TELEPHONES FOR THE FARMING AREA—Pictured above are officers and directors of Poka-Lambro Rural Telephone Cooperative which cut-in its first service to 130 members in the Southland exchange area Wednesday of last week. Officers pictured above are, left to right: W. D. Harmon, manager, Tahoka; V. H. Wheatley, secretary-treasurer, Brownfield; Loyd McCormick, vice president, New Home; Lee Bartlett, director, Meadow; George W. Teague, director, Lamesa; T. B.

Mason, director, New Lynn; C. W. Roberts, director, Grassland; and James T. Dunn, president, Lamesa. The center picture is of the old Southland manually operated magento exchange equipment. This exchange was bought by Poka-Lambro several months ago, but has been in operation possibly for 40 years and the equipment is much older than that. Pictured at the extreme right is the new Poka-Lambro automatic unattended dial exchange equipment at Southland, the most

modern and up-to-date equipment manufactured. This and similar exchanges at New Home, New Lynn, West Lakes, and Fletcher-Carter (Grassland-Redwine) are housed in fireproof 16 by 24 foot tile buildings. Workmen are now setting telephone in the New Home area, and this and three other exchange areas will be in operation in the near future. It is hoped work may start soon on the O'Donnell, Lamesa, and Gail section.

Contracts Let On New Farm-To Market Roads

More farm-to-market road work is due to get underway in Lynn county in the near future, according to County Judge Walter M. Mathis.

Contract was let Wednesday of last week in Austin by the State Highway Commission to Kerr & Middleton of Lubbock for the building of nearly 10 miles of new road in the northwest part of Lynn county.

This project includes 4.2 miles of new paving from Petty east to the Dixie paving on FM 1317, leading toward Tahoka. It also includes 5.2 miles of paving in Lynn county and a mile or more of paving in Lubbock county, leading north from existing paving north of New Home to the Lubbock county line and joining up with the Slide paving. This is FM 1730.

Mr. Mathis is also informed that another contractor for the State Highway Department is preparing to pour the hot topping on the New Lynn to Wilson project and the Grassland project. Base has been completed on both.

The first of these consists of 4.6 miles of new road, FM 1656, connecting up existing paving east of Wilson with that west and north of New Lynn.

At Grassland, paving a mile east will be extended to the Garza county line and all the 2.3 miles topped and retopped. FM 1313, south a mile and west 3.8 miles and connecting with the Draw paving will be retopped in the same project.

Tahoka Veterans Elect Officers

New officers were elected by the Veterans of Foreign Wars Post No. 3905 at a business meeting held by the organization in the WOW hall on Thursday night, April 16. Several members were present along with one veteran of World War I.

New officers for the coming year are: N. T. Conner, commander; Roy Askew, senior vice commander; C. W. Conway, quarter master; and Vernon L. Clem was appointed Post service officer.

Plans were made for the annual Poppy Day; date set for the sale of poppies being May 23, one week prior to Memorial Day. All members of the Post and Ladies Auxiliary are to assist in this project. These poppies are made by disabled veterans and are sold by local posts to help in rehabilitation of veterans and for other projects sponsored by the VFW.

The three new hospital beds, one polio walker, and one new wheel chair purchased with the help of a recent magazine selling effort have been received and are being held by Deck Dunagan at his service station.

These, along with 10 pair of crutches, four wheel chairs, and seven beds, are available to anyone needing them. They are loaned as long as needed and are not for sale.

Mr. Dunagan reports one hospital bed is unaccounted for, and anyone who knows where it is should let him know.

The VFW decided to hold one meeting each month on the fourth Thursday at 8 p. m., the next meeting being April 23 for the purpose of swearing-in all new members and installing officers. All members, overseas veterans of World War I, World War II, and the Korean War are urged to attend these meetings.

Bill Griffin, past Post Commander, was to be installing officer in charge of the actual ceremonies at the meeting last night, Thursday.

MRS. JIM BURLESON IS CRITICALLY ILL

Mrs. Jim Burleson is reported to be in a critical condition at a Temple hospital, where she was carried about two weeks ago.

Buel Draper and Happy Smith accompanied Mr. and Mrs. Burleson to Temple.

\$100,000 Bond Issue Proposed For Schools

Tahoka school district property owners will be asked to vote May 9 on a proposal to issue \$100,000 in bonds for enlargement and improvement of the local school plant to take care of the growing enrollment.

The decision was reached at a meeting of the Board of Trustees Tuesday night after a petition calling for the election had been presented.

The Board has been studying the situation and a bond proposal for several months, and has decided to present the proposition to the voters now.

Under the new Gilmer-Aikin school laws, such a bond issue would not make necessary the raising of taxes or valuations. In fact, it would not cost property owners but very little proportionately.

A complete and understandable explanation of the Gilmer-Aikin set-up is almost impossible of explanation here, but Supt. Otis Spears and members of the board have figured that of the \$100,000 issue this district would pay \$31,579.00 and the State would pay the rest. Tahoka district's part would require less than six cents of the tax dollar.

The board proposes to use, if the voters approve, about half of the issue now in school plant improvements and the other half or (Cont'd. On Back Page)

Ginnings In 1952 Totaled 100,124

Lynn county ginned 100,124 bales of cotton from the 1952 crop, according to the final report of the Bureau of the Census. This was nearly 4,000 bales more than the 1951 crop of 96,273 bales.

Lynn county ranked fifth on the Plains last year, its production being exceeded by four counties with more extensive irrigation.

Lubbock led the state with 244,726 bales, Hale ginned 206,542, Lamb 177,030, and Hockley 162,332.

CAVENESS GOES HOME

H. P. Caveness, who has been seriously ill in Tahoka Hospital about two weeks, was able to return to his home Wednesday. He is reported to be showing "nice" improvement.

VERNERS BUY RESIDENCE

Mr. and Mrs. Charles Verner have bought the large new home on North First built recently by Higginbotham-Bartlett company. They hope to move to it soon.

