Tahoka, Lynn County, Texas, Friday, June 25, 1954

Number 33

Serving Tahoka and Lynn County Since 1903!

Large Crowd Here Thursday For Pioneer Reunion, Parade

Hundreds of Lynn county old-settlers and members of their families attended the annual Pioneer Reunion in Tahoka Thursday. Many of them came from a distance for the meeting.

There was no program in the morning, this time being devoted to visiting on the streets, in private homes, at the Legion Hall, and at the Lynn County Fair exhibition hall, where the annual barbecue dinner was served at noon.

Features of the afternoon program in the Rose Theatre were an old time song fest, a humorous talk "My First 25 Years in Tahoka" by Dr. K. R. Durham, the awarding of prizes to the oldest man and woman and the person coming the greatest distance for the reunion, and the election of officers for next year.

Results of the meeting were not complete when The News went to press Thursday afternoon, but will be carried in next week's issue.

Two features were added to the Reunion this year, sponsored by Tahoka Chamber of Commerce, for the enjoyment of old-timers and new-comers alike.

A parade was held at 4 p. m. featuring a number of floats carrying out the theme of the early days in Lynn county.

Tahoka store windows were so decorated with pictures and relics of the early days, and these have and still are attracting the attention and interest of hundreds of people.

More interest has thereby been attracted in the reunion this year than ever before.

The reunion is the outgrowth of a meeting held at the Legion Hall in 1936, when a group of Lynn county pioneers met, elected officers, and planned a get-together in 1937. This 1937 meeting was held at the George Small home east of town, the next year, 1938, the group met at the J. S. Wells home in southwest Tahoka.

The affair then began to get so big, the next year the organization moved to the school gymnasium.

Still growing, finally it became necessary to hold the dinner meeting at the large Fair barn and the program in the theatre.

Since its inception, the Lynn County Pioneers' Reunion has been held on the birthday of Mrs. J. S. Wells on June 24. The Wells family came here in 1903, buying out the first store that had been established at the southwest corner of the square.

Charley Lockhart Dies At Abilene

Charley Lockhart, 79, former state treasurer and well known by many Tahoka people, died Monday at Abilene after a long illness.

Funeral services were held at his home town, Snyder, Wednesday in the First Baptist Church, and burial was in Snyder Cemetery.

Born in Dallas county the son of a pioneer Baptist minister, he served as Scurry county treasurer for 18 years before being elected state treasurer in 1930. He resigned the latter position in 1941 because of ill health.

Mr. Lockhart was only 45 inches tall, and was the smallest man physically ever to hold a state elective office in Texas.

Mr. and Mrs. Ivan Cathcart and daughter and Mrs. Clyde Jones returned home Tuesday night from Natchez, Mississippi, where they visited Mr. and Mrs. Tip Auld.

Donald Williams, son of Mr. and Mrs. Carl Williams underwent an ear operation in a Lubbock hospital last week.

Pictures, Relics Still On Display

Pictures and relics of the old time days in Lynn county are on display in 15 Tahoka store windows, and are attracting a lot of interest.

The displays will remain in the windows through this Saturday, and everyone who has not already done so is urged to make the rounds and see them.

In addition to the nine stores named last week, the following stores now have historical displays: Bennett Variety, Lankford Variety, Forrester Insurance, Marshall-Brown, Jones Dry Goods, and possibly others.

Also, some of the other stores have, since last week, added many new pictures and other items of interest.

Lions Equipping Boy Scout Hall

Tahoka Lions Club is spending about \$400.00 to equip the new Boy Scout Hall, according to Bill Griffin.

The Lions have bought chairs and tables for the hall, and have voted to buy a filing cabinet for the boys.

Funds for the project have been raised the past few years by various benefit performances, and no donations have been sought for the fund.

Bill Cathcart is the current president of the Lions Club.

Dog Digging Up Flowers, Getting In Chicken Pens

"I am not going to tolerate much longer three dogs, one red and two black cocker spaniels, which are scratching up my flower beds and getting in my chicken pen," a North Tahoka lady told The News this week.

The indignant lady, who wishes to remain anonymous for the present, at least, believes that dog owners should either keep their dogs or make sure they are not molesting other citizens.

"We people who try to raise flowers or who raise a few chickens and keep them penned up also have some rights," the lady declared. "Please put this in the paper, and maybe some of the dog owners will wake up to the fact that their dogs running at large are bothering other people."

New Home Pastor Is Speaker Here

Rev. R. L. Clements, pastor of the New Home Baptist Church, was the guest speaker at the regular monthly meeting of the Tahoka Brotherhood of the First Baptist Church here Monday night. His message was much enjoyed.

A bounteous feast prepared by Ed Hamilton and others was spread and served to the 51 men present. Dub Fulford is president and Urban Brown had charge of the program.

EASTERN STAR WILL MEET FOURTH MONDAY

Tahoka Chapter 743, Order of Eastern Star meets on the fourth Monday night of each month at 8 o'clock. Members are urged to attend, and visitors are welcome. Opal Hines, Worthy Matron. Jeannine Jones, Secretary.

Mrs. Skiles Thomas and children left Sunday for Galveston to visit her parents, Mr. and Mrs. W. G. Lyons. A daughter, Susan, has been visiting there several weeks.

Queen Contest Open To Girls

The Lynn County Farm Bureau will hold its Queen Contest August 20.

To be eligible to enter this contest, the girl must be a daughter or sister of a Farm Bureau member. She must be single, 16 years old by September 1, and not over 22 by Sept. 1, 1954. The three main points on which she will be judged are appearance, poise, and personality.

Winner of the County Contest will be given a complete ensemble to wear to the District contest. The District winner will be given a beautiful watch and an expense-paid trip, with an escort, to the State convention. The State Farm Bureau Queen and matron escort will be allowed \$500.00 expenses to American Farm Bureau Federation convention, New York City, in December.

All Lynn County girls between the ages of 16 and 22 are cordially invited to enter this contest. For more details, check with your Lynn County Farm Bureau office.

Cotton Measuring Work Progresses

Reporters are working in all parts of the county measuring cotton, according to Dee Green of the ASC office.

After the crop is plotted on the map, the reporter will return the map to the county office where acreages will be determined. Each farm operator will receive notice of the measured acres of cotton on his farm just as soon as possible after the farm is measured.

Producers who have in excess of the allotment for the farm will have 20 days from date of the notice to dispose of the excess cotton.

After the excess cotton is destroyed, it should be reported to the ASC Office by the operator, and a deposit, or \$3.00 per farm plus \$1.00 for each acre plot in excess of one, made to bear the expense of checking the acreage destroyed.

Mrs. E. J. Cooker underwent major surgery in a Lubbock hospital Monday.

Major General Kearie L. Berry, a prisoner of war for 40 months in World War II, will be state chairman of the 1955 March of Dimes in Texas to combat polio. Currently, he is Adjutant General of the Texas National Guard.

Randall Hinkle Navy Graduate

David Randall Hinkle, 1948 graduate of Tahoka High School, was commissioned an Ensign in the U. S. Navy on graduation June 4 from the United States Naval Academy at Annapolis, Maryland.

Following graduation exercises, Randall was married in a military ceremony June 5 to Miss Muriel Nelson, daughter of Mr. and Mrs. Andrew Nelson, of Elizabeth, New Jersey.

The bride and groom are honeymooning at a lodge on the northern boundary of Maine and New Hampshire, and will also spend some time in Canada.

Mr. and Mrs. Marvin Hinkle and Mr. and Mrs. Dave Evans of Portland, Oregon, and Miss Ivy Dea Hinkle of Dumas, Texas, attended the June-week activities at Annapolis.

Randall was an all-district center on the Bulldog football team while in high school here. He attended Wayland College for a time, entered the Navy, and later received an appointment to the Naval Academy.

Roy Tunnell of Morton and Howard Tunnell of Lubbock were Tahoka visitors Monday. They declare there are thousands of acres north of Morton that have not received sufficient rainfall for planting.

Mr. and Mrs. Kirk Pitts and children of Ackerly were here Monday visiting her parents, Mr. and Mrs. B. R. Tate.

Swimming Class Has 40 Members

Tahoka Municipal swimming pool is being opened Saturday mornings from 9:30 until 11:30 o'clock for ladies only, according to Jake Jacobs.

This ladies' swimming session will be continued as long as sufficient interest is shown.

Regular week-day opening hours for the pool are 2:00 p. m., and Sunday opening time is 1:30 p. m.

The pool will remain open until 9:00 p. m. weekdays if sufficient swimmers are in the pool. Sunday closing time is 8:30 p. m.

Special parties may be arranged week days for any evening until 9:00 or later, by contacting Bill Haralson or Jake Jacobs, pool operators. The pool phone number is 55.

