## Canadian River Water Project Given Approval By Nine Cities

Voters of the nine Plains cities making up the Canadian River Municipal Water Authority gave overwhelming approval in Tuesday's election to the \$74.8 million bond issue for building a dam and distribution system. The total unofficial vote was 6,907 to 604.

Tahoka led the way with the greatest percentage of vote in favor of the issue, 262 to 5, while O'Donnell was close behind with a vote of 166 to 5.

The vote by towns follows:

City	For	Agst
Borger	1,619	125
Plainview	538	72
Lubbock	3,015	239
Slaton	193	39
Tahoka	262	5
O'Donnell	166	5
Lamesa	480	68
Brownfield	327	21
Levelland	302	30
Totals	6,907	604

The Authority expects to sell the bonds for building the huge project to independent bond buyers as needed.

However, next step before actual drawing of plans and starting construction must be the approval of each member city's voters of water contracts.

## Post Lions At Tahoka Meeting

Post and Tahoka Lions clubs held a joint dinner meeting and program here Tuesday night.

The dinner was at the Club Cafe, after which the men retired to the Boy Scout Hall for a very interesting program under the direction of E. B. Gaither of Tahoka and Joe DeArmon of Post.

A. R. Milliken introduced the guests, and Tail Twister Jack Alley Robinson herded four "rule violators" together and had them sing a quartet number.

A sound film on the Texas Lions Camp for Crippled Children at Kerrville was presented by Bill Griffin, and the film convinced everyone present that the Lions organization is worth while if it did nothing else but sponsor this fine project.

The film, and a talk which followed by Joe Ed Waller of Plainview, past district governor, revealed many interesting facts about the camp.

Last summer, 603 of the 22,000 crippled children of Texas each received a two weeks vacation at the camp, where there is an attendant for each two children. The Lions camp consists of 502 acres of rugged and beautiful hill country, on which there are \$750,000 in improvements, which include dormitories, mess hall, swimming pool, and almost every recreational facility that children could use.

Not only are almost hopelessly crippled children given a vacation here, but steps are taken to rehabilitate them, guide them into worthwhile hobbies and vocations, and to help them overcome their handicaps.

Rev. Billy Porterfield, Post Methodist pastor, then entertained the crowd for about 20 minutes with feats of magic, wit and humor.

The program ended with an accordion solo by John Banta of Post.

Rev. Porterfield dismissed the group with prayer.

Albert Curry is president of the Tahoka Lions Club, which is in the process of increasing its membership.

### POLIO PATIENT

Mrs. Vera Elizabeth Jones of Wilson, who has been under treatment for polio at the Gonzales Warm Springs since August 1, is reported to be improving slowly but steadily.

## Honor War Dead At 11 A. M. Rites

Lynn county war dead will be honored today, Veterans' Day, November 11, with a brief ceremony at 11 a. m. at the War Memorial on the court house square.

The ceremony is being sponsored by Post and Auxiliary No. 3905 of the VFW.

Thursday night the VFW was holding a supper and business meeting to make plans for the district banquet which will be held in Tahoka soon.

## Talent Show Is Set For Nov. 22

Home town Jamboree Some outstanding numbers are being arranged for the "Home Town Jamboree," a talent show and box supper set for Tuesday, Nov. 22, in the Tahoka gym and sponsored by the Band Mothers Club.

Special numbers will be by the Phi Mu Alpha Glee Club of Texas Tech and by the Tahoka Sereaders. All-comers are invited to enter novelty acts, tap dances, skits, solos, instrumental, or comedy acts. Prizes will be awarded winners.

An old-fashioned box supper will precede the program, and prizes will be given for the best three boxes.

Admission prices will be 50 and 25 cents, with proceeds going to the Junior and Varsity bands.

## Tahoka Editor Is Delegate To White House Conference

A Tahoka man, Frank P. Hill of The News, has been named as one of Texas' 70 delegates to the President's White House Conference on Education which meets in Washington, D. C., Nov. 28 through Dec. 1.

Announcement of the delegates was made Wednesday by Dr. Edwin L. Rippey of Dallas, chairman of the steering committee for the Texas Conference.

