## Rural Telephone Service Is Started In Southland Area

### Liquor Haulers Are Dealt Blow

Illegal transporters of intoxicating beverages operating thru Tahoka have been hard hit the past few days by county, city, and state officers.

Wednesday at about 3:00 a. m., City Policemen Roy Hefner and Roy Wilhelm stopped a young man from Lubbock, Harold Gene Holmes, and found that he had his car loaded with 50 cases of beer. County Judge W. M. Mathis set his fine at \$250.00 and costs when he pleaded guilty.

Shirley Hannon Jr., Lubbock Negro arrested here on March 30 on a transporting charge, pled guilty Tuesday, and was fined \$350.00 and costs.

Primitivo Romo, Lubbock, who was charged with transporting on March 23, on Monday was fined \$350.00 and costs.

A fine of \$150.00 and costs was also assessed recently against one Willie Walker on a transporting charge.

A Dawson county man was fined \$5.00 and costs on a charge of passing a worthless check.

### Wayland Choir Will Sing Here

Wayland College's colorful International Choir is not only an outstanding musical organization but a traveling museum with over \$4,000.00 worth of authentic costumes and jewelry from 18 foreign countries and several American Indian tribes. In addition, for local color, it has a complete Texas cowboy outfit, including handmade leather chaps and 10-gallon hat.

The International Choir will sing at 8 o'clock, Wednesday, April 22 at First Baptist Church, here.

Prof. Shelby Collier, conductor of the International Choir, often finds it difficult to move the choir onto the stage or from backstage after a concert because of the interest in the costumes shown by the audience, particularly after his remarks during the Roll Call of the Nations.

The original costumes of the Wayland choir were of the homemade variety designed to highlight the Mexican and Spanish numbers, the first foreign language songs Mr. Collier added to the repertoire. Now the group sings in eleven languages.

Among the other costumes worn are: Mexican Indian, Oriental dress from China, Korea, and Japan, Hawaiian, Brazilian, Arabian, Latvian, Russian, Eskimo, and others.

The choir has won acclaim throughout the Southwest and over the Nation, not only for its colorful authentic costumes and jewelry but also its singing ability.

### Junior Class To Hold Bake Sale

The Junior Class of Tahoka High School will have a "Kid-napped Breakfast" and a Bake Sale Saturday, April 11.

The breakfast is to be at 10:00 a. m. in the school cafeteria. It will consist of cinnamon rolls and coffee.

The Bake Sale is to be in the Southwestern Public Service co., building, west of the square, at 9:00 a. m. There will be all types of cakes and pies. Proceeds from the breakfast and bake sale will be used to help finance the Junior-Senior Banquet, to be held at a later date.

R. I. Hill spent several days late last week in Tahoka Hospital after suffering a severe attack of nosebleed. He is still confined to his room.

Two big events occurred Wednesday in rural telephone circles.

Service was cut-in in the Southland area for 125 customers of the Foka-Lambro Rural Telephone Cooperative, which has headquarters in Tahoka.

And, contract was let by officials for completion of the second section of the system, which includes the O'Donnell, Lamesa, and Gail rural areas. Service was cut-in at the Southland automatic unattended station at 2:30 p. m., and members of the cooperative in that exchange area immediately began use of their rural dial telephones.

No special ceremony was held to inaugurate the new service but all officials of the cooperative were present for the cut-in. These are: James T. Dunn of Lamesa, president; Loyd McCormick of New Home, vice president; Herman Wheatly of Brownfield, secretary; T. B. Mason, C. W. Roberts, Lee Bartlett, and George Teague, directors; and W. D. Harmon, manager.

Other stations in the first section are: New Home, New Lynn, West Lakes, and Fletcher-Carter (Grassland, Redwine, and Draw). Workmen are moving to New Home for the next installation, and other stations will follow. Work on these station installations is about two-thirds complete, Mr. Harmon says. Completion of the New Home unit will require two or three weeks.

Officers in their meeting here on Wednesday afternoon let the contract for the outside plant in the second section to Sisco Construction Company of Amarillo. Station buildings have already been completed for this second section, and equipment for them is rolling in, Mr. Harmon said. Stations in the second section, which includes southern Lynn, Dawson, and Borden counties, will be located (1) East of O'Donnell, three miles west of Berry Flat; (2) Three or four miles west of O'Donnell; (3) Gail, Borden county; and (4) Hatch, (5) Pumpkin Center, and (6) Patricia, all in Dawson county.

### New Home Ladies Will Present An Amazing Play

When a middle-aged couple, each having children of their own, decide to marry, amusing things start taking place.

Infant trouble, a neurotic old maid, a murdering kelpomaniac, mad fits, and disgusting baby talk are a few incidents which the children of Agnes Martyn and Henry Turner invent to prevent the marriage.

The following New Home people who will be in the cast of "A Ready-Made Family" are: Donald Caudle, Mrs. G. B. May field, Mrs. Loyd McCormick, Wayland Walton, Leland White, Bill Smith, Mrs. Donald Caudle, Mrs. Billy Hancock, Mrs. Virgil Haley, and Mrs. Bill Smith.

The play is to be given Friday, April 17, at 8:00 p. m. at the New Home school, is under the direction of Mrs. Wilmer Smith and the sponsorship of the Home Demonstration Club.

### Church of Christ To Hold Meeting

Tahoka Church of Christ will open its Spring Gospel meeting on Sunday, and services will continue through Sunday, April 26, Doyle Kelcy, minister, announces.

Dean Brookshire of Lubbock, who has held meetings here before and who is popular with local members of the church, will do the preaching.

Services will be held daily at 10 a. m. and 8 p. m., and all people of the community are invited to attend.

### Special Election Called By City

A special election was called Wednesday by the Tahoka City Council for the purpose of electing an alderman to succeed Stanley Sigmam, resigned. The election has been set for Saturday, May 23. Candidates for the office must be filed, according to law, which is next Thursday, April 23. Term of this office will expire in April 1954.

Present members of the Council are: E. R. Edwards, mayor, Winston C. Wharton, Herman Heck, R. H. Gibson, and Lewis Allsup, aldermen.

### Tennis Team Wins District

Tahoka High's boys tennis team, composed of Roy Keith and Richard Carter, won first place in the annual Interscholastic League District 4-A meet at Lubbock last week end.

Gordon Smith qualified for the Regional track meet by placing third in both the 100 and 220 yard dashes.

In these Spring meets, districts do not conform with the districts for football and basketball competition, and this District 4-A track, field, and literary includes most of the AA schools of the area. The regional meet will be at Texas Tech April 24-25.