Mrs. Larry Hagood, swimming instructor, opened a two weeks swimming course Monday with 40 people enrolled, including people from O'Donnell, New Home, Wilson, and other communities in addition to Tahoka.

A new class will start a week from next Monday, if a sufficient number enroll. All are invited to join these swimming classes, but the pool is not open to non-class members during class hours.

Local People Tell Of Pioneer Days Here Over TV Station

Five Tahoka people appeared on a 15-minute program on KDUB TV at 6 p. m. Tuesday, three of them Lynn county pioneers.

Mrs. Ethel Robinson, attired in clothing worn by her mother, the late Mrs. Jack Alley, 50-years ago, told of coming to Lubbock in a stage coach in 1892 and life on Col. C. C. Slaughter's Tahoka Lake Ranch, managed by Mr. Alley.

J. E. (Ed) Ketrner told of his part in the test case which broke the lapse-lease practice engaged in by ranchers, which helped open up the South Plains to development.

Mrs. "Aunt Becky" Roberts told of early life in a half-dugout on the Forrester ranch and early life in Tahoka.

Geno Jones and Alton Cain told of the Pioneer Reunion here Thursday, and invited the public to the parade yesterday afternoon and to view the interesting "museum" on display in many Tahoka show windows.

TWO ENTER SERVICE

Bobby Lee Rains of Tahoka and James Mack Noble, III, of O'Donnell were called Tuesday for service in the Armed Forces. They were to report to Lubbock on that day.

John Wesley, 18th Century evangelist and founder of Methodism, will come to life on the screen in the new feature-length color movie JOHN WESLEY. He is shown in his room at Lincoln College, Oxford, talking with his brother Charles, left, and the Moravian, Peter Bohler, center. The film is produced by the Radio and Film Commission of the Methodist Church through the facilities of the J. Arthur Rank organization in England. It is being introduced through 450 "premiere showings" Churches throughout the nation this fall.

The two young men above will lead the revival at New Home Baptist Church starting today and ending July 4, with services at 10 a. m. and 8:30 p. m. daily, according to the pastor, Rev. R. L. Clements.

Rev. Allen Harrison (top) is the evangelist and comes from Greenville. Bill Glover (bottom) of Albuquerque, N. M., is the singer.

"John Wesley" Show Coming

The First Methodist Church of Tahoka is one of 500 across the nation to be granted a premiere showing of the new color motion picture "John Wesley," according to Rev. J. B. Stewart, the pastor.

The premiere showing at the church auditorium in Tahoka is Sunday, June 27, 7:30 p. m. Rev. Stewart stated that the church qualified for this special pre-release showing by making a contribution toward the cost of the feature-length color film.

Produced by the Radio and Film Commission of The Methodist Church, the picture was filmed in England for the American church by the J. Arthur Rank organization.

The dramatic and influential life of the 18th century evangelist will be brought to the screen for the first time in this film which runs one hour and 17 minutes.

Wesley was the founder of the evangelical movement which grew into a family of Methodist churches in the world, one of which is America's largest Protestant denomination.

Historians also credit this movement with creating such a transformation in the life of late 18th century England that the country escaped an experience of violence similar to the French Revolution.

Leonard Sachs, outstanding English stage and television actor, portrays the famous "horseman of the Lord," as Wesley came to be known as he rode up and down England winning thousands of people to a new understanding of religion and a transformed life.

MRS. REID HOME

Mrs. Thomas Reid was able to return home Sunday from a Lamesa hospital where she has been a patient several weeks. She is reported to be improving slowly.

She asked the News to convey her thanks to the friends who have been so considerate and helpful during her illness.

Candidate Fees Are Set For Lynn

Plans for the election on July 24 were made at a meeting of the Lynn County Democratic Executive Committee here Monday, called by John Saleh, young O'Donnell attorney, who is the new chairman.

Method of making assessments for cost of the election was changed. In the past, in Lynn County, individual candidates have been assessed, but this year the assessment will be by the office, as is done in many counties.

The committee felt that a candidate who has no opponent should not mind paying the full assessment to help cover election costs, which will total a budgeted \$2,085.00.

Assessment by the office means that, if there is one candidate, that candidate pays the whole fee; if there are two or more, the assessment of the office is split between them. In the case of county superintendent, this fee was raised to \$300.00, since this office holder is elected for four years.

Other fees are: Judge, sheriff, clerk, attorney, and tax collector, \$200.00 each; commissioner, \$100.00; treasurer, \$150.00; justice of the peace and district clerk, each, \$50.00; district judge and attorney, \$33.33 each; state representative and court of civil appeals, \$10.00 each.

Thirteen election judges will be paid \$10.00 each for each primary this time, and 62 election clerks will draw \$8.00 each in each primary, which are the two principal items in the budget.

Drawing was held for places on the first primary ballot, the names being placed in a hat and drawn.

Roy Nettles of Lakeview submitted his resignation as a member of the Executive Committee because of ineligibility due to being on the County Agricultural Committee, and Roy L. Williams was unanimously elected to succeed him.

Other members of the committee present were: Ross Smith, secretary, Mack Haynes, N. S. Parker, Noble Wynn, J. E. Thomas, Loyd McCormick, A. M. Calhoun, John F. Thomas, and J. Weldon Martin.

Huffaker Heads Methodist Camp

Maurice Huffaker of Tahoka was director of the Methodist Church young adult camp at Ceta Canyon, a branch of Palo Duro Canyon, near Canyon last week end. Mrs. Huffaker assisted him, holding morning watch programs.

More than one hundred young people attend the young adults' camp each year. This year's meeting was held Friday through Sunday.

Monday, Rev. J. B. Stewart, local pastor, carried two Tahoka boys, David Bray, and Lonnie Wheeler, to the Ceta Canyon encampment for the annual Intermediate camp of the Brownfield and Big Spring districts which lasts from Monday noon through today.

Terry Harvick Now Improving From Attack Of Polio

Terry Wayne Harvick, nearly seven, son of Mr. and Mrs. Roy Harvick, who was stricken with polio two weeks ago, is reported to be recovering nicely and doctors believe he will suffer no permanent disability from the disease. His case is the non-paralytic type.

He was brought home last week end from the Plainview Piloo Center, where he spent a week under treatment and observation. He must remain in bed most of the time for several weeks.

Milton Gardner of Aspermont, new principal of the North Elementary school here, was in Tahoka Friday looking for a house to live in. He has rented the Archie Sims place.

Former Wilson Pastor Now Building This Church In Abilene

Above you will see the perspective of the Grace Lutheran Church now under construction in the fast-growing Elmwood West addition at the corner of Pioneer Drive and Fairmount Street in Abilene, Texas.

The pastor is the Rev. Clarence C. Ehler, former pastor of St. John's Church of Wilson. Many will remember that Rev. Ehler came to Wilson in 1949 and served until January of this year with the exception of ten months when he returned to the seminary to complete his work on his Bachelor of Divinity degree.

While he was at Wilson, in 1950, Rev. Ehler's congregation led all churches in the state in contribution to the Christian Rural Overseas Program by giving fourteen bales of cotton to this worthy relief program. For two years he was the district supervisor for CROP of Lynn, Dawson, Terry, Hockley, and Lubbock counties. For the past two years he has represented the Lubbock Conference on the Texas District Parish Education Committee of the American Lutheran Church. He is also the author of a book published in 1951, "A History of the Lubbock Conference of the American Lutheran Church." While at Wilson, his

congregation was instrumental in placing and rehabilitating seven Displaced Person's families.

In the fall of 1953, Rev. Ehler was called by the Mission Committee of the Texas District to begin the first American Lutheran Church in Abilene. He accepted the call effective in January of this year when Grace Lutheran Church of that city was organized. The congregation now numbers 70 baptised souls.

The building under construction will include the first phase of the ultimate sanctuary and first unit of the Sunday School and fellowship area. The present sanctuary will seat 150 people. The Sunday School and fellowship wing will also accommodate this number. A foyer, restrooms, a ladies lounge, and the pastor's study will complete the wing. The sanctuary will follow the traditional beautiful church architecture having Gothic influence. The architects, Mr. Paul Lindberg, of the Tucker and Lindberg firm of Abilene has taken pride in designing this building since his father was a Lutheran pastor. Open ceiling with exposed laminated trusses will add height and beauty as well as "live" acoustics. The building will be of Tennessee Crab Orchard ledge stone and trimmed with Lueders cut stone. The church will also be privileged to have a genuine pipe organ which is now under construction in San Antonio. Completion of the church is scheduled for the latter part of the summer.

Black Cats Are Still Undeclared

Tahoka Black Cats won two ball games last week end.

Saturday, "Juneteenth," at Seagraves the Black Cats overwhelmed the Brown Bombers of that city 14 to 1 behind the two-hit pitching of Chester Hood.

