Number 33

Rotary Members Head For Chicago

Four Tahoka Rotarians together with their families, a total of 13 people, left this week for Chicago, where they expect to attend the Golden Anniversary Convention of Rotary International which opens on Sunday and continues through Thursday, June 2.

Harold Green, president-elect of the Tahoka club, and wife left Wednesday by car.

Mr. and Mrs. Truett Smith, Gordon and Carol; Dr. and Mrs. Emil Froh, Martha and Karl; and Mrs. Fred McGinty and daughter, Mariana, the latter being the club "sweetheart", all left Thursday by train for the convention. Fred McGinty, club song leader, will join the party in Chicago after attending a meeting in Dallas on Thursday.

Rotary was formed in Chicago in 1905 by a young lawyer, Paul Harris, who was new in the big city and hungry for fellowship and companionship of others.

From this first organization, Rotary has grown to a great international organization, and many other similar service clubs for business and professional men have also been formed since that time.

Rotary now has a membership of 411,000 men in 8,700 clubs of 90 countries and geographical regions of the world. An indication of the popularity of the Rotary movement is the fact that 376 new clubs have been formed in the last year.

About 20,000 attendance is expected at the Golden Anniversary Convention. Many outstanding men in various walks of life will appear on the program.

O. E. Roberson Is Death Victim

Otto Ewell Roberson, 55, died at 2 a. m. Tuesday at his home two miles west of O'Donnell from an illness of 13 years duration. He had been confined to his bed since January, and had been bedridden off and on previously.

Funeral services were held Wednesday at 3 p. m. in O'Donnell Church of Christ, with Minister Virgil Colium officiating. Burial followed in O'Donnell Cemetery under direction of Stanley Funeral Home.

He had been a resident of the O'Donnell area practically all his life.

Born in Dickens county on Jan. 7, 1900, he came with his late parents, Mr. and Mrs. Wallace Roberson, to Lynn county in 1902, a year before the county was organized. He was married at O'Donnell on June 1, 1921, to Miss Willene Thompson. Until overcome by illness, he engaged in farming. He was a member of the Church of Christ.

Survivors include his wife; one son, Robbie Jerrell of O'Donnell; one daughter, Mrs. LaQuita Schaffner of Lockney, formerly clerk in the sheriff's office here; two granddaughters, LaMelba Rhea and Nita Gay Schaffner, of Lockney; two sisters, Mrs. Howard Simpson and Mrs. Hamp Thompson, both of O'Donnell; and three brothers, Bill McMillan of O'Donnell, Curtis McMillan of Eunice, N. M. and Sam Barber of San Bruno, Calif.

Rollin McCord Is Accident Victim

Rollin McCord suffered a severely broken ankle at about 7 p. m. Friday night when he jumped from a horse he was riding near his home in Northwest Tahoka.

He says the horse reared up with him, and when he jumped off the animal he broke the ankle as he hit the ground.

He was taken to Tahoka Hospital for treatment. Although able to go home Wednesday, he will be on crutches for some time when he is able to get out of bed.

FIFTH IN TEXAS—Was the ranking of Wilson FFA Dairy Cattle Judging in the recent state contest held at Texas A. and M. College. Pictured above with their banner are, left to right, Darrell Simms, teacher and sponsor, Alfred Clary, Jack Spears, and Charlie Coleman, members of the team. They were champions of the recent area contest.

Jaycees Close Clean-Up Drive

Tahoka Jaycees assisted by the City of Tahoka, this week completed the town-wide clean-up drive started last week.

The Jaycees hauled away 27 truck loads of junk, cleaned up a number of lots along the highways entering Tahoka, and cleaned up lots behind a number of business buildings in town. The trucks also toured alleys in the residential section, and picked up much of the trash.

A special project was the tearing down of an old house on North Sweet Street, stacking the lumber, and cleaning up the lot, about which there is another story on this page.

If some of the trash was missed, property owners are asked to place the same in garbage cans or small containers in the alleys so that the City garbage truck may pick it up.

Jaycee President Bill Chancy told The News that people were wonderful in their cooperation with the organization in staging the Clean-up drive.

Swimming Class Will Open Soon

Swimming lessons are being offered all people who want them by Milton Gardner and Dean Wright, Municipal swimming pool operators, but those desiring lessons should enroll for them Monday at 10 a. m. at the pool.

Following registration, swimming classes will be worked out for all ages, children to adults. Only 50 cents per lesson, including admission to the pool, will be charged all swimming students.

Wednesday morning at 10:00 o'clock has been set aside for a ladies' only swimming session. Regular pool hours are 2:00 to 9:00 p. m. weekdays and 2:00 to 6:30 p. m. Sundays. However, during the cool weather, the pool will not stay open later than 8:00 unless by popular demand. Arrangements may be made for special swimming parties at night.

The operators report the rains, cool weather, and wind have doubtless kept down the crowd of swimmers so far this season. With the coming of warmer weather, the number of swimmers is expected to increase.

IRRIGATION WELL
Further spread of irrigation in Lynn county is indicated by the development of a small well on the Alfred Burnett farm, four miles south of Newmoore.

California is 770 miles long.

HILTON WOOD

Hilton Wood Is Trip Winner

Hilton Wood, 16, son of Mr. and Mrs. Horace Wood, Tahoka, route 5, has been selected as a member of the Talent Club, sponsored by Producers Grain Corporation of Amarillo, and will be given a free trip through the small grain producing states of the Mid-West.

He is one of eight 4-H Club boys in Northwest Texas selected for membership in the club and to make the all-expense-paid trip. There are also eight 4-H club girls. One boy and one girl are selected annually from eight districts for the trip.

Leaving Amarillo on June 12, the party will travel as far north as Omaha, Nebraska, and return via Kansas City, Mo., and Enid, Okla. They will visit grain and livestock farms, elevators, experiment farms, and other points of interest.

Accompanying the youths will be Marvin Simms, Castro county agent; Mrs. Tom (Argen) Draper, Deaf Smith county home demonstration agent; Kenneth Lloyd (Continued on back page)

Cancer Fund Is Nearing Quota

Exceeding the goal in the Cancer Fund drive has been assured, states H. W. Carter, county chairman.

With a quota of \$1,350.00, citizens of Lynn county have already turned in \$1,340.25, barely short of the goal.

The town of Wilson and a part of O'Donnell are yet to be contacted, Mr. Carter states.

Special credit is due the ladies of the various communities of the county, he said, who staged "coffees" to raise money for the fund. Response to the drive has been surprisingly good from other sources also, he said.

Hail, Wind Damage Buildings In County

Some Cotton Is Coming Up

Some cotton in Lynn county is already up to a good stand, both on irrigated and dry land.

Burl Moore of Draw reports there is a good deal of cotton up in his area, with more peeping through daily.

Many farmers who received rains since planting are scratching in an attempt to get up a stand.

Many others have just gotten well along on their planting this week, while spots over the county do not have enough moisture for dry land planting.

The large dry spots are an area south of Tahoka, north and east of Wilson, and in fact most of the northeast corner of the county, north of New Lynn and in the Gordon and Morgan communities; also around New Home. There are also dry spots at O'Donnell, Wells, Newmoore and an area east of West Point.

Tahoka Students Finish At Tech

Lubbock, May 26.—Several Lynn county senior students in Texas Tech will receive their degrees in the commencement exercises Monday evening at 8 o'clock in Jones Stadium.

Among the graduates are: Wendell Dee Moore, Tahoka Bachelor of Business Administration in accounting.

