Aid Is Asked For Drouthy Areas

Directors of Lynn County Farm Bureau were among the 60 farmers, bankers and Chamber of Commerce representatives who attended the 10-county area meeting in Lamesa Friday night to approve a recommendation calling for additional Federal aid to South Plains farmers who will be unable to make crops this year.

The recommendation asks that the department of agriculture request adequate funds to be added to its emergency wind erosion control program.

The funds will aid dry-land and irrigation farmers in planting winter cover crops in the event they can't make money crops this year because of weather conditions.

Counties represented at the meeting were Terry, Lynn, Martin, Midland, Gaines, Yoakum, Glasscock, Dawson, Howard and Hockley Counties.

Officials noted that in every one of those areas—with exception of Hockley County—wind and hail have destroyed 40 to 60 per cent of crops.

Copies of the recommendation will be sent to U. S. Rep. George Mahon, Sec. of Agriculture Ezra Taft Benson, Texas Agricultural Conservation Committee and the West Texas Chamber of Commerce.

Copies of the proposal, will be sent to other area counties—including Lamb, Bailey and Cochran—in the program.

Drillstem Test Made At Well

Argo well Argo Oil Company No. 1 Willie Mae Edwards oil test, just southwest of Tahoka, was drilling at 4,765 feet Thursday noon in lime.

A drillstem test at the well taken from 3,765 to 3,925 feet last week end revealed no show of oil or gas.

Location adjoins the southwest corner of Tahoka townsite, 1,880 feet from the north and 660 feet from the east lines of section 224, 2, GB&CN survey.

Unofficial reports were that the formations are running low. Although many deep oil test have been drilled in Lynn county, this is the first that has been attempted near the center of the county.

PROHLS HAVE VISITOR FROM MASSACHUSETTS

Miss Rachel Wells of Lexington, Mass., is here visiting with the family of Dr. Emil Prohl.

In 1948, the Prohls became acquainted with the family of Dr. Ralph H. Wells while attending the Rotary International convention in New York. They went to Lexington and visited in their home.

Last year, in April, the Wells came here for a visit with their new friends.

After attending the recent Rotary Convention in Chicago, the Prohl family again went to Lexington for a visit with the Wells and also attended Rachel's graduation from High School.

The Prohls returned home Tuesday of last week. During the five weeks they were gone, they also visited Montreal and Quebec, in Canada, Boston, New York City, and Washington, D. C.

Jaycees To Canvas Town Today

The Tahoka Jaycees will canvas the City of Tahoka today, Friday, with house to house calls selling trash barrels to those who need them.

These barrels are 30 gallon capacity, painted, and have handles welded on them.

This is a follow-up of the Clean-up Campaign, thrown by the Jaycees in May, to help keep Tahoka a clean and healthy place to live.

See add elsewhere in this issue for prices.

Farm Safety Week July 24-30

Farm Safety Week has been set July 24-30, according to a proclamation by President D. Eisenhower.

In issuing the proclamation, the President stated that the accidents kill more than 14,000 people each year, and injure more than one million farm residents.

The occupational death rate of the nearly seven million farm workers in the United States is the third highest among the rates reported for all types of industry in this country.

In an effort to cut down on these accidents, Farm Safety Week has been set up, during which all farm workers are requested to make safety investigations of their homes, farms, machinery, and equipment, and to cultivate careful work habits and attitudes.

The President asks all persons and organizations interested in farm life and welfare to join in a campaign to reduce the tragedies and losses caused by needless accidents.

Explorer Scouts Visit Air Base

Tahoka Explorer Scouts were guests of Reese Airforce Base, west of Lubbock Wednesday.

Ten Scouts, accompanied by their advisors, Cecil Hammonds and Birch Larsen, left Tahoka at 7:15 a. m.

During their tour of the Post, they visited such points of interest as the base gym, ground training school, and other such places. Capt. Wayland, information officer, was their guide.

Lunch was served them in the Wing Dining Hall.

The group returned to Tahoka at about 1 p. m. Explorers making the trip were: Terry Bryan, John Hegi, Karl Prohl, Charles Isham, David Bray, Jackie Applewhite, Denver Ford, Jay Gurley, John Redwine, and Cecil Hammonds, Jr.

New Home Couple Visit In Europe

Mr. and Mrs. Bill Balch of New Home returned Sunday from a month's trip to Europe to visit their son, Cpl. Don D. Balch, and to see the sights. They flew by TWA both ways.

Leaving here June 5, they flew from Amarillo to New York City and thence to Paris, France, and from Paris to Frankfurt, Germany, by AirFrance.

Arriving at Frankfurt on June 7, they were met by Don Dee, who is stationed at Nellingen, near Stuttgart.

After attending the recent Rotary Convention in Chicago, the Prohl family again went to Lexington for a visit with the Wells and also attended Rachel's graduation from High School.