Sunday afternoon here, the Black Cats came from behind to defeat the Wilson Bankers 9 to 7. Johnny Martin started for the Cats but lasted only four innings, and Buddy Baily went in to take credit for the win.

The Black Cats will go to Post Sunday to play the Wood Bees, managed by Floyd Mills. The Wood Bees have lost only one game, and the Black Cats have not been defeated. Johnny Martin is manager of the Black Cats.

Grasshoppers Do Some Crop Damage

Grasshoppers and thrips are doing some damage to Lynn county crops, states County Agent Bill Griffin.

Principal grasshopper damage is to farms adjacent to pastures, particularly along the north side of T-Bar ranch.

For control, bait is being used composed of bran, cotton seed hulls and sodium fluorosilicate. The county furnishes the bran and poison, while the farmer must furnish the hulls and the \$1.00 mixing charge.

There has been a light thrip infestation, which causes cotton leaves to look like they are damaged by sand. The crumpled leaves may be found to have a silver color underneath.

Thrip may be controlled by use of toxaphene spray two pounds to the acre or 2-1 spray; or 10% DDT dust or 10 to 20% Toxaphene dust.

Cotton insect control guides are available at the county agent's office in Tahoka.

Mr. and Mrs. S. P. Robertson and Pamela Warren, a relative, who lives in the home of the Robertsons in Houston, came out Saturday for a few days, visit with their uncle and aunt, Mr. and Mrs. I. M. Draper and other relatives.

Mr. and Mrs. L. H. Moore have returned to their home at Lakeview after spending several weeks at Hye and other points down in the Hill Country.

Great Britain did not give up some of its territorial claims in Michigan until 1796, 13 years after the close of the Revolutionary War.

Mrs. Lowell M. James and two children, Larry and Donna from Fort Worth, are here visiting her parents, Mr. and Mrs. E. D. Payne, and Mr. James' parents, Mr. and Mrs. L. B. James of Draw. Mr. James is employed with the Wells Trucking Co. out of Dallas.

Mr. and Mrs. W. S. Skiles Jr. and daughter, Debbie Sue, and Mrs. Skiles' mother, Mrs. C. J. James, left Wednesday for their home in Dallas after a visit here with his aunt, Mrs. C. A. Thomas. They visited Carlsbad Cavern Tuesday.

Miss Shirley Faye Floyd And Jimmy E. Williams Are Married In Lamesa Ceremony

Lamesa, June 20.—Miss Shirley Faye Floyd became the bride of Jimmy E. Williams Saturday at 7 p. m. in the First Methodist Church. Dr. J. Howard Crawford officiated at the double ring ceremony. Tapers and arrangements of white gladioli furnished the back ground for the ceremony.

The bride is the daughter of Mr. and Mrs. Sam H. Floyd of 605 N. 7th. She is a graduate of Lamesa High School and attended McMurry College at Abilene the past year. Her social club is Delta Beta Epsilon.

The bridegroom is the son of Mr. and Mrs. Chester Williams of Pampa. He is a graduate of White Deer High School and has attended McMurry College.

Given in marriage by her father, the bride wore a ballarena length wedding gown of nylon net over satin; the fitted lace jacket has long sleeves extending to points over her wrist. The veil of lace trimmed nylon net was joined to a tiara of seed pearls and rhinestones.

Miss Dottie June Floyd, sister of the bride, was maid of honor, and Miss Peggy Nowlin of Lamesa and Miss Sue Layne of Slaton were bridesmaids. Chester Williams, Jr., brother of the groom served as best man. He is from Phillips, Texas.

The ushers were Ray Martin of Trent, Jimmy Holmes of Hamlin, Ted Williams of Pampa, who is a brother of the groom, and Steve Slover, of Tahoka who is a double cousin of the bride.

The candle lighters were Bertha Patterson of Merkel and Stella Bergen of Phillips, Texas. The attendants dresses were styled identically of pale pink and green organdy. Head dresses of lace and organdy with matching necklaces completed the attire.

Miss Peggy Campbell of Lamesa played the traditional wedding music on the organ and Miss Kay Wiggins sang "Because" and "The Lord's Prayer."

The reception was held in the parlor of the church where the bride's colors were carried out. Mrs. Rufus Slover, aunt of the bride, registered the guests. The bride's attendants assisted in serving and Miss Wiggins furnished piano music.

For travel the bride chose a sheer navy cotton suit accented with white, her hat and accessories were white. After a short wedding trip the couple will be at home in Pampa.

Guests attended from Lubbock, Tahoka, Abilene, Brownwood, Slaton, Midland, Pampa, Phillips, Vart, and Odessa.

DAN COWAN, GENE EADES ARE IN WASHINGTON

Pvt. Daniel Ray Cowan, spent a night recently with his mother, Mrs. Winston Davies, and family at New Home. Dan had just finished his second 10 weeks of Army training in Camp Chaffee, Fort Smith, Ark., and was en route to Fort Lewis, Wash.

In a telephone call from Pvt. Gene Eades, who is stationed at Fort Lewis, to his parents, Mr. and Mrs. Clarence Eades, Sunday, he stated he and Dan were visiting in the home of Mr. and Mrs. Bill Dorby in Bremerton, Wash.

Mr. and Mrs. Darby and girls lived in Tahoka for several years before moving to Bremerton.

John Reasonover returned last week from a trout fishing trip to Northern New Mexico in company with a friend from Lubbock and another from Plainview. He said they caught the limit each day.

Texas Tech must replace seven starters from last year's Border Conference title-winning football team.

Tahoka Advertising Helps Everyone In Tahoka

The average citizen that lives in Tahoka or Tahoka territory had much rather buy what he needs here than to have to make a trip elsewhere. That is if he can get what he wants and have a selection to choose from. To get everything that one can in Tahoka helps keep better stores here.

The merchant that keeps a good stock, well displayed, priced right, will get this business, because there is no logical reason why he wouldn't. That is, IF his customers KNOW what he has.

Tahoka Merchants have a newspaper that will tell their customers about their merchandise. More than that, one merchant's ad helps the other merchants in our city, for seldom does any person come to town just to buy one item. There's another store that they need to go to, too.

TO BUILD A BETTER TAHOKA OUR GOAL IS:—
"Every merchant in Tahoka with an ad in The Lynn County News."

Ralph Thomas Show Will Appear In Tahoka, Sponsored By Pythians

A most unique and unusual group of entertainers will perform in Tahoka at the High School auditorium, July 5, when the famous Ralph Thomas Show appears for a performance sponsored by the Pythian Sisters.

There will be comedy, singing, music, fun and more music. Thomas performs on several instruments at the same time with both hands, both feet and a big smile.

His principal instruments, however, are the Electric Accordion, Vibraharp, and Drums. The Vibraharp is somewhat similar to a Marimba or Xylophone in appearance, but with a tone very like an Organ and is played with hammers.

Ralph Thomas is credited with being the only person in the country who can effectively manipulate the hammers on the Vibraharp, or "Vibes" as it is com-

monly called, with only one hand. Nobody, including Ralph, quite knows how he does it.

He was formerly with Roy Rogers, the famous western Movie Star, and The Sons of the Pioneers, well known musical group heard daily on radio, and was one of the organizers of the Spade Cool ey band and show, current popular television stars.

In addition to the instruments mentioned above, Thomas also plays a trick trumpet, a thing called a Flexatone, which looks like a baby's rattle and sounds like a musical saw, an electric fiddle, and a few other gadgets.

Appearing with him is his small son, R. L. Thomas, a great performer in his own right, particularly on the drums, who usually steals the show. R. L. started in show business at the ripe old age of three and hasn't stopped since.

One of the highlights of the evening will be when this fabulous little drummer goes into a wild and fantastic drum solo for a few measures that would make old time drummers turn green with envy.

The whole family gets in the act. Mrs. Lola Thomas, wife of Ralph, Mother of R. L., the daughter of a well-known mid-western band leader and a former dancing teacher, breaks out on the Vibraharp in the last act in a fashion not to be forgotten.

The entire one and one-half hour performance is in the lighter vein. For the most part, popular comedy numbers are rendered with a western tune or two thrown in for variety.

The climax of the evening will be an old fashioned comedy hoe-down by the whole family.

The presentation is being presented by the Pythian Sisters.

The price of admission is only 75 cents and 35 cents including tax.

A full house is expected. Reservations are suggested. The curtain will rise promptly at 8:00 p. m.

Mr. and Mrs. J. S. McKaughan Observe Golden Wedding Anniversary At Home

Mr. and Mrs. J. S. McKaughan Sr., Tahoka residents 31 years, celebrated their golden wedding anniversary at their home here Saturday with a dinner for relatives at noon and Sunday with an open house for friends from 3 to 5 p. m.

