## Bulldogs Will Meet Abernathy Tonight

Tahoka Bulldogs run into one of their toughest opponents tonight at 8 p. m. when they go to Abernathy for a game with the Antelopes, undefeated and untied in seven games this season.

A large delegation of fans, the band and pep squad, will be on hand from Tahoka to boost the Bulldogs.

The Antelopes won pre-conference games over Olton 13 to 0, Tulia 45 to 6, Sundown 27 to 0, Dimmitt 34 to 14, and Muleshoe 34 to 7.

Two weeks ago they took a 33 to 13 victory over Post, and last week they overwhelmed Floydada 27 to 0.

Tahoka has lost one game, to Crane 18 to 19, and has won over Seagraves 13 to 12, Denver City 40 to 0, Seminole 12 to 6, Littlefield 26 to 12, and last week turned on the steam to roll over Post 47 to 0.

Last year, in a game played here, Tahoka won 28 to 18.

However, Abernathy is said to have a much better team than it had last year, and has had an easy time defeating every team it has met. The Antelopes will have the advantage of playing on their home field, where they are almost unbeatable, and at least two state sports writers have picked Abernathy to win.

Coach Royal James has the highest scoring team in District 5-AA, rolling up 213 points while allowing the opposition only 40. Coach Bill Haralson's Bulldogs have scored 156 points, and have given up 49 points.

Scouts report the Antelopes are a dangerous team, capable of breaking away for long runs on any play, with a powerful punch down the middle, and with one of the best passing games in the area.

Roy Sons, 160-pound left half-back, is a speedy, driving runner who frequently gets away. Kenneth Jordan, 158, fullback, can smash any average line; and Billy Gist, 160, is another fleet half-back but does not carry the ball often. Fred Apperson, 160 and tall and lanky, is rated one of the best quarterbacks in the area. He likes to skirt the ends on keeper plays, and he also likes to throw.

End Manny Connell, 162, has been a terror to most teams, and can snag passes out of the air with ease. Joe Smith, 163, is the other end.

Leon Manley, 175, is the center; Dwain Reeves, 170, and Donnie Apperson, 150, are guards; and Jesse Ramos, 165, and Larry Monk, 182, are the tackles.

Tahoka will enter the game somewhat crippled up. Fullback Donald Blair, backbone of Tahoka's power plays, received a kidney injury in work-out Tuesday and will be handicapped if he is able to play at all. His replacement, Donald Renfro, received a broken finger early this week. Ware High, tough little guard, is suffering a fractured rib.

The Bulldogs will have to give everything they've got to win this one.

### John Heck, Wilson, Reported Improving

John Heck of Wilson, who has been seriously ill for some time, is now improving gradually, Herman Heck, his son, reports.

Mr. Heck spent two or three days in a Slaton Hospital last week, but came back home over the week end.

He is one of the county's most prominent farmer citizens, and was until forced to retire a year or two ago president and the "daddy" of the far-flung Lyntegar Rural Electric Cooperative.

R. E. Bagby had his appendix removed at Tahoka Hospital Friday.

### Country Club Makes Progress

T-Bar Country Club officers, directors, and their wives met at the golf course Tuesday evening for a picnic supper and to inspect the course.

The greens are in good shape and growing well. "Frog hair" is coming up around the greens, and volunteer barley is up to a good stand in the "roughs." Fairway grass is thin, but time will be required to get the fairways back into grass.

Members now have some hope of having the course in playable condition by the first of the year.

Following the meeting at the golf course, the officers met at the home of Truett Smith, president, where they discussed plans for a club house.

T-Bar Club now has 97 paying members, the membership committee reported.

The membership drive will be renewed during November with the hope of getting started on the proposed club house. If those people who have expressed an interest in the club, and have not yet taken out memberships, come in as members this fall, the Club hopes to start the club house at an early date.

Also, the club hopes that some trees and shrubs may be set out during the winter months.

### Production Credit Has Meeting Here

About 160 members, and wives and friends of the Production Credit Association attended a get-acquainted meeting and banquet held in the Tahoka school cafeteria Saturday night.

Derwood Howard, manager of the local PCA office, presided at the meeting, told of the operations of the local office, and described and showed pictures of the new office building now under construction on Main Street.

Alton Strickland, secretary and treasurer of the Lubbock Production Credit Association, talked on the association's loan volume, trends of loans and repayments, and the capital structure, which now totals more than a million dollars.

Fred McGinty, director of the Association from Lynn county, also talked briefly on questions of interest to the members.

Music was furnished by a string band composed of Joe Burkett, T. L. Weaver, W. H. Norman, and a Mr. Mize and a Mr. King.

Preceding the program a dinner of steak, chicken, and other foods was served the group.

### Boy Scouts Have Court of Honor

Eight Tahoka Boy Scouts were advanced Monday night at a Court of Honor held at Scout Hall, according to Rush Dudgeon, scoutmaster.

Receiving the Tenderfoot rank were: Steven Ellis, Craig Leslie, Johnny Rodgers, Andy Bray, and Ronnie Walker.

Advanced to Second Class rank were Jerry Kelley and Lester Ford.

Johnny Stewart, son of Rev. and Mrs. J. B. Stewart, received his Star Scout ranking.

C. E. (Roy) Ford conducted the ceremonies, assisted by Cecil Wayne Hammonds, senior patrol leader, and E. B. Gaither, neighborhood commissioner.

Gordon Harvick, 3, son of Mr. and Mrs. Robert Harvick, underwent a tonsillectomy at Tahoka Hospital Saturday.

### Man Critically Injured In Wreck

Four people were injured, one critically, Saturday morning at about 9:30 o'clock, when a 1951 Ford club coupe was driven in front of an on-coming Santa Fe train at the Hwy. 380 crossing in East Tahoka.

This was the second such wreck at the crossing in a week.

Lucas Gonzales, route 1, Lamesa, driver of the car, is still unconscious and in a critical condition at Tahoka Hospital. His wife is also still in the hospital with multiple bruises but improving nicely. Their 11 month old baby suffered a broken lower left leg, lacerations and bruises, and five year old boy suffered a concussion. Both are doing well. A third child was uninjured.

Gonzales was driving east. He is reported to have passed a vehicle, stopped to await the train, and driven out on the track in front of the train, which was moving slowly.

Saturday noon the week before Willie Lee White 62, of Odessa was injured when he drove his loaded trailer truck in front of a train at the same crossing.

#### NEW SECRETARY

Mrs. R. D. McElroy has been employed by the county as secretary to Home Demonstration Agent Wanda Roach, County Agent Bill Griffin, County Attorney Harold Green, and County Judge W. M. Mathis.

### Ethylene Cox Crowned Homecoming Queen; 165 Attend Banquet For Exes

Homecoming activities were climaxed here Friday night at the Tahoka-Post football game when Miss Ethylene Cox was crowned football queen of 1955.

Miss Cox, who is a junior student in Tahoka High School, is the daughter of Mr. and Mrs. A. P. Cox. Other candidates who served as attendants were Miss Ann Reasonover, daughter of Mr. and Mrs. J. E. Reasonover, and Miss Margie Curry, daughter of Mrs. Elmore Curry. The attendants are both seniors.

The queen, who was selected by the football squad, was not revealed until the coronation ceremonies, Jerry Williams, acting co-captain of the game, placed the glittered football helmet on the queen's head, and Gordon Smith, also acting co-captain, presented her with a bouquet of red roses.