Mrs. L. E. Beatty of route 4 is recovering from major surgery which she underwent at Tahoka Hospital Saturday.

School Closing Dates Are Set

Tahoka schools will close this year on Friday, May 15, according to High School Principal Jake Jacobs.

The class sermon will be on the evening of Sunday, May 10, which is also Mother's Day.

Graduation exercises for High School Seniors will be on the night of Friday, May 15.

Seniors will complete their work the week before, and will take their annual Senior trip Monday through Thursday, May 10-15.

Teacher Body Elects Officers

Lynn county teachers met Monday night, April 20, at Wilson.

The following officers were elected for 1953 and 1954: President, Mrs. Pearl Davidson of Wilson; Vice President, Miss Marie Johnson, Tahoka; Second Vice President, Supt. Otis Spears, Tahoka; Secretary, Mrs. Jolly, O'Donnell; Treasurer, Supt. J. P. Hewlett, Wilson.

The teachers were entertained with several numbers by the Wilson band. Pearl Mason gave a flute solo.

Supt. John F. Morris of O'Donnell spoke on current legislation concerning education.

Cotton Outlook Meet Tuesday

A "cotton outlook" meeting for farmers and others interested will be held in the county court room at 10 a. m. Tuesday, April 28.

Dee Green, PMA secretary, will discuss the cotton allotment law as it applies to this year's crop and County Agent Bill Griffin will discuss the price outlook, the carry-over, and foreign and domestic consumption.

RUMBO IMPROVING

J. I. Rumbo, who recently suffered a "stroke" is reported to be improving gradually in Tahoka Hospital, where he is a patient.

Kathy Lewis, 4, daughter of Mr. and Mrs. Dan Lewis, underwent a tonsillectomy at Tahoka Hospital Wednesday.

Howard Davis and family of Richmond, Va., have been here several days visiting his father, W. M. Davis, and family.

C. of C. Names New Officials

All members of Tahoka Chamber of Commerce are urged to attend a meeting of the organization Monday night at 8 p. m. in the American Legion hall at which time plans will be made for the coming year's program.

New and old directors are especially urged to be present. In recent balloting by mail, five new directors were elected by C. of C. members. They are: Geno Jones, Otis Spears, Frank Hill, Mitchell Williams, and Alton Cain.

At a meeting of old directors Monday night, Fred McGinty was elected new president, succeeding Clint Walker. Herman Renfro was elected vice president.

Hold-over directors are: Walker, O. C. Elliott, H. B. McCord, Jr., Renfro, and Ross Smith.

Weather Reports Available Here

Krick and Company, rain-makers, operating through the West Texas Weather Improvement district, will make weekly weather forecasts which will be posted at a number of places in Lynn county on Tuesdays, according to T. B. Mason and Guy Smith.

The first of these was posted this week in the window of the Lynn County News.

Krick does not permit publication of these forecasts, but they may be seen weekly at the following places: The Lynn County News in Tahoka, Hash Cleaners in O'Donnell, Vaughn's service station at Grassland, Palmer's store at Draw, Wilson State Bank in that city, Bill Balch's at New Home, the store at Gordon, and the home of Mrs. Zella Smith at Hackberry.

ROGERS BUYS HOME

Mr. and Mrs. Turner Rogers last week bought the Stanley Sigman home on North Fourth, west of the High School, and moved in over the week end. Mr. and Mrs. Sigman have moved to Hereford.

Advertising doesn't cost, it Pays

Trash Cans Will Be Sold Here

Trash and garbage cans will be placed on sale in Tahoka next week by the Lions Club, according to Lester Streech, chairman of the club's finance and activities committee.

The cans are the 20-gallon size, approved by health authorities, and will sell for \$3.25 each. Mr. Streech said proceeds from the sale will go to the Crippled Children's Home at Kerrville.

Mayor E. R. Edwards and other city authorities have endorsed the sale of the cans as a health measure and as a convenience to citizens and the trash haulers. If a majority of the citizens will buy and use these cans, it is believed flies and mosquitoes may be controlled more easily.

The Lions will make a city-wide canvass, and hope to wind up the sale of these garbage cans by Saturday night of next week. The Boy Scouts will assist them in making deliveries.

Bloodmobile Is Coming May 12

The Red Cross Bloodmobile will be in Tahoka on Tuesday, May 12, at the Legion Hall to take blood donations from Lynn county citizens for use by the Armed Forces overseas, according to Bill Griffin, county Red Cross chairman.

Pledge cards will be available soon, and citizens will be asked to sign up to donate blood on this day.

A group of hostesses, under direction of Mrs. G. M. Stewart will be on hand to assist the Red Cross Bloodmobile workers, and refreshments will be served those donating blood.

JUDY CAROL STONE, 8, DAUGHTER OF MR. AND MRS. H. O. STONE OF WEST POINT, FELL AND FRACTURED HER ARM WHILE PLAYING AT THE LOCAL SCHOOL THIS WEEK.

Judy Carol Stone, 8, daughter of Mr. and Mrs. H. O. Stone of West Point, fell and fractured her arm while playing at the local school this week.

Burglars Enter Tahoka Stores

Burglars entered three Tahoka business institutions some time last Saturday night, but so far as is known, the loot was negligible, according to Deputy Sheriff Tom Hale. No arrests have been made.

Places entered were Higginbotham-Bartlett and Shamburger-Gee lumber yards and G. H. Chestnut Service Station.

At Higginbotham-Bartlett, less than \$25.00 in cash was taken. Early this week nothing else had been missed, nor was anything of much value missed from either of the other two places of businesses.

In each case, the burglars gained entrance through rear windows.

MRS. SPRUIELL ILL. Mrs. S. P. Spruiell, about 65, is seriously ill in Tahoka Hospital.

