Tahoka, Lynn County, Texas Friday, October 5, 1951

Number 1

Local Methodist Pastors In All-Texas Revival

All Methodist ministers of Lynn county are among the 750 pastors from the Northwest, North, and Central Texas conferences migrating this week to the South and Southwest Texas conferences for an All-Texas Methodist Revival which will reach every Methodist church in the state before it closes in November.

During this first period, October 5-14, preachers from the North are holding revivals at churches in the South part of Texas, and October 20-November 4, preachers from the South will come to the North half.

The state-wide revival is the most ambitious evangelistic mission ever undertaken in Texas, states Bishop William C. Martin of Dallas.

Rev. J. H. Sharp, pastor of the Tahoka church, will conduct a revival at Edna. During his absence next Sunday, Mrs. Uel D. Crosby, director of Children's Work in the Northwest Texas Conference, will speak at the Tahoka Methodist Church at the morning service on "The Program of Education in the Local Church." At the evening hour, Rev. Moseley and the congregation of the Tahoka Church of the Nazarene will meet with the Methodist congregation, and Rev. Moseley will preach.

Rev. J. E. Stevens, retired Methodist minister, who has been living at Post, has been appointed as the new pastor at Wilson succeeding Rev. Wm. McReynolds, who has gone to Dallas to enter SMU Perkins School of Theology. The News is not informed of his South Texas revival assignment.

Other revival assignments include:

Rev. Sijas Dixon of Draw to Somerset.

Rev. A. N. Motes of Grassland to Midfields.

Rev. L. B. Taylor of New Home-Lakeview to Woodsboro.

Rev. H. A. Longino of O'Donnell to Palacios.

Rev. C. D. Damron of Southland to Schulenburg.

Rotary Governor Here Next Week

The Rotary Club of Tahoka next Thursday will be host to P. F. Bridgewater, Governor of the 183rd District of Rotary of International, who is making his annual official visit to each of the 37 Rotary Clubs in the West Texas District. He will confer with President Clint Walker, Secretary David Weathers, and other local officers on Rotary administration and service activities.

Mr. Bridgewater is Secretary and Treasurer of Midland Federal Savings and Loan Association in Midland. He is one of 203 Rotary District Governors supervising the activities of some 7,300 Rotary Clubs which have a membership of 350,000 business and professional executives in 83 countries and geographical regions throughout the world.

Wherever Rotary Clubs are located, their activities are similar to those of the Rotary Club of Tahoka because they are based on the same general objectives—developing better understanding and fellowship among business and professional men, promoting community-betterment undertakings, raising the standards of business and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.

Each year, this world-wide service organization continues to grow in numbers and in strength. During the last fiscal year, for example, 257 new Rotary Clubs were organized in 35 countries of North, South and Central America, Europe, Asia, Africa, and the Islands of the Pacific.

P. F. Bridgewater

Northern Lynn Votes To Join Water District

Land owner voters living in the Wilson and New Home areas of Lynn county last Saturday gave their stamp of approval to formation of the proposed High Plains Underground Water Conservation District No. 1 and to the levying of a 5-cent tax for maintenance of the district's program.

Unofficial reports are that Wilson voted 39 to 29 for the district and 41 to 27 for the tax; and New Home 35 to 19 for the district and 30 to 21 for the tax.

Only the northern one-third, or less, of Lynn county had been proposed for inclusion in the district.

The voting was strictly on a local option basis, with Hale, Oldham, Terry, Garza, Briscoe, Dickens, and possibly Cochran, turning down the proposal. Among those in favor of the district were Lynn, Lubbock, Lamb, Hockley, Deaf Smith, Bailey, Floyd, Castro, and Palmer counties.

F/N Raymond Gary, above, of the Navy is now stationed at San Diego after having had nine months of service in Korean waters aboard the USS Princeton. He is a brother of Mrs. C. B. Terry of Tahoka and is the son of Mr. and Mrs. J. A. Gary of Post.

Union Compress Is Erecting Big New Cotton Warehouse

Large Fine For Liquor Violator Assessed Here

The largest fine for a liquor law violation in recent months was assessed by Judge W. M. Mathis in county court Monday against Rock Williams, O'Donnell Negro. He was fined \$500.00 and costs for illegal possession of liquor, after having pleaded guilty to the offense.

Rock has been in trouble with the law several times. Last Saturday, he was charged with liquor possession by officers of the Sheriff's department.

Sheriff "Slick" Clem also reports that Mack Richeson, another O'Donnell Negro, was charged with illegal sale of beer and was fined \$100.00 and costs on a plea of guilty. He was arrested Saturday also.

Two men were also hauled into court and fined on charges of drunkenness.

Truett Smith Is USO Chairman

Mr. Truett Smith, Tahoka, has been named District Chairman for the forthcoming fund campaign in Texas for the U.S.O.

Selection of Mr. Smith was announced by Ben H. Wooten of Dallas, Campaign Chairman of the Texas United Defense Fund Committee, and Dr. D. M. Wiggins of Lubbock, Chairman of Region 2 for the U. S. O. fund appeal.

Addition Gives Plant Six Acres Under Cover

Construction of the new 160 by 300 foot cotton warehouse at the Union Compress and Warehouse plant in northeast Tahoka is now going forward rapidly, according to E. R. Edwards, local manager.

Addition of the new building, the sixth warehouse for the Tahoka plant, will give Union a total of 253,000 square feet of floor space or nearly 6 acres under roof. This furnishes room for storage of 30,000 bales of loan cotton.

The local plant is not only one of the largest on the Plains, but is better equipped than any but the Lubbock plant for handling cotton, Mr. Edwards believes. In rush season, 75 to 100 men are employed by the Tahoka plant, the biggest payroll in the county.

A reconditioned press has been installed this year at tremendous expense to replace the old press which was wrecked in an explosion at the plant last January.

The new warehouse is of frame and sheetrock construction. It is located south of the main plant.

Radio Station Gives Program

An interesting and unique program was presented at Tahoka Rotary Club Thursday of last week by three members of the staff of radio station KTFY, Brownfield. They were introduced by Stanley Sigman, program chairman for the month.

Dave Worley, station manager, presented a five minute newscast just as it is done in the radio studio.

"Red" Smith presented a musical number and a reading, accompanying himself on the guitar.

Sid McIntosh then took over and called on several Rotarians including President Clint Walker, Truett Smith, Joe Bob Billman, Happy Smith, Dr. Skiles Thomas, Fred McGinty, and Calloway Huffaker, to read some "commercials" which they had not previously seen just as a radio announcer is forced to do at times. The script was filled with tongue-twisters and big words, and the amateur announcers' stumbling created a lot of fun. The Rotarians voted Happy Smith rendition the best. This part of the program was tape recorded and put on the air over KTFY at 2:30 p. m. that day.

Mitchell Williams and Calloway Huffaker are arranging the October programs of the club.

Band Boosters Hear Concert

Seventy-five people attended the regular meeting of the Tahoka Band Boosters Club held Tuesday night in the High School auditorium at 8 o'clock.

Preceding the club meeting, the band, directed by Mr. Glenn Burleson, presented a concert; and Mrs. LaVoye Parker and her students presented a special number.

Mr. Alton Cain, the Booster Club president, appointed the following committees:

Program: Mesdames Emil Prohl, Roy Edwards, and Pat Hutchison.

Finance: A. C. Weaver, Fred McGinty, Rev. Lee Ramsour, Hiek Gibson, and Mrs. Happy Smith.

Club entertainment: Mesdames T. D. Dunlap, Roy LeMond, Jeff Huddleston, W. P. Scott, and L. F. Hyles.

Band entertainment: Mesdames Abbie Whorton, Odell King, Gussie Williams, and Mr. Russell McGee.

No Show In Wildcat Test

No shows of oil or gas had been found up until Wednesday on drillstem tests being conducted in the lower Mississippian at Humble's No. 1 Jarrell Q. Cox test west of Tahoka. The test was being made at 11,204-250 feet. Further tests were said to be underway Wednesday.

The Cities Service Oil Company No. 1 Gregory, in the extreme southwest corner of Lynn county, was reported to be drilling below 7,500 feet.

Lost Mexican Children Cause For Brief Hunt

Four Latin-American children caused quite a flurry of excitement Monday night when they became lost after leaving a Tahoka school bus near New Home. It was their first day in school.

The four children of a Mr. and Mrs. Perez, who live on the Dr. Skiles Thomas farm and work for R. M. Miller in the Petty community, enrolled in the Tahoka schools Monday morning. At end of the school day, they got on the wrong school bus, that of Tom Bartley, which goes north and west.

Not knowing the timid children, nor where they lived, he allowed them to get off near the end of his route in the New Home vicinity.

As dark approached and the children had not returned home, Perez went in search of his children. Bill Balch, New Home notified Tahoka school authorities the children were missing, and Principal Archie Sims and Mr. and Mrs. Pete Hegi started out to hunt them. A number of other people joined the search.

The children were found, one of them asleep, in a pasture west of the Donald Caudle place and about six miles from their home.

Since no school bus from Tahoka runs to the immediate area of their residence, Supt. Otis Spears Tuesday made arrangements with Supt. James Vaughn of New Home for them to attend school there.