The girls were escorted onto the field by Larry Simmons, Kent Gibson, and N. E. Wood, into a band formation of a football and to the accompaniment of "The Yellow Rose of Texas."

### Local Boys Place At State Fair

Lynn county 4-H and FFA boys placed every animal shown in the Junior Pig Show of the State Fair of Texas in Dallas last week.

Tahoka FFA won third place herdsman reward, a rosette and \$15.00 cash, out of 50 competing groups.

Joe Patterson, Tahoka FFA boy, showed the champion Spotted Poland China barrow, which animal won first place in the lightweight class. Joe Draper's pig was third in the same class.

Other Tahoka FFA boys placed as follows:

Chester Whites: Joe and Jerry Dockery second middleweight; Dockery, seventh, and Lendell Norman, eight, heavyweight; Walton Terry, thirteenth, Lightweight.

Hampshires: Billy Jack Dunlap, second; Lynn Strickland, thirteenth, and Floyd Brasher, twenty-third, middleweights; John Draper, 25th, Bobby Cook, 27th and 28th, lightweights.

Poland Chinas: Robert T. Draper, 16th and 23rd, and John Draper, 21st, lightweights.

4-H Club boys also placed all their animals, as follows:

Hampshires: Denver Ford, 4th and 15th middleweight and 10th heavyweight.

Poland Chinas: Joe Roper, New Home, 4th and 14th lightweight and 9th middleweight.

Also, Carole Edwards, O'Donnell 4-H club girl placed 16th with her Southdown lamb.

## Light Frost Will Speed Cotton Harvest, But Hands Needed

### Absentee Voting On Canadian Dam

Qualified voting citizens of Tahoka may vote an absentee ballot now on the Canadian River Dam bond proposal, the election on which is set for November 8.

Such absentee votes may be cast at the City Hall up to November 4, according to Tom Bartley, City Secretary.

### Lynn Leads In Sale of Bonds

Lynn county has already passed its 1955 quota in sales of U. S. Savings Bonds, series E and H, leads the 10-county District 5, and is fifth in the 62-county Northwest Texas Area.

Lynn county citizens, from January 1 to October 1, this year, had bought \$264,301.00 in U. S. Savings Bonds, or 110.1 percent above its quota for the entire year of \$240,000.00.

This information was given The News Wednesday by Jesse L. Adams Jr. of Amarillo, area sales manager. He was highly complimentary of the citizens of Lynn county on the achievement, as well as of Truett Smith, county chairman, and the local bankers.

In District 5, Lynn county is away ahead of the field. Lubbock county, for instance, has reached only 51.6 percent of its quota.

However, over the 46-county area, Lynn is led in sales by Hansford, Lipscomb, Carson, and Hale counties. The area quota is \$16,800,000.00, of which 79.6 percent has been subscribed.

Nationally, sales of Savings Bonds this year have been the highest since 1945, Mr. Adams said.

### Walter H. May In Critical Condition

W. H. May, pioneer farmer-stockman of the Wilson-Tahoka Lake area, is reported to be in a critical condition at his home at 3311 24th street in Lubbock.

Seriously ill for some time, he received two blood transfusions Wednesday and was to receive another Thursday morning.

Although he was resting comfortably Wednesday night, Mrs. Charles Baker told The News the family has little hopes of his complete recovery.

### Farm Bureau In Annual Meeting

Lynn County Farm Bureau held its annual meeting Tuesday night in the Tahoka High School auditorium.

Membership on the board of directors was increased from nine to eleven, with Roy Lee Williams and J. W. Gardenhire being added as new members of the board.

The new board will meet Tuesday night, November 1, at which time the new president and other officers will be elected.

Elmer Blankenship read the resolutions, and several more were presented from the floor, all of which were passed and approved by the members present at the meeting.

The board was authorized to pick the delegates to the State Convention which will be held in Fort Worth November 6.

Entertainment part of the program was furnished by "The Serenaders," Lubbock television entertaining group, and their numbers were greatly enjoyed by the audience.

N. E. Wood has been president of the organization during the past term of office.

### Canadian Dam Committee Here

Guy Victory of Lubbock, general chairman of the publicity committee for the Canadian River Authority, met here Tuesday afternoon with E. R. Edwards, local representative on the Authority; John Reasonover, local publicity chairman; Mayor Clint Walker, and other local citizens.

Mr. Victory said their principal concern was over getting the people to go to the polls on November 8, and vote their desires on the proposal.

He lamented the fact that citizens are not exercising their rights at the polls, and cited the fact that only a little more than 1,100 voters turned out in Lubbock, a city of 120,000 people, to vote on the recent \$8 million dollar school bond election.

Mr. Victory was accompanied by Robert Maxey of Lubbock, president of the Canadian River Water Authority; A. A. Meredith of Borger, secretary; and Irvin Jones and Ray Lewis, both of Lubbock, members of the Lubbock publicity committee.

### Rifle Club On Television Sunday

New Home Rifle Club will present the program on Jack Creel's "Huntin' and Fishin' Club" over KDUB-TV Channel 11 Sunday from 6 to 8:30 p. m.

The club is made up of boys and girls of the New Home community, and Rev. Hugh Daniel, New Home Methodist pastor, is the sponsor.

The youths will demonstrate proper use of guns, display their trophies, explain the purpose of the club will also demonstrate their shooting skill with .22 rifles.

#### GATTIS CHILD INJURED

Judy, little daughter of Mr. and Mrs. Eldon Gattis, was injured during the Post-Tahoka football game Friday night, but is now about well again.

She was standing up in the back seat of her parents' car, fell and hit her chin or throat on the back of the front seat. Knocked unconscious, artificial respiration was given and she was taken to Tahoka Hospital suffering convulsions.

Elias Howe invented the sewing machine in 1846.

Damage from the frost Monday and Tuesday mornings will be offset by the good, farmers tell The News.

The frost was spotted, killing leaves on cotton in some areas and not even killing tomato vines in others. Most cotton nipped by frost will be benefited, farmers tell The News, in that the light frost will cause leaves to shed, sap to go down, and bolls to open more rapidly.

On the other hand, some very late irrigated cotton, especially in the Lakeview area, delayed by the hail storm, will be damaged by the frost.

Also, most of Lynn county's feed crop is very late, and some of the feed was damaged by the frost. Others say it remains to be seen how much the damage will be. Feed needs at least another week to three weeks before a killing frost or freeze.

Some peculiar tricks are played by the weather. Monday morning, the U. S. Weather Bureau low thermometer kept by Frank Hill of The News showed a low of 32 degrees, the freezing point. Yet, tomato vines a few feet away were not killed. Frost damage that morning was negligible. Tuesday morning the same gauge showed a low of 36, and farmers report evidence of the frost over the county was much heavier Tuesday than Monday.

Cotton has been coming in very slowly, but the tempo of the harvest is expected to pick up now.

However, the supply of harvest hands is very short and the prospects of more coming in is very slim.

Many farmers are now talking of waiting until they can use machines to harvest the crop.

### Delbert Wagley Dies In Wreck

Delbert Wagley, 22, formerly of Draw, was killed in a car wreck near Rankin at about 2 a. m. Sunday.

Funeral services were held at 2:30 p. m. Monday in the First Baptist Church of Plains, with the pastor, Rev. C. E. Strickland, officiating, assisted by Rev. J. C. Quarles of Lovington, N. M. Burial was in Plains Cemetery.

Delbert was born and reared in the Draw community, and moved with his parents to Plains about 14 years ago. Recently he had been working at Rankin.

