## Water-Sewer Men of Area Meet In Tahoka

### 100 At Dinner Meeting Discuss City Problems

Nearly 100 municipal employees from about thirty towns of this area attended the regular monthly meeting of the Permian Basin section of the Texas Water and Sewer Works Association held in Tahoka Tuesday afternoon and night.

The guests and a number of local citizens attended the dinner program held in the Legion Hall at 7 p. m. A buffet style dinner was prepared and served by the ladies of the Eastern Star.

Henry Tate of Post, president of the organization, presided at the meeting. Hoyette Hodges, Tahoka, city councilman and mayor pro tem, welcomed the guests.

Pat Hines of the Tahoka Water Sewer department introduced the speaker, a Mr. Littlejohn of Littlejohn Tool & Equipment company of Dallas who discussed the drainage and cleaning of water and sewer pipes, and led the round table discussion.

The Association meets monthly in some town of the district to discuss similar problems of cities. The Permian Basin association reaches to Pecos and McCombe, and is the largest in Texas.

## McCord Expands Tractor Business

Plains Motor company of Tahoka, owned by Rollin McCord, is continuing the expansion of its business, having last week bought the Price Implement company of Brownfield from Money Price. Name of the Brownfield firm has been changed to Plains Implement company. Massey-Harris tractors and implements and Packard automobile are handled at Brownfield. The Tahoka house handles Massey-Harris and Chrysler-Plymouth cars.

In making the expansion announcement, O. L. Plyler of Lubbock, district manager for Massey-Harris, states that for two years the Rollin McCord's Tahoka firm has sold more Massey-Harris "44" tractors than any other dealer in the United States.

McCord became Massey-Harris dealer here in 1948, and the second year he was dealer, 1950, he led the nation in Massey-Harris "44" tractor sales. Then, in 1951, he again far exceeded any other dealer in the nation in the number of Massey-Harris "44" tractors sold.

Ben Cowling, formerly of Lubbock, but with Bulker in Tahoka and more recently with Plains Motor company here, is the new manager of the firm at Brownfield. He is an aggressive and progressive young businessman.

Last week, Mr. Nichols of the Racine, Wisconsin, plant and Ben Saxton of Dallas, state manager, visited Tahoka and Brownfield making a survey of the farming in this area and the farm implement needs.

## Methodist M. Y. F. Meets In Tahoka

The Methodist Youth Fellowship of the Lubbock District held its semi-annual meeting in the Tahoka Church last Saturday evening, and representatives were present from about thirty churches of the district.

There were 73 registered for the meeting, according to Rev. Jim Sharp, pastor of the Tahoka Methodist Church.

Dinner was served to the group in Fellowship Hall by ladies of the church under the supervision of Mrs. Jack Penton.

Mr. and Mrs. Howard Wheeler and boys spent the weekend in Presidio, Texas, visiting Mr. and Mrs. Jack Link and family.

## Auction Sale To Aid Polio Victims

An auction sale of merchandise donated by Tahoka merchants will be staged at the Rose Theatre Thursday night of next week, the proceeds from which will go to the March of Dimes polio fund.

Judge G. C. Grider will act as auctioneer.

Next Thursday, after 4:00 p. m., Tahoka Boy Scouts will call on the business houses to pick up anything that the merchants wish to give to be auctioned of that night.

## Mothers To Aid March of Dimes

A "March of Mothers," as a part of the "March of Dimes" drive to raise Lynn county's part in the National Polio Foundation Fund, will be staged in Tahoka this year on the night of Thursday, January 31.

The local "March of Mothers" is being sponsored by the Pythian Sisters, with Mrs. Elnora Curry and Mrs. Irvin Dunagan, in charge.

In such a drive, to climax the annual campaign, the mothers of the town are asked to spend one hour the night of January 31, 7:00 to 8:00 o'clock in making a door-to-door canvas of Tahoka's residences.

Citizens of the town are asked, at this hour, to have their porch and living room lights on, and to be ready to hand a contribution to the lady solicitor for the purpose of combating and treating polio. The siren will sound at 7:00 p. m. to signal the start of the "March of Mothers."

All mothers of Tahoka are invited and urged to cooperate in this move. Those who will help with the solicitation campaign are asked to contact Mrs. Curry or Mrs. Dunagan.

Lynn county funds raised in last year's drive were exhausted, the National Foundation advanced \$600, and an additional \$900 was spent in treatment of six Lynn county polio cases.

Aid of all people is asked in helping Lynn county raise its quota to take care of any child—possibly your or your neighbor's—who may become afflicted with this dread disease.

## More Cotton Donated CROP

Latest reports show that contributions are still coming in for Lynn County's Christian Rural Overseas Program.

Recent contributions, not previously reported, include bales given by R. T. Moore and John Heck Seed Farm, being credited to the Baptists; bales given by Mr. Lehman and Oscar Wuensche credited to the Lutheran Church, Missouri Synod; and bales given by Mrs. Lena Wuensche, Arthur Wuensche, credited to Lutheran World Relief.

Remnants have been given by Carl Gryder, Arthur Hagens, Beno Wilke, and R. F. Stegemoller. Ten dollars cash was donated by L. C. Haney.

There may be other donors throughout the county. Contributions should be reported immediately to N. E. Wood, county CROP chairman.

Ginning on the above cotton was given free by Wilson Co-op Gin, Alex Sanders gin of Wayside, and Planters Gin of Wilson.

Daily market news service covering the movement of Rio Grande Valley citrus and vegetable crops is available for the asking. It is mailed daily by the USDA's Production and Marketing Administration, fruit and vegetable branch, Weslaco, Texas.

## Poka-Lambro Is Asking Bids On Phone Equipment

After numerous delays, prospects are excellent that the Poka-Lambro Rural Telephone Co-operative will this Spring get actual construction of the proposed system underway, according to Sam Allen, co-ordinator.

First unit of construction will include the Tahoka and Southland exchange areas, with automatic exchanges at Southland, New Home, New Lynn, West Lakes (6 or 7 miles west of Tahoka), and Fletcher Carter (2 miles north of Redwine).

On January 29, bids will be opened at the headquarters office in Tahoka for central office equipment, telephone sets, and inside wire and hardware.

On January 30, bids will be opened for construction of the outside plant.

The latter will be built by contract. Inside installation of telephones and wiring will be done by co-operative employees.

Mr. Allen says plans and specifications are now being drawn up for the O'Donnell, Gail, and Lamasa exchange areas.

Processing of the successful bids will require some time for approval in Washington, and the contractors will be given 150 days to complete construction after starting work.

## Brown Candidate For Tax Office

J. E. (Red) Brown this week announces that he is a candidate for a second full term as tax assessor and collector of Lynn county.

"Red" was born and reared in Lynn county, graduated from the local high school attended college for a while, then got picked up by his Uncle Samuel to help clean up a little mess in Europe. He is married and has three children.

In asking for a second term in the office he now holds, Brown says: "I have tried to fulfill my duties as Tax Collector of Lynn county to the best of my ability, and I honestly feel that I have done you a good job. If you think my work has been satisfactory, I will deeply appreciate your vote and a kind word. I promise you the best service and careful attention to the duties of the office that it is in my power to give."

## J. D. Donaldson Is Victim of Illness

John D. Donaldson, pioneer Lynn county farm operator, suffered a heart attack Thursday noon of last week and is under treatment at Tahoka Hospital. He is reported to be improving gradually.

Mr. Donaldson has scarcely ever been sick before. Many friends are hopeful that he will be out again soon.

## Name Winners In Club Cotton Contests For 1951

Winners of the 1951 4-H club cotton contests in Lynn county were announced this week by County Agent Bill Griffin.

Jack Spears, son of Mr. and Mrs. C. C. Spears of Tahoka, route 4, was winner of the dry land contest. Jack produced 2020 pounds of lint on five acres of deep-broke sandy land, or 404 pounds per acre.

Cordell Hagens, son of Mr. and Mrs. Arthur Hagens of Wilson, route 1, was winner in the irrigated cotton contest. On his five irrigated acres, he produced 2820 pounds of lint, or 564 pounds average per acre.

The contest is based on lint produced on five acres of land. Grade and staple produced was not considered in the judging.

These two records will be entered in the South Plains Cotton Contest, which included all of Extension District 2. The contest is sponsored jointly by Texas A. & M. College Extension Service and the Plains Co-op Oil Mill of Lubbock.

Purpose of the competition is to promote greater yields per acre of lint cotton on farms of the South Plains by improving the fertility and texture of the soil and by better cultivation practices, Griffin said.

## Court of Honor For Boy Scouts

Court of Honor for Tahoka Boy Scouts will be held at the WOW hall at 7:30 p. m. next Monday night, according to H. B. McCord, Jr., scoutmaster.

All parents of Scouts, Scouters, and others interested in the Boy Scout program are invited to attend. Light refreshments will be served.

The Tenderfoot rating will be conferred on Denver Ford, Jay Gurley, Donald Williams, Karl Prohl, Jackie Applewhite, and Roger Binnon.

McCord says 23 Boy Scout have re-registered with the troop to date. Other boys are invited to join the group. Charles Reid is the assistant scoutmaster.

## Congratulations:

Mr. and Mrs. Frank E. Norton, Jr., of Fort Worth on the birth of a daughter weighing 7 pounds 4 ounces and named Flora Anne in a Fort Worth hospital on Sunday. The father last year was counselor in Tahoka and O'Donnell schools, and this year is a visiting teacher in the Fort Worth public schools. They notified Mr. and Mrs. Charles Stewart this week of their baby's arrival.

Mr. and Mrs. Domingo Costillo on the birth of a son weighing 8 pounds at Tahoka Hospital at 8:15 a. m. Wednesday. The father is a service station attendant here.