Kathryn Roper Is Given Invitation

Kathryn Roper, daughter of Mr. and Mrs. C. E. Roper of Tahoka and sophomore student at McMurry College, has been extended an invitation to join Wah Wahaysee, women's service organization at McMurry.

In order to become a member of the group of approximately 30, a student must be of advanced standing and be maintaining at least an all-round grade average of 1.5.

Formerly a drum and bugle corps, the group now serves entirely as a service organization, acting as official hostess of the campus.

NEW HOME TAX OFFICE ANNOUNCES HOURS

New Home Independent School District tax office at the High School building is open from 1:00 to 5:00 p. m. Mondays through Fridays, or you may see me at my home all day Saturday. Your co-operation will be greatly appreciated. —Mrs. Alton Armstrong, School Tax Assessor and Collector for New Home Independent Consolidated School District.

Edwin Rogers of San Diego, California, formerly of Tahoka, was here this week visiting Mrs. Texas Owens and other relatives and friends. He is associated with Bay Shores Motors, a large Ford dealership on the West Coast.

VISIT CENTRAL TEXAS

Mr. and Mrs. J. A. Sanders and Mr. and Mrs. R. I. Hart, recently visited relatives in Hillsboro, Temple, and Waco. Mrs. Sanders reports that the wife of their nephew, A. D. Sanders, formerly of Tahoka, has been critically ill, but is now improving.

Sheriff Has Lead In Wilson Case

Sheriff Rowland W. Clem went to Freeport, South Texas, last week end, where he questioned a suspect in the recent Wilson State Bank burglary.

No charges have been filed against the suspect, but officers are checking his story closely.

A burglar or burglars gained entrance to the Wilson bank on Sunday night, Sept. 2, used a portable acetylene welding torch from a nearby blacksmith shop to open the vault door, and escaped with about \$1,620 in cash, mostly silver.

Congratulations:

Mr. and Mrs. J. R. Dunlap of Route 4 on the birth of a daughter weighing 8 pounds 11 ounces at 2:22 p. m. Wednesday in Tahoka Hospital. The little lady has been named Jimmie Diane.

Rev. and Mrs. John Rakestraw of Weston, near McKinney, on the arrival of their first-born, a daughter weighing 8 pounds 11 ounces last Saturday at 2:48 p. m. She has been named Jo Ann. Rev. Rakestraw is pastor of the Methodist Church at Weston while attending Perkins School of Theology at SMU. Mrs. Rakestraw is the former Miss Johnnie Margaret Price of Tahoka, daughter of Mr. and Mrs. John Price. Mrs. Price has been with her about two weeks, and Mr. Price went down Saturday to see the new grandchild, their fourth, and returned Monday.

Mr. and Mrs. Jim E. McClellan of Edinburg on the birth of a daughter weighing 6 pounds 10 ounces Tuesday, Sept. 25. Mrs. McClellan is the former Miss Jean Slover. Mr. and Mrs. John Slover, her parents, went down to Edinburg early last week and Mrs. Slover remained for a few days, John returning home Tuesday night. This is the McClellan's second child.

KENNETH ROAN IN JAPAN

Deputy and Mrs. Chester Roan received a telegram Wednesday from their son Kenneth, who is with the army, that he had arrived in Tokyo, Japan. Kenneth was recently home on furlough, leaving here on August 23 for San Francisco where he shipped out from that port on the 12th of September.

Plan Landscape Program Tuesday

A Home Ground Beautification Workshop open to everyone in this area will be held in Plainview all day Tuesday, Oct. 9, with Wayland College and the Extension Service co-operating in presenting the program, according to Miss Graham Hard, local H. D. Agent.

The program opens at 9:30 a. m. at College Heights Baptist Church, across the street from Wayland College campus.

Experts will be on hand to discuss such subjects as Lawns and Watering, Identification of Shrubs, Control of Insects; Homestead Planning, general principles, windbreaks, conservation, etc.; Chrysanthemums, Dahlias, Iris, Roses for the Plains, etc.

Lunch will be served at the College cafeteria at noon.

Thousands of Western Bluebirds spend the Winter in Palo Duro Canyon. The redish-brown cedar berries are a food delicacy to them.

Lynn County Entries At Fair Take Many Prizes

A number of Lynn county people have won prizes on exhibits at the Panhandle-South Plains Fair in Lubbock this week.

Among the winners announced through Wednesday were:

Takes Top Honors

B. L. Hatchell of Wilson carried away the honors in the Hampshire hog division. He showed both the grand champion boar and sow, first on yearling boar, senior champion boar, senior spring boar, junior champion boar, grand and reserve champion boars, senior sow pig, senior spring sow pig, junior spring sow pig, junior champion sow, champion and reserve champion sow, young herd, and get of sire. Marian and Helen Steinhauser, second and third on peanut brittle.

Patricia Verkamp, third on canned field peas, first on canned tomatoes, and first on tomato preserves.

Wilma Williams, third on a

(Con'd. On Back Page)

FIRST MARINE—1st Lieut. Alfred Comiskey, 24, of Hattiesburg, Miss., was the first Marine to win the Medal of Honor for heroism in the conflict in Korea. The Nation's highest decoration for valor was presented at a White House ceremony by President Truman. He was cited for fearlessly leading his troops in a charge, killing seven enemy soldiers. He escaped wounded in Korean fighting and bears a wound from World War II. He is now serving as post supply

READY FOR COMBAT—Upon landing, a paratrooper quickly assembles his equipment, and with his comrades, forms a perimeter of defense, ready to combat the enemy. Sergeant Charles Butler, of Company A, 307th Engineers, 82nd Airborne Division, assembles his gear before carrying out his assigned airborne role. The Sergeant, who hails from Shelton, Washington, is one of the 110,000 troops that will participate in Exercise SOUTHERN PINE, the largest joint Army-Air Force training exercise since World War II.

CITATION BY PUBLICATION
THE STATE OF TEXAS

To: The unknown heirs of Celicy B. Hopkins, wife of W. T. Hopkins, deceased; C. O. Collins, if living and if dead the unknown heirs of C. O. Collins; E. T. Oliver, if living and if dead the unknown heirs of E. T. Oliver; all persons claiming any title or interest in land described in Deed heretofore given to W. D. Nevels, G. W. Small and J. R. Chambers, grantees, as trustees for Lynn County Railroad Bonus Guarantee Committee, such deed being date November 7, 1913, and recorded in Vol. No. 15 at page 420 of the Deed Records of Lynn County, Texas; all of the unknown heirs of Celicy B. Hopkins, except Alline McGilivray, Travis Williams Hopkins, Elizabeth J. Woods, Cecil Rayburn, Mary Bell Scott, Ruth Williamson Bennett, Morris Woodrow Williamson, Drusilla S. McCoy, Bessie Hopkins, Grace Hopkins Dean, Howard J. Hopkins, George W. Rayburn, James Rayburn, John R. Rayburn, Thomas Harold Rayburn, Glenn D. Rayburn, Trenton Everett, Hartsill Everett, and Ray Williamson, Defendants. Greetings:

You are hereby commanded to appear before the Honorable District Court of Lynn County at the Court House thereof, in Tahoka, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 29th day of October A. D. 1951, then and there to answer Plaintiff's Petition filed in said Court, on the 7th day of September A. D. 1951, in this cause, numbered 1973 on the docket of said court and styled W. H. Williams et al Plaintiffs vs. Unknown Heirs of Celicy Bell Hopkins, Deceased, Et Al. Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Being a suit brought by W. H. Williams et al. of Lynn County, Texas, W. T. Oliver and wife Sadie Oliver of Lynn County, Texas, T. J. McLeod of Tarrant County, Texas, complaining of all the hereinabove named defendants, and being a suit in Trespass To Try Title concerning the land and premises situated in Lynn County, Texas, and described as follows, to-wit:

New Home Pastor Moves To Plains

Rev. C. E. Strickland, who has been pastor of the New Home Baptist Church for the past three years, has resigned there, and he and his family moved Monday to Plains, county seat of Yoakum county, where he has accepted the pastorate of the Baptist Church.

Rev. Mr. Strickland did a good work at New Home. He is a devoted Bible student, a good preacher of the gospel, a very devout Christian, a scholarly gentleman, and he enjoys the utmost confidence of the Ministry and of the people among whom he has served.

Many friends throughout Lynn county and the people of the New Home community regardless of their church affiliation regret the removal of this good family from our county.

LOCAL STUDENTS ELECTED TO COLLEGE CLUB OFFICE

Two students at McMurray College from Tahoka were recently elected to offices of the Art Club for the 1951-52 term. Grace Sharp, junior student, was elected reporter and Kenneth Weaver, Senior student, was elected exhibit chairman.

Quality Cleaners Add Equipment

With the recent installation of a new Hoffman press and a new Glover spotting board, Mr. and Mrs. Bill Cathcart now have all new and modern equipment in their Quality Cleaners plant.

A few weeks ago, the Cathcarts installed complete new Hammond cleaning and drying equipment. They are proud of their well equipped shop, and say they have the best equipment available to do any and all cleaning and pressing work.

Robert Harvick, who returned early this week from service with the Marines, will join their force after a brief rest.

C. E. Birdwell returned last Friday from Royce City, where he visited W. F. Campbell, his brother-in-law, who is critically ill. While there, he saw Hugh Taylor, who formerly operated a cleaning establishment here, and Hugh sent best wishes to all his old Tahoka friends.