The Prohls returned home Tuesday of last week. During the five weeks they were gone, they also visited Montreal and Quebec, in Canada, Boston, New York City, and Washington, D. C.

They also had a two-day visit at Bamberg with Dan Cowan, also stationed in that country with the Army.

Leaving on June 26, they had a brief stay in Paris, where they saw the Eiffel Tower and Napoleon's Tomb, then flew to London to spend two days seeing the sights. Flying back across the Atlantic, they spent two days in New York City before proceeding home.

Mrs. Balch says the trip was the most wonderful experience imaginable.

C. J. Bohannon, who owns a couple of Lynn county farms, is moving to Tahoka this week from Knox City. He formerly lived at O'Donnell, moving from there in 1929.

ROSE MARIE YANDELL

Two More In Queen Contest

Lynn County Farm Bureau has two new contestants for the Queen Contest which will be held August 19. Deadline for entry in the event is August 1.

Miss Rose Marie Yandell is the daughter of Mr. and Mrs. Dave Yandell. She is a member of the Rainbow Girls. In school, she was vice president of the National Honor Society, cheer leader, secretary-treasurer of the Senior Class, was voted class favorite, and was elected by the student body to "Who's Who."

She was on the staff of "The Kennel," school annual, three years, and also served as editor of the year book. She also was a member of FHA three years, and served as office secretary to the school principal.

Miss Susie Smith is the daughter of Mr. and Mrs. W. E. Smith of Tahoka. She was Past Worthy Advisor and is still a member and Grand Representative of the Rainbow Girls. In school, she was a member of FHA, belongs to the National Honor Society, was Foot Ball Queen for 1954-55 and "Miss THS" last fall, served as president of Tahoka High Band, and was elected by the Student body to "Who's Who." She had the honor of winning the Babe Ruth Sportsmanship award one year. She will be a freshman in Texas Tech this fall.

Congratulations:

Mr. and Mrs. Fred (Slick) Williams on the birth of a son weighing 9 pounds 2 ounces at 5:19 a. m. Monday in Tahoka Hospital. Name, Troy Darrell.

Mr. and Mrs. Justo Castro on the birth of a son Justo Jr., weighing 6 pounds 10 ounces in Tahoka Hospital Tuesday at 8:35 a. m.

Second Shots For Polio Set Soon

Vaccine will be available in the near future for the second polio inoculation in Lynn county. Dr. Emil Prohl, county health officer, has been advised by Dr. H. A. Holle of the State Department of Health.

Parents are asked to watch for announcement of the time for these shots. When the time is known, parents must bring their first and second grade children receiving the first shots to the school which they attend, New Home, Wilson, O'Donnell, or Tahoka. Grassland children will come to Tahoka schools.

There will be no make-up clinics, nor will the shots be repeated free of charge, Dr. Prohl says.

In mid-April, 508 Lynn county children received the shots in the free inoculation program. Second shots were scheduled to follow some time later, but vaccine made by one company provided to be faulty and the program was delayed until all vaccine could be double-checked.

None of the faulty vaccine was used here, and authorities assure the public that every precaution has been taken to insure the safety of the upcoming immunization inoculations.

Water Problem May Be Grave Unless Supply Is Conserved

Local Youths On Tech Honor Roll

Lubbock, July 8.—Two hundred and sixty-eight students at Texas Tech were listed on the Honor Roll issued today by W. P. Clement, registrar.

The list contains the names of students enrolled for 12 semester hours or more during the spring semester who maintained a grade average of 2.48 or better. (3.00 is perfect) Thirty four students maintained a 3.0 grade point average.

Students for Lynn county on the honor roll were: Thomas B. Mason, 2.76 Agriculture, Senior. Wendell Moore, 2. 67, Business Administration Senior.

Ronny Gurley arrived home last week with his discharge from the Army. He expects to re-enter college this fall.

Softball Teams Form League

Tahoka Jaycees, Draw Outlaws, Thomas Gin of Grassland, and Pleasant Valley have formed a new softball league, made up of these four teams.

All games are to be played at Grassland, with two games each Monday and Thursday nights. The first game will start at 8:30 and the second will follow immediately after the first.

Last Monday night, Draw Outlaws won 4 to 2 over Thomas Gin, and the Jaycees won 12 to 11 over Pleasant Valley.

D. L. Penninger Dies Suddenly

David L. Penninger, 54, formerly of Tahoka, died of a heart attack on June 23 at 11:30 p. m. at Fresno, Calif., according to word received here Saturday by Mrs. Charles Whitfield, a friend of the family.

Mr. Penninger and his family moved from Tahoka to California in 1942. He worked here for Gibson Motor Freight.

The letter stated that he was working in the grocery store and his wife operated in Fresno when he was stricken, and death came shortly afterward.

Survivors include his wife; one son, Billy Earl; and one daughter, Mrs. Arlie Ro McCreary.

