The Lynn County News

"I wholly disapprove of what you say but will defend to the death your right to say it." —Voltaire.

Volume 50

Tahoka, Lynn County, Texas, Friday, June 11, 1954

Number 36

State Planning 4-Lane Freeway For Highway 87

Principal, Band Man Selected

A new elementary school principal and a new band and chorus man have accepted positions in the Tahoka schools for next year according to Supt. Otis Spears.

Milton Garner of Aspermont is the new North Elementary School principal. He will also manage the school cafeteria and teach seventh grade classes. He succeeds Archie Sims, who has resigned to become superintendent of the Three-Way school of Bailey county.

Mr. Garner holds B. A. and M. A. degrees from Hardin-Simmons University. Reared at Aspermont, during the past six years he has served successively as elementary, junior high, and high school principal. He expects to be married in July.

Myron Gilstrap of Durant, Okla., will be the new band director and chorus instructor, succeeding Willard Edgett, resigned. He was reared at Durant, took his B. A. degree at Southwestern Oklahoma State Teachers College, and is now working there on his Master's degree. He has had two years teaching experience at Tahoka, Okla. He is married but has no children.

Mrs. Velma Carter, wife of Vocational Agriculture teacher, V. P. Carter and candidate for a B. A. Degree at Texas Tech in August, will teach in the sixth grade.

New Oil Test In Draw Area

Plans to drill another well in the O'Donnell-Multipay field of Lynn county, three miles east of Draw, were announced late last week.

The venture will be known as the C. M. Ashby of Dallas No. 1 Garza Land & Cattle Co., will be drilled with rotary tools, and projected depth is 9,400 feet.

This is an east offset to the Magnolia No. 1 Garza Land & Cattle Co. producer, and is in the same section with this well.

Location is 660 feet from the south and east lines of the north-east quarter of section 431, block 9, ELRR survey.

Members of the drilling crew were here Wednesday looking for apartments.

Baseball League Starting Sunday

The Lynn County Junior Baseball League will start its fifth year of play next Sunday. Only three teams are entered this year. They are the Wilson Bankers, Bray-Chevrolet, and Shambeck Motors.

Next Sunday at 2:30 p. m. Tahoka's Bray team will play the Bankers at Wilson.

Bray has not played an exhibition game but Wilson has won two and lost one. The Shambeck team, formerly Bill Strang Motors, are the champions of the league, winning last year over six teams. They have a 1-2 exhibition record.

Last Sunday, June 6, Wilson hung a 14-4 blasting on the Shambeck team. Leonard Breiger gave up only three hits, one being a second inning homer on Pat Green, to win the game.

Wilson belted starter Richard Havens from the hill and two predecessors, James Foster and Garland Huddleston. The big guns in the Wilson attack were Leonard Breiger and G. Bert Steinhauer. The game was played in Tahoka.

Eastern Star To Install Officers

Friday, June 2, 1954 Tahoka Chapter 743, Order of the Eastern Star will have public installation at 8:00 p. m.

This year the new officers will be installed by Mrs. Mittie Walker of Grassland, assisted by Mrs. Lonelle Brown as Installing Marshal, Mrs. Minnie Davis as Chaplain, Mrs. Opal Hamilton as Secretary and Mrs. Irving Stewart as Organist.

Mrs. Opal Hines will be installed as Worthy Matron and the Rainbow Girls will honor her with a drill and song. Mrs. Hines has worked with the Order of the Rainbow the past two years as one of the advisors.

Mrs. Wade Holland recently underwent surgery in a Lamesa hospital.

Pioneer Reunion Plans Complete

Plans are near completion for the annual Lynn County Pioneer Reunion here on Thursday, June 24, according to Fred McGinty, this year's president.

Registration will start at the Lynn County Fair Exhibition hall at 10 a. m. under direction of Mrs. Eloise Griffin, secretary.

Following the dinner, there will be a program in the air-conditioned Rose Theatre.

The dinner is open only to people and members of their families who came to Lynn county 30 or more years ago.

At 4 p. m., Tahoka Chamber of Commerce is sponsoring a street parade open to the public.

Tahoka band, Lynn County Sheriff's Posse, and possibly other bands and sheriff's posses will be entered in the parade.

Pioneers and their families are especially invited to make some special entries in the parade representative of pioneer life. Also clubs and organizations are being solicited to enter floats.

Mitchell Williams, C-C president, John Reasonover, and Russell McGee this week canvassed the business section, and nearly forty business firms signed up to make entries in the parade.

Those not contacted in this survey are asked to notify Alton Cain or Russell McGee if they can and will make an entry in the parade.

Business firms who have signed up to make entries in the parade are:

Ayer-Way Cleaners, White Au to, Kenley Grocery, Southwestern Public Service, Woods Jewelry, Duchess Beauty Shop, Robinsons, Rutherford, Cicero Smith, Wynne Collier, First National Bank, Abbie's, Chestnut Service, House of Flowers,

Pioneer Gas Co., Wharton Motors, Conoco Service, Wheatley, Buick, Stanley-Jones, McCord Motors, Lynn Co. Tractor, W. M. Harris, Tahoka Drug, D. W. Gaignat, Tahoka Cafe, Piggy Wiggly, Deck Dunagan Service, Tahoka-Post NFLA, Clint Walker, Davis Tire Shop, General Telephone.

New Home Club Hears Preachers

New Home Civic Club had another one of its top meetings Monday night, but only 18 men were present, Joe Unfred reports.

Fred Yates, Church of Christ minister, outlined the differences between communism and religion; and Rev. Robert Clenens, Baptist pastor, spoke on communism and education.

Supt. C. O. Head was in charge of the program.

An unusually fine meal was served by the Marine Corps League Auxiliary of Lubbock, under direction of Lit H. Moore Jr.

Next month's meal will be served by the same group, and Robbie Gill will be in charge of the program. The club is working on a special project, and all farmers to keep in mind the important interested in farming are asked meeting on Sept. 6.

Wheat Allotment Forms Available

Forms are now available at the Lynn county ASC office for requesting 1955 wheat allotments on new farms.

Application for new grower wheat allotments for 1955 will be accepted through Wednesday, June 30.

Farmers are requested to file request before this date.

City Continues Park Work, May Build Baseball Diamond

Everything except shade is now ready for the picnicking public at the Tahoka Municipal Park, states Pat Hines, City waffer superintendent.

Even free wood has been hauled to the park for use in the barbecue pits, and picnic tables, drinking water, garbage pits are available. Soft drinks, candy, popcorn, etc. may be obtained at the swimming pool concession stand.

Playground equipment has been moved from the old City Park to the new park, and Mrs. Silas Russ of O'Donnell has contributed a play set for the smaller children. There's about five acres of beautiful law also, on which the kiddies may romp.

On warm days when the wind is not too high, the swimming pool is also proving to be a popular recreation spot.

But, Mr. Hines and the City are already making plans for further development of the park.

The block immediately west of the swimming pool has been broken out, and next winter Mr. Hines says he expects to plant some trees on this plot.

Southwestern portion of the 11-acre park site is being reserved for possible development of a baseball or softball field.

Mr. Hines proposed to the City Council Monday night that work be started now on a grassed baseball field for kiddies in preparation for entering next summer the nation-wide Little League baseball program.