Roger Newton Line, O'Donnell, Bachelor of Arts in government. Elna Reba Dunagan, Tahoka, Bachelor of Science in Education (Social Science).

Paty Claudine Locke, Tahoka, Bachelor of Science in Education (Social Science). Emily Lou Slover, Tahoka, Bachelor of Science in Education (Elementary Education).

Wyatt L. Burkhalter, Jr., Bachelor of Music (Music Education). Mr. Burkhalter is band and chorus director in Tahoka High School.

Vernon Dale Willhoit, Tahoka, Bachelor of Science in Agriculture (Dairy Industry).

John Lovic Shepherd, Bachelor of Science in Agricultural Education.

Thomas Benjamin Mason, Jr., Wilson, Bachelor of Science in Agriculture (Animal Husbandry).

Grassland Co-op Meets June 6

Grassland Cooperative Gin will pay out about \$8,400 in dividends at its annual membership meeting Friday night, June 6, beginning at 8 o'clock.

L. S. Turner, president, will give the welcome address and president's report; Carl M. Greer, secretary, will make his report; and Claude Donaldson, auditor, will report on the finances.

The gin processed 2,770 bales of cotton. It will pay \$1.00 per bale cash dividend, \$1.00 per bale stock dividend, and also is paying off \$2,900 in patrons' stock loans, and otherwise reducing its indebtedness.

Talks will be made on the farm program by Roy B. Davis of Plains Coop. Oil Mill; compressing cotton by Tom Brown of the Co-op. Compress; and the outlook for cotton by John Gregg of the National Cotton Council.

Directors are: Amos Gerner, Thurman Francis, H. E. Huffaker, J. A. Propst, and B. A. Norman. Otis Tew is the gin manager.

Maine is bounded by only one state, New Hampshire.

Damage was done many Tahoka buildings, outbuildings and residences in the T-Bar community, and other structures over the south and east parts of Lynn county by a severe wind and hail storm late Sunday.

Rain which accompanied the storm covered the east half of the county and gave a few more farmers in dry spots sufficient moisture for planting.

Although the rain and hail amounted to only .23 of an inch during a 10-minute fall in Tahoka, most of the east half of the county, from one end to the other received a half inch and possibly more in spots.

Many windows on the south sides of buildings in Tahoka were broken by the hail, especially windows not protected by screens. Roofs of many buildings were damaged, some of them sufficiently so to require re-roofing. Among these were the County Agriculture Building, Dale Thurman Farm Store, Jones Feed Store, McKee Radio-TV, all of which had broken windows.

Damage was heavier in the southeast part of town, where many residence roof were beaten off.

Insurance adjusters have been here this week inspecting the damage.

The high winds caused shortage in several local power lines, and a part of Tahoka was without electricity for some time. Also, service was disrupted on Puka-Lambro lines in the New Lynn and Fletcher-Carter areas.

Damage was especially heavy in the T-Bar community from high winds of almost cyclone proportions.

Pat McKibben, who lost some outbuildings and had the roof (Continued on back page)

Some Will Close Memorial Day

Government and county offices in Tahoka will be closed all day Monday, May 30, Memorial Day.

Some stores expect to close for the holiday, but most of them will be open to serve framers during the busy planting season.

Tahoka Chamber of Commerce was asked early in the week to contact merchants with the idea of closing for the day but C-C officers found that too many stores feel they must stay open, such as implement houses, repair shops, seed dealers, etc.

Therefore, a decision was reached Tuesday at the meeting of C. C. directors not to sponsor the closing of the town. However, some stores not directly connected with service to farmers who are planting have stated they will close for the holiday.

"Lynn County Mystery Farm" No. 46:

This is some Lynn county farm home? First town and first rural reader to call The News and correctly identify it will each receive six months' credit on their paper. Also, a free enlargement of the picture will be presented the farm owner on calling at The News.

 VETERANS OF FOREIGN WARS OF THE UNITED STATES

READY—AND HELD—Private First Class Justice W. Lord of Corsicana, Tex., left, and Private First Class George W. James of Baton Rouge, La., report their radar control ready to "go on the air" during the annual practice shoot for Nike installations at Red Canyon Range Camp, N.M. The guided missile installation being put through its paces is the 20th, which guards the important Washington-Baltimore area against possible enemy air attack. It is to complete the practice run.

Wilt Draper Is Tarleton Officer

Stephenville, Texas, May 26—Wilt Draper, 23 year old son of Mr. and Mrs. Bud Draper of route 4, Tahoka was elected Wesley Foundation president at Tarleton State College last night. He will begin his studies with the class of school and continue until June 1, 1954.

The Wesley Foundation is the agency of the Methodist Church reaching out to college students. With a variety of activities including worship, recreation, study, and work projects, the organization carries on its work in a Methodist Student Center located near the campus.

Miss, a first semester Vocational Agriculture student, will coordinate the entire program and lead a council of ten officers in planning and carrying out religious activities on the college.

Mrs. A. L. Dunagan Back Home Again

Mr. and Mrs. A. L. Dunagan returned home Saturday night from Rochester, Minn., where Mrs. Dunagan was a hospital patient for several weeks and where she underwent a major surgery on May 5. She withstood the trip home well, and is reported to be doing fine.

the operation and stayed two weeks to return home with her, says they were 23 hours on the road. They came by train to Fort Worth, where they were met by their son, Dick Dunagan, and wife. A daughter, Mrs. J. K. Woolley of Lottwood, stayed with her five weeks while she was at Rochester. Another daughter, Mrs. A. T. Kent of Buffalo, went up with Mr. Dunagan and stayed there two weeks.

Hail Insurance

Farmers, did you know you can buy 25% more protection from Panhandle Mutual than you can from Stock Companies at the same premium?

Did you know that with a Stock Company Policy you only have 10% of your policy in force until it is too late to plant cotton? (See paragraph 17)

Panhandle Mutual does not have this REPLANT Clause. Did you know with a Stock Company policy you only have 25% of your policy in force when your cotton is 15 days old?

With Panhandle Mutual you have 66 and two-thirds percent in force. With Panhandle Mutual you can buy protection to October 15, or November 15.

With Stock Companies you have no choice. Panhandle Mutual Policies are NON ASSESSABLE.

The Panhandle Mutual is 27 years old, has a Cash Reserve of over \$425,000.00.

In 1954 Panhandle Mutual ranked second in Hail Insurance Sales in Texas.

Buy your Crop Insurance from a home Company where you can get good service and a fair deal.

Your business appreciated.

WARM WEATHER WILL DAMAGE EGG QUALITY

College Station, May 26—Warmer weather can cut egg quality in the state unless producers take a few precautions, warns F. I. Beathusson, extension poultry marketing specialist. High temperatures and low humidity are two of the greatest enemies of good egg quality. For producers, who sell in grade, a drop in quality means lower prices. Sold ungraded, a drop in quality means decreased consumer demand.

Keep the eggs clean. Beathusson says. Use clean, dry nesting materials and keep the birds confined on wet days to avoid mud-tracked nests.

Stop up the number of times each day eggs are gathered, preferably to two or three times daily. A wire basket allows air to circulate quickly carrying off the heat.

Store eggs in a cool, humid but well ventilated place. And market regularly and frequently. Beathusson points out that Grade AA eggs become inedible in three days at 80 degrees, but usually will remain Grade A for about six months if held just above freezing.

SLATON BOOSTERS VENTURE TABOKA

A group of Slaton boosters, accompanied by a western band, visited Tahoka Tuesday afternoon to advertise the big celebration being held there Friday and Saturday, June 1 and 4.