He died when his car hit a concrete abutment on the highway about five miles west of Rankin.

Survivors include his parents, Mr. and Mrs. J. S. Wagley, a brother, Joe, and a sister, Annette, all of Plains; and a grandmother, Mrs. Claudia Beard of Kerrville, also formerly of Tahoka.

He was a nephew of T. C. Beard of Tahoka. Among the Tahoka relatives attending the funeral services were Mr. and Mrs. Beard, Mrs. Laura Lewis, and Mrs. S. J. Cowart.

### Mrs. Pat Campbell Suffers Stroke

Mrs. Pat Campbell of Wilson suffered a stroke last Saturday and has been in a critical condition in Methodist Hospital at Lubbock. On Tuesday, she was reported to have shown improvement and hopes are held for her recovery.

Her husband is postmaster and a prominent citizen of Wilson.

Donald Renfro, son of Mr. and Mrs. Herman Renfro and a member of the Bulldog football squad, broke a finger early this week while playing with a friend at New Home.

**SWPC Will Honor Two From Tahoka**

Two Tahoka employees of the Southwestern Public Service Company are among the company's 46 Southern Division employees who will be honored next Tuesday night in Lubbock at the seventh annual service awards dinner.

The Tahokans, Florene McCracken and E. W. "Pat" Patterson, will both receive awards for 10 years service from A. R. Watson, the company's executive vice president and general manager. Arlie Hudson, division manager, will present the awardes to Mr. Watson for their recognition.

Charles A. Guy, editor and publisher of the Lubbock Avalanche-Journal, will be the speaker at the dinner. Mr. Guy will talk on "Looking Over the Shoulder."

The musical entertainment at

the dinner will be provided by the Melody Belles of Texas Tech, while Mrs. Annie Reynolds, a Lubbock employee of the company, will play organ music during the serving of the buffet dinner.

470 years is the combined service of the 46 employees to be honored, with the top award, a diamond-studded pin for 35 years service, going to Elbert Wilson of Slaton.

Laylan McMahan of Dallas brought his grandmother, Mrs. G. C. Shaffer, home last Friday. For the past month she has been visiting Madisonville, Houston, and Dallas, while away, she attended the Texas State Prison Rodeo and the State Fair of Texas.

The Statue of Liberty weighs 225 tons.

MRS. EARL MORRIS  
Correspondent

After living here something like 20 years, the O. R. Carey family has sold their farm to W. A. Cash of Post and have purchased a farm near Lubbock. They will move to and operate this farm another year.

Methodists in this community have been informed of a new baby in the parsonage at Southland, Saturday, Oct. 22, a boy was born to the Rev. and Mrs. Jim Tomlinson in Slaton, Mercy Hospital, weighing 5 pounds 10 ounces, and has been named Terry Clark. This is the Tomlinsons first child. The minister was all smiles Sunday morning as he passed out cigars.

Jess Rackler who has been quite ill in a Lubbock hospital is up and able to visit friends and relatives. He recently visited his sister-in-law Mrs. J. F. Rackler and his nephew and family the J. B. Racklers.

Mrs. Robert Lee Hagler took her mother Mrs. Susie Bradshaw to Dora, N. M., for a visit with a son at that place.

The Church of Christ minister, W. M. McFarland filled his pulpit at the Gordon Church, and was a dinner guest of the Robert Lee Haglers last Sunday.

Several days ago Mrs. Zella Smith fell in her home striking her side on a dresser. The bruise wouldn't heal and last Sunday she entered the Methodist Hospital, Lubbock where they found three fractured ribs. She remained in the hospital three days.

The Randal Cook family from Levelland were week-end visitors of her parents, Mr. and Mrs. Jesse Ward and Carolyn.

Mr. and Mrs. Hayden Williams of Draw were Sunday afternoon guests of the Ed Dentons,

The Rev. and Mrs. J. L. Gary, Lou, Jerry, and Al, are moving this week from Lubbock to Columbus, N. M., where he has been called as pastor to a Baptist Church there. This is a newly settled country and irrigated farms. The Gary family plan to go out and "grow up" with the country. Mrs. Gary is the former Elizabeth Morris and was born and reared in Lynn county. Her husband lived at New Lynn for a number of years.

Fred Minning, his daughter, Mrs. Bobby Hoffman and sons of Slaton spent the week end with his brother-in-law, Temus Warren and his sister, Mrs. Warren and Miss Ora Minning.

Mrs. Helen Richardson and son were here Sunday from Lubbock. They attended church at Gordon and visited her brother and wife, Mr. and Mrs. Charlie Dabbs and were Sunday afternoon guests of another brother and family the Herman Dabbs.

Mr. and Mrs. Ferrel Wheeler went to Cotton Center last Sunday and visited her parents, the Gill Stormes.

Mr. and Mrs. Jimmy Morris came down from Lubbock Saturday evening and were supper guests of his parents the Earl Morrises.

Mrs. Howton Haire was taken suddenly ill Monday morning and was carried to the Post Hospital for observation and a few days rest. Mrs. Haire has been a nurse in this hospital for the past few years.

Monroe Shelton and his sister, Miss Dolly Shelton are visiting relatives in Oklahoma.

**Tatum Improving Local Elevator**

Clyde Tatum of Lubbock, who with his brother, C. W. Tatum, own the Tatum Bros. Elevators, Inc., here, was a pleasant caller at The News office Tuesday.

Mr. Tatum says they have made many improvements in their plant here, formerly owned by the late Jim Burleson, and expect to make many more.

They have installed a new hammer mill, new seedbaro car unloader, aeriated the entire plant to meet requirements for Government storage, rebuilt unloading dumps, and repaired all other equipment.

He says the elevator can now store 150 cars of grain, and that they are prepared to handle any amount of grain in quick time. They can unload a car of grain in 30 minutes, he says.

Their feed mill will grind 10,000 pounds an hour. He says their Tahoka store will compete with Lubbock and all other towns of the area on a price and quality basis.

The Tatum brothers are major stockholders in the Economy Mills at Lubbock and other towns, but own the Tahoka plant themselves. Leighton Knox is manager of the Tahoka elevator and feed store business.

# Register Protests On Allotment Plan

Tahoka Chamber of Commerce, of which John Reasonover is president, last week protested proposed 1956 cotton allotment cuts from West Texas in order to give more acreage to East and Central Texas.

The following telegram was sent Bob Shrauner, chairman of the State ASC Committee, College Station, and F. Marion Rhodes, Cotton Division, Commodity Stabilization Service, Department of Agriculture, in Washington, D. C.

"We take this method to protest the 1956 cotton acreage allotments for West Texas as proposed by the State ASC Committee. Provision for trend adjustment must be made to make this program fair and equitable to all cotton growing counties of Texas. We will appreciate your help in setting up an allotment program giving West Texas counties their fair share of the State allotment. (Signed) J. E. Reasonover, president Tahoka Chamber of Commerce."

This week Mr. Reasonover received the following letter from Mr. Rhodes, quoted in part:

"The Agricultural Adjustment Act of 1938, as amended, authorizes the Agricultural Stabilization and Conservation State Committee to use up to 10 percent of the State acreage allotment to make adjustments in county allotments for trends in acreage, for counties adversely affected by abnormal conditions affecting plantings, or for small or new farms, or to correct inequities in farm allotments and to prevent hardships."

The Department provides guides for the State Committee to follow in applying this provision of the law but still leaves the Committee wide latitude to determine the size and use of the reserve.

