Volume 50

Tahoka, Lynn County, Texas, Friday, May 7, 1954

Number 31

Swimming Pool Opening Is Set

Tahoka Municipal Swimming pool will be opened for two days Saturday and Sunday, May 15 and 16, and will open for the season on Saturday, May 22.

This decision was reached by the Tahoka City Council following its meeting Monday night. High School Principal Jake Jacobs and head Coach Bill Haralson have been engaged to operate the pool again this summer, according to Mayor E. R. Edwards. They ran the pool for the City last summer.

Further details of the pool opening will be announced next week, but the admission prices will remain the same, 35 and 15 cents.

Before opening date, the City expects to put a second coat of paint on the interior and exterior of the bath and concessions building and make other minor improvements.

Some further improvements will also be made in the City Park. The picnic tables, which were due for installation two weeks ago, have not been completed, but will be in place in the near future. Two barbecue pits and two garbage pits have already been provided. The Garden Club is donating two picnic tables.

The grass and trees are growing off beautifully this spring, and the Park should become a popular picnic and recreation spot this summer, City officials believe.

Zone Meeting At Wilson Church

St. Paul's Lutheran Church of Wilson was host to the Panhandle Zone Young People's Rally all day Sunday, with 134 young people registered, and a lot of adults also in attendance, according to Rev. P. W. Heckmann, Wilson pastor.

Eleven towns were represented, including Sparenburg, Lamesa, Lubbock, Littlefield, Farwell, Plainview, Tulla, Amarillo, Fri-son, Hereford, and Wilson.

Noon and evening meals were served on the church grounds by the Walter League of Wilson.

Chaplain F. K. Finke of Amarillo was the speaker at the morning youth services. The afternoon was devoted to business and visiting.

The evening session was devoted to a Talent Quest, with Wilson nosing out Amarillo for first place. Entries were in art, handicraft, hobbies, photography, needlework, vocal and instrumental music, and speech.

There were 75 entries in the Talent Quest contest.

Wilbert Kalbas of Farwell was re-elected president of the Zone; Billy Bob Moore of Amarillo, re-elected vice president; Dolores Luker of Wilson, the new secretary; and Joy Kieschnick of Lubbock, the new treasurer. Frances Wuensche of Wilson was re-elected Zone Talent Quest chairman, and Rev. Harold Kaestner of Hereford is the new pastoral advisor.

Rev. Heckmann says the meeting was a great one for the Wilson church and for the zone.

Congratulations:

Mr. and Mrs. Birch Larson on the birth of a son weighing 7 pounds 12 ounces at 6:10 p. m. Friday. Name, Charles Wynne. The father is pharmacist at Wynne Collier Drug.

AUTRY WINS CONTEST

Ronnie Autry, 2, son of Mr. and Mrs. J. R. Autry, was winner of the Kidillac car in the Shurtine label contest at the Piggly Wiggly store here. The contest closed last Friday.

Scouts, Library Presented Hall

Tahoka Boy Scouts were officially presented their new home at the regular meeting of Tahoka Rotary Club Thursday noon of last week.

The presentation was made on behalf of the club by Calloway Huffaker, and it was accepted by Scoutmaster A. V. Barnes on behalf of the Boy Scouts.

In his talk, Huffaker set out that the old city hall building had been donated for use of the Boy Scouts and the Lynn County Library, that Rotarians, under the leadership of H. W. Carter, had raised the funds from the club members and other citizens and had remodeled the building into a modern structure.

Barnes expressed the Boy Scouts' thanks and told of the progress being made by the Scout organization and the pride of the boys in their new meeting place.

Following the regular meeting, Rotarians went in a body to inspect the building. There, Mrs. G. M. Stewart, Mrs. A. J. Kadatz, and Mrs. H. W. Carter, expressed the thanks of the Library board for the building. Mayor E. R. Edwards was a special guest of the club.

Ten Named To Honor Society

Ten Tahoka High School students, five boys and five girls, have been elected to membership in the National Honor Society for the coming year, according to High School Principal Jake Jacobs.

Mrs. Beth Chapman is sponsor of the society.

Those elected to membership are: Carolyn Duckett, Othelda Freeman, Janet Dube, Jeanell Martin, Susie Smith, Jerry Cain, N. E. Wood, Wayne Heavens, I. V. J. Melton, and Junior Fitts. Mrs. Chapman states the members are selected on the basis of character, leadership, service, and scholarship. This year's group of new members maintained an average of 88 percent or above on all subjects.

Six members of the Society graduate this year. Hold-over members are: Betty and Bobbie Carroll, Margie Curry, Bobby Draper, Dolores Gage, Jerry Lemon, Mariana McGinty, Tod Pridmore, Gordon Smith, Sue Williams, and Rose Marie Yandell.

Mrs. C. C. Dwight visited her mother, Mrs. H. K. Porter, in Slaton Tuesday.

District Baptist Meet Thursday

Brownfield Baptist Association Worker's Conference will be held with the Sweet Street Baptist Church in Tahoka next Thursday night, May 13.

Theme of the meeting is "Vacation Bible School," and speakers on the subject will include Revs. J. Clifford Harris, Ed Rogers, and A. T. Nixon. Rev. A. G. Gage will bring the sermon, and special music will be furnished by Sweet Street Church.

Proceeding the program, supper will be served.

C-C Discusses TV Program, Softball

Plans for a television program next Tuesday and for reviving the summer softball program were discussed by officers and directors of Tahoka Chamber of Commerce at a meeting of the board Tuesday night.

Tahoka will be the honor city on the "Personality Puzzle" program next Tuesday night from 8:30 to 9:00 o'clock on KDUB-TV, Lubbock. The program will include two Tahoka citizens on the four-man panel, Truett Smith and Dr. K. R. Durham, who will attempt to guess the identity from five clues of a personality of the area. Jimmy Isaacs is MC for the program, which will also feature some facts about Tahoka and Lynn county.

The C. of C. is considering the advisability of installing a lighted softball field at the new city park through cooperation with the City, if lights can be secured at a reasonable price.

Several other items of business and projects were also discussed. Mitchell Williams is the new president of the Chamber of Commerce.

Arnold Cloe Makes Success In Alaska

Mrs. Ted Chancy recently brought The News a "poem" about her son, Arnold Cloe, who has been living in Anchorage, Alaska, for a long time.

The "poem" is a little too long to print here, but it tells of one of Cloe's fishing escapades and was written by one of his friends.