New Officers Installed By Tahoka Rotary Club, Green New President

New officers of Tahoka Rotary Club were installed at last Thursday's meeting, these being Harold Green, president; A. M. Bray, vice president; and Alton Cain, secretary.

In turning over the records to Cain, Johnny Reasonover, outgoing secretary, stated that the club now has 44 members and that the club had been in the "high ten" of the district 10 or 12 times in the two year period he had been in office.

Cain responded with a talk in which he expressed his appreciation for the honor bestowed on him by the club, and solicited continued cooperation in making the office easy to fill.

A. M. Bray, president this past year, in relinquishing the gavel to Green, stated he had greatly enjoyed serving the Tahoka Club as president during the Golden Anniversary year of Rotary.

In listing many accomplishments of the year, he expressed the belief that the fellowship afforded business men by the Rotary meetings was the greatest. Among others, he called attention to the fact the Tahoka club had increased its membership 12.8 percent during the year, as its part of the International goal

of 10 percent; and that the club now has 100 percent representation in Rotary Foundation, an organization in Rotary which sponsors foreign exchange students. He also expressed thanks to individual members and committees who had worked to make the year a success.

In accepting his new responsibilities, Harold Green, young attorney, asked for a continuation of the present programs of the local club, and outlined some of his objectives for the coming year.

Dr. Emil Prohl presented the past president's pin to the outgoing president.

Preceding the installation, Wynne Collier, who has 23 years perfect attendance in Rotary, four years at Post and 19 years at Tahoka, outlined the history and some of the major accomplishments of the local club.

The club was organized in October, 1936, with Mack Penn as the first president. Post was the sponsoring club, of which Phil Boucher was then the president. Fred Wemple of Midland, later State Highway Commissioner, was district governor. Wynne enjoyed the distinction of serving

Precinct 4 Club House Opening

Open house for the new Precinct 4 Community Club House located at New Home will be held Tuesday evening at 8:00 o'clock. The program will consist of the building committee turning over the structure to the board of directors.

The project has been sponsored by New Home Civic Club but will serve the entire precinct, including Lakeview, Petty, Joe Stokes and Dixie.

A tile building 32 by 60 feet in size, it contains a kitchen and restrooms. Cost of the building is approximately \$4500, which is located just north of New Home Baptist Church.

The club house will furnish a more suitable meeting place for Home Demonstration Clubs, Boy Scouts, FFA and 4-H Civic Club, as well as a place for parties, homecomings and reunions, and a place for wholesome recreation for the young people of these communities.

On the building committee, which supervised the building of the structure, was Roy L. Williams, chairman, C. E. Roper, L. H. Moore, Jr., L. C. Unfred, Delbert Mouser, Frank Lisemby Jr., Dub Thompson, in charge of electrical installation, and David Peterson, in charge of plumbing installation.

The finance committee was composed of Robbie Gill, Boswell Edwards, and H. Q. Sharp.

The board of Directors, which has been set up to supervise and operate the club house is composed of a member of each from the Civic Club, the Boy Scouts, Home Demonstration Clubs, and one member from each of the communities. Members of the board are E. R. Blakney, Mrs. Wilmer Smith, Mrs. C. B. Nowlin, Orville Ray Phifer, R. O. Webb, Boswell Edwards, and David Peterson.

Everyone in the area is invited to attend the open house and refreshments will be served.

Next Time Try The Classifieds.

Citizens of Tahoka have been called on to help conserve the city's dwindling water supply by watering lawns only on set days. This information was released by Mayor Clint Walker when cards were mailed to postoffice boxholders in Tahoka last Saturday asking all water users to water lawns and yards according to this schedule:

Watering days for everyone living South of the Brownfield-Post highway are Monday, Wednesday, and Friday. For those living North of the Brownfield-Post highway the days are Tuesday, Thursday, and Saturday. No watering on Sunday.

Mayor Walker issued the following statement regarding the shortage:

"Due to the extreme drouth this summer, the city officials are urging everyone to help conserve in any way possible. All city wells are being pumped to full capacity to furnish water for the town. Some of the wells are failing due to the continued heavy pumping. The city is now in the process of drilling more wells on city property North of Tahoka and these wells will be put in use as soon as possible.

"Several people have drilled wells in their back-yards and are using small pressure pumps to water their lawns. We urge as many as will to drill more wells; thereby relieving the city water problem that much.

"If everyone will cooperate until we get that good rain, and cut water use to a minimum," says Mayor Walker, "we feel like we can weather the drouth and not have to install strict water rationing."

Water consumption has been at the rate of approximately 800,000 gallons per day for the past couple of weeks. The city has 12 wells located North of Tahoka and one well at the City Park which is used to furnish water for the park only.

Mrs. J. A. Hill Is Taken By Death

Mrs. J. A. Hill, about 77, wife of the president-emeritus of West Texas State College, Canyon, died at her home there at 9:50 p. m. Tuesday. Funeral services were held in Canyon Thursday afternoon. She had been ill with a heart ailment for many months.

