

## Rev. Lee Ramsour Leaves Tahoka To Take Pastorate at Athens Church

Following the resignation of Rev. Lee Ramsour as pastor of the First Baptist Church here on Wednesday night of last week and its acceptance by the Church, machinery was set in motion immediately looking to the call of a new pastor. A committee on committees was named by the church with instructions to recommend, after due consideration, the personnel of both a pulpit committee and a pulpit supply committee. This over-all committee consisted of the retiring pastor, Rev. Lee Ramsour, and three other members named by the church as follows, W. A. Reddell, Mrs. John A. Roberts, and Mrs. Beulah Pridmore.

On Sunday morning this committee recommended to the church the selection of the following nine members as a pulpit committee, W. A. Reddell, chairman, Ray Adams, Truett Smith, Pat Hutchison, Durwood Howard, Mrs. L. M. Nordyke, Mrs. E. W. Shawn, Mrs. Everton Nevill, and Mrs. Terry Noble.

It will be the duty of this committee to seek diligently for the man whom they can recommend to the Church for its selection as pastor.

The committee also recommended to the Church Sunday morning the following members to serve as a pulpit supply committee, Dr. K. R. Durham, Garland Pennington, and Dub Fulford. Both of these recommendations were unanimously accepted by the church. It will be the duty of the pulpit supply committee to make provision for services in the Church regularly as heretofore until a new pastor can be selected. Its

work is to be done in accord and cooperation with the pulpit committee, however, so that there may be no conflict between the two.

Also, on Wednesday night of last week, a committee was named to furnish to the First Baptist Church of Athens, Texas, by which Rev. Lee Ramsour has been called as pastor, such further information respecting the Ramsour family as might be desired or desirable. That committee consisted of E. I. Hill, chairman, Pat Hutchison, and L. D. Howell. The committee has already acted and has sent to the Athens Church a long list of information respecting the religious and civic activities of the members of the Ramsour family, obviously one of the most remarkable families in many respects to be found anywhere. Every member of the family has fine musical talent, which has been used constantly in the services of the local church and by one or another of them in other churches and in Associational meetings.

At the age of 15, their son, Larry, was licensed to preach, and now on next Sunday, at the age of 17, he is to be ordained as a full-fledged minister of the Gospel, with authority to serve as pastor of any church that may call him. Currently he is a student in Baylor University in Waco.

The Ramsours came of Tahoka from a Baptist Church in San Angelo where the husband and father was the popular pastor, and he began his service as pastor here on May 1, 1950. At the end of this month therefore, when his service terminates, he will have served as pastor here for three years and seven months, with extra pay voted by the church for one additional month.

He and the other pastors of Tahoka have been unusually cooperative in their work and on Sunday night the Methodist pastor, Rev. Jim Sharp, dismissed his services that he and the members of his congregation might attend services at the Baptist church.

## Kill a Deer and Save a Life

Austin, Nov. 14—That shot you fire at buck deer Monday morning may save a man's life.

Sure, it sounds strange.

But it goes this way: There are more than two thousand patients in four state tuberculosis hospitals. Life for many of these patients becomes dull, flat, stale—unsufferably monotonous. Some of them pull out, against the advice of doctors. They go back home, carrying their infection, cutting down their chances to get well.

But if they had a little more to do—mainly something to do with their hands—they might stay. They might get well, go back home useful and helpful and healthy citizens.

And here's how that crack of your high-power rifle pointed at that buck deer can figure in the picture.

The hide off that deer can be the means of furnishing many of those sick people a new interest. If you'll just bundle up the hide and ship it, at no expense to yourself, to the Austin Taxidermist studio, Austin, it will be tanned and turned over to the occupational therapists at the state hospitals. Ship the hide express collect.

There isn't any doubt about the result. It was proved last year. Word was sent out by Helen Colburn, director of public information for the Texas Tuberculosis Association. Twenty-four hides came in.

And the result when the tanned hides were taken to the hospital was amazing—and touching. Those lonely, home sick people began making things. Almost anybody can make things out of a chunk of buckskin—maybe only a tobacco pouch or a golf mitt, maybe something as elaborate as a jacket.

The point is that those people had a chance to work, with their hands as well as their minds, on something that interested them. Some made moccasins and gloves for themselves. Most made little presents for relatives and friends. A few sold what they made for pin money. And there isn't any great stack of that kind of money lying around the state tuberculosis hospitals.

The twenty-four deer hides showed what can be done—even though the real goal may be far away because Texas just doesn't spend much money on occupational therapists.

