Tahoka, Lynn County, Texas, Friday, November 20, 1953.

Number 7

Rural Phone Lines Connect With City

Poka-Lambro Rural Telephone Cooperative patrons of the New Home, West Lakes and New Lynn exchange areas were connected Wednesday with the General telephone exchange at Tahoka, but only as temporary toll (for long distance) service. Fletcher-Carter area not included in this connection.

However, General Telephone has announced it expects to have their office ready to establish extended area service on or before Feb. 1, 1954, between Poka-Lambro and Tahoka exchange.

Toll charges will be in effect on calls between Tahoka and these three Poka-Lambro exchange areas until about Feb. 1, when extended area service will be granted. Rate raises on Tahoka business phones will not go into effect until extended area, or toll-free, service becomes available.

General Telephone officials declared they did not have sufficient lines available at this time to take on Fletcher-Carter, or the Draw, Redwine, Edith, Midway, and Grassland communities.

Work was completed some months ago on Poka-Lambro lines over these areas, telephones were installed, and have been in use with in each of the exchange areas. But, customers have not been able to call outside their own community. Now, customers in New Home, New Lynn, and West Lakes areas can call to town or to anywhere else outside their community, but on a toll basis. People with phones in the Fletcher-Carter area must wait a while, although their exchange is tied-in to New Lynn and they can call people in that exchange area, who could conceivably relay messages into Tahoka.

W. D. Harmon, manager of the cooperative, said customers in these three exchange areas will now be charged for service on a monthly basis. No charge has been made heretofore, as patrons could not reach the outside world by telephone.

Poka-Lambro has a number of directories which are available to Tahoka business firms, and these may be secured at the cooperative office. In fact, Mr. Harmon, urges business men to get a directory and start taking advantage of the rural telephone service when such will be of a convenience and saving in time and money to them.

Incidentally, to Judge Tom Garrard goes the honor of paying the first telephone service bill. He paid up early this week for his first month's telephone service over Poka-Lambro.

New Pastor For New Home Church

Rev. R. L. Clements, the new Baptist pastor at New Home, was a brief caller at The News office Monday afternoon on a little matter of business.

One of the interesting items of information that he gave us was that he is a nephew of Rev. Geo. A. Dale of Lubbock, who was pastor of the First Baptist Church of Tahoka for about eight years, dating back into the late 1930s.

He is a comparatively young man, his family consisting of a wife and a 9 year old daughter. They come from North Church in Greenville, which he was instrumental in promoting and organizing six years ago, and he has been the pastor of it ever since.

He will be welcomed in Lynn county not only by New Home Baptists but by the Baptists of the whole Brownfield Association and many other people of Lynn county.

His predecessor, the Rev. Bennie Hargrave, is now pastoring a newly established church in Lubbock.

George and Martha Washington made the minuet popular in America.

Half Inch Rain Fell Thursday

A light "norther" blew in on Lynn county at about 2:00 a. m. Thursday, bringing a very welcome rain, but failed to bring a killing frost.

The rain measured .57 of an inch in Tahoka, bringing the year's total to 11.46, or about seven inches below the normal amount. In 1951, only 16.71 inches were registered in Tahoka, and in 1952 only 14.21 inches.

However, prospects are very much better for next year, as the 2.53 inches received this September, 2.69 this October, and an added .71 so far in November has put a fine season in the soil—if sufficient moisture continues to fall between now and planting time.

The local weather observer does not have available the complete record of the first killing frosts, but the average date in Tahoka is about November 10. Here it is November 19, 1953, and there has been no frost sufficient to kill anything but the most delicate vegetation, although frost first appeared Oct. 27 and then on Nov. 3, 9 and 10. Lowest official temperature has been 33 degrees on Nov. 8 and 9. Lowest on Thursday morning was 34.

Court of Honor For Boy Scouts

A Court of Honor was held here Monday night for Tahoka Boy Scout Troop 21 with H. B. McCord, Jr., scoutmaster, in charge.

Vester Funk became a Tenderfoot, and Terry Spears advanced to Second Class scout.

Four boys received merit badge awards. Larry Spruiell received a badge for basketry, as did Gerard Huffaker. Jerry Freeman was presented one for athletics and John Ed Redwine, citizenship in the nation.

McCord was assisted in the presentation of awards by Guy Witt and Denver Ford. All the Scouts participated in the presentation ceremonies.

Dr. F. B. Malone of Lubbock showed film slides of the National Boy Scout Jamboree held in California last summer and gave statistics on various things concerning the encampment.

Dr. Emil Prohl, who was in charge of the program, introduced Dr. Malone to the group.

Approximately 40 guests were present for the Court and barbecue held before the ceremonies began.

The next meeting on Monday night at 7:00 p. m. in WOW hall will be held for the primary purpose of the parents and boys to discuss and plan the summer camp which the Tahoka troop will attend the second week in June at Camp Post. Scoutmaster McCord said that a saving plan for the trip will be started with this meeting.

He also stated that the boys have sold about 75 tickets for Christmas trees during the past few days. Sales will continue indefinitely, with tickets going at \$1.00, which will be worth \$1.25 when presented for a tree.

The lot across the street north of the postoffice is the place where the trees will be on display about Dec. 1. The scouts will clean off the lot Monday after school hours.

A. L. Dunnagan was released from the Hospital a few days ago and is said to be being very well in his home.

Tahoka At Spur Tonight In Final District Game

Tahoka Bulldogs journey to Spur tonight for the final game of the regular 5-AA conference season with the undefeated Spur Bulldogs.

The Tahoka boys hope to stage an upset over the favored Spur team, a feat they succeeded in doing in both 1951 and 1952. On both of these occasions, the "experts" favored Spur, but Tahoka won the ball game on each occasion and also the district title.

However, Spur has a large and experienced team, most of the starters have been playing together three and four years. Spur started a little slow this season, but still managed to win each game, and as the season has advanced its power has grown. Spur upset the Floydada whirlwinds two weeks ago, the same team that rose to great heights last Friday to down Tahoka 39 to 6.

Coach Bill Haralson's boys know they have an uphill fight, but are planning on giving their best.

Incidentally, last Friday night's game was the first regular season conference game Tahoka had lost in three years. Tahoka lost in the bi-district in 1951 to Anson and in 1952 to Stamford.

If they can upset Spur again this district will be thrown into a three-way tie between Spur, Tahoka, and Floydada, and a flip of a coin would determine the team to represent the district in further play.

Rotary Governor Visits Local Club

Herschel Coffee of Canyon, Governor of the 183rd district of Rotary International, made his official visit to the Tahoka Club Wednesday night and Thursday of last week.

Wednesday night he presided at a Club Assembly attended by 20 officers and committee chairmen of the local club, at which reports of the club progress and plans for the future were discussed.

Thursday noon, he spoke at the regular club meeting. Mr. Coffee, who is a professor in West Texas State College, laid emphasis on the promotion of fellowship and the extension of service by the club and the club member.

