## Plans Complete For Rodeo Next Week

Tahoka Jaycees and Tahoka Roping Club members have plans complete for the 2nd Annual Jaycee Rodeo which will be held at the arena south of town Friday night, Saturday afternoon, and night of next week.

The famous bucking stock of "Goat" Mayo will be used, and cowboys from a wide area are expected to enter the saddle and bareback bronc riding, bull riding, and bulldogging, and calf roping contests. There will also be a sponsors contest, and clown and specialty acts.

Friday afternoon at 4 o'clock, a big parade is planned featuring the Tahoka, Post and O'Donnell Bands, the local Sheriff's Posse and also several visiting posses, merchants, and organization floats. All businesses are urged to enter a float in the parade.

The Jaycees are sponsoring a free street dance on the east side of the square Thursday night preceding the rodeo, and following the rodeo performances Friday and Saturday nights there will be a Western dance at the skating rink featuring "Fiddling 'Sim" Short's band.

Tuesday and Wednesday booster trips will be made during which most of the South Plains will be covered and a program featuring an orchestra presented in each town visited. Everyone is invited and urged to make this trip, enjoy the fun, and help advertise the show. The boosters will leave the court-house each morning at 8:30 o'clock.

Jaycees have strung banners across the streets in Tahoka advertising the show and are also distributing circulars and placards over a wide area.

The two clubs ask that everyone dress in Western clothes the next few days and help advertise the 1951 show, which gives promise of being one of the best ever held in this area.

## Tahoka Band Wins Recognition

A special assembly was called at Tahoka High School Monday during activity period to recognize winning band students at the Interscholastic League contest in Canyon last Thursday, and to present certificates of award and medals to these students. Bill Tregoe, band director, was in charge.

Entries in three classes of contests, first, second, and third, received divisional ratings, none lower than third class in the entire participation.

Winners are as follows:

Class II, Division I, twirling trio: Tommie Whorton, Joyce Weaver, Joy Hamilton; Division II, twirling solos, Joy Hamilton, Joyce Weaver; instrumental solo, Jerrie Lemond; Division II, twirling solos, Tommie Whorton and Carolyn Collier.

Class II, Division I, Paxton Hutchison, Harold Hamilton, Jerry King; Division II, Patricia Inman, Jerry Cain; Division II, Margie Curry, Sue Williams, Nancy Nowlin.

Class III, Division I, Marianna McGinty, Wilma Scott, Othelda Freeman, Margie Curry, Kay Mitchell; Division II, Betty Phipps; Division III, Martha Prohl.

Two metal plaques for rating Class I, Division I, in marching and concert playing were awarded the band, being presented to Dot Durham, drum major, and Betty Huddleston, band president, by Mr. Tregoe.

## Three Injured In Car Wreck

Three Tahoka youngsters were injured, none critically, when the car in which they were riding overturned on the highway curve at Woodrow at about 8:30 p. m. Saturday.

They are: Jerry Dean Williams, 13, son of Mr. and Mrs. Carl Williams, and driver of the car; Nancy Sue Sargent, 13, daughter of Mrs. Clyde Sargent; and Betty Lee Smith, 14, daughter of Mrs. Sherman Russell.

Nancy Sue Sargent is in a Lamesa hospital with two breaks in her pelvic bone. Betty Lee Smith is in a Lubbock hospital with a severe chest injury, which doctors believe will clear up in a few days. Jerry Dean, who received a fractured right leg just above the ankle, was able to come home from a Lubbock hospital early this week.

The three teen-agers were en route to Lubbock. Jerry Dean thinks he was driving a little fast. As the car rounded the curve, the right wheels ran off onto gravel edging, he lost control of the machine, and it rolled over and came to rest out in a field.

## May Start Bangs Testing Program

Another Bangs disease testing program will be made available to Lynn county farmers in the near future if enough dairy cows are signed up for testing to make the program feasible.

County Agent Bill Griffin requests that all farmers desiring to have their milch cows tested sign up either with him or with any of the Veterans' School teachers in the county.

At least fifty cows are needed for testing to make the program a success and \$2.00 per head will be charged for the service.

## Senior Class Will Have Box Supper

Townpeople, parents, and students are invited to come and bring a box to the box supper sponsored by the Senior Class of Tahoka High School tonight, Friday, at 8:00 o'clock in the Legion Hall, according to Jess Miles, senior sponsor.

Prizes, contributed by the local merchants, will be awarded for the five prettiest boxes, and entertainment will be furnished before the boxes are auctioned.

## Telephone Plans To Washington

Pre-allotment work on the proposed Poka-Lambro Rural Telephone Cooperative system moved another step toward final approval last week-end, according to Sam Allen, cooperative coordinator.

The engineers' plans and figures, together with maps of the four exchange areas (Southland, Tahoka, O'Donnell, and Lamesa), showing exact locations of subscribers and also prospective patrons were mailed to Washington, D. C., Saturday morning.

Richard Richter, regional head of the Applications and Loans Division, REA, of Washington, was here Friday and examined and passed on the plans. He complimented highly the local co-op, for the fine shape in which he found the plans.

Mr. Allen talked to Stuart McCabe of the REA in Washington Wednesday, and Mr. McCabe told him they would start immediately a study of the cost estimates, plans, maps, etc., of Poka-Lambro.

Wendell Bedichek of Abilene, above, will become associated with West Texas Chamber of Commerce on June 1. Fred Husbands, general manager has announced.

Bedichek, public relations director of Abilene Christian College, has been associated with the Gladewater Daily Mirror, Abilene Reporter-News, and Big Spring Herald at various times over a period of 25 years, and has long been prominent in Abilene and West Texas civic affairs.

## Wells Citizen Is Gunshot Victim

W. O. Barnes, about 58, night-watchman at Well gin, died at about 6:30 a. m. Thursday in a Lamesa hospital after having shot himself with a .22 rifle at his home at about 3:30 a. m.

According to a brother-in-law, T. L. Houston, Mr. Barnes had been in ill health. A few days ago his wife learned that she had tuberculosis, and it is believed he was despondent over their condition.

During the night, he evidently got up, went into an adjoining room, sat down in a chair, and shot himself. The bullet entered the mouth. Mrs. Barnes was not awakened by the shot, but a pet dog jumped in her bed and awakened her. She found her husband still alive, bleeding at the mouth. Marvin Ratliff carried him to the hospital in Lamesa, where he died three hours later.

The body was brought to Stanley Funeral Home. Services will be held at Honey Grove, Fannin county, and burial will be in Oak.

## Legion Presenting "Foolish '51 Follies"

After eight weeks of preparation and rehearsals the Legion's "Foolish Follies for '51" is ready for presentation in the school gym Wednesday and Thursday, May 9th and 10th, at 8:15 p. m.

Utilizing the talents of about 60 of our local people and the wonderful stage settings by Johnny McKaughan, this show is the finest entertainment ever to be presented in Tahoka by home talent. Excellent musical arrangements by Winston Redwine for the songs and dance routines and the use of colored spot lights on all of the scenes is something no one should miss.

The "Follies" is staged in ten scenes, with each scene having many various acts.

One of the more riotous acts in the show is the one featuring the "Re-Treads on Parade." Doing a song and dance number from the 1923 era will be some ten or twelve of the local women who can well remember that gay period. With the passing parade never ending, the dresses and styles of that year have become the comedy of today. Many who attend this Revue will recall that year when they wore the same dresses and thought they were tops in style and pattern—and they were.

Impersonations of famous stars of the entertainment world will be another feature of this show.

(Cont'd. On Back Page)

MRS. MYRNA VERNER Director of Show

## Bulldogs Spring Game Tuesday Open to Fans

Spring football training will end next Tuesday night for fifty Tahoka Bulldogs, when the squad will be divided into two teams for a full-length game to which the public is invited.

Game time is 8:00 o'clock, and admission prices of 50 and 25 cents will be charged in order to raise some funds for supporting the Tahoka High sports program.

The coaches have divided the squad into Blue and White teams. Monday of last week, in a scrimmage session, the Blues defeated the Whites 32 to 24. Then on Friday afternoon, the Whites got revenge with a 19 to 13 victory.

The boys have a lot of scoring punch, have looked exceedingly good in work-outs, and are due to put on a good show for the fans next Tuesday night.

The 1951 team will possibly be a little heavier than last year's team, and will be much deeper in reserve strength. More boys are available with football "savvy," and if everything goes right they could give Tahoka many football thrills next fall.

