Number 45

## Four Injured As Car, Truck Hit Head-On

Four men were injured, a car and three trucks damaged in a near head-on car-truck crash a half mile north of O'Donnell Wednesday morning at about 10 o'clock.

E. L. Dickey, 24, of Lubbock, driver of the truck, is in Tahoka hospital with serious but not critical injuries which include fractured pelvic bone and arm bone, a sprained ankle, and a back injury.

Three other young men, occupants of an automobile, are in a Lamesa hospital.

Ronald Chambers, 17, stationed with the Air Force at Randolph Field, but whose home is Sterling, Idaho, suffered a fractured skull and other head injuries. He was reported in a critical condition late Wednesday, but Thursday morning the local Sheriff's office was informed that he was much better.

Lavon C. Jensen, 16, of Pocatello, Idaho, was struck in the eyes by flying glass; and Therley Haskett, 17, of Ontario, Oregon, suffered a broken jaw and back injuries.

Officers said Jensen was driving the car. Near a cafe and service station, northeast of the O'Donnell cut-off, he apparently drove into the path of the north-bound heavy gravel truck driven by Dickey.

The truck crashed into the car and then into two other trucks parked nearby, the drivers of which were in the service station or cafe.

Jensen was given a ticket by highway patrolmen for "negligent collision by failure to grant right-of-way."

## Southland And Tahoka Split

Post grabbed the lead in the Square Deal Softball League play off Wednesday night by posting its second victory over Grassland.

Grassland defeated Post Monday night 9 to 1 but lost Tuesday night 15 to 16. Hurling two nights in a row, Grassland's pitcher Billy Murray tired Wednesday night and Post won a 5 to 2 victory. The two teams were playing again Thursday night.

Tahoka and Southland moved to Southland Thursday night after splitting the two games here.

Tuesday night, Southland overwhelmed Tahoka 12 to 1 behind Pitcher "Porky" Jones 3-hit pitching. Bobby George Oliver started for Tahoka, but was relieved by J. W. Rainey, who pitched good ball the rest of the way. Oliver also pitched a good game but had poor backing.

Wednesday night saw a complete reversal, Tahoka winning 5 to 0 behind Oliver's 2-hit, 13-strike-out pitching.

Oliver left the team for Thursday night's game to hurl for a Brownfield team, but may be back in the line-up tonight.

Winners of the best three out of five games in the two series will meet for the championship in a similar series.

## Bill Clarke In Hospital At Dallas

W. G. (Bill) Clarke, who had been in critical condition in Tahoka Hospital for two weeks, was carried to Dallas by ambulance plane Monday night. He is under observation and treatment in Baylor Hospital there.

Mr. Clarke was carried to Lubbock airport at 7:15 p. m. Monday in a Stanley-Jones ambulance. There he was put aboard the ambulance plane at 8:00 and at 9:28 the plane was in Dallas. The nurse who accompanied him said he withstood the trip in fine shape apparently.

Mrs. Clarke also went with her husband. Her father and two brothers reside in Dallas.

Build, Buy, Live in Tahoka!

WAYNE WALLACE  
New Automobile Dealer

## Wallace Buick New Firm Name

Wayne Wallace, formerly of Lubbock, this week officially announces his recent purchase of the Buick agency and sales and service business in Tahoka from Shambeck Buick Company. The new firm is known as Wallace Buick Co.

The Buick agency is located in a new, modern building, with all new furnishings, tools, and equipment at the corner of North 5th and Main Streets.

Mr. Wallace bought the local business on July 1, and he and his wife and two children have moved to Tahoka from Lubbock, where he was reared and where he previously was engaged in the used car business.

Ben Cowling, formerly with Shambeck, remains here as sales manager for the firm. He was reared at Hamilton, but has been in Lubbock for several years before moving to Tahoka last fall.

Mrs. Opal Nowlin, well known locally, having lived here many years, is bookkeeper.

Harlan Redwine, formerly of Dimmit, but more recently with Alderson Cadillac, Kuykendall Chevrolet, and other garages, is the service manager and also in charge of the parts department.

James Fenton, who has had many years experience as a mechanic in Tahoka automobile repair shops, is the mechanic in charge of the Wallace shop.

Emil Raindl, also well known locally, is in charge of front end alignment and lubrication.

Cecil Hargest, colored, is the porter.

Tahoka extends a welcome to the new firm and its staff to Lynn county.

## Methodist Men Meet Monday

Tahoka Methodist Men will play hosts to the Post Methodist Men at the regular monthly meeting in Fellowship Hall of the local church next Monday night.

Principal speaker for the occasion will be A. N. Gamble of Lubbock, a prominent member of the Lubbock First Methodist Church and the district lay leader.

Some quartet numbers are being arranged by Aaron DuBose, and Charles Verner will present a vocal solo.

The program will follow a dinner prepared and served by a committee of men. All men of the community have a cordial invitation to attend this meeting.

Tahoka Methodist Men were recent guests of the Post organization at a similar meeting.

## Free "Crafts" Class Will Open Here

A free crafts class for adults will be started here if sufficient people are interested, by Mrs. Jeannine Jones, High School Home Economics teacher.

All interested are requested to attend the organization meeting at the High School Home Ec. rooms next Tuesday at 3:00 p. m. There will be no fees.

Mr. and Mrs. Clyde Thomas and Mr. and Mrs. Hubert Webb left Wednesday for Buchanan Lake to do a little fishing.

## 1951 Field Day Trip Is Planned For Wednesday

The Tahoka Chamber of Commerce is again sponsoring the annual Soil Conservation Field Day which will be held next Wednesday, August 15. This field day has been planned with the joint cooperation of The Production and Marketing Administration, The Soil Conservation Service, The Extension Service, and the Board of Supervisors.

In the past this tour has been an all-day affair, but the planners of the tour this year feel that a shorter tour with less driving will attract more businessmen and farmers than an all-day affair. In view of this, the "Conservation Caravan" of businessmen and farmers of Lynn county will leave the Court House here in Tahoka next Wednesday morning at 8:00 o'clock. Irrigation farms in the New Home-Lakeview Community will be visited where various phases of soil conservation work will be examined and discussed. On one of these farms a spraying demonstration will be staged and the County Agent will give a demonstration on the proper time to spray or dust cotton insects. Airplane spraying and dusting and machine spraying and dusting will be demonstrated at this time. The caravan will return to Tahoka at 12:00 noon.

The Chamber of Commerce urges all farmers and businessmen of this county to attend this field day next Wednesday.

KOREAN ARMISTICE SITE—In this building that looks like a suburban American residence of the early 1900 era delegates of the United Nations were called to confer with Communists in trying to arrange a cease-fire armistice. This is a radio photo.

## Men Appear At House Hearing

A delegation of South Plains men returned home Saturday night from Washington, where, on invitation from Congressman George Mahon of this district and Walter Rogers of the Amarillo district, they appeared before the House Labor and Education Committee.

Wilmer Smith of New Home, president of the Lynn County Farm Bureau and Sam Allen, Dawson county Bureau president and co-ordinator of Puka-Lambro Rural Telephone Co-operative, represented this immediate area.

These two men, Roy Boyd of Lubbock and a Mr. Foxhall of the North Plains gave testimonies before the committee.

Mr. Allen presented the economic factors involved in the new provisions of the child labor laws which affect the use of Mexican children who come to this area in the fall to pull bolls.

Mr. Boyd presented the school angle of the problem.

Mr. Smith cited specific examples of the movement and use of Mexican labor, the needs, etc. Wilmer says the committee gave them a very friendly hearing, and seemed greatly surprised at the labor problem faced by the farmers of this area.

However, their hearing before Secretary of Labor Tobin was not so good. Tobin told them that the farmer now knows the law, and he will do everything in his power to enforce its provisions this year and in the future.

Mr. Allen was honored by being elected chairman of the West Texas delegation at the hearing.

## Postoffice Get New Coat Paint

The U. S. Postoffice building in Tahoka, owned by Mrs. C. A. (Launa) Thomas, is being repainted inside and out this week, greatly adding to its appearance.

The building occupied by the Production Credit Association, of which Rosa Smith is secretary, has also received a complete redecorating job.

Rutherford & Company is receiving a fresh coat of paint on the building exterior.

## BELL COUNTY REUNION

Former citizens of Bell county now residing on the South Plains will meet in MacKenzie State Park (northeast side) in Lubbock Sunday for the annual reunion. Those attending are asked to bring a basket lunch.

## Church of Christ Plans Meeting

Annual summer Gospel meeting of Tahoka Church of Christ will begin next Wednesday, August 15, and continue through August 26, according to Ernest West, local minister.

T. J. Finley of Loveland, Colorado, formerly of Socorro, N. M., who conducted a meeting here last December, will do the preaching. West will direct the song services.

Ernest West is this week engaged in a meeting at New Home which will be brought to a close Sunday night.

All people of the county are invited to attend any or all of the services.

## Sheriff Arrests Two Bootleggers

Sheriff "Slick" Clem last Saturday took into custody two O'Donnell men, one a negro and one a Mexican, and charged them with illegal possession of liquor.

On appearance in county court Monday, the Negro was fined \$500 and costs and the Mexican \$100 and costs by Judge Walter M. Mathis.

The local Sheriff is holding a man here for Junction authorities where he is charged with the sale of mortgaged property.