Other delegates from this area of Texas include Nat Williams, Lubbock superintendent; Rep. Waggoner Carr and Dr. J. Davis Armistead, also of Lubbock.

Hill was nominated to the delegation by Supt. W. T. Hanes of Cameron and former Tahoka school head, who is a member of the state committee and also a delegate to the Conference.

The Tahoka delegate will represent the weekly press of Texas. He served as chairman of the Tahoka school board for three years about 15 years ago, and twice was chairman of the Trustees Division of the West Texas Teachers Association.

One-third of the delegates are professional school men, and the other two-thirds is made up of laymen, including business men, farmers and ranchers, and club women.

Mrs. Hill and Mrs. Hanes expect to accompany their husbands to the Washington conference.

### COWAN COMING HOME

Dan Cowan, serving with the Army in Germany, expects to sail for New York Nov. 22, and will be in Fort Dix, N. J. for a few days and then go to Camp Chaffee, Ark., for discharge. He hopes to be home in time for Christmas.

### GARDEN CLUB MEETING

Tahoka Garden Club will meet next Tuesday, Nov. 15, at 3:30 p. m. in the home of Mrs. Charles Verner.

## Smelser Heads Farm Bureau

New officers of Lynn county Farm Bureau were elected at a board meeting last week, with Lois Smelser being named the new president, succeeding N. E. Wood.

J. L. Crawford, was elected vice president, and Melvin Wuensche was named secretary.

The board of directors was increased from nine to eleven at the recent annual meeting. These directors are: Roy Lee Williams, J. W. Gardenhire, Crawford, Wuensche, T. L. Weaver, Lewis Allsup, B. H. Jones, Bertice Askew, Alton Greer, Smelser and Wood.

The following committees were named for the year.

Nominations: Ward Eakin, H. W. Cook, and Roy Lee Williams.

Legislative: Alton Greer, Bertice Askew, and Wilmer Smith.

Resolutions: N. E. Wood, T. B. Mason, E. L. Blankenship, J. W. Gardenhire, and E. R. Blakney.

Service: Lewis Allsup, J. A. Pehsworth, and Roy Lee Williams.

Membership: B. L. Hatchell, Lewis Allsup, A. R. Skinner, N. T. Conner, Bertice Askew, and D. W. Hancock.

## Adamson Named To Pampa Job

Robert Dean Adamson has been named assistant county agent at Pampa, Gray county. He began his new work Monday.

Robert, son of Mrs. D. R. Adamson Sr., route 4, is a graduate of Tahoka High School and of Texas Tech. After spending two years in the U. S. Army, one year of which was in Germany, he has been in training in the county agent's office at Crosbyton.

Last week, he received special training at Texas A. and M. College, where the announcement of his new appointment was made.

## Baptists Will Hold Open House

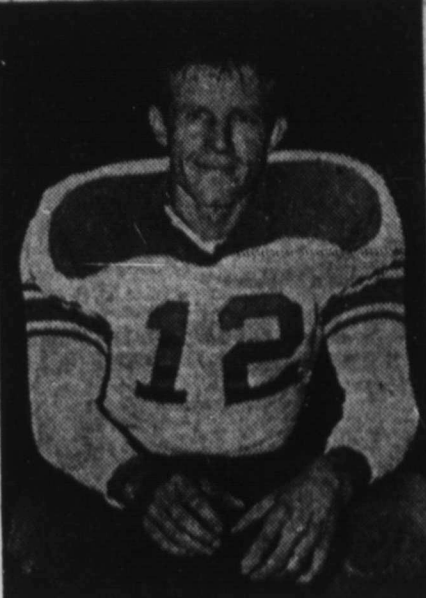

First Baptist Church will hold "open house" for all people of the area from 2 to 4 p. m. Sunday, Nov. 20, to show their new Education Building and other improvements.

All people of the area and of all denominations are invited to view the building at this time.