Arnold has been in Anchorage nine years, and is making quite a success as a business man in that city. He owns a tourist court, a clothing shop, a cafe, and an electric shop. Naturally, he likes that far north land.

Mrs. Winnie Griner and Mrs. Nettie Bennett, both of Phoenix, Ariz., are visiting their mother, Mrs. J. V. Huddleston, at Grassland.

Mrs. Wilmer Smith Heads H.D. District

Mrs. Wilmer Smith of New Home was nominated vice president of the Texas Home Demonstration Association for District Two at the annual district convention held in Post Wednesday, attended by 347 women from 20 counties of the area. She succeeds Mrs. P. A. Autry of Haltom city.

Mrs. Smith first entered Home Demonstration work at Cotton Center in 1938. Since 1941, she has served as president of the New Home Club, Council delegate, and chairman of the Lynn County Council. She is a graduate from Texas Tech, and formerly taught school. Her husband is prominent in local and state farm organization work, and has appeared on the program at a National Cooperative meeting.

A number of Lynn county women attended the convention in Post Wednesday. The State THDA convention will be in Dallas in August.

Junior Baseball Game On Sunday

Tahoka's Bill Strange Motors will meet the Wilson State Bankers in the first exhibition baseball game of the year here next Sunday afternoon at 2:00 o'clock.

Both teams will be entered in the Lynn county Junior Baseball League this summer, play in which is expected to start the last of May.

Other teams planning to enter the League should contact Ted Pridmore at Box 965, or phone 273-W Tahoka.

Band Does Well In Area Contest

Tahoka High School band, directed by Willard Edgett, made a fine showing in the Region I Class A contest held in Lubbock last Saturday.

The unit placed in second in both concert and marching and in third division in sight reading, which compared favorably with the other bands in the division.

Three Tahoka girls, Wilma Scott, Othelda Freeman, and Sue Williams placed first in solo band twirling.

Placing in second division solos were: Marilyn Carmack, clarinet; Billy Jack Dunlap, clarinet; and Othelda Freeman flute.

SNIDER GETTING BACK IN WATERMELON BUSINESS

A. W. Snider of Newmore states that he is getting back in the watermelon raising business if the rains come right this summer.

Mr. Snider used to raise a lot of watermelons, and has made some money in the past on this crop. Therefore, this year, with controls on cotton, he decided to plant 20 acres of yellow meats and red meat Black Diamonds.

DANCE RECITAL

Mrs. LaVoyle Parker will present her dance students in recital next Monday night, May 19, in the High School auditorium. The recital is open to the public.

Contest In Six County Races As Filing Deadline Reached

There are only six contests for county and precinct offices in Lynn county this year, as the date for filing came to a close Monday night, according to John Saleh, O'Donnell, county Democratic chairman.

Last minute filers for office were Herbert Watson, who opposes Clarence Church present incumbent, for commissioner of Precinct 1; and D. Sanders, who is contesting C. A. Clem for Justice of the Peace, Precinct 1, the office now held by A. L. Dumagan. Mrs. Ruth Jolly of O'Donnell is opposing the present

incumbent, Mrs. Lenore M. Tunnell, for the office of County Superintendent.

J. E. (Red) Brown, tax assessor and collector, is being opposed by Marvin J. Munn. County Treasurer Thomas Reid is being contested by James Smith.

C. W. Roberts, commissioner of Precinct 2, has drawn Woodrow (Ode) Brewer as an opponent.

Vernon Townes of Brownfield is unopposed for the office of District Attorney, now held by Karl Cayton of Lamesa. Present officials unopposed

include: District Judge Louis B. Reed of Lamesa; District Clerk, W. S. (Skip) Taylor; County Judge W. M. Mathis; County Attorney Mitchell Williams; Sheriff Norvell (Booger) Redwine; County Clerk Beulah Pridmore; Mrs. Beatrice McLaurin, Commissioner, Precinct 3; E. H. West, Commissioner, Precinct 4; Horace Brunette, Justice of the Peace Precinct 3, O'Donnell; and John Saleh, county Democratic chairman.

The Democratic primary election will be held on July 24.

Marvin Moyers Dies Suddenly

Marvin Moyers, 53, reared in Lynn county and the son of A. H. Moyers of Post, died suddenly of a heart attack at his home in Baytown Thursday, May 7.

He had been in ill health for several years, and had just recently been to Galveston for a check-up.

Funeral services were held at Baytown Sunday. Mr. and Mrs. A. H. Moyers were unable to attend.

He was born June 26, 1900, at Hylton, Nolan county, and moved with his parents at the age of five to Lynn county. As a young man he worked for a time for T. J. Boveil in the latter's station, and was employed in construction of the First Methodist Church building here. He was married about thirty years ago in South Texas to Miss Amie Buckaloo, also a former Tahoka citizen. For the past 16 years he has been tax assessor and collector of the Baytown school district and was also in the cattle business on the side.

He is survived by his wife, parents, and three children, Corine and Floyd, both of whom are married, and Peggy, age 11.

Fashion Review Monday Night

FFA girls of Tahoka High School will present a fashion review and tea in the Homemaking building Monday evening from 6:30 to 7:00 p. m.

Dresses to be modeled include some made by the first, second, and third year girls. Also, some little tots will model garments for them by the second year girls.

The department will be open for those who have not previously been able to inspect the new building.

All mothers and friends are especially invited.

Dr. Skiles Thomas and J. Douglas Finley have been in Dallas this week taking some Masonic work.

City Asks Cooperation In Stopping Work of Dog Poisoners In Tahoka

Tahoka City Council, in its regular meeting Monday night, asked City Police to keep on the lookout for dog poisoners in Tahoka, and asked citizens who have any information on any dog poisoner to report the same to the city authorities.

All school students wishing to transfer from one school district to another must make application for such transfer by June 1, according to Mrs. Lenore M. Tunnell, county superintendent.

Dee Sanders Is J-P Candidate

D. Sanders announces this week that he is a candidate for the office of Justice of the Peace, Precinct 1.

"Dee" needs little introduction to the voters, since he has been here almost always. He came to Lynn county in 1904, and has called this home ever since, although he was away once for about two years.

He has had much experience meeting the public. Although he has worked for the county in an official capacity, he has never before asked for a public office. He feels, however, that this experience has given him the proper knowledge of laws, our court procedure, and sense of justice that would fit him for this office.

He asks the voters to give his candidacy careful consideration, and states that he will ever appreciate their help and vote at the polls on July 24.

FARM BUREAU MEETING AT GORDON SCHOOL

Members of Gordon Home Demonstration Club will serve coffee and pie at the Farm Bureau meeting next Tuesday night at Gordon School, with proceeds going to the club.

