Bonds Approved For Addition To School

Only 120 voters turned out in the election Saturday, when the proposed Tahoka school bond issue of \$100,000 was given approval by a 91 to 28 vote.

Members of the board told The News this week that they do not plan to issue but about half of the bonds at this time, and the rest will not be issued at all unless and until such becomes necessary.

Four improvement projects are planned for immediate construction.

The major one, which will cost approximately \$30,000, is a Home-making building to relieve crowded conditions in the High School building.

The present Homemaking department consists of two small laboratories. For the above figures, school authorities hope to erect a permanent brick building, which will likely be located north of the high school, consisting of a foods laboratory, sewing laboratory, combination living-dining room, bath, and bedroom to take care of fully twice as many girls as the present department.

One room and shop equipment will be added to the present Vocational Agriculture building to take care of more boys wishing to take these courses. This is expected to cost about \$10,000.

A third project planned is the replacing of plumbing in the High School, principally in the Science laboratory, repair to damaged walls, and some repairs to the North Elementary building.

A fourth is help on enlarging the football stadium, the erection of some rest rooms, and possibly the laying of sidewalks in front of the High School and North Elementary school.

Local school authorities foresee a growth in enrollment, based on past trends, all through the school in the next two years. If such does develop, the board plans to add four new class rooms to the South Elementary building. Because costs were higher than expected, these rooms were dropped from the plans when this structure was built two years ago.

Still Testing On Magnolia Well

Operators earlier this week were still testing the Magnolia No. 1 J. A. Timmons oil well, south of set to the Hunt-Auld Timmons No. 1 discovery well, in the Tahoka Pennsylvania field between Lakeview and Petty, northwest Lynn county.

Total depth of the hole is 9,880 feet. The section from 9,835-65 feet was treated with 500 gallons of acid, following which 121 barrels of oil flowed in nine hours through a 14/64-inch choke.

The section 9,806-20 feet flowed 37 barrels in 7 hours, was acidized with 3,000 gallons of acid, and at last report was flowing 12 barrels an hour through a 10/64-inch choke.

This second well in the field is 660 feet south of the discovery well, and is located, 660 feet from the south and east lines of section 142, block 12, EL&RR survey.

Meanwhile, the Hassie Hunt Trust Estate No. 1 J. W. Wilson Pennsylvania wildcat 14 miles north of Tahoka has been plugged and abandoned. A drillstem test in the top of the reef lime at 9,418-9,643 gave no indications of oil or gas.

This test was 1,980 feet from the north and 660 feet from the west lines of section 418, block 1, D&SRR survey.

MRS. HALLMARK ILL

Mrs. M. D. Hallmark, age 83, mother of Mrs. Elmer Spotes, suffered a stroke Wednesday.

Thursday morning she was reported as improving at Tahoka Hospital, where she is a patient.

General Showers Visited In Tahoka Over Week-End

General Showers came to Tahoka last week end—not showers of rain but a man named General Showers.

The man, an O'Donnell Negro, was arrested by Officers Saturday and charged with illegal possession in his residence of whiskey, wine and beer.

A Negro woman, Johnie Mae Lasker, also of O'Donnell, was charged with a similar offense when officers found a quantity of whiskey, wine, and beer in her home. County Judge W. M. Mathis assessed each a fine of \$200.00 and costs on pleas of guilty in court Monday, according to County Attorney Mitchell Williams.

Newmoore Will Join O'Donnell

Newmoore school district on Thursday of last week voted by the slim margin of 24 to 22 to consolidate with the O'Donnell district. O'Donnell voted 57 to 2 in favor of the proposal.

In a previous election held late in March, Newmoore turned down the consolidation proposal 21 to 19. Immediately following, however, proponents of the consolidation living in the Newmoore district presented a petition to the commissioners court calling for this second election.

Newmoore has been operating an elementary school in the district, but has been sending its high school students to Dawson High School at Welch.

Involved in the consolidation are 40 sections of land in the Newmoore district, most of which lies in Lynn county with a few sections lying in Terry county; and 272 sections of land in the O'Donnell district, most of which is in Lynn county but which also includes a large section of Dawson county.

Supt. John Morris of O'Donnell schools said his district enumerated 715 students in the scholastic census this year, which represents a decrease of approximately 75.

County Superintendent Lenore M. Tunnell said Newmoore enumerated 56 students, of which 22 transferred to the Dawson High School.

The consolidation will become effective this next school term.

Mrs. I. C. Mowery underwent minor surgery at Tahoka Hospital on Thursday of last week. She was able to go home Wednesday.

Laura Gerner, 6, daughter of Amos Gerner of Grassland, is a patient in Tahoka Hospital with pneumonia.

Mrs. Betty Douthit, age 86, is in Tahoka Hospital again for medical treatment.

Honor Students Are Announced

Honor students for the Class of 1953 of Tahoka High School were announced early this week by Principal Jake Jacobs.

Josephine Raindl, with an average of 95.15, had the highest grades and therefore became valedictorian of her class.

Salutatorian is Joan Scott, who had an average of 92.3.

Richard Havens was close behind with an average of 92.07, and was the highest ranking boy in the class. Following close behind him were Larry Ramsour and Joy Philpot.

Ramsour Gives '53 Class Sermon

With a challenge to his classmates to accept unusual responsibility, Larry Ramsour addressed the 1953 graduating class of Tahoka High School. The occasion was the Baccalaureate sermon Sunday night in the High School auditorium.

Citing present world conditions in finance, government, morals, and spiritual planes, he challenged the youth of today to give to the generations of tomorrow a better world than has been given them. He pointed out the records of

Jaycee Rodeo Set For Next Week-End

A gala time is planned in Tahoka next Friday and Saturday, May 22 and 23, when the annual Jaycee Rodeo will be staged.

Arena events at the Tahoka Roping Club grounds south of town Friday night at 8:00 o'clock, Saturday afternoon at 2:00 and night at 8:00, will include saddle and bareback bronc riding, calf roping, bull riding, and a cutting horse contest—with comedy by a rodeo clown and two top announcers.

A western dance will be staged nightly following the performances at the Tahoka Roller Rink east of town, on the Post highway. Three entrance and exit gates will be provided for fast handling of the crowd. Jaycees and Jaycee Ettes will handle the gates and concessions and otherwise assist in staging the rodeo.

Tickets are already on sale at \$1.25 for adults and 60 cents for students by three Queen contestants, Barbara McNeely, Patsy Smith, and Jackie Smith.

Cash prizes are being offered rodeo contestants, trophies for riding groups, and an award for the Queen contest winner.

The Chamber of Commerce in backing the Jaycee Rodeo, urge all merchants to plan to close during the parade on Friday afternoon and to close their businesses at 6:30 on Saturday evening in order that their employees may attend the night performance at 8.

Mrs. Emil Raibdl is a medical patient in Tahoka Hospital.