The Tahoka boys' tennis doubles team, Keith and Carter, defeated the Post and Brownfield teams to advance to the regional meet. David Hammonds, Tahoka singles player, lost in the tournament to Post.

Tahoka girls did not enter district tennis play, as there was a conflict with the volleyball play-off at Levelland. Tahoka and Post girls volleyball teams represented the south half of the district, but Tahoka took fourth in this meet.

In the track and field meet at Texas Tech Saturday, Tahoka scored 7 3/4 points to take sixth place in the meet. Muleshoe took the high point honors, with Brownfield, Littlefield, Morton Levelland, Tahoka, and Slaton following in order.

In addition to the two places won by Freshman Gordon Smith, Tahoka tied with Muleshoe for third in the 440-yard relay, took fourth in the mile relay, and J. B. Ables of Tahoka took third in the broad jump and tied for fourth in the high jump.

Coach Bill Haralson is in charge of the track team.

SANTA FE RAILROAD COMES TO TAHOKA—This picture was taken August 12, 1910, two months after the first train had rolled into Tahoka at 11 a. m. June 13, 1910. A big barbecue was held in Tahoka August 12 and 13, complete with oratory, music and dancing, all in celebration of the coming of the rails. Tahoka and

Lynn county raised \$50,000.00 in cash to get the railroad into Tahoka. A big land boom then started in Tahoka, and the towns of O'Donnell and Wilson soon came into being. Possibly many of our present living citizens are in the picture above. Do you recognize any of them? (Engraving from files of The News.)

### Former Citizen Drowning Victim

Murriel Long, 36, a native of Lynn county who moved to Midland in 1936, drowned Saturday, April 11, in the Concho river five miles east of San Angelo.

Mrs. Lizzie Cook of Tahoka and Mrs. Louis McKay of Draw attended funeral services conducted by Rev. Leon P. Woods, Baptist minister, held in Midland Monday afternoon, and burial followed in Fairview Cemetery of Midland.

Long and two companions were said to have been fishing from a flat-bottom boat, which sank, throwing the occupants into the water. His companions swam to shore, but Long failed to make it. His body was fished from the water in 10 or 15 minutes, and resuscitation was applied to no avail.

Long was born at Draw February 20, 1916, just a few years after his parents had moved to that community, and he grew up in this county and joined the Baptist Church at the age of 14.

In 1936, the family moved to Midland. He served overseas with the Army during the war, and spent six months as a prisoner of war in Europe. He was married at Midland in 1946 to Miss Etta Tidwell.

At the time of his death, he was operating a service station in east Midland.

Mr. Long is survived by his widow; a son, Billy, of Fort Worth; two daughters, Patricia Ann, six, and Tina Gail, 18 months; his mother, Mrs. Fannie Long, Midland; three brothers, Charlie Long, of Midland, W. A. Long of Anchorage, Alaska, and Robert Long of Brownwood; three sisters, Mrs. Edna Stephens of Odessa, and Mrs. Rachal White and Mrs. Ruby Truex of Midland.

### WELLS FARMERS GIN WILL HAVE MEETING

Wells Farmers Cooperative gin association will hold its annual membership meeting at the gin today, Friday.

There will be a barbecue dinner at the noon hour, and dividend checks will be issued.

Cleave Bairrington is manager of the cooperative.

### Tahoka Will Send Refugees Clothing

A shipment of used clothing will be sent soon by Tahoka Rotary Club to West Berlin to aid refugees streaming into the American zone from Communist held East Germany.

All people having good warm clothing or blankets they wish to donate are asked to contact County Attorney Mitchell Williams.

Williams is head of the Tahoka Rotary Club International Relations committee. Other members of his committee are Dr. Emil Prohl, John Toler, and Truett Smith.

The effort is not only a humanitarian move, but also may possibly help in turning these unfortunate peoples more toward the democratic way of life.

### J. L. Rumbo Is Illness Victim

J. L. (Josh) Rumbo, a well known farmer of the Dixie community, suffered a "stroke" Monday afternoon and is a patient in Tahoka Hospital. Though partially paralyzed in the right side, he is conscious and is reported to be showing steady improvement.

At his bedside are his son, Noble Rumbo, senior medical student in the University of Texas School and Medicine and wife, a registered nurse and supervisor in John Sealey Hospital, both of Galveston, and his daughter, Miss Sarah Lou Rumbo, who is working on her M. A. degree at the University in Austin.

### 22,000,000 WILL DIE

Unless present rates are altered, 22,000,000 Americans alive today will eventually die of cancer. Help to change these figures by supporting the American Cancer Society's campaign.

### Jaycees Discuss Clean-Up Drive

A city-wide clean-up campaign will be given the support of the Tahoka Jaycees, the club voted at its luncheon meeting Wednesday noon, attended by 18 members.

A clean city with observance of sanitary regulations is becoming more and more important as the town grows. With the opening of a swimming pool this summer, more children will be in the town and here more often, and added protection must be taken against polio and other diseases, the Jaycees believe.

A committee of James Tippit, Dwayne Vaughn and J. E. Sherrill was appointed to plan and organize a clean-up campaign and to consult city officials in regard to the same.

The Jaycees hope to sponsor a clean-up campaign that will really be a clean-up, with special attention to alleys, vacant lots and unoccupied houses.

New officers for the Jaycees will be elected in May to take office July 1. The following committee are elected to serve as a nominating committee: James Huey, James Tippit, Pat Patterson, and Jimmy Dykes.

### Plan Contest On Queen of Rodeo

A rodeo queen contest will be held preceding the annual Tahoka Jaycee Rodeo, which will be held here May 22-23, members of the club state.

The queen will be selected by a contest ending May 1 and ending May 16, and the young lady selling the most advance tickets will be named Rodeo Queen, will be guest of honor at each rodeo performance and will ride in the parade as queen.

All single young ladies living in Lynn county are eligible to compete, and may enter by contacting Bill Chaney, H. L. McMillan Jr., or any other Jaycee.

The Jaycees are also making plans to stage some rodeo booster trips to near-by towns.

### Pool, City Hall Work Underway

Work is well underway on Tahoka's new city swimming pool, and completion is expected in a month, an employee of Padgett of Texas, the contractor, told The News Thursday.

Alston Construction Co. of Sweetwater, contractor for the new city hall building, is also preparing to start the foundation on this project.

Steve Vaughn, age 8 months, son of Mr. and Mrs. Dwayne Vaughn, entered Tahoka Hospital Monday for medical treatment.

There have been few events, if any, in the history of Lynn county that were of greater importance than that of the coming of the Santa Fe railroad to Tahoka in 1910.

Announcement that the railroad would be built had been made just 10 months before the first train rolled into Tahoka on June 13, 1910. And, two months later, on August 12 and 13, a great barbecue and picnic was held here in celebration of the coming of the rails.