Mrs. Hill was well known by a number of people in Tahoka, and had visited here frequently. She was a sister-in-law of E. I. Hill, and aunt of Frank Hill, who with his wife attended the services. Frank lived in her home while attending college.

Ola Davis Hill was born and reared at old Salado, Bell county. Her husband was president of WT State from 1918 to 1948.

She was prominent in her own right, and was well known as a leader in religious and woman's club circles. She was also an artist and a writer, and collaborated with her son, "Joe Boy" in writing a book, "With Admiral Byrd in the Antarctic."

Survivors include her husband; two sons, J. Davis Hill, superintendent of the Galveston City Schools, and Joe Hill, executive of a manufacturing firm in Cleveland, Ohio; and one daughter, Mrs. Lemore (Marion) Hill, whose husband is an executive of the Huber Carbon Black Co. in Borger; and eight grand children.

Mr. and Mrs. Clyde Hammonds and family of Fort Worth, and Mr. and Mrs. Edwin Reagan of Dallas were here over the week end visiting Mr. and Mrs. Ivan McWhirter and Macky Joe. Mrs. Hammonds is a sister and Mrs. Reagan is a niece of Mrs. McWhirter.

Lynn County Soil Conservation District News

K. K. MOORE ELLAS BARNES L. D. HOWELL W. E. DUBREE ELMER BLANKENSHIP

The first half of 1955 is now history, and according to the record books on conservation activity in the district it has been an active six months. The records which have been summarized in the Tohoka Soil Conservation Service office show that the first half of 1955 has seen more conservation on the ground in the Lynn Conservation District than any year since 1951. Farmers and businessmen alike have shown increased interest in the conservation program, and the district supervisors are well pleased with progress this year.

Some of the major conservation projects and the amounts of each applied so far this year by district cooperators include 12,436 acres of contour farming, 36,617 acres of stubble management, 99 miles of terraces, two and one half miles of diversion terraces, 287 acres of irrigation bench leveling, and 90,383 feet of permanent underground irrigation pipe. A total of 379 cooperators have applied one or more conservation practice and 480 cooperators have received help from SCS

technicians on some problem or practice.

Besides the actual application of conservation on the ground, there has been activity in other phases of the district program. The Chamber of Commerce joined forces with the supervisors in a Farmer-Businessmen's Banquet early in the year. The two groups also sponsored a conservation essay contest and presented awards to three winners.

Another phase of the district program which has received little publicity is the stubble mulch trial program. The supervisors have acquired on a loan basis from an implement company some relatively new pieces of equipment designed to plant feed sorghums in narrow spaced rows and leave the stubble on the surface of the ground throughout the entire year. Experiment Stations have found that stubble left on the surface year long will give more protection from wind erosion and also increase crop production. A good job of stubble mulching can be done with many common implements but the

Odds and Ends

(BY E. L. TIFE ELDER)

Miss Ross is going to take you back to the Holy Land this week for a visit to one of the most historic and yet one of the strangest and most unique spots on the face of the earth—a lake whose waters by comparison would make the waters of Salt Lake, Utah, taste like honey.

Also, I have received another letter from Senorita Aurora Gutierrez of Mexico City together with another contribution for this column, but it was written on paper so thin that the ink went right through it and made

most of the letter and the contribution also utterly illegible; so I can not use that in this column.

Miss Ross's last contribution to this column was taken from the chapter entitled, "Jericho, The Dead Sea, and the Jordan River"; so we are beginning this week where we left off that week.

Now we quote from Miss Ross: "One of the most impressive drives in Palestine is from Jerusalem through the wilderness of Judea to Jericho, the Dead Sea, and the River Jordan; much of the way the road follows the ancient roadway by which 'A certain man went down from Jerusalem to Jericho.' It is very much more comfortable to go early in the morning or late in the evening and thus avoid the intense heat of midday. Early in the morning, we passed shepherds on the way, taking their flocks to pasture, and women from the Bedouin camps, carrying large bundles of camel-thorn to the market to sell for fuel. Fuel is very scarce in this country and is seldom used except for cooking.

"We went over the Mount of Olives, near Bethany, just beyond which is the 'Spring of the Apostles,' the only spring between Bethany and the Valley of the Jordan. It is, no doubt, well named, for the Apostles must often have stopped there on their journeys between Jerusalem and the Jordan. Then, on through the wilderness of Judea we went, which is a desert between the hill country on the west and the Dead Sea on the east. It is about fifteen miles wide and thirty-five miles long and has been described as a wilderness of mountain tops, tossed up like waves of mud, or wrinkled over with ravines, like models made of crumpled papers.

"The hills were brown and barren, although we could see signs of a small growth of wild flowers which had sprung up and, because of lack of water and soil, had soon withered and died. For fourteen miles we traveled through this wilderness before we reached Jericho. About half way, we came to the Good Samaritan Inn, which stands on the traditional site where lay the man who fell among thieves, when the priest and the Levite passed him by on the other side. The setting is a very good one for the scene of the parable; it is in the midst of a barren and uninviting country, and even today thieves are not unknown."