## Wilson Revival Opening Today

Wilson Methodist Church's annual summer revival gets underway today with Rev. H. C. Smith or Abilene doing the preaching at services daily at 11 a. m. and 8 p. m., according to Rev. Wm. McReynolds, pastor.

AIR FORCE ASSISTANCE TO FLOOD VICTIMS—Soldiers from Forbes Air Force Base at Topeka, Kansas, worked 24-hour duty to help strengthen a threatened levee when raging flood waters endangered the Topeka and Kansas City areas. Right, Air Force "swampbuggy" (a light draft boat powered by an airplane propeller) is loaded with supplies for flood victims. This was an effective means of transportation over inundated streets.

## School Improvement Program Under Way

Many minor repairs are being made on Tahoka school buildings preparatory to opening of the 1951-52 session early in September.

The new \$250,000 elementary building will not be completed before Christmas, but the contractor has agreed to complete the cafeteria section of the structure at the earliest moment possible.

The old frame cafeteria has been stuccoed, dashed, the interior painted, and new concrete steps with pipe railings installed. This building will be converted into a band building when the cafeteria moves out.

## School Opening Early September

Definite opening date for the Tahoka schools has not yet been set, but the session will likely open on Monday, September 3, according to Superintendent Otis Spears.

The exact date will be announced in a few days. Only two or three teaching positions remain to be filled to complete the faculty.

## Mrs. M. G. Parker Rites At Merkel

Mrs. Mollie G. Parker, 75, who has been making her home at Draw with a daughter and son for several months, died at 3:00 Tuesday in a Lubbock hospital after an illness of five or six months.

Funeral services were held at her former home, Merkel, at the Methodist Church Thursday at 2:30 p. m. with Rev. Raymond VanZandt, Andrews pastor, assisted by Rev. Silas Dixon, Draw pastor, officiating.

Mrs. Parker was born in Perryton, Tenn., October 24, 1875. She came to Texas as a young girl, and was married at Merkel to Eliza Parker in 1891. Mr. Parker died there in 1908. She moved to Stanton in 1924, back to Abilene five years ago, and to the Draw community six months ago. She had been a member of the Methodist Church since her girlhood.

Survivors include two daughters, Mrs. W. E. Dubree, Draw, and Mrs. Leonard Abernathy, Big Spring; and three sons, Marshall Parker of Draw, Houston of Big Spring, and Reuben of Lamesa.

## Junior Baseball Lead Changes

Regular schedule of the Lynn county Junior Baseball League will come to a close next Sunday afternoon when the leading Wayside boys play North Side at Tahoka, beginning at 2:30, and Southland goes to Wilson for a double-header, the first game starting at 1:30.

Last Sunday, the high flying Waysiders moved into first place in league standing by beating Southland 4 to 1. "Punk" White (3-3) went the full nine innings and turned in one of the best pitching performances of the season as he silenced the Southland bats with 4 hits and only one run.

H. C. Thomas hurled for Southland and took the loss. Jackie Slover led the victors with three hits.

At Jaycee Park last Sunday, the lowly Tahoka North Side slipped by Wilson in an extra inning contest 12 to 11. The game was scheduled for seven innings, but did not finish until the last of the tenth when North pushed over the winning run.

With two out in that inning, North had McNeely on second and Gurley on first. Wilson shortstop, Autry, bobbled Wells' grounder, and McNeely raced home from second to score the winning run, breaking a 11-11 deadlock that had existed since the fifth inning.

The game was a nip and tuck battle all the way. Both teams turned in some nice fielding plays with North making its ninth double play of the year.

Ronny Gurley went to the mound in the fourth to relieve

(Cont'd. On Back Page)

tractor has agreed to complete the cafeteria section of the structure at the earliest moment possible.

The old frame cafeteria has been stuccoed, dashed, the interior painted, and new concrete steps with pipe railings installed. This building will be converted into a band building when the cafeteria moves out.

The other temporary building on the campus, being used for classrooms, has been stuccoed, dashed, and otherwise repaired to help keep out the wind and cold and to preserve it for future use.

A new roof is being put on the old elementary school building. A roof put on the structure three years ago proved no good, as it has already sprung leaks. Minor repairs are also being made to the building, including new gym doors, repairs to walls and windows.

Supt. Spears also has the ambition of getting the school campus improved, but this will likely require the co-operation of many people and organizations in the school district.

Tahoka's school campus has long been a sore-eye to the town—the grounds dirty and rough; littered with glass, rocks and nails; little grass and no overall landscaping plans; and have little playground equipment.

Last winter, some cleaning-up was done. The football field is in fair shape, and base plantings were made long ago in front of the two main buildings.

Mr. Spears hopes there is some way to complete the landscaping plan, in which the support of civic-minded people and organizations is being sought.

Hopes are held for improvement. (Cont'd. On Back Page)

## New Home And Lions In Lead

Tonight, Friday, New Home meets Lakeview at New Home, and at Wilson the Lions Club and the St. Paul Lutheran teams meet in their play-off series.

New Home is now in the lead over Lakeview. After dropping its first game to Lakeview 14 to 15, the New Home team came back to wallop Lakeview Friday night 30 to 12 and on Tuesday night 11 to 7.

Wilson Lions hold a 2 to 1 advantage over St. Paul's, having won the first game, dropped the second, and won the third Tuesday night.

Winners of the best three out of five games in the two series will then meet for the League championship.

## City Police Get Liquor Peddlers

Dwaine Jones, City Policeman, reports that since he went on duty three weeks ago he has arrested three people on charges of illegal possession of liquor and two for driving while intoxicated.

Thursday of last week he caught a Lubbock Negro who had 12 cases of beer in his possession.

On the same day, he arrested a man for driving while intoxicated, and with the assistance of Deputy Sheriff Chester Roan arrested a second man for the same offense.

Saturday night, accompanied by Roan, he took into custody a Lubbock Mexican woman, who pled guilty and was fined \$100 and costs in county court.

Early last week, he and Roan caught a Lubbock Mexican here with 240 quarts of beer, 19 cases of canned beer, and two cases of wine. The man was fined \$250 and costs in county court.

## Congratulations:

Mr. and Mrs. N. B. Hancock on the birth of a daughter weighing 8 pounds 8 ounces Monday at 7:00 p. m. in a Lubbock hospital.

# ODDS AND ENDS

(By E. I. The Elder)

Two weeks ago I pulled down the curtain on the Parkers and Tahoka Lake, figuring that I had dwelt on that subject long enough.

But this week I am raising the curtain again long enough to correct one error, supply an omission, and to tell about another visit I have since made out to Tahoka Lake.

When Frank returned from his vacation trip, he reminded me that White Parker on one of his visits here preached in the Tahoka Methodist Church, became well acquainted with some of the members, and made some warm

friends among them. The Minister, his wife, and their daughter Cynthia Ann, some 13 or 14 years of age, spent one night in Frank's home as guests of the family.

Frank confirms what Ben Moore had already told me to the effect that White Parker was a noble Christian gentleman and was held in high esteem by other Ministers of the Church. Frank also says that Mrs. Parker was a highly educated and cultured woman and had done much effective missionary and other Christian work herself. Their daughter Cynthia Ann was likewise a devoted Christian girl but she was dark complexioned and had the facial features of a full-blood Indian, he says.

Observing that Quannah Parker himself spent most of his life evidently in the various Indian camping grounds that had long before been established along the eastern border of the Plains and in the sub-caprock country below it, he thought that it was not at all improbable that Quannah Parker was born at Cedar Lake in Gaines county as the inscription on the monument there declares.

The error which we wish to correct is the conclusion which we drew to the effect that the stock pens near the south end of the Tahoka Lake was the 99-year old sheep coté which we mentioned. We found out later that the old sheep-cote and stock pen were situated near the middle draw.

And that calls for a brief account of my latest trip out to the Lake.

Being at home one recent Sunday afternoon and plagued by a desire to get a picture of the real sheep-cote, which I had not done, I invited M. H. Brasher to go with me over to the old W. H. May home place and ask for admission with my car into the May Ranch in which almost the entire lake is situated. Mr. Brasher accepted the invitation eagerly, for although he had lived within a few miles of the lake for the past seven years

he had never seen the lake, not even a smidgeon of it. I don't think Noah Webster ever heard of that word but I am unable to find any other word in his big book that expresses the exact meaning. Any way, Brasher had been reading about that lake in this weekly column and he wanted to see it.

Charles Baker, son of Bass Baker and grandson of W. H. May, is the manager of the May Ranch and we found him at the old May home. He not only consented for us to go in but he proposed to go along with us. So he went and took us in his pick-up almost all over the thing. We certainly appreciated his kindness.

Since Mr. Brasher had never seen any of the lake, we entered at the northeast corner, drove west past the north end of the lake, then crossed the North draw and went on up to the boys' swimming hole. And we found four or five boys there in swimming. We asked the boys how deep the water was in that hole and they surmised it was about eight feet deep. They had stirred up a lot of mud in the bottom, however, and the water was a little muddy to bathe in. There was a spring of clear, cool water near by, from which we slaked our thirst. Then we drove on up to the head spring, which is situated in quite a gorge, filled with very tall grasses, salt cedars, and a few willows.

