Serving Tahoka and Lynn County Since 1903!

County Airport Plans Mapped

Plans for building a county-wide airport on the county park property northwest of Tahoka were made at a meeting here Tuesday night.

J. E. Nance was elected general chairman, and a committee composed of B. G. Smith of New Home, Ellis Barnes of O'Donnell, Roy LeMond of Grassland, Albert Wuensche of Wilson, and Clayton Beard of Tahoka.

R. B. Allen of Fort Worth, engineer for the Civil Aeronautics Administration, attended the meeting. He says the site is ideal, and the proposed runways would be adequate for any local need.

Men attending the meeting discussed ways and means of building the runways. They have hope of building one asphalt paved runway at this time, and another at some later date.

Lois Smelser and Fred McGinty have offered sufficient caliche free for building the base.

Sufficient room is available for building an east-west runway 2,500 feet long and a north-south runway 2,100 feet long.

These would be long enough for any private twin-engine machine, but not long enough for the large Army twin-engine machines.

A number of farmers are interested in the project, as an airport here would furnish a base for operations for crop dusters.

At the present time, there is no landing strip of any kind in Lynn county. As a comparison, Borden county has seven landing strips that can be used by small planes.

New Home Co-op Pays Big Dividend

About \$75,000 in cash dividends were paid out to customers Tuesday night by New Home Co-operative Gin at its annual membership meeting attended by a large crowd which almost filled the school gymnasium.

Preceding the program and the passing out of dividend checks, a barbecue dinner was served the crowd. Visitors were present from Lubbock, Wilson, Slide, and Tahoka.

The dividend payment was the largest in the history of the organization. In the last 20 years, the gin has processed 73,359 bales of cotton, net margins have been \$466,775, with an average net per bale of \$6.36. This last year, 9,642 bales were ginned.

Present board members are: Wilmer Smith, president; Roy Lee Williams, vice president; L. C. Unfred, secretary; Clyde Ashcraft, B. A. Morrow, Morris Renfro, and Dick Turner. H. Q. Sharp is manager. Turner was re-elected to the board, and E. R. Blankney was elected a new member to succeed Ashcraft.

The invocation was by Rev. Hugh Daniel, Methodist pastor. Wilmer Smith made a rousing talk in answer to the charge that Co-op gins do not pay taxes, in which he showed they meet all requirements of governing bodies the same as any other partnership.

Edwin C. Merriman of Lubbock presented the "rosy" auditor's report and heaped praise on the organization for its outstanding financial success.

L. C. Unfred read the minutes of last year's meeting.

Slide pictures of the Co-op Oil Mill and a talk were presented by Bill Whitacre of Lubbock; and other talks were made by John Ryan, vice president of the Houston Bank for Cooperatives; Dan Davis, director of the Oil Mill TV program on Channel 13 at 1:15 p. m. Fridays; H. Q. Sharp, gin manager; Ray Goss, manager of the Cotton Marketing Ass'n.; Dick McClung, office manager of the Co-op Compress; and John Gray of the National Cotton Council.

Brick Work Complete On Church Structure

Brick work on the \$55,000 Education Building annex to the First Baptist Church is being completed this week, and work of putting on the roof will start immediately.

Contracts have been let for the plastering and the mill work, and the workers, under direction of Everton Nevill, are about ready to start the inside work.

The 42 by 90-foot building, which joins the present building on the north, will house four nursery departments, three primary, the young married people, the married couples, and one adult department.

It will also contain a large, modern kitchen, and a combination dining room and fellowship hall 20 by 60 feet in size.

Other departments will remain in the basement of the main building.

Rev. Clifford Harris, the pastor, says members have hopes of building some time in the future a large new ground floor auditorium west of the present auditorium to face Lockwood street, the Brownfield highway.

Completion of the building will bring the value of the Church's property to \$150,000 or \$175,000.

DR. F. E. SWANNER

Dr. Swanner To Preach Sunday

Dr. Franklin E. Swanner, Missionary of District 9, will speak at the First Baptist Church Sunday morning, May 1, at the 11:00 service. This coming is sponsored by the Brotherhood of the First Church.

In his message, Dr. Swanner, will present the matter of the new boys' dormitory to be built at Wayland College by the Brotherhood of district 8, 9, and 10.

The men of District 9 in their convention several months ago discussed this matter and voted to accept this task. Later, they were joined by the men of the other two districts. A total of \$100,000.00 will be needed for the project, which will be known as Brotherhood Hall.

The Associational Brotherhood also accepted their goal to raise approximately \$5,000. The First Baptist Church goal on the membership basis will be approximately \$800.00. The men of the First Baptist Church have shown a distinct interest in this project and have been talking about it for some time. Dr. K. R. Durham is chairman of the local fund raising committee.

Garnolia School Visiting Cavern

A bus load of students from Garnolia School, accompanied by several parents and Principal Ivan McWhirter, wife, and son, are leaving this afternoon for the Carlsbad Caverns.

The party will leave following the "play day" contests held at Close City.

All rural schools of Garza county are participating in the play day event, which will consist of contests similar to the Interscholastic League track, field, and literary events. McWhirter says. McWhirter is in charge of the number sense contests and also the track and field contests.

Swimming Pool Opening May 14

Tahoka's swimming pool will open for two days on Saturday and Sunday, May 14 and 15, weather permitting, and then will be open daily beginning on May 21.

Milton Gardner, principal of North Elementary School, and Dean Wright, assistant coach, will operate the pool this summer for the city. Coach Bill Haralson and High School Principal Jake Jacobs have operated the pool the first two years.

Mr. Gardner states the pool will open at 2 p. m. on May 14 and 15. Admission prices will be the same as last year, 35 cents for everyone 12 year of age and older, and 15 cents for children. The wading pool is free.

Plans are under consideration to offer swimming lessons in the morning for those who are interested. Further information on the swimming course will be announced later.

Also one morning a week will be set aside for ladies only.

Tahoka city officials and the pool managers issue a special invitation to people of other communities to use the beautiful park here and the sanitary swimming pool.

Pat Hines and other City workers have done a fine job in getting the new City park ready for the summer. The grass is beautiful, the trees are growing rapidly, and there are several picnic units and playground equipment available for those wishing to use such.

In fact, many people are already using the picnic facilities on pretty days this spring.

Farmers Coop. Pays Out \$30,000

In spite of the sandstorm, 374 people were fed at the annual membership meeting of Farmers Cooperative Association No. 1 of Tahoka last Saturday at the local school cafeteria.

Program for the meeting was at 10 a. m. in the High School auditorium, with Cleve Littlepage acting as master of ceremonies.

Following the showing of two sound films on the Co-op tax set-up and in answer to charges that Co-ops do not pay taxes, E. J. Cooper gave the invocation, the auditor's report was heard, directors elected, and T. L. Weaver presented a sleight-of-hand show that the crowd enjoyed immensely.

T. B. Mason was re-elected a director, and T. D. Dunlap was elected a new director to succeed E. J. Cooper.

Members also voted to change their fiscal year so it will end on July 31, instead of March 31, in order to conform with the compress and oil mill fiscal year and in order that their dividend payments may be included in the local co-op's report.

The cooperative paid out about \$30,000.00 in dividends, \$2.00 per bale cash on the 6,802 bales of cotton ginned. Old stock amounting to \$17,000.00 was retired, and \$17,000 in new stock was issued. About \$2.30 per bale in new stock was issued. The auditor's report showed total assets to be \$248,266.95, and the only current liabilities being \$1,572.67.

USING TAHOKA PARK

Both sixth grade classes in the O'Donnell schools, together with their teachers and mothers enjoyed their spring picnic at the Tahoka City Park Thursday afternoon of last week.

Mr. and Mrs. Clovis Honeycutt last week visited in Austin with her son, James Hardy Eubank, and family. James Hardy is a senior in the University of Texas School of Law, and expects to graduate in August.

Mr. W. A. (Hattie) Yates entered Tahoka Hospital Wednesday as a medical patient.

New Home Voters Approve Bond Issue

School Survey Is Planned Here

The Citizens Advisory Conference on Education will meet in the Tahoka school cafeteria at 1:15 p. m. Tuesday, May 3, according to Mrs. Ruth Jolly, county superintendent.

The group will be composed of school administrators and representatives of all the school boards of Lynn county. Purpose of the group is to study the findings of the Texas Research League and try to determine the effect of its proposals upon the local schools.

The group will discuss the proposals and make a report of its recommendations for Lynn county to the Texas Education Agency.

Death Claims Mrs. J. H. Smith

Mrs. J. H. Smith, 81, pioneer resident of Lynn county and the New Home community, died at 7:10 p. m. Wednesday after an illness of about two years.