Lynn county citizens voted to organize the county on April 7, 1903, with Tahoka (one store) as the county seat. First county officials took the oath of office on April 15.

Settlers began pouring toward the Plains, filling on State and school lands, and soon Tahoka was a bustling little trading center of a dozen stores and a court house.

Mail and passengers came by mail hack and buckboard first from Colorado City and Gail, and later from Big Spring. Freight wagons cut deep trails in the sod to the new settlement.

The News was established October 9, 1903, by Otis and Inez Lily, who ran the paper a short while and then sold out to H. M. Boyd. But he soon gave it up, and on June 2, 1905, the late Mr. and Mrs. H. C. Crie revived the paper.

From this date on, until 1910, The News was filled with railroad news, rumors, and gossip. Its columns boosted the country, and copies telling of a wonderful new land were sent to every railroad executive in the nation (Ta Cont'd. on Back Page)

### Cloud-Seeding Will Continue

"Cloud-seeding" with silver iodide from generators located over a wide area will be continued until Sept. 15 by the Krick & Company of Denver over a four-county area, Guy Smith announced Tuesday.

Representatives of the West Texas Weather Improvement association, now composed of Lynn, Garza, Dawson, and Borden counties, met in Lamesa Monday and signed a contract with Krick officials to continue the experiments another five months for \$14,400.00.

The Lamesa office will be discontinued, Smith said.

Monday of each week, at 1:30 p. m. the Krick company will make a report and forecast to the Lynn County Farm Bureau office in Tahoka, of which Mrs. V. P. Carter is in charge, from which office the report may then be relayed over the district.

Smith says the district is still short \$1,320.00. Those who wish to help on these experiments to increase the amount of moisture released by clouds are asked to send in their checks immediately.

Wayland College International A Cappella Choir is shown above in the costumes of many nations which they wear in concerts. Shelby Collier, chairman of Wayland's division of fine arts, is conductor of the choir.

### TAHOKA GARDEN CLUB TO HAVE PLANT EXCHANGE

The Tahoka Garden Club will have its annual plant exchange on Tuesday, April 21, from 9:00 till 11:00 a. m., at the home of Mrs. John Witt, 1829 North Fourth street.

All members are urged to come and bring your plants as early as possible.

The regular meeting of the club will be held in the school cafeteria at 3:30 Tuesday afternoon, April 21. The program will be on "Pest Control." Please come. —Reporter.

Mrs. Charles Ray Polk of Wells has been under treatment at a Cisco sanatorium the past two weeks and will not be home until next week some time. In the meantime, Deborah Sue, their eight-months old daughter, has contracted the measles and is in Tahoka with Charles and his parents, Mr. and Mrs. Dennis Polk.

The world supply of cotton for 1952-53 season is estimated at 48,700,000 bales. This is 1,900,000 bales above the supply of a year ago.

## Reese Airbase Sets Observance

The Reese Air Force Base Armed Forces Day committee, headed by Major William W. McDannel, held a preliminary meeting this week to discuss plans for the base's part in the nationwide celebration of Armed Forces Day, May 16. The Reese committee will be primarily concerned with the planning of an "open house" at the base, and will work in close cooperation with Lubbock community leaders.

Major McDannel announced that the official slogan for this fourth annual Armed Forces Day observance will be "Power for Peace." Displays and demonstrations of all kinds from all three services will be open to the public when Reese hangs out the welcome sign on May 16.

In each of the seven geographical areas corresponding to the continental Army commands, one military service has been given primary responsibility for all Armed Forces Day activities. Reese is in Area II under the jurisdiction of Major General Gabriel P. Disoway, Commanding General, Flying Training Air Force at Waco.

Because of the increased interest in equipment and material for national defense, it is anticipated that the Open House attendance this year will be between 20,000 and 25,000. Last year's celebration was hampered considerably by rain and cold weather.

In addition to the many displays and demonstrations, several types of Air Force and Naval aircraft will be on display, including helicopters. The public will witness flyovers of two types of jet aircraft, the T-33 and F-86, and formations of B-25's and T-28's. Included in the aerial show will be demonstrations of precision tactical flying. Several national celebrities have been contacted to be guests at this year's Armed Forces Day Observance; however, no official confirmation has been received.

The Share the Fun Program is designed to give young people the opportunity to create fun and entertainment for themselves, their families and friends. It is the recreational phase of the 4-H program and is nationwide.

## Freshmen Win Slaton Meet

Tahoka's Freshmen took first place in a junior track and field meet held in Slaton Friday with Post and Slaton, while Tahoka's eighth grade team came in third in their division.

The Freshmen scored 37 points, Slaton 36½, and Post 22½. Slaton ran away with the eighth grade division with 52½ points, to Post's 9½ and Tahoka's 8½.

In the Freshman division, Tahoka took the following places: Stone first and Woods fourth in shot put; Blair second and Williams fourth in broad jump; Blair first in 100 yard dash; Fitts third in high jump; Tahoka (Castleberry, Williams, Blair, and Pridmore) first in 440 relay; Stone second and Fitts third in discus; Fitts second in 440 yard dash; Blair first in 220 yard dash; Bell third in 880 yard run.

In the Eighth Grade division: Paris second and Simmons fourth in shot put; Harter and Paris tied for fourth in high jump; and Tahoka 440 relay team second. Bill Sharpley is coach of the juniors.

Mr. and Mrs. Bill Biggerstaff visited her parents, Mr. and Mrs. Fred House, at Stephenville last week. While there, in company with the Houses, they made a tour of Whitney, Buchanan, and Roy Inks Lakes in an attempt to catch some fish, but they reported they were unlucky and hit each lake when almost nobody was catching fish. They did manage to catch one nice mess.

### EDUCATION ACS GOAL

One goal of the American Cancer Society's 1953 campaign is to save lives now by educating the public about cancer's early symptoms and urging them to have frequent medical examinations.

## Spell petrochemical the easy way...

# P-R-O-G-R-E-S-S

Progress in finding and producing oil is an old story to the oil country. Nearly everybody has heard about the oil industry's day-to-day miracles in exploration and production.

