Tahoka, Lynn County, Texas, Friday March 9, 1951

Number 23

Jail And Courthouse Bond Election Called For March 24

Committees For TB Chest X-Ray Survey Named

Organization plans are being completed this week for the Chest X-ray survey of all Lynn county people 15 years of age or over on March 31, April 2, 3, and 5.

County Judge W. M. Mathis, who is acting as chairman of the campaign, this week announced his community chairmen. Cooperation in this worthwhile service is being asked of all the people, civic, religious, business, school, and fraternal organizations.

On the first three days mentioned above, the TB Division of the State Health department will have a mobile X-ray unit in Tahoka, and on the fourth day the unit will be in O'Donnell.

X-ray pictures will be available to everyone free. Following the survey, these pictures will be examined in Austin by medical experts for signs of tuberculosis, cancer, and other lung diseases. A confidential report will be made to individuals and their physicians. The tests are not only free but will require only a few minutes of each individual's time and will not necessitate the removal of clothes to make the picture.

Community committee chairmen announced by Judge Mathis are: Tahoka, A. M. Bray, O'Donnell, John Ellis, Wilson, A. H. Smith, Grassland, Thomas Pace, Dixie, Mrs. T. D. Lishman, Draw, Mrs. J. Dudley Martin, Gordon, Mrs. Wade Haire, Joe Bailey, Mrs. Harlan Dean, Midway, Mrs. Clyde Thomas, New Home, Mrs. Wilmer Smith, Lakeview, Mrs. Adrian Evans, Petty, Mrs. H. C. Hodges, Redwine, Mrs. J. C. Watson, Wells, Mrs. Buster Phipps, West Point, Mrs. Kevill Kauffman, Garcolla, Mrs. Carl Jones, Newmoore, W. E. Cox.

Congratulations:

Elder and Mrs. V. J. Lowrance on the birth of a son weighing 8 pounds 14 ounces February 25 in Tahoka Hospital. He has been named Timothy Dwight.

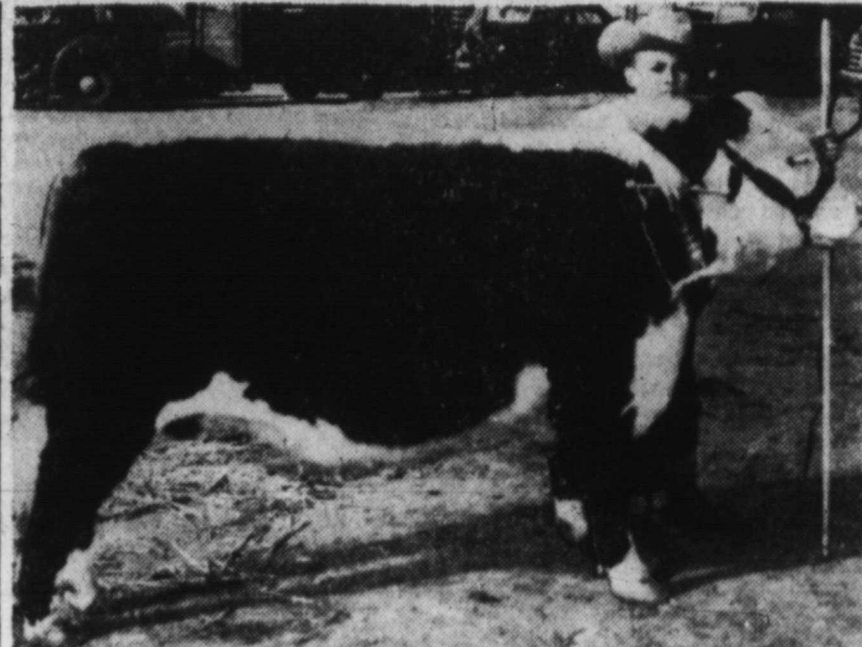

Mr. and Mrs. Raymond H. Phillips of Tahoka on the birth of a daughter at Stapp Clinic Sunday morning at 11 o'clock. She will be known as Judy Kay.

Mr. and Mrs. Leroy Akin on the birth of a son born Friday, March 2, weighing 10 pounds and 4 1/2 ounces at 2:30 p. m. in a Brownfield hospital. He will be known as Arthur John. The little fellow is the grandson of Mr. and Mrs. Marshall Akin of Brownfield and Mr. and Mrs. E. B. Galkher of Tahoka.

Mr. and Mrs. K. A. Finchum of Post on the birth of a daughter weighing 7 pounds 5 ounces at Tahoka Hospital at 3:10 a. m. Wednesday. Name, Linda Darlen.

Mr. and Mrs. John VanMeter, new citizens of Tahoka coming here from Morrilton, Ark., on the arrival of a daughter weighing 6 pounds 3 ounces at 2:30 a. m. Monday in Tahoka Hospital. Name, Linda Marie.

Mr. and Mrs. E. R. McDaniel on the birth of a son, named Richard Fred, and weighing 6 pounds 15 ounces on Feb. 22 at Tahoka Hospital.

CHAMPION CALF of the annual Lynn County Junior Livestock Show, held in Tahoka last Saturday, was shown by Jerry Cain, 11-year-old Tahoka 4-H Club boy. His entry was a heavyweight milk-fed Hereford.

Junior Stock Show Best Held In County

Last Saturday's exhibitions at the annual Lynn County Junior Livestock Show here were the best and the largest in the history of the show.

A total of 54 fat calves, over 100 hogs and a number of lambs were shown. The 4-H and FFA club boys' animals were viewed by large crowds all during the day.

Jerry Cain, 11, Tahoka 4-H club boy carried away top honors of the show, showing the grand champion calf, a heavyweight milk-fed Hereford. This was his third grand championship in three years of showing, he having won the barrow championship in 1949 and the 1st lamb championship in 1950.

Roger Hensley, Tahoka FFA boy, showed the reserve champion calf.

Melvin Edwards, Wilson 4-H club, showed the grand champion barrow, a heavyweight Poland China; and Don White, also of Wilson 4-H club, showed the reserve champion, a Chester White.

John Davis of New Home showed (Con'd. On Back Page)

City Ordinances Are "Remodeled"

The City of Tahoka recently entered into a contract with B. P. Maddox, attorney, to rewrite and codify all the City Ordinances. The News is informed.

J. Claud Wells, Pioneer Citizen, Buried Saturday

J. Claud Wells, 60, pioneer citizen of Tahoka and a prominent Lynn county farmer, died of a heart ailment in a Brownfield hospital at 4:15 p. m. Friday of last week.

Burial was in Tahoka Cemetery Saturday, following services in the Tahoka Methodist Church conducted by Rev. H. A. Nichols of Stratford, former pastor here, and Rev. C. A. Holcomb, Jr., present pastor. Rites were held under direction of Stanley Funeral Home.

James Claud Wells was born in Oklahoma, then known as Indian Territory, on December 20, 1890, the son of the late Mr. and Mrs. J. S. Wells, pioneer Tahoka merchants. He came to Lynn county with his parents in 1903 when they bought one of the first Tahoka stores. Until after the death of his parents, Claud was associated with the J. S. Wells & Sons store at the southwest corner of the square.

Claud attended the first school in Tahoka, a frame building located on the site of the old brick building in South Tahoka. On December 24, 1914, he was married to Cryste Wright, and one son and three daughters, one deceased, were born to this union.

Several years ago, he bought a (Con'd. On Back Page)

Tahoka Limits Are Extended

By mutual agreement between the City of Tahoka and three property owners, the northeast city limits of the town were recently extended to include the Union Compress, the Santa Fe railroad in the same area, and a tract of land owned by Wiley Curry.

As a result of the extension, the City will gain considerable property on its tax rolls, while the property owners involved expect to gain a reduction in their insurance rates, Mayor K. R. Durham told The News.

Union Compress Repairing Damage Caused By Blast

Red Cross Quota Is Reached First Day

Lynn county went over the top on the first day, March 1, of its 1951 Red Cross Fund campaign, and undoubtedly was one of the first counties in the Nation and in Texas to reach its goal.

The local quota was \$3,000, and Fund Chairman Bobby Carroll reported \$2,100 in hand by 8 p. m. that evening. County Chairman Bill Griffin immediately wired the National organization that Lynn county was over the top. Up to Wednesday, a total of \$3,400 had been reported of which \$2,319.25 had already been placed in the hands of Ross Smith, Treasurer.

Midway communitarily was the first to report its quota reached, when the chairman turned in \$101.40 on a \$100 quota at 11 a. m. Four communities, Wilson, Petty, Gordon, and Joe Stokes, had not reported up to Wednesday.

The drive was made in whirlwind fashion last Thursday. Mr. Carroll had hopes of reaching his quota that day, but had not promised completion before Saturday. He said the fine cooperation of his organization and the contributors made the success of the drive possible.

Though the quota has been exceeded, the Red Cross will welcome any contributions from those overlooked as the worthwhile organization is badly in need of funds for carrying on its work both locally, over the nation, and with our men in foreign lands.