"Accordingly, we are referring your telegram to our Texas State ASC Committee at College Station in order that your views will be known by the Committee before it makes a final decision in this matter. (Signed) F. Marion Rhodes."

The Lynn County ASC Committee also registered its protest in letters to the State ASC Committee on the proposed West Texas acreage cut.

Members of this committee are R. A. Kalich of Wilson, chairman; L. S. Walters of Newmoore, vice chairman; and Roy Nettles of Lakeview.

## Mahon Working For Fair Deal On Allotments

Congressman George Mahon advises that he has this week renewed his appeal to Department of Agricultural officials in Washington and Texas urging that West Texas be accorded a fair share of the state cotton acreage allotment for next year.

In commenting on the controversy, Mahon said, "I am glad that farmers and farm groups are urging reconsideration of the proposed program. We recognize that there will be a small reduction in the entire state next year. Any reduction will work a hardship on most farmers, but to undertake to shift large acreages to Central and East Texas areas which have about abandoned cotton production is improper and out of keeping with the spirit of the program. The original proposal of the State Committee would have that effect. I am assured by Agriculture Department officials in Washington that some modification of the original plan can be expected. It is urgent that a reasonably fair plan be agreed upon. Any plan adopted will work some injustices. The best we can get will be none too good. We must remain on the alert until the problem is settled."

U. S. Presidents who have died in office are Garfield, McKinley, Lincoln, Harrison, Taylor, and Roosevelt.

I want to thank each and every one who gave blood, for the beautiful flowers, and for your prayers while I was sick. May God bless every one of you.—D. C. Hubbard.

Mr. and Mrs. Henry McDaniel of Clarkdale, Ariz., were here Thursday until Saturday of last week visiting his mother, Mrs. S. N. McDaniel.

## Baptist Ladies In Business Meet

The W. M. U. of the First Baptist Church met Monday at the Church for their monthly business session with 22 members present. The program was led by Mrs. Terry Noble. Our devotional was given by Mrs. Clyde Allen. We had a prayer by Mrs. K. R. Durham. The special song was by Mrs. Lonnie Howell and Mrs. O. E. Eubank.

The Secretary-Treasurer's report was given by Mrs. Truett Smith and the following officers reporting, Mrs. T. R. Riddle on "Stewardship," Mrs. Paul Cox on "Mission Study," Mrs. H. B. Howell "Enlistment," Mrs. W. P. Hutchison "Community Missions."

We were dismissed in prayer by Mrs. Carl Williams.

Next Monday all Circles will meet at the regular time at the church for a short program on Visitation and Community Mission Work. Then all members present will go visiting to enlist new members for all Circles. Let's all be present for this 5th Monday meeting.

**LOCAL LADIES ATTEND  
CHRYSANTHEMUM DISPLAY**  
Seven members from the Tahoka Garden Club and two guests attended the Chrysanthemum display at Texas Technological College in Lubbock on Wednesday of last week.

While there, they met Mrs. E. N. Jones, wife of the president of the college, who invited them to her home for cokes and to see her garden, which had a lovely display of chrysanthemums.

Ladies making the visit to Lubbock were Mmes. Herman Heck, V. F. Jones, W. C. Huffaker Jr., Emil Prohl, Mittie Walker, Skiles Thomas, and Ivan Cathcart, and the guests were Mrs. Myrtle Mathis of Grassland and Mrs. J. W. (Maxine) Auld of Natchez, Mississippi.

# To the man who's thinking about buying a new truck:

maybe you're missing something . . .

➤ And what you're missing is more than "maybe," it's for sure—if you haven't yet visited your Dodge truck dealer.

➤ Do you want to miss a rock-bottom price? Perhaps you haven't realized that Dodge trucks actually cost less than you'd pay for corresponding models of most other makes.

➤ Do you want to miss power so high it leads the field? Consider this: with engines of 169 to 175 horsepower, Dodge overpowers every other leading make of truck in the low- and medium-tonnage fields.

➤ Surely you don't want to miss the dependability, the over-the-years economy for which Dodge is so well known.

➤ You don't want to miss Dodge safety—which includes the biggest wrap-around windshield of any truck on the road, the shortest turning radius. Or Dodge superior cab comfort . . . Forward Look styling.

➤ In short, you can get a whale of a lot more truck for a good deal less money than you think! Stop in and see your Dodge truck dealer right away—don't miss anything!

**Questions and Answers on The Canadian River Project**

**NATURE OF THE AUTHORITY**

1. What is the purpose of the November 8th Canadian River Authority bond election?

A. To authorize the Authority to issue \$74,800,000 in revenue bonds with which to construct the Canadian River Project. These will be bonds of the Authority and in no way obligate any of the cities or tax payers.

2. What is the Canadian River Municipal Water Authority?

A. Your city and each of the other eight cities constitute the Authority. Actually, the Authority is an agency created by an Act of the Texas Legislature in 1953, to do a special job of developing surface water supply under the management of a Board of Directors, each of whom has equal authority and is chosen from the member cities.

3. Can the nine cities put the project over?

A. Yes—provided water can be sold to other cities and industries in sufficient amount to offset the loss of Amarillo and Pampa. The Authority believes this can be done.

4. Who is eligible to vote at the bond election?

A. Those who reside in what was the territorial limits of the city on May 27, 1953; who have a current poll tax receipt or are exempt; who own and have rendered real or personal property to the city for taxation in the aforementioned area for the year 1955. Both can vote if either husband or wife has rendered property for taxation as stated and are otherwise qualified.

**NECESSITY OF THE PROJECT**

1. Do we need the Canadian River Project?

A. Yes. In order to supplement and conserve the underground supply, and to increase the supplies necessary for municipal and industrial needs.

2. Why can't we continue to rely on the underground water?

A. The underground supply is being constantly depleted, resulting in a higher and higher cost, whereas the Canadian River water supply will result in lower and lower costs.

3. What will the project consist of?

A. The construction of a dam near Sanford, Hutchinson County, Texas, to initially impound 961,600 acre feet of water (313,300,000,000 gallons), filtration facilities, a pipeline to each of the member cities with pumping stations in order to furnish up to 47,000,000,000 gallons of municipal and industrial water annually to the Panhandle and South Plains of Texas.

4. What is the estimated project cost?

A. \$74,800,000.

5. What will be the size of the dam?

A. 1,000 feet wide at base, 40 feet wide at the top, 170 feet high, 6,300 feet long, including a 400 foot spillway.

6. What will be the size of the reservoir lake?

A. The main reservoir will be approximately 18 miles long and 3 miles wide when the reservoir operating level prevails.

7. How much water will it hold?

A. The reservoir will hold 691,600 acre feet at the crest of the spillway, assigned as follows:

(a) Municipal Supply, 500,000 acre feet. (b) Silt Storage, 450,000 acre feet. (c) Dead Storage, 11,600 acre feet.

8. What will be the quality of the water?

Will it be "gyppy"?

A. The quality of the project water will be equal to or better than that now obtained from underground sources. Exploratory drilling in the reservoir area has not revealed any serious gypsum deposit conditions.

9. Will the water be treated? Where?

A. Yes—all project water will be treated at the dam site.

10. Is the flow of the Canadian River sufficient to maintain the project planned?

A. Records over a long period

of time show that even in severe drouth periods, a minimum annual dependable yield of 144,000 acre feet (128 million gallons per day) of water can be expected from the Sanford Reservoir drainage area of 12,655 square miles.

