## Sixth Grade Softballers Open Season

The beginning of a long series of friendly rivalry between the two Muleshoe grade schools of Mary DeShazo and Richland Hills was unrecited last Friday on the softball grounds at DeShazo school. The sixth graders of Mary DeShazo elementary walloped their rival cross town sixth graders 33-3 in a free scoring ball game. On the mound for the winners was Abel Gutierrez, and catching behind the plate was David Wells. The next game to be played will be next Friday afternoon, May 8 at Richland Hills school.

## Muleshoe Roping Club Sale Marks End of Rodeos

The Muleshoe Roping Club will auction off its remaining assets and real goods in a public sale to be held Saturday, May 2, at 10:30 a.m., at the rodeo grounds. The sale marks the end of a Muleshoe institution, and likewise marks the end of an era in public entertainment here. For rodeos, like many another form of spectator sport, seem to have outlived their ability to draw large crowds. And as one club member remarked, "the sale will be a time of nostalgia for most club members, who hate to see rodeos in Muleshoe come to an end."

The Muleshoe Roping Club, which sponsored most of Muleshoe's rodeos, was organized in May, 1937, and Golden Benton was first president. Other first officers included Roy Bayless, Walter Witte, Bob Knight, Lee Kardenhire, Jack Bruns, and Anthony Jesko. The first arena was one mile north of town, east of the Cop gin.

The last meeting of the club was on April 22, when members voted to give the bleachers to the Little League, and to hold the auction sale. Club members also made plans for a steak supper in the near future.

John Fried is president of the club now, and Ruth Briscoe is secretary. Directors are Jim Lane and Kenneth Briscoe.

Roy Bayless and John Fried have both been cited for their interest and work in the club. A special note of appreciation has been voiced too, for the longtime work of Walter Witte as secretary of the club, and to the late Willis Branscum, who furnished stock for the rodeo.

Many of the first memberships have been sold back to the club or to other persons. At present there are 24 members.

In May, 1948, the club purchased 18.2 acres of land from E. K. Warren and moved the arena there, enlarging it at the same time. In 1956, the club sold part of the land to Farmers Co-op Elevator. Club members report the group is in good shape financially, but that such was not always the case, and they expressed their thanks to Muleshoe businessmen for aiding them in the past.

The club has sponsored several rodeos, some of which have been outstanding, but lack of interest has caused the production of the rodeo to be dropped. Club members have enjoyed calf roping through the years, with calves they bought in the spring and sold the fall.

### Mrs. Locklar, 101, Died Sunday At Tipton, Okla.

Mrs. Belle Laura Locklar, age 101, died Sunday at 10 p.m. at her home in Tipton, Okla. She was the mother of Mrs. W. A. Mathis, and the grandmother of Mrs. H. E. Schuster and Bert Mathis, of Muleshoe.

Mrs. Locklar had been in fair health until about ten days before her death, when she contracted pneumonia. Until the last she had been able to get around, to come to the table for her meals and wait upon herself.

She was born March 16, 1858, in Jackson Parish, La., and had resided in Oklahoma since early childhood.

Funeral services were conducted Tuesday afternoon at 2 o'clock from the First Baptist Church of Tipton, and interment was in Tipton cemetery. Pallbearers were Jack Schuster, David Mathis, Allen Mathis, Jim Green, and Joe Bob Bowden, great grandsons, and F. A. Moran, a grandson.

Mrs. Locklar is survived by two daughters, Mrs. Mathis and Mrs. Pearl Wormoth, of Frederick, Okla.; a son, Henry Locklar, of Tipton, and her grandchildren and great grandchildren.

Attending the services from here were Mr. and Mrs. H. E. Schuster, Mr. and Mrs. Bert Mathis, Mr. and Mrs. Jack Schuster and children, Mr. and Mrs. David Mathis of Portales, and Allen Mathis of California.

## Farmers About Equally Divided Whether To Plant Now Or To Wait

Warm days mean many things to different people, but to farmers of the great West Plains, warm days mean cotton planting time.

With the Texas Equatorial Service recommends that cotton not be planted until ground temperatures reach 60 degrees average for 10 days at a depth of 8 inches from the top of the bed, many area farmers have been through planting for a week or more. An equal or larger number have not planted yet, awaiting the outcome of a long range weather forecast which calls for cold and damp weather sometime this coming week-end.

One farmer, Joe Sooter, planted Tuesday, using a plateau planter, which puts the seed at a shallow depth right on top of the bed.

In the dryland part of the county, recent rains have helped some, but the ground in this area would welcome a weekend ground-soaker.

Irrigated area farmers have enough moisture from rains make planting easier, although wilt hood nights, the danger of seed rotting is imminent.

Extension Service recommendations are to plant between May 5 and May 20 for optimum results, using delinquent seed.

### Savage Rites Held April 29 At Church of Christ

David McCanness (Mack) Savage, 74, died April 26 at 10:05 p.m. in Muleshoe Hospital after a two day illness. He was a rancher and stock man, living on Route 2, where he had been a resident for nine years, moving here from Lubbock.

Born June 5, 1884 in Hill County, Texas, Mr. Savage was a member of the Baptist Church of Stephenville.

Funeral services were conducted April 29, at 3 p.m. from Muleshoe Church of Christ, with the minister, W. R. Tittle, officiating. Interment was in Muleshoe Cemetery under direction of Singleton Funeral Home.

Pallbearers were Charlie Gatlin, Bob Chapman, Bill Jarnigan, J. H. Whisenand, J. M. Whisenand and Bernie Smith.

Survivors include his wife; one daughter, Mrs. Louis Simmons of Mitchellville, Md.; two step-daughters, Mrs. G. L. Crosby of Las Animas, Colo., and Mrs. C. L. Summers of Grants, N. M.; two step-sons, Charlie Dobbs of Clovis and Ray Dobbs of Grants; one sister, Mrs. Thelma Waddell of Corsicana; and three brothers, Frank of San Antonio, Henry of Houston and Lawrence of Hubbard, Texas; and six grandchildren.

### Roy Lee Johnson Named Delegate To Lions Meet

Roy Lee Johnson was named delegate to the International Lions Club convention in New York City, at a drawing held Wednesday during the Muleshoe Lions club luncheon meeting.

Johnson will have his expenses paid to the International as a delegate from the Muleshoe club.

Second alternate delegate is Wilbur LeVeque, and third alternate is A. J. Gardner.

Eighteen club members with 100 percent attendance records were eligible for the trip, based on their having perfect attendance during the current year.

The club will pay expenses for the delegate to the convention.

### Sentence Set In Forgery Cases

In district court held here last week, the following cases were heard and sentences assessed:

William Henry Cato, forgery, 2½ years; Chico Mendez, forgery, 2 years; and Alfredo Morales, forgery, 5 years.

In county jail are prisoners on these charges: two for theft, one liquor law violation, two for fighting, and one of those winning the honors.

### Needmore Coop Gin Meeting Friday Evening

The annual membership meeting of the Needmore Coop Gin will be held the coming Friday night at 7 o'clock in the Needmore Community Hall.

M. M. Scott, manager of the gin said a meal will be served, the audit report heard, and two directors elected.

All members and their families are invited to attend.