He praised the Tahoka Club and its president, Winston C. Wharton, for good organization and for its above average attendance record. Although the club had an attendance average of 94 percent last month, however, it was not among the high ten clubs of the district.

Bobby Lehman and Willie Lee were introduced as the junior Rotarians for the month.

Barney Davis of Durango, Colo. formerly of Tahoka underwent major surgery recently in a Lubbock hospital. Though still confined to the hospital, he is reported improving nicely. He expects to go to the home of his sister Mrs. Eugene Roland, at Idalou to stay while recuperating.

Pete Hegi's Mother Died Saturday

Mrs. Ann Nageli Hegi, 87, of Petersburg, mother of Fred B. (Pete) Hegi of Tahoka First National Bank, died late Saturday afternoon in a Lubbock hospital.

She had been in poor health for some time, and on Friday had suffered a stroke. She had been a resident of the Petersburg community for 45 years.

Funeral services were held at the First Methodist Church in Petersburg Monday afternoon with Rev. R. E. Boyle and Rev. W. H. Hughes officiating.

Surviving are one daughter, five sons, 16 grandchildren, and eight great grandchildren.

BABY BURNED

Kenneth, the two-year-old son of Mr. and Mrs. V. G. Gormley living in the extreme western part of town, was seriously burned from a pan of burning grease last Saturday and is being treated in the Tahoka Hospital. It is not believed the injuries will prove to be permanent.

AT FARM BUREAU MEET

Attending the State Farm Bureau convention in Mineral Wells last week were Guy Smith, Elmer Blankenship, and Lois Smelser.

Election Set For Tuesday On Canadian Water Authority

School Secures Irrigation Water

A four-inch water well on the Tahoka school campus was being completed this week—to the surprise of many citizens—and the water therefrom will be used to further beautify the 10 or 12 acres of school grounds, states John F. Thomas, board president.

In fact, the well tested in as a five-inch well, and during the pumping operations Tuesday and Wednesday, the town was nearly flooded with water running down the paved streets.

As most people know, Tahoka is supposed to be located over a very light water sand. Many years ago, windmills and Tahoka City water wells seemed to have just about pumped the formation dry. The City was forced to move north of town for sufficient water.

The school board had hoped to get a two or three inch well for irrigating lawns, trees and shrubs and the football field. Naturally, the larger well was welcomed, but a four-inch pump will be plenty big for the school's irrigation needs.

This past year, the City has cooperated with the school in the watering of more grass. But, the school now will attempt to sod all playground areas.

The new well is located on the northeast corner of the north elementary building campus.

Huffaker's Brother Buried At Palmer

Henry F. Huffaker, 64, brother of three Lynn county citizens, died of a heart attack on Oct. 22 at Waxahachie. He was a banker and gin owner at Palmer, Ellis county, where he had lived most of his life, and was a prominent citizen of that area.

He was a brother of W. C. Huffaker of Tahoka and Mrs. C. E. Campbell and Mrs. Alice Davis of Wilson.

The wife and two daughters survive.

Funeral services at Palmer on Wednesday of last week were attended by Mr. and Mrs. W. C. Huffaker, Mr. and Mrs. Campbell, Mrs. Davis, and Calloway, Maurice, and Lloyd Huffaker.

WILL GIVE DOLL

Local Pythian Sisters are planning on giving away a dressed doll and extra doll clothes as part of their Christmas program.

There are 6,080 feet in a se mile.

Ramsour Resigns Local Pastorate

Rev. Lee Ramsour, pastor of the First Baptist Church here, tendered his resignation to the Church Wednesday night, having accepted the call recently of the First Church of Athens. He and family expects to move early in December. His son Larry and Mr. Darvey Lavender are to be ordained on Sunday, November 29 before the pastor and family leave.

More details will be given next week.

Methodist Youth Meeting Here

Sub-District meeting of the Methodist Youth Fellowship was held here Monday night with approximately 80 young people attending, according to Rev. J. H. Sharp, local pastor.

The Wilson organization was in charge of the program with Grovanda Coleman giving a reading on Thanksgiving. Tahoka youths brought the devotional. The entire group participated in singing.

Food was served and entertainment provided in Fellowship Hall for the boys and girls representing O'Donnell, Meadow, Wilson, Ropesville, New Home, Lakeview, Grassland, and Tahoka. Draw was the only community not represented.

The next monthly meeting of the sub-district will be the third Monday night in December at Meadow. Grassland will be in charge of the Christmas program, and Wilson will bring the worship program.

Miss Glenda Rucker of Ropesville is president of the sub-district MYF.

Painting Interior Of Court House

A new coat of paint is being applied on much of the Lynn County court house this week. Work was started in the first floor corridors, and now the office walls and woodwork are being painted in pastel shades.

Dee Sanders is in charge of the work.

GENERAL OFFICIALS HERE FOR TELEPHONE CONNECTION

General Telephone Co. officials here Wednesday for the connection of the local exchange with the Poka-Lambro Rural Cooperative system included J. L. Kemper of Brownfield, division manager; W. H. Brantley of Lamesa, district wire chief; and Bob Saunders of Lamesa, district manager.

Mrs. L. M. Nurdyke returned Tuesday from Fort Worth where she had gone on Sunday afternoon to visit her daughter and son-in-law, Mr. and Mrs. Charles Kennedy, but most of all her little grand-daughter, Connie Elaine.

Mrs. Curtis Stevens, who recently underwent major surgery, is able to be up and around again.

The condition of Mrs. Jim Burselson is reported to be extremely critical.

About 42.5 percent of the farms in the United States now have telephones. This is an increase of 2.2 percent over the previous year and the largest for any one year since the close of World War II.

Richard Russell, U. S. Senator from Georgia: "I have a strong feeling . . . that we ought to get out of the field of giving economic aid to foreign countries."

Property owning qualified voters living within the city limits of Tahoka may vote Tuesday in an election here to determine if Tahoka shall or shall not continue as a member of the Canadian River Municipal Water Authority.

O'Donnell and ten other Plains cities—Amarillo, Lubbock, Borger, Pampa, Plainview, Lamesa, Littlefield, Levelland, Slaton and Brownfield—are to vote on the same proposition. If a majority of the cities favor the proposition, plans will be continued for the project. If any one town votes "no" that town will no longer be a part of the proposed project.

If The News is correctly informed, no city is at this time obligating itself financially on the building of the proposed project, but authority to continue plans and study of the proposal must be confirmed officially by the voters. A bond election may be necessary later, which, if turned down by a city, would again eliminate that city from the project.

Due to increased irrigation and increasing demands of the cities involved for water in the future, and due to the diminishing supply of underground storage in the water sands, the damming of the Canadian River near Sanford in the Borger area has been proposed.