Clothing Sent To San Angelo

O'Donnell DeMolay's, members of Vernon W. Bryant Chapter, on Wednesday sent a truck load of clothing to San Angelo for relief of tornado victims in that city.

Another load will be sent next week, and clothing for these unfortunate people may be left at Gibson Motor Freight in Tahoka or taken to O'Donnell.

Bill Griffin, Lynn County Red Cross chairman, said Wednesday that no special drive had been requested here to aid victims of the San Angelo and Waco tornadoes, but naturally cash will be acceptable for the Red Cross program of relief.

Kathleen Lawson Hurt In Tornado

Kathleen Lawson, 13, daughter of Mrs. Z. P. Short of San Angelo, grand daughter of Mr. and Mrs. Roy Appling of Grassland, was injured though not seriously in the tornado at San Angelo Monday.

Kathleen was attending the Lake View High School, located in northwest San Angelo, which was hit by the tornado and badly damaged. Fortunately, none of the school children was killed.

Minnesota boasts the greatest water area of any state.

40 Tahoka Seniors Will Get Diplomas Tonight

Wilson School Exercises Set

Graduation exercises for 18 Wilson High School Seniors will get underway there in the school auditorium with the class sermon Sunday night at 8 p. m.

Commencement exercises will be next Wednesday night, with members of the class presenting the principal numbers on the program.

At the class sermon exercises Sunday night, Rev. C. C. Ehler, pastor of St. John's Lutheran Church, will bring the message. Don Evelyn Joines will play the professional and recessional, special musical numbers will be by the High School Choir; the invocation will be by Rev. Doug Las Gossett and the benediction by Rev. J. A. Martin. Supt. J. P. Hewlett will introduce the speaker.

At graduation exercises, Wilson School Band will play the professional and recessional, the invocation will be by Claudie Phillips and the benediction by Cordell Hagens.

The valedictory address will be by Mason Davidson, winner of highest scholastic honors, while the salutatory address will be by Nelda Roper, second high.

Other numbers on the program include three songs by the High School Choir, one by the Senior Girls, presentation of awards by W. P. Jones, presentation of the class by Mr. Hewlett, presentation of diplomas by Board President Clarence Church, and candle-lighting by Dan Tom Stoker.

The graduates will go to Corpus Christi on their annual Senior trip May 25, returning home May 30.

Members of the class are: Mason Davidson, Thomas Autry, Gilbert Steinhause, Cordell Hagens, Benson Rice, Claudie Phillips, John Lester Mason, Billy Spears, George Parker, Edwin Foster, Leroy Edwards, Wayne Quisenberry, Patricia Verkamp, Naomi Jones, Nelda Roper, Carolyn Henderson, Evonne Preston and Grovonda Coleman.

Nine Pigs Will Be Given Club Boys

Eight gilts and one boar will be distributed to Lynn county 4-H club winners of the 1953 Essay contest Saturday at 9 a. m. at the Lynn County Livestock show barn, according to Bill Griffin, county agent.

This year's gilt winners are Alton Terry, James Hyles, Fred Hegi, and Mickey Owens of Tahoka; Joe Wayne Roper, New Home; Jimmy Blankenship, Wilson; Jack Mason, New Lynn; and Wesley Dean, Joe Stokes. Winner of the boar is Don Spears of Wilson.

Three Lynn county boys will enter their records in the Sears Heavy Litter contest to be completed next month, each having been winner of a Sears gilt in last year's contest. They are Denver Ford, John Hegi, and Roger Munn.

Report Cards Will Be Issued Today

Report cards will be issued all students in the Tahoka school system today, Friday, at 1:00 p. m., according to Supt. Otis Spears.

Buses will make their regular runs, but on the pick-up run they will make their schedules at noon in time to reach the school shortly before 1:00 o'clock.

The buses will leave the school at 2:00 p. m. to return students home.

Denver Ford Is Contest Winner

Four hundred and eighty-five pounds is a lot of pork, but that's how much 12 pigs in a sow's first litter weighed 56 days from birth to win first place for Denver Ford, Tahoka 4-H club boy and son of Mr. and Mrs. J. L. Ford, in the Sears litter contest in Lynn county, according to Bill Griffin, county agent.

Ford's record is being entered in the district contest.

From this 12-pig litter, Denver has sold seven pigs for a total of \$145.00, four gilts for \$100.00, and three barrows for \$45.00.

John Hegi, son of Mr. and Mrs. Pete Hegi, raised seven pigs from his litter which weighed 260 pounds at 56 days. He sold four barrows for \$60.00 and one gilt for \$25.00.

Roger Munn, son of Mr. and Mrs. Marvin Munn, raised nine pigs from his litter weighing 265 pounds, sold one barrow for \$25.00 and three gilts for \$75.00.

Mr. Griffin is proud of these records made by these 4-H club boys.

Elwanda Stalcup Is Tahoka Lions Club Queen Candidate

Miss Elwanda Stalcup, daughter of Mr. and Mrs. H. W. Stalcup, Rt. 2, Tahoka, has been named Tahoka queen candidate by the Lions club at a meeting Tuesday, May 12, to represent the local organization at the district convention in Borger, June 21-23. Miss Stalcup will be accompanied by her mother at the convention.

Supporting the Lions movement to raise funds for the Cripple Children's Camp at Kerrville, the local Lions group has sponsored a garbage can sale which will end Saturday, May 16 according to Lester Strech, chairman. To date, 354 cans of the 500 purchased, have been sold, with a profit of \$122, which goes to the Cripple Children fund.

Strech reports that the Lions group supplied glasses for three needy children this week.

Mrs. J. R. Fillingim of New Home is a medical patient in Tahoka Hospital.

Maine is bounded by only one state, New Hampshire.

Forty Tahoka High School Seniors will receive diplomas of graduation at final exercises of the 1952-'53 school year tonight, Friday, at 8 p. m. in the school auditorium.

There will be no principal speaker, as in the past, but instead brief talks will be made by five members of the class, the top five honor students.

These talks will be centered around the general theme, "What Constitutes a Successful Person?" and will be: "Education," by Josephine Raindl, valedictorian; "Ambition," by Joan Scott, salutatorian; "Character," Richard Havens, highest ranking boy student; "Determination," Larry Ramsour; and "Happiness," Joy Philpot.

Diplomas will be presented by John F. Thomas, president of the Tahoka school board; and presentation of awards will be by Ledru (Jake) Jacobs, High-School principal.

The invocation will be by Patsy Smith and the benediction by Audrey McKee, both members of the class.

Mrs. E. W. Patterson will play the professional and recessional music.

Three special musical numbers will be presented by the Tahoka Elementary Choir, directed by Mrs. Harold Green, "The Bells of St. Mary's," "Glow-Worm," and "Old King Cole." The class will sing "Alma Mater."

Larry Ramsour, also a member of the class, delivered the class sermon at services in the auditorium Sunday night, for which most churches of the community dismissed their regular Sunday evening services.