Telephone Co-op Gains Members

Membership application payments are slowly increasing in the new Puka-Lambro Rural Telephone Co-operative, according to Sam Allen, co-ordinator.

The total membership had reached 1409 on Wednesday. Mr. Allen revealed, however, 60 percent of the potential number of customers must be signed up in a given area before construction can be started in that area.

In the Tahoka area only 40 percent of the potential has been signed to date. On Wednesday, the office in Tahoka had 343 signers out of a potential 837.

Bonds Totaling \$200,000 Needed For Improvements

Lynn County commissioners Monday called an election for March 24 to determine whether or not bonds will be issued totaling \$200,000 for a new county jail and for court house improvements.

Petitions asking for such an election were presented the court last month.

Two propositions will be presented the legal property owning voters at the election.

Proposition No. 1 concerns issuance of \$90,000 in bonds for permanent improvements and repairs to the Lynn county court house.

Proposition no. 2 calls for issuance of \$110,000 in bonds for the erection a new jail.

Both proposals specify that the bonds would mature annually over a period of years not to exceed 25 and draw interest at a rate of not more than 3 percent per annum, and permit levying of taxes sufficient to pay the interest and principal thereon.

Further details of the election and proposed bond issues are contained in a legal notice published elsewhere in this issue.

Power Station Planned Here

Work on a new power sub-station in North Tahoka located near the old light plant, will be started in the immediate future by Southwestern Public Service company, according to W. G. (Bill) Clarke, local manager of the company.

The new station will greatly improve service to the commercial and industrial areas of the town.

Officials of the company inform Mr. Clarke that Tahoka has had an unprecedented increase in power usage and that according to size this town is now using more power than probably any in this area.

Indication of the town's growth in power usage may be seen in the fact that a 1000 KVA transformer has been in use at the sub-station. Last year a 1500 KVA transformer was ordered for installation here but the increase was so great that before it was received a re-order was made for a 2,000 KVA transformer. This will be installed in the new sub-station.

Some work yet remains to be done before the new street lighting system is complete. Another mercury vapor light is yet to be installed in the vicinity of Ed Hamilton Auto Supply and six more residential lights are yet to be installed.

Candidates File For City Office

One man's name was filed for Mayor and four were filed for three places on the City Council Saturday of last week, the last day for filing for places on the ballot in the City Election to be held April 3.

The name of James K. Applewhite was filed for Mayor. He will, if elected, succeed Dr. K. R. Durham, who has been on the Council for 14 years and had asked that his name not be filed a gain.

The names of T. T. (Ted) Chaney, R. H. (Hick) Gibson, E. R. (Roy) Edwards, and Herman Heck have been filed for the three vacancies on the City Council. Hold-over Councilmen are H. G. Hodges and Joe Bob Billman. J. A. Biggerstaff, outgoing member, is not seeking re-election. The other two places had previously become vacant by resignations.

Negro Quartet Is Coming Here

The Samuel Huston College male quartet of Austin, will present a program in the Methodist Church Tuesday evening, March 13, at 8:00 p. m., according to an announcement made by the pastor, Rev. C. A. Holcomb, Jr.

Samuel Huston College is a College for colored people and the quartet presents a program that you will enjoy.

The public has a cordial invitation to attend this concert.

Complete Strange Motors Building

Construction work on the large and elaborate building for Bill Strange Motors, Ford dealer, on East Lockwood across from Farmers Coop, has been completed except for minor details.

New equipment is now being installed in the building, but it will probably be at least two or three weeks before the firm is ready for its opening in the new building.

Boxers Meet Lockney Monday

Tahoka High's boxing team will meet the Lockney team at 8:00 p. m. next Monday night in the local gym. Admission will be 75 and 50 cents.

The Tahoka boys will be seeking revenge for the 7 to 5 defeat by Lockney in fights to that city Tuesday night of this week.

Gary Sandlin, 100, of Lockney, defeated Browne Williams, 102. Gene Applewhite, 112, Lockney, defeated Wayne Brasher, 112. Tommy Ferguson, 116, Lockney, lost by decision to Harley Schulz, 116.

William Kirkp-trick, 114, Lockney, won a decision over Charley Schulz, 114.

Cleon Wiley, 118, Lockney, was defeated by J. D. Davis, 120, who won by a TKO.

Malcolm Dolloff of Lubbock was here Tuesday visiting some of his old time friends.

W. G. (Bill) Clarke, manager of Southwestern Public Service company here, who has been ill for several weeks with a stomach ailment, is able to be back at his office a part of the time.

Mr. and Mrs. E. R. McDaniel on the birth of a son, named Richard Fred, and weighing 6 pounds 15 ounces on Feb. 22 at Tahoka Hospital.

Mr. and Mrs. Jose A. Gonzales on birth of a son weighing 6 pounds 6 ounces at 12:12 p. m. Feb. 23, at Tahoka Hospital.

Mr. and Mrs. Miquel DeLeon on the birth of a son at Tahoka Hospital on Wednesday.

McNEELY IS HOME

Bill McNeely of Dixie, who was critically ill for several weeks following a major operation in a Lamesa hospital, is now back at his home and recovering nicely. He is able to be up and around the house a part of the time.

Odds AND Ends

(By E. I. The Elder)

The other night I heard a discourse by one of the leading Baptist ministers of Northwest Texas, in which he took occasion to discuss for a few minutes international affairs. He is well educated, well informed, and a very able man. Also he bears the reputation wherever he has served as pastor as a most lovable and admirable character. Though we had never heard him speak before, yet we had great respect for him and still have.

Yet he put in a lot of the time allotted to him the other night in finding fault with our country in its dealings with other nations. In fact he found fault with just about everything we ever did as a nation.

To be explicit, he began with

the first world war. He said we had no business in dabbling with European affairs in 1917. If we had stayed out of that conflict, we never would have had the terrific war that we did have. We made a great mistake in getting into that war.

We should like for him to explain how we could have kept out of it and retain our self respect. It was the prevailing opinion of the people of all civilized nations that Germany had set out in 1914 to conquer all Europe and eventually all the world that was worth conquering.

What evidence of that did they have? Well, those who had read only smattering of European history knew that Germany had embarked on such a course under the leadership of Prince Bismarck as far back as 1862. They knew that Prussia, by force, had brought all of the German states under one government, and that Government was Prince Bismarck. They knew that Bismarck had formed a coalition with Austria and then wrested from Denmark the duchies of Schleswig and Holstein. Then he got a promise of neutrality from France and made an ally of Italy and thereupon turned against his former ally, Austria, because he was jealous of her power, and in seven weeks brought that nation under his iron heel. He then proceeded further to shape up affairs in Europe to suit his purposes and then measured swords with France. The result was that he took back into his fold the rich territories of Alsace and Lorraine, to which Germany possibly was entitled, but he took them at the point of a gun.

And so he carried on until "Kaiser Bill" Hohenzollern came on the Prussian throne in 1888. He never made any bones of believing in growth by conquest,

just like any other highway robber.

When Kaiser Bill took over, the old Prince Bismarck soon found that Bill was more domineering even than had been in his palmiest days. As he was growing old he resigned, therefore, and Kaiser Bill proceeded to gather around him the great war lords that he thought could soon conquer all Europe. He and his lords prepared diligently for war. In June 1914 a Serb shot and killed an Austrian with a pistol. Acting in conjunction, Austria first and then Germany made this minor incident the occasion of declaring war. Germany's army, the largest and the best armed and best trained the world had ever seen, was ready to march, and it did march. It struck out across Belgium, a wholly unoffending country, to get at the throat of France; and the world war was on.

Events moved rapidly and fiercely, but at the end of two years Germany and Austria had not won the quick victory they had expected. Germany grew desperate. Treaties were mere scraps of paper and the rules of civilized warfare were no longer to be observed. Her submarines were sinking every British ship and every neutral ship that entered the war zone. She sent the British ship Lusitania down with 1,100 passengers aboard, 112 of them being Americans. She made submarine warfare upon American and other neutral vessels that she suspected might be carrying supplies to Great Britain, in the war zone or out of the war zone. President Wilson protested strongly and Germany ceased for a time to make war upon American vessels. Then on January 31, 1917, she announced that on the next day she would begin making unrestricted submarine warfare on all merchant vessels of whatever nation carrying goods to Great Britain. And she carried out her threat. It was officially stated that since the war was begun, more than 3,000 Americans had been sent to the bottom of the sea by German submarines. President Wilson asked Congress to take action, and it did so. By an almost unanimous vote it declared promptly that a state of war between this country and Germany existed, and we began to marshal our forces.

Our preacher friend says that we had no business getting into that war. We think he is wrong. We would have felt like cowardly curs if we hadn't gotten into it. And in spite of all that the critics can say, we saved the world at that time against the

heft of autocratic power. If we had not stopped Germany, she would not have been stopped, except possibly for a resting spell after all Europe had been conquered.