### Muleshoe Wins First Prize

Muleshoe Odd Fellows and Rebekahs won more prizes than any competing lodge at the South Plains Association meeting in Lamesa April 18. The IOOF team won the first place cup in the competitive work and several other prizes were won by the individual charges. The Rebekahs brought home two prizes. The Muleshoe members are most proud of those winning the honors.

### WEEKEND GUESTS

Mrs. A. Aker spent the weekend with Dr. and Mrs. Birdsong. She was joined by Mr. Arker on Sunday.

This weekend, Mrs. Birdsong is looking forward to keeping the grandbabies, children of Mr. and Mrs. Robert Holt of Tulia. Robert and Sally are representing Tulia at the State Jaycee convention in Ft. Worth.

### POLITICAL POT BOILING

### Candidates For Student Body Posts In Spirited Campaign; Vote Friday

This week in Muleshoe high school has been one of the biggest and busiest weeks of the year. It's election week, when the student body elects its student council officers and cheerleaders for the coming school year.

It's always been a big week for the students, but this year, due to the large number of candidates, it's bigger and better than it has been in several years.

Posters went up in the halls Monday morning and campaigning began. The halls were fairly covered with posters and candidates were passing out cards and other campaign propaganda. A great deal of originality has been expressed in these posters.

According to the Student Council constitution, prospective candidates must collect 15 Student Council members' names on a petition. Principal Bill Parker must approve all candidates.

The election will take place Friday in the auditorium after each candidate has had a chance to present a campaign program before the student body. The candidates are:

Robert Robinson, Student Council president.  
S. C. vice-president, Charles Merriott, James Shepherd.  
S. C. secretary, Sue Logan.  
S. C. parliamentarian, Don Gardner, Robert Garlington.  
S. C. historian, Carolyn Burge, Goldialu Goucher.  
S. C. reporter, Magann Lamb, Rex Miller and Tommy Thomson.

Senior cheerleader: Diane Atkins, Sandra Chappell, Nancy Julian, Rita Turner and Kay Wilson.  
Junior cheerleader: Joy Autry, Shirley Burelsmith, Francine Dunn, Martha Elmore, Jana Goodwin, Donna Guinn, Janie Sanders, Sandra Taylor.

### Camp Competes In State Meet

Representing Muleshoe at the State Track and Field meet in Austin will be Bob Camp, who is the only boy from here to qualify at the Regional Meet unrecited earlier this month in Lubbock.

Bob is a 190 pound junior who competes in the shot put event. He placed second at Lubbock with a good heave of 49 ft., 6 in. Bob won first in the district event with a similar try.

Accompanying Bob to the state capital will be Coach Taylor, high school and freshman track coach.

Taylor and Camp will leave Wednesday to arrive in time for some workouts before meet time. Also to get used to the weather conditions in Austin.

Another boy, Derrell Oliver, had the misfortune to hit a hurdle in his race in the Regional meet and was disqualified.

### Twelve New Firms Added To Chamber In Membership Drive Held Last Week

Total membership in the Muleshoe Chamber of Commerce now numbers 173 businessmen and farmers, as the result of the recently completed membership campaign under the direction of Robert Alford.

Twelve new firms and individuals were added to the Chamber roster as the results of Alford's committee work.

Members who have been enrolled include: Muleshoe Livestock, Clayton Myers; R. B. H. Suppers, Burl Ham; Peerless Pump Division, J. E. McVicker; Muleshoe Wrecking Co., Lewis Welch; Leal's Tortilla Factory, H. J. Leal; Jerry's Feed and Seed, Jerry Blaylock; Muleshoe Sign Service, Jody Blaylock; Little Gulf Station,

### March Bond Sales Are \$9423 For 24 Percent of Goal

March sales in Bailey County were \$9,423 and sales for the first three months of 1959 totaled \$32,087 which is 24.5% of our 1959 goal of \$131,000, Chairman Inez Bobo said.

Sales in Texas during March were \$14,996,269 and sales for the first three months of 1959 totaled \$45,196,598, which is 24.8% of the state's 1959 goal of \$185,200,000.

"Every American who buys a Savings Bond is providing for his own future, adding to the strength of his country, both militarily and economically, and is putting real meaning in the slogan, 'Share In America', Mrs. Bobo concluded.

### Negro Youth Is Given Probation

L. V. Nicholson, 18 year old Muleshoe Negro youth, pleaded guilty of murder without malice in 154th District Court here last Thursday and received a 5-year probationary sentence.

Judge E. A. Bills presided. Nicholson's case was heard by the court on his plea of guilty.

The Negro youth was charged in connection with the fatal shooting of Arthur Rayborn, 15, another Negro youth, September 5, 1958 in the Negro section of Muleshoe.

Nicholson testified he "pointed the gun at Rayborn, pulled the trigger, but did not think the gun was loaded."

District Attorney Bill Sheehan said a lie detector test recorded that Nicholson was "telling the truth."

Judge Bills laid down strict requirements in Nicholson's probation including an order that he pay the funeral expenses for the dead youth.

Officials said the shooting reportedly occurred during a scuffle by the two youths over a .22 caliber pistol.

### Farm Labor Meet Saturday Draws Fair Size Crowd

Approximately 50 farmers and business men were urged to contact their congressmen and representatives concerning impending dangers to farm labor supply, at a public meeting held in the courthouse here Saturday afternoon.

The meeting was sponsored by the West Texas Farm Labor Users Association and the Muleshoe Chamber of Commerce.

Speakers on the program told the group of the efforts of organized labor to put the squeeze on agricultural labor users through legislation, and urged them to protest before it is too late.

Sen. Slemmons, manager of the Muleshoe Chamber was master of ceremonies for the meeting.

### Bill Angel To Transfer To Seymour Station

State Highway Patrolman Bill Angel is being transferred to Seymour, Texas, it was learned this week, with the transfer to become effective on June 1.

Angel has served with the Bailey County unit since March 1956. His replacement here has not yet been named. James Freeman is the other half of the two man unit stationed in Bailey county.

Bill is married and has one son and one daughter. He and his family will move to Seymour. Mrs. Angel is employed at Bailey County Electric.

### Novel Shower April 23 For Mrs. Pierce

Mrs. Sharon Kay Pierce was crowned "Queen For the Day" Thursday, April 23, at the American Legion Hall when she was surprised with a pink and blue shower.

Approximately 60 guests enjoyed the comical version from the TV program, "Queen for a Day" with Mrs. Leatha West portraying Jack Bailey, and interviewing the widows.

When Sharon was chosen "Queen", she was robed and crowned by Betty Pierce and Sis Owens. She was presented with long stemmed roses, was photographed, and then her reign began. An old time wash tub and tub board was her automatic washer; a clothes line pinned with baby clothes and tied to two broom handles was the speedy clothes dryer, and a dish pan and chore girl her easy dish washer. She was

### Piano Club Met Monday

The Hi-Lo Piano Club met Monday night, April 27 in Fellowship Hall with Mmes. L. J. Welch, Fred Welch, and Harold Allison as hostesses.

Mrs. C. E. Moore, club president, conducted the short business meeting and Mrs. Paul Scott acted as secretary.