## County Tax Collections Reach 90 Percent-1951

### Poll Tax Payments Are Lagging Far Behind For Normal Election Year

Only 2,000 Lynn county citizens through Monday had qualified themselves to vote this year by payment of their poll taxes, J. E. (Red) Brown, county tax assessor and collector states.

This figure is alarmingly low—over one thousand less than the normal election year poll tax payments made by about 3,200.

Brown said 45 exemptions had been issued to people under 21 who will be of age at election time, who do not have to pay the poll tax but who must have an exemption certificate to vote.

Also not included are about 800 people 60 or over who are not required in Lynn county to have an exemption certificate or to pay the poll tax.

A poll tax receipt is a voter's certificate for all persons 21 to 59, inclusive. Several important elections are due during 1952, and it is every good citizen's duty to qualify himself and then go to the polls and vote—which act will help preserve democracy in the United States.

Only 14 more days remain in which to pay poll taxes. The deadline is Thursday, January 31.

### Only Two Weeks In Which To Pay '51 Taxes

Tax payments so far have been exceedingly good with only 10 percent of the total tax assessments for 1951 yet to come in. Tax Assessor and Collector J. E. (Red) Brown states.

In fact, through Monday of this week, the Lynn county tax office had receipts of more than \$136,000.00 of the total due of \$153,772.67.

Property owners have cooperated in fine manner this year by paying their taxes early, a total of \$126,177.83, or 83 percent, paying during the months of October, November, and December.

Taxes not paid by January 31 will go on the delinquent list, and penalty and interest will, by law, apply.

Mr. Brown reports that commissions and fees from his office also show a substantial increase, from about \$18,000 in 1950 to about \$22,000 in 1951, all of which goes into the county officers' salary fund.

Car registrations are likewise showing a marked increase, most of the funds from which go to the four commissioners precincts for road work.

In 1950, there were a total of 6,385 motor vehicle license plates sold, from which the county's part totaled \$68,036.73.

With two and a half months yet to go on 1951 license plate business, plates have been sold for 6,458 vehicles, from which the county's part totals \$75,368.94. Brown estimates that at least \$3,000 will be received by the county from this source before the new 1952 registration date of April 1.

On vehicle registrations, the county gets all funds up to \$50,000. Above that figure, the State gets half and the county half the funds.

## Pete Schaffner Gets Bronze Star

Pfc. Melvin E. (Pete) Schaffner of Tahoka has been awarded the Bronze Star by "direction of the President..." for heroic achievement in connection with military operations against an enemy of the United States.

Announcement of the award comes from 7th Infantry Division Headquarters in Korea.

The citation states: "Pfc. Melvin E. Schaffner, a member of Battery A, 31st Field Artillery Battalion, distinguished himself by heroic achievement near Chup'a-ri, Korea, on 13 October, 1951, while the battery was engaged in firing missions against the enemy, the battery area was subjected to heavy enemy artillery fire.

"With complete disregard for his personal safety, Pfc. Schaffner constantly exposed himself to the danger of bursting shells to continue performing his duties in leading a vehicle with critical supplies and operating a radio to maintain communications until he was seriously wounded.

"With great courage, he refused evacuation until all other wounded had received treatment. The heroic action displayed by Pfc. Schaffner reflects great credit on himself and the military service."

Pete Schaffner, a graduate of Tahoka High School and a son of Mr. and Mrs. A. D. Schaffner of Lockney, entered the Army January 26, 1951. After training in Arkansas and Oklahoma, he was sent to Korea, where he was wounded October 13.

Mrs. Felix Jones underwent major surgery Tuesday in Tahoka Hospital. Her condition is reported good.

## 200 Methodist Men From Towns Of Lubbock District Meet In Tahoka

More than 200 men representing all thirty-five churches of Lubbock District, Northwest Texas Methodist Conference, attended a rural life meeting at Tahoka Methodist Church Monday night.

And the affair was one of the greatest meetings of its kind ever held in this section, those attending declared.

Dr. Herbert Stotts, instructor of Rural Sociology in the Illif School of Theology, University of Denver, Colo., was the principal speaker, using the subject, "The Rural Church." His address was a masterpiece.

Brief talks were made by: Rev. J. E. Shewbert, Lubbock district superintendent; Rev. Alby J. Cockrell, Petersburg, chairman of the Conference Commission on Town and Country Work; Rev. Fines C. Flores, Latin-American missionary; and Rev. J. H. Crow, Abilene, Conference Rural worker.

The Tahoka Methodist Men, of which C. O. Carmack is president, and the pastor, Rev. Jim Sharp, were hosts to the meeting. A fine dinner was prepared by a number of women and served under the direction of A. M. Bray and W. E. (Happy) Smith.

The food, the fellowship, and the program were all fine, and the visiting men were loud in their praise of Tahoka and the local Methodist Men for the reception given the meeting.

Rev. Lee Ramsour and A. L. Smith are in Fort Worth this week attending a Conference of Baptist pastors and laymen. They were accompanied by Mrs. L. M. Nordyke, who went to visit with her daughter and son-in-law, Rev. and Mrs. Charles Kennedy, and possibly to attend some of the meetings.

## Bulldogs Win Two Conference Games Against Spur, Ralls

The Bulldogs opened their conference season here last Friday night with a convincing 50 to 29 victory over the Spur Bulldogs.

Tuesday night, they won their second conference game over Ralls here 43 to 29, and the squad looked even more impressive than they did against Spur.

The girls' team, in the first official competition in many years, lost both its conference starts, to Spur 44-18 and to Ralls 33-17. The boys' B squad did not play Spur, but Tuesday took an easy victory over Ralls 33-13.

Play Post Tuesday Today and Saturday the Bulldogs are playing in the annual Tullis tournament, where they

will gain further valuable playing experience against some of the top teams of the plains.

Tuesday of next week, boys' A and B and the girls' team go to Post, and action promises to be fast and furious, between these traditional rivals. Outcome of this game will begin to point out what teams may have a chance at the district championship this year.

Team Looks Better The boys really looked good in these games, especially in the first half. Their offense clicked, their passing and ball-hawking showed improvement, their shooting was good, and they threw up a stout defense against the visitors.

Against Ralls, the A team jumped into an early lead that it never relinquished. The defense was good, not allowing the Jack rabbits many shots. Tahoka led 14 to 6 at the quarter, 25 to 3 at the half, and pushed to score to 36-12 in the third quarter before Coach Jake Jacobs began inserting his A-team reserves. The Bulldogs coasted the rest of the way experimenting with reserves, and the score was 38 to 20 at end of the quarter, and 43 to 29 at game's end.

Ralls has a better team than indicated by the score, however, and could give the Bulldogs a lot of trouble the next time they meet. (Con'd. On Back Page)

## H. D. Cook Books Now On Sale

Delivery is being made currently on the Lynn County Home Demonstration Club Recipe Book. Mrs. T. D. Lishman served as chairman of the publication committee which directed compilation of the book.

The book contains 156 pages and is filled with tested recipes recommended by Lynn county H. D. Club women.

Proceeds from sale of the books and from advertising therein go to the County H. D. Council, and will be used to finance trips by county H. D. Women and 4-H club girls who are delegates to district and state meetings, and possibly for other worth-while projects.

The women had nearly one thousand books printed. Anyone desiring a copy may contact Miss Graham Hard, county home demonstration agent, in the east courthouse basement.

Mrs. I. J. York of Los Angeles, Calif., arrived here Monday for a visit with her sister, Mrs. Rollin McCord, and family.

# Odds AND Ends

(By E. I. The Elder)

For two or three weeks, folks I have been promising to give you the low-down—and the high-up—on the land of Moab, all because I have read some marvelous descriptions of it recently. I told you that a visit to Moab would beat a trip to the Davis Mountains and the Big Bend. I still believe it.

You folks who attended Sunday School the first Sunday in this month and year got mighty close to it. You read or heard some thing of the work of John the Baptist. Now don't get excited. Don't think that I am going to tell you that John the Baptist founded "the Baptist Church." Don't think that I am going to expatiate on the subject of baptism. I merely wish to state, by way of introduction, that the first baptism which John the Baptist performed was performed right on or near the boundary line of an ancient Moab.

Moab lay on the east side of the Dead Sea and originally extended a little further north than the mouth of the Jordan River which empties into the Dead Sea coming down from the north. But long before John the Baptist was born, the Moabites had been driven by the hostile Amorites further south across the Arnon River which comes into the Dead Sea from the east, and in John's day

the Arnon River formed the north boundary line of Moab. Just across the Dead Sea to the west was the wilderness of Judea. It was a wild, broken country of many gulches, cliffs, and steep declivities, lying south and south east of Jerusalem and Bethlehem and dropping precipitously down to the Dead Sea in the lower reaches of the Jordan River.

This was the region in which John the Baptist was born and reared. No wonder that the Bible tells us that he lived on locusts and wild honey. There was not much else for a man to live on in that sterile region. But he was a man of destiny and I think that he knew it. In some mysterious way the Lord had filled his soul with the conviction that he had a great mission in the world to perform. No doubt his father Zacharias and his mother Elisabeth had talked with him many times about the peculiar circumstances of his birth. He must have lived in constant expectation of the time when he should enter upon his sacred work—champing at the bits, as it were, to begin the mission.