Our preacher friend also says that we made another mistake in getting into World War II. Wonder what he would have had the United States to do after that treacherous and well-nigh fatal Pearl Harbor attack. Guess we should have brought all our ships home—all that we had left—kept our soldiers and sailors at home, and invited the Japs to come on and take us.

And he declared that we made a third great mistake in sending our soldiers to Korea. If we hadn't done so, a communist army would be standing guard in South Korea today while countless thousands of other Communists would be swarming into Japan. All of China—not just a part of it—would doubtless be surrendering to the Chinese Reds, and with all China in the sack, the Communists would be plotting and possibly accomplishing the overthrow of Formosa and the Philippines. And before long our warships would be defending Seattle and San Francisco and Los Angeles.

A day or two ago we read a little story about an American soldier who had lost both arms, and both legs in Korea and of course had been brought home. Some

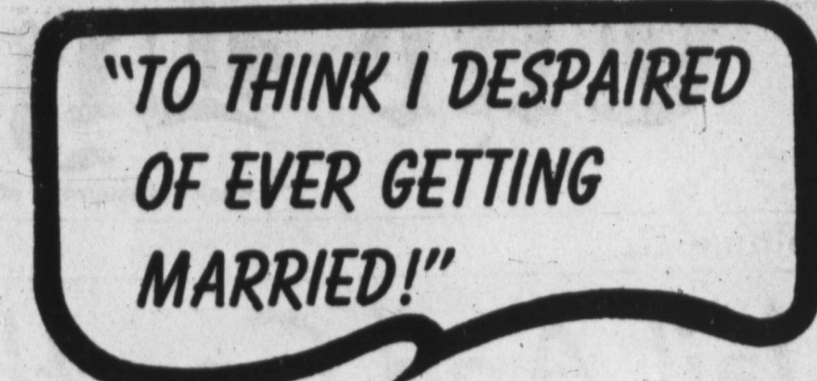

smart aleck asked the 20-year old Pennsylvania lad if he thought the United States had done the right thing by getting into he fight in Korea. "I'd sooner fight the battle over there than over here," the spunky youngster said, that is, what was left of him. That boy has a lot more sense and a lot more patriotism than a lot of statesmen and others who question the right of our country to send our boys overseas.

The fact of the business is, it seems to us, that Russia has been stumped by the fight that our sons have put up in Korea for freedom and democracy. It is possible that some terrible mistakes have been made over there in the manner in which some of the leaders have handled our sons, by reason of which they lost morale and interest in the fighting for a time but that seems to have been largely remedied. We have not won a complete victory yet, and neither have these five hundred thousand Chinese Reds, and at this writing it does not appear that the Reds have much chance to finally win, and that possibly is one thing that is making that devil-possessed old Joe Stalin look down his nose. It may cause him to put off his all-out attack on the United States for a year or two, and by that time he may be having so much trouble with his home people and his satellites that he will not start it at

all. God moves in a mysterious way, His wonders to perform: He plants His footsteps on the sea, And rides upon the storm. And if American soldiers keep

planting their footsteps on Korea, and place them thick enough, they may stave off the storm, altogether.

War is a terrible thing, and we (Continued)

Here's great news for you if you've been bothered by excessive fatigue, constipation, weakness and nerves due to the fact that you do not get enough B-Vitamins in your diet. Bexel Special Formula, a new scientific product, combines the important B-Vitamins with Iron! Also Choline, Inositol and Liver in supplementary quantities. Everybody knows the importance of Iron in your diet... how it helps the body to build RICH, RED BLOOD. One capsule of Bexel Special Formula (that's all you take a day) contains 5 times the minimum daily requirement of Iron. Also 5 times

the minimum daily requirement of Vitamin B1. Evelyn Del Nero, 4500 Hudson Blvd., Union City, N.J., says: "Since I started taking Bexel Special Formula, I've so much more pep and energy that the boys have started calling me Ginger... and better yet... keep calling me for dates. I can have my pick of them now... and to think I despaired of ever getting married."

Try Bexel Special Formula yourself. You get your money back if you don't feel decidedly better in 30 days!

TAHOKA DRUG

Recent photograph of a Texas primary highway

\$115,282,344

Damaged highways, such as the Texas highway shown in this picture, are a hazard to the safe operation of automobiles, farm trucks and other motor vehicles.

It costs three times as much to build roads that will withstand the loads of big trucks now being operated over them than it does for the smaller trucks and automobiles.

Latest records show \$115,282,344 was spent on Texas highways for the year ending August 31, 1950.

A bill sponsored by the big truck operators is before the Texas Legislature. This bill proposes . . .

- (1) to increase the load limit from the present 48,000 pounds to 72,000 pounds, and
- (2) to increase the maximum truck length from 45 feet to 50 feet.

Recent official highway tests at La Plata, Md., sponsored by the U. S. Bureau of Public Roads, the highway departments of eleven states and the District of Columbia, effectively demonstrated that as trucks increased in size and loads, roads cracked up and "died" more quickly.

We need to safeguard our highways for Civilian and Military use. "Increased heavy loading might seriously disrupt the effectiveness of essential routes in the event of an all-out war," according to T. J. Kauer, director of the Ohio Highway Department and Chairman of the La Plata road test committee.

The big truckers want the taxpayers to continue providing expensive highways for them to use as "rights-of-way" for their own, selfish, personal gain.

THIS IS A TUG-OF-WAR BETWEEN THE BIG TRUCKERS AND THE TAXPAYERS OF TEXAS!

Automobiles and small trucks do not require extra strong, extra costly highways. The truth is, that the big truckers are putting the "pinch" on the pocketbooks of the Texas taxpayers.

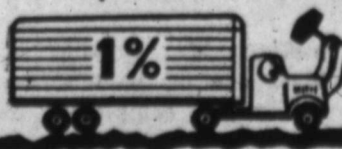

Get the facts. Mail the coupon below for your copy of "The Case of the One Per Centers," and for a reprint of the article published in TIME, January 22, 1951, about the La Plata highway tests.

Grain Support Prices Set

Recently announced price-support levels for 1951, corn, oats, rye, barley, and grain sorghums today were called to the attention of Lynn county farmers by S. L. Walters, member of Lynn County Production and Marketing Committee.

The price of corn will be supported in all sections of the country to 90 percent of parity as of October 1, 1951, provided that is not below a national average of \$1.54 a bushel. A year ago corn price support in the commercial areas where allotments were in effect averaged \$1.47 per bushel. In the non-commercial areas (Texas) support ranged from \$1.02 to \$1.30 a bushel. The support will be carried out through loans, which will be available through May 31, 1952. They will mature on July 31, 1952, unless called sooner to meet emergency conditions.

Oats, rye, and barley during 1951 will each be supported at 75 percent of parity, as they were in 1950. For oats, that will be a national average of \$7.2 a bushel; rye, \$1.30; and barley,

\$1.11. Loans on these crops will be available through January 31, 1952 and will mature April 30, 1952 or earlier on demand.

Grain sorghums from the '51 crop will be supported at 65 percent of parity, of \$1.88 per 100 pounds. Loans will be available through January 31, 1952, and will mature March 31, 1952, unless called sooner to meet emergency conditions.

Mr. Walters said that the price supports for corn and other grain are intended to encourage production of feed grains, and hence of livestock. They give maximum emphasis to corn, and underline the relative importance of higher cotton production in grain sorghum areas.

BESSIE BRASHEAR CLASS HAS SOCIAL MEETING
The Bessie Brashear Class of Methodist Church met in Fellowship Hall Tuesday afternoon at 3:00 o'clock for the monthly social and business meeting.

The meeting was called to order by the president, Mrs. E. R. Tunnell, with the singing of the class song, "Help Somebody Today." A Scripture reference was used by Mrs. Fenton as the basis of her devotional. Mrs. Fenton also led in prayer.

New committees for the next three months were appointed. The secretary-treasurer reported \$67.17 in the treasury. The Class the past year had sent \$40 to the Methodist Home.

The entertainment and refreshments committee then took over. The contests which followed were interesting and enjoyable. Mrs. Sam Reid brought a poem, "As You Go Through This Life." Mrs. J. B. Hoskins brought a poem, "Laughter."

Delicious refreshments of pie and cake were served to 18 members and one guest.—Reporter.

Southwestern Has Record Business

Southwestern Life Insurance company today reported a record business year in 1950 as it released for publication the company's 48th annual financial statement.

Two new records were announced by company President J. Ralph Wood, who said the company's agency force in 1950 produced \$115,186,624 of new paid-for business, which resulted in an increase in the company's insurance in force to a total of \$829,222,242 at the end of the year.

Both the new paid-for insurance and the increase in insurance in force, \$67,578,223, are the greatest for any year in the history of the company.