But this year with the word going out well in advance, there ought to be a flood of deer hides—plenty to keep these people busy until the next season rolls around. A lot of sick people who might otherwise leave will stay in the hospital and get well.

It costs you nothing, this life or two you might save.

So when you aim at that buck, don't miss.

where by agreement between the two pastors, at six o'clock in the evening the Methodist pastor presented a very fine screen picture in the interest of Christianity generally, and again presented it following the night services.

During his residence here, Pastor Ramsour has been prominent in the work of Brownfield Baptist Associational and District Nine, embracing more than twenty Plains and Cap-rock counties, and has recently become prominent in the state organization of Baptists. According to reports, the Athens Church tried persistently for several weeks to get his consent to go there as pastor, and finally called him most enthusiastically and gave him a rousing welcome when he finally appeared before the Church some three weeks ago.

Many Tahoka people regret that he and family are leaving Tahoka.

## Water District Is Experimenting In Conservation Of Meager Rainfall

By JIM COMPTON

Experiments which, if successful, may mean the conservation of thousands of acre feet of rain water are being undertaken by the High Plains Underground Water Conservation District.

This project is concerned with the construction of a recharge pit and a recharge well, one in Lynn County and one in Floyd county, which are designed to carry rainwater from surface lakes to the underground reservoir.

This project is being undertaken for two purposes, said W. L. Broadhurst, chief hydrologist for the district. They are, 1. Salvage the water that is otherwise lost by evaporation, and 2. reclaim land for farming or grazing activities.

"Many farmers and businessmen have shown in recent meetings that they are concerned with the possibility of such experiments," Broadhurst said. "The subject has been discussed with each county committee in the district and they also have shown concern," he said.

"If these recharge experiments prove successful, the estimated amount of lake water that can be salvaged in this district is 250,000 acre feet a year," he said.

These experiments, in their initial stages, are being undertaken at relatively low cost.

The proposed method of experimentation is to filter the water through cotton gin trash and burrs as it enters the recharge pit. The filter will catch the silt and thereby keep the water-bearing sands from clogging. After the burrs are filled with silt, they will be removed and spread on soil needing them. New burrs will then be added as filter.

The pit resembles what we know as a trench silo, but is larger than most silos in this country.

During recent rains, the pit on the Unfred farm in Lynn county was filled in 30 minutes after the water had risen over the dam.

## Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

Get sure but gentle relief when you are temporarily constipated. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, one of the finest natural vegetable laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's 30¢ size today. Money back if not satisfied. Mail order to Box 280, New York 18-N. Y.

until sufficient evidence has been compiled to arrive at a satisfactory conclusion.

"If the experiments prove successful, then we will have accomplished something," said Broadhurst.

hurst. "If they are not successful, then we will have been out only a few dollars and a little time."

*Just what is Free Enterprise?*

THICK BOOKS have tried to define our American System of free enterprise. We can't hope to describe it fully here.

But this we can say. It is the world's best economic system . . . the best philosophy of man's relation to man yet evolved. It is basically a recognition of man as a mature, dignified being.

It is the exact opposite of communism, which regards man as a stupid slave, unable to plan and think for himself, requiring the "party" to control his every thought and action.

Under free enterprise, individuals own property, start and conduct businesses, assume risks, and enjoy the resultant profits or assume the losses. What actually happens is that this incentive unleashes tremendous inner powers in men and women, and drives them to accomplishments that make us the greatest nation in the world.

Those who seek to destroy free enterprise are our enemies, driven by hate, jealousy and fear. Remember that, when they launch their propaganda.

Published in the interest of a better understanding of our free-enterprise system by:

## Dr. W. H. Stapp Writes Interesting Letter On Life In Liberia, Africa

Dr. and Mrs. Walter H. Stapp, formerly of Tahoka, who recently went to Africa as Medical Missionaries, have recently written a very interesting letter to Dr. Emil Prohl.

The Stapps are living at Harbel, Liberia, below the equator on the west coast of Africa.

Through the courtesy of Dr. Prohl, The News takes the liberty of publishing the following interesting paragraphs from Dr. Stapp's letter, written Nov. 8.

Dear Dr. Prohl, We had a pleasant trip out to Africa. We sailed from New Orleans Sept. 2, on the Delta line ship "Del Campo." We had peaceful seas and arrived at Dakar, Senegal on Sept. 18. We were only able to leave the ship for an hour but we got to see a little of the town. On Sept. 18, we got to Monrovia, Liberia.