Mrs. McKinstry announced plans for the next and final meeting for the season—this will be an international program with the children in costume.

The following piano students of Mrs. Sam McKinstry played on the program: Joyce Adams, Gary Edwards, Becky Phelps, Gaye Ramm, Sharon DeFauw, Cynthia Pool, Joe Adams, Pamela St. Clair, Connie Connell, Butch Taber.

Deborah Bullock, Susan Pendergrass, Donna Baker, Rickey Welch, Val Moore, Carolyn Allison, Neil Finley, Kay Baker, Carolyn and Joe Ann Townsend, Raymond Lewis, Harriett Glaze, Elaine Guley, Brenda Bills, Ellen Lewis, Cynthia Phillips, Tonyne Welch, and Linda and Sandra Scott.

The roll call was answered with a current event on music.

presented with a broom for her deluxe sweeper.

Mrs. Pierce also received two show tickets to the Cox Drive-In (last years) and a Spiegel with which to order anything desired, if she had the money for the down payment. The Queen was promised a grand tour of Muleshoe in a gold Cadillac, if they could find a Cadillac with gold in it.

Following the presentation of the household gifts, the big surprise was brought out by

the hostesses. Sharron was presented with a pink and blue wardrobe from 103 of the friends.

This party was enjoyed by everyone. Hostesses for the occasion were: Naomi Owens, Virginia Merrell, Charlene Williams, Mable Howard, and Mrs. L. F. McCormick. Those helping with the "Queen For a Day" presentation were Janie McDaniel, LaQuita McCool, Theresa Toten, and Leatha West.

### W.S.C.S. Circles Conclude Studies

Mrs. Oscar Allison and Mrs. Major Wood concluded the current study at the Mary Martha Circle meeting of the First Methodist Church in the Youth Chapel Tuesday. Seven members were present.

There will be a luncheon and general meeting of all WSCS on May 5. The executive committee will meet at 12:00 and luncheon will be served at 12:30. Following lunch will be the installation of officers and pledge service. All ladies of the church are invited to attend this meeting.

Mrs. Sammy Sumrow was hostess to the Alpha Circle in her home on Tuesday afternoon. There were seven members and three guests, Mrs. Roy Edwards, Mrs. Joe Roark and Mrs. Delbert Black present.

Mrs. Sumrow brought the final chapter of the study on "Understanding Other Cultures" and showed a film strip on China. Ellen Ladd gave the devotional.

Mrs. Nancy Stovall presided over the business session in the absence of the chairman. The following officers were elected to take office: chairman, Martha Lowe; vice-chairman, Ellen Ladd; and secretary, LaVelle Hall.

The hostess served chiffon pie and coffee to those present.

Members of the Ester Circle met in the home of Mrs. Ralph Douglas for a luncheon and the concluding lesson on "The Middle East". Those on the program were Mrs. Edwin Hall, Mrs. Finley Pierson, and

Mrs. Robert Hooten. The members were happy to have two guests, Mrs. James and Mrs. H. Jay. The general chairman of W.S.C.S. and one new member, Mrs. Douglas Jones. Others present were: Mmes. David Anderson, C. R. Farrell, Mrs. Arnold Morris, Mrs. J. E. McVicker, and John Prater.

The covered dish luncheon was served from a table laid with a green cloth and featured a clever oasis scene.

### Plans June Wedding

BONNIE WOOD

Mr. and Mrs. Major Lawton Wood announce the engagement and approaching marriage of their daughter, Bonnie,

to Joe Don Jackson, son of Mr. and Mrs. S. L. Jackson of Muleshoe.

Nuptials will be read June 6 in the First Methodist Church by Rev. Clarence Stevens of Seymour.

Bonnie Wood is a senior at Muleshoe high school and is salutatorian of her class. Joe Don is a 1958 graduate of Muleshoe high.

All friends of the couple are invited to attend the wedding.

### Rebekahs Visit Littlefield

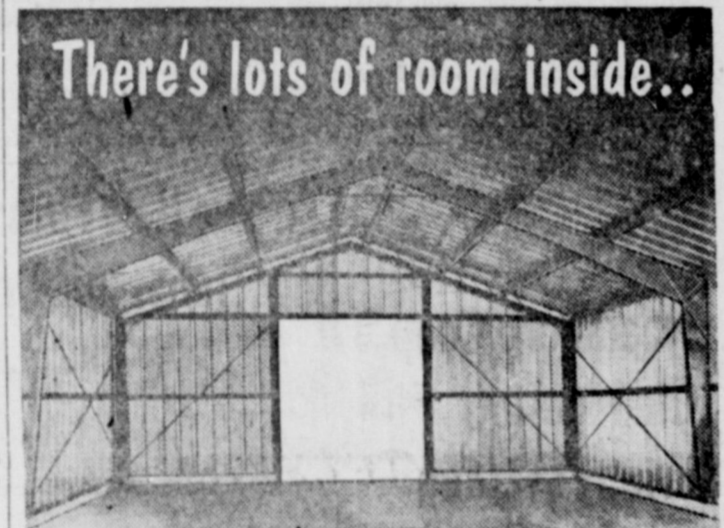

Seven members of the Muleshoe Rebekah Lodge visited the Littlefield Rebekah Lodge No. 61 Monday night for their regular meeting.

This meeting was the first official meeting for the newly appointed District Deputy President, Ona Berry of Muleshoe. A school of instruction was held after the regular meeting by the Deputy.

Refreshments were served by the host lodge to the 12 members from Littlefield and the following visitors from Muleshoe: Ona Berry, District Deputy President; Doris English, Noble Grand; Diana Stewart, Mary Thomas, Lucille Gross, Evelyn Calder, and Tom Berry.

MISS ELNA BISHOP

**Elna Bishop Engaged**

Mr. and Mrs. Dean Bishop of 514 West Second, Muleshoe, announce the engagement of their daughter, Elna to Mr. Eld Swels of Ammen, Jordan. Elna is a teacher in the Dumas school system and Mr. Swels is a senior student at West Texas State. No wedding date has been set.

**Old Friends Come By To See Betty Jennings**

Mrs. Horace Edwards was hostess for an informal coffee in her home on Saturday afternoon for Betty Jennings, Betty and Mrs. Jennings, former Muleshoe residents, have returned to Muleshoe after living in Abilene for several years. Mrs. Jennings is the daughter of Rev. and Mrs. T. G. Craft, formerly pastor of the First Methodist Church here. Twenty-five guests called to renew old acquaintances. Also present was Myra Pierson of Lubbock.

**Shirley Marie Williams To Become Bride Of Burnard A. Williams**

Mrs. Iva Williams of Morton announces the engagement and approaching marriage of her daughter, Shirley Marie, to Burnard Allen Williams of Bula.

The wedding will take place Sunday, June 7 at the First Baptist Church of Morton at

vegetables and fruit, one serving of a main dish of meat, cheese, eggs, fish, fowl, dried beans, peas or peanut butter, and bread, preferably enriched or whole grain.

Variety adds interest and appeal. Crisp, raw carrot or celery sticks, green pepper rings, stuffed celery, potato salad, vegetable soup in a thermos or tangy tomato juice are vegetable suggestions. Colorful fruit, — raw, dried or canned — is easy to include.