Included in the entertainment will be a rodeo, parade, bathing beauty contest, square dance, home appliances show, and home-coming of former citizens.

Post Stampede is in progress this week, with the performances beginning Wednesday and ending Saturday night.

TOO MANY DROWNINGS THIS FAR IN '54

College Station, May 26—The number of drowning fatalities in Texas streams and lakes is running far ahead of last year.

"Facts can't afford to forget their rules for water safety," cautions the Texas Farm and Ranch Safety Committee. "The opening of swimming pools, along with the call of the streams, rivers, and lakes, places added impetus on the necessity of safety in the water."

Of the 21,000,000 people who are expected to go for a swim this year, some 7,000 will drown.

Many drownings are caused by over-confidence, the committee says. Too often people who have little swimming knowledge ven-

ture into deep water to show off their partially-developed skill and end up in trouble."

Select a safe place for swimming, preferably one supervised by a lifeguard, the committee advises.

Don't go into deep water unless you are a seasoned swimmer, and the don't stay in too long.

Before diving be sure the water is deep enough and free of obstructions.

Never swim alone. Don't enter

the water when tired or over-tired, and wait at least two hours after eating to take a dip.

And, know how to save a drowning person and how to apply artificial respiration.

The committee's final advice is the aquatic-minded, think first of safety and then enjoy your swim.

The state of Delaware has a perfect circular arc for one of its boundaries.

Four by a Blue Chip value

GMC'S NEW HYDRA-MATIC V8 RUNABOUT

Has your business a "blue chip" look?

THIS is addressed to the man who prides himself on the quality of the goods or services by which he makes his living.

For we offer him the badge of a "blue chip" business—the distinguished Blue Chip GMC truck.

It is, as you can see, impressively handsome. Its smartness of styling speaks highly of your taste, your standards, your progressiveness.

But this is a case where business pride is also

business sense. For every minute and every mile your Blue Chip GMC is in use, it is building a fine impression of your business with countless prospective customers who see it.

And the wealth of mechanical superiorities for which the Blue Chip GMC is noted will emphasize the practicality of your pride.

Power that makes light of loads—sprung performance that hovers in no passenger car—handling that's more pleasure than chore—the eye-opening

economics typical of all superbly built vehicles.

True, another truck may cost you a little less—and prove more expensive. For, the few extra dollars a Blue Chip GMC costs is twice repaid—first by operating economies, and again at trade-in time.

This is the truck to set your sights on. We know you'll set your heart on it too, after a few miles behind the wheel. Come in and let us put you in the proudest seat in truckdom.

See us, too, for Triple-Checked used trucks

ELMER BLANKENSHIP

Arizona Cypress Trees Available

Farmers who made application to the District early in the year for Arizona Cypress trees for a homestead wind break can now pick up the trees at any of several nurseries in Lubbock. Word has been received by K. K. Moore, chairman of the District Board, that the trees are available now and will be sold at the special price of 25 cents per tree to those farmers who have a letter from the District showing that they are participating in the farmstead windbreak program.

These letters which must be shown at the nursery for identification, are being mailed to each of the farmers who make early application for the trees.

Some 30 farmers in the District requested a total of about 4,000 trees. The Lubbock nurseries have asked that the trees be picked up before June 15th, as there may be enough trees to

supply some farmers who failed to make early application.

Those farmers who did not make application and who want Arizona Cypress trees for a farmstead windbreak should contact one of the district supervisors or the Soil Conservation Service in Tahoka.

Complete written instructions for the planting and handling of the trees will be supplied by the nurseries.

Plant Blue Panic Grass Now
Improved grasses can be planted anytime from now to early July. Many farmers have already planted blue panic grass, one of the most successful improved grasses. Blue panic is a permanent summer growing grass that resembles sudan grass and is adapted to both dryland and irrigation farming.

Leroy Davis, of Grassland, had good luck with five acres of blue panic grass last year. He first planted it in May, then again in June and got a stand the second time. By irrigating it he was able to graze seven head of cattle on it from late July until October and also got two seed cuttings from it. The cows gained 150 pounds on the grass and he has already sold all the seed he has to spare. This year the grass was ready for grazing in April. Leroy planted another eight acres this year and has an excellent stand. He also plans to plant about 15 more acres on his dryland farm south of Grassland.

There are quite a few other farmers planting blue panic this year. Price Thomas has a good stand from last year and is planting 40 acres more this year. F. E. Redwine has planted 40 acres on his farm near Draw. L. L. Birdwell of O'Donnell has begun planting blue panic on 100 acres this week. Tom Hale is planting on planting about 30 acres on his farm at West Point this week.

It requires special boxes to handle the small blue panic grass seed. To illustrate the size, it takes about 45 blue panic seed to equal the weight of one wheat seed, there being 680,000 blue panic seed in a pound and 15,000 wheat seed in a pound.

A pound of blue panic per acre is enough seed for a stand, although many farmers plant more in case conditions are not favorable and only a few of the seed come up.

The seed should be planted in 40-inch rows, one-half to an inch deep, and usually dry planting is satisfactory since it will

take a few showers to germinate seed planted that shallow.

A clean, firm seedbed is most desirable and almost a necessity for dryland plantings. It is also best to plant flat or on the top of the bed if possible so that sharp rains will not wash in and cover the seed too deep or bury small seedlings.

With favorable conditions, blue panic has been known to make seed in 45 days; so it is possible to plant as late as August, but earlier planting is usually more practical. The grass should be allowed to put on some seed before grazing is started the first year so that a good root system is developed and a stubble of 10 to 12 inches should be left during the winter to insure against freezing and spring drought.

The Lynn County Soil Conservation District has special boxes for planting the grass and also some of the major implement companies are now making special grass planting plates. Farmers wanting more information on grass planting should contact local Soil Conservation Service personnel or the County Agent.

Bible School At New Home Church

Vacation Bible School at the New Home Baptist Church will open Monday, May 30, and continue through Friday, June 3, Mrs. Loyd McCormick announces.

Mrs. Don Caraway is principal of the school. Classes will be held each afternoon between the hours of 3:30 and 6:00 o'clock, for children from nursery age through the intermediates.

All children of the community are invited to attend the school.

Wade Kelley of Lubbock is a medical patient in Tahoka Hospital.

DIXIE H. D. CLUB

Wednesday afternoon, May 18, the Dixie Home Demonstration Club met in the home of Mrs. Clifton Hamilton.

The meeting was called to order by the president, Mrs. Buel Draper.

Women taking part on the program were Mrs. J. O. Allen and Mrs. A. C. Aycox. Their subject was "Questions and Answers on Polio."

Delightful refreshments were served to seven club members.

Mrs. J. O. Allen will be hostess to the next meeting at 2:30 p. m. June 1, in her home.

MEMORIAL DAY

MAY 30, 1955

Three years had passed since the last shot had been fired. In the beginning it had not been easy for fighting men to learn again the ways of peace—to sleep without having an ear cocked for the crack of a picket's rifle, to get up by one's own will rather than at the call of drum or bugle, to work at a steady job instead of doing only what some officer ordered. For awhile even the beds had been too soft, and the food too rich for stomachs that had made their peace with hard-tack or grits and bacon.

But by the spring of 1868 most of the veterans, North and South, had taken up their old lives or made new ones. The war was fast slipping into the past, and men were coming to remember only its comradeships and victories, and to forget its horrors.