Funeral services were held at New Home Baptist Church at 3:30 p. m. Thursday with Rev. Robert Clement, the pastor, officiating, assisted by Rev. C. E. Strickland of Plains, her former pastor at New Home. Burial followed in Tech Memorial Park, Lubbock, under direction of Stanley Funeral Home.

Mrs. Smith, whose maiden name was Effie Cordelia Durham, was born in Anderson, South Carolina, on December 7, 1873. There, she was married to J. H. Smith in 1898. The couple came to Texas shortly thereafter and in 1907 they came from Jones county to New Home, where the couple has lived ever since.

She was a charter member of the New Home Baptist Church. Last Christmas day, she and her husband celebrated their sixty-fifth wedding anniversary.

Survivors include her husband; three daughters, Mrs. Hattie McManis of Lakeview, Mrs. Estier Odom of Lubbock, Mrs. Ruth London of Loving, New Mexico; four sons, Walter of Slaton, Wade of Petty, and Waymon and Wilmer of New Home; one brother, J. L. Durham, and one sister, Mrs. Ernest Dailey, both of Jasper, Alabama; 13 grandchildren, 20 great grandchildren, and many other more distant relatives.

Miss Ethel Callahan is a medical patient in Tahoka Hospital.

Mr. and Mrs. J. T. Brice returned Sunday night from several days' visit in Dallas and Coleman with relatives.

Improved Living Conditions Needed

Tahoka is rapidly becoming a town of which all its citizens may well be proud, its many new developments in the last few years have been dreams come true through the hard work of our civic leaders.

However, when the time comes that we do not realize the need of new improvement projects, the town will no doubt dry up.

One of the many needs Tahoka still has is that of a housing project for low income families. Perhaps more than one is needed, however, to serve our White people, Negroes, and Latin Americans.

Many of us have a lot of respect for these low income families and would like to see them living in neat quarters with the modern conveniences of plumbing, electricity and gas.

We believe in these people and that time will prove the value of such a project.

Not only would it result in benefit to the people, but also in the appearance of the town and to the health of all the citizens of Tahoka through more sanitary conditions.

It is not impossible for Tahoka to undertake such a development, for it has been proved otherwise in many communities all over the nation.

The citizens of Tahoka have done many wonderful things to improve our little city. The town now has many paved streets, fine churches and new schools, a park and swimming pool, a new municipal building, just to name a few. If the development of a housing project could become a reality, pride in our town would rise even higher.

We are not appealing only to your civic pride, but to the spirit of humanitarianism that dwells in every man and woman of our town.

If you, the citizens of Tahoka, are skeptical, we suggest you take a drive over town and see if you can honestly find that you would deny your fellow-citizens something better.

Let Tahoka help others to help themselves. Can our citizens accept and meet this challenge?

H. D. Ladies At District Meet

A number of Lynn county Home Demonstration Club ladies were attending the annual District II meeting of the Texas Home Demonstration Association in Morton Thursday.

Mrs. Wilmer Smith of New Home is the district vice president, and was in charge of the meeting.

Miss Wanda Roach, county H. D. agent, said the voting delegates were Mrs. T. A. Stone of New Lynn, Mrs. W. C. Maeker of Joe Stokes, and Mrs. J. R. Shelton of Gordon.

She says there are now about 150 women enrolled in the nine clubs in the county, each of which expected to have representatives at the District II meeting.

Home Demonstration Clubs now active are: Wells, O'Donnell, Draw, West Point, New Home, New Lynn, Joe Stokes, and Gordon.

Pay Out \$78,580 Wilson Gin Will

Farmers Co-op. gin of Wilson will pay \$78,580.00 in cash dividends to members and patrons on 8,520 bales of cotton ginned this past season at its annual meeting Saturday, May 7, at 2 p. m. The session will be in the Wilson High School auditorium.

Also at the meeting, there will be a report on the year's operation, and three directors are to be elected.

C. E. Campbell, president, E. J. Hewlett, secretary, and M. L. Murray, manager of the association, urge that all members and patrons attend the meeting.

No Cutter Vaccine Was Given Here

No Salk polio vaccine made by Cutter Laboratories was used in Lynn county, Dr. Emil Prohl, county health officer states.

Vaccine manufactured by this firm this week was found to be impotent, when it was found eight children taking this brand had contracted polio.

Tractor Contest Here Saturday

The annual boy's 4-H club tractor operator's elimination contest will be held at the Lynn County Fair grounds Saturday morning, beginning at 10 o'clock, according to County Agent Bill Griffin.

All 4H boys 13 years of age or older are eligible to enter. The winner will compete in the area contest at Texas Tech on May 7.

There will be an examination on tractor maintenance, and the boy will be required to tell the things he would do at the beginning of the day's operation. Second phase of the contest will be the driving of a farm tractor through a course laid out.

Farmers in charge of the contest are B. L. Hatchell, Cecil Hammonds, and C. E. Roper.

OIL TEST DRILLING

Houston Oil Co. No. 1 J. T. Henderson et al test southeast of Tahoka, in the Redwine community, is reported drilling between 4,700 and 5,000 feet. Location is a short distance east of the H. B. Howell test in which there were excellent showings of oil reported.

The test was delayed for some time by loss of drilling tools in the hole.

"Lynn County Mystery Farm" No. 42:

This is some Lynn county farm home? First town and first rural reader to call The News and correctly identify it will each receive six month's credit on their paper. Also, a free enlargement of the picture will be presented the farm owner on calling at The News.

**COME ON IN—
the price is fine!**

**Less than some models
of the well-known
smaller cars!**

UNLESS we miss our guess, a lot of surprised people are going to do some new back-of-an-envelope arithmetic when they see the low delivered price of the Buick shown here...

Because we know that many folks still don't realize how little a Buick really costs—that the dollar difference between this big Buick SPECIAL and the leading smaller cars has virtually disappeared.

Buick Sales Are Soaring As Never Before

But more and more of them are finding it out. And that's a major reason why Buick production and Buick sales are soaring to all-time highs today—and why Buick again is outselling all other cars, regardless of price range, except two of the well-known smaller cars.

Big reason, too, for this soaring popularity is Buick's full line of automobiles, giving you a choice in any price class—the rock-bottom-priced SPECIAL, the high-powered CENTURY, the supremely spacious SUPER, and the custom-built ROADMASTER.

But above all, more and more people are discovering that the price you pay for a Buick buys more sheer automobile than the same money buys elsewhere.

More advanced styling, more deep-down comfort, more pure power thrill, more ride steadiness and handling ease and solidity of structure.

More spectacular performance, too, from the modest extra cost of Buick's automatic transmission.

For here you get Variable Pitch Dynaflo† —the new wonder drive born of modern aeronautics to give you instant full-power getaway and acceleration when needed—and far better gas mileage when cruising.

Why not come see us this week, for sure? We'll be happy to have you test-pilot a new Buick, just for the sheer thrill of it—and show you quite clearly that if you can afford any new car, you can afford a Buick.

†Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick

Marvin McCord Dies Wednesday

M. E. (Melvin) McCord, 75, a former prominent citizen of the Grassland community, died Wednesday of last week in a hospital at Sacramento, Calif., after an illness of about three weeks. Burial there on Friday.

Mr. McCord and his family came from Alabama to Lynn county in about 1925, and farmed a mile west of Central Church, in which he was an active member, until 1941, when he and his wife moved to California to be near their children.

After going to California, he continued active in the Baptist Church, in which he was a deacon.

Although he had been in ill health about a year, he did not become seriously ill until recently. All his ten children were at his bedside when the end came.

He was a brother-in-law of Mrs. R. B. McCord of Tahoka, and had many other relatives here.

Mr. and Mrs. Carlise Edwards and son visited the Marvin McCords, he being her uncle, last Christmas.

Surviving are the wife; five sons, Claude and Travis of Sacramento, Emmett, Ivan and Brooks of Santa Rosa; and five daughters, Mrs. Chas. (Leona) Bogar and Mrs. Don (Aurelia) Thomas of Sacramento, Mrs. Ronald (Madeline) Ketchum and Mary Sue of Oregon, and Mrs. Tommy (Bernice) Maronovich of Botts, Montana.

ST. PAUL LADIES VIEW FILM STRIP

St. Paul Ladies Aid Society met Sunday, April 24, in Wilson. The devotion was led by Mrs. G. W. Heinemeier. The topic, a filmstrip entitled "Building For Christ," was presented by Mrs. Heinemeier.

