Volume 51

Tahoka, Lynn County, Texas, Friday, February 4, 1955

Number 17

## Carl Griffing Dies Suddenly

Carl D. Griffing, Sr. 61, a citizen of Tahoka for 37 years died in his sleep at about 4 a. m. Monday, presumably of a heart attack, at his home at 1921 North Fifth.

Funeral services were held at 3 p. m. at the First Methodist Church with the pastor, Rev. J. B. Stewart, and the former pastor, Rev. Jim H. Sharp of Memphis, officiating. Masonic rites were held at the graveside. Burial was under direction of Stanley-Jones Funeral Home.

Mr. and Mrs. Griffing had just returned on Saturday from a visit to California. He had not been ill, and they had taken a leisurely trip home. Sunday night friends visiting in the home said he apparently was feeling well and enjoyed telling of their trip. Mrs. Griffing discovered he was dead when she awakened at about 6 a. m.

Carl was born March 29, 1893, at Crowley, Tarrant county, son of the late Mr. and Mrs. W. R. Griffing. He came to Lynn county in 1918. While serving as assistant cashier of the old Security State Bank here, he was married on July 12, 1924, to Miss Rena Mae Evans, daughter of Mr. and Mrs. John Evans.

For a number of years he was secretary of the Tahoka Independent School District, following which he was secretary of the Tahoka-Post National Farm Loan Association from late in 1944 to July of 1952. Nearly three years ago, he resigned to devote his full time to looking after his two farms.

He was a member of the Presbyterian Church, the Masonic Lodge, and was one of Lynn county's most highly respected citizens.

In addition to his wife, Carl is survived by one son, Carl Jr.; two grandchildren, all of Tahoka; and two brothers, A. B. Griffing of Dallas, who was present for the funeral, and Fred Griffing of Los Angeles, who was unable to come on account of his own illness.

Pallbearers were: Oscar Roberts Wynne Collier, Al Lehman, W. B. Slaton, W. E. (Hap) Smith, H. A. Maassen, H. B. McCord, and A. M. Cade.

## BAKE SALE BENEFIT MARCH OF DIMES

Tahoka Jaycee-Ettes will sponsor a bake sale Saturday, Feb. 5, in the Wynn Collier Drug store from 9:30 a. m. to 5:00 p. m.

Two cakes will be raffled off, one at 10:30 a. m. and one at 4:00 p. m.

All who wish to donate baked goods are cordially invited to do so. All proceeds will go to the March of Dimes.

DISTRICT 5-AA VICTORY BELL.—W. A. J. Carter, third from left, division superintendent of the Santa Fe, is shown congratulating Otis Spears, Tahoka Schools superintendent, upon being presented with a District 5-AA football bell. Weighing 250 pounds, bell and frame, the presentation was made at a meeting of 5-AA officials, coaches, and team captains in Slaton Jan. 26. Tahoka, 1954 district co-champions with Abernathy, was selected to represent the district because of having previously defeated Abernathy last season. Tahoka will have charge of the bell in 1955, with the bell to go to the district winner each year. Others pictured include P. L. Vardy, Jr., Slaton superintendent and chairman of the executive committee, left; C. F. Cooke, Spur superintendent, second from left; and Fred Miller, Abernathy superintendent, extreme right. (Photo by Slaton Slatonite.)

## C. of C. Planning Annual Dinner

Plans for the annual Tahoka Chamber of Commerce banquet and election of new officers were discussed at a meeting of the directors Tuesday morning.

A committee composed of Alton Cain, Otis Spears, and Fred McGinty was named by President Mitchell Williams to plan the affair, and to consult the Lynn County Soil Conservation District Board of Supervisors on a plan for a farmer-businessman banquet.

A committee to nominate new members to the board of directors was named, these being Guy Wheatley, Johnny Reasonover, and Frank Hill.

The Christmas lighting committee, composed of McGinty, Herman Heck, and Reasonover reported on the expense of the program; and Secretary Gene Jones gave a financial report in which he stated the C. of C. has 60 members at this time.

Tom Garrard was named temporary Tahoka director for the West Texas Chamber of Commerce.

Sam Miller, a medical patient in Tahoka Hospital, is reported to be improving.

## Tax Payments Unusually Good

Payments on county and state taxes have been unusually good this year, but payment of poll taxes has been light, reports J. E. Brown, county assessor and collector.

Property taxes have been paid up approximately 98 percent of the roll he says. Only 1,696 poll tax receipts have been issued.

## Congratulations:

Mr. and Mrs. Charles Verner on the birth of a daughter weighing 8 pounds eight and a half ounces at 5 p. m. Thursday, Jan. 27, in a Lubbock hospital. She has been named Kay, and her two "big" sisters are Paige and Deen. Mr. and Mrs. D. W. Gagnat are the maternal grandparents.

Mr. and Mrs. Buddy Minyard on the birth of a daughter weighing 8 pounds 2 ounces at Tahoka Hospital Friday at 7:06 p. m. Name, Cathie Jeanene.

Mr. and Mrs. L. C. (Jack) Anderson of Muleshoe on the birth of a son weighing 6 pounds at Tahoka Hospital Sunday at 6:04 p. m. Name, Jackie Lee.

## March Of Dimes Total Is \$3,459.53

The March of Dimes drive has, to date, brought in a total of \$3,459.53, according to Clint Walker, county chairman of the drive.

However, no report has been received from several communities, and the drive is not entirely complete in Tahoka.

O'Donnell again led the county with a total contribution of \$1,696.80.

Tahoka has turned in \$1,243.08, and that remained to be reported will not likely be sufficient to match the contribution by the O'Donnell community.

Wilson has turned in \$397.28 to the fund.

The Mothers March in Tahoka last Friday night netted \$746.14, and the American Legion Pancake Supper Monday night netted \$177.07, after expenses were deducted. The picture shows pie auction netted \$56.17.

Lynn county's quota is \$4,600.00.

## R. B. Taylor, 86, Death Victim

R. B. Taylor, 86, of Post, well known by many Lynn county people and father of R. A. (Albert) Taylor of Newmoore, died Thursday of last week at 11:30 p. m. of injuries received in a car wreck west of Tahoka.

Funeral services were held Friday at 2:00 p. m. in the First Baptist Church of Post, with Rev. Roy Shahan, pastor, assisted by Rev. Clifford Harris of Tahoka, officiating.

Mr. Taylor was injured when his car crashed into the rear of a tractor on Highway 380 west of Tahoka as he was en route from Brownfield to Post. He was brought to Tahoka Hospital, where it was found he had several fractured ribs. However, it developed there were other internal injuries and because of his advanced age was unable to recover from them.

He was born in Alabama on Sept. 22, 1868, but came to Texas as a child. He was married in Wise county in 1889, and he moved with his family to Garza county in 1917. Mrs. Taylor died in 1931.

Survivors include five sons, W. F. of Big Spring, R. A. of O'Donnell, route 3, Raymon of Brownfield, and Charles of El Paso; seven daughters, Mrs. Rosie Bloxom of Slaton, Mrs. Eva Gray of San Angelo, Mrs. Georgia Lewis of Kilgore, Mrs. Trudie Gregg of Fort Worth, Mrs. Emma Thomas of Overton, Mrs. Gracie Anglin of Houston, and Mrs. Lizzie Hazen of El Paso; one brother, Mitt Taylor of Datil, N. M.; one sister, Mrs. Stella Plunkett of Muleshoe; 30 grandchildren, 28 great grandchildren, and two great great grandchildren. Grandsons acted as pallbearers. Burial was in Terrace Cemetery at Post.

## Two Students Will Get Tech Degrees

Lubbock, Feb. 3.—Thirty-six mid-year candidates for bachelor's degrees have been announced by Dean R. C. Goodwin of Texas Tech.

Among the number are: Eva Jennelle Toler, daughter of Mr. and Mrs. J. F. Toler of Tahoka, Bachelor of Science in Education, with elementary education as a major.

Velma Gray Carter, Tahoka, route 3, Bachelor of Science in Education, with elementary education as a major.

Jimmy Huey, five year-old son of Mr. and Mrs. James Huey, underwent an appendectomy in Tahoka Hospital late Wednesday afternoon.

Marvin Wood, who recently suffered a heart attack, is reported by Tahoka Hospital attendants to be improving gradually.

## Tornado Warning Made Available For Tahoka

Tahoka has been selected as one of the Texas points for experiments in forecasting conditions which produce tornadoes and other severe storms.

A micro-barograph instrument was installed at The News office Friday by the U. S. Weather Bureau, on which constant records are kept of barometric pressures.

The instrument has been placed in the window of The News, where citizens may view it. The barometric pressure in Tahoka may be determined at any time by addition of 3.1 to the reading on the chart for compensation from sea-level.

Possible approach of a tornado, for instance, may be determined about three and a half hours ahead of the time it should reach the area in which the barograph is located—if it is approaching this location.

C. E. Holsapple of the U. S. Weather Bureau regional office in Fort Worth, who installed the instrument here last Friday, says this is part of a research project being conducted to enable weather experts to forecast more accurately severe storms and other radical weather changes.

There are 168 such instruments being installed over Texas at in-

tervals of about 40 miles. Charts are relayed to Fort Worth for further study.

The special study will cover the period Feb. 1 through August 31, the period during which most tornadoes strike, but the instrument will be left in Tahoka indefinitely for local public information.

The Tahoka Cooperative U. S. Weather Station, is kept by Frank Hill of The News, and records rainfall, snowfall, and high and low temperatures.

Lessen your speed and lengthen your life.

## Boys Do Well At Stock Show

Tahoka FFA boys showing livestock at the Fat Stock Show in Fort Worth last week and their sponsors, V. P. Carter and Lester Adams, came home last week end well pleased with their showing in the contests.

Not a single Tahoka calf and only three pigs were sifted out, and the animals showed well, comparatively. After sifting, there were 30 to 40 pigs in each class, and about 40 calves in each class.

In the Berkshire division, Lyndell Norman placed first in the medium weight class and showed the reserve champion of the breed. I. V. J. Melton's pig placed 6th and Walter Stice's 12th and 14th in the lightweight.

Durocs: W. H. McNeely, 5th on medium weight and 12th on heavyweight.

Poland China: Larry Hickerson, 14th on medium.

Hampshire: Garland Huddleston 3rd and Elbert Roberts 5th on medium weights; Carroll Edwards 3rd, Wendell Norman 7th, and Joe Autry 8th on light weights.

Herefords: Walton Terry, 9th in heavy weight; I. V. J. Melton, 13th on light weight and 18th on medium; Robert Draper, 18th on light weight.

Angus: Walton Terry, 16th on medium weight.

All the pigs and the Angus calf were to be sold at the show, and other calves returned for showing in the Lynn county show.