And perhaps to forget, too, the graves that marked every battlefield, even every hamlet. It was then that General John A. Logan, Commander-in-Chief of the Grand Army of the Republic, issued his celebrated general order designating May 30 as a day for strewing with flowers the graves of the men who had given their lives for their country. A few weeks later, solemn processions everywhere moved with slow step to the resting places of the dead.

Even before 1868 a number of Southern communities had decorated the graves of Confederate soldiers. As in the North, the custom spread and became permanent, although some Southern states still honor their dead on dates other than May 30.

While the war remained an unhealed wound, it was natural that the people of each section should glorify the valor of their armies at the same time that they did homage to the fallen. But with each year bitterness diminished, and ever-larger numbers saw that grief has no respect for geography. Thus Memorial Day came to embrace all Americans and the dead of all our country's wars.

We can do little more than set aside a day of recognition for those who never came back. But there are thousands who have come back—ill, maimed, burdened with hurts from which they will never recover. For these, the disabled, we can show that we mean our annual tribute. We can, if we will, make an effort to understand their problems, and offer them every opportunity to earn decent livings and lead normal lives. If we fail in this small obligation, we strip Memorial Day of its meaning.

Written Especially For The Disabled American Veterans

Eminent American Historian And Lincoln Scholar
Editor, "The Lincoln Reader,"
"By These Words: Great Documents of American Liberty"

Congratulations:

Mr. and Mrs. Milton Gardner on the birth of a daughter weighing 8 pounds 4 ounces at 2:17 p. m. Sunday in a Lubbock hospital. She has been named Tommie Jan. Mr. Gardner is principal of North Elementary School in Tahoka.

Mr. and Mrs. Walter R. Steen of Wilson, route 2, on the birth of a daughter weighing 8 pounds 10 ounces at 9:28 a. m. Tuesday in a Lubbock hospital.

Mr. and Mrs. John Henry on the birth of a son weighing 7 pounds 1 ounce in Tahoka Hospital Saturday at 5:25 p. m. Named Thomas Ray, the boy is their first child. He is a grandson of Mr. and Mrs. G. A. Henry. The father, employed at Bray Chevrolet, came back to Tahoka five months ago with his wife, a native of Canada, to whom he was married while serving in the Airforce in Maine.

Edith Aldridge Honored In Annual

The "beauty" section of the 1955 La Ventana, Texas Tech yearbook being distributed this week, is dedicated to the late Miss Edith Aldridge of Tahoka, who was killed in a car accident four months ago.

Edith had been selected as one of the eight most beautiful girls at Tech, the selection having been made by Jon Whitcomb, noted artist and illustrator.

On January 26, while en route to Fort Worth, she and her boy friend, Philip McGee, also a Tech student, were killed when the Aldridge car driven by McGee crashed into the rear end of a truck near Jacksboro.

Miss Joyce Tharp of Littlefield, whose parents formerly operated Tahoka Bakery, is also one of the eight Tech beauties this year.

Miss Deanie Edwards, selected as the "White Rose" of Sigma Nu, is also featured in the annual. She is a daughter of Mr. and Mrs. E. R. Edwards of Tahoka.

HOLDEN GRADUATES

Lee Edward Holden, formerly of Tahoka, was one of the graduates of Meadow High School Tuesday night. Attending the exercises from Tahoka were his grandparents, Mr. and Mrs. O. L. Kidwell, Miss Dorothy Kidwell, and Mr. and Mrs. G. B. McAda and son, Johnny.

The first major national labor organization in the USA was known as the "Knights of Labor."

Mr. and Mrs. C. C. Dwight had as their guest Sunday, his niece, Mrs. Hodges, and husband, of Snyder. It had been ten years since they had seen each other. Mr. Hodges is foreman of a construction company at Snyder.

REDDY'S Farm Report

FROM THE AGRICULTURAL DEVELOPMENT DEPARTMENT SOUTHWESTERN PUBLIC SERVICE COMPANY

The modern ranch and farm has become a place where top production through efficient operation and management is the goal. In increasing numbers, farm and ranch managers are applying electricity to get desired results. Electricity can do for farm production what it has done for industry — produce more for less.

Mr. L. R. "Buck" Miller, of Pampa, Texas, is manager of the Schafer Ranch, and is proud of the savings that his ranch foreman, Ray Roles, is able to realize with his electric farm shop. Mr. Miller is equally proud of the choice Aberdeen Angus cattle that are raised on the ranch.

"My shop is a money maker the year round", Mr. Roles explains. "During the summer season we repair machinery on the spot, saving time and money. During the winter months we repair all our machinery and have it ready for the busy season, thereby eliminating costly last minute repairs."

An electric welder, a 3/4 hp electric drill, and an electrically operated air compressor comprise the major electric tools in the Schafer Ranch shop. Evidence of this well equipped shop and Mr. Roles' skill is present at every turn on this modern ranch.

Mr. Roles has used his skill in putting the equipment and buildings at the Schafer Ranch in number one condition. If he needs a piece of equipment, and can't buy it, he builds it. Through the ingenious use of his electric welder and other shop tools, the foreman has built several machines to make the ranch operations more efficient.

A well equipped electric farm shop offers the farm operator the opportunity to cut his repair bills considerably and realize an even greater profit in time saved by making repairs on the spot. Additional profits are realized when all of the farm machinery is put in A-1 condition during the winter months when other work is not pressing. Experience on the Schafer Ranch shows that little time is lost due to repairs during the critical season.

This heavy duty electric drill and drill press, plus a good supply of hand tools, plus a good mechanic all add up to make this shop a "money maker". Ray Roles, the ranch foreman, is operating the electric drill.

This modern efficient farm trailer flanked by Mr. Roles and L. R. "Buck" Miller, Schafer Ranch foreman and manager, respectively, was an outmoded farm wagon before Mr. Roles overhauled it in the ranch electric shop. Everywhere you turn on the ranch, equipment has been repaired or improved to make it more useful.

Brother And Sister See Each Other First Time In 39 Years

Mrs. J. R. Strain of New Home this week has a brother visiting her whom she has not seen in 39 years.

He is Roy Morgan of Cedar Grove, New Jersey. His wife accompanied him here for the visit.

The brother left home in 1916 to join the Navy, in which he served during World War I. He later settled down in the Northeast, and never found occasion to come back home.

Last week end, Mr. and Mrs. Strain and Mr. and Mrs. J. B. Edwards and family went down to Electra for a reunion of the Morgan family. There were 43 members of the family present — all of them but two.

Mr. and Mrs. Roy Morgan returned to Tahoka with them for a visit here until today, when they expect to start back to their home in New Jersey.

Mr. and Mrs. O. D. Peden and Mr. and Mrs. J. A. Ellis and two boys of Lubbock visited Sunday in the home of Mr. and Mrs. Perry Walker. The Pedens are parents of Mrs. Walker and Mrs. Ellis is a sister.

Fernando Magellan, Portuguese navigator, discovered the Philippines on March 16, 1521.

The Maldives Islands, are in the Indian Ocean.

Shirley Hewlett Is Honored At H-SU

Abilene, May 26.—Miss Shirley Jo Hewlett of Wilson was one of the Hardin-Simmons University students honored in chapel Wednesday morning by Dean W. T. Walton.

Miss Hewlett, a 1954 graduate of Wilson High School, won the medal as the best supporting actress for her role as Mrs. Webb in "Our Town," the major fall production.

She is a member of the Players Club and the Religious Drama Club at H-SU. She is a speech major.