The company's financial statement shows 1950 year-end assets in a total amount of \$223,090,135.07, an increase during the year of \$22,957,213.66. Funds for safeguarding the savings of policy owners were increased by the addition of \$1,000,000 to capital, \$500,000 to surplus, and \$628,098.98 to reserves for contingencies, which raised the total amount of capital, surplus and contingency reserves to \$20,952,645.90.

Following long-established policy, the company in 1950 increased its loans on Texas real estate by \$17,492,822. More than \$74,000,000, about one-third of the company's assets, are now invested in loans for construction of Texas homes, farms, or business properties.

The extended drought has reduced the reserve food supply that pasture plants normally store in their roots and root system. Since new spring growth is dependent upon this stored food, proper management of pastures in the spring is very important. Little or no grazing should be allowed until the plants have made good growth.

An estimated 3,000,000 rounds of ammunition have been fired by or at men of the U. S. Army 29th Infantry Division since the Korean war began.

received payments during the year of policy benefits amounting in the aggregate to \$10,289,556.81.

President Wood said Texans are buying larger amounts of life insurance than ever before. Policies delivered in 1950 averaged \$4,834 in face amount. In 1949, average was \$4,261.

Letters From News Readers—

Local Renters Oppose Rent Control Bill

Editor, The News:

Although I am not a property owner and I pay rather high rent for my office and the house I live in I am against the proposed "rent control" bill, now before Congress.

There are many small property owners who, with the increase of taxes and continued inflation, are hardly able to make a living. The proposed pushback of rent would actually limit available rental units and close many dwellings as it would no longer be profitable to rent them.

There may be a few areas where rents are unfair but in general this is not as bad as most other cost-of-living increases. It would be just as fair to roll back wages to a low level as rent, and that would do much to stop inflation.

The rent control bill now in committee proposes to give Ty Wood, as head of controls the following: To continue rent control where it now exists, to recontrol all property now decontrolled, to control all new property, to control all commercial property, to control the sale of all real estate in the U. S., to force all rent back to pre-World War II level, and to provide heavy fines and imprisonment for landlords for any and all violations.

Every new control is a step further into socialization and the loss of freedom that makes the U. S. worth fighting for.

Weigh these facts carefully, and write your Congressmen and Senators your feelings.

—Tahoka Citizen.

MONTANA VISITORS
Mr. and Mrs. W. H. Wells of East Helena, Montana, formerly of Lynn county, have been here several days visiting his father, W. Wells, at Post and Mrs. Wells' sister, Mrs. Verna Mathis, at Grassland.

Mr. Wells said they had gotten The Lynn County News every week for four years and they greatly enjoyed reading the news of the old home country.

Odds & Ends

(Cont'd. From Editorial Page)

hate it. But there are some things worse than war. Jesus recognized that fact. We like to think of Him as the Prince of Peace, but I think that the peace which he is most concerned in giving is the peace that fills human hearts that trust in Him and seek to do

Read The Classified Ads.

His will. In so far as the prevalence and aggressiveness of evil is concerned, the Prince of Peace was no appeaser. When He delivered instruction to the Twelve Disciples that he sent out, he said, among many other things: "Think not that I am come to send peace on earth; I came not to send peace, but a sword. For I am come to set a man at variance against his father, and the daughter against her mother, and the daughter-in-law against her mother-in-law. And a man's foes shall be they of his own household."

The triumph of righteousness is more important than the reign of peace. The "peace at any price" dogma was nowhere to be found in Jesus' program. We should seek peace of soul through the exercise of faith and righteousness; we can never find it through sin or through appeasement of the wicked. As Christians, as citizens of America, we can make no compromises with Communism, no effort to appease the Communist. We may be able to teach some of them the truth, and if so, the truth will make them free. But if they refuse to be taught and insist

on fighting, we must fight. Jesus didn't seek to appease the

Brand-new kind of Special Delivery

GET your hands on this strapping honey and hold onto your hat and heart.

For this sparkling new car—and we mean completely new—is the smartest, the richest, the highest-powered automobile Buick has ever provided at its bedrock SPECIAL price.

Literally, everything here is new but the name.

There's a brand-new X-member frame that's brawny and rugged, and a weight saver in the bargain.

There's a brand-new chassis—but still with the buoyant cradling of coil springs on all four wheels, the solid keel of a torque-tube, the soft steady going of Safety-Ride rims and cushiony low-pressure tires.

There's a brand-new body of spacious dimensions and a stunning interior richer than anything in SPECIAL history—a lighter, ruggedly strong steel body in a full array of styles, including a Convertible and Riviera.

Yes, all this and brand-new power, too!

It's wallowing new straight-eight valve-in-head Fireball power from an engine that's entirely new to this

Buick Series—the high-economy F-263 Fireball engine.

With more power to call on, and with less weight to carry, this nimble traveler zooms to new performance even greater than that of most cars beyond its price range.

Better come in real soon and meet this brand-new kind of SPECIAL delivery—and the low delivered prices that go with it.

Equipment, accessories, trim and models are subject to change without notice.

No other car provides all this:

- DYNAFLOW DRIVE***—saves strain on driver and car
- FIREBALL POWER**—high-compression, valve-in-head engine gets more good from every drop of fuel
- PUSH-BAR FOREFRONT**—combines smart style and unsurpassed protection
- WHITE-GLOW INSTRUMENTS**—greater clarity at night
- TORQUE-TUBE DRIVE**—steadies ride, improves driving control
- 4-WHEEL COIL SPRINGING**—cushions ride, saves servicing costs
- DUAL VENTILATION**—outside air fed separately to right or left of front compartment
- SELF-ENERGIZING BRAKES**—hydraulic—multiply pedal pressure five times at brake drum
- DREAMLINE STYLING**—tapered, car-length fenders, gleaming sweepstakes on most models
- Plus:** Self-locking luggage lid, Step-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Pointed engine mounting, Body by Fisher.

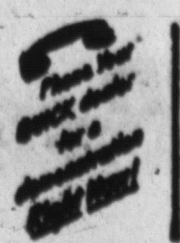

*Standard on ROADMASTER, optional at extra cost on other Series.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM.

LENTEN ADVENTURE — CHEESE FONDUE

Lent, known as a time of abstinence—of "giving up"—marks a change in habits of living and eating. But the wise homemaker takes advantage of a change in routine. She puts fast-day foods to work in brand-new recipes!

Her menus will count heavily on cheese, milk, eggs and fish for hearty flavor and to meet the body's need for protein. Many dishes will include enriched yeast-raised bread—as a stuffing, binder or extender. Bread or bread crumbs will increase the value of dishes in which they are used. Enriched yeast-raised bread supplies energy, protein, vitamin and mineral values.

Bread has always been important during the Lenten season. For example, traditional Hot Cross Buns, rich with spices and currants, brighten many meals and the end of the forty-day fast is marked with traditional Easter breads.

For your scrapbook of Lenten dishes, and for use throughout the

year, here's an adventurous recipe with cheese, milk, eggs and bread combined for flavor perfection.

CHEESE FONDUE
 2 cups soft bread crumbs
 2 1/2 cups grated cheese (Cheddar or other sharp cheese)
 1 teaspoon salt
 1/4 teaspoon cayenne pepper
 2 tablespoons minced onion
 1 teaspoon dry mustard
 2 1/4 cups scalded milk
 4 eggs

Put crumbs, cheese and seasonings in a large bowl. Pour in scalded milk. Stir lightly. Separate eggs. Beat whites until stiff but not dry. Then beat yolks until thick and lemon-colored. Slowly stir yolks into bread mixture. Fold in whites of eggs gently; do not beat. Pour into greased two-quart casserole. Place baking dish in pan and fill pan with hot water up to 1 inch from top of casserole. Bake at 325° F. (slow oven) or until lightly brown and firm when touched in the center. Serve immediately. Serves 6.

Secretary of State John Ben Shepperd (seated, left) takes from Dr. W. M. Gambrell of Austin, president of the State Medical Association of Texas, the application for extension of a 50 year charter which founded organized medicine in Texas in 1901. The Medical Association seeks to extend its charter a second half-century. Standing (left to right) are trustees of the Association... which numbers more than 6,900 physicians and surgeons... Drs. F. J. L. Blasingame, Wharton; T. C. Terrell, Fort Worth, chairman of the board; Merton M. Minter, San Antonio, vice-chairman;

and G. V. Brindley, Temple; and Tod Bates, Austin, executive secretary. Missing from the picture is Dr. E. A. Rowley of Amarillo, secretary of the board. Original incorporators of the Medical Association in 1901, all now deceased, were Drs. B. E. Hadra, Dallas; Taylor Hudson, Belton; R. F. Miller, Sherman; H. P. Cooke, Galveston; and H. A. West, Galveston. Approximately 100,000 charters have been issued by the Secretary of State between the first medical charter and its first half-century extension, Shepperd said.

CLOSE BATTLE ACTION—Marine ground troops attack Communists in a valley where planes have dropped napalm on enemy concentration. A plane zooms skyward through the smoke after dropping its bombs.