## Lynn County "Mystery Farm" Number 69:

This is some Lynn county farm home? First town and first rural reader to call The News and correctly identify it will each receive six month's credit on their paper. Also, a free enlargement of the picture will be presented the farm owner on calling at The News.

GILBERT HOUGH

## Gilbert Hough Is On Kansas Team

Winfield, Kansas, Nov. 10—Gilbert Hough of Tahoka has given good steady performance this year as halfback on the Southwestern College, Winfield, Kan., Mound-builder football team.

The Moundbuilders play in the Central Interscholastic Conference. Hough holds one letter in football here, and will accumulate another this year after returning from service in the Navy. A Senior, he expects to coach on graduation. He is married and has two daughters.

Gilbert is a 1948 graduate of Tahoka High School, where he played football and basketball.

## Gene Brashear Of Spur Dies

Gene Brashear, 55, of Spur who was reared in Tahoka, died Wednesday morning in Baylor Hospital, where he had been under treatment for leukemia for six months.

A resident of Spur 15 years, he was owner of Brashear Hardware, and was a member of the Methodist Church, Rotary Club, Knights of Pythias, and last year was Spur's representative to the West Texas Chamber of Commerce.

He was a brother of Mrs. Elbert (Wilma) King and Temple Brashear, both of Tahoka. His father, J. A. Brashear of Baird, is a former Tahoka merchant.

He is survived by his wife, Opal; a daughter, Mrs. Billy Jack Pitts; and two sons, Gene and Dale, all of Spur; another brother, Glenn of Crosbyton, and another sister, Mrs. C. E. Johnson of Plainview.

## PREACHER WINS PRIZE

Rev. J. B. Stewart, local Methodist pastor, was winner of the door prize, a portable barbecue grill, given by Bray Chevrolet at the showing of the new 1956 cars by the firm Friday.

## Warning Given On Peddling

Peddlers, solicitors, and door-to-door salesmen have been operating in Tahoka recently in violation of the law, according to Mayor Clint Walker.

Such solicitation is prohibited by a city ordinance, and citizens having such callers, may, if they will, call the City Hall and report such solicitors.

## Local Men At Water, Sewer Meet

Mayor Clint Walker, Councilman Winston Wharton, and City Water Superintendent Pat Hines attended the meeting of West Texas city water and sewer departments held in Lubbock Monday.

The all-day session was a combined meeting and the beginning of a four-day session of six West Texas districts, during which many phases of city water and sewer operations will be studied and discussed.

## Seven At Farm Bureau Convention

The State Farm Bureau convention held in Fort Worth ending Wednesday was one of the best ever held, local delegates reported on their return home.

Lynn county men at the convention were; Lois Smelser, county president, N. E. Wood, Roy Askew, Earl Cummings, Elmer Blankenship, Wilmer Smith, and J. W. Gardenhire.

## BAKE SALE SATURDAY BENEFIT OF BAND

Tahoka Band Mothers are sponsoring a bake sale Saturday beginning at 8 a. m. in offices of Southwestern Public Service Co. on the west side of the square.

Mothers are asked to send cakes, pies, cookies or candy early.

Funds raised will go to benefit of both the Junior and Varsity bands.

## Bulldogs Play At Floydada

Tahoka Bulldogs go to Floydada tonight for a game at 8:00 o'clock with the Whirlwinds, and a victory would keep them in the running for a share in the District 5-AA title.

The chartered bus will leave Tahoka at 5:30 p. m. This bus was chartered by 43 fans for all out of town games.

Tahoka goes to Spur Friday of next week. Last Friday, Spur downed Abernathy 27-21 to maintain its lead in the district race, which leaves Tahoka and Abernathy tied with one loss each.

The Bulldogs will be playing without their regular quarterback, Gordon Smith, who has an injured shoulder, and Guard Ware High, who has a sprained ankle and broken rib.

Floydada has suffered injuries, like Tahoka, earlier in the season, but is now believed to be in top shape.

The Whirlwinds opened the season with a 7 to 2 victory over Canyon, lost to Quanah 12 to 0 and to Ralls 13 to 12, and tied Paducah 6-6. In conference play, they won a tie game over Slaton on penetrations, held Spur to 7-0 at the half before losing 27-0, lost to Abernathy by the same score, and to Post 20 to 0.