O'DONNELL IN 1910—The above "cut" from the files of The News depicts O'Donnell as it appeared in 1910, the year of the town's establishment on the coming of the Santa Fe railroad in the summer of that year. Prime movers in building of the town were the late C. H. Deak, the first sheriff of Lynn county, and T. J. O'Donnell, the railroad promoter. When the first train rolled into O'Donnell on June 13, 1910, building of the little city was already well underway and growth was rapid for a while. The above picture was probably taken in the fall of 1910.

Sidelights From Washington

BY GEORGE MAHON

At this writing the decision has not been made as to whether there will be a price support program on cottonseed this year. The question has been in the debate stage in the Department of Agriculture for weeks. I have been urging that the price of cottonseed be supported. Under the law, a support program is permissible but not mandatory. A ninety per cent of parity support program has already been announced for soybeans, a competitive product.

Under the circumstances, I feel that a support program for cottonseed should be announced, and I think the chances are now fairly good that such a program will be provided. All cotton farmers have a direct interest in the matter. I agree that many complications are involved. A large cotton crop is anticipated and the Government already has on hand 437,500 tons of cottonseed oil.

The Senate has not yet taken action on the bill which would continue in operation beyond 1953 the law which provides for the importation of agricultural labor. On April 15, by a vote of

TAHOKA F.H.A. CHAPTER ELECT NEW OFFICERS

The Tahoka F. H. A. held a chapter meeting on Thursday, April 16, at 12:30 in the study hall.

The meeting was held in order to elect officers for 1953-54.

The following officers were elected: Jo Ann Fenton, president; Jane Shepherd, vice president; Jerry Aldridge, recording secretary; Janette Jenkins, corresponding secretary; Margie Curry, treasurer; Rose Marie Yandell, reporter; Janet Dube, historian; Virginia Gable, sergeant of arms; Marianna McGinty, song leader; Jerrie LeMond, pianist.

ONE NAME IS FILED FOR CITY COUNCIL POSITION

The name of Albert Curry has been filed for city councilman in the special election to be held on May 23 to fill the vacancy left by resignation of Stanley Sigman. Thursday was the last day for filing, according to City Secretary Tom Bartley.

259 to 87, the House voted to continue the measure in its present form for three additional years. The law should be amended, but the members of the House Committee on Agriculture who sponsored the legislation were afraid to seek a change, fearing that such action might result in defeat of both the amendments and the resolution to continue the program. In a speech in the House, I pointed out that the present program was lopsided in favor of Mexico and called for a more satisfactory administration of the law.

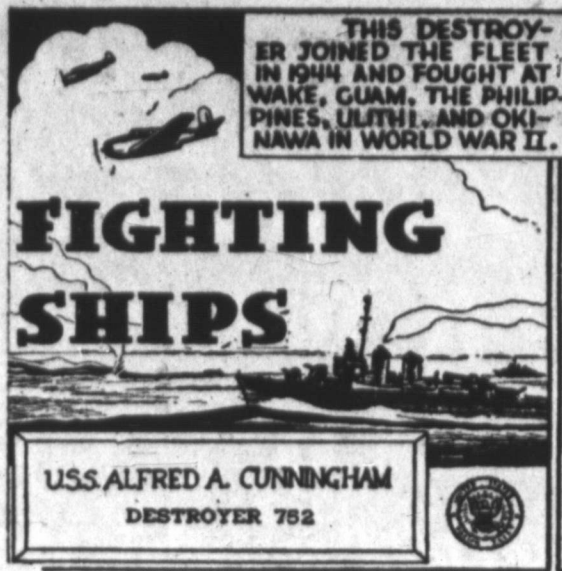

Some time ago, I joined with members of the Farm Bureau and cotton producers, generally, in urging the establishment of an additional cotton classing office in West Texas. Department of Agriculture officials have now turned down the proposal. On Monday of this week, I appeared before the House subcommittee on agricultural appropriations in an effort to promote the West Texas application. Present prospects, unfortunately, are not good.

Mrs. Oveta Culp Hobby has become the first Texan in President Eisenhower's Cabinet. I joined with others in creating the new position which she now occupies. I think she is a very capable person. I first became acquainted with her during World War II when she was head of the WACS. At that time, she frequently appeared as a witness before congressional committees. Secretary of the Navy Robert Anderson is from Texas, but he is not a member of the Cabinet. The Cabinet position is occupied by the Secretary of Defense and not the Secretaries of the Army, Navy and Air Force.

FIGHTING SHIPS

USS ALFRED A. CUNNINGHAM DESTROYER 782

ON THEIR WAY TO SIGN THE ARMISTICE, THE JAPANESE EMBASSIES WERE FIRST SIGHTED BY THE CUNNINGHAM.

THIS DESTROYER JOINED THE FLEET IN 1944 AND FOUGHT AT WAKA, CUBA, THE PHILIP PINES, LITINI, AND OKINAWA IN WORLD WAR II.

AFTER THE KOREAN OUTBREAK, SHE WAS RECOMMISSIONED AND JOINED TASK FORCE 77.

STALKING THE KOREAN COAST, SHE BLASTED SHORE INSTALLATIONS, EXPENDING OVER 4000 ROUNDS OF AMMUNITION.

SHE SUPPORTED LANDING OF R.O.K. GUERRILLAS ON THE ISLAND OF NAN-DO AND TOOK PART IN THE BOMBARDMENT OF WONSAN.

TODAY IN KOREA, AS IN THE PAST, SHE FIGHTS WHERE EVER DUTY CALLS.

SHOOTING IN THE DARK is simplified with the Army's sniper-scope—shown here in daylight—which uses infra-red rays to penetrate dark shadows or pitch blackness on the Korean battlefield

FISHING PARTY REPORTS FAIR LUCK

A party of ten men returned Sunday night from a three-days fishing trip to the Rio Grande in the Big Bend country. They report that about 25 catfish ranging from six to 12 pounds were caught.