Mrs. Elliott New Telephone Chief

Mrs. Iva K. Elliott is the new chief operator at the local exchange of the Southwestern Associated Telephone company. She recently succeeded Mrs. R. C. Wells Sr., the former Mrs. Mestie Hawkins.

Mrs. Elliott has been with the local exchange for several years.

DIXIE H. D. CLUB NEWS

The Dixie Home Demonstration Club met Wednesday, March 7th, with twenty members present at the home of Mrs. E. J. Cooper in Taboka.

Roll call was answered with "Our Favorite Candy."

Mrs. Carl Spears and Mrs. Chas. Schulz were very successful in their Candy making demonstration.

The hostess served cake and ice cream along with the candy that was made to the members present.

The next meeting will be on Wednesday, March 21, with Mrs. G. L. Cobb. —Reporter.

Mrs. G. W. Boyles of McCamey, mother of Mrs. Chester Roan of this city, fainted, fell, and fractured three ribs while boarding a bus at Lamesa Monday. She was on route home after spending about two weeks here visiting.

CLAUDE THOMASES WILL VISIT SOUTH CAROLINA

Mr. and Mrs. Claude Thomas of Grassland expect to leave this week end for Sumter, South Carolina, to visit their son, Billy Loren, who is stationed at Shaw Air Base near there. They will also visit relatives in Alabama while en route. They are taking Billy Loren's car to him and expect to fly back home.

Mrs. Thomas' mother, Mrs. R. B. McCord, will accompany them as far as Dallas, where she will visit her youngest daughter, Mrs. Tom Moss.

CARD OF THANKS

We deeply appreciate the many kindnesses shown us during the illness and death of our father. We wish to thank those who sat up with him before his death, those who prepared the dinner, those who sent flowers, and all others whose acts helped lessen our burden of sorrow. May God's blessings be on all of you. — Valton Harris and family, Mrs. Vernon Cook and family.

STRETCH RUBBER WITH SODA

It's time to start taking especially good care of household items that may be hard to replace. Rubber goods, for example. To keep rubber gloves and bathing or shower caps from sticking together, between uses, dust them generously, inside and out, with baking soda. Use a soda solution — 3 tablespoons soda to a quart of water — to rid other items made of rubber of fat and oil which disintegrate it — baking soda emulsifies the grease and makes it easy to wash away.

Mr. and Mrs. D. J. Pennington, Mr. and Mrs. Johnny Kirkhan, and George Hicks returned home Monday from a week's visit with relatives at Arkadelphia, Ark.

Cotton will be planted in 228 Texas counties this year. Farmers are urged to follow the recommendations outlined in the 7-Step Cotton Program for better yields, higher quality and more efficient production.

The first Turkish soldiers to die in U.S. Army hospitals from combat wounds were buried with full United Nations honors in Tokyo on December 12, 1950.

The U. S. Navy cleared the 140 miles of Chinnampo channels in Korea of enemy mines without loss of life or damage to ships.

The British frigate HMS Mounts Bay steamed more than 9,000 miles as part of the United Nations naval force in Korean waters in three months.

Largest brakes in the low-price field!

The Smart New Styleline De Luxe 4-Door Sedan
(Continuation of standard equipment and trim illustrated is dependent on availability of material.)

Yes, Jumbo-Drum Brakes . . . extra smooth, extra safe . . .
...another reason why more people buy Chevrolets than any other car!

You and your family will enjoy special safety in Chevrolet for '51—America's largest and finest low-priced car.
You'll know this the minute you test its new, more powerful Jumbo-Drum Brakes—largest in the low-price field! They're extra smooth, positive and safe; they provide maximum stopping power with up to 25% less driver effort; they combine with many other Chevrolet safety factors to give you the fullest measure of motoring protection.

And you'll enjoy a special kind of performance and driving ease in this car, too. For it's the only low-priced car that offers you your choice of a mighty 105-h.p. Valve-in-Head engine, teamed with the time-proved Powerglide Automatic Transmission,* for finest no-shift driving at lowest cost. Or the brilliant standard Chevrolet Valve-in-Head engine, teamed with Silent Synchro-Mesh Transmission, for finest standard driving at lowest cost. Come in, see and drive it!

AMERICA'S LARGEST AND FINEST LOW-PRICED CAR!

CHEVROLET

*Combination of Powerglide Automatic Transmission and 105-h.p. engine optional on De Luxe models at extra cost.

SCS Report For Year Impressive

Steady progress was made during 1950 in conserving Lynn county soils and total figures present an impressive picture, the annual report recently made by the Lynn County Soil Conservation District No. 119 by Vice-Chairman C. C. Swope and Secretary Kay K. Moore of the Board of Supervisors shows.

The first application for work was received on November 29, 1942, and the first cooperative agreement was approved on February 20, 1945.

Since that time, through last December 31, a total of 737 applications, covering 270,950 acres, of which 538 agreements involving 164,029 acres have been approved. There now are 550 active district cooperators covering 157,568

acres.

89 Farmers Aided

During 1950, 89 agreements were approved covering 25,188 acres of Lynn county lands.

During the year, technicians of the SCS assisted the district in preparing conservation plans of 89 farms, and made farm-planning surveys on 9,890 acres, a grand total to date of 268,204 acres.

They also assisted district cooperators in establishing practices to the following extent:

Establish. 1950	To date
Contour farming	19,660 112,872
Cover cropping	27 705
Crop residue management	29,125 99,227
Strip cropping	9 2,363
Range improve-	

ment	0	6,406
Seeding range	9	938
Farm ponds	0	8
Terraces, mites	366	2,195
Diversions, mites	8	21
Irrigated land preparation	258	1,333
Improved water application	4,190	19,967

The work of the district has been publicized through the local newspapers, the Lubbock papers, radio stations, and farm magazines.

Results Are Listed

Quotations, as follows, from the report indicate some of the results of the work:

"The restricted cotton acreage during 1950 and late spring moisture caused a considerable increase in crops such as grain sorghums. These crops left more protection to the land from wind erosion as the farmer could harvest earlier and prepare land giving the maximum protection from wind erosion and leaving the land in condition to make maximum use of moisture. Although it is dry, there is more protection from wind erosion than in several years.

"Fred Nolan, one of our District cooperators, terraced his 160 acre farm last spring with adequate broadbase terraces. He stated that he made approximately 14 bales more cotton by having retained the moisture from one rain.

"L. W. Cannon completed terracing 1,154 acres' last spring. He stated he feels he increased his production 25 percent for the entire farm.

"Most all cooperators are reporting that their terraces, contour farming, and level bench borders are preventing damage from water erosion. Due to rains of high intensity, the farmers realize more than ever the importance of these practices to prevent water erosion.

Most Successful Year

"Interest has shown a greater increase in the past year than ever before. From the standpoint of conservation farming, this has been our most successful year since the beginning of the district.

"Eleven farmers living northwest of New Home won the regional award of \$200.00 as the outstanding conservation group for the High Plains region sponsored by the Fort Worth Press.

This group has stimulated interest throughout the district in all phases of conservation practices by their cooperation with each other and initiating work on several phases of conservation activities.

Outstanding Farmer

"C. C. Eades won the award as the outstanding farmer for the District in the Save the Soil and Save Texas contest sponsored by the Press. He is doing an outstanding job in the establishment of a complete soil conservation program on his farm. Mr. Eades is also a member of the Northwest New Home group."

Cooperation Given

The report cites the excellent cooperation of the Lynn County Commissioners' Court, the business men, and the Tahoka Chamber of Commerce.

The District has presented its program to the people through an educational committee composed of the school and veterans' vocational agents, FHA, PMA, SCS and Home Demonstration and County Agents; newspaper articles, one conservation tour, four conservation educational meetings, a land leveling demonstration and irrigation field day, playing of tape recordings of interviews with farmers over radio stations, etc.

In addition to many other aids, the County agent assisted the District by helping 10 farmers lay out terraces, 30 farmers with cover and green manure crops, 100 farmers with irrigation advice, and 100 farmers with contour farming. The H. D. Agent rendered valuable assistance, and aided 160 farm families with landscaping.

The Production and Marketing Administration cooperated by setting up payment for conservation practices.

Vocational Agriculture teachers have helped by explaining the work of the district and pointing out the values of soil conservation.

tion. Veterans' Vocational School teachers have spent much time on the subject of soil and moisture conservation, and have otherwise aided in a number of ways.

Farmers Home Administration has also stressed the work, and many of its farmers are District cooperators.

Needs Are Cited

The District Board of Supervisors has purchased movie equipment to develop the 1951 educational program. Through more technicians are needed, the SCS technicians have done an outstanding job as evidenced by the fact that the district won fourth place in the Fort Worth Press Save the Soil and Save Texas contest. The district plans to purchase one complete set of visual aid equipment, two Higley land planes, two small carryalls, and two grass seed drills. The board is not able to buy enough equipment, but it is hoped many farmers will purchase their own equipment to do their own work with farm type tractors.

