Number 16

Serving Tahoka and Lynn County Since 1903!

## First Section of Rural Telephone System Is Nearing Completion

Poka-Lambro Rural Telephone Co-operative hopes to have its first lines in operation within the next sixty days. W. D. Harmon, the manager, stated this week.

Section 1-A, including most of Lynn county and a part of Garza county, is nearing completion. Actual operation awaits installation of equipment in the five unattended automatic central exchange stations and the installation of the 600 handsets in the homes of members.

One contractor is now completing the work of building the more than 400 miles of lines on the initial project. Another has just recently completed the erection of the five exchange buildings. Most of the equipment is on hand for these exchanges, and the contractor on this expects to require about three weeks for this installation, which is expected to start soon.

Poka-Lambro is nearly ready to let contracts of Section 1-B, known as the Lamesa unit, which

will also have about 400 miles of lines and exchange plants at East O'Donnell, West O'Donnell, Patricia, Hatch, Gail, and Pumpkin Center.

Then, work will start laying plans for the west half of the area projected for rural telephone service in Terry, Gaines, Yoakum, and Hockley counties.

Most northern Lynn county rural telephones will have direct connection with Tahoka, while many of the customers in the second project, especially Wells, T-Bar, Newmoore, and Joe Bailey will connect directly with Lamesa.

Buildings are now complete for five of the exchange stations in the Lynn-Garza project.

These are:

Southland exchange, which will serve Southland, Pleasant Valley, Hackberry, Morgan, and Gordon, with extended area service going into Slaton but connecting also with other exchanges of the cooperative. The old Southland telephone exchange was bought by the cooperative and is now

being operated by Poka-Lambro over the old system. The new exchange building is in Southland.

New Lynn exchange will serve that community and Garnolia, and all the area between the Southland exchange area and the Tahoka-Post highway. The exchange building is located at New Lynn.

Fletcher-Carter exchange, located two miles north of Redwine, will serve Grassland, Edith, Draw, and Midway communities and for a short distance west of the Tahoka-O'Donnell highway.

West Lakes exchange, located 8 miles west of Tahoka, will serve West Point, Three Lakes, and parts of the Wells and T-Bar communities.

New Home exchange, located in New Home, will serve that community, Lakeview, Petty, Wayside, Dixie, Crossroads, and Joe Stokes communities.

At a meeting of Poka-Lambro board of directors held at the cooperative general offices in Tahoka Thursday of last week, James T. Dunn, Lamesa, route

B, farmer and seed breeder, was elected the new president. Mr. Dunn succeeds V. R. Osborne of Brownfield, who has moved to the Dallas area.

T. B. Mason of Tahoka, route 1, was elected a director of Poka-Lambro a few months ago to replace the late Mr. Claude Wells.

Other officers and directors are: Lloyd McCormick, Tahoka, route 4, vice president; V. H. Wheatley, Brownfield, route 2, secretary-treasurer; Claude Thomas, Post, route 3 (Grassland); and George Teague, Lamesa, route 1.

Mr. Harmon came here five months ago from Espanola, N. M., to assume the management duties.

Since that time, work has progressed rapidly, although there have been necessary and disappointing delays. Officers and members are proud that actual operation of the first section of the system is now in prospect for an early date.

### March of Dimes Drive Started

Contributions are now being accepted to the annual March of Dimes fund for the aid of polio victims, according to Clint Walker, county chairman.

He is directing the drive in Tahoka, and is being assisted by the Pythian Sisters, who have already raised \$200.00 from a benefit party held Tuesday night and who will conduct a March of Mothers later in the month, and the Tahoka Boy Scouts, who have placed placards in store windows and put up collection boxes in many public places.

In O'Donnell, the Lions Club will direct the drive, with the assistance of the O'Donnell Boy Scouts and other O'Donnell civic organizations.

A. L. Holder is in charge of the drive in Wilson.

Citizens are asked to make their contributions to this worthy cause or give them to some of these individuals or organizations.

## City Hall, Swimming Pool Bonds Are Sold

### City Is Buying Garbage Truck

Collection of garbage and trash will soon be taken over by the City of Tahoka, the City Council decided at a recent meeting.

At a meeting of the Council last week, order was placed through Wharton Motor company for a new GMC two and a half ton truck to be delivered in about 45 days. The truck will be sent from the General Motors plant to Wayne, Michigan, where the Garwood Body company will install a specially designed garbage bed.

The City has been handling the street cleaning work, but the garbage and trash business has most recently been farmed out to Russell McGee.

Members of the Council told The News they felt all the work can be handled more satisfactorily to all concerned by the City.

City of Tahoka on last Thursday night at a meeting of the City Council sold the \$85,000.00 bond issue recently voted for construction of a city hall and swimming pool to the Columbian Securities Corporation of San Antonio.

The bonds, issued serially, pay out in 20 years, with an option to permit payment in 10 years, and will draw 3 1/4 percent interest.

Plans for a city hall being drawn by the architect, Don W. Smith of Sweetwater, have been approved. The new city hall will be built of brick and tile, facing south, in the city park, and will contain about 5,000 square feet of floor space.

Provision is made for the City offices, vaults, storage rooms, a council room, police office, a two-cell jail, and restrooms. The adjoining fire department will have space for two trucks and living quarters for a fireman. No date has been set as yet for letting the contract.

The swimming pool will likely be built by the Paddock Company of Dallas. The "seabree" pool will be 90 feet long, 35 feet wide at the deep end and 50 feet wide at the shallow end. Water will range from 3 to 10 feet in depth. Full chlorinating and pumping equipment will be installed to keep the water pure and healthy at all times. Modern chlorinating equipment does away with the necessity of draining the pool except at rare intervals.

No definite location has been secured as yet for the pool and the park which the city hopes to develop at the pool site.

The City Council has discussed the possibility of locating the pool about three miles north from town on the City farm, but the body has given up this idea, if reasonably priced acreage can be procured in or adjoining town.

The "city dads" say there are several drawbacks to the City farm site. First, the sand is pretty bad, and it would be harder to keep the pool clean, to keep drifts from forming in the proposed park area, and too much caliche would be required to form a car parking area.

Second objection is the distance from town, which would prevent many children from getting to the pool, and it would also be inconvenient to patrol by police to prevent damage to it.

And a third objection is the threat to children going to the pool by the heavy traffic on the Lubbock highway.

Some public-spirited citizen could do Tahoka and its children a great service by selling reasonably or giving a site in or near town for the proposed pool and park. The City desires possibly two blocks for the purpose, so that a beautiful park may in time be built with playgrounds and picnic areas.

## 6AA District Championship Bulldogs Will Be Honored At Banquet Monday

Tahoka Bulldogs, 1952 District 6-AA champions, will be honored at the annual football banquet in the school cafeteria Monday night of next week.

Coach Pat Pattison of the 1952 State championship Lubbock Westerners will be the principal speaker.

The banquet is being given by the school and the Bulldog Mothers Club, and guests will include members of the football squad, their girls, parents, the coaches, team managers, and school authorities.

Clint Walker, president of the Chamber of Commerce, will serve as toastmaster, and Truett Smith will give the invocation. Other numbers on the program include: introduction of the squad members, songs by Mariana McGinty and Betty Ramsour, talks by Coaches Bill Haralson and Bill Sharpley, the response by Co-Captain Joe Brooks, recognition of the Bulldog Mothers, and singing of the Alma Mater.

Members of the squad are: John Foster, John Curry, and Joe Brooks, co-captains; Charles Hyles, Steve Slover, Kenneth Earley, Billy Stice, Garland Huddleston, Richard Havens, Charley Schulz, Milford Rattliff, Billy Tong, Duane McMillan.

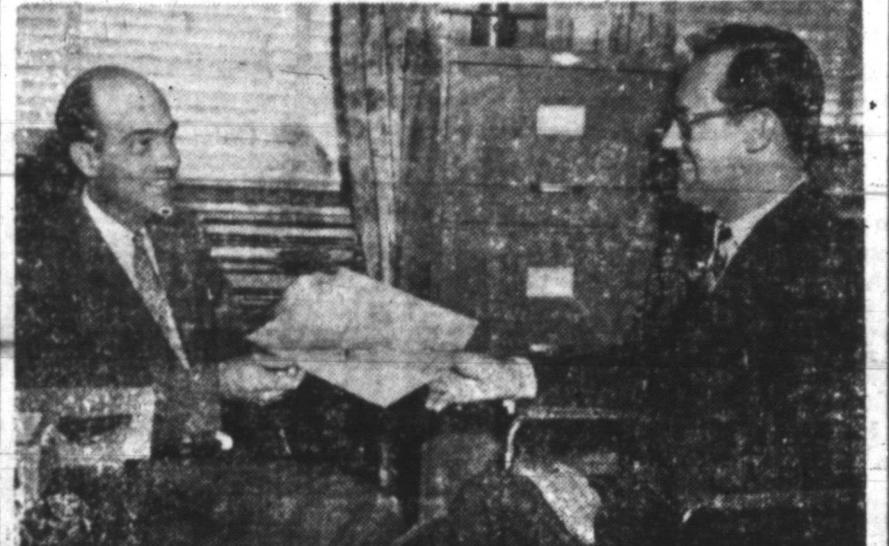

J. B. Ables, Gordon Smith, I. V. J. Melton, Richard Carter, Jimmy Bragg, Roswell Bartley, Willie Lee, Guy Witt, Jimmy Williams, Don Reed, Roy Gene Sherrod, Bobby Lehman, George Self, Jimmy Whorton;

Carleton Bell, Ronnie Brooks, Jerry Slover, J. M. Stice, Stanley Stone, N. E. Wood, Jr., Ted Pridmore, Mack Addison, James Burkhardt, Ware High, Jr., Glenn Anderson, Leon Anderson, Donald Blair, Joe Dochery, Tom Pitts, Jerry Williams, Alton Terry, and Managers Earl Bartley, Charles Jones, and Bill Moore.