T. L. Weaver will present a few magic acts, and music will be furnished if possible. Everyone is invited.

School Transfers Must Be Made In Month of May

Several dogs have been poisoned in recent weeks, and their owners, as well as some parents, have asked the city to do everything possible to detect the culprit or culprits, according to Mayor E. R. Edwards.

Instead of poisoning a dog, anyone who is bothered by a dog or dogs is asked to report the dog to the police, who will see that the animal is put up, chained, or destroyed in a more humane manner.

Some people have pets they love. Some of the pets may be bothering neighbors, and if they are, Mayor Edwards says, such should be reported to the proper authorities.

However, the great concern is for little children. Poison meant for a dog might be picked up and eaten by a child, and it is not inconceivable that some would be dog poisoner could become guilty of negligent homicide of a person. Dog poisoning is a gross violation of the law, the Mayor says, and the guilty person is subject to punishment.

Watson Seeking Commission Job

Herbert Watson announces this week that he is a candidate for County Commissioner, Precinct 3, which includes the northeast quarter of Lynn county and all of North Tahoka.

Mr. Watson farms between New Lynn and Garnolia. He came to Lynn county in 1923, and has been farming for years. For the past four years he has also been doing bookkeeping for a gin. He attended high school in Tahoka, and is a 1931 graduate of Wilson High School. He is married and has three children.

He has resided in Precinct 1 for 17 years, and is well known by a large percentage of the voters in the precinct.

Mr. Watson says he is making the race strictly on his own merits, and he feels he is thoroughly qualified for handling the duties of the office.

He says, "I am making no promises that I can't keep; but, if elected, I will do my best to serve all parts of the precinct in a strictly impartial manner, to handle the county's affairs along the line of good business practices, and at the end of the term to be able to account for every dollar spent."

"If you think I can make you a good commissioner, I will appreciate your support and influence."

Wiley Lee Curry has accepted a position with the Gulf-Western Company in Lubbock.

Tahoka FFA Boys Honor Dads At Annual Banquet

Fifty-three Tahoka High School boys and 70 fathers and guests attended the annual Future Farmers of America Father-Son banquet held Tuesday night in the school cafeteria.

"The Door to Life" was the subject of an inspiring talk by Calloway Huffaker, local attorney, who built his address around the FFA motto, "Learning to do, doing to learn, learning to live, living to serve."

He praised highly the Vocational Agriculture program and what it means to farming in the future, and those responsible for the program.

L. W. Castleberry, FFA president and THS sophomore, presided at the banquet and introduced the speaker, and L. W. did a masterful job of running the program, which was one of the most interesting and most largely attended chapters he ever held.

These included Supt. Otis Spears and Tracy Brown, teacher; A. M. Bray, Vernon Willhoit, John Witt, Felix Jones, and "Buck" Martin of the School Board; County Agent Bill Griffin; Trustee Babb, Ag. teacher at Meadow, and James Reed, Ag. teacher at O'Donnell.

Special awards were presented the following five boys by V. P. Carter, head of the Vocational Agriculture department, for outstanding work during the current school year: Larry Simmons, Freshman, son of Glendale Simmons, for his outstanding pig projects; Walton Terry, son of Earl Terry,

for the best overall program by a Freshman.

Billy Jack Dunlap, son of T. D. Dunlap, for outstanding work in swine production.

I. V. J. Melton, son of V. L. Melton, for the outstanding supervised farming program.

Harold Rowe, son of W. L. Rowe, for his outstanding beef production program.

Mr. Carter said the boys' project work this year had been outstanding and had shown no letup at all because of the drought. The boys took some high honors at the Lynn County, Odessa, and Lubbock Shows.

Entertainment features included several lively piano numbers by Wendell Edwards, O'Donnell, former State FFA president; and solos to his own guitar accompaniment by "Sonny" Curtiss of Meadow, another outstanding FFA boy who appeared on the National FFA program last year and sang for President Dwight D. Eisenhower.

A meal of barbecued chicken and all the trimmings rounded out a very successful banquet, and all the dads left with a little more pride in their sons.

Wiley Lee Curry has accepted a position with the Gulf-Western Company in Lubbock.

Iris Tea Held In Witt Home Attracts Many Local People And A Number of Visitors

An iris tea was held Thursday afternoon by the Tahoka Garden Club in the home of Mrs. John Witt when arrangements and horticulture specimens were displayed and judged.

Mrs. E. E. Louthan and Mrs. Joe Arrington of Lubbock chose the winner from a varied and numerous selection of iris.

Winning first place in the arrangement division was "Weight of Gold" by Mrs. L. C. Haney and Mrs. Irving Stewart. Golden Spike iris and yellow snapdragons were arranged on the balancing trays of brass scales. A green velvet scarf was arranged around the bottom of the base. The arrangement decorated the serving table over a cloth of linen.

Second place went to Mrs. John

Witt. Mrs. Irving Stewart and Mrs. L. C. Haney for a casual arrangement of Buckskin and Copper Luster iris with rust snapdragons. "Wind Sweep" by Mrs. Calloway Huffaker won third place. Tiffany and Claret Velvet iris was arranged appearing to eject from a vase sized rock and sweeping upward and to one side.

In the horticulture division Mrs. C. M. Greer of Grassland took first place honors with a specimen of Electra iris. Mrs. L. C. Haney won second and third places with Mulberry Rose and Ella Callies, respectively.

Mrs. J. K. Applewhite received honorable mention on a bedroom arrangement of pink iris china-cameo.

Others who supplied arrangements for the tea were Mmes. Roy Edwards and Lewis Allsup; Skiles Thomas and Maurice Bray; Mr. L. Thomas and E. A. Thomas; Emil Phohl, Louie Weathers, J. K. Applewhite, Claude Thomas, and John Witt.

About 100 ladies attended the occasion including guests from Lubbock and Brownfield.

CARD OF THANKS

We wish to express our thanks to relatives, friends, Dr. Seale and the nurses at Lamesa Hospital, to Stanley-Jones Funeral Home, and to our pastor for their help and kindness during the recent illness of our wife and mother and the death of our little daughter and sister, Montie Irene.—Mr. and Mrs. Frank Lindsey and children.