Receipts and Expenditures

The report closes with the statement:

"As of January 1, 1950, the District has \$146.66 and received for use of equipment \$42.80 and received \$300.00 for Fort Worth Press awards. The expenditures were \$15.30, leaving a balance of \$483.96.

"In the Lynn County Soil Conservation District State Fund, \$18,475.50 was allocated to the District from appropriation of House Bill No. 97."

THE LYNN COUNTY NEWS, Friday, March 9, 1951

When Nasty Colds Leave You WEAK AND RUNDOWN HADACOL CAN HELP

If Your System Lacks Vitamins B₁, B₆, Niacin and Iron, Which HADACOL Contains

When a nasty cold leaves you in a weakened and run-down condition, HADACOL can help build you up if your system is lacking in Vitamins B₁, B₆, Niacin and Iron, important elements contained in HADACOL. Many folks have found that this fine family formula helps overcome these deficiencies and soon they feel good again.

Mrs. A. Jimenez, 141 East 13th St., Port Arthur, Texas, gave HADACOL to her young son, Floyd, after he had recovered from a bad cold when she heard how HADACOL was helping folks suffering from deficiencies of Vitamins B₁, B₆, Niacin and Iron. It helped him so much in regaining his strength and energy that Mrs. Jimenez says she is always going to have HADACOL on hand for Floyd.

Here is Mrs. Jimenez's statement:

"My son Floyd was very subject to colds. He's eleven years old, and he was run-down, didn't seem to have an appetite at all, and just simply lacked energy. I heard about HADACOL on the radio, and it was about this time that Floyd was just

recovering from a siege of a bad cold. He was very run-down, lacked an appetite, and I started giving him HADACOL. After about a bottle and a half I could notice an improvement. His appetite picked up and he had increased strength. I think HADACOL has done wonders for Floyd, and can't praise it enough. I have continued to give him HADACOL and intend to always have it on hand for Floyd."

Floyd Jimenez

Men, women and children of all ages are praising HADACOL for supplying Vitamins B₁, B₆, Niacin and Iron which their systems lacked. Don't let that "After-Cold Run-down Feeling" drag you down—HADACOL can help you, too, if you suffer such deficiencies.

Sold on a strict money-back guarantee. You'll feel great after the first few bottles you take or your money back. Trial size, \$1.25 large family economy size, \$3.50.

W. A. Treadway Dies In Amarillo

(O'Donnell Index-Press)

Funeral services were read Tuesday afternoon at 4:00 p. m. for W. A. (Bill) Treadway, age 66, at the O'Donnell Church of Christ with Minister Arthur L. Golden of Amarillo officiating. Burial followed in the local cemetery.

Mr. Treadway, who lived here until about ten year ago, passed away suddenly at 9 a. m. at his

Wynne Collier Is Rotary Speaker

A review of Dale Carnegie's book, "How to Win Friends and Influence People," by Wynne Collier at the Tahoka Rotary Club last Thursday made an interesting and helpful program.

A saxophone quartet composed of Sue Williams, Patricia Inman, Juanita Holton and Jerry Cain played several numbers.

Junior Rotarians for the month are Jimmy Drager and Danny Lockaby.

Mrs. Frank Stewart underwent an eye operation in a Lubbock hospital Tuesday of this week. She returned home Wednesday.

N. M. Wyatt, who is operating the Scurry Cafe in North Snyder, was here Monday on business for a few hours.

home in Amarillo.

He was born September 22, 1884 and moved to this area in 1906, establishing the Treadway post office 16 miles east of town in Borden county near Mesquite. He was one of O'Donnell's first druggists, buying out a Mr. Thomas of Tahoka. He was an active and well liked business man here for several scores of years.

He is survived by his wife and three sons.

THE AMERICAN WAY

The Sicmess Twins

Don D. Cowan On Lubbock Team

Don D. Cowan, son of Mrs. Florence Davies of New Home and a former athlete at Tahoka High, where he graduated, is a member of the Thomas Tinkers independent basketball team at Lubbock which last week won the TAAF District 2 championship. They will represent this section in the State tournament at Houston.

He is the only member of the squad who is not an ex-college star. In fact, the team boasts two former All-Americans, J. W. Malone and Hank Decker. Don D. was a star on the Tahoka High team, but his first year in Tech he could not find time to come out for the sport. He is an agriculture major there.

The Tinkers eeked out a 49-48 victory over Sundown Oilers to win the tournament finals. Last Monday night, many Tahoka people saw them play the famous

Central Baptist Plans Revival

Central Baptist Church, 11 miles east of Tahoka on the Post Highway, will have a one-week revival meeting beginning next Sunday, March 11, according to Rev. D. D. Shaw, the pastor.

Rev. J. C. McKenzie of Carlton will do the preaching.

People of all denominations in this area are cordially invited.

Bill Burkhardt of Tahoka and Bobby Franks of Lubbock but formerly of Tahoka were among those leaving Lubbock on Tuesday for Albuquerque to take their Naval physical examinations.

The Yale swimming team is seeking its fifth straight Eastern Intercollegiate title this winter.

Harlem Globetrotters in Lubbock, and Don D. gave a good account of himself in playing all the sepleond half.

Claud Wells

(Cont'd. From Page 1) farm six miles west of Tahoka, on which he and Mrs. Wells have been living since and raising some fine Herefords along with their farming operations.

He had long been actively associated with Tahoka and Lynn county civic and farming organizations, and at the time of his death, he was acting president of the newly organized Puka-Lambro Rural Telephone cooperative, designed to serve the rural areas of several South Plains counties.

He was a director of Consumers Co-op Ass'n, a member of the board for several years of Farmers Coop No. 1 of Tahoka, and a member of Texas Hereford Association.

Mr. Wells had not been well recently and had rented out his farm to his son George Claud. A week ago last Monday he suffered a severe heart attack, and was carried to Treadway-Daniell Hospital in Brownfield, where he died Friday afternoon.

Burial services were: Harvey Lee Duckett, Elmer Sproules, Robert Noble, Bobby Carroll, and G. B. Sherrod.

In addition to his wife, he is survived by the son and two daughters, Mrs. Fred (Marjorie) Crozier of Fort Worth, and Mrs. Lloyd (Barbara) Crawford of Tahoka; four grandchildren; five sisters, Mrs. Nona Tomlinson, Mrs. Zilla McCoy, Mrs. M. H. (Nettie) Edwards, Mrs. O. C. (Bernice) Roberts, and Mrs. J. W. (Frankie) Fenton; four brothers, E. T. of O'Donnell, R. C. and Karr of Tahoka, and Jack of Denver City; and other more distant relatives.

Man Jailed On Forgery Charge

Sheriff "Slick" Clem returned Tuesday from Kerrville, where he went to take custody of a man wanted here for forgery.

The man is Cecil Bana, about 30, who is alleged to have passed a check for \$12.00 at O'Donnell.

Local officers picked up eight gamblers and three drunks over the week end, all of whom paid fines in Justice Court.

One man was fined \$100 and costs in County Court on charges of aggravated assault.

Mr. and Mrs. O. C. Elliott made a business trip to Austin last week end.

Stock Show

(Cont'd. From Page 1) ed the grand champion fat lamb. First place winners in the fat calf classes received \$10.00 cash premiums, and other prizes ranged down to \$2.00 for 10th place. First place winners in the various barrow and sheep classes received \$6.50 cash, and premiums ranged to \$1.00 for fifth place.

However, Lynn county businessmen and farmers, headed by Dale Thuren, had made up a "pot" totaling \$2,024.00, and each boy showing in the livestock show was awarded an additional premium per copy of \$16.00 for fat calves, \$8.00 for barrows, and \$8.00 for lambs.

All the animals shown here are eligible for entry in the annual South Plains show at Lubbock next week, and most of them will enter there and have their stock auctioned off at the end of that show. However, three boys, Jerry Cain, Chester Watley, and Ralph Mires, took their calves to the Odessa show this week and will not show at Lubbock.

Complete results of the show may be found in the second section of The News this week.

Poland Chinas
 Champion: Melvin Edwards.
 Heavy Poland Chinas: 1 and 2. Melvin Edwards, Wilson 4-H; 3. Tillman Curry, New Home FFA.
 4. Bennie Brookshire, Tahoka (Cont'd. On Back Page, Sec. 2)

In 1950, over one million Texas turkey hatching eggs were shipped to 34 states, Canada, and Mexico.

First Navy aircraft catapulted from a shipboard-type catapult was piloted by Lt. Ellyson on Nov. 12, 1912.

SECOND SECTION

The Lynn County News

TAHOKA, TEXAS.

FRIDAY, MARCH 9, 1951

PMA And Soil Conservation Service Join In Planning Future Programs

County offices of the U. S. Department of Agriculture dealing with conservation and county PMA committee and local technicians of the Soil Conservation Service will work together in determining policies and programs having to do with soil and water conservation, says R. A. Kahlich, chairman of the Lynn County PMA Committee.