The meeting was attended by the following members: Mrs. R. E. Behrend, Carl Herzog, Felix Nolte, Monroe Talkmitt, B. G. Wied, Cecil Wied, G. W. Heinemeier, Alvin Kaatz, Hubert Teinert, Melvin Wuensche, and Miss Louise Menzel. Mrs. Howard Moerbe visited the meeting.

The District of Columbia had a delegate in Congress for four years, 1871-1875.

The U. S. owns almost 50 per cent of the world's wealth.

WILSON PEOPLE NAMED EX-STUDENT OFFICERS

Rev. Malcom Hoffmann, pastor of St. John's Lutheran Church, was elected vice president, and Miss Doris Knippling, a teacher in the Wilson schools, was named secretary-treasurer of the Caprock Ex-Student Chapter of Texas Lutheran College at a meeting of ex-students of the area held in Lubbock Monday night.

President Edward Sagebiel of the College, located at Eggin, made a talk at the meeting, attended by 32 former students.

In 1692 Judge Samuel Sewall sentenced 10 women to death in witch trials in Salem, Mass.

Legal Notices

CITATION BY PUBLICATION

The State of Texas
To all persons interested in the Guardianship of KAROLINA DREYER, a Non Compos Mentis, now deceased.

No. 816, County Court Lynn County, Texas. E. B. Gumm, Guardian, thereof, filed in the County Court of Lynn County, Texas, on the 24th day of March, A. D. 1955, his Final Account of the condition of the Estate of said KAROLINA DREYER, together with an Application to be discharged from said Guardianship.

Said Final Account and Application will be read and acted on by said Court, on the first Monday next after the expiration of ten days from date of Publishing this citation, the same being the 16th day of May, 1955, at the Courthouse thereof in Tahoka, Lynn County, Texas, at which time and place all persons interested in the Account for Final Settlement of said Estate are required to appear and contest said account and application should they choose to do so.

The officer executing this writ shall promptly serve the same according to requirements of law; and the mandates hereof, and make due return as the law directs.

Given under my hand and the seal of said court at office in Tahoka, Lynn County, Texas, this 22nd day of April, A. D. 1955.

(SEAL) Beulah Pridmore, Clerk of the County Court, Lynn County, Texas

Green Reports On Conference

Harold Green, president-elect of Tahoka Rotary Club, reported on the 183rd District Conference, held recently in Midland, at the club meeting last Thursday noon.

The general consensus of opinion was that the conference was the best ever held in this district, and that the nationally known speakers were among the best.

This district is first in contributions to the Rotary Foundation fund and seventh in attendance percentage among the districts of the world. Rotary is now operating in 90 nations, or nearly all of them but the communist controlled nations.

Dr. Emil Prohl also spoke briefly on the Salk polio vaccine program. He explained the current vaccination program, and stated that within a few weeks there will be sufficient vaccine available for all people desiring the immunization.

Calloway Huffaker was in charge of the program for the day.

A. M. Bray, president, read excerpts from the monthly letter from Governor Jerry Debenport.

The New York Daily Graphic was the first illustrated daily newspaper.

Coal mines have been burning in Pennsylvania since the time of the Civil War.

Germans are not permitted to accept a Noble Prize.

ST. PAUL YOUTH TO ATTEND LARIAT RALLY

The young people of St. Paul Lutheran Church, Wilson, will attend in a body the zone Youth Rally and Talent Quest at Lariat on May 1st. The speaker for that occasion will be the Rev. J. Stelling of Hobbs, New Mexico.

President of the local Walther League group in Wilson is Delvin Behrend, son of Mr. and Mrs. R. E. Behrend of the Wilson community.

A pre-Talent quest will be held in St. Paul Lutheran Church to prepare for the Area quest.

Divine Services in St. Paul Lutheran Church on May 1st will be conducted at 9:00 a. m. on this Sunday, to give opportunity for the parents also to attend the afternoon and evening activities.

DURHAMS ATTENDING STATE CONVENTION

Dr. and Mrs. K. R. Durham they visited Texas City, the San Antonio to attend the State Dental Convention which meets there May 1 through 4. Previous to the convention, Dr. Durham will attend a two day meeting of Southwest Society of Prosthetic Dentistry in that city.

He and Mrs. Durham plan to drive on to New Orleans to visit his parents and other relatives before returning home about May 8.

First bathtub in the U. S. was installed in 1842 by Adam Thompson in Cincinnati.

Jaycees Attend State Meeting

Six members of Tahoka Jaycees left Wednesday night for San Antonio to attend the State Convention of the Junior Chamber of Commerce in session there Thursday, Friday, and Saturday.

Those making the trip are: Bill Chancy, president; David Massey, Edward Pool, Steve Slover, Charles Hyles, and Charles McClellan.

The local Jaycees, recently reorganized, have completed their first project, the re-painting of the curbs in the business district, in cooperation with the city. A ten-minute parking zone has been designated in front of the post-office.

TAHOKA JAYCEE-ETTES AID CANCER FUND

The Tahoka Jaycee Ettes met in a regular business session on Tuesday in the home of Mrs. James Huey.

The members voted to donate \$10.00 to the Cancer Fund.

A social hour was enjoyed by all members present.

The next meeting will be held May 10 at 8:00 p. m. The meeting place will be announced later.

Pre-School Day For First Graders

Next year's first grade students will get their first experience in school today, for this is "pre-school day" in Tahoka.

Children who will enter the first grade next fall, accompanied by their mothers, are asked to report at South Elementary School at 8:30 a. m. today to become acquainted with the routine of school work.

From 8:30 until 11:30, they will be going through a typical school day to get oriented. In the meantime, parents will be entertained with moving pictures. The parents and children may eat at the school cafeteria at the noon hour.

T. I. Tippit Home Consumed By Fire

The T. I. Tippit farm home three and a half miles east of Tahoka was completely destroyed by fire which started at about 9:30 a. m. Wednesday.

About \$3,000 insurance was carried on the house and \$1,000 on the contents, but this will not nearly cover the loss.

Mr. and Mrs. Tippit were at their Lingleville farm at the time, having been gone about a week, during which they also visited his son, Gerald Wayne, in the Army stationed at San Antonio.

Woodrow Brazil, a brother-in-law of T. I., and wife were at the farm wash house washing. Suddenly the electricity went off, and it was then that they noticed smoke coming from the roof of the residence. Tahoka Fire Department was called, but the fire had gained such headway that the firemen's efforts were fruitless.

Local Lions At District Meeting

Local Lions Club members early this week attended the annual convention of District 2T-1 of Lions International held in Lubbock Sunday through Tuesday.

Bill Cathcart, local club president, and wife and Mr. and Mrs. E. B. Gaither attended the governor's banquet Monday night, which was the highlight of the convention.

Other local Lions attending some of the sessions were Bill Griffin, Jack A. Robinson, Albert Curry, A. R. Milliken, and E. W. Castleberry.

About 1,500 Lions and their wives attended the convention. District Governor Jim Ed Waller of Plainview announced the 83 clubs of the district have 4,078 members.

Fire Does Damage To Ashcraft Home

Fire of unknown origin Saturday morning badly damaged the interior of the Clyde Ashcraft home on the farm owned by his father-in-law, A. J. Shadden of Lubbock, and located a mile south and three-fourths of a mile east of New Home.

The Ashcraft family was in Tahoka at the time of the fire. A Mexican farm hand discovered the blaze, and went to New Home for help. Luther Halford, and possibly others, controlled the blaze by closing doors to prevent drafts while applying water to the flames with a garden hose. In the meantime, the Tahoka Fire Department made a run to the place.

Most of the furnishings and practically all the clothing of the family were destroyed and much damage was done to the walls. The Ashcrafts had just recently completely redecorated the home.

A high wind was blowing, and firemen said it was very fortunate that the fire was detected when it was and that good judgment was used in combating the flames.

Mrs. Claude Chapman and new son, Dennis, of Plainsview are spending this week here with her parents, Mr. and Mrs. Harley Henderson.

Mrs. F. E. (Lou) Calvery of Florey and Mrs. Daniel (May-fair) Davis of Brownfield were here Wednesday visiting old friends.

Inhabitants of Guam call themselves Chamorros.

England's Channel Islands consist of Jersey, Guernsey, Alderney, Sark, Herm and Jethou.

"I like my water heater because it's **ELECTRIC**. And since it's **ELECTRIC** it's completely **SAFE!**"

...says Mrs. R. L. Crider of East Grand Plains, New Mexico

"Even with two electric water heaters in our home, we never worry about the children playing around them. We have even considered building a linen closet over our table top model. To me, the table tops are the best to have because they are so easy to place. Electric water heaters are so quiet, and they have never given us a bit of trouble."