Coach Joe Turner says Billy Stice and Earl Bartley are looking good at tackle positions, and Joe Brooks gives promise of making a fine end. New boys in the backfield who are looking good include Roy Elliott and J. B. Ables at fullback, and Gene Jackson at tailback.

(Cont'd. On Back Page)

## Twins, Two Other Babies Born Here Sunday In Period Of Six Hours, Doing Fine

Dr. W. H. Stapp and the nurses at Tahoka Hospital had a busy time last Sunday morning, when four babies, including twins, were delivered in the space of a little over six hours.

At 4:00 a. m., a girl weighing 7 pounds 4 ounces was born to Mr. and Mrs. Richard Grey of Route 1. She was named Joy Elaine.

Then, at 8:00 a. m., a girl weighing 6 pounds 6 ounces was born to Mr. and Mrs. J. D. Curry of Route 4. They named her La Donna.

Dr. Stapp really got busy a little while later, when twins, a boy and a girl were born to Mr. and Mrs. G. L. Autry of Route 1. The boy was born at 9:27 a. m., weighed 7 pounds 2 ounces; and the girl was born 45 minutes later, at 10:12 a. m., and weighed exactly a pound less, 6 pounds and 2 ounces. They were named Dennis Ray and Janice Kay.

The three mothers and the four babies all went home early this week, and are reported to be doing fine.

## Woods Opening Draws Crowd

C. N. Woods was delighted with the large crowd which visited his jewelry store Saturday for its formal opening in its new location, with new furnishings and a larger stock, on the west side of the square.

Orchids were presented the lady visitors, until the flowers played out in the afternoon. He says over 1600 signed the register.

The following were winners of the prizes: Barbara McNeely, diamond ring; Will Martin, diamond ring. Mrs. Eugene Tomlinson, lady's watch; Bill Hill, gent's watch.

The Woods store has installed new furnishings throughout, is stocked with a larger line of merchandise, and added new repair equipment. The store formerly was located just north of the First National Bank.

## WILL INVESTIGATE CRIME IN TAHOKA

Senator Keefawber will be in Tahoka next Wednesday and Thursday nights to conduct his crime investigation into the affairs of Russell McGee, and his mob. The questioning will take place at the "Foolish Follies For '51" at the school gym.

Ivan McWhirter returned home this week from Dallas, where he has been under treatment for several weeks at a hospital. He says he is feeling much better but expects to take it easy for a while.

## Junior League Starting Play

Play will start Sunday afternoon at 2:00 o'clock in the Lynn County Junior Baseball League, according to Glenn Wells, with Tahoka North Side and Tahoka South Side meeting at Jaycee park and Wayside playing New Home at New Home.

The four boys teams have been playing warm-up games for the past several weeks, however two such games scheduled for last Sunday were called off on account of the weather.

The teams will play each Sunday afternoon, ending regular play on August 5, following which two top teams will play a three game tournament to determine the champion.

The boys have selected Coach Jake Jacobs to act as their "commissioner."

Fans are invited to attend any and all the games. The boys are playing some good baseball at times, and now that the season is opening they are expected to bear down. The teams appear to be evenly matched and competition could get very keen.

## School Closing Plans Are Made

Rev. C. A. Holcomb, Jr., pastor of the First Methodist Church, Tahoka, and James G. Allen, Dean of Student Life, Texas Tech, will address the graduating seniors of Tahoka High School at the Baccalaureate and Commencement exercises, respectively, on May 20 and 24, in the Tahoka High School auditorium.

Superintendent Vernon Brewer will introduce the speakers, and Calloway Huffaker, president of the school board, will present the diplomas.

Plans for musical selections and other numbers on both programs have not been completed, according to Miss Jeannine Smith and Jess Miles, class sponsors.

Mrs. Dale Williams was a medical patient at Tahoka Hospital Tuesday.

## FFA Dad-Son Banquet Held

Tahoka Future Farmers of America held their annual Father-son banquet Wednesday night, and nearly all the fathers and boys were present for a fried chicken dinner served buffet style.

No elaborate program was held this year, the principal entertainment being two films, one a comedy and one on farm inconveniences.

FFA officers are: Dale Willhoit, president; Bland Draper, vice president; Wayne Martin, secretary; Wayne Tekell, treasurer; Glenn Evans, reporter; and Parker Blair, sentinel. V. P. Carter, teacher, is the sponsor.

About 85 people attended the meeting.

ADDING MACHINE rolls, fit all standard machines. —The News.

PRESENT RECITAL—Shown above are six of the dance pupils of Mrs. Dea Parker who will appear in recital Saturday night at 8:00 o'clock in the school auditorium. Left to right, above, are: Sue Walker, Sue Renfro, Carol Nelson, Kay Howell, Kay Parker, and Elaine Buchanan.

## New Home Plans Bond Election

New Home school district trustees have called a \$40,000 bond election for Saturday, May 12, to build teacherages, repair the grade school building, and to make other improvements.

Supt. James L. Vaughan, declares that the bond issue will add nothing to taxes of the district. Under the present Gilmer-Aiken School legislation, the amount of money required to retire bonded indebtedness is subtracted. The local fund assignment is the proportion of the Foundation School Fund each school has to pay.

However, Mr. Vaughan says, regardless of the bond issue, the trustees have found it necessary to call for a slight increase in valuations to raise funds to meet expenses caused by higher prices and additional costs of maintenance.

Without suitable place to live, it has become very difficult to secure teachers for the school. Erection of teacherages and some improvements to the old school building would give New Home a completely equipped plant, school authorities say.

Property owning taxpayers who are qualified voters may vote in the election at Lakeview Gin office or at New Home school.

## A. T. Beard, 81, Buried Sunday

Death came to Alfred Thomas Beard, 81, at 3:20 o'clock Saturday afternoon in the Tahoka Hospital, following a long period of ill health. Funeral services were conducted at 3:30 o'clock Sunday afternoon in the First Baptist Church here by Rev. Lee Ramsour, the pastor, and Elder V. J. Lowrance, pastor of the Primitive Baptist Church, the latter delivering the funeral discourse. The body was laid to rest in the Tahoka cemetery under direction of the Stanley Funeral Home.

Born on January 22, 1870, in the state of Arkansas, deceased came to Texas many years ago. He was married to Miss Claudia Lewis in Rannels county on January 21, 1900 and came to Lynn county from that county in 1906. He was a resident of the Redwine community until a few years ago, when he and his wife moved into Tahoka. Farming had been his life-long occupation until his advancing years forced him to retire. He was a splendid Christian gentleman, a good citizen, and a scrupulously honest man who commanded the respect of all who knew him during his entire lengthy life.

Survivors include his widow, who is temporarily in a hospital at Big Spring; two sons, Clayton Beard of Brownwood and John Beard of Brownfield, two daughters, Mrs. Jeanette Wagley and Mrs. Jessie Marie Hale of Tahoka; one sister, Mrs. Ida Gaines of Leadhill, Arkansas, and ten grandchildren, together with other more distant relatives.

## Find 44 T-B Cases In County

Results of the recent chest x-ray in Lynn county show a total of 65 negative films out of 2,562 pictures taken, according to Dr. Geo. W. Cox, state health officer, in a recent letter to County Judge W. M. Mathis.

The tests show 44 Lynn county people had films which suggested that they had tuberculosis, and 25 films showed evidence of other chest disorders of non-tubercular nature.

Dr. Cox asked Judge Mathis to convey his thanks to the local committees, the civic clubs, volunteer workers, doctors, and others who were responsible for making Lynn county's first chest x-ray survey such a success.

## Mexican Child Died Saturday

Felix Montoya, 2 year, 11 months, and 6 days old, son of Jose Montoya and wife Santos Salazar, died at 8:00 a. m. Saturday at the home of his parents here in Tahoka, of pneumonia.

Grave-side funeral services were conducted at the Tahoka cemetery at 9:00 o'clock Sunday morning under direction of Stanley Funeral Home.

The child was born in Tahoka, the parents having moved here from Floresville, Texas, a few years ago.

Survivors include the parents, one brother and four sisters.

## Small Twister Does Damage

Either a small "twister" or a peculiar twist of the high wind struck in southwest Tahoka sometime Sunday night.

A barn and a chicken house belonging to Earl Grider were just about completely demolished and a number of his chickens were killed in the wreckage.

Earl's father, G. C. Grider, says the buildings were evidently picked up by the wind and set down with such force that they were demolished.

No other buildings in the vicinity were damaged.