O'Donnell Girls Get State Degree

The O'Donnell FHA Chapter attended the State Meeting of the Future Homemakers at Fort Worth, April 22-24, 1954. Attending with the ten members of the local chapter were seven sponsors including the chapter adviser, Mrs. Leon White, the chapter mother, Mrs. Naymon Everett, and the chapter father, Mr. Maurice Jones. O'Donnell had the only chapter father attending the meeting. Mr. and Mrs. Bill Snellgrove, Mr. Leon White, and Mrs. Maurice Jones also acted as sponsors.

Mrs. White and Betty Lou Snellgrove served Thursday on the State Degree Evaluation committee. The committee consisted of ten girls and Sponsors from the entire state of Texas.

The meeting began Thursday night with a recreation program held in the ballroom of the Texas Hotel. The first general session of the meeting opened at the Will Rogers Memorial Auditorium at 9 a. m. Friday morning.

Mrs. Leon White was presented a State Honorary Membership for her outstanding contributions to the homemaking education program and the Future Homemakers of America, Texas Association. Approximately thirty people received this award.

Lunch was served in the huge Exhibit Hall back of the coliseum which included a delicious fried chicken meal prepared by Jetton. During the afternoon session Nancy Everett, Yvonne Seay, and Jo Ann Griffin were conferred their State Homemakers Degrees.

At 8:30 a Chuck Wagon Supper of barbecue by Jetton was served, preceding the Ideal Preview. The Preview was composed of the ten outstanding skits from the state. O'Donnell's "Spirit of Friendship" skit, portraying the FHA's part in aiding needy countries of the world through their "World Christian Festival" was deemed very inspirational by the State Director of Home Education, Miss Ruth Huey, and the State FHA adviser, Miss Josephine Pazdral. The impressive story was told by Carole Thompson, with Nanabeth Cox as piano accompanist. The beautiful Spirit of Friendship was portrayed by Shirley Gass, the typical girl of Holland; Yvonne Seay; the girl from Korea, Jo Ann Griffin; the girl from Yugoslavia, Peggy Pearce, the girl from Mexico, Irena Amaro; the Navajo Indian, Winona Anderson; the Japanese girl, Nancy Everett; and the typical FHA girl was portrayed by Betty Snellgrove.

Betty Snellgrove served as voting delegate in the House of Delegates meeting Saturday morning for the O'Donnell Chapter.—Carol Thompson, Reporter.

CARD OF THANKS

I wish to express my sincere thanks to all who sent flowers, gifts, cards, and visited me while I was in the Price and Black Hospital in Lamesa. May God bless you all.—Mrs. Pete Dorman.

Mr. and Mrs. Maurice Small went down to Seguin last week end and accompanied Mrs. D. B. English home. Mrs. English had been visiting there about two months with Mr. and Mrs. Bergfeld.

Nordykes Attend Family Reunion

Mr. and Mrs. L. M. Norbyke recently attended a family reunion of his relatives held in the home of Mr. and Mrs. Howard Tunnell in Lubbock and a celebration on the same day in the Mackenzie State Park in Lubbock of the Golden Wedding anniversary of one of his sisters, Mrs. John Ivy, and her husband, who were married at Cottonwood in Callahan county on April 24, 1904.

After living in Callahan county for nearly forty years, the couple moved to Penwell near Odessa some ten years ago. About a year ago Mr. Ivy suffered a stroke of paralysis, whereupon it became necessary for the couple to sell their Penwell property, which they did and moved to Midland. About three weeks ago his condition became extremely critical, and he was moved to a "rast home" in Lubbock where he could be given constant attention and care. As the fiftieth anniversary of the couple's wedding approached, close relatives decided to honor them with a family reunion and with a feast in the Park. It proved to be a joyous occasion in spite of his helplessness and the heavy burdens and sorrow which had come upon this faithful companion.

Mrs. Ivy is a sister of Levi Nordyke of Tahoka and of Mrs. Howard Tunnell and A. J. Nordyke of Lubbock, and Theodore Nordyke of Cross Plains.

PETTY HANDI-WORK CLUB HAS MEETING

The Reporter has been late getting in the Petty Handiwork Club news. There have been three meetings since our last report.

March 22, all members but three met with Mrs. J. W. Schucknecht. The project for the day was weaving baskets. Secret pal names were revealed, and new names were drawn. There was one visitor, Mrs. Gus Sheffield, from Lubbock. Refreshments were served.

April 12, Mrs. Gene Grace was hostess to the club ladies. The first step in bronzing baby shoes was completed. Secret pal gifts were exchanged, and refreshments were served.

April 26, Mrs. Bill White had the club met with her for the final step in bronzing baby shoes, and they turned out beautifully. Everyone was so thrilled about the way they came out that we plan to do more of the same work.

We had one former member, Mrs. Helen Maret to join us, and we welcome her back. Secret pal gifts were exchanged and refreshments were served to all

HOME FROM ARIZONA

The Zan Hensley and Gus Sherrill families of Draw returned home last week from Arizona, where they have been working during the drouth.

CARD OF THANKS

We wish to express our thanks to the people of Tahoka who have been so kind and thoughtful during our accident and sickness. If we had been at home, we could not have been treated with more kindness. We especially want to thank Brother Bill Wadley and

BARTLEY AT MEETING

City Secretary Tom Bartley attended a school for tax assessors and collectors held in Lubbock Tuesday and Wednesday of this week.

Odds and Ends

(BY E. L. THE ELDER)

This week I am in the middle of a fix. There are so many things that I want to get off my chest, that I am having a hard time in trying to decide what to write about. When a seemingly good subject pops into my mind, I soon find out that I am so ignorant that I have to read up on it. As I read, I find so many things that I should like to say that all of them would make my column too long. It is always too long any way. And usually in studying up on one subject, a half dozen others will cry out for attention.

A few days ago a thing happened that decided me to write about the Tahoka Daisy, but I had not nearly finished up on Mexico. I had a whole cart-load of subjects already on my writing list—weighty subjects such as George Mahon and other statesmen delight to tackle. Well, if George doesn't get them all solved before I can get around to them, maybe I will help him out. I was down in his home town of Colorado City a few days ago, any way; yes, and I stopped in Gail and met some of my old-time friends there too. Gail has changed much and Colorado City has grown a lot, George, since you and I used to hang around there; both have done a lot better since you and I left—but I have got to get back now to my Tahoka daisies. I am going to talk about them a little. They flourish more or less all over this Plains country, but it was a Lubbock woman, who, away back yonder soon after the last herd of Plains buffalo had been skinned and the cow man had just about taken the country—when Lubbock was still just a village, in fact,—that Mr. Myrick, a lover of flowers, whose husband later built that Myrick building, the tallest in the town when it was built, took a pleasure trip down to Tahoka Lake, and in meandering around over the prairies surrounding that really scenic spot after heavy rains, her attention was attracted to millions of clusters of little purple flowers, so beautiful that she decided to pluck up a few of them and

transplant them in her garden. To her delight, they lived. She gathered some of the seed that the plants produced and sent them in to some of the seed houses in the North with the suggestion that they try them out and if successful that they put the seeds on the market for sale to the public to be used in private flower gardens. This was done and for several years packages of the seeds could be bought in the grocery stores of Tahoka.