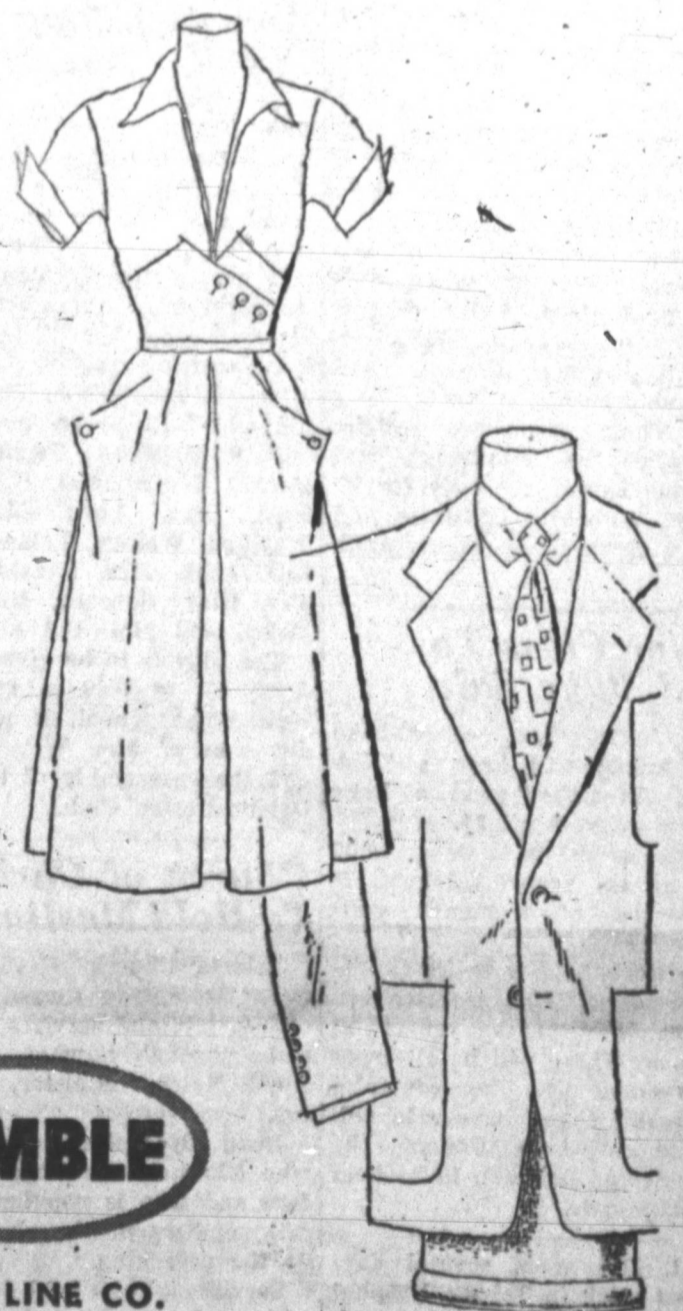

Now we all have a new series of miracles to wonder at—the transformation of petroleum hydrocarbons into chemical products of astonishing variety. These chemicals from petroleum have even added a new word to the American vocabulary — *petrochemical*.

Progress in the field has been amazing. The capital investment in new industries based on the petrochemicals has mounted to hundreds of millions. The new plants have created thousands of new jobs. And petrochemicals, as an industry, have provided a wider, a more complete, use of the country's oil resources.

Butadiene and butyl for synthetic rubber, toluene for TNT, solvents, aldehydes, and many other petrochemicals—even alcohols—are now produced in oil refineries. For example, the Humble Company, at its Baytown, Texas, refinery, is building facilities to manufacture paraxylene, the raw material for the new fabric called *dacron*.

The day may come, and very quickly, when you can be clothed from tip to toe in synthetic fabrics derived from petroleum; when petrochemicals provide the rubber for your tires, the plastics for your car's interior fittings, the fabric for the seat covers, the vehicle for body paint and polish.

The petrochemicals spell *progress*... progress to which the oil industry contributes research, capital, manufacturing facilities and, most importantly, an enterprising spirit.

### Junior Teams Start Baseball

A. M. Bray of Bray Chevrolet last week agreed to sponsor a team in the Lynn County Junior Baseball League, and has purchased equipment for a team managed by Dwaine Lee.

Bill Strange Motors backs another Tahoka junior team which finished second in the League last season.

Both firms should be praised for helping these teams which

### Spring Football Training Starts

Spring football training began at Tahoka High School Monday of this week, with 32 candidates for the team reporting to Coaches Bill Haralson and Bill Sharpley.

The boys are going through a vigorous training schedule learning fundamentals that may help them next fall.

The Bulldogs have been District 6-AA champions the past two years, but seven starters on

will play conference baseball along with Roosevelt, Wilson and Southland.

The Strange sponsored team will play in the Petersburg tournament in July, and will also play exhibition games with Seagraves, Denver City, Brownfield, Lamesa, Slaton, and Post during the summer.

The exhibition schedule of the Bray team is not known at this time. However, the boys lost a close game last Sunday afternoon at Post 10 to 7, with Ray Madrid on the mound.

The Strange team won a practice game 7 to 2 last week from Wayside.

The Ford and Chevrolet teams will meet next Sunday for their first practice game with each other. Game time is 2:15 p. m. at Tahoka Park.

—Reported by Ted Pridmore, League Secretary.

is hoped that a new practice field, now being sodded just to the south of the High School building, will be available for training purposes.

Those working out for next fall's team are: Milfred Ratliff, Jimmy Bragg, Garland Huddleston, I. V. J. Melton, Donald Blair, Willie Lee, Roswell Bartley, Dwain McMillan, Gordon Smith, Leon Anderson, Ted Pridmore, J. B. Ables, Jimmy Williams, Stanley Stone, Kenneth Durham, Carlton Bell, Billy Tong, Bobby Williams, N. E. Wood, Ware High, Wayne Huffaker, Jerry Slover, Ronnie Brooks, L. W. Castleberry, Tommy Franklin, Glenn Anderson, Jerry Williams, Don Reed, Guy Witt, Jimmy Whorton, Bobby Lehman, and Bill Moore.

The boys are working out on vacant lots west of the school as the football field is being resodded with grass. However, next fall it

last year's team will graduate this spring.

### School Band Holds Banquet

Seventy members of the Tahoka High School band and a few guests attended the organization's annual banquet last Friday night at the Legion Hall. The dinner was served by mothers of band members.

Paul Brannon, director of the Lubbock High School band, was the speaker. He talked on the value of bands and band training to the students, the school, and the community. Willard Edgett, local band director, was master of ceremonies.

Among the special guests were the director's parents, Mr. and Mrs. W. H. Edgett, and sister, Miss Helen, all of Lubbock.

Following the banquet, Mrs. Abbie Whorton was sponsor of a dance for those students who cared to participate.

### Methodist Men See Magic Show

Two Brownfield men, "Skeet" Whitley and Bill Dairrington, presented a program of sleight-of-hand and illusion stunts at the monthly meeting of the Methodist Men Monday night in Fellowship Hall of the Methodist Church.