White Tail and Mule Deer, Turkeys, panther, lynx, bobcat, porcupine, ringtail cat, civet cat, coon, swift, and prairie dogs are wild game species found in Palo Duro Canyon.

Letters From News Readers—

(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

The Senior Editor on Monday morning of this week received the following most interesting letter from H. P. Caveness, who, together with Mrs. Caveness, is visiting his daughter and son-in-law, Mr. and Mrs. Henry L. Dixon, and their children in Silver Lake, Cuyahoga, Ohio. We only wish that he had written much more, for what he did write certainly whets one's appetite for more knowledge of Ohio though it is far away.

Written from Cuyahoga Falls, Ohio, on September 22, here is the body of the letter:

"We arrived here Tuesday, 18th. We had a wonderful trip to Cleveland from Dallas by way of Chicago, being in the air only a little more than five hours. From Cleveland we had a 25-mile drive to Jeanette's home in Silver Lake, a suburb just outside Akron and Cuyahoga Falls.

"You would have enjoyed greatly, I believe, the views from the plane. Of course 4 miles up is too high to see details on the ground; but the views of the winding Red, Mississippi, and other rivers, the cities showing up like tiny playhouses, and the space above the clouds, stretching out as far as the eye can see, were interesting to me.

"This is a wonderful country now. Fruits, flowers, and vegetables are here in abundance. The village of Silver Lake is built around the lake from which it gets its name. The streets wind around the low elevations on which many of the houses are

HARVICK RELEASED
S/Sgt. Robert Harvick received his discharge from the Marines Saturday, and he and his wife arrived home Sunday night. He had been stationed at El Toro Marine Base, Santa Ana, Calif., for a year and two weeks. He saw 53 months service in the Marines during World War II.

Mrs. Harvick recently went out to California and accompanied him home.

Wynne Collier
Druggist

built. The large well-kept lawns, many of them sloping gently from house to street, are covered with rich, green grass and clover. Many of the fine native trees are standing yet.

"Silver Lake is one of the largest of many lakes in this section scoured out by the mighty glacier which once covered this area. We had a ride on the Lake one afternoon just as dark was coming on.

"Yesterday afternoon Jeanette packed her picnic baskets for a picnic in the Gorge on the Cuyahoga River. This Gorge was cut through a rocky hill by the river after the melting of the great ice-sheet which covered all the Akron territory in the glacial age. A series of water-falls occur along the river here. On the north side of the river, where the park is located, the slope is sharp from the top of the hill to the river bed some 400 feet below. Here on this rocky slope the Indians made their home some 200 years ago. White men have now carved out trailways along the steep and rocky hillsides.

"One of the most interesting places in the gorge is a cave-like room back in the rocky cliff about 100 feet by 35 feet in size. The Indians once occupied this room. They had running water in their house, for out of the rocks on one side comes a stream of water. At the front of the room is a large boulder, and on it is an inscription which gives a bit of history, which I thought you would be interested in, especially because of its similarity to an item of our own state's history which you have featured in some of your writings recently. This whole letter is written mainly to give you this bit of history:

In Memory of Mary Campbell
"Who in 1759 at the age of 12 years was kidnapped from her home in Western Pennsylvania by Delaware Indians. In the same year these Indians were forced to migrate to this section where they erected their village at the Big Falls of the Cuyahoga River. As a result Mary Campbell was the first white child on the Western Reserve, and this tablet marks the cave where she and the Indian women temporarily lived. Later, in 1764, she was returned to her home. —Erected by the Mary Campbell Society Children of the American Revolution of Cuyahoga Falls."

(Editor's Note: This is indeed an absorbing and well-written letter. The similar event in Texas history to which Mr. Caveness alludes is the tragic story of Cynthia Ann Parker, of course. I am hoping to go up to Margaret near Medicine Mound, where Cynthia was recaptured, some time

soon and get a picture of the scene of the battle between the Rangers and the Indians, resulting in the Indians' Defeat and Cynthia Ann's recapture, and a

little more of the details connected with this event. Many thanks, Mr. Caveness, for this brief story about the Pennsylvania-Ohio white girl, who also was kidnapped.)

Electric Cooking Is

...as MODERN women KNOW!

Wherever accuracy is required in business, industry, the home, electricity is used. Yes, whether it is synchronizing a nationwide radio hookup, dispatching trains or baking a cake, when you want accuracy and precision, you call on electricity.

When you push the buttons or turn the switches on your electric range, you know that exactly the amount of heat you desire will be on the setting used. You know the heat will be accurate because you know the heat has been measured — measured in the correct amount.

You know, too, that your electric range oven control holds the temperature at the cookbook figure in your recipe, assuring you of cookbook results every time.

Yes, electric cooking is accurate — as modern women know.

Harvesting Costs TUMBLE

PROFITS GO UP

...when you use a
**JOHN DEERE
TWO-ROW
COTTON HARVESTER.**

You'll cut cotton harvesting costs to a fraction of what they used to be... boost profits 'way up by mechanizing your cotton harvest with a John Deere Two-Row Cotton Harvester.

Many John Deere owners report savings of more than \$30 per bale over hand-pulling costs. What's more, you finish harvesting in far less time... do cleaner work.

The John Deere does an excellent job in any cotton suitable for mechanical harvesting. Stripping two 40-inch rows at a time after defoliation or frost, it saves more cotton than the average hand-puller. And, there's no sacrifice in quality, for cotton stripped by the John Deere grades as high as that hand-pulled at the same time. See us soon.

Wilson News

NELDA RAYMOND,
Correspondent

Mr. and Mrs. E. A. Hargrove of Clove City visited friends here Friday night. Their son, Kenneth, a former student in Wilson High, is in Japan.

Joyce Tilley of New Lynn, graduate of Wilson High, was married Sunday to Raymond Lee Gary of Post in a ceremony in the New Lynn Baptist Church.

Rev. Ray Fugitt from Trent preached Sunday morning and night in Wilson Baptist Church.

Mr. and Mrs. C. W. Phillips and son William and their two grandchildren and Mr. and Mrs. Clarence Phillips were guests in the home of Mr. and Mrs. H. E. Phillips Sunday.

W. F. Raymond, J. E. Crooks and Harold have gone on a fishing trip down to the lower Rio Grande near Eagle Pass.

Mr. and Mrs. George Williamson, Jo Carolyn and Gary, and Mr. and Mrs. Jiggs Swann, Tommy and Karen, visited Mr. and Mrs. W. F. McLaughlin Sunday.

John Covey returned Sunday night from a few days stay at Ruidoso, N. M.

Mr. and Mrs. Copeland Mullins and son from Dallas visited their aunt and uncle, Mr. and Mrs. Olive Riddle, of Wilson Tuesday.

Guests in the home of Mrs. George Parker last week were her

sister, Mrs. Flora Wallace, her niece, husband, and two children. Mr. and Mrs. Elmer Williams, all of Ardmore, Oklahoma.

Mrs. J. G. Sloan from White wright is visiting with her mother, Mrs. Roland Rhoades, and other relatives here.

Mr. and Mrs. Barney Steele and daughter of Belen, N. M., were guests in the home of Mr. and Mrs. George Williamson last week.

Lila Faye Crowder, who was ill in Mercy Hospital in Slaton last week, is doing fine and reported to be back at work in Lubbock Monday.

Leon Tamplin is in DeQueen, Ark., on business.

Mr. and Mrs. A. H. Smith and Ronnie from Ackerly visited friends here Sunday.

Rev. Shubert, Dist. Supt., preached in both services Sunday at Wilson Methodist Church.

Mrs. R. L. Christopher and children visited the M. H. Coursey family Friday night.

Mr. and Mrs. D. F. Yandell of New Lynn spent Sunday with Mr. and Mrs. George Parker.

Harry and Larry Hutchinson, twin sons of Mr. and Mrs. D. J. Hutchinson of Grassland, visited their cousin, Mike Holder, Wednesday afternoon.

Mr. and Mrs. Clyde Boyd visited the Leon Tamplins over the week end.

Mr. and Mrs. Ed Waggoner and Mr. and Mrs. J. W. Mueller of Westoff arrived Thursday for a several days visit with Mr. and Mrs. Jake Mueller and Mr. and Mrs. L. H. Trawick. The Muellers and Waggoners went to Carlsbad Monday to go through the Caverns.

Twenty-one women attended the W.M.S. at the Baptist Church Monday evening. The program was as follows: Mrs. Lonnie Lumsden, devotional; Mrs. Erwin Sanders, "Work in Korea;" Mrs. Jiggs Swann, "The Church of Great Price;" and Mrs. Carl Gryder, "Relief in Korea."

Rev. and Mrs. C. C. Elhers and Mr. Louis Mueller and Mr. and Mrs. David McLean of Lubbock visited the Anton Ahrens Sunday.

Mrs. Marvin James and her husband's mother and father visited the younger Mrs. James' parents, Mr. and Mrs. M. H. Coursey, Sunday evening.

Those visiting in the home of Mr. and Mrs. J. E. Crowder Sunday were four of her daughters

and their families, Mr. and Mrs. Howard Billings, Sylvia, Calvin, and H. F. of Lubbock; Mr. and Mrs. R. N. Raymond, Larry and Wayne, of Wilson; Mr. and Mrs. Homer Campbell, Jr., of Big Lake; and Lila Faye Crowder of Lubbock.