Now I have told all this so that all the new-comers in Tahoka and Lynn county may enjoy the story. These lovely little wild flowers grow and bloom profusely throughout the city of Tahoka and many other localities in this county nearly every year. In wet years they make a gorgeous flower garden of every vacant lot and block in the town.

The News has published stories of the Tahoka daisy several times during the past thirty years, and the story is familiar to all the old-timers here. About seven years ago, Alton Cain went as a representative of the Tahoka Rotary Club to Rotary International which met that year in San Francisco, California, and as a publicity stunt and also for the fun of it, he filled one of his gripes up with packages of Tahoka Daisy seeds and literature. He had a lot of fun distributing those seeds and literature among the Rotarians from some 70 nations of the world who attended that great convention. That was one time when the modest little Tahoka Daisy went places.

I have seen Tahoka daisy flowers in many countries on the Plains but nowhere in such profusion as they are found in Lynn county. Two years ago I took some of the seed with me to Waco and one of my sisters planted some of them in her flower garden. A few of them came up and tried to bloom a little without much success. I do not know whether they germinate, grow and bloom in other types of soil in central Texas or not, but I doubt it.

Now, I am going to tell you what inspired this story this week. On Friday of last week—or rather on Friday, April 24, my daughter, Berta Hill and her friend Miss Josephine Haberle both of whom are employed in the Public Welfare office in Quinn, visited briefly in Tahoka while on their way as delegates to a women's public service convention meeting in Lubbock from Friday till Sunday. Miss Haberle had never seen a Tahoka Daisy, but she saw many of them in Tahoka, especially on a vacant lot near the home of Coach and Mrs. "Jake" Jacobs. She was enchanted, thrilled by their beauty and gave this columnist notice that she was going to get some of the plants on Sunday afternoon as they passed through Tahoka on their way back to Quinn, and set them out upon reaching their apartment in that city. I do not know whether they will live and thrive there or not, but I hope they will.

I am sure that Mr. D. W. Gaignat will not object when I tell him that I dug up a few of these plants on his truck parking lots just across the street west of my home, put them in a big tin can, packed the dirt around the roots, soaked them down well, and sent them on their way to see if they will live in a new home, new soil, and a new environment in a county where it sometimes rains 12 or 15 inches at one sitting—but not often.

Now there is one other thing about the Tahoka Daisy that I want to mention. It will stand a lot of dry weather, but it really does its stuff when plenty of rain falls. It has one habit that is characteristic of one little member of the animal kingdom, the ugly little old toad frog.

You may have noticed that I may stay dry three years and then wind up with a gully-washer, and in three hours a million little toads will be croaking.

Well, when it stays dry for three years and then winds up with a gully-washer in the spring of the year, in three days the vacant lots and the prairies will be brilliantly purple with millions of Tahoka daisies. I don't know how they get out of the ground and bloom so quickly. I am only stating facts.

Now, I have noticed another thing about the Tahoka Daisy—and about all wild flowers as for that matter—a thing which does not seem to agree with orthodox theology, or with one popular school of theology at any rate. Without any previous preparation of the soil and in the face of apparently unsurmountable difficulties, the Tahoka Daisy and many other wild flowers will come up and live and manage to bloom and smile up at you as you pass by. I mentioned the fact a few paragraphs up that we dug up those Daisies for Miss Haberle out on Mr. Gaignat's parking lot. But I did not tell you that we found them out there growing and blooming in a patch of scrubby, scraggy, struggling, wind-swept, drought-haggled mesquite bushes and among sunbaked sand piles, where the ground had never been disturbed by a plow but had been packed almost as hard as granite by heavy trucks that had been parked on in flocks regularly for several years. When I got a sharp-pointed shovel and tried to sink it into the soil beside a daisy plant in order to prize up some soil with the roots of the plant, I found it almost impossible to make any head way, or foot way either, for I used first one foot and then the other in my efforts to push the point of that shovel down into the soil. In fact I had to hunt around for places where the earth was a little softer.

Yes, I was out there on Sunday afternoon, doing a little work on the Christian sabbath. No ox was in the ditch, but a lover of God's naturally grown flowers did want a few specimens of the beautiful Tahoka Daisies with which to adorn her flower garden. These Daisies were grown and were blooming without cultivation and without any labor having been bestowed upon them. I do not believe that that ground had been cursed by the Heavenly Father in the sense that he would not permit anything, except weeds and grass-burrs, and other pestiferous plants, to grow upon it except by cultivation. In fact, I can not agree at all with the teachings of that school of Theology; although I am no Theologian and do not claim to know very much about the teachings of the Bible.

But the Bible, in at least three places, refers to this earth as God's footstool. Furthermore, I think that it is a thing of beauty. Any one who drives for any considerable distance on our highways in the Springtime, summer, or fall will be charmed by an unending number of species of wild flowers growing along the roadside of almost every type, hue, and color. The seeds may have been planted out here and there but only God grew the flowers. There are the bluebonnets or Buffalo clover that nobody planted out and nobody cultivated, but they grow in central and south Texas in such wild profusion that they have made those portions of Texas famous. Almost all over Texas there are the galliardias, the wild verbenas the sweet-williams, a great variety of daisies, buttercups, primroses, standing cypress, yucca plants, and numberless other varieties that adorn our woods and prairies. They grow wild. The Bible speaks of the roses of Sharon and the lilies of the valley, the age-old oaks and the highly-esteemed date palms, some of which may have been planted out most of which preceded man-into-most quarters of the earth. Galilee is described in our Bible dictionaries as a

rich and fertile land where all kinds of fruits grew in profusion; and there were the famous Cedars of Lebanon, beautiful and valuable, which grew uncultivated and even unplanted in the forests of northern Galilee, and in Syria. Throughout the world there is beauty almost everywhere, and also useful natural production. All of our grain—sorghums and evidently our millets, oats, barley, rye, and wheat, first grew wild on the prairies or in the woods somewhere. The memory of man and the records made by men do not and can not reach back to the time when wheat was not being grown in the valley of the Nile, watered by its annual overflow. Kaffir corn and other sorghum grains were first grown, so far as man knows, in the semi-desert lands of Africa.