Quartet numbers were also presented by four local men, Otis Spears, Floyd Tubb, Ira Joe Hart, and Willard Edgett, accompanied at the piano by Mrs. W. E. Patterson.

Preceding the program, a dinner was served by Maurice Huffaker and W. E. Patterson.

President "Cotton" Carter announced that next month's program will be arranged by Hick Gibson and Maurice Small, and the meal will be served by Tom Gill and Jop Whorton.

Mrs. Myrtle Rochelle and two daughters of Lubbock visited the former's father, E. I. Hill, on Monday and Tuesday nights.

### Baptists Close Great Revival

One of the best revivals in the history of the local Baptist Church closed Sunday night.

It is reported by the members of the church to have been a revival of such proportions that the number of decisions recorded does not indicate the spirit or the worth of the revival.

There were 45 additions by baptism and 22 by letter. There were 64 who rededicated their lives to the service of Jesus Christ and the church.

The preaching for the revival was done by Rev. H. B. Ramsour, Marion, Alabama. The music was directed by Winfred Walker, music director of the local church.

### Jayceettes Meet With Mrs. Jones

On Tuesday night, April 14, thirteen members of the Tahoka Jayceettes met in the home of Mrs. Geno Jones for their regular bi-monthly meeting.

It was decided by those present, that name plates or name pens would be made at the next meeting, Tuesday, April 28, which they will wear during the Jaycee Rodeo.

The Jayceettes urge and invite all women, 18 to 35 years of age to attend their meetings. Refreshments were served to those present by the hostesses, Mrs. Dub Gurley and Mrs. G. W. White.

Next regular meeting will be held in the home of Mrs. James (Joretta) Tippit, on Lockwood street. —Reporter.

### CANCER'S 7 DANGER SIGNALS

- 1 Any sore that does not heal.
- 2 A lump or thickening in the breast or elsewhere.
- 3 Unusual bleeding or discharge.
- 4 Any change in a wart or mole.
- 5 Persistent indigestion or difficulty in swallowing.
- 6 Persistent hoarseness or cough.
- 7 Any change in normal bowel habits.

None of these symptoms necessarily means that you have cancer, but any one of them should send you to your doctor. Cancer is usually curable when detected and treated early. Remember the danger signals. Cancer strikes one in five. Strike back. Give to the American Cancer Society.

## Speakers Tell Of Conference

Seven Tahoka Rotarians on Thursday of last week reported on the annual District Rotary Conference held in Borger recently. The program turned out to be an interesting one, with several of the speakers relating to the club highlights of the outstanding talks.

With Wynne Collier in charge of the program, those called on for talks included Maurice Bray, Fred McGinty, Johnnie Reasonover, secretary-elect, Dr. Skiles Thomas, and Winston Wharton, the president-elect. President Tom Gill also attended the meeting, but there was no time left for his report.

President Tom Gill announced that attendance of the local club in March was 92.22 percent and that the Tahoka Club had been a-

mong the high-ten clubs of the district three times this year.

Mitchell Williams is head of a committee gathering warm clothing for men, women and children escapees from the "Iron Curtain" of East Germany who now are in West Berlin. Those who will donate such clothing are requested to contact him or to leave them at Ayer Way Cleaners, where they will be cleaned and pressed free of charge prior to shipment.

Junior Rotarians for the month of April are Phillip Murray and Charles Hyles.

Mrs. Anna B. Odell this week end is attending a meeting in Austin of the Elementary Principals and Supervisors of Texas schools.

## Pre-School Day Is Held Here

Pre-School children here who will enter the first grade next year got their first taste of what real school is like Friday at an orientation day program arranged with precisely that in mind.

And not only the children, but into the honored ranks of scholars, their parents, too, were initiated teachers and lunchroom laughter.

"Having the children here during an actual school day gives them an idea of what school is really like," Mrs. Anna B. Odell, who is elementary supervisor in Tahoka, said.

**Each Child Tagged**  
Every child was tagged with his name on entering school, then sat in class just like regular students, taking the regular first grade daily curriculum.

Registration notices prepared two weeks in advance brought about 50 per cent of the parents and pre-school children to the Tahoka school. First grade teachers were relieved of their regular duties in order to meet each child and parent.

Parents were separated from their offspring during the day's program.

**Parents Hear Discussions**  
While the children were in the classrooms, mothers heard a discussion led by Archie Sims, principal, Otis Spears, school superintendent, and Mrs. O'Dell.

"Entering school is the most important event in the young child's life," Mrs. O'Dell told the parents. "For parents it is often the first break in the tie that holds the children to the home. For the child, this program and the resulting experience should build attitudes of readiness, dispel the dread, if any, of entering school, and afford a pleasant memory of classroom, teacher, and other details replacing the vague sense of wondering what school would really be like," Mrs. O'Dell said.

**Study Group Formed**  
A pre-school planning and child development study group was formed at the program. First meeting of this group will be held at 9:30 a. m. April 21 in the audio-visual room of the Tahoka elementary school.

Some of the topics for discussion include growth patterns, developing a sense of responsibility helping children and adults have good mental health, building family relations, developing desirable social skills and attitudes, telling children about sex, tensions, and emotional stability.

The four first-grade teachers at the program were: Mrs. Mitchell Williams, Mrs. J. A. Robinson, Mrs. Dock Dewbre and Mrs. Ross Smith.

## Freshmen Enter Lubbock Contest

Coach Bill Sharpley's Junior High track team will participate in the Junior High School Invitational Track Meet at Texas Tech Saturday.

Teams from Amarillo, Odessa, Plainview, Lubbock, and a number of smaller schools will be entered.

Tahoka will enter the following men in the various events:

440 relay: Blair, Williams, Pridmore, and Smith.

100 yard dash: Blair, Pridmore, Smith.

400 yard dash: Castleberry, Fitts, Williams.

880 yard run: Bell, G. Anderson, L. Anderson.

220 yard dash: Smith, Blair, Castleberry.

## PETTY HANDIWORK CLUB WILL PRESENT PLAY

Petty Handiwork Club met Monday, April 13 in the home of Mrs. O. P. Hemmeline with 13 members present. There were two new members, Mrs. Yuton White and Mrs. Ruth James, and there were two visitors, Mrs. H. C. Hemmeline and Mrs. J. F. Drennan.

Fleet shoes for match holders were made. Nearly everyone made a pair.

We practiced on one half of the first act of the play we plan to present in the future. The name of it: "Let the Wedding Bells Ring."

We would appreciate it if all clubs and organizations would save their old glass rims and sun glasses and send them to the needy. The address is: New Eyes for the Needy, Inc., Short Hills, New Jersey.

Frosted cokes and cake was served.