### "Atomic Power" Rotary Program

A sound picture, "Atomic Power," was presented at the Tahoka Rotary Club meeting Thursday of last week by Nolen Swain of the Southwestern Public Service company of Lubbock.

Harley Henderson was in charge of the program for the day.

FIRST OFFICIAL ACT—The first official act of Rep. Charles Sandahl, Austin, was to hand Speaker Reuben Senterfitt of the Texas House of Representatives, a resolution urging Texans to support the March of Dimes. Sandahl had polo.

### Littlefield Will Be Here Tonight

Littlefield Wildcats and Tahoka Bulldogs meet in the local gymnasium in three basketball games tonight, Friday; next Tuesday night, there will be two games here with the Brownfield Cubs, and Friday night of next week, the O'Donnell Eagles come here.

Tonight, the Tahoka and Littlefield boys' B teams play at 6:30 the A team girls at 7:30, and the A team boys at 8:30.

Tuesday night's games feature the Tahoka and Brownfield A and B boys' teams, with play starting at 7 o'clock.

Littlefield claims possibly the best boys' team it has had in many years, and Brownfield is always strong and has a top team again this year. O'Donnell boys beat Tahoka in a game before Christmas there.

Sudan was scheduled to play here Tuesday night, but that team failed to show up.

Last Friday and Saturday, the Tahoka boys played in the annual Andrews tournament, losing two and winning one game. Richard Havens made the all-tournament team.

In the opening game Friday afternoon, Tahoka lost 43 to 31 to a strong Eunice, New Mexico, team. Morgan Howle was the high scorer for Tahoka with 12 points.

Opening the consolation round, Tahoka then defeated McCamey by a 48 to 29 score, leading all the way after the first quarter. Havens was high point man with 12.

However, in the consolation finals, Tahoka lost to Stanton in a close one 49 to 47. The Bulldogs held a comfortable margin through three quarters, and at one time had a 17-point lead. Late in the game, Stanton staged an amazing rally and Tahoka could do nothing right. Stanton scored the winning goal in the last three seconds. Howle was high for Tahoka with 14 points.

### Scouter Meeting Monday Night

All Tahoka men interested in continuance of Boy Scout work in Tahoka are asked to meet at the Methodist Church at 7:30 p. m. Monday for the purpose of reorganizing the local set-up.

Vital changes are being made in the Boy Scout organization, and the presence of all Scouters is necessary.

Happy Smith is the present district chairman and A. M. Bray is vice chairman.

### Cpl. West's Body Is Buried Here

Reburial services for Cpl. Randall West, son of Mr. and Mrs. W. M. West of route 4, were held here Wednesday at 2:30 p. m. Rev. Lee Ramsour, Baptist pastor, conducted the services held in Stanley-Jones Funeral Home, and military rites were held at the graveside in Tahoka Cemetery. The body arrived in Tahoka Tuesday night from Japan.

Cpl. West, 20, was killed in action on July 25, 1950, while serving with the U. S. Army in Korea. He volunteered for service in February, 1948, and saw service with Company F, 5th Regiment, First Cavalry Division. He was in Korea only a short time when he was reported missing in action.

He was born in Blair, Okla., on December 11, 1929. He moved to Tahoka from Brownfield with his family the first of December, 1946. He attended school in Brownfield, and after moving here worked on the H. P. Caveness farm.

Survivors include his parents; three sisters, Mrs. Dessie Shirley of Littlefield, Mrs. Laura Stice of Tahoka, and Mrs. Flodell Todd of Brownfield; and five brothers, O. C. of Brownfield, Clyde of the Veterans Hospital in Waco, and Lowell, Melvern, and Herman, all of Levelland.

Mrs. W. A. (Hattie) Yates, who was seriously ill for several weeks, was able to come down town in a car for the first time Friday of last week. Her many old time friends are tickled to see her up again.

Mrs. Zelma "Sissie" Cesari of Lakeview is reported to be in a very critical condition in St. Mary's Hospital in Lubbock. She has a malignant disease and no hopes are held for her recovery.

### Rainfall In 1952 Totaled 14 Inches

The 1952 rainfall in Tahoka totaled only 14.21 inches according to E. L. Hill, local observer for the U. S. Weather Bureau.

Contrary to the belief of some people, there have been several years when the total annual rainfall was lower than this. However, this past year, there were no winter rains of consequence to put a season in the ground.

Following is the total annual rainfall record for the past 18 years:

1935	18.75
1936	24.53
1937	20.64
1938	17.12
1939	13.49
1940	14.84
1941	40.00
1942	26.39
1943	15.95
1944	20.27
1945	11.71
1946	14.51
1947	11.02
1948	9.07
1949	21.83
1950	17.00
1951	10.71
1952	14.21

By months, the 1952 rainfall was as follows:

January	00.72
February	00.00
March	00.00
April	1.41
May	2.66
June	2.69
July	3.95
August	4.44
September	1.06
October	00.00
November	1.01
December	0.36
Total	14.21

### Wilson School Votes New Bonds

Wilson School District on last Saturday voted in favor of issuing \$100,000 in bonds for improvements to the school plant. The vote was 68 for the issue and 17 against, according to Guy Smith, a member of the board.

Due to increased enrollment, the school has outgrown its present facilities, it is said.

Included in the building program will be additional classroom space, including a Vocational Agriculture classroom and a workshop, a band room, and possibly other rooms. The board also hopes to improve the gymnasium further.

Two years ago, Wilson built a beautiful new high school building, a cafeteria, and rebuilt the old school into a modern elementary school building. However, this additional space has proven insufficient for the growing enrollment.

### Sheriff's Posse To Inauguration

Between 40 and 45 members of the Lynn County Sheriff's Posse will leave Monday to participate in the Governor's Inauguration parade at 10 a. m. Tuesday in Austin.

John Ellis of O'Donnell, president of the Sheriff's Posse, states that the members are taking a group of guests with them and that anyone desiring to make the trip with the Posse may do so if they will get in touch with him or some other Posse member.

The Lynn County Posse will have a favored spot in the colorful parade. They will be the final group in the procession.

The horses will leave Sunday afternoon by truck for Austin.

There are 11 Essex class carriers on active duty and 13 in a reserve status.

### Irrigation School Program Is Set

Plans have been completed for the annual Irrigation School which will be held in the county court room here on February 10, beginning at 9:00 a. m., according to County Agent Bill Griffin.

Robert Thurman, Extension Service irrigation specialist, will talk on such subjects as well development, water application, and irrigation equipment.

L. C. Mowery will discuss soil sampling, the soil survey of the county, he has been making, and the types of soils.

The school should be of value to all farmers who are irrigating, and especially to those who are new to this type of farming.

### Rain Meeting Here Saturday

Lynn county farmers and all others interested are urged to attend a meeting in the district court room Saturday at 2:30 p. m., at which a decision will be reached on whether or not this county will continue to participate in the rain-making experiments.

New officers of the county unit of the West Texas Weather Improvement District will also be elected, according to Guy Smith.

Mr. Smith said a recent poll taken of the present members living in Lynn county showed that those answering the cards sent out were four to one in favor of continuing the project.

Present officers are: Guy Smith, county chairman; Joe D. Unfred, vice chairman; and Larry Hagood, secretary. Members from this county on the district board are Calloway Huffaker and Winston Pritchard.

Sam Allen of Lamesa will be present to answer questions and to explain the rain-making experiments.

### COMING OR GOING?

Another advantage of the streamlined car is that you can often get by with parking it on the wrong side of the street.

Have News? Phone 38.

### Congratulations:

Mr. and Mrs. Bobby Carroll on the birth of a son weighing 7 pounds 12 ounces in Tahoka Hospital at 3:10 p. m. Monday. He has been named Berry Ray.