Members of the class are: Josephine Raindl, Joan Scott, Richard Havens, Larry Ramsour, Joy Philpot, Patsy Smith, Audrey McKee, Earl Bartley, Joe Brooks, Doris Browning, Richard Carter, John Curry, Deanie Edwards, Max Dodson, T. D. Dunlap, Frances Flint, Kenneth Early, John Foster, Margie Curry, Fidencio Garcia;

Paxton Hutchison, Betty Henry, David Hammonds, Morgan Howle, Johnette Kizziar, Charles Hyles, Charles Jones, Charlene Lackey, Roy Keith, Phillip Murray, Sue Patterson, Ronald Roberts, George Seif, Jettie Proctor, Charley Schulz, Harley Schulz, Jackie Stephens, Steve Slover, Carroll Smith, and Arlene Ward.

Sponsors of the class this year are Floyd Tubb and Miss JoAnn Henderson.

Court Affirms Case Reversal

The case of Sue Sargent vs. Carl Williams et al has been decided in favor of Williams by the Texas Supreme Court, Mr. Williams informs The News. Announcement of the decision was made late last week.

The suit grew out of a car accident at Cooper, on the highway between Tahoka and Lubbock, which occurred in the spring of 1951. Jerry Williams, son of Carl, was the driver of a car belonging to his dad and occupied by Sue Sargent, daughter of Mrs. Clyde Cargent. Sue was injured when the car overturned.

In the Lynn county district court trial which followed, Sue was granted a judgment of \$10,000.00 against Mr. Williams and an insurance company.

The Court of Civil Appeals at Amarillo reversed the district court decision, and now the Supreme Court has affirmed the Amarillo court.

SPEAKS AT BIG SPRING

Mrs. Lenore M. Tunnell, county superintendent, was the speaker Tuesday night in Big Spring at the Howard County Teachers unit. Her talk was on the United Nations.

Lynn County Gives 163 Pints Blood To Red Cross

Lynn county exceeded its quota by donating 163 pints of blood when the American Red Cross Bloodmobile unit made its first visit to Tahoka on Tuesday.

The quota for one-day's operation of the unit is 150 pints, and Bill Griffin, county Red Cross chairman, was told that the response of workers and donors here was the best yet on the Plains.

These were 197 blood donor volunteers, of which a few were rejected for various reasons and a few could not be handled.

The blood taken here was shipped immediately to Fort Worth for processing and will go either to Korea to aid War wounded service men or to disaster torn areas.

Operation of the unit, set up in the American Legion Hall, was an eye-opening example of efficiency, skill, and co-operation that is seldom seen by the layman. The hall was filled with equipment and people to take every precaution.

Prospective donors were registered, their blood count, blood pressure, type, temperature, pulse and medical history taken prior

to the taking of the blood. Following this, every precaution was taken against after-effects, and the donors were served sandwiches and drinks during the rest period.

Seven Red Cross nurses and two technicians accompanied the unit to Tahoka, and these were assisted by two local nurses and two local physicians, and 56 volunteer workers from Lynn county.

Mrs. G. M. Stewart and Mrs. H. W. Carter headed the hostess committee and joined Mr. Griffin in expressing thanks for a wonderful turn-out of blood donors and workers. Eighteen of the women worked all day.

Ladies were present to help from the Phebe K. Warner Club, Legion Auxiliary, Pythian Sisters Garden Club, JayceeEttes, and churches of Tahoka; from the WSCS and 1946 clubs of O'Donnell; and from Wilson, Grassland, and New Home.

The refreshments were prepared by the Tahoka High homemaking girls under the direction of Mrs. Fred B. Hegi.

Bill Strange, Jr., chairman of the Bloodmobile visit, was out of

town on business, but had assisted preliminary arrangements. The Jaycees assisted in unloading unit equipment.

Local workers were proud of the fact that Lynn county donated more pints than the city of Lubbock and also more than did Terry county.

The unit was in Brownfield Monday, in Post Wednesday, and in Slaton Thursday.

Nurses with the unit said they seldom had cooperation equal to that given here.

1953 Cotton Situation Reviewed By Specialists of A&M Extension Service

By C. H. Bates, Farm Management Specialist, and John G. McHane, Assistant Economist, Texas Agricultural Extension Service.

Texas farmers are averaging about 744 million dollars annually from the sale of cotton and cottonseed. This represents about 36 percent of the total cash receipts from farm marketings. According to the 1950 Census of Agriculture, 46 percent of the farmers in Texas produced cotton.

Cotton is not only an important crop to our farmers but it is also so important to the general economy of the State, since it must be produced with items purchased from businessmen and it must be ginned, graded, sold, transported, stored and processed before it reaches the final consumer.

Secretary of Agriculture, Ezra Taft Benson, said, "The good cotton crops of the past two years

have supplied the needs for domestic consumption and exports, and they also have rebuilt reserve supplies. Export demand has also been falling off from the levels of recent years. It will, therefore, not be necessary, or desirable, for farmers to produce as big a crop this year. A production of 12 to 12.5 million bales now appear to be desirable in 1953." Planting reduced nationally by about 18 percent from 1952 would, with average yields, produce a crop of 12 to 12.5 million bales.

Will the farmers reduce acreage? It's up to them. They will have to make the decision.

Farmers of Texas should study the cotton situation thoroughly and decide in their own interest and in the interest of their cotton producing neighbors whether they will decrease the cotton acreage, increase it or leave the acreage devoted to cotton the same as it was in 1952. It is entirely up to them in 1953.

What is done by them will affect returns this year, and also influence the problems of cotton supply, price support and production control in the next few years.

The purpose of this material is to help the individual cotton farmer and the masses of cotton producing farmers in Texas see the alternatives for them and the industry in 1953 and in the years ahead.

An attempt has been made to point out through questions and answers some of the important factors that should be considered in "sizing up" the cotton outlook in order that farmers may have a better basis to make their own decision.

Questions and Answers
Q. What are some of the "unknown" factors that will affect the outlook for cotton?

A. The greatest unknown factor is the present war. Which way is the Korean war going? Will it spread into a much larger war? Will the Korean war continue in the present pattern or will we have peace? We don't know. The answers to these questions are unknown.

However, if the international situation should become more critical there would be a larger

COTTON QUIZ

HOW MUCH OF AMERICA'S CLOTHING IS MADE OF COTTON?

demand for cotton and more generous buying of cotton for stock-piling, causing prices to rise.

If the international situation should become less critical there would be less demand for cotton, which would bring about larger supplies and lower prices.

Another unknown factor is the amount of grants and loans that will be made available by the United States Government to foreign countries to buy cotton in the years ahead. This will have an effect upon our foreign markets.

Still another unknown affecting foreign markets is the extent to which foreign countries will use their available dollars to purchase cotton produced in the United States.