11. Can other cities be supplied with water?

A. Yes—Depending upon the economics involved, and the ability to satisfy its prior commitments, the Board may at its discretion furnish water to additional cities along the line.

12. What will be the effect of silt deposits in the reservoir?

A. After 50 years of silting, there will still be 500,000 acre feet of water storage for use by the cities.

13. Will the lake provide fishing and recreational advantages?

A. Yes—there will be boat docks and sheds, repair shops, cabin site areas and good roads to make them accessible to the general public, all to be later provided by the Authority.

14. When will water be available to the cities?

A. Present plans call for the delivery of water in 1960.

**FINANCING**

1. What is the plan of financing?

A. The Authority plans the sale of up to \$74,800,000 revenue bonds of the Authority to be paid solely from the sale of water. No property taxes can ever be levied by the Authority to pay principal or interest on such bonds.

2. Will the bonds be sold without further action by the voters of the member cities?

A. No—The bonds, being revenue supported, as distinguished from tax supported bonds, cannot be sold unless the voters of the member cities at a subsequent election authorize their city governments to contract with the Authority for water.

A sufficient number of such contracts or contracts with others must be entered into to provide the funds required to service the bonds before they can be sold.

3. Why did the Authority choose private financing instead of Federal financing?

A. After a thorough study by the Board of Directors of the Authority and the City Officials of the nine member cities concerned, it has been determined that Federal financing is less desirable, especially for these specific reasons:

(a) Would require the cities to obligate their property taxing power;

(b) Because of the uncertainty of obtaining Federal funds and no reasonable assurance that the job would progress steadily until completed;

(c) The price of water to the cities could not be determined until the final completion of the project; and,

(d) The title to the reservoir and dam would remain in the Federal Government, even after the project has been paid for.

4. Would the Federal Government build the project free of charge to the member cities?

A. No—All the money borrowed from the Government for construction of the project would have to be repaid, plus the interest charge.

5. Who will own the project under private financing?

A. The Authority, consisting of the member cities.

**PROJECT EFFECT ON MEMBER CITIES**

1. What will be the Average cost of water to each member city over the next 50 years?

A. After the bonds are paid off, water costs drop to approximately six cents (6c) per 1,000 gallons, resulting in an average cost of about fourteen cents (14c) per 1,000 gallons over the first 50 year period.

What will the member cities do with their present water supply facilities?

A. These facilities will continue to be operated by each and will serve for peaking purposes, or emergency demands in periods

of high consumption, as well as further growth of the city.

3. Will the price of Canadian Water be the same to all member cities?

A. Yes.

4. What will be the initial cost of water to the member cities?

A. The contracts with the member cities will provide that the initial cost shall not exceed twenty-two cents (22c) per 1,000 gallons.

**WHY DID AMARILLO PULL OUT?**

1. Why did Amarillo withdraw from the project?

A. Amarillo sponsored, along with the other member cities, the Legislative Act in 1953 which created the Authority and provided that water would be sold at the same price to all member cities. In December, 1954, a representative of Amarillo spoke in favor of the Authority's present plan at Lubbock. Slaton and other towns of the South Plains of the Authority on several points, among which was the uniform or common price of water to all member cities.

Mayor R. C. (Art) Jordan at the town hall meeting recently held in the Amarillo Municipal Auditorium stated that Amarillo would:

(1) Pay \$6,000,000, one-third of the estimated cost of the dam alone, and retain title to one-third of the water and build its own pipe line to the dam, or

(2) Join with the nearby cities of Borger, Pampa and others on the North Plains in building a dam and distribution system, after this project has been abandoned, or

Amarillo would build a smaller dam at another site, after this project has been abandoned.

Summing up all such statements, it is apparent that Amarillo withdrew in hopes that her withdrawal would kill the project and that then they would build the smaller dam that would supply Amarillo's needs. This would give them a tremendous advantage in securing industries and otherwise over the present cities in the Authority.

**GIRL WINS AT FAIR**

R. W. Allen of the New Home-Lakeview area reports his granddaughter, Juanette Williams of Shallowater, recently won fourth place at the State Fair in Dal-

las in state-wide competition on dress making. She is a school student at Shallowater, the daughter of M. J. Williams, formerly of Lynn county, and also is a granddaughter of S. L. Williams, also

of the Lakeview area. Many Lynn county people know the girl and her parents.

**CARAMEL APPLES:**  
1 lb. Kraft Caramels  
2 tablespoons hot water  
Wooden skewers  
4 or 5 medium size apples

Place the caramels and water in the top of double boiler. Heat—stirring frequently until the caramels are melted and the sauce is smooth. Stick a wooden skewer into the stem end of each apple. Dip into the hot caramel sauce and turn until the surface is completely coated. Put on wax paper and place in the refrigerator until firm.

GRAND JURY SESSION

A session of the Lynn County Grand Jury has been called for today to investigate two check cases and an embezzlement charge, according to County Attorney Harold Green.

Quiz Program At Rotary Club

A quiz contest on contents of "The Rotarian" magazine arranged by Dr. Skiles Thomas and conducted by Clint Walker was the program of the Rotary Club last Thursday noon.

A team composed of John Reasonover and Otis Spears won out over other teams composed of Martin White and Alton Cain, M. Bray and Tom Bartley, and Dr. Emf Prohl and Bob Gibbs.

The contest furnished a lot of fun, as well as information, and the prize was announced as free physical examinations for the winners to be given by Dr. Thomas. Rev. Clifford Harris and Dr. K. R. Durham will be in charge of the November programs.

President Harold Green announced some of the results of a recent poll taken of the club concerning local club activities.

Maurice Small was introduced as a new member of the club.

Junior Rotarians for the month have been Junior Fitts and L. W. Castleberry.

Woman Is Fined On Liquor Charge

Paulin Simpson of Slaton last week pleaded guilty in county court here to a charge of illegal transportation of intoxicating liquors. She was assessed a fine of \$250.00 and costs.

She was arrested in the Draw area by Deputy Sheriff Dee Lindley, and she was found to have 10 cases of beer, three lugs of whiskey, three lugs of gin, and a half gallon of wine in her car.

METHODIST MEETING THIS WEEK END

Members of the First Methodist Church expect to attend the District Woman's Society of Christian Service meeting being held in Levelland today, beginning at 10 a. m.

Saturday, local youths will attend the District MYF Rally being held in Levelland beginning at 5:30 p. m.

The Tahoka WSCS and Guild will conclude their week of Prayer and Self-Denial next Tuesday night at 7:30 o'clock with a program at the church.

banquet and business meeting in the school cafeteria preceding the game. This is the first year such a banquet has been attempted here at homecoming and was considered highly successful, according to H. B. McCord, Jr., president of the Ex-Students Association.

At the business meeting, C. W. Conway was elected president of the Association for the coming year; Robert Harvick, vice-president; and Mrs. Turner Rogers, secretary-treasurer; and Mrs. Olen Renfro, reporter. All are of Tahoka.

Officers other than McCord who served this year were Johnny Wells, vice president; and Mrs. Jack Fenton, secretary-treasurer.

In addition to these homecoming events, the ex-lettermen of the school were given special seats along the side line and beside the squad's bench for the football game.

Mrs. Fenton, outgoing secretary-treasurer, reports the Ex-Students Association has a balance of \$87.27 in the bank after paying expenses of this year's meeting and banquet.

Mrs. "Dude" Holland was named chairman of the committee to secure names and addresses of other ex-students of the Tahoka schools.