Study of the project was started in 1946 by the U. S. Bureau of Reclamation, which estimated cost of building the big dam and lake, and installation of an aqueduct system to the 12 cities would be about 83 million dollars, 93 percent of which, plus interest, would be repaid to the government over a 50-year period by the participating cities. Congress has authorized construction, but no funds were appropriated pending ratification of a compact between Texas, New Mexico, and Oklahoma, which has been done, and setting up of the Canadian River Municipal Water Authority, which was authorized by the Texas Legislature in May, 1953.

If and when built, the dam will be 7,200 feet long and 190 feet high, cover 26,000 acres of land, and have a capacity of 1,375,000 acre-feet of water. Engineers estimate lake sedimentation capacity would extend 50 years and that additional capacity could be provided when needed for another 50 years. Mineral content of the water would be below that now used in some of these cities, and fluoride content will be low enough to eliminate brown tooth stain.

Clint Walker was recently named Tahoka's representative on the board. He is succeeding Bill Strange Jr., resigned.

The election here next Tuesday will be held in the City Hall, with J. M. Small, assisted by Mrs. G. M. Stewart and Mrs. John Fulford, presiding officer.

4-H Boys Complete Litters For Contest

Two Tahoka boys have completed their litters of pigs for the fall heavy litter contest sponsored by Sears Roebuck Foundation.

Denver Ford has had a litter of eight pigs and at 56 days the total weight is 442 pounds. He won first place in his district in the spring contest sponsored by the same foundation. Denver is the son of Mr. and Mrs. C. E. Ford.

John Hegl, who placed 14th in the spring contest, has completed his litter with nine pigs, totaling 219 pounds at 56 days. He is the son of Mr. and Mrs. Pete Hegl.

The winner of the contest is determined by the weight of the litter, the heaviest one-taking the honors.

The winners of the fall contest will be announced at a later date by district Extension Agent W. H. Jones.

Three Bulldogs Honored As Captains For Year 1953

HUDDLESTON

Garland Huddleston, Willie Burl Lee, and Bobby Williams were elected football captains for the 1953 season on Monday by the Tahoka Bulldog squad, Coach Bill Haralson states.

Garland, who has another year on the Bulldog squad, is the son of Mr. and Mrs. Jeff Huddleston of Grassland. Willie Burl is the

LEE

son of Mr. and Mrs. R. E. Lee, and Bobby is the son of Mr. and Mrs. Carl Williams. Both are playing their last year in high school.

During the football season, various boys have acted as game captains, on appointment by the coaches. Each of the three boys has captained one or more games during the season.

WILLIAMS

Williams played at center, except during three games in which he was sidelined because of an arm injury received in the Tulla game. Huddleston is a guard, but filled-in at center while Bobby was out of play. Lee plays at end.

Du Pont's half-year profit rises to \$114,758,444.

Floydada Is 39-6 Winner Over Tahoka

The Whirlwinds blew across Kelley Field last Friday night, and when the dust had settled, Floydada Whirlwinds had taken the Tahoka Bulldogs to a 39 to 6 cleaning.

The game ended the season in a great way for Floydada, who lost only to Spur, and Coach Preston Watson told Coaches Bill Haralson and Bill Sharpley after the game that this was the best his boys had played all season.

The Bulldogs, though disappointed, have nothing of which to be ashamed, for they did their best against superior odds Friday night. If they can rise up to take Spur Bulldogs there tonight, the three teams would share the District 5-AA conference title.

Though Floydada clearly had the best team, the Bulldogs spoiled any chance of victory they may have had by losing the ball four times in fumbles and once on a pass interception.

The slick ball handling of QB. Jerry Harrison; the hard running of little 130-pound Halfback Cloyd Stephens, who carried the ball for 105 yards; the stout offensive and defensive play of End Jack Womack, who caught all four Floydada passes, two for touchdowns; and the powerful line play of Stanley Vickers, 205 pound right tackle; together with the running of five other good backs and the work of a dozen linemen; were all too much for the lighter Bulldogs. In the line, the Whirlwinds fielded a team averaging 179 to Tahoka's 156.

Working against these odds but still playing a fine game were: Backs Gordon Smith, J. E. Ables, I. V. J. Melton, Jimmy Bragg, and Jerry Williams; Linemen Bobby Williams, Garland Huddleston, Duane McMillan, Don Reid,

Statistics		Tahoka	Floydada

Jimmy Williams, Stanley Stone, Ware High, Bill Moore, Guy Witt, Jimmy Whorton, and Ronnie Brooks; and Ends Billy Tong, Willie Lee, and Bobby Lehman.

Tahoka took the opening kickoff on the 28. Bragg and Melton moved up to the 46, and Ables punted to the Floydada 26. The victors moved up to the 39, where Tahoka forced them to punt. With the ball on the 27, Tahoka fumbled on the first play and Floydada recovered. The visitors moved to the 12 in two plays, and then Harrison passed to End Womack for the first TD. Center Don Barber failed to kick the extra point.

A short time later, Floydada started a drive from its own 32 that ended in a score early in the second period with Halfback Larson Fulton going 8 yards over right guard for paydirt. Barber's kick was good this time. Midway in the quarter, a pass to Womack was good to the Tahoka 21, two plays gained only one, and then Harrison passed again to Womack the play being good for 20 yards and a TD.

Tahoka in possession on fourth down and six to go, Ables faked a punt and handed off to Smith, who went 25 yards to the Floydada 35. On the next play, pass interference was called on Floydada giving Tahoka the ball on the

National Honor Society Presents School Program

The National Honor Society of Tahoka High School presented the assembly program Thursday of last week, with the president, Bobby Lehman, serving as master of ceremonies.

Bobby Lehman presented the other officers, who are: Rose Marie Yandell, vice president; Jerry Aldridge, secretary-treasurer; and JoAnn Fenton, reporter.

Jerry LeMond presented a clarinet solo, accompanied at the piano by Ted Pridmore.

Rose Marie Yandell told about our meetings, which are held the second Tuesday of each six weeks period at one of the member's homes.

A quartet composed of Lehman, Pridmore, Gordon Smith, and Billy Tong presented a song, accompanied by Mariana McGinty.

Floyd Tubb, one of the former sponsors of the group, gave some very interesting facts about the NHS and its meaning.

Lorretta Henry told the students the qualifications for membership.

Sue Williams and Margie Curry, accompanied by Mariana McGinty, presented a duet saxophone selection.

The program was concluded with the TV program, "I've Got A Secret."

Mrs. Ferman Chapman is the National Honor Society sponsor.

Charles E. Wilson, Secretary of Defense: "I think they (the Russians) are three or four years back of where we are (in atom development)."

visitor's two. Ables hit left guard on the next play for Tahoka's only score. Score, 19 to 6.

Opening the third quarter, the Winds marched 63 yards to score, with Stephens going the last 29 around his left end. Score 25-6.

The ball changed hands seven times in the quarter, with neither team able to gain consistently and Tahoka losing the ball twice on fumbles. Then, early in the fourth Floydada marched to the Tahoka one, from which point Harrison kept the ball to score, and Barber's kick was good.