Furthermore, laws governing allotments, marketing quotas and price supports may be changed at anytime if Congress deems it necessary.

Q. Assuming that the unknown factors will not change much from the present, what are some of the more important known factors that should be considered in analyzing the cotton situation in 1953?

A. The supply of cotton. The demand for cotton. The part the government will play, and the trend in prices that cotton producers will have to pay for production items.

Q. Since supply is important, what will be the carryover in the United States on August 1, 1953?

A. The carryover is expected to be about 4.3 million bales, approximately 1.5 million bales above that of August 1, 1952. This is a 55 percent increase in carryover compared to the same date in 1952. One reason for this increase is that disappearance (consumption, exports, etc.) of cotton for the year August 1, 1952, to July 31, 1953 will probably be more than 1,000,000 bales less than the year before. As a result of this increase in carryover, our 1953 harvested cotton will have to compete with increasing supplies.

Q. What is the outlook for the foreign cotton supply?

A. It is estimated that in the non-communist foreign producing

countries the carryover on August 1, 1953, will probably be about six hundred thousand bales larger than on the same date in 1952. The accuracy of data for communist countries is so uncertain that the above information excludes them.

There is also a tendency for foreign cotton production to increase and this may well extend into the 1953-54 crop year.

Therefore, from a world standpoint, it appears that our 1953 harvested cotton will have more cotton to compete with.

Q. Will total disappearance of cotton increase or decrease in the United States for the crop year August 1, 1953, to July 31, 1954?

A. Disappearance of cotton in the United States in the 1953-54 crop year will probably be smaller than in the previous year of 1952-53. Business activity may level off in the last half of 1953, if defense expenditures are stabilized. It is estimated that inventories of textiles on July 31, 1953, the end of the current season will be adequate.

Synthetic fiber production and consumption will probably increase. These factors point to a small decline in the domestic consumption of cotton.

Q. Are exports of American cotton increasing or decreasing?

A. Exports during the present season, August 1, 1952, to July 31, 1953, are expected to be slightly more than 4 million bales compared to 5.5 million bales last year or a 37.5 percent reduction.

Foreign developments now indicate smaller export markets for the 1953-54 crop year.

Q. What about price supports for the 1953 upland cotton crop?

A. The United States Department of Agriculture announced on Feb. 26, 1953, that the minimum level of price support for 1953-crop upland cotton, basis 7/8 inch, will be 30.80 cents per pound, gross weight. This is 90 percent of the current parity price of 34.22 cents per pound. In the event that 90 percent of parity on August 1, 1953, (the beginning of the 1953 marketing year), is higher than the level announced on Feb. 26, 1953, the levels of price supports will be increased accordingly.

Based on the above announcement, the 1953-crop upland cotton, basis middling 15/16 inch, will probably be supported at approximately 31.5 cents per pound, gross weight. However, this has not been announced by the United States Department of Agriculture, but will be at a later date.

There will be no marketing quotas on the 1953 cotton crop.

Q. Will the 1953 cotton plantings be considered in calculating state and county acreage allotments and individual farm allotments in 1954 if acreage controls are resumed?

A. Under the present law and if acreage controls should be resumed for the 1954 cotton crop the 1953 plantings will not be included in calculating state and county acreage allotments in 1954 for some individual farms of the state unless the law is changed.

However, unless the law is revised, 1953 plantings would be included in calculating state and

county acreage allotments for the 1955 crop.

Q. Will production costs increase or decrease in 1953?
A. The price-cost squeeze for cotton producers will probably be tighter in 1953. Labor, machinery, motor fuels, fertilizers and miscellaneous farm supplies will probably average slightly higher in 1953. However, the prices of insecticides will not be much different from those of 1952.

Possible Alternative Land Use and Advantages of Having a Cotton Crop of About 12,500,000 Bales in 1953.

Q. Can individual producers grow other crops which will return net profits equal to cotton?

A. Several factors affect returns from cotton and other crops. Generally, in areas and on farms that produce at least one-third bale per acre, cotton is likely to yield highest profits on extensive acreage. This would assume efficient methods being used both for cotton and any alternative crops.

Q. What other cash crops are needed generally more than cotton at the present—that is, with higher goals for 1953?

A. In Texas the 1953 acreage goal for grain sorghum has been announced at \$2.43 per 100 lbs., which may be used to estimate the returns from this crop.

In some counties the acreage of castor beans is being increased under USDA direction, with guaranteed prices offered for production from limited acreage.

Though the Blackland and Grand Prairie Areas the opportunity for producing legume seed such as Hubam and Madrid sweet clovers offers a profitable use of acreage held out of cotton. When planted with small grains this combination provides valuable grazing, a grain crop and soil-building advantages.

In sections where alfalfa will produce 3 to 5 tons of hay per acre this crop generally will bring good returns.

Q. If 1953 cotton production in the United States is reduced what are some of the overall advantages which are likely to result?

A. Some of the advantages

which might result from having only 12 to 12.5 million bales produced in 1953 are:

1. The average price received for cotton might be higher.
2. Less burdensome stocks likely would be placed under CCC loan, to depress prices in the future.
3. Less restriction to growers in handling acreage planted to cotton in 1954 and subsequent seasons.
4. For producers who are also livestock raisers, feed output would be larger assuring better supplies than existed in the past two seasons.
5. Labor supplies for harvesting the crop would be more near-

ly adequate—lessening harvesting risks and costs.

Spring Football Training Is Ended For Tahoka Bulldog Team Candidates

Spring football training for 33 prospective members of the 1953 Class AA Tahoka Bulldogs came to an end with an intra-squad game last Friday afternoon.

Head Coach Bill Haralson and his assistant, Bill Sharpley, both were well pleased with the efforts put out by the boys in the month long spring training period.

The Bulldogs were District 6 AA champions the past two years 1951 and 1952, but will have a tougher battle to reach this high goal next fall.

Two new teams will enter the district this fall. They are Floyd and Abernathy. Floyd was champion of District 4-AA last fall. Abernathy, coming up from Class A, was also champion of its district. Other teams are Spur, probable favorite for the title this year, Slaton, Post, and Tahoka.

Tahoka will be playing next fall without the services of nine 1952 lettermen, seven of whom were starters. Two or three boys could be lost from the Tahoka squad by reason of low grades the past semester.

However, the coaches have a ready and willing Freshman squad from whom to choose, some good squadmen from last year, and some new boys coming up from the eighth grade.

Members of the squad, positions, weight and experience follow, in order:

Backs:
Jimmy Bragg, quarterback, weight 143, letterman; I. V. J. Melton, halfback, weight 147, letterman; Donald Blair, halfback, weight 130, squadman; Gordon Smith, quarterback, weight 145, letterman; Leon Anderson, halfback, weight 128, squadman; Ted Fridmore, quarterback, weight 130, squadman; J. B. Ables, fullback, weight 167, letterman; Bobby Williams, fullback, weight 160, no experience; Tommy Franklin, halfback, weight 134, squadman. Glenn Anderson, halfback, weight 120, squadman; Jerry Williams, halfback, weight 148, squadman; Bill Moore, halfback, weight 156, no experience.