This stream is not a beautiful one because of the weeds and tall grasses that almost hide the water from the head spring far downstream. We have imagined that if this part of the ranch were stocked with sheep, they would keep the weeds eaten down, and the stream would be much more beautiful. But it might be difficult to keep the coyotes from raiding the sheep now and then, and that would be pretty bad. It might require stronger and better wolf-proof fences, and that would be expensive. Furthermore, Chas. complained that intruders with cars sometimes break down the fences, which causes additional trouble and expense. It's a pity that so many men are not gentlemen.

Well, we then turned and went back down-stream, re-crossed the draw, went up the hill, and then proceeded to the mouth of the draw and stopped square-dab on top of that north wall of the draw, a great promontory that juts out into the lake, as we have heretofore described. From the top of that promontory one gets a long view of the lake—but not all of it. Over to the southwest is the south bank or lower jaw of the draw at its mouth, with the salt cedars glistening like silken fur down on the flat alkali bed of the stream. That is one of the spots that makes us say that there is real beauty out at Tahoka Lake.

However, in making our way down to the mouth of the draw we had passed up all those long pools of water teeming with frogs and minnows, and one of them containing cat-fish. So Mr. Brasher did not get to see at close range this lower portion of the draw. We could have seen it by quitting the pick-up and following the stream on foot, but none of us was very strong for striking out afoot even for just a few hundred yards on that hot Sunday afternoon.

From the promontory, we drove back to the crossing a half-mile or more up-stream, crossed the draw again, and then our host struck out south and southwest over hills and ridges until finally we came to the site of the old sheep-cote. It was abandoned even as a stock-pen years ago, and the building is now a half-tumbled-down structure, but I think I snapped a good picture. A hundred yards or more to the south

(Continued)

## EDITORIALS

Senator Kem of Missouri is reported to have announced last Saturday that he will introduce "ironclad legislation" ordering President Truman to cut off all military and economic aid to any nation selling war materials to Communists. While that might seem to be a harsh remedy to apply, yet it seems to us that the time has come for this nation to be harsh in its dealings with the Communists. It seems like the height of folly for us to help nations that help Russia and the Chinese Reds, which are using all of our resources and all the lies that they can invent to destroy us. It seems to us that Senator Kem is on the right trail.

Senator Tom Connolly has emitted a blast against the Administration policy of seeking to rehabilitate and aid financially every non-communist country in the world that needs help. He declares that such a policy would foster extravagance and eventually bankrupt the United States. We believe that both expediency and duty require that we go the limit in helping the impoverished people of these unfortunate nations but of course there is a limit to the amount of aid we can give; and there is an imperative necessity that we curb the extravagance that has sprung up everywhere in the expenditure of public funds. We think that there should be a leveling up of salaries and wages paid to both federal and state employees. The heads and sub-heads of many bureaus and departments today are receiving munificent salaries while the common workers in these bureaus and departments are being shamefully underpaid. Connolly is right in advocating the bridling of those who would scatter American dollars like pebbles throughout the world but we think that somebody in Washington and somebody in Austin should put on their specks and peer into the manner in which funds for the various departments are being distributed among the higher-ups as against the more humble workers in these departments.

That cheating in the West Point Army school reflects a shameful deficiency in the moral fiber of the guilty ones, but what else could be expected when so much crookedness is high places in this government is being exposed and then protected or passed over after exposure without punishment or even reprimand? We need a man at the head of this Government who has never dabbled in the Kansas

City type of ward politics.

factories or as inmates of her concentration camps. The hypocrisy and the perfidy of the Russian dictators and their stooges, male and female, seem to know no bounds.

The Navy's newest attack submarines will be powered by a compact 16 cylinder radial-type diesel engine which is now ready after five years of development work.

**MISS Wanda Joyce Andrews Weds Carl Henry McMillan In California Ceremony**

Members of the H. L. McMillan family and friends of the bride and groom received invitations last week to attend the wedding of Miss Wanda Joyce Andrews and Carl H. McMillan which was to be consummated at 4 o'clock last Saturday afternoon, August 4, at the Goleta Federated Church in Goleta, California.

The bride is the daughter of Mr. and Mrs. A. B. Andrews, who formerly lived here but who moved to Santa Barbara, California last spring, and she was reared here and graduated from Tahoka High in May.

Carl H. McMillan is the son of Mr. and Mrs. H. L. McMillan, Sr., of Tahoka and he also was reared here. For several years he had been employed in The News office, much of the time while still a student in the Tahoka public schools but for full time after his graduation from high school in 1950. Early this year he joined the Navy and has been stationed in San Diego, California. Word had been received here early this week that Carl would be transferred to San Francisco in a few days where he will go to a printer's school.

**Sassafras Here At Tate-Lax Show**

A group of entertainers will be here for one week starting Monday at a free show to be presented by Tate-Lax, with a two hour program each evening at 8:15. There will also be contests and free prizes.

Among those with the company are Sassafras of the team of Sassafras and Honey Boys, Miss Emily Zarlington, Tex and Tony Franklin, Ray Ranier and others.

The Department of Defense is making every effort to establish communication between members of the Armed Forces believed to be prisoners of North Korea or Chinese Communist forces and their families.

Mr. and Mrs. Guy Robinson of Strawn arrived Wednesday for a short visit with her mother, Mrs. A. I. Thomas, and to accompany A. I. to Chama for a vacation at his cabin.

**Tech Football Tickets On Sale**

LUBBOCK, Aug. 6. —Season tickets to Texas Tech 1951 home football games go on general sale August 15, according to Jimmie Wilson, business manager for athletics.

Priority holders—those purchasing season tickets last year—have until that date to renew their option. Checks received before August 15 from non-priority holders will be held until then and filled in the order received.

Season tickets cost \$11.70. Checks or money orders made payable to Texas Tech College should also include 15 cents for mailing charges, Wilson said.

Individual game tickets go on sale in mid-September.

Tech's home schedule will be as follows: West Texas State, 8 p. m., September 22; Texas Christian University, 8 p. m., October 13; University of Arizona (homecoming), 2:30 p. m., October 27; and Hardin-Simmons University, 7 p. m., December 1.

Under a new order to assist families defray burial expenses of servicemen, the monetary allowance has been raised from \$75 to \$125, if private cemetery is used.

A maximum of \$75 is allowed when burial is in a Post or National Cemetery. The increased allowances are effective in respect to personnel of the Army and Air Force whose burials took place on or after April 1, 1951, and in respect to personnel of the Navy whose burials took place on or after May 1, 1951.

Rev. J. B. Sharp, pastor of St. Mark's Methodist Church at Midland and son of Rev. and Mrs. J. H. Sharp of Tahoka, has been visiting here this week while his wife received treatment at Tahoka Hospital. Rev. J. B. has been conducting a revival at Welch.

Ten universities and medical schools have received funds from the Navy Department to carry out a new program of research on "fash" burns—injuries which might result from exposure to an atom blast.

## Garza County Couple Married 71 Years Ago

POST, Aug. 9. —Two longtime Garza county residents, Mr. and Mrs. W. H. Newbury, observed their 71st wedding anniversary Tuesday in the farm home they bought when they moved here in 1914.

No special celebration for the couple was planned. The 90-year-old man and his 89-year-old blind wife said they were "too near give out for anything like that."

### Care For Livestock

The couple, still living on their 80-acre farm near the Graham community, care for a cow, a calf and 100 chickens. Though Mrs. Newbury is hampered by blindness, every once in awhile her husband will take her to the lot where she will milk the cow they have had for the past 10 or 12 years.

Each week Mr. Newbury makes a trip to Post, but his wife's travels are confined to regular at-

tendance at the Graham Church of Christ.

### Relatives Are Listed

The couple has a housekeeper who cleans for them once a week, but they do the other household chores themselves.

They live alone since Mr. Newbury's nephew and family moved to another farm several months ago, after spending five years with the couple.

Only relatives are two grandchildren, Bob Lusk and Mrs. Schuyler Boothe of Paducah, and two great grandchildren, Amanda and Lucy Nell Boothe, students at Abilene Christian college. A daughter, Mrs. Z. P. Lusk, died in 1918.

The Newburys were married Aug. 7, 1888, near Alpine, Tenn. They lived in Missouri and Oklahoma before moving to Texas in 1888.

## COTTON QUIZ

HOW DOES COTTON RANK AMONG CCA SHIPMENTS TO FOREIGN NATIONS?

MORE COTTON HAS BEEN SHIPPED UNDER THE MARSHALL PLAN THAN ANY OTHER COMMODITY EXCEPT BREAD GRAINS—A TOTAL OF 7,450,000 BALES!

### GABLE-HEROD FAMILIES HOLD TWO-DAYS REUNION

The second annual Gable-Herod family reunion was held Saturday and Sunday, August 4-5, in MacKenzie State Park in Lubbock.

Registration began at 10:00 a. m. Saturday, 47 relatives and friends registered during the two days.

It had been voted to present gifts to the party or person who had traveled the farthest to the reunion, to the oldest, and to the youngest guest. Delwayne Ward, aged 10 months, son of Edward B. Ward of Lubbock, Mr. and Mrs. Jim Woodall of San Bernardino, California, received the gift for traveling the farthest distance.

Mrs. Virginia Boyer of Balda, Oklahoma, a half-sister of J. C. Gable of Tahoka was related to each and every one of the relatives at the reunion. It was also the first time she had been with all of her brothers and sisters at one time.

At 11:00 o'clock Sunday morning the group gathered for an hour of devotion. Ryan Kerr of Altus, Oklahoma, gave a very inspiring talk.