The residents of that region were few and far between, but suddenly one day they heard "a voice crying in the wilderness." It rang up and down the gorges and was echoed by the listening hills and cliffs. The few people within the sound of that voice at first were startled. Then, puzzled, one by one perhaps, they grew bold enough to draw near and investigate. As they came from their dwelling places in the deep valleys and among the hills they distinctly heard the message, "Repent ye, for the kingdom of Heaven is at hand." Now they were not only startled but they became deeply conscious of their own sins, and they followed John their neighbor as he ambled on down toward the Jordan. At the fords of the Jordan a few miles east of Jericho, he began baptizing those who gave evidence of having repented and of having a desire to live a clean, spotless life. You know the story, but that is where John began his marvelous work, right there at the verge of wicked old Moab.

Right on up there on the fertile hills east and southeast of the Fords where John was baptizing was the native home of Ruth and

### SENATOR CONNALLY GIVES HIS VIEWS

WASHINGTON.—Senator Tom Connally (D. Tex.), Chairman of the Senate Foreign Relations Committee and ranking Democrat on the Senate Finance Committee, has demanded that the new session of Congress "cut appropriations, including foreign aid, to the bone," and declared that "the various departments can operate on less money than they have been accustomed to in the past."

"I feel that the nations of Europe, as far as economic aid is concerned, ought to be able now to stand on their own legs and go ahead," Senator Connally added. "That does not apply necessarily to the military aid because we are building up a bulwark in Western Europe to resist aggress-

Orpah. It was to those green fields and pasture lands that Elimelech and Naomi had come several hundred years previously running from a scorching drought that enveloped Bethlehem and its environs. It is probable that they crossed the Jordan River at this very Ford.

And then yonder a little further south on the east side of the Dead Sea is old Mt. Nebo, from which Moses viewed the promised land and on or near which he was buried. Right here at the Fords, Joshua led the Israelites across the Jordan, camped at Gilgal three miles further west, and then led his army up to the walls of Jericho, marched around the walled city once a day for six days and seven times on the seventh day, in accordance with divine instructions, and then the walls came tumbling down, we are told; and Joshua's conquest of the Promised land had begun.

Now let's take a look at the scenery. The lower reaches of the Jordan River and the entire body of the Dead Sea constitute one of the deepest gorges to be found anywhere on this globe. In the first place, the surface of the Dead Sea is 1,292 below the level of the Mediterranean, which is practically the same as that of all the oceans. At its deepest point, the water in the Dead Sea is about 1,300 feet deep. Its bottom, therefore, is about 2,592 feet below sea-level. Outside of the ocean depths, there is no parallel with this anywhere. Possibly there are places on every continent where the canyons and gorges are deeper, but there is no other place where the dry land sinks so far below sea-level.

From the western heights in the (Continued)

sion from Russia and the satellite states, but economically, most of the nations in Europe are now producing more goods than they did before World War II."

The Senator said he believed that "our world position is noticeably better than it was a year ago." At that time, he pointed out, UN troops were withdrawing before the Chinese Communists in Korea and General Eisenhower had just been appointed to his command in Europe. The forces now under General Eisenhower Senator Connally said, "are neither as numerous nor as well equipped as they should be but they are a significant increase in the collective strength available to Western Europe."

"This build-up of NATO forces," Senator Connally continued, "has now reached the point where it would make necessary a substantial redeployment of Russian troops before an attack against the West could be launched. The time required for such redeployment would certainly decrease the possibility of a surprise attack and would correspondingly reduce the possibility of an all-out war."

However, he added, "I don't think that the Western European nations have done enough or are doing enough. If they want the aid of the United States they have to do their part themselves." In his wide-ranging press conference at the beginning of the new session of Congress, Senator Connally also:

1. Reiterated his opposition to the nomination of General Mark Clark to be Ambassador to the Vatican and predicted that the nomination will be rejected by the Senate.

2. Called for a "vigorous and aggressive clean-up" of the government with "all wrong-doers not only removed from the public service but also prosecuted in the courts."

3. Advocated a break in diplomatic relations with Hungary and an economic boycott "whereby nothing from Hungary would be admitted in the United States' economy and whereby we would send no goods of any kind to Hungary." The United States, he said, "must deal vigorously with nations that transgress the rights and privileges of American citizens and subject them to imprisonment and humiliation. I want the United States to pursue a policy that will make clear that we shall not tolerate such outrages

of banitary and highwaymen."

4. Repeated his long-standing opposition to the St. Lawrence Seaway, and pointed out that in the last session of Congress "those who favored the St. Lawrence Seaway in the Committee tried their best to get us to report it but we refused."

5. Announced the Foreign Relations Committee would hold hearings on the Japanese Peace Treaty and predicted "fairly quick" Senate ratification of it.

It looks now as if there are going to be some hot politics in Texas this year. Governor Shivers has decided not to tackle Senator Tom Connally but Attorney General Price Daniel is expected to do so. Governor Shivers has announced that he will devote much of his energies to the prevention of the re-nomination of President Truman. It is reasonable to expect, therefore, that Truman's friends will trot out some man to run against Shivers for governor. If Price Daniel adheres to his announced purpose to run against Tom Connally for the United States Senate, then it is certain that Secretary of State John B. Shepherd will run for Attorney General. We have not heard the name of any other prospective candidate for that office mentioned, but there will probably be several candidates. In west Texas there will also be a number of candidates for State Senator from the new Senatorial districts recently created and also a number for Representative in the legislature from the new Representative districts. If you neglect to pay your poll tax before February 1 you will be sorely regretting it this summer.

We are hoping that President Truman decides not to seek reelection to the Presidency, but that is not on account of Secretary of State Acheson, Senator Taft and a few other Republican Senators sought to discredit Truman by attacking some supposed weak spots in Secretary Acheson's armor. Apparently there were some weak spots in it, on account of his law firm connections. He also made one grave mistake by defending that traitor Hiss after Hiss had been convicted by the American people of the offense of disloyalty. But Acheson has since gone right along and fought the Russian dictators on every inch of ground. By his conduct of the of-

fice we think he has amply proven his loyalty to U. S. A. Furthermore, while he may not be as discreet as some others in the Cabinet nor as good a politician, we think he is one of the brainiest and most capable men in Washington. His appointment to the office which he holds "at least was not a major mistake of the President. But the President has made an astoundingly large number of mistakes in his appointments. He has appointed or approved the appointment of other men to high places in the Government for political and personal reasons without much regard, apparently, for their moral or mental fitness. As a result, one scandal after another has come to light; and many others probably lurk in the darkness. We are sick and tired of it. We want a man in the Presidency who will major

on the moral character and the honesty of those who administer the affairs of the Government both at home and abroad. And that is the main reason why we oppose the renomination by the Democratic Party of President Truman, that and the apparent wastefulness in spending the tax money that comes from the pockets of the people.

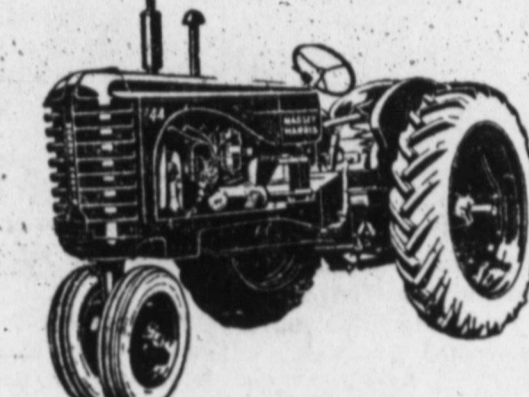

## RELIEF AT LAST For Your COUGH

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or money refunded. Creomulsion has stood the test of millions of users.

We're neighbors

Wherever you live in Texas, the oil industry is your neighbor. For the Texas oil industry is the bread-and-butter, the opportunity, the daily work of some 190,000 Texas men and women.

The girl who sits next to you in the bus; the hearty-looking man who waves as you pass on the highway; the family behind you at the PTA; in Texas, they all could be, some certainly are oil workers. Bookkeepers, stenographers, executives, drillers, roughnecks, stillmen, geologists, salesmen, pipe liners, petroleum engineers—the oil industry supplies the livelihood of all, and many more.

Neighbors of yours these people are, folks who pay taxes like yours, spend their money in the stores you patronize, drive the same kind of automobile, send their children to the same schools.

The oil industry is more than a balance sheet, a set of statistics, an investment in derricks and pipe-stills. In Texas, it's the family next door.

**School Menus for Next Week**

The school cafeteria announced the following menus for next week:

**Monday:** Red beans, tomatoes, spinach, baked potatoes, cottage cheese, pineapple salad, corn bread, coffee, and milk.

**Tuesday:** Chicken dressing and gravy, creamed potatoes, buttered peas with carrots, celery, and raisin salad, bread, milk, and cookies.

**Wednesday:** Cheese and onion, butter beans, potatoes, green, jello fruit salad, carrots, cherry pie, hot rolls, and milk.

**Thursday:** Pork chops, candied yams, buttered carrots, stewed prunes, cabbage slaw, pumpkin custard, bread, and milk.

**Friday:** Fried liver and onions, cream corn, chilled tomatoes, buttered potatoes, lettuce chunks, banana pudding, hot rolls, and milk.

James Ethridge underwent a minor operation for removal of a cyst on his back at Tahoka Hospital last week end.

**Benefit "42" Party Here Monday For March Of Dimes**

Every person in the county is invited to a "42" party being held Monday night, January 21, in the American Legion hall for benefit of the "March of Dimes" polio fund drive. Admission tickets are 50 cents each, and refreshments will be on sale at a reasonable price.

Sponsored by Lynn Temple, Pythian Sisters, the party is open to men and women, and a big evening of fun is planned while helping out a worthy cause.

**ANNUAL BUSINESS MEETING**  
St. John's Lutheran Church of Wilson will have its annual congregational business meeting this Sunday, January 20, at 10:30 a.m.

The meeting will begin immediately after a service. The business will include the annual pastor's report, the treasurer's report and several communications to the constitution.