Midway in the final period, Tahoka lost by another fumble, on its own 23, which Floydada capitalized on for another score, with Halfback Stovall going the last 9 yards.

The Bulldogs seemed to have an offensive drive underway in the fading minutes, but the visitor's Waller intercepted a Tahoka pass to kill the threat.

MRS. DOCK IZARD OF LAS VEGAS VISITS SICK FATHER HERE

Mrs. Dock Izard of Las Vegas, New Mexico, left for her home last Sunday after having been called to the bedside of her aged father D. J. Pennington in the Tahoka Hospital on the preceding Monday. He had improved however sufficiently to be sent home on Wednesday of last week. He was reported to be "doing nicely" on Sunday when Mrs. Izard left.

Dock Izard had come down with his wife but returned to his home on Tuesday. From telephone calls it was learned later that he had been sick with a light case of flu.

Sgt. Charles Pennington, who is stationed in California, also called to find out about the condition of his Dad, and Mrs. Harry Coleman, a daughter, called from her home in New Albany, Mississippi.

WEST POINT H. D. CLUB ELECTS NEW OFFICERS

The West Point Home Demonstration Club met Wednesday, Nov. 11, in the home of Mrs. Kevil Coffman.

New officers for the club were elected at this club meeting, as follows: Mrs. Kevil Coffman, president; Mrs. Edward Bartley, vice president; Mrs. Glendale Simmons, secretary, treasurer, and reporter; and Mrs. Buddy Bragg, council delegate. Mrs. Otto Stone was appointed recreation chairman by the president.

The annual Christmas party was set for Friday night, Dec. 18, in the home of Mrs. Glendale Simmons for all members and their families. The children are to have a Christmas tree.

At the conclusion of the business meeting, Miss Wanda Roach gave the demonstration. This was a "meal in one" dish with suggestions for a complete menu.

Refreshments of cake and coffee and the "meal in one" dish were served to eight members and Miss Roach.—Reporter.

German silver is not mined, but is an alloy of copper and nickel.

MRS. JOE WEBB AND MOTHER HERE FROM COLORADO SPRINGS

Mrs. Joe Webb and her mother, Mrs. Thomas J. Williams, both of whom were long-time residents of Lynn county, came down from Colorado Springs, Colorado, on Thursday of last week where Mrs. Webb has been residing for the past three years, on a combined business and pleasure trip.

Mrs. Williams has been visiting her daughter in Colorado Springs for the past three months and is now preparing to move her household goods to that city with a view to making it her permanent

residence. Mrs. Webb's brother-in-law, Norman Bowen of Waco, will take Mrs. Williams' household goods to Colorado Springs in his trailer attached to the car of Mrs. Webb, which he will drive from Tahoka to the Colorado city. They plan to leave here on Nov. 23. His three children will accompany them on the trip.

Both Mrs. Webb and Mrs. Williams have many friends here and in the Draw community who deeply regret that they are breaking all ties with relatives and friends in Lynn county by making this move.

CASH IN ON MERCURY'S YEARS-AHEAD VALUE AT YEAR-END SAVINGS!

AND GET THIS DOUBLE PAY-OFF

- 1. Bigger volume means we can take a smaller profit per car—give you a bigger trade-in now for your present car.
- 2. Mercury's record-breaking popularity shows you should get back more of your investment when you sell or trade!

BEST TIME EVER
TO BUY A

MERCURY

LYNN COUNTY TRACTOR CO.

1313 Lockwood

If you've been waiting for the best possible time to buy a new Mercury, this is it! Our sales have never been higher. And because we are operating at such a high volume, we can afford to offer the deal of a lifetime.

And, by getting a new Mercury, you eliminate the usual worry about buying a car that may soon look out of date. Mercury's clean-lined beauty is fresh, ageless. There are no bumps, bulges, or meaningless ornamentation to date it. You get a car that will be in style for years, keep its value high till trade-in time, protect your investment.

And with Mercury you get many work-saving, optional features still not available on many so-called "new" cars—including Mercury's famous 4-way adjustable power seat, power steering, power brakes, electric power window lifts, no-shift Merc-O-Matic Drive or gas-saving Touch-O-Matic Overdrive.

So don't wait any longer. See us today for our special year-end deal. We're ready and waiting to put you further ahead in money-saving value than ever before.

Child Guidance Met On Monday

The Child Guidance Club met Monday Nov. 16, in the home of Mrs. H. W. Edwards with a buffet supper. Mrs. Bryan Wright was hostess.

Autumn Center pieces were used as center pieces for the dinner tables.

TO RELIEVE SORE THROAT

Due to a cold, try DURHAM'S ANAESTHESIA-MOP and see how pleasant and effective a mop can be. Generous bottle with applicators only 60¢ at your Druggist.

WYNNE COLLIER, Druggist

Chicken dressing, giblet gravy, salad, creamed potatoes, green beans, pickles, pie and coffee were served.

Miss Wanda Rhodes, County Home Demonstration Agent, was special guest and speaker for the meeting. A most enjoyable program on "Guarding Our Families Happiness, was her theme.

Other guests were Mrs. Dee Lindley, Mrs. E. L. Short and Mrs. Granvill Ayres.

Nine members were present.

Mr. and Mrs. A. M. Cade returned from Dallas, Monday where Mrs. Cade has been waiting on a new grand-daughter born to Mr. and Mrs. T. T. Turner on Nov. 1, weighing 7 pounds 3 ounces, and named Shelley Deane. Her mother is the former Iris Dean Cade. The Turners have another daughter, Karen Sue who is three years old.

Mrs. Nazli Tiabar, Turkish delegate to free-world peace conference in Washington: "Quit talking so much about peace and do something about it."

Plan Spelling Bee For Next Spring

Plans were completed in Lubbock Saturday for the annual Lubbock Avalanche-Journal Spelling Bee which will follow school and county contests over a 14-county area. The area meet will be in Lubbock April 10, with the Winner going to the National Spelling Bee in Washington, D. C., May 20.

Mrs. Lenore M. Tunnell has been named Lynn county chairman, and each school in the county will be asked to conduct eliminations, with the winners participating in the Lynn County Spelling Bee to be held about March 20.

Entrants must not have passed beyond the eighth grade and must be under 16 years of age by June 1, 1954.

In addition to the free trip to Washington, the area winner will receive a 24-volume set of Encyclopedia. Cash prizes will go to second, third, fourth, and fifth places.

Mrs. Tunnell will supply those interested with further information.

Garden Club Has Display of Table Setting At Meet

Fourteen table settings for various occasions were on display Tuesday afternoon in the home of Mrs. Emil Prohl when the Tahoka Garden Club held its meeting.

Three high school economics girls, Bessie Galloway, Jerry Ajdridge, and Clydene Wallace, judged the displays. They were accompanied by Mrs. Pete Hegi, home economics teacher.