Mrs. E. O. Montgomery is on the sick list.

Mr. and Mrs. J. C. Key visited in the home of their son Johnny Key in Lubbock Sunday.

Mrs. T. J. Sides of Ruidoso, N. M., who has been visiting in the home of her son-in-law and daughter, Mr. and Mrs. John Covey, returned to her home Friday.

Mr. and Mrs. Arvan Holder entertained Saturday night with a Canasta party. In the series of games, Mrs. Frank Smith and Henry Ahrens won high and Mrs. Prentice Jones won low. Refreshments were served to Mr. and Mrs. Howard Cook, Mr. and Mrs. Ralph Kahlich, Mr. and Mrs. Henry Ahrens, Mr. and Mrs. Prentice Jones, Mr. and Mrs. Frank Smith, and the host and hostess.

Charley Crooks and son Donald have both been ill the past week. St. John's Lutheran Church commissioned its officers for duty the next year last Sunday morning. They are as follows: Beginners—Mrs. Albert Krause and Mrs. Edmond Maeker; Primary—Mrs. Walter Maeker and Mrs. Elmer Grindorf; Junior—Mrs. Arthur Hagens and Onita Ehlers; Intermediate—Mrs. Louis Shambek and Mrs. Herbert Ehlers; Senior—Mrs. Beno Wilke and Mrs. Werner Klaus; Superintendent, Werner Schaffner; Treasurer, Cordell Hagens.

Mr. and Mrs. Sam Kirby, Sr., accompanied by the Sam Kirbys, Jr., and daughter Kathy of Hobbs, N. M., made a recent trip to Baltimore, Maryland, to visit the elder Kirby's daughter, Dora.

Mr. and Mrs. Martin Donley of Lubbock were in Wilson Wednesday and visited with Mrs. Donley's sister, Mrs. Frank Smith.

Mrs. W. F. Raymond, Nelda and Joyce, visited Mrs. Raymond's mother and sister, Mrs. J. H. Innis and Cora, in Lubbock Friday night and Saturday. They visited the Ed Crooks and Butch at New Home Sunday.

The W.S.C.S. Methodist Church organization enjoyed a social in the home of Mrs. Clarence Church Tuesday afternoon. Mrs. Claude Coleman was in charge of the program. The guests revealed Sunshine Sisters, and drew names

CHILD GUIDANCE CLUB HAS REGULAR MEETING

The Child Guidance Club met on Monday night, October 1, in the home of Mrs. Elmo Jeter with 16 members present.

The meeting was called to order by the president, and the business was attended to.

Three names were submitted for membership and Mrs. Tommie Leverett was accepted as our new member.

Mrs. David Weathers read an interesting piece on "Rheumatic Fever," written by Morris Fishbein, M. D.

Refreshments of cokes and

for new sisters. Refreshments of pumpkin pie, whipped cream, and coffee were served to 23 guests.

The Luther Leaguers of St. John's Lutheran Church is to meet in the Church Wednesday night at 7:30 for the purpose of starting a choral group.

Mr. and Mrs. Spoon from Big Spring spent Saturday night with Mr. and Mrs. H. B. Preas.

Those visiting in the H. B. Crosby's home last week were Mrs. Crosby's parents, Mr. and Mrs. Louis Trautwein; Mrs. Crosby's cousin, Mrs. Wm. Wendland, all of Shiner; and Mrs. Crosby's brother-in-law, John G. Hollman from DeLand, Florida.

Richard Preas spent the week end with his parents, the H. B. Preas.

Mr. and Mrs. F. L. Curry and family from Abernathy visited Sunday with Mr. and Mrs. H. B. Preas.

The Wilson Brotherhood met Monday night with around twenty-five guests attending. Barbecue was served as the main course while beans, onions, and pickles accompanied the course and daughnuts and pop were served as dessert and drink. Rev. Lee Ramsour, pastor of Tahoka Baptist Church, spoke to the men. Next month the ladies will be guests at the meeting.

Mrs. W. F. Raymond, Nelda and Joyce, visited Mrs. Raymond's mother and sister, Mrs. J. H. Innis and Cora, in Lubbock Friday night and Saturday. They visited the Ed Crooks and Butch at New Home Sunday.

The W.S.C.S. Methodist Church organization enjoyed a social in the home of Mrs. Clarence Church Tuesday afternoon. Mrs. Claude Coleman was in charge of the program. The guests revealed Sunshine Sisters, and drew names

cookies were served to the members and one visitor by Mrs. Jeter, the hostess. The next meeting is Monday, October 15, in the home of Mrs. Bertram Hatchell. —Reporter.

BERRY FLAT NEWS
Mr. and Mrs. Isaac Ledbetter and boys visited at Brownfield Sunday.

Mrs. Janie Putman of Tatum, New Mexico, is visiting Mrs. Ray Burdett.

Mr. and Mrs. Ray Mauldin and children visited in Slaton Sunday.

Party Peach Pie
Tastes like Peaches and Cream!

CRUMB SHELL:
1/2 cup melted butter or margarine
1 1/2 cups graham cracker crumbs

FILLING:
1/2 cup granulated sugar
3/4 tablespoons cornstarch
1/2 teaspoon salt
1 cup Pet Milk
1 cup syrup from canned cling peaches
2 eggs
1 tablespoon butter or margarine
1 teaspoon vanilla extract
2 cups canned cling peach slices

Shell: Blend butter with crumbs. Reserve 2 tablespoons crumbs for top. Pack remainder firmly in bottom and sides of 9-inch pie pan. Chill.

Filling: Blend sugar, cornstarch and salt. Slowly stir in milk until smooth. Add peach syrup. Cook and stir over boiling water until thick and smooth; cook 10 minutes longer, stirring occasionally. Remove from heat and stir into lightly beaten eggs. Cook and stir 4 to 5 minutes longer. Add butter and vanilla. Cool, covered. Pour half of custard into crumb shell; top with half of well-drained peaches. Repeat layers with rest of custard and peaches. Decorate with remaining crumbs. Chill 3 hours or longer. Makes 1 9-in. pie.

DAVIS & HUMPHRIES — OWNERS & OPERATORS

Odds AND Ends

(By E. I. The Elders)

In our column last week I took you to both ends of the Rio Grande and showed you some odd things in between. Now I am going to tell you something about both the first end and the last both ends of our trip, both the first end and the last end, and some more odd things in between.

About the first thing I want to say is that the drive from Hobbs to Carlsbad, New Mexico, is about the most desolate and dreary drive I have ever made. I

have gone over that road several times, and although the road is better than it used to be, the aspect of this country has not improved one whit. There is some fairly good grass but everything else along the route makes you feel that you are in the midst of a desert. It is true that it is not an absolutely barren country nor is your way beset with sandhills, but nearly every lick and stick of the vegetation is desert stuff. I wish some of the big ranchmen out that way would quit hunting for oil and go to hunting for water. They might not ever find the water—I don't know—but at least we would all know that they had tried. If convinced that there is no water either deep down or near the top of the ground in southeast New Mexico, we could just mark that area off as a desert and quit expecting to see anything of interest in that section of the state. On the other hand, if just a few good irrigation wells could be brought in here and there, the resulting oases would afford much relief to the way-worn traveler. Boy, a flower garden, a vegetable garden, or a water-melon patch anywhere along that road would make a tourist feel that he was about to enter a modern garden of Eden. Even a few gourd vines and a few okra stalks, as much as I hate both of them, surely would look pretty.

Well, at Carlsbad you strike the oasis. In many ways, Carlsbad looks like a Texas town of the hill country. The Pecos River, as you know, comes down through Carlsbad. They have dammed the River up and created quite a nice lake there, on the west banks of which they have provided a park, and in the park on the river front is a beach, on which the bathing beauties disport themselves and sometimes take a swim in the lake. Fishing and boating are other amusements in which both denizens and visitors may indulge. There are swings and toy trains and other means of amusement provided for the kids; and scattered over the park are eating tables. Well, when we drove into Carlsbad it was late lunch-time. So we bought some snacks and headed for the park. Upon arrival we found few white people but quite a sprinkling of Negroes in the park. Thinking that possibly that park was intended for use by Negroes only, I went to a cafe and made inquiry. I found that there were no jim crow laws nor segregation districts in that park. Negroes were free to use it just the same as whites. We ate and started on our way, for we were bound for the Davis Mountains and didn't want to fool away any time unnecessarily. But after we had left, my curiosity prompted me to wish that I had made inquiry as to whether whites and Negroes use that swimming pool on the same days and the same hours of the day. I have never had any opportunity to find out yet. But I am not going to raise any howl whatever the practice may be over in New Mexico.