## MEEKS BABY GAINS

The tiny son of Mr. and Mrs. Othell Meeks born at Tahoka Hospital Jan. 21 and weighing only 2 pounds 5 ounces, is reported to have gained 34 ounces Wednesday after having lost weight the first few days. Hospital attendants hope it will continue to gain.

The infant will likely remain in the incubator until it reaches about five pounds in weight.

Lindell Norman, 14 year old Future Farmer from Tahoka, son of Mr. and Mrs. W. H. Norman, showed the first place medium weight class Berkshire barrow at the Southwestern Exposition and Livestock Show in Fort Worth Saturday.

Young Norman went on to show his pig as reserve champion of the Berkshire breed. The animal was selected, fitted and showed under the directions of Lester D. Adams, and V. P. Carter, teachers of Vocational Agriculture in Tahoka High School.

## O'Donnell Show Date Is Feb. 19

Plans have been completed for the O'Donnell Community Junior Livestock Show, which will be held there on Saturday, Feb. 19, sponsored by the businessmen of that city.

James Reed, O'Donnell Vocational Agricultural teacher, and Bill Griffin, county agent, report FFA and 4-H boys expect to enter 71 pigs, 19 calves, and 8 lambs in the show.

The show lot will be across the street west from Ellis Chevrolet Co.

The committee of business men raising the premium list and making other show arrangements is composed of Homer Hancock, Weldon Martin, John Ellis, J. W. Gardemire, James Forbes, and Ralph Beach.

The O'Donnell boys will also show their stock at the Lamesa show on Feb. 24, 25, and 26, and at the Lynn County show in Tahoka on March 4 and 5.

## BABY DEAD AT BIRTH

A baby boy born to Mr. and Mrs. Yador Martinez at 9:30 Saturday was dead on arrival. Stanley-Jones Funeral Home was in charge of grave side funeral services Sunday afternoon in Tahoka Cemetery.

## SMITH IMPROVING

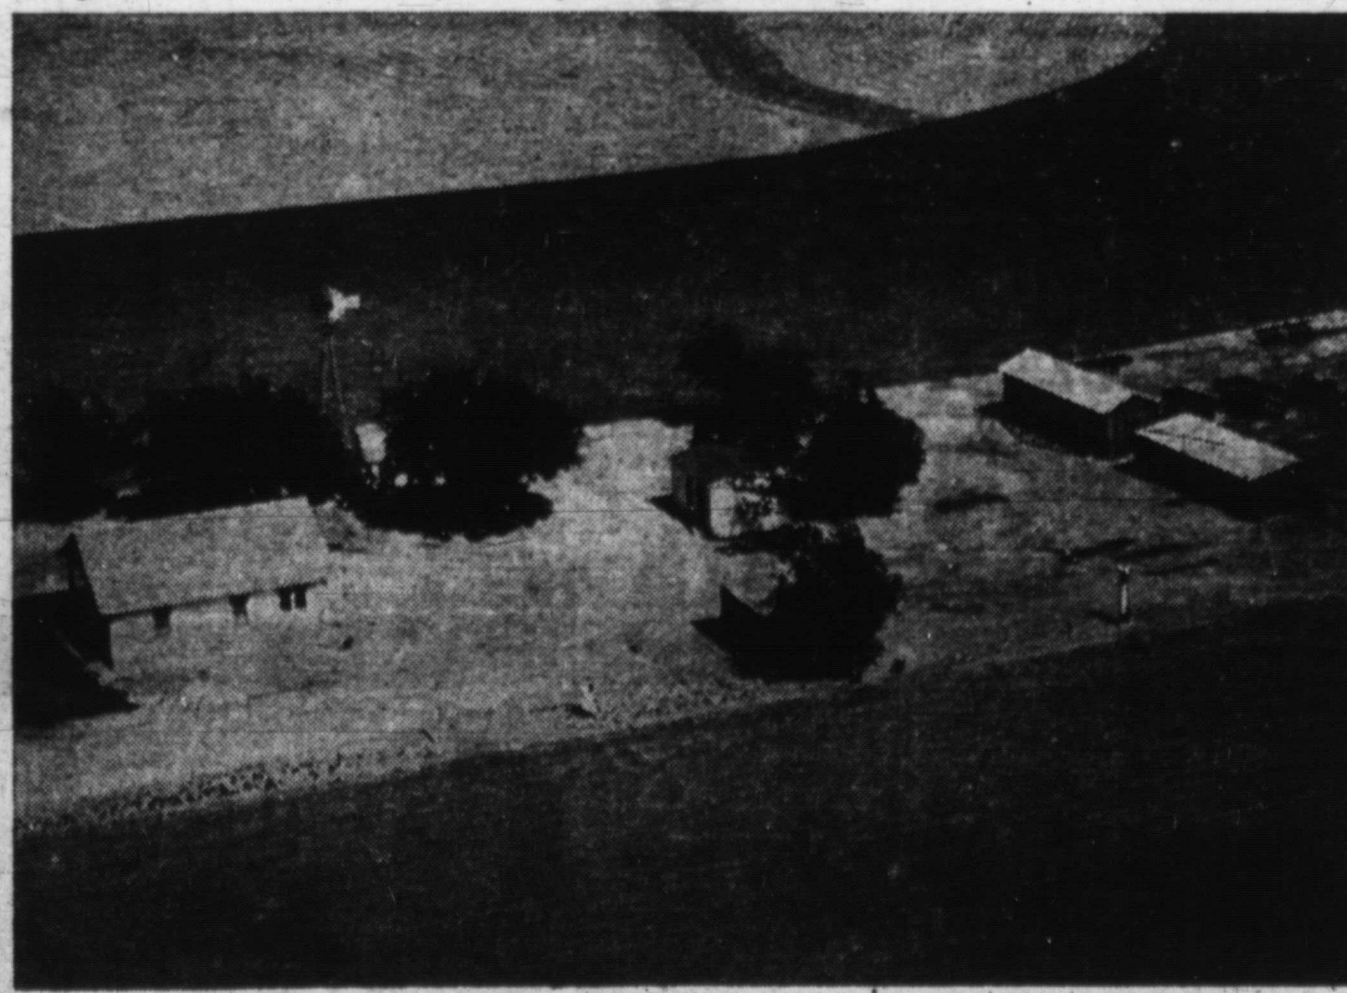

O. L. Smith, teacher in the local schools, who suffered a mild "stroke" in Lubbock several days ago, is reported to be improving nicely and on the road to complete recovery.

R. E. Lee, who has been a patient in the Veterans Hospital at Big Spring for five and a half months, has returned to his home and is doing fine.

MEET IN GERMANY—Sgt. Jack Reed, left, and Cpl. Robert Dean Adamson, right, both of Tahoka, serving with the U. S. Army in Germany, recently were enjoying a week end leave together in Frankfurt, where the above picture was taken. Jack is stationed at Wuzburg and Robert at Hanau.

## "Lynn County Mystery Farm" No. 30:

This is some Lynn county farm home? First town and first rural reader to call The News and correctly identify it will each receive six month's credit on their paper. Also, a free enlargement of the picture will be presented the farm owner on calling at The News.

KAY K. MOORE, CHAIRMAN  
ELMER BLANKENSHIP  
LONNIE HOWELL

The Lynn county Soil Conservation District Board of Supervisors compiled and approved its Annual Report for 1954 at their last regular meeting. Highlights of 1954 were reviewed and goals were set for 1955. Many accomplishments were reported for the year and the Board is well pleased with the amount of conservation being applied to the land.

"This is encouraging," Kay K. Moore, Chairman of the Board, stated, "But we must continue to move on toward the goal we have set. A goal which, when reached, will include every acre in the Lynn Soil Conservation District in a conservation plan. This would place upon the farmer and rancher the responsibility to use each acre according to its capabilities and treating it according to its needs. We have the

**Income Tax Service**

Located in Nowlin Building.

utmost faith in the judgment of the Lynn County farmers and know that we can count on them for their continued cooperation in soil and water conservation."

Since the first application was received November 29, 1942, there has been a continuous increase in the cooperation between farmers and the Lynn County Soil Conservation District. There are 730 active cooperators with 210,166 acres working with the District. Soil Conservation Service of the U. S. Department of Agriculture has made available technical assistance by assigning specialists to the District to give farmers aid in contour farming, cover cropping, rotation hay and pasture crops, stubble mulching, proper range use, terracing, diversion construction, installing permanent irrigation land, and improving water application.

The procedure of allowing the farmers to become Direct cooperators on a part or all of their farm without a complicated conservation plan, before assistance could be provided is being used and has proved effective. By giving a farmer assistance on problems that he is interested in at present and working toward a plan for his entire farm our technical assistance can reach more people.

It is the responsibility of the technicians of the Soil Conserva-

tion Service to help the farmers in preparing their plans and to assist them in establishing conservation practices.

The District sponsored a tour during which farmers and businessmen viewed conservation work being applied in Lynn county. Because of the success of the tour, the Supervisors have planned several farmer get-togethers for the coming year. A Grass Clinic will be held February 17 in the Lynn County Courthouse by J. C. Ebersole, Management Agronomist for the Soil Conservation Service. Other activities planned are the Farmer-Stockman Tour in June, Annual Soil Conservation Tour in August, and Soil Evaluation School to be held in October.

Many results of conservation practices were reported by the District. Plantings of improved pasture grasses drew considerable attention this year with Blue Panic grass proving to be successful both dryland and under irrigation. Leroy Davis, Price Thomas, and G. D. Wells reported good stands and excellent grazing from their Blue Panic grass pastures.

A complete terrace system on the L. A. Forsythe farm has reduced runoff of rainfall and stopped erosion. Forsythe stated that his terrace definitely increased his grain sorghum yield.

Bench leveling on irrigation land was a major conservation practice this year. N. B. Hancock completed bench leveling on his entire 160 acre farm and also installed underground pipe to deliver water to most of it. Hancock produced approximately one and three-quarters bale of cotton per acre on 50 acres of bench leveled land. He attributes the high production to the bench leveling which enabled him to water the land more efficiently and to conserve all of the natural rainfall.

The use of soil building crops was more widespread this year. Kay Moore interplanted field peas with grain sorghum on 40 acres of bench leveled land. The field peas acted as soil builders and also shaded the row middle to prevent evaporation losses of irrigation water. Moore states that the yield of grain sorghums was increased and also the large quantity of residue left on the surface after harvest will aid the soil condition and protect it from wind erosion.

The Board of Supervisors expressed their appreciation for the attitude and cooperation of local businessmen. The Bankers of the District financed the publication to encourage use of cover crops to prevent wind erosion. The Commissioners' Court has

**"UNDER-COVER STORY" AT NEW HOME CLUB**

"The Under-Cover Story" was the topic for discussion by the Agent, Miss Wanda Roach, when the New Home H. D. Club met Thursday, Jan. 27, in the home of Mrs. Clyde Ashcraft, Jr.