Taking first place honors was a table set for a hunter's luncheon depicting a scene of a hunting camp as a centerpiece. This included a campfire with little black iron pots decorating the scene. The colors of brown and green predominated. Winners of the first place were six Grassland women, Mmes. M. L. Thomas E. A. Thomas, Claude Thomas Price Thomas, Gus Porterfield, and Mittie Walker.

Second place went to Mrs. L. C. Haney for her setting of an informal Christmas luncheon. The centerpiece was of leaves sprayed in Christmas colors. Mrs. Haney used the colors of black and red in the table setting.

Mrs. Charles Verner took third place honors with a setting for a formal western dinner, using pine cones and branches in brass for a centerpiece over a green cloth.

Two large tables carrying out the Thanksgiving and Christmas seasons were set for observation. They were not judged as part of the contest.

The Thanksgiving table was adorned with colors carrying out the fall color scheme. Arrangements of candles, chrysanthemums and foil leaves decorated the table covered with a green cloth. The Christmas table, laid with a green cloth, was decorated at each end with a green candle around which gold Christmas bells were arranged over golden sprayed magnolia leaves. The crystal and china were gold rimmed and diorolyte silver was used in the setting.

Following the judging, a business meeting was held when the group discussed the Christmas pilgrimage which will be held Dec. 18. The club will visit various homes to view decorations. The theme of the pilgrimage will be worked out at a committee meeting to be held Tuesday, Nov. 24.

The next meeting will be held Dec. 1, in the home of Mrs. Skiles Thomas when the club's regular Christmas program will be presented.

At the meeting each member will bring a gift wrapped box and give her explanations for wrappings which will be materials such as leaves, berries, etc.

On Dec. 19, the club will hold an apron bazaar down town in which aprons made by the members will be sold.

CARD OF THANKS

I wish to thank everyone who has been so kind to me during my illness. Your cards, letters, flowers, visits and every act of kindness have been a great help and will not be forgotten.—Mrs. Curtis Stevens.

RAINBOW GIRLS HAD INITIATION MONDAY

The Tahoka Assembly of Rainbow Girls met Monday night at the Mesonic Hall for the regular meeting and initiation services.

Initiated into the Assembly was Barbara Lewis, with the ceremony conducted by Worthy Advisor Janelle Martin.

The next meeting will be the first Monday night in December.

WHY "GET UP" NIGHTS?

It's not necessary. Raise the pH of the fluid in your bladder with CIT-ROS. Reduces the urge of irregular elimination. Get rid of backache, burning, bearing-down pains. CIT-ROS will do the job safely, relieves back pains quickly, soreness in the back vanishes. \$1.50 at your druggist. For sale by WYNNE COLLIER DRUGGIST

THE EDITOR RECEIVES INQUIRIES ABOUT THE MCGUFFEY'S READERS

The Senior Editor had an inquiry several days ago from B. B. Smith of Jasper, Alabama, as to where he might get a copy of McGuffey's Sixth Reader. He said he had read with much interest the quotations from this Reader published in The Lynn County News issue of November 6, and went to the library in his city to get a copy and was told that the book was out of print.

Mr. Smith is a brother of J. H. and Sam Smith of New Home, and is an uncle of Truett Smith and Mrs. Beulah Pridmore of Tahoka. He is engaged in business in Jasper, Ala.

On last Sunday, I had letters from the A. L. Williamsons of Pep, New Mexico, saying that they had enjoyed the McGuffey Reader articles, and Mrs. Williamson made this comment: "I (Lucy M.) remember my father coming in off a trip in Miss and saying, 'I met McGuffey today. He is a delightful fellow!'"

Furthermore, the Williamsons sent and lent me a book of their son Jack's first stories, the earliest that he had bound in a book. The book is to be returned to them later.

Now I quote the father, A. L. Williamson: "A good many years ago, Jack had sold more than 1,000,000 words. Some of his stories have been translated into French, German, and Italian."

Mrs. Williamson also volunteered a little weather information. "Isn't this lovely weather? The grass is not yet killed, nor all of the flowers. Our Peace rose has two buds opening. Best wishes."

Note: I haven't had time to read Jack Williamson's stories yet but from their titles I judge that they deal with the occult and the mysterious. I can tell you more about them later. I want to correct a few errors and tell you a lot more about Mrs. Williamson and her ancestry, too. No wonder she is such a fine lady. E. I. The Elder.

NEW HOME 4-H BOYS DISCUSS PARASITES

In a recent meeting of the New Home 4-H Club, the boys discussed the parasite and how to eliminate it from livestock.

Included in the discussion, according to Walter Casper, reporter of the club, was the different kinds of lice, their sizes and color; round worms, their size and how they live; and how horn worms live and how to get rid of them. The boys learned what a stable fly's mouth is like and how it works.

The 4-H Club calendars for the coming year were presented to the members of the New Home club. Discussion was held concerning the various boys' projects and the stock shows to be held later in the club year.

DISTRICT SUPERVISORS
K. K. MOORE
CHESTER SWOPE

Some of the conservation implements and equipment which are owned by the District and are available for the farmer's use were listed in this article last week. Another piece of equipment which should prove to be of great help to local farmers and which is now available is the new Starling meter for measuring the flow of irrigation wells. This meter can be connected to any size well with a short piece of canvas pipe and discharge in gallons per minute accurately determined.

Farmers who are developing new wells should have the discharge and drawdown accurately measured before a new pump is bought in order to get a pump that will be best for that particular well.

Irrigation farmers who have wells several years old will also benefit by getting a new discharge and draw-down measurement to see if the well is being pumped properly.

Soil Conservation Service technicians in the local office are ready to help farmers measure their wells with the new meter.

Will Harris has laid out about six acres of contour borders and

planted alfalfa this past week. Mr. Harris lives two miles north of New Home.

O. J. Stanley, two miles east of Redwine, has seeded about two acres of alfalfa in level borders, and plans to put in about four more acres whenever he gets the cotton off. Mr. Stanley has a small well and said he thought he would eventually irrigate only pasture with it so that he could always have some livestock around the farm.

Farmers who have recently requested assistance in laying out conservation practices include R. F. Stegemoeller, 5 miles northeast of Wilson; Mr. Klesel, one mile north of Morgan school; and Mr. Brieger, two miles south of Morgan school. Leroy Voight, one mile from Southland, also has made the location on about 1200 feet of underground pipe that he intends to install soon.

A conservation plan has been written on the J. W. Hutcheson farm operated by D. W. Hancock and located four miles northeast of Lakeview. Soil Conservation Service technicians have helped Mr. Hancock lay out contour lines on the farm recently.

Billy Bob Ingle Married Recently

Billy Bob Ingle of this county was married to Miss Velma Ruth Seales, Bailey county, on October 20 at Enoch Baptist Church. The News has been informed. The pastor, Rev. Harris, officiated.

Attending the ceremony were the mothers of the couple, a brother of the bride, and Billy's sister, Joretta.