Miss Hewlett was a member of the state all-star cast at the Texas University Interscholastic League in Austin last spring with her role in "Judge Lynch," presented by Wilson High School.

MRS. W. A. KING HAS SUNDAY VISITORS

Mrs. W. A. King had as guests last Sunday Mr. and Mrs. C. H. Carmichael of Bangs, Mr. and Mrs. Floyd Brown of Whitehall, Mr. and Mrs. J. W. Brown of Littlefield, Mr. and Mrs. J. R. Brown of Post, Mr. and Mrs. J. G. Perkins of Pep, Mr. and Mrs. Roy McMahan and son of Abilene, Mr. and Mrs. Edd Underwood, Roy and Shirley of Dimmitt, Mr. and Mrs. C. L. Taylor of Newmoore, and Mr. and Mrs. G. E. Vickers and Dianne of O'Donnell.

Gaucha is the name applied to the Argentine cowboy.

Donkey Ball Game Is Staged Sunday

Tahoka Jaycees won the donkey ball game over Draw Outlaws 4 to 3 here Sunday afternoon, a game in which there were spills and thrills for everyone.

Edward Pool was the star for the Jaycees, scoring two of the four runs.

Before the game, one of the donkeys, named Bob Hope, did a few acts for the spectators.

After the donkey game, the Jaycees played the Draw boys a regular game and won 7 to 2. The same two teams will play at Draw next Sunday.

The Jaycees asked The News to thank the fans for turning out for the game and to publicly thank the Jaycees' wives for handling the concessions stand.

The Union of Soviet Socialist Republics was organized as a federation Dec. 30, 1922.

JAYCEES THANK TOWN FOR COOPERATION

We, the Tahoka Jaycees, wish to thank the people of our town for the wonderful cooperation in helping with the Clean-Up campaign.

Most people were nice to pile their trash and junk in the alleys for us to haul away.

Especially do we wish to thank Hall Robinson for his cooperation in tearing down the old house and for the \$50.00 check he gave us for doing so.

We appreciate the cooperation of the City of Tahoka, the City employees, Pat Hines for use of the truck, Mayor Clint Walker, the City Councilmen; Willie Shambeck for use of a truck; and Frank Hill for the publicity.

These men have certainly been backing the Tahoka Jaycees.— (Signed) Tahoka Jaycees.

The zinnia is the state flower of Indiana.

The Benedictine Order was founded at Monte Cassino in the year A. D. 529.

New Dodge Custom Royal Lancer. Other Dodge models priced below many models in the "lowest price field."

Some things you can see right away that tell you this is the year of the big Dodge move. (Sales have doubled over last year!)

You can stack the new Dodge up against other cars in its field, and see how much larger and more luxurious it is: Up to 9 inches longer than competition.

You can see the distinction of new Dodge styling, with eager lines that are stealing the "OH's" from the costliest cars. The swept-back sweep-around windshield. The "sparkle" of twin-jet taillights and three-tone color combinations. The beauty of Jacquard tapestry interiors.

But more important than this is the deep-down dependability engineered into every unseen part and feature of this great Dodge!

That is something you discover through the years and over the miles. It is your sure reward for choosing the new Dodge.

THE NEW DODGE

Fair-Fashioned... and Flashing Ahead!

Mrs. Silas Dixon Falls, Breaks Arm

Mrs. Silas Dixon, wife of the Methodist pastor at Draw, fell and broke her right arm just below the shoulder Sunday night. She had started during the rain from her house to the night church services at the nearby Methodist Church at about 7 p. m., when she slipped and fell. A daughter of Burl Moore, who lives nearby, chanced to see Mrs. Dixon laying on the ground in the mud and rain unable to get up, and went to her aid. She was brought to Tahoka Hospital for treatment, where her arm is in traction.

NAME IS OMITTED

The name of Jerry Cain was omitted from the list of Tahoka High School students who hold membership in the National Honor Society. He will be a senior next year.

Sheriff's Posse Is Winner of Second

Lynn County Sheriff's Posse took second place among the 20 riding groups entered in the annual Post Stampede parade Wednesday.

Fisher County Sheriff's Posse won first place, and Slaton Rangers placed third.

About 5,000 were said to have attended the first performance of the rodeo, which is showing each night through Saturday.

Court House Will Close On Monday

Lynn County court house offices will be closed all day Monday, May 30, in observance of Memorial Day.

Early this year, the Commissioners Court designated five days during the year on which holidays will be observed, by closing of offices. These are New Year's, Memorial Day, July Fourth, Thanksgiving, and Christmas.

Grassland . . .

(Cont'd from Page 1) students transferring to Tahoka. In the recent joint meeting of the two boards, Tahoka proposed that Grassland help pay this difference in per pupil cost of educating the students transferring from that district to Tahoka.

Supt. Otis Spears of Tahoka has been informed by Robt. A. Allen, Jr., of the Finance Division of Texas Education Agency, that Tahoka should charge the difference in the amount of the actual cost of school operation, which is \$213,000.00, and the allowable under the foundation school program, which is \$160,000.00, which difference amounts to about \$65.00 per pupil for the 830 pupils under average daily attendance.

Grassland also has its problems, among which is the growing threat from the State Department of Education, or at least the leaning toward the idea, that each school not now having 12 grades must align itself with a 12 grade system.

Although regretted by most people, rural schools are rapidly becoming a thing of the past.

Grassland school people feel that their plant must be overhauled if kept in operation, and have been considering a bond issue of from \$5,000.00 to \$9,000.00 to repair and modernize their school building.

This would make necessary a raise in valuations, and a resultant raise in taxes.

Also, consolidation would also likely make necessary a raise in valuations at Grassland. Or, paying to Tahoka an additional sum for education of high school students would also be a financial strain.

Unwilling to make a decision involving all the citizens of its district, the Grassland board decided to call the election and let the people pass on the proposition. Mrs. Ruth Jolly, county superintendent, told The News.

Those figuring on the various proposals, The News is informed, believe the increased cost to Grassland will be about the same whichever step it takes. With a small student body (29.14 average daily attendance this last year,) and only two teachers, it is growing more difficult to operate a modern school and meet the State demands.

No community wants to lose its school, however, and Grassland is no exception. In fact, it is the only rural elementary school left in Lynn county, a county that once had 27 schools. Mr. Spears said that, at the meeting of the two boards, Tahoka was not demanding anything of Grassland, but simply laying its problems before that community's board and asking that, in fairness to Tahoka taxpayers, something be done by this district to pay its part of the load in educating transfers.

Adamson Gets Honor Award

Germany—Army Cpl. Robert D. Adamson, 22, son of Mrs. Bonnie Adamson, route 4, Tahoka, Tex., recently was awarded the Good Conduct Medal in Germany while serving with the 1st Infantry Division Artillery.

Corporal Adamson, a field wireman in Headquarters Battery of division artillery, received the decoration for his exemplary behavior, efficiency and fidelity. A 1953 graduate of Texas Technological College in Lubbock, he entered the Army in August of the same year and arrived overseas last July.

Fred McGinty At Dallas Meeting

Fred McGinty was in Dallas Thursday to attend a meeting of the stockholders committee of the Federal Land Bank.

Fred represents this district of 41 counties and the 21 associations in these counties.

He expects to fly from Dallas to Chicago where he will join his wife and daughter, Mariana, and others from Tahoka attending the annual convention of Rotary International.