Following the devotion a business meeting was held. It was voted to return to MacKenzie State Park in Lubbock the first week-end in August, 1952, for the third annual reunion. Officers elected to serve at the 1952 reunion were: president, Lee Boyer; vice-president, Mrs. Louis Henderson; secretary, Mr. Roy Hutson; and treasurer, Mrs. Roy Allen Hutson, Jr.

### MRS. GENE RILEY'S STEP-SISTER DIES IN CALIFORNIA

Mrs. Gene Riley received the sad news Wednesday that her step-sister, Mrs. Ira Livers of Modesto, California, had died in that city. The body was to be shipped to her former home at Albuquerque, New Mexico, for burial, where funeral services were to be conducted Friday.

Because of the distance and on account of pressing duties here, Mrs. Riley was unable to attend.

### TAHOKA HOSPITAL NEWS

Mrs. Clyde Allen has been a patient in the Tahoka Hospital since last Saturday.

Mrs. Valerie Wells Harvick was reported Wednesday afternoon to be apparently somewhat improved.

The condition of Mrs. I. M. Draper Wednesday afternoon was also reported to be "fair".

Henry Sayles and wife, colored, are the parents of a son, born on Monday in the Tahoka Hospital, weighing eight pounds and one ounce, a healthy youngster. We failed to get the name.

Spaghetti has many uses in soups, stews, salads, and in combination with meat or cheese as a main dish.

### Vic Vet says

## Cotton Spraying Advice Given

COLLEGE STATION. —Good control of cotton insects has been obtained experimentally with nozzles that delivered quantities of spray ranging from 1.8 to 13.5 gallons per acre. The important thing is to apply the proper amount of insecticides, says Texas A. & M. entomologists.

For farmers who have trouble figuring the amount of poison they are applying per acre, Extension Entomologist A. C. Gunter has a simple solution. He suggests filling the tank with water and spraying an acre of ground. Then, the gallons of water used can be determined, and the amount of insecticide needed in the tank can be figured.

For example, a farmer with a 50-gallon tank might want to apply one pound of poison per acre. If five gallons of water were required to fill the tank after one acre had been sprayed, he would need 10 pounds of poison in the 50 gallons of spray solution.

Under experimental conditions dusts and sprays have given equally good insect control. But because of weather conditions common to Texas, applying insecticides by spraying is preferred by many farmers. A. & M. entomologists believe the hollow cone type nozzles give better coverage than the fan type nozzles. An ideal pressure is about 60 pounds.

One nozzle per row gives satisfactory control of cotton plants that are not more than 10 inches high. For plants between 10 and 22 inches high, two nozzles per row are needed. Three nozzles per row are recommended for plants over 22 inches high—with one on each side and the third directly above the row.

Gunter says it is usually better to have the spraying equipment mounted on the rear of the tract-

## PIOTT FAMILY HAS REUNION AT LUBBOCK

The Piott's third annual reunion was held in Lubbock this past weekend.

A Western supper consisting of barbecue and beans and other trimmings was enjoyed by 58 members of the family at the R. C. Mann cabin at Buffalo Lakes Saturday night. The family had breakfast Sunday at G. V. Fulton's in Lubbock.

The balance of the day was spent at the Party House in MacKenzie Park, where lunch and supper were served, and where a program of songs and contests were held in the afternoon.

Prizes for coming the greatest distance to the reunion went to Mr. and Mrs. Irwin Allstine and son Jimmie from Albany, N. Y. Mr. Luck Piott of Houston won the prize for being the oldest one present. Mrs. Flaud Piott Miser of Fort Worth took the prize for having the most descendants present. Weldon Blanton of Gainesville and Mrs. Allan Gregory won prizes for being the laziest man and woman present.

Piott children attending were: Luck Piott, Houston; Bass Piott and Emma Bell, Gainesville; Mrs. Flaud Miser, Ft. Worth; Geo. N. Piott, Denton; Mrs. Ruth Gatson, Oklahoma City; Mrs. Audrey Jones, Corpus Christi; Mrs. Annie B. or. This keeps the insecticide from collecting on the tractor and getting on the operator.

Texas A. & M. agricultural engineers have developed plans for a new home-made row crop sprayer. The design calls for rear mounting, which will permit cultivation along with the spraying operation. Plans for constructing this sprayer may be obtained by requesting Plan No. 379 from county Extension agents.

Gunter suggests that cotton growers ask their county agents for copies of the 1951 Guide for Controlling Cotton Insects.

House, Lubbock; and Mrs. Edna Park, Tahoka. Their husbands, wives and most of their children attended.

Bookkeeper

### ● Bear Front End Alignment Machine:

Accurately checks tow-in, camber, and caster on any make of automobile. Front wheels set according to manufacturer's specifications do not cause excessive wear, road-walk, shimmy, or undue vibration in front end of your automobile. Our Service Department will give you A FREE check and tell you the condition of your car.

### ● Sun Motor Diagnosis Laboratory:

Scientifically finds any defect in operation of your motor without guesswork or loss of time. Analyzes your car under normal operating conditions by testing ignition system, timing, fuel pump pressure, vacuum pressure, carburetor mixture while engine is running. You can be sure your car is set as it should be by watching our mechanic as he uses it on your car.

### ● Wheel Balancing Machine:

Our Bear Wheel balancing machine balances tires, eliminates steering wheel vibration that causes undue fatigue to driver and unnecessary wear to front end assembly of your car.

### ● Polishing Service:

All our new cars are PORCELAINIZED before delivery, but we would like to care for and preserve that glistening finish on your car, regardless of make or model. We also do all kinds of CLEANING, POLISHING, and WAXING. Check with us for free estimate on your car.

### ● Washing And Lubrication Service:

Our modern plant includes the latest equipment for WASHING and GREASING your automobile. Our many satisfied customers are our best advertisement as to the quality of this phase of our complete service.

### ● General Overhaul And Repair Service:

Our SERVICE DEPARTMENT can overhaul and repair any type motor regardless of age, make, model, or condition, that can be repaired. All work guaranteed as to workmanship and materials. Prices in line with approved trade standards.

### ● Trained And Experienced Personnel:

All work in our Service Department is performed by mechanics trained in the job they are doing. They can give you the benefit of their experience and the assurance that the work they do for you is done right! Since they work under the most ideal working conditions of our clean, well ventilated, well lighted Service Department with the latest modern equipment, they are interested in pleasing you — our customers. They will meet you promptly, treat you courteously, and will be sincere in helping you in any way they can.

## Wanted By FBI

Fred Morris Fine, Secretary, Public Affairs Department, National Headquarters of the Communist Party, USA, is being sought by the Federal Bureau of Investigation on a charge of conspiracy to advocate the violent overthrow of the government. The FBI has requested alert citizens and law enforcement agencies to assist in locating Fine. A description of Fred Fine is as follows:

Age, 37, born March 30, 1914, Chicago, Illinois; height, 5-foot 5 1/2 inches; weight, 139 pounds; build, medium; hair, brown, partially bald in front; eyes, brown; race, white; nationality, American; scars and marks, mole on left cheek at mouth level; distinguishing characters, large mouth, heavy features and prominent Adam's apple.

Fine has worked as a steel worker, a clothing store clerk, typist and bookkeeper. He is not known to drink. He smokes a

FRED MORRIS FINE

pipe and cigarettes. In the past he has suffered from a hernia and other complications which necessitated medical treatment. He has resided in New York since 1950. Prior to that time he lived in Chicago, Illinois, and Detroit, Michigan. He was indicted by a Federal Grand Jury at New York, New York, on June 20, 1951.

Any person having information which may assist in locating Fine is requested to immediately notify the nearest FBI office. The phone number appears on the first page of the telephone directory.

Mr. and Mrs. Roy Poer are spending a week or ten days at Hubbard, their old home. They will attend a reunion there on Saturday. Roy grew up with and played baseball as a youth with Tris Speaker, who is a cousin, and Roy was hopeful that Tris would be back home this year for the reunion.

Mr. and Mrs. Lon Spann and sons Bobbie and Roy of Houston spent the week end in the Frank Raindl, Sr., home. On Sunday they toured the Palo Duro canyon. They were accompanied by Mr. and Mrs. Louis Brosch of Lubbock, Miss Jo Raindl, and Mr. and Mrs. Henry Jahnke of Wilson.

Mr. and Mrs. C. W. Conway, Sr., of Lamesa were here several days early this week visiting old friends and caring for the baby of Mr. and Mrs. C. W. Conway, Jr., while the latter took a brief vacation at Ruidoso.

## How Safe Is Your Home?

COLLEGE STATION. —The farm home is not the safest place on the farm. More farm accidents occur in the home than in any other single place on the farm and the kitchen ranks as about the most dangerous room in the house. According to Mrs. Bernice Claytor, extension home management specialist of Texas A. & M. College, there are several reasons for the high accident rate in kitchens, but few outrank carelessness and household disorder.

She points out that a well kept kitchen, one that is provided with plenty of convenient cabinet and storage space, is most likely to be a safe room. However, a poor job of housekeeping can nullify the safety features of even the best planned and constructed kitchen. A fire caused by an explosion, spilled hot grease or from the use of worn-out electric equipment or wiring will not only ruin the kitchen and probably the entire home but may even result in death or serious injury to the housewife and other members of the family.