The pastor, Rev. C. C. ... is urging all members of the church to attend this important meeting.

Mrs. Jennie Lankford entered Tahoka Hospital early Wednesday for treatment of a cardiac condition.

**MANUSCRIPT COVERS**, linen finish, box of 100, \$1.75. The

**CONSUMER ADVISORY COMMITTEE**—The Consumer's point of view was under discussion at a recent meeting of the National Consumer Advisory Committee with Office of Price Stabilization officials in Washington. A portion of the committee is shown here with Mrs. Chase Going Woodhouse (center), Special Assistant to Price Stabilization Director Michael V. DiSalle who serves as chairman. Members and the organizations nominating them are from left to right: Dr. Hazel Kyrk, American Home Economics Association; Samuel Jacobs, Congress of Industrial Organizations; Mrs. Gilbert F. Loeb, General Federation of Women's Clubs; Thomas X. Glancy, American Legion; Mrs. Woodhouse; Mrs. Rose Kerber, National Association of Consumers; Wallace J. Campbell, Cooperative League of the United States; Dr. Dorothy B. Ferebee, National Council of Negro Women; Dr. Persin Campbell, National Board, YWCA; Mrs. Edith Sherrard, American Association of University Women.

**Sgt. E. D. Fleming Completes Course**

WILSECK, Germany, Jan. 16.—Sergeant Elmer D. Fleming, son of Mr. and Mrs. P. K. Fleming, Tahoka, was graduated from a tank Commander's course here at the Seventh Army Tank Training Center recently as a member of the best tank crew.

Attending a six weeks course of instruction on the General Pershing and the General Chaffee Tank consisting of Driving and Maintenance, Communications, Basic and Advanced Gunnery, Sergeant Fleming and his crew displayed a high record of teamwork, efficiency and cooperation.

During graduation ceremonies Sergeant Fleming was presented a plaque and an engraved cigarette lighter by Lieutenant Colonel Thomas J. Murphy, Commandant of the Tank Training Center.

In Europe since July, 1951 Sergeant Fleming is presently assigned to 57th Medium Tank Battalion in Germany.

June Riddle, 7, daughter of Mr. and Mrs. A. J. Riddle, is a patient in Tahoka Hospital with virus pneumonia.

**CROP Drive Enters Final Stage For Year**

About 25 official and other boosters of CROP—Christian Rural Overseas Program—met Monday noon in Chicken Village lunch rooms in Lubbock and heard reports and laid plans for completing the drive for contributions of commodities for the relief of the hungry, the sick, and the ragged thousands and hundreds of thousands of human beings who are yet eking out a miserable existence in many of the countries of Europe and of Asia. At least five of those present were from Lynn county. Rev. C. C. Ehler and Rev. Paul Heckman, pastors of the two Lutheran churches in Wilson, N. E. Wood county chairman, A. M. Bray, and E. I. Hill, all of Tahoka. Alvin Shambeck of Lubbock, a former Lynn county man, also took a prominent part in the proceedings. Alvin had attended the dedication services in Houston recently when a shipload of commodities was launched for ports overseas. The ship was loaded with \$35,000 worth of cotton, grain, and peanuts, he reported, and he declared that the dedication services were the most impressive and touching of any kind he had ever attended.

Cotton and other commodities will be shipped from Houston to foreign parts free of charge; that is, the Government will pay the cost of transportation. The rail roads likewise have shipped much of these commodities from the various counties to Houston free of charge. At least they will be generous in their rates.

It should be stated also that the Union Cotton Compress of Tahoka, with Roy Edwards as manager, has compressed all CROP cotton originating here for shipment to Houston.

This program will end on January 31. All the contributions of cotton from this district will be concentrated in Lubbock and the different agencies receiving contributions are notified that this cotton must be in Lubbock, at a point to be designated soon, by 10 o'clock Thursday morning, January 31. A dedication service will be held, and it was announced that Attorney-General Price Daniel would probably be the speaker of the occasion. A great crowd of people is expected to be present, and all Lynn county people are invited.

**Barham Brothers Complete Randolph Field Training**

RANDOLPH, AFB, SAN ANTONIO, Jan. 17.—Pfc. N. M. Barham, 21, and John Garner Barham, 19, brothers, and sons of Mr. and Mrs. Newt Barham, Tahoka, route 5, have completed aircrew training at Randolph Air Force Base, Texas.

Pfc. N. M. Barham has been assigned as Tail Gunner on a B-29 Superfort, and Pfc. John Garner Barham has been assigned to Central Fire Control on a B-29 Superfort.

With the exception of ground school instruction, training at Randolph highly simulates actual combat operations, with each man performing the tasks required of him on a live mission. And as in combat, briefing and interrogation sessions are conducted before and after each mission. These practice missions, some of which are over 10 hours duration, see the big war birds winging circuitous routes across the nation day and night. Dummy targets are attacked both visually and by radar bombing; navigators, radio operators and engineers work their individual problems, and gunners fire camera guns at fighter interceptors.

At Randolph the 11 men composing a B-29 crew work together as a single group throughout their training, and thus are welded into a compact unit. This unity is maintained in all subsequent operations.

**WRECK VICTIMS IMPROVE**—Gilbert Steinhauser, 16, of Wilson, injured in a car wreck last week is still in Tahoka Hospital, and his condition is reported as fair. A large hunk of flesh was ripped from his leg.

Edward Miller, 17, Tahoka, received a fractured ankle in the wreck.

**Rotarians View "Up Front" Show**

Members of Tahoka Rotary Club were entertained with a feature show, "Up Front," at the Rose Theatre Thursday noon of last week as the day's program, by Jack Waldrip, local manager for Wallace Theatres.

Junior Rotarians for the month of January are John Paul Lawson and Harry Lee Short, Tahoka High seniors.

Mr. and Mrs. G. C. Shaffer and two children, Rhenea and Kent, of Madisonville visited his parents, Mr. and Mrs. G. C. Shaffer, Sr., and her grandparents, Mr. and Mrs. A. L. Dunagan, and other relatives here from Thursday of last week until Sunday.

A fire extinguisher in each building about the farmstead is good insurance. The use of an extinguisher on a small fire may save a building.

## Odds & Ends

(Cont'd. From Editorial Page)

Wilderness of Judea, for example down some fifteen or twenty miles to the western shore-line of the Dead Sea, one makes a descent of more than 4,600 feet. From Jerusalem down to Jericho, 18 miles away the road drops down and down 3,400 feet. From Mount Olivet on the outskirts of Jerusalem to the surface of the Dead Sea, also about 18 miles away, one descends 3,892 feet. East of Jericho and on the east side of the Dead Sea, old Mount Nebo rises to a height of nearly 4,000 feet above its surface, less than 10 miles away.

Now I am going to take the liberty of quoting from a book entitled Biblical Backgrounds written by Dr. McKee Adams of the Southern Baptist Seminary, Louisville, Kentucky, who has been on

the grounds and made a survey of all the Biblical lands, illustrated with many fine photographs. Dr. Adams says:

"A view of Canaan from Mt. Nebo constitutes one of the most beautiful and inspiring panoramas in all the Near East territory . . . Perhaps in no part of the world could one obtain a glimpse of such marked changes in landscapes as are here presented . . . The last of these Transjordan Rivers, the Arnon, comes down from the highlands of Moab to empty into the Dead Sea west of Aroer and Didon. The valleys of the Arnon constitute some of the world's most beautiful and spectacular scenery. At the western end, where the multi-colored cliffs hang over the river and the sea at great height, the view is unsurpassed. The valley region is about 1700 feet deep and two miles wide."

Both Mt. Nebo and the Arnon River were situated in ancient Moab.

Back away from the Dead Sea, the land that constituted ancient Moab spreads out into a high plateau of rolling pasture lands and reasonably fertile fields; and Dr. McKee Adams says that it now constitutes the principal section of the modern state of Transjordan; a territory which is now figuring ominously in world history.

Now, a few more facts about the Dead Sea. It is 46 miles long and ten miles wide at its widest point. Over several square miles at the south end the water is only 6 to 10 feet deep. Waters coming in through the Jordan at the north end have built a delta area of several square miles there but the water becomes tremendously deep out a little distance down from the shore-line. Near the north end is to be found the deepest water of the lake, or sea, as it is called.

The water is so salty that no life of any kind has ever been found in it. It contains nearly five times as much solid matter in solution per cubic foot as a cubic foot of ocean water contains. Its content of solid matter is about 25 per cent. It would be almost impossible for a person to drown accidentally in the Dead Sea. He just would not sink. The only way he could drown himself would be by tying some heavy rocks or metal to his limbs, neck, or body, and then pitching over into the water. Jesus might have had the Dead Sea in mind when he said that it would be better for a man to have a millstone tied around his neck and be cast into the sea than to be guilty of certain conduct he was condemning. It would take something like a millstone to drown a man in the Dead Sea.

The list of minerals found in the waters of the Dead Sea are given as chloride of magnesium, sodium, calcium, potassium, bromide of potassium and sulphate of

lime; also manganese, aluminum, ammonium, iron, and others. The saltiness is due, it is said, to the salt cliffs along the southwest shore of the little Sea, and to the fact that the streams of water which flow into the Sea are impregnated with salts; and as the water evaporates, of course it leaves the salts behind.

And the amount of water that evaporates daily runs into sky-high figures, according to Dr. Adams. He says that the evaporation each day amounts to six to eight million tons. Six million tons of water, as I figure it, would amount to about 240 million cubic feet, enough to fill a vat or tank 1,000 feet long, 1,000 feet wide, and 240 feet deep; or if frozen into ice blocks of a cubic foot each they would make a stack 1,000 feet by 1,000 feet and 240 feet high. With the great Arabian desert lying not far a way to the east and the south the atmosphere down in that deep gulch licks up the water from the surface of the sea tremendously fast.