It does seem to be a pity that the peace-loving men of the world have not yet found a way to thwart the purposes of ambitious and wicked dictators and to make it impossible for such human hyenas to start wars. Such men as Alexander the Great, Napoleon Bonaparte, Adolf Hitler, and Joe Stalin have brought more misery and bloodshed to the human race than that many foot-loose hyenas could bring in a million years. Yet the human beasts are never arrested in their wild careers until their devilment is already done. They could not thrive, we guess, if there were not so many ignorant and wicked people to follow them.

We are disgusted that in the face of threatened war—war more terrible than any the world has ever known before—some of our leaders in Washington persist in playing politics. All they seem to care for is to win political advantage either for them-

**RECITAL MONDAY NIGHT**

Mrs. Dick Mitchell will present her pupils in a recital next Monday night at 8:00 o'clock in the High School auditorium. The public is cordially invited.

selves personally or for their party. Politicians in both parties in Washington are guilty. Perhaps most guilty of all is Senator Taft. Back in mid-winter when some of his fellow Republicans suggested a conference or consultation with President Truman, he vehemently exclaimed something like this: "Away with your conferences, I want none of them; it is not the business of Republicans to be conferring with Truman, it is our business to fight him!" Taft had been pursuing that policy then for some time and he has pursued it incessantly and bitterly ever since. If Truman were today advocating the sending of multitudes of soldiers to Korea and few to Europe, Taft would be fighting that policy. Some big men are so little that they would rather risk world-wide war than to suffer a personal or a party defeat.

We should like to call the attention of the mayor and the city council to the fact that there are still some mesquite bushes growing up right on the corners of some of our vacant lots where side streets intersect highways that endanger human life. If these officials will furnish us with an axe and with legal authority to use it, the senior editor will volunteer to cut some of these obstructions to the vision of car drivers and thus remove this peril. What say you, gentlemen?

**Development Of 1952 ACP Plans Now Underway**

Steps being taken in developing the 1952 Agricultural Conservation program were outlined here today by R. A. Kahlich, chairman of the Lynn County PMA Committee. Under the consolidated program of the U. S. Department of Agriculture, all agencies having to do with soil and water conservation on the farms of the county are to have a part in developing the ACP for next year.

The first step in the united effort was a meeting of the county PMA committee with the local Soil Conservation Service technician assigned to Lynn county. The county agent also participated in this meeting.

The purpose of the meeting was to review the current program and develop recommendations for 1952. Suggestions from PMA community committeemen, from other State or Federal agricultural groups and agencies and from farmers were considered. Recommendations from the county were submitted to the State PMA Committee for review by a similar group of State representatives of the various agencies.

Recommendations from the States will be submitted to the Agricultural Conservation Programs Branch of PMA in Washington, D. C. and with the help of the agencies concerned the ACP program for 1952 will be developed.

**METHODISTS STARTING BIBLE SCHOOL SOON**

The Methodist Church will hold its summer Bible School from June 4 to 15. This will be the first time for the school to run two weeks.

Everyone is urged to attend and make the school a success.

Joe Thompson is a patient in the Lubock Memorial Hospital after having suffered another serious attack of heart trouble. His condition is said to be critical.

**Shower Honors Miss June Parish**

Miss June Parish, a 1951 graduate of the Tahoka Senior High School received many beautiful and useful gifts Friday night at a surprise shower given in her honor at the home of Mrs. W. A. Fulford, by the Estherian Sunday School Class of the First Baptist Church.

A miniature diploma containing "gems of wisdom" which had been acquired by the class members since their commencement many years past was read orally in turn by those present, to the honoree. Then Miss Parish was called upon to stand and read her "diploma" which had been presented to her by Mrs. Ruth Stapp, program chairman. The instructions contained therein led her on various errands through the house and back to the living room where a large, beautifully decorated basket filled with gifts

Dr. and Mrs. J. C. Carmack of San Bernardino, Calif., and Mr. and Mrs. Tom Carroll and son, Tommy, of San Fernando, Calif., are here this week visiting the parents of Dr. Carmack and Mrs. Carroll, Rev. and Mrs. C. F. Carmack.

**CARD OF THANKS**

We wish to express our appreciation to our friends and neighbors for their sympathy during the illness and death of our husband, father, brother, grandfather, and great grandfather.—The Beard Family.

A delicious and attractive dessert of strawberry shortcake and coffee was served to the following: Mmes. Ray Hopkins, Oscar Whitaker, John Mashburn, Clyde Allen, president, O. C. Hillhouse, Jack Ellard, Dan Lewis, John A. Roberts, teacher, Walter Stapp, Colene Fulford, hostess, and the honoree.

**HERE FROM CALIFORNIA**

Mr. and Mrs. Owen Fields left Wednesday for their home in Vista, California, after visiting here with her mother, Mrs. Nettie Davis. Otis Davis accompanied them back to California for a visit.

Mrs. Fields had been here with her mother for about a month, and Mr. Fields arrived Thursday of last week.

Mrs. Davis and Mrs. Fields recently spent several days at Marlin with Mr. and Mrs. Hubert Davis and Mrs. Davis also took the baths at a Sanatorium while in that city.

"I got the story on  
**50,000 Miles-No Wear**  
and changed to New Conoco Super Motor Oil"

Since I changed my 14 cabs over to Conoco Super, I've cut oil consumption almost 50 per cent. With at least 85,000 miles on each, there's no sign of needing new engines yet!

**"50,000 Miles-No Wear!" Proved Here:**  
After a 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that Conoco Super can keep your new car new.

**NEW CAR DEALER**  
"It's a pleasure to have satisfied customers, thanks to Conoco Super," says Walt Winters, Chrysler-Plymouth Dealer, Westside, Iowa. "My customers depend on my judgment about the oil to use in their cars, and Conoco Super is the one I recommend."

**TRAVELING SALESMAN**  
"When I purchased my new Pontiac, I put in Conoco Super," says Melvin L. Beyer, Traveling Salesman, Pampa, Texas. "I average about 4,000 miles a month and Conoco Super has given me the best of service—even helped to increase the miles per gallon of gasoline."

**Miss Mary Alice Mitchell Is Married To Charles Velvin, Midland, On Saturday**

Miss Mary Alice Mitchell of Tahoka became the bride of William Charles Velvin of Midland, in a ceremony read at 10 o'clock Saturday morning at the home of her parents, Mr. and Mrs. Dick Mitchell.

Dean Brookshire, Plainview Church of Christ minister, performed a double ring service before an improvised altar of flowers and tropical fern.

Traditional wedding music was played by Mrs. Ira Joe Hart, pianist, and Mrs. F. W. Patterson offered vocal selections.

The bride, given in marriage by her father, wore a white wine bengaline suit, small hat with pink-flower trim matching blouse and gloves and navy blue shoes. She carried a white Bible topped with a white orchid.

Mr. and Mrs. J. C. Velvin, jr., brother and sister-in-law of the bridegroom, were attendants. Mrs. Velvin was dressed in navy blue and carried a colonial bouquet.

Following the ceremony, a reception was held in the Mitchell home. The bride table was laid with a green organdy cloth and centered with a three-tiered wedding cake. Encircling the cake was an arrangement of yellow daffodils.

Assisting in hospitalities were Mesdames R. M. Payne and J. M. Wagner, aunts of the bride.

After a wedding trip to Monterey, Mexico, the couple will be at home in Miami, Fla., where the bridegroom is stationed with the Coast Guard.

Mrs. Velvin, who has been teaching in the Tahoka Public school system, is a graduate of Texas Technological college, Lubbock, where she was a member of Socii club.

Out-of-town wedding guests were from Midland, Lubbock, Sweetwater, Louisville, Ark., and Pittsburg, Kansas.

Mr. and Mrs. L. M. Nordyke returned Monday from Hot Springs, New Mexico, where they spent about two weeks taking the baths and trying to enjoy the scenery, but they report that high winds blew almost constantly out there as they did here, and so they decided to come home, hoping there would be a change for the better.

W. L. Toney of Fort Worth visited Mr. and Mrs. Olan Rice at New Home over the week end. Mrs. Rice accompanied her father back to Fort Worth and then on a trip to Louisiana and Mississippi. Mr. Rice met Mrs. Rice in Fort Worth for the return trip home.

Mrs. Hall Robinson, Mrs. Jack Alley Robinson and son Brit, all of Tahoka, and Mrs. Mattie O'Hair of Coleman, sister of Hall Robinson, left Tuesday morning for Dodge City, Kansas, to visit Mr. and Mrs. A. W. Robinson. A. W. is a brother of Hall and Mrs. O'Hair.