The bride is a daughter of Mr. and Mrs. Bert Seales of the Lakeview community, near Muleshoe, and was a sophomore student in Muleshoe High School at the time of her marriage.

Billy Bob is the son of Mr. and Mrs. Cliff Ingle of the Wells community, and was a 1951 graduate of O'Donnell High School.

The couple are living at Baileyboro, where Billy is employed at Dean's Gin.

The Cliff Ingles are also living at Baileyboro at the present time and Mr. Ingle and Gene are also employed at the gin. Joretta is attending school in Muleshoe. The family plans to return to their Lynn county home about the first of the year.

Lt. Alman Croftwell Is Based In Japan

Mrs. O. A. Croftwell and sons, Melvin and Elwayne, and the latter's wife, all of San Angelo, were here last weekend visiting friends and relatives.

She reports that Mr. Croftwell is now operating a service station in San Angelo, and that they have bought a home there. They have been in that city about two years.

Lieut. Alman Croftwell, who has been in the Army Airforce three years, received his wings on June 16, and two weeks ago landed in Japan, where he is scheduled to serve as a C-93 transport pilot.

Elwayne has received his selective service call to report on December 18.

The Croftwells were in Lubbock Sunday attending a birthday celebration for her mother, Mrs. J. M. Johnson, also formerly of Tahoka, in Mackenzie State Park.

FORMER CITIZEN IS VISITOR IN TAHOKA

Mrs. Katherine Harrison of Riverside, Calif., an old-time citizen of Tahoka, was here Saturday of last week visiting Mrs. G. R. (Bud) Milliken and other relatives. Mrs. Harrison is an aunt by marriage of Mrs. Milliken. She also visited her brother, John Gable, in Lubbock.

Wedding of Tahoka Girl Announced

Mr. and Mrs. M. H. Brasher are announcing the approaching marriage of their daughter, Emma Jean to Raymond F. Cook of Kansas City, Mo. formerly of Meadow, Texas.

The prospective bridegroom is the son of Mr. and Mrs. V. E. Cook, of Harrison, Ark.

Vows will be exchanged Nov. 25, in Kansas City, Mo. The bride-elect is a graduate of Tahoka High school in 1952. The bridegroom is a graduate of Meadow High school in 1948. He served 11 months in Germany while in the Army.

GORDON H. D. CLUB MET NOVEMBER 10

Gordon Home Demonstration Club met November 10 in the home of Mrs. Ed Denton.

The lesson was "A one-dish Dinner," Hungarian goulash, demonstrated by our agent, Miss Roach, which was enjoyed by all.

The next meeting will be at the home of Mrs. Gus Gatzki of Gordon and will be our Christmas program.

Here's hoping we can get more new members next year. We will meet the second and fourth Tuesday of the month, now that we have an agent.

The refreshments served were coffee, pumpkin pie, ice cream, hi-ho crackers, and mints.

Those present were: Miss Roach, and Meses. Max Jackson and son, Mrs. Dick Denton and son, Raymond Gatzki and two sons, Gus Gatzki and two grandsons, Ray Cook, James Shelton, George Baker, Spencer Brewer, and Zella Smith—Reporter.

U. S. industry is reported accepting dispersal as a bomb defense.

FAST, SAFE Help for Child's Cough

For coughs and acute bronchitis due to colds you can now get Creomulsion specially prepared for children in a new pink and blue package and be sure:

(1) Your child will like it.
(2) It contains only safe, proven ingredients.

(3) It contains no narcotics to disturb nature's processes.
(4) It will aid nature to soothe and heal raw, tender, inflamed throat and bronchial membranes, thus relieving the cough and promoting rest and sleep. Ask for Creomulsion for Children in the pink and blue package.

CREOMULSION FOR CHILDREN

relieves Coughs, Chest Colds, Acute Bronchitis.

Three Young Men Called By Draft

Three young men from Lynn county are included in the November call of the Selective Service Board to report for induction Monday and Tuesday of next week.

Edgar Eldon Akin of Tahoka and Randolph M. Gass of route 1, Wilson, are scheduled to report Monday, and Truman Trentham Ford of Wilson is to report Tuesday.

Bees have four wings.

WRITES FROM JAPAN

Mrs. M. H. Edwards this week received a Japanese Christmas card from Sgt. Pershing Alexander formerly of Tahoka, who is evidently serving over seas with the army.

For anyone who may wish to write Pershing, his address is as follows: Sgt. Hal P. Alexander, RA38341387, 21st Fire Dist. Sect., APO 72, in care of Postmaster, San Francisco, Calif.

Auto sales finance officers see no "saturation point."

Mr. and Mrs. George Nixon left last weekend for a few days vacation during which they expect to hunt squirrels and fish on the Colorado and Concho rivers.

TRADE 'N SAVE

Now Thru Nov. 30
5th Annual Old Stove Round Up

Your Best Buy Is An Automatic Gas Range

Now is the time to trade your old stove in on a new, modern Automatic Gas Range. Your dealer is ready to trade... it's Old Stove Round Up time. This is the time of year when your dealer gives you your best trade. So, don't wait another minute—go see the modern Automatic Gas Ranges on display at your dealer's store. Trade your old stove in on that Automatic Gas Range you've been wanting. No range is more automatic.

West Texas Gas Company

HELPING BUILD WEST TEXAS SINCE 1927

Thrill Maker from start to stop (That's T.T. Dynaflo!)

SOMETIME soon—like this week—you ought to try a Buick with Twin-Turbine Dynaflo.*

You ought to try it just to be familiar with the great advance in this fully automatic transmission that Buick engineers have accomplished.

You ought to try it just for the fun of bossing a drive where you don't do a blessed thing but steer and press the gas or the brake pedal as you go.

But, pure and simple, you ought to try it for thrills.

We mean the thrill of instant getaway response—with two turbines doing the job that one did before.

We mean the thrill of whisper-quiet acceleration—where you barely hear

the sound of power build-up, or of flowing oil at work.

And, most emphatically, we mean the thrill of perfect and sublime smoothness from start to stop—the thrill of moving from standstill to and through all travel ranges in one, progressive, infinitely smooth forward "carry" without a gear ever shifting or a clutch pedal pushed—the thrill, rarely found elsewhere, of silky smoothness in deceleration, too.

Will you be our guest at a sampling of a Buick with TT Dynaflo?

Will you try the sweetest, the smoothest and the simplest-to-operate automatic transmission yet devised—and powered by the highest-compression engines in Buick history, including the

world's newest V8 in SUPER and ROADMASTER models?

Drop in on us this week and we'll be happy to accommodate you.

It's Trade-In Time for a Better Deal

You'll be thrilled with the top allowance we will make on your present car. Come in and see us for the happy news—now. We can give you immediate delivery.

When better automobiles are built Buick will build them.