We have a nice house on the plantation. It is a brick house built high enough from the ground for the car to be parked under it. The kitchen is separated from the rest of the house by a runway so the heat of the kitchen will not affect the rest of the house much. It is about a mile from the hospital and the last in a group of four houses, so that the "bush" is only 50 yards away in three directions.

This plantation is fairly large (about 80,000 acres). The 2 Firestone plantations are the larg-

est in the world under one management. In fact the Hospital is 15 miles from the area where the store, central office, post office, and latex processing plant are. The plantation is divided into 45 divisions. 37 of these have large enough labor force for there to be a divisional health center. I spent 4 mornings a week visiting some of the centers. 4 of the 7 doctors spend some of their mornings in the health centers. I visit 2 groups of 6 each that I visit twice a week each. I drive about 2,000 miles a month. I have a 1933 Ford Station wagon, and am allowed up to 300 miles a month of personal driving.

This week I saw an elephantiasis of the scrotum that hung down to the knees. About one-half the people have hookworm and/or ascariis. Malaria is very common, mostly falciparum. There is a lot (probably 10 or 15 percent) of Schistosomiasis here. Also there is a lot of hernias and tuberculosis.

Sofar we have had about all the lemons, limes, grapefruit, bananas, coconuts, and papayas that we want for the taking. Now we have 3 stems of bananas hanging up about the house. We have to take them green and let them ripen. We have fruit salad at least once a day. Pineapple we can buy locally but they are not so cheap. Peanuts we get for about 10 cents a pound. On the other hand all the food we buy at the store is from 20 to 50 percent higher than at home. About every 3 weeks a boat brings some of the fresh vegetables from the States but they don't last long. It still ends up with costing us about 50 percent more to eat here than in

## Drop In Farm Exports Hurts

College Station—Reduced foreign exports contribute directly to many of the present farm programs, says John G. McHaney, assistant extension economist.

During periods of high agricultural production, overseas outlets provide a more complete market for a surplus food and fiber, McHaney says. Agricultural exports from this country hit a record 4 billion dollars in 1951-1952, but slipped to 2.8 billion during 1952-1953, a 30 percent drop. This decline is responsible for many surpluses and depressed prices, he says.

With world supplies high, a further decline is expected in wheat shipments abroad. The forecast for rice exports is favorable, but little change is foreseen in other grains.

Cotton exports have dropped sharply in recent months. This is due, McHaney adds, to higher world production and lower competing prices in foreign countries. Short supplies of United States cotton abroad and some pickup in the textile industry, especially in Europe, suggests slightly advanced cotton exports next year. The consumption abroad of fats and oils is increasing, especially cottonseed oil.

World production last year of cotton, wheat, rice, corn, oats, barley, and fats and oils was high. Other countries, have less need for commodities produced in the United States and in some cases, the economist says, foreign countries can purchase from one another more cheaply than from this country.

The transition period is here, McHaney adds. Today's farmers are experiencing postwar adjustments that eventually had to come. "Adjustments now confront us squarely and we have to face up to them," he concludes.

The states. At present we have 3 house boys: a cook, a wash boy and a steward (who washes dishes, cleans house and looks after odds and ends).

The Africa of the plantation is a lot more civilized than most people in the States would think and it is probably safer to live here than there.

Please give my regards to Dr. Thomas, Mr. Haney and all my friends there.  
Sincerely, Walter H. Stapp.

The steel output will set a new record this year.

# It's *WHERE* you buy a used car that counts!

When you can trust the dealer who sold you a used car, you can trust the car.

The next question, then, is: Who can you trust most? We Ford Dealers are established business men with large investments at stake. Our business reputation depends on every business transaction—whether it is a new car sale, a used car sale or a service operation. We want your used car business, and some day we

hope to sell you a new car or another used car. And we want your service business, too!

"But," you say, "granted that you Ford Dealers have reputations to uphold, granted that your mechanics and service facilities make it easier to put your used cars in good shape—how do you compare in price?"

Let us give you some facts and the answer will be obvious. Ford Dealers handle used cars and trucks as a service to customers who trade them for new cars. When we get overloaded with trade-ins, our capital is tied up. Like everyone else, we have to pay our bills. So we must always offer used cars at rock-bottom prices to keep things moving.

You can trust your **FORD DEALER'S USED CARS and TRUCKS**

# BILL STRANGE MOTORS

1229 LOCKWOOD

TAHOKA

This is the time of year earth seems to pause,  
Her blessings counting: orchards, vineyards, fields  
All harvest-ripe; the hillsides burn bright—  
No mortal artist's brush such color yields!—  
Fine snugly housed for winter in their byres,  
Smoke curling heavenward from homely fires!  
Great Lord of Harvesttime, we also pause  
In thankfulness to count our gifts from You;  
Visions of peace grown clearer; all we love  
In life—home, freedom, work and friendship true.  
O nation under heaven so blessed as we—  
God grant us grace to share abundantly!