Easiest way to pack the main dish is to make it up in sandwich form. For occasional variety, use fried chicken, hard cooked or deviled eggs or chili con carne. Use fruit and nut breads for a flavor change.

Teachers agree that children having a well balanced, nutritious breakfast and lunch are more alert and better prepared for the day's activities. The same is true for adults.

WANT ADS are as newsy as the front page and high in reader response. To place your want ad dial 7220 or 5400.

3:00 p.m. Shirley attended Morton high school and will graduate from Texas Women's University at Denton on May 31.

Her fiance is the son of Mr. and Mrs. C. A. Williams of Bula. He attended school at Bula, has served two years in the Army, and is presently engaged in farming near Bula.

**Pack Lunches With Nutrition**

Only one child in six starts the day with an adequate breakfast, recent studies show. That makes it doubly important that youngsters — and adults, too — get an adequate lunch — one that's packed with real nutrition, extension foods and nutrition specialists remind us.

Packing an adequate lunch takes no more time than the other kind. It simply takes some knowledge of what to include and a little planning and organization.

These basic foods need to be included in an adequate lunch: milk, at least 1/2 pint.

**TIRED OF BEING "ALL SHOOK UP" IN THE CENTER SEAT, riding in a tunnel instead of cushioning? See how much more cushioning in a Mercury.**

**TIRED OF SITTING WITH YOUR KNEES UNDER YOUR CHIN? In some other cars the "hump" is bigger than ever. But Mercury actually cut the hump in half! See how much more leg room for the man in the middle. And see (right) Mercury's wider doorway.**

**MERCURY GIVES YOU MORE CUSHIONING, COMFORT AND ROOM THAN ANY CAR IN ITS FIELD**

Here's how: Mercury, alone in its field, has a body designed for just one car. Other manufacturers give you—even on cars priced into Mercury's class—the very same body used on their lowest priced makes. That's why Mercury alone can cut the center hump in half, widen door openings 4 inches, add 9 inches more knee room, provide real 6-passenger visibility and comfort all around. Come on in. You'll see!

The Muleshoe Journal, Thursday, April 30, 1959, Page 7

## Newly Installed E. S. A. Officers

Officers of Epsilon Chi Chapter of Epsilon Sigma Alpha International installed April 22 are from left to right: Bill Edd Jones, president; Marjorie Precure, vice-president; Pearl Gunstream, corresponding secretary; LaNetta Small, recording secretary; LaVern Winn, treasurer; and Gwen Moore, Parliamentarian.

## Mary Jo Holt Is Honored

The home of Mr. and Mrs. Houston Hart was the scene of a bridal shower Saturday, April 25, honoring Miss Mary Jo Holt, bride-elect of Billy Black.

Mrs. Hart greeted the guests and in the receiving line were the honoree Mary Jo; mother of the bride-elect, Mrs. Clyde Holt; grandmother of the honoree, Mrs. H. C. Holt; and mother of the prospective bridegroom, Mrs. L. R. Black. Mrs. Jerry Blaylock served at the registration table and

others assisting with the hostesses were Misses Gwen Williams, Sandra Allison, Roberta Elliott, Joan Green, and Mrs. Kirby Brantley.

A white net tablecloth applied with white felt border covered the serving table, which featured crystal and silver appointments. Wedding bells topped a revolving maypole with streamers of white and shrimp colored ribbon accented with an arrangement of white carnations and shrimp pink gladiolas. Tall tapers in silver candle holders and white napkins engraved with silver letters, "Mary Jo and Billy" completed the decorations.

The lovely and useful gifts

were on display in the den; among them being an electric mixer, a gift of the hostesses, Mmes. L. T. Green, Jr., Odell Logan, J. W. Roberts, Howard Elliott, E. T. Evans, Houston Hart, Milton Forbes, Morris Childers, Spencer Beavers, and Blondie Puckett.

## Rebekahs Plan "42 Party"

The Muleshoe Rebekah Lodge 114 met in IOOF Hall Tuesday night with Noble Grand, Doris English presiding and planned a "42" party for Friday night, May 1, at 8 p.m. This party will be in IOOF Hall for the purpose of honoring the Odd Fellows who won a cup at the South Plains Association meeting held in Lamesa.

A special Mother's Day program is being planned for Tuesday night, May 12.

A report was given on the school of instruction conducted by District Deputy president, Ona Berry, held in Littlefield Monday night.

Home made ice cream and German chocolate cake were served to the 17 members present.

## Coffee Honors Georgia Pena

Twenty-six friends of Georgia Pena, were present at a coffee in the home of Mrs. Eugene Black Tuesday morning to honor her with a pink and blue shower.

Hostesses for this coffee and shower were Mmes. Black, Byron Gwyn, Johnny Westbrook, Horton Griffin, Ross Goodwin, and Arthur Cooper.

The serving table was most attractive with a white cloth and arrangement of pink roses, silver accessories, and pottery in the desert rose pattern. Coffee and assorted breads were served by Pauline Griffin.

Mrs. Pena received a nice assortment of lovely and useful gifts.

## Local Girls To Dallas

"F. H. A. In A Changing World" was the theme of the State Future Homemakers meeting held in Dallas on April 23, 24, and 25. Attending this meeting from the Muleshoe "Big Sister" Chapter were Mary Gross and Virginia Hickman as representatives, with Mary Gross serving as voting delegate. From the Muleshoe "Little Sister" Chapter were Julia Hollis and Louise Stinson. Also attending were Lena Landers, one chapter mother, Mrs. M. E. Hickman, and sponsors, Mrs. Dorothy L. Brock and Mrs. Charlene Walker.

Attending this meeting from Three Way school were Jane Garvin, Gayle McCrevey, Betty Hutton and Mr. and Mrs. Elbert Adams, sponsors of the group. Dorothy Hickman, Lena Landers, and Betty Hutton received their State Homemaker Degrees at the State Fair Music Hall on Friday. This is the highest honor presented by the Texas association of F. H. A. to eligible members based on records of activities and growth toward becoming a better citizen. Lorena Long, received her state degree, but was unable to attend the state meeting at which the presentation was made.

## Hutton Receives State Degree

BETTY HUTTON

Betty Hutton, 17 year old senior from Three Way school was awarded the State degree in Home-making Friday, in Dallas. Miss Hutton is the first girl from the Three Way school ever to receive this degree.

This year Betty has served on the "Eagle Staff" as literary editor, was head cheer leader, most beautiful senior, officer of the student council, basketball captain, co-photographer of the annual, F.H.A. officer, president of the pep club, Mistress of ceremonies at the athletic banquet. She is also Worthy Advisor of the Morton Rainbow Assembly and president of the Model 4-H Club.

## Gray-Eubanks Wedding Plans Are Announced

Mr. and Mrs. Floyd Gray, Olton, announce the forthcoming marriage of their daughter, Barbara, to Mr. Doyle E. Eubanks of Muleshoe.

## Wesleyan Guild Met With Mrs. McCarty

The Wesleyan Service Guild of the First Methodist Church met in the home of Mrs. D. R. McCarty on Monday evening and Mrs. Sam Gholson brought additional chapters of the study on "Understanding Other Cultures."