"Of course, we have an electric dishwasher, and we always have instant hot water. With our two electric water heaters, I think we are really a true electric family."

Yes, and a true modern family, for in water heaters, as well as all appliances, if it's modern, it's electric.

"Running a farm is not what you would call the cleanest occupation, and, therefore, we must have plenty of hot water. Besides the three baths, we have an electric laundry, and we just never seem to run out of hot water."

Electric water heating is safe, dependable, and more economical than you might think. Ask about Reddy's special water heating rate, a big bargain in convenience, safety, and dependability.

SEE YOUR REDDY KILOWATT APPLIANCE DEALER. LET HIM HELP YOU SELECT THE WATER HEATER TO FIT YOUR NEEDS.

GETS BARBECUE GRILL

Mrs. Arthur B. Tenney, wife of the science teacher at Tahoka High, won the \$99.95 barbecue grill at Piggly Wiggly Tuesday.

Mr. and Mrs. O. L. Kidwell and daughter, Dorothy, returned home Monday from a week's visit in Houston with another daughter, Mrs. Earl Schulz, and husband.

Youths Form New Rifle Club

Rev. Hugh Daniel, Methodist pastor at New Home, has sponsored the organization of a Junior Rifle Club there which now has 30 members and is affiliated with the National Rifle Association.

Operating since March 16, the boy and girl club members, aged 13 through 18, shoot each Wednesday afternoon at 3:30 at their range on the New Home Gin lots.

Purpose of the club is to learn to shoot properly, learn safety in handling rifles on and off the range, and furnish an outlet for the desire of most youth to shoot. Contests are held among club members, and will be held by mail with other such clubs over the nation.

Though organized only a short time, 19 members have already qualified as pro-marksman, one as marksman first class, and seven as marksman.

Officers are: James Barnett, president; Wendell Morrow, vice president; Peggy Hemmeline, secretary; Kenneth Smith, Treasurer; and Joe Van Schuknecht, range officer.

Rev. Daniel's assistant instructors are his wife, Mr. Joy Daniels, Orville Ray Phifer Jr., and Leland White.

The adult advisory committee is: Kay K. Moore, L. C. Unfred, Aubrey Smith, and E. R. Blakney.

Rev. Daniels, an expert rifle shot, has been pastor of New Home Methodist Church since last June.

Scouts Will Hear Talk On Japan

Colored slides and a talk on Japan will be the program at a meeting of the Tahoka Explorer Scouts at Scout Hall next Tuesday night at 7:30 p. m.

Paul Canfield, a student pilot at Reese Airforce Base, will give the talk, according to Birch Larsen, scoutmaster of the troop.

All Explorer Scouts, their parents, and other persons interested are invited to attend this meeting.

The famous liberty bell was cracked while tolling for the death of Chief Justice John Marshall, in 1835.

Rheumatic Fever Dangerous Disease

The outlook in the fight against rheumatic fever has improved, but this disease, which begins most often between the ages of five and fifteen, still results in serious heart damages.

Rheumatic fever usually strikes after a nose and throat infection caused by germs of the streptococcus family. An average of three out of one hundred of the commonly called "strep" infections are followed by rheumatic fever.

Sulfonamide and penicillin usually can overcome the infection. But if rheumatic fever develops, strict bed rest is the first resort to ease the load on the heart and to help the patient avoid added infection.

Sometimes sulphur or penicillin may be given to the convalescing patient to help avoid a recurrence of the disease. Reported attacks of rheumatic fever are more likely to lead to the heart damage.

The rheumatic heart condition can involve damage to one or more of the four valves of the heart or the heart muscle itself. Rheumatic fever inflames the valves and muscles and when the inflammation subsides, it usually leaves a scar.

In about two out of three cases this fever leaves no heart damage, or causes so little injury that the victim can regain active, everyday living. In other cases, modern surgery may help.

No matter how slight an attack of rheumatic fever may seem, the first and most important thing to do is to follow your doctor's advice to the letter.

Kentucky, Massachusetts, Pennsylvania and Virginia are common-wealths.

SEVERAL ATTEND STATE SUNDAY SCHOOL CONVENTION

Eight people from the First Baptist Church attended the Texas Baptist Sunday School Convention this week in Midland. Approximately 3,000 people were present from over the state.

Inspirational speakers included Dr. Carl Bates, Amarillo; Dr. Raney, president of Oklahoma Baptist University; Dr. Marshall Craig of Dallas, as well as other pastors from over the state.

The convention was directed by Mr. Andrew Q. Allen, and Mr. Hooper Dilday, who recently led singing in a revival here.

Those attending were the pastor, Clifford Harris; Mrs. Harris, superintendent of married young people; Mr. Bob-Lewis, education director; Robert Edwards, associate S. S. superintendent, Mrs. Edwards; Mr. and Mrs. James Gage, and Mrs. T. R. Riddle, Sup't. of Nursery III.

Mr. and Mrs. J. R. McAtee of Henryetta, Okla. are here visiting Mr. and Mrs. Larry Hagood and their first and only grandson, James Walter; also Mrs. McAtee's mother, Mrs. J. H. Cobb, and other relatives.

"Proclaim Liberty throughout all the lands" is inscribed on the Liberty Bell in Philadelphia.

Pipe Is Given Country Club

Pioneer Natural Gas Co. last week donated T-Bar Country club 2,000 feet of new 1 1/4-inch pipe and sold the club another 1,000 feet of 2-inch for \$280.00. C. I. Wall, president of the company, announced the gift.

The pipe will be used to bring the water to the greens, which are now under construction. Planting of the bent grass will start as soon as the worst sandstorms are believed to be over.

Five of the greens can be watered from the 2 1/2-inch well now in operation and the 1 1/2-inch well on which a pump will be installed soon. Two and possible three more small wells will be put down to take care of the rest of the course.

Much of the work is being done with labor contributed by some of the 90 members. Much money has been spent, however, in trying to get sufficient water, but officers of the club are now certain they have enough water in sight.

Watering the ground in the vicinity of the club house site, was started Thursday of last week. An aluminum pipe sprinkler system was bought, and the little well has been found adequate to operate seven or eight sprinklers.

Congratulations:

Mr. and Mrs. Cecil Dorman of Newmoore on the birth of a son weighing 6 pounds, 1 1/4 ounces at 9:28 a. m. Monday in a Lubbock Hospital.

Mr. and Mrs. Larry Hagood on the birth of a son, their first child, weighing 7 pounds 14 ounces, at 9:30 p. m. Monday in a Lamesa Hospital. Name, James Walter. Grandparents are Mr. and Mrs. W. W. Hagood and Mr. and Mrs. J. R. McAtee, Henryetta, Okla. Mrs. J. H. Cobb is a great grandmother.

Mr. and Mrs. J. C. Gandy, route 2, on the birth of a son weighing 10 pounds at 11:39 a. m. Sunday in Tahoka Hospital. Name, David Lawrence.

Mr. and Mrs. H. D. Knight, route 1, on the birth of a son weighing 7 pounds 5 ounces at 7:35 a. m. Tuesday in Tahoka Hospital. Name, Harvey Dell Jr.

Mrs. Earl Seay Death Victim

Mrs. Earl Seay, 48, of Wells community, died at 10:10 a. m. Thursday of last week in a Lamesa hospital.

Funeral services were held at 2:30 p. m. Saturday in the First Baptist Church of O'Donnell, with Rev. C. R. Blake, pastor of Wells Baptist Church, of which she was a member, officiating. Burial was in O'Donnell Cemetery under direction of Stanley Funeral Home.

Vera Aggie Benton was born Aug. 11, 1906 in Parker county. She was married to Earl Seay in 1926. The couple and their children moved to Wells from Winters in 1943.

Survivors include the husband; two daughters, Mrs. Juanice Bell of Midland and Yvonne of the family home; three sons, Weldon of Lamesa, and J. E. and Donney of the home.

Utility Company Entertains Builders

Local building contractors, electrical contractors, appliance dealers, real estate men, and mortgage grantors were entertained with a dinner and program Tuesday night at the American Legion hall by Johnny Reasonover and Southwestern Public Service Co.

A film was shown and talks were made by Frank Lee of Lubbock and Tom Lynn of Amarillo, both of the company's utilization system.

Particular attention was given to the appliance business and the need for more adequate wiring in many residences.

The speakers pointed out that inadequate wiring is many times the cause of poor service from electrical appliances and in some cases offer a serious fire threat.

Figures were also presented on appliance sales in the area.