Arlen Harris, who has been stationed at San Diego, Calif., in the Navy, left Monday for Jacksonville, Florida, his new station, after spending ten days visiting here and in Lubbock.

### Grassland Lady Died Saturday

Mrs. Vinella Callahan Bargeley, 87, died at the home of her daughter and son-in-law, Mr. and Mrs. W. R. Greer near Grassland in this county at 8:10 p. m. Saturday.

The body was taken in a Stanley Funeral Home ambulance Monday to the Brown Ranch community 15 miles south of Coleman, where she formerly lived for years, where funeral services were conducted at 3:00 o'clock p. m. that day, followed by burial in the Brown Ranch cemetery. The News failed to get the name of the Minister who officiated, but deceased had long been a member of the First

Christian Church. Daughter of Mr. and Mrs. John Smith, deceased was born in Travis county, Texas, on April 13, 1864. She came out to Lynn county in 1945 to live with her daughter and family here. Surviving are three sons and five daughters as follows: Louis Bargeley of Springdale, Arkansas; Charlie of Coppell, Dallas county, Texas; and Henry of Austin; Mrs. Frank Smith of Coleman; Mrs. W. R. Greer, Tahoka; Mrs. R. E. Colebank, Portland, Oregon; Mrs. Henry Dreith, Sacramento, California; and Mrs. C. A. Tevis, Portales, New Mexico. Also surviving are 25 grandchildren and 29 great grandchildren.

### Mrs. Edwards Dies Suddenly

Mrs. R. T. (Lela) Edwards, 83, of the New Home community, died in Seagraves Hospital at 7 a. m. Tuesday after having suffered a heart attack there three hours earlier while visiting in the home of a son, G. R. Edwards, of that city.

Funeral services were conducted at 2 p. m. Thursday in New Home Baptist Church with Rev. J. E. Cobb and Rev. C. E. Strickland officiating, and burial followed in Tahoka cemetery.

Mrs. Edwards was a long-time resident of New Home, and has been making her home with her son, E. P. Edwards, of that community. Her husband, a Baptist preacher, died in 1938 and was buried in Tahoka Cemetery. Rev. Edwards was an uncle of J. H. Wilson, Marcus, Burton, and the late Jack Edwards of this county.

Survivors include: Three sons, G. R. of Seagraves, E. P. of New Home, and C. M. of Salina, Okla.; three daughters, Mrs. Jim H. Patton of Dover, Okla., Mrs. T. F. Wilhoyt of Myrtle Creek, Ore.; and Mrs. E. W. Terry of San Bernardino, Calif.; three brothers, M. E. Smith of Shamrock, J. P. Smith of Colorado City, and George Smith of Denton; three sisters, Mrs. W. H. Harris of Edmund, Okla., Mrs. Josephine Stubblefield and Mrs. Pearl Rucker of Fort Worth; 18 grandchildren and several great grandchildren.

W. A. Reddell, who has been unwell for several weeks, was taken to a Lubbock hospital Thursday for a thorough check-up, which may require his remaining in the hospital for several days.

### More Details On Fishing Story Are Told News

The more times they tell the story, the bigger the fish get. When Happy Smith returned from Truth or Consequences, N. M., last week, he told The News he and Bob Tate and Harve Smith caught 40 bass one day the week before in one of the two lakes there.

Now, after a little prodding from and tale swapping with some of the other Lynn county fishermen who were out there at the time, the fish are growing in size, if not in number.

He claims to have caught two five pound bass. He admits that Bob Tate caught a six and a half pounder, and is also putting out the story that W. P. Lester of Gordon community landed a whopping 9 pound 2 ounce bass.

All of them were caught on red and white bomber plugs in Caballo Lake except W. P.'s, and his was caught at Elephant Butte, the story goes.

This week Happy has been showing the people around town a picture recently published in the El Paso Times-Herald. In the picture are two men who resemble Happy and Joe C. Warf, who lives up on the Lynn-Lubbock county line, holding up about twenty minnows. Looking on are three other fellows who could be Watson Spears, Harve Smith, and Bob Tate.

It seems a little fishy, but Jim Burleson, Buel Draper, Mrs. Tate (who is a better fisherman than Bob anyway), and Mrs. Harve Smith, or any of the other Tahoka people out there, did not get in the picture. Neither, has The News interviewed them.

The News only reports what it sees or hears—and we didn't see the fish.

### OPS Man Will Be Here May 7th

Price Specialist Alton Taylor of the district OPS Office will be in Tahoka Monday morning, May 7th to assist business men of this area in complying with the federal pricing program, according to the local chamber of commerce.

He may be contacted at the office of County Judge W. M. Mathis on Monday morning.

Mr. Taylor is a specialist in the restaurant and food branch of the Office of Price Stabilization, but he will be able to give information concerning other regulations, particularly the Gen-

eral Ceiling Price Regulation. "Practically all business men, excepting those specifically removed by "tailored" regulations, are covered by the general ceiling price regulation," he said.

The OPS Office plans to have a price specialist here every Monday morning to assist businessmen of this area. Specialists from different branches will rotate in order to cover completely the regulations within the shortest time possible.

All businessmen are invited and urged to consult with the OPS representatives regarding specific problems.

SECOND SHEETS, manilla. at The News.

Mrs. Opal Mayberry left Thursday for her home in Fisk, Missouri, after spending several weeks here with her mother, Mrs. Jim Banister, who has been ill.

### Agriculture Plans For Mobilization

A county agricultural Mobilization Committee has been formed for Lynn county, according to an announcement by R. A. Kahlich, chairman of the Lynn county PMA Committee. This committee will be responsible for direction of agricultural activities related to the Nation's defense program.

Membership of the Committee consist of R. A. Kahlich, chairman of the committee; R. O. Nettles, PMA county committeeman; S. L. Walters, PMA county committeeman; N. E. Wood, soil conservation service; Perry Walker, supervisor of Farmers Home Administration; Bill Griffin, county agent; V. P. Carter, Vocational Agricultural teacher; and Clint Walker, Administrative officer of PMA. The chairman of the county PMA committee will serve as chairman of the newly-formed Agricultural Mobilization Committee.

The committee is being formed, according to the chairman's announcement, to secure better direction of the efforts of all

farmers in meeting agricultural part of over-all defense mobilization. The knowledge, as well as the experience, of the designated committee members, gained from working directly with farmers, will prove invaluable in meeting agricultural problems that can be expected to arise, the chairman said. By centering responsibility in a single experienced group it will be possible to get speedier action on local production programs or on problems that arise in the field.

There have also been established State and National Agricultural Mobilization Committees. Each county committee is in direct touch with his State Committee, and each State Committee communicates directly with the office of the Secretary of Agriculture. The Secretary of Agriculture is chairman of the National Agricultural Mobilization Committee.

The Askari, a U. S. Navy auxiliary ship, repaired more than 275 landing crafts during three Korean amphibious operations.

### Speaker Discusses School Problems

"The New Economic-Index for Texas Schools" was the subject of a talk by Mrs. Lenore M. Tunnell, county superintendent, at the Rotary Club Thursday noon of last week.

Mrs. Tunnell discussed various new financial policies of the State Department as they apply to Lynn county schools. School financial problems, she said, are becoming more and more complex. Under new laws, the schools are becoming more centralized under the State Department, which is not only raising the standards of the school system but is also demanding that local communities pay more of the school operation bill.

President Charles Townes spoke briefly on the recent district Rotary conference held in Lubbock and attended by him, Clint Walker, David Weathers, and A. M. Bray.

## A Visit With Your CLEANER

Our business is keeping your clothes looking as new as is humanly possible. To do this we are:

1. Using the latest and most modern cleaning and pressing equipment money can buy.
2. Using one of the most modern "Dry Clean Soaps" known to man that makes your clothes many, many shades brighter than just naphtha alone. Even browns and blues, along with out pastel colors, have that new material sheen and lustre.
3. Using a neutralizer that neutralizes objectionable odors such as tobacco smoke, perspiration, and naphtha odors leaving your clothes fresh as a daisy.
4. Using three-inch thick foam rubber pads on our presses. These pads are so soft they give your clothes the softest finish, yet have the firm body of new materials.

Although the use of these products is expensive, we take pleasure in using them to give our customers the very best cleaning and pressing service possible.

We enjoy and appreciate your business.

## School Census Shows 3001 Total

Preliminary figures, before adjustments, show that Lynn county scholastics for next year will be practically the same as for last year, according to Mrs. Lenore M. Tunnell, county superintendent.