Those in the party were: Blain Ramsey, C. T. Tankersley, Newt Barham, Cody Bragg, Buddy and Jimmy Bragg, J. B. Ables, and Kevill Coffman, all of West Point; Ernest Bates of Paducah, and Joe Ramsey of Plainview.

SINGING SUNDAY

There will be a special song service at the Tahoka Church of Christ Sunday afternoon at 3:00 o'clock to which all people are invited, according to Fred McGinty.

Mrs. H. R. Maxwell, 67, of O'Donnell, mother of Mrs. W. W. Hagood, underwent an appendectomy in a Lamesa hospital Saturday. She was reported to have withstood the operation in fine shape.

DISTRICT H. D. CLUB MEETING APRIL 30TH

Lynn county delegates to the district Home Demonstration club meeting at the First Methodist Church in Lubbock on April 30 are Mesdames Clifton Hamilton, Tom Russell, and Carlise Edwards.

All club women of the county are urged to attend, according to Mrs. T. D. Lishman, Council chairman. Badgets will be given out at the meeting.

UNFREDS VISIT COAST

Mr. and Mrs. J. D. Unfred and children returned home last week from a 10-day trip to California, where they went to take Mrs. Unfred's mother, Mrs. Jane Westfall.

En route, they visited Bryce and Zion National Parks in Utah and Grand Canyon in Arizona.

Jo said he found out Arizona has worse sandstorms than any thing West Texas has to offer.

There is no age immune to cancer, the American Cancer Society points out. Strike back, join the 1953 ACS crusade.

Well Permits Are Announced

The following well permits have been granted this week in the Lynn county area of the West Texas Underground Water district:

Clarence Basinger, 5 miles south and 1 mile west of Southland.

Gwen Timmons, 1½ miles north and ¼ mile east of New Home.

J. H. Lambright, 5 miles south of Slaton.

A. J. Matlock, 9 miles east of Wilson.

M. M. Shelton, 8 miles east of Wilson.

Two Cars Damaged In Collision Here

Cars driven by Rev. Jim H. Sharp, Methodist pastor, and Mrs. A. L. Lockwood were damaged in a two car collision at the corner of North Second and Petty Streets at about 9:30 a. m. Friday.

Mrs. Lockwood is said to have received a bruised arm, but there were no serious bodily injuries. Both cars were damaged considerably.

Pontiac

A GENERAL MOTORS MASTERPIECE

A Very Proud Car—At A Very Modest Price!

According to Webster, one of the important meanings of the word *proud* is this: "Worthy of admiration; deserving praise."

That definition fits the 1953 Pontiac like a glove. Pontiac's distinctive Silver-Streak beauty is certainly worthy of admiration—and gets plenty of it everywhere. And when you sit behind the wheel and feel the effortless surge from Pontiac's famous power plant you'll know that you're driving a mighty proud performer.

As a matter of fact, the only modest thing about a Pontiac is its price—for this wonderful car which gives you the engineering quality and the best features of the costliest cars is priced just above the very lowest!

And when you're figuring price, be sure to remember Pontiac's remarkable resale value—the sure test of long-lasting quality. Why not come in and see how easily you, too, can become the proud owner of a new Pontiac?

HIGHLIGHTS OF PONTIAC QUALITY AND VALUE!

- Long 123-inch Wheelbase
- Exclusive Dual-Range Power Train* for Superb Performance
- Beautiful, Roomy, Luxurious Bodies by Fisher

PYTHIAN SISTERS HOLD MEMORIAL SERVICE

The Pythian Sisters of Lynn Temple No. 45 met Tuesday night at 8 p. m. for their second monthly meeting.

At the beginning of the meeting a short memorial service was held. The program began with everyone singing "Sweet By and By." A Scripture reading was given by Elnora Curry and the program was closed with silent prayer.

Roll call was made and four officers were absent. Those absent were Past Chief Thelma Oliver, Most Excellent Chief, Hannah Nordyke, Treasurer, Burnice Carter and Pianist, Eulalia Richardson. Elnora Curry filled the Past Chief station and Emma Halamiciek, Excellent Senior of the Temple, took the office of the M. E. C. and Nina Short filled the E. S. station. The station of treasurer was filled by Verle Carter and pianist by Helen Ellis. The M. E. C. and treasurer were excused as they were out of town. Florence McCracken represented the Ways and Means committee and reported the sale of tickets for chances on the quilt amounted to \$24.00.

The Eleventh monthly letter from Grand Chief, Katie Lou Ashley, was read. She reminded us that more funds are needed for her project of lighting the girl's dormitory at the home. Grand Temple will be June 14, 15, 16, 17, in Beaumont. The Temple Deputy was asked to make her last report to cover four months, February, March, April, and May.

It was decided to hold a school of instruction here in Tahoka Temple Deputy, Elnora Curry, is to contact the Grand Chief and arrange with Past Chiefs of our Temple to have the school of instruction as soon as possible.

A roll call of members was made for the attendance contest to determine the number present on each side. Novis' side had 22 present and Glenda's side had 17. Novis' side is four ahead now.

For the good of the order Helen Ellis complimented the officers march and good attendance.

After the meeting closed the quilt was given away. Fannie Lee Server drew a ticket and Myrl Mathis was the lucky winner. Sandwiches, cookies, potato chips and iced tea were served to the 39 members present. The hostesses were Glenda Dunagan, Emma Halamiciek, Lucy Brice and Elnora Curry.

All members should remember that the next meeting, May 5 at 8 p. m., will be the last night of the attendance contest. Don't let your side down! —Reporter.

CARD OF THANKS

I wish to take this opportunity to thank my friends and neighbors for the many kind words, cards, and flowers during my stay in the hospital. Again, I thank you! —Mrs. Charles Armstrong.

Mr. and Mrs. G. M. Reid and daughter, Marihelen, attended the Ice Capades in the Will Rogers Coliseum in Fort Worth Saturday.