Roll call was answered by "How I Can Improve My Posture."

Mrs. Joe D. Unfred was elected delegate to the District meeting in Morton April 28.

The Club voted to help in the concession stand during the Junior Fat Stock Show at Tahoka March 6th and 7th.

A donation was made by the Club to the March of Dimes.

We will also assist the Cub Scouts' Blue-Gold banquet, to be held in February.

THDA achievement pins were presented Mrs. W. C. Thompson and Mrs. Morris Renfro for outstanding work accomplished during the year.

Mrs. N. B. Hancock and Mrs. K. K. Moore received a lovely blouse each in appreciation for their efficient leadership as president and secretary for the past two years.

Mrs. Ashcraft served lovely refreshments of pie, cake, and coffee to Mesdames Morris Renfro, Robbie Gill, Carlisle Edwards, Joe D. Unfred, Dick Turner, E. R. Blakney, Aubrey Smith, L. C. Unfred, G. B. Mayfield, Virgie Haley, W. C. Thompson, N. B. Hancock, J. W. Edwards, L. R. McCormick, and Miss Roach.

**NEW HOME BAPTIST WMS CELEBRATES "JUBILEE"**

Women of the W. M. S. of the New Home Baptist Church enjoyed a social celebrating the Diamond Jubilee of Texas Woman's Missionary Union Monday morning, January 31.

Mrs. Boswell Edwards gave the devotional. Mrs. L. W. Goad led in prayer.

Mrs. W. C. Thompson conducted several enjoyable games, after which delicious refreshments were served to Mesdames Grady Gore, R. L. Clements, Frank Lisemby, Lowe, Carlton Davies, J. W. Edwards, N. H. Cromer, J. B. Edwards, W. C. Thompson, L. R. McCormick, Waymon Smith, L. W. Goad, by the hostess.

Our next meeting will be Monday, Feb. 7, with Mrs. W. C. Thompson. Mrs. Frank Lisemby will teach the Bible study. All women are urged to be present.

**CARD OF THANKS**

We wish to thank all the people who helped us during and following the loss of our home and its contents by fire—the Fire Department, business people, friends and neighbors. We especially thank Mrs. Dan Curry and the other ladies for the wonderful shower. It's really nice to have such friends.—W. A. Arnes and family.

continued to provide office space for Soil Conservation Service and District Supervisors without charge. The Lynn County News, Lubbock Avalanche Journal, and radio station KFYO, Lubbock have been cooperative in using news stories prepared for the District.

The report expressed gratitude to the following agencies for their Plan of Operations for the District: Soil Conservation Service, Extension Service, ASC Program, Vocational Agriculture Teachers, Veteran's Vocational School, and Farmer's Home Administration.

The Lynn County Soil Conservation District has purchased several pieces of equipment to assist farmers with various special conservation operations. The items are: grass drill, 3-row legume seeder, land plane, 5 yd. carryall, scrapers, grass seed boxes, transit level, sparkling meters, and drawdown gage. Vocational Agriculture teachers in Wilson and New Home are custodians of the equipment in their communities. Ellis Barnes at O'Donnell and Leroy Davis at Draw. These pieces of equipment are available for use by cooperators of the District.

The District Annual Report shows a fine record of progress for the Lynn County Soil Conservation District. If you are not a member of the District, check with the Supervisor in your community and ask him to sign you up. Conservation does not mean disease, it means wise use.

**Rheumatism, Arthritis, Neuritis Sufferers GIVEN NEW HOPE FOR Relief of Pain**

Discover new medical discovery... AR-PAN-EX works directly through blood stream to offer blessed relief from nagging misery. AR-PAN-EX also helps reduce Uric Acid and to alleviate pain. See us today about guaranteed AR-PAN-EX tablets.

WYNN COLLIER, DRUGGIST

**School Menus For Next Week**

Menus for next week to follow:

Monday: Meat loaf, whipped potatoes, English peas, peaches, hot rolls, Butter, milk.

Tuesday: Steamed franks, Navy beans, cabbage salad, cherry cobbler, corn bread, butter, milk.

Wednesday: Hamburgers, fresh tomatoes, potato salad, fruit jello, butter, milk.

### Abernathy Is Coming Tuesday

With only four more conference games to go, Tahoka goes to Slaton next Friday night for boys and girls games, and will entertain Abernathy here next Tuesday night.

Boys B team game begins at 6:00 p.m., the girls game at about 7:00, and the boys A game at 8:00.

Gainerd-McNeely, Tahoka player out for the past four or five games with an injured hand, may be back in the line-up for tonight's game.

#### Split With Spur

Last Friday night at Spur, the A team boys won a close game 65 to 61, but the girls lost to the Spur girls by a score of 52 to 34.

The boys game was close all the way, although Tahoka led most of the time, and both teams were very "hot" at hitting the basket. Fitts got back to normal and hit 29 points.

Tahoka led at the end of each quarter 15-14, 33-27, 51-47, and 65-61. At one point, however, Spur led by five points, and on one occasion Tahoka led by eight. Coach Jake Jacobs said it was one of the Bulldogs' better games of the year.

#### The box score follows:

Tahoka	FG	FT	F	Pts.
Gordon Smith	2	5	2	9
Carlton Bell	4	0	3	8
G. Huddleston	6	1	3	13
Duane McMillan	0	0	0	0
Junior Fitts	10	9	0	29
Jerry Williams	3	0	2	6
Totals	25	15	10	65
Spur	FG	FT	F	Pts.
George McAteer	3	9	2	15
Don Snodgrass	6	2	0	14
Enecy	6	0	4	12
Bruce Johnson	5	0	4	10
Dyess	4	2	2	10
Totals	24	13	12	61

#### Girls Out-Distanced

The taller, more experienced Spur girls proved too much for the Tahoka Girls. By quarters they led 8-5, 24-13, 45-20, and 52-34.

For Spur, Alexander hit for 29 points and Gordon had 10 points. For Tahoka, Dolores Gage hit 13 points, Susie Smith 10, Frances Autry 6, and Virginia Gable 5 points.

#### Levelland Wins

Class AAA Levelland Lobos got revenge on the Bulldogs there Tuesday night with a 74-48 victory. They had previously defeated Levelland 73-68. Tahoka could do nothing right in this game against a tight Lobo defense, and Fitts, Tahoka king scorer, could not get going.

L. W. Castleberry was high for Tahoka with 12 points, and Gordon Smith had 10.

### Milton Draper In Tarleton College

Stephenville Feb. 3.—David Milton Draper, son of Mr. and Mrs. Buel Draper of route 4, Tahoka, is now attending Tarleton State College. Draper is a freshman majoring in agriculture. He graduated from Tahoka High School in 1954, where he was an outstanding band member.

### County Baptists In School Here

Sunday School workers from the Baptist Churches of Lynn County will meet together in the First Baptist Church of Tahoka for he study of the Bible and better teaching methods next Monday through Friday nights. Clifford Harris, pastor of the First Baptist Church, is directing the school.

The following courses will be offered:

"The Book We Teach," taught by Rev. Stewart, O'Donnell.

"Ministry of Visitation," taught by Rev. Martin, Wilson.

"Six Point Record System," taught by Mrs. Clifford Harris.

"Soul Winning Doctrines," taught by Rev. Woolery, Tahoka.

"Baptist Distinctives" taught by Rev. Blake, Wells.

The following Method books will be offered: Adult in S. S., Art of teaching Intermediates, Junior S. S. Work, Primary S. S. Work, Teaching the Beginner Child and Nursery Dept. of S. S.

Provisions will be made for the youth who can come. The following courses will be offered for them: "Winning Others to Christ" for 13 to 16 year olds; "The Junior and His Church" for 9 to 17 year olds; and "Bible Stories," films, and rhythm band for those four through eight years.

A nursery will be provided for those under three years.

This effort, state-wide, is the greatest training effort ever made by Southern Baptists. The churches hope to have well over 200 enrolled in this study, and people from other faiths are welcome if they wish to take advantage of the school.

The school will meet at 7:30 each evening and will close at 9:00. At the 15 minute intermission period each evening, there will be either an inspirational speaker or a teaching film.

### Miss Sue Miller and Rollin McCord, Jr., Married In Home Ceremony Tuesday

Miss Sue Miller became the bride of Rollin McCord, Jr., Tuesday afternoon at 2 o'clock in a double ring ceremony performed by Rev. Clifford Harris, pastor of the First Baptist Church, in the home of his parents, Mr. and Mrs. Rollin McCord.

The bride is the daughter of Mr. and Mrs. Roy Miller.

Given in marriage by her father, the bride wore a suit dress of eggshell, and her accessories were also of eggshell. She carried a white Bible with a bouquet of red roses.

Mrs. Ed Miller played Lohngryn by Wagner as the wedding music.

Miss Annabelle Decker was the bridesmaid, and Harry Lee Short was the groom's best man.

At the reception following the ceremony, Misses Jackie Stephens, Bobbye Draper, and Mariana McGinty presided at the serving table. Mary McCord, sister of the bridegroom, presided at the bride's book.

The table was laid with eucalyptus imported maderia linen. The centerpiece was a floral arrangement of white roses with wedding bells, flanked by double white tapers. The three-tiered wedding cake was topped with a miniature bride and groom.

Guests included immediate members of the two families.

The couple left immediately after the reception on a wedding trip to Ruidoso, New Mexico.

They expect to return here Friday, and on Saturday the bridegroom will return to the West Coast, where he is stationed with the U. S. Navy. He expects to ship out for service in the Pacific at an early date.

Both parties were born and reared here, and attended the local schools.

W. C. Harvick, Sr. is seriously ill in Tahoka Hospital this week.

Speed does not pay, speeders do.

### Name Men For Bureau Work

N. E. Wood, president of the Lynn County Farm Bureau, announces a committee of local members will attend the special meeting in Lubbock Monday, at which the February membership drive will be discussed.

Appointed to attend the meeting which will be from 2 p. m. to 9:30 p. m. are Lewis Allsup, a director, and Roy Askew, Alton Greer, H. T. Duff, and Lloyd Mears.

Other members of the membership committee are: Alfred Krause, Kevill Coffman, Arlys Askew, Warren G. Waldrep, W. E. Bartley, Joe D. Unfred, Frank Lisemby, E. R. Blakney, Dick Turner, H. O. Hargett, Butch Ingle, J. W. Gardenhire, N. T. Conner, T. L. Weaver, and Erwin Sander.

### Spelling Bee At New Home PTA

The New Home PTA met Thursday evening, Jan. 27th in the high school.

The devotional was given by Larry Edwards, after which a humorous reading, "Foolish Questions," was given by Edwina Overstreet.