Refreshments were served to 12 members present. The next meeting will be in the home of Mrs. Gholson May 11. This will be a pledge service.

MISS BARBARA GRAY

bridegroom are Mr. and Mrs. J. T. Eubanks of Muleshoe.

Wedding vows will be exchanged by the couple June 7 in the Olton First Baptist church at 3:00 p.m. The Rev. John E. Lewis of Olton will read the ceremony.

A reception will be held in the Fellowship Hall of the church following the ceremony. Friends and relatives of the couple are invited to attend.

Mr. Eubanks attended Muleshoe schools and Miss Gray will graduate from Olton high school the latter part of May.

## TO CHEVY MEETING

John Crow and Biddy Hicks, of C. & H. Chevrolet, attended a zone meeting of Chevrolet people in Oklahoma City yesterday and today.

## CARD OF THANKS

We are deeply grateful to our friends and neighbors for their expressions of sympathy, their flowers and messages, in our recent bereavement. May God bless you.

The Loved Ones of Mrs. Belle Laura Locklar

## Texas Day Program

Ladies of the Half Century Club were honored guests of the Muleshoe Study Club in the Fellowship Hall on Thursday afternoon for their Texas Day program. Mrs. Glen Dunn brought an interesting and informative program on "Texas Laws and Legends", and Mrs. W. T. Andrews gave "Early Texas Music."

The serving table was laid with a white cloth and featured an arrangement of spring flowers. Punch was poured from a crystal bowl by the hostess Mrs. Glen Dunn and individual cakes decorated with miniature Texas flags were served.

Honored guests attending this lovely occasion were Mmes. I. W. Haney, I. F. Willman, W. D. Moore, Leota Willterding, Tillie Martin, W. H. Kistler, C. R. Farrell, and Jennie Panter.

### Receives Degree In Homemaking

Lorena Long, daughter of Mr. and Mrs. Garvin Long of the Three Way community, received her State Degree in Homemaking but was unable to attend the state meeting in Dallas at which the presentation was made.

Miss Long has participated in FHA four years, attended the Area I meeting in 1957. She is a senior and is active in school athletics, varied activities and was one of the annual yearbook co-editors this year.

### G. S. Leaders Study Patrols

Girl Scout neighborhood chairman, Dorothy St. Clair, presided at the monthly neighborhood meeting held in the Little House Thursday, April 23, and appointed the following committees: House committee, Helen Jacobs, Pat Nickels, and Billie Haskins; building and maintenance, Mr. and Mrs. J. E. McVicker, and Marie Lenau; equipment and supplies, Louise Rucktashel, Jean Moore, and Myrtle Wells.

A discussion was held on the court of awards and the motion was passed that this be an annual affair. Mrs. St. Clair announced that the Los Planos Study Club is setting up a Brownie and Girl Scout uniform exchange in the near future.

The leaders were given information on preparing their girls for attending summer camp at Rio Blanco by Miss Mary Anderson, district director from Lubbock. Miss Anderson also showed film strips on "Getting Along Together in a Troop", and "The Troop Committee at Work."

A covered dish luncheon was served. Following lunch, Miss Anderson led discussion on the Patrol System.

Those attending this meeting were Meses. W. E. English, Gordon Pylant, J. E. McVicker, Clinton Peat, E. G. Ericson, Bernard Phelps, Irvin St. Clair, Mack Ragsdale, Bob Jacobs, N. B. MacAllister, Clayton Wells, T. M. Stemmmons, and Charles Lenau.

Mr. and Mrs. Jerry James on the birth of a daughter at Muleshoe Hospital on April 28. She weighed seven lbs., 14 ozs.

Mr. and Mrs. Travis Ray Kelly on the birth of a daughter April 25 at West Plains Hospital. Named Andrea Elvita, she weighed nine lbs., 10 ozs.

#### NEW RESIDENTS

Mr. and Mrs. Jimmie Rowe and their three children are new comers to our community, having recently moved here from Roswell, N. M.

They are members of the Church of Christ, and are planning on making Muleshoe their home.

Mr. Rowe will be associated with the Fry and Cox Brothers Implement Shop. He has worked with Minneapolis-Moline equipment for several years, having been employed by the M.M. dealers in both El Paso and more recently at Roswell.

The Rowes are presently making their home at East 6th and Ave. G.

#### RETURN FROM TRIP

The S. C. Caldwell and her mother, Mrs. John Furr, went to Twin Falls, Idaho to visit their daughter, Mrs. Alfred Clay and family. They returned Tuesday by way of Denver, where Mrs. Furr stayed for ten days with her granddaughter, Mrs. Byron Meyers and husband. It was snowing in Idaho and all across Colorado and Utah. There was hard packed snow and ice over Gore and Berthaud passes.

#### Local Men Get Shrine Degree

Six local men crossed the burning sands and became Shriners in a special Khiva Shrine Temple, Amarillo, ceremony held Saturday in Littlefield.

Taking the work were 24 novices, six from around Muleshoe. The local men are: Ralph Douglass, J. J. DeShazo, Frank Hinkson, Everett Hinkson, Don Taylor, and Rev. Ed Hall.

Earl Ladd, Muleshoe Potentate's representative, prepared the petitions, assisted by Shriners C. D. Gupion, Morris Childers, and Pat Bobo. Several other Shriners of Muleshoe attended the all day ceremony. They staged a fine parade, had a barbecue at 6 o'clock in the evening and a dance for Nobles and Ladies at 9. The meeting was held in the Littlefield high school auditorium.

Amarillo had on hand all eight of their uniformed units; Clovis sent their drum and bugle corps and Lubbock sent their mounted Shriners escort.

this great land of its qualities, but, rather, he does everything in his power to preserve and strengthen it. The citizen does this not only for the benefit of the present citizens of this country and the rest of the world but for future citizens also.

The economic stability of America grows from good soil used intelligently. Wise use of productive land means protecting the land from the influences which make it poor while under cultivation or grazing so as to keep it permanently productive.

Citizens who are not farmers and who do not own large amounts of land may think that there is not much they can do to preserve the soil, but many farmers need the support and encouragement of the public as well as the technical assistance of soil conservationists.

The economic stability of both city and rural areas depends on how farmers use their lands. When the understanding of soil conservation penetrates through the schools, the churches, the civic organizations, the business and industries, conservation farming can be spread across the land to hold the soil and maintain it for present and future generations and for the security of the nation.

What is needed now is the desire and decision to go ahead and do this job of conservation. It is being done in a degree, but it could be done faster if everybody would help.

There are no short cuts to conservation of soil or water, but if everyone determined to do

### Slemmons Gives Talk On Bowling For Rotarians

Senn Slemmons, one of the owners of Tri-Co Bowling Center, soon to open in splendid quarters, made a short talk at the Rotary meeting Tuesday, giving some interesting information about the operation of the center.

Mr. Slemmons, who attended a training school recently held in California, discussed most-

ly the automatic pin setter equipment which will be installed here. Functioning practically as a brain, the electronic machines will reset the pins, leaving those remaining from the previous roll of the ball, and it is said to be the latest type of equipment manufactured.