Among the former students from out of town attending the banquet were the following:

Mrs. A. R. (Mary Slater) Hill, Morton; Mrs. James (Park) Dietrich, Post; Mrs. O. C. Cecil, Hobbs, N. PLAN BAKE SALE

The Junior Class of Tahoka High School will be holding a bake sale Saturday, Oct. 29, in the Southwestern Public Service building. Everyone is cordially invited to come by and pick out a cake, pie, or cookies.

New Home Plans Homecoming

November 4, is the date set for homecoming of former students of New Home Schools, according to B. G. Smith of that community.

Ex-students, teachers, and their families, are asked to register at the school from 4 to 6 p. m.

At 6 p. m., there will be a banquet and program in the gymnasium, followed by a brief business session.

New Home Leopards will play the Cooper Pirates at 8 p. m. on the new football field which has been built north of New Home, where there is a fine turf and new bleachers the exes will be proud to see.

Every ex-student is urged to attend the reunion and bring along any ideas they may have for making the annual event more enjoyable.

Frank Timmons is president of the Ex-Students Association this year.

Mrs. W. D. Smith Sr. Tells of Eruption

Mrs. W. D. Smith Sr. returned home last Friday from Winters, where she spent seven weeks visiting her aunt, Mrs. W. W. Poe.

She tells about a strange freak of nature which took place while she was there.

An explosion, blow-out, or volcanic eruption occurred near Winters and near some oil wells in that area. Anyway, whatever it was, the ground just exploded, throwing rocks, huge ones and small ones, and dirt from a crater for a half mile from its center. Some of the rocks weighed several tons, and one of them was estimated to weigh 22 tons. Houses a half mile away were literally showered with rocks.

Mrs. Maude Bledsoe and Mrs. Jewel Johnson had as their guests Sunday, Mr. and Mrs. Leroy Bledsoe and son Bill, Mr. and Mrs. Jimmy Sutherland of Dallas, Mr. and Mrs. F. E. Bledsoe and Judy and Tommy of Lubbock, Mr. and Mrs. N. H. Cromer of Petty community, and Mr. and Mrs. Fred Nolen and Nell of Wilson. Mr. and Mrs. Leroy Bledsoe and family also visited Mr. and Mrs. J. L. Hunter while here.

Tahoka Bulldogs completely outclassed the Post Antelopes in winning 47 to 0 on Kelley Field here Friday night before a homecoming crowd that filled the stadium.

This was the worst defeat ever suffered by a Post eleven at the hands of a Tahoka team, and gave the local boys a little revenge for the 13-13 tie, won by Post on penetrations, last year. In spite of the loss, Tahoka went on to take the district 5-AA championship.

The win was even more devastating than the score would indicate, as the over-anxious Bulldogs were set back five times by penalties that hurt, four of them which possibly cost them scores.

Five of 10 penalties drawn by Tahoka nullified a 14-yard run by Halfback Ted Pridmore, a 28 yard run by Fullback Donald Blair, a 37 yard pass play Quarterback Gordon Smith to End L. W. Castleberry, a 25-yard pass play to End Carlton Bell, and a 27-yard pass play Quarterback Karl Prohl to Pridmore.

Tahoka rolled up 332 yards rushing and 82 yards passing to Post's 69 rushing and 77 passing, with most of Post's yardage coming in the fourth quarter against Tahoka reserves.

Coaches Bill Haralson and Dean Wright just about cleared the bench in the second half, using 25 boys in the game.

**Smith Is Sensational**  
Gordon Smith had a field day, scoring four touchdowns and kicking five out of seven extra points, for a total of 29 points. He ran 51 yards for a TD in the first quarter, seven yards to score and intercepted a lateral pass and ran 33 yards to pay dirt in the second, and went 34 yards for a score in the fourth. In addition, he passed to Castleberry for one TD, passed to Bell for one to set up a score, ran a punt back 34 yards, and intercepted a Post pass on his own three and ran it back 39 yards to erase Post's only scoring threat.

**Tahoka Scores Early**  
Opening the game, Bell brought the kick-off from the 25 to the 33. Blair, ill all week with a cold, made 8, Williams 6 and then 7 yards. Pridmore went for 14, but the play was called back for an off-sides penalty. On the Tahoka 48, Smith went around left end, helped by a block by Jerry Williams, and got loose for a 51 yard scoring run. His kick was no good. Tahoka 6, Post 0.

QB James Williams of Post brought the kickoff from the 20 to the 45. FB Ronnie Kennedy took a pitchout to the 50, Williams made 4, then 1, and on fourth down Tahoka's Prohl covered a fumble on the Tahoka 40. On the first play, Blair went 28 yards, nullified by a Tahoka penalty; Smith passed to Castleberry for 37 yards, but a backfield motion penalty nullified this, too. Blair made 7, and Williams ran 15 yards for a first down. However, the Bulldogs bogged down and Williams kicked 45 yards to the Post 5.

**Long Quick Kick**  
HB Ray Gary made 3, HB Jack Morris lost 1, and then Kennedy got away a powerful quick-kick that went 58 yards to the Tahoka 35.

Blair hit the center for 8, then Tahoka drew another off-sides penalty, a pass to End Tommy Paris was incomplete, and then Smith skirted his right end for 27 yards and almost got away but Morris saved the day temporarily for Post with a shoestring tackle. Williams and Blair carried to the Post 29, another penalty set Tahoka back 5, but Pridmore went 12 for a first down on the Post 22. Opening the second quarter, Williams and Blair made it a first on the 7, and then Smith went a-

**Murray In Game**  
Post's Tommy Murray brought the kickoff to the 33. QB Williams started through left tackle, made an attempted lateral as he was tackled to Kennedy, but Smith snatched the ball in mid-air and ran 33 yards for another Tahoka score. His kick was good. Score 19 to 0.

Williams brought Simmon's kick-off from the 20 to the 30, Gary took a pitch-out to the 38, and Post got a first on a Tahoka off-sides. Gary then skirted left end for 6 to the 50, but on two attempted passes, Williams was thrown for losses of 7 and 8 yards back to the Post 35, and Kennedy punted 25 yards to the Tahoka 40.

**Bulldogs Score Again**  
Blair made 4, Williams 12, Pridmore 9, and Smith 3, Blair lost 1, Williams made 8, and Tahoka drew another off-sides penalty back to the Post 30 and Smith lost 9 to the 39. Williams punted over the goal line, but Post drew 15-yards for roughing the kicker to the 25 and Williams drove four yards for a first down on the 21. Williams then went around right end 21 yards to score standing up. Smith's kick was good. Score 26 to 0.

Kennedy brought the short kick from the 30 to the 43. Morris made 4, Kennedy 8, Gary 9, and Kennedy 2—to the Tahoka 34 as the half ended.

## Homecoming At Wilson Today

Wilson High School will have its annual homecoming today, the feature of which will be the football game between Wilson Mustangs and the Cooper Pirates.

Wilson is undefeated this season, having won six straight games, the last two over conference foes, Lorenzo and New Home. Cooper has won two and lost five, three of the losses being conference games.

Last Friday night, Wilson took a lop-sided 45 to 6 victory over the New Home Leopards. The game was played at Wilson.

New Home has an open date this week end, and on November 4 will entertain Cooper.

## Gribbles Make Good Use of Small Wells On Farm

Mr. and Mrs. W. L. (Leonard) Gribble are owners of the above farm home, located nine miles east of Tahoka on the Post Highway, near Central Church and Grassland.