Many towns in this area have

Methodist Bible School Monday

Vacation Bible School of the First Methodist Church will be held next week, beginning Monday morning, with classes beginning at 8:30 and ending at 11:30 o'clock, according to Mrs. Jake Jacobs, director of the school this year.

Climaxing the school will be a program presented by the children Friday night, June 18, at 7:30 o'clock in the sanctuary of the church. A film will also be shown. Parents are especially invited to this program. Handwork of the children will also be on display.

At end of the Friday morning session, all children with perfect attendance during the school will receive special certificates.

Schedule for each day's session of the school will include a devotional period, lessons, handwork instruction, recreation, and refreshments. A good time is planned for the children while they are learning.

For the first time in recent years, the Methodist Vacation Bible School will maintain a nursery for children two to three years of age.

Swimming Classes Will Start Soon; Morning Period Is Set For Ladies

Swimming lessons at Tahoka Municipal Pool will start Monday morning, June 21, Bill Haralson, who manages the pool along with Jake Jacobs, announced this week.

Mrs. Janie Hagood, an experienced swimming teacher, will be in charge of the instruction. All interested children are invited to be present, or to call the pool, phone 55, for further information.

Also, the pool will be open Monday, June 21, for ladies only. If there is sufficient demand, the pool will be open for ladies only two or three mornings a week.

The pool will be open evenings and nights for special parties.

Tuesday night, 40 people from New Home had a community swimming party at the pool.

Mr. Haralson states O'Donnell, Wilson, Grassland, and all other towns and communities of the area are invited to plan special afternoon or night swimming periods. For night parties, arrangements should be made in advance with the pool operators.

Sgt. Jack Reed is School Graduate

Fort Belvoir, Va., June 4—Sgt. Jack R. Reed, 21, son of Mrs. Lillie Dale Reed, Tahoka, graduated today from the 12-week Engineer Storage Course at The Engineer School, U. S. Army, Fort Belvoir, Va.

The course which he completed offers training in storage, issue, shipment and salvage of construction equipment and engineer supplies. It is one of the many technical courses conducted at the Engineer School for military personnel of the United States and friendly nations.

Tom Gill Improving

Tom Gill, local Santa Fe agent, is reported to be improving slowly at the Santa Fe Hospital in Topeka, Kansas, where he recently underwent major surgery.

Mrs. Harold Swanson of Iowa Park, injured near here in a car accident nearly two months ago, will have her leg placed in a cast this week end at Tahoka Hospital, following which she will be released to go home. She received multiple fractures of the right leg in the accident.

Will Ask County For Right-of-Way Soon

Plans for making U. S. Highway 87 a divided four-lane highway north and south through Lynn county were revealed by S. C. McCarty, district engineer of the Texas Highway Department, in an address before Tahoka Rotary Club Thursday noon of last week.

Preliminary surveys are already under way on 15 miles of the proposed project from Tahoka south to the Dawson county line west of O'Donnell.

Federal and state funds totaling \$450,000.00 have been earmarked for building two additional lanes of paving along the 15-mile stretch consisting of grading, structures and surfacing. The project is set up for work in 1955.

Funds for the project are from Texas Consolidated Highway Program, for which the Federal government has appropriated 77 million dollars and the state of Texas 134 million dollars, a total of 211 million dollars.

A similar project in Dawson county would extend from the Lynn county line to Lamesa.

Similar projects are also being planned in Hale, Swisher, Randall, and Potter counties. About 15 miles of four lane road has already been built in Swisher county between Kress and Tulla, and several miles have been built north of Lubbock.

Later, Mr. McCarty says, the State Highway Department hopes to make all or most of Hwy. 87 a four-lane road over most or all its route, and ultimately it may expect to become a freeway, or expressway.

However, key to the building of the road is the fact that Lynn county must furnish the right-of-way.

Several months ago, the Highway Department approached the Lynn County Commissioners Court-in regard to the proposed project, but there was nothing definite at that time. The Court did pass a resolution asking to be included in the plans as a matter of form.

Three weeks ago, A. W. Partain, resident engineer of Lamesa, discussed the forthcoming program with Tahoka Chamber of Commerce officers and directors.

District Engineer McCarty said he received notification Wednesday of last week to start preliminary plans in motion.

Local officials presume that the (Cont'd. On Back Page)

Shambeck Buys Ford Agency

Willie and Alvin Shambeck have bought the Bill Strang Motors, the Tahoka Ford agency, and took over the business on last Saturday. The firm is now known as Shambeck Motor Company, and Willie Shambeck is the manager.

Mr. and Mrs. Strange have gone to Gladewater to assist their sons in the operation of their Ford agency there. Mr. Strange said he hated to leave Tahoka, but they have a much larger business and field at Gladewater which needs his attention.

The Shambecks are no strangers to Tahoka and Lynn county. They were born, reared and married here, being sons of Mrs. Elsie Shambeck and the late Louis Shambeck who farmed west of Wilson.

Willie, who will be in control of the business as manager, married a Tahoka girl, the former Miss Velma Ruth Howell. Alvin is engaged in several enterprises, including farming, in Lubbock county.

The Shambeck brothers were Buick dealers in Tahoka for eight months in 1950 and 1951, and the present Buick agency building was built for them.

Personnel of the Shambeck Motor Company was not quite complete this week, but he announced the following will be associated with the business: Jesse Benson, parts manager; George Nixon, bookkeeper; Joe (Buddy) Smith of New Home and V. L. (Skeet) Clem, salesman; Orville Davis, mechanic. Another mechanic is expected to join the firm in a few days. Ira (Conoco) Collins will be the porter.

Fire Destroys Two Houses

Two small houses belonging to Antonio (Tony) Delao on Alley street between South Fifth and South Sixth were completely destroyed by fire Wednesday afternoon at about 4:30.

One house was occupied by Tony Delao, wife, and four children, and the other was occupied by his father, Santiago Delao, wife, and five children. The two families were away at the time the fire started, and the only things salvaged were the clothes they were wearing.

Both houses were afire all over, fanned by a high wind, when the fire alarm was turned in, and the Fire Department could do nothing to save them.

Methodist Pastor Attending Camp

Rev. J. B. Stewart, new Tahoka Methodist pastor, is at the Methodist camp in Ceta Canyon this week where he is an instructor at the Intermediate Summer encampment.

After moving here last week, Mrs. Stewart was found to have a broken foot. She is at Haskell with her parents while he is at the camp.

Mrs. Thomas Reid remains a patient in a Lamesa hospital, and her husband reports that she still is running a temperature. Mrs. Reid had a relapse from pneumonia.

Miss Ethel Calahan came home Monday from a two-week visit in Arkansas and Alabama.

Organ Recital At Wilson Church

The First Baptist Church of Wilson will present Mrs. John T. Sims and Mrs. Webber Williams of Slaton in piano and organ program Sunday evening at 8:00 p. m. Mr. Wayland Stephens, also of Slaton, will present vocal numbers.

The public is invited to attend.

Tahoka Garden Club Postponed Meeting

Tahoka Garden Club has postponed its June meeting to Tuesday, June 22.

The meeting will be a coffee at 9:30 a. m. in the back yard of Mrs. Calloway Huffaker's home.

Al Lehman spent last week in Austin at the bedside of his sister, Mrs. Louis Goldberg, who is critically ill with a heart ailment. Mrs. Goldberg's husband is associate editor and publisher of the Austin American-Statesman.