A spelling bee was conducted by Mrs. C. O. Head, Mr. Gordon Gaines, and Mr. Reginald Webb for some of the students from the 4th through 8th grades. Approximately 50 students participated in the bee, which was won by Walter Jasper, son of Mr. and Mrs. Walter Jasper, New Home.

Billy Ray Smith, daughter of Mr. and Mrs. Rayford Smith, is in Tahoka Hospital with pneumonia and measles.

There's no profit in having the right-of-way if the other fellow has a truck.

### Cold Weather Engine Care

College Station, Jan.—Water allowed to form inside tractor and auto engines during cold weather can cause corrosion and excessive wear, cautions W. L. Ulich, extension engineer.

About a gallon of water forms for each gallon of fuel burned. Under ordinary engine operation, Ulich says, this water passes from the engine through the exhaust. But in cold weather vapor may be forced past pistons and into the oil pan. There it condenses into water, and forms sludge.

High operating temperatures and oil changes recommended in the operator's manual helps prevent such damage, says the engineer. Warm the engine several minutes before putting it under load, he advises, a high operating temperature keeps oil hot, vaporizing water in oil pan. In addition, regular oil changes remove the sludge-water from the engine crankcase.

Ulich advises tractor and car drivers to keep radiator temperature above 160 degrees. Operating temperatures up on 180 degrees improve fuel economy.

Thermostats and radiator covers will help maintain the necessary radiator temperatures during the coldest weather, Ulich adds.

### Miss Janelle Toler To Wed Thursday

Mr. and Mrs. John F. Toler invite friends to attend the wedding of their daughter, Janelle, to Kelley Ragland, son of Mr. and Mrs. L. E. Ragland of Levelland at 6:30 p. m. Thursday, Feb. 10, in the First Baptist Church.

Rev. Sid Martin of Wichita Falls, uncle of the bride, will read the double ring ceremony.

Friends are also invited to the reception following the ceremony.

## J. E. Fortenberry Thinks Lynn Farming The Best

J. E. Fortenberry of New Home is owner of "Mystery Farm No. 29," located a mile north and a half west of that town.

J. B. Edwards was the first rural reader of The News, and Joe Lewis the first Tahoka reader to identify it. Others were Mrs. John Edwards, Mrs. Dick Turner, Mrs. James Walker, Mrs. Charles Armontrout, Mrs. Betty Smith, Will Harris, Mrs. Claude Brown, Mrs. Dot Allsup, and Virginia Smith.

The Fortenberrys' son-in-law, Marlin Maloney, has been farming the place the past five years; but this week Maloney and his family are moving to an irrigated quarter he has bought near Ropes.

J. E. who has been living in New Home, will move back to the farm. It is a half section irrigated place. He has one of the best irrigation wells in the county. This eight-inch well was drilled in 1947, and he irrigates about 175 acres from it, mostly cotton. He has a small three-inch well at the house with which to water a garden and about 25 acres of the farm, and plans to drill another well soon.

Mr. Fortenberry usually feeds out a bunch of cattle as a sideline. He has a small acreage in alfalfa, about five acres.

He was raised at Rockdale, Milam county, and after service in World War I came to Lynn county from Merkel in 1919. He bought his present farm in 1934, and was married in 1935 to the former Nan Halford at New Home. They have two daughters, Mrs. Mentha Ruth Maloney, and Miss Nita Faye, the latter a student in Abilene Christian College, and two grandchildren, Linda Marlene, age four, and Rickey Maloney, age two.

The News asked Mr. Fortenberry how he got his nickname "Hickeybo." He said, his brother T. L. Fortenberry, who now lives in Kerrville but who still owns a section of land at New Home, acquired the nickname "Jibo" while working in the oil fields. Then somebody applied the name "Hickeybo" to him, J. E., to go along with "Jibo."

"This is the best farming country in the state," J. E. declares.

### Baptist Ladies Continue Study

The W. M. U. of the First Baptist Church met last Monday to continue studying the book on Alaska. The following number were present in each circle: Walker, six; Sallee, five; Sharpley, six; and Wingo, seven.

Next Monday we will meet in circles for Bible study in the following homes; Walker Circle with Mrs. E. J. Cooper; Sallee Circle with Mrs. Carl Williams; Sharpley Circle with Mrs. Ivan McWhirter; and the Wingo Circle with Mrs. J. C. Womack. The topic to be discussed at these meetings will be "Repentance."

May each lady avail herself of the opportunity to come and study the Bible together.

### SWEET STREET BAPTIST CHURCH

The Sweet Street Baptist Church had an increase in attendance Sunday. They were very spiritual services. Five came for rededication.

The Woman's Missionary Society met in the home of Mrs. R. G. Medlin for an old-fashioned quilting party. A covered dish lunch was served.

The Brotherhood and Womens Missionary Society are sponsoring a Sweetheart Banquet on Monday, Feb. 14, in the church recreation hall. A King and Queen will be crowned.

Everyone is cordially invited to attend the church services.

The Boy Scouts of America submits an annual report of Congress which granted the organization a federal Chapter in 1916.

## Bureau Planning Member Drive

Farm Bureau membership acquisition efforts in 51 counties in Texas will be given a "shot in the arm" at a state-wide captain's meeting Feb. 7, in Lubbock, according to N. E. Wood, president of The Lynn County Farm Bureau.

Purpose of the one-day meeting at the Lubbock Hotel is to give recognition to the voluntary membership leaders who will master-mind membership campaigns during the Spring months. A similar meeting will be held Sept. 22 in Austin for the counties which hold Fall membership drives.

Speakers at the Lubbock meeting will include J. Walker Hammond, Waco, president of the Texas Farm Bureau; and Roger Fleming, Washington, D. C., secretary-treasurer of the American Farm Bureau Federation.

Attendance at the meeting is limited exclusively to county membership chairmen and community membership captains. Door prizes will be given at the meeting.

The state-wide Spring Round-up of members will be Feb. 14-19, with drivers set for kickoffs on Feb. 14 where possible.

Counties planning Spring drives include: Childress, Collingsworth, Deaf Smith, Donley, Hall, Lipscomb, Wheeler, Bailey, Castro, Cochran, Crosby, Floyd, Hale, Hockley, Lamb, Lubbock, Lynn, Motley, Parmer, Swisher, and Yoakum.

Also Haskell, Knox, Collin, Cooke, Fannin, Grayson, Hill, Hunt, Bowie, Hopkins, Lamar, Howard, Tom Green, Callahan, Jones, Anderson, Houston, Leon, Milam, Williamson, Comal, Goliad, Victoria, Brazoria, Colorado, Matagorda, and Washington.

Lynn Halamicek, student in the University of Texas, was home over the week end visiting his parents, Mr. and Mrs. Paul Halamicek.

## O'Donnell Pioneer Dies In Lubbock

Robert Edgar Austin, 78, a resident of the O'Donnell area for 50 years, died early Saturday in a Lubbock hospital after an illness of about a week.

Following Primitive Baptist Church services, burial was in the old Plainview Cemetery near O'Donnell.

## LEWIS COWAN GETS DEGREE AT HOUSTON

Lewis Cowan, son of Mrs. E. L. Smelser, arrived home last week from Houston, where he has been attending the University of Houston for several years.

He has just completed work for his B. A. degree in Journalism. He could not accept a permanent job, as he expects to enter the Armed Forces in a few months.

Every time is train time at a grade crossing.

## Baby Left With Pioneer Settler

(By BEN MOORE)

The late John Luttrell and family had gotten well settled in Lynn county, along about 1902, when they saw a covered wagon coming across the prairie, an extra horse being led along.

A man and his wife and small child spent the night with them, as was expected in those days.

Next morning, the couple explained that they would like to hitch up an extra bronc to give it a bit of experience before passing out of the country, but, fearing that a runaway might kill the baby, they conveniently left the infant with the Luttrells.

As the hours dragged by, Luttrell began to suspect a ruse was used to dump an unwanted baby upon his family.

Saddling his own horse, Luttrell, after hours of hard riding, rounded up the outfit. The stranger took a look at the settler's Winchester and turned back after his, or "somebody's", baby.

Thus closed one of the many unusual happenings of those days.

## PETTY CLUB MEETING WITH MRS. HODGES

Petty Handi-work Club met in the home of Mrs. H. C. Hodges on Jan. 27. It was an all-day affair. The March of Dimes Fund quilt was quilted.

There were ten members and two visitors. Most of the men met there for lunch. Each member brought a covered dish and we had a nice lunch, as well as

getting the quilt quilted. Next meeting will be Feb. 10 in the home of Mrs. Bernie Wright.

## BROWNFIELD PREACHER AT DRAW METHODIST

Rev. Vernon Henderson, superintendent of the Brownfield district, will fill the pulpit Sunday at Draw Methodist Church, Rev. Silas Dixon, pastor, announces.

Please bring your title and 1954 license receipts.

## J. E. (Red) BROWN

Lynn County Tax Assessor and Collector

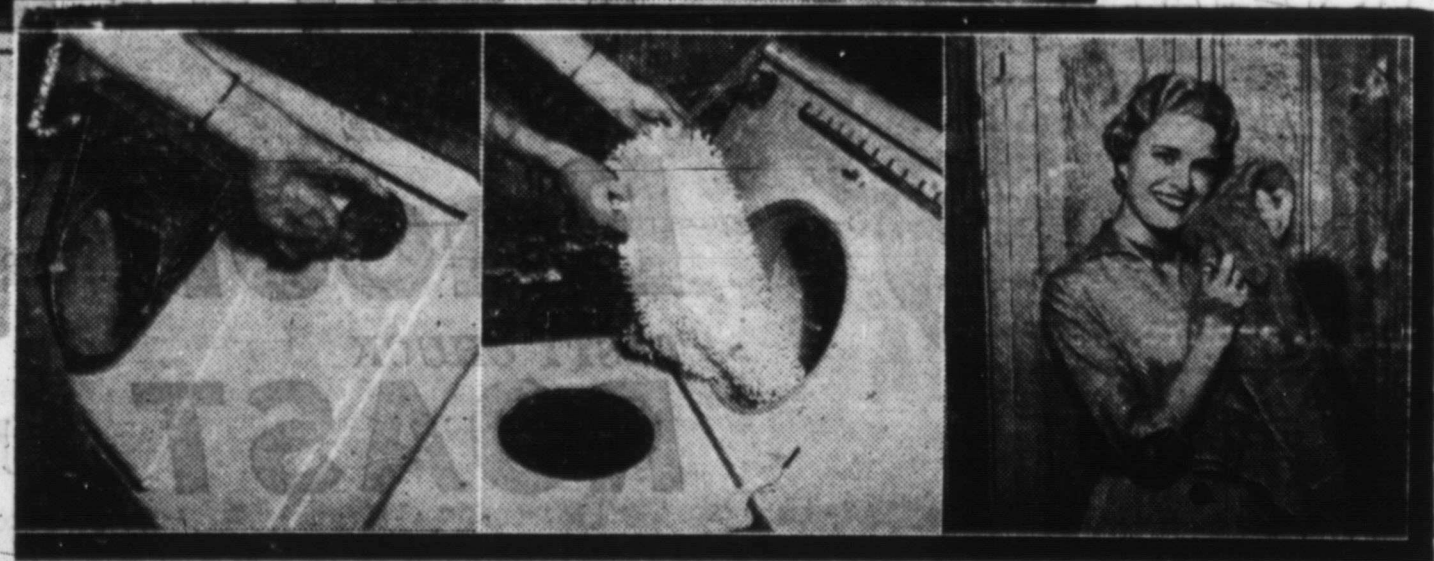

"Smile away 'Washday Blues' with an ELECTRIC Clothes Dryer!"

