Four Lane East on US 84 Equal To Federal Highway Specifications

Highway facilities equal to Federal highway specifications are being built east of Muleshoe as the first step of a three-part highway improvement program by the Texas Highway Department and Strain Brothers Construction Co., of San Angelo.

Specifications for the work on US 84 now under construction equals that of the new Federal Interstate highway systems being built throughout the U. S., according to "Doc" Brown, inspector from the Highway Department office in Littlefield, and Al Turnipseed, Strain Brothers' engineer.

At present about four miles of an 8 1/2 mile strip from the east city limits of Muleshoe to the Lamb county line, has been rough graded. A giant rock crusher is being moved in three miles south of Needmore to prepare topping material, and if the weather holds, work will continue at its present high speed.

First Frost Of Season Tuesday

The first visible frost to be recorded locally was on October 22, when the early morning temperature dropped to 32 degrees.

Although some late blooming annuals, tomato vines and a few tender plants were killed by the frost, the general belief is that no real harm was done. Actual good was felt to have come from the frost as an aid in defoliation of cotton plants and speeding up the harvest.

Muleshoe Credit Union Organization Meeting Set For Monday, October 27 In Courthouse

All persons who are interested in joining the Muleshoe Federal Credit Union, are invited to attend an organizational meeting in the district courtroom October 27 at 8 p.m., at which time details of the Union will be explained, and permanent officers will be elected.

J. D. Luton, representing the Texas League of Federal Credit Unions will be on hand to present the charter of the organization, to supervise the election of officers, and to go into a detailed explanation of the operation of the Credit Union.

Membership in the Muleshoe Credit Union is open to anyone residing in Muleshoe or within a three mile radius of the Muleshoe postoffice.

First step in organizing a Credit Union here was taken several months ago when an interested group met with Luton and applied for a charter under temporary officers.

The Credit Union is designed to be operated by its members, with savings and loans regulated by committees named by the membership. Each year in an annual meeting the members review the business of the credit union and vote on the policies.

The financial soundness of the credit union is safeguarded by incorporation under federal law, by a supervisory committee which periodically inspects the

books independently of the treasurer; by an annual examination of the books by federal authority, and by bonding the treasurer and all other officers who handle money.

Savings may be made in regular amounts, determined by the individual member. Loans may be made for any "provident or productive purpose" to members upon application to the member-elected loan supervisory committee.

Other details of the operation of credit union will be explained by Luton, who will also answer questions from the floor.

Work on widening the area within the city limits will be started after the US 70 project, engineers said, due to the traffic situation in town.

A total of 220 working days has been set on the contract which includes all three projects.

Further reports on the progress of the construction will be published in future issues of The Journal.

Albert Will Meier Funeral Services Held Wednesday

Albert Will Meier, 58, passed away at 6:30 p.m. October 21 at West Plains Hospital in Muleshoe. He was a construction worker, and a resident of Bailey County since 1944.

Born July 20, 1900, in Calvert, Texas, he was the son of the late Albert L. and Clara Meier.

Funeral services were conducted at 4:30 p.m. October 22, from the Singleton Funeral Home chapel, with Rev. E. K. Shepherd, pastor of First Baptist Church, officiating. Interment was in Muleshoe Cemetery.

Survivors include two brothers, Frank of Rt. 1, Texico, and G. J. of Portales.

Woodie Lambert Named President Of Ex Students

Woodie Lambert was elected president of the Muleshoe high school ex students association, at a business meeting held during Homecoming activity Friday afternoon here.

Other officers are: L. S. Barron, vice president; and Hazel Gilbreath, secretary and treasurer.

Directors named by the exes include Red Glasscock, Bill Ellrod, Irene Splawn, Myron Pool and Martin Oliver.

Dr. D. H. Reed, former coach, and now on the faculty of ENMU at Portales, delivered the homecoming address Friday afternoon prior to the business session.

Several Seeking Commissioner Post, Vacant By Death Tom Morgan

Here's How The Ballot Will Look

INDEPENDENT	WRITE-IN
Blank Space In This Column	(The Titles of All Offices Are Printed In This Column On The Ballot)
CONTINUATION WRITE-IN	
For County Commissioner Precinct No. 1: (Unexpired Term)	
Write Your Candidate's Name In Here	

The November 4 General Election, which would have garnered little attention locally, has turned into one of considerable interest.

The death last week of Tom Morgan, Precinct 1 Commissioner, has left a vacancy to be filled with write-ins on the ballot. At least six known candidates have indicated an interest in the post, including Morgan's wife, Mrs. Tom Morgan.

Announcing formally in The Journal this week are Mrs. Morgan, J. W. Watts, Webb Watts, Gil Wollard, R. O. Gregory, and Jack Julian.

Judge Glen Williams has issued a statement concerning the election, and how write in candidates may be voted upon:

Due to the large number of candidates who have announced for the Precinct 1 Commissioner post, The Journal is publishing their statements of candidacy on page 8 of this issue.

STATEMENT TO THE PEOPLE OF PRECINCT 1

The sudden death of Tom Morgan, County Commissioner of Precinct No. 1 Bailey County has created a vacancy in that office. The law provides that in case of a vacancy in the office of County Commissioner the County Judge shall appoint some suitable person residing in the precinct to serve until the next General Election. The law also provides that in the event no one is elected in the General Election the County Judge shall then appoint someone to fill the unexpired term.

In this case the voters of Precinct No. 1 will have an opportunity to elect a successor to fill the unexpired term of Commissioner Morgan at the General Election November 4, 1958, but since the ballots have already been printed it will have to be done by write-in vote. Inasmuch as the present term does not expire until January 1, 1961 and the office was not up for election this year there was no space pro-

vided on the ballot for the election of a Commissioner for Precinct 1. However, we are providing a place on the ballot for those desiring to vote for a Commissioner for Precinct 1 to write in the name of the candidate of their choice.

On the extreme right hand side of the ballot is a column for write-in candidates, but as pointed out, no space was provided for the election of a Commissioner for Precinct 1. Immediately to the left of this column is a column for candidates on the Independent Ticket, but there are no names in this column at all. Therefore near the bottom of the "INDEPENDENT COLUMN" we are placing a continuation of the "WRITE-IN COLUMN" headed: "For County Commissioner Precinct 1" ("Unexpired Term"), as follows:

INDEPENDENT

CONTINUATION WRITE-IN

For County Commissioner Precinct 1 (unexpired term)

Voters desiring to cast a vote for County Commissioner Precinct 1 may do so by writing the name of the candidate they desire to vote for under this heading.