Indian corn first grew wild in the uncultivated fields of southern Mexico or Central America, according to incontrovertible evidence gathered by historians and archaeologists. The story of its development by unlearned Indian men and omen, farming only small patches of land with crooked sticks, who found an eard plant growing wild on the rich soils of that area, which they called teosinte, ages ago and began to raise it for their own use, and it accordingly became a standard item of food on the menu of millions of Mexicans for thousands of years before the Spaniards or other Europeans ever put foot on American soil—this is one of the most interesting stories that has come down to us from Ancient Mexico and been pieced together from known facts. The Mexicans in more modern times called this product "maiz" and Europeans, when they came, called it maize, and we call it Indian corn. What the English in 1611 and much later called corn was really the grain which we now call wheat.

Wheat and corn are the two most important and valuable grain products grown today in the United States: one came originally from Egypt, according to the best information, and the other came from Mexico.

The sorghum grain crop which we call maize evidently came first from Africa. It too has become a great farm crop throughout West Texas, western Oklahoma, and other prairie states west of the Mississippi River.

It is believed that all these farm products were first found grow-

ing wild, that gradually they were developed without much labor or cultivation in the respective lands of their nativity, and finally became products of great value and general use by the great nations of the world.

As for me I like this old earth that we live on—its magnificent mountains, its lovely glens and meadows, its broad and fertile valleys, its level or gentle-rolling plains, its flower-bespangled prairies, its matchless forests and wild-woods, its rolling rivers and murmuring brooks; the beauty all around us. It's the finest world I have ever heard of except Heaven; and to tell the truth, I'm in no hurry to leave it even for Heaven's portals.

Like my pastor and other

STATED MEETINGS
of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members are urged to attend. Visitor welcome.—Dan Brookshire, W.M. Harry Roddy, Sec'y.

The Lynn County News, Tahoka, Texas

theologians, I am thankful to God for this Good Earth. Food and raiment however are not the only good products of the soil. Trees and fruits and roses and lilies and gorgeous wild flowers also are important. I am thankful that

most of them too grow without cultivation.

Mr. and Mrs. L. H. Moore of Lakeview have gone to Hye to spend some time fishing and enjoying a rest in the "hill country."

Ford's new-130-h.p. Y-block V-8 is the most modern in the automobile industry... the only V-8 in the low-price field! And Ford's 115-h.p. I-block Six is the industry's newest Six. Both of these engines give you the smoothest, swiftest performance you've ever experienced.

You'll see more Fords parked in front of the finest homes and country clubs than any other car in its field. One reason is that many people who have owned the costliest cars realize that Ford offers the same beauty, quality and distinction—and for a far more practical price.

Ford is unsurpassed in riding comfort or ease of handling. A big reason is Ford's new Ball-Joint Front Suspension... which allows more total up and down front wheel travel for a smoother ride... keeps front wheels in line longer... so handling stays easy longer.

Surveys show Ford cars return more of their original cost when they are sold than any competitive make. So a Ford car costs you less to own.

Over the latest seven-month period covered by available figures, Ford has been the nation's best seller. That's because Ford has proved that it offers the most... in engineering advancements—in trend-setting styling—in value! Ford is America's best seller because it's America's best buy!

Worth more when you buy it...
Worth more when you sell it!

Tech Exes Plan Meeting Here

All ex-students of Texas Tech and their families or guests are invited to attend a buffet supper and party at the American Legion hall Saturday night at 7:30 p. m.

Each family is asked to bring a picnic supper. An admission charge of 25 cents per person or 50 cents per family will be used to pay for the use of the Legion facilities.

Single men are urged to be present, for there will be plenty of food for all.

Since May 8 is the day the Southwest Conference will vote on Tech's admission, it is especially urged that all exes make an effort to attend this get-together, because we may have something

to celebrate. You do not have to be a graduate to attend this affair, and if there is a good turn-out it is hoped the meeting can be made an annual affair in Tahoka.

After the supper, there will be dancing for those who wish to participate.

Grassland Farmers Elect Directors

Farmers attending the Grassland Co-op Gin meeting Monday night re-elected L. S. (Hy) Turner president and Carl Greer secretary of the organization.

Thurman Francis was elected director to succeed Fred Babb, and Greer succeeds himself as director. Other directors are B. A. Norman, Amos Gerner, J. A. Propp, and H. E. Huffaker. Odis Tew is the manager.

The program included talks by Wilmer Smith of New Home; Otho Key of Plains Co-op Mill; Earl Sears of the National Cotton Council, and Ray Goss of new Co-op Marketing Association. Claude Donaldson of Tahoka presented the financial report.

CARD OF THANKS

To our many, many friends we wish to say, Thank you again, and we are so grateful to each and every one of you who helped us by giving us so many nice useful gifts and to those who have given money. For each kindness that has been shown, since our home burned April 18. We have tried to send thank you cards to every one, and if we have missed any one it hasn't been our intention. Our prayer is that God will richly bless each of you, and may you never know what it is to lose your home by fire.—Mr. and Mrs. W. Z. Florence.

During the past few weeks since the rains, farmers who had planted winter legume and cover crops have been preparing their land for cash crops. There were several patches of winter peas that made fair growth despite the lack of winter moisture.

One of the best fields of winter peas was grown by Frank Gallaher on the Dr. A. C. Surman farm six miles east of Tahoka. Mr. Gallaher planted 80 acres of Austrian winter peas last fall on dry land. He inoculated them and planted them in rows. Moisture in September and October got them started and they managed to hang on through five dry months until the rain of April 11. From the 11th until the 19th, when Mr. Gallaher plowed them under, the peas made a remarkable growth. Soil Conservation Service technicians made clippings at the time they were plowed under and found that Mr. Gallaher had 8200 pounds of green peas to return to the soil.

This four tons of green manure returned to the soil plus the nitrogen fixed in the soil by the roots should prove to be worth many dollars from increased production on his cash crop. The moisture condition of the soil under the winter peas was practically the same as on the land where no peas were grown.

Mr. Gallaher said that he has not touched the land where the peas were planted since he planted them and that he has had no soil blowing whatever on this land. Other areas of the farm did suffer some wind erosion even though various types of emergency tillage were tried.

When it's time to gather crops this fall, Mr. Gallaher plans to check the production of this winter pea land with production on land that has not had a winter legume on it and find out what benefits he has gained from peas. He also plans to plant some summer legumes this year and thereby have a pretty good check on the value of different legume practices.