"I really had the washday blues when I had to hang clothes on the line. Besides the long walk out to the line, and lifting that heavy clothes basket, there was always the uncertainty about whether the clothes would be dried right."

"That's all gone now with an electric clothes dryer, and I have a smile — and time for a coffee break — on washday. What's most important, I know the clothes will be dried perfectly and I've ended the lugging and lifting."

says

Mrs. Bill Bates  
3603 37th St.  
Lubbock,  
Texas

Ladies, the lugging out to the clothesline adds up to one-third of a mile every washday, and the lifting, by the end of a year, is the same as picking up a two-ton load.

Be like Mrs. Bates, instead of lifting on washday, get a lift with an electric clothes dryer.

### Edith Aldridge Buried Monday

Funeral services for Miss Edith Aldridge, 20, daughter of Mr. and Mrs. Herbert Aldridge, killed in a car wreck Wednesday of last week seven miles south-east of Jacksboro, were held Monday at 3 p. m. at the First Baptist Church.

Rev. A. G. Gage of Lubbock, former Redwine Baptist pastor, and Rev. Clifford Harris, local pastor, officiated.

Company F, Army ROTC, Texas Tech, of which she was "sweetheart," acted as pallbearers, and girl friends of the deceased at Texas Tech served as flower girls.

Miss Aldridge and a boy friend, James Phillip McGee, 22, of Fort Worth, both students in Texas Tech, received fatal injuries near Jacksboro at about 1:40 a. m. Wednesday when the Aldridge car, driven by McGee, crashed into the rear of a truck. She died about an hour and a half later and he about three hours later in a Jacksboro hospital. The couple were en route to Fort Worth to visit his parents and Edith was to join her parents in that city the next day to visit Mrs. Aldridge's sister.

Doctors at Jacksboro said Edith was apparently asleep when the accident occurred.

Sundae before last, Edith had been maid of honor at the wedding in the First Baptist Church here of her sister, Jerolene, to Joe Brooks. Funeral was delayed until Monday pending return of the couple from their wedding trip.

The newlyweds, not knowing of her death, did not arrive home until 6 a. m. Sunday. Newspaper stories, radio broadcasts, and police and sheriff's departments had been used in an attempt to find the couple. The couple left Bixoxi, Miss., about noon Saturday and drove directly home, not knowing of Edith's death until they reached Tahoka.

#### MRS. OFFIELD RESIGNS

Mrs. Gladys Offield, secretary of the Lynn County Farm Bureau has resigned, and Mrs. Cloe Havins has been employed to succeed her. President N. E. Wood announced.

### At Methodist S. S. Training Meet

Eighty-five workers from eight area Methodist Sunday Schools attended the Educational Institute held at the First Methodist Church of Tahoka Monday night.

The group consisted of pastors, Sunday School officers and teachers, and courses were taught for adults, youths, and children, respectively, by Chas. Luttrick of Lubbock, Conference executive secretary; Rev. James Patterson of Meadow, and Mrs. Uel Crosby of Lubbock.

Preceding the study session, a covered dish luncheon was served in Fellowship Hall.

Methodist pastors present with their Sunday School teachers were: Rev. J. B. Stewart of Tahoka, and 26 local teachers and officers; Rev. Patterson, Meadow; Rev. R. O. Browder, Ropes; Rev. Silas Dixon, Draw; Rev. Clifford Mayo, Grassland; Rev. Hugh Daniels, New Home; Rev. Marvin Mennefee, O'Donnell; and Rev. Lynward Harrison, Wilson.

### Harris Will Teach Pilgrim's Progress

More copies of the Bible have been sold than any other book ever written.

"Pilgrim's Progress" is second on the best seller list. It is one book every Christian should be familiar with, but surprisingly few have ever studied it. It is the story of a man who is conscious of his "burden" of sin who sets out on his journey to the "Celestial City." He encounters many interesting problems.

Rev. Clifford Harris, pastor of the First Baptist Church will illustrate the book in a very unusual way as he teaches it to adults and youths.

The teaching will begin each Sunday night at 7:05 p. m. and close at 7:35 until the book is finished.

The unusual presentation is sponsored by the Training Union for the entire church.

Mr. and Mrs. Lawrence Evans of Lubbock were here Tuesday for the Carl Griffing funeral and spent some time visiting old friends.

Mrs. Vernon Willhoit is a medical patient in Tahoka Hospital.

### WANTED BY THE FBI

CLARENCE DYE with aliases Jockey Dye, "Jock"

Unlawful flight to avoid prosecution—armed robbery

DESCRIPTION: Age 44, born July 5, 1910, Pad. W. Va.; height, 5 feet 10 inches; weight, 140 pounds; build, medium; hair, brown; eyes, blue; complexion, fair; race, white; nationality, American; occupations, waiter, cook, bartender, ship fitter, welder, laborer; scars and marks, several small pit scars over face, scars over left eyebrow, blue scar over right eyebrow, small cut scar on right index finger, tattoo of initials "C. D." on right forearm.

A Federal complaint was filed at Akron, Ohio, on November 9, 1951, charging Dye with unlawful flight from the State of Ohio to avoid prosecution for the crime of armed robbery.

Dye is probably armed and should be considered extremely dangerous.

Any person having information which may aid in locating this fugitive is requested to contact the nearest office of the FBI, the telephone number of which appears on the first page of local telephone directories.

### Father of Tahoka Lady Is Buried

J. M. Young, 82, a resident of Tokio community for 30 years and father of Mrs. Dave (Beulah) Hubbard of Tahoka, died at his home Sunday afternoon.

Funeral services Monday at Brownfield Church of the Nazarene were conducted by Rev. John R. Ferguson of Wellington, formerly of Grassland, and burial was in Brownfield Cemetery.

Rev. and Mrs. Ferguson visited friends here Tuesday while en route home.

Mrs. T. W. Spears, who recently underwent major surgery in Tahoka Hospital, is now improving nicely.

### Essay Contest On Conservation

"Why We Must Conserve Our Soil and Water" is the subject for the 1955 Soil Conservation Essay Contest. Any boy or girl in elementary, Junior high or high school can enter. The essay must be original and not over 300 words in length. There will be prizes for the winners in Lynn Soil Conservation District, and the winners will be presented at the Chamber of Commerce Banquet in March. There are other prizes too, for those who will have time to get their essays into the Soil Conservation Service office before February 12, 1955. The winner of the State Contest will receive a wonderful vacation trip. Other prizes totaling \$250, and 100 medals will be awarded to the winners.

It's an easy essay to write, and so much fun to gather the information. You can talk to conservation leaders, read books and articles on the subject. You can write of what you see and what you think about inconsidering the need for care and conservation treatment for our great assets—our soil and water.

Plan today to enter the essay contest. If you haven't time for the state contest you will have time for the Lynn County District contest. Ask your teacher about it, or any one of the Supervisors in the Lynn County Soil Conservation District. The Supervisors are Kay K. Moore, New Home; E. L. Blakney, Wilson; Walter Dubree, Draw; Ellis Barnes, Wells; and Lonnie Howell, Tahoka.

#### CHARLEY SCHULZ IS NOW IN THE MARINES

Charley Schulz, son of Mr. and Mrs. Charley Schulz of Dixie, left Jan. 25 for San Diego, where he will train with the Marines.

Charley is a graduate of Tahoka High School, spent one year in the University of Houston, and was a student in Texas Tech when he entered the service.

Melvin Brookshire and family have moved to an irrigated farm west of Plains, Yoakum county.

### Mrs. Barna Haney Dies At Roscoe

Mr. and Mrs. L. C. Haney attended funeral services in Roscoe Monday for their sister-in-law, Mrs. Barna Haney, who died there last Saturday night after a brief illness. Funeral services were conducted in the Roscoe Methodist Church at 2:00 o'clock Monday afternoon, followed by burial in the Roscoe cemetery.

Survivors include her husband, one son, William Haney of Roscoe, one daughter, Mrs. Joe D. Garland of Odessa, and five grandchildren.

Barna Haney, oldest brother of L. C. of this city, is a long-time druggist of Roscoe. His wife, whose maiden name was Estelle Gasland, was a sister of Judge J. E. Garland of Lamesa, well known in Tahoka by reason of having acted as special judge in the district court here on several occasions during the incumbency of Judge Gordon McGuire as the regular judge.

Barna and Miss Estelle were married in the middle 'teens and she was esteemed as one of the most useful and popular women in the town of Roscoe.

#### GEORGE LIGHTFOOT CAME HERE IN 1901

George Lightfoot, who lives west of O'Donnell, was in Wednesday to subscribe to The News, and told a bit of interesting early day history of the county.

He said he filed on the "chimney mills" section of land out in T-Bar pasture west and a little south of Tahoka in 1901. At that time, there was a live-water spring in the draw near the W. J. Crouch place and another spring in the draw near the D. T. Rogers place, both on the watershed of Guthrie Lake.

#### CARD OF THANKS

I deeply appreciate the friendly interest shown in my welfare by so many people in Tahoka during my stay in the hospital. May God bless you all.—O. L. Smith.

The Boy Scout's magazine, "Boys' Life" now has over a million circulation each month.

#### MRS. COOPER HOSTESS TO DIXIE H. D. CLUB

Mrs. E. J. Cooper was hostess to members of the Dixie Home Demonstration Club Wednesday in her home.

Roll call was answered with each member giving "How to grow Old Cheerfully."

Conducted a business session, after which Miss Wanda Roach, county Home Demonstration agent presented an interesting talk and showed pictures on buying and caring for your clothes. Dressing well is a game.

Refreshments were served to two visitors, Mrs. N. O. Townsen and Mrs. E. F. Bagby, Miss Roach

and 10 club members.

The next regular meeting will be February 16 in the home of Mrs. J. H. Cobb.