SOUTHWESTERN PUBLIC SERVICE COMPANY MAUREN MURDOCH

Miss Modena Murray, Howard Conrad United In Ceremony at Grassland

Miss Modena Murray, daughter of Mr. and Mrs. T. J. Murray of Tahoka, became the bride of W. Howard Conrad of Kansas City, Mo., at a service read Tuesday night in the Grassland Church of the Nazarene.

The Rev. John R. Ferguson performed the vows beneath an archway of white chrysanthemums flanked with candelabra.

Miss Nelda Murray offered a piano medley of traditional wedding music and accompanied Miss Wanda Rogers, soloist.

The bride was given in marriage by her father. She wore a white satin gown with lace collar and deep lace cuffs on the long sleeves.

Her illusion veil was attached to a cap bordered with seed pearls. She carried an arrangement of Talisman roses on a white Bible.

Mrs. Bert McDonald of Tahoka attended the bride as matron of honor. She wore a light green dress and carried a bouquet of

bronze chrysanthemums. Miss Wanda Murray and Joyce Patterson of Tahoka were bridesmaids. They wore rose dresses and carried white chrysanthemums.

Candles were lighted by Miss Noriña Huffaker, of Tahoka and Miss Kay Conrad of Coffeyville, Kan.

Monte Conrad served his brother as best man. Ushers were Bert McDonald and James Murray.

After a reception in the home of Mr. and Mrs. W. L. Gribble the couple left for Kansas City, Mo., where they will make their home.

The bride is a graduate of Tahoka High School and Bethany-Peniel College, Bethany, Okla.

The bridegroom was graduated from Coffeyville High School and Bethany-Peniel College.

RUTHERFORDS' \$5.00 BILL CLAIMED ON MONDAY

The \$5.00 bill hidden in the North East window of Rutherford & Co. department store was finally found Monday afternoon by Mrs. Lahru Tippet of Route 2.

The bill was stuffed into the cut away end of a pecan and was in plain sight from only one spot directly in front of the display window, being placed under a watermelon behind a pair of shoes in such a manner that the viewer had to be in exactly the right spot to see it.

Rutherford estimates that some 500 people "looked their best" in trying to locate the \$5.00 bill between late last Thursday and Monday afternoon when it was finally spotted by Mrs. Tippet.

The News is \$2.00 per year in Lynn and adjoining counties, and \$2.50 elsewhere. Send in your renewal now!

Bulldogs Lose To Spur 45-7

The explosive Spur Bulldogs are 1953 5-AA football champions by reason of their 45 to 7 victory last Friday at Spur over the Tahoka Bulldogs, holders of the title in 1951 and 1952.

The game was sweet revenge for the Spur boys, for Tahoka had upset them both these years in football and once in basketball for the district crown.

Spur was playing Andrews in the latter city Thursday, Thanksgiving day and most Tahoka people were pulling for Spur to upset Andrews. Last week, District 6 AA ended in a three-way tie between Andrews, Levelland and Kermit. A flip of the coin gave Andrews the right to represent the district in further Interscholastic League elimination.

They ended up third in District 5-AA, behind Spur and Floydada, but ahead of Abernathy, Slaton, and Post.

They have lost only two games in three years under Coach Bill Haralson in regular season play, four games including bi-district games lost in 1951 and 1952.

Further more, Tahoka is the smallest school in District 5-AA.

Table with 3 columns: Team, Statistic, Value. Rows include First downs, Yards rushing, Passes com., Passes incomplete, Had intercepted, Punts, Penalties.

Bulldogs Had Top Season Anyway

Tahoka's 1953 Bulldog football team ended the season with a successful year in spite of conference losses to Spur and Floydada and a non-conference loss to Seminole.

The Bulldogs won seven while losing the three, far better than average.

They ended up third in District 5-AA, behind Spur and Floydada, but ahead of Abernathy, Slaton, and Post.

Further more, Tahoka is the smallest school in District 5-AA.

Name Rufus Slover No. 1 Bulldog Fan

During the half time intermission at the Floydada game, Rufus Slover was called to the playing field and presented a plaque honoring him as the "No. 1 Bulldog Fan."

The presentation was made on behalf of the team and the school by Billy Tong, president of the Bulldog T club and the Student Council.