In the well-managed home, all gas connections are checked regularly. Kerosene is not used to start fires in wood and coal burning stoves and all electrical equipment and wiring is kept in good condition. Children are not permitted to play with matches and care is exercised at all times by the homemaker when she is cooking.

Many accidents also occur on stairways and steps. The National

ARMY NURSE ON DUTY IN KOREA—In a hospital not far from the fighting front Capt. Watkins, Army Nurse Corps, reads a patient's temperature while others wait their turn. Cheerful and sympathetic attention is given the sick and wounded.

Safety Council reports that most home accidents, 24 percent, result from falls. Faulty steps should be repaired and all steps and stairways should be well lighted. Scatter rugs should never be placed at the bottom nor the top landings of the stairway and loose or frayed runners on the stair steps are always dangerous.

The stairway treads should all be of the same width and risers the same height, says Mrs. Claytor, and the treads should not be polished. It's always dangerous to

when both arms are loaded and it's doubly so when the stairs and steps are cluttered.

Mrs. Claytor believes that a great number of home accidents can be prevented and at the same time fire hazards can be removed from the home if homemakers will dispose of worn out appliances, make repairs to equipment when needed and follow an orderly program of practicing safety every day in the year.

**ENLISTED WOMEN IN ARMED FORCES**—During the early months of 1951 more than 35,000 women were serving on active duty with the Army, Navy, Air Force and Marine Corps. Current enlistments are increasing and thousands more will be available through the Reserve. No longer are women considered as merely a source for releasing men to active duty for they have become a vital and integral part of our Armed Forces.

Left, WAF Cpl. Cherry Brady, of Monroe, La., is a flight attendant in the Military Air Transport Service. She administers first aid, prepares meals and checks passengers coming aboard like Sgt. Robert Mullen, USAF, of Cleveland, O. Right, WAF Sgt. Lois Spahn, of St. Louis, Mo., control tower operator, at an Air Force Base, keeps flying aircraft advised of local conditions.

"LET THEM DRINK CITRUS JUICE," says Raymond Smith, czar of the Rio Grande Valley's dwindling water supply. Luscious Nancy Lou Shindler obliges, and invites her fellow Texans to "drink up." State-wide sales are expected to boom during sultry August.

**S. J. Akins Have Family Reunion**  
Mr. and Mrs. S. J. Akin, aged Tahoka citizens, were honored at an annual reunion of family last Sunday. Four of their six sons and their two daughters, members of their families, and other relatives were present.  
Among those present were, Mr. and Mrs. S. N. Akin, Stephenville; Mrs. J. D. Sowell, Winters; Mr. and Mrs. O. C. Hunt, Mr. and Mrs. Adolph Hunt and Ronny, all of Lubbock; Mr. and Mrs. J. F. Akin and Willa Faye, and James Wilson, Petersburg; Pfc. Don Akin of March AFB, Riverside, Calif.;  
Mr. and Mrs. W. M. Akin, Mrs. Grady Akin and Patty, all of Brownfield; Mr. and Mrs. Edd Akin and Dana, Ruidoso, N. M.; Pfc. Doyle Akin and Pfc. Dalton Cobb, Cheyenne, Wyoming;  
Mr. and Mrs. L. A. Forsythe, Larry, Jerry, and Dixie, Mr. and Mrs. Arnold Akin and Linda, Mrs. Leroy Akin, Marshall and John, Mr. and Mrs. Eldon Akin, Mrs. Geo. Forsythe, and Mrs. Beulah Atkins, all of Tahoka; Mr. and Mrs. Eual Akin, Eddie and Sue, Lamesa; Arval Akin, Roswell, N. M., and Alton Akin, Bronco, N. M.

**Sgt. Keith Connolly Writes From Korea**  
Copy of a Korean newspaper was received this week by The News from Sgt. 1/c Keith Connolly, whose home is in Denver, but a former Tahoka boy, son of Mrs. James Connolly.  
Keith, who saw much active service in World War II, in which he received several decorations, is back in the Army with a Field Artillery battalion seeing service in Korea against the Reds.  
No one around The News office could read the paper, but we could get the idea from some of the cartoons and comic strips in the sheet. The paper appears very interesting, if there were anyone here to interpret it.  
He writes: "There isn't much going on in our sector these days. The cease-fire talks have slowed things down to almost a halt. My time is up over here, but I don't know when I can come home as the rotation program looks much better on paper than it really works out."  
His address is: Sgt. 1/c James K. Connolly, Sv. Btry. 61 F. A. Bn., APO 201, Postmaster, San Francisco, Calif.

Go To Church Sunday.

## Odds & Ends

(Cont'd. From Page 2)

was the site of the old ranch headquarters. The main building, consisting of seven rooms, was moved a few years ago to the May home place, and there it was practically rebuilt and is still being occupied as a residence on the May farm.

A stone adjunct to this large old ranch house still stands on the same site on which it was built, and I also succeeded in taking a good picture of that. We even went into this old structure but it is now largely filled with junk, and is not otherwise being used.

From there Charles took us down to see the big spring in the Middle draw near by. The limestone rock and the absence of tall grasses and rank weeds, make this draw the most scenic of the three except for the greater abundance of water in the north

draw. Extending across the draw is a crescent-shaped ledge of rock over which the water must pour like a mad cataract when heavy rains fall, the width of the channel there is some 15 or 20 feet, and the concave curve of the rock of course is much longer than that. This ledge is some four or five feet above the surface of the pool just below it. No water is coming over that ledge now, but springs somewhere in that pool keep it full and a small stream of water flows ceaselessly from it and on down the channel into the lake. At one time a dam impounded a lot of the water that came down that stream but a flood a few years ago swept the dam away.

\*\*\*\*\*  
Crossing that draw, Charles took us up the hill and on until the south draw, which Duwayne Townsend and I had visited once, haved into sight. Charles did not take us down into that draw, however.

Instead, he turned east, crossed quite a depression, and then climbed out onto another promontory which juts out into the lake and then terminates so suddenly that from our view, from the top, it seemed almost to over-hang the alkali bed of the lake below us. That is really the most scenic spot I have seen out at Tahoka Lake yet. Even Charles was thrilled by the beauty of the scene, and he had viewed it many times before. I remarked that I was going to go back out there some time and take another picture before long, but Charles suggested that I wait until heavy rains come and put several feet of water in the bottom of the lake. I hope that happens soon. Charles says that sometimes the water in that lake gets 8 or 10 feet deep. Once, he remembers, it did not dry up for three years.

Of course the alkali bed of that lake, like the beds of most alkali lakes, is almost perfectly level. The bed of Tahoka Lake is about two and a half miles long, extending in a general north and south direction. Charles said that often when the lake had only a few inches of water in it, say 10 or 12 inches, and a steady south wind blew it would drive practically all the water up to the north end. Then, if the wind changed and came down from the north it would soon drive nearly all of the water down to the south end. He has been reared out there, but he says that lake always has interested him and never ceases to do so yet. Happy is the man that can see the beauty around him.

\*\*\*\*\*  
Now we were ready to go home. We had discovered new beauty, new scenes to photograph—I had used up the last of the films in my kodak at the waterfall in the middle draw—and so we hastened back over hills and dales to the north end of the lake, back by the old dipping vat by which we had come, up through another pasture and another gate, back tracking our way down, when Charles asked us if we had seen that little lake out there. "Out where?" we asked, for we could see no lake. He said "Right out there a little piece," and headed his pick-up south. Before we realized it, sure enough there lay a lake as serene as a sunset out there to our left: It was the most beautiful lake I have yet seen in Lynn county, or any other county—not as beautiful perhaps as many a mountain lake, but beautiful nevertheless, its water as clear as crystal, reflecting shrubs on the opposite shore as well as the skies of heaven beyond. It had in it quite a quantity of water, alkali water, Charles said. That water has not come from recent rains; there had been but little rain recently; but Charles says that the water had just risen up in that lake from somewhere below, as it has a habit of doing. His grandfather, many years ago, having heard none, began calling it Hidden Lake, and the name stuck. They all call it that now. Some time I am going back out there and get a picture of Hidden Lake.

\*\*\*\*\*  
Just recently, I took a picture of a similar lake down here in the south pasture of the T-Bar Ranch, near the southeast corner, lying just over the hill, almost out of sight of a traveler along the highway. It had water in it too. I had

## Legal Notices

### Ordinance No. 17B MOTOR VEHICLES-MINORS

An ordinance, making it unlawful for a minor between the ages of 14 and 17 years of age to drive or operate a motor vehicle or an automobile in a reckless manner, at an excessive rate of speed or while under the influence of intoxicating liquor; defining such offenses; providing a penalty for the violation thereof; providing for the power of suspension of fine and for probationary period; providing for the supervision by the court; providing nothing in this ordinance shall be construed to repeal or effect any statute regulating the powers and duties of juvenile courts; providing for an saving clause; and declaring an emergency:

Be it ordained by the City Council of the City of Tahoka, Lynn County, Texas:

Section 1. Any minor who has reached his or her 14th birthday, but has not reached her or his 17th birthday and who drives or operates an automobile or any other motor vehicle upon any public road or highway in this state or upon any street or alley within the limits of an incorporated city, town or village, in a reckless manner, at an excessive rate of speed, or while under the influence of intoxicating liquors, as hereinafter defined in this ordinance, shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than \$1.00 nor more than \$50.00.