HEALTH AND SAFETY OF THE PRE-SCHOOL CHILD TO BE DISCUSSED

Mrs. Glenn Woody, registered nurse from Lubbock, will be the guest speaker when the pre-school planning and child development study group meets Tuesday, April 28, at 9:30 a. m. in the audiovisual room of the south elementary school.

Parents play a significant role in the successful beginning of the pre-school child. Children come from homes where parents greatly influence readiness for the many kinds of learning which take place within each individual.

Desirable health habits are basic goals of all education. Good health is needed to insure regular school attendance, an important part of school success.

Pre-school parents and others with young children are invited to hear Mrs. Woody.

Ten mothers attended the meeting Tuesday, at which family relationships and the place of the child in the family group were discussed.

METHODIST W. S. C. S. CONCLUDE STUDY

The Woman's Society of Christian Service of the Methodist Church met Monday, April 20 to conclude the study on "These Rights We Hold." There were fifteen members present.

Mrs. A. M. Bray gave a very impressive one act play, based on "Human Rights."

Mrs. H. W. Carter gave the conclusion of our study. At the close of the program the Society moved to give \$25.00 to Girls Town, as an outgrowth of our study.

The next meeting will be a tea and book review on Wednesday, April 29. Mrs. Cecil Mathews of Lubbock will give the review. We hope to have a nice group present on this occasion. —Reporter.

JUNIOR 4-H CLUB

The Junior 4-H club met in room 7 with all members present, and discussed the shows for the rest of the year. We had three new members to join.

Junior 4-H boys can write a story about "Why I Want a Registered Gilt" and eight boys can win one gilt. The farm boys have a contest on growing cotton on five acres. —Reporter.

Mrs. Vesta Redwine returned home this week from a visit with her daughter, Mrs. Clarence Gausson, and family in Belen, N. M.

Mrs. E. E. Calloway of Abilene was here on business and visiting friends Tuesday.

NATIONAL HONOR SOCIETY ELECTS NEW OFFICERS

The National Honor Society of Tahoka High met last Monday and elected officers for the coming year.

Bobby Lehman was elected president; Rose Marie Yandell, vice president; Jerry Aldridge, secretary; and Joan Fenton, reporter.

The members decided to have supper in Lubbock May 8.

An assembly was held Monday to introduce the new members and officers. Supt. Spears gave a short talk on what one must do to be in the NHS. The four main things he brought out were scholarship, leadership, service, and character.

New members, elected by the teachers, are: Bessie Galloway, Gordon Smith, Marianna McGinty, Ted Fridmore, Sue Williams, Margie Curry, Freshmen; Dolores Gage, and Jerrie LeMond, Sophomores; Loretta Henry, Billy Tong, and Zuella Gray, Juniors

Outgoing officers are: Richard Havens, president; Jo Raindl, vice president; Jane Shepherd, secretary; and John Foster, reporter.

Mrs. J. H. Wyatt returned home Saturday by train from a month's visit in California with her daughters, Mrs. James G. Carr, San Francisco, and Miss Madeline, a teacher at Soldad.

Highest-powered ENGINE in the low-price field

plus all these other buyer benefits that only the New Chevrolet offers you!

- Entirely new Styling**
Strikingly new—with longer, lower lines that set a new standard of beauty for low-priced cars. Roomier, richer interiors, too.
- Entirely new Powerglide***
Faster acceleration from a standing start with new automatic starting range . . . new power to pass in city traffic with new automatic passing range.
- Entirely new Economy**
The most important gain in economy in Chevrolet's history! Two great engines now offer even more economy than you have enjoyed with Chevrolet in the past.

- Entirely new Safety**
New one-piece curved windshield for greater visibility. New, sturdier construction. New, easier brake action and new Foot-Form brake pedal.
- Entirely new Durability**
Chevrolet's new Body by Fisher is strengthened throughout. New heavier door-posts and sills. New bracing in roof and framing.
- Entirely new Power Steering***
Exclusive to Chevrolet in the low-price field! It permits you to park with finger-tip ease. You turn the wheel and the power unit does the work.

Pictured above, you see the great new 115-h.p. "Blue-Flame" engine—one of the most important advances in engine design in many and many a year. New high compression! The 7.5 to 1 compression ratio is among the highest in the industry. Free-breathing carburetion, new aluminum pistons and many other features also play an important role in making this the most powerful engine in its field! Yet, both the "Blue-Flame" engine (teamed with the new Powerglide automatic transmission*) and the advanced "Thrifty-King" engine (in gearshift models) offer a wonderful gain in economy, too. Why not come in and take the wheel on a demonstration drive? Why not make it soon? *Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available on all models. Junior Baseball Games Planned

Bill Strange Motors downed Bray Chevrolet 18 to 3 in a practice Junior baseball game here Sunday before a large crowd of fans. Bray was forced to play substitutes because of injuries and illness.

The Ford boys slugged Pitcher Jolly for 13 hits and 18 runs in five innings, and Eustacia Madrid finished the game for Bray, allowing no runs or hits. Bray's committed two errors.

The Chevrolet boys mustered only five hits and three runs off the combined pitching of Morgan Howle, Manager Gordon Smith, and Pat Green. Strange's played perfect ball afield. Howle got credit for the win, while Jolly was charged with the loss.

Next Sunday, April 26, the Strange boys will play host to Roosevelt, which is also entering the Lynn County Junior League this year. This is the first exhibition game for Roosevelt. Game time is 2:30 p. m. at Tahoka Park.

Smelser, 8; L. D. Mueller, 13; Frank Schneider, 3; Bill McNeely, 5;

S. R. Hutto Farm, 12; R. T. Moore, 2; J. F. Wilson, 6; E. R. Legg, 29; B. R. Tate, 4; City of Tahoka, 26; C. G. Eades, 21; Lewis Allsup, 6; Morris Renfro, 7; Donald Caudie, 12; J. E. Fortenberry, 10; C. C. Coleman, 8; F. E. Weaver, 10; Oscar Wuensche, 2; Leroy Davis, 1; and Fred McGinty, 9.

