to pay for these services."

REDWINE H. D. CLUB NEWS

The Redwine Home Demonstration Club met on Thursday, February 1 in the home of Mrs. W. L. Rowe.

We voted to meet hereafter promptly at 2:30 p. m.

Miss Hard brought an interesting and helpful discussion on furniture arrangement. She stated that what we have in our home should be useful and beautiful to us. She also stated that variety and color add interest to rooms.

A lovely salad plate carrying out the Valentine motif was served to six members and Miss Hard and Betsy Rowe. —Reporter.

Insects Cost Farmers 600 Million Dollars In '50

Conference to Recommend methods to reduce pest damage to crops during 1951 season—

Revealing that a total of \$598,565,000 is estimated as the toll taken by cotton insects during the 1950 season, the National Cotton Council has announced that the annual Cotton Insect Control Conference was held on December 7-8, 1950 at Memphis, Tenn., to consider methods of reducing pest damage in 1951.

Council officials said that the value of cottonseed and lint lost to insects during 1950 was the second highest on record—second only to the 1949 loss. Texas was hardest hit by cotton insects this season in cash losses, the Council said, reporting that cotton valued at an estimated \$107,036,000 was destroyed by insect pests in that state. North Carolina suffered most damage percentage, with 35 per cent of the total crop lost to the insect marauders.

lost with an estimated total of \$101,239,000 destroyed. Alabama was third greatest loser with a total of \$74,031,000 estimated as its cotton loss to insects.

Theme of the insect control conference last December was "Insect Control in a Cotton Crawl," the Cotton Council announced. Emphasis was on the role of pest control in the all-out effort to produce a 1951 crop of 16 million bales of cotton to fill essential military and civilian demands.

Topics of Discussion

Among the chief topics listed on the two-day program were the cotton insecticide supply outlook, problems in providing adequate supplies of poisons; equipment and application technique; inter-relationship of insect control, defoliation, and cultural practices; and utilization of weather forecasts in cotton production.

A summary of cotton insect control research across the Cotton Belt in 1950 were presented by entomologists from the four major cotton-producing areas, the Southeast, the Mid-South, Southwest, and the Far West.

State Recommendations

Entomologists at the final session issued recommendations for their respective states, explaining procedures for controlling cotton insects next season. Suggested insecticides, rates and methods of application, and time for poisoning were included in the recommendations.

Speakers included representatives of the insecticide industry, experiment stations, Extension services, and federal entomologists.

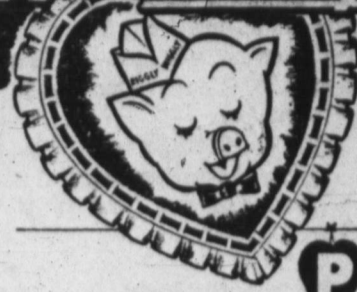

New Home Wins O'Donnell Games

New Home boys won a conference game over O'Donnell at the latter place last Friday night by the close score of 46 to 43. O'Donnell led 28 to 18 at the half, but the Leopards came back strong to win over the Eagles in the final two quarters.

O'Donnell B team boys edged out an 8 to 6 victory over the New Home B team.

New Home won the Senior girls game 36 to 22 and the junior girls game 32 to 6.