Long-time citizens of Tahoka, the McKaughans were married at Meridian in 1904, just three months after they had met.

Mrs. McKaughan, who was Virginia Stevens before her marriage, was born in Fayette county January 23, 1889.

Mr. McKaughan was born in Glenrose Oct. 22, 1882.

They have four daughters, Mr. C. E. Chandler of Plainview, Mrs. Dale Haddock of Walla Walla, Wash., Mrs. Odelle King and Mrs. Neely Brooks, both of Tahoka; and one son, John S. McKaughan, Jr., of Dallas. All the children were present for the Reunion except Mrs. Haddock.

They also have 12 grandchildren and six great grandchildren.

Of Mrs. McKaughan's brothers and sisters present for the anniversary were; One brother, L. M. Stevens of Amarillo; and four sisters, Mrs. Will Scott of Shamrock, Mrs. A. T. Smith of Springtown, Mrs. Will Jones and Mrs. John Lawson of Palo Pinto.

Mr. McKaughan's brothers and sisters present were: Mrs. Jessie Blakeley and Edgar McKaughan of Idalou.

Fifty-four other relatives were present Friday, Saturday, and Sunday morning.

Out-of-town guests Saturday included: Mr. and Mrs. Claude Caldwell of Fort Worth and other relatives from Fort Worth, Dallas, Midland, Lubbock, Amarillo, Springtown, Palo Pinto, and Idalou.

At the open house, the house party included the daughters and son; one grandson, Jerry King; and three granddaughters, Mrs. J. M. Graves of Idalou, Mrs. Billy Strickland of Lubbock, and Mrs. Elwayne Chandler of Tahoka.

Out-of-town guests Sunday included Mrs. Nola Hayden and Mr. and Mrs. A. E. Miller of Lubbock, Mr. and Mrs. J. A. Bartlett of Tullia, Mrs. Martin Nichols of Post, Mrs. W. C. Cline, Connie and Patti of Lubbock, Mr. and Mrs. J. L. Crittenden of Midland, and Mr. and Mrs. Tom Hill of Levelland.

CARD OF THANKS

We would like to express our sincere appreciation to you who were so kind to us during the illness and death of our loved one. We are so grateful to those who visited us, sent cards, sat up at night, brought food, planted the crop, and the many, many things you did for us that are too numerous to mention. You can never know how much your thoughtfulness and kindness has lightened our burden. It is friends like you who truly make living worthwhile, and we will always remember you for it.

That God may pour His richest blessings upon each of you is our sincere prayer.—The family of Mrs. J. O. Patterson.

Pat Green Marries At Paducah Church

Miss Carolyn Sandlin and Pat Green were united in marriage in a double ring ceremony in the First Christian Church of Paducah Sunday afternoon at 3:00 o'clock. Brother Brown, retired minister, read the ceremony.

The bride is a daughter of Mr. and Mrs. Sandlin of Paducah, and the bridegroom is a son of Mr. and Mrs. Dee Green of Tahoka.

The bride was given in marriage by her father, and Pat's father was his best man. Mrs. Tom Sandlin was bridesmaid, and attendants were Rebecca Bennett and Vera Ann Hindman, all of Paducah. Ushers were Maxie Green of Seminole, brother of the bridegroom, and Tom Sandlin of Paducah, brother of the bride.

Following the ceremony, a reception was held in the home of the bride's aunt, Mrs. Jessie Thomas. The couple took a short wedding trip and are now at home in Lubbock at 2316 Broadway.

Pat is working this summer for Leland Payne Lumber Co., but will re-enter Tech in the fall. He is fullback on the Red Raiders, and will be a junior student this year.

Both the bride and groom are Paducah High School graduates. The bride worked in that city for West Texas Utilities before her marriage.

Commissioner and Mrs. E. H. West visited their daughter and family at Silver, Coke county, last week end. Their granddaughter, Patti Branch, returned home with them for a visit.

Mr. and Mrs. Tommy Landers

Miss Marjorie Crosby Weds Pennsylvanian In Ceremony At Wilson Church Friday

The Wilson Baptist Church was the setting Friday evening at 7:30 for the wedding of Marjorie Crosby, daughter of Mr. and Mrs. Howard B. Crosby of Wilson and Robert K. Burns, son of Mr. and Mrs. Troy C. Burns of Bulter Pa.

Rev. J. A. Martin read the double ring ceremony before an altar banked with fern and decorated with pink and white gladioli. Candelabra of white tapers completed the decorations.

Mrs. Carlton Wilke, organist, offered traditional wedding music and accompanied Mrs. Howard Cook as she sang "Because" and "The Wedding Prayer."

The bride, given in marriage by her father, wore an original waltz-length dress of white and pink sath cotton, and wore a pink head band with a shoulder length veil. She carried a nosegay of white flowers.

Miss Judy Blankenship, niece of the bride, served as maid of honor wore a dress of white polished cotton. She chose pink accessories and carried a nosegay of pink flowers.

Jack Cupples of Albuquerque, N. M., served as best man.

Jimmy Blankenship, nephew of the bride, served as candle lighter.

The manly young ring bearer, Glen Razak Jr. nephew of the bride, donned a white suit and carried the ring on a pink carnation.

Jack Blevins, Earl Cummings, and Erwin Sanders served as ushers.

After the ceremony a reception was held in the home of the bride's parents. The serving table was laid with a lace cloth and decorated with the wedding cake which was topped with bride and groom. The bride and mail

of honors flowers were used for decoration. After a short wedding trip the couple will be at home in Albuquerque, New Mexico.

The bride is a graduate of Wilson High School and Texas Tech. She has been associated with Pioneer Air Line.

The bridegroom attended Pennsylvania State College and during the war served in the Ferry Command. He is now a pilot for Carco Air Line.

Mmes Jack Blevins, Jiggs Swann, Judson Hewlett, Howard Cook, Erwin Sander, Earl Cummings, and Pat Swann were hostesses for a bridal shower Tuesday night in the home of Mrs. Pat Swann, honoring Miss Marjorie Crosby, bride-elect of Robert K. Burns. Mrs. Howard Cook gave a reading and Mrs. Erwin Sanders started the honoree on a treasure hunt. After she had found the first gift and while she was opening it Miss Judy Blankenship brought the rest of the gifts in on a serving cart with "Pioneer Air Line" lettered on the side. The dining room was lit with blue and white candles and the serving table was laid with a lace cloth and centered with an arrangement of blue and white carnations. Punch and white cake squares decorated with blue wedding bells were served by Mmes. Jack Blevins and Erwin Sanders. About thirty-five were present.

Mr. and Mrs. James L. Quicksalls, uncle and aunt of Majorie Crosby, were hosts for the rehearsal dinner on Thursday night at their home on the Slide Road. The table was laid with a pink satin cloth and centered with an arrangement of pink roses. Places were laid for the wedding party and family members.

of Roswell, N. M., visited the John Hecks Saturday. Nancy returned home with them for several days visit.

Miss Ethel Summerlin has gone to Mt. Pleasant to spend the rest of the summer with her parents.

Juanita Murray returned Saturday after spending the week at the MYF assembly meeting in Abilene.

Mr. and Mrs. L. G. Fuller fished at Buffalo Springs Friday.

Mr. and Mrs. David Weathers and family of Lubbock visited their grandmother, Mrs. H. C. Fountain Sunday.

Mr. and Mrs. Julius Mayfield of Levelland and Mr. and Mrs. Alan Robinson of near Lubbock visited Mr. and Mrs. S. H. Gryder last week.

Mr. and Mrs. Virgil Henderson left Saturday for a few days visit with their parents of Jacksonville. Their sons who have been visiting there for several days are expected to return home.

Mr. and Mrs. Jim Bevers and family of Brownwood visited Mrs. Katie Nieman over the weekend.

Miss Joyce Bryant, Carlton Davies were Wed In Ceremony At Wellman

In a double ring ceremony read Thursday, June 10, at 6:30 p. m., in the home of the bride's parents, Miss Joyce Lynn Bryant, daughter of Mr. and Mrs. James T. Bryant of Wellman, became the bride of Kenneth Carlton Davies, son of Winston W. Davies of New Home.

The service was performed by Rev. B. H. Baldwin, pastor of the Union Baptist Church before an archway of greenery flanked by baskets of white gladiol.

Preceding the ceremony, J. W. Hawkins sang "Ah, Sweet Mystery of Life," accompanied at the piano by Miss Yvonne Oliver.

Given in marriage by her father, who is superintendent of schools at Wellman, the bride wore a street-length frock of white dotted Swiss over taffeta. The buffant gathered skirt was worn over nylon crenoline to em-

phasize fullness, and a ruffled bertha on the fitted bodice joined small cap sleeves which were ornamented with silk material. She carried a Colonial bouquet of white daisies and her white shell-like hat was ornamented in rhinestones and banded by white veiling.