ATTENDING CONFERENCE

Rev. J. B. Stewart, pastor of the First Methodist Church, and a number of church members, as well as pastors and laymen from all the other Methodist Churches of Lynn county, this week are attending annual Northwest Texas Conference at First Methodist Church in Lubbock. Appointments will be announced Sunday.

Michigan was the first state to ratify the amendment repealing prohibition.

Heads USO Drive

Watrous H. Irons, President of the Federal Reserve Bank of Dallas, has been named to serve as Chairman for the Texas United Defense Fund. He served as Chairman for the successful campaign of 1954-55 and has accepted the position again for the 1955-56 campaign which will be launched this fall. Principal agency in the Texas United Defense Fund is the USO, which provides recreational activities for the men and women in the armed forces. Appointment of Mr. Irons as campaign chairman was made by Ben H. Wooten of Dallas, general chairman for Texas.

Hilton Wood . . .

(Cont'd from Page 1) and Oscar Applequist of Producers Grain.

To qualify for the coveted honor, a 4-H Club boy or girl must have done outstanding work.

Hilton Wood has been a 4-H club member under County Agent Bill Griffin since 1950.

He received the Gold Star award in 1953 and showed the reserve champion fat calf in the Lynn county Junior Livestock Show the same year. He showed the grand champion in 1955. This year, he is feeding two calves for next spring's show.

He was a member of the entomology team in 1954, and is a member of the same team again this year which recently won the district championship and will be at Texas A. and M. for the state contest June 8-11. He has also won the county entomology award, the meat animal award, carries out swine and cotton programs, and is vice president of the countywide boys' 4-H club organization.

Have News? Phone 35

Rain . . .

(Cont'd from Page 1) of his home damaged, said he did not think T-Bar was hit by a tornado, but the wind was very strong and had just enough twist in it to tear things up.

Mrs. Tom Billings, who lives on the farm owned by Mrs. T. F. Clayton of Rainer, Ore., a mile and a half east of T-Bar, said a cement block double garage and frame chicken house there were destroyed. The wind was sufficiently high to scatter the cement blocks.

T-Bar gin office was damaged, Albert Curry lost a shed and a chicken house, a barn at the Fred McGinty farm was practically unroofed, Clyde Childress lost a granary, and damage was done at the Woody McMillan place. Damage was also done at the Calvin Dorman farm, where a Mexican farm hand's face was cut by flying glass from windows in the house in which he was living.

Damage was also reported at scattered points elsewhere.

A cotton pickers' house belonging to Boyd Barnes in the Draw area was blown over. Bill Boydston, southwest of Draw lost a shed.

Allie White lost some outbuildings at Gordon.

F. W. Chapman had a chicken house destroyed on the Warrick farm.

Showers which accompanied the storm gave a number of farmers sufficient moisture on which to plant who had not previously received rain. There were also showers last Thursday and Friday afternoons.

Principal benefit was south of Tahoka and in the New Lynn and Wilson areas.

Tahoka received .08 of an inch on Thursday of last week, .06 on Friday, and .23 Sunday to bring the local rainfall to 3.70 inches for May, 4.58 since April 29, and 7.14 since January 1.

Mr. and Mrs. W. A. (Eckie) Nevill of San Pedro, Calif., left Thursday for home after a visit here with his parents, Mr. and Mrs. J. L. Nevill, and other relatives and friends.

NEW NIGHTWATCHMAN

Melvin Isaacs has been appointed night watchman for the City of O'Donnell. He succeeds Harvey Castelberry, who resigned last week.

Texas is 620 miles wide.

Mrs. Elbert King has been in Dallas this week attending the ladies' ready-to-wear show. She expects to return home today.

Mrs. Faye Weed from Los Angeles, Calif., is here visiting her mother Mrs. Lucy Caveness.

R. W. Barton Owner of Farm East of Town

R. W. Barton is the owner of Mystery Farm No. 45, which is located six miles east of Tahoka on U. S. Highway 390.

Oran Ramsey of Tahoka and Mrs. J. B. Kelley of route one were the first to recognize the place. Others included Dale Thurman, James Murray, Mrs. C. L. Walker, Hubert Edwards, Edgar Hammonds, Mrs. Ira Vaughn, and Mr. Barton.

Mr. Barton has owned the 173-acre farm since January, 1946. He also owns a half section nine miles east and five mile north

of Tahoka, near New Lynn, which is farmed by L. L. Keeten.

The Barton home place is a part of the land filed on at the turn of the century by the late W. F. and A. A. Vaughn, among the first "nesters" in Lynn county, who at one time controlled about 13 sections.

Alec Vaughn died in April, 1921, and Frank Vaughn died in October, 1929. Edgar Hammonds states. Mr. Barton brought the farm from Mr. and Mrs. T. I. Hammonds in 1946. Mr. and Mrs. Barton remodeled the existing home into the modern residence shown above.

When he first came to Lynn county, Mr. Barton says most people thought blueweeds could not be killed. Since blueweeds sapped the soil at such a rapid rate, and since some people poked a little fun at him about his blueweed farm, he set to work to kill them. He says he succeeded in killing them on the New Lynn farm, and he now has only a few on his present farm. He expects to get these all killed off. He believes in terracing where needed, and has his New

Lynn place all terraced. His more-level home place is contour farmed.

He raises some chickens, hogs, and cows, and believes the raising of some livestock almost a necessity to partical farming over the years.

Mr. Barton says old Lynn is the best dry land farming area on the plains, or anywhere that he knows about.

He and his wife, the former Miss Ozella Hinds, were married in August, 1914. They moved to Lynn county and the New Lynn farm in January, 1927. Both have long been active in the Gordon Church of Christ, which was built in 1934.

They have four daughters, Mrs. Frank (Allie) Sargent of Brownfield, Mrs. Nelson (Marie) English of Corpus Christi, Mrs. B. O. (Margaret) Bingham of Tahoka, and Mrs. Grady (Carolyn) Woodward of Odessa; and 12 grandchildren.

CARD OF THANKS

My wife and I want to take this method to thank our many friends in Lynn county and elsewhere for the many beautiful cards, letters, and flowers sent her while in the hospital at Rochester, Minn. We appreciate them so much! She has received over 100 cards and letters and some beautiful flowers. Again, we thank each and everyone for the many kindnesses shown us.—A. L. Dunagan and wife

SECOND SECTION

The Lynn County News

Tahoka, Texas, May 27, 1955

Clint Walker Is Rotary Speaker

Clint Walker, mayor and until recently county chairman of the National Foundation for Infantile Paralysis, talked at Tahoka Rotary Club Thursday noon on the Salk polio vaccination program.

He revealed many interesting facts about the vaccine and its possible effect in reducing the incidence of the disease.

Illustrating the heavy expense in treating polio patients, he cited the fact that the Lynn County Chapter has expended \$6,000 on one patient and \$1,600 on another during the last two years, both of whom are now on the road to recovery.

As mayor, he also cited improvements planned at the City Park, which will include a softball and junior league baseball diamond, the grounds for which will be seeded this summer.

He also called attention to the present beauty of the park, the added picnic facilities, and the modern swimming pool. All schools and communities of the county have been issued special invitations to make use of the park in Tahoka.

The club presented a gift to Mariana McGinty, club sweetheart, in appreciation of her work as pianist.

Her dad, Fred McGinty, in her absence, thanked the club for the many nice things the club had done for Mariana and also another daughter, Patsy, formerly club sweetheart. He announced that Ann Reasonover and Jan

Collier will alternate as pianists this summer.

The famous Texas frontiersman, James Bowie, was inventor of the Bowie knife.