Susan Thomas, daughter of Dr. and Mrs. Skiles Thomas, is visiting in Galveston with her grandparents, Mr. and Mrs. W. G. Lyons.

Speedy Drivers Taking Gamble

"Don't gamble with speed—speeders always lose!"

This was the advice given by Col. E. B. Tilley of Houston, President of the Texas Safety Association, and Services Advisor for the Gulf Oil Corporation to Texas motorists today. The speed control program is being sponsored by the Texas Safety Association and Texas Department of Public Safety in cooperation with the National Safety Council.

"When motorists drive at excessive speeds they lose out in many ways," he said.

According to Col. Tilley, speeders make poor impression on friends and neighbors. "Anyone can jam his foot on the accelerator and roar down the street," he said, "but it requires good judgment to decide what is a safe speed under existing conditions. The driver who drives according to conditions earns the respect of his community. The speeder usually loses respect.

"Then there's the matter of economy," Col. Tilley said. "The car that burns up the road at a fast pace also burns up gas and oil at a much faster rate than the car that travels at a moderate speed, and it wears out its tires, brakes, etc., before their time. Speeders lose money.

"Very often," he said, "speeders even fail in their immediate objective—to get there fast. Traveling at a greater rate of speed than the traffic around them, cutting in and out, racing for stop lights speeders gain little or no time over the driver who keeps a steady pace with the traffic stream.

"But," he warned, "the speed-

87-Year-Old Lady Hospital Patient For First Time

At the age of 87 and after having reared 13 children, all living, Mrs. B. H. Howard, mother of Mrs. Harley Henderson and Mrs. Frank "I," is in the hospital for the first time in her life.

"But it took a broken hip to turn the trick.

Last Friday, Mrs. Howard tripped over a rug and fell at her home at 1414 Ave. M in Lubbock. Although she was at home alone at the time of the accident, some little boys mowing the lawn heard her call for help and assisted her to a chair.

Fortunately, Mrs. Henderson, who was en route to her home in Tahoka from Muleshoe, came in about that time and she and the boys put Mrs. Howard on a bed. Then, a few minutes later, her son Uris who lives with her came in from work, and the two finally persuaded her she needed the attention of a doctor. No doctor would come to the home, and they finally prevailed on her to go to a hospital, where X-rays showed her hip to be broken.

Tuesday, she underwent major surgery to set the break. In spite of her age, Mrs. Howard is reported in excellent condition and wanting to get back home. She has many friends in Tahoka who will be glad to know that she is apparently recovering nicely.

NEW HOME H. D. CLUB MEETS AT MRS. EDWARDS'

New Home Home Demonstration Club met Thursday, June 3, with Mrs. Boswell Edwards.

Present were 16 members; one new member, Mrs. Robbie Gill; two visitors, Mrs. Gene Roland of Idalou and Jennie Lind Renfro, a 4-H Club girl.

"Log Planters" were made in cans covered with plaster of paris, stained and varnished. These are very attractive and useful.

A previous meeting was with Mrs. R. L. Clements, at which time the agent, Miss Wanda Roach, gave a very interesting and informing demonstration on cosmetics, their use, benefits, cost, etc. There were 14 present.

The next meeting will be July 8th.—Reporter.

HONOR MRS. SHARP

Mrs. J. H. Sharp, wife of the former Tahoka Methodist pastor who moved to Childress Thursday of last week, was honored by members of the Woman's Society of Christian Service at a farwell coffee in the home of Mrs. Calloway Huffaker Wednesday morning of last week.

er's greatest loss is in safety. As his speed increases, the driver's control of his car decreases. His chances of having an accident are greater, and an accident occurring at high speed is far more likely to cause a fatal injury than one occurring at a low speed.

"Remember," Col. Tilley said, "speeders lose out—very often to the extent of losing their lives. It's good policy to travel at a safe speed always, and the only safe speed is that determined by conditions of weather, road, traffic, mechanical fitness of your car and your own mental and physical state."

COOPERS ATTEND OKLAHOMA FUNERAL

Mr. and Mrs. E. J. Cooper went to Mt. View, near Hobart, Okla., last week end for funeral services on Sunday for Mr. Cooper's brother-in-law, Rev. H. C. Lamb, 74, retired Baptist Minister, who died of a heart attack at the home of his granddaughter there on Friday. He had pastored Baptist Churches for 50 years, his last eight years at Mt. View.

Mr. Cooper's sister, wife of Rev. Lamb, died eight months ago, but Mr. Cooper was ill at the time and could not attend her funeral services.

T. R. Cathcart came in Tuesday from Grapevine, where he has been, living with a brother the past year, to spend the summer here. He says its too hot for West Texas to live in that country in the summer. The wind has been blowing a gale there for several weeks, also, he says.

Methodist Ladies Attend Luncheon

The Methodist Woman's Society of Christian Service held its monthly luncheon meeting Monday in Fellowship Hall of the Church.

Mrs. Mittie Walker of Grassland the Conference Secretary of Supply, gave a very interesting report on the Fourth Assembly of the W. S. C. S. at Milwaukee, to which she was a delegate.

Mrs. Fred B. Hegi presented a review of "I Was a Hobo Kid," a true story written by Billy Davis, co-editor of the Assembly of God Magazine.

Luncheon was spread at the noon hour.

Austin's newspaper, The American Statesman, is believed to be second oldest daily in Texas.

In 1890 a German named Voelger perfected a system whereby wood pulp was substituted for rags, and the problem of cheaper and more newsprint was solved

CHILD BORN TO FORMER LOCAL GIRL IN GERMANY

A girl was born to S/Sgt. and Mrs. S. W. Freeman last Friday in Bitberg, Germany, the grandparents, Rev. and Mrs. V. J. Lowrance of Lubbock, formerly of Tahoka, have notified Mrs. Pearl Brown.

Mrs. Freeman is the former Miss Elva Lee Lowrance. Her husband, who was reared at Brownfield, is a flight photographer with the U. S. Army Airforce in Germany.

His wife joined him in Germany in July of last year. In October, she suffered a broken leg in a car accident and was still in a cast when the baby was born.

A tiny Korean warf warms his freezing hands over a kettle of burning coals. American Relief for Korea's clothing drives are securing warm garments for such war victims. ARK is financed by United Defense Fund through Community Chests or United Funds.

MRS. MAUDE BLEDSOE IS STAYING AT PETTY

Mrs. Maude Bledsoe, who has recently undergone surgery in West Texas Hospital, is now staying in the home of her daughter and family, Mr. and Mrs. N. H. Cromer, in the Petty community. Her daughter, Mrs. Jewell Johnson, who lives with her, has gone to spend the summer with her son and daughter-in-law, Mr. and Mrs. Cloys Johnson, 169 Senator, Texarkana, Ark. Mrs. Bledsoe's son and family, Mr. and Mrs. Leroy Bledsoe and Bill of Dallas, and her sister, Mrs. George Miller, and husband of Celina were here to see her over the week end. Also visiting in the Cromer home Sunday were Mr. and Mrs. Floyd Bledsoe, Tommy and Judy of Lubbock and Mr. and Mrs. Fred Nolen of Wilson.