"Away across the desert to the south is the Frank Mountain. It is a natural hill which Herod the Great heightened by artificial means and upon which he built his palace, converting the desert near-by into a gorgeous spot of tropical splendor. Josephus gives us a description of this palace of Herod which, judging by the ruins, was not exaggerated. It is said that Herod died in Jericho and that his body was carried up and buried in this mountain. The Crusaders, many of whom were from France, made their last stand against the Moslems here, and from this the mountain gets its name. (Ed. Note: It was the Franks who settled France.)

"Turning to the south, we followed the road through thorn bushes and alkaline hills until we reached one of the most unique, and at the same time, one of the most desolate spots on the face of the earth—the Dead Sea. It is thirteen hundred feet below sea

When his planes were flying over the Turkish forces in the Jordan Valley, during the first World War, he sent the following cable to the War Office in London: Flying over the enemy six hundred feet below sea-level. All is well. Needless to say, there was some excitement for the moment, in the London war office."

"To the east are the hills of Moab where Ruth was born and where Moses is buried. We stopped on the north end of the sea where an enterprising native family is living. They have a bath-house and the lodgers who come here for the bathing. Some doctors in Jerusalem send patients here for baths. It is all very primitive, but they have a phonograph made in New Jersey, U. S. A. (This was written in A. D. 1941) which grinds out Arabic music. the southern end of the Lake, tradition says, is the place where Lot's wife turned and looked back." (Gen. 19:23-26.)

I will have only one more story about the wonders of the Holy Land. I think these have been very enlightening and intensely interesting stories about the land where Jesus lived, and I am sure that all Bible students of whatever faith and creed have enjoyed and profited by them. The last one will be just as good as this one is. I will give that to you soon.

Virginia Clemm was the wife of Edgar Allan Poe.

Steers fed 10 milligrams daily of diethylstilbestrol, the female hormone, now incorporated into many steer fattening rations, made the most profitable gains in recent tests at the Spur Agricultural Experiment Station.

Drouth and overgrazing has thinned stands of grass in most permanent cultivated pastures and this coupled with recent rains is likely to make the control of weeds a bigger problem this summer. Mow your pastures early for weed control while there is plenty of moisture in the soil advises Extension Pasture Specialist E. M. Trew.

Dan L. Carpenter Owns Fine One-Section Farm Place

The above Lynn county farm home belongs to Mr. and Mrs. Dan L. Carpenter, who live eight miles north and 4 and one-half miles west of Tahoka.

Those identifying the place correctly, in order, were Mrs. C. E. McClellan, Pat Hammonds, Kay Moore, Mrs. Lois Fleming, Larry Brown, Edwina Overstreet, Mrs. Carpenter, Mrs. Billy Ray Smith, J. A. White, and Fred R. Scott.

The Carpenters bought the one-section farm from the T-Bar ranch lands in 1944, and built the house pictured above in 1947. However, they have been farming in this area for 33 years.

Mr. and Mrs. Carpenter are retired, but continue to live in the nice farm home. The east half section, which has three small irrigation wells, is farmed by their son, Winifred. The west half is

farmed by Roland W. Clem. Mrs. Carpenter, the former Ebna Borne, came from Waxahachie to Post with her parents in 1915. Dan came to Post from Anson in 1920. The two were married in 1923, and immediately moved to Lynn county to farm.

Their first farming was on the old A. W. White farm at old South Ward, southeast of Tahoka. They farmed the G. E. Lockhart place a mile north, and next the Timmons place two miles west of Grassland. Following this, they were on the L. G. Thuit farm just over the line in Garza county for six years. In 1932, they bought a half section just east of New Lynn, where they lived until buying their present place.

They have a fine farm, in which they take great pride.

They have one son, three daughters, and eight grandchildren. The children are Winifred, Mrs. Dwight (Anna Jean) Corbell of New Home, Mrs. Herbst of Plainview, and Mrs. Charles (Sue) Hudman of Crosbyton.

MRS. STOKES QUALIFIES FOR INSURANCE HONOR

Austin, June 29.—Mrs. Gladys M. Stokes, Southwestern Life representative at Tahoka, has qualified for the Leaders Round Table of Texas for 1955, according to an announcement received today from Cecil W. Murray, Huntsville, chairman of the group.

The Round Table is comprised of more than 500 career life underwriters in Texas, and membership is based mainly on production of qualification. It is the only honor in the industry exclusively for agents.

The Round Table is a part of the Texas Association of Life Underwriters and is holding its annual meeting in conjunction with the convention of the Texas Association at the Texas Hotel, Fort Worth, June, 23-25.