Voters and potential candidates are cautioned to be careful and all write the name of the candidate of their choice the same way, otherwise some of the votes might not be counted. For example, if "John Q. Doe" is a candidate, and some voters write his name in "John Q. Doe", and

The serious situation facing farmers in this area regarding the use of domestic and Bracero labor, was highlighted at the resolutions meeting of the Bailey County Farm Bureau held here Tuesday evening.

Housing for domestic labor must be furnished and continuous employment offered domestic agricultural labor, or else the area is in grave danger of losing all Bracero labor. It was brought out, at the present time, the area is on probation, pending the securing of approved domestic labor housing, speakers pointed out Tuesday night.

Insofar as supplying year-round employment for domestic labor, the group feels that development of the vegetable program, coupled with cotton and grain farming would provide year-round employment.

But the big problem is domestic housing. The group suggested that centralized housing in the form of a labor camp might be the best solution, and a committee appointed to work with the Muleshoe Chamber of Commerce.

Members of the committee include Buddy Meyers, Bud Williams, Joe Sooter, and Bill Millen.

FB members also discussed the establishment of a soil and tissue laboratory for fertilizer recommendations at the Half Way research station, and talked about the proposed re-districting of counties on a population basis.

Other items discussed included taxation, with the group proposing a natural gas tax as the best source, followed by a consumer tax.

The whole-hearted support of the National Cotton Council and Plains Cotton Growers was also adopted at the meeting.

A. F. Ashford Dies In Accident At Amarillo Monday

Funeral services were held Wednesday afternoon, October 22, at 3 o'clock for Alton Franklin "Shorty" Ashford, 54, who was killed about noon Monday when his loaded gravel truck smashed into a Santa Fe freight train in Amarillo.

Mr. Ashford began work Monday morning for the Griffin Trucking Co., at the Amarillo Air Force Base project, and was hauling his second load after going to work when the accident happened.

Roadway marks indicate Ashford attempted to slam on his brakes or jackknife the trailer as he moved eastward down an incline to the rail crossing at St. Francis Avenue. Wreckage of his demolished truck cab was strewn 150 feet along the railroad right of way.

Mr. Ashford was born October 3, 1904, in Brokenito, Okla., and had resided in Muleshoe since 1936 where he was in the construction business.

Funeral services were conducted by Rev. J. M. Moore, assisted by Rev. E. K. Shepherd, from First Baptist Church, with interment in Bailey County Memorial Park under direction of Singleton Funeral Home.

Surviving are his wife, Eva; a son, Ansel and a daughter, Mrs. A. C. Welch, both of Muleshoe; two sisters, Mrs. R. D. Precure of Muleshoe and Mrs. George Cox of Choctaw, Okla.; three brothers, Arnold of Choctaw, Elmer of El Reno, and Herman of Oklahoma City, and seven grandchildren.

Active pallbearers were Marvin Wilterding, Rufus Gilbreath, Tye Young, Harold King, Pat Childers and Ernest Kerr. Honorary pallbearers were W. Q. Casey, O. D. Ray, Robert Kimbrough, Jim Lewellen, Lewis Middlebrook, Lowell L. St. Clair, Lewis Welch, and Leo Laux.

Officers of Little Sister Chapter FHA Are Installed Monday Evening

The Future Homemakers of America, both Big and Little Sister Chapters, met Monday, October 20 in Muleshoe high school auditorium at 7 p.m. The Little Sister president of last year, Frances Cooper, opened the meeting.

In a very pretty, formal ceremony, the new officers of the Little Sister chapter were installed. Installing officers were last year's Little Sister officers. They were: Frances Cooper, president; Lula Mae Embry, vice-president; Doris Ann Gilbreath, secretary; Ann Phipps, treasurer; Magann Lamb, reporter; Darrene Nowlin, student council representative; Judy Bishop, parliamentarian; Rita Rucktashel, historian; Francine Dunn, song leader, and Virginia Hickman, pianist.

New officers of this year's Little Sister chapter who were installed were: Doris Gregory, president; Sandra Harris, first second vice-president; Louise Stinson, third vice-president; Ronda Johnson, fourth vice-president; Linda Bartlett, fifth vice-president; Mary Sanders, secretary; La Nell Booth, treasurer; Lynn Lenau, reporter; Ira Lee Inman, student council representative; Sue Phipps, historian; Arlita Schmitz, sergeant-at-arms; Sylvia Pool, parliamentarian; Julia Hollis, song leader; and Shirley Henry, pianist.

Big Sister chapter president Dorothy Hickman presented Chapter Degrees to Frankie Lanz and Mary Gross; she presented Junior Degrees to Bernice Clark, Carolyn Burze, Sondra Broyles, Frances Bessie, Rita Rucktashel, Darrene Nowlin, Marann Lamb, Virginia Hickman, June Grav, Lula Mae Embry, Shirley Burel-

smith, Jeanette Cunningham, Francine Dunn, Mary Anne Green, Kylee Hodges, eLanna Montgomery, Ann Phipps, Pat Thomson, Nelda ReWine and Sandie Chappell.

The Little Sister chapter is composed of girls taking freshman homemaking courses and the Big Sister chapter is made up of girls in second and third year homemaking classes. Homemaking teachers in Muleshoe high are Mrs. Ernest Brock and Mrs. Roland McCormick.

FHA pins were also presented to those girls who had ordered them. This presentation was also made by the Big Sister president, Dorothy Hickman.

Mrs. Presta Hale Named President Kappa Kappa Iota

Mrs. Presta Hale was elected president of Kappa Kappa Iota at a meeting held October 16 in the home of Mrs. Margaret Slemmons, with Mrs. Jessie Stovall as co-hostess.

An attractive Halloween motif was carried out and delicious refreshments were served to: Mmes. Hale, Dorothy Beddingfield, Grace Whitley, Stovall, Joylene Costen, Mary B. Obenhaus, Lena Hawkins, Slemmons and Pauline Gunn. Also Misses Lillie Williams and Sarah Pittman.

WSCS Begins New Studies At YL

The Y. L. Methodist Church WSCS met October 16 in the home of Mrs. Ray Hughes with nine members present for a study of Ghana, India, and the Philippines and their cultures.

The new freedom and the price paid for this Christian freedom, and what religion does for a nation, were the topics studied. One important thought brought out was that "strong families make strong nations".

Mrs. Hughes served delicious refreshments at the close of the meeting. Next meeting will be a quiet day of prayer on October 29 at the church.