But since the water level has not changed much during the past 1000 years, the inflow from the Jordan and other streams keeps pace with the evaporation. Most of it comes in through the Jordan for it receives the water from the Yarmuk and the Jabbok and smaller streams which come in from the east side of the Jordan, as well as several small streams from the west side. But no streams of any considerable importance flow directly into the Dead Sea except the Arnon and the Jordan, and the Arnon is much smaller than the Jordan.

From these facts it may be

gathered that the Dead Sea is not much of a fishing resort, but Dr. Adams says that its chemical wealth is fabulous—sufficient, he declares, to have paid the entire indebtedness of all the allied nations that engaged in the first World War.

I do not know how much has been done toward the building of chemical plants in the vicinity of the Dead Sea, but if another World War should be started, it occurs to me that the Dead Sea area might speedily "come alive" and become another one of the hot spots in the struggle.

But, whether the Dead Sea and Transjordan, which now includes both ancient Moab and the ancient land of the Ammonites, ever become commercially important or not, the land of Palestine seems destined to remain a perpetual bone of contention, and the Jordan valley will certainly continue to be one of the most beautiful and historic of all streams. I should like for us to take a look at it some of these days, from old snow-capped Mt. Hermon

THE LYNN COUNTY NEWS,

Friday, January 18, 1952

The number of men and women engaged in research and development in the oil industry (more than 15,000) is 40 times as large as in 1916.

Mechanization has helped farmers increase their output of farm products per manhour more than 100 percent since 1910 and 51 percent since 1935.

## Broil

with no kitchen smoke

...in your  
Modern Gas Range

WHEN you broil in your modern automatic Gas range, the clean blue Gas flame consumes grease spatters and smoke—with broiler door closed. Since these vapors are consumed, there's no smoke to drift through the house or settle on kitchen walls and curtains. Whether you're broiling steaks, chops, fowl or fish, the efficient Gas flame has a fast searing action which seals in all the natural juices and flavors... it's the modern way to broil—and smokeless, too! See your dealer today if you don't have a modern automatic Gas range.

**New '52 Chevrolet Goes On Display**

The new 1952 Chevrolet will be on display here Saturday, A. M. Bray of 'Bray Chevrolet announces.

He says the new car features "gorgeous new Royal-Tone styling, radiant new exterior colors, alluring new interior colors, new Centripe power, improved power-jet carburetion, and a new, smoother, softer ride for all passengers."

As an extra inducement to visit his showrooms on this day, Mr. Bray is offering gifts for men, women, and children in addition to a door prize.

**Man Injured In Gin Accident**

J. L. Kizziar, employee of Farmers Co-op gin here, was the victim of a near-serious accident while on the job Tuesday afternoon at about 3:30 o'clock.

Mr. Kizziar had climbed up a ladder, was attempting to put a belt on a running pulley. In some way, he got caught in the belt, and was thrown to the floor.

He received a fractured left arm, two broken ribs, a badly bruised and possibly fractured right arm, a lacerated chin, and lost two teeth and was knocked unconscious. He is a patient in Tahoka Hospital.

**Flyers Planning Mexico Trip**

Several Lynn county members of the National Flying Farmers Association are planning to join the mass flight from Laredo on February 4 to Mexico, according to J. Emory Nance of Tahoka.

Ralph Gary, Ed Singleton, Jr., and Maurice Norris, all of O'Donnell, and several Lamesa men, will likely make the trip.

First leg of the mass flight will be from Laredo to Monterrey, where the air travelers will spend two days in meeting and sight-seeing. Here the "fourists" will divide into two groups.

One group will make an intensive tour of the historic and colorful country which includes Saltillo, Cuernavaca, Guanajuato, San Miguel, Allende, Guadalajara, Mexico City, Puebla, and mountains of unexcelled beauty.

The other group will fly to Tamin, thence to Taninul Hotel, an exotic tropical hotel for two days of fishing, swimming, etc., thence to Mexico City for three days, thence in a chartered plane to Acapulco.

The Lynn County Flying Farmers do not expect to make all of the proposed trip. The Mexican National government is making big plans for entertainment of the group, which will include flying farmers from all over the United States.

**ESTHERIAN S. S. CLASS MET TUESDAY NIGHT**

The Estherian Sunday School Class met Tuesday night, January 15, at 7:30 in the home of Mrs. Opal Harvick.

The meeting was called to order by the president and the business for the month was attended to.

Mrs. Betty Brookshire resigned as president and Margie Conway was elected to succeed her.

Plans for the next meeting were made and the meeting adjourned.

Mrs. Harvick, the hostess, served coffee and cake to the following members during the fellowship hour that followed the business meeting: Beverly Bass, Vanita Hamilton, Betty Brookshire, Mary Wright, Margie Conway, Addie Dodson, Lillie Ragsdale, Ruby Lewis, and the hostess.

We urge all members to attend class on Sunday and to be with us in our next monthly meeting. —Reporter.

**1952 Oldsmobile Will Be On Display Next Thursday**

Oldsmobile's 1952 line of cars will be introduced to the public on Thursday, January 24, according to Winston C. Wharton. There will be a representative display of the 1952 models at Wharton Motor company here.

Styling and mechanical improvements will be outstanding in the 1952 Oldsmobile, including new Hydra-Matic Drive, according to advance information from J. F. Wolfram, Oldsmobile general manager and vice president of General Motors. Working within material and tooling limitations, Oldsmobile engineers have achieved real results in appearance and performance, Wolfram stated.

All these 1952 model changes are designed to enhance the comfort and the beauty of the Oldsmobile while, at the same time, making it easier for the motorist behind the wheel. Whether it be on the highway or in crowded city traffic, the 1952 Oldsmobile will perform up to new high standards, according to Wolfram.

**Scouters Plan Area Meeting**

Much success is being met in revitalizing the Tejas district of the Boy Scouts of America, which includes Lynn, Terry, and Dawson counties, according to Curt A. Wilcox of Lamesa, the district Scout executive.

A series of monthly meetings is being scheduled to meet alternately in Tahoka, Lamesa, and Brownfield for Scouters who plan and direct the program and activities of various Scout groups.

Monday night, January 21, at 7:30 p. m., Scouters will meet in the First National Bank building in Lamesa. At this meeting, the program for this year's Scouting for the Tejas district will be formulated and approved.

Thursday night, January 24, at 7:30 p. m., at the First Methodist Church in Lamesa, every Scouter in the district is asked to meet for round-table discussion of the program and the formulation of further plans.

Every Scouter in the district includes institutional representatives, or troop sponsors, members at large, scoutmasters and assistants, cub masters and assistants, Troop and Pack committeemen.

Mr. Wilcox says interest in the local troop is picking up, and an active Scouting program is again underway in Tahoka. However, the boys and the leaders need the active backing of more adults.

**TRACTOR DEMONSTRATION SATURDAY AFTERNOON**

Plains Motor company, Rollin McCord owner, is holding a Massey-Harris tractor and Sieco plow demonstration a mile north of the courthouse Saturday afternoon.

Mr. McCord says the Sieco plows 10 to 16 inches deep. He invites all interested farmers to the demonstration.

**Tahoka Boxers In Abilene Meet**

ABILENE, Jan. 17. —High school boxers, for the first time in history, will dominate—in numbers at least—the 15th annual Abilene Golden Gloves tournament, officials have announced.

The tournament is scheduled at Rose Field House on the Hardin-Simmons campus Friday, Saturday and Monday night—February 1, 2, and 4.

Collier Parris, sports editor of the Abilene Reporter-News, states, that the following tentative entries have been sent in from Tahoka: Harley Schulz, 118; Charley Schulz, 114; Robbie Dorman, 135; Ronnie Browning, 114; Brownie Williams, 126; Wayne Brasher, 133; Carroll Smith; Jerry Roseberry, 134; Rollin McCord, 105; and T. D. Dunlap, 152.

An increased interest in boxing as a part of high school athletic programs, as well as the part of individual boys themselves, has resulted in a Golden Gloves entry list in which at least 50 per cent of the contestants are high school athletes. The other half is divided between the Novice and Open classes.

What could amount to a district or regional high school tournament, with eligibility confined to athletes coming under Texas Interscholastic League restrictions; in prospect. Close supervision regarding conduct of bouts, awarding of prizes, and naming of individual and team champions will guarantee physical safety as well as protection of amateur and scholastic eligibility.

Only amateurs, including high school boys, are eligible to compete in any Golden Gloves tournament. The novice class is for inexperienced boys who are not attached to a high school team. The open class is for more experienced boxers who aspire to compete in the latter State tournament at Fort Worth. Championship awards will be made in eight weight divisions of each class. With runner-up awards, a total of 48 prizes, not including the high school team prize, will be distributed.

Teams and individuals from at least 17 cities over West Central Texas have entered for the regional tournament, suggesting a field of some 100 contestants. The entry list will remain open until 10 o'clock Friday morning, February 1, at which time physical examinations and weighing-in ceremonies will begin at Rose Field House.

Requests by boxers and coaches for more detailed information should be addressed to: Golden

Gloves Director, Reporter-News, Abilene, Texas.

BUTTER WRAPS, high grade vegetable parchment, 35c per 100, now available at The News.

**Phebe K. Warner Club Will Honor Mrs. O. M. McGinty**

Mrs. O. M. McGinty of Spur, District 7 president of Texas Federation of Women's Clubs and a daughter of Mrs. I. M. Draper of Tahoka, will be an honored guest at a tea given by the Phebe K. Warner Club in the home of Mrs. Emil Proff on Tuesday, January 22.