LIQUID OR TABLETS—SAME FAST RELIEF

Odds AND Ends

(BY E. I. THE ELDER)

With the marvelous increase during the past fifty years of the number and kinds of mechanical devices that have come into use for the spread of news and of general information among the people and for the communication of useful and cultural knowledge both in our educational institutions and also among the people in their homes, the general I. Q. of the American people today ought to be higher than that of any other nation on earth, and we believe that it probably is.

Furthermore, it ought to be higher in our nation today than it ever has been before in our history; and we believe also that it probably is.

Fifty years ago, the youth of our land were compelled to rely almost solely upon the school text-book, the scholarship and ability of the teacher, together with the college library in our higher institutions of learning, for his education. There were no visual aids, there were no radios, and in most public schools there was only meager equipment for imparting knowledge to the students. The teacher was the most important factor in making any school a success—far more so, we believe—than is the case today. The most important period in the life of nearly every notable successful college and university that has ever existed in the United States has centered largely around some one great educator. President Garfield is credited with having said of Mark Hopkins, who was president of Williams College at Williamstown, Massachusetts, for thirty-six years, "A log with a student at one end and Mark Hopkins at the other is my ideal college." Garfield him-

self was a graduate of Williams College, and his estimate of the greatness of its president was shared by numberless other graduates. The great poet, William Cullen Bryant, was another one of its distinguished graduates. Nearly every great college in America, at one time or another, has had its outstanding hero.

And that was true of the early colleges and even academies that functioned in Texas from a century to a half century ago.

And let me say that many a man and many a woman did a great work in the poorly-equipped public school of that period in our history.

And so we often hear it said today by many of our older citizens that our schools and colleges of today are not as thorough as were the schools and colleges of their youth. And some of these estimates doubtless are correct.

There were many small colleges and academies that existed in various parts of Texas fifty to seventy-five years ago which did a marvelous work for the education of the boys and girls of that day but which passed into history many years ago. Piles of stone and rubbish now mark the site of many of these old buildings, some of which may yet be seen at Lampasas, at Salado, at Granbury, at Veal's Station and Springtown in Parker county, Rutersville in Fayette county, Chapel Hill and Independence in Washington county, and others which we have forgotten entirely or have never known. Notable too was that Presbyterian School at Buffalo Gap which was moved later to Albany, where it continued to function successfully for

many years. Yes, there was Goodnight College, and Canadian College, Baptist schools, Clarendon College, a Methodist School which has been converted into a State Junior College, and its building still stands; Stamford College, a Methodist School which was the forerunner of McMurry College at Abilene; a little college at Lockney which was maintained by the Church of Christ for several years; and Seth Ward College at Plainview, which was maintained for several years by the Methodist but is now defunct. Some of these schools never prospered, but others of them did a notable work in their respective areas. We dare say that students of most of them are still living and hold these old defunct institutions in sacred memory.

Histories of some of these schools have been written, but we fear that some of them will be allowed to pass into eternal oblivion, apparently unwept, unheralded, and unsung. We wish that some accomplished alumnus or alumna of these schools respectively would prepare and place in some appropriate library a history of each of these schools respectively, for there was doubtless some outstanding character in the faculty of each of them who is living on in the lives of others today and whose memory should be perpetuated for the benefit of future generations.

Of course only a few people would ever find time or be concerned enough to take the trouble but some few would and their lives would be enriched thereby.

So much history of so many nations has been written that not many people can find time to read history. Others do not feel that any history is very important and that reading it therefore is a waste of time. But if they would spend the time that they use in listening to foolish stuff that comes over the radio on the television in reading important and thrilling historical sketches or fine selections of literature, they would soon find that such a course of action would not only enrich their minds and souls but would afford them the most genuine pleasure obtainable.

I hear good people sometimes decrying the value of education and the pursuit of knowledge. They will point you to some person who has never acquired and has never attempted to acquire much education and yet he has succeeded in acquiring a lot of property, drives a big fine car and lives in an elegant and costly home, owns broad acres of land, a bunch of oil wells, a big block of bank stock, and several irrigated cotton farms, or maybe the cattle on a dozen hills. He is a great success—a highly honored citizen. He may or he may not be happy, who knows?

Just the past Sunday we heard from a Sunday School teacher and also from a pulpit the story that Jesus told to a group of these prosperous self-satisfied fellows, one of whom got to talking to himself and gloating over his possessions. He had raised enormous crops of grain, too much for his barns to hold it, and he was musing to himself as to what he would do. "I know what I will do," he said. "I will just tear down my old barns and will build new ones much larger, and then I will store away all these bumper crops, and I will say to my soul, 'Soul, you have much goods laid up for many years (as if the soul could be satisfied with what a man can cram down into his stomach), eat, drink, and be merry.' (And a lot of men are trying to feed their souls today by feeding their bellies.)

But god said unto him, "you fool; this night your soul shall be required of you. Then whose shall these crops be that YOU have raised? Such is the fate, sir, of the man who is continually raising up treasures for himself and is not rich toward God, who never gives God a thought or does a thing for the spread of his kingdom in the hearts of men."

And to all the world Jesus pronounced this great spiritual truth: "The life is more than meat, and the body is more than raiment."

At another time and place Jesus said to the multitudes: "Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal; but lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt and where thieves do not break through nor steal." Then he followed these warnings with this further admonition: "Seek ye first the kingdom of God and His righteousness, and all these things shall be added unto you."

What were "all these things"? They were worldly possessions, which he had said the Gentiles seek after.

Throughout his entire ministry on earth, Jesus sought to impart spiritual truths to the people—to teach them that the spirit of man

is far more important than is the body; he was an inveterate and untiring teacher. Constantly using the parable and well-known physical facts to drive home spiritual truths, he was undoubtedly the greatest moral and spiritual teacher the world has ever known. He was by nature and by design the world's greatest educator. And he not only taught men, but he continually counseled them to be wise: "Be wise therefore as serpents" was one of his striking admonitions. The gaining and imparting of knowledge, understanding, and wisdom are stressed throughout the entire Bible. And yet there seems to be a tendency among many religious people today to play down the importance of education rather than to play it up. In my humble opinion, one of the greatest hindrances to the acceptance of the gospel of Christ and the teachings of the Bible generally is our ignorance and narrowness in the interpreta-

The Lynn County News, Tahoka, Texas

November 20, 1953

tion of the Scriptures.

This applies not only to our knowledge or lack of knowledge pertaining to spiritual truths and education but also to the physical world and secular education.

One idea I have heard advanced more than once recently is the seeming contention that while secular education is desirable for the Christian, it only makes the non-Christian or wicked man more wicked and harmful to society. I had intended to use most of this column this week in combating that theory, for I do not believe a word of it as a general proposition, but my time and space both are just about used up, and if I go further into that discussion, I will be compelled to do it at another sitting.