In top condition, the Whirlwinds should do much better. They have been able to move well, but have lacked scoring punch.

Marvin Rucker, 215, anchor man in the line, is one of the top boys on the South Plains this year. Elmer Williams, 175, joins Rucker as the other tackle. Guards will likely be Johnny Timin, 175, and Laron Nixon, 145, or Stan Burleson, 145. Center is Max Crawford, 156.

J. E. Waller, 150 pound quarterback, likes to pass to Ends Buddy Watts and Larry White, 160, and his half backs.

Running at halfback will be two of these: Charley Fulton, 145; Robert Stovall, 150; and Don Colley, 140. Fullback is Gene Swaner, 165, who does the punting.

## Operetta Date Set For Dec. 16

The North Elementary Choir will give its annual Christmas program on Friday night, December 16. The group will present an operetta entitled "A Christmas Fantasy."

The story tells of six little girls on a Christmas adventure. As they slumber, they dream that the angels come to take them on a journey to the North Pole, where they find Jack Frost and White Christmas. In Lolly-Pop Lane the girls find all the toys for Christmas, the Christmas decorations, Santa Claus and his wife, Mary Christmas, and his helpers, the Brownies.

It is all a beautiful and colorful dream to put you in a holiday mood, so keep the date in mind: December 16, in the High School Auditorium.

## Seven At Farm Bureau Convention

The State Farm Bureau convention held in Fort Worth ending Wednesday was one of the best ever held, local delegates reported on their return home.

Lynn county men at the convention were; Lois Smelser, county president, N. E. Wood, Roy Askew, Earl Cummings, Elmer Blankenship, Wilmer Smith, and J. W. Gardenhire.

## BAKE SALE SATURDAY BENEFIT OF BAND

Tahoka Band Mothers are sponsoring a bake sale Saturday beginning at 8 a. m. in offices of Southwestern Public Service Co. on the west side of the square.

Mothers are asked to send cakes, pies, cookies or candy early.

Funds raised will go to benefit of both the Junior and Varsity bands.

## Monday's Snow Is Earliest Recorded

## Mahon Will Be Speaker Here

The Canadian River Municipal Water Authority was discussed at Tahoka Rotary Club Thursday noon of last week by Mayor Clint Walker and E. R. Edwards, former mayor and now the Tahoka director of the Authority.

Ann Reasonover and Jan Collier, accompanied at the piano by Mrs. E. W. Patterson, presented two duet numbers.

The program was arranged by Johnnie Reasonover.

Ware High and N. E. Wood, Tahoka High seniors, were introduced by Supt. Otis Spears as the Junior Rotarians for the month of November.

President Harold Green, on behalf of the club, paid respects to Tom Garrard, charter member of the Tahoka Club, who died of a heart attack Tuesday.

Next Thursday, Congressman George Mahon will be the speaker, and members of the club are expected to bring a number of farmer friends as guests for this meeting.

## Local Men At Water, Sewer Meet

Mayor Clint Walker, Councilman Winston Wharton, and City Water Superintendent Pat Hines attended the meeting of West Texas city water and sewer departments held in Lubbock Monday.

The all-day session was a combined meeting and the beginning of a four-day session of six West Texas districts, during which many phases of city water and sewer operations will be studied and discussed.

## BAKE SALE SATURDAY BENEFIT OF BAND

Tahoka Band Mothers are sponsoring a bake sale Saturday beginning at 8 a. m. in offices of Southwestern Public Service Co. on the west side of the square.

Mothers are asked to send cakes, pies, cookies or candy early.

Funds raised will go to benefit of both the Junior and Varsity bands.

## Monday's Snow Is Earliest Recorded

An inch or more of snow which covered the ground Monday night, was the earliest snow in Lynn County in many years. Precipitation in Tahoka amounted to .12 of an inch.

From weather records kept by The News, in fact, it seems to be the earliest snow to remain on the ground since 1932, at least. Although there have been few snow storms in November, especially in the last 20 years, there were big snows in 1938, 1943, and 1947 in November.