Margaret Roberts Baylor Graduate

Waco, May 26.—Miss Margaret Sue Roberts of Tahoka will be among 565 students in Baylor University receiving degrees at commencement exercises here Friday at the close of the school's 110th annual session.

The commencement marks the 100th anniversary of the graduation of the first woman student from Baylor—Miss Mary Gentry

Kavanaugh who received her diploma from Baylor at Independence in 1855.

Miss Roberts is the daughter of Mr. and Mrs. John A. Roberts of Tahoka, and is a graduate of Tahoka High School.

Washington was the only President ever to receive the entire electoral vote, (1789).

This '55 Buick must have something that folks just won't do without!

TWO months ago, in the public print, we said that this looks like Buick's biggest year—and we weren't fooling.

But what has happened—and continues to happen—is almost beyond belief.

People buy up these stunning new Buicks practically as fast as we get them from the factory. Buick production—already revised upward several times—keeps forging ahead to new highs every month to meet the mounting demand.

And Buick sales keep soaring higher and higher and higher—outstripping by far the phenomenal success of last year—the success that moved Buick into the "Big Three" of America's best sellers.

What is it about the '55 Buicks that folks by the

hundreds of thousands just won't do without? It's many things.

It's styling that's boldly distinctive and fresh as tomorrow. It's beauty of line and beauty of interior, décor. It's a ride that's level, firm and steady. It's a new sweetness of handling. It's great power—walloping new V8 power of record might.

But above all, it's a new kind of performance, from a new kind of automatic transmission that was born of flight thinking.

It's Variable Pitch Dynaflo*—engineered from the principle of the modern plane's switch-pitch propeller—and what it brings you in the way of pure thrill, mere words can't describe.

Just you drop in on us this very week and try it. That way you can see what a terrific automobile—and a terrific buy—the hottest-selling Buick of all time really is.

*Dynaflo Drive is standard on Roadmaster, optional on other Buick series.

CAN YOU SEE • STEER • STOP SAFELY? THREE VIEWS CAN—ONE ACCIDENT!

COOL COMFORT FOR HOT WEATHER DRIVING WITH

Buick's Airconditioner

(A genuine Frigidaire)

Automatically cools down the hot interior quickly—and keeps it cool, even in slow-moving traffic. Continuously replenishes inside air with fresh supply of filtered outside air. Lets you ride in clean, quiet comfort with windows closed on dirt, noise and noise damp, even when cooling is not required. Available in all Buick Buick and Buick models of extra cost—and well worth it in cool, clear comfort.

Less Friction with Trop-Artic Motor Oil!

In the experiment below, the slide on the left is coated with ordinary motor oil, while the one on the right is coated with TROP-ARTIC All-Weather Oil. When two steel blocks are dropped on the two slides at exactly the same time, the one on the right slips down nearly twice as fast as the one on the left. The reason is: less friction with TROP-ARTIC oil.

IT'S PERFORMANCE THAT COUNTS!

New Phillips 66 TROP-ARTIC reduces friction far more effectively than any ordinary oil. By reducing friction, it extends gasoline mileage. And it can reduce wear, even to the extent of doubling the life of an engine. It can cut oil consumption 15% to 45%. It keeps pistons cleaner. New TROP-ARTIC is the first all-weather type motor oil to meet the highest standard ever established for automobile motor oils, the Mil-O-2104 Supplement I Test. Get TROP-ARTIC from your Phillips 66 Dealer.

Odds and Ends

(BY E. L. THE ELDER)

I have a couple of friends, the A. L. Williamsons, who own and live on a big ranch over in New Mexico just a few miles west of the Texas state line. Mr. Williamson and I were school mates both in the Thomas Arnold High School in Salado, Texas, and later in the University of Texas. Mr. Williamson is just a few years older than I but he is many years my superior in educational attainments, wisdom, and life on its many levels of culture and experience. Among other employments, he has taught school, spent a few years in Mexico where he had opportunity to study the oldest civilizations that were developed on the Western Hemisphere, and now he is a successful ranchman in eastern New Mexico. Mrs. Williamson

also is a highly cultured woman, descended from the Dandridges of Virginia, kin-folks of the Jeffersons, the Randolphs, and other leading families of Virginia, but neither of them makes any boasts regarding their educational attainments or their ancestry. They taught together many years ago down here—on up here—at Benjamin, Texas, but met again years later out in Southwest, Texas, and soon thereafter were married. They are among the finest people living. Mrs. Williamson writes all the letters for the couple and invariably addresses me by my first name, a custom which I like very much. Recently she addressed a letter to me at Tahoka, and on March 11 my son Frank sent it on down to me here in Waco. Because I think that the letter might be interesting to many of our readers in West Texas and some in Central Texas, I am going to include most of this letter in this column this week. Here it is:

"Dear Ivy: Sorry you've been ill. We missed Odds & Ends (in recent issue) Glad you are better. Maybe you need a day in the country. The poor old country up this way (Pep, New Mexico) has taken an awful sanding, but the shinnery has leafed out and a bit of grass shows here and there. A few buds have appeared on the roses and the Century plant has thrust up a giant bloom stalk (three feet high already). You've seen many a one in bloom, no doubt, in Mexico. But I'd like for you to see this when it blooms. "Asa and Jim (her husband and their son) are moving the cows with baby calves off the shinnery onto the Johnson grass this morning. Shinnery at this stage sometimes kills a baby calf. "We have had a couple of showers of rain that lifted our spirits immensely. Of course we are praying desperately for more. The cattle are in good shape but at the cost of much feed and careful watching. "Get well fast and any time you can get off we'd be delighted to see you and Myrtle and the girls." (My daughter and two grand-daughters who live in Lubbock and who have visited the Williamsons with me.)

So, that is a brief picture of life on a big ranch in eastern

New Mexico. All of my South Plains readers will understand it thoroughly. It is a different world from that which we have down here in Waco. Central Texas, where I viewed a great Magnolia tree in bloom just yesterday afternoon, a tree about ten times as large as that Magnolia tree (or shrub) which may be seen on W. M. Harris' premises in Tahoka.

Either Alice or Mary and sometimes both of them have been taking me for a ride nearly every day. Recently, on one trip, we visited Chilton, Mooreville, Eddy, and Moody, and then returned to Waco via McGregor. All of these towns have an interesting history, and so I have decided to tell something about each of them from time to time in this column, beginning with Chilton, though it is the youngest one of the group.

While I have no official record information as to how it got its name, I think well-known historical facts will give us the proper clue.

James Stephen Hogg, generally regarded as the greatest governor Texas ever had, was first elected in 1890. His first term ran from January 20, 1891 to Jan. 1893. But he ran for a second term in 1892 on a platform advocating the creation of a State Railroad commission and was elected. His second term as Governor ran from Jan 15, 1893 to Jan. 15, 1895. Soon after Governor Hogg entered upon his second term in 1893, he asked that great statesman and Patriot, John H. Reagan, to resign his seat in the U. S. Senate to accept the chairmanship of the Texas Railroad Commission which he, Hogg, was then in the process of formulating. This involved quite a sacrifice, financially and otherwise, on the part of Senator Reagan but he yielded to the call of duty and the plea of Governor Hogg, and resigned his seat in the United States Senate. Governor Hogg thereupon appointed the Hon. Horace Chilton of Tyler to fill the vacant seat in the U. S. Senate. Chilton was an able lawyer, highly regarded by the legal profession, but was little known outside of the Tyler area.