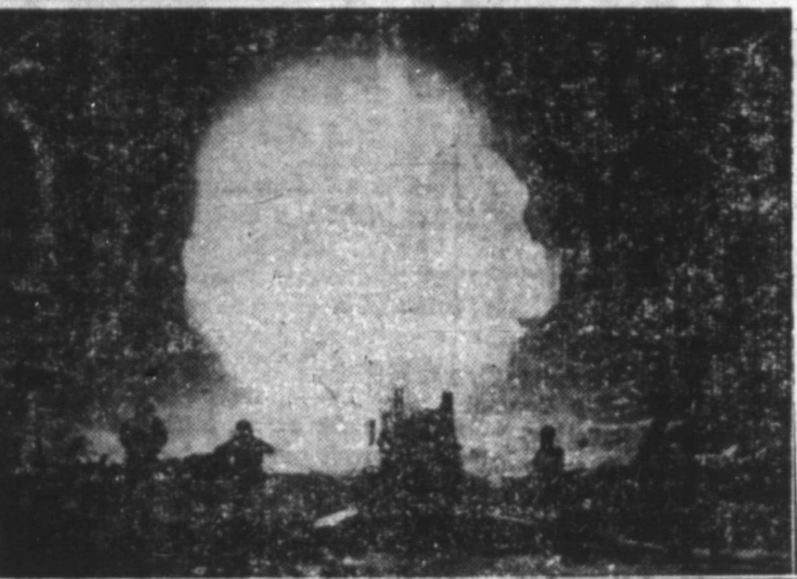

Mr. and Mrs. Herman Couch of Lubbock on the birth of a son weighing 7 pounds 5 ounces in Tahoka Hospital at 9:38 a. m. Wednesday. Name: Herman Dwight.

Mr. and Mrs. Homer Parker on the birth of a daughter weighing 6 pound 5 1/2 ounces at 4:20 a. m. Monday in a Lubbock hospital.

Mrs. Henry L. Dixon and daughter, Jan, of Akron, Ohio, are visiting Mr. and Mrs. H. P. Cavness.

TROOP-CARRYING HELICOPTERS give the U.S. Army more speed and mobility. With these big "whirly-birds," the Army can move strong forces anywhere on short notice.

NIGHT ACTION! A 155 millimeter howitzer in Korea fires on Communist positions. Superior weapons such as this, manned by highly trained soldiers, have given American divisions a decided advantage over the Reds in killing power.

**G. W. TURNERS OBSERVE WEDDING ANNIVERSARY**

Mr. and Mrs. G. W. Turner of route 1, Wilson, were honored on their fiftieth wedding anniversary Tuesday, January 6, at the Methodist Church in New Home.

They were married in Lubbock in 1903 by Judge Geo. R. Bean. They made their home in Haskell county until January of 1925, when they moved to Ropesville. Then, in 1931, they moved to their present home in Lynn county.

**A Look Ahead For Livestock Production**

COLLEGE STATION. —Texas livestock producers would like mighty well to see an improvement on the profit side of the ledger in 1953. The sharp drop in cattle prices since last summer was made more acute by the drouth which covered much of the country. Recent rains, however, have improved the prospects for feed and some strength has been noted in livestock prices.

The prospects for 1953 are not too bright, says C. H. Bates, farm management specialist for the Texas Agricultural Extension Service. This prediction is based on the forecast that more beef and poultry will be available. The supplies of mutton and pork will be less but the over-all total of all meats is expected to be larger than 1952 supplies. Prices, says Bates, for both live animals and meat at retail are most likely to decline some unless unforeseen changes occur.

On the favorable side of the picture Bates adds that the strong demand for meat is likely to continue through 1953 and too, consumers should have more money with which to buy meats and other foods.

The long time outlook for profits from livestock production believes the specialist depends on how well producers balance livestock numbers with feed supplies. He points out that Texas producers in 1952 had some 21 percent more cattle than 10 years ago and this resulted in heavier stocking of range and pasture land. The drouth with the 26 percent less acreage planted last year to hay and silage crops made the feed situation a tough one. Even with normal yields there would have been feed shortages in most areas.

The use of fertilizers and irrigation in some sections has helped to boost feed crop yields, but Bates cautions that growers must keep feed acreages in line with livestock numbers.

Profitable livestock production in 1953 or for most any year, he says, depends on the plans that are made by the individual producer for an adequate feed supply which must include reserves. Unless there is a stable feed supply, livestock profits are doubtful, regardless of a strong demand for meat and reasonable prices.

**New Bulletin On Fertilizers Available**

COLLEGE STATION. —Fertilizers and their use must be understood by the farmers and ranchers of the state if maximum production from applications of fertilizers on crops and pastures is to be obtained, says M. K. Thornton, agricultural chemist for the Texas Agricultural Extension Service.

Thornton adds that the use of commercial fertilizers has increased rapidly during the past 20 years because agricultural producers have found that yields can be increased and the quality of crops can be improved even on supposedly fertile soils. He believes the increase during the next few years will be even more rapid than in the past.

As an aid to those interested in making the best use of the fertilizers bought and applied, Thornton has recently prepared a bulletin which contains a great deal of basic information on the subject. Copies of the bulletin, B-157, "Fertilizers and Their Use," are available at all county agricultural agents' offices.

Members of the agronomy and horticultural departments of the Texas A. & M. College System, the Texas Agricultural Experiment Station and information collected from actual farm demonstrations by county agricultural agents of the state over a period of some 40 years all were used in preparing the bulletin. Thornton believes agricultural producers will find the information contained in the bulletin practical and useful in planning their fertilizer use program.

**YOUNG MAYOR NAMED STATE ASS'N. HEAD**

Mayor Jim Wright of Weatherford, one of Texas' youngest mayors (29), has assumed his duties as president of the League of Texas Municipalities, which represents 563 member cities and towns with 64 per cent of the State's population. Some of the achievements during the three years Wright has been Weatherford's mayor include:

Lake purchased and capacity almost doubled, to 300,000,000 gallons; first extension of city limits in Weatherford's history, taking in 2,000 new citizens; extension of paving, "white way," sewer and water lines; renovation of city hall; creation of four small playground parks (one for colored) and establishment of a city employees' retirement plan — all this without raising the tax rate or the rates of the city-owned water and light systems.

Wright, a business man, gives half his day to the city's business (mayor's salary is \$75 a month) and finds time to serve as Chamber of Commerce president. He is a native Texan, attended Weatherford College and University of Texas, served in the legislature, saw plenty of action as a bombardier in the South Pacific, has a wife and three children.

**FALSE LUNG**

A difficult problem in chest surgery is preventing remaining sion of shifting of the remaining lung when a lung is removed on account of tuberculosis or cancer. Mayo Clinic physicians have been testing on dogs a new spare part which they hope will keep the remaining lung in place—a false lung to fill the space left by the missing lung. The false lung, which is made of a clear plastic has been well tolerated by animals.

Fifteen-year-old Elizabeth Phillips of Dallas, who asked friends to bring money for her piggy bank rather than party gifts, broke open the bank recently for the benefit of the Texas Society for Crippled Children. Elizabeth asked that the money, \$3413, be used as a down payment on a wheel chair for some crippled teen-ager. Kathleen Hawkins and Wayman Hammer, both of Dallas, helped her count the money.

Generosity runs in the Phillips family. Louis, Elizabeth's brother, plans to have a similar piggy bank party on his next birthday. Last year Elizabeth's widowed mother opened her home to a family of three who had crippled by polio.

Elizabeth and her family have also asked to help on the annual Easter Seal Campaign of the Texas Society for Crippled Children which will begin March 5.

### Cordova, New Barley Variety Is Announced By Texas A & M.

COLLEGE STATION—Farmers in the Central and Rolling Plains areas of the state will find the new barley variety, Cordova, a real improvement over the varieties they now grow. It is a high producer, has an excellent test weight, a smooth awn and is resistant to the present known races of mildew.

The new variety is a selection from a Wintex and Texan cross and was developed by plant breeders at the Denton Station. The new variety is named for a pioneer Central Texas landowner and the founder of Waco, Jacob de Cordova.

### Harpers Plan To Celebrate Their 50th Anniversary

Mr. and Mrs. Claude Harper will celebrate their fiftieth wedding anniversary on Sunday, January 25, in their home at 1329 Sweet J Street. Open house for relatives and friends will be held from 2 to 4 p. m. that day.

Mr. and Mrs. Harper were married in Quality, Kentucky. They came to Lynn county in 1923, and have been residents of Tahoka since 1943, having lived in this county thirty of their fifty married years.

Build, Buy, Live in Tahoka.

A WOUNDED SOLDIER received blood plasma just a few yards from where he was hurt in Korea. Army Medical Corps men have reduced the death rate among wounded who reach medical care to 2.4 per cent, compared to 4.5 per cent in World War II and eight per cent in World War I.

RELIGIOUS SERVICES are held in Korea within rifle range of the Communists. In the U.S. Army, there is one chaplain for each 850 soldiers. There are no chaplains in Red armies.