Well, we hurried on down to White City. Always heretofore when I arrived at White City I took the right-hand road and started the climb up the mountain to the mouth of the Carlsbad Caverns seven or eight miles away. But all of our party had been in the Cavern at least once and so we passed it up this time, though it is a wonder worth seeing a hundred times if you have the time and the money. The left hand road, or straight-ahead road, out of White City leads to El Paso, if you wish to follow it that far. For a long way, at any rate, it skirts the south end of the Guadalupe Mountains, which lie principally in New Mexico but jut out into Texas. I remember that at one point on

President Truman's recommendation to Congress that it pass a law requiring all federal officials, including Senators and members of Congress, to file annual financial reports showing all gifts of money or other things of value, other than their salaries, which they have received during the year may contain much merit and may be one means of stamping

our highway, as we went glimmering along the road, lifting our eyes to the mountain tops to our right, we could see the cars parked on the Carlsbad Cavern grounds, and we thought it very odd that at that very time there were probably hundreds of people far down in the Cavern but still higher up than we, marveling at the beauty, the glamor, the grandeur, and the magnificence that the power and wisdom of God, working through the forces of nature, had created in the bowels of the earth, to the utter astonishment and delight of all who behold them.

I have forgotten whether it was just before or just after we had viewed these tiny specks which we recognized as cars high up on that mountain top that we sped by a sign that indicated some kind of a show place out by the side of the highway, and our curiosity being instantly aroused, we turned a round right there on the highway and backtracked possibly 200 yards to see what the thing was; and we read this sign: The Cherokee Zoo. Out we tumbled, entered the gate, and bought tickets, 30 cents apiece, or \$1.50 for our party. We stayed there some 20 or 30 minutes and thoroughly enjoyed the show. What did we see? Well, here is a nearly complete list of the animals, birds, fowls, and insects (bottled) which snarled at us, peered at us, ran from us, or paid no attention to us, but for

out much of the graft and the practice of "political influence" with this, that, and tother governmental department, bureau, or other agency; but, in our humble opinion, the best way to forestall graft is to quit appointing grafters and other questionable characters to positions in the Government. The President and other appointing agencies should be just as careful in protecting the honor of their Government as they are in protecting the reputation and the good names of their wives and daughters. There have been too many "political" appointments by the administration at Washington, not only under President Truman but under some of his predecessors also. The people should show their disapproval at every opportunity in no uncertain way.

We have heard some high compliments passed on the new high school football coach here, just as we have heard respecting most of his recent predecessors. For many years the Tahoka football teams as a rule have been noted for their sportsmanship and the clean type of games which they play. That is supposed to be the standard for all football teams:

the most part showed no disposition to trust us or become friendly. Guess that was not much of a compliment to us. Well, here is the list:

A bear, a mountain lion, several monkeys, a coyote, a coon, a bobcat, a boa constrictor, a Mexican rattlesnake, a timber rattle snake, a water moccasin, a Gila Monster, two baby lions, a couple of baby alligators, a badger, a porcupine, Chinese dragons, Tegu lizards, a lynx, a fox, a ring-tail cat, kangaroo rats, flying squirrels, rabbits, an eagle, vultures, owls, ravens, coti mundi, a strange little animal about which I remember little. Also preserved in alcohol were a vinegaron, a tarantula, a centipede, and other vicious-looking arachnids and scorpions.

Of all these animals, the rattlesnakes and the constrictor aroused our hatred more than any others. The little alligators were not far behind the snakes, and

play the game fair, win or lose. And that has been one of the arguments which school authorities and high-minded football fans have ever made in defense of this sport and of the time devoted to it. It teaches the student, they say, to be fair and honest. And, we think that should be one of the chief objectives of every school, and of every teacher in every school without reference to football or any other sport. For years now there seems to have been a laxity on the part of teachers and parents—some teachers and parents at least—in holding up proper ideals of conduct before the children under their care. Many parents, even, by example and by precept, encourage and teach their child-

ren to cheat and to lie and to steal. We have known parents, who condoned cheating on examinations by their children, who would believe any "cock and bull" story their children might put up when trouble arose with their teacher, and who would help cover up any little theft that the child might have committed at school. Good teachers will seek to impress children upon every opportune occasion with the importance of being honest,

truthful, and fair at all times. Children who are brought up to cheat and to lie and to steal will be the criminals of tomorrow. If football helps to keep the students straight, very well and good. But the football coach is not the only person on the school grounds and in the school rooms that needs to work at that job. We thank God that many if not most of our teachers do recognize and shoulder their responsibilities in this respect.

"I've driven 50,000 Miles, so I know!
'50,000 Miles No Wear'
with New Conoco Super Motor Oil!"

says D. C. Lemmons
Construction Contractor
Brownwood, Texas

"I am continually running from one of our jobs to another, in all kinds of weather, over all kinds of roads," says D. C. Lemmons. "In my car, and in our trucks and cement mixer, I must have a motor oil that can stand up under dust, dirt and cement powder. That's why I was so interested in your story of 50,000 Miles—No Wear."

"Since changing to Conoco Super Motor Oil, I've driven my personal car more than 50,000 miles. That's why I know—50,000 Miles—No Wear has sure been true for me. Since I can't afford to take chances on ordinary oil, it's Conoco Super one hundred percent for me!"

Change Now—For Summertime Performance All Winter! Protect your engine from winter's rasping wear. Change to new Conoco Super Motor Oil, with OIL-PLATING. Get quick starts, fast pickup, better performance all winter.

Proof of 50,000 Miles—No Wear! After a punishing 50,000 mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence; in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Factory finishing marks were still visible on piston rings! Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

those scorpions and spiders, if they had been alive, would have angered us keenly also. Were you ever stung by a stinging lizard? Well, they are about the most vicious and pain-producing creatures for their size that the devil ever propagated.

But those snakes get my goat. I hate a rattlesnake dead or alive. And if there were any cobras in Texas, I would be in favor of declaring total war against them in spite of all the fury and hos-

"Who's going to pay for my car?!"

Ask this question after an accident and you may find that it's you who will have to foot the entire repair bill unless you have Collision and Upset insurance.

Ask us this question now, before an accident occurs and we'll be glad to tell you all about the kind of protection this low-cost policy offers to every motorist.

FORRESTER Insurance Agency

tility that such action might arouse on the part of the 200 million Hindus whose ignorance and superstitious beliefs lead them to worship these deadly serpents.

The old Oevil, you know, according to common belief, came into the beautiful and sinless garden of Eden in the form of a serpent and led the first woman and thereby the whole human race astray. He seems to have known that if he could deceive and win Eve then Adam would be easy picking. And wasn't he wise? But whether the old Devil came in the form of a snake or not, I have never seen a snake yet that didn't make me feel that he was the Devil's offspring, and I am against him wherever he raises his head. The very sight of a rattlesnake makes me mad.

That sleepy old boa constrictor they had in that zoo didn't ease my temper much either. He was not quite as large as some boa constrictors I have read about; he was only about ten feet long; and I doubt if he could swallow a lamb, but he did have an enormous belly and I am told that it will dilate marvelously. They said to grow almost twice as large as this one in South America and to swing from trees and watch their chances to rope in some victim, wrap themselves around him, squeeze him to death or to a state of helplessness, and then begin the swallowing process. I surely would hate to meet one of them in the forest unless I were armed with two loaded six-shooters, a big bowie-knife, a keen-edged razor, and in addition to all that a good strong pair of

quick-action legs. I certainly would not want one of those big-bellied sons of Satan to wrap himself lovingly about me, look me square in the face, lick out his tongue, and whisper to me, "You are my meat."

No, I didn't enjoy the snakes much—liked the monkeys a lot better; somehow felt more brotherly toward them. Also I was perfectly at ease with the rabbits, though they seemed a bit suspicious; and if those baby lions had been a little further back in in fancy, I might have become bold enough to rub the top of their heads a bit.

Any way, in spite of the snakes and the alligators, we felt that we had gotten our money's worth.

Our next objective was old Guadalupe Peak, the highest mountain in Texas, and his intimate side-kick, old El Capitan. They are a great pair all right, wonderful to look at and to write about, but already I have written about mountains until I know that you are anxious for me to get back down on the level again. Well, from Pine Springs, up on the side of old Guadalupe, where we stopped a little while for liquid refreshments—just soft drinks—and to take a couple of pictures of the two mountain giants, we turned south again and went down toward the level, believe me, pretty rapidly for quite awhile. We stopped once, however, and took one back-shot—with the kodak—at the mountains, and then proceeded southward toward Van Horn.

But even after we got down "on the level," there were plenty of mountains to be seen and to really excite our admiration. There to our left, angling southeastward away from our road, were the Delaware mountains and further away to the southeast were the Apaches. To the west and southwest of us were the Sierra Diablo mountains, which means Mountains of the Devil. The word Diablo is a-kin to our English word Diabolical, and whoever named them must have regarded them as a rough-tough outfit. They looked it.

Not far south of old Guadalupe and El Capitan, the El Paso highway splits off from the Van Horn road and a sign says that it is still 101 miles on west to El Paso. I surely would have liked to follow that road—out through the mountains and on to the westernmost city in Texas, but the Davis mountains and the Big Bend were now back to the southeast of us, and that area was our destination. Passing through or along side the Salt Flats, which themselves have an interesting history, we came to Van Horn, overshadowed on the west by the Diablos; so there we turned east to Kent.

And that's the first end of our journey, about which we had said little heretofore; and after all, we are going to have to leave the last end of the trip for another week. So, Adios.

Cicero Smith Lbr. Co.

Editor Views Excellent Crop

Garland Pennington owns a half-section of land out in the broad depression just south of Tahoka Lake, which J. C. Womack is cultivating, and if frost and killing freezes stay off until November 1, at least sixty acres of it promise to make from one and a half to two bales per acre. It is doubtful if anybody has seen such cotton anywhere in Lynn county before.