For something old, the bride chose her mother's engagement ring, a pearl necklace was something borrowed from Miss Beth Golden, and for something blue she wore a blue garter.

Miss Dessie Mae Oliver of Seagraves was maid of honor, and Wayland Walton of New Home served his brother-in-law as best man.

At a reception held following the ceremony, the couple were assisted in receiving by their wedding attendants and by the parents of the bride. The bride's table was laid with white linen and centered by an arrangement of pink and white daisies. The tiered wedding cake was ornamented in white roses topped by a miniature bride and groom. White tapers burned in candelabra, and crystal and silver appointments were used. Misses Otagene Baldwin and Wynell Baldwin of Wellman presided at the refreshment table.

Wedding guests were present from New Home, Levelland, Wellman, Seagraves, and Brownfield.

The bride is a 1953 graduate of Wellman High School, and has attended West Texas State College at Canyon the past year. She was a member of Kappa Tau Phi sorority and the Home Economics Club. She was majoring in Home Ec.

The bridegroom graduated from New Home High School and at present is attending Draughon's Business College at Lubbock. He is associated with Davies Grocery

Stewart Speaks At Rotary Club

Rev. J. B. Stewart, new Methodist pastor here, spoke at the Rotary Club last Thursday noon on the subject, "Living Life." Pete Hegi was in charge of the program.

Rev. Stewart's name has been presented for membership in the club bringing the club roll to 40 members as the Rotary year ends.

Winston C. Wharton, outgoing president, made a brief talk in which he thanked his fellow-members for the fine cooperation given him as president.

A. M. Bray, who will be inducted into office as the new president next Thursday, announced his committee chairman and committee members for the coming year.

EDWIN JOLLY MOVES

Edwin (Tiny) Jolly, wife and two children were here Friday and Saturday en route from Oxnard, Calif., to Dallas to live. Edwin has been with Chance-Vaught Aircraft several years. Two years ago he was transferred from Dallas to California, and now is being sent back to Dallas by choice. He says he got all he wanted of California.

The Jollys' second child, a boy, was born on Mother's Day, May 9, and Appliance at New Home. After a wedding trip to Ruidoso, N. M., the couple are at home at New Home.

Shambeck Wins Over Bray Team

Bray Chevrolet had handed its second heavy defeat in the Lynn County Junior Baseball League, this time at the hands of Shambeck Motors 16-4.

James Foster won his first game as he and Richard Havens held Bray scoreless from the second through the sixth. Bray scored once in the first and three in the seventh off Gordon Smith. The local Ford boys pounded A. W. McClellan and Aaron Zedlitz for 14 hits and 16 runs, the hitting attack being led by Ronald and Garland Huddleston. Billy Dunlap was the leading Bray hitter.

The other league members, the Wilson State Bankers, had an open date and played an exhibition game with the Tahoka Black Cate, losing 9 to 7 in 11 innings. Wilson will be host to the visiting Shambeck team at Wilson next Sunday. Game time is 2:30 p. m. Wilson's ace pitcher, Leonard Breiger will oppose Richard Havens on the mound.

Niece Killed In Car Wreck

D. S. Davis and Mr. and Mrs. Borden Davis of Tahoka and Mr. and Mrs. Gene Rowland of Lubbock attended funeral services in Hamlin Sunday afternoon for D. C.'s niece and the others' cousin, and burial which followed at Aspermont.

The relative was Miss Mae Davis, 30, a Baptist missionary to the Republic of Mexico, who was killed in a car wreck in that country on June 12. She was killed when her car hit a loose plank on a bridge causing the machine to crash into an embankment. A lady with her was uninjured.

Miss Davis was a daughter of W. H. Davis of Aspermont. She attended Texas Tech and Baylor University, and formerly was secretary of the First Baptist Church of Lubbock.

"Aunt Becky" Roberts Tells Early Day Life On The Plains

"Aunt Becky" Roberts, 79, who has lived in Lynn county for 53 years and has seen all the hardships of the pioneer woman, says that she would follow the same life if she had a chance to live her life over again.

"Aunt Becky," also affectionately known as "Granny" by the younger generation, still is imbued with the pioneer spirit of friendliness and neighborliness and gets a lot of fun out of living. Recalling the pioneer days, she said early day homes over the ranching country were left unlocked, and food was left where a passing stranger could find it. You trusted everyone, and every one trusted you.

Mrs. Roberts was born at New Hope, Ark., January 12, 1875, the daughter of Mr. and Mrs. L. L. Forrester. When she was about 10, her dad put everything he had into a herd of cattle which he carried to Kansas, where every cow froze to death in the winter of 1885.

Broken financially by this turn of events, Mr. Forrester brought his family to Mexia, Limestone county, Texas, about 1890 and soon was building back.

In 1900, he sold his farm there and headed for the plains with 300 head of cattle. Mr. Forrester and the boys drove the cattle, while the women folk and children followed in covered wagons to Snyder, where they spent the winter, while Mr. Forrester and sons Walter and Robert came on to the Plains to locate some land to file on. L. L.'s father, age 93,

came in a covered wagon also. "Becky" was married a few years before to W. M. Roberts, and the couple had a small son, Oscar. Mr. Roberts did not consider the Plains land worth filing on, and worked as a freighter and tank builder.

The Forresters located some land about 15 miles west and a little north of Tahoka on which they "squatted."

Robert Forrester went to Gail to file on the land. When the doors of the clerk's office were opened, there was a mad rush of settlers trying to get in the office. Though he got his clothes off, Robert got in and filed. He lost his shirt but got the land. Cowboys were trying to hold the land for their ranch bosses, while the settlers were seeking a new home in the West.

Mr. Forrester took up two sections, Robert two, and Walter two. Mr. Forrester also bought a section on which there was a well and leased several sections to make up the Forrester ranch, part of which is now owned by his grandson, Oscar Roberts, and Marvin Wood.

They hauled lumber from Colorado City to build a long two-room house with dirt floors for the family and a half-dugout for Mrs. Roberts. The family moved there the next spring.

Mrs. Roberts other two children, Mrs. Viola Swafford and Roscoe Roberts, were born in that dugout.

The Forresters and Mr. Roberts voted in the first election in 1903 to organize Lynn county, the voting box being at T-Bar headquarters. The next year, Mr. Roberts who had been working for Julian Bassett on the Bar-N-Bar-ranch in Crosby county, died (Con't on back page, Sec. 2)

GEORGE MAHON

Greta Ann Heck Rites At Idalou

Miss Greta Ann Heck and James N. Marks Jr. were united in marriage at the Idalou First Baptist Church Saturday evening at 7:30 o'clock, Rev. Joe Motesenbocker, pastor, reading the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Henry Heck of Heckville, north of Idalou, formerly of Wilson, Tahoka and New Home. The bridegroom's parents also live at Idalou.

The bride is a graduate of Idalou High School and plans to enter Texas Tech in the fall. The bridegroom is a senior at Tech majoring in finance, and is associated with his father in business at Idalou.

A number of Lynn county people attended the ceremony. Among those known here who were in the houseparty are: Miss Dorothy Balch, Mrs. B. M. Hays, Mrs. Floyd Heck, Miss June Heck, Mrs. B. A. Morrow, Mrs. Howard Cook, Mrs. Herman Heck, Mrs. A. D. Seth, and Mrs. George Hancock.

George Mahon Is Candidate Again

George Mahon has announced this week that he is a candidate for re-election to Congress. His application to have his name on the ticket in the July primary is on file with the County Democratic Chairman. He has no opponent, but, as in previous years, he is placing his announcement in the newspapers of the District in order to let the people know of his candidacy and as a means of requesting their vote and continued support.

"I want to announce for re-election, and at the same time thank the people for their generous support and good will through the years. I will be grateful for your support in the July primary," the Representative said.

"I am always mindful of the fact that public office is a gift of the people and should never be taken for granted."

Mahon is one of the senior members of Congress from the standpoint of years of service in Washington. His record in behalf of the people is well known to West Texans.

"In some undertakings," he said, "I have failed. Other efforts have been successful. I have tried in big and little matters to do the best possible job in behalf of our Nation and the people of our District."

In his statement Mahon said,

"If re-elected, and I use this means to solicit your continued favor, I shall go my whole limit to do a good job. I want to contribute everything within my power to the cause of decency and good government and to the cause of peace and security."

"I am not unaware of the fact that there are scores of important matters in which the people of our district are interested. It is the duty of a Member of Congress when questions arise to do what he can in the public interest. He cannot foresee what the future developments may be."