#### CARD OF THANKS

We wish to express our appreciation and thanks for the sympathy shown us in the recent death of our loved one; to Mrs. Neely Brooks and Mrs. Paul Pittman, who opened their homes to our family. Your kindness is something that will always be remembered.—The Cecil Todd, E. G. Pittman, J. E. Aldridge, T. R. Aldridge, S. V. Johnson, and J. L. Cooper families, and Mrs. Mattie Fuller.

## Pat Hines Tells of Progress In City Sanitation and Water Departments

Pat Hines, City water and sewer superintendent, told of progress made by the Tahoka water and sanitary facilities during the 32 years he has been here in a talk at the Rotary Club Thursday noon of last week.

When he came here in 1909, Mr. Hines said Tahoka was a pioneer frontier town of wooden buildings with no water or sewer systems. Outdoor toilets lined the alley, and these, together with three wagon yards, a livery barn, and numerous cow, hog, and chicken pens, contributed to the breeding of flies and rats.

People thought little of sanitation in those days, but just let a stock-trailer stop in the residential section today and there will be a dozen calls at City Hall from people complaining that the odor is terrible and that flies are eating them up.

In 1929, a private company installed a sewer system here. This system was bought by the City in 1940, and has been enlarged to serve most of the town. At the time the City bought the system there were only one hundred connections. Today there are 700.

However, there still are sections of Tahoka that have no sewer, and there are outdoor toilets, hog pens, chicken pens, and uncovered slop barrels where flies hatch out faster than they can

be killed by the City sprays. As long as this situation exists Tahoka will be troubled with flies.

There are occasions when little can be done about the mosquitoes. Last summer for example there was a sudden infestation of mosquitoes which hatched out over-night. He says the experts have found that these hatches possibly happen in this manner. Eggs previously laid, even the summer before in dry lake beds and barrow ditches, suddenly hatched out following a rain. These eggs may lay dormant throughout the winter.

Pat went to work for the City power plant Jan. 1, 1923, and transferred to the water department in 1926 with the sale of the power plant.

When he went to work, the City had two windmills and three or four electric pumps on small wells. The open wells and the open ground reservoir were not at all conducive to a healthful water supply.

In the late 1930's the State Health Department sponsored the passage of legislation regulating city water supplies and requiring water superintendents to have an operator's license. After several years' study, Mr. Hines got his license in 1942.

Since then he and the City councils have developed the Tahoka water system to where it has 100 percent approval of the State Health Department.

When the new reservoir pipe lines and booster station were erected in 1946, all wells were closed in, and a chlorinator installed. Every well drilled is flushed with chlorine, as are all pile lines and reservoirs before being put in use.

Four water samples are taken each month, and periodically they are sent to the State Health Department for analysis. Tests have ever since been perfect, he says, and Tahoka is credited with having one of the most healthful water supplies in Texas.

Water and sewer men of this area have an organization, the Permain Basin Water and Sewer Association, which meets monthly in some area town to study ideas. This group will meet in Tahoka on March 15 at the school cafeteria, and all interested Ta-

## The Lynn County News

Tahoka, Texas, February 4, 1955

### MUNNS MOVE TO FARM NEAR DENVER CITY

Mr. and Mrs. Marvin Munn ed farm seven miles west of Denver City. The half-section farm has a 10-inch well and a six-room home.

The Munns recently sold their home just north of Tahoka to N. S. Woods of Seminole. Mr. Munn's mother Mrs. Sara Munn, and Mr. and Mrs. Chester Short will move to the house.

Tahoka citizens are invited to attend in order to inform themselves on the efforts being made by the group in water and sewer matters.

Rotarians Herman Heck, also a member of the City Council, introduced the speaker.

Bill Postma of Lubbock, head of the South Plains area Boy Scout Council, also spoke briefly on the work of the Scouts and in regarding to the upcoming financial drive in Tahoka. He said there are now 6,000 boys in Scouting in this Council, and 10,000 are expected five years hence, in the area bounded by New Mexico line on the west, Spur and Matador on the east, Lamesa on the south, and Tulia on the north.

Wynne Collier made the official welcome into Rotary for Tom Bartley, who joined the club a few weeks ago.

### Gordon News

MRS. EARL MORRIS  
Correspondent

Mr. and Mrs. Howton Haire were in Lubbock last Wednesday attending the funeral of her brother, B. O. Stotts, who died on Monday with a heart attack.

Mrs. Lee Mason is at home after undergoing a major operation in Methodist Hospital, Lubbock.

Mrs. Susie Bradshaw of San Francisco, Calif., is visiting her son-in-law and daughter, Mr. and Mrs. Robert Lee Hagler and daughters.

Mrs. L. L. Corbell attended a "pink and blue" shower in Lubbock Friday night honoring her daughter, Mrs. J. P. (Bess) McMahon.

Miss Dollie Shelton is in Amarillo visiting her sister, Mrs. Myrtle Dement.

Mrs. Hub Haire and Johnny visited the Clyde Haires Friday.

A number of people from this community were in Woodrow last Friday afternoon attending the funeral of Claud Cooper. The Cooper family lived here for several years before moving to Woodrow.

Mr. and Mrs. John Fleming of Tahoka spent the week end on their farm here.

## Water District Director Named

Roger Blakney and H. D. Dean were elected committeemen for the next three years of the High Plains Underground Water Conservation District, it has been announced by the Board of Directors following an official canvass of the return from the recent election.

W. O. Fortenberry was elected district director for another term.

The five-man board is now composed of Joe D. Unfred and Arthur E. Hagens, whose terms expire next year; E. L. Blankenship, who has two years to serve, and the two newly elected committeemen.

Mrs. Mary K. Woods of 2627 Kimsey, Dallas, formerly of Tahoka writes The News: Guess Big D is OK for people who like it, but give me good old West Texas, where the sand blows." She says they are not getting enough moisture there.

### HEADS JUNIOR SHOW

Bill Griffin, Lynn county agent, will again serve as superintendent of the fat steer division of the South Plains Junior Fat Stock Show in Lubbock March 14-16.

Kenneth Carter writes that he has recently been transferred from Arp to Gainesville, and that he likes that place real well. He works for an oil company.

is your front end steering straight?

Your Buick probably steers so sweetly on the road, it's hard to realize that thousands of travel-miles and millions of bumps may have put the front-wheels out of alignment.

Yet a little misalignment can scuff a lot of mileage off your front tires—and make control less sure.

It's an easy matter for us, with our special equipment, to give your whole front-end assembly the check-up it should have periodically. Drive in soon, why don't you, and let our experts make sure your Buick is tracking true?

## Is your "dream" car in this picture?

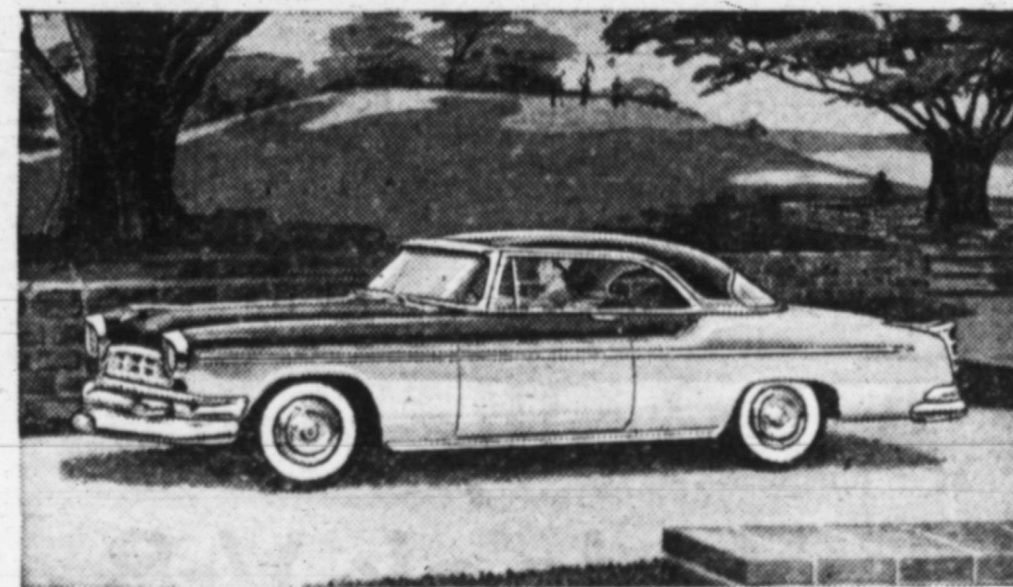

"Buick's spectacular Century Series, with 9-to-1 compression, provides highest power-to-weight ratio and most power per dollar."

"The Coupe, Cadillac's lowest-priced 1955 model, features a Cadillac precision-built overhead valve 250-horsepower V-8 engine."

"The Metromatic Chevrolet offers a 'Turbo-Fire V-8' and two new 'Blue-Flame' 6's. Model shown: the Bel Air Sport Coupe."

"New-styled Chrysler New Yorker DeLuxe St. Regis... with world's most powerful engine design: hemispherical-combustion FirePower V-8."

## Here's why it deserves Conoco Super Gasoline with TCP

...the fuel designed for today's hi-compression engines!

Regardless of make or year, your car will benefit from Conoco Super Gasoline, the fuel that combines a controlled higher-octane rating with all power benefits of TCP!

Whether you're the proud owner of one of these 1955 beauties... or are still getting dependable service from your present car... isn't it time you benefited from Conoco Super Gasoline with TCP? Make no mistake about it! Here is no ordinary fuel, but an astonishing new kind of gasoline that sets free every ounce of power packed into today's wonderful high-compression engines... a gasoline that virtually tunes up any engine by the time you've finished your second tankful!

Feel that powerful difference today! This week, start using Conoco Super Gasoline with TCP... after two tankfuls, you'll see why the greatest gasoline development in 31 years became the greatest success in gasoline history!

### THE BENEFITS OF TCP

PROVED BY OVER 8 MILLION USERS!

1. TCP boosts your car's power as much as 15% (because it neutralizes power-robbing lead deposits in your car's engine).
2. TCP gives you extra gas mileage (motorists report up to 3 miles more per gallon).
3. TCP is just like an engine tune-up (because you enjoy all your car's built-in power).
4. TCP increases spark-plug life up to 150% (because it actually fireproofs your spark plugs).
5. TCP is your guarantee of Top Car Performance (because it brings out all the extra performance of Conoco Super's higher-octane rating).

# Odds AND Ends

(BY E. I. THE ELDER)

Miss Emma Jewell Ross told us through this Column last week of the extreme scarcity of water in the city of Jerusalem when she was visiting the Holy Land a few years ago. Presumably this was the normal condition of the city respecting its water supply. So scarce was it that water for purely domestic purposes had to be parceled out among the families of the city in mere dribbles, as it were. Even for drinking, cooking, and bathing purposes the people had to be skimpy in the use of water, and we suspect that none at all except waste water could be used for flower gardens and shrubbery.