Border leveling on dry land farms is being done this year for the following: Clayton Beard, 320 acres; and T. H. Basinger, 80 acres.

Fishermen Have Luck On Gulf

Fred Bucy of Brownfield, formerly of Tahoka, writes Charles Townes, local assistant postmaster, that he and his son-in-law, Robert Baumgardner, have been having good luck fishing down on the Gulf coast.

They have recently caught many small fish and a number of large ones, the latter while deep sea fishing, including sea bass weighing 118, 77, 48, and 35 pounds.

Elmer LaGrone of Wells is also down there fishing. The local postoffice force also reports that Postmaster Happy Smith and Farmer Buel Draper recently spent 10 days fishing at Buchanan Lake. They say these fishermen had pretty good luck, catching two eight-ounce catfish—that's right, eight ounces each, not including hook and line. However, their luck was not quite so good at Whitney Lake.

Sims' Nephew Is Victim of Wreck

Mr. and Mrs. Archie Sims of the local school system were called to Mexia early last week by the tragic death of a nephew, Jerry Glynn Sims, age 18 months son of Mr. and Mrs. Alton Sims. Burial rites were in Mexia Tuesday.

The child and a great aunt, Mrs. Mollie Blackmon, 77, also of Mexia, were killed instantly and Mrs. Sims was critically injured when the car driven by the latter went out of control and landed in a creek upside down on a farm road between Marlin and Groesbeck. The accident occurred Monday morning. Mrs. Sims will recover.

Mr. Sims, brother of Archie, works for an oil company.

C. W. Conway, local D&H Super Market manager, and ten other Davis & Humphries store managers spent from Wednesday until Sunday at Buchanan Lake fishing. C. W. reports they had a great time but that fishing was not too good, as the wind was so high they could not get on the water most of the time.

School Bonds . . .

(Cont'd. from Page 1)
year or two or maybe three years hence when and if needed.

This second half, the board proposes to use in adding the four additional classrooms to the new \$250,000 elementary school building erected two years ago. These rooms were eliminated when it was found sufficient bonds had not been voted when this building was erected. Now, there are 12 class rooms in this building, originally planned for 16.

Supt. Spears has arranged tables showing the growth of school attendance and which indicate that these rooms will be badly needed in possibly two years. For example, average daily attendance was 640 in 1945 as compared with 845 in 1952. Indications are that next year's will be even larger.

All classrooms are in use at the present time. Grades three through seven are now overcrowded, and the addition of only a few students in each of these would force need for more rooms. However, the immediate emergency is in the high school. This building, erected in 1926, has become too small and needs expensive repairs to its plumbing. High school attendance has been around 200 for several years, but it will be 225 next year, and more larger classes are just behind next year's Freshmen.

Here are some of the things the board proposes to do immediately, if the voters approve the bonds.

1. Erect a modern home-making cottage to house this entire department. This building would include a foods laboratory, sewing laboratory, dressing room and bath, and combination dining-living room. The present department is very crowded and incomplete and needs repair.

2. Enlarge and improve the vocational agriculture department. This department has its own building, but it has become overcrowded. More male students are enrolling for study of farming, and another room with equipment is needed for farm engineering and shop courses. A second teacher is needed in the department along with a fourth year course in vocational agriculture. Such a teacher's salary would be paid by the state.

3. Remodeling the science laboratories. Plumbing in these rooms is 27 years old, is worn out and leaks from this faulty plumbing is badly damaging rooms below. New furnishings are also a necessity if these courses continue for very long.

4. Plumbing and heating equipment in the old elementary school is also faulty and needs repair, and rest rooms are needed in the gymnasium.

5. Other minor improvements are needed on the campus. With athletic department funds, donations, ticket sales, and possibly a little help from the board, it is hoped the football stadium seating capacity may be doubled and restrooms provided for those attending games.

With very little money for such purposes, present school authorities are doing wonders to the campus. Two new concrete tennis courts have been built, the stadium repainted, the vocational agriculture building improved, the band hall repaired, the new elementary school campus landscaped, all the grounds leveled, and much new grass planted. The football field is also being resodded this year.

Possibly next week, The News will attempt to explain the Gilmer-Aikin law as it pertains to the Tahoka district and to this bond issue.

Tahoka Takes Third In Freshman Meet

Tahoka's Gordon Smith was the only local Freshman track entry to place, but he won two first places and one third place to give Tahoka third place team honors in the annual Lubbock Junior High School Invitational track meet Saturday.

San Jacinto of Midland took first place in the ninth grade division with 39 1/2 points. J. T. Hutchinson of Lubbock was second with 22 1/2. Tahoka had 12 points, and others following, in order, were: Midland Cowden, Lubbock Matthews, Odessa Bowie, Morton, Sundown, Lubbock Thompson, Littlefield, Ralls, O. L. Slaton, Crockett Odessa, Idalou, and Hale Center.

Smith took first places in the 100 and 220 yard dashes, and third place in the broad jump.

Other Tahoka track men gave good accounts but were not able to finish "in the money" in the stiff competition.

Mr. and Mrs. Joe Moore and Howard Wood of Belen, N. M., and Howard's girl friend from Clovis were here this week visiting Mrs. Moore's father, Howard Henderson.

LYNN COUNTY H. D. COUNCIL HAVE MEETING

Lynn County Home Demonstration Council met Thursday, April 16, in the county court room with Mrs. T. D. Lishman presiding. Five clubs were represented.

Former plans for the appearance of a ministerial show, under the auspices of the Council, were

cancelled. We hope to continue these plans at a later date.

Further instructions for attending the District Meeting in Lubbock May 30, were given.

After the business session, the meeting was turned over to the T. H. D. A. chairman, Mrs. Tom Russell, who conducted a short meeting. —Reporter.