At the social held at the home of Mrs. Oris S. Smith March 31, a drawing was held for the club quilt, and the winner was Mrs. Owen Blevins.

Next club meeting will be with Mrs. Faye Rogers. —Reporter.

**Railroads . . .**

(Cont'd. from First Page)  
hoka promoters thought might be interested.

Nearest rail points were Big Spring (Texas & Pacific) and Canyon City (Santa Fe). Lubbock was a village little larger than Tahoka.

There were rumors of railroads crossing Lynn county in 1905, and The News played them all up. First, was the proposed Dallas & New Mexico, then in succession the Interstate & Great Western, the Amarillo, Plainview & Southern, the Canyon City, Plainview, and Southeastern, and the West Texas and Northern.

In 1906 and 1907, the Trinidad, Colo., to Galveston road was proposed to come by Hereford, Lubbock, and Tahoka.

Hopes were boosted in 1906, when the Roscoe, Snyder & Pacific was chartered, but when this road was later built in 1909 it only reached to Fluvana.

Then came in 1907 the proposed-Panhandle Short Line from Stanton north.

There were more railroad dreams throughout 1908, and on into 1909.

For four years, Tahoka citizens had been holding "railroad meetings," all to no avail, apparently.

Then, the Santa Fe System announced in 1909 and started to work almost immediately on its Texico, Lubbock, Sweetwater, and Coleman "cut-off" road. Quickly followed announcement of the Lubbock-Plainview "cut-off."

Tahoka had missed the big one, but Tahoka citizens had just started to work.

In February, 1909 a committee of T. M. Bartley, Charley E. Brown, and W. D. Nevels was named to work on a Lubbock-Tahoka-Lamesa railroad.

Then, T. J. O'Donnell, a capable promoter, entered the picture, and with the help of Charley Doak of Tahoka, later the "daddy" of O'Donnell, and Mr. Lindsey of Lamesa, and others, went to work on a railroad from Stanton north to connect with the coming Santa Fe.

They went to Chicago to lay a proposal before the Santa Fe officials, returning May 28, 1909. The News announced in a banner headline on August 13: "Tahoka's turn at railroading comes at last—Santa Fe will back Mr. O'Donnell in railroad building."

On August 18, 1909, President W. B. Story, Jr., of the Santa Fe announced from Chicago that a railroad would be built from a point on the new main line (Stanton, it turned out to be) to Tahoka and Lamesa. Completion was to be within a year, and Tahoka and Lamesa were each to put up \$50,000.00 bonus for the road, right-of-way, etc.

Another land rush was on. Jack Alley, E. D. Skinner, and Charley Brown carried page and two-page advertisements for weeks in The News to sell town lots and lands.

Building of the grade started December 9. Teams of mules and horses, pulling fresnoes and scrapers were used to move the dirt. Nearly half the people in the county with teams turned out to work on the job.

The base completed, laying of track went rapidly, and the rails reached Tahoka depot Saturday, May 14, at 1:30 p. m.

A month later, the morning of June 13, a crowd gathered at the station here waiting expectantly and looking northward up the track. A few minutes before

Mr. and Mrs. Louis Campos of Rt. 2 on the birth of a son, Joe Louis Campos, weighing 10 lbs. 12 ozs. at Tahoka Hospital at 6:32 a. m. April 9.

Mr. and Mrs. Ramon Beserra of O'Donnell on the birth of a son, Ramon Jr., weighing 6 lbs. 12 ozs. at Tahoka Hospital at 7:27 a. m. Sunday.

Mr. and Mrs. J. C. Ford of Route 4 on the birth of a son weighing 7 pounds 10 ounces at 5:36 a. m. Monday in a Lubbock hospital.

**Mrs. Jack Goodman Leaves For Guam**

Mrs. Jack C. Goodman and three children left Thursday on the first leg of a trip to Guam, in the Pacific, where they expect to join her husband and the children's father, Naval Lieutenant Jack C. Goodman.

Mrs. Goodman left for San Francisco by train. As soon as their papers are cleared, they expect to fly from the West Coast to Guam via Hawaii.

Lieut. Goodman is with a Naval Airforce weather squadron.

Mrs. Goodman is a daughter of Rev. and Mrs. Jim H. Sharp.

**MRS. W. E. SIKES ILL**

Mrs. W. E. Sikes, a pioneer of Lynn county, is ill at her home here in Tahoka, although her condition is not considered serious.

Visiting her last week was a daughter, Mrs. Preston (Lenore) Strasser of Bakersfield, Calif., who will be remembered by many people here. Also frequent visitors here during Mrs. Sikes' illness have been two other daughters, Mrs. C. R. Riley and Mrs. Pete Ellis, both of Brownfield.

11:00 smoke was sighted, and the Peos & Northern Texas Railway Co. (Santa Fe) mixed train of a few box-cars, flat-cars, and a passenger coach rolled into Tahoka for the first time, exactly on time.

Paul Ray recalls that he and his brother, Wade Ray, and Bert King were among those riding that first train to the new station and town at O'Donnell.

Great plans and much publicity were given to the big picnic and barbecue held on August 12 and 13, 1910, at which the picture on the first page of this issue was taken. A great crowd was on hand to celebrate this milestone in the history of Lynn county.

A. E. Cloud is believed to have been the first Santa Fe agent here. He was succeeded by Johnnie Hughes. Joe Heare came March 1, 1915, and liked the job well enough to stay 30 years. Mrs. Heare worked with him as clerk a part of this time. Mr. Heare was succeeded by Tom Gill in November, 1943.

Tahoka grew rapidly for a while, as it was shipping point for a long time for ranchers and communities all the way to the present Hobbs, Lovington, and Tatum, N. M. It was Brownfield's nearest railpoint.