Travelers from Cairo, Egypt, to Jerusalem, had to pass through a desert, and most of the Sinai

Peninsula and vast areas east of the Jordan clear on to the Euphrates River were desert lands.

And yet the city of Jerusalem, founded thousands of years ago, is still a living city, small, rugged, generally non-progressive and unattractive, but even so, it is still a little fleck on the earth's surface for which Jew and Mohammedan and Christian alike are striving for the mastery.

Strange it is that in spite of this scarcity of water and numberless other barriers it has continued to live on and on through these many hundreds of years and during most of the time has had a prominent place in the lime-light in the ever-changing galaxy of nations.

And that reminds me that little more than a generation ago, all this south plains country was regarded as almost worthless desert land.

Here and there throughout the region were natural basins or sinks of varying depths and sizes—part-time lakes—some of them containing at rare intervals small quantities of water, a few of them containing much larger quantities of water the year-round, some times for several years in succession. Most of these are still in existence. Some of the smaller ones have practically disappeared since most of the land has been put in cultivation. Before the coming of the farmer, little surface water was to be found on these plains, none except that which was brought to the surface by the cowman's windmill. Prior to the coming of the cowman, there was no surface water on these plains except that found in a few of the lakes. It was then the land of the buffalo and of Comanche Indian camps at a few of the lakes, especially at those

which were fed by spring water, such as Cedar Lake in Gaines county, and Tahoka Lake and Double Lake in Lynn county, and a few others. The surface of the plains elsewhere was, for all practical purposes, mere desert land. One of the tragic events of the history of the south plains was the perishing of a company of Uncle Sam's Negro soldiers who became lost and suffered terrible deaths from thirst right here in Lynn and neighboring country, not counties for the country had not been divided into counties at that time.

Some time after Coronado's exploit across these plains, then treeless, somebody drove stakes into the ground and marked a route to follow in crossing the plains, and hence the region came to be called the stake plains.

That's how scarce water was on these plains a hundred years ago. Now they have found so much underground water and are pumping so much of it to the surface for irrigation purposes that the people of the Gulf coast from Corpus Christi to Houston are becoming alarmed for fear that we are going to dry up all their springs and convert their land into a desert.

The legislature right now is considering bills designed to solve the water problem created by irrigation pumps over this plains country. It's a stranger situation than they have in Jerusalem.

Where does this underground water come from? Well much of it comes from the rain and the snow that fall on these wide extended plains and sink into the soil. Some of it may come from snows that fall and melt and sink into earth's crevices in the roaring Rockies.

I am just wondering, Miss Ross, if the rain and the snows that fall on massive old Mount Hermon and on the lofty Lebanon, if impounded as they melt, might not some day be utilized to irrigate great areas of the Syrian Desert. But now I am going to let Miss Ross tell us about old Mount Moriah.

"It is on the eastern edge of the city of Jerusalem opposite the Mount of Olives and above the Garden of Gethsemane across the Vally of Jehoshaphat," she reminds us. "Its top is a plateau containing some thirty-six acres, or about one-sixth of the city inside the wall. It has been said that Mount Moriah is one of the two oldest parts of the world—the other being Mount Sinai where Moses received the Ten Commandments—for, according to some geologists, the first part of the earth that solidified when the world took form was the summit of these, two mountains. At any rate, the Rock of Mount Moriah is without doubt the holiest place on the face of the globe. The top

of Mount Moriah is known as 'The Temple Area.' Most of the Temple Area is bare except for the pavement and some sections of colonnades. The objects of greatest interest are 'The Dome of the Rock,' and 'The Mosque of El-Aksa.' They are today very much as they were left by the Omayyad Caliphs in the eighth and ninth centuries.

"When the first Jewish invasion of Jerusalem took place under King David (about B. C. 1,000) David built an altar which is believed to have been on the great Rock of Mount Moriah, the Rock which, according to Jews, Christians, and Moslems alike, is the place upon which Abraham built his altar for Isaac, one of the most beautiful stories of faith and love recorded in all of literature.

"God called Abraham and said, 'Take now thy son, thine only son Isaac, whom thou lovest, and go into the land of Moriah; and offer him there for a burnt offering upon one of the mountains of which I will tell thee.'

"And Abraham rose up early in the morning, and saddled his ass, and took two of his servants with him, and Isaac his son, and the wood for the burnt offering, and went unto the place of which God had told. Then on the third day, Abraham lifted his eyes, and saw the place afar off. And he said unto his servants, 'Abide ye here with the ass; and I and the lad will go yonder and worship, and come again to you.' And Abraham took the wood of the burnt offering, and laid it upon Isaac his son; and he took the fire in his hand, and a knife; and they went both of them together.

"And Isaac spake unto Abraham his father, and said, 'My father; and he said, 'Here am I, my son.' And he said, 'Behold the fire and the wood; but where is the lamb for a burnt offering?' And Abraham said, 'My son, God will provide himself a lamb for a burnt offering;' so they went both of them together.

"And they came to the place which God told him of; and Abraham built an altar there, and laid the wood in order, and bound Isaac his son, and laid him on the altar upon the wood. And Abraham stretched forth his hand and took the knife to slay his son. And the angel of the Lord called unto him out of heaven and said, 'Abraham, Abraham;' and he said, 'Here am I.'

"And he said, Lay not thy hand upon the lad, neither do thou anything unto him; for now I know that thou fearest God, seeing thou hast not withheld thy son, thine only son from me.' (From Genesis 22:2-13)

The next dramatic incident that Miss Ross relates with re-

spect to Mount Moriah relates to an event in the life of David when he was King of Judah. He bought from a man named Ornan a threshing-floor situated on the nearly level top of Mount Moriah, which is believed to have occupied the very spot where Abraham was about to offer Isaac as a sacrifice to God when the angel of the Lord called out from heaven and stayed Abraham's hand. The account of the transaction shows that God was directing this affair just as he had directed the outcome of Abraham's threatened destruction of the life

of Isaac, for it was this very spot that God selected as the site on which the first great Temple of the Lord, since known as Solomon's Temple, was to be built. After reciting briefly the David-Ornan translation, which is recited at some length both in I Chronicles and in II Samuel, Miss Ross proceeds with her story of the sacred mountain. And now again, we quote.

"Solomon built on Mount Moriah his palace and temple, a wonder of antiquity. It takes all of chapters six and seven in I Kings (Cont'd. On Next Page)

to Jerusalem by Cyrus the Great. The second temple, it appears, was far less splendid than the first, for the tribes had been impoverished by war and exile. This temple was also destroyed, King Pompey's conquest of B. C. 63.

"A third and last temple was erected by Herod the Great eighteen years before Christ. He wished to conciliate his Jewish subjects by building them a new and more splendid temple. It is of this, the Temple of Herod, that we possess detailed descriptions by Josephus. The whole edifice must have been ornate and imposing to a degree. One inscription from the temple, written in Greek, has been found; it is in the Imperial Museum at Istanbul (Constantinople), and is a sign warning all Gentiles on pain of death not to enter the temple's inner court. . . Herod's temple was never completed as planned, but it was in use for nearly a century. In this temple occurred the scenes of Christ's ministry. It was here that he talked with the priests as a boy of twelve—(Luke 2:46-47) and from here he drove out the money changers. This temple was destroyed by the Romans under Titus in A. D. 70"

This Columnist may come back to this theme of "Temples" some day and give you Miss Ross' description of some of the pagan and Mohammedan temples that later were built in Jerusalem, to other scenes of interest in but just now I would rather turn the sacred city. So now we quote Miss Ross again.

"On the east wall of the Temple Area, overlooking the Valley of Jehoshaphat, is the Golden Gate which is closed and has been closed for centuries. Tradition has it that Jesus used this gate on the occasion of His Triumphant Entry into Jerusalem. The present gate is undoubtedly of Roman origin. The prophecy concerning the Golden Gate reads: 'The Gate of the outward

### Wilson News

MISS JUANITA MURRAY Correspondent

The Wilson basketball teams lost all of their games this week. Tuesday night they played the Roosevelt teams. The girls lost by 28 points and the boys lost by about the same score. Friday night Wilson played the Shallowater teams and lost to them also. The girls lost by 18 points and the boys lost by about 18 points. Both games were played away from home last week. This week we play Cooper Tuesday night at Cooper and Friday night we play Southland on the home court.

Mr. and Mrs. J. T. Fountain and family of Amarillo and Mrs. Bill Deaver, and Karen of Slaton visited in the home of Mrs. H. T. Fountain Sunday.

Mr. and Mrs. Hugo Maeker and family visited in the home of Mrs. Maeker and family of Sulphur Springs last weekend. They visited in the home of Mrs. Crowson's mother, Mrs. M. J. Self and in the home of Mr. Crowson's parents, Mr. and Mrs. R. B. Crowson.

Junior Hagens and Mr. and Mrs. Thomas Autry visited in Wilson over the week end.

Junior visited in the home of his parents, Mr. and Mrs. Author Hagens and girls and Mr. and Mrs. Autry visited in the home of Mrs. Autry's parents, Mr. and Mrs. Walter Steinhauser and Marion.

Mrs. Pearl Davidson and Ann visited their son and brother, Mason, who is stationed at Fort Bliss. Mason is leaving soon for overseas duty. Mason returned home with his mother for an overnight visit. Mason returned to Fort Bliss Sunday afternoon where he will leave for a 2-year overseas tour.

The Rev. and Mrs. John Martin and Mr. and Mrs. Charlie Lichey and several other Wilson people attended the meeting that was being held at the First Baptist Church at Lubbock this week. The speaker for this meeting was Angle Martinez.

Mr. and Mrs. E. W. Roe of Tahoka moved to Wilson over the weekend. We are very glad to have them as new residents in Wilson.

Wednesday night at the Methodist Church they had their Quarterly Conference. The Rev. Vernon Henderson, the Brownfield Dis-

trict Superintendent, was there to carry on the business meeting. After the business meeting there were about 30 members remained for fellowship.

Mr. and Mrs. Norman Augusten and family of Lubbock visited in the home of Mr. and Mrs. H. T. Duff Saturday night.

The Rev. Lynward Harrison, pastor of the Methodist Church, along with about 25 other Brownfield pastors attended the Ministerial Retreat at Ceta Canyon, The Methodist Camp near Canyon, Texas.

Misses Dorothy Knippling, Elvrene Maeker and Verlene Ehlers all of Wilson and Miss Adrenne Lehman of Sagerton and Marvin Stegemoeller of Lubbock and Junior Becker of Southland attended the Officers Teachers School at Seguin this weekend. Misses Knippling and Verlene Ehlers also visited with their sisters, who are students at T. L. C.