Centers:
Milfred Ratliff, weight 173, letterman; Don Reed, weight 140, squadman; N. E. Wood, Jr., weight 143, squadman.

Guards and Tackles:
Garland Huddleston, guard, weight 156, letterman; Roswell Bartley, tackle, weight 162, letterman; Duane McMillan, tackle, weight 173, letterman; Jimmy Williams, guard, weight 148, squadman; Stanley Stone, guard and tackle, weight 148, squadman; Kenneth Durham, guard, weight 120, no experience; Ware C. High.

Slaton, Roosevelt In Junior League

The Lynn County Junior Baseball League opens its fourth year of play next Sunday, May 17. Teams entered this year are: Bill Strange Motors, Tahoka; Bray Chevrolet, Tahoka; Wilson State Bankers, Wilson; Southland; and Roosevelt.

Sunday's schedules will be as follows:
Bray Chevrolet meets Bill Strange Motors, in Tahoka; Southland plays Wilson State Bankers at Southland, and Slaton playing Roosevelt at Roosevelt.

The teams have been playing exhibition games and all appear to be in good shape as the league play opens. Coach Jake Jacobs will be Commissioner of the league and Ted Pridmore will repeat as league secretary.

Games will be played between the teams each Sunday until July 26, and the top four teams will go into a play-off.

Wilson State Bankers played their first exhibition game on May 10, losing to Bill Strange Motors, at the Tahoka park. Bill Strange Motors, behind the effective relief pitching of Richard Havens (2-0), and the two run homer of Steve Slover, in the final frame showed fine play. Leonard Breiger was tagged with the loss for Wilson, relieved by Thomas Mason. Breiger and Springer Mason also homered on the Wilson team. Morgan Howle was batted from the mound as the Tahoka starter.

All people of the community are invited and urged to attend these games and support these young men of the area.

George Small, who has been ill for several days, is reported to be improving steadily.

nations past and compared their trends with those seen in America today. Quoting from Gibbons, "The Rise and Fall of the Roman Empire," he enumerated the significant patterns that led to the fall of the Roman Empire. Noting the close comparison with evident practices of today, he pointed to the need of God above all else.

With a consideration of the factors being used in efforts to solve the ills of the world, he urged the youth to lead the way in turning our nation and world back to God.

Paxton Hutchison gave the invocation and Richard Carter pronounced the benediction. The grade school chorus, under the direction of Mrs. Harold Green provided the vocal music. Mrs. E. W. Patterson played the professional and the recessional.

EDITOR IS VISITING IN CENTRAL TEXAS

Editor E. I. Hill of The News is visiting a few weeks in Waco and other Central Texas points with his sisters.

Last week end, he and his daughter, Mrs. Myrtle Roehle and two daughters, Anita Jo and Sarah Sue, of Lubbock, went down to Waco, where Myrtle attended a meeting of Unemployment Compensation Commission employees.

Mrs. Alice Martin, sister of the Editor, accompanied them home, and the two went to Canyon Tuesday to visit another brother, Dr. J. A. Hill and wife, the latter being ill. Wednesday, the Editor returned to Stephenville to visit another sister before returning to tornado-stricken Waco.

He has three sisters residing in Waco, but none of their homes was in the storm area of the city. A niece was working in the 22-story Amicable building at the time of the storm, but she was not injured.

Joe Don Minor Marries In Austin

Announcement of the recent marriage of Joe Don Minor to Miss Janice Ray of Austin on Wednesday, March 25, has been received by friends in Tahoka.

The bride is the daughter of Mr. and Mrs. Victor A. Ray of Austin. She is a graduate of Austin-High School where she was voted the most talented student and was soloist of the mixed choir for three years. In the summer of 1951, she was one of five finalists in the Miss Austin contest. She also attended the University of Texas as a voice major, and was a pledge of the Alpha Gamma Delta sorority. She is now employed in the office of the Athletic Council of the University.

Joe Don, youngest son of Mr. and Mrs. John Minor of Tahoka is a Junior in the University of Texas. He was a star athlete at Tahoka High, where he graduated, and received an athletic scholarship to the University. However, in his Freshman year he received a skull fracture that has prevented him from participating in this sport there. He will continue as a student in the school. They reside at 2907 Robinson in Austin.

Move Is Started For County Library Building By Phebe K. Warner Club

A spaghetti supper will be given by members of Phebe K. Warner Club Thursday, May 21, from 6 to 8 p. m. in the school cafeteria to raise funds for the establishment of a Lynn County Library building fund.

Tickets are on sale and can be purchased from any club member costing \$1.00 for adults and 50 cents for children up to 12 years of age.

Phebe K. Warner Club began the first Lynn County Library in 1926, Mrs. G. M. Stewart having been library chairman since that date. The present library, of thousands of volumes, now run by the county has outgrown its quarters in the basement of the courthouse, and according to Mrs. Herbert Carter, president of Phebe K. Warner, if some group takes the first step in establishing a building fund, perhaps others can be convinced of this great need and will likewise work to ward that end.

The menu for the supper includes Italian spaghetti, green salad, French bread with butter, tea or coffee, and home made pies. Mrs. Madeline Hegi's Home Economics girls will serve the meal.

The public is urged to attend, according to Mrs. Carter.

The committee in charge of arrangements are: Mmes. Harold Green, chairman, Mitchell Williams, and Miss Marie Johnson.

Lubbock Men Are Rotary Speakers

Two prominent Lubbock Rotarians presented the program at Tahoka Rotary Club Thursday of last week.

Guy Victory, former president of the Lubbock club, spoke on "Rotary and Its Concepts," and Rex Webster, secretary of the Lubbock club for seven years, spoke on "Service."

The program was arranged by

New Members In V.F.W. Auxiliary

Seven new members were initiated into the Veterans of Foreign Wars Auxiliary Post No. 3905 at the regular business meeting Thursday, May 14, at 8 p. m. in the WOW Hall, according to Mrs. Albert Curry, president.

Initiates were Mesdames Ola Reid, Ora Curry, Pura Gattis, Vera Williams, A. T. Voyles, Bertha Williams, and Imogene Driver.

Plans were made for the annual Poppy Day sale which will be conducted in conjunction with the VFW Saturday, May 23, in observance of Memorial Day, says Mrs. Curry.

PETTY CLUB MEETS WITH MRS. ROGERS

Petty Handiwork Club met in the home of Mrs. Foye Rogers May 11 with eight members present.

What-not shelves were made from plywood. They were shaped like an oak leaf and had three shelves each. Everyone made them.

Chocolate crunches, hi-ho sandwiches, cakes were served.

Everyone had a most enjoyable time.

Next club meeting will be in the home of Mrs. G. H. Isbell. — Reporter.