Use of electricity in the average home over the system has increased from 1400 kilowatt hours a year to 1700 a year.

Mr. and Mrs. Jackie Slover and son of Borger were here Sunday night and Monday visiting his parents, Mr. and Mrs. Rufus Slover.

FHA Girls Attend State Convention

Three Tahoka FHA girls, Janet Dube, Joyce Earley, and Dixie Davis, and their sponsor, Mrs. Madeline Hegi, last week end attended the Texas Future Home-

makers of America convention in Galveston.

Janet Dube, president of the local chapter, received the State Degree, the highest honor possible in FHA work. A 17-year old senior, Janet is a daughter of Mr. and Mrs. Oswald Dube, route

4. She expects to enroll in West Texas State College this summer to start training for Home Economics work.

Joyce Earley, 17, a junior and the daughter of Mr. and Mrs. C. B. Earley, route 3, is next year's president of the FHA.

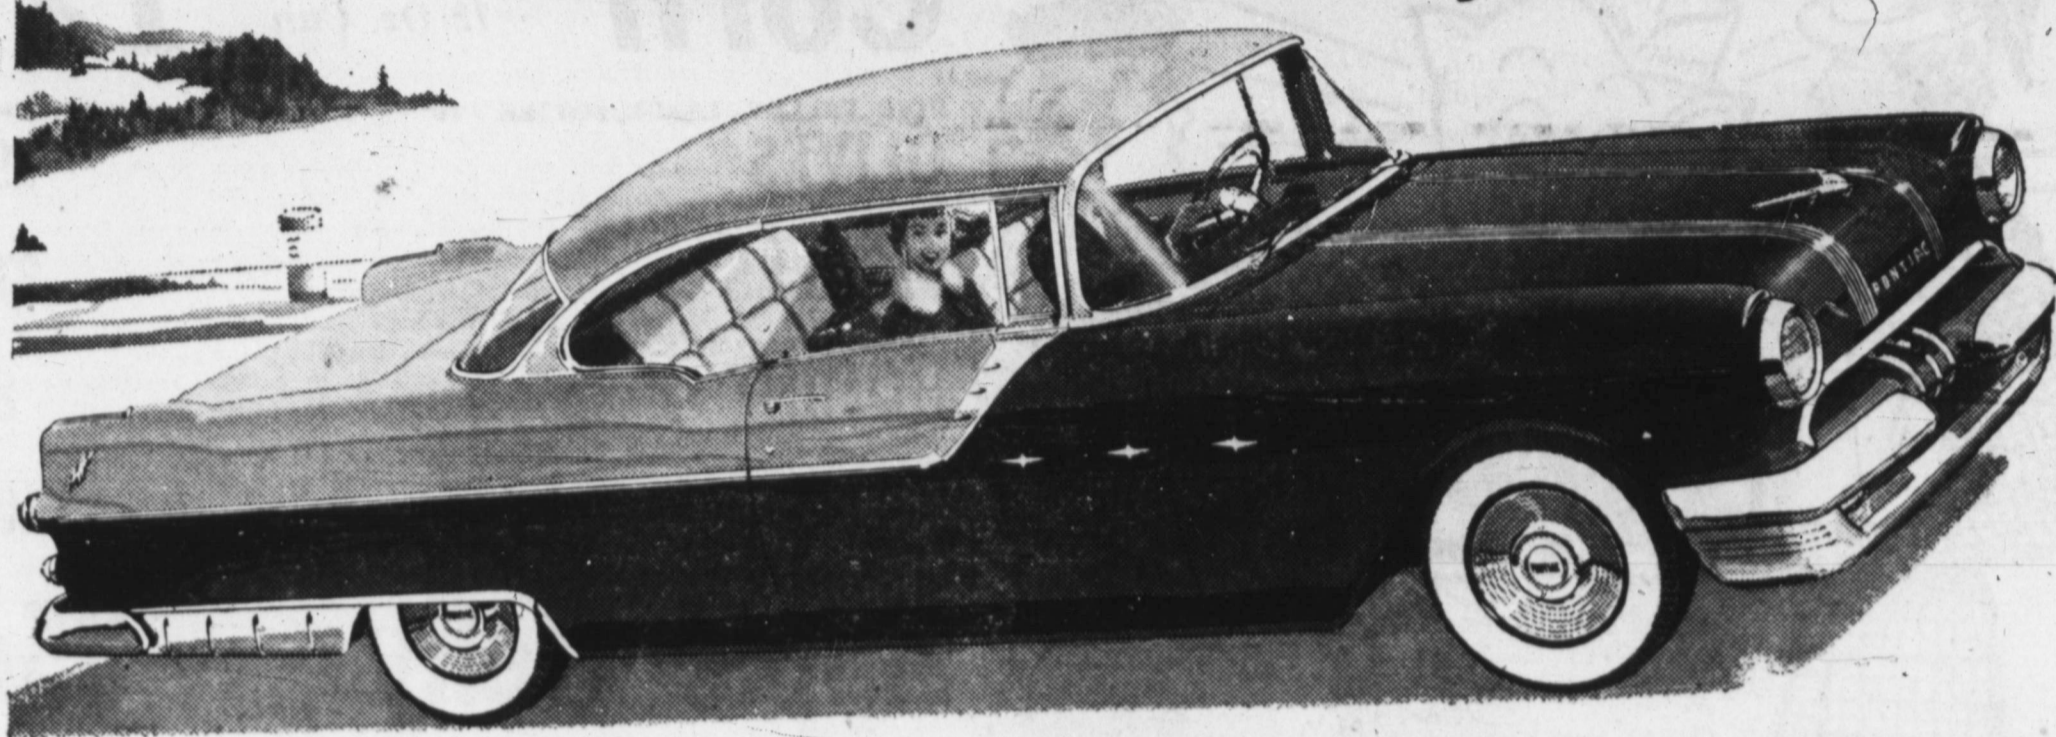

Dixie Davis, 14, a sophomore, is a daughter of Mr. and Mrs. Leroy Davis of Grassland, and will be vice president next year.

"Pete" Hegi and sons, John and Fred, accompanied them to Galveston, did a little fishing and took a dip in the Gulf while the

ladies attended the convention.

En route to Galveston, the party visited the State Capitol building at Austin. Coming home, they visited Texas City, the San Jacinto battlefield and monument and the battleship Texas.

200 BLAZING HORSEPOWER at the lowest cost in history!

...plus size, luxury and styling unsurpassed at the price!

THE SENSATIONAL STRATO-STREAK V-8

Here's the most modern and efficient V-8 in the industry, delivering 200 horsepower with the four-barrel carburetor, optional at very low extra cost.

It's a fact—never before in the history of the automobile industry has a car offered so much power for so little money as the 1955 Pontiac. It is the first and only automobile ever built that delivers 200 horsepower at a price every new-car buyer can afford—hundreds of dollars less than any car equalling its blazing performance.

And that's not all! Pontiac is also the sole automobile at its price to unite the terrific "drive" of 200 horsepower with a road-leveling 122" or 124" wheelbase and such big-car stability. It's the biggest as well as the highest-powered car ever priced with the lowest.

Yes, you read that right! You can buy a big,

powerful Pontiac for less than many models of the lowest-priced cars or stripped economy models of higher-priced makes.

Come in and drive this silken-smooth performer. A few miles behind the wheel will tell you better than any words that Pontiac is the greatest buy that ever took the highway!

Rutherford & Co.

W. W. Hagood And Son Operate Big Farm to Southwest

Pictured above is the Niendorf farm, operated for 20 years by W. W. Hagood, and located six miles west and seven miles south of Tahoka.

The place was correctly identified first by Frank Greathouse of Tahoka and Mrs. Horace Wood of route 5, and also by T. R. Riddle, Dale Thuren, Mrs. Rush Dudgeon, and John Redwine.

Mrs. Mary Starr Niendorf of Dallas owns two sections of land, and Mr. Hagood owns two sections. There is an interesting story behind this big farm operation.

W. W. Hagood and Miss Beuna Maxwell were both reared in the same community of Eastland county. Miss Maxwell moved out to Lamesa with her parents, but W. W. came out and married her there in 1925.

After farming and working at other vocations, Mr. and Mrs. Hagood and their two boys, Hosea and Larry, moved on the Niendorf farm in the Wells area in 1935. That was before Mr. Niendorf's death.

They stayed on the place through good times and bad, and after the owner's death W. W. farmed all the land. He says Mrs. Niendorf and her late husband have been so good to them in the past, they have never felt like

moving elsewhere. The farm home has been improved until it is one of the nicest farm homes in the country.