Section 2 (a). Any minor as defined above who drives or operates any vehicle upon any public road, highway, street or alley within the City Limits of the City of Tahoka, Lynn County, Texas, upon any public road, highway, street or alley, at a speed in excess of allowable under any Texas statute shall be guilty of speeding.

(b) Any minor as above defined who operates or drives at a speed within the City Limits of the City of Tahoka, Lynn County, Texas, upon any public road, highway, street or alley, at a speed in excess of allowable under any Texas statute shall be guilty of speeding.

(c) Any minor as above defined, who drives or operates an automobile or any other vehicle on any public road, highway, street or alley within the City Limits of the City of Tahoka, Lynn County, Texas, while such person is intoxicated or under the influence of intoxicating liquors shall be guilty of driving or operating a motor vehicle or other

often seen and admired that little lake, and so, two or three weeks ago, I worked myself through that rabbit-proof wire fence which encloses the T-Bar, without tearing either the seat of my pants or the scalp of my head, a feat which only an expert fence-climber can accomplish, and hastened on down toward the lake, intending to get the picture not only of the lake but also of a bunch of whiteface cows between me and the lake, but when I got close enough for those cattle to see my face, they went wild—they h'listed their heads and their tails and quickly left not only the lake but also clouds of dust behind them. I don't know yet what was the matter with those cattle—I never did do a single one of them any harm in my whole life, never did kick one of them, never did even talk about them except to brag on them. In fact, I always was kind to cows, except some times when old Bossy would calmly drop her tail down into my milk pail, then lift it out and swish it with a mighty slash right into my face, leaving a terrible sting and also a pint or two of milk on my unoffending countenance. Or when, upon no provocation whatever except possibly the pinching of a sore teat as I tried to milk the old hussy, she would suddenly lift her foot, give it an outward swing, and leave me sprawling flat on my back in a puddle of milk. Following such spells of bovine misconduct, I will admit that I was not always too kind to the four-footed outlaws. But what did the T-Bar cows know about that? They had no reason in the world to run from me. If kids had been as scared of me as that when I was a kid, I would have been in my glory. The greatest trouble that I had with kids was that usually they would run toward me instead of from me, leaving me with a skinned nose.

Well anyway, I got a picture of that lake even if I didn't get a picture of the cows, and it will be hanging in my art gallery soon.

\*\*\*\*\*  
Looks like I never will get a round to Double Lake, where A. L. Dunagan browsed around with me quite a bit, nor to Guthrie Lake, where I browsed around by myself half a day and began to think I never was going to get out of that pasture again. O well, those lakes will be there next year, I guess, and maybe a thousand years hence. I promise you now that I will write them up too if I live that long.

## Bethel Baptists Planning Revival

A revival meeting will be held at Bethel Baptist Church August 17-26, with Rev. Bedford of Colorado City, a widely known evangelist, and his song leader in charge of the services.

Morning services will begin at 10:30 a. m., evening prayer services at 8:00 p. m., and evening preaching services at 8:20 p. m.

Bethel Baptist Church, with Rev. Dale Lavender as pastor, in the past 18 months, has built and paid for a new church building valued at approximately \$15,000. It has started a Training Union which has an average attendance of 45 to 50. The church recently held its first Vacation Bible School with an average daily attendance of 55. During this time, there have been 13 additions by baptism and two by letter.

Members of the Bethel Church extend to all a cordial invitation to attend all services.

Navy Waves, in normal times, serve in 28 out of 62 ratings.

vehicle while under the influence of intoxicating liquors.

Section 3. Provided for good cause shown, and when it shall appear to the satisfaction of the court that the ends of justice and the best interest of the public as well as the defendant will be subserved thereby the courts of the State of Texas having original jurisdiction of such criminal actions shall have the power after conviction or plea of guilty, shall suspend the imposition of such fine and may place the defendant on probation on a period of 90 days. And such minor so placed in probation shall be under the supervision of the court, and such minor, while so under the supervision of the court, shall appear in person before the judge or recorder of the court on the first day of each following month and show how he has obeyed the law, and if during such period of probation, should the defendant violate any law of Texas or any ordinance of the City of Tahoka, Texas or should fail or refuse to report to the court on the first day of each month, then such judge or recorder of the court, may impose a fine on such defendant.

Section 4. If any clause, sentence, section or portion of this ordinance shall be held invalid or unconstitutional, such holdings shall not affect any remaining clauses, sections or remaining portions of this ordinance, and the council of the City of Tahoka, Texas, declares it would have enacted the remaining portions with the invalid or unconstitutional portions omitted.

Section 6. Any ordinance or part of an Ordinance in conflict with this ordinance, said part or parts of a previous ordinance is hereby expressly repealed.

Approved this the 6th day of August, 1951.

J. K. Applewhite, Jr., Mayor of the City of Tahoka, Texas.

Attested by: Nettie G. Jackson, Secretary of the City of Tahoka, Texas.

**TABOKA YOUTHS RETURN FROM ENCAMPMENT**  
Larry Ramsour and Paxton Hutchison returned Saturday from Ridgcrest, North Carolina, where they attended the South-wide encampment of Southern Baptist young people. These devout Christian boys received many thrills and much inspiration from the meetings, according to the reports they make. It was an experience they will never forget.

Paxton's mother, Mrs. W. F. Hutchison, accompanied them as far as Shreveport, Louisiana, where she visited relatives, and came back with them on the return trip. She declares that the heat down in Louisiana is oppressive almost beyond description.

## Changes Made In Dove Season

AUSTIN.—Endorsement of the mourning dove season changes as a step toward "good conservation" was voiced by the Executive Secretary of the Game, Fish & Oyster Commission.

**Hours—Noon To Sundown**  
His comment followed an announcement by the Federal Fish & Wildlife Service that the Texas mourning dove season would be reduced from 45 to 40 days for most of the state, with the daily shooting period cut from sunup to sundown, to noon to sundown.

The Fish & Wildlife Service, which makes the final decision on all migratory birds, followed the season opening dates for mourning doves as recommended by the Game Commission, pursuant to a popular pool of Texas sportsmen.

**Hunting Season Given**  
The opening in the north zone which comprises about three-fourths of Texas, will be September 1, as usual, and will end October 10. The south zone opener will be November 15. The season in that zone will close December 21, with the season three days shorter than the north zone because south zone hunters in twelve counties will have special three-day whitewing dove season, September 14, 16 and 18.

The Executive Secretary said field reports indicate sufficient birds to provide a good harvest without endangering the brood stock, under the curtailed regulations.

"Texans still have a pretty generous dove hunting season," he said, "I am confident Texas

## NFLA Meeting In Tahoka Saturday

Stockholders in the Tahoka Post National Farm Loan Association will hold their annual meeting Saturday at 2:00 p. m. in the American Legion hall here.

Dividends will be declared and a financial report made by Carl Griffing, secretary, a report made on the work by Fred McGinty, new officers and directors elected, and an entertainment program presented by J. E. "Red" Brown.

## Bill Draper Will Be Returned Home

Pfc. Bill Draper, son of Mr. and Mrs. Howard Draper, who has been in Korea for many months, is expected home early in September.

Mrs. Draper talked to her son by telephone Monday morning, and he told her he was in port awaiting a ship to bring him back to the States.

Bill was a casualty in last winter's campaign, suffering frostbite, but after recuperating a few weeks in a hospital in Japan he was sent back to the fighting front in Korea.

sportsmen will understand that the game that is not killed this fall will survive to assure their favorite sport in future seasons."

**10 Is Limit**  
The daily limit for mourning doves is 10. The possession limit is also 10.

Hunters bagging whitewings during the special season must count their mourning doves in their bag. Thus, if they shoot three mourning doves they may take only seven whitewings.

**MEDALS OF HONOR FOR WAR HEROES**—In a ceremony at the White House, President Truman (right) congratulates Capt. Raymond Harvey, of Pasadena, Calif., after presenting the infantry captain with the Medal of Honor. Three other infantrymen standing alongside also received Medals of Honor for distinguished gallantry in action in Korea. They are, left to right, Capt. Lewis L. Millett, of Haverhill, Mass.; M/Sgt. Stanley T. Adams, of Olathe, Kans., and Sgt. Einar H. Ingman, of Tomahawk, Wis. Behind them stand distinguished officers of the Armed Forces who witnessed the ceremony. In the center is the late Admiral Forrest P. Sherman, Chief of Naval Operations, who died suddenly in Italy, July 22.

**OX-POWER**—Enterprising paratroopers load cases of C-Rations on this primitive means of transportation, a far cry from jet propulsion and the faster than sound speed of the Navy's sonic research plane. The cases of rations were airdropped by the Far East Air Force C-119 Flying Boxcars. Bridging the past with the present is often necessary in modern warfare when battles are fought in far off corners of the earth. American industry and the Armed Forces are teaming up with technical know-how and Yankee initiative to keep the nation fully prepared for defense.

## MANY TAHOKA PEOPLE ARE AT CLOUDCROFT

Mr. and Mrs. Dale Thuren and Mr. and Mrs. H. W. "Cotton" Carter spent several days this week up at Cloudcroft, in the White Mountains of New Mexico.

Mr. and Mrs. Wynne Collier have been there for several days. Most of the Applewhite family have also been at their cabin at Cloudcroft, including Mrs. J. K. Applewhite and her mother, Mrs. S. R. Kemp, Mr. and Mrs. "Sonny" Roberts and children, Mr. and Mrs. Prentice Walker and children and Mr. and Mrs. Sam Privitt of Brownfield.