THEY WHO HAVE COURAGE

When the Northern Pacific railway was built west from Minneapolis, the investors went out on the first trip over the road. They were horrified. Why, it would fail because there were no people to patronize the road. They came home and sold their stock. But this railroad is still running. When Marshall Field built his great store in Chicago, people said the store was too big for the town. Chicago would never support such a store. It is now one of the world's wonder stores. When James Eads built the bridge across the Mississippi at St. Louis, there were people who said it would never "pay". The Eads Bridge is one of the outstanding successful accomplishments in the United States. It has always been true that men with little ideas never catch up with the leaders, never understand that the future always seems dire, forbidding.

Brazoria was the scene for the founding of many early-day Texas newspapers. The fourth publication in the state was founded there in 1832 by Godwin Brown Cotton. It was called The Texas Gazette and Commercial Advertiser. The fifth newspaper was The Advocate of the People's Rights, published by John A. Wharton and Oliver H. Allen the next year. An early "call" to Texas newspapermen to organize was issued in the old Marshall Star State Patriot on June 8, 1953—but history has not recorded whether the session was ever held or not. The major problem, it seems, was whether the Whigs and Democrats among the newspaper publishers could associate at a press convention in harmony.

New Book Texas Jokes Is Printed

Slim, walking into the post office, saw a new sign which read, "Man wanted for robbery in California." At which Slim exclaimed, "Gosh, if that job was only in Texas, I'd take it."

With this story and many more like it, all good-naturedly lampooning Texas and Texans, John Randolph today introduced to Texas his new book, "The Jokes on Texas." "Texas Brags," Randolph's book has become a guide to Texans everywhere in pointing out Texas' glories. "The Jokes on Texas" is just the converse, with cartoons, jokes and stories on Texas' weather, geography, habits and inhabitants. Randolph describes the new one as "a healthy companion, or call it an antidote, if you will, for 'Texas Brags.'" Rib-tickling from cover to cover, "The Jokes on Texas" was compiled by Randolph over a seven-year period, and published to prove to natives and to non-Texans that Texans can laugh at themselves and as hard as they brag.

DRAW H. D. CLUB MET WITH MRS. HERBERT STALCUP

The Draw Home Demonstration Club met Friday, June 4, in the home of Mrs. Herbert Stalcup. There were nine members and four children present. Mrs. A. R. Hensley and Miss Emily Waller gave a very interesting demonstration on table etiquette. After refreshments, the meeting adjourned. Next meeting will be July 2, at Mrs. Charlie Cargile's home.

A WORD OF APPRECIATION

The First Baptist Church would like to express their thanks to the Bell Ice Cream Co., the Foremost Dairies, the Borden Ice Cream Co., and the Dr. Pepper Bottling Company for the refreshments that they served during our Vacation Bible School. The children enjoyed them very much.

CARD OF THANKS

We wish to express our appreciation to our many friends for their visits, flowers, cards, and kind deeds while we were in the hospital. May God bless each of you.—Charlie and Floy Campbell.

Paper cutters were unknown in the early days of Texas newspapering. Editors placed the pages along a straight edge somewhere and cut the paper with a pocket knife or a half moon knife such as saddlers used.

Jo Ann Benson Is Planning Marriage

Mr. and Mrs. H. W. Benson announce the engagement and approaching marriage of their daughter, Jo Ann, to Willis McNiel, son of Mr. and Mrs. Ben McNiel, of Brownfield.

The bride-to-be is a graduate of Tahoka High School, and has been employed by Lyntegar Electric Co-op for the past two and one half years.

The prospective bridegroom attended Brownfield High School, and has served with the U. S. Marine Corps for the past four years.

Wedding vows will be read July 10th at 7:00 p. m. in the home of the bride's parents.

CARD OF THANKS

We sincerely appreciate the prayers, many kind deeds, words of comfort, and other kindnesses extended our family during the long months of illness and loss of our loved one, A. C. Howell.—Mrs. A. C. Howell and family.

Mr. and Mrs. Joe Sanders, longtime residents of the Edith community, have moved to town.

Wilson Soldier In Korea School

1 Corps, Korea—Pfc. Darrell R. Granger, Route 1, Wilson, recently graduated from the 1 Corps Non-Commissioned Officer Academy in Korea.

A surveyor in the Heavy Mortar Company of the 7th Infantry Division's 31st Regiment, he received instruction in leadership of units, map reading and other military subjects.

Granger, who attended high school in Lubbock, entered the Army in June 1953 and completed basic training at Camp Chaffee, Ark. He has been overseas since November of last year.

The three foreign agricultural trade missions which have visited since mid-April in Europe, Asia and Latin America have returned to the United States. Fred A. Hobart of Pampa was a member of "Mission" to Asia. He is a member of the board of directors, American Nat'l. Cattlemen's Association.

They tore down the "Big 3" low-price cars and proved

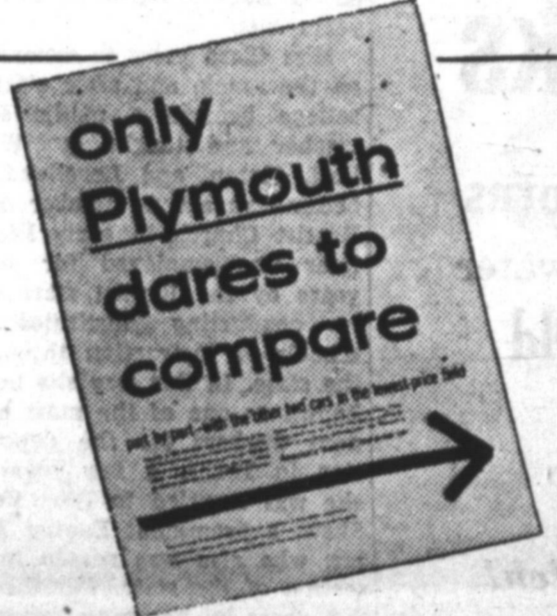

Plymouth
your **best buy!**

The hottest news to come out of Detroit in a long, long time—that's what we have to tell you!

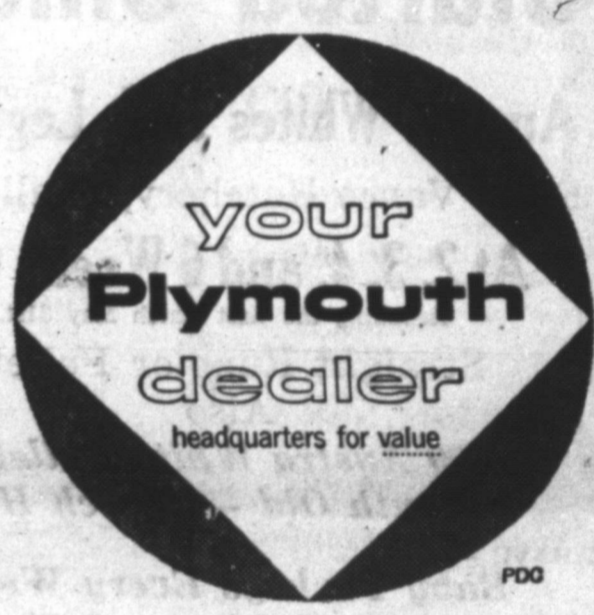

We'll give you documented proof that Plymouth is your best buy. We'll show you what Plymouth engineers found when they actually tore down brand-new models of each of the "Big 3" cars in the lowest-price field.

You'll see factual comparisons of safety, convenience, comfort, power—dozens of important features—in a just-published 8-page book.