The Senior editor accompanied Mr. Pennington out to this field on Tuesday morning of this week just to see that cotton. He stood out in the dense tangle of limbs loaded down with bolls half-grown to well-matured and was compelled to tear the limbs apart in the middles in places in order to make his way through it. The plants, when straightened up, reached to the editor's shoulders and some of them to the top of his head, although the editor, he it understood, is a short man.

The editor had taken his kodak along and Mr. Pennington took his picture standing out in the middle of this field. So, when that picture is developed it will verify these statements. Besides, any doubting Thomases who may wish to verify these remarks for themselves may do so by going out and wading through that cotton field.

Furthermore, this is so-called dry land cotton. Nobody has irrigated any of it. It is evidently sub-irrigated, however. Mr. Pennington says that one can dig down and find water in many places just a few feet below the surface of the soil. But it is not a part of Tahoka Lake proper. It was covered with grass and weeds before it was broken out and put into cultivation. Grass and weeds do not grow, as everybody knows, in the bed of Tahoka Lake nor in the bed of any other alkali lake. In wet years, however, water does collect in places in this depression and sometimes stands for a year or longer before drying up.

There are many other acres of

BAPTIST S.S. TEACHERS AND OFFICERS HAVE LUNCHEON

Some 60 or 70 recently elected officers and teachers of the Baptist Sunday School met Wednesday evening at 6:30 o'clock in the dining room of the church to make survey of their work for the coming year and to enjoy a luncheon prepared for the occasion.

Many of them have been serving heretofore but quite a few new officers and new teachers have been added to the force. All are to be formally installed at an installation service next Wednesday evening.

Larry Ramsour, who had the honor of being sent twice by different organizations this summer to the Ridgecrest (N. C.) Baptist Encampment, gave a very interesting report of his visits there. Paxton Hutchison accompanied him on one of the trips.

land in that depression, on several other farms, where the yield of cotton and feed is going to be good this fall, but none to equal that on the Pennington half-section.

Mr. Pennington gives much credit for the bumper yield to J. C. Womack who planted and cultivated it and did a good job of it.

He and Mr. Womack, whose first wife was Mr. Pennington's daughter, are farming as a co-partnership about 1,100 acres of land, some of which they lease and some of which Mr. Pennington owns. They are also partners in the raising of some livestock, which they run on some of their holdings.

One of the places which Mr. Pennington owns is the old Jake King place a little more than a mile east of Tahoka on the Tahoka-Post highway. They have built stock pens out there, drilled a water well, planted a small acre in alfalfa, which they irrigate, and which provides green pasturage along with dry feed for quite a little herd of beef cattle.

But their miracle cotton crop cut at Tahoka Lake is the wonder-spot of Lynn county this dry year.

DORCAS S.S. CLASS HAS SOCIAL MEETING

The Dorcas Sunday School class met in the home of Mrs. Truett Smith Tuesday, October 2, for their social and business meeting. Mrs. Ernest Drager was co-hostess with Mrs. Smith.

The meeting was called to order by the president, Mrs. Hoyette Hodges, followed by the class song, prayer by Mrs. Lawrence Harvick, and roll call. The Devotional was rendered by Mrs. Elmo Jeter.

A short program and social hour followed the business meeting. Mrs. Lee Ramsour rendered a piano solo, "Serenity," and Mrs. Urban Brown and Mrs. Dub Kenley sang a duet, "It Is No Secret," accompanied at the piano by Mrs. Ramsour. Mrs. Duke Shaw gave a very interesting talk on "Stewardship."

Refreshments were served to following members and guests: Mmes. Shaw, Ramsour, Kenley, Brown, Clay Bennett, Hodges, Ivan McWhirter, Jeter, Harvick, Juanita Gilbreath, John Thomas Tippit, T. R. Riddle, Archie Sims, Mowry, and the hostesses, Mmes. Truett Smith and Ernest Drager.

DORCAS CLASS HOLDS LAWN PARTY MEETING

Mrs. Dale Williams and Mrs. Hoyette Hodges were hostesses to the Dorcas Sunday School Class recently for a lawn party—and social at the Hodges home.

The meeting was called to order by the president, and Mrs. Virgil Carter led the opening prayer. Roll call followed reading of the minutes of the previous meeting. Following a brief business session, Bible question were given by Mrs. Carter.

Refreshments consisting of sandwiches, cookies and punch were served the following: Mmes. T. R. Riddle, A. D. Riddle, Carter, Juanita Gilbreath, Herman Renfro, Clyde Spruiell, Lawrence Harvick, Hoyette Hodges, Hollis Hill, Mowry, and Dale Williams.

Chris Poulsen of Jamestown, Kansas, who owns a section of farm land in the West Point community is here this week looking after his property. Mr. Poulsen owns a plumbing establishment in Jamestown.

Mmes. Alice Fortenberry, H. B. Howell, Hoyette Hodges, and Jodie Nevill attended the District Women's Missionary Union board meeting at the First Baptist Church of Kress Thursday of last week.

GOOD NEWS COMES FROM THE SHELDEN RUSSELLS

Mrs. K. R. Durham and other friends here of the Sheldon Russells have received communications from them advising that a little daughter, whom they have named Peggy Jane, was born to them on September 15 out at Berkeley, California, near which city they now live.

Shelden, who is a Minister, is pastoring a church and preaching on week-ends while attending the Golden Gate Seminary in Berkeley.

Several years ago, Shelden came from Oregon to Wayland College, Plainview, where he majored in religious music, and soon after entering Wayland he was employed by the First Baptist Church of Tahoka as music and educational director. In the course of time he made it known that he felt he had been called to preach, and he was ordained as a Minister of the Gospel by the Tahoka Church and served as pastor of the Sweet Street Mission here. Later, he was called as pastor of the Wells Baptist Church and served for several months, possibly a year. Having graduated at Wayland, he decided to enter a Seminary and chose the new Golden Gate Baptist Seminary at Berkeley. He and his wife and their little son David moved out to Berkeley several months ago, and now they have a little daughter.

Many friends in Tahoka and throughout Lynn and Hale counties will be delighted to know that they not only have a daughter but that he is greatly enjoying both his Seminary and Pastoral work out there. Mrs. Russell, affectionately known here as Roberta, was fully as popular here as her very popular husband, and they have the best wishes of all who knew them.

NAZARENES FORM MISSIONARY CIRCLE

The Garnett Howard Missionary Circle was organized Tuesday afternoon at 2:30 o'clock in the Church of the Nazarene, with eight members present. Meetings will be held each first and third Tuesday of the month.

The following officers were elected: Mrs. C. H. Mosely, president; Miss Cecil Lynn, vice president; Mrs. Darrell Hasley, secretary and treasurer; Mrs. Bill Sanders, superintendent of study; Mrs. Pete Dorman, publicity superintendent; and Mrs. Dovie Dillard, "Other Sheep" secretary. A very interesting study has been planned for the next meeting. Everyone is invited to attend.

THE L. & B. CLUB MEETS WITH MRS. RAY BURDETT

The L. & B. Home Demonstration Club, so named because it is composed of members residing in Lynn and Borden counties, met with Mrs. Ray Burdett on Tuesday, October 2. Then members and one visitor were present.

It was time to elect new officers, and the following were elected: Mrs. Isaac Ledbetter, president; Mrs. Mat Farmer, vice president; Mrs. Silas Russ, secretary-treasurer; and Mrs. Ray Mauldin, reporter.

Punch and cookies were served. All reported a nice time.

The next meeting will be held on October 16 with Mrs. Ray Mauldin.—Reporter.

BAPTIST CHURCH ADOPT TENTATIVE BUILDING PLANS

At the regular conference of the First Baptist Church here Wednesday night, tentative plans for the new building at the Sweet Street Mission were submitted by a building committee and were adopted.

That does not necessarily mean that the building program will begin immediately, but it serves as a green light for the committee to proceed further with their planning, investigating costs, and determining what kind of material will be used in the structure.

It is the present plan to build a house of worship large enough to meet immediate needs and to so construct it as to make additions as and when future needs may require them.

It is the further plan of the church to move the present building onto lots nearer the center of the Mexican population here and use it as a Mexican mission. Many worthy families have become

School Menus For Next Week

Principal Archie Sims announces the following menus for next week at the school cafeteria:

Monday — Brown beans, combination salad, baked potatoes, cream corn, milk, bread, cookies and ice cream.

Tuesday — Sausage and gravy, green beans, macaroni and cheese, hot rolls, milk, and pineapple pudding.

Wednesday — Soup, crackers, cheese sandwich, toasted graham chackers, and milk.

Thursday — Meat loaf, buttered potatoes, tossed salad, spinach, milk, bread, and mincemenat pie.

Friday — Liver and onions, creamed potatoes, English pea salad, milk, hot rolls, and ginger cookies.

permanent residents of Tahoka and the Baptists are already maintaining a mission here for them.

Palo Duro Canyon is 120 miles long and 22 miles wide at the widest point. It begins as gentle upland creek bed, becomes a wild and deep gorge and gradually spreads out into the lower caprock counties.