Rufus, once a Bulldog himself, has seen a large majority of the games played since he finished school, and has seen all of them the past few years. He has ever been ready to help the boys in any way.

In addition, he has furnished two Bulldog lettermen, Jackie and Steve, and his third son, Jerry is on the present squad. Incidentally, Mrs. Slover is just about as great a fan as Rufus, and has been a leading member of the Bulldog Mothers Club.

School Menu For Next Week

Monday: Weiner with cheese wedge, Potatoballs, cream corn, pickled beets, hot rolls, butter, honey, milk.

Tuesday: Hamburger, potato chips, lettuce, carrot stick, pineapple cake, milk.

Wednesday: Barbecue beef, buttered potatoes, green beans, cabbage slaw, bread, milk, peach half.

Thursday: Baby Lima beans, hot tomatoes, mixed greens, cornbread, milk, cherry cobbler.

Friday: Sandwiches, French fries, lettuce, pickles, graham cracker with peanut butter and honey, milk.

WEBB - WILLIAMS FAMILY LEAVE FOR COLORADO

Mrs. Joe Webb of Colorado Springs left for her home this week after a visit of several weeks here. She was accompanied by her mother, Mrs. Thos. J. Williams, who went to make her home with her daughter. Mrs. Webb's brother-in-law from Fort Worth, Mr. Bowen, and three children also accompanied them.

Wilson Winner In Final Game

Wilson Mustangs closed out a pretty good football season last Friday by whipping the Lorenzo Hornets 13 to 0 at the latter school's homecoming.

The victory gave Wilson six wins and four defeats for the season. In conference play, Wilson ended with three wins and four losses to take fourth place with Cooper, behind Meadow, Ropesville, and Plains.

The Mustangs finished ahead of Lorenzo, Friendship, and Wellman over the season, Wilson scored 199 points to opponents' 184.

Coach Paul Huntington's boys outplayed Lorenzo all the way Friday.

Sophomore Quarterback Mutt Bruedigam passed to Jarvan Schneider, Junior end, for both scores, one in the second quarter and one in the third.

Study Club Has Insurance Talk

"Do's and Don'ts in Insurance" was the subject of a talk by Clifton Haynie of Lubbock at the regular meeting of the Phebe K. Warner Club Tuesday afternoon.

The program was arranged by Mrs. Gladys M. Stokes, local representative of Southwestern Life Insurance company.

A short business meeting followed the program.

Refreshments and decorations in keeping with the Thanksgiving season were used by the hosts, Mrs. C. Skiles Thomas.

Two Ministers Will Be Ordained

Next Sunday will be the last Sabbath for the Rev. Lee Ramsour family to spend in Tahoka before leaving for Athens, Texas, where he is to become pastor of the First Baptist Church there.

Regular Sunday School and Church services will be held as usual, but at 3:00 o'clock in the afternoon there will be a special service in which the pastor's son, Larry Ramsour, 17, and another young man of Tahoka, Rev. Darvey Lavender, will be ordained as Baptist Ministers.

for University, will be accompanied to Tahoka by a school chum whose home is in Atlanta, Georgia.

Young Mr. Lavender has already been called to the pastorate of a church over at Levelland or vicinity.

Everybody is cordially invited to attend the services at the Church here Sunday afternoon. Several Ministers from neighboring towns will participate in the services and a great congregation is expected to give present.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism hands deformed and my ankles were set.

Limited space prohibits telling you more here, but if you will write me I will reply at once and tell you how I received this wonderful relief.

Here's why thousands of TEXAS motorists are switching to

New Conoco Super Gasoline

with TCP\*

The Greatest Gasoline Development in 31 Years

Restores "new car" power! Increases spark-plug life up to 150%! Gives you extra gas mileage, too!

Cross section of typical spark plug. Combustion deposits form here, causing mis-firing and loss of power. TCP neutralizes these deposits, giving top power and performance.

All over Conocoland the story is the same. Every day, thousands upon thousands of motorists are switching to new Conoco Super Gasoline with TCP. What's the reason for this big switch? Why are motorists leaving brands they've been loyal to for years? The reason is simple: New Conoco Super Gasoline with TCP is the greatest improvement in gasoline since the introduction of tetraethyl lead in 1922! Motorists tell us they can actually feel the difference in car performance after just two tankfuls. For new Conoco Super with TCP dramatically overcomes the greatest single cause of power and fuel waste affecting most of the cars on the road today.

Combustion deposits reduce power. When you drive your car, deposits constantly build up on spark plugs and in the combustion chambers. These deposits can "cheat" you of power in two ways. First they short-circuit spark plugs—causing them to mis-fire. Second, deposits in the combustion chambers cause fuel to ignite before it should. This is called pre-ignition or "wild ping."