A. B. Bush and Mrs. Othell Meeks were the only people, in addition to Mrs. Gribble, to identify the farm to The News.

The Gribbles have had two irrigation wells for about seven years, but they have failed badly this year. Locate in a lake, water is piped about a quarter mile to where it can be used to run down the rows. Originally, these wells were 24 and 29 feet deep, but they now are 38 and 60 feet deep. Forty-nine acres of the land is bench leveled.

The favorite crop is cotton, but Mr. Gribble keeps the bundle feed and some of the grain with which to feed his livestock.

He keeps two cows and calves, and his son also keeps several head of livestock. He also keeps two or three hogs and enough chickens to supply the family table.

The Gribbles have been on the place 12 years, and during that time have improved it considerably.

ably. In fact, every thing is changed except for one farm labor shack.

Mrs. Gribble is the former Bernice Warrick, daughter of Mr. and Mrs. J. W. Warrick. She was married to William Leonard Gribble November 14, 1928.

They have two children, a son and a daughter. H. C. Gribble, who lives in the same community, is married to the former Millie Jackson, daughter of Floyd Jackson. Their daughter, Clonnie, is married to Major N. E. Finn, and they live at 9250 Lemona Ave., Sepulveda, Calif. H. C. has two sons, and Clonnie has two daughters.

In addition to farming, the Gribbles find time to work in their church, the Grassland Church of the Nazarene, and also enjoy raising flowers, helping others, and visiting the sick.

## Family Night At Wilson Church

The Lutheran League of St. John Lutheran Church, Wilson, will sponsor a Family Night, Sunday night, October 30, at 7:30 p. m. The occasion of this Family Night will be to observe the 25th Anniversary of the organization of the American Lutheran Church.

On August 11, 1930 the American Lutheran Church came into existence as a result of a merger of three Lutheran Synods: The Ohio Synod, the Buffalo Synod, and the Iowa Synod. These three synods had been organized during frontier days, when travel and communication were limited. Realizing that primitive means of transportation was a thing of the past, and that more effective work could be done in one large body, these three Lutheran Synods merged to form the American Lutheran Church.

The American Lutheran Church, with headquarters in Columbus, Ohio, now numbers some 2,050 churches, with a total baptized membership of 824,550.

Sunday night's program will consist of a service of thanksgiving, and a short skit portraying the history of the American Lutheran Church. Members of the Luther League participating in the program are: Larry Maeker, Arlis Ehlers, Audrey Klaus, Geraldine Hagens, Chris Gindorf, Mary Lou Hagens, and Pastor Malcolm E. Hoffman.

"With four children, you want to heat water the SAFE WAY . . .

of course, it's Electric!"

says Mrs. Roy N. Byrd, Jr.  
1209 20th STREET,  
CANYON, TEXAS

"When Roy and I picked a water heater for our new Canyon home, the safety of our four children was the first consideration. We had two electric water heaters at our farm, so we knew that we could be safely sure with an electric water heater in our new city home."

"I was really surprised when one new 40 gallon electric water heater proved to be enough in our new home—especially after having two. But, we've never run out."

"My clothes washer works every day—at least once—and yet the water heater keeps up with it and the dishwasher, too, which I use at least two times every day."

"Then, at the sink, I'm always using hot water for cooking, to prepare food for the freezer, or to wash out things for the children. There's always enough."

"Four children can produce a lot of dirty hands—and keep the baths busy. We have a shower and a tub so that we can clean them up in shifts—and that takes lots of hot water."

"My electric water heater gives me plenty of hot water, an extra counter space, and a feeling of complete safety about my children. It goes perfectly with the other work-saving electric appliances in my home."

Well, Folks, you who have been reading this Column, will remember that a few weeks ago we began a series of sketches of the various counties of Texas in alphabetical order, and our last contribution to this column, of this series, concluded with a sketch of Armstrong county lying wholly in the marvelous Palo Duro Canyon. The next county in this alphabetical list is Atascosa county lying away down on the Rio Grande Plain in southwest Texas.

Most of the counties of Texas were named for some eminent man who had been either a local, a state-wide, or a national leader of some kind, usually a Texas statesman or military leader, or other type of hero. But Atascosa county was not named for any man on earth or in heaven either. It was named for Atascosa River,

and Atascosa River was named for a series of bog holes through which it flowed. Atascosa means boggy. The Spanish word for boggy is atascosa; and since that section of southwest Texas has always been a great cow country, cows were always getting bogged down in mudholes and had to be dragged out by some means or other; so the Anglo-Americans down there got to calling it the boggy country, but the Mexicans called it atascosa country; and the name stuck for the county when it was organized.

If there had been any Mexicans up in Stampede valley in Bell county when I lived there as a kid I guess they would have named the little branch or creek which headed among some seepy hillsides just above my father's little farm "Atascosa Creek," for many a time cows which ran loose on the open range would get bogged down in some awful bogholes that developed in small puddles of water that were to be found in the upper reaches of that little creek. I remember vividly one such occasion when pa and his hired hand and a neighbor or two went up to that mudhole with ropes and prize poles and possibly other equipment with which to dig and drag one of our milk cows up and out into terra firma. I went along just to see that the job was well done. That certainly was an atascosa little creek, in Mexican lingo, following every wet spell.

In spite of all those bogholes, the largest town in the county was named Pleasanton. Pleasant town, which is just about the size of Tahoka, but is not nearly as good a town. It was and is a great cow country too. In 1950, according to Uncle Sam's census takers, there were more than 55,000 cows in Atascosa county, about two cows and a quarter of a calf for every man, woman, boy, and girl in the county.

While Pleasanton is the largest town in the county it is not the most important one, for Jourdanton is the county seat, though its population in 1950 was only 1,481, against 2,913 for Pleasanton, 2,487 for Poteet, and 1,272 for Charlotte. Cattle raising is not the only important industry in the county either, for in 1950 the census enumerators counted 16,000 hogs; and the goober-grabblers raised nearly 15 million pounds of pea-nuts, and Atascosa's big water-melon patch was spread out over 5,824 acres. With all them thar goobers and water-melons, it is not worth-while to

mention the squashes, okra, castor beans, and onions.

Now here comes the last county in our list beginning with the letter "A", Austin county. It was named for Stephen F. Austin, of course, and is situated in the original Austin Colony. It dates back therefore to the very beginning of Texas. Apparently it was the most successful and prosperous of all the colonies. In the first place, it was most favorably situated on the coastal plain in south central Texas. But it is a shapeless mass of loamy soils and black river bottom lands, bordered by the Brazos River on the east with scores of wiggles and turns, and with boundaries on the west and south that one can scarcely follow on any map that I have seen, but having a fairly discernible boundary line on the north, which is the south line of Washington county, but while it is unshapely and uninviting to look upon on the map and has an area of only 662 square miles—about two-thirds as large as Lynn county—it has managed to get along pretty well economically and financially, thank you. In 1950, it had a population of 14,663, though all of it was classified as rural, for no town in the county had as much as 2,500 people. Belleville is the county seat and the largest town with a population of 2,112. Sealy is the second largest town, with 1,942 residents, and industry consisting of German settlers having a population of 600. The most interesting thing about industry is that, according to the Texas Almanac, it is the oldest permanent immigrant German settlement in Texas, having been settled by a colony of Germans fresh from the Fatherland in 1831, five years before the Texas Revolution broke out.