At the club's meeting last week in the home of Mrs. R. L. Richardson, the guest speaker was Mrs. Glenn Woody of Lubbock, a registered nurse and also president of Clement-Serosis Club of that city, who spoke on "Protection Against Atomic Attack." Last summer, Mrs. Woody attended a special course relating to such held in Denver.

Mrs. Skiles Thomas also showed a sound film on "Atomic Defense."

Mrs. Thomas and Mrs. W. W. Rowland were in charge of the program for the day.

Go To Church Sunday.

There have been several requests from several children concerning free lunches or lunches at a reduced price. The parents of these children are requested to contact Archie Sims, elementary school principal.

We appreciate the cooperation of the parents concerning the lunch tickets. We might repeat that if you wish your child to buy a lunch ticket, please make the check to the lunch room or the Tahoka Lunch room.

The last group of school children is served by 12:15 each day.

**Increased Number Of Students Are Patronizing New School Cafeteria**

The new lunch room at the Tahoka Schools began operation January 2. There is much more room in the new lunch room than there was in the old lunch room. This has done much to keep down the congestion that was in the old lunch room.

During the month of December there was an average of 493 eating daily in the lunch room. The last full week in operation (Jan. 7-11), the lunch room fed 2850 people or an average of 530 daily.

Due to this increase it has been necessary to add another helper, Mrs. Gordon Arnold. The School now has a personnel of 7 members.

The children who have been bringing sack lunches and buying their lunch at the store are allowed to eat in the lunch room rather than come back to their home rooms to eat. The present way is much more sanitary than the former. Children who bring sack lunches or buy their lunch at the store can buy milk in the lunch room for 5 cents.

There have been several requests from several children concerning free lunches or lunches at a reduced price. The parents of these children are requested to contact Archie Sims, elementary school principal.

We appreciate the cooperation of the parents concerning the lunch tickets. We might repeat that if you wish your child to buy a lunch ticket, please make the check to the lunch room or the Tahoka Lunch room.

The last group of school children is served by 12:15 each day.

**Letters From News Readers—**

(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

Blossom, Texas, Jan. 11.

Dear Sir: Please forward my Lynn County News—some call it "the headache." I miss it so much! As I have moved to Blossom Dec. 3, I can't keep up with the Club and Sewing Club at Wilson, and what the churches are doing. I miss Mr. E. I. Hill's notes.

I sure miss all my friends, and want to thank each one for their kindness and friendship the last month I visited. I want to thank Mr. and Mrs. W. R. Warren for driving me to Lubbock and back so many times; also Mrs. T. D. Lishman, Mr. Charley and Mrs. Schulz, Mr. and Mrs. Grady Gore, Mr. and Mrs. G. E. White, Mrs. Marcus Murray, Mrs. I. B. Hill, Mrs. H. C. Fountain for the two weeks visit in her home and I won't ever forget the time we sat at the breakfast table and talked.

All my friends at Lubbock, Wilson, Slaton, and Tahoka, come to Blossom and we will go fishing and squirrel hunting, and have a fish fry.

We have had two cold spells and one wet spell since Dec. 3, mild weather mostly. Farming started here. They seem to raise lots of hogs, Whiteface and Black Angus cattle.

The people are very friendly. We can make new friends by going to some church and Sunday School. Blossom is a small place doing good church work, lots of young people. What I like most of all, I can wash, hang up clothes, sheets and spreads, leave them out day and all night and they don't blow clear to Lubbock.

I like the Plains, but my health is better here. I miss my brother, Paul VanDyke. He moved to Irvin, near Dallas with Mr. T. C. VanDyke. Blossom is a day's drive from Lubbock, good highways, 100 miles to Paris, north of here.

Thank you, your reader—Miss Edna VanDyke, Box 336, Blossom, Texas.

P. S.—Thanks, everyone, for so many lovely Christmas cards and gifts from Lubbock, Dixie, Slaton, Anton, also for very lovely gift from Crossroads, N. M.

STAMP PADS for rubber stamps now available at The News.

Mary Jane Ducote, of Bishop, Texas, smiles despite her two leg braces and abdominal support needed after polio attack. Help from the March of Dimes and other assistance from the Nueces County Chapter of the National Foundation for Infantile Paralysis makes possible continued treatment and ultimate rehabilitation of Mary Jane. January is March of Dimes month.

**Political Announcements**

The following citizens have authorized The News to announce that they are candidates for public office, subject to the Democratic Primary on July 29, 1952:

- For Justice of the Peace, Precinct No. 1: A. L. DUNAGAN.
- For Tax Collector & Assessor: J. E. (Red) BROWN. (re-election).
- For County Clerk: BEULAH PRIDMORE. (re-election).

**G. W. SHORTS WILL OBSERVE ANNIVERSARY**

Mr. and Mrs. G. W. Short will observe the fiftieth anniversary of their wedding on Sunday, January 27th.

The couple will be honored on that date with an open house from 2:00 to 4:00 p. m. in the home of Mr. and Mrs. Oran Short at 2300 Lockwood street, to which all friends are invited.

Cull the laying flock regularly. There is no profit in feeding the loafers.

THE LYNN COUNTY NEWS, Friday, January 18, 1952

**DRAW CLUB MEETS WITH MRS. HENSLEY**

Draw Home Demonstration Club met in regular meeting on January 14 in the home of Mrs. A. R. Hensley.

Following the Business meeting Miss Hard gave an interesting and helpful discussion on floor coverings.

Refreshments of cake and punch were served to ten members, Miss Hard, and the hostess.

The next meeting will be February 15 in the home of Mrs. Gus Sherrill.

Mrs. A. R. Hensley and Mrs. Clyde Childress will attend the

January 15 demonstration given by Mrs. L. B. Jones on making wood-pulp corsages. This meeting will be held in Miss Hard's office. —Reporter.

Lands leased for oil and gas exploration and development in the U. S. comprise about 225,297,200 acres, or 353,580 square miles. This exceeds the combined areas of Washington, Oregon and California. The leases represent 12 per cent of the 2,977,128-square-mile total land area of the United States.

**Pythian Sisters Install Officers**

On January 15 at 7:30 p. m. Lynn Temple No. 45 met in their regular meeting for the purpose of installing their new officers for the ensuing year.

Novice Curry was Installing Officer assisted by Florine Best as Grand Manager. Pauline Warren as Grand Senior.

The following officers were duly installed: Elnora Curry, Past Chief; Thelma Oliver, Most Excellent Chief; Hannah Nordyke, Excellent Senior; Emma Halamek, Excellent Junior; Bees VanDyke, Manager; Olobelle Lamb, Secretary; Bernice Carter, Treasurer; Flossie Roan, Guard; Glenda Demagan, Protector.

The Ways and Means committee reported that there would be a "42" Party at the American Legion Hall next Monday night for the benefit of the March of Dimes.

The hostesses, consisting of Jewel Connolly, Glenda Dunagan, Meri Mathis and Verle Carter, served delicious sandwiches and cold drinks to thirty-five members.

Knowledge gained in recent years from study of underground reservoirs of oil, and how oil moves toward the producing formation, now enables producers to develop a field by drilling one well to about 40 acres, in contrast to one well for every 5 acres a quarter century ago. Not only does this practice save many millions of dollars in drilling costs, but also it produces more oil.

4-H Clubs, sponsored by the Agricultural Extension Service, will be honored by the U. S. Post Office Department with the issuance of a commemorative 3-cent postage stamp.

**Stop Taking Harsh Drugs for Constipation**

End Chronic Dosing! Regain Normal Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and gripping disrupt normal bowel action, make you feel in need of repeated dosing.

When you occasionally feel constipated, get gentle but sure relief. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. It's all-vegetable. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, oldest and one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief comfortably. Helps you get regular, ends chronic dosing. Even relieves stomach sourness that constipation often brings.

MRS. FRANK SMITH  
Correspondent

Mr. and Mrs. T. F. Cook of Decatur have announced the approaching marriage of their daughter, Joyce Ann, to Roy Lynn Kahlich, son of Mr. and Mrs. R. A. Kahlich of Wilson. The First Baptist Church of Decatur will be the setting for the wedding which will take place at 8:00 p. m. Saturday, January 26, with Rev. Otis Strickland officiating. Ralph Kahlich of Wilson will be his brother's best man.

Mrs. Hortense Parker and her mother, Mrs. Rhudy were Slaton visitors Saturday.

Mrs. Arvan Holder and children, Mike and Teresa, shopped in Tahoka Friday.

Mrs. H. C. Fountain went to Slaton Friday and accompanied her son-in-law and daughter, Mr. and Mrs. Bill Deaver, to Amarillo to spend the week-end, where they visited Mrs. Fountain's youngest son, J. T. Fountain and family.

Mr. and Mrs. Frank Smith had as guests Sunday, Mrs. Smith's

mother, Mrs. Ben Boston, her sister, Mrs. Martin Donley, Mr. Donley, and her niece and nephew, Pat and Lou Ann Donley all of Lubbock, Pat and Lou Ann are children of Mr. and Mrs. J. H. Donley.

Mr. and Mrs. Charles Baker and daughter, Carolyn Ann, were in Lubbock Friday.

Mr. and Mrs. Arvan Holder and family spent the weekend in Stratford, the guests of Mrs. Holder's sister, Mrs. Charles Brown, and Mr. Brown.

Mrs. Bob McKey of Lubbock visited in Wilson Saturday.

W. F. Lappe returned to Wilson to make his home after a several month's residence in Seagraves. Mr. Lappe is employed at the Hyde Blacksmith Shop. Mrs. Lappe will join her husband as soon as living quarters are available.