That appointment was made in December, 1893, I believe, and was made to fill out the unexpired term of Senator Reagan, resigned. But in 1895, at the end of the unexpired term, Chilton was elected to fill the term of a U. S. Senator, six years. It was along about the year 1894 or 1895 if I am not mistaken, that a post office at Mooreville was discontinued and that the town of Chilton about five miles further east on the road to Marlin was started. My assumption is that the town of Chilton thus established was in honor of Senator Horace Chilton.

Now I want to give you a little history respecting the old town of Mooreville. There was a time when it was one of the most prosperous and best-known towns in all Central Texas. It is situated on land that for a long time was a part of the Jones-Connally estate. The Moores were neighbors of the Connally's and one of the Moores married Tom Connally's sister, and she still lives in the old Connally home in which Tom Connally was reared. But the town of

Mooreville is situated some four or five miles southeast of the big handsome, two-story, Southern Colonial-style home of Tom Connally's father, which may yet be seen for miles around in almost every direction. While the town of Mooreville lost its post office many years ago, it still has a number of business houses, a church or two, and a population of possibly 150 people. Old Mofat in Bell county, Eagle Springs in near-by Coryell county, and numerous less-pretentious places in Central Texas have almost entirely disappeared from the face of the earth but not so, as yet, with Mooreville. I can remember when, in the early years of the present century, Congressman

Bob Henry of Waco and Cullen Thomas of the same city who was seeking to unhorse him, had a series of joint discussions in the district, and one of the most bitterly fought and most famous of these debates was waged on the street of Mooreville. I think that was the last great political meeting ever held in the town of Mooreville. Both of the towns of Chilton and Mooreville are situated in Falls county, and each is surrounded by a rich, black-land farming area. It's a veritable land of Beulah.

I will have to wait until a later day to tell you more about Eddy and Moody and Stampede. And so, for the present, I bid you all, Goodnight.

On April 18, 1940, Eire became the Free Republic of Ireland, cutting last ties with Britain.

Enjoy "White Glove" Cooking

That's electric cooking, of course — the modern cooking method, the white glove cooking way. That's because electric cooking is so clean that you can actually take a clean, white glove and run it across the top of the electric element. Unlike the old-fashioned flame-type burners, electric elements collect no soot.

Then, too, electric cooking is electrically controlled for accuracy and dependability. Ever notice how engineers build things with electric controls when they're after modern, automatic control? So, it's obvious that for modern cooking it makes good sense to go all-electric. Get the range that cooks with and is controlled by electricity.

An electric range is clean and it always looks modern. That's because electric cooking is as clean as an electric light bulb. And, it looks modern because if it's electric it IS modern. See the beautiful, modern electric ranges on display at your Reddy Kilowatt Electric Appliance dealer's store. Ask for a free demonstration. Go modern... and that's to go electric!

...of course, it's Electric!

CLEANERS OFFER TO CLEAN UP FLAGS

Dry cleaners of America were asked today to join in a nationwide drive in which all American flags would be cleaned without charge in return for the owners' promise to display the colors on Flag Day, June 14th, according to Granvel Ayer.

The appeal was made jointly by Seaborn Collins of the American Legion, and the National Institute of Drycleaning.

Window posters identifying dry cleaning stores as participating in the program have been provided all such establishments.

Post Commander F. W. Chapman urges everyone in Taboka to make sure they "show their true

Thomas Mason Gets ROTC Commission

Lebbeck, May 26.—Thomas B. Mason Jr. of Taboka, route 1, is one of 47 Air Force ROTC cadets at Texas Tech who will receive commissions at exercises beginning at 2 p. m. Monday in the Aggie Memorial Auditorium.

Mason is a graduate of Wilson High School, where he was prominent in 4-H club and Future Farmers of America work.

While it was still a territory, women in Wyoming were given the right to vote.

Colors—a bright and sparkling red, white, and blue."

Mrs. Pearl Davidson and Ann attended the funeral services for Mrs. A. E. England of Brownfield Tuesday.

Miss Eva Williamson was in the Mercy Hospital at Slaton Monday and Tuesday of last week.

Mr. and Mrs. Charlie Lichey and daughter, Mary Lou, visited relatives at Big Spring Sunday.

Victor Steinhauser, son of Mr. and Mrs. Walter Steinhauser, is home on a 15 day leave. Victor is stationed with the United States Navy at Kingsville.

Miss Ethel Summerlin visited her brother, J. C. Summerlin of Levelland Sunday.

Mr. and Mrs. J. O. King attended funeral services for the Rev. J. E. Stephens in Post Wednesday. The Rev. Stephens was a former pastor of the Wilson Methodist church here.

The Wilson Senior Class left Monday morning on their annual senior trip. They will visit a dude ranch near Kerrville. They are to be gone approximately five days.

Linda Heck is ill this week with the measles.

Wilson Seniors Complete Work

The Wilson High School graduation was held Wednesday night in the Wilson High School auditorium. The main part of the graduation was presented by the graduating class.

Miss Don Evelyn Joines, the valedictorian, and Miss Joyce Verkamp, the salutatorian, gave the addresses.

Principle W. P. Jones presented the special awards. The awards were received by the following:

Venita Stone, a junior, Typing; Mary Alice Hanes, a junior, Home Economics; Chester Campbell, sophomore, Math; Deana Ward, a junior, English; Ida Mason, a sophomore, history; Eugene Breudigam, a junior, Agriculture; Myrna Kaatz, a senior, Shorthand; Javan Schneider senior, Band; Joyce Church, a Freshman, Science; Verlene Ehlers, senior, Girls Athletics; Jimmy Schneider, senior, Boys Athletics; and Best All Around Girl and Boy, Mary Alice Hanes and Eugene "Mutt" Breudigam. The Valedictorian and Salutatorian received a trophy.

J. P. Hewlett, superintendent, presented the class, and Clarence Church, president of the school board, gave the diplomas.

The professional and recessional were by the Wilson High School Band, under the direction of Mr. George Rhodes.

Charlie Coleman gave the invocation and Javan Schneider gave the benediction.

Special numbers included a piano solo by Verlene Ehlers, a vocal solo by Eileen Maeker, and the class song by the class. Candle-lighting and the fare-

well speech was presented by Eugene Breudigam president of the Junior Class.

Lynn Harrison, Mary Alice Hanes, Charles Terry, and Judy Blankenship were ushers.

There were several other awards and certificates given at the graduation to high school students Wednesday. There were 38 certificates given for not missing a day of school, and several students received them for being on the honor roll every six weeks.

An Appeal for 101 Days of Safe Driving

During the summer months—from Memorial Day through Labor Day—highway traffic fatalities are high. So high that the Governors' Conference has endorsed a nation-wide safe driving program during the 101 days between the two holidays.

Only you, the motorist, can make this campaign a success... If you, and every other highway traveler, will resolve to drive at a safe speed, to follow the recommendations of Safety Associations for safe highway driving, literally hundreds of lives will be saved during this summer's travel. One of them may be your own.

Wherever you drive this summer, PLEASE DRIVE SAFELY

Safety Associations recommend that you follow these simple rules for a safe vacation trip:

- Observe all posted speed limits; don't hurry, ever.
- Regulate the speed of your car to highway and traffic conditions.
- Don't drive too long—stop when you're tired.
- Observe all highway caution warnings—slow down for curves, when descending steep hills, etc.
- Don't drink when driving.
- Follow the golden rule of traffic courtesy: give other motorists the same consideration you'd like for them to give you.