### Swede Speaks To Methodist Men

Tahoka Methodist Men elected new officers at their monthly meeting held in Fellowship Hall Tuesday night.

H. W. Carter was elevated from vice president to president to succeed Clint Walker, president the past year. Ross Smith was elected the new vice president, and Pete Hegl was re-elected secretary and treasurer.

The program, one of the most interesting in many months, was a talk by Rev. Blumquist, a native of Sweden, now an agricultural student in Texas Tech, who talked on conditions in South Africa.

Rev. Blumquist was born and reared in Sweden and studied in England. He became a Methodist minister and spent seven years preaching in his native land before going as a missionary to South Africa, where he spent five years.

In addition to his missionary duties in South Africa, Blumquist also operated a large farm and supervised the schools. Because of his work in agriculture, he saw the need of more technical knowledge in agriculture which resulted in his coming to Texas Tech to study.

He said conditions were ripe in South Africa for Communism to take over, and he discussed these conditions. Most of the land is owned by the Boers, of white Dutch ancestry, but a vast majority of the people are Negroes who own little or nothing and live in a virtual state of slavery.

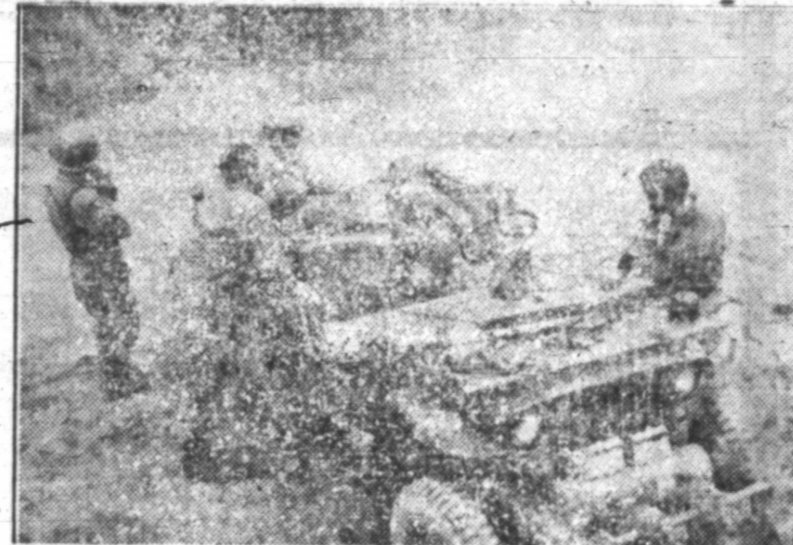

Otis Curry and Maurice Small arranged the program. A meal of ham, beans, coffee, and dough nuts were arranged by Roy Edwards and John Sloyer.

Next month, Happy Smith and C. O. Carmack will arrange the program, and the meal will be arranged by Maurice Bray and V. F. Jones.

Copies of B-167, Fertilizers and Their Use, are now available at the offices of all Texas county agricultural agents. The new bulletin was recently released by the Texas Agricultural Extension Service as an aid to those interested in getting the most from the fertilizers they buy and use.

FREDDY FINDS NEW FRIENDS—Freddy the mule, deserter from Communist forces, now carries ammunition for U.S. Seventh Infantry Division soldiers who found him in the Korean hills.

FAST COMMUNICATIONS are the difference between ineffective firepower and killing power, and the Reds are striving desperately to copy the U.S. system. Here a radio team directs artillery fire on Communist positions in Korea.

### Four Are Fined On Liquor Charges

Fines have been assessed against four men on liquor charges in County Court here before Judge Walter M. Mathis in the past week.

Elias Lara Caudillo, Lubbock Mexican, was arrested last week on U. S. Highway 87 south of Tahoka and charged with illegal transportation of beer, wine, and whiskey for the purpose of sale. Thursday he was fined \$250.00 and costs.

Monday, he was taken into custody by Federal Narcotics Bureau officers here and taken to Lubbock, where Caudillo now

faces a charge of selling three times of marijuana in that city on Nov. 12 for \$40.00.

Also on Monday, Alfonso Martinez and Waco Loronty Eary were fined \$75.00 and costs each on charges of driving while intoxicated. D. V. Wood of Smyer last week was assessed a fine of \$100.00 and costs for a similar offense.

### CARD OF THANKS

I am truly grateful for the many visits, cards, letters, and flowers during my confinement in the hospital and since coming home. It is good to know that I have such friends. May God bless each of you good friends.—Mrs. W. A. Yates.

### Classified Ads TOO LATE TO CLASSIFY

M-46 PATTON TANKS of the U.S. Army's 73rd Tank Battalion cross a stream somewhere in Korea on their way to attack Chinese Communist bunker positions.

HIP POCKET ARTILLERY TEAM of the Army's 40th Infantry Division waits in readiness to give supporting fire to other units of the regiment as they attack Communist positions in Korea. The weapon is a 75-millimeter recoilless rifle.

### Tahoka Independents Edge Past New Home All-Stars By 3 Points

**BAKE SALE SATURDAY**  
 The Band Boosters are having a Bake Sale at the Southwestern Public Service building on Saturday, January 17. All band member parents are asked to bring cakes, pies, cookies, candy, fresh eggs, or butter.

Tahoka Independent basketball team defeated New Home All-Stars in a close game Thursday night of last week 51 to 48.

Phifer of New Home poured 22 points through the bucket for high-point honors and his teammate, Evans, had 9 points. For Tahoka, Finis Botkin, Douglas McNeely, and Wayne Tekell each scored 12 points, and Robert Harvick 8. Other Tahoka players were Kenneth Reed, Jackie Sawyer, Joe Harvick, C. A. Short, J. W. Rainey, James Foster, and Sargent Munn.

The game was close all the way, with the score tied 13-13 at the quarter, New Home led 26-23 at the half, and it was tied up again at the third 38-38. Tahoka went ahead in the fourth for the 51-48 victory.

The Tahoka Independents had played one game previously, losing to Post All-Stars 20 to 26. However, Tahoka had only five men in uniform in this game, while Post had enough substitute help to insure a win.

James Smith, who has been confined to his bed with a broken leg for several weeks, was able to be in town Friday for the first time since his latest accident.

### Flower Gardening Is A Pleasant Winter Pastime, Says Specialist

COLLEGE STATION — Fireside gardening is a pleasant winter pastime for many persons. Reading flower catalogs often carries one into dreams of spring and summer gardens that do materialize.

Sadie Hatfield, homestead improvement specialist for the Texas Agricultural Extension Service suggests practical planning for the enjoyable flower garden. How will the flowers be used—cor-sages, cut flowers for the home or church? Winter bouquets? Or color in the landscape? Will you choose hardy annuals or those that require much care?

Other questions might be—how much space do you have for growing flowers? Is there enough water? Will you need help for cultivation and care?

"Remember," Miss Hatfield advises, "flower gardens require digging, planting, weeding, cultivating, dusting, and mulching."

"You can have an attractive flower garden during the spring and summer without too much work," the specialist adds. "First of all, plant flowers in one or two well prepared beds. This not only improves the design of the landscape, but saves time when you need to water, dust, or do any of the other necessary jobs of caring for the flower garden. Or, if you are a very busy person, plant one or two rows of flowers in the vegetable garden. You prepare the soil for flowers as you would for growing vegetable."

When you're doing your fire-side gardening this winter, use a practical labor saving approach to the plans for spring and summer blooms. "You'll find it more pleasant and profitable," the specialist advises, "if you do not have to over work yourself to make the flower garden a success."

**WISE USE OF NEW TECHNIQUE**  
 Roof bolting, by which overhead layers of rock are actually bound together and made self-supporting, thus eliminating the traditional posts and timbers, was introduced into the coal industry in 1947 and is now used in 450 U. S. mines.

For varieties, the specialist Have News? Phone 35.

### School Menu For Next Week

Following are the daily menus for the Tahoka school cafeteria for the week, January 19-23:

Monday: Soup, peanut butter and cracker, meat sandwich, sugar cookie, and milk.

Tuesday: Weiners and cheese, mashed potatoes, English peas, salad, hot rolls and honey, and milk.

Wednesday: Meat sandwich, potato chips, lettuce and pickles, apple pie and milk.

Thursday: Brown beans, greens, tomatoes and macaroni, cabbage slaw, cornbread, plain or choco late milk, and prune cake.

Friday: Turkey, dressing, gib let gravy, green beans, bread milk, and fruit jello.

Substitute honey for sugar preparing cinnamon toast, salad dressing, baked ham, baked apples, and puddings.

Frank Fletcher, formerly of Wilson and Southland, was a visitor in Tahoka Wednesday. He was born in Tahoka but has not lived here since he was a child. Frank and his wife, the former Miss Velma McNabb, have a rural grocery store east of Ropesville, which Mrs. Fletcher operates while Frank works as a printer.