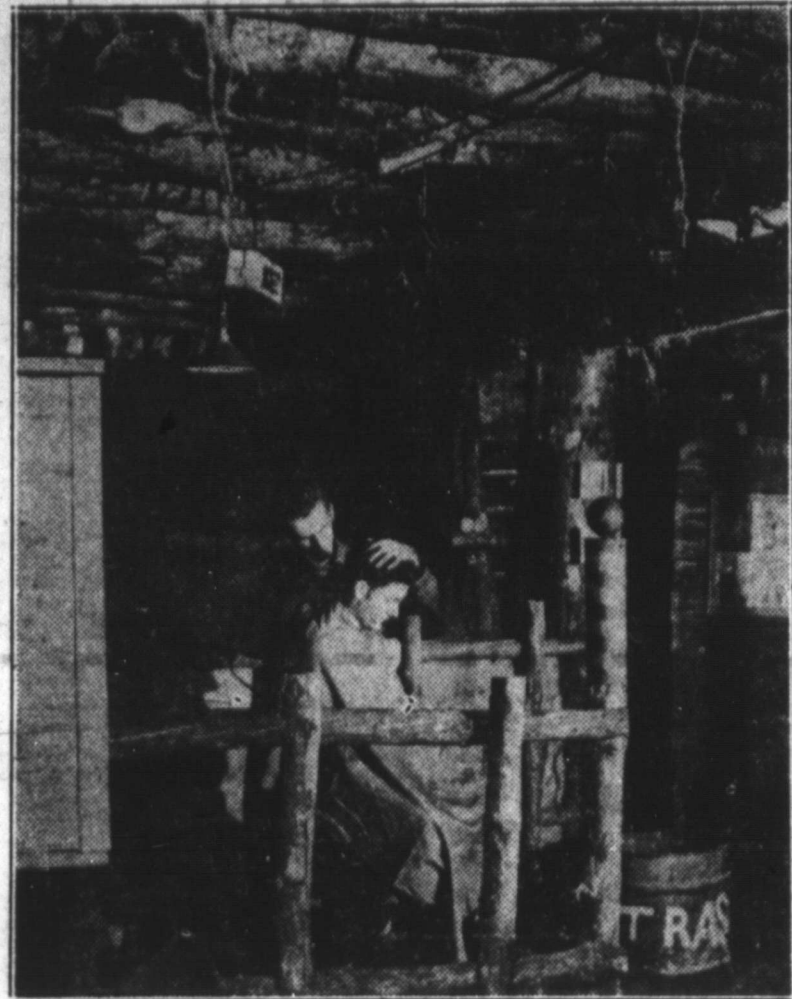

Though farmers were coming in increasing numbers, this was still largely a cattle country.

For a few years, Tahoka was reputed to be the biggest cattle shipping point in the world.

Tahoka's far-sighted citizens and Santa Fe were wise. A great agricultural empire was to be built—and it is still building.

There were other railroad proposals all the way up to the 1920s. But the automobile, the truck, and the paved highways came, and the great era of railroad building came to an end.

Wilmer Smith of New Home left Sunday for New Orleans, La., where he is attending this week the national convention of cotton compress and warehousemen on special invitation.

Mr. Smith was elected, in February, president of the Texas Cooperative Association. Because of his position, he was invited to this convention.

**GEORGE REID IMPROVES**

George Reid, local rural mail carrier, who suffered some kind of attack Sunday, has been improving nicely and is not believed to have any serious ailment.

At first, it was believed that he had suffered a heart attack. He was taken to Tahoka Hospital for attention, but improved rapidly and was able to go home on Tuesday. Wednesday, a heart specialist made an examination and reported his attack had been a very light one and his heart had suffered no ill effects therefrom.

H. A. Winkler entered Tahoka Hospital Tuesday as a medical patient. He is not seriously ill.

**SENIOR PRESENT PLAY SECOND TIME TONIGHT**

Tahoka High School Seniors are presenting their annual class play again tonight at 8:00 in the school auditorium. First showing was on Thursday night.

This year's play is a court trial story, "The Night of January 16," and final ending depends of the action of a jury selected from the audience.

**CARD OF THANKS**

I wish to take this opportunity to thank my friends and neighbors for the many kinds words, cards, and flowers, during my illness and stay in the hospital. Again I thank you. —Mrs. C. A. Marlin.

A national cotton crop of from 12 to 12.5 million bales will be sufficient to meet domestic and export demands and leave an adequate amount for reserves. Cotton is a heavy consumer of farm labor and consideration should be given to this part of the cotton production picture.

Use temporary pastures to give the native plants a chance to come back before grazing native pastures heavily.

Mr. and Mrs. J. H. Edwards III of Houston were here last week visiting his maternal grandparents, Mr. and Mrs. Roy E. Poer, and other relatives. J. H. is in the Navy and is home on leave from Guam, where he spent 18 months. He will report for reassignment at San Francisco the last of this month.

Results of research done by the Texas Agricultural Experiment Station indicates that post and blackjack oaks may be controlled by chemical sprays. Trial spraying are recommended.

There is evidence to prove that farm and home accidents can be reduced when rural people attack the problem through organization. Agriculture presently ranks as the third most hazardous occupation in the nation. It's a good time to make a check and then remove the accident hazards around your farm.

### Negroes Planning Music Program

White people of the area are invited to a Singing Festival in the district court room here Friday night, April 24, featuring Tahoka and Lubbock Negro singing groups. The festival is being sponsored by Rev. W. D. Atkins, pastor of Wesley Chapel Methodist Church of Tahoka.

Among the singers, and the manager of each group, will be: The Chosen Five, Mrs. Shirlet Henry, Tahoka; Four Joy Belles, Miss Ann Duncan, Tahoka; Tahoka Five, Bro. Henry; Kings of Harmony, Tommy Essie, Lubbock; Loving Five, Bro. Clay, Lubbock; Lone Stars, Bro. Geo. Black, Lubbock; and Holy Gospel Singers, E. L. Collins, Lubbock.

Rev. Atkins writes: "To the good white people of Tahoka: This is a program to be given for your listening pleasure. Will you please hear these groups sing. They will try to sing your request songs. Come and hear these groups sing. Sing unto the Lord a new song for He has done marvelous things. Make a joyful noise unto Him, all the earth, and sing-praises."

### New Levelland Hotel To Open

LEVELLAND, April 16. — Levelland residents today were setting the stage for the grand opening of the city's new ultra-modern Hotel Cal Boykin here on April 25.

The opening of the two-story, forty-room structure will mark the culmination of community-wide work and planning which has extended over a period of more than four years. The building represents an investment of almost \$300,000.

Open house will be held from 2 p. m. to 5 p. m. after ribbon-cutting ceremonies are completed. A banquet session will follow in the evening.

The building of modern design, besides 39 guest rooms reached through a panel glass entrance-way, will have a banquet hall seating 225 persons and a modern kitchen and coffee shop to be operated by local restaurateur, Wayne Lewis.

The front of the building, including the coffee shop designed with an attractive stair-step window, is finished in red Roman brick with an overhanging stainless steel awning. The remainder of the building is finished in

cream face brick with Roman trim.

Sixteen more rooms may be added to the building without any basic structural changes.

The hotel will be operated by Cal Boykin, who also operates hotels in Midland and Portales. V. J. Hatfield of Amarillo will serve as hotel manager.

Mr. and Mrs. H. L. McMillan, Jr. and son, Perry, visited Mr. and Mrs. Melvin (Pete) Schaffner in Lockney over the week end.