TCP helps your car—whether new or old

Whether your car is new or old, you can enjoy the benefits of TCP. If you have a new car, with a high-compression engine, it will keep on delivering its built-in power as long as you use Conoco Super Gasoline. If your car is an older one, Conoco Super will restore much of the power you have lost.

See what Conoco Super with TCP can do for your car— Start the "TWO-TANK TEST" today! 1. When your gasoline tank is one-quarter full or less, fill it with Conoco Super Gasoline with TCP. Now, there will still be some ordinary gasoline mixed in with your Conoco Super, so... 2. Make sure your next tankful is Conoco Super, too. So rapidly does Conoco Super work that with this second tankful, chances are you'll feel as if your engine has had a tune-up. You'll feel a boost in power. Try it today. We're sure you'll stay with Conoco Super.

The combined effect of mis-firing and pre-ignition is loss of power, lack of "pep" and wasted gas.

How Conoco Super Gasoline with TCP works

Now Conoco Super with TCP—a cresyl compound—dramatically overcomes the loss of power and fuel caused by combustion deposits. TCP actually neutralizes harmful deposits on spark plugs and in combustion chambers. With new Conoco Super Gasoline, your plugs spark as they should. Your fuel ignites as it should. You get and keep "new car" performance.

### Chevrolet Dealers Spotlight New Trucks

Typical of completely re-engineered Chevrolet trucks making their 1954 model debut at dealer showrooms this week is the three-quarter ton (6500 GVW) stake, on which dual rear wheels are now available. Loading height has been lowered

and floor area between stakes increased. More horsepower in each of three new engines, greater durability through sturdier construction, optional automatic transmission, improved comfort and convenience are among Chevrolet truck advances.

Martin, Jr. Wuensche, George and Felix Nolte, Milton and Cecil Wied Vernon and Hubert Teinert, Delbert Kieschnick and A. J. Gickhorn returned Friday from Mason with nine deer.

Claude Coleman, Joe White, and Walter Savell left the past week for a vacation trip to El Paso and points in Old Mexico.

Mr. and Mrs. Dewey Winstead of Dumas spent the week end with their nephew, and niece, Mr. and Mrs. Luke Coleman and family.

Mr. and Mrs. Roy Lynn Kahlich spent the weekend in Decatur with Mrs. Kahlich's parents, Mr. and Mrs. T. F. Cook.

J. L. Hyde and H. W. Seals, Jr. are working near Denver City.

Mr. and Mrs. Henry Ahrens and son, Wesley, of Olton visited Mr. Ahrens' parents, Mr. and Mrs. Anton Ahrens, and son, Edgar, Saturday.

Mr. and Mrs. Ed O'Bannon spent the weekend at Sparenburg with Mr. O'Bannon's mother Mrs. Nora O'Bannon.

Mr. and Mrs. Sterling Phillips and family of Gainesville spent Friday night with Mr. Phillips brother and sister-in-law, Mr. and Mrs. John H. Phillips.

Mrs. C. A. Coleman entertained with an early Thanksgiving dinner in her home southeast of Wilson Sunday. Family members present were Messrs and Mesdames, Luke Coleman and family, Grover Coleman and family, Chester Swope and family and Mrs. Walter Savell and daughter, and Mrs. Claude Coleman and son. Other guests included Mr. and Mrs. Dewey Winstead of Dumas, Rev. and Mrs. Lynward Harrison and son, Mrs. Clara Crews of Lubbock, Mrs. Joe White and son, John Mark Stoker of Lubbock, and Miss Nella Roper.

Mr. and Mrs. D. C. Newsom of Plains visited their niece, Mrs. H. W. Seals, Sr., Sunday The Newsoms are former Wilson residents.

Bill Bohall was in Slaton Thursday.

Mrs. W. J. Hancock accompanied Mr. and Mrs. D. W. Hancock of New Home to Lamesa Sunday where they visited in the home of Mr. and Mrs. Lee Hancock.

Mr. and Mrs. Coleman Henderson and family of Lamesa spent the weekend with Mr. Henderson's sister, Mrs. Mattie Whittington, and family.

Mrs. Billy Ray Kelley and son, William Lynn of Oil Center, N. M., spent Sunday night with Mrs. Kelley's parents, Mr. and Mrs. Frank Henderson.

Rev. J. A. Martin was a Slaton visitor Friday.

Mr. and Mrs. Ralph Milliken and daughter of Wolforth were lunch guests Saturday of Mrs. Milliken's parents Mr. and Mrs. Ross Williamson.