**MEDICAL PATIENTS IN TAHOKA HOSPITAL**  
 Among the medical patients in Tahoka Hospital this week are: Mrs. W. R. Warren, Mrs. C. J. Carpenter, Bill Snow, Mrs. J. W. Lowrey, E. H. Wood, Tim Walker, little son of Mr. and Mrs. Perry Walker, and Carolyn Howell, daughter of Mr. and Mrs. Paul Howell.

# New Ford Miracle Ride

Here's new freedom from bounce, pitch and sway . . . an entirely new standard of riding comfort!

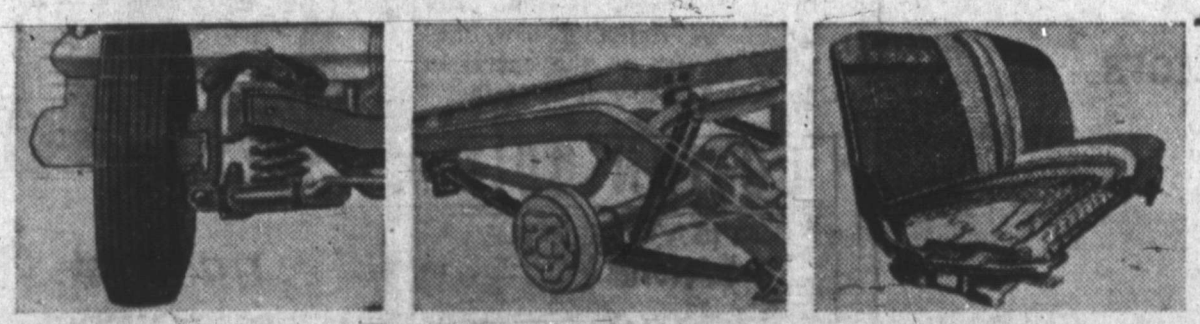

If you've thought it takes gas-eating weight and hard-to-park length to give real riding comfort you ought to try this '53 Ford. For Ford's new Miracle Ride actually seems to lay a carpet of smoothness even over the roughest roads. There's no bounce, pitch and sway to bother you, no uncomfortable roll on curves. Ford's new Miracle Ride marks a new era of riding comfort and quiet. It's another big reason why Ford is worth more when you buy it . . . worth more when you sell it!

While sidewall tires optional at extra cost. Equipment, accessories and trim subject to change without notice.

The New Standard of the American Road

**80% less road shock!** By increasing front wheel travel and redesigning the rubber compression bumpers, front end road shock is reduced as much as 80%. Springs are tailored-to-weight of each model, for best riding comfort, whichever model you buy.

**Automatic Ride Control!** Ford's Variable-Rate rear spring suspension actually makes the effective spring "stiffness" vary automatically as road and load conditions change. You get a smooth, level, comfortable ride on boulevard or roughest back road.

**All day comfort!** Scientifically designed contour seats, both front and rear, have thick foam rubber cushions. Non-sag spring construction is firm yet resilient. Automatic Posture Control provides the most convenient seating position for all drivers.

You've got to Value Check this new Ford's 41 "Worth More" features to know why Ford is worth more when you buy it . . . worth more when you sell it!

In this new '53 Ford you'll find not only a new concept of riding and driving comfort . . . you'll find more of the things you want and need than in any other car in the low-price field.

You'll find the "Go" you need, in Ford's high-compression V-8 and Six engines (and both thrive on regular gas). You'll find the great, all-round visibility . . . the easy handling, braking and parking you need for today's traffic. And you'll appreciate beauty that "belongs" wherever you may drive. No wonder Ford is the New Standard of the American Road.

See it . . . Value Check it . . . Test Drive it

CHOW CALL means hot food at the front in Korea as well as in rear areas. Virtually all U.S. soldiers in Korea now are receiving two hot meals a day.

**Edwards Attends Austin Meeting**

E. R. Edwards, local Alderman, represented Tahoka at the meeting of 12 Panhandle-Plains cities before the State Board of Water Engineers in Austin Monday in interest of the Canadian River dam.

The Board of Water Engineers agreed to "take under advisement" the formation of the water district.

The 12 cities are seeking the right to form a water district for the purpose of developing the Canadian River as a new source of water supply. Studies have been in progress for about two years for the building of a dam on the river northwest of Borger.

The song, "The Last Rose of Summer," is from the opera, "Martha."

**RUPTURE**

Rupture Appliance Specialist, Harry G. Higgins, will give a free demonstration of his "Guaranteed Rupture Shield" for men, women, and children, in Lubbock, Texas, at Hotel Lubbock, on Wednesday, January 21, 9 a.m. to 2 p.m. I have fitted thousands of satisfied customers in the middlewest and southwest. Let me prove to you that your rupture can be firmly held in complete comfort without belts, buckles or straps. When skillfully fitted and molded to the body according to individual requirements, your rupture troubles are over. DO NOT EXPERIMENT LONGER, and become a cripple and burden to your family. If you want the complete relief you can obtain, come in for free demonstration: or if unable to see me at this time, write for future appointment, to:

**HARRY G. HIGGINS**  
Rupture Appliance Specialist  
225 S. 5th St. Minneapolis 2, Minn.

**Timmons Test May Prove Production**

Prospects are bright for the development of a new oilwell in wildcat territory of Lynn county. Early this week, the Dan Auld No. 1 J. A. Timmons prospector three miles west of Petty and three and a half miles southeast of Lakeview, in northwestern Lynn county, gave indications of developing paying production in the Canyon reef, which was hit at 9,825 feet.

The operator's report said that a drillstem test from 8,771-9,840 had been taken. Tool was open for two and a half hours. Gas surfaced at the rate of 50,000 cubic feet per day. Recovery was 750 feet of 47-gravity oil. Shut-in pressure after 15 minutes was 3,575 pounds. Open bottom hole flowing pressure at the start of the test was 175 pounds. The final pressure was not recorded due to instrument failure.

Coring was reported to be continuing Wednesday night to determine the depth of the structure.

The 10,000-foot wildcat is 1,980 feet from the south and 660 feet from the east lines of section 142, block 12, EL&RR survey.

Announcement was made Wednesday of the failure of Roundtop Oil Co. No. 2 Garza Land & Cattle Co. 9,500-foot test in the three well O'Donnell pool east of Draw. It was plugged and abandoned in the Ellenburger lime at a depth of 9,322 feet.

This test was 660 feet from the south and west lines of the north-west quarter of the southwest quarter of section 432, block 9, EL&RR survey.

**Richard Moore Is Publicity Man At Houston University**

HOUSTON, Jan. 15—Richard Moore, 19-year-old journalism major, has been named publicity chairman for the Frontier Fiesta association at the University of Houston.

Frontier Fiesta is an annual student production at the University. It is located on a nine acre site called Fiesta City, which has been incorporated by the State of Texas.

Included in the production which will run for six nights, from April 20 through 25, are 16 shows and nine concessions.

The proceeds from Fiesta, which is entirely in the hands of the students, will go towards the construction of a Student Activities building.

Richard, who is the son of Mr. and Mrs. L. D. Moore of Tahoka, is also assistant manager of the dormitories of the University, a member of the press club and the Red Masque players, a Cougar reporter, winner of the silver key for outstanding work in journalism, a former staff writer for the Fiesta association, and has recently compiled the style book for the Cougar, University of Houston newspaper.

He is a native West Texan and has attended the University for two years. Richard is a graduate of Tahoka High School.

**NEW HOME H. D. CLUB NEWS**

New Home Home Demonstration Club met recently in the home of Mrs. G. B. Mayfield. Plans were discussed for the presentation of a comedy in the near future. Mesdames B. G. Smith, J. B. Hancock, and Virgil Haley were appointed to select material for the event.

Mrs. Alton Armontrout spoke on "Creation of Design," stressing the fact that all of us have a feeling for design and originals are lovelier than stenciled or copied work. Simple lines, uncluttered surfaces, make for a more lasting and decorative scheme in any home, she pointed out.

Mrs. Wayman Smith briefed members on the aluminum handicraft project which she will teach on January 22nd, at the home of Mrs. B. G. Smith. Members will please order their material from Mrs. Wayman Smith.

Other members present were: Mesdames Carlce Edwards, K. K. Moore, Forney, Fred Edwards, Wilmer Smith, V. H. Macha, and J. R. Strain.

Members are asked to please remember—we will meet at 10 a. m. and serve lunch on Thursday, January 22. —Reporter.

**ARVAD MARINERS**

In some of the most dramatic writing ever dedicated to geography, commerce, and trade, the prophet Ezekiel (Chapter 27) referred to the mariners of Arvad, a small island off Tartus. When besieged, the Arvadians quenched their thirst from sweet water springs in the floor of the salty sea.

Twin beds were first made by Sheraton, the furniture designer.

**JESSE DORMAN WILL WED MISS NORED**

Miss Kathryn Nored of Paducah, bride-elect of Jesse Dorman, was complimented with a bridal shower Friday afternoon in the home of Mrs. Clarence Kopecky in the T-Bar community. Mrs. Earl Billings, Mrs. Roy Haire, and Mrs. Clarence Kopecky were co-hostesses.