The Walkers have as their guests Mr. and Mrs. Billy Maxwell. The News is informed that Maxwell, Prentice, and Wynne are getting in a lot of golf.

Miss Ethel Calahan left Thursday afternoon with a sick friend, Miss Willingham of Lamesa, for San Angelo, with the hope that her friend's health may improve.

Go To Church Sunday.

## Impromptu Talks At Rotary Club

Impromptu talks featured the Rotary Club program directed by Wynne Collier on Thursday of last week.

Collier had the following members tell interesting facts of their lives before coming to Tahoka: Stanley Sigman, Coy Fielder, Happy Smith, Otis Spears, and Jess Miles.

President Clint Walker and Secretary David Weathers are seeking to improve attendance at the local club. Last Thursday, they reported that all absent at the previous meeting but two had made up their attendance.

Mrs. J. J. Raindl and son Dennis have returned home from a three weeks visit at Glenrose, Fort Worth, and in Tennessee. In Smyrna, Tenn., she visited her husband, Sgt. Raindl, who is stationed at Stewart AFB.

## Schools

(Cont'd. From Page 1)  
ment of the recreation facilities. W. T. Kidwell, a member of the board, has offered to repair the swings, and A. R. Milliken will repair the see-saws.

For the past three years, Senior classes have donated to a tennis court fund, and there now is about \$400.00 set aside for this purpose. Nearly every school in this area of comparable size has modern concrete courts, but Tahoka students continue to play on very poor dirt courts. Tahoka district adults could do the youth a great favor by helping on this project. At least four modern courts are needed, but even two would do something.

Some adults point out the fact that the children of today have so much more than they had in "the little red schoolhouse days," and oppose the expenditure of tax monies for improvement of school camp.

But a few of the same adults want to live in the kind of houses they lived in in those days, or get along with a horse and buggy. The News even suspects that some of the board members, even, do not want to live as they did twenty, ten, or even five years ago.

The board and school teachers and children of Tahoka need better backing and more interest from the patrons of the district. Tahoka is in shape to have one of the best school systems anywhere, and more interest and help from patrons could bring about the putting of finishing touches to the campus as well as improving the work done in the classrooms.

## Baseball

(Cont'd. From Page 1)  
starter Gordon Smith and got credit for his first win against no losses. Gurley pitched shut-out ball all but one frame the rest of the game.

Leonard Breiger (4-3) suffered his third loss as North trounced on him and Thomas Mason for 13 hits. Tahoka gave up 11 hits, and committed two errors to Wilson three.

League standings:

	W	L	Pct.
Wayside	6	4	.600
Wilson	5	4	.557
Southland	5	4	.557
North Side	3	7	.300

Next Sunday Gordon Smith (1-0) or Ronny Gurley (1-0) will face Wayside's James Foster (3-0) or "Punk" White (3-3).

If Wayside wins this game and Southland and Wilson split their double header, an extra game will have to be played to see who will play Wayside in the playoff.

However, if North Side were to defeat Wayside and Southland and Wilson split, it would be a three-way tie for first.

Wayside can be in the play off win or lose next Sunday if

Dr. and Mrs. Skiles Thomas and children returned home Wednesday from a few days' visit with her parents, Mr. and Mrs. W. G. Lyons, in Galveston.

Alton Cain and son, Jerry, and father-in-law, E. J. Cooper, returned Tuesday morning from a visit to the Ozark country of Arkansas and Missouri.

either Wilson or Southland takes both ends of the double header. Coach Jake Jacobs will decide the play-off sites.

## GRANDMOTHER DIES IN WACO WEDNESDAY

The Paris children of Tahoka left Thursday for Waco to attend funeral services for their paternal grandmother, Mrs. L. R. Paris, about 72, who died in a Waco hospital Wednesday after an illness of about six months.

Attending the funeral from here were: Mr. and Mrs. J. R. Thurman, Leslie, Donald, Bobby, Tommy, and June Paris.

# POST'S ANNUAL JUNIOR RODEO TO OPEN AUGUST 14th

The Post Junior Rodeo, Inc., will open the gates on the fourth annual Southwestern Championship Junior Rodeo on August 14th for a five night run through the 18th.

The rodeo is the "World's Original All-Junior Rodeo" and is produced by juniors, for juniors. Boys and girls nineteen and under may enter the rodeo which has bull riding, calf roping, flag race, bareback bronc riding, barrel race, calf bellling, and cutting horse contest. More than three hundred junior cowboys and cowgirls are expected for the show. Goat Mayo of Petrolia, Texas, is furnishing the stock for the show. Charlie Schultz of Ponca City, Oklahoma is to clown and present specialty acts, and Alvin G. Davis of Lubbock, Texas will announce. Entries for the rodeo close at 12 o'clock noon on August 13th. A big opening parade will start on the first day at 8:00 a. m. Another one will be held on the fourth day of the show at the same time.

The third annual Post Quarter Horse Show is to be held in connection with the rodeo on August 14th. Entries will close at 8:00 a. m. on the day of the show and judging will start at 9:00 a. m. All of the usual halter classes will be held as well as a performance class.

Several movie newsreels will be covering the show as they have in the past as well as many newspapers and other publications. The entire show should be one of the best to be seen in the South-west this rodeo season.

### MRS. R. B. McCORD VISITS IN ALABAMA

Mrs. R. B. McCord left last Friday for a visit with relatives at Semantha, Alabama. She was accompanied by her niece, Mrs. Alfred Herndon of Hot Springs, New Mexico, who came over Thursday. They expect to return from Alabama soon after the first of September.

While in Alabama they expect to attend the golden anniversary of Mrs. McCord's brother and wife, who are the parents of Mrs. Herndon. This event is to take place on August 23.

Mrs. McCord and Mrs. Herndon also expect to visit Mrs. McCord's sister, Mrs. F. Appling.

The Navy's home for retired personnel aged and/or infirm ex-Navy people is the Naval Home in Philadelphia, Pa.

**STATED MEETINGS** of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members are urged to attend. Visitors welcome. —B. F. Sherrod, W. M., Wayne Shawn, Sec'y

## SECOND SECTION

### The Lynn County News

TAHOKA, TEXAS, — FRIDAY, AUGUST 10, 1951

## Lakeview News

Mrs. Byron Milliken underwent major surgery last week and is reported doing as well as could be expected.

Visitors in the W. T. Knight home Sunday were their son and family Harvey Dell Knight of Central, also Mrs. Knight's parents, Mr. and Mrs. Stokes of the Pool community.

Mmes. C. B. Nowlin, C. E. Yeatts and P. E. Hill attended a school in leathercraft at Tahoka Monday and Tuesday. They will teach this craft to our Home Demonstration Club Wednesday, August 15th, at Mrs. T. H. Charters home.

Mrs. Wilton McNabb had a guest last week here two sisters, Mrs. Otis Webb and family of Keys, Oklahoma and Mrs. J. T. Swinson and family of Meadow. Bro. Webb is a minister of the Church of Christ and conducted a 10-days revival at Meadow last week.

Mr. and Mrs. Sam Charters of the valley, visited in the home of his father, T. H. Charters last week.

The residents of Lakeview townsite awoke Monday morning with the barrow-ditches full of water, but it wasn't because we paid the preacher, Just Mr. Fred McNabbs irrigation ditch broke and flooded our fair city.

Mr. Selah Williams has another attack of "fishing pox," he and Mr. Ed Turnipseed of Lovington, N. M., are taking treatment at Hot Springs this week.

Mr. and Mrs. C. P. Martin and her son, Danny, spent the week-end with her parents in Seagraves.

Mr. and Mrs. Henry Edge and son, Earl, spent a few days in Breckenridge last week.

Mrs. Ori Timmons is visiting relatives in Washington this week.

Mr. Ross Harmonson is visiting his daughter in Corpus Christi.

The Petty weather has permitted the farmers in getting rid of most of the weeds and now they are all wishing for rain.

Mrs. Billy Timmons was very sick Sunday from food poisoning

but she is improving now.

Miss LaVerne Knight is home from college in Denton, she will graduate on August 24th, and will teach Home Economics in Dickens this coming year.

The Baptist Young People reported having a wonderful time and feast of barbecued chicken at the home of Mr. and Mrs. A. C. Fillingim, Jr., last Thursday night.

Brother Zinn's mother of Brownfield is visiting Vance and Nell this week.

Ronnie Ellis of Lubbock is spending his summer vacation with his uncle, Mr. Arthur Deal.

Mrs. L. W. Fulford, Sr., is visiting relatives and friends in Dublin and Dallas for a few days.

We hope the collision which occurred at the intersection here in Lakeview Sunday afternoon, will remind us all to drive more safely. Both cars were driven by Mexicans, one car was almost demolished. Several of the passengers were taken to Brownfield hospital for treatment, none seriously injured, it was reported.

Mrs. Bert Stice of Tahoka visited in the Lakeview community Friday evening.

Karen Lee McNabb, baby daughter of Mr. and Mrs. Wilton McNabb, who underwent surgery of the eye in Wichita Falls on June 30, is recovering nicely.

Visiting in the C. E. Yeatts home this week-end were two of Mrs. Yeatt's aunts, Mr. and Mrs. Lee Hart and daughter Linda, of Goleta California and Mrs. S. A. Tilley and son Weldon of New Lynn community.