Explaining the effect of the reorganization recently announced by Secretary of Agriculture Chas. F. Brannan, Mr. Kahlich says that, according to the information he has received, the PMA Committee will continue to administer the Agricultural Conservation Program but will cooperate with the governing body of the soil conservation district in carrying on conservation work. The County Agent and the county supervisor of the Farmers Home Administration will be invited to take part in determinations on county policies and programs.

The Soil Conservation Service technicians will direct the technical phases of the permanent-type soil conservation work and will make recommendations to the PMA committee as to the proper way to carry out permanent-type technical soil conserva-

tion practices under ACP. In effect, the reorganization formalizes the close working relationship that has already been developed in many counties.

The reorganization also is a step toward bringing together in one office or building the administrative personnel for both PMA and SCS.

Mr. Kahlich says that arrangements will be made to maintain these offices open to the public on Saturday.

The conservation programs of the Forest Service, Soil Conservation Service and PMA at the district level will be supervised by an Assistant Secretary of Agriculture. Under his supervision, these agencies will jointly determine the soil conservation practices and dates of payment for the Agricultural Conservation Program. These are decisions for which PMA has had sole responsibility, although in practice PMA has consulted the other agencies.

In each State, policies and programs of the Department, having to do with soil and water conservation will be decided jointly by PMA, SCS, and Forest Services, with assistance from cooperating State Colleges and other designated State agencies. The State PMA chairman is charged with the responsibility of taking the initiative in this program planning.

Woods Jewelry Has New Man

Milton E. Taylor, formerly of Lubbock, has accepted a position as watchmaker with Woods Jewelry here. He has a wife and a baby girl.

Mr. Taylor has had several years experience as a watchmaker, jeweler and engraver, is a graduate of Midwestern University where he majored in horology, jewelry repairing, and diamond setting, and Mr. Woods feels he is very fortunate in securing the services of a man with such training.

Seven Fishermen "Bring Home The Bacon"

Seven Tahoka men returned home last week end from Don Martin Lake, down in Old Mexico, with 400 to 500 pounds of fish.

Those making the trip included Clois Leverett, Sam Aly, James

Carter, Carl and Durwood, McClintock, W. O. (Slim) Morgan, and Kermit Brown.

Naturally they had a great time. It was the first time in 35 years that Slim Morgan had been fishing. The News is informed.

Savings up to 50 percent can be made if the growing boy's shirts, pajamas and shorts are made at home.

First landing aboard a ship in Naval aviation was made aboard the USS Pennsylvania on Jan. 18, 1911.

Mr. and Mrs. A. L. Smith announces the coming marriage of their daughter, Wanda Faye to S/Sgt. Louis W. Hyatt. The wedding will be April 1, at 3:30 p. m. in the Thokoa Baptist Church.

LET'S PLAY CANASTA!

YOU as North were first to meld, and now you are first to get the pack in the game of Canasta fully described in eight articles, of which this is the fifth.

Any number of natural cards may be laid off on a meld (added to a meld on the table). Furthermore, a player may take the pack (when unfrozen) to lay off the upcard on a meld of his side. No card may be laid off on a meld belonging to the opponents.

Turn 3. After West draws, he discards a 9. You decide to take the pack. You expose the 9-2 from your hand, put the upcard with it to complete the set, then take the rest of the pack into your hand, getting K, 7, 6, 5, 4, 8, 5, 4.

The upcard may be taken only to be melded or laid off in the same turn. Having melded the upcard, the player takes the rest of the pack into his hand and may then meld all the additional cards he pleases.

The pack is frozen for a side before it has made its initial meld. It is frozen for both sides so long as it contains a wild card or a red troy. (If such a card is turned for the first upcard, additional cards are turned over on it until a natural appears.)

When the pack is frozen, it may be taken only by matching the upcard with a natural pair from the hand. But a player for whom it is not frozen may take it either this way or by matching the upcard with one natural card, using a wild card to complete the set. Also, when unfrozen, the pack may be taken to lay off the upcard.

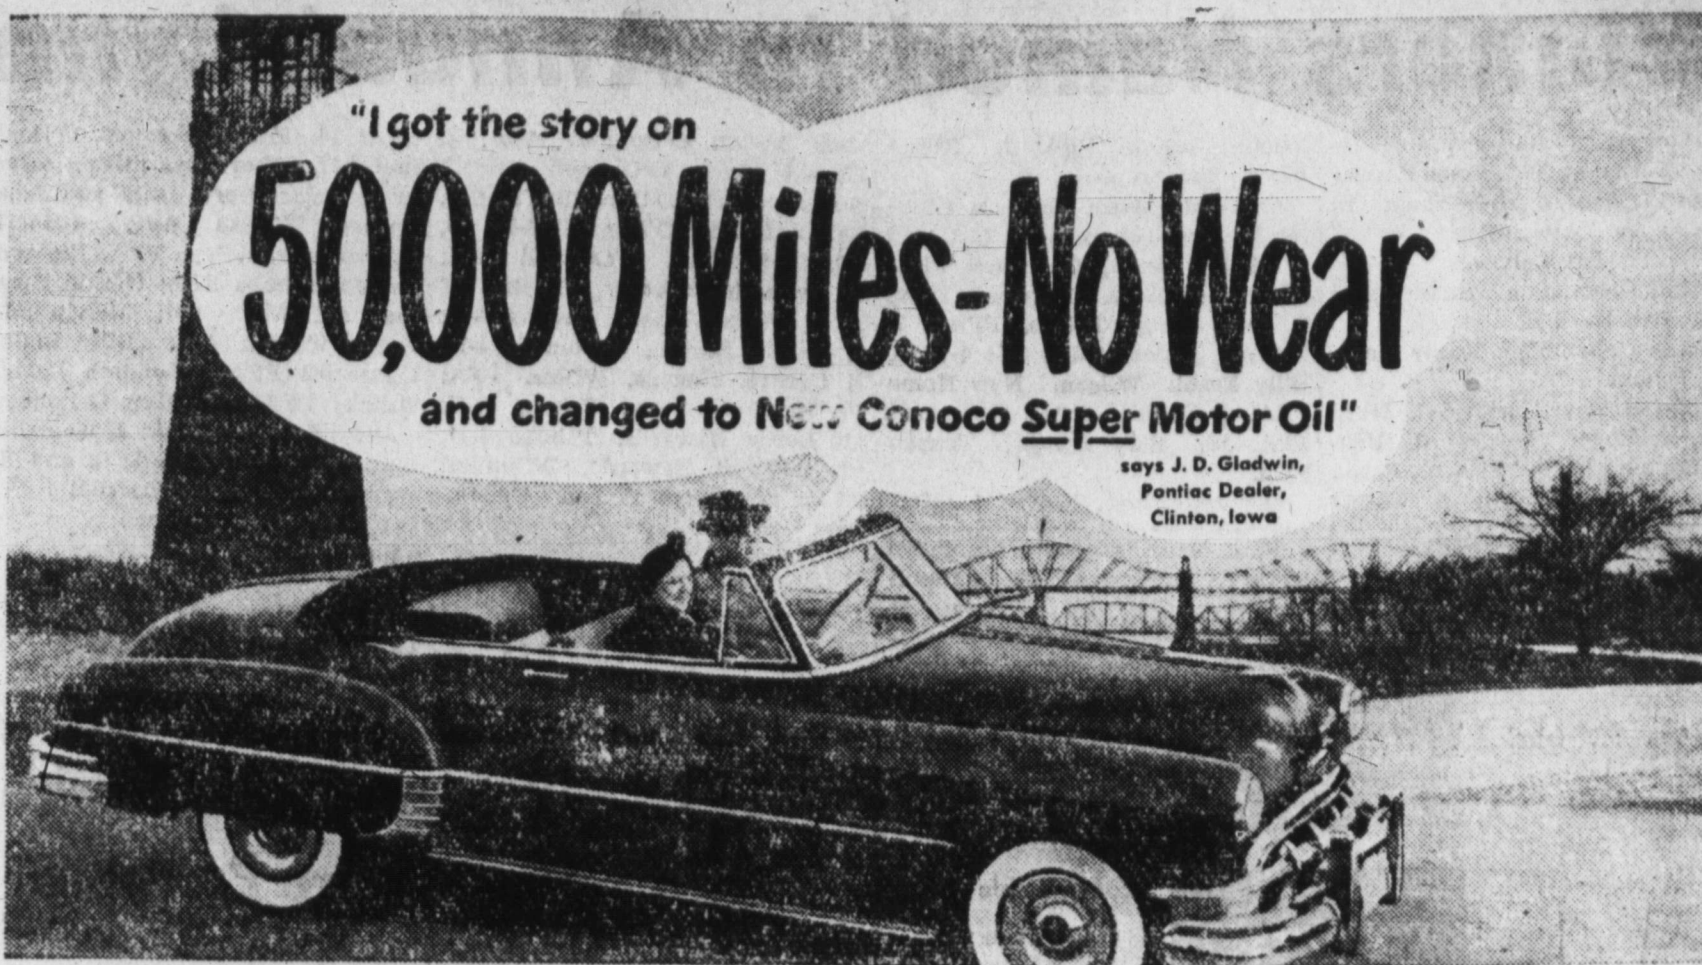

The pack may not be taken at all when the upcard is a wild card or black troy.