### Luttrell Family Came to Lynn County In 1901, Filed On Two Sections

The Luttrell family was among the earliest settlers in Lynn county, coming here in 1901, Mrs. J. O. King revealed when questioned by a News reporter this week.

The father and mother, John Luttrell, who died in 1938, and Mrs. Luttrell, who died in 1911, came from Coke county nearly fifty-two years ago landing here on Thanksgiving of 1901.

Shortly after their arrival, the late Mr. Luttrell went to Lubbock and filed on two sections about 12 miles southeast of the present-day Tahoka in what later became known as the Joe Bailey community.

In order to file on the State land, Mr. Luttrell went to Lubbock and had to stand in line for 30 days at the clerk's office

to get the property, most or all of which the children still own. Mrs. King says Mr. Luttrell took his bedroll with him, and stood, sat, and slept in line all those 30 days except for time out to eat. While he went to eat a friend held his place and then (Cont'd. On Back Page, Sec. 2)

### Local Roping Club Plan Reorganization

All men interested are invited to a reorganization meeting of the Tahoka Roping Club which will be held next Thursday night, April 23, at 8 o'clock in the WOW Hall, Oran Short announces.

If sufficient horse riders and ropers are interested, it is believed a program of activity may be carried out again.

**Pettigrews Tell Of Trip To South**

Mr. and Mrs. George Pettigrew returned home Sunday from a three months vacation trip during which they enjoyed a visit over most of the Southern states.  
 George said this was their 25th wedding anniversary celebration, and they just decided to close up their store and take this trip leisurely as this was the first real vacation they had taken in 12 or 15 years.  
 When they stopped at a place, they never knew nor cared whether they would remain overnight or for a week. They did a lot of sight-seeing and also a lot of fishing. In fact, he says that they caught so many fish at one place in Louisiana that he was invited to appear on a radio program at Baton Rouge, 100 miles away.  
 During these three months, they visited Louisiana, Mississippi, Tennessee, Georgia, Alabama, and Florida.  
 They also visited in Austin with their only daughter, Rita, who has lunch guests of Rev. and Mrs. Louis Tabor in Lubbock Thursday. Rev. Tabor is pastor of the Redeemer Lutheran Church in Lubbock.  
 Mr. and Mrs. Hub Young were in Winters Sunday where they visited relatives and attended the funeral of Mrs. Frank Berryman. Mrs. Mattie Whittington and Mrs. Blake Gregston were in Lubbock Monday.

**Safe Home Use Of Insecticides**

COLLEGE STATION. —Use common sense along with insecticide for home safety and insect control. According to N. M. Randolph, entomologist for the Texas Agricultural Extension Service, insecticides have a place when properly used, to prevent damage by household enemies as roaches, ants, silverfish, flies and clothes moths. Carelessness can cause serious accidents.

The entomologist says insects which bother man, his food or his belongings, thrive especially in cities where households are close together. But generally in homes today, household insecticides have become as necessary as cleaning fluids or furniture polish, and should be treated with the same caution. Most insecticides are toxic, but they are no more dangerous than any other commonly used household items. Safety rules for using insecticides are listed in Federal and State bulletins on insect control. Precautions, as well as instructions for safe use, are given on the labels of insecticide containers. If you follow these instructions, you can feel assured of safe use.

Some specific precautions, the specialist says, are to keep the insecticide away from food, dishes, silverware or cooking utensils. If you spill a concentrated insecticide on yourself, wash it off immediately with soap and water. Don't expose yourself to dust or spray mist in the air. Provide extra ventilation by opening doors and windows when extensive spraying or dusting jobs are

done. Don't spray liquid insecticides into electrical outlets or on exposed connections where you might create a short-circuit. Don't apply oil-base insecticides near fire, flame, or sparks, and don't smoke while applying them. When you have finished applying an insecticide, dispose of the unused portions or return them to the original container. Clean the sprayer or duster, then wash with soap and water. Change your clothes if you have spilled insecticides on them.  
 And, one of the most important precautions—keep insecticides where children or pets can't get to them. Don't store them with foods or where they might be mistaken for food items.

**Douglas McNeely At Camp Rucker**

CAMP RUCKER, Ala., —Pvt. Douglas R. McNeely, son of Mr. and Mrs. Arlie A. McNeely, Tahoka, has arrived at this Southern Alabama Army camp to undergo initial military training.

Inducted February 27, and processed at Fort Sill, Okla., he will receive basic training from the 47th "Viking" Infantry Division here. The new soldier will undergo a rigorous schedule including a wide range of military subjects from military courtesy and field sanitation to machine gun and bazooka familiarization.

After finishing eight to 16 weeks of primary training, the recent inductee will be eligible for reassignment for further infantry or specialized training.

The 47th Division, first permanent assignment for the new soldier is a former Minnesota-North Dakota Guard unit. Activated for service on Jan. 16, 1951, the Division now is launching its third year of duty at Rucker. Now an "Army of the United States" division, the 47th has drawn men from all 48 states and three territories. Commander is Maj. Gen. Robert L. Dulaney.

**O'Donnell Has New Postmaster**

(O'Donnell Index-Press)

The acting Postmaster Harold "Odie" Line has been notified by the postal department that he will be replaced as acting postmaster of O'Donnell by C. R. Burleson, Jr.

The change is expected to be about April 15. Mr. Line has been a most capable, courteous postmaster since he took the job in August. Mr. Burleson is a veteran of World War II, as is Mr. Line; he is a farmer and a rodeo enthusiast, being one of the town's most civic minded workers. Recently Mr. Burleson was chairman of the local Red Cross Drive.

Last December, Mr. Line, Mr. Burleson and Glen Gibson took a civil service examination to fill the local postal position. It is not known when a permanent postmaster will be appointed.

he held the friend's place in line.

There was no school anywhere near for some time, until Joe Bailey was established, and children in that day had little opportunity compared with today, at getting a learning. However, they picked up much practical information then that many children of today never acquire.

When they first came, the nearest store was 15 miles away the Enos L. Seeds store at Grassland. Then, Horace Randall established a postoffice and little provision center in a half-dugout at Lynn. Then, with the organization of the county in 1903, Tahoka was established.

J. O. King came to Lynn county in 1902 from Big Spring, where he had lived about a year, and worked on the old Dixie Ranch, owned by King and Clifton.

The year 1904 was a big one for Mr. King. He filed on a section of land at Three Lakes, now known as the Sikes section. At so, he and Mrs. King were married on August 4, 1904.

The Luttrell "children" still live here. They are: Mrs. King, Mrs. W. R. Trawee, Mrs. Paul McDonald, Mrs. George Henry, Mrs. Levi Nordyke, W. T. (Wes) Luttrell, and R. R. (Bob) Luttrell.