We do not know how it happened that this German town was named industry, for that is strictly an English word. Austin himself may have given the settlement that name because of the industrious habits of the new immigrants. The present residents of the little town might be able to give us the answer.

Now, from Austin county we come far to the northwest, clear across the south plains and on up to Bailey county, which lies up next to the New Mexico line, for Bailey county is the next county alphabetically on our list. When Bailey County was organized, it was strictly a cattle country, but the county seat and the largest town—almost the only town—for some reason was named Muleshoe. A typically western name all right.

Some of our folks may wonder if Bailey county was named for Joe Bailey. It was not. It was organized in 1917 and was named for Peter James Bailey, one of the Texas heroes who lost his life in the Alamo.

Although organized forty-seven years ago, Bailey county just lay there dormant cuddled up asleep against the New Mexico line until some twenty or twenty-five years ago, when the howl of coyotes woke it up, and the child rubbed its eyes and looked around, heard the squawk of cranes, and saw a thousand wild fowls of numerous varieties disporting themselves on Coyote Lake south of Muleshoe. A little further south, where there are numerous lakes, The Muleshoe National Wildlife Refuge has been created and is one of the strange and interesting features that draws visitors in great numbers to the region each year. The northernmost branches of the Double Mountain Fork of the Brazos River have their beginnings in the swampy regions west of Muleshoe, and pass down through and south of the town of Muleshoe to the lower elevations, although they remain dry except when heavy or long-continued rains fall.

While these uppermost branches of the Brazos, rising at elevations of 3,800 to 4,000 feet, are usually mere dry draws except in the beds of Lakes, yet the course of the River may be traced from Muleshoe and Bailey county eastward into and through Lamb county, from Lamb into and through the southwest corner of Hale county, thence on down

through the city of Lubbock after being joined in the northern outskirts of Lubbock by the Yellowhouse, the augmented stream passing through MacKenzie State Park in Lubbock and flowing on down into and through Buffalo Lake north of Slaton, thence south-eastward into and through Garza county, passing a few miles east of Post, and soon after crossing over Garza's east line into Kent county, being joined by another prong of the Double Mountain Fork of the Brazos, which comes down out of the brakes of eastern Lynn county; joined much further down by the Clear Fork of the Brazos and also by the Salt Fork and thence on by Seymour, Mineral Wells, Waco, and finally into the Gulf of Mexico.

It's a far cry from the haunts of the ducks and the geese and the cranes and the herons and other migratory water fowls that paddle around on the lakes and the ponds of Pally county to the winter homes of the Whooping Cranes that feed on the fish and the frogs and the succulent grasses of the warm southern waters of Matagorda Bay and of Aransas County, where reigns the sainted lady of Aranzazu. It's a great country, too, that lies between the head and the mouth of the historic brimming Brazos. Good Night, Folks.

#### Another Quick Score

On the first play from scrimmage after Murray brought the kickoff from the 21 to the 31, Post fumbled and Castleberry recovered on the Post 35.

Smith hit Bell with a short pass over center, and the Tahoka end scampered to the Post 3 before being driven out of bounds. The Antelope line dug-in, and Blair could make only one yard in two tries, a pass to Williams over the goal was incomplete, but on fourth down Pridmore went around left end to score. Smith kicked. Score 33-0.

#### Post Fumbles Again

First play after the kick-off, Post again fumbled and Tahoka's Leon Davis covered on the Post 37.

Blair made 2. Smith hit Bell with a long pass to the Post 10, but Tahoka had an illegal receiver down field and drew a penalty back to the mid-field stripe. Smith faded to pass again, threw to Castleberry on the 30, and Castleberry went the remaining 20 to the goal line to score. Smith kicked. Score, 40-0.

Simmons kicked off to Murray on the 20 and he brought the ball to the 34, but Williams, Murray and Kennedy made only 4 on three tries, and then Kennedy punted. Prohl took the ball on the Tahoka 26, handed off to Smith, and the latter ran back to the Post 48.

Blair made 6. Pridmore 9, and Harter 1. Prohl, now at quarterback, passed to Pridmore, who carried to the Post 5, but the play was called back and 15 yards stepped off against Tahoka. In attempting to pass, Prohl lost 7, and Blair got away a booming 48 yard punt which Murray took on the Post 6 and returned to the 11.

#### Post Starts Passing

Williams hit Murray with a 12-yard pass, and then he hit Morris for 18 yards. Morris nearly got away, but Prohl stopped him on the Post 41. Stone then threw Murray for a two yard loss, Williams lost one on a fumble, and third and fourth down passes were incomplete.

Tahoka reserves were unable to move, in fact lost 7, and Williams kicked 40 yards to the Post 5. Murray brought out to the 21, two passes were incomplete, a screen pass to Morris netted 0, and Murray kicked 34 yards to Tahoka's 45.

Prohl brought the kick to the Post 45, Blair made 3, a pass was incomplete, and then Blair went to the 34. Smith went back into the game, and on the next play,

## Tahoka B Team Wins Scrimmage

Tahoka B team won a scrimmage session four touchdowns to one against Crosbyton B here Thursday night of last week.

Halfback Jimmy Harter scored on the first play, running about 50 yards, and scored twice more later in the game on a 40-yard play and the other from about 35 yards out. Bobby Jones, quarterback, scored the other Tahoka TD on a sneaker through center for about 50 yards.

Harter kicked three extra points. Crosbyton got away for its lone touchdown in the fourth period.

a tricky one, was chased 10 or 15 yards behind the line of scrimmage, finally made his cut, picked up some blocks, and evaded three or four would-be tacklers to go all the way for a TD. The conversion was good.

Final score, 47 - 0.

#### Post Threatens

Murray brought Harter's kickoff from the 15 to the 36. Williams passed to End Damon Etheridge for 19, and then to Murray for 28, stopped on the Tahoka 17.

Then Williams heaved a long pass, which was intercepted by Tahoka's Smith on the 3, and Smith ran the ball to the 42. Three plays netted 5, and Smith punted 31 yards to the post 22.

Post HB Troy Cartmill got away on a 19 yard run to the Tahoka 41, Morris went around left end for 16, but four plays later Murray had to punt from the Tahoka 45.

HB Floyd Brasher made 5 for Tahoka, then FB Donald Renfro went 5. Then Renfro broke through the middle and went 48 yards before being overtaken from behind on the Post 26. The game ended with Harter carrying.

#### Post Standouts

Kennedy was the outstanding back for Post on both offense and defense, but QB Williams put up a game fight. At times, the Antelope defense was fine, featuring Novis Pennell, Jackie Carpenter, Jerry Ray Key, Leon Davis, and Homer Cato.

Tommy Murray saw limited action because of a back injury.

Nearly every Bulldog in uniform saw action. Although seeing limited service, Stanley Stone was outstanding, and his replacement, N. E. Wood, did fine. The three big tackles, Leon Davis (there was a Leon Davis on each team), Larry Simmons, and Bobby Paris also outstanding. The two little guards, Ware High and Ronnie Brooks, were again marvels at their positions. Bell and Castleberry looked especially sharp at ends.

Smith ran for 113 yards, Williams for 85, and the ailing Blair for 57, Pridmore for 33, and Renfro for 52. Brasher, Harter, and Prohl also saw action in the backfield and did well.

Others getting to play included Jimmy Dunlap, Richard Brooks, W. H. McNeely, Jay Gurley, Tommy Paris, James Adams, Cecil Hammonds, and Kent Gibson.