CARD OF THANKS

We wish to thank our many friends for the kindnesses they have shown me while I was ill and while I was in the hospital, and also for the pretty cards, flowers, visits. Your thoughtfulness is sincerely appreciated. — Mrs. H. A. Dial.

Dr. Skiles Thomas, and Dr. Emil Prohl introduced the speakers.

So the People May Know

At the insistence of Texas Press Association, the 51st Legislature in 1949 passed the "Mandatory Publication Act."

The act was passed because some city, county, and other local government officials had failed to comply with state regulations requiring them to publish in the newspaper facts concerning the financing and operation of their offices.

The mandatory publications act provided that "all public officers of the state, counties, cities and school districts who are required by law to publish legal notices of financial statements and who shall fail, refuse, or neglect to make such publications shall be guilty of malfeasance of office and subject to forfeiture of salary for the month in which such failure occurs. Such officers shall be subject to removal from office upon willful continuance of such neglect of duty."

The act also provides that "suits to enjoin or recover payment of salary and for removal from office under law shall be instituted in the proper district court by the county or district attorney of the county in which the offending officer resides."

Father - Son Banquet Held

Tahoka High's Vocational Agriculture department held its annual Father-Son banquet Tuesday night of last week in the school cafeteria with 85 men and boys present.

Richard Havens, president of the Future Farmers of America chapter, acted as master of ceremonies for a very entertaining program.

Rev. A. N. Motes of Grassland gave the invocation, and Richard Carter welcomed the guests.

Kenneth Early entertained with a vocal number, playing his own guitar accompaniment.

Then a musical program was presented by a trio composed of "Cap" Rowe on the French harp, Supt. Otis Spears on the guitar, and W. H. Norman on the tenor banjo.

In a talk by Supt. Spears, the growth of the Tahoka Vocational Agriculture department and the need for more space and equipment was outlined.

V. P. Carter, agriculture teacher and FFA sponsor, presented the following certificates of award for outstanding achievement:

Walter Stice for swine production. Stice showed the champion and reserve champion Berkshire at the annual Lynn County Junior Livestock show and won first at the Lubbock district show.

Chester Watley for the best supervised farming program in the VA II class.

Wayne Huffaker for swine production. He showed the champion and reserve champion Duroc in the county show.

Richard Carter for livestock production. Richard showed the grand champion calf and the champion Poland China at the county show.

Steve Dockery for swine production. Steve showed the first and second place heavyweight, the first place medium weight, and the champion Chester Whites at the State Fair of Texas in Dallas last fall.

Jesse Motes for the highest scholastic average in agriculture in the Tahoka Schools.

I. V. J. Melton for swine production. He showed the reserve champion Poland China in the county show, and the second and third lightweight and champion pen of three Poland Chinas in the Lubbock show.

The Tahoka Vocational Agriculture department had an enrollment of 44 boys this year. Sixty boys have already enrolled for courses in the department for next year. If a fourth year is added in farm courses, there will be about 70 students next year, Mr. Carter says.

The United States once paid tribute to the Pirates of Tripoli and Algiers, for the privilege of trading in the Mediterranean.

"Crossroads of America" is the slogan and motto of the State of Indiana.

Miss Joyce Isbell Weds O. B. Corley

Miss Joyce Ann Isbell of Tahoka and O. B. Corley of Wilson were united in marriage at a double ring ceremony read Saturday at 2 p. m. by Rev. Glenn Williams of Goodland in the home of the bride's parents, Mr. and Mrs. L. E. Isbell.

The vows were taken before an altar formed by baskets of gladioli and candelabra.

The bride was given in marriage by her brother, Lonnie Isbell, and wore a dress of orchid linen with white accessories. She carried a bouquet of gardenias on a white Bible.

Rose Yandell, maid of honor, wore a blue and white dress and

red accessories. George Parker served as best man.

Mrs. J. H. Stalcup played the wedding march and accompanied Mrs. Olin Paris as she sang "I Love You Truly." Walker Paris was the candlelighter.

The ceremony was followed by a reception at which the bride's table was laid with lace over pink. The punch bowl was encircled with roses. Miss Elwanda Stalcup and Mrs. David Yandell presided at the refreshment table. Miss Carolyn Henderson registered the guests.

After a wedding trip to New Mexico, the couple will be at home at Wilson, where the bridegroom is engaged in farm-

What Makes One Job Better Than Another?

What if the tables were turned . . . and college graduates stopped filling out job applications, and instead, submitted questionnaires for companies to fill out? It might be they would ask:

"Why should I work for your company? . . . Is your bank balance healthy? . . . Are you expanding fast? . . . Will I get responsibility in a hurry? . . . Can I pick the type of work I like? . . . Are you fun to work with? . . . Do you have smart men I can learn from? . . . Free schooling to train me further? . . . Research and know-how? . . . Money for the finest equipment? . . . Will you recognize and utilize my talents?"

Isn't it a sign of a pretty good job when young men with talent can have a clear road ahead, can learn from people they respect and admire, and can work on projects of national importance?

From where we sit, we've been watching this happen. Teams of people at General Electric—in their twenties most often—are solving problems of jet plane engines, new chemicals, home appliances, guided missiles . . . everything from atomic power to air conditioning. And they're working in responsible jobs, with experts of recognized authority.

Maybe it's because we're growing fast that young men move into new and bigger jobs. Or because we've been lucky enough to hire the type of men who grab responsibility and work hard to achieve success. Whatever single factor or combination it is, young men and success do go together at General Electric.

You can put your confidence in—

Meat Production Higher In 1952

COLLEGE STATION, —Cattle slaughtered commercially in Texas in 1952 amounted to 1,175,000 head, or a total live weight of 929,201,000 pounds, as compared with 989,000 head, or a live weight of 784,711,000 pounds, slaughtered in 1951, according to figures released by the Bureau of Agricultural Economics, U. S. Department of Agriculture.

Calf slaughter in Texas rose to 861,000 head in 1952, as compared with 731,000 thousand head in 1951. Commercial slaughter of hogs rose to 2,036,000 in 1952 from 1,941,000 head in 1951, while commercial slaughter of sheep and lambs here in 1952 was 676,000 head, as compared with 593,200 head in 1951.

Nationally, commercial meat production for the year 1952 was 21.4 billion pounds, 6 percent more than the 20.2 billion pounds produced in 1951. As compared with 1951, mutton and lamb production during 1952 was up 25 percent, veal production, 11 percent; beef production, 9 percent; and pork production, 1 percent.

During 1952 a total of 17.9 million head of cattle were slaughtered in the United States, an increase of 9 percent from the 16.4 million head slaughtered during 1951. A total of 8.9 million head of calves were slaughtered in 1952, an increase of 6 percent over the 8.4 million head killed during 1951.