Last year, 1950-51, there were 3028 scholastics finally approved by the State Department. This year, 1951-52, there are 3,001 before adjustments for transfers, duplications, etc.

Tahoka, New Home, and Newmoore show slight gains, while O'Donnell, Wilson, and Grassland show small losses.

Comparative figures are shown below:

	1950-51	1951-52
	Adj'd.	Not Adj'd.
Grassland	92	79
Newmoore	73	85
New Home	314	329
O'Donnell	862	810
Tahoka	1197	1226
Wilson	490	472

Included in the above are the following number of Negro children of school age: Grassland 2, Newmoore 4, New Home 2, O'Donnell 29, Tahoka 72, and Wilson 6.

## Football

(Cont'd. From Page 1)  
James Foster's passing is much sharper than last year. Lynn Halamick has not been working out because of his injured back, but he has been working on passing and is also showing improvement. His back is expected to be completely healed by next fall.

Wiley Curry, who received a broken bone in his hand in practice recently, will be back with the squad in the final scrimmage Tuesday night.

For Tuesday night's game, the student body will be divided with half the group rooting for one side, and half for the other.

Squad members are as follows:

**Whites**  
Center, Wayne Tekell, captain; Guards, Wayne Martin, John Foster, I. V. J. Melton, and Ronnie Browning; Tackles, Jerry Sosbee, Earl Bartley, Billy Stice, Chester Whatley, and Steve Slover; Ends, Clayton Carter, Richard Havens, Frank Jones, Don Reed, and Roy Sherrod; Backs, Charles Hyles, J. B. Ables, Roy Elliott, Robby Dorman, Kay Waldrip, Charley Schulz, and Jimmy Williams.

**Blues**  
Center, Garland Huddleston; Guards, Don Brice, captain, John Curry, Brownie Williams, Willie Burl Lee; Tackles, Wiley Curry, Milfred Ratliff, Richard Carter, Dwayne McMillan, Roswell Bartley, Guy Witt, and L. Stone; Ends, Joe Brooks, Vernon Brewer, Bobby Lehman, and Bill Short; Backs, James Foster, Kenneth Early, Gene Jackson, Benny Brookshire and Jimmy Bragg.

## Phones

(Cont'd. From Page 1)  
which will require a week or two. If everything is in order, REA will then make an allotment for actual construction of the telephone plant.

Poka-Lambro has an allocation of a loan of \$1,837,000 for construction of a rural telephone cooperative to serve practically the same area covered by Lyntegar Rural Electric. However, sufficient signers over the entire area were not secured soon enough for including in the preliminary plans. The co-op hopes to expand over the area later.

## Gunshot

(Cont'd. From Page 1)  
Ridge cemetery.

The Barnes had no children. They had lived at Wells about seven years, coming to Lynn county from Fannin county: He was married in Honey Grove many years ago to Annie Houston.

Deceased is survived by two brothers, Tom and Tebe of Tennessee, and one sister, Mrs. Ida Lewis of Pittsburg, Texas.

**THANKS**

I wish to take this method of thanking everyone who was so thoughtful of me in my recent illness. The beautiful flowers, the many lovely cards, and the visits while in the hospital helped me more than I can express in words. No less appreciated are the ones who have and keep remembering me since I came home. May God bless you all. —Mrs. John Price.

Royce Babbs was a medical patient several days this week at Tahoka Hospital, being released Wednesday.

Calvin Edwards, top, and wife, Pearl D., are presidents of the American Legion and Auxiliary, respectively, which organizations are sponsoring the home talent "Foolish Follies For '51" here next Wednesday and Thursday nights.

## Follies

(Cont'd. From Page 1)  
Groucho Marx will be there with everything it takes to make you laugh. Pearl Bailey with her special style of songs, and who will ever forget Al Jolson singing "Mammy." These and many other songs will be rendered to bring the best in entertainment to the audience.

The grandest scene of the show, "The River" is entirely in black face and will consist of about 30 local people. This scene will feature comedy numbers, dance numbers, many songs like "Ole Man River," "Swanee," "That Lucky Old Sun," and "Old Folks at Home," with a huge chorus of voices in a supporting role. This scene alone is worth the price of admission and will be something to remember.

The many hours of tedious rehearsals under the direction of Mrs. Charles Verner has made it possible to present this fine home talent entertainment in Tahoka. The price of admission is \$2.00 for the reserved orchestra seats, which consist of the front two rows; \$1.20 for the chair seats at the tables on the gym floor, and \$1.00 for bleacher seats in the gym. This show can be seen and heard from any part of the gym through the use of a fine sound system and special lights.

The sponsors of this show urge everyone to purchase their advance tickets now and avoid the rush at the gate. Tickets are on sale at the Wynne Collier Drug, Tahoka Drug, or see any member of the cast. At Wilson, see Mr. Holder at the Bank for tickets. Don't wait and be too late and be one of those who will say, "I wish I had seen the show, I didn't think it would be that good."

Sandwiches and cokes will be sold, so plan on having a sandwich and coke at the show, and come to enjoy yourself.

## Church of Christ Meeting Closes

The gospel meeting held in the Church of Christ here throughout last week came to a close Sunday night. Five restorations during the week were reported. Good-sized crowds attended and deep interest in the services was manifested.

Dean Brookshire, Minister of the Church of Christ at Plainview, was the speaker throughout the meeting, and the song services were conducted by Hubert Arant of Lubbock.

Ernest West is the popular Minister of the church here.

## DIXIE H. D. CLUB NEWS

The Dixie Home Demonstration Club met on May 2, in the home of Mrs. Elmer McAllister, with 15 members and 3 visitors present.

Mrs. Clifton Hamilton gave a report on the meeting held in Tulsa Saturday, April 28. She also showed some of her work in copper craft.

Teed bottle drinks and cookies were served by the hostess. The next regular meeting will be on May 16, with Mrs. B. C. Aycox. —Reporter.

## Youth Featured On Folder Cover

Jerry Cain and his 1949 Grand Champion Duroc gilt, shown at the Lynn County Junior Livestock Show, are featured on the cover of a new folder just issued by the Raulston Purina Co. of St. Louis, Mo., entitled "How to Grow Champions the Purina Way."

Jerry is the son of Mr. and Mrs. Alton Cain. As a 4-H club member, he has won local championships on sheep, hogs, and beef cattle.

The folder is a colorful affair, filled with information on hog raising and on the inside contains many other pictures of farm youths and their pigs representing several states.

## ELECT NEW PRESIDENT OF GENERAL TELEPHONE

NEW YORK, Apr. 30. —Donald C. Power was elected president of General Telephone Corporation, effective June 1, 1951, at a directors' meeting today, following the annual meeting of stockholders. Mr. Power, a Columbus, Ohio, corporation and public utility lawyer, will succeed Harold V. Bozell who reaches automatic retirement age on May 31. Mr. Bozell, who has been president since 1940, will serve as president until his retirement, after which he will continue as a director and in a consulting capacity.

Mr. Power has been a director of General Telephone since last April and a director and counsel of its Ohio subsidiary since 1932. A specialist in utility law, he has served for the last three years as general rate counsel for the corporation's fifteen operating telephone subsidiaries which own 1,340,000 telephones in nineteen states from coast to coast.

Prominent in Ohio affairs for many years, Mr. Power is senior partner of Power and Griffith, attorneys at law located in Columbus, and at present is chairman of the board of trustees of The Ohio State University. From 1939 to 1943 he was secretary to the Governor of Ohio during the terms of John W. Bricker, and prior to that served for three years as Assistant Attorney General and Attorney for The Public Commission of Ohio.

General Telephone Corporation is the parent Company of Southwestern Associated Telephone Company which operates the local telephone exchange.

Mr. and Mrs. W. M. Thompson and Mr. and Mrs. Simon Spruiell returned Tuesday from Ruidoso, where they spent a few days enjoying the scenery.

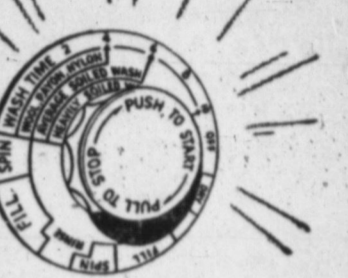

In spite of the long-continued vacant lots now. We don't understand the violent sandstorms, stand how they can do it but and the winter weather that has we love them for it. We certainly would hate to see them messed up by a Russian atomic bomb.