Muleshoe OES Is Host To Friendship Night Monday

The annual Friendship night of 16 Texas and three New Mexico Eastern Star lodges was held at the Muleshoe Masonic Hall Monday night with 123 registering for the program and dinner. Each visiting chapter presented a short program.

Stanley Rothell of Muleshoe was best man, and Miss Claudia Cox of Texico was maid of honor.

For a wedding trip to New Mexico, the new Mrs. Coy chose a dark blue sheath dress with silver accessories. For her wedding, she wore a new dress, borrowed earrings and blue garter. Tracy is currently in the Armed Forces.

MRS. KENNETH DUANE LARGENT, the former Nanellen McDaniel, who was married in a double ring ceremony October 10 at First Baptist Church. Due to circumstances beyond the control of The Journal, this engraving was not available for publication last week when the story of the wedding was printed.

Mrs. Robert Hooten and Mrs. Roy Wrinkle attended the district 9 meeting of Epsilon Sigma Alpha in Lubbock Sunday.

REMEMBER WHEN?

by JOHN CROW

They called him the "Wild Bull" of the Pampas", and he was Argentina's man of the hour. On one night famous in boxing annals, he almost became the heavyweight champion of the world.

His name was Luis Angel Firpo. On that September night he stepped into the ring against scowling Jack Dempsey, the champion. From the start the fight was like a dockyard brawl. Dempsey was to say later that he didn't remember a thing after Firpo hit him the first time—he just started gauging back, fighting for his flinty life.

Then Firpo came close to fame. He caught Dempsey with a tremendous blow that knocked him through the ropes. The champion landed among the reporters at ringside. A lot of boxing men argue that he never could have got back into the ring in time by himself . . . but reporters shoved him back . . . and he climbed through the ropes in time.

Dempsey went on to club the "Wild Bull" into insensibility in the next round . . . to win one of boxing's wildest fights.

Remember the year?

That was a year when hard bargaining was still in fashion . . . and a man buying a car drove a good bargain, shopping for the best savings.

The year was 1923.

There's a limit to "bargains" these days, as there was then. You can't buy a good used car at junkyard prices. But you can buy a really good used car at real savings from our selection of new CHEVROLET trade-ins. Come in and check them out!

Present Pins To Three Pledges At ESA Tea Wednesday

Epsilon Chi chapter of Epsilon Sigma Alpha met Wednesday evening in the home of Bill Ed Jones for a pledge tea.

Pledge pins were presented to Ann Copeland, Ann Alford, and Lenetta Small by Blanche Lenderson, educational director of the chapter. Gwen Moore and Gloria LeVeque moved their memberships to the Epsilon Chi chapter.

Refreshments of spiced tea and cookies, mints and nuts, were served from a beautifully appointed table. The centerpiece was of gold and yellow chrysanthemums.

Hostesses were Bill Ed Jones and Cookie Bamert.

Members present were: Betty Glaze, Pearl Gunstream, Ellen Gupton, Janell Byrd, Charlie Hanks, Maurine Hooten, Johanna Wrinkle, Mary Moore, the hostesses and Mrs. Lenderson.

Muleshoe HD Club Elects Officers

The Muleshoe HD Club met October 14 in the home of Mrs. D. E. Bellar with 12 members and one new member, Mrs. Sheila Jones present, with the HD agent, Mrs. Harriett Jackson.

The club will have a masked Halloween party October 28 with the Blackwater club at the home of Dorothy Bowers at 3 p.m.

Mrs. S. C. Saldwell was elected president of the club, with Mrs. J. E. Day vice-president, and Mrs. Harrol Griffiths, secretary-treasurer.

Mrs. Jackson gave the program on gaining and maintaining normal weight.

Next meeting will be October 28 in the home of Mrs. Bowers.

December 15 Date For Referendum On Acreage Allotment-Marketing

A national marketing quota of 12,167,000 bales, a national acreage allotment of 16 million acres and a date set, December 15, for a farmer referendum on marketing quotas for upland cotton have been set by Secretary of Agriculture Ezra Taft Benson. All are in accordance with present legislation covering cotton. In setting the national marketing quota figure the Secretary found that the total supply of upland cotton exceeds the normal supply needed by 4,379,000 bales. The national acreage allotment for 1959 will be apportioned to the states, the state allotment to the counties and the county allotments to farms according to the provisions of the law. If marketing quotas for 1959 are approved—it takes a two-thirds favorable vote—in the December 15 referendum, the cotton grower will have a choice between two allotment-price support programs known as Choice A and B. Under A, growers who comply with their regular acreage allotment will have available price support at not less than 80 percent of parity. Growers under Choice B receive larger farm allotments—40 percent above the regular allotment—but with a reduction of 15 percent of parity in the support price as compared with Choice A. If marketing quotas are not approved for the 1959 upland cotton crop, only the regular allotment program will be in effect. Price support will be available to cooperators at 50 percent of parity as provided by law. Under the 1959 quota program and in accordance with controlling legislation, growers who exceed their chosen farm acreage allotments will be subject to penalties of 50 percent of the cotton parity price as of June 15, 1959 on the farm's excess production. Too, all cotton produced on the farm will be ineligible for price support. According to J. E. Montgomery, program specialist, Texas ASC office, notice of individual farm allotments under both Choice A and B will be made available to producers prior to the December 15 referendum.

MRS. C. R. ANTHONY RITES CONDUCTED TUESDAY

Mrs. C. R. Anthony, wife of the widely known head of C. R. Anthony Co., passed away in her Oklahoma City home Sunday morning. She was about 70. Mrs. Anthony is survived by her husband, two sons, three daughters and several grandchildren. Funeral services were conducted Tuesday afternoon at 2 o'clock in Crowa Heights Church, Oklahoma City. All stores of the Anthony company, including the Muleshoe store, were closed Tuesday afternoon in her memory.

Hunting Parties In Colorado and Dakotas This Week

Muleshoe sportsmen are taking advantage of the fine fall weather to hunt deer and pheasant with at least four parties from here gone at the present time on deer and pheasant hunts. Hunting deer at Dove Creek, Colorado, are Lee Pool, Ed Little, Bob Jacobs, and John Imman. The group left October 12 and are expected back this weekend.

Another pheasant party contains Pat Bobo, Fred Johnson, Charles Lenua, and Sam Fox. This party left last Thursday

expected back this weekend. Pheasant hunting in South Dakota, in the area around Huron, S. D., are two local parties. One party is made up of Pool, Harrol Griffiths, Ray Griffiths, Ed Hicks and D. L. Morrison.