BOY INTERESTED IN BASEBALL PROGRAM

(Post Dispatch)

If all parents showed as much interest in the boys' baseball program as Mr. and Mrs. L. B. Burk of the Grassland community, we'd have a king-sized league going full blast instead of just a couple of teams.

Every time the Indian team works out or has a game, one or both of the Burks bring their 10-year-old son, Jack, in to fill his position at first base. Out at Friday evening's game, Mrs. Burk told us that she'd never seen a youngster as interested in baseball as Jack is. She said he'd clipped and saved every item The Dispatch had printed on the baseball program.

Mr. and Mrs. V. H. Macha, after 35 years residence in Lynn county, have recently moved to Lubbock, where they are now living at 3609 37th street.

J. V. Dyer Family Holds Reunion

Dyers from all over the state and even from Tennessee gathered in San Angelo the week end of June 26 for a family reunion.

Descendants of the late J. V. Dyer of Tahoka and a part of their families were guests of the youngest sister, Mrs. Mozelle Dyer Guinn of San Angelo.

The get-together got underway Saturday evening with dinner at the Lions Club House on Lake Nasworthy. Sunday morning breakfast was served at the same place. Some attended church at various churches in San Angelo, and then met again at the club house for a dinner much remembered. Picture-taking completed the reunion and started the various families back to their respective homes full of food, talk, sunburn and sheer, and heart-felt thanks to Mrs. Guinn for a lovely week end.

Dyers present: Mrs. S. W. Hawthorn of Morton her son and family, Mr. and Mrs. J. D. Hawthorne and three children.

Mrs. W. T. Shepherd, a son and wife, Mr. and Mrs. Travis Shepherd, and two grandchildren, Suzann and William Langly, all of Houston.

Mrs. G. E. White of Tahoka, her son, Dyer White, and two children of Lubbock.

Mrs. J. P. Manly and Mr. Manly of Post, a son and wife, Mr. and Mrs. Edwin Manly of Odessa, a son-in-law and daughter, Mr. and Mrs. E. S. Stewart of Post.

Mrs. M. E. Morris and Mr. Morris, Southland, son-in-law and daughter, Mr. and Mrs. W. A. Lyman and son of Dallas; son-in-law and daughter, Mr. and Mrs. Arden Maeker, two daughters, and a grand daughter, Lou Ella Gary, all of Lubbock.

Mr. and Mrs. Jim Dyer and two sons, Mr. and Mrs. Eby Dyer and daughter and Nathan Dyer, and son-in-law and daughter, Mr. and Mrs. Carl Brewer and son, all of Lubbock.

Mrs. Billy Sanders and Mrs. Sanders, a son-in-law and daughter, Mr. and Mrs. Vernon Golden and three children of San Angelo.

Mrs. W. A. Guinn, Knickerbocker.

Two nieces and a nephew of the late J. V. Dyer came for the reunion from Tennessee. They were Mrs. J. W. Dooley of Etowah, Tenn.; Mrs. Homer Simpson of London, Tenn.; and John Browder of Lenoir City, Tenn. They were house guests of Mrs. Guinn.

E. J. Cooper is improving steadily from his recent illness.

Twin Pipes that play sweet music!

Chevrolet's "Super Turbo-Fire V8" with 180 hp.

You can spot this one by the twin tail-pipes. No matter what you drive, you're going to see twin-exhaust Chevrolets pulling away—in traffic, on the toughest hills, on the long straightaways.

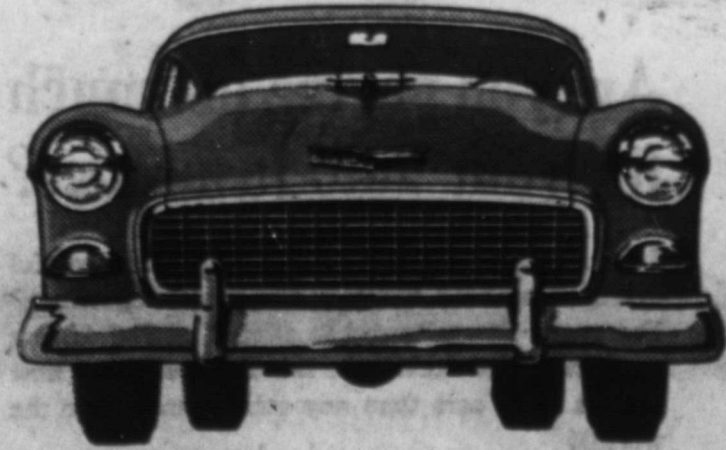

Unless you have a "Super Turbo-Fire V8" of your own. And then you'll know what it's like to pilot the car that sets the pace for everything else—and doesn't pause to read the price tags!

What makes the Super scat? Chevrolet's superb valve-in-head V8, with the shortest stroke in the industry, the most power per pound, and the only

12-volt electrical system in its field—all this plus a four-barrel carburetor and free-breathing twin exhausts.†

Want to sample this silk-lined cyclone? Just give us a call, any day this week, and we'll be proud to show you just how hot a V8 can be.