West Side of Square

### Valley Hard Hit By Winter Freeze

Mr. and Mrs. Jarrell Cox of Edinburg in the lower Rio Grande Valley visited their son Paul Cox and family here a few days last week and this, and greeting numerous friends as well as looking after property interests in this county.

Mr. and Mrs. Cox moved to the Valley about three years ago after having resided in this county for twenty years, farming most of that time in the West Point community.

They report that the hard freezes last winter made a clean sweep of the citrus fruit crops in the Valley, and not only was the crop destroyed for this year but practically all of the orange trees were killed outright. No more oranges can be expected from the Valley until new trees are planted out and have two or three years growth; and that is such an expensive process that few former fruit growers are undertaking to revive the business. Most of them are turning to cotton. The acreage this year is immense, and an enormous

### Negro Is Fined For Making Beer

Ervin Hatcher, Jr., colored, was fined \$100 and costs in county court here last week end after officers of the Sheriff's department had found about four gallons of "chock" beer in his possession at his home last Saturday morning.

Seven drunks were arrested at O'Donnell over last week end. This was the first time in several weeks that this many men have been charged with such an offense.

Mrs. R. H. Reaves of Austin left for her home Wednesday after having spent nearly three weeks here visiting with her daughter, Mrs. Otis Curry.

crop is expected to be harvested this coming summer and fall.

Mr. Cox reports, however, that water for irrigation purposes is very limited on account of the long-continued drouth, and that it has to be rationed out among the various irrigation districts. The cotton yield per acre, therefore, may also be cut considerably.

## SECOND SECTION The Lynn County News

TAHOKA, TEXAS — FRIDAY, MAY 4, 1951

### Here's A Lovely Washington Pie Made Downy Light With Cake Mix

Photo by Swans Down Instant Cake Mix

What's part cake and part pudding and sometimes called a pie? The answer is a wonderful dessert that's easy to make, a feast to the eye, and a joy to the palate—a split layer of cake put together in a split second with a custard-like filling, topped with sugar or frosting, and called a Washington or Boston Cream Pie. The smart way to make this mouth-melting dessert is with white cake mix and a lemon pudding and pie filling mix. There's a cake mix that assures you of a downy-light triumph, put out by the makers of a famous cake flour. It's quick to use, it's white and light and has delicious

flavor. When the big square is baked and cooled, it's the work of an instant to split it, spread the lower section with the pudding, temptingly lemon-flavored and just right in consistency, replace the upper section and spread frosting or sift confectioner's sugar over the top. A garnish of cherries or strawberries adds a lovely color touch, and makes your pie-cake a thing of real beauty. The white cake mix has a sister devil's food mix that also produces downy-light cakes. And they are both packaged for use at high altitudes, where there is so often difficulty with cake baking.

### MISS GERHEART TO SPEAK AT W. S. C. S. MEETING IN LEVELLAND

Miss Lydia Gerheart will speak to the Lubbock District Woman's Society of Christian Service in the Spring meeting which meets in Levelland on Tuesday, May 8, at 10:00 a. m. The meeting will be held in the Levelland Methodist Church with the program based on the theme, "Our Opportunities."

Miss Gerheart is a field worker whose work and abilities are widely known, and we are indeed fortunate to have her with us in this meeting.

Miss Gerheart is widely acclaimed in the North Central

Jurisdiction for her presentation of settlement work in the home field. She is also an accredited teacher in summer schools.

Wherever Miss Gerheart has spoken, excellent reports have been received of her work. She is informative, inspirational and withal a fine speaker.—Reporter.

Subscribe to The News now.

### Bob Callahan Goes To Amarillo

Bob Callahan, who has been music director for the First Baptist Church here for the past ten months, has accepted a similar position with the Buchanan Street Baptist Church in Amarillo, his work to begin there on Saturday, May 19.

The church here and the pastor, Rev. Lee Ramsour, are on the lookout for a successor to Mr. Callahan.

Bob, as he is familiarly called, has done a good work here and has greatly endeared himself to

the entire church membership, particularly the active members.

While the Buchanan Street Church is about the same size in membership as the Tahoka church, it is believed that the possibilities for growth and service are much greater there than here. The pastor, Rev. Harvey Wolfe, is a former professor in Wayland College, and Bob knew him well in that capacity. Bob holds a B. A. degree in Music. He attended the Southwestern Baptist Seminary in 1947. He not only knows his music but he is a very likeable gentleman. He and Mrs. Callahan will leave many warm friends in Tahoka.

### MARVIN BENTLEY FAMILY WILL MOVE TO PECOS

Marvin Bentley, who has been connected with the soil conservation work in this county, has resigned in order to engage in similar work at Pecos, Reeves county. His work there will be for private individuals, however, under the direction of the county surveyor, according to N. E. Wood, director of the county work here.

Mrs. Bentley and the children will move to Pecos soon. Marvin is already there and at work. The Bentleys are fine people and will be greatly missed here.

West Texas Gas Company

HELPING BUILD WEST TEXAS SINCE 1927

### Outdoor Jil

You can pay more but you can't make a better buy in a convertible! You get the quiet, get-going power of a V-8 engine . . . the type of engine now powering the top models of America's top cars. It's fuel-saving power, too, with Ford's Automatic Mileage Maker squeezing the last ounce of power out of every drop of gas. And you get a ride that's the equal in comfort of far costlier cars, with Ford's Automatic Ride Control self-adjusting the ride to the road.

They're built for the years ahead!

### Glamour Jil

If you want to enjoy the wide-openness of a convertible and still have a steel-topped car, you can't buy better than Ford's new Victoria! It offers you your choice of 5 beautiful solid colors or 4 smart two-tone combinations (with color harmonized interiors). And for automatic driving at its finest, it offers Fordomatic\* the newest, most advanced of all automatic drives!

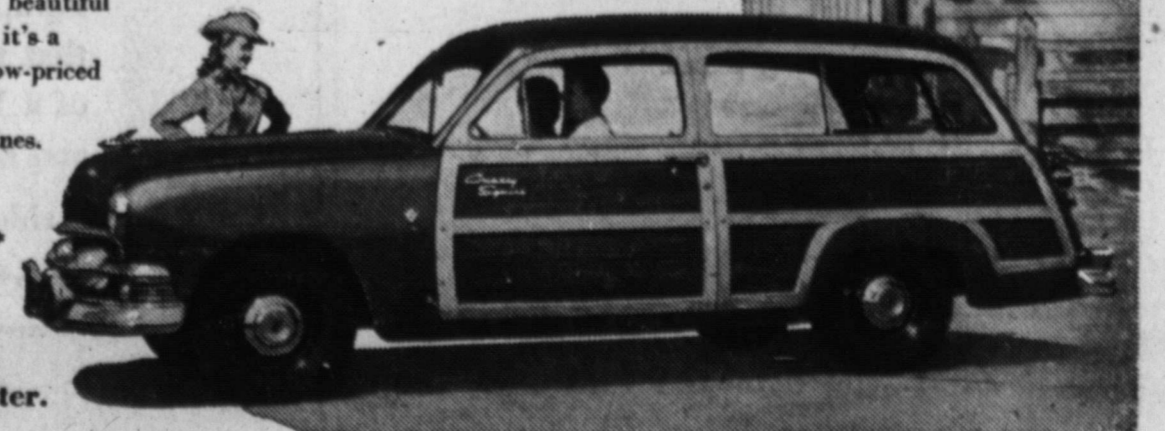

When you buy for the future—buy

**FORD**

### All-around Jil

One moment, Ford's "Country Squire" is a beautiful eight-passenger station wagon . . . the next, it's a rugged hauler of half-ton loads. No other low-priced station wagon offers you so much one-level floor space or your choice of V-8 or Six engines. And only Ford, in its field, offers you your pick of three great transmissions: Conventional, Overdrive\* and Fordomatic.\*

You can pay more but you can't buy better.

F.D.A.F.

\*Optional at extra cost. Fordomatic available with V-8 only. Equipment, accessories and trim subject to change without notice.

# Odds AND Ends

(By E. I. The Elder)

Friend, some day when you are feeling a bit blue and do not have too much to do, you should climb into your car and take a long trip around over these plains and drop down below the cap-rock here and there just to view the scenery. I took such a trip recently, spent a whole day at it, and I want to declare to you that I got one long-continued and almost unbroken thrill from viewing the vastness of the expanse and the richness of the soil that greeted me from every direction out on these level or gently rolling plains, and I was charmed continuously by the beauty of the scenery when I dropped down below the cap-rock or ran suddenly upon one of those great gulches that have their beginnings far back upon the plains and extend south-easterly for miles and miles across the level domain until at the edge of the cap-rock they are found to carry the headwaters of the Red River, or the Brazos, and many of their tributaries, off the same to be joined with countless other streams as they speed on eastward and southward across deep sands, through mesquite-covered pasture lands, through the black land belt, and some of them through the pine lands, for innumerable miles, at last to join the sea, and possibly deposit plains sand at the mouth of the Brazos or in the delta of the Mississippi.