Annual Boy Scout Fund Drive Kickoff Breakfast Tuesday A M

The Muleshoe Boy Scout fund drive will begin next Tuesday morning with a kickoff breakfast at Leigon's cafe, fund drive chairman, Dr. George Chambers has announced.

Dr. Chambers points out that this is not just a solicitation of funds, but offers Scouters an opportunity to explain Scouting, and the Scout program in Muleshoe and nationwide.

There is an active Boy Scout troop in Muleshoe with an estimated 30 to 40 boys taking part

under the leadership of Scoutmaster Homer Currey.

In addition, there are six dens of Cub Scouts, including a Webelos den for boys 10½ years of age. Den mothers include Mmes. R. A. Bradley, Frances Minckler, Herman White, Florine Mills, Betty Hoover, D. O. Smith, Bob Darnell, Owen Jones, and Alex Wilkins. Webelos den leaders are R. A. Bradley and Bill Erod. There are about 50 boys in Cub Scouting in Muleshoe.

R. O. Gregory Is Candidate For Commission Post

Many citizens and friends have called on R. O. (Owen) Gregory and asked that he run for County Commissioner, Precinct No. 1, Bailey County, Texas, in the forthcoming General Election to fill the unexpired term of Mr. Tom R. Morgan, deceased.

After serious consideration, Mr. Gregory announces to his many friends that he will seek the office of County Commissioner, Precinct No. 1, and his friends have placed this announcement in the paper for him informing the voters of Precinct No. 1 that he will be a candidate and that he earnestly solicits their vote.

Mr. Gregory is a farmer living a few miles north of Muleshoe; is a business man, civic man, member of the First Methodist Church in Muleshoe, and is at present serving on the Board of Trustees of Muleshoe Independent School District.

Everyone knows Mr. Gregory knows that he is a person possessed of sincere convictions and has the courage to fight for what is right and oppose anything that is wrong, especially when it is wrong for the public. He believes that when a citizen pays his taxes he or she should get value received in services from the county for these taxes.

Mr. Gregory believes that a county's finances should be handled in the same way any good business man handles his finances, that is, making no obligations that he will not be able to pay for when the money is being spent that it should be spent in a way that it will do the most good for the most people.

Mr. Gregory states that if he is elected your County Commissioner that he will keep and maintain all roads in this precinct equally without showing favoritism to anyone and that he promises that he will at all times

Good news for people who won't pay crazy refrigerator prices

If you are one of the many homemakers who want and need a new refrigerator but have been held back by crazy inflated prices—this is for you. Philco has broken the price spiral with their new Budgetmaster concept—omitting the frills and costly gingerbread and concentrating on the things you really need. We agree with this crusade, and we gladly cooperate with Philco to bring back down-to-earth common-sense values to the public. *Dealer's Signature*

some "J. Q. Doe", the election judges will have no way of knowing that "John Q. Doe" and "J. Q. Doe" are one and the same person. Candidate receiving the largest number of votes will be elected and may assume the duties of office as soon as the returns are officially canvassed, the results declared, and a Certificate of Election issued to him. Since there are only a few days remaining between now and election time, and since there is no urgent business that requires attention, I do not plan to make an appointment. The remaining members of the Court can transact the routine business of the County until a new commissioner is elected, therefore it is felt that it will not be necessary to make an appointment at this time.

Political Announcements

The Muleshoe Journal has been authorized to announce the candidacy of the following, for posts in the November 4, 1958 General Election:

Jack Julian Is Candidate For Commission Post

I am taking this means of announcing that I am a candidate for the office of County Commissioner, Precinct 1, in the November 4 General Election, to fill the unexpired term of the late Tom Morgan, in a write in vote.

I have been a Precinct 1 resident since 1947, and am a property owner, farmer and father of five children.

I feel that I am qualified to serve the people of the Precinct to the best of my ability.

To cast your vote for me on the ballot, write in my name, "Jack Julian", in the space marked Continuation Write In. Your vote and support will be sincerely appreciated.

Webb Watts In Commissioner Race

Webb Watts has authorized The Journal to announce that he is a candidate for the office of Commissioner, Prec. 1, unexpired term, and he made the following statement to the voters of the precinct:

I am a farmer and have been a citizen and taxpayer of Bailey County for 12 years.

I feel that I have learned the problems that confront our county government in this fast developing area. I would appreciate your weighing my merits and qualifications for carrying out the duties and responsibilities of County Commissioner.

May I urge you to vote in the general election November 4, and respectfully solicit your write in vote.

Wollard In Race For Commissioner

Gil Wollard, long time resident of Muleshoe and Bailey County, told The Journal this week that he is a candidate for Commissioner, Prec. 1, unexpired term, in the General Election November 4.

He solicits the write-in vote of

Mules Kick By Olton 13 to 12

The Muleshoe Mules, playing before a homecoming crowd of 2,500, tripped the Olton Mustangs Friday night, 13-12 with the toe of Lee Roy Corralez bringing the extra point.

In the first quarter of action, the Olton Mustangs were on the offensive, as they drove deep into Muleshoe territory twice before they managed to score. One drive carried to the Mule 10-yard line where the Mule forward wall held, and Muleshoe took over. Muleshoe managed to run it out to their own 36 before they were forced to punt. Again the Mustangs started another touchdown drive as they drove deep into Mule territory. They camped on the Mule 5-yard line, but again the hard hitting forward wall held. Muleshoe couldn't move beyond their own 20 from

where they were forced to punt. Arno Hall heaved a pass to John Wayne Hall, who got behind the Mule secondary and raced for a touchdown. The pass and run covered 68 yards. The try for extra point failed.

On the kick-off, Lee Roy Corralez took the ball on the Muleshoe 13 yard line. With some beautiful blocking and sharp running Corralez ran the 87 yards for a touchdown. The try for extra point was no good and the game was all tied up 6-6.

In the second quarter of play the Mustang offense again stalled on the Muleshoe 15 yard line. On a quick opener, Gerald Shanks found a hole in the left side of the Mule line and raced all the way to the Olton 1 yard line before being overhauled from behind. This run of Shanks

covered 83 yards. The try for extra point was good, as Lee Roy Corralez kicked the conversion. The ball hit the crossbar and just fell over for the point, as the crowd let out a roar.