Mr. and Mrs. Dewey Winstead of Lubbock visited in the Luke Coleman home Saturday night.

Mr. and Mrs. Norris Raymond and boys, Larry and Wayne, were in Slaton Saturday, where Larry received medical attention.

Mr. and Mrs. H. W. Seals, Jr., have purchased the old Elmer Blankenship home and intend to move it into town in the near future.

Mrs. Dick Cade entertained Thursday afternoon at four with a Stanley party. Mrs. Gibson of Post was the demonstrator for the various Stanley products. Games and contests were played and refreshments were served to eighteen guests.

Mr. and Mrs. Glenn Ward were in Midland Monday where they took their daughter, Glenda Jean for a check-up. However Glenda Jean, who has had paralysis since she was quite small, was unable to see the doctor at that time.

Mr. and Mrs. Luke Coleman

have had as their guests for the last several days, Mrs. Coleman's parents, Mr. and Mrs. Nelson of Clyde.

Mr. and Mrs. W. F. Raymond and daughters have moved to the Union community to make their home.

Mrs. E. L. Walker and daughters, Joan and Patsy, were Slaton visitors Saturday.

Mr. and Mrs. Bill Lumsden entertained at dinner and bridge Saturday night. Those enjoying this delightful affair were: Messrs. and Meses. Prentiss Jones, Sam Gatzki, Doyle Chiles of Lamesa, Luke Coleman, Frank Smith, and the Lumsdens.

Mrs. Josephine Smith shopped in Tahoka Friday.

Mr. and Mrs. H. W. Seals, Sr., were in Slaton Saturday.

Children and friends of Mrs. Henry Dreyer of Slaton helped her celebrate her 94th birthday Thursday night. A granddaughter, Mrs. Roland Schuette, Jr., of Wilson made the birthday cake, complete with 94 candles. Those present from Wilson included: Messrs. and Meses. Bill Kios, John Sander, Bill Bruckner, Elbert Gumm, Anton Ahrens, Henry Ahrens, and Wesley, Kay Kiser and daughter, Roland Schuette, Jr., and Mrs. Katie Nieman.

Mr. and Mrs. Ludvig Richter of Thorndale have been visiting their aunt, Miss Louise Menzel.

Mesdames Albert Wuensche, John Hahn, and Mrs. P. W. Heckmann and daughter, Judy, shopped in Lubbock Thursday.

The W.M.S. of the St. John's Lutheran Church met for their regular monthly meeting at the church Tuesday. Mrs. Edmund Maeker read the Scripture and led in prayer. Mrs. Herbert Ehlers discussed the topic, "Go and Tell." The Christian Service chairman, Mrs. Ben Wilke, gave a report, after which a general

business meeting was held. Hostesses for the social hour, Mesdames Anton and Henry Ahrens served refreshments to the twenty-one members present.

Mrs. R. R. Dreyer is visiting in the home of her son-in-law and daughter, Mr. and Mrs. Steve Bartina of Wichita Falls.

Miss Louise Menzel attended the funeral of her niece, Mrs. Leon Richter, in Lamesa Saturday.

Rev. and Mrs. P. W. Heckmann were in Lubbock Friday, while Judy and Kenneth Heckmann spent the afternoon with Mrs. John Hahn.

Clyde Shaw was a Slaton visitor Saturday.

Mr. and Mrs. Roger Blakney who have been living in Lubbock are remodeling their home west of Wilson, and are preparing to move back in the near future.

Those attending the regional meeting of Lutheran Churches which was held in Plainview Tuesday night were: Meses. and Messrs. John Hahn, Walter Luker, P. W. Heckmann, and Allen Oswald.

On Tuesday night a group from the Wilson Lions Club sponsored a new Lions Club at Post. Dick Cade of Wilson was master of ceremonies. Waggoner Carr from Lubbock was one of the principal speakers. Those attending from Wilson were: Messrs. and Meses. Elmer Blankenship, Erwin Sander, Howard Cook, Arvan Holder, Ralph Kahlich, Hub Young, Ira Clarey, D. A. Brown, Prentiss Jones, and Dick Cade. A turkey supper was enjoyed.

Mr. and Mrs. Judson Hewlett are remodeling their home.

Mr. and Mrs. J. B. Smith had as Sunday guests: Messrs. and Mesdames Walter Malone of Olton, H. L. Smith and daughter of Tahoka, and Mrs. Eula Wilke of Olton, Mrs. Ella Hardy of Lockney, Max Malone of Lubbock, and Lewis Smith of Tahoka.

Mr. and Mrs. Newman Bartley have announced the approaching marriage of their daughter, Shirley, to Bill Rhoads, son of Mr. and Mrs. Roland Rhoads. The marriage will be solemnized Thursday in the Wilson Baptist Church, with Rev. Vickery, pastor of the Baptist Church at New Lynn, officiating. The prospective bride is a senior student in the local school while Mr. Rhoads is engaged in farming east of Wilson.

The Wilson Basketball boys defeated the Southland boys 27-25 in a game played in the Wilson gym Friday night.

Mr. and Mrs. Ed Crowder were in Lubbock Saturday.

Mesdames H. E. and Clarence Phillips were in Slaton Saturday.

The aggregate surface of the tiny particles of powdered catalyst which flow through one of the oil industry's huge fluid catalytic cracking units in one day is equal to the entire ground surface area of the United States.

**TAHOKA FAMILY MOVES TO MINERAL WELLS**

Mr. and Mrs. D. V. Smith left Wednesday morning for Mineral Wells to occupy a nice home which they recently purchased there. "Shorty" McKey took their household goods down in his big truck.

The Smiths recently sold their home and two small rent houses here to Kinsey Phillips of the Midway community, who are expecting to move into their newly-purchased home here within the next few days. Several weeks ago the Smiths sold the Tahoka Hatchery to V. F. Jones, who has moved the equipment to his property just east of the Santa Fe railway tracks.

The Smiths have been long-time residents of Tahoka. Mrs. Smith, who was the former Miss Mattie Will Seroyer, came to Tahoka from Cleburne as a teacher in the public school and taught here for several years. Later she married D. V. Smith who, up to that time lived with his brother-in-law and sister, Mr. and Mrs. Taylor White, Mr. White being a teacher of Agriculture in the Tahoka High School at that time. For the past several years, the Smiths have been engaged in the hatchery business here.

Many friends regret their removal from our little city.

Mrs. C. J. Carpenter and grandson, Charles, returned Sunday from Canoga Park, Calif., where they visited her daughter, Mrs. Ruth Ivey, and family.

Mrs. Mollie Johnson, mother of Mrs. Willis Pennington, was released Wednesday from Tahoka Hospital after an illness of several days.

**Price Daniel To Speak On Radio**

AUSTIN, Jan. 17. —Price Daniel, Texas' fighting attorney general, will make his long awaited announcement of his political intentions for 1952 in a statewide radio address Monday evening, January 21, at 7:30 o'clock.

Since Governor Shivers has announced that he would run for reelection, there has been much speculation as to whether Daniel will run for re-election, for governor or for the United States Senate. Capitol newsmen are predicting it will be for the Senate.

Daniel has gained national recognition for his fight against organized crime and corruption in

**MRS. HOWELL HOSTESS TO WEST POINT CLUB**

The West Point Home Demonstration Club met January 9 in the home of Mrs. L. I. Howell.

After the roll call and reading of the minutes, Miss Hard gave a demonstration on "Selection of Floor Coverings."

Plans were discussed for taking the First Aid course.

Refreshments were served to nine members and the hostess.

The next meeting of the club will be in the home of Mrs. Tom Hale, Sr. —Reporter.

Texas and his fight against federal officials in their attempt to take Texas tidelands from the Texas Public School Fund.

**Ease Tax Laws On New Homes**

Changes in the Federal income tax law make the purchase of a new, modern home more attractive to families in the city of Tahoka than at any time since individual incomes first were made subject to tax, according to Ronald Sherrill, local lumber and building materials dealer and member of the Public Affairs Committee of the National Retail Lumber Dealers Association.

"Under the new law, the profit realized from selling an existing home which has been occupied by the owner is not taxable provided the entire selling price is reinvested in a new residence within one year," Mr. Sherrill explained.

"Until the new law was enacted by Congress, any profit received from the sale of a home was subject to the capital gains tax, which ranged as high as 25 and 50 percent, depending on how long the owner had held title to the property."

"The new tax provision is expected to encourage a number of local families to purchase new homes at the first opportunity, whereas the prospect of having to pay a substantial tax had previously discouraged many such transactions, despite the additional comforts and conveniences which a new home offers."

"Inasmuch as the average older house sold in recent years has brought up to twice its original cost, many owners have had to pay substantial taxes after selling their homes."

"Losses incurred in the sale of a home still are not deductible in computing income taxes, but few owners have taken a loss on the strong market which has prevailed in the last few years."

**Feature Show At Local Theatre**

Ideas which have intrigued science-fiction fans for years are treated in "The Day the Earth Stood Still," new Twentieth Century-Fox thriller opening next Thursday at the Rose Theatre here.

The film assumes that an advanced civilization has solved science's "three-body problem" of gravitational flight and interplanetary travel; that it can revive the dead, disintegrate objects by direct rays, and that it has developed robots which can perform human tasks.

Featured in "The Day the Earth Stood Still" are Michael Rennie, Patricia Neal and Hugh Marlowe. The picture was directed by Robert Wise from a screen play by Edmund H. North and the cast includes also Sam Jeffe, Billy Gray, Frances Bavier and Lock Martin.

**Fat Stock Show Set For March**

LUBBOCK, Jan. 17. —Dates for the South Plains Junior Fat Stock Show have been set for March 17-18-19, show officials announced this week.