ABERNATHY DOWNS BULLDOGS 24-14

Tahoka Bulldogs are idle this week end, but Friday night of next week they will open their 1951 conference season at home with the Post Antelopes.

As The News went to Press Thursday night the B team was playing the Wilson Mustangs at Wilson.

No game this week will give the Bulldogs a much-needed rest after four tough games in a row, and will permit those boys suffering from bruises to get in shape again.

Last Friday night, the Bulldog outplayed their opponents, the big, tough Abernathy Antelopes for three quarters but went down in defeat 24 to 14. Until that last quarter, it appeared the Bulldogs had the game in the bag, but a series of bad breaks made the difference.

Tahoka led in first downs 9 to 3 at halftime and had the big end of a 7 to 6 score, which they stretched to 14-6 soon after the half.

The Bulldogs scored the first time they got the ball in the game. Brookshire of Tahoka intercepted an Abernathy pass on Tahoka's 41, and started a drive for the goal. A 36-yard pass Foster to Halameick carried to the one foot line, and on the next play Foster went over for the TD. Foster kicked the extra point.

After an exchange of plays with Tahoka showing superiority until Verlon Barron intercepted a Bulldog pass and raced 52 yards to score. The attempt to convert by running failed.

Tahoka threatened again in the second quarter, the Bulldogs having worked the ball down to the Abernathy 10. An official's decision robbed the Bulldogs of another touchdown. The home team faked a place kick, with Halameick holding and Brookshire the supposed kicker, but instead Halameick passed to Foster over the goal line. However, an official ruled Halameick's knee had touched the ground on the 19 yard line.

In the third quarter, Tahoka marched down to the 21 before losing the ball on downs. Abernathy couldn't go, and Tahoka took over on the 41, rolled up one first down, and then Halameick went 25 yards through the center to score Tahoka's second touchdown, and Foster kicked the extra point. Score 14-6.

Abernathy then got its first really consistent drive underway, aided with a 15 yard penalty against Tahoka and a 33 yard pass play which carried to the one yard line, from which point two plays later the visitors scored. Score 14-12.

Early in the fourth quarter, after an exchange of plays, Barron got away around right end for a 38 yard touchdown gallop.

Neither team could gain consistently after that until in the last minute of the game, Abernathy's Cunningham, 202 pound 6-foot-4-inch quarterback intercepted a Tahoka pass on the 46 yard line, but scooped up the ball and raced for the final score.

The Bulldogs to a man put up a fine fight against the much heavier visitors, and possibly would have won the game but for two or three plays that went awry at crucial moments, and two or three penalties that really hurt. Both line and backfield men did a good job. Halameick's

TAHOKA, TEXAS, — FRIDAY, OCTOBER 5, 1951

O'Donnell Wins Conference Opener Over Whiteface 21-0

Fish Fry Held By W. H. Fulkersons

Mrs. W. H. Fulkerson, Tahoka's champion fisherwoman, entertained with a fish fry honoring her husband on his birthday at their home Wednesday night of last week.

W. H.'s "better half" recently returned from a fishing trip about thirty miles out on the Gulf of Mexico from Port Isabel, during which she caught a six pound king mackerel and a big lot of red snapper. For many years she had been fishing on the lakes of Texas and New Mexico, but this was her first experience on the Gulf.

About 25 friends and relatives attended the fish fry. Mr. and Mrs. Fred Edwards of New Home showed moving pictures they had taken on previous fishing trips with the Fulkersons.

All the Fulkerson children were present for the affair, except Tommy, who is in the Army Air Force, stationed at Kelly Field, San Antonio. The other three children are: Mrs. Dorothy Bowlin, and family of O'Donnell; W. H., Jr., of Buster's Interior Decorators, Dallas; and Charles, student in Texas Tech.

punting was brilliant, his three kicks being for 36, 58, and 45 yards respectively. Slover, Stice, the two Bartleys, Wiley Curry, Brice, Short, Tekell, Martin, all looked good.

O'Donnell Eagles opened their 1951 District 4-A conference season last Friday night at Whiteface with a 21 to 0 victory over Antelopes.

The Eagles scored all three touchdowns in the first half, and repulsed all Whiteface threats in the second to gain the victory.

Kellas Davis, ace Eagle right halfback, made the first touchdown in the first quarter, when he raced 20 yards to the goal line. A few minutes later Billy Joe Mahurin scored from five yards out; and in the second period, John Walker plunged over for the last score. Quarterback Benny Clark kicked all three extra points.

wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord." Can you imagine the prodigal son, when he realized his condition praying to his father, "Father, I am hungry here, but I just can't leave this hog pen. I love you, but I love the hogs too much to leave them. Won't you please bring me some of the surplus bread you have?" That is ridiculous, but not any more than for us to expect the Son of God to bring the bread of life to us, when we refuse to forsake all and come unto him.

The question might arise, "How may we come unto Him?" There are some who will tell you that you can tell by the way you feel. But really the scriptures, in no place, encourage such answer. Never, in the entire word, did the apostles give such an answer. And since Jesus said, "Ye shall know the truth and the truth shall make you free." Jno. 8:32 and tells us in Jno. 17:17 that truth is the word; and further says in Rev. 20:12 that we are to be judged by the things written in the books, don't you think it good reasoning to suppose that we are to tell by the word when we are obeying His will? And since, Heb. 5:8-9 insures us, that we must obey Him to obtain salvation, we are forced to the conclusion that we are able to come to Him only by obeying His words.

So in order to come unto Him: We must hear, "For whosoever hath heard and learned, cometh unto me." Jno. 6:45; We must believe for "With the heart man believes unto righteousness." Rom. 10:10; We must repent, for "All men should come to repentance." 2 Pet. 3:9, Acts 11:17; We must confess, for "With the mouth confession is made unto salvation." Rom. 10:10 and; We must be baptized, "Into Christ," Gal. 3:26 27, Rom. 6:3-5, 1 Cor. 12:13.

They who have followed this plan, have heeded the precious invitation.

Legal Notices

ORDINANCE NO. 20B

An ordinance passed by the City Council of the City of Tahoka, Texas, at a regular session of the said City Council, making it illegal within the City Limits of the City of Tahoka, Texas, for any person to be a vagrant with in the City Limits, fixing the penalty for the violation thereof, and repealing all ordinances in conflict thereof.

Be it ordained by the City Council of the City of Tahoka, Texas, that it shall be unlawful for any person to be a vagrant within the City Limits of the City of Tahoka of the State of Texas.

The following persons are and shall be defined and punished as vagrants:

(1) Persons known as tramps, wandering or strolling about in idleness, who are able to work and have no property to support them.

(2) Persons leading an idle, immoral or profligate life, who have no property to support them, and who are able to work and do not work.

(3) All persons able to work have no property to support them, and who have no visible or known means of a fair, honest and reputable livelihood. The term "visible or known means of a fair, honest and reputable livelihood," as used in this article, shall be construed to mean reasonable continuous employment at some lawful occupation for reasonable compensation, or a fixed and regular income from property or other investments, which income is sufficient for the support and maintenance of such person.

(4) All able-bodied persons who habitually loaf, loiter and idly in any city, town or village, or railroad station, or any other public place in this State for the larger portions of their time, without any regular employment and without any visible means of support. An offense under this subdivision shall be made out if it is shown that any person has no visible means of support, and only occasionally has employment at odd jobs, being for the most of the time out of employment.

(5) Persons trading or bartering stolen property.

(6) Every common gambler or person who for the most part maintains himself by gambling.

(7) All companies of gypsies, who, in whole or in part, maintain themselves by telling fortunes.

(8) Every able-bodied person who shall go begging for a livelihood.

(9) Every common prostitute.

(10) Every able-bodied person who lives without employment or labor, and who has no visible means of support.

(11) All persons who are able to work and do not work, but hire out their minor children, or allow them to be hired out, and live upon their wages, being without other means of support.

(12) All persons over sixteen years of age and under twenty-one, able to work and who do not work, and have no property to support them, and have not some known, visible means of a fair, honest and reputable livelihood, and whose parents, or those in loco parentis, are unable to sup-

Fiber of Defense

WAREHOUSE

YOUR COTTON FOR GOVERNMENT LOANS

The first step in obtaining government loan is to place your cotton in an approved warehouse. You will receive a negotiable warehouse receipt for each bale. Your warehouse will furnish correct weights, pull samples for classing, and certify loan papers requested by the government for completing your loan.

Cotton farmers, who placed 3,800,000 bales in the 1948 loan, realized an extra profit of \$17.50 per bale. Only through a time tested and proved efficient system of warehousing and marketing could these millions of bales have been stored, protected and preserved to bring cotton growers this \$67,000,000 profit.

Take care of your crop from boll to bale, and you can depend on your warehouse to take care of your cotton from bale to spindle and to the most profitable market for you.

"Keep Your Cotton In Your Community"

Union Compress & Warehouse Co.

Quail Hunting Dates Are Set

AUSTIN, Prospects for the coming fall quail hunt were described as "fairly good" by the Director of Wildlife Restoration for the Game and Fish Commission.

He said field reports were in adequate to give the quail population pattern for the entire state but added that in scattered areas not devastated by the drought the outlook is better.

The Director explained that the original hatch was "average" in most of the state since nesting was well advanced before the drought began to sear the state during July and August.