Commercial hog slaughter during 1952 totaled 77.7 million head 2 percent more than the 76.1 million head slaughtered in 1951. The number of sheep and lambs slaughtered totaled 14.0 million head, 26 percent more than in the previous year.

For 1953, meat production will probably not be much different from that of 1952. Beef supplies will be larger, but these may be

Former Citizens Visit In Tahoka

Relative of Local People Dies At Spur

A. W. Jordan, 68, a Dickens county farmer for nearly forty years who had a number of relatives in Lynn county, died Saturday at 5 a. m. from injuries received several days before in a car accident.

Lynn county people attending funeral services in Spur First Baptist Church Sunday afternoon were: Walter Jordan, a brother, and wife of Wells; Laleon, Andrew and Harvey Jordan and families of Wells; Mr. and Mrs.

C. E. McClellan, A. W. and Douglas, and Mr. and Mrs. Charles McClellan, all of Tahoka; and M. H. Brasher, a friend, of Tahoka.

Mr. Jordan was returning home from a livestock sale in Lubbock a week ago Tuesday. In some way he lost control of his car about three miles north of Spur as he was rounding a curve, and the car crashed into a culvert. Mr. Jordan's chest was crushed. He did not believe he was badly hurt, and did not go to a hospital until the next day. Then, it was found he had internal injuries, from which he died.

CARD OF THANKS

We wish to thank the Doctors and hospital attendants, and our other friends for the cards, flowers, visits, and many other kindnesses during my stay in the hospital. It's wonderful to have kind friends. May God bless each of you. —Mrs. S. P. Spruiell and family.

editor should be a theologian. Whether theologian or not, I agreed that practically every one of us should have a better knowledge of the Bible. I am amazed at my own ignorance of it frequently. I made one erroneous statement about the so-called communion service in the last issue of this paper before Easter and yet a real theologian would pronounce it as not much of a mistake after all. But I want to correct it anyway, to the extent that it needs to be corrected.

In that issue of this paper, after reciting the origin and purpose of the feast of the Passover, and after showing it was superseded by Christ himself by the institution of the Lord's Supper, on the night preceding his crucifixion, I used this language: "Respecting the observance of the Lord's Supper, Luke in his Gospel and Paul in his first letter to the Corinthians twice declared that Christ's command when he instituted the supper was: 'This do in remembrance of me.' And Paul specifically refers to it as the Lord's Supper. No where in the New Testament is it referred to as a 'Sacrament' or as 'Holy Communion' or any kind of a 'Communion' service. It is not a sacrament in a sense of having any saving power, for none but Christians—saved people—are entitled to sit at the Lord's table. 'Open' communion lists invite all Christians to take communion with them but I have never heard of their inviting sinners to their communion table. The only communion implied in Christ's command in so far as I can see is the communion that the partaker of the bread and wine should have with Christ himself."

Two or three weeks after this statement of mine appeared in print, a good friend of mine who belongs to another church met me on the street and questioned that part of my statement in which I said that no where in the New Testament was the Lord's Supper referred to as a communion service, and he suggested that I take a look at I Corinthians 10:16.

Well, when I got home, I took down my King James Version of the Bible, which all of us use more than any other version, and turned to I Corinthians 10:16. Sure enough, there it was: I was wrong. Here is what I read:

"The cup of blessing which we bless, is it not the communion of the blood of Christ? The bread which we break, is it not the communion of the body of Christ?"

I scratched my head and asked myself, What does that mean?

When I heard that minister say that day to the Press Association I felt like saying "Amen, brother, say on." And I felt also that there were some ministers and some elders who ought to be better theologians, for I had already made some further investigation of that passage of scripture in I Corinthians 10:16 and to me the light was beginning to dawn.

What was meant by the expression "the communion of the blood of Christ? What was meant by the expression, "the communion of the body of Christ?" Can any of you now, without further investigation, tell me just exactly what these expressions mean and be perfectly sure that you are right? I could theorize, I could guess, I could reason about it and arrive at an almost correct conclusion but I could not become perfectly sure that any of my guesses or conclusions were absolutely correct. So, it naturally occurred to me that I should look into the new Revised Standard Version about which there has been so much controversy recently, and I am going to quote you what I found, I Corinthians 10:16: "The cup of blessing which we bless, is it not a participation in the blood of Christ? The bread which we break, is it not a participation in the body of Christ? (In a footnote, "communion" is given as another meaning of the word "participation".)

But in the main text, a participation in the blood of Christ and a participation in the body of Christ are substituted for the phrases in the King James Ver-

ion quoted above. I think the new translation is decidedly superior to the King James translation. We participate figuratively speaking, in the shedding of the blood of Christ when we drink the "emblematic wine." We participate, figuratively, in the infliction of the death-wounds on the body of Christ as he hanged on the cross when we partake of the emblematic broken bread. And as often as we do this we do it in remembrance of Him.

The word communion does not appear anywhere in the scholarly Revised Standard Version as a description or definition of the Lord's Supper.

"O," you may say, "that is another instance of the crooked work of those higher critics who are seeking to discredit the doc-

trine of the virgin birth and the deity of Christ."

Well, let's consult the American Standard Version of the Bible published in 1901. Some American scholars—I do not know how many denominations of Christians they represented—feeling that some of the obvious errors in the King James Versions should be corrected and some obsolete words eliminated, made a revision of the King James Version, staying very closely to the King James Version as a rule, so when they reached I Corinthians 10:16, they left the word "communion" in the main text but in a footnote inserted the word "participation" evidently believing that to be a more accurate and appropriate translation. Nearly every minister in this country has a copy of the American Standard Version and uses it

in his study. So that revision of the King James Version made back in 1901 tends to support the idea that the word "communion"

does not properly belong in I Cor. 10:16. It might have been the proper word to use back in (Continued)

Why America is swinging to Ford

MORE AND MORE PEOPLE ARE FINDING THAT FORD IS WORTH MORE WHEN THEY BUY... WORTH MORE WHEN THEY SELL... AND HERE'S WHY:

People all over the country are finding in Ford the beauty and engineering they expected to find only in the more expensive cars. They're finding beauty that "belongs" in any surroundings...

comfort that was formerly associated only with hard-to-park length. And a study of the used car market shows that Ford keeps its value better than any other car.

Ford's roomy interiors are hand-somely styled in a wide variety of colors, all tastefully matched to exterior colors. And Ford's soft, foam rubber cushions over non-sag springs give you day-long driving comfort.

Center-fill fueling is another "Worth More" feature that's not found in the low-price field. It saves fill-up time and trouble... ends hose marks on fenders. The short fill pipe makes room for an extra suitcase in the trunk. Here's another reason Ford is the New Standard of the American Road.

Ford has a new, smoother ride. New, softer spring and shock absorber action plus new-design rubber compression bumpers reduce front-end road shock (the kind you feel most) up to 80%. Ford's wide front tread, low center of gravity and diagonally mounted rear shock absorbers help keep you level on curves.