Yes, I was charmed by the scenery. It is not the grand, magnificent scenery to be found, for instance, in the Rockies or other great mountains of the Northwest. There are no mountains below the cap-rock, of course, and there are no great gorges like the Teton, the Columbia River, or the Grand Canyon. There are no tall pines like those of east Texas and other pine-clad areas. Neither are there any natural flower gardens of gorgeous beauty—not yet, at least.

But the sub-caprock country has a beauty all its own, modest, simple, but unique. I don't know

of anything just like it anywhere in the world—though I will admit that I haven't seen much of the world yet. And, incidentally, I might remark that I am not anxious even to go on to heaven until I have seen Texas. If you haven't been over that drive from Dickens to Roaring Springs, you just ought to amble off up that way some time. I think it is beautiful. If you haven't traveled up along and across the Blanco Canyon, otherwise known as the White River Canyon, which cuts down through Floyd and Crosby counties, you have missed a scenic treat.

The other day I went from Ralls north eight miles to Cone, then cut across east to the famous Hank Smith place, which is situated in the Blanco Canyon. When I got to the west rim of the canyon and looked down stream, I wished that I were a lyric poet that I might write and sing of the beauty of the scene, or a great artist that I might put a picture of it on paper. Then I crossed over and turned with the road upstream, finally climbed up the east wall, and was up again on the level plains. I felt much as if I had just enjoyed a vivid and most pleasant dream. Later, I crossed the canyon again coming south above the Baptist encampment grounds—not quite so scenic there but still beautiful just the same.

And, that drive from Crosbyton east to Dickens is not to be scoffed at by any means. The other afternoon I went down that road and later came back up it. Rain clouds had then gathered ahead of me from the west to the north, too far around to my right, however, to obscure the lowering sun. For a half hour before the sun sank below the nether edge of the rain-cloud and for some time thereafter a picture that only the hand of God could paint hung wide across the western sky, and I felt as the psalmist evidently did when he wrote, "The heavens declare the glory of God." Both earth and sky seemed to be vying one against the other in the field of nature-painting.

But I didn't start out to devote so much of this column to a vain attempt to picture the beauties of Nature nor even of the sub-caprock country. I myself couldn't draw the picture of a horse so that you could tell whether it was a horse, a sheep, or a hippopotamus.

There are some other things that I want to tell you about but first I want to explain what thrilled me so much in driving around over the plains—it was soil and water. Millions and millions of acres of the finest soil on earth, and millions and

millions of gallons of water being pumped from the bowels of the earth and spread out over the fertile fields every minute of the day. Before I got out of Lynn county, I saw and heard many pumps singing raucous tunes as they brought the life-giving water to the surface and shot it out into the distribution trenches. From Slaton to Idalou, from Idalou to Crosbyton, from Ralls to Floydada, from Cone to Estacado, and finally from Estacado back down to Lorenzo, the pumps were running, in some areas four or five and more to the section. I knew that they were running also in many other plains localities—Lubbock, Hockley, Lamb, Hale, Swisher, Castro, Briscoe and others. Much of the acreage already was soaked. The rest of it was being soaked as rapidly as the water could be pumped. Pretty soon the farmers will start their planters, and hundreds of thousands of bales of cotton will probably be ginned on the South Plains next fall if it never rains. Of course we are not quite so lucky down here in Lynn county, for our underground water supply is not so abundant. But Lynn county has not completely failed in making a cotton crop for many years and we figure our gins will again be busy next fall.

One of the objects of my trip was to make a visit to Roaring Springs. I had been living here in Tahoka for more than 27 years and had heard of Roaring Springs often but had never had any occasion to visit the place and had never done so. In the first place I just wanted to hear the springs roar. I had heard the heavens roar often and have heard people roar nearly every day but I never had heard a spring of water roar and so I wanted to hear one and to find out how come.

Another thing, I had heard that Roaring Springs was an old Indian camp ground and that Cynthia Ann Parker, who was captured by the Comanches Indians when she was a child only eight years old, had spent much of the time there as she was growing up and later, I wanted to find out more than I knew about that.

I was amply rewarded in both respects. Furthermore, I was charmed by the story of the old town and by the natural beauty of the place.

Everybody seemed to want to give me what information they could but I was referred for particulars to Mr. J. D. Mitchell, who seems to be the general utility man for the town, a sort of one-man chamber of commerce. His wife helps him in his office—and she helped me too. Whatever she didn't know, she telephoned to a friend for the information.

The town of Roaring Springs is nestled down among a variety of trees on the banks of Dutchman Creek some two miles north of the South Pease River and eight

miles south of Matador. It has a railroad and 28 business establishments, with a population of 500 to 600, according to Mr. Mitchell.

The roaring spring is situated about three miles out southwest of the town in a park. A concrete swimming pool was built there several years ago, and when I was there last week a group of men and boys were busily engaged in cleaning it up for use, beginning Sunday, April 29, and it is expected that many people will resort there during the summer months to enjoy the swimming and spend their vacations.

The water is said to be 99 per cent pure, which is just about the highest percentage of purity of

any spring anywhere, in Texas or out of it. The water is neither cold nor hot, just about the right temperature to quench one's thirst.

What most surprised me was the quantity of it. Although I had been hearing of it often for many

years, I supposed that it was just a small stream of water trickling out of the ground, only a few gallons, possibly, per minute. The springs—for I am sure there are several of them—form a pond enclosed with a mesh-wire fence. (Continued)

## Who said You can't Afford a Fine Car?

WHEN you look at everything a ROADMASTER has to offer, it's natural to conclude that it's priced with the rest of the fine-car field. Sweeping proudly past you, it has a distinction that few cars can equal. Stepping nimbly away from a stop light, it has the willing surge of power that the very exclusive combination of a 152-horsepower Fireball engine and Dynaflo Drive\* delivers. It rides the road with majestic smoothness, and comes to a smooth and gentle

halt, in response to the finest brakes that Buick engineers ever developed. Inside, it has spacious room, from side to side and front to back and seat to roof—plus a softness of cushions and a richness of fabrics which bespeak the custom standards to which it is built. All you could want in a fine car is here in abundance. But don't let that mislead you into

deciding "it's too rich for me." If you've looked into 1951 car prices generally, you'll discover this: You can own a ROADMASTER for just a shade more than an ordinary car will cost—and for several hundred dollars less than the price tags usually found in "the fine-car field." Why not look into this today?

TARGET FACT-FINDING WEAPON is the Convair RB-36 strategic reconnaissance bomber, built at Fort Worth, Texas, by Consolidated Vultee Aircraft Corp. and operated by Strategic Air Command. Like its sister warplane, the B-36 intercontinental bomber, the RB-36 has four General Electric turbojet powerplants and six Pratt & Whitney piston engines, top speed of more than 435 miles per hour and non-stop range of 10,000 miles. Its powerful cameras are designed to unveil enemy targets anywhere in the world from high in the stratosphere . . . eight miles and more above the earth.

**Odds & Ends**

and water comes roaring out of that pond and leaping over a ledge at the rate of 800 gallons per minute. The water falls about eight or nine feet to the channel below, and runs on down a deep gorge for possibly a hundred yards or more into the main channel of the South Pease River. The South Pease above that point has a dry bed except when heavy rains fall, but the stream of water coming from the spring may be seen for hundreds of yards down the river, and in fact a mile below the spring the highway from Dickens to Matador crosses the river on a bridge.

Although the river soon turns north and runs northward between the neighboring county seats of Matador and Paducah, the latter city, we were told, uses the water from this spring for domestic purposes.

The water from the spring also can be turned into the swimming pool at will and will be used regularly to re-fill the pool.

One can well imagine that this was a camp ground and watering place for the Comanche Indians. In fact, it is said that certain holes to be found in sand stones near the spring were used by the Indians in which to mash or grind their corn into meal.

On the hill near the spring is a marble monument or marker, with the following inscription carved thereon:

Roaring Springs  
From prehistoric days a

favorite Indian camp ground. The main camp of the Comanche Indians in December, 1860 when Cynthia Ann Parker was recaptured from them near Medicine Mound in Ward county. Famed for the purity of its water. Tradition tells of corn ground in the holes in the sand stones north of this site.  
Erected by the State of Texas, 1936.