Visit us today. Get your copy of the fact book... then get behind the wheel of the new '54 Plymouth. You'll soon be convinced that Plymouth is your best buy.

FREE!
Get this 8-page book from us today!
It's your buying guide to real best-buy value. Read it before you buy ANY car.

Fun for the whole family. Enjoy "That's My Boy" each week on CBS-TV. See TV page for time and station.

Lowest Price

Big-Car Luxury and Performance at the Lowest Price of all

The closer you compare values the more certainly you'll see that Pontiac is the standout buy on automobile row. In size and weight alone Pontiac offers you more car per dollar than a like amount ever bought before. And that's important, because that long wheelbase is the reason for comfort, riding ease and roadability unapproached within hundreds of dollars of its modest price. And along with these big-car features you get remarkable savings. Operating and upkeep economy are, of course, exceptional. First cost is the least for any big, luxury automobile—within a few dollars of the lowest-priced cars. Our trade-in appraisals are notably large and Pontiac's resale value is among the highest in the industry. Come in for the facts about today's most startling value.

Mrs. Vernon Shaw Dies At Lubbock

Funeral services for Mrs. Vernon Shaw, the former Miss Clara May, were conducted at three o'clock on Friday afternoon of last week in the First Baptist Church of Lubbock, followed by burial in the Wilson Cemetery in Lynn county, where she had lived during many of the years of her life. She had been a resident of Lubbock the past three years.

Funeral services were conducted by three Baptist ministers of this area, Rev. Aaron Shaw, Rev. J. F. Nix, and Dr. Earl Allen. Pall bearers were Charles Baker, Lawrence May, Jerold May, Bob Meador, Billy Crooks, and Earl Cummings.

Mrs. Shaw died at 4:30 p. m. on Thursday afternoon of last week in St. Mary's Hospital in Lubbock following a brief illness, though she had been in ill health for months.

The daughter of Mr. and Mrs.

OUTSTANDING SOLDIER—Sergeant First Class Arthur E. Childs of Fort Bragg, N.C., proudly accepts armband denoting his position as enlisted aide to Lieutenant General A. E. Bolling. Attaching the armband which he wore during his two-week tenure of office is Miss Mary Lee Bix, civilian employee at the general's Third Army headquarters, Fort McPherson, Ga.

W. H. May, Mrs. Shaw was born in Hamilton county on June 27, 1897, and she lacked less than a month therefore being 57 years of age at the time of her death. She moved with her parents and other members of the family to a ranch east of Wilson in 1901 and her father engaged in ranching there for more than fifty years, although he and Mrs. May moved to Lubbock also about three years ago.

Miss Clara grew to womanhood on the ranch, and after attending college became a public school teacher and taught at Wilson, Post, Slaton, and Levelland. She became an active member of the Baptist Church in early life and later was employed for several years by the Baptist state board in conducting institutes and schools of instruction throughout the state. In this way she became known as one of the most prominent workers for the denomination in Texas. A few years ago, she was married to Rev. Vernon Shaw, a prominent Baptist minister, who also was reared in this section of the state. For the past few years he has been serving as state representative of the Texas Baptist Children's Home located at Round Rock.

Mrs. Shaw leaves as her survivors her husband, Rev. Vernon Shaw, a stepson, Kenneth, now serving in the U. S. Army; her parents, Mr. and Mrs. W. H. May of Lubbock; one sister, Mrs. B. W. Baker of Wilson.

Homemade ice cream makes this USO club a real home away from home. USO services are supported by United Defense Fund through Community Chests and United Funds.

Of the over 700 newspapers in Texas, 122 published under the name of The News. Next in popularity is the name, The Herald, of which there are 45. There are 30 Times and 23 Enterprises.

One of the first addresses made before a Texas Press Association convention was in advocacy of better educational facilities for the state. It was delivered by T. J. Girardeau of The Houston Post sometime in the early 1880's.

Bridal Shower For Sue Dollins

Sue Dollins, bride-elect of Billy Tong, was honored with a bridal shower Friday, June 4, in the home of Mrs. W. T. Kidwell.

The mantle was decorated with bride dolls, and "Sue and Billy" was written across the mirror. The punch bowl was surrounded with yellow and white daisies. Carnation corsages were presented to the honoree and her mother, Mrs. B. C. Dollins.

Miss Joy Tomlinson registered the guests. Mrs. Wayne Tekell and Miss Sylvia High presided at the punch bowl.

About forty guests called, and many lovely and useful gifts were on display.

Hostesses for the occasion were Mrs. W. T. Kidwell, W. C. High, Sam Bartley, and Wayne Tekell.

Mr. and Mrs. W. S. Taylor and granddaughter, Marion Sue Milliken, spent last week end at Abilene visiting his sister Mrs. M. Shaw.

Geo. M. Reid returned Tuesday from a visit with relatives in Arkansas. He also did some fishing, but we have no report on his luck.

Mr. and Mrs. Frank Billman of Grandview were here Wednesday and Thursday visiting their son, Joe Bob Billman, and family and greeting many old friends.

Weather and insects are said to hold the key to the size of the 1954 Texas pecan crop. Producers can do something about the insects but not much about the weather. The 10-year average is about 10 million pounds of pecans.

Highway . . .

(Cont'd. from Page 1)
 State will ask for additional right-of-way from Tahoka south with the new two-lane paving to lie west of the present paving.
 The present paving will be utilized for two lanes of the new highway. Paralleling this paving, with 40 feet between would be built another two-lane road.
 Mr. McCarty said 60 more feet of right-of-way would be necessary for the immediate program.
 Then, the State will also ask the county, he said, to secure reservation agreements with landowners on another 40 feet on each side for possible development some time in the future into a freeway. This land would be occupied and farmed by the owner as at present, but would be land on which the owner would be

asked not to build any permanent improvements.
 County Attorney Mitchell Williams has figured out that right-of-way requirements for the construction from Tahoka south to the Dawson county line would require a total of 110 acres of land. If the road is built, the county must finish this right-of-way.
 The Commissioners Court has been thinking about the problem, Judge W. M. Mathis told The News, but has not come up with a solution. Both the Road and Bridge funds and the General Fund are already taxed to meet the demands from them. Therefore, a bond issue might be the only way for Lynn county to join in on the four-lane program.
 Lynn county already has \$581,000 in road bonds outstanding, or \$555,000 left to pay on the \$850,000 issue of 1946 which will not be paid off until 1966, and \$26,000 left to pay on the \$120,000 issue of 1948 which will not be paid out until 1958.

Several interested local parties have estimated that the right-of-way from Tahoka south would cost anywhere from \$12,000 to \$20,000. However, it is likely that a year or two later, the State will be asking for the right-of-way from Tahoka north to Lubbock county line. This would cost far more because irrigated land, irrigation wells, and more farm homes would become involved.
 Though Main and Sweet streets through Tahoka would not be as wide as the State would desire, some believe that the state could be prevailed upon to accept the present right-of-way in town by changing to parallel parking.
 In his talk before the Rotary club, Mr. McCarty pointed out the ever growing demand of the people for better, wider, and safer highways. The Highway department is planning its roads to take care of increased traffic and to reduce traffic accidents.