He said there may be a scarcity of herbage cover in general and that it may be too light to stand up under fall rains and frost. As a result the birds may have to look for tougher cover such as brush, bushes and thickets.

From a food viewpoint, the Di-

rector of Wildlife Restoration predicted that there "is certain to be a reduced production of weed and grass seeds as well as the berries and seeds from trees and shrubs."

He observed that hunting conditions in most recent seasons have not been favorable to the sportsmen since the fall droughts have hampered scenting by bird dogs.

Quail hunting is one of the top fall field sports in Texas which has one of the largest quail populations in the country. The pursuit of the crafty bobwhite and blue quail has unusual significance for the hunters this fall in view of the sparse dove shoot to date.

Help Keep Tahoka Clean!

ST. JOHN'S LUTHERAN CHURCH

Visitors are always welcome.

Tahoka's Bullpup football team won one and lost one to Brownfield here Tuesday night. Thursday night of last week, the local Junior teams tied one and lost one with Seminole.

Tahoka Seventh Grade, playing without the service of its two previous star performers, lost 13 to 0 to Brownfield Seventh Graders. Though the local youngsters could not go offensively, they held their much-heavier opponents well on defense.

The Eighth Grade team was a slam-bang affair, with Tahoka's smother offense resulting in a 38 to 14 victory. Brownfield scored its two touchdowns while Tahoka's line-up consisted mostly of reserves.

Tahoka's Eighth Grade Pups scored in the first quarter on a 10-yard pass from Gordon Smith to Carleton Bell, and Ted Pridmore ran over for the extra point; Smith went 8 yards off right tackle for the second; passed 15 yards to Jerry Williams for the third; on the first Cub play after this kickoff, Jerry Williams intercepted a pitchout, and ran 35 yards for the fourth score, and a pass was complete for the extra point; Smith scored the fifth from one yard away; and the sixth come on another 15 yard pass to Williams. Brownfield's two scores came in the fourth quarter, both on long runs.

Last week's games here with Seminole, Tahoka Seventh Grade outplayed the visitors but could do no better than a tie. Tahoka's Eighth Grade was clearly outclassed by the big, rangy and fast Seminole Junior High team, which won 21 to 0.

NEW HOME H. D. CLUB HAS SWEET ROLL PROGRAM

New Home Demonstration club met Thursday, September 27.

Sweet rolls may be served in many ways. When they replace plain rolls for luncheon or dinner, they lend new character to the meal, and if a meal needs perking up a spicy cinnamon bun or a wedge of coffee cake will do the trick. With coffee or tea they are nice "as is," for a dessert. Dress them up with toppings.

Miss Graham Hard made and served sweet dough bread, using the no-knead method. By adding some of the sugar to the yeast, the rising action is made quicker.

Officers for the new year were elected.

Refreshments of coffee and cookies were served by the hostesses. Mesdames Donald Caudle and J. B. Edwards, to 14 members and Miss Hard.

The club will meet October 11 at the home of Mrs. Joe D. Unfred to work on leathercraft.

Wanted By FBI—

GUS HALL

The FBI has requested the assistance of alert citizens and law enforcement agencies in locating Guss Hall, National Secretary of the Communist Party, U.S.A. He is one of the Communist Party leaders who have been convicted of the Smith Act and are presently fugitives from justice. A description of Hall is as follows:

Age, 40, born October 8, 1910, at Virginia, Minnesota; height, 5-foot 11-inches; weight, 220 pounds; eyes, blue-gray; hair, light brown; complexion, fair; build, heavy; race, white; nationality, American; scars and marks, small scar on left thumb, two pockmarks on left cheek, mole on right side of neck.

Hall sometimes wears a mustache. He leans forward at the shoulder when he walks, drinks large amounts of coffee and usually rests his elbows on the table holding the cup at lip level. He laughs easily and is described as being rather boisterous. He speaks in a husky tone but at a high pitched level. He seldom wears a hat. His eyes have a staring

Palo Duro Has More Visitors

CANYON, Tex. —Attendance at Palo Duro State Park, the World's Most Colorful Canyon, passed 94,000 for the year this week. Park officials declare that a record breaking summer attendance has regained 20,000 attendance lost during last winter and spring against weather and flood handicaps.

Indications are that the attendance of 110,050 registered at the park in 1950 will be topped by a substantial figure. Completion of the paved road into the Canyon plus other factors should bring the attendance close to 125,000 for 1951, park officials believe.

All facilities at the park remain open throughout the Winter and the Autumn colors in the

Canyon in October, November, and December are especially attractive to color camera enthusiasts. An added attraction soon will be the annual migration of the Western bluebirds into the park. Thousands of these bluebirds spend the Winter in Palo Duro Canyon. The brownish red berries on the cedars are a special delicacy for the bluebirds during the winter months.

the great new
FERGUSON "30"

Engineers call it torque. You call it lugging power... the ability of your tractor to keep on going when the job gets tougher and tougher.

Torque in the Ferguson "30" gives you a big edge over any other tractor. The big valve-in-head engine provides more lugging power at low engine speeds than many tractors have with the throttle wide open!

You can set the throttle of the Ferguson "30" at a safe, economical speed and leave it there all day long. You can slow to a creep in heavy going without stalling or shifting gears. You can slow down to climb over a furrow without stopping or shifting.

And look at all these **EXTRAS** Ferguson Engineers have given you...

VALVE ROTATORS that keep exhaust valves at top efficiency for hundreds of extra hours... to keep service costs low.

A NEW AIR-FUEL SYSTEM that delivers cleaner, cooler air to the engine. This means longer engine life and more work from fuel.

BIGGER, HEAVIER GEARS for greater durability and long rear-end life.

BIG BONDED-LINING BRAKES for longer life, safer stops, easier replacement.

BETTER LUBRICATION to all vital engine parts. Oil passages to

filter are drilled to minimize leakage factor. Floating forks skim clean oil and leaves sludge behind. Horizontally mounted filter is easier to clean and service.

PRESSURIZED COOLING for better cooling under all operating conditions, including high altitudes.

Father And Son Farm Agreement

COLLEGE STATION.—With the rising cost of farm operations and the large amount of money needed to buy livestock, land and equipment, it has become difficult for many young farmers to get started in the business, points out C. H. Bates, Extension Farm Management Specialist of Texas A. & M. College.

Father and son (or father and son-in-law) farming agreements offer the opportunity for many young men to get into the business, says Bates. Older farmers who want to "slow down" and plan for partial retirement are also benefited by such arrangements.

A new bulletin resulting from the work of the Southern Farm Management Extension Committee discusses the operation of a farm by an owner and his son under an agreement that its beneficial to both. The income from the business is divided in proportion to their contribution of land, equipment, livestock and labor.

Southern Farm Management Extension Publication No. 1, entitled "Father-Son Farm Agreement," discusses conditions for successful leases, types and principal features of father-son farm agreements, important problems, legal considerations, transfer of property to heirs and essential points to consider in preparing a father-son agreement.

This bulletin, says Bates, may be obtained from your local county agricultural agent.

BIRTHDAY PARTY HONORS GARY CONWAY, AGE 3

Gary Conway, age 3, son of Mr. and Mrs. C. W. Conway, was honored Monday afternoon, October 1, with a birthday party in the back yard at his home, 2020 North Second Street.

Refreshments of cake and ice cream were served to 19 children and several mothers, who helped Gary celebrate. Gary and all the his little friends had a nice time playing.

Good Results In Steer Feeding Test

COLLEGE STATION.—Sorghum gluten meal and sorghum gluten feed gave good results in the 1950-51 steer fattening trials at the Beeville unit of the Texas Agricultural Experiment Station.

Sorghum gluten meal was equal in value to cottonseed meal as a protein supplement in this experiment, according to E. M. Neal, assistant animal husbandman for the Beeville substation.

It was profitable in this test to use sorghum gluten feed as a replacement for cottonseed meal, gluten meal, or sorghum grain.

Neal pointed out that gluten feed can be used to better advantage in combination with cottonseed meal and sorghum grain. Steers fed gluten feed as the only concentrate were below average in gain and grade.

Feeding three pounds of protein supplement instead of two pounds of supplement and one pound of grain per day did not increase the gain of the steers. The feed cost, however, was increased, since grain was the cheaper feed.

New Wheat Seed Is Developed

characteristics of Quana, a new disease-resistant hard red winter wheat of excellent quality, are given in a new Texas Agricultural Experiment Station bulletin.

This new variety was developed by Dr. I. M. Atkins, Denton station agronomist, who is a joint employee of the Texas Agricultural Experiment Station and the U. S. Department of Agriculture.

Dr. Atkins reports that the average yield of Quana wheat has equaled or exceeded that of the present commercial wheat varieties at Denton, Greenville, Temple, Comfort, Stephenville, Iowa Park and Chillicothe. Comanche and Wester have given better yields than Quana in the drier sections of Texas.

Quana was developed from a complex cross of (Comanche x Honor-Forward) x (Mediterranean-Hope x Comanche). It has shown a high degree of resistance to common races of leaf and stem rust and to stinking smut. However, races of both leaf and stem rust are known which can attack Quana.

Quana is similar to Comanche in milling and baking characteristics. Tests show that it is satisfactory for the production of bakery flour.

Bulletin 734, "Quana Wheat," is available from the Publications Office, College Station, Texas.