Miss Lola Belle Henderson and her mother, Mrs. H. J. Henderson, of Tecumseh, Okla., spent Saturday night with their daughter and sister, Mrs. Mattie Whittington.

Mr. and Mrs. Joe Phillips and daughter, Cynthia, visited Sunday in the home of Mr. Phillips' brother and sister-in-law Mr. and Mrs. H. E. Phillips, of Smyer.

Miss Marce Dean Swope, Tech student, spent the weekend with her parents, Mr. and Mrs. Chester Swope.

Mr. and Mrs. Alfred Medley of Bentonville, Arkansas, spent Tuesday night with Mrs. C. A. Coleman.

Mr. and Mrs. Anton Ahrens visited Mrs. Ahrens' mother, Mrs. Hannah Dreyer, in Slaton Sunday.

Mr. and Mrs. Bill Angerer and family of Woodrow visited Mrs. Angerer's mother, Mrs. Mattie Whittington, and family Sunday. His home, states that he and Mrs. resident was in town Monday. Mr.

Hendrick who still calls Wilson his home, states that he and Mrs. Hendrick are on their way to Harlingen to spend the winter.

Mrs. Bill Henderson of Ropesville spent Tuesday night with Mrs. C. A. Coleman.

Mr. and Mrs. Frank Smith visited Mrs. Smith's brother-in-law and sister Mr. and Mrs. Martin Donley in Lubbock Sunday afternoon.

Edgar Ahrens enjoyed a show in Slaton Saturday.

Harry F. Byrd, U. S. Senator from Virginia: "We cannot continue our high level of present prosperity unless we find a market for our surplus products."

### Pvt. Weldon Brice Now At Fort Bliss

Fort Bliss, Texas—Pvt. Weldon Brice, son of Mr. and Mrs. J. T. Brice, Tahoka, recently began 15 weeks of basic training in the Antiaircraft Artillery Replacement Training Center, Fort Bliss, Texas.

The Lynn County News, Tahoka, Texas

November 27, 1953

Recent rains over most of the state have greatly improved the chances for farmers and ranchers to grow a winter cover crop or legume crop. Inoculate the planting seed and use liberal amounts of fertilizer if in an area of the state where fertilizer is recommended. Get'em planted.

The purchasing power of farm prices for all products a year ago was 103 percent of parity. Today the national average is about 92 percent thus the cost-price squeeze becomes even tighter for agricultural producers.

A bushelman is one who repairs garments, particularly men's garments.

### Holiday Turkeys Plentiful This Year

College Station, Nov.—There will be plenty of turkey for holiday dinners this year. According to F. Z. Beanblossom, poultry marketing specialist for the Texas Agricultural Extension Service, the supply is adequate to furnish turkey on every table at Thanksgiving and Christmas. Although not as many as last year, the number of turkeys on the market will be sufficient to meet the needs of Texas families.

The specialist says with the plentiful supply, families can afford to be selective when shopping for the turkey of their choice. He suggests the shopper look for quality birds, well fleshed and finished, and processed to provide meat of good flavor. "Don't waste your money buying a bird with too much fat," he advises. "Get a large bird with enough fat to insure good flavor."

If the turkey has been killed, bled and dressed right, the meat will look white instead of reddish in color, and there will not be pin feathers and bruise marks on the flesh. "Ask to see the dressed turkey to check these signs," Beanblossom says. "Notice if the lungs, kidneys and oil sacks have been removed from the body cavity. These only add weight and are not desirable for eating."

"The larger bird you buy the less cost per pound," the specialist comments. "It is wiser to buy a 15 pound Tom rather than a 10 pound. If you have access to a home freezer of some other storage for the extra meat, the turkey will come in handy for later meals. If not, then buy half a turkey."

Shopping for quality in the turkey you select is not only efficient consumer buying, but helpful to the poultry market in providing the kind of turkey most in demand.

J. W. Jaquess left Wednesday for a visit in Clovis, N. M.

Guards: Jimmy Williams, Tahoka, and Harold Troutt, Slaton. Honorable mention: Marvin Rucker, Floydada.

Linebackers: D. Barber, Floydada; Chester Lindsey, Spur; and Chester Fondy, Slaton. Honorable mention: Garland Huddleston, I. V. J. Melton, and Jerry Williams, all of Tahoka; and Novis Pinnell, Post.

Backs: Curtis Blair, Spur; Ramos, Abernathy; and Stephens, Floydada. Honorable mention: T. Hightown, Spur; Freddy Apperson, Abernathy; and J. Reynolds, Slaton.