Many Business People Furnished Help To 4-H and FFA Boys On Projects

A total of \$1,340.50 in cash bonuses was contributed by Lynn county 4-H and FFA boys who showed in the Lynn County Junior Fat Stock Show a few weeks ago. This bonus money was contributed by business men and other interested people in addition to the prize money donated by Tahoka Rotary Club and Tahoka Chamber of Commerce.

There were 34 fat calves exhibited, with the owner of each receiving an "incentive" bonus of \$14.00 in addition to the prize money the calf may have won. Each of the 145 barrows brought its owner \$5.00 in bonus money and each of the 31 fat lambs \$4.50 in bonus money.

This money was contributed by business men of Lynn county from New Home, Wilson, O'Donnell, and Tahoka.

In Tahoka, soliciting teams composed of "Cotton" Carter, A. M. Bray, Ross Smith, H. B. McCord, Jr., W. V. McElroy, J. A. Biggerstaff, Stanley Sigman, J. D. Smith, and Dale Thuren contacted the various merchants.

In New Home, Bill Balch did the soliciting; and in Wilson, Howard Cook, Sam Gatzki, and others did this work. The News does not have the names of the solicitors in O'Donnell.

The purpose of this fund is to insure each 4-H and FFA exhibitor a cash bonus for a job well done whether or not his animal placed in the show.

Contributors and recipients of the bonuses follow:

Odds AND Ends

(BY E. I. THE ELDER)

Well, here I am, back, folks. I was knocked out entirely last week, but perhaps you did not miss this column much at that. I am sure you did not miss much. Frank worked some mighty good front page historical data and a big photograph of a history-making event, into the paper, which was far more interesting than anything I could have written for my column. Yes, and he also had on the front page a lot of current news that made the paper one of the best we have issued recently.

That was a big day for Tahoka when the first railroad train rolled into the little town on June 12, 1910. It was a great celebration of the event two months later, when on August 12-13, people gathered from far and near to enjoy a great barbecue and to listen to the gay music, the eloquent bursts of oratory, and the shouts and laughter of a happy people who had met to enjoy the occasion, a picture of which scene some photographer snapped and preserved for this and future generations, which picture was published on the front page of this paper.

And that story of the inaugura-

tion of rural telephone service in connection with electric light and power service staged by the Poka-Lambro Rural Cooperative—a new thing in the matter of telephone communication—marked a very important and progressive step in the progress of mankind; for it is one of the first accomplishments of this kind in the history of the world.

So, the absence of my column last week was doubtless hardly noted.

Its absence the preceding week probably would not have been missed much either, for Frank worked in on the front page of that issue of the paper a picture of the town of Tahoka as it appeared just two or three years after it had hatched out. It hatched out, you remember, just fifty years ago this month. The egg pipped on April 7, 1903, when the people voted to organize the county, elected county officials, and located the county seat at Tahoka. It came out of its shell, a full-fledged chicken, when the county officials took office and the commissioners court ordered the building of a court house. All this appeared in this paper two weeks ago, but good news like this will bear repeating. Just think! Where would we have been today if that election had not carried and if that court house had not been built? We might have been out at Grassland, or New Lynn, or West Point, or (Great Snakes!) at O'Donnell.

And here we are, here at Tahoka, all of us, or at least 3,000 of us, and glad we are here, and about 10,000 more of us in Lynn county, and we are glad that they all are close by.

And here I am, back at this typewriter, turning out another batch of grist for the Odds & Ends column. It was only a little thing that kept me out last week, just a little case of nose-bleed. Hardly worth mentioning. Yeah! Did you ever have the nose-bleed, brother? "O yes," you say, "I have had it lots of times," but, "What about it?" After it has bled about 32 minutes, you begin to think "Well, I guess it will let up pretty soon," but it

just bleeds on. You have already scattered blood all over your bedroom floor, all over the bath room floor, all over both shirt-sleeves, all over every old rag you could get hold of and pitched it into a bath-tub of water, and that water is beginning to look like a barrel of water at hog-killing time out at the old farm house—then a gnat dabs into the corner of your eye and you have to dig him out with a bloody fist, the folks of the household insist that you try placing a dime up in the roof of your mouth; it doesn't work, the blood flows on; then another insists that you place it under the tongue—just an old superstition, but you've got to put it there the blood just picks up a little more volume and keeps coming, like Tennyson's brook. Then John and Dinah get scared and telephone to the doctor. "Bring him down to the hospital," the doctor answers; a neighbor just then driving up kindly rushes down to the hospital with you, and you are good for a stay of several days in that institution. That was my experience.

Dr. Prohl could stop the flow of the blood all right, and he did so. But it broke loose and bled a little several times during the period of the treatment. Finally it seemed to have been permanently stopped, but he advised me to see a nose and throat specialist and have it cauterized. I did so, and now after a two-weeks scuffle with the ailment, I seem to be away up on top. That nose will not bleed through that nostril any more, I am assured. Dr. Malone of Lubbock gave me that assurance.

But say, folks, I don't know of anything that can render you more helpless without causing you any pain than a stubborn case of nose-bleeding. If you ever have a genuine case of it, with blood all over your pillow, all over your clothes, all over your face, and a dab or two up in your hair, you will agree with me that it is about the cussedest ailment that ever afflicted a human being. It surely is hard for a Baptist so afflicted to keep from "falling from grace."

And that brings me around to a few words about the great religious revival that Tahoka has just experienced. It was one of the two greatest revivals that Tahoka has seen since I have been a citizen of the town. I think which is a period of a little more than 29 years. Of course there have been many good revivals during that time, but this one and one other, conducted by Dr. Comer, pastor of the First Methodist Church of Waco, something like a decade ago, stand out high above all the others in my thinking. The Comer meeting reached its peak and scored its greatest results in the Methodist Church and the Methodist population of the town. In fact, it almost amounted to a re-birth of the Methodist Church in Tahoka. In the recent revival both the Methodist and the Baptist churches participated cooperatively, but the greatest results scored apparently in the Baptist Church and among those who are Baptist inclined. It marked up 67 additions to this church, 45 by baptism and 22 by letter, while 64 other Baptists rededicated their lives to a more active service of their Lord. No one could attend one of these services without sensing the deep spiritual atmosphere that prevailed throughout the congregation. There was more evidence of deep feeling and high purpose among those who responded to the various invitations than in any other revival I have attended in many a year.