C. C. Swope of Wilson community also had 50 acres of winter peas which he plowed under last week. Mr. Swope is one of the five supervisors of the Lynn County Soil Conservation District and has been carrying out numerous conservation practices on

KILL RED ANTS!
Rid your premises of all kinds of Ants with **DURHAM'S ANT-KIL** powder. Just dust in dens and good-bye Ants. 1 Lb. Sprinkler Top Cans only 69c at
WYNNE COLLIER DRUGGIST

his farm for several years. He planted the winter peas in the irrigated cotton last September, using the District legume row seeder. When Mr. Swope and local technicians were inspecting the field last week they found that the roots of the peas were loaded with nodules. The nodules, which look like clusters of very small grapes, are an indication that the peas did a good job of taking nitrogen from the air and placing it in the ground for the following crops.

It is possible for a legume like winter peas to add from 50 to 100 pounds of nitrogen per acre to the soil. Fifty pounds would be equivalent to the nitrogen content of 300 pounds of 16-20-0 commercial fertilizer.

Mr. Swope also plans to keep check on production from this winter pea land and compare it with production from land that has not had a legume on it. Mr. Swope says that he believes the growing of soil improving crops and returning some fertility and organic matter back to the soil is a paying proposition and that we need to get started on this practice to develop it more and learn more about the possibilities of the practice.

BROWN COUNTY REUNION

Former residents of Brown county are invited to bring well filled baskets to the annual reunion on the north side of McKenzie State Park, Lubbock, Sunday, May 16.

Elmer Rice, Wilson rural carrier, reports that his brother, Boyd Rice of Kosse, a former Tahoka carrier, underwent major surgery last Thursday. Benson Rice, Lubbock Vocational Agriculture teacher, who formerly taught at New Home, is Boyd's son, and J. E. Rice of Northwest Lynn county is his father.

The work of 40,000 Texas home demonstration club members will be spotlighted during National Home Demonstration Week, May 2-8.

MRS. PETE DORMAN IS BACK FROM HOSPITAL

Mrs. Pete Dorman was recently able to return to her home southwest of Tahoka from a Lamesa Hospital, and is reported to be doing as well as can be expected. Billy D. Dorman, who is in the Navy aboard the USS Walker operating in the Far East, was flown home on emergency leave to be at the bedside of his mother. He is to report back to San Diego May 18. Another son, Robby Dorman,

who is in the Army and stationed at Fort Bliss, El Paso, was also here for a few days.

GODFREY AT FT. BLISS

Fort Bliss, May 8.—Pvt. John A. Godfrey, son of Mrs. Sallie Godfrey, route 4, Tahoka, recently began eight weeks basic training in the Anti-Aircraft Artillery Replacement Center at Fort Bliss, El Paso, Texas.

John Paul Jones was once vice-admiral of the Russian fleet.

Mr. and Mrs. Gene Ballengee of Plainview were recent visitors here in the home of her sister, Mrs. Clyde Jones. Mrs. Ballengee will be remembered here as the former Miss Lora Lane. Mr. Ballengee is former superintendent of the Plainview schools.

Mrs. Lenore M. Tunnell attended a meeting of District 4 County Superintendents at the Caprock Hotel in Lubbock Tuesday night.

Dr. A. L. Thomas, Kin of Tahoka People Is "Practitioner of Year"

Dr. A. L. Thomas, 78, of Ennis, well known to many Tahoka citizens, on Sunday was named "General Practitioner of the Year" by the house of delegates of the Texas Medical Association meeting in San Antonio.

Dr. Thomas is a brother of A. I. and W. O. Thomas and the late C. A. Thomas and an uncle of Dr. Skiles Thomas and Wynne Collier, all of Tahoka. He has visited here a number of times.

The honor is the highest given a Texas physician.

Nominating him, Dr. Mayo Tenery of Waxahachie declared: "At the age of 78 and after 51 years of practice, he is still as active as ever. He is doing obstetrics, general practice and surgery."

Tenery said Thomas will go any time of the day or night to the rich or the poor whether they pay or not.

"His reputation for charity is above and beyond the call of his profession. He probably typifies the real family physician, a friend and confidante..." Tenery added.

In addition to his practice, Thomas has been prominent in civic affairs at Ennis. For 20 years he has served as school board chairman.

He was named Ennis' "Citizen of the year" in 1951—the first person to receive that honor. He is a former president of the Ennis Kiwanis Club, former Ennis health officer and past chairman of the first library board.

He was born in Auburn, Ga., and came to Texas in 1886.

He was the first man in Ennis County to do microscopic work, and all the doctors in the county brought specimens to him to diagnose. Dr. Thomas also was the only anesthetist in the county for some time, and is believed to be

Methodist Guild Is Organized Here

The Wesleyan Service Guild of the Woman's Society of Christian Service was officially organized Tuesday evening, April 27, at the home of Mrs. A. M. Bray.

The purpose of the Guild is to share actively in the work of the W. S. C. S. and the church by promoting the cause of missions, and developing the spiritual life.

The meetings are held twice monthly in the evenings for the convenience of those who work.

Mrs. H. A. Longino of O'Donnell opened with prayer. Mrs. Ferman Chapman introduced Mrs. G. M. Stewart who brought the program, a resume of a recent study, "The Life and Task of the Church Around the World."

Eighteen ladies were present, including the Sub-District Promotional Sec. Mrs. Willbur Line of O'Donnell, who talked about the purpose and responsibilities of the Guild.

Newly elected officers are: President, Mrs. Maurice Huffaker; Vice president, Mrs. Bill Thompson; Recording Secretary, Mrs. Clint Walker; Secretary of Spiritual Life, Mrs. Ira Jo Hear; Secretary of Missionary Education, Ferman Chapman; Secretary of Status of Women, Mrs. Carl Beckum; Secretary of Promotions, Mrs. J. W. Owens; Secretary of Supply, Mrs. Jake Jacobs; Treasurer, Mrs. Perry Walker.

All ladies interested are cordially invited to join the Guild.

Fischer and Glenn Buy Barber Shop

Geo. W. Glenn Jr. and Berry Fischer have bought the Woodworth and Bragg Barber Shop from C. E. Woodworth and Cody Bragg, taking over the business Monday.

Glenn has been with the shop over three years, and Fischer was a partner in the shop before selling out to Bragg last August. He has been at Abernathy the last few months, but moved back to Tahoka last week end.

George and Berry expect to keep Woody on their force "if he stays on the job". Cody will help out on Saturdays.