I want to say, however, that both my understanding of the teachings of the Bible and my own experiences and observations

lead me to believe that it is a false and harmful theory. Education may make the criminal more astute and therefore more powerful and harmful, but education in itself never degrades or pollutes anybody. Most of us are born with a "good deal of devil in us and sometimes it crops out pretty early in life. As a rule education tends to curb it, but education alone will not entirely destroy it. That's what makes regeneration necessary, for all of us are born with sinful natures, and all of us who are responsible beings have sinned and come short of the glory of God. And this is just about as good a sermon as anybody can preach, if I do say so myself. Amen, Brother.

Anthony Eden, British Foreign Secretary: "There is certainly room . . . for assurance to the Soviets that we do not threaten their security."

it takes \$42,000,000 to keep her happy!

That's what we have invested in plant and equipment to bring you modern telephone service. And millions more are needed yearly for improvement and expansion.

But next month . . . when the bills roll in . . . compare the cost of your telephone with that of other day-to-day necessities: food, clothing, shelter.

We think you'll agree your telephone is one of your biggest bargains . . . a multi-million dollar giant that serves you, faithfully and faithfully, for only pennies!

Your telephone company is part of The General Telephone System now serving over 3900 communities in 19 states . . . and growing fast.

Otis Spears Talks To Baptist Men

Forty men heard Superintendent Otis Spears discuss the problems of the small school child Monday night at the regular monthly meeting of that body in the dining room of the First Baptist Church. Mr. Spears took occasion also to compliment the whole student body and to pay high tribute to the faculty as a whole.

Mr. Spears pointed out that the child just entering school was virtually entering a new world. In the home, possibly, he had been idolized and made to feel that he was the chief center of affection, but upon entering school he necessarily had to learn that he or she must share this place in the sun with numerous other children of about the same age and size of himself. This is an ordeal for many. Also, he pointed out that many children must be taught obedience first in the school-room. This also is another rather unpleasant ordeal for many children. But he showed a keen interest and deep sympathy not only for the first-grade students but for all children in the elementary school and paid high tribute to the teachers in these grades.

But he was just as lavish in praise of the high school students and teachers. He declared that it was his belief that Tahoka has the finest set of young people of any place that he knows anything about. Their standard of morals and ethics is remarkably high. And, he mentioned the football boys as a shining example. He said that the meeting that the boys have on each Thursday night in preparation for the Friday night game sounds remarkably like a prayer meeting in some church. The meeting is always opened and closed with prayer, and during the meeting testimonials and comments of the highest order are given by the boys.

Every teacher in the school, he stated, is a Christian, and most of them are regular church attendants. A majority of them, he declared, hold some official position in the churches of the town. The discussion was greatly enjoyed by the members of the Brotherhood and others present. Dub Fulford is president of the organization and Urban Brown is program chairman.

Some matters of business were given attention, and a splendid "feed" was served.

Change Structure West Texas Gas

Mr. C. I. Wall, President of West Texas Gas Company, has announced that an application has been filed with the Securities and Exchange Commission by Southwestern Development Company a registered holding company with officers in New York to simplify its corporate structure by transforming its holding company system into a single operating natural gas utility company, incorporated in the state of Texas, and a natural gas producing company, also incorporated in the State of Texas. The application further provides for the dissolution of Southwestern.

The present Southwestern system consist of: Amarillo Gas Company, Amarillo Oil Company, Clayton Gas Company, Dalhart Gas Company, Red River Gas Company and West Texas Gas Company. The new operating company will be Pioneer Natural Gas Company, with general office in Amarillo and a large division office in Lubbock. Operations of the present gas production, transmission and distribution properties will be carried on generally in the same manner and with the same personnel as heretofore.

Set-Up Night Held By Pythian Sisters

Set-up night was held by the Lynn Temple Pythian Sisters Tuesday night when each officer was advanced to a higher station. Most Excellent Chief Hannah Nordyke was advanced to the station of Past Chief; Most Excellent Senior Lucy Brice to Most Excellent Chief; Excellent Junior Helen Biggerstaff to Excellent Senior; Manager Glenda Dunagan to Excellent Junior; Guard Jessie Jewel Stevens to manager; Protector Minnie Conwill to guard, and Past Chief Thelma Oliver filled the station of protector for Tuesday night only.

New officers for the protector station and several lower stations and any other stations turned down by newly advanced officers will be elected at the Dec. 1 meeting.

Mrs. Frances E. Dunagan won a quilt at a drawing held at the meeting. Chances had been sold by the ways and means committee.

The sale of chances for a doll and complete wardrobe made by members will begin soon. The doll, on display in a local tailor shop, will be given away some time before Christmas. Twenty-three members were present for the Tuesday night meeting.

Billy Loren Thomas Will Marry Miss Barton Next Month

Mr. and Mrs. Clark Barton of Post announce the approaching marriage of their daughter, Helen Ruth to a/c. Billy Loren Thomas son of Mr. and Mrs. M. C. Thomas of Grassland. The wedding will take place at the First Baptist Church of Post on Dec. 17, at 6:30 p. m. Relatives and friends of the bride and groom are invited to attend the ceremony.

O'DONNELL H. D. CLUB MEETING

The O'Donnell H. D. Club met for its second meeting in the home of Mrs. Joe Eaker November 17, with the Home Demonstration Agent, Miss Wanda Roach, giving a demonstration on "A Meal In one". There were five new members making a total of 16 in the club. The new members were: Mrs. R. Regan, Mrs. H. C. Warren, Mrs. E. J. Treadway, Mrs. Ivey Snelgrove, and Mrs. Gladin Tompson. The December meeting will be in the home of Mrs. Levy Grey with Mrs. R. R. Reagan and Mrs. H. C. Warren as co-hostesses. Each member is asked to bring hand made gifts for exchange and also bring some Christmas decoration or gift idea to help plan the holidays. The meeting is to be at 1:30 December 10. All interested are welcome.—Reporter.

A poor man is a healthy man; a healthy man is a rich man.—German Proverb.
An acre of forest releases more moisture into the atmosphere, than an acre of water.

Improved Variety of Cantaloupe Seeds Now Available

College Station, Nov.—Rio-Gold, a new disease resistant cantaloupe which is described as having an excellent flavor, is now available to growers.

Developed at the Lower Rio Grande Valley Experiment Station in 1950, the variety has several characteristics superior to Rio-Sweet. G. H. Godfrey, plant pathologist at the Weslaco Station, says Rio-Gold has an attractive, deep tender flesh with an excellent flavor, and a high sugar content, downy mildew and fairly resistant to powdery mildew and aphids.

Rio-Gold was first recognized as a distinctive strain late in the spring of 1950 when on a vine that bore bright, well-netted melons of high quality. Trial plantings at various Tex

as locations brought favorable response in appearance and eating quality, Godfrey says. Limited quantities of Rio-Gold seed for trial plantings and seed increase are available from Foundation Seed Sections, Department

of Agronomy, Texas A & M College, College Station, Texas. Canadian Prime Minister Pearson urges the U. S. to lower trade barriers. Try The Classified Ads