The building itself is ultra modern; bowling devotees could have no more pleasant surroundings in which to pursue their favorite sport. The owners expect the pin setter equipment to arrive possibly May 9; in a few days after that, they will be ready for play.

The club had four Rotarians from other club as guests to make up their attendance: Les Tubby and John Garrett, Clovis; C. O. Gregory, Sudan; and Darrell M. Young, Carthage, Mo.

his part, no matter how small, the effects of their labor would soon show dividends by making a stronger and better nation and world.

### Domestics May Be Eligible For SS Benefits

Some household workers may lose out on social security benefits because the housewife neglects to make social security reports on their cash wages. This was pointed out by John G. Hutton, manager of the Lubbock social security office. He added that compliance with the reporting requirements by household employers is generally very good, but in some few cases the worker has difficulty in establishing rights to benefits due to failure of the employer to file social security tax returns.

The law requires that a household employer report for social security purposes all cash wages of \$50.00 or more paid in a calendar quarter to a maid, cleaning woman or other household worker. These social security reports are filed with the District Director of Internal Revenue in the month following the end of each calendar quarter. The calendar quarters end with the months of March, June, September, and December. With these reports the employer remits 2 1/2% that he holds out of the employee's wages and adds another 2 1/2% as the employer's tax—a total of 5%. The reporting procedure is very simple for a household employer. The quarterly report is made on a simple envelope form that can be completed in a few minutes.

"It is from these reports that the central accounting office of the Social Security Administration in Baltimore builds up its record of earnings to the employee's social security insurance account", Hutton declared. When a claim for benefits is filed the employee faces the possibility of being deprived of his benefit, or being paid benefits in a smaller amount, if quarterly social security returns have not been filed by all employers.

A representative of the Lubbock Social Security office will be in Muleshoe on May 7 at 9:30 a.m. at the Courthouse, and will be glad to assist in all matters pertaining to Social Security.

**BILLY ELLIS RECOGNIZED**  
Billy Ellis, senior journalism major, from Muleshoe, received a certificate of recognition for his work on the Texas Tech yearbook, in ceremonies held recently at Lubbock.

### Firemen Receive Warm Welcome on Fishing Jaunt

Ten Muleshoe firemen were royally entertained when they journeyed to Oak Creek lake at Blackwell, Texas last week, by officials of the city of Sweetwater.

The lake is municipal property and Sweetwater and Blackwell officials extended the group warm hospitality. Fishing and boat permits, as

well as one boat were all furnished by the city officials. The local firemen took one boat with them from here.

Walter Stapp, who is deputy game warden and lake supervisor, took a personal interest in the men and showed them the best fishing spots.

Making the trip in two cars were: Owens Jones, Alex Wilkins, Ira Robinson, Phil Gillespie, Tootie Middlebrook, Delmer McMillen, Richard Puckett, Wayland Harris, Jerrell Orwell, and Earl Ladd, Jr.

The Lazbuddie high school mile relay team won second place in the Regional Meet held in Lubbock Saturday, April 25. The boys will run again in the Red Raider Relays, set for Saturday, May 2, and in the State Meet in Austin May 7 and 8.

Members of the team are: Freddie Savage, Cooper Young, Dean Watkins, Dennis Nelson, and Billy Hardage.

Mud and massive loads stop other trucks—but not this Chevy!

Chevrolet tandem drags through deep mud to deliver huge load.

F. F. Kirchner, cement block manufacturer of St. Ann, Mo., has this to say about his Chevy 10703 tandem: "Fully loaded we're up over 40,000 lbs. GVW and at most excavation sites we have to move through soft sand and mud... My driver tells me he always gets through, too, even where other, bigger trucks can't make it!"

Statements like this are typical of Chevrolet truck owners across the country. Their enthusiasm for Chevrolet's "git-up-and-go" is well founded in fact—they've seen how Chevy tames their toughest jobs in record time.

For your own tough trucking jobs, you'll find Chevrolet has all that it takes, and then some, to get the work done quickly and economically. With stamina to spare, Chevrolet trucks keep on

the go day after day. Powerful engines haul maximum loads—hold fuel and maintenance expenses to a minimum. And Chevy's solid build keeps cabs and bodies tight through years of work.

For the right truck and components to handle your tough job, contact your local Chevrolet dealer. He'll prescribe the correct cost-cutting Chevy combination that'll make your toughest job look easy.

No job's too tough for a Chevrolet truck!

### Today's Meditation

Read 1 Peter 4:12-18.  
 If any man suffer as a Christian, let him not be ashamed; but let him glorify God on this behalf. (1 Peter 4:16).  
 On a cold winter's day, St. Francis of Assisi and Brother Leo were walking together. For a time they traveled in silence. Then Francis began to talk about the nature of real joy. He said one does not find perfect joy by setting a good

example, nor by doing miracles, nor by having great knowledge, nor by the ability to preach so that infidels become converted.  
 "If these things do not give perfect joy, where can it be found?" asked Brother Leo.  
 Francis answered that perhaps they might come to their next stopping place, cold and hungry and soaked with rain. The porter might refuse to let them in. He might accuse them of being good-for-nothing. St. Francis said if they could bear his abuse with patience and not think badly of him, then they would experience perfect joy. He said one does not find perfect joy by setting a good

all things for Jesus' sake which makes a Christian joyful. Nothing then defeats him, for he belongs to his Lord.  
**PRAYER**  
 O loving God, forgive us for our sins against Thee. Grant that the joy which was in the heart of Jesus may be in our hearts, too. Give us strength and courage necessary to endure all things for His sake. In His blessed name we pray. Amen.  
**THOUGHT FOR THE DAY**  
 I will live today for Christ's sake and not for my own.

### BABSON DISCUSSES... Bank Stocks as Investments

Babson Park, Mass., April 30  
 —I have recently been talking with a prominent General Motors official about small cars. He is rather skeptical as to whether small cars built by General Motors would sell after the first year or two. Reason: — "Most people buy cars—large and small—for prestige, not for transportation. This desire for prestige causes us to build larger and heavier cars."  
 The average buyer wants to keep up with or go ahead of his neighbor! In fact, this is the real reason he buys small imported cars — to have a car "In fact, I believe", — he continued — "that the present buying of Ramblers is largely a fad. Style and fashion now apply as much to automobiles as to the length of skirts, size of hats, or color of shoes worn by women."  
**Careful Supervision**  
 I have taken a long time to get to my point, which is this: You can make no expenditures of money which will give you such prestige as will owning a few shares of stock in your best local bank. But, be sure to get the stock of your most conservative and most highly regarded bank. Owning stock in "second stringers" will not give you prestige.  
 But there are other more important reasons for owning some shares in such a bank. Banks are the most carefully government-supervised form of investment. Once or twice each year the Federal Government Examiners call (unannounced in advance) to make an audit of your local National Bank, this is in addition to certain State examinations. This means that the stock which you buy should be of a National Bank, or else you should get a letter from one of the bank officers stating that it has joined the Federal Reserve System, which includes certain qualified State Banks and Trust Companies.