In the meantime, Mr. Hagood has prospered at times. He now owns two sections of his own, one northeast and one north of the Niendorf home place, which two sections his son Larry now farms.

Incidentally, Larry married into another pioneer Lynn county family, his wife being the former Miss Jamie McAtee, grand daughter of Mrs. J. H. Cobb.

This is some of the best dry land farm soil in Lynn county, and many people will agree that W. W. and his family have every reason to be proud of their accomplishments.

In addition to farming, the Hagoods are excellent citizens and take an active interest in the affairs of and the betterment of Lynn county.

VISIT IN COLORADO

Mrs. Cody Bragg and Mrs. Jimmy (Joy) Bragg last week end visited with their son and husband, respectively, Jimmy Bragg, who is stationed at Camp Carson, Colorado Springs, Colo. Jimmy was given a 33 hour pass, and the three had a very enjoyable visit.

The Lynn County News

Tahoka, Texas, April 29, 1955

Broaden Social Security Law

A Social Security representative will be in Tahoka at the Post Office at 9:00 a. m. on May 5th and will be glad to assist in all matters pertaining to social security.

The new amendments to the social security law create a bigger and more generous system. Retirement payments are increased, as are family payments when a worker dies, and retired people are permitted to earn more without losing their monthly benefit payments. In addition to these changes, millions more are coming under the system for the first time can find answers to most of their questions in leaflets and booklets which may be obtained at any social security office.

Farm operators, beginning with January 1, 1955, are compulsorily covered under social security just as is any other self-employed business man, and they will, therefore, pay their social security tax along with their income tax return for 1955 by April 15, 1956. If the farmer does not

have a social security account number, he should secure one from the nearest social security district office before his first tax return is due. If he needs tax information he should contact the nearest office of the Internal Revenue Service.

Many more farm workers are also covered under social security for the first time beginning with 1955. Farm workers who met strict regularity-of-employment tests have been covered since January 1, 1951. Now the new law brings into the system any farm worker who receives at least \$100 cash wages from a farm employer in one year. No specific number of days will have to be worked.

Farm hands who do not have a social security account number card should secure one right away. Any farm employer or employee should check with his nearest social security office to learn just what his rights and responsibilities are under the new social security law.

Burning Trash Is Hindrance To Garbage Collection

City garbage haulers are having a little bit of trouble, and citizens in the residential section are being asked to come forward with a little bit of help, according to Tom Bartley, city secretary.

In emptying trash and garbage barrels into the garbage truck, contents of the truck are sometimes set afire from smoldering embers that came from the trash cans.

The city garbage truck makes the round of the residential section once a week, making various alleys on various days.

Citizens may cooperate with the city and facilitate the trash collection if they will watch to see what day their trash and garbage is picked up, then try to refrain from burning trash in their cans that day or the day preceding the pick-up.

The Blue Chip GMC's

TRUCK-USING circles are buzzing about the new generation of trucks—the new GMC Blue Chip line just introduced!

Engines are more powerful. 2 V8's have been added. There are 5 Truck Hydra-Matic Drives* to fit any model, any job.

There are sturdier frames and axles, bigger clutches—a total of over 500 improvements all told!

This we believe: no other truck can match the new Blue Chip values, modernity and performance. For a real Blue Chip buy, come in and see us!

Highlights of GMC's New Blue Chip Line:

- New truck-designed V8 engines, 155 to 175 H. P.
- New Diesel line—150 to 230 horsepower, low weight, greater economy
- New 6-cylinder gasoline engine power from 125 to 225 H. P.
- New frames and axles for longer, trouble-free service
- A range of 5 Truck Hydra-Matic Drives to fit any size or type truck
- New ten-wheeler models from 28,000 to 59,000 GVW
- New oversize clutches for tough operations
- Shorter wheelbases for greater maneuverability
- New cabs with greater comfort, unequalled visibility, plus revolutionary new dual-purpose cab models

*Truck Hydra-Matic is standard on many models; optional at extra cost on some others. **Optional at extra cost.

● GMC BLUE CHIP CABS—three of them now!—include a unique dual-purpose model, low to the curb and wide open for servicing; packs all regular cab advantages into a scant 39 inches!

● BLUE CHIP HANDLING—GMC's Truck Hydra-Matic Drive*—now in 5 types—is teamed with Safety Power Steering** for almost effortless handling, greater safety and increased efficiency.

● GMC BLUE CHIP STYLING brings boulevard smartness up through even our biggest, toughest models. Panoramic windshield—wide-horizon visibility—airplane-type instrument panel—the most luxurious driver's "office" on wheels!

Wilmer Smith Heads National Body, Attends Important Washington Meet

Wilmer Smith of New Home is a modest man. In fact, he's too modest. Some of his activities the past few weeks finally leaked out this week, and a little prodding from The News developed the fact that he has recently won some high recognition, not just for himself, but for Lynn county, the South Plains, and Texas farmers.

Now, Wilmer has long been a leader in farmer cooperatives. He is president of the Plains Co-op Oil Mill, president of the New Home Cooperative Gin, and past president of the Texas Cooperative Ginners Association. A year or two ago, he was a speaker at the national convention of cooperatives.

Monday, in talking to The News man, he let out the fact that he had recently been to Washington.

A little pumping developed the fact that he had recently attended a meeting of cooperative representatives in St. Louis, at which he was elected chairman.

Then, he and a Houston man, one B. E. Stallings, president of a dairy cooperative, were selected at the two representatives from Texas to meet in Washington with representatives from the other 11 districts of the nation to lay the ground work for pushing a bill through congress known as the Farm Credit Bill, which bill seeks to change the structure of the Federal Farm Credit set-up.

Wilmer attended this meeting in Washington April 12 and 13, at which he was elected chairman of the National Stockholders of Cooperative Bank Advisory Com-

mittee to the Federal Farm Credit Board.

The representatives of farm organizations from the nation in their meeting worked out an agreement on this farm credit bill which is now pending before the House and Senate. He was made chairman of the permanent committee and head of the steering committee on the bill.

As such, he will be called back to Washington the first week in May to testify on the bill before the House Agricultural committee and a month or six weeks from now will testify before the Senate Agricultural committee.

He was also delegated to call on Senators and Representatives and Farm Organizations in Washington on April 14, 15, and 16. Saturday night, April 16, he was given a ticket to the Sam Rayburn dinner, attended by about 4,000 Democrats, which he enjoyed very much. However, he had to leave to catch his plane, and did not get to hear the talks by Harry Truman, Adlai Stevenson, and Mr. Rayburn, the speaker of the House from Texas.

Among the many notables he met was Drew Pearson, the "sorehead" columnist who airs the dirty linen of Democrats or Republicans, depending on which holds the president's office.

Naturally, the trip, the honors, and the work he is doing are great experiences for Wilmer, the old Lynn County farm boy.

But, most important of all, such activities are bound to be bringing more and more recognition to Lynn county and the South Plains.

The News thinks Wilmer should not be quite so modest, and let the public in on such activities when they are so more newsworthy.

Vernon Townes May Resign As District Attorney

(Denver City Press) Vernon Townes, District Attorney, has moved his office here from Brownfield and will have office space in the Paul New building beginning as of this week end.

Mr. Townes has already moved his family here and they are at home out in the 800 block of Avenue E. The Townes have three youngsters.

Vernon Townes was elected District Attorney of the 106th judicial district only last year. Information from reliable sources has it that he will be appointed by the Commissioners Court to the office of County Attorney of Yoakum county when the resignation of County Attorney Paul New takes effect next June 30. If and when Mr. Townes gets the appointment he will resign as District Attorney, perforce.

Mr. New will move to Lubbock in July where he will be connected with Crenshaw, Dupree and Milam, one of the South Plains best known law firms.

Visitors to the capital in Washington may go through the building from 9 a. m. until 4:30 p. m.

Rhode Island would fit in Texas as 220 times.

WELDON BRIGHT, popular radio star of KGNC says, "My wife has always used light Karo for cooking ... and on the table ..."