Sunday visitors in the H. A. Dial home were Mr. and Mrs. W. H. Cook and children of Lubbock.

Mr. and Mrs. A. H. Pierce, Sr., of Palacios and Mr. and Mrs. A. M. Yeatts of Upland, California, visited their brother, Cecil Yeatts this week end.

Mr. and Mrs. Cleveland of Levelland visited in the J. T. Fulford home Saturday and Sunday.

Mrs. B. A. Richardson of Meridian is visiting her mother, Mrs. P. E. Hill.

Mr. and Mrs. J. H. Key spent a few days last week in Vernon

visiting his brother. Mr. and Mrs. Donald Parson and children of San Antonio visited his aunt, Mrs. Morris Russell, last Sunday.

Miss Cordelia Timmons of Atlanta, Georgia, is visiting Mrs. W. H. Timmons this week.

The L. N. Walker family, the C. E. Yeatts family, C. B. Nowlin family, and Mr. and Mrs. Billy Timmons, left Sunday noon for a camping trip in Colorado.

Mr. and Mrs. Dick Castleberry of Lovington, N. M., visited her mother, Mrs. P. E. Hall, Sunday.

Mr. and Mrs. Clyde B. Johnson of Corpus Christi visited her family in Lubbock and Lakeview last week. Mrs. Johnson is the former Miss Eva Lois Harmonson.

Mr. and Mrs. H. A. Dial spent last Sunday visiting relatives in New Mexico.

The Methodist W. S. C. S. met

with "Grandma" White Tuesday to help her celebrate her 83rd birthday. Watermelons were served to several guests.

Week end guests of Mrs. S. L. Williams was Mr. and Mrs. Wilhite and Mr. and Mrs. Michem of Jones county.

Combined with 696 graduating midshipmen from the U. S. Naval Academy, college and university graduates will provide the Navy with its largest group of new officers in any peace-time year. This year's group of new ensigns will total 2,645.

# Amendments To Texas Constitution Will Be Up To Voters In November

## HOUSE JOINT RESOLUTION NO. 37

proposing an Amendment to Article VII of the Constitution of the State of Texas by adding a new section after Section 11 thereof to be designated as Section 11a providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution of the State of Texas; providing for the necessary proclamation and publication, and calling of an election therefor.

## Be It Resolved By The Legislature Of The State of Texas:

Section 1. That Article VII of the Constitution of the State of Texas shall be amended by adding after Section 11 thereof a new section to be designated Section 11a, which shall read as follows:

"Section 11a. In addition to the bonds now enumerated in Section 11 of Article VII of the Constitution of the State of Texas, the Permanent University Fund may be invested in such other securities, including bonds, preferred stocks and common stocks as the Board of Regents of the University of Texas may deem to be proper investment for said fund; provided, however, that not more than fifty per cent (50%) of the said fund shall be invested at any given time in stocks, nor shall more than one per cent (1%) of the said fund be invested in securities issued by any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors. This amendment shall be self-enacting."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, 1951, at which election all

ballots shall have printed thereon: "FOR the Constitutional Amendment providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution"; and "AGAINST the Constitutional Amendment providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expense of publication and election for such Amendment shall be paid out of the proper appropriation made by law.

45-4tc

## SENATE JOINT RESOLUTION NO. 8

proposing an Amendment to Section 48-d of Article III of the Constitution of the State of Texas, authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts so as to provide that the Legislature may authorize an ad valorem tax not to exceed Fifty (50c) Cents on the One Hundred (\$100.00) Dollars valuation.

## Be It Resolved By The Legislature Of The State of Texas:

Section 1. That Section 48-d of Article III of the Constitution of the State of Texas be amended to read as follows:

"Sec. 48-d. The Legislature shall have the power to provide for the establishment and creation of rural fire prevention districts and to authorize a tax on the ad valorem property situated in said districts not to exceed Fifty (50c) Cents on the One Hundred (\$100.00) Dollars valuation for the support thereof, provided that no tax shall be levied in support of said districts until approved by vote of the people residing therein."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electorates of the State at an election to be held on the second Tuesday in November, 1951, at which election all ballots shall have printed thereon (or in counties using voting machines, the said machines shall provide the

following: "FOR the constitutional amendment authorizing the Legislature to provide for the levy of an ad valorem tax not to exceed Fifty (50c) Cents on the One Hundred (\$100.00) Dollars valuation for the creation and establishment of rural fire prevention districts; and "AGAINST the constitutional amendment authorizing the Legislature to provide for the levy of an ad valorem tax not to exceed Fifty (50c) Cents on the One Hundred (\$100.00) Dollars valuation for the creation and establishment of rural fire prevention districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall be a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

45-4tc

## HOUSE JOINT RESOLUTION NO. 2

proposing an amendment to Section 49-b, Article III, Constitution of Texas, so that the total amount of bonds or obligations that may be issued by the Veterans' Land Board is increased to One Hundred Million Dollars (\$100,000,000); providing for the issuance of said bonds and certain conditions relating thereto and the use of the Veterans' Land Fund; providing for an election and the issuance of a proclamation therefor.

## Be It Resolved By The Legislature Of The State of Texas:

Section 1. That Section 49-b, Article III, Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veterans' Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Veterans' Land Board may issue not to exceed One Hundred Million Dollars (\$100,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas, in such form, denominations and upon the terms as are now prescribed by Senate Bill No. 29, Chapter 318 of the Acts of the Fifty-first Legislature (provided, that when the limitation of Twenty-five Million Dollars (\$25,000,000) is used in said Senate Bill No. 29, the same shall hereafter be construed as One Hundred Million Dollars (\$100,000,000), or as said Act may be hereafter amended, or by other laws that the Legislature may hereafter enact; provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum, and that the same

shall be sold for not less than par value and accrued interest.

"In the sale of any such bonds, a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent School Funds; such bonds to be issued as needed, in the opinion of the Veterans' Land Board.

"The Veterans' Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated situated in this State, (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of the Veterans' Land Fund.

"The lands of the Veterans' Land Fund shall be sold by the State to Texas Veterans of the present war or wars, commonly known as World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945, as may be included within this program by legislative act, in such quantities, and on such terms, and at such prices and rates of interest and under such rules and regulations as are now provided by law, or as may hereafter be provided by law.

"All moneys received and which have been received and which have not been used for repurchase of land as provided herein by the Veterans' Land Board from the sale of lands and for interest on deferred payments, shall be credited to the Veterans' Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed force of the United States of America subsequent to 1945, as may be included within this program by legislative act, in like manner as provided for the sale of lands purchased with the proceeds from the sales of the bonds, provided for herein, for a period ending December 31, 1959; provided, however, that so much of such moneys as may be necessary during the period ending December 31, 1959, to pay principal and interest on the bonds heretofore issued and on bonds hereafter issued by the Veterans' Land Board shall be set aside for that purpose. After December 31, 1959, all moneys received by the Veterans' Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall not later than the maturity date of the last maturing bond or bonds be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All bonds issued hereunder shall, after approval by the

Attorney General of Texas, registration by the Comptroller of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute obligations of the State under the Constitution of Texas. Of the total One Hundred Million Dollars (\$100,000,000) of bonds herein authorized, the sum of Twenty-five Million Dollars (\$25,000,000) has heretofore been issued; said bonds are hereby in all respects validated and declared to be obligations of the State of Texas. This amendment shall become effective upon its adoption."

"Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the

State of Texas on the second Tuesday in November, 1951, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Section 49-b, Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945."

"If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

LET'S KEEP OUR CAST IRON WORKING

Steel mills and foundries need scrap metal badly, especially heavy cast iron such as old tractors, mowers, etc. It will pay you to do one of three things, now, with every old farm machine:

1. Fix it up and use it.
2. Sell it to a neighbor who needs it worse than you do.
3. Sell it to a commercial scrap dealer who will break it up and classify the metal for shipment to a waiting mill or foundry.

Scrap collection has become a man-size job with mill requirements totaling 75,000 tons each day to give the nation finished steel we all need. It can't be done without farm scrap.

Enjoy the NATIONAL FARM AND HOME HOUR—NBC—Every Saturday.

# You're invited to meet "the future"...

at your Chrysler Dealer NOW!

- 1 COME DRIVE 180 HORSEPOWER! While others talk "laboratory engines," Chrysler brings you FirePower now! FirePower's revolutionary new design brings new ruggedness, reliability and smoothness of operation. Even on non-premium grade gasoline FirePower gives amazing new performance no other American passenger car can equal.
- 2 COME FEEL POWER BRAKING! Not just "coming sometime" but here right now! Smoother, easier, safer, than any brakes you've known. A special power unit helps you apply your brakes at the touch of your foot on the pedal... cuts foot pressure required by as much as two-thirds!
- 3 COME TRY HYDRAGUIDE POWER STEERING! Others may have it "some day." Only Chrysler has it now! At your touch on the wheel, hydraulic power does four-fifths of the steering work for you... gives steering safety, ease... steadiness in ruts or soft shoulders... you can't imagine how you feel it!
- 4 COME RIDE ON ORIFLOW! Notice the difference on rough roads especially... for yourself the truly amazing stability... new comfort and safety... of new-type Oriflow shock absorbers having over twice the steady control of those on any other manufacturer's.

COME IN TODAY... ONLY A RIDE CAN SHOW YOU... WHAT ONLY A CHRYSLER GIVES!