Principal damage from Monday night's snow was in delay of the crop harvest. The freeze of the week before had done its damage to late feed and some cotton.

## New Home Girl District Queen

Miss Carolyn Nowlin was elected the Brownfield District FFA Sweetheart here Monday night at a banquet meeting of chapter and district officers and friends from eight of the nine FFA chapters.

About fifty FFA members, advisors, school administrators and wives, and friends were present at the banquet, held in the Tahoka school cafeteria, from Plains, Wellman, Brownfield, New Home, Wilson, Post, O'Donnell, and Tahoka Meadow was not represented.

Other Chapter Sweethearts who entered the contest were Patsy Hulise of Brownfield, Berna Jo Roger of O'Donnell, Vynoma Clem of Wilson, Sabra Welcher of Wellman, Ann Porterfield of Post, and Ethylene Cox of Tahoka. The girls were introduced and interviewed prior to the judging by Walter Myers, Vocational Agriculture teacher at Brownfield.

Miss Nowlin is a senior in New Home High School and is the daughter of Mr. and Mrs. C. B. Nowlin. Two years ago, she was the Lynn County Farm Bureau Queen. She will represent this district in the area contest at Alpine.

Miss Cox of Tahoka was the runner-up in the contest. She is a junior in Tahoka High, and is the daughter of Mr. and Mrs. A. P. Cox.

The Plains String Band was the only entrant in the contest to represent the district as the FFA entertainers.

Otis Spears, Tahoka superintendent, was the guest speaker. He emphasized the importance of FFA and Vocational Agriculture work in training for better farming and for better citizenship.

Jerry Church of Wilson, district president and son of Mr. and Mrs. Clarence Church, acted as master of ceremonies in a very capable manner.

Other District FFA officers participating included William Smyrl, acting vice president, and John Milburn, acting reporter, both of Brownfield; Gary Welch of Post sentinel; Walton Terry of Tahoka, treasurer; J. D. Evans of O'Donnell, secretary; and Ves Hicks of Brownfield, advisor.

V. P. Carter and Lester Adams, local agriculture teachers, assisted the Tahoka Chapter as hosts at the meeting.

The invocation was by Supt. E. J. Hewlett of Wilson.

Proceeding the program, a fried chicken dinner was served by the ladies of the cafeteria staff.

## COUNTY LIBRARY OPEN TWO DAYS EACH WEEK

Lynn County Library is now open two afternoons each week, Wednesday and Saturday from 1 to 5 p. m. Mrs. G. M. Stewart announces.

A number of new books have been received recently, including some of the best sellers.

Test the tremendous GO of the fabulous

# '56 Pontiac

Introducing a Big and Vital  
General Motors "Automotive First!"

IT'S THE GREATEST THRILL IN HIGHWAY HISTORY!

If you've come to think of driving as just routine, it's high time you tried the tremendous "go" of this masterful new monarch of the highway.  
Here's a car with such exhilarating drive—eager oil-smooth response and safe, secure handling—that even monotonous home-to-work driving becomes your finest hour!  
And out on the open highway, the fabulous '56 Pontiac comes alive with all the eager, heads-up alertness of a thoroughbred.  
Its blazing 227-h.p. Strato-Streak V-8, coupled with sliken smooth Strato-Flight Hydra-Matic, thrives on challenges. The hill you see looming up virtually disappears before your eyes.

And at any legal speed, there's such a reserve of power that your engine literally loafa—ready at a touch to spring into the most thrilling, satisfying action that ever shortened a country mile.  
Of course, this is only a hint of what's awaiting you. The difference in performance—in driving, smoothness, ride and control—is so terrific that it can only be appreciated at the wheel.  
So come in and take charge of one of these glamorous new beauties yourself. Choose your own test route and sample the greatest "go"—and enjoy the greatest safety ever built into a car. Then you'll know why the word's spreading—"They'll be a long time catching up to this one!"

A new Strato-Flight Hydra-Matic—coupled, with Pontiac's 227-H.P. Strato-Streak V-8—results in performance so new and dramatic it must be experienced to be believed!