He said the demand for better roads and for a more even flow of traffic to such an extent that toll roads are being built in many sections of the county. Statistics show that the motor vehicle operators drive considerable distances out of the way and pay tolls equivalent to a 15-cent gas tax in order to use these toll roads.
 However, in Texas, the Highway Department hopes to build under its new program its own system of four-lane roads and freeways so that all the people may have their use.
 Because of increasing population, increasing percentage of motor vehicles, and greater demands for safety and speed and better movement of traffic, he said the Department is finding it necessary to widen its main thoroughfares.

Mr. McCarty said Lynn county has done a good job in providing farm-to-market roads. Much of this mileage built in 1947 and 1948 has been taken over for maintenance by the State.
 In fact, he says the State is now maintaining 160 miles of paved road in Lynn County. Under its present farm-to-market road program, the Highway Department has plans for taking over present roads or paving, a total of 25 more miles of farm roads, to bring the total to 180 miles.
 Under the present policy, the State is building or taking over about 8 or 10 miles a year in this county.
 He would make no definite statement on the making of Hwy. 87 north a four-lane road, but this is naturally expected some time in the future. In fact, he said a four-lane road all along Hwy. 87 would be a necessity in the near future if traffic continues to increase.
 The District Engineer said the highways belong to the people, and it will be up to the people of Lynn county as to whether or not they will join in on this program for the four-lane divided highway.

Chickens like their drinking water cool and fresh and want it convenient. A bird may go thirsty rather than travel more than ten feet to a drinking fountain on a hot day. The result—fewer eggs or less meat produced.

150 Women At Calorie Carnival

Fully 150 ladies attended the Calorie Carnival, an all-electric cooking school, conducted here Thursday afternoon of last week in the Rose Theatre under sponsorship of Southwestern Public Service company and all local appliance dealers.

Mrs. Xie Collins and Mrs. Eleanor Woodson, trained culinary experts of the company, put on a good show of instruction and entertainment which the ladies seemed to enjoy.

Winners of special prizes given attendants were: Mrs. Albert Curry, coffee maker; Mrs. Lucille Davis, deep fryer; Mrs. Charles Oliver, electric iron; Mrs. Amos Gerner of Post, mixmaster; and Miss Nita Hewlett of Wilson, 25 pounds of Al divergent.

If the ladies are sufficiently interested, other such schools will be held here in the future, states Johnny Reasonover, local manager of the company.

Turkey raisers can cut production costs by making proper use of ranges and succulent feeds. Poults should be moved to new range every two or three weeks.

New Buildings For Area Fair

Lubbock, June 10—The Panhandle South Plains Fair will have an ultra-modern appearance this fall with the opening of three new buildings, including a 5,500-seat show and exhibit building.

Construction work is progressing rapidly on the show building, a new women's building and a large agriculture building. Contracts for the three cement structures total \$326,722. Fair officials are confident that the buildings will be ready for use at this year's fair which will run from Sept. 27 through Oct. 2.

For the gala opening of the show building, officials expect to present a Western "name" show during fair week. This will be the first such indoor attraction ever presented at the fair, Charles L. Adams, Jr., fair president, said. In addition to the new construction, the midway will be rearranged to allow additional concession and outdoor commercial exhibit space.

Within the huge show building will be housed an arena 75 by 147 feet, dressing rooms, ticket offices, concession stands and 4,000 square feet of commercial exhibit space. The overall size of the structure will be 177 by 194 feet.

The building will be used for outstanding fair attractions and will also be available for stock shows, rodeos, ice shows and other off-season entertainment.

The agriculture and women's buildings, which will cost \$58,048, will replace old wooden buildings used by these departments for many years. Both of the new structures will provide much more space than was previously available. The agriculture building will be 70 by 160 feet and the woman's building will be 60 by 160 feet.

Walkers Observe 50th Anniversary

Mr. and Mrs. J. B. Walker, pioneer citizens of Lynn county who moved to Lubbock in 1937, were honored by their children at the home of Clint Walker here Saturday evening in celebration of their fiftieth wedding anniversary.

The Walkers were married at Aspermont June 1, 1904. They were teachers there at the time. Mr. Walker had come West from Alabama, where he was born. Mrs. Walker, whose maiden name was Lorena Beatrice Bullock, was born in Fisher county.

They moved out to Lynn county to the new town of Tahoka in 1905, and Mr. Walker served as superintendent of the Tahoka schools for three or four years.

A barbecue dinner was served in honor of the couple Saturday evening at the home of their son, Clint, and wife and son Townes.

Two of the children could not be present, J. B. (Buck) of Lubbock and Mrs. L. A. (Polly) Smith. Mrs. Smith and her two children are in England, where her husband, a lieutenant colonel, has been serving with the U. S. Airforce for the past two years.

Those present in addition to Mr. and Mrs. Walker and Clint and family were, Mrs. Mary Fleener and daughter, Brenda, both of Houston, and son, Jimmy, and wife and baby of Andrews; Mrs. Carl (Jonsie) Armstrong and sons Pat and Mike of Wichita Falls and daughter, Mrs. Nelson Rose, and husband and baby of Amarillo; Woodrow Walker, wife, and son Joe Don, of Andrews; Neill Walker and wife and two children, Tye and Jill, of Midland; and Mrs. Walker's sister, Miss Jo Bullock, of Aspermont.

Miss Elna Dunagan Is Entered In Post Beauty Contest

Post, June 10—Miss Elna Dunagan of Tahoka will compete with other bathing beauties from over the area for \$125 in cash prizes here Saturday afternoon at dedication of Post's new \$40,000 Municipal Swimming pool.

Three out-of-town judges will pick the winners. First prize will be \$50; second, \$35; third, \$25, and fourth, \$10.

The dedication program, being sponsored by the Post Chamber of Commerce, will start at 5 o'clock. Principal speaker will be A. C. Hamilton, superintendent of parks and recreation for the City of Lubbock.

The afternoon's program will also include a swimming and diving exhibition, according to R. J. Jennings, chairman for the dedication program.

Serving as hostess for the bathing beauty contest will be Maxine Baylis, who was selected as "Miss Post" in a contest here May 29.

Miss Dunagan, a junior in Texas Tech, is the daughter of Mr. and Mrs. Irvin Dunagan. She was entered by the Tahoka Chamber of Commerce.

Farm exports from the United States were three percent higher for March than for February. Shipments for March amounted to \$244 million.

Major Truett Cooper Visits In Tahoka

Major Truett Cooper, wife and son, of San Antonio, were here Monday and Tuesday visiting his parents, Mr. and Mrs. E. J. Cooper, while en route to Fort Sill, Okla., where he will serve as an artillery instructor for two months this summer.

Major Cooper is in the Army stationed at St. Mary's University in San Antonio as an instructor.

He served with the first Cavalry in the Pacific during World War II, was food administrator in Korea following the war and prior to the outbreak of the Communist invasion, and more recently was a military advisor to Turkey. He is making the Army a career.

SAVE WHEN YOU BUY

SAVE WHEN YOU DRIVE!

Take a trial drive, then let us show you how you can afford Mercury's new beauty, new 161-hp V-8, even all 5 easy power features.

Nowhere today can you get so much for so little. For, with Mercury, there is no extra charge for extra horsepower. Every Mercury has the completely new 161-horsepower V-8. And that's more horsepower per cubic inch than any other car in Mercury's price range.

And you save every mile you drive a Mercury.

You get Mercury's famous economy and rugged dependability. This great V-8 has new short-stroke pistons to reduce friction and engine wear. And there's a new deep-skirt block for extra crankshaft support—even greater stamina. You save on upkeep.