### FARMERS TO MOVE

As is always the case when the end of the year approaches, quite a number of the farmers in the county are changing locations for the coming year.

On Thursday of last week, the K. W. Phillips family who have been living at the former D. V. Smith home the past two years on Alley Street, which they now own, moved to the Raymond Lawrence farm on rural farm route No. 3 about eight miles southeast of Tahoka, where they will farm next year.

On Monday of this week, Mr. and Mrs. E. W. Castleberry and a son, L. W., 17 years old and a sophomore in the Tahoka High school, moved from their farm place of residence on the Burckhardt farm situated on the Tahoka-Draw highway, to the place in Tahoka vacated by the Phillips family last week.

### TAHOKA GARDEN CLUB

The Tahoka Garden Club will sponsor a Christmas Pilgrimage Dec. 18, at 7:00 p. m.

Everyone wishing to open their home to this Pilgrimage, notify Mrs. Charles Vernor by Dec. 1.

### GAS POISONING

Austin, Texas, Nov.—There is no doubt that carbon monoxide—associated with gas heaters—is one of the most deadly and least publicized of all the poisonous gases, said Dr. George W. Cox, State Health Officer. Carbon monoxide is formed when there is not enough oxygen mixed with the burning gas, or when the design and operation of the equipment is faulty.

With a toxicity comparable to the gases that have been used in warfare not enough attention has been given to the deadly effects of prolonged exposure to carbon monoxide. This gas claims far more than its share of accidental deaths in Texas.

Dr. Cox makes the following recommendations for use of gas heaters:

1. Make sure the heater is properly adjusted.
2. Use metal tubing for connecting stove to gas line and check for leaks.
3. Always ventilate a room when the heater is burning.
4. Do not use any artificial gas in a heater designed for natural gas.
5. Never let the stove burn all night.

Carbon monoxide from automobile exhausts is a big health hazard warns Dr. Cox. He said many motorists have wrecked their cars and been listed as a highway death when carbon monoxide was the real killer. Cars should never be run in garages with the doors closed.

### CARD OF THANKS

We sincerely appreciate the many kindnesses extending us during the confinement of Kenneth Ghormley in the hospital after receiving the severe burns.—Mr and Mrs. V. G. Ghormley and family.

Farming is a business and deserves the best managerial practices. Complete records on every unit on the farm or ranch will show what operation is paying and which should be expanded or curtailed.

W. Sterling Cole, Congressman from New York, and Chairman of the Joint Committee on Atomic Energy: "I don't find it hard to choose between financial ruination for my country and atomic destruction."

## NEWSPAPER ADVERTISING...

In a recent Chicago survey, 1,000 housewives were asked this question:

*"What kind of advertising is most useful to you?"*

The following answers were received:

- 0—Car cards and circulars.
- 2—Billboards.
- 64—Radio.
- 105—Television.
- 300—Magazines.
- 486—NEWSPAPERS!

### W. M. U. WILL MEET NEXT MONDAY

The W. M. U. of the First Baptist Church will meet Monday, November 30, from 1:30 to 5:00 o'clock for the study of the Foreign Missions book, "Let's Listen." The book will be taught by Mrs. Dub Kenley and Mrs. John Roberts.

Refreshments will be served during a thirty minute recess. The study of this book will be the beginning of our Week of Prayer programs for Foreign Missions. The following four days the W. M. U. will meet at 3:30 o'clock for one hour programs at the Church.

All ladies are urged to attend these interesting, informative, inspirational programs.—Reporter.

### PETTY HANDIWORK CLUB HOLDS MEETING

Petty Handi-Work club met in the home of Mrs. Joe Alvie White Monday, November 23. All members were present except Mrs. O. P. Hemmeline.

Everyone brought her own work. Plans were made for the next several meetings with several projects in mind.

A Christmas party was planned for Dec. 21 in the home of Mrs. Owen Blevins.

Refreshments were served—pumpkin pie, coffee, and chocolate cake—to Mmes. Owen Blevins, Roy Blevins, Jess Hill, J. W. Schuknecht, Faye Rogers, H. C. Hodges, and the hostess, Mrs. Bill White.—Reporter.

### JUNIOR GIRLS 4-H CLUB DISCUSSES PROJECTS

Tahoka Junior 4-H Club girls met Tuesday at the school and enrolled 11 new members to bring the club membership to 26.

The girls discussed equipment for their sewing boxes and materials for their aprons.

Next meeting will be on Dec. 1.—Susan Thomas, Reporter.