Miss Nored and Mr. Dorman will be married Saturday morning in the home of the groom's parents, Mr. and Mrs. Pete Dorman.

Orvar Swenson, Boston baby surgeon: "A sixpound baby has a better chance on the operation table than his 40-year-old father."

**COTTON QUIZ**

WHAT IS A VEGETABLE LAMB?

ANS. BECAUSE OF THEIR FLUFFY WHITE FIBERS, COTTON STALKS IN ANCIENT TIMES WERE CALLED "VEGETABLE LAMBS."

**McLaurin Infant Buried Wednesday**

An infant child born to Mr. and Mrs. B. G. McLaurin of O'Donnell in Lubbock Memorial Hospital died at birth, and was

buried Wednesday in Tech Memorial Cemetery, with Rev. Troy Dale, O'Donnell Baptist pastor, officiating.

In addition to the parents, survivors include Mr. and Mrs. Joe McLaurin of Ruidoso, N. M.,

the paternal grandparents, and Mr. and Mrs. W. E. Huffins of O'Donnell, the maternal grandparents.

The seven-day week originated in prehistoric times.

**J. P. UNFRED'S WILL RETURN TO NEW HOME**  
Mr. and Mrs. J. P. Unfred, who moved from New Home to Lubbock three years ago, are planning on moving back to New Home in the Spring.  
Last week, they bought the 200 acre Alton Armontrout farm three miles west of New Home. They hope to build a nice-brick home on the place and move to it as soon as possible.  
Joe Durwood Unfred, their son, will farm the place, and Mr. Unfred hopes to keep busy at something on the farm. There are two small irrigation wells on the place.

**FLUORESCENCE IS MAN'S INVISIBLE CHORE BOY**  
Fluorescence, with which every body is familiar through the modern fluorescent lamp, was discovered just about a hundred years ago by Sir G. G. Stokes. A fluorescent material is one that has the power of absorbing invisible, ultra-violet rays and re-emitting visible light. Stokes observed that some substances glowed when held in the darkness near the violet rays of the visible spectrum of "black light," first suspected by the German physicist Ritter in 1801.  
The fact that certain substances give off light under the ultra-violet radiations has been used in countless ways. An invisible laundry mark on the clothing of a murdered man glowed visibly when put under black light and led to the capture of the killer. Fluorescent tests are used for detecting forgeries. Ultra-violet light is put to work testing eggs. The fresh ones give off a rose colored fluorescence, while the not-so-fresh glow in blue or violet.  
A jar of jam, subjected to ultra-violet rays, will betray by its glow any turnip pulp, molasses, or glucose that may be contained in it.  
Bakers, and confectioners can give their flour and sugar the "ultra" treatment to detect impurities. Worms in nuts reveal their presence under the beam of black light.  
No man can be more wise than destiny. —Tennyson.

SECOND SECTION  
**The Lynn County News**  
TAHOKA, TEXAS, FRIDAY, JANUARY 16, 1953

**Mrs. Eisenhower Is Guest at USO Luncheon**

Mrs. Dwight D. Eisenhower made her first public appearance, after her husband's election, at a USO luncheon in New York. Here the wife of the President-elect serves cake to a GI at a campaign luncheon given recently by the women's division of the New York USO Defense Fund. Support for USO services is sought by United Defense Fund through Red, Feather and other united community campaigns.

**C. A. Goulds Will Leave Lynn County**

C. A. Gould, well known Lynn county farmer who has been living between Wayside and New Home, has sold out his farm equipment to his brother-in-law, Louis Brosch of Lubbock, and will move to Dallas in the next week or two.  
Mr. Gould and wife and two sons, Ray and Jim, have been operating the 3-well irrigation farm owned by Mr. Brosch.

and has made many friends in this county during his residence here.  
Mr. Gould owns a home in Dallas, where he and his family expect to live. He hopes, possibly, to buy a livestock farm in the North Texas area.  
He declares he likes irrigation cotton farming and the people of Lynn county and his community, but he is being forced to do less strenuous work on account of his health.

When the Goulds came here nine years ago, C. A. had never done any kind of farming. But, he watched his neighbors, accepted advice and help from Soil Conservation experts and the County Agent, and in that time has put many modern practices into use in developing a fine farm and at the same time has made something of a success as a farmer.  
He had never lived on a farm until he was past 50 years of age. Reared in the North a kinsman of the famous Jay Gould, he had done just about every thing from working in steel mills, coal mines, machine shops, and sailing the high seas, to traveling as a salesman and serving as a distributor for automobiles.  
He is an interesting character who has had an interesting career.

**RESEARCH IS WINNING**  
Join the **MARCH OF DIMES**  
JANUARY 2 TO 31

**Lynn County Soil Survey Nearing Completion**

The soil survey of Lynn county on which Irvin C. Mowery has been working for the past 18 months is now nearing completion, he reports.  
The field mapping has been completed, and Mr. Mowery is now preparing to write a report on the soils of this county. This will be published in book form and made available to all farmers of the county for their benefit.  
Last week, a group of eight soil scientists visited Lynn county to examine our soils and the

soil map being compiled by Mr. Mowery.  
These visiting scientists were: Dr. R. W. Simonson of Beltsville, Maryland; Dr. A. R. Aandahl and W. M. Johnson of Lincoln, Nebraska; Dr. R. Ulrich of Berkeley, California; R. M. Marshall of Fort Worth; E. H. Templin and J. D. Simpson of College Station and J. R. Coover of Lubbock.  
Mr. Mowery expects to have his report completed by early summer.  
Due to the time it takes to

make such an extensive survey, a minor portion of the counties in Texas have had such a survey taken.  
Such a survey should prove valuable to most farmers of the county if they will use the findings, as the agricultural adaptability of various types of soil to crop use may be easily determined by the farmer when he has the facts that will be contained in the report.  
A Clean City Is A Safe City!

**BARN VENTILATOR**  
Coit B. Lytton of Gastonia, N. C., has received Patent No. 2,551,215 for his invention of a heating-and-ventilating apparatus for tobacco barns. Air thrown off from the heater is mixed with air circulated in the barn, resulting in a more even temperature. Coit's patent also covers means for increasing the amount of draft and circulation of the heated air within the barn.

**World's newest V8**  
with a million miles behind it

HERE, in literal fact, is the most advanced V8 engine ever placed in a standard-production American automobile.  
It is the first such V8 to reach an 8.5 to 1 compression ratio, and the first with a dynamic flow muffler that cuts power loss to zero.  
It is the first V8 to utilize vertical valves together with a 12-volt electrical system instead of the usual 6. It is also the first designed with new "Y" type intake manifold to replace the "Y" type conventionally used in V8s.  
It is, quite simply, the first V8 Fireball Engine—the engine that brings electrifying performance to the greatest Buicks in fifty great years—the engine that powers the 1953 Buick ROADMASTER with 188 hp., and the 1953 Buick SUPER with up to 170.  
Naturally, this spectacular new V8 has been proved—by eight years of developing, testing, improving, perfecting—

and by more than a million miles of driving through desert, mountains, cities and plains. Only then did Buick engineers mark it: Released for Production.  
But these hard-to-please engineers gave these Golden Anniversary Buicks far more than new power.  
They gave them, too, a still finer ride, more superb comfort, new braking power and handling ease—and a sensational new Twin-Turbine "Dynaflo Drive" that adds new quiet and whip-fast getaway to absolute smoothness.  
Nothing, we believe, will do more justice to your automobile dollars—or to your love of magnificent motoring—than a visit to us right now.  
\*Standard on Roadmaster, optional at extra cost on other Series.

# Odds AND Ends

(BY E. L. THE ELDER)

Last week, folks, near the beginning of my discussion of the New Bible, I said that nearly all of our narrowness and our prejudices respecting the teachings of the Bible are based on one of two causes, either ignorance or superstition. I believe it is the truth. We become fanatical in our beliefs because we know too little or believe too much. We, and that includes me, know so little about the Bible and so little about God, so little about God's nature and so little about the teachings of His Holy word, so little about the circumstance surrounding the writing of each book and in some instances the motives that prompted their writing and the specific purposes for which they were written, so little about the train of events that eventually brought this collection of books to us, in our language, as our Bible, so little about history, sacred and profane, so little about our own language, its development and growth, that much of the Bible requires much careful and prayerful study on our

part before we are capable, independently, of properly interpreting it. Great Bible scholars rarely ever become religious fanatics. They usually become persons with strong convictions, however, and usually their opinions are worth considering.

A word about the superstitious. Most savages are superstitious. Being densely ignorant, they form all sorts of absurd and grotesque opinions about psychic and spiritual things, about natural forces and objects, teach their beliefs to their children from infancy on up, the children stoutly believe these foolish and silly things, and influenced thereby they become fanatical in these beliefs; for example: the Turks, the Buddhists and Brahmans of India, the Chinese, the Japanese, and the American Indians. All are bound down by the chains of superstition. And they are intensely fanatical.