But the biggest saving comes when you finally trade in this Mercury. Authoritative independent surveys prove Mercury leads all other cars in its class for trade-in value.

Trial drive a Mercury with Mero-O-Matic Drive, power steering, in fact, all 5 optional power features. Then let us show you how easy even this far-advanced Mercury is to own.

Odds AND Ends

(BY E. L. THE ELDER)

Without pretending to know whether that decision handed down by the Supreme Court of respecting segregation of Negroes in the United States a few days ago was wise or unwise, just or unjust, it is obviously safe to predict that it ushers in a new era of turmoil and confusion respecting the relations of the white and colored races throughout the South and in numerous other states in this Union.

As pertaining to education in the public schools and state institutions of higher education, the Court had held through a long period of years that segregation

of the races was permissible if equal facilities and opportunities were provided for white and colored students. In its decision rendered a couple of weeks ago, the Court utterly knocked the props out from under that holding by declaring unequivocally that it is impossible to provide equal opportunities where segregation exists. The decision of the Court was unanimous, and while it applies specifically only to the institution involved in the case, yet it is notice to the entire country that like decisions will be rendered in all like cases that may hereafter come before the Court.

School authorities in Texas and in most if not all other Southern States have indicated that up until now they plan to continue to maintain separate schools for white and colored students as heretofore; but they are aware that innumerable suits may be filed by colored pupils or their parents to force compliance with the decision of the Supreme Court, and such a possibility renders any building program or financial program which may be planned uncertain of accomplishment. So the South faces the alternative of a long period of confusion and turmoil or open defiance of the Supreme Court, unless the Court shall suggest a solution or give the states time to comply with its orders.

It seems to the people of the South that a better method of dealing with the problem should have been found by the Court. It doubtless is true that, as a rule, the Negroes have not been

given opportunities equal to those given white students. But many of us have been insisting that the colored schools be improved from year to year; and as a matter of fact most of them have been improved very substantially and steadily, especially in the cities and larger towns where Negroes are numerous. Educational facilities for them, I am sure, will continue to be improved without any prodding from the Supreme Court. It is expensive, it is true, to provide well-equipped school buildings for Negroes in small towns, like Tahoka, where the students are comparatively few and where the parents are not very much concerned about regular school attendance on the part of their children. But we have a compulsory attendance law in Texas which, probably, is not very well enforced. An attendance officer might enforce better attendance.

There is another angle to this problem that may not be regarded as important in the North and far West but it can become highly important in the South. If the Negro pupils throughout the South are permitted to attend the public schools along with the white pupils, nearly all the colored teachers in the South will lose their jobs. This is in no sense a threat. It is not just the expression of an idle theory. It is a cold fact. Most boards of trustees will not employ colored teachers to teach white children. If Federal authorities should invoke some FEPC law to compel the employment of a certain number of colored teachers to teach in white or mixed schools, trouble would follow as sure as sin. Right here in Tahoka we have some excellent colored teachers for colored children. I would greatly regret to see them thrown out of employment, and so would most of our white people, I am sure. There are many thousands of colored teachers in the South situated as the colored teachers in Tahoka are; and if the Supreme Court bows its neck (no discourtesy intended) and demands rigid compliance with its decision, a mighty wall will go up from innumerable discharged colored teachers throughout our Southland.

Now, I want to say this. I hope that our people here and throughout Texas will honestly and earnestly seek a peaceful solution of the problems that this Court decision may impose upon them. I hope that we will submit to any degree of humiliation that we may feel if compelled to merge our white and colored schools and facilities. I hope that the white pupils will throw no slurs at the colored ones and will feel no envy if some colored pupils make better grades than many white pupils make. I hope that they will not rebel even if compelled to take instructions from a colored teacher.

It should be our purpose and our delight to see this radical experiment result in better education and training for the colored children of our town. I want to see them make good. A few of our brightest colored children for several years have been compelled to go to Lubbock for high school work. If the Courts decree that they may attend the white high school here, then let us willingly and even gladly help them.

But I can not help but fear that there is dynamite wrapped up in that court decision.

The people of the South—especially of the deep South—have been accustomed so long to segregation of the races, in schools, in churches, in social gatherings, street cars and railway cars, in parks and baseball games and foot-ball games, and everywhere, that I am afraid that the whites will smart under en-

forced association with the colored folks and that occasionally smart-aleck Negroes will become saucy and insulting, and then the riot squad will have to be called out. You can not change the habits and attitudes of a whole people overnight, folks. You can't do it. I am afraid that this decision will increase the friction between the white and the colored races and will do far more harm than good.

The Elevation of Jalisco
The remainder of this Column this week will consist of the "article" sent in by Senorita Aurora Gutierrez nearly two weeks ago in which she tells more about the state of Jalisco in Mexico, as translated by Mexican or Latin-American residents of Tahoka and then revised to some extent by me in order to clarify or improve the English version somewhat. I have also added some comments of my own in the nature of explanation and additional information about that marvelously scenic and productive region.

Translators are Rev. Pat Gloria and Senora Emma-vela, each of whom has given me a version of the article in whole or in print. Senorita Aurora had given it the Spanish caption of "Alturas de Jalisco," the English equivalent of which appears above. Now the article and comments.

The principal heights that tower above the land of Jalisco are: The Nevado and the volcano of Colima, the Tequila Hill, and the Teñillo or nipple-shaped peak. The snow-white Mount Nevado, which towers 4,350 meters (14,269 feet) above sea level, is always covered with snow; and joined to it at an elevation of 3850 meters (12,628 feet) is the conical-shaped mountain of the Volcano of Fire.

This Volcano of Fire, on January 10, 1913, at mid-day, started erupting, spouting forth immense quantities of ashes, flooding forests and many towns, blacking out the sun completely, and terrifying the inhabitants of the City of Guzman and other towns. The black-out was so intense that they had to halt the electric plant. (???) The roofs of the houses that were endangered went under with the weight of the ashes. The

rain of ashes extended even to the capital of the state, in the afternoon of the same day, January 10, a distance of 200 kilometers (125 miles).

Among the principal rivers of Jalisco we have: the Rio Grande de Santiago that empties into the Pacific Ocean. This river flows down through the town of Oetlan, then flows west to the town of Poncitlan, where it is obstructed by a dam, but flows on through many towns to reach finally the Pacific Ocean. In the town of Juanacatlan The Rio Grande de Santiago forms the famous "Salto de Juanacatlan" rapids or cascade, the water plunging over the precipice from a height of 13 meters (50 feet), and the width of the falls is 150 meters (492 feet or 164 yards)—something of a little Niagara itself. This Colum-

nist did not know that there was such a scenic wonder over near Guadalajara) Part of the Salton cascade is utilized for the pro-

duction of electric energy. Then this river passes through various "banks" or canyons, like (cont. on next page)

(Continued)

the Oblatos, the canyons at Tequila, San Cristobal, and Nuen-titan, which is near Juadajajara. We have also the Rio Verde, the name meaning Green River; Rio De Bolanos, etc. "Lagos y Lagunas"—Lakes and Lagoons. The principal lake is the Chapala, 50 kilometers in distance, about 30 miles from Guadajajara. It is about 85 kilometers long, east to west, about 50 miles; and about 28 kilometers wide, from north to south, 16 to 18 miles; and it is 30 to 40 feet deep. It is 1,325

meers (4982 feet above sea level) "Chapala" signifies in Mexican Spanish "Something wet"—particularly wet fertilizer from a sheep-fold. By the side of this lake, we have a town of the same name, with beautiful houses and are numbers of islands in that fine buildings generally. There lake and it abounds with white-fish and other different species and kinds of fish. We have also the Lake of the Magdalene. (Presumably the name of that lake came from the Bible character of Mary Magdalene, whose home was shared by the Lake of Genesaret.