"Congress is now wrestling with such issues as the new farm program, an effective policy of water and soil conservation, methods of encouraging economic well being and prosperity, how far to go in military preparedness, how to keep out of another war, and numerous other vital matters."

"Thousands of people write me each year for personal services of one kind or another having to do with Federal Government. I welcome a continuation of these requests. Most of them are not of a legislative nature, but they are important to the people, and it is my duty and pleasure to perform any service, however small, at any time for the people I have the honor to represent in Congress."

Reservists Take Trip On Ocean

New Orleans, La.—Jimmy R. Uzzie, seaman apprentice, son of Mr. and Mrs. J. M. Uzzie of 2112 N. 1st St., and Ira C. Carter, seaman apprentice, son of Mr. and Mrs. Otto Carter of Route 1, 211 of Tahoka, are among the 400 Eighth Naval District Naval Reservists who left home on Memorial day for two weeks of the biggest Naval Reserve Training maneuvers yet undertaken by Eighth Naval District Reservists. The reservists went aboard seven ships Sunday, May 30, for indoctrination in safety and training drills. Most of the reservists had time to see New Orleans before leaving for the two weeks at sea.

The ships departed New Orleans Memorial Day for Dry Tortugas, off the coast of Florida.

to conduct anti-submarine warfare exercises. The Navy said this is the first time that submarines have been used for exercises of this kind with Eighth Naval District ships.

It wasn't all work. Soon the reservists were off to a week end of liberty and recreation. Liberty ports include Havana, Cuba, Nassau, Bahama, and Miami, Fla.

After leaving their liberty ports the ships will return to Dry Tortugas for more drills and exercises. This time for anti-aircraft and surface gun firing.

The reservists return to New Orleans and to inactive duty on June 12th.

ODDS AND ENDS

(BY E. L. THE ELDER)

Last week I quoted copiously from an article written by Mr. Blake Clark and published in the Readers' Digest for February, 1963, portraying the deplorable housing conditions and the slums that exist in vast areas in the great city of New York, the largest and richest city in the world today. This article of Mr. Clark's was written with special reference to the thousands and hundreds of thousands of Puerto Ricans who have taken up residence in New York City during the past quarter of a century and whom we are prone to refer to as foreigners. But in fact they are not foreigners, for Puerto Rico is one of the most highly prized possessions of the United States, acquired by us from Spain following the close of the Spanish-American War a little more than a half century ago, and they have been proud of this connection with us ever since. They have been grateful to us for effecting their liberation from the tyranny of Spain and are proud to regard themselves as Americans. These statements are not mere bragadocio on our part for they are generally accepted as the truth both in Puerto Rico and in the whole of continental America as well.

The fact that for the past eight years they have been coming over to the mainland in almost countless swarms is proof of their high regard for the United States and possibly of an exaggerated notion as to the prosper-

ity that awaits them here. Excerpts from the Clark article which we quoted last week show that too many of them came without having made sufficient investigation of conditions that prevail here, consequently many of them are soon disappointed as to what they find. Most of those that come remain here, however. They either do not have the means or the desire to return to their native island. The report we gave last week as to conditions here, however, does not tell the whole story by a long shot. So, we are going to give other features of the Clark report this week as a further evidence that a nationwide housing program is needed, such as is being proposed by President Eisenhower and other leaders.

Those portions of Mr. Clark's report which we published last week showed Puerto Ricans being crowded into sheds and so-called apartment houses almost like so many cattle and sheep, or in many cases like pigs. In citing examples, however, comparatively little was said by me about stench and filth. Mr. Clark had not failed to mention them, however, "Even worse" (than the examples he had given), Mr. Clark declared, "are hundreds of condemned basements and cellars into which landlords crowd families, gouging them for standard apartment rates. In one place I visited five families were huddled up in cubicles that were formed by flimsy partitions. In another, each person must wait his turn with 17 others to reach the single toilet. A woman in one of these burrows keeps a mop constantly at hand to fight water that dripped from an overhead pipe. "Super (the superintendent) just say, "me no feex nothing," she explained to me.

Many men, under such conditions, Mr. Clark says, become desperate and desert their families, leaving wives, children, aged, and sick persons for the city or other organizations to take care of. He says that it is estimated that 20,000 Puerto Ricans were on "relief" when he made his report. "The unhealthy stench of Spanish Harlem hangs in the air like smoke" he declares. "It rises from vacant lots and courts, piled sometimes three feet deep with garbage. Contagion is inevitable. Tuberculosis among Puerto Ricans is widespread. In some blocks, officials say, there is one tubercular in nearly every house."

Furthermore, Mr. Clark says "This area is a huge firetrap. In none of the dwellings I visited was there any fireproof backing to protect the walls from the flames of the gas burners. Dumb-waiter shafts were stuffed with newspapers. Basement windows were barred or boarded up for protection against robbers and rapists, leaving the door for emergency exit. The crew at the nearest fire station respond to 200 calls a month—making them, they claim, the busiest in the city.

Not only is the area a huge firetrap, but it is a danger zone for honest law-abiding shop-keepers, and for industrious workers at various trades venturing out onto certain streets even in the daytime. "Almost every shop-keeper has a story of burglary," Mr. Clark declares. "Despite iron window screens and steel lattice gates across the doors, nine places of business were broken into in one block in one week. Stores can not

get insurance unless they install an expensive burglar-alarm system which few can afford. "Taxi drivers have told me they lock their doors when they pass through the district. Nurses coming from the subway to work at the Fifth Avenue Hospital are instructed to walk along one street which is police-patrolled. The girls are warned not to venture into the unguarded area even in daytime.

A by-far greater percent of felonies committed by adults and of minor offenses committed by youths are the work of Puerto Ricans than of any other race. Likewise a far greater percent of the common prostitutes are Puerto Ricans.

But there is another side to this dark picture. Let's hear the other side from this same Blake Clark.

"The tragedy is," he says, "that the majority of Puerto Ricans are fundamentally warm-hearted, courageous and eager to make their way in the land they rightfully regard as theirs. Many are making a valuable contribution in business, industry, and the arts. About 12,000 work at skilled jobs in the garment industry, and thousands of others are employed in radio-assembly plants, pharmaceutical laboratories, blankets factories, paper companies, and a dozen other industries where they average from \$40 to \$75 a week. These hard-working, quiet newcomers are steadily raising the level of New York's employment pool.

"Over a hundred work in Howard Johnson's 17 New York restaurants, where they are found to be generally 'clean, competent, and dependable.' The personnel director of the Waldorf-Astoria declares that the hotel now depends upon the islanders to a great extent in the steward's department. 'We've tried others,' he says, 'but few have the stick-to-itiveness of the Puerto Ricans. Probably 75 percent of the busboys, dish-washers, pot-and-pan cleaners, and other behind-the-scenes workers who keep the city's dining rooms going are Puerto Ricans.

"Ambitious Puerto Ricans by the thousands study English at night. In 1951, 11,000 attended courses in settlement-house class rooms and public night schools. The cheering fact that so many not only make the best of a bad lot but are actually forging ahead is a testament to human resilience and proof that others can lift themselves, too.

"Unfortunately, the colony's situation seems bound to get worse," Mr. Clark observes, "as long as nearly 1,000 islanders a

week continue to fly in. THE PROBLEM IS HOUSING. In New York, dwellings are deteriorating faster than they are being replaced. Builders would have to put up more than 130,000 new units a year to provide adequate housing for New Yorkers by 1963. Actually, they are building about 35,000. "New York housing used to be deplorable," said one official. "Now it is hopeless."

So, a nation-wide house-building campaign, including most of the cities and the great industrial centers of our country, and a plan for sending incoming Puerto Ricans and other immigrants to the places where they are most needed or best fitted for the work in hand, would seem to be the only feasible and effective remedy. I think that Democrats and Republicans alike should favor it; and a vast majority of them probably will.

City of Guadalajara
And here Senorita Aurora takes over again and proceeds to tell us something about the third largest and most important city of the Republic of Mexico. This article is translated into English by a resident of Tahoka, Senora Emma-cava, who is a Spanish-American by birth and speaks and writes the Spanish language fluently, but she was born and reared in this country and has never visited in Mexico. And now follows Senorita Aurora's article as translated by Senora Emma-cava and touched up a bit here and there by this Columnist.