*Optional at extra cost. †Station wagon models have single exhaust pipes.

Recent Wedding Here Announced

Announcement was made this week of the marriage at 2 p. m. on Saturday, June 18, of Miss Jeanette Cain and Jack Roseberry.

The double ring ceremony was read in the home of the bride's grandmother, Mrs. W. O. Morgan, with whom she has been living, by Doyle Kelcy minister of the Church of Christ.

Vows were taken beneath an archway of pink gladioli and fern.

Miss Dena Wallace served as the bride's maid of honor, and Charles Roseberry served his brother as best man.

At the reception which followed, the two-tiered wedding cake and fruit punch were served by Mrs. Walker of Lubock, aunt of the bride, and Mrs. P. L. Perkins.

Only immediate member of the

two families and a few close friends were present.

The couple will make their home in Midland, where the bridegroom is employed.

D. W. Gagnat left Sunday for Ruidoso, N. M., to join Mrs. Gagnat at their summer home.

Veterans Needed For Air Force

All veterans of the Tahoka area, regardless of former military affiliation, who have been out of the service since July 1951 and who possess a skill needed by the Air Force can now re-enlist with an attractive grade adjustment, it was announced today by T/Sgt. Herbert C. Ulbrich of the local Air Force Recruiting Station, located at the Post Office.

The re-enlistment program is part of a new policy designed by the Air Force to benefit the veteran and also insure the procurement of the much needed prior service technician. In addition the policy allows veterans with special qualifications a choice of base assignment or overseas theatre where he would like to serve.

In the past, one of the greatest deterrents to re-enlistment was the 90 day after discharge time limitation. For veterans who possess skills which are needed by the Air Force, that time has now been extended.

In other skills which are classified as surplus, grade determination will depend mostly on date of separation. Veterans re-enlisting with a skill surplus to present needs will be offered the opportunity to train in a specialty of their choice which is currently needed.

At the present time all specialties are listed under six classifications ranging from needed to surplus. From time to time the classifications of the specialties will be changed depending upon the need of the Air Force.

Sgt. Ulbrich said, "This program revises our re-enlistment policies completely and all veterans should be aware of the new benefits now available under the policy provisions."

Complete details of the program can be obtained by calling at the Recruiting Station located at room 202, Post Office or by phoning PO-23359.

Bray Ball Team Wins 22-8 Game

Bray Chevrolet baseball team took a one-sided 22 to 8 victory over O'Donnell at O'Donnell Sunday afternoon.

The Bray boys scored 19 runs in the first three innings and coasted the rest of the way in. Among the runs were homers by Donald Paris, Charles Jones, John Hauk, and Lynn Strickland. Hauk, who hurled the first three innings before being relieved by Tommy Paris, was the winning pitcher. Roy Johnson was the losing pitcher.

The same two teams play here Sunday at the ball park northwest of Farmers Co-op gin.

Miss Dena Wallace Weds Wm. Murray

Miss Dena Wallace and William Murray exchanged wedding vows Friday at 8 p. m. in the Church of Christ in Tahoka.

The bride is the daughter of Mr. and Mrs. Clyde Wallace of Tahoka, and the bridegroom is the son of Mr. and Mrs. Lewis Murray, also of Tahoka.

Doyle Kelcy, minister of the Church of Christ, read the double ring ceremony before an arch of candelabra flanked by baskets of pink gladioli. Miss Bobby Draper sang "I Love You Truly" and "Be With Us, Lord."

Given in marriage by her father, the bride wore a white linen suit with white accessories. She carried white carnations atop a white Bible.

Serving the bride as matron of honor was Mrs. Johnny McKinney, close friend of the bride. She wore a white linen suit with white accessories to match those of the bride.

Frances Murray, sister of the bridegroom, and Othelda Freeman, friend of the bride, were candlelighters. They wore ensembles of light blue with white accessories.

Serving the groom as best man was Charles Hyles, friend of the groom.

A reception followed in the home of the bridegroom's parents. The table was laid with a lace cloth over blue. A three-tiered cake with a miniature bride and groom centered the table. In the house party were Misses Barbara Roberts and Mary Alice Hanes.

After a short wedding trip to points of interest in New Mexico, the couple will be at home in Lubbock.

188-hp Buick SPECIAL 6-Passenger, 4-Door RIVIERA, Model 43

This 4-Door Beauty is the Newest Hit in Hardtops

You certainly ought to come in and see for yourself why this new kind of hardtop is headed for the best-seller list. It's a Buick Riviera, of course. Which means the low and rakish look of a Convertible — a solid steel roof overhead — and no center posts in the side window areas to obstruct your view. But that's only the beginning. Here you get two extra doors. They open to the rear compartment. So no one in the front has to move when someone gets into or out of the rear. Here you get massive half-pillars on either side on which the front doors latch and the rear doors hinge. (That's why you see no center posts above the door line.) Here, too, you get wholly new principles in body design and strength that give the extra safety of rock-firm solidity at the top, sides and bottom. And here—bless those Buick engineers!—you get a lot more room in the rear compartment.