Among the vegetable, grain, and fruit products of Jalisco, we produce such commodities as sugar cane; the maguay plant, from which so many articles of commerce are extracted or manufactured; maize or Indian corn; oranges; wheat; Frijols (beans); chick-peas. Oats; yams; potatoes; peanuts, and chile. Other vegetables include onions, wid tomatoes, carrots, and so on.

At the bottom of the banks of the Rio Santiago, where the climate is splendid by reason of the depth of the canyon, fine crops of bananas, coffee, mangoes, and prunes are produced; and the oranges in particular are excellent in quality.

Editorial Note: With all those snow-capped mountains, that fiery volcano shooting hot ashes up almost to the moon, a placid lake fifty miles long and 16 miles wide lying up there in the Sierra Nevada nearly 5,000 feet above sea-level, with a river nearly 500 feet wide plunging over a precipice 50 feet high, with streams and lakes in which to fish, with dense mango and coffee trees under which to snooze—or in more elegant language, under which to take a daily afternoon siesta, with everything to eat every day from goobers and frijoles to yams and 'possums and cat-fish and oranges; it does look like the land of Jalisco would be a dandy place in which to take a summer vacation. However, Senorita Aurora forgot to tell us anything about how numerous and how vicious mosquitoes and chiggers and seed-ticks grow down there under the tropic sun: I think a Congressional committee ought to be appointed to investigate, that is, if President Cortinas will give assurance that he will not consider such a move as an unfriendly act. Such a committee could doubtless finish its labors in less time than the McCarthy-Army committee has consumed and at an expense of only a few million dollars too. Right here we adjourn for this week, folks.

By 1975 REA officials predict that its Texas customers will be using almost 4 billion kilowatt hours of electricity, or three times the present usage.

CHRISTENING SERVICE

In the First Methodist Church Wednesday, June 2, after choir practice, Rev. Jim Sharp christened Reble Luther Thomas, Jr., the young son of Mr. and Mrs. Reble Thomas. Reble Jr. is the grandson of Mr. and Mrs. Luther Thomas of Grassland and Mr. and Mrs. Irving Stewart of Tahoka, and the great grandson of Mr. and Mrs. G. W. Small of Tahoka.

DIXIE H. D. CLUB MEETS IN TAHOKA

Mrs. E. R. Tunnell was hostess to members of the Dixie Home Demonstration Club in her home here Wednesday, June 2.

The program was based on "Table Setting". Mrs. A. D. Smith presented an interesting talk and demonstration on the subject. A Council report was also given by Mrs. Smith.

Delightful refreshments of sandwiches, cake, and punch were served to eight club members.

Mrs. Buel Draper will be hostess to the next meeting at 2:30 p. m. Wednesday, June 16, in her home.

Plans for grain storage buildings are available at the office of all Texas county agricultural agents.

HURRY, HURRY, HURRY, Last Call For "FEATURE ATTRACTION"!

PRESENTED BY YOUR

Here are the rules . . .

Just list the features you like best on the entry card your Reddy Kilowatt Dealer will give you, then tell why you like this feature in 25 words or less. All entries will be judged on originality, sincerity, and aptness of thought. Decision of the judges will be final, and all entries become the property of Southwestern Public Service Company. Your entry must be in by June 12, 1954.

Dealers, distributors, Public Service Company employees, and their respective families, are not eligible to participate in Feature Attraction.

JUNE 12TH IS LAST DAY FOR ENTRIES IN BIG RANGE CONTEST

FEATURE ATTRACTION, the interesting and exciting contest in which six lucky ladies are going to win modern electric ranges, is in the home stretch. June 12th, that's next Saturday, is the last day on which you can submit your entry, so be sure to see your Reddy Kilowatt Dealer and have him give you a complete demonstration of his range. After the demonstration, pick the feature which most appealed to you, and tell why it did in 25 words or less on the entry card that he will give you. It's that easy, but it's fun, and exciting, too. Don't be left out.

LOOK FOR THESE FEATURES—AND MANY OTHERS—ON MODERN ELECTRIC RANGES

- CONTROLLED HEAT**—You can actually melt chocolate or cook a frosting right on a surface unit. No need for a double-boiler.
- ACCURATE**—Your thermomatic oven heat control, plus six-sided insulation, is your assurance of accurate oven heat measurement.
- ECONOMICAL**—The average family can cook electrically for 7 cents a day. That's the big economy that comes from electric cooking's cleanliness.
- LABOR-SAVING**—Complete meals can be prepared in the oven and deep well, a great time-saver. Economical, too, for you use only one heating unit.
- COOL**—The cooking heat goes right from the element into the pan. None escapes to heat up your kitchen.
- CLEAN**—Most spillovers burn off, and drip trays are removed easily. Walls and curtains stay bright and shiny with flameless electric cooking.
- AUTOMATIC**—No more pot-watching when you cook on an electric range. Set the oven timer to turn the meal on and off. That's all there is to it.
- FAST**—High speed units heat up at once, and all of the heat goes into the cooking task. There's no waste heat in electric cooking.

NEW PASTOR HONORED

Rev. J. B. Stewart, new pastor of the First Methodist Church, and members of his family were honored at a brief informal reception Sunday night following the preaching service in Fellowship Hall of the church. Light refreshments were served.

June is Dairy Month. Some 10,000 dairy herds furnish Grade A milk for Texans and dairying adds \$200,000,000 annually to the state's farm income. It's a major agricultural industry.

AT THE

TAHOKA AUTO SUPPLY

It's a BUICK! It's a V8!

It's only a few dollars more than the

low-price cars!

Come In And Check The Price!

This 1954 BUICK SPECIAL

2-Door, 6-Passenger Sedan

actually costs less than some models of the "low-price three"!

No wonder

Buick Sales are Soaring!

TAKE heart, good friend—you can buy a hit-of-the-year Buick if you can afford any new car.

And we'll gladly show our price tag to prove it.

For the price on this tag is the delivered price—the local price—of the new Buick SPECIAL 2-door, 6-passenger Sedan—and it's just a few dollars away from those of the so-called "low-price three"—lower, in fact, than even some models of those very same cars.

But look what this Buick price gets you!

It gets you the very look of tomorrow in styling modernity, even to the spectacular new panoramic windshield that seems to outdate everything before it.

It gets you Buick V8 power—highest in

SPECIAL history—plus the economy of new Power-Head Pistons.

It gets you Buick room, Buick luxury, Buick size and structure and solidity—including of course, the famed Million Dollar Ride and a new precision in handling ease.

It gets you, too, solid and deep-down value.

For any way you look at it, you're money ahead with the car that's years-ahead now in looks and line and the lift of its power—and the car that's outselling every other car in America except two of the "low-price three."

Drop in today or the first thing tomorrow—just to try and to drive and to compare a new Buick. We'll let the car prove its points.