The announcement followed a survey of the area's agricultural leaders to determine favorable dates for the show. Exhibitors annually journey here from 26 counties in Texas and New Mexico.

Officials had seriously considered later dates for the show this year, but the survey revealed that exhibitors would have a longer feeding time between their local shows and the regional show here.

The 19th annual exposition is expected to exceed last year's record entry list of 568 pigs, 266 calves and 142 lambs, a total of 986 animals.

Go To Church Sunday.

**CARD OF THANKS**

We wish to express our appreciation for all the words of comfort, visits, flowers, food and acts of kindness extended to our loved one and to us during his illness and death. —The Family of C. A. Coleman.

**WILSON 4-H GIRLS HOLD MEETINGS**

The Wilson 4-H Club girls had their monthly meeting on January 9.

Miss Graham Hard showed the girls how to make butterscotch slices.

There were about fifty members present. —Reporter.

Cleanliness is important in keeping asphalt and rubber tile floors looking like new. A mild soap or synthetic detergent is best for cleaning but should be thoroughly rinsed off the floor after the cleaning job is completed.

SURE IS TRUE FOR '52 WHEN BETTER AUTOMOBILES ARE BUILT **BUICK** WILL BUILD THEM

**"We did it Again!"**

That's the jubilant news that comes from Flint to every Buick dealer—and here we pass the thrilling story on to you. It sure is true for '52 that better automobiles are being built — and Buick is building them. Read the good word and you'll agree.

LET'S pare this down to plain statements of fact and let them speak for themselves:

The dynamic darling pictured here is the 1952 ROADMASTER.

It has the *mightiest engine* in Buick history.

It has the *biggest brakes* of any postwar Buick.

It is the *quietest car* that Buick ever built.

It has the *richest fabrics* and *smartest tailoring* that ever graced a Buick's interior.

It has the *greatest trunk space* since spare tires moved off the front fenders.

It has the *most superb ride* in Buick history.

It has the *finest carburetor* that Buick research has ever devised.

And with all its new power, it delivers *more miles per gallon*.

But that is not all.

For those who wish it, there is a brand-new version of *power steering* that works like a helping hand—gives you the same sure feel of control you have always known in straight-away driving—yet takes less than one-fifth the effort needed to turn the ordinary wheel standing at curbside.

Sure, we're putting our best foot forward when we talk about ROADMASTER.

But you'll find a host of notable features in SUPERS and SPECIALS too—plenty to make them, as always, the standout buys in their fields—for ride, for comfort, for style, for room, and for power.

Come in—look this triumphant trio over—and you'll know why every Buick dealer from coast to coast is going around with a smile on his face.

Equipment, accessories, trim and models are subject to change without notice.

**SMALL IS IMPROVING**

Rev. George Maurice Small, patient in Tahoka Hospital for several weeks under care of local physicians and specialists from Lubbock, is reported to be improving gradually. Hospital attendants said his con-

dition is not critical, as rumored on the streets here last week. On the other hand, physicians expect him to recover nicely.

**61 Are Present At New Men's Class**

There were 61 men in attendance at the new Methodist men's class in the WOW hall Sunday morning, according to Rev. Jim Sharp, pastor of the church. The class has a goal of 100 men, and invites all men of the area not attending some other class to attend this one at 9:45 a. m. Men are urged to come early and enjoy the fellowship.

Last Sunday, Calloway Huffaker brought the lesson, and his presentation was an excellent one.

Next Sunday, Bill Strange, Jr., will bring the lesson lecture, and the following Sunday Otis Spears is scheduled as the teacher.

**SAILOR AND WIFE ARE VISITING IN TAHOKA**

SA Carl Henry McMillan of the Navy arrived home on leave from Norfolk, Va., Monday, and was met here on the same day by his wife, Joyce Andrews McMillan, who is making her home in Santa Barbara, Calif.

Both are graduates of Tahoka High, and were married last August 4. He is a former employee of The News.

Carl Henry took his booth training in San Diego. He recently took a cruise through the Panama Canal and up to Cuba aboard a Merchant Marine ship. In Cuban waters, he and his mates took over the cruiser U. S. S. Pittsburg and sailed into Norfolk. After his return to Norfolk on January 31, the cruiser will go to the Mediterranean for duty. He is Damage Controlman on the ship.

**YOUNG PEOPLE AT LAMESA THURSDAY**

The N. Y. P. S. of the Tahoka Church of the Nazarene attended a rally at Lamesa last Thursday night, January 10.

Lamesa was awarded the banner, but Tahoka hopes to win it next time.

The rally was held in the lovely new Nazarene Church in that city. The service was enjoyed by all. —Reporter.

**Basketball**

(Cont'd. From Page 1) meet.

Wayne Tekell hit 16 points, Richard Havens 8, Lynn Halamick and Don Brice 7 each, Morgan Howie 2, James Foster 2, Steve Slover 1, while Joe Brooks and Earl Bartley failed to hit. The boys hit 9 of 16 free shots, 5 out of 7 in the first half.

For Ralls, David Fowler was high with 10 points.

**B Team Wins**  
The boys' B team had an easy time with Ralls B, winning 33 to 13. The coach used 13 boys and cleared the bench in taking the victory.

Tahoka B led 4-2, 16-5, 22-12, and 33-13 by quarters, with Max Dodson high point man with 13 points. A. J. Langdon was high for Ralls with 4. Other boys seeing action for Tahoka were: Richard Carter, John Curry, John Foster, Steve Slover, Duane McMillan, Donald Paris, J. B. Ables, Roy Gene Sherrod, Garland Huddleston, Joe Brooks, Bobby Lehman, and Roswell Bartley.

Though outclassed, the Tahoka girls put up a game fight and showed plenty of hustle. They could not hit early in the game, they out-scored Ralls in the second quarter and did well in the fourth. By quarters, the score was 9-0, 14-7, 20-9, and 33-17.

Deanie Edwards of Tahoka and Marie Dunlap of Ralls tied for high point honors with 11 points each. Among the other Tahoka girls in the game were Sue Smith, Loretta Bratley, Jeanette Jenkins, Carolyn Henderson, Betty Huddleston, Sylvia High, Nettie Austin, Tommy Whorton, and Shirley Bell.

**Games With Spur**

In the A team game with Spur, Tahoka jumped into an early 8-2 lead, but Spur pulled up to 13-10 at the quarter, the closest they were ever to the victors. Tahoka led 32-14 at the half, 39-19 at the third, and 50-29 at game's end.

Ten Tahoka boys saw action in the game. Wayne Tekell, Morgan Howie, and Richard Havens tied with 10 points each for high point honors, Lynn Halamick had 8 points, Steve Slover 7, and Don Brice 5. Though they didn't score, Joe Brooks, James Foster, John Foster, and Earl Bartley each turned in creditable performance. Joe Bell was high for Spur with 9 points.

Tahoka's inexperienced girls' team, coached by Bob Rich, took it on the chin again, being clearly outclassed by a good Spur team 44 to 16. Tahoka, however, was playing without the services of its star forward, Deanie Edwards. Austin of Spur was the game's high scorer, while Betty Huddleston was high for Tahoka.

**Denver Honors Keith Connolly**

Lynn county VFW members were pleasantly surprised on receiving the January, 1952, issue of VFW Magazine to see therein a picture of James Keith Connolly of Denver, Colo., formerly of Tahoka, with Thomas J. Fitzgerald, chairman of the Founders' Day banquet of the Veterans of Foreign Wars, held Dec. 2 in the Shirley Savoy Hotel of Denver and attended by 500 veterans, including most of the National officers.

The Denver Post, founded Dec. 1, 1889, is the oldest in the nation in continuous existence, and Keith was a guest of honor at the banquet.

Included in the article accompanying the picture is the following:

"James K. Connolly, be-medaled veteran of Korea and World War II, was one of the guests of honor, representing the newest generation of overseas veterans to become eligible to V.F.W. membership. Connolly was a bomber-gunner for five years with the 5th Air Force in World War II. He was in Korea for 11 months with the famed First Cavalry Division."

Keith was reared in Tahoka. Mrs. James Connolly is his mother, and Bob Connolly of the local postal force is his brother.

A member of the National Guard, called into service, his outfit, which soon became known as "The Lost Battalion," was en route to the Philippines when the Jap sneak attack came, and ended up in Java. Keith was one of the men who escaped the Japs in Java, made his way to Australia, affiliated himself with the Airforce, and rode the first Flying Fortresses out of that country to attack the Japanese. A tailgunner "bubble" was de-

**EVERETT HOWARD SOCIETY HAS MEETING HERE**

The Everett Howard Missionary Society met Tuesday afternoon, January 15, at 2:30 in the Nazarene Church.

We had a very interesting lesson on "Mode of Travel and Living Conditions of our Missionaries."

Ten members were present for the meeting.

Next Meeting will be the first Tuesday in February. —Reporter.

vised on the Fortress, and he was one of the first to surprise attacking Jap planes from this position with machine gun fire. He was featured several times in news releases from the Southwest Pacific, and was decorated several times for his action.

He is a graduate of the University of Denver, married a Denver girl, and since has seen service in the "police action" in Korea.

**OUR HATS ARE OFF TO—**

The School Bus Drivers, whose faithful service, in all kinds of weather, transport the children of the rural areas to and from school.

For many hours each year they are responsible for many of our children—and there has never been a serious accident here. Tahoka's eight school buses are driven a total of 606 miles a day, or 106,050 miles during the 175 day school year, or 13,231 miles a year for the average bus. We salute the drivers of these buses for the fine work they are doing—a work that possibly does not receive the appreciation it deserves.