Myrna Kaatz, Judson Hewlett and Javan Schneider visited Miss Patsy Jones who was visiting in the home of her parents, Mr. and Mrs. Lee Jones and family over the weekend. Patsy is a patient in the Polio Center at Plainview. Patsy is allowed to come home over the weekend. We are very glad to hear that Patsy is able to be home over the weekends now.

Mr. and Mrs. Glen Ward attended the funeral services of Mr. Claude Cooper at Cooper Baptist Church Friday.

Mr. and Mrs. H. J. Campbell and Shirley visited in the home of Mrs. Campbell's parents, Mr. and Mrs. D. J. Anderson of Merkel over the weekend.

Mr. and Mrs. Glen Ward and family visited in the home of Mrs. E. M. Hillyer and Wallace Sunday for dinner. The occasion was the celebration of Mrs. Hillyer's birthday.

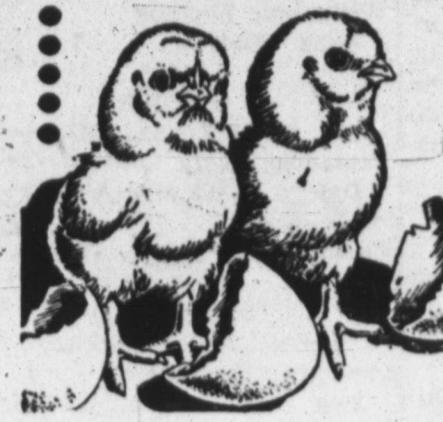

Mr. and Mrs. Floyd Gulker and daughter of Slaton were visitors (Con't on back page, Sec. 2)

DALE THUREN FARM STORE

**HOTTEST BUICK IN HISTORY**  
No wonder you see so many 1955 Buicks on the highways—they're rolling up bigger sales than ever in history—topping the popularity that has already made Buick one of the "Big Three."

**In Price, too, it is one of the "Big Three"**

THE 1955 BUICK SPECIAL delivers locally for less than some models of the 2-Door, 6-Passenger Sedan, Model 48 (illustrated), so-called "low-price three." COME IN AND CHECK!

MOST PEOPLE still don't believe it. But it is true.

And when you look into the facts, you'll find these two solid truths:

Buick is one of the "Big Three" in sales volume—and hotter this year than ever before. And Buick is one of the "Big Three" when it comes to prices which make such popularity possible. The price tag we'll show you proves it.

So why not get what a Buick has to offer, if you are in the market for a new car?

You find that the dollars you pay for Buick buy you a lot more automobile—and the sheer satisfaction that comes with bossing a brawny traveler of this caliber.

You find it in the record-high V8 power that

gives life to this spirited performer. You find it in the soft and level and cruiser-steady ride that comes of all-coil springing and torque-tube stability. You find it in the extra roominess, the extra frame strength, the extra tread width, the extra silencing—all part and parcel of every Buick.

We could tell you about the little things, too. Things usually charged for as "extras" in other cars, but yours as standard equipment at no extra cost in every Buick. Things like direction signals, oil-bath air cleaner, full-flow oil filter, automatic lighting in glove and trunk compartments—and so on.

But—you get the idea. This is a buy, this '55 Buick—a great buy—and a thriller from the instant you press its gas pedal. Come in this week and check things for yourself, won't you?

Thrill of the year is Buick

## Wilson News

(Continued)

Sunday night in the home of Mr. and Mrs. H. T. Duff.

The Junior Class of Wilson High School ordered their Senior Rings today.

Mrs. M. L. Murray and daughter Juanita visited in the home of Mr. and Mrs. Emmett Fleming Sunday after noon.

Mr. and Mrs. Weldon Newton and family of Tye, visited in the

home of Mrs. Newton's parents, the Rev. and Mrs. Lynnward Harrison and son, Lynn, over the weekend.

Miss Shirley Hewlett visited in the home of her parents, Mr. and Mrs. H. H. Hewlett over the week end. Shirley is a student at Hardin Simmons University.

Mrs. M. L. Murray visited Mrs. Ruth Fleming at the West Texas Hospital Friday. Mrs. Fleming is recovering after an operation.

Jimmy Coleman returned home Friday from the Army after a 2-year stay in the service. We are very glad Jimmy is back with us after his absence. He will return to El Paso for his final discharge the last of this week.

The Rev. and Mrs. Lynnward Harrison, Mrs. J. O. King and Mrs. Alice Davis attended the Education Mission Study at Seagraves last week. Bishop Martin was the main speaker at the meeting.

Mr. H. B. Summerland of Mount Pleasant visited in the home of his sister, Miss Ethel Summerland over the weekend.

The WSCS met Tuesday in the home of Mrs. Grover Coleman. There were about twelve ladies present for the meeting. They are now studying India, Pakistan and Ceylon.

Mr. and Mrs. Roy Taylor of Seymour were here the first of the week visiting his parents, Mr. and Mrs. C. T. Tankersley. Roy, who operates a fishing camp at Lake Kemp, says crappie fishing is the best it has been since he has lived there.

## Pvt. John Toler Writes Interesting Letter On Customs of Japanese

Pvt. John Toler, son of Mr. and Mrs. J. F. Toler of Tahoka, is writing some very interesting letters to his folks on his service with the Army Intelligence in Japan.

John is a graduate of Tahoka High, received his B. A. degree in Journalism from Texas Tech in January, 1954. He entered the Army last March, and went overseas in November.

His letter, in part, follows: I just got back from Tokyo last night. Had a very nice time. I was on a three day pass, and being this time of month, I had neither time nor money to do very much. Ben (Benjamin Franklin III, and a descendant of the famous early American, with whom John became associated at Fort Riley, Kan.) and I had planned to go to an opera, but didn't make it. But, it cost very little to ride to Tokyo on the rail—only 900 yen, third class, that's \$2.50, and everyone travels third class.

Tokyo is really a beautiful city. It's the third largest in the world, with a population of more than 7,000,000. I saw the outside of the Imperial Palace. It is open to the public twice a year, one New Year's day and on the Emperor's birthday.

You said that you couldn't have read any letter I might receive from Shynu and Kanji—I don't know why; they both write and speak perfect English, and they're helping me to learn some Japanese.

I'll tell you about them now. Did I tell you that they're students at the Tokyo University? It was called the Imperial University before 1946, and is the best Engineering school in the Far East. They're both engineering students.

I met them in rather a strange way. I'd been in Sendai one afternoon and decided to return to the camp rather early in the

evening. When I got to the train station, I discovered that there was about 20 minutes before train time, so I went upstairs to the little coffee shop for a cup of coffee. I was the only person in the place except for two Japanese sitting at a table near me.

Presently, one of them twisted in his seat and asked me how long I'd been in Sendai. I told him, though I thought it was a rather bold thing for a Japanese to do. Pretty soon we got into a conversation, and they moved over to my table when they discovered that I'd been to college.

(On becoming better acquainted, John agreed to meet the two Japanese the following Sunday.) That was the most interesting day I've spent in Japan.

We wandered around over the campus of their University for a long time. It's larger than Tech.

We saw a very large shrine-gate, which was more than 300 years old. Then, as we were passing a shrine, a wedding happened to be going on. We saw part of it. The bride was wearing the most fabulous costume I've even seen.

We saw the public hall, a huge, modern building where many concerts are presented. Nearly all Japanese love classical music, and they say that it's sometimes hard to get tickets, and there are always people standing. Heifitz, the famous American violinist, was here not long ago.

After that, Shynu asked if I'd like tea. I said yes, so they took me to one of their wonderful tea shops. It's actually a coffee shop. They serve many kinds of coffee: mocha coffee (a Spanish type), coffee royale (with brandy), some kind of special mountain coffee, and many others. That's all they sell, except cake to eat with it. The shop is always filled with people, who sometimes stay for three hours and drink only one

cup of coffee. They came there to listen to the music. The owner has a great collection of classical records.

Then, Shynu wanted me to come to his house for dinner.

Kanji lives in Southern Japan, and stays at a boarding house here while going to school, and was very sad not to be able to take me to his house. When you are invited to a Japanese home, it's a sign that they like you very much.

The Sugawara house is very nice. It is two stories high, and, of course, is made in the Japanese style. You take off your shoes on entering. The floors in

the hallways and stairs are made of beautifully polished wood, and in most rooms the floor is covered with straw mats. The Japanese never paint their wood because they enjoy the natural color.

Shynu had to go down the street to get the housekeeper. His father and one brother live here with him. His mother and two older brothers, who are doctors, live in their house in the country. The father is a professor.

We went to Shynu's room and sat on cushions on the floor around the hibachi. A hibachi is a pot, made of beautiful ceramic in which they place hot coke. I've

been thinking of sending you one, mother, to put your oleander in. It would be perfect.

After we sat and talked a while, we were served some dish that was made of rice, beef, and some kind of sauce flavored with curry powder. It was delicious. We sat and talked until 11:00 a. m. about many things. My legs were sore from sitting on the floor, and I limped around all the next day.

John Foster, student in Texas A. and M. College, is home this week between semesters visiting his parents, Mr. and Mrs. I. L. Foster at Wayside.

## BANKING SERVICE . . .

Is sometimes taken for granted, but we are glad we can offer the people of our area many little services that cost you little or nothing—a safe depository for your funds, a checking service and a record of bills paid by check, etc. Also, we are always glad to consult with you on any financial or business problem.

## How the 1955 Mercury makes sense out of high horsepower

NEW 1955 MERCURY PUTS HIGH HORSEPOWER TO WORK AT NORMAL DRIVING SPEEDS WITH NEW SUPER-TORQUE V-8 ENGINE, DUAL EXHAUST, 4-BARREL CARBURETOR

Mercury gives you high horsepower you can use in all performance ranges—not just brag about.

More important than high horsepower alone is pickup, passing, hill-climbing power—more power for your everyday driving.

Everything about Mercury's new and advanced super-torque V-8 engine is designed to give you more usable power with super pickup in every speed range.

It's a short-stroke, low-friction design, with high-turbulence combustion chambers, full-vacuum automatic spark control—all specially engineered to squeeze more power out of every drop of gas.

And there are Mercury exclusives like:

1. A 4-barrel vacuum-operated carburetor for instant response. Only Mercury in its field offers it as standard equipment on every model.
2. A dual-exhaust system on all Montclairs and Montereys to cut power loss, and add

more efficiency and economy. Only Mercury in its price class has it as standard equipment.

3. High-compression spark plugs—a revolutionary new design—for peak performance at all speeds without overheating or fouling. Only Mercury has them in its field.

They all add up to a new kind of high-horsepower performance by Mercury—the car that's always used V-8 engines—built over 2,000,000 of them. We invite you to try the new 198-hp Montclairs, the 188-hp Montereys and Customs. Just stop in at our showrooms.