First editions of a book are not always so stated or marked.

the first man there to own and operate an X-ray machine.

His first surgery was done in the home on a portable table that he hauled in his buggy.

State Board Will Measure Drop In Water Level Here

Austin, May 8—Chairman H. A. Beckwith, Texas Board of Water Engineer, announced today that the records of water level measurements in selected observation wells in Cochran, Crosby, Gaines, Hockley, Lynn and Terry Counties will be released in the near future.

The publication, prepared cooperatively by the Water Board and the United States Geological Survey, will be issued as Bulletin 5407 of the Board of Water Engineers and will be available for free distribution upon request to the office of the Board, 302 West 15th Street, Austin, 14, Texas.

W.S.C.S. Host To '54 Senior Class

The W. S. C. S., assisted by the newly organized Guild, entertained the Senior Class Monday evening with a party.

The entertainment was furnished by Marvin Crawford of Lamesa, Jackie Cogdill and Rev. George Maurice Small of Plainview. These three managed to keep the senior class laughing most of the evening.

Marvin Crawford brought a series of imitations. Jackie Cogdill amused the group with his excellent piano interpretations and take offs on the great composers. He then introduced a distinguished visitor and scientist, Professor "Georgious Smallitz," who brought down the house with his weighty discussion on "Is the Atom Bomb Dangerous?"

Refreshments were served, consisting of sandwiches, potato chips, cookies and punch.

Mrs. J. W. Fenton had charge of all arrangements, and our deep thanks to all who assisted in making the party a success.

Bill Driver announces that he is coming back to Tahoka to do linoleum and tile-laying work.

Lubbock Lady Will Speak At Luncheon

Monday, May 10, the monthly luncheon of the W. S. C. S. will be held in Fellowship Hall. All the ladies of the church are urged to attend this covered dish luncheon to hear Mrs. Roberta McCarty speak on "The Message of Methodism." She was enjoyed thoroughly by the group last year and is invited to return.

May 3, the W. S. C. S. met to conclude the study led by Mrs. G. M. Stewart on "The Life and Task of the Church Around the World." As a result of this study, the group decided to send a cash offering to foreign missions, and to buy and frame a world map for the church.

Those who attended benefitted greatly by this interesting and inspirational study.

Mr. and Mrs. J. E. Sherrill of Draw returned Sunday from a rush trip to Tucson, Ariz., where they visited Mrs. Sherrill's brother who was slightly injured in a car wreck there. They reported there was snow in the mountains west of Roswell.

Artificial pearls were first made in 1680, by Jacquin of Paris.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM.

BUICK SALES ARE SOARING! Latest sales figures for the first quarter of 1954 show Buick now outselling every other car in America except two of the so-called "low-price three." And one big reason for this tremendous success is the new Buick Century, with more horsepower per dollar than any other car in the country. Illustrated here is the new CENTURY in the much-wanted Buick Riviera "hardtop" model.

Class Favorites Revealed Here

The Most Beautiful Girl and Most Handsome Boy in Tahoka High School and Mr. and Miss T. H. S. were revealed with the arrival of the 1954 yearbook, The Kennel.

Miss Marilyn Carmack and Jimmy Whorton were chosen by Lucille Ball and Desi Arnez as the most beautiful and most handsome out of ten other girls and boys. Each had a full page in the yearbook. Runners-up were Sue Williams and Gordon Smith.

Billy Tong and Jane Shepherd were chosen Mr. and Miss T. H. S. by secret ballot of the student body earlier in the year. However, the outcome was not re-

vealed until the yearbook was issued to students.

Other honored students are Gordon Smith and Jo Ann Fenton, all-round boy and girl; Willie Lee and Sue Dollins, senior class favorites; Garland Huddleston and Susie Smith, Junior class favorites; L. W. Castleberry and Margie Curry, sophomore class favorites; Kent Gibson and Wilma Scott, freshman class favorites; and Karl Prohl and Sue Tomlinson, eighth grade favorites. Each of these groups was featured on a full page in the annual.

Also in the feature section is Jane Shepherd, football queen; Jimmy Whorton and Jeanell Martin, F. H. A. Beau and F. F. A. Sweetheart; Ann Reasonover, band sweetheart; and the students making Who's Who. Listed in Who's Who are I. V. J. Melton, Jo Ann Fenton, Gordon Smith, Billy Tong, Loretta Henry, Bobby Lehman, Garland Huddleston, Jerry Aldridge, Ted Pridmore, Susie Smith, L. W. Castleberry, and Jean Shepherd.

Lindsey Infant Is Buried Saturday

Graveside services were held Saturday afternoon for little Montie Irene Lindsey, infant daughter of Mr. and Mrs. Frank Lindsey of Tahoka, who was born Friday in Lamesa Hospital.

Rev. Bill Wadley, pastor of Sweet Street Baptist Church, officiated at the services, which were in charge of Stanley-Jones Funeral Home.

Besides her parents, Montie Irene is survived by three sisters and two brothers.

McMILLANS HAD MANY GUESTS OVER WEEKEND

Visitors in the H. L. McMillan Sr. home over the weekend included: Mr. and Mrs. W. B. McMillan and son of Brownfield; Mr. and Mrs. Deniz McMillan and two sons and Mr. and Mrs. H. L. McMillan Jr. and children, Lubbock; Mr. and Mrs. Uyless Hughes and Mr. and Mrs. Gerald Hughes, Amarillo; Mr. and Mrs. W. D. McMillan and daughter of Floydada; Mr. and Mrs. Bernice McMillan, El Paso; Mr. and Mrs. George Griffin and daughters, McAdoo; Mrs. Lewis Watts and son, Wasco, Calif.; Mr. and Mrs. J. W. Pearson and children, Big Spring; A. B. Pearson, Wink; Mr. and Mrs. W. E. Akin and children, Lamesa.

Mrs. Watts, Mrs. Uyless Hughes, W. D. McMillan and H. L. McMillan Sr. are brothers and sisters.

DORMAN AT FORT BLISS

FORT BLISS, TEXAS—Pvt. Robby G. Dorman, son of Mr. and Mrs. Pete Dorman, Route 5, Tahoka, was recently assigned to the Antiaircraft Artillery Replacement Training Center at Fort Bliss, for his second eight-week cycle of basic training.

Mrs. Pearl Brown and her son, Frank Brown, returned home last week from Houston, where they visited several weeks with her daughter, Mrs. (Marie) Sanders and Mrs. O. D. (Faye) Pierce, and families.