And even many groups of Christians are narrow and fanatical, some because of the lack of knowledge and some because of both ignorance and superstition. It is a fault that all of us should seek to avoid but which can be cured only by prayerful study and the acquisition of knowledge. This does not mean, however, that we should be shallow or wishy-washy. That is another fault that we should guard against—and knowledge is one of the indispensable medicines for the cure of this malady.

Now, having sermonized until you must be tired of it, I am going to tell you that this week I am going to write about a thing that I do not know scarcely anything about—the atomic bomb, the H-bomb, and other means of warfare being developed that might mean the destruction of civilization and even of the globe itself on which we live, according to scientists and Government officials who are supposed to know. I will get back to this a little further on, for the very thought of it is enough to make

all of us shudder.

Most of us know practically nothing about the Atomic Bomb. About all we know is that in 1945, just before the close of World War No. II and most certainly hastening its close, U. S. Army Air men dropped two Atomic bombs on two Japanese cities that almost completely tore them up. While it had become generally known that such a bomb had been developed, its terrific power and the horror of destruction it was capable of inflicting could not be realized until the United States eventually decided to use one of them in order to bring the war to a speedy close. The dropping of these two bombs, one soon after the other, shocked and horrified the world. It did bring the war to a close, or at least was one of the chief factors in bringing it to a close.

But after both Japan and Germany had surrendered or had been crushed, Russia refused to lay down her arms but continued to fight with the evident intention of herself forcing her communistic regime upon the rest of the world including the United States itself.

By reason of the victories that she and the other Allies had won in crushing Germany and Japan, she gained many satellite allies herself. She has instigated some of these to carry on the "shoot ing" war for her in China and Korea and other parts of the world but she has herself continued to wage a cold war, or a war of nerves, against all nations who have refused to submit to her demands, of which the United States is the chief.

In the meantime, Russia has had her spies at work in every other important nation in the world, and especially have they swarmed into the United States to gather military and other secrets for her own benefit. It was not long, it is believed, until she had our secret of the atomic bomb. She has built an iron curtain around her own country and guarded her own activities so rigidly that the outside world has not been able to find out much about what has been going on behind the curtain, but it is known that she has been feverishly strengthening her military power and preparing possibly for another war when she may deem the time opportune.

America too has been spending billions and billions in strengthening her military might, and in view of the fact that Russia has persistently turned down every peace overture made to her by the United Nations or by the United States, President Truman a few days ago gave her public warning as to what she might expect if she persisted much longer in the course which she has been pursuing.

In other words he said to old Joe Stalin, in language more polite than that which he addressed to Drew Pearson on one occasion but which sounded somewhat like this: "Joe, you old s. o. s. (son of satan), didn't you know that we now have weapons of warfare with which millions of people could be destroyed at a single blow. If you insist on bringing on another war, I warn you that we will wipe you and your entire country off the map of the world. It could be that such a war would mean the end of civilization itself. Take warning."

For the first time since long before the November election, leading Republicans in Congress and out of it chimed in their approval of any pronouncements made by Truman. Up to this time I have seen no reply to H. S. T.'s warning, but if old Joe does not step on the soft pedal in his conference with General Ike, I have an idea that the General himself will show old Joe Stalin where to head in.

Now, going back to the atom for a moment. Nobody understands exactly what an atom is except God and the top scientists. When Mr. Webster tries to define it he begins to talk about elec-

trons—revolving electrons—and positively charged nuclei, and protons and neutrons, and nuclear reactions, etc. An atom, they say is a very small particle of an element that combines with a like small particle of some other element to form a molecule. Splitting the atom, we suppose, is the separating it from some other particle of an element, which separation releases pent-up energy so suddenly that we call it an explosion. If enough atoms are thus split at the same time, the explosion may blow up a city. They say that the power of the atomic bomb has been increased many-fold since the Japanese cities were blown up, and Russia herself is supposed to be

building them at a terrific speed. But the H-Bomb that has been developed, we understand, is many times more powerful than the atomic bomb. Hydrogen is a colorless but inflammable substance which in the gaseous form is the lightest substance known. It seems to exist in all matter, and in combination with oxygen at the ratio of two to one, the resulting product is water. And now, by a method known only to the Creator of this universe and a few scientists, they have succeeded in making what they call the Hydrogen Bomb, more commonly referred to as the H-Bomb. Whether Russia has gained possession of the secret of making this bomb is un-

known to us, but President Truman was evidently referring to our possession of the H-Bomb and other still more destructive means of warfare the other day when he gave old Joe that dire warning.

Now, in view of all this, we have been made to wonder if Jesus had in mind these means (Continued)

## Incidents Of The Battle Of Gettysburg

Related By H. P. Caviness  
An Honest Man

Many of us no doubt know little of a religious sect known as the Dunkards. General Alexander, chief of artillery of Longstreet's Corps, tells a story involving a Dunkard.

It took many horses to move the artillery, supply wagons, and keep up the cavalry. Many thousands of horses were killed at Gettysburg. When Lee's army retreated southward following the Gettysburg battle, horses had to be secured. A Confederate found one belonging to a farmer Dunkard. The scout made a trade with the Dunkard—no doubt it was an enforced trade. A little later the farmer came to see General Alexander about the horse, say-

ing he could not complete his crop without a horse. The General offered him a footsore horse and further offered to fix up papers by means of which the farmer could secure from the Federal Government much more than the horse was worth.

There was at this time a lot of graft of this kind even as we have had in our country for some years. He declined this. He wanted nothing but the horse. The General suggested that he take two or three of the footsore horses. This he declined, saying, "Well, sir, I am a Dunkard, and the rule of our church is an eye for an eye and a tooth for a tooth, a horse for a horse, and I can't break the rule!" The General told him the Lord knew a good horse was worth a dozen old battery scrubs and after some time finally prevailed on him to take two by calling one a gift.

About midnight the following night the General was awakened to find the Dunkard with one of the old footsores. "Well, sir," he said, "you made it look all right today when you were talking, but after I went to bed tonight I got to thinking it all over and I don't think I can explain it to the church and would rather not try." With that he tied old Footsore to a fence and rode off abruptly.

That is about all of the story. I just wonder what he would have done about such things as we have going on, such as the deep freezes and the milk coats.

### A Man and Wife in the Army

At dusk, on the second day of the battle of Gettysburg, many of the soldiers worn out by the day's struggle lay on the ground sleeping. Captain Fitzhugh reported that he saw the pale face of a boy, light-haired and innocent, his head pillowed on one arm, and beside the boy a man sat, apparently guarding the boy. The two had been noticed before but it was thought that they were father and son. The soldier slept on unconscious with the exhaustion of the battle. The next day when a gray strip of light showed in the east, they stirred. In the afternoon Pickett's famous charge was on, and this couple was to the front. Pickett's thin lines once had almost taken the enemy's breastworks. Just then a Confederate flag-bearer is shot down. The next moment the flag is raised by a youth with the childish face. It floats for the rarest possible instant and then comes down with its bearer, and husband and wife lay on the blood-soaked ground. Side by side they had fought. Now side by side they lay in death. They were buried where they fell, and it was not until then that their true relationship was revealed.

Harvey E. Smisson, radio official: "Too many people have forgotten that the customer is an important man."

## Odds & Ends

(Continued from previous page)

of destruction when on Mount Olivet, shortly before his crucifixion, he discoursed to his disciples respecting his Second Coming and the End of the world as quoted by Matthew in Chapter 24, versus 14 et seq. as follows:

"And this gospel of the kingdom shall be preached in all the world for a witness unto nations; and then shall the end come."

"When ye therefore shall see the abomination of desolation, spoken of by Daniel the prophet, stand in the holy place, (whoso readeth, let him understand;) then let them which be in Judaea flee into the mountains; let him which is on the housetop not come down to take anything out of his house; neither let him which is in the field return back to take his clothes."

"And woe to them that are with child, and to them that give suck in those days! But pray ye that your flight be not in winter, neither on the sabbath day; for then shall be great tribulation, such as was not from the beginning of the world to this time, no, nor ever shall be. And except those days should be shortened, there should no flesh be saved; but for the elect's sake those days shall be shortened."

For as the lightning cometh out of the east, and shineth even unto the west; so also shall the coming of the Son of man be. . . . Immediately after the tribulation of these days shall the sun be darkened, and the moon shall not give her light, and the stars shall fall from heaven, and the powers of the heavens shall be shaken; and then shall appear the

sign of the Son of man in heaven; and then shall all the tribes of the earth mourn, and they shall see the Son of man coming in the clouds of heaven with power and great glory. And he shall send his angels with a great sound of a trumpet, and they shall gather together his elect from the four winds, from one end to the other."