Before talking with your banker about buying, you should call upon one of the directors whom you may know. Ask him to explain all this to you. Ask the approximate price and the annual dividend. The latter, divided by the price, gives you the yield. That is, if the stock sells at \$25 and pays an annual dividend of \$1.00, then the stock yields you 4%. This may seem a small yield, but curiosity, diversification, and so it is not too little, and the supervision which you receive.  
 P. S. Be sure to go to the stockholders' meeting each year and meet your other "club" members.

### Washington News Letter From Lyndon B. Johnson U. S. Senator

Dear Friend:  
 Unless you're a financial expert the President's proposed \$77 billion budget doesn't mean much in terms of everyday living in Texas. We know it represents a lot of money—and taxes—and that's about all.  
 The Bureau of the Budget has blueprinted how the Ad-

ministration plans to spend this \$77 billion—which someone has figured averages about \$1,900 for every family in America. If we take \$10 of your tax money, here is how the Bureau of the Budget wants to spend it:  
 For defense, including military aid to our allies, \$5.95.  
 Interest payment on the public debt, \$1.05.  
 Agriculture, including price supports, 78 cents.  
 Veterans' services and benefits, 66 cents.  
 Public Welfare, 54 cents.  
 Such items as housing and transportation subsidies, 29 cents.  
 International spending, including economic aid to foreign countries, 28 cents.  
 Conservation and development of natural resources, 22 cents.  
 Expenses of the government, 22 cents.  
 Contingencies rate one penny.  
 To help finance this spending, the Administration has proposed several tax increases. This includes raising the Federal tax on gasoline used in your automobile from 3 cents to 4 and 1/2 cents a gallon, and I do not expect Congress to pass it.  
 But the Senate will determine what it will do with these Administration requests after it gets all the facts. And that will be done at Committee hearings where witnesses will be called, figures studied—and the facts put on the public record where they are open to all.

### Value of Potash Questioned In Talk At Meeting

What is the value of adding potash to West Plains farm lands?  
 This is the question posed by county agent J. K. Adams in a talk before the Agricultural Workers club at a breakfast held Tuesday morning here.  
 The agent reminded his listeners that most soil tests show sufficient potash for cotton growing, but that many farmers have been using 30-60-30 fertilizers which include potash.  
 Citing the results of two fertilizer tests on cotton he made in the area last year, Adams showed how leaving out potash increased cotton yields by as much as 100 pounds of lint. In a test made on the Ed Little farm west of Muleshoe the following fertilizers were used with the following lint yields:

### Sandhills Philosopher Wonders... Scientists Now In Race To Go In All Directions At The Same Time

Editor's note: The Sandhills Philosopher on his Johnson grass farm is taking a non-progressive attitude toward science this week, but we doubt it'll have any effect on science.  
 Dear editor,  
 Sooner or later I knew it would happen.  
 According to an article I read last night in a newspaper I picked up after it fell out of my neighbor's mail box after I tilted it a little, the United States and Russia are now in a race to see which one can penetrate the earth's surface first.  
 As I understand it, the earth's surface or crust is about eight-teen miles thick on the average and what's underneath nobody knows for sure. However, there are spots in the ocean where the crust is only two or three miles thick, and

motor while standing still in a traffic jam.  
 And you can't criticize the scientists. Everybody's doing it. It's the same thing as working fifty hours to buy a power lawnmower to save an hour's pushing with the old style model once a week. Although you can still turn a cow in and graze it off with no lawnmower at all.  
 As far as I'm concerned, it's perfectly all right for man to explore space in the morning and the inner core of the earth in the afternoon, with his bill for both ventures, but there's still plenty of interest right here in eye-range of my front porch. For example, there's a newspaper out there on the ground now with headline saying the cost of living index has gone up another notch. Mine hasn't. Ain't notches left on mine.  
 Yours faithfully,  
 J. A.

**Market and Yield**  
 With the exception of stocks of large banks in New York City and a few others, their marketability is not good. This means that local bank stocks are hard to buy or sell—that is, they are not "listed" nor are they officially traded "over the counter". So, when you wish to buy or sell ten shares, you should go to the President or to one of the other higher officers who will invite you in to sit by his desk and give your story. He will want to know whether you will be an asset to the bank's reputation or not. Secondly, such a stock is much like joining an exclusive club.  
 Bank stocks are issued at various par values from \$10 up to \$100. Most sell at a premium over their book values.

### "ORTHOcide Soil Treater X gave me a perfect stand of cotton..."

says cotton grower Virgil Burnett of Brownfield, Texas  
 Referring to last year's conditions, Mr. Burnett adds: "This was in spite of cold, wet soil during planting. The soil temperatures averaged 56 to 59 degrees which is pretty cold for cotton. ORTHOCIDE Soil Treater X more than pays for itself in stronger plants and more of them. It gave me strong early season growth and an earlier harvest."

**ORTHOcide Soil Treater X is the best insurance against the high cost of replanting.** It creates a protected zone in the furrow allowing the tender seedling to develop normally in spite of cold, wet, infected soil. The early maturity and better stands which result can bring greater profits from higher yields of top grade cotton.

## About Old John From Muleshoe

We are indebted to J. H. Luttrell for a copy of the story below, taken from a recent issue of The Dallas News. The article was carried in the famed column written regularly by Frank X. Tolbert, entitled "Tolbert's Texas." We don't know who John of Muleshoe is but we estimate the old boy gets around.

Mention of Muleshoe, Texas, in this space recently caused Mrs. Lillma Jackson to relay to this department a story about a famous character known only as "Old John of Muleshoe."

John of Muleshoe, according to the yarn, is a ragged, elderly Bailey County cowhand, who claims to be an intimate terms with a lot of celebrities. One day Old John came to Dallas and the first thing he did was drop into the Petroleum Club. He struck up a conversation with two oilmen who were very complete strangers to him. And he mentioned that he was a very close friend of Governor Price Daniel.

### TIPS ON DRIVING

#### CITY DRIVING

Moving with the stream of city traffic, a driver must consider two very important things all the time: (1) speed (2) car position. How fast should he be going? Where should his car be in relation to others and to the turns he

wishes to make? Safe city speeds give stopping distances that permit you to stop before hitting any object that could get into the path of your car. Knowing how to choose safe city speeds depends partly on realizing how pedestrians and other vehicles are likely to get in your way.

In order to be relatively certain that no one will walk into the path of your car, you must be able to see the entire area of your danger zone at all times. When approaching any intersection, a driver should somewhat reduce car speed. This applies even to a car on a "through" street approaching an intersection where there is no obstruction vision. A car from the opposite direction may suddenly turn left, or may even fall to stop.

Adjust your speed so you can stop before entering the intersection, if stopping becomes necessary. City intersections are all alike in some respects: (1) the area is used by conflicting pedestrians and vehicles use streams of traffic, (2) both the roadway and must adjust their actions to one another, (3) the actions of each driver usually affects the actions of other drivers, (4) there are many opportunities for mis-

takes in judgement and disregarding the rights of others. In pulling out from park make certain your path is clear and that your signs make other drivers aware of your intentions.

## LONE STAR AGRICULTURE

Quick Action Eases Threat To Texas Grainmen

Texas' important grain industry was recently faced with its worst insect threat in modern times when the dread grain-mangling Khapra Beetle was sighted in the state for the first time in far West Texas.