CORRALEZ SAVES GAME

Olton scored again late in the fourth quarter. The Mustangs recovered a Mule fumble on their own 35-yard line, which set them up in business. Arno Hall got a bad snap from center, momentarily fumbled the ball but picked it up and heaved a strike to Royce Bodkin on the 19, and he went over for the TD. Corralez was the hero on the extra point try as Hall attempted to pass to Bodkin for the extra point try. On the run Corralez just managed to tip the ball out of Bodkin's hand and prevent the winning 2-point try.

Corralez, Black Win Honors For Play Friday Night

Muleshoe's star of Friday night's game, brilliant Lee Roy Corralez, was named along with three other players as "Backfield of the Week" in the Lubbock Avalanche-Journal. He was named in the backfield along with John Burland of Hale Center, quarterback; Tullia's Byron Lewis and Corralez, halfbacks; and John Johnson of Denver City Mustangs as the fullback.

Corralez was named for his brilliant job in the 13-12 win the Mules took from Olton. Lee Roy ran 87 yards for the Mules' first touchdown, kicked the game winning extra point, which was the first time he had ever attempted one, and then as a climax to his great show, batted

Today's Meditation

Read I Corinthians 10:9-13. God is faithful, who will not suffer you to be tempted above what you are able; but will with the temptation also make a way to escape, that ye may be able to bear it. (I Corinthians 10:13.)

In different parts of the world, folk have the same trials. Let us not think, then, that we are singled out by fate as the bearers of trials uncommon to man. Any resentment will vanish if we

remember that there is a fellow ship of people carrying the same load as we do.

It is good to remember also that God is not a mere spectator of our trials. We have the rich assurance that God is our reliable Friend. A great missionary spent seven long years on the field before winning a single convert. During that time his wife died. With his own hands he dug the grave and laid her body in it. He himself read the funeral services. Later he wrote, "I was not alone, for Jesus Christ was there".

In our trials God makes a way out, so that we may be able to bear them. Jesus Christ is with us in all our trials. Therefore we can lift up our hearts.

PRAYER

O Lord, our reliable Friend, help us this day to face life gallantly. In the sure knowledge that Thou wilt sustain us in even the bitterest trial, we put our trust in Thee; through Jesus Christ our Lord, Amen.

THOUGHT FOR THE DAY

God will never leave me or forsake me.

Babson Discusses DICTATORS

Saint Helena, Oct. 23 — I was taught that Napoleon Bonaparte was a very wonderful man. When attending the Gloucester (Mass.) High School many years ago, I won a prize for an essay on Napoleon! When I am in Paris the cabbies always point out to me various landmarks associated with Napoleon. But recently I have been studying the life of Napoleon as recorded by modern historians. My present conclusion is that Napoleon was really a terrific "gangster", or more politely, an adventurer and wrecker.

Who Was Napoleon?

Napoleon was born in 1769 on the Island of Corsica. He had various brothers and sisters. He was bad tempered, selfish, and overbearing, but had a good mother. Through the French government of Corsica he secured admission to a military school in Paris from which he graduated in 1785. He became an unimportant officer in the artillery. He apparently secured no recognition until an uprising of the liberals in Paris when he took a courageous stand and helped save the Directory which then controlled France. He married a charming woman, Josephine, who helped him in his ambitions.

At the age of 27 Napoleon was sent to Italy, which France was then attempting to make a colony. Napoleon was successful in this campaign but treated the Italians with barbarous severity. Having become master of Italy, he started forth to conquer Egypt so as to become a "second Caesar". He, however, was stopped by the British under Nelson. Napoleon was therefore cut off from France. But by murdering his prisoners and forsaking his own army he got back to Paris. France, at the time, was beset by financial speculation which — fortunately for Napoleon — he had kept free of. He immediately went into politics, promising everything to a poor and unemployed nation. Napoleon was appointed "First Consul" and put the people to sleep with a good dose of inflation. This story should be read by every American as a warning as to what may happen in the U. S.

Learning that he could not give the people of France all his political party had promised, he determined to become Emperor of Europe. His politics make me shudder because of the similarity with what we are seeing today. Napoleon assumed a form of religion and backed the organized churches. He cleaned up the slums, encouraged the building of homes, and pretended to be much interested in education — but not in elementary education. He had the government underwrite only scientific education — to train men along lines which would be helpful in war. He was one of the first in the modern world to subsidize shipbuilding, support farm prices, and do the things our Congress is doing today. All of this was accompanied by inflation of the currency.

Napoleon's Downfall

Realizing that this artificial legislation was not going to bring prosperity back to France, Napoleon gave up being a reformer and again turned to war. He began to place his brothers and other relatives in important foreign posts. When Napoleon was crowned Emperor, he thought that his satellites were all tied to him through agreements and that Russia was his only enemy. He thereupon got together a great army of some 600,000 men and started for Russia, whose Tsar was Alexander.

He told his people that if Alexander could be eliminated the world would have peace and prosperity "forever". But Alexander was giving the Russian people a similar story, viz: "Give us world dominion, and there will be no more war and no more unemployment." Napoleon was successful in conquering Poland and other "satellites", but the Russian campaign took more time than he had expected. Winter set in; his soldiers were without warm clothing and food; and Napoleon's army collapsed. He escaped to Paris, only to be demoted and sent to Elba, — not as a prisoner, but as ruler of this small attractive island.

The Famous "100 Days"

While Napoleon was resting in the lovely climate and scenery of Elba, he was thinking hard. He finally came to the conclusion that England was France's real enemy. Thereupon, he caught a passing fishing boat to take him to France. He reappeared in Paris, and because of his eloquence and promises was given permission to raise another army and give an ultimatum to Wellington, the famous English General, which he rejected. Within 100 days from Napoleon's return to Paris, a great battle had taken place and Napoleon was completely routed and captured. He was taken to the Island of Saint Helena, where I am today. He lived there six years and died with a broken heart, a man hated by the world.

The people of Saint Helena believe there surely will be a World War III; but whether it will be started by Khrushchev of Russia, or Mao of China, or de Gaulle of France they are not sure. These men are of Napoleon's nature, crazy for power and more power; all have atomic bombs. The U. S. will some day learn that neither economic laws nor spiritual laws can be suspended by any Congress. Our people may even resort to a dictator to free us from inflation, all-powerful labor leaders, and weak politicians. The people of Saint Helena are waiting to have one of these four men "dumped" upon them! I would like to erect a monument here in Saint Helena as a warning to those leaders who ignore righteousness, brotherly love, and the spiritual life in their thirst for temporal, material power.

DAVID SHEPHERD SPORTS EDITOR WAYLAND PAPER

David Shepherd, son of Rev. and Mrs. E. K. Shepherd, Muleshoe, has been named sports editor of the Trail Blazer, school newspaper, at Wayland Baptist College in Plainview.