For the 4-Door Riviera gives you over 9 inches more hiproom and 5 inches more legroom — yet with no increase in wheelbase or over-all car length. So we repeat—you certainly ought to come in and see this stunning new kind of hardtop. It's the very last word in beauty, comfort, convenience. It's available in Buick's two lowest-priced Series — the SPECIAL and the CENTURY. And it's all Buick — with Buick power, Buick ride, Buick handling — and the spectacular performance of Buick's Variable Pitch Dynaflo.* Drop in today—tomorrow at the latest — and learn what Buick's all time record sales year can mean to you in the way of a whopping-big trade-in deal.

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Now - Biggest Trade-in Deals ever on the Biggest-Selling Buicks in History!

Kathryn Walker, Bill Moore Marry

Miss Kathryn Walker, daughter of Mr. and Mrs. C. A. Walker of Grassland, was married to Bill Moore of Tahoka, at 8 p. m. Friday in the home of her parents. Given in marriage by her father, Mrs. J. D. Adams of Tahoka.

Rev. D. W. Reed of Post read the double ring ceremony.

Wendell Moore of Lubbock was his brother's best man. Given in Marriage by her father, the bride wore a white linen suit with white accessories, and carried a bouquet of blue carnations atop a white Bible.

Jerring McGrew, cousin of the bride was the maid of honor. She

wore a pale blue polished cotton dress, and corsage of white carnations.

Following the ceremony, a reception was given in honor of the couple. The bridal table, laid with a lace cloth over blue, was centered with a three-tiered cake topped by a miniature bride and groom.

Both the bride and bridegroom are members of the 1955 graduating class of Tahoka High School. They will make their home in Lubbock.

Thomas Alva Edison patented more than 11,000 inventions.

There's Still Hope For KP's in Navy

"There is hope for the KP's yet," said T/Sgt. Herbert C. Ulrich, local Air Force Recruiter today, "the United States Air Force is going to continue the experiment with a civilian contractor feeding service through Fiscal Year '56."

The current project is being conducted at Vance Air Force Base, Enid, Oklahoma to determine the cost and desirability of civilian operated Air Force dining halls.

"Preliminary studies show the project meets Air Force standards," said T/Sgt. Herbert C. Ulrich. "Service during the past several months trial at Vance has satisfactorily maintained schedules, quality and sanitation."

"If the studies of the extended experiment results in Air Force acceptance," he continued, "airmen would not be required to perform kitchen police, the oldest and most dreaded of the service duty details. However, there will be a continuing need in the Air Force for skilled military food service personnel. There are many units which must be self contained for combat, tactical or security reasons."

Officials at Air Force Headquarters believe that if the change to civilian employees is made on a wide basis, an improved food service personnel program could be affected. Training could be concentrated on a nucleus volunteer personnel to meet the Air Force requirements.

two clubs the same year, as vice president. He was vice president of the club at Post when he moved to Tahoka and became vice president of the new Tahoka Club.

Tahoka sponsored organization of the O'Donnell Club, and was a joint sponsor with Big Spring in organization of the Lamesa Club.

He thought the improving of relations between business men of the town through fellowship is the greatest achievement of the local club, but one concrete example of its work is the new Boy Scout hall and County Library.

In introducing H. B. McCord, Jr., as a new member of the club, Maurice Bray stated that McCord's name had been proposed by a competitor, Winston C. Wharton, which is indicative of the good relations among business men of Tahoka.

Carol Smith, daughter of Rotarian Truett Smith, was pianist for the day. The interesting program was arranged by Clint Walker.

"In a broad, general way, the most important single factor in preventing erosion is the production and maintenance of a complete vegetation cover for the soil."—A. F. Gustafson, in "Conservation of the Soil."

SPRINKLING HAS INCREASED 500%; YIELDS ARE DOUBLING AND TRIPLING

Growers all over the country are switching to A & M Sprinkler Irrigation Systems... and they are doubling and tripling their crop yield. A & M Systems have been proven on hundreds of thousands of acres on every type of crop.

AMERICA'S FASTEST GROWING SPRINKLER SYSTEM!

Because A & M Sprinkler Irrigation Systems are paying-off... saving water, labor and money while increasing yields, A & M pays for itself in a short time.

INSTANT AUTO-LOK COUPLING AND UNCOUPLING

The instant Auto-Lok coupling and uncoupling takes only a second... Saves time, makes work easier.

SELF DRAINING RUBBER GASKETS

The line drains itself FAST. Line may be moved immediately after turning it off.

HI-ANGLE COUPLING AND UNCOUPLING

Saves back time and money... couplings are cast so you don't have to stoop or squat when coupling pipe.