Now a few words about some of the unusual features of this revival.

First, the campaign was planned by the pastors and other workers in the two churches several weeks prior to the beginning

of the evangelistic services, which started in both churches at the same time and closed at the same time.

Second, a period of visitation by members of both churches was conducted for more than a week in which nearly everybody in town was invited and urged to attend one or the other of the revivals.

Third, joint cottage prayer meetings were held in the homes of the town, six each night, for a week preceding the beginning of revival services in the churches.

Fourth, joint street services were held on the public square each afternoon of the revival, consisting of sacred music and a message by one of the pastors, Rev. Jim Sharp of the Methodist Church or Rev. Lee Ramsour of the Baptist Church, or by the Baptist pastor's father, Rev. H. B. Ramsour of Marion, Alabama, who was here to do the preaching in the Baptist Church. Many people attended the street meetings each day.

Fifth, both the Baptist Brotherhood and the Methodist Fellowship organizations conducted active campaigns in support of the services.

Not only did the pastors do effective preaching, but it can be said that the visiting pastor-evangelist, Rev. H. B. Ramsour, proved to be one of the most effective and popular evangelists that ever spoke in a Tahoka revival. His success may be attributed largely to his earnestness, his love for people without regard to their station in life, his passion for the salvation of the lost, and his wondrous faith.

Although it has not yet rained as this is being written on Monday morning, I think it can be announced safely that Spring is here. The trees are all fully decked in green, the Tahoka daisies and other prairie flowers are blooming together with many garden flowers, and the birds are singing in the trees. Personally I like to hear the chattering of the little mischievous sparrows. They make a fellow feel that this is a very busy but also a very joyous world. And already there are a few robins building their nests in my trees. I like to watch them as they build their homes. I have also been listening for the songs of the mockingbird, but I have not heard a one yet. There used (Con'd. On Next Page)

CHALLENGE TO THE INDUSTRY
—the new GMC 400-27 that
outpowers and outclasses its field

GMC's new 18,000 GVW hauler not only dwarfs trucks of 16,000 and 17,000 GVW, but overshadowed—and underpriced—those rated at 19,000. In fact, the GMC 400-27 is designed to outhaul any truck up to 19,500 GVW. Its new engine of progressive design is stripped of excess weight, yet built stronger to absorb the stress of really high compression. It gives you brisker

response, more power and mileage from regular gas. It includes, as standard equipment, many features that are optional at extra cost on other trucks. As a tractor—or as a truck—it can increase your hauling ability, give you impressively better equipment—and save you both purchase and operating money to boot.

130 GROSS HORSEPOWER—on money-saving single carburetion. Valve-in-head engine, 270 cubic inch displacement, 7.5 to 1 compression ratio.

3-SPEED ELECTRIC SHIFT REAR AXLE—15,000 pounds capacity, is coupled with a 4-speed Synchro-Mesh transmission, putting 8 forward speeds at the driver's command. (Single-speed axle available at a saving; 5-speed transmission optional at extra cost.)

30,000 GVW—137" or 149" wheelbase in tractors; 161", 179" or 197" wheelbase in trucks (9- and 12-foot platform or stake bodies optional).

ALSO STANDARD EQUIPMENT: 4,500 pound capacity front axle—Hydrovac-actuated brakes—Moraine M-400 main and connecting rod bearings—Tocco-hardened crankshaft.

to be a pair or two who took up their abode in my trees every spring but none has showed up this year. I am afraid that somebody has killed them or that boys with air guns have scared them away.

I wish we had more red birds and more blue birds and more yellow-breasted birds, and more brightly colored birds of variegated hues out here on these plains than we do have. I wish some society or some organization would become interested in bird study and in importing and protecting birds that might thrive in this area. Of course we do not need crows, nor ravens, nor any variety of destructive birds, but most birds thrive on insects and are far more helpful than hurtful to our crops. And it is marvelous how they multiply. There used to be no English sparrows in America, it is claimed, but somebody imported a few, and now they are here by the billions. Now I must stop and turn this effusion in, but let's all say, God bless the birds.

AMERICA'S NEW RAILROAD

"I want
a ticket on the
Atomic Super Chief!"

Well, sonny, just hang on to that dream. By the time you're a full fare, it might come true!

Of course there is no "Atomic Super Chief" yet.

But, don't sell American ingenuity and progress short. At the rate things grow new for you on the Santa Fe, you only need to squint your mind's eye just a little to see tomorrow streaming toward you down the track!

You can almost feel the future of Santa Fe in the quickened tempo of its progress in the recent past.

Just count the growing number of Santa Fe diesels that speed your freight and smooth your ride today.

Nineteen years ago there weren't any. Today there are 1422 units. By year's end there'll be 97 more. Steam is disappearing fast. And more than 250 coaling and watering stations have bit the dust.

Santa Fe folks just don't dally when it comes to building new.

For today the Santa Fe is America's new railroad. And it's going to stay that way by growing newer every day—in every way that can mean new safety, better service, new comfort and dependability for you.

It costs millions of dollars to serve you so. But it doesn't add a penny to the taxes you pay. Santa Fe folks are proud of that, too—proud that the newness of the Santa Fe is a part of American progress that pays its own way.

Good Judgment . . .

Is very necessary in the operation of an automobile on the streets and highways in these days of high speed. Similar good judgment is just as necessary if one is to maintain sound financial stability. We should "drive with care" at all times in all of our financial dealings.