Shepherd is a freshman at Wayland. He is an English major and is minoring in journalism.

He has recently been elected Senator from the freshman class, and will represent that group in the Student Government Association.

CITY OFFICER AIDS IN THIEF ARREST

Due to a misunderstanding last week, it was reported county officers Joe Hodge and Garland Freeman apprehended a car thief from New Mexico.

Actually, city officer Loyd Bolin and Hodge cooperated in the capture of the thief. Deputy Freeman was off duty at the time.

RETURNS FROM KANSAS CITY

C. L. Peat, manager of Farmers Co-op Elevator, returned Sunday evening from a business trip to Kansas City, Dodge City, and Wichita, Kans.

Fewer Offenses In City, J. P. and County Court

Offenses have been light this week, according to Justice of the Peace, Joe D. Vaughn. One ticket was given for over-width vehicle, one for driving on the wrong side of the road, two for disturbing the peace, one for passing without clearance, two for defective lights, and one for no valid inspection sticker, for a total of only eight, as compared with the twenty-one reported last week.

Eleven persons were lodged in county jail this week. They were held for numerous charges including: possession of liquor, drunkenness, investigation, car theft, breaking and entering, and transporting liquor. The most serious was against a former Muleshoe resident who had stolen a car in Farwell and was also guilty of breaking and entering, according to Mrs. Irene Splawn, office deputy. This prisoner was released into the custody of Farwell authorities.

City officer Bill Whalin investigated a collision between a cement truck owned by Ramage Ready-Mix, driven by John James, and a car driven by Mrs. Ethel Moore Montgomery Monday morning. The accident occurred at the intersection of Avenue C and West 17th Street. The car, a 1953 Dodge, was declared a total loss. The truck, a 1956 Chevrolet, sustained only about \$50 damage.

City secretary Billie Bayless reported that several tickets had been issued this week by City officers for various offenses, including seven for speeding, four for failing to stop at a stop sign, two for drinking while driving, and two for driving without a license.

THERE IS A LAYER OF DUST EVERYWHERE. IT IS JUST INCHES DEEP BUT THERE ARE SOME AREAS WHERE IT IS MANY FEET DEEP.

WITH NO ATMOSPHERE THERE IS NO WIND TO BLOW THE DUST AROUND. IT IS A WORLD OF COMPLETE SILENCE AS NO SOUND CAN BE TRANSMITTED... AND THE SURFACE IS BOMBARDED BY METEORS AND COSMIC RADIATION!

IT IS THE LARGEST SATELLITE IN RELATION TO THE SIZE OF THE PLANET IN THE SOLAR SYSTEM. IF THERE ARE ANY ASTRONOMERS ON OTHER WORLDS PEERING AT US, THEY PROBABLY REGARD OUR EARTH-MOON AS A DOUBLE PLANET!

Sandhill Philosopher Worried Over Contaminating The Moon With Radiation, Germs, Johnson Grass

Editor's note: The Sandhills Philosopher on his Johnson grass farm claims to be worried this week, but we doubt it. Dear editor:

In all this excitement over trying to get a rocket to the moon, most people seem to be concentrating on the sheer fact of getting one there, while some of us deeper thinkers have been concentrating on other aspects of the matter. There's no point in rushing into space or a farming year without first doing some heavy thinking.

I read the other day where a scientist is deeply concerned about man's contaminating the moon with radiation and possibly disease germs, and he wants the explorers to go easy on this. Maybe circle the moon, but don't land.

I don't know anything about germs, except they're the biggest

friend a doctor has in explaining some forms of virus sickness he can't explain otherwise, but germs aren't the only thing we ought to be worrying about when it comes to contaminating the moon or any of the other planets.

Take Johnson grass. The last thing man wants to do, if he's planning on colonizing the moon, is get Johnson grass started up there, not to mention all sorts of weeds, mosquitoes, ants, chiggers, wasps, motor scooters, etc.

Also, some scientists are worried about the effect of the impact of a rocket may have on the moon if one hits it, and one is liable to if they keep shooting in that direction. It's sort of like a woman who talks all the time. Sooner or later she's bound to say something accurate.

But it's not the shock of a rocket hitting the moon that concerns me. As I see it, if we reach it sooner or later we'll land some

Importance of the School Lunch Program in Texas

Last year, a total of 87,376,816 meals were served to Texas school children at only a fraction of their normal cost or—for many underprivileged children unable to pay—without cost whatsoever.

These meals, balanced and prepared with dietic care, were served in the 2,814 school lunch rooms over the state which participate in the school lunch program sponsored jointly by individual schools, state and federal governments. Importance of the program can be partially determined by its wide acceptance in Texas and in other states.

With all except 10 of Texas' 254 counties participating in the school lunch program, total program costs in Texas last year were \$33,021,973.96, which included food, labor, donated services and equipment. The donated services and equipment were from the local school district, which is required to furnish these elements for participation. The money paid directly comes from government sources. Texas governments (county and state) spend about three dollars to the federal government's one dollar now toward operation of the program.

A major part of the federal government's aid in the school lunch operation comes in the form of food commodities purchased by the government to help relieve agricultural surpluses for specific application to the school lunch program. For many

commodities at many times, lunch program in one year. The school lunch program is a composite blessing to us. First and foremost, it provides our children with health-giving food far better than we with our own larders ever provided; it gives one of the best possible means for useful distribution of surplus foods.

DPS Issues Motor Scooter Rules

The Texas Department of Public Safety has received numerous requests from individuals who want to know the exact law governing the operation and licensing of motor scooters and drivers. They ask such questions as: Do I have to be licensed? Does my scooter have to be inspected? If I have to be licensed, how do I go about it?

With the idea that there may be others who are concerned about these same questions, the following information has been compiled for the use of Texas motorists:

Senate Bill 53 and House Bill 46, both amending Section 4 of Article 6687b, Revised Civil Statutes, empowers the Texas Department of Public Safety (instead of the county judges as it used to be) to determine the necessity for issuance of operator's licenses to minors between ages 14 and 16. Such minors may apply for an operator's license by obtaining proper parental signatures and presenting a driver education certificate or "Minor Emergency Application for Operator's License."