The city of Guadalajara, capital of the state of Jalisco, Mexico, is called the "Pearl of the Occident." Its climate is normal and

healthful because the land is dry. The city has been expanded by the people who have built many colonies (or additions to the city, as we would express it in the United States.) They have dainty chalets. That's what they call the beautiful houses (Chateau). They are built American style, and are surrounded by beautiful gardens. Their streets are adorned with palm trees and Tabachines—another kind of trees, the flowers of which are small and are yellow and red in color and have a peculiar smell. There are blue colored flowers too. Brother Hill remember, especially the blue flowers that we saw in the Park when you used to live with Brother Boyd here in Mexico City along with the flowers we see and the gardens of the Chateau of the city of Guadalajara. These

are Llamardos—they are yellow flowers — margaritas (daisies), roses, African carnations, peonies (they are called Katys, sometimes Clouds, etc.)
The city has beautiful parks, like Withe 'Jardin Botanico' (Bo- (cont. on next page)

Odds & Ends

(Continued)

anic Gardens), the Morelos Park, the Army Plaza, or "The Plaza of the Constitution."

The plaza or park is the principal one, for on it are situated the Governor's Palace. In the Plaza there are small trees with that other kind—they have that resembles the trees they have in the South. The small trees have a kind of flower that blooms only at night. These trees are called huele de noche (Smell at Night). They have a fragrant, wonderful smell. In the center of the plaza is a kiosk, bandstand, with seats on the sides. The kiosk is a small room with windows all around it, where the musicians play on Sunday nights, on Saturday, etc.

To the north of the park, the Cathedral is situated, and it is surrounded by gardens too. The garden or park east of the Cathedral has two beautiful fountains and an enormous statue of Don Miguel Costillo, our liberator. Among the notable modern style buildings there are great hotels, dry goods and other commercial stores, theatres, the ancient Agriculture building which is the pride of the city. Also there are many Catholic temples, like the Sanctuary San Felipe (St. Philip) and others. The Degollado Theatre, meaning the Beheaded Theatre, the Governor's Palace, The University, and other fine buildings.

The City also has its market, like El Mercado Corona (The

Latsons Observe 50th Anniversary

Mr. and Mrs. O. W. Latson, well known in Tahoka, celebrated their 50th wedding anniversary Sunday afternoon with a reception at their home at 1920 18th street in Lubbock.

The Latsons are parents of Mrs. Wynne Collier, have visited here frequently, and lived here for several months a few years ago.

Five generations were present at the reunion. These included Mrs. Lula Latson, 92, mother of Mr. Latson, of Amarillo; Mr. Latson; Mrs. Wynne (Coy) Collier; Mrs. Harry Lee (Carolyn) Short and baby, Stacy Short.

Mr. and Mrs. Latson were married at Pittsburg, Texas, June 19, 1904, moved to Childress on 1909, to Claremont in 1920, and to Lubbock six years ago. He is a retired building contractor.

The Latsons have six children, 15 grandchildren, and two great grandchildren.

Crown Market) and the Liberty. There the typical colonies and authentic, like the Analo Vicinity and the San Juan de Dios.

In the Center, where the Governor's Palace is, there are places somewhat like underground markets—a stairway descends to a lower floor where there are stores that sell soft drinks, juices, liquids, candies, silver jewelry, post cards, and other things. Up over this market place is a street through which numerous cars pass—it's a busy street. In the corridors, they have beautiful plants, some of which are called "helechas," and they have palm trees too. Hanging from the top are cages of birds of many kinds—canaries, doves, etc. There is a kind of dove that sings all day.

In different homes of the city there are plants or little trees, whose fruit is called "arrayanes." It produces a substance used for making soft drinks and sweets. The covered "arrayanes" are sweet-coated, made into candy in Guadalajara. They are made by a special process here in Mexico City. We do not have that kind of fruit here unless somebody brings it from Guadalajara. Next week we give you our last article on Jalisco.—(Signed) A. G.

Senorita Aurora has gone into detail considerably in describing the city of Guadalajara, some of which details might not be of much interest to many of our people, but it is the details that really give the best word-picture of the city. Guadalajara is one of the most ancient and at the same time one of the most modern cities of Mexico.

There were 17 cities in Mexico having more than 100,000 population in 1950, according to the WORLD ALMANAC, Mexico City leading with 3,053,588. Presumably that is Mexico D. F. (Federal District, comparable to our District of Columbia.) Recently this Columnist stated that Guadalajara is the second city in size in the Republic of Mexico, but according to the WORLD ALMANAC, the city of Monterrey passed it by a narrow margin in 1950. It gives the population of Monterrey as 339,634 and the population of Guadalajara as 337,900 even figures. Each is larger than Fort Worth but smaller than San Antonio. Houston with over 500,000 population is far in the lead in Texas, with Dallas as the runner-up, having more than 434,000.

WALTER PUBRÉE

Frank Gollaber reports that his grass is up to a good stand. Frank planted 18.5 acres of the soil improving crop because he wants to find out if all the good things they say about the crop are true. He planted 5 pounds to the acre with his maize plates with the holes drilled out slightly. Last winter Frank had 60 acres of dryland winter peas which did well and now cotton on the same land looks about an inch bigger than the rest of his cotton. By trying both winter and summer soil building crops it won't be long before Frank will know just exactly what type of permanent soil building crop rotation he is going to use.

Soil Conservation Service technicians have been checking range conditions with several farmers and ranchers in the past several weeks. Andy Aycox and Meldon Leslie intend to defer grazing from at least one pasture until native grasses have a chance to seed out. They plan to utilize sudan this year and try to establish some permanent improved pasture next year. On a sandy land site which grows nothing but weeds now they are going to drill in some sorghum and then plant grass in the dead stubble early next spring. This method of growing a broadcast on close drilled sorghum crop one year and seeding grass in the stubble the next year is about the most dependable

if not the only method of getting grass back on sandy lands, according to Soil Conservation Service Technicians.

Joe Robinson is doing a good job of range management during these past drouth months. Joe is trying to stock only about 12 head to the section in order to let his better grasses recuperate, reseed and regain their vigor. Most sections of his pasture show that the grasses were doing just that. With a year or two of careful management and some recent rainfall Joe plans to have his pastures back in as good or better shape than before the drouth.

Technicians also helped Tom Garrard check the grasses on his native range.

Tom is also resting his pastures utilizing sudan, and planting blue panic for supplemental permanent pasture. If he gets a stand on all the land he planted Tom will have about 45 or 50 acres of blue panic that will furnish him lots of grazing for his registered cattle.

At the last meeting of the District Board of Supervisors conservation plans were approved on five farms. The farmers whose conservation plans were approved were Wynne Collier, Clifton Hamilton, Charles Verner, Willie Nieman, and James Brookshire.

IN MEMORIAM

My heart cannot tell how I miss him;
My lips cannot tell what to say;
God alone knows I how I miss him
In a world that is lonesome today.

In memory of my precious brother, Jim Burleson, who passed away one year ago, June 29th, 1953.

WHY MERCURY'S NEW V-8 ENGINE IS THE FINEST IN ITS FIELD!

MORE RESPONSIVE (unique, new 4-barrel carburetor) —Only 2 barrels are used for normal driving. But the 2 extra barrels cut in instantly when reserve power is needed. They are vacuum-controlled for smoother response, greater economy.

SMOOTHER OPERATING (5 bearings, 8 counterweights) —Mercury's method of precision molding crankshafts of alloy iron permits a full set of counterweights (8 rather than the usual 6). The result: better balance, virtually no vibration.

MORE EFFICIENT (special high-turbulence combustion chambers) —Wedge-shaped combustion chambers, the result of 5 years' research, swirl the fuel-air mixture past the spark plugs in a miniature cyclone for fast, complete combustion—for more power from less gas. This is the most powerful yet the thriftiest Mercury ever—with .629hp for every inch of its 256 cu. in. displacement . . . the highest ratio in Mercury's history.

UNMATCHED FOR SHEER RUGGEDNESS (new deep-skirt block) —Mercury's new block extends almost 3 inches below the crankshaft's center line—gives far greater crankshaft support. New short-stroke (3.1") pistons cut engine wear, give 29% more mileage for same amount of piston travel.

TREMENDOUS RESERVE POWER ("over-and-under" intake manifold) —Free-flow passages provide a balanced

distribution of fuel to all cylinders—permit Mercury to deliver its full 161-hp when needed. In the 4-door sedan, for example, there's one horsepower for every 23 pounds of car.

QUIETER OPERATING (precision balanced)—All major parts are balanced separately, then each engine is individually balanced in operation after assembly—a manufacturing process reserved up until now for only the most expensive engines.

THE SAME HIGH HORSEPOWER IN EVERY MODEL—Unlike some cars with optional, extra-cost "top-of-the-line" engines, Mercury's new 161-hp overhead valve V-8 is standard on every model.

COME IN AND SEE FOR YOURSELF—You don't have to be mechanically minded to understand the benefits of these new engine features. You can feel them on a trial drive. We invite you to stop in at our showroom and do just that.

ENJOY NO-SHIFT DRIVING AT ITS BEST, WITH SMOOTH MERC-O-MATIC DRIVE. OPTIONAL ON ALL MODELS.