First location of the beetle by agriculture inspectors in an El Paso grain and feed milling operation prompted an immediate investigation, and an emergency crew of inspectors was rushed to El Paso from other points in the state. Findings thus far indicate that the infestation is likely localized, and that spread of infestation is being surbed by government-supervised fumigation operations of all suspicious grain products moving out of

the area. A native of India, the Khapra Beetle is the most feared pest known to grainmen, capable of destroying or seriously down-grading every form of grain and feed-stuffs. The beetle is very difficult to eradicate, requiring that the entire infested storehouse be covered with impervious material (usually plastic), including the ground area surrounding the building for a radius of about 30 feet. Then the interior is fumigated with methyl bromide, allowing plenty of time for fumes to seep into every crack and crevice of the building where the Khapras may cling.

The Khapra Beetle is primarily a stored grain pest and is not found in open grain fields. It can survive for as long as three years without any food at all, but in the larva stage the pest has an enormous appetite. Grain damage, depending on weather conditions, varies from 5 to 30 percent although up to 75 percent damage has been reported. The beetle is a "dirty" feeder, breaking or powdering more kernels than it consumes.

The adult Khapra—which belongs to the same family as the carpet beetle—is small, about 1.16 inch in length. It is pale red-brown to dark brown or black in color with wing covers that usually have distinct red-brown markings. The larvae: 1.8 inch long, are yellowish brown and clothed

with long brown hairs. The area between the segments and the underside of the body is pale yellow in color, giving the worm a ringed appearance when viewed from above.

Presence of Khapra Beetle infestation is usually first noticed by the presence of the fuzzy larvae or their cast skins in clusters around the corners of grain bins or in used sacks.

Any suspected infestation should be immediately reported to John C. White, Commissioner, Texas Department of Agriculture, Capitol Station, Austin, Texas.

## Parmer County Farm Bureau News

Well full refund of road use tax on farm gasoline is assured for one more year. Hundreds of telegrams from members supporting Farm Bureau Legislative teams in Austin each year keep this the way it is. Now if we are successful in making it an annual, simplified procedure, it will be much better.

About twenty-five Friona FFA boys and Mr. Gee accompanied the weed committee to Bushland for the annual noxious weed demonstration last Thursday. Members and others working with the committee who attended were Raymond Schueler, chairman; J. T. Jones and Gus Schlabs, members; Joe Jones and Bill Nichols, associate members. Friona State Bank paid for the meals for the FFA boys. Work is being planned for the season's operations in the county. We hope you will cooperate with every proposal to get rid of noxious weeds.

**Wheat:** Mr. James Dyess, Commodity Stabilization Service, testifying before a House subcommittee on wheat made the following statement with regard to the **Overseeding of Wheat:** The larger farms in 1958, those subject to penalty seeding above 15 acres, planted about two million acres more than their allotment. The small farms, those under fifteen acres, planted about 4.5 acres in excess of their allotment. So you can see where the bulk of the surplus comes from.

More than thirty telegrams that we know of have been sent from Parmer county, in

## Add Safflower To '59 Research

Safflower has been added to the 1959 research program at the High Plains Station of Texas Research Foundation at Halfway, Dr. Johnny Davis, Associate Head, stated today.

This new research program has been included at the request of farmer supporters of the Station who want information on Safflower varieties suitable to the area.

The five varieties for the test were secured from the U. S. Department of Agriculture. They were planted on April 17 and had germinated by April 20. The varieties being tested include Nebraska 6 & 10, Pacific 1, Gila (Arizona) and an experimental strain number A-5731.

These varieties were planted in two row plots 22 feet long in four plots for each of the 5 varieties. In addition to this test, three acres each of Nebraska 6, Pacific 1, and Gila were planted for observation.

fact most of them right around Friona, urging influential people like the President, Vice-President, Secretary of Agriculture, Senator Dirksen, and the Republican National Chairman, Thurston Morton to block Secretary of Labor Mitchell's plan to extend the Wage and Hours Act to Agricultural and retail people.

Meetings are being held in every area within the state in an effort to keep this thing from happening. Farm Bureau has always opposed this kind of move from the local, state and national level.

Roger Babson, economist, ended his last week's column thusly, speaking of the problem of unemployment: "Also, all of us must be willing to fight the liquor evil, which is one of the causes of unemployment."

## Short Wheats Are Being Developed For Plains Areas

"Short wheats" being developed for production under high fertility and irrigation in Texas as show much promise in early tests by the Texas Agricultural Experiment Station.

Dr. I. M. Atkins, agronomist in charge of small grain research, says the new wheats, resulting from crosses of a dwarf wheat from Japan with hard red winter wheat varieties, grow 25-35 inches tall, rather than the 35-45, or even 50 inches attained by presently planted varieties.

In tests conducted by Dr. Kenneth B. Porter at the Southwestern Great Plains Field Station near Amarillo, the crop strain of short wheat produced 75 bushels per acre Concho and Wichita. At the Denton Station the new strains lodged less than 5 percent while producing high yields. Commercial varieties lodged up to 80 percent under the same growing conditions at Denton.

Production of short wheats will mean many advantages to farmers, Dr. Atkins points out. Higher levels of fertility might be used to produce more grain per acre without lodging. The short wheats also appear to be more efficient in their use of fertilizer, increasing their yield without an excess production of straw.

Quality tests also are promising, Dr. Porter says. However, we will do much more testing for quality, winter-hardiness, disease resistance, adaptation to combine harvesting and other characteristics so the wheat will prove itself before releasing seed to farmers.

We are seeking short wheat which will fit Texas farming and at the same time produce better grain for bread under high fertility and irrigation than currently planted varieties. Some of the characteristics sought also in further breeding will include shatter resistance, higher test weights per bushel and stronger gluten content to enable bread dough to stand up better during mixing, he adds.

## New Bulletin Out On Diseases of Small Type Grain

Small grain losses due to diseases in the excessively wet seasons of 1957 and 1958 were estimated to be more than 20,000,000 bushels. Damage to the crop may result in reduced stands, reduction in amount or quality of forage or in reduced yields and quality of the grain produced.

Diseases which caused these losses are discussed in a bulletin released by the Texas Agricultural Experiment Station titled, "Diseases of Small Grains in Texas".

The control or reduction of losses from many small grain diseases in Texas is not only of local importance, but has national and international significance. The fall infection, winter survival and spring increase in South Texas of airborne pathogens, such as the cereal rusts, may endanger the small grain crops throughout Texas and other states.

Diseases of wheat, which consistently cause losses or are potentially dangerous to the crop, include leaf rust, stem rust, speckled leaf blotch and loose and covered smut or bunt. These and diseases less frequently found are discussed and control measures are suggested where known.

The two most serious diseases of oats in Texas are crown rust and the Helminthosporium blights. These are described along with stem rust, smuts, Septoria diseases, powdery mildew, and yellow dwarf. The control measures for reducing losses are given.

Net blotch, leaf rust, mildew and the smuts which cause some damage to barley nearly every year are discussed. Bacterial blight, false stripe, scald and yellow dwarf which are less frequent in Texas are also discussed. The suggested means for controlling or reducing these losses are given.

For a copy of the bulletin write the Agricultural Information Office, College Station. Ask for B-921.