This turn brings out the real reason for melding the aces in Turn 2. By making an initial meld you unfreeze the pack for your side, though it remained frozen for the opponents until last melded his queens.

The week of March 3-11 is National 4-H Club Week. More than 118,000 Texas 4-H club members will join with the nearly 2 million members in the nation in observing the week.

Don't forget to include a home garden in the plans you are making now covering the things to be done this spring. The garden can easily supply many of the vegetables your family will need for an adequate diet.

It is estimated that every active automobile thief steals approximately six cars a month.

"I got the story on
50,000 Miles-No Wear
and changed to New Conoco Super Motor Oil"

says J. D. Gladwin,
Pontiac Dealer,
Clinton, Iowa

"THE LOWEST OPERATING COST IN 12 YEARS in the Yellow Cab business—that's what we got when we changed to new Conoco Super Motor Oil," reports J. O. Jackson, Owner-Manager, Tyler, Texas. "Our operations are day and night the year around—a tough job for a motor oil. I recommend Conoco Super."

"AFTER AN OVERHAUL JOB, MY CUSTOMERS who change to Conoco Super Motor Oil have no difficulty driving their cars 50,000 to 75,000 miles without any more work on them," writes R. K. Comstock, Garage Owner, Oklahoma City, Oklahoma. "Conoco Super keeps engines clean and cuts way down on wear."

"50,000 MILES-NO WEAR!"—PROVED HERE:

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence. In fact, an average of less than one one-thousandth inch on cylinders and crankshafts.

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, use less gasoline and oil.

Legal Notices

NOTICE OF ELECTION FOR THE INSURANCE OF BONDS

The State of Texas, County of Lynn. To the resident qualified electors of Lynn County, Texas, who own taxable property in said County and who have duly rendered the same for taxation: Take Notice that an election will be held on the 24th day of March, 1951, within Lynn County, Texas, to determine if said County shall issue Courthouse and Jail Bonds, and if a tax shall be levied on all taxable property within said County sufficient to pay the interest on said bonds and create a sinking fund sufficient to pay the principal thereof at maturity, in pursuance of an Election Order made and entered by the Commissioners' Court of Lynn County, Texas, on the 5th day of March, 1951, and which order is in words and figures as follows:

Order of the Commissioners' Court Ordering County Courthouse and Jail Bond Election to be Held in Lynn County, Texas

The State of Texas, County of Lynn. On This, the 5th day of March, 1951, the Commissioners' Court of Lynn County, Texas, convened in special session, at the regular meeting thereof, on the 5th day of March, 1951, and Courtroom at Tahoka, Texas, there being present, and in attendance the following members, to-wit: W. M. Mathis, County Judge,

President; and Clarence Church, Commissioner, Precinct No. 1; C. W. Roberts, Commissioner, Precinct No. 2; W. F. McLaurin, Commissioner, Precinct No. 3; G. W. Turner, Jr., Commissioner, Precinct No. 4; and among other proceedings had were the following:

Whereas, the Commissioners' Court of Lynn County, Texas, deems it advisable to submit to the resident qualified taxing voters of said County, who own taxable property in said County and who have duly rendered same for taxation, propositions for the issuance of bonds of said County, for the purpose hereinafter stated; therefore

Be it ordered by the Commissioners' Court of Lynn County, Texas: That an election be held in said County on the 24th day of March, 1951, which date is not less than Fifteen (15) nor more than Thirty (30) days from the date of the adoption of this order, at which election the following propositions shall be submitted to the qualified taxing electors who own taxable property in said County and who have duly rendered the same for taxation, for their action thereupon:

Proposition Number 1. "Shall the Commissioners' Court of Lynn County, Texas, be authorized to issue the bonds of said County in the principal sum of Ninety Thousand Dollars (\$90,000), to mature serially within any given number of years not to exceed Twenty-Five (25) years from date thereof to bear interest at a rate not to exceed Three per Centum (3%) per annum, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to pay the principal thereof at maturity, for the purpose of erecting the County Jail to be located in the City of Tahoka, in Lynn County, Texas, the County seat of said County, pursuant to authority conferred by Chapters 1 and 2, Title 22, Revised Civil Statutes of 1925?"

and at the County Courthouse, not less than fourteen (14) days prior to the date on which said election is to be held, and be published on the same day in each of two successive weeks; in the Lynn County News, a newspaper of general circulation, published in the County of Lynn, the first of said publications to be made not less than fourteen (14) days prior to the date set for said election.

Proposition Number 2

"Shall the Commissioners' Court of Lynn County, Texas, be authorized to issue the bonds of said County in the principal sum of One Hundred Ten Thousand Dollars (\$110,000), to mature serially within any given number of years not to exceed Twenty-Five (25) years from the date thereof, to bear interest at a rate not to exceed Three per Centum (3%) per annum, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to pay the principal thereof at maturity, for the purpose of erecting the County Jail to be located in the City of Tahoka, in Lynn County, Texas, the County seat of said County, pursuant to authority conferred by Chapters 1 and 2, Title 22, Revised Civil Statutes of 1925?"

All Voters who are legally qualified voters of said Lynn County, Texas, and who are resident property taxpayers of said County and who have duly rendered their property for taxation, shall be entitled to vote at said election. The election shall be held under the provisions of Chapters 1 and 2, Title 22, Revised Civil Statutes of 1925, and the Constitution and laws of the State of Texas.

It is Further ordered that the ballot for said election shall be prepared in sufficient number and in conformity with House Bill Number 357, passed by the Fifty-First Legislature in 1949, and that printed on such ballots shall appear the following propositions:

"For the issuance of bonds and the levying of the tax in payment thereof, as submitted in Proposition Number 1."

"Against the issuance of bonds and the levying of the tax in payment thereof, as submitted in Proposition Number 1."

"For the issuance of bonds and the levying of the tax in payment thereof, as submitted in Proposition Number 2."

"Against the issuance of bonds and the levying of the tax in payment thereof, as submitted in Proposition Number 2."

Legal holiday work shall be paid for at the regular governing rates. Plans and specifications available at the office of H. Bruce Bryse, Resident Engineer, Lubbock, Texas, and Texas Highway Department, Austin. Usual rights reserved. 23-2tc

NOTICE NO. 111

In The Matter Of The Guardianship Of Edwin Jones And Jacqueline Jones, Minors. In County Court of Lynn County, Texas.

The above order having been read in full, it was moved by Commissioner Turner, and seconded by Commissioner Church, that the question be called for, the following members of the Court voted "AYE": Commissioners Church, Roberts, McLaurin and Turner; and none voted "NO".

Witness the signatures of the members of the Commissioners' Court of Lynn County, Texas, this 5th day of March, 1951.

The Above and foregoing Notice is issued and given by me pursuant to authority conferred by the above and foregoing order of the Commissioners' Court of said County, and I hereby certify that the above and foregoing is a full, true and correct copy of the Order of said Court, ordering said bond election, and also the Minutes showing the passage thereof. (C.M. Cr. Seal)

Witness My Hand and the Seal of the Commissioners' Court Affixed, this 5th day of March, 1951.

Beulah Padmore, County Clerk and ex-officio Clerk of the Commissioners' Court of Lynn County, Texas. 23-2tc

A Preacher's Point of View

BY LEE RAMSOUR,
Pastor First Baptist Church

These Terrible Young People
Some have the idea that our young people are going to the dogs, I don't believe it. When boys will, of their own leadership and choosing, pray before a bill game—pray to win, but pray to be able to play fair and be good sportsmen in victory or defeat, they have a quality that would be valuable to every one of us.

When girls will put right above selfish desires and pleasures, they are headed in the right direction.
Do you ask, "Where are boys and girls like these?" They are right here in Tahoka. If you would like to meet some of them, come around and I'll introduce you to the "Hope of the World," good, clean, thinking, young people with ambition and zeal.
Our boys and girls are fine young people. Let's help them every way we can.

MRS. COBB IMPROVING
Mrs. J. H. Cobb is improving nicely from her recent illness, according to Mrs. Sue Robertson, her daughter. Mrs. Cobb is enjoying more than ever before the reading of her Bible and other books, Mrs. Robertson says.

The U. S. Air Force Combat
Log: Command identified 91,000 tons of supplies to United Nations forces in Korea the first three months of operations.

FFA: Kenneth and Brian Stone,
Tahoka 4-H; Ralph Mires, Tahoka 4-H.