In order to avoid confusion, it should be stated that Medicine Mound mentioned on this monument is in Hardeman county a few miles north of the Pease River but that Cynthia Ann Parker was recaptured from the Indians by Capt. L. S. Ross and a company of Texas Rangers near Margaret in Foard county a few miles south of the Pease River. A marker has been placed on the spot. Medicine Mound was a prehistoric camp ground for the Comanche Indians but it was on the other side of the River and several miles away from the point where Cynthia Ann Parker was recaptured.

After Cynthia Ann Parker was recaptured in 1860, the Indians of Northwest Texas were rounded up and placed on reservations in the Indian Territory, but Comanches, Kiowas, and Apaches continued for several years to make occasional raids down into Texas. Finally General R. S. MacKenzie of the United States Army was instructed to clean out these marauding bands and he proceeded to do so. He made a surprise night attack upon a big band of Comanches at the junction of the Tule and Palo Duro Canyons in 1874, stampeded their horses, and killed or captured the entire band. We never hear of any of them being in the vicinity of Medicine Mound or of Roaring Springs after Cynthia Ann's recapture; and I was not able to gather any further information about the place until 1895, except that both the Matador Cattle Company and the Espuela Land & Cattle Company were organized in 1879, and of course cowboys were brought into the county and into the vicinity of Roaring Spring immediately following. In 1895 the Dutchman school was established on Dutchman Creek on the present site of Roaring Springs and a man named Afchison was the teacher. There were some 12 or 13 pupils. Prior to the building of that school house a little school had been conducted in a cellar. The place was nothing more than a small school center and trading point, however, until 1913.

**I'll match my Dodge with any car on the road for Value and Dependability**

—says MICHAEL OPPENHEIM

"Sure, I've owned and driven other make cars," says Michael Oppenheim, Bellerose, N.Y. "But since 1941 my cars have all been Dodges. I know how dependable Dodge cars are, how little they cost to run."

You could pay up to \$1,000 more and not get all the extra room, comfort and rugged dependability of Dodge

Compare what Dodge gives you . . . with what other cars offer. You'll understand why Dodge owners say they'll match Dodge with any car on the road.

Take riding comfort for example. You could pay far more for a car and still not get the almost unbelievable smoothness of the new Oriflow ride. Even on roughest roads there's no wheel "hop" or bounce.

You get the relaxing comfort of extra head room, leg room and shoulder room . . . the safety of "Watchtower" visibility. Dodge Gyro-Matic—the lowest priced automatic transmission—lets you drive without shifting. See and drive Dodge today.

Miss Lola Belle Johnson returned to her home in Abilene Monday after having spent the week end here with her sister, Mrs. C. N. Woods. Miss Lola Belle, daughter of the late Rev. and Mrs. D. D. Johnson, resided for a number of years in Tahoka. She was a teacher in rural schools in this county and later in the Post City Schools. Also she taught a few years after the family moved to Abilene but is now the owner and operator of a beauty parlor in that city.

Carl Henry McMillan of the Nacey, stationed at the San Diego, California, Naval Training Station, arrived home Thursday of last week to visit his parents, Mr. and Mrs. H. L. McMillan, Sr., until May 8. He entered the Navy on February 14.

### Letters From News Readers—

(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

#### ALABAMA MAN ENJOYS THE NEWS

The News editors received the following letter a few days ago from B. B. Smith of Jasper, Alabama. Mr. Smith is a business man there, being the sole or chief owner of the Smith Grocery Company.

Addressing the editor, Mr. Smith says: "I have just received my copy of the paper. Congratulations on your new type. I will enjoy reading it much better. 'I lived at New Home in 1917 and since then my brother J. H. Smith, has sent me The News and I enjoy it very much, especially Odds and Ends. Yours truly, B. B. Smith.'"

(Editors Note): Thanks, Mr. Smith. If you haven't visited at New Home since 1917, you wouldn't believe your eyes if you were to see the town and surrounding territory today. That area was practically all ranch land in 1917. Now practically all of it is in cultivation, raising cotton and maize chiefly; and a number of irrigation wells in the community are right now pumping great streams of water which is being distributed over many fields. At New Home there is a fine school plant with some 400 pupils attending the high and grade school; three churches, Baptist, Methodist, and Church of Christ; two cotton gins, turning out several thousand bales of cotton every year; two or three stores and filling stations, and a lot of the finest people on earth. Guess J. H. has kept you informed as to all this development and progress, but we people down here at Tahoka are very proud of New Home and just naturally like to tell the world about it. Come see us some time, Mr. Smith. You have some kin folks here in Tahoka who are absolutely "tops" in every respect. If you haven't seen them lately, we should like to introduce you.

#### CARD OF THANKS

The D. L. Murphey family takes this means of expressing thanks to each one who helped us when our house burned. May God bless each and every one. Thanks a lot.—D. L. Murphey and family.

Mr. and Mrs. B. P. Maddox were in Midland from Thursday through Sunday visiting their son, Robert, and three of their four daughters, Meses Helen Lee Greathouse, Charlene Wilkes, and LyNell Kestler.

### Odds & Ends

(Cont'd. On Page 3, Sec. 2)

the same with a palisade, a kind of tall picket fence made of sharpened poles, tied closely together with wire, with port holes here and there through which the inmates might shoot enemies on the outside and thus defend themselves, together with a two-story watch tower in one corner of the palisade and occupied by a member of the party as a sentinel.

One morning after most of the men of the party had gone out to their work in the fields, some Indians showed up, professed to be friendly, and by a ruse induced the keeper to open the gate. When he did so, they made a rush into the palisade, yelling, shooting, and killing some members of the party, wounding others, and taking two of the women, little Cynthia Ann, and her little brother about six years old as captives. One of the women was ransomed a few months after her capture, another was ransomed years afterwards having undergone almost incredible cruelties. Cynthia Ann was recaptured twenty-five years after she was kidnapped and carried away, but her little brother was never recaptured. After Cynthia Ann grew to womanhood, she became the wife of Chief Nocona and the mother of Quannah Parker, himself a noted Comanche chief. Cynthia Ann had been so thoroughly Indianized that after her recapture she never became reconciled to civilized life or to any kind of life among the Whites. Strange and sad it was that she pined the remainder of her life away, separated from her notorious son, for whom the town of Quannah in Hardeman county later was named. Nocona in Montague county, a thriving old town about the size of Tahoka, was named for old Chief Nocona, husband of Cynthia Ann. Montague county itself, however, was named for an implaceable Indian-fighter. It is also claimed and stated in the Texas Almanac that Parker county was named for Cynthia Ann and her son Quannah Parker. That claim seems rather strange, however, in light of the fact that Parker county was organized in 1856, four years before Cynthia Ann was recaptured and before her fate and her whereabouts had been learned.

The Army hospital that has served longest in Korea had admitted almost 30,000 patients as of February 1, of whom less than 70 died.

ed. Also, at that time, Quannah Parker must have been just a lad in his teens and had gained little or no notoriety. Certainly no such Indian boy was known by white men even to exist in 1856. Furthermore, it was a Comanche Indian raid made from the Pease River country down into Parker county that led to the pursuit and capture of the marauders and the recapture of Cynthia Ann herself by Capt. Ross and his company of Texas Rangers in 1860. If the county was named for any of the Parkers connected with the Limestone county tragedy, it must have been for the father of the group, John Parker himself.

Well, any way, the reconstructed old Fort Parker near Groesbeck on the Navasota River in Limestone county still stands. I

know, for I visited the Fort and the park last summer and was right in the very room from which little Cynthia Ann and her little brother were taken. Investigators found years ago that the little brother grew up as an Indian too, that he and his tribe ranged chiefly along the border and made raids into Old Mexico, that on one of these raids he brought back a Mexi-

can young woman whom he had either kidnapped or courted and induced to come back into Texas with him, that at any rate she became devoted to him and stayed with and nursed him when he suffered an attack of yellow fever and all the native-born Indians fled from his presence. Also he is said to have joined the Confederate forces in the Civil War and to have fought on the side of

the South. As terrible as Tamerlane or as the traditionally terrible Turk was the Comanche Indian. He is a good Indian now, for he is dead. I am glad that he no longer homologates with other Redskins at Roaring Springs or at Tahoka Lake or even at Medicine Mound. We do not need either his company or his medicine. Goodnight, folks.