Yes, these things that the scientists and the rulers of the nations are telling us about the terrible destructiveness of the various kinds of bombs that have been developed and may begin their work at any time, they make us wonder if Jesus had them in mind as events that should attend his second coming to the earth and the end of the world. We wonder!

Chester W. Bowles, U. S. Ambassador to India: "If you talk well but still can't convince, you ain't got nuthin."

## HONOR MISS BARTLEY WITH BRIDAL SHOWER

Mrs. Loretta Bartley, who will become the bride of Wayne Tevell on Sunday, January 18, was honored with a bridal shower in the home of Mrs. W. C. High on Friday, January 2.

About fifteen of her former schoolmates played bingo at the party, with the honoree getting all the prizes in the end.

Refreshments of sandwiches and punch were served.

Those present or sending gifts were: Misses Dot Durham, Mary Fenton, Janelle Toler, Frances Martin, Sylvia High, Marjorie Clinton, Wanda Norman, Barbara McNeely, Sue Dollins, Patsy Locke, Elna Dunagan, Joyce Weaver, and Tommie Whorton and Mrs. Carolyn Short.

The third Texas Livestock Roundup was held in the Will Rogers Auditorium, Fort Worth, on November 20.

1951 '91 January 24/44

In its first major decision of the session, the U. N. Assembly, 48 to 0, approved a \$23,000,000 relief program for Arab refugees from Palestine.

Blevins' brother, Garland Swann and family. The two Swann children, Harold Lee and Rex, returned home with the Blevins to spend the night.

Mrs. W. J. Hancock is spending several days with her son, D. W. Hancock, and family of New Home.

Mr. and Mrs. Mart Murray and daughter, Juanita, were Lubbock visitors Sunday.

Mr. and Mrs. Will Gray and daughters of Portales, N. M., spent Tuesday night with Mrs. Gray's cousins, Mr. and Mrs. Elmer Rice.

Buford Powers is on the sick list.

Mr. and Mrs. Pat Campbell went to Blum Tuesday to be at the bedside of Mr. Campbell's father, who remains seriously ill.

Mesdames Eb and Zollie Moore were in Midland Monday to transact business and to visit in the home of Mrs. Eb Moore's sister, Mrs. James Mitchell.

Rev. and Mrs. J. A. Martin and children were in Lubbock Saturday visiting in the home of Rev. Martin's mother, Mrs. Salena Martin.

Mesdames Arvan Holder and Frank Smith shopped in Lubbock Wednesday.

The W. M. S. of the Baptist Church held their regular weekly meeting at the church Monday afternoon. Mrs. Lonnie Lumsden taught the Bible study. Present were: Mesdames W. F. McLaughlin, Roger Blakney, Erwin Sanders, S. A. Cummings, Pat Swann, John Gayle, Jiggs Swann, and Mrs. Lumsden.

Mr. and Mrs. Wayne Kinney of Slaton visited in the Arvan Holder home Thursday night.

Rev. and Mrs. Douglas Gossett and family, Mrs. Mart Murray and daughter, Nita, Grovands Coleman, and Deane Ward were in Morton Sunday to attend the M. Y. F. meeting of the Brown field district. Rev. Bloomquist district superintendent of the Methodist Church in Africa, who is attending school at Tech, was the principal speaker on a program built around Africa.

Mr. and Mrs. D. W. Hancock of New Home visited in the home of Mr. Hancock's sister, Mrs. Mart Murray, and family, Sunday night.

Mrs. Kitty McCracken of Tahoka and her daughter, Mrs. Meadie Garvin of Amarillo, spent Friday with Mrs. McCracken's sister, Mrs. Elmer Gigg.

Miss Mary Frances Campbell of Lubbock spent the week end with her parents, Mr. and Mrs. Pat Campbell.

Mrs. "Dock" Dockery of Tahoka visited her sister-in-law, Mrs. Russell Moore, Monday morning.

Rev. and Mrs. J. A. Martin were in San Antonio from Monday until Thursday attending the

pastors' and laymen's evangelistic conference. During their absence, the two Martin children, Kenneth and Carolyn, stayed in the home of Mr. and Mrs. Charles Lichey.

Mr. and Mrs. Arvan Holder were Slaton visitors Saturday night.

Mr. and Mrs. Virgil Henderson have purchased the Joe Rhoads rent house, now occupied by Mr. and Mrs. Derrell Sims.

Rev. and Mrs. J. A. Martin, Rev. and Mrs. C. S. Bourne, and Mr. and Mrs. Charles Lichey at Lenten Zone Meeting of the Baptist Training Union held at New Home Friday night. Rev. Bourne, pastor of a Mission church in Lubbock, was the principal speaker.

Mr. and Mrs. Herman Heck of Tahoka visited Mr. Heck's sister, Mrs. Howard Cook, and family Sunday.

Mr. and Mrs. Derrell Sims are parents of a daughter born Sunday at 5 p. m. Mr. Sims is the agricultural teacher in the local schools.

Mr. and Mrs. Johnny Cartwright spent Sunday with Mrs. Cartwright's sister, Mrs. G. T. Galneau and family.

Misses Margie and Joy Owens are ill and were in Slaton Monday for medical attention.

Mr. and Mrs. T. L. Warren of Tahoka were Thursday night visitors in the home of Mr. and Mrs. J. B. Smith.

Messrs. and Mesdames Homer Campbell, Jr., and daughter, and Ed Crowder, spent Sunday afternoon in Lubbock with Mr. and Mrs. Howard Billings, and family.

Misses Gladys Kirtley and Ethel Summerlin and Mrs. Willa Wakefield were lunch guests of Miss Lois Ware. Afterwards the group visited in Lamesa.

Mr. and Mrs. G. E. Owens and Mrs. Hortence Parker and son, James, visited Mrs. Owen's brother, Mr. Tom Williams, and family in Spade Sunday.

Mrs. G. T. Galneau and children visited Mrs. Galneau's parents, Mr. and Mrs. Tom Rogers, in O'Donnell Saturday.

Miss Lila Faye Crowder of Lubbock spent Sunday night with her parents, Mr. and Mrs. Ed Crowder.

Mr. and Mrs. J. B. Smith and family, and Sharon Lumsden were Lubbock visitors Sunday.

Elizabeth Parker who has been ill for the past several days, was in Slaton for medical attention Monday.

Mr. and Mrs. Weldon Lemon of Lubbock spent Saturday night with Mrs. Lemon's parents, Mr. and Mrs. J. W. Lamb.

Mrs. Ira Clary took her son, Alfred, to Slaton Monday for medical attention.

Misses Ethel Summerlin and Lois Ware were Lubbock visitors Saturday.

Mr. and Mrs. Coleman Henderson and family of Big Spring spent the week end in the homes of Mrs. Mattie Whittington and Mr. and Mrs. Frank Henderson. Mr. and Mrs. John Henderson and family, of Whiteface also visited in the Whittington and Frank Henderson homes Sunday.

The Walther League of the St. Paul's Lutheran Church held a business meeting at the church Sunday night. Present were: Misses Ruby Faye Teinert, Darlene Wuensche, Allyne Umlang, Dolores Luker, Janet Dube, Lucille Umlang, Myrna Jean Koatz, and Hubert Teinert. Martir Wuensche, Jr., Leonard Dube, Ralph Droege, Delvin Behrend, Ronnie Moerbe, and Rev. P. W. Heckmann.

Marvin Umlang and Elmer Lee Wuensche left Monday, Jan. 5, to resume their studies at Concordia College in Austin after spending the holidays with their parents, Mr. and Mrs. T. J. Umlang and Mr. and Mrs. Oscar Wuensche. Both boys are ministerial students.

I. E. Ray of Plainview visited his son-in-law and daughter, Mr. and Mrs. Carl Gryder, Saturday.

Mrs. A. A. Teinert was in Slaton Monday for medical attention.

Mr. and Mrs. Howard Ferguson of Post visited Mr. Ferguson's sister, Mrs. Ira Clary, and family Saturday night.

Mrs. Milton Wicz and son, Keith, were Slaton visitors Monday.

Cpl. W. D. Drury arrived Sunday, Jan. 4, to visit his parents, Mr. and Mrs. Clyde Beasley. Cpl.

Drury, who has been in Japan with the Army for the past three years, has re-enlisted and will report to San Antonio on Feb. 3, for re-assignment.

Mr. and Mrs. Ira Clary and family visited Mr. Clary's parents, Mr. and Mrs. G. C. Clary, in Slaton Sunday.

Ida Mae Darcy, Barbara, and Jimmy Drury and Robert and Kenneth Ford enjoyed a show in

Slaton Saturday night.

Mr. and Mrs. O. V. Osborne and son, Pete, of Smyer visited Sunday in the home of their son-in-law and daughter, Mr. and Mrs. Albert Holder.

Mrs. Wm. Drees of Garden City, Kansas, left Friday for her home after a five-weeks stay in the home of her son-in-law and daughter, Rev. and Mrs. C. C. Ehler.