The Department shall not issue any license to any person who is under the age of 16 years, except to such person if 14 years of age or older where, in the opinion of the Department there appears an emergency sufficient to justify the issuance of such license, or it appears that the failure or refusal to issue such license to any such person will work an unusual economic hardship on the family of the applicant for the license, or it appears that a license should be granted to the applicant because of sickness or ill health of members of the family of the applicant, or the failure to issue such license would be detrimental to the general welfare of the applicant or his or her family, or it appears that the applicant has completed and passed the State Department of Education approved standard driver training course. The applicant for such license shall include a certificate by the superintendent of the school that said driver training course is part of the regular curriculum, and that the applicant has passed this course.

will be collected and the license will be good only to operate a motor scooter not to exceed 5 brake horsepower. Only an operator's examination will be given for issuance—the commercial rules questions will not be required.

It shall be the duty of Texas DPS to require every owner of every motor vehicle registered in this state, to have the brakes, lighting equipment, horns and warning devices inspected at State appointed inspection stations or by state inspectors. After the period designated for the inspection, no person shall operate on the highways of this state any motor vehicle registered in the state unless a valid certificate of inspection is displayed thereon or in the possession of the scooter operator.

The Department shall not honor the application of any minor under the age of 18 years for an operator's, commercial operator's, or chauffeur's license unless such application is signed by the father of the applicant, if the father is living and has the custody of the applicant, otherwise by the mother or guardian having the custody of such minor.

The DPS shall give a complete visual, written and driving examination to every applicant for operator's license, whether minor or adult.

4-H'ers to Parade Again During Chicago Congress

The 4-H parade pictured above is one of the exciting demonstrations that will be repeated in the amphitheater of the International Livestock Exposition during the 37th National 4-H Club Congress in Chicago. Thanksgiving weekend will usher in 1,300 champion 4-H Club members, sev-

eral hundred state and national 4-H officials and many friends of 4-H who help to make the annual Congress possible. They arrive by train and plane from every state in the nation, and will be joined by delegates from Alaska, Hawaii, Puerto Rico, Canada and other foreign countries as well.

The Congress opens officially on Sunday morning Nov. 30, at the Conrad Hilton hotel and closes with a banquet for about 2,000 on Thursday night Dec. 4, when more than 200 national 4-H champions will be saluted.

This unique delegation of 1958 national, sectional, and state 4-H winners represent the best of 2,200,000 Club members.

By diligent and successful application of 4-H principals and techniques to project work these ambitious boys and girls have climaxed their 4-H career by attaining state honors. They have participated in one or more of some 50 different 4-H award programs conducted by the Cooperative Extension Service and ar-

New Publications On Agribusiness, Taxes

Two recently released Texas Agricultural Extension Service publications, L-408, "An Inside Look at Texas' Agricultural Industry" and L-409, "Farm and Ranch Income Tax Management" should be of interest to many Texans.

In L-408, Extension economist A. B. Wooten, points out that agriculture contributes about one-third of the total income for Texas. Agriculture each year contributes approximately \$1.5 billion to the economy of the State.

Present day agriculture involves much more than the farm and ranch, says Wooten. The industry is composed of three closely related segments; producers of agricultural products, suppliers of the items farmers and ranchmen must have to produce and the processors and distributors of farm and ranch commodities. Each is a vital part of the industry.

The publication is short and well illustrated and urban residents as well as agricultural producers should be interested in its contents.

R. G. Cherry, extension economist and C. H. Bates, extension farm management specialist, are co-authors of the publication on income tax management. The authors have made many suggestions which farm and ranch families should find useful in their business planning. No detailed information is carried in the publication, but references are made to the Farmers' Tax Guide which does carry details.

The authors point out that like

other farm and ranch costs, income tax may be reduced by good management. The publication suggests how business transactions may be handled throughout the year to the advantage of farmers and ranchmen.

Copies of both publications are available at the office of local county agents or from the Agricultural Information Office, College Station, Texas.

Parmer County Farmers Union

Looking at the farm situation and considering the farm legislation recently passed, it is hard to tell whether the new farm bill is designed to do things for or to agriculture. Organizations supposedly working for everybody in agriculture — and pretty much getting their own way at present — were able to get the following for their coast to coast members in this years farm bill.

Prices knocked to the 65% parity level for the three basic crops, corn, cotton, and rice. The other three basic crops, wheat, peanuts, and tobacco are wondering just where they will be after 1960. Grain sorghums are left to be supported at just whatever the Secretary of Agriculture may determine to be fair and reasonable.

The reason given for removing all controls on feed grain production, and for lowering price supports was this, "So that farmers could have more freedom in making farming decisions, and that consumers would benefit from lower priced goods."

It appears that the decision the farmer will have more freedom to make is already made — that of getting along on lower income and living only 65% as good as other people.

The consumer probably won't enjoy the lower prices too much either, for they will not be passed on to him if the following is typical:

An executive of one of the nations largest cereal companies was quoted in the Wall Street Journal: "Our profits increased \$2.5 million in 1957 without an increase in sales, due to lower cost of raw materials bought from the farmer." This is helping the consumer? It would help the consumer if he could buy a tractor for 65% of the fair price.

Farmers Union must keep its eye on the main issue of this thing, that of parity income for the family farmer. Never being led astray by prejudices, pet peeves and personality conflicts. By sticking to the goal this fight for equity and justice could be won. This is a peoples fight for a way of life and a way of government. The best of both ever devised on this earth.

For the benefit of Mr. Leland Boyd of Bovina, and other folk who think as he does, Farmers Union will not sell itself short out for a little cheap insurance and a beauty contest, forgetting the main issue, parity and farm income.

But to the fact that membership dues alone will not finance the things which must be accomplished in Washington, it is necessary that there be some steady and dependable source of income, which is supplied thru the Farmers Union insurance program. Farmers Union needs, in fact it must have the support of the people it represents if its aims are to be realized. A good way to start is to join Farmers Union and be sure to pay your poll tax.

BILL WOOLEY

Parmer County Farm Bureau News

Do you have rats around your premises? It seems that rats are becoming numerous in lots of areas, and they should be disposed of before they get too thick. We discussed the problem with the county agent last week and decided that some good, low priced rat poison would move pretty fast. As a result, we will have a few fifty pound bags of Warfarin in the office here around the latter part of this week.

It will be yours for 30c per pound in the fifty pound bags, probably a little more if we have to put it in other, smaller bags. This is a non-profit venture in an effort to help avoid the kind

of rodent epidemics you may have been reading about in some other areas. Rats seem to come to the house, and on into town where cold weather destroys the vegetation they live on in the field.