Aunt Becky . . .

(Cont'd. From Page 1, Sec. 2)
at Roswell, N. M.

Mrs. Roberts like many other women of this pioneer country, rode horseback and helped work the cattle right along with the men in addition to caring for three small children. She helped with the plowing, using a horse-drawn one-row cultivator. When harvest time came, Mrs. Roberts rode the one-row binder, drawn by six horses, while others shocked feed. She would ride the binder half a day, and then would exchange places with one of the other Forrester women who had been shocking feed.

These sisters-in-law were Mrs. Robt. C. Forrester, the former Annie May Hughes of Graham Chapel, whose husband died in 1933; and Mrs. Walter Forrester, the former Bertha Meeks who now lives in California and whose husband died in 1938. The latter were married in the same ceremony with Viola Forrester and Dick Lee at Snyder in 1900.

Once when a blizzard blew up, all the men were away but Walter, and he and Mrs. Roberts and her three children, their youngest sister, now Mrs. Homer (Annie) Marcey of Spur, their mother, a pig and a dog huddled up in the half-dugout till the storm blew over.

The blizzards were feared in those days, for they were a threat to the lives of their cattle, but there were no sandstorms compared to those of today because nearly all the land was in grass.

The prairie fires were a menace, though. The worst one was about 1906, when most of this section was burned over. When a fire got started, the women went to work with fury the same as the men. They carried food and water to the men, and even helped fight the fire themselves. Wet towels and wet brooms were used to put out the grass fires. Mrs. Roberts says Oscar used to get on the barn and watch for smoke.

She still laughs about the time Mrs. R. C. Forrester was riding a horse in a long run after some cattle. The horse stepped in a dog hole, and Mrs. Forrester went sailing out through the air spread-eagle fashion and made a perfect three-point landing on the ground.

There were plenty of antelope, prairie chickens, and quail, and these early-day families were never in want for wild game.

She cooked on a "two-I" bachelor stove, the stovepipe of which was intersected by a drum oven. Men of the vicinity took turns going to Colorado City for groceries, a five day round trip by wagon and four horses. If a family ran out of coffee, or some other commodity, they would drive maybe five or ten miles to borrow from a neighbor. If the kerosene

supply became exhausted, Mrs. Roberts twisted up a rag, soaked it in grease, and used this as a light instead of the lamp.

W. T. (Bill) Petty T-Bar foreman, or one of his boys would go to Lubbock once a week for the mail for all the people of the area. He would leave this mail on his dining table, where the neighbors could pick their's up if no one was at home when they came.

There were no doctors closer than Lubbock or Colorado City. Therefore, the women did the doctoring and waiting on other women at childbirth. A number of children were born in Lynn county at the time without benefit of a doctor. Mrs. Roberts remembers one child being born in a wagon bed in western Lynn.

The Forresters went to church at Meadow, and Sunday was a great day, for they not only heard a sermon, but everybody came and met their friends at the church. Occasionally, groups would meet in some home for singing.

Doors were never locked. Strangers frequently came by when a family was away from home, fixed and ate a hearty meal, and left a note of thanks to the home owner for the food.

The Forresters' nearest neighbor was Grandpa Coughran, who lived a mile east of them. Others included Grandpa and Grandma Nevels, Mr. and Mrs. J. M. Nobles, J. G. Milwee, the Pettys, Elton George, George Small, Charley Doak, and H. C. (Hezzie) Smith, the father of Happy Smith. Some of these lived 10 to 15 miles away, however.

Other early acquaintances were the Jack Alleys, the Wells, the J. E. Ketners and many others. Once she and Walter were tailing-up a cow. Walter had hold of the cow's tail, and Mrs. Roberts had hold of the horns to steady the animal. About that time, their dad, a large fat man, came on the scene and yelled "Turn 'er loose." Now, a tailed-up cow will usually take after the first object she sees, and on being turned loose she took after Mr. Forrester. Dad made a dive for the barbed wire fence, immediately good his clothing caught on the bars, and the cow was bearing down on him just as Walter and "Aunt Becky" hit her and knocked her down. Mrs. Roberts still laughs about the incident.

On one occasion, about 1908, she and Mrs. Petty went on a trail drive to Plainview, which town the railroad had just reached, with 1,600 head of two-year-old steers from the T-Bar. Work of rounding up the cattle started on the south side of the pasture, and they were several days on the road making about 10 miles a day. At the northeast corner of the Spade ranch, lightning stampeded the herd and quite a time was had rounding the cat-up again.

Mr. Petty was the boss, John Fulford was the horse wrangler, and G. R. (Bud) Milliken was the cook. Other trail-hands included Sam Weathers, Tom Preston, Sam Jones, Lonnie Bigham,

Local Youths At Abilene Meeting

(By Preston Clark Jr.)
Abilene.—Four Tahoka students and six others from surrounding communities were among the 441 young people who attended the 38th annual Methodist Youth Fellowship assembly of the Northwest Texas Conference last week at McMurry College.

The Tahoka delegates were James Whorton, Milt Draper, Wayne Huffaker, and Ann Reasonover. Others from the Tahoka area who attended were Jerrrie

A. Sawyer, Lou McQuery, and Newt Colley.

When Oscar was about nine years of age, Mrs. Roberts moved to town to send the children to school, and has lived here ever since. She saw Tahoka established, the first school, the railroad come, and a never-ending line of settlers establish homes in Lynn county.

All these years and hardships, Mrs. Roberts has maintained a fine sense of humor, found time to help with the sick and to be a good neighbor. There are few people who have more real friends.

Her daughter, Mrs. Swafford, lives with her. Roscoe lives in Dallas, and Oscar lives on the ranch. She has seven grandchildren and 11 great grandchildren.

LeMond and Shirley Watson of Grassland; Woodena Bruver and Juanita Murray of Wilson; and Karen Merrick and June Fannon of O'Donnell.

The Rev. Frank Peery, pastor of Amarillo's Trinity Methodist Church, served as dean of the MYF assembly. His instructional staff included about 50 Methodist ministers, youth workers, and laymen.

Dr. Marvin L. Boyd, pastor of the First Methodist Church of Midland, was the main speaker. He delivered a message each evening on the assembly theme, "Finding Life in the Will of God."

The Rev. Charles Lutrick, executive secretary of the Northwest Texas conference's board of education, assisted the MYF officers with direction of the meeting.

Whorton and Draper are recent spring graduates of Tahoka High School, Whorton, son of Mr. and Mrs. J. T. Whorton, played football at THS, and was a member of the student council and T-Club.

Draper, son of Mr. and Mrs. Buel Draper of Rt. 4, Tahoka, was a member of FFA and president of the band at THS. He also served as song leader for the MYF sub district.

Miss Reasonover and Huffaker will be senior students at Tahoka High School next year. The daughter of Mr. and Mrs. J. E.

Reasonover, Ann has held membership in FFA, the band, and annual staff. She has also worked as an office girl, and was elected Band Sweetheart. She has

served as president of the local MYF group.

Huffaker, son of Mr. and Mrs. Calloway Huffaker, is a member of the THS "Bulldogs" grid team,

and the T-Club. He is Christian Wintess Chairman of the MYF group.

CUSTOM NOTE: Twin-Turbine Dynaflo and Safety Power Steering are standard equipment on every Buick ROADMASTER at no extra cost.

It makes you feel like the man you are

YOU must know, of course, that a fine car is more than merely a means of fine travel.

It is, as the psychologists tell us, an extension of a man's own personality.

It reflects what you feel, what you like, what you are.

So we ask you to take the wheel of a Buick ROADMASTER like the one shown here—for it is, we have found, the automobile chosen more and more by those who are definitely moving ahead in the world.

You will find it a car that fairly breathes success.

From its size and its breadth and the magnificent modernity of its styling, you know it is a car of custom stature—and so does the watching world.

The wondrous windshield is a pride in itself. You don't just see the view—you command it.

You will find it, too, a car of luxurious obedience.

From the moment you ease your foot down on the pedal, you take immediate mastery of the road and of distance.

And you know it—in the silken whip of Twin-Turbine Dynaflo, the

might of Buick's greatest horsepower, the magic cushioning of coil springs on all four wheels, the exhilarating ease of Buick Safety Power Steering at your hand.

But with all this, you buy with prudence when you buy a ROADMASTER.

For—though it is, and looks, custom production—it sells for the lowest price-per-pound in the fine-car field. And so wise an investment makes you feel even more like the man you are.

Drop in, or phone us this week, and we'll gladly arrange a demonstration.

BUICK SALES ARE SOARING!

Latest figures for the first four months of 1934 show Buick now outselling every other car in America except two of the so-called "low-price three." Better look into Buick if you want the beauty and the buy of the year.