Surrounded clutch and brake pedals work easier and give more room. They turn the entire floor space into foot space. And they act as "no entrance" signs to drafts and dirt—make it easier to keep your Ford clean.

Ford Steering is easy on you! Makes handling a treat on highway or street. Wide front tread permits sharp turns for easier parking in small spaces. And Ford Full-Circle Visibility gives you clear vision in all directions.

Fifty Years Forward on the American Road

Ford Economy Beats Them All!

A Ford Mileage Maker "6", with Overdrive, won the grand Sweepstakes Award in the 1953 Mobilgas Economy Run. For the first time in history, a low-priced car not only won in its class, but took top honors—the coveted Sweepstakes Award—for beating the entire field regardless of class, size or weight. Here's additional proof that Ford is America's greatest economy car.

Odds & Ends (Cont'd. from Ed. Page)

1611, but the meaning of many
an English word has been changed
in the last 300 years.
I also consulted the Goodspeed
Translation of the Bible completed
and placed on the market a-
bout 1835. He is regarded as one
of the leading Greek and Eng-
lish scholars of America. Other
scholars, who were more learned
in the Hebrew language, translated
the Old Testament, but Edgar
Goodspeed of the University of
Chicago himself translated the
New Testament. Here is the trans-
lation he made of Verses 14, 15,
and 16 of Chapter 10 of First
Corinthians:

"Therefore, my dear brothers,
have nothing to do with the wor-
ship of idols. I appeal to your
good sense. Make up your minds
about what I say. (V. 16) Does
not the consecrated cup which
we bless mean that in drinking
it we share in the blood of
Christ? Does not the bread that
we break mean that in eating it
we share in the body of Christ?"
The word "communion" does
not appear in this translation.
The theory that the Lord's Sup-
per is a "communion service" is
not set out specifically in any of
these translations of this or other
Scriptures. The word "commu-
nion" might have been properly
used when the King James trans-
lation was originally made, but it
seems to me to be a word clear
cut of date as used in I Cor. 10:16
today.

In order to fully understand a
passage of Scripture, it is often
necessary to understand its back-
ground and the purpose for which
it was written. This Book or let-
ter was written by Paul to the
church at Corinth. The Corinthi-
ans had long been idol worship-
ers. Racially, they were Greeks,
and like the Athenians, who also
were Greeks, they worshiped
many gods. They had erected
many shrines in honor of their
gods and many altars on which
sacrifices were offered to them.
Many of their feasts were attend-
ed with immoral and disgusting
practices, such as voluptuous
dancing, and on their altars meats
were offered in sacrifices to their
pagan gods.

Some of the recent Corinthian
converts had been attending some
of these pagan feasts, and even
when the Corinthian Church met
to worship God and to observe
the Lord's Supper, some of the
members came just to get a full
meal and others would drink so
much wine that it would make
them drunk. News of this un-
Christian and disorderly conduct
reached the ears of Paul in Eph-
esus later and he wrote this let-
ter to the Corinthians seeking to
correct these evil practices. And
so in I Cor. 10:14-16 he wrote this
admonition, according to the

King James translation as made
342 years ago, "Wherefore, my
dearly beloved, flee from idolatry.
"I speak as to wise men; judge
ye what I say."
"The cup of blessing which we
bless, is it not the communion of
the blood of Christ? The bread
which we break, is it not the
communion of the body of
Christ?" (Or according to Good-
speed's translation: "Therefore,
my dear brothers, have nothing
to do with the worship of idols.
"Appeal to your good sense,
make up your minds about what
I say."

"Does not the consecrated cup
which we bless mean that in
drinking it we share the blood of
Christ? Does not the bread that
we break mean that in eating it
we share in the body of Christ?"
Then as further instructions,
Paul, according to the King
James Version, Chapter 11:17 et
seq., proceeds as follows:

"Now in this that I declare un-
to you I praise you not, that ye
come together not for the better;
but for the worse,
"For first of all, when ye
come together in the church, I
hear that there be divisions a-
mong you; and I partly believe it,
"For there must be also here-
sies among you, that they which
are approved may be made mani-
fest among you.
"When ye come together there-
fore into one place, this is not
to eat the Lord's Supper.
"For in eating every one tak-
eth before other his own supper;
and one is hungry and another
is drunken.
"What? Have ye not houses to
eat and drink in? or, despise ye
the church of God and put them
to shame who have not? What
shall I say to you? Shall I praise
you in this? I praise you not."
The situation that Paul faced
in fact, was about the same as
if the leaders of some modern
church or denomination should
find out that members of some
mission church it had established
had reverted to the pagan prac-
tices of offering sacrifices to
idols and of indulging in immoral
rites at the observance of the
Lord's Supper or at "Holy Com-
munion"—eating like gourmands,
getting drunk, and indulging in
immoral conduct—don't you sup-
pose that the founders and sup-
porters of such a mission would
take immediate and effective
steps to stop such practices, re-

buke such a church, and give it
some instructions as to how Chris-
tians should conduct themselves.
That is exactly what Paul was
trying to do in his first letter
to the Corinthian Church. Read
and study the whole letter, folks.
Read it in both the King James
Version and the Revised Stand-
ard Version.

Now finally, I am going to
quote Paul as recorded in the
King James Version, Chapter 11:
23-24 inclusive.

"For I have received from the
Lord that which also I delivered
unto you, That the Lord Jesus
the same night in which he was
betrayed took bread:
"And when he had given thanks
he brake it and said: Take, eat:
this is my body which is broken
for you: this do in remembrance
of me.
"After the same manner he
took also the cup, when he had
supper, saying, this cup is the
new testament in my blood, this
do ye, oft as ye drink it, in re-
membrance of me.
"For, as often as ye eat this
bread and drink this cup, ye do
show the Lord's death till he
come.
"Wherefore, whosoever shall
eat this bread and drink this
cup of the Lord, unworthily, shall
be guilty of the body and blood
of the Lord.
"But let a man examine him-
self and so let him eat of that
bread and drink of that cup.
"For he that eateth and drink-
eth unworthily eateth and drink-
eth damnation to himself, not
discerning the Lord's body."

No doubt about it...

Chevrolet trucks must be the best buy!

This year—for the 12th straight production year
—truck users are buying more Chevrolet trucks
than any other make. That couldn't be true unless
Chevrolet trucks offered more of what you want.

Already, 1953's official sales figures tell a remarkable
story of clear-cut and decisive preference for Chev-
rolet trucks. But, this is not surprising, for truck users
everywhere are discovering how far ahead of all
others Chevrolet trucks really are.

They are discovering things
like the tremendous new
power in advanced Load-
master engines in heavy-duty
models . . . the remarkable
gasoline economy . . . the extra ruggedness and
strength of heavier, more rigid frame construction.

And, in addition to all these advantages, the Chevrolet
line lists for less than any other trucks of comparable
size and capacity. So, before you buy any truck, stop
in and see us.