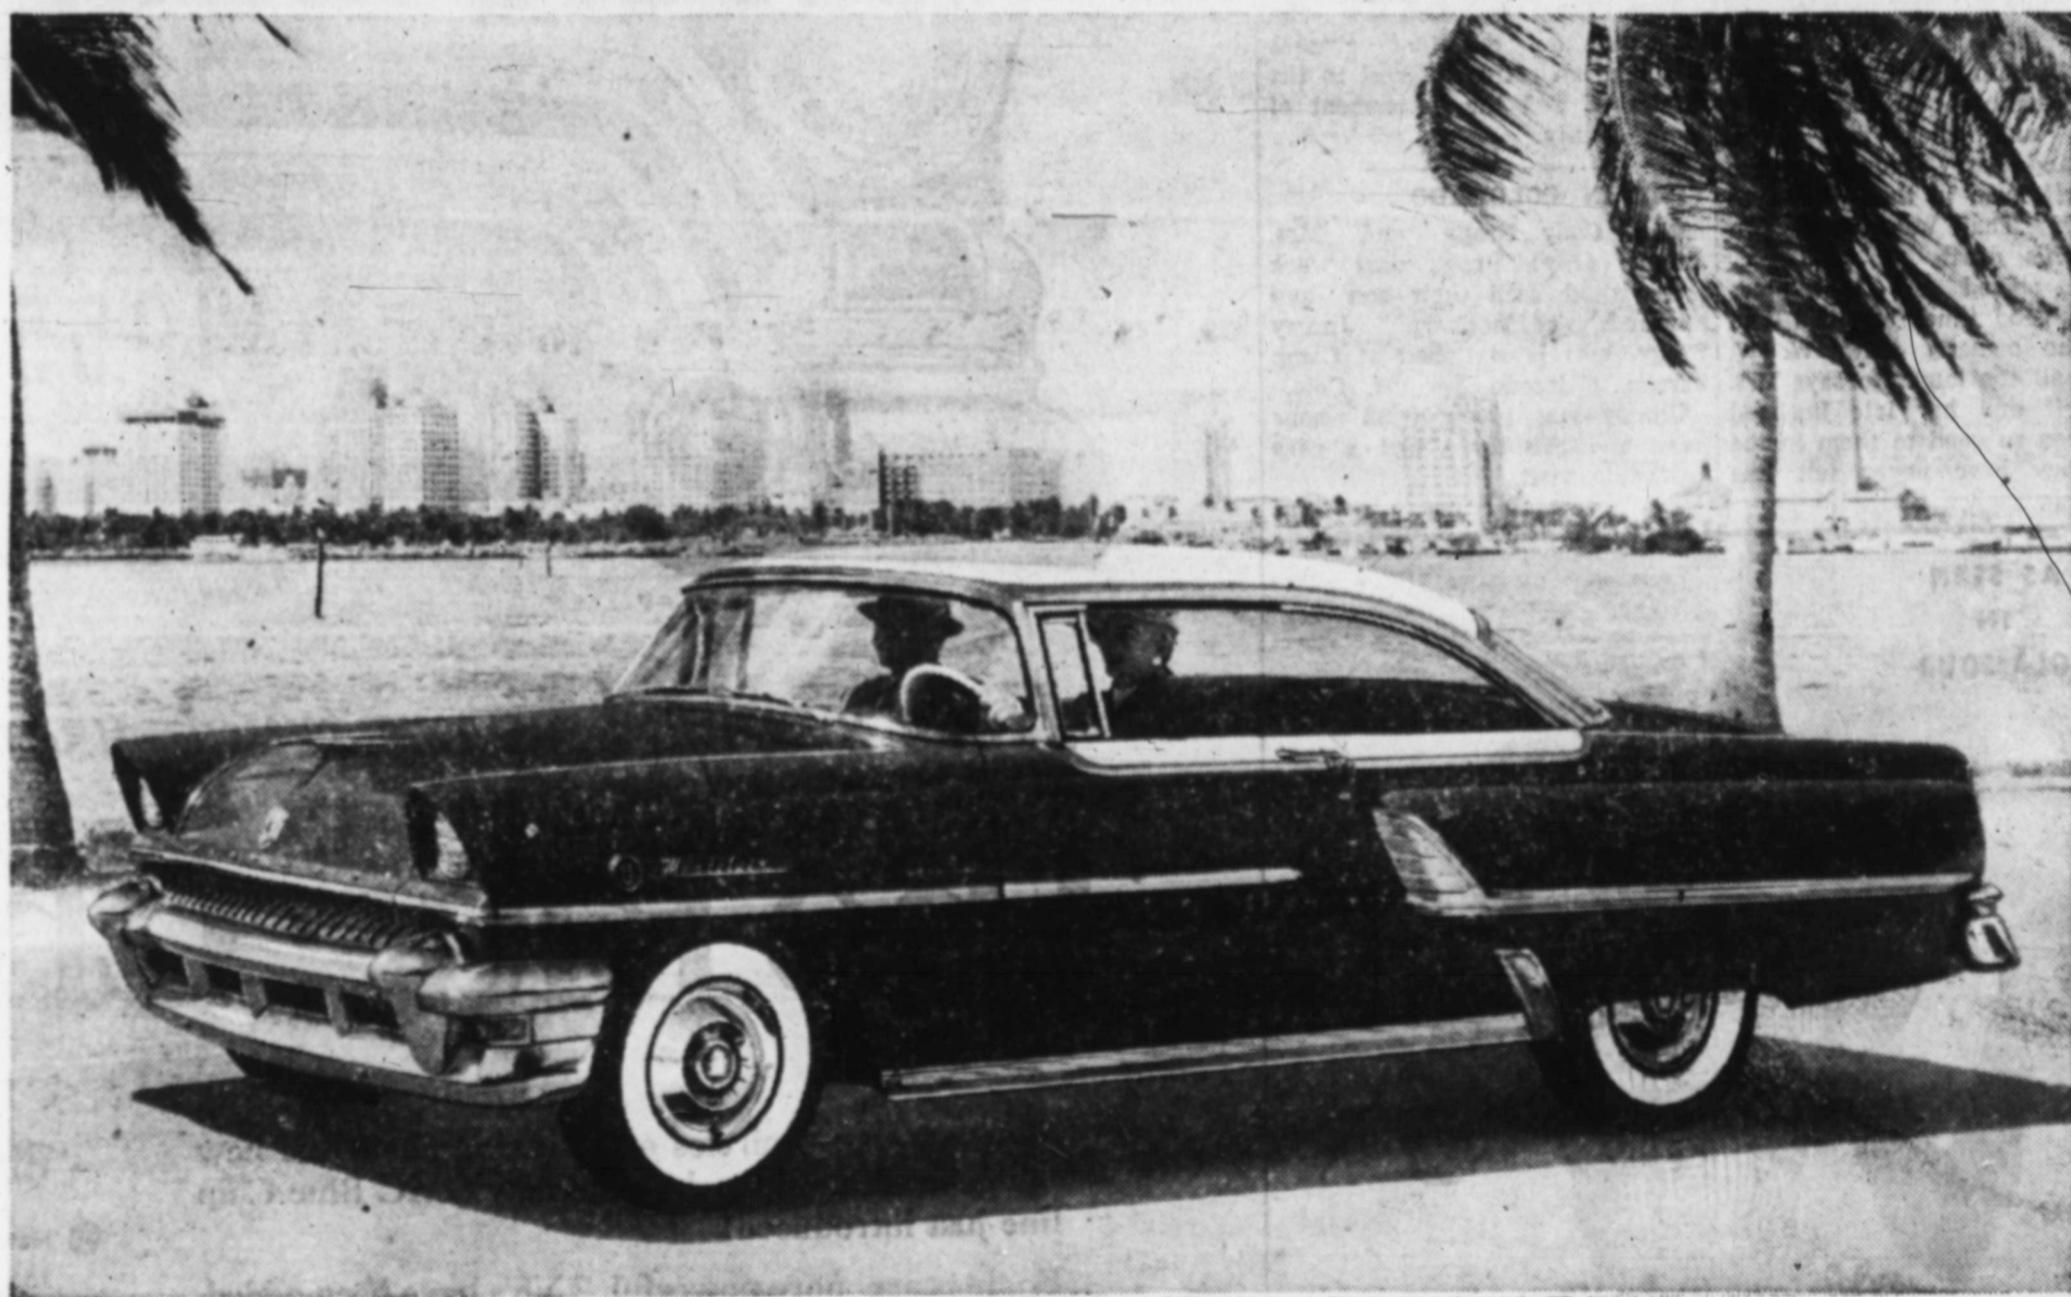

it's Karo for me, the best-tasting waffle syrup of 'em all"

Yes, indeed... biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night... it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

Odds AND Ends

(BY E. L. THE ELDER)

This week we are continuing publication of selections from the book of Miss Emma Jewell Ross, entitled "Living Where Jesus Lived," the particular chapter being quoted now being entitled "Nazareth and the Sea of Galilee." Now she takes over.