We appreciate the fine coverage the local newspapers have given the CROP, Christian Rural Overseas Program. We hope you have read the news articles and told your elevator operator or ginner to mark some of your grain or cotton for shipment to people who need a little of your lot. Remember that each bushel or bale will ship thirty; that is thirty-to-one. Even one or ten bushels will do a lot for some people and you would never miss it, would you?

We expect some Parmer coun-

ty men to attend a meeting in Amarillo Monday morning, on animal health legislation information. It is sponsored by the Texas Animal Health Council, and everyone interested is welcome.

We hope farmers will keep themselves informed on moves organized by labor leaders are taking in the "interest of agricultural people". We are inclined to believe the record speaks clearly for itself, and that shows that the interest of labor leaders is usually in the interest of labor leaders.

CONSIDER THIS: He that passeth by, and meddeth with strife belonging not to him, is like one that taketh a dog by the ears. —Proverbs 26:17.

Be Safe, Not Sorry On Hunting Trips

The upcoming big game hunting season in Texas should be a good one, reports Ed Cooper, wildlife specialist for the Texas Agricultural Extension Service. Favorable weather throughout the year, he adds, has provided plenty of food for game animals, game birds and waterfowl.

But, warns the specialist, when the thousands of hunters take to the highways and byways and then to the woods and fields, there'll be many who will never go home again under their power unless the rules of safety are followed.

Approximately two-thirds of all hunting accidents can be traced to three causes, says Cooper. He lists these as humans in the line of fire, mistaking humans for game and careless handling of firearms which includes hunting with the safety catch off.

Safe hunting depends on the common sense, courtesy and vigilance of all those who engage in this sport. Accidents can be reduced, says Cooper, if the most common causes are avoided.

Treat your gun as if it were loaded, even when you are positive it is empty. Keep it empty whenever possible with the action open except when you are ready to shoot, advises Cooper.

Five Muleshoe Students Show Steers At Fair

Five Muleshoe students won awards in the junior market steer show held at the State Fair in Dallas last week.

Showing animals were Doyce, Rita and Sherry Turner, Robert Stinson and Williams Howard.

Howard showed in the choice Angus middleweight steer classification; Doyce Turner in the prime Hereford heavyweight steer division; and Robert Stinson and Sherry Turner in the choice Hereford middleweight steer classification.

Quality Cotton Report To Publicize High Plains Cotton Through Industry

The first Texas High Plains Cotton Quality Report with correlations between grade, staple, micronaire and Pressley per strength, cross class staple with micronaire and fiber strength and cross class micronaire with fiber strength.

The Quality Report is being gathered and printed to give buyers and textile mill officials more up to date information on the kinds and types of cotton being produced in this area. Pfeifferberger said.

"We believe this is a good way to interest more mills and buyers in High Plains cotton, by giving them correct data on it," he said.

In the first report which covers ginnings prior to October 1, 1958, white cotton accounted for 88 per cent of the High Plains crop with 76 per cent Middling white and above. Light spots totaled only 12 per cent with 11.3 percent being Middling light spot and above. Full spotted cotton was only 0.1 per cent. The average staple length was 32.1/32nd of an inch with 69.7 per cent being one inch and longer. Only 3.6 per cent fell below 15/16 inch. Micronaire average was 4.3 with 96.5 percent above the tenderable micronaire limit of 3.5. The majority of the crop, or 71.7 percent fell between 4.0 and 5.0. Pressley fiber strength averaged 79,000 pounds per square inch with 64 percent between 75,000 and 90,000 pounds.

Name Winners In Swine Show At State Fair

Six Muleshoe youths placed well in the junior pig show held October 15 and 16 at the State Fair in Dallas.

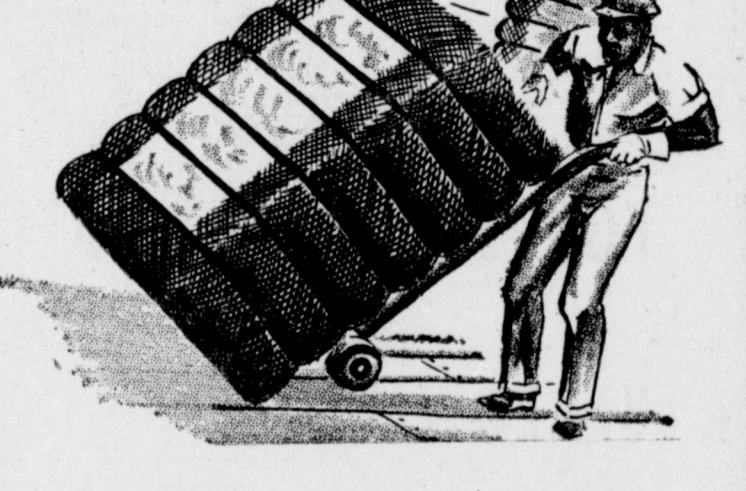

In the Berkshire barrow class 1 show, Richard Kelton placed 22nd; in the Chester White class 6, Richard Goodwin's entry was 18th.

Tub Angeley showed a Hampshire barrow in class 16, taking 23rd place, while Dan Smallwood's entry won 21st. In the class 17 show, Angeley also placed 18th.

In the Poland China barrow class 21, Dan Smallwood was 10th, and Jackie Redwine 20th; while Gary Hicks showed in 20th place in the class 22.

Here's what makes the 59 FORDS

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

To say the 59 Ford is "new" . . . is an understatement. For the 59 Ford is much more: it's a brilliant kind of newness.

It's a newness of beautiful proportions . . . not a bulky, "padded shoulder" look, but a classic rightness of space, size and line. It's a departure from the humdrum in cars to the exciting elegance of the Thunderbird. And there you have it: the 59 Ford is a perfect blending of Thunderbird elegance with the world's most beautiful proportions!

There's a happy ending, too. The 59 Ford is a masterpiece of underpricing! Why not come in and Action Test one of these beautiful new Fords today?

NEW! 59 Ford awarded Gold Medal for beautiful proportions by the Comité Français de l'Elegance at Brussels World's Fair. You'll admire the crisp styling of the new Thunderbird roof, the fresh, straight-through look of the big picture windows that surround you.

NEW! Save up to 5 cents on every gallon of gasoline! Every standard Ford engine — Six or Thunderbird V-8 — thrives on regular gas at regular prices. And with Ford's super-efficient, Full-Flow oil filter you change oil only at 4000 miles instead of the 1000 often recommended.

NEW! A simplified, low-cost Automatic Drive! Team this all-new Fordomatic with Ford's Mileage V-8 and enjoy automatic driving at a price within everyone's car budget! With nearly a third fewer parts, upkeep costs are lower, too!