"In Bible times, the Sea of Galilee was also known as the Sea of Tiberias, the Lake of Genesareth, and the Sea of Cinnereth. Storms will come up quickly on the Sea. One afternoon while I was there, some friends started to row across the Lake to the country of the Gerasenes, where Jesus healed the men possessed of Devils and where the swine plunged into the Sea. (Luke 8:26-35.) In less than thirty minutes a storm came up which almost cost them their lives. The native fisherman could not get to them, but their boat finally went ashore far down the coast on an isolated beach. It was probably such a storm as this, which came up when they were crossing the Sea that caused the terrified disciple to come to Christ while he was sleeping, and beg him to save them.

"Now it came to pass on a certain day that he went into a ship with his disciples: and he said unto them, let us go over unto the other side of the lake, and they launched forth. But as they sailed he fell asleep; and there came down a storm of wind on the lake: and they were filled with water, and were in jeopardy.

"And they came to him and awoke him, saying, Master, master, we perish. Then he arose and rebuked the wind and the raging of the water: and they ceased and there was a calm.

"And he said unto him, Where is your faith? And they, being afraid, wondered, saying one to another, What manner of man is this! For he commandeth even the winds and the water, and they obey him. (Luke 8:22-25)

"I spent several days in a German monastery, built on the Lake shore, very near the site of

Bethsaida, but there is little to be seen now, but Bedouintents. The monks have made a beautiful spot here, with many tropical flowers and plants growing in profusion, wonderful lemon trees, date palms, oleanders, and a variety of fresh vegetables. They served delicious fish from the Sea, which is said to be alive with them; and fishing does seem to be quite an industry, for they ship their catch to Jerusalem and other cities of Palestine.

Mejdel, three miles from Tiberias on the north shore of the Sea, is the ancient Magdala, once the home of Mary Magdalene, but is only a cluster of mud brick huts today. Not far away are the 'Horns of Hattin' often called 'Mount of Beatitudes.' They are two summits on a long hill, some two hundred feet high, looking down upon the sea. Legend says that it was to the foot of this mountain that the hungry multitude followed Jesus, and here it was that he told the multitude how they might obtain blessings.

Bible Quotations:

"And seeing the multitudes, he went up unto a mountain; and when he was set, his disciples came unto him:

"And he opened his mouth and taught them, saying,

"Blessed are the poor in spirit; for theirs is the kingdom of heaven.

"Blessed are they that mourn; for they shall be comforted.

"Blessed are the meek; for they shall inherit the earth.

"Blessed are they who do hunger and thirst after righteousness; for they shall be filled.

"Blessed are the merciful; for they shall obtain mercy.

"Blessed are the pure in heart; for they shall see god.

"Blessed are the peacemakers; for they shall be called the children of God.

"Blessed are they which are persecuted for righteousness' sake; for theirs is the kingdom of heaven.

"Blessed are ye, when men shall revile you, and persecute you, and shall say all manner of evil against you falsely, for my sake.

"Rejoice and be exceeding glad; for great is your reward in heaven. (Matt. 5:1-12).

"The wild flowers are loveliest here in Galilee: anemones, poppies, cyclamens, phlox, lupines, orchids, hyacinths, gladioli, jonquils and dark purple iris grow freely. One still sees them in all their beauty and color as Jesus saw and loved them. The eastern idea of beauty has always been color. Jesus says, 'Solomon in all his glory was not arrayed like one of these.' (Matt. 6:29.) As a child in Sunday School I thought this referred to the white Easter lilies as we know them—but not at all. The 'lilies of the field' (Matt. 6:28) are anemones, bulbous perennials in scarlet and purple which grow wild in Palestine. One finds them everywhere—fields of them. They toil not, neither do they

spin, but they cause the farmer to toil or they will take his crop. Scarlet and purple are said to have been royal colors of the Hebrew people.

"The most interesting place on the lake is Tell Hum, the site of the Ancient Capernaum, where are found the remains of a beautiful old synagogue believed to be the synagogue where Jesus taught. The Santrisean fathers, who have a monastery here, are today rebuilding the synagogue from the ruins, ruins which show the grandeur of the ancient city. The front of the synagogue, facing the sea, has a number of marble columns and was built in two stories; the upper being for the women. This is not so strange however, for only a few years ago it was customary in the United States for men and women to sit on different sides of the church aisle, and this custom is still seen in some parts of our country.

"The outline of other buildings show that Capernaum was a city of some size. It was here where Jesus found most of his disciples. Here lived Simon Peter and his brother, Andrew.

"And Jesus, walking by the sea of Galilee, saw two brethren, Simon called Peter, and Andrew his brother, casting a net into the sea, for they were fishers.

"And he saith unto them, 'Follow me, and I will make you fishers of men.' And they straightway left their nets, and followed him. (Matt. 4:18-20.)

It was also at Capernaum that Christ cured Simon's wife's mother, who lay sick of a fever.

"And he arose out of the synagogue, and entered into Simon's house. And Simon's wife's mother was taken with a great fever; and they besought him for her.

"And he stood over her, and rebuked the fever; and it left her; and immediately she arose and ministered unto them." (Luke 4:38-39.)

It was here that Jesus prophesied, saying, "And thou, Capernaum, which art exalted unto heaven, shall be brought down to hell: for if the mighty works, which have been done in thee, had been done in Sodom, it would have remained until this day." (Matt. 11:23.)

It has all come to pass: the proud city of Capernaum is no more. Everywhere one finds that the things which were seen have proved temporal and only the unseen is eternal.

I want all the people of Lynn county to know that I appreciate all the letters, the "Get-Well" cards, the lovely flowers, and every token of love that has come to me. Writing, even with a type-writer, has become such an arduous task, that I have not been able to acknowledge receipt of all of them.

Just last night, April 20, Judge P. W. Goad of the State Insurance Department and his fine wife, both former residents of New Home and then of Tahoka for several years, visited me here, and we had a couple of very pleasant hours together. The Judge's duties have carried him and Mrs. Goad to all parts of the United States except the far West and the Northwest, and even into Canada. They spent one full year in Boston and actually learned to love the Bostonese and the New Englanders generally. They still read the Lynn County News and informed about Tahoka and Lynn county. It was a wonderful two hours we had with them.

"They say" I am improving remarkably fast, but my back still gives me fits. I am thankful for the Lord's blessings, however, for I confidently believe that he has wrought a miracle in my behalf in recent weeks.

So, Good Night, Everybody. E. I. H.

MRS. EARL MORRIS
Correspondent

A number of people of this community have been attending the Methodist meeting in Southland the past week. Rev. John Syrios has been doing the preaching.

Visitors in the home of Mrs. N. E. Jones last Sunday were Mr. and Mrs. Robert Thornton and Mr. and Mrs. A. Thornton of Lubbock.

Mrs. R. W. Saunders and daughter, Mrs. Joyce Biggs, and children of Slaton, and another daughter, Mrs. Joan Henley and children of Snyder, visited friend in this community recently.

Mr. and Mrs. M. E. Morris, accompanied by a daughter-in-

law, Mrs. Jimmy Morris of Lubbock, and her mother, Mrs. J. H. Mapes of Houston, visited their son, Jimmy, who is in the Veterans Hospital in Big Spring last Sunday.

Mr. and Mrs. Emil Lichey of Headrick, Okla., are visiting her parents, Mr. and Mrs. Dick Denton, and other relatives and friends.

Last Saturday, Mr. and Mrs. Dick Denton had as dinner guests her mother, Mrs. A. B. Pruitt, her brother Linton Pruitt and family, and a sister, Mrs. Homer Jones and family, all of Slaton.

Mrs. S. A. Hampton has been spending a few days with her son, Jiggs, who has recently undergone an operation in a hospital in Haskell. On her return home, she was called to another son's home in New Mexico whose wife had fallen and broken an arm.

Mr. and Mrs. Martin Edmunds were visitors in the Ed Denton home last Sunday.

Mr. and Mrs. Lewis Manly returned last week from an extended visit to South Texas. Mrs. Manly reports they had a very pleasant visit with their son, Kirby, and family at Channelview, where they visited the

San Jacinto Monument and the Battleship Texas. They also visited their daughter and family, Mr. and Mrs. Hill Corbell and son of Houston, and another daughter, Mr. and Mrs. John Phillips and children, in Dallas.

Four members of Gordon Home Demonstration Club, Mesdames George Baker, Ray Cook, James Shelton and Woodrow Stewart, visited various factories in Lubbock Tuesday.

Mr. and Mrs. Geo. Balhman

and Georgiann from Bula visited the Wilbur Fields last Thursday night and other friends of the community.

The English crown jewels can be seen in the Jewel House at the over of London.

Madame Tussaud's in London contains wax effigies of most world personalities.