## Levelland Newspaper Carries Story On Life of Former Tahoka Boy

George C. Price, son of Mr. and Mrs. J. G. Price of Tahoka and a graduate of the local school, is the subject of a long biographical story in last Sunday's Levelland Daily Sun-News, under the heading "This Week's Hockley Profile," a regular feature of the paper.

The story starts off: "Few Levelland people are probably better known or better liked than the large, blond-haired man known as George C. Price. He was known as 'Big George'."

The story then goes on to tell how a tragic wreck in which four friends were killed led Price into funeral work. George owns the Levelland funeral home he operates.

Price has come through the French, German and Austrian campaigns of World War II, two ambulance wrecks in El Paso, and two wrecks since he's lived in Hockley county, with little more than a scratch. His fifth wreck a few weeks ago did bring serious injuries to him and his wife, but both are well on the road to recovery now.

In this wreck, Price and his family were en route to Tahoka to visit his parents when a woman pulled into the wrong lane and smashed almost head-on into the Price car.

George C. was a combat infantryman during World War II, and received a battlefield commission in the heat of the French campaign. He was one of only

three in his original company of 228 who didn't receive the purple heart or die in combat. During many harrowing experiences in battle, his company had close to 400 replacements.

Price's outfit was one of the first to land in Southern France, advanced to Paris, and then spent 123 days in one stretch at the front. A technical sergeant, he was commissioned a lieutenant on Jan. 12, 1945, "for heroic achievement in action on 7 December, 1944, near Enchenberg, France," by General Dean. They crossed the Rhine in March, advanced through Germany to Austria, and he saw his last battle action May 4, 1945.

He entered the Army at Fort Bliss, April 13, 1942, and later trained at Fort Lewis, Wash., where he was serving when he married his wife on June 20, 1943, whom he had grown up with at Tahoka. They have two children, Gayle, 7, and George Jr., 4.

A brother, James, is pastor of the First Methodist Church of Baird; and his sister, Johnny Margaret is the wife of John Rakestraw, Methodist pastor at Turkey. His mother is a cousin of Senator Sparkman, Democratic nominee for vice president in the last election, and one of his uncles was the late R. E. Sparkman, Texas State Senator.

Price played football at tackle and center for Tahoka in 1936 and 1937 and was a member of the school's agricultural judging teams

## Dead Leaves Can Be Used

College Station—Don't fret when the leaves begin to fall. If properly handled they can be a boost to next year's flower or vegetable garden, says M. K. Thornton, extension agricultural chemist.

It may be easier to burn them but the extra time required to put them in a compost pile will return dividends, explains the specialist. The compost can be used next year to increase the organic matter in the soil or for mulching flowers, shrubs or vegetables. Mulches are valuable for controlling soil temperature and conserving moisture.

Making a compost pile is a simple operation. Scrap lumber or a few feet of net wire and four posts will take care of the enclosure, says Thornton. Start with a six inch layer of leaves and for a four foot square enclosure dissolve a cup of commercial fertilizer, either 5-10-5 or 8-8-8, in water and sprinkle the solution over the leaves. Keep adding these alternate layers until the pile reaches the desired height. Leave the top layer somewhat saucer shaped as an aid for holding water on the leaves. Cover the pile with a shallow layer of soil.

Turning the material occasionally will speed up the decomposition of the leaves and the addition of water, during dry weather, will also help speed up the composting process. In areas where soils are acid, Thornton suggests adding a cup of lime to the fertilizer.

It was a tragic experience in the spring of his junior year in school which led Price into the funeral directing business.

Four of his Tahoka schoolmates, two in his own class and two in the class of his wife, were killed in an automobile wreck. Price happened to be at the scene and helped with the bodies at the wreck, then at the funeral home.

After that, he "couldn't think of anything else."

Price began spending his spare time around the old Harris Funeral Home at Tahoka. Although he was never on the payroll, Funeral Director W. O. Robertson allowed him to help.

After finishing high school, he enrolled in the Dallas School of Embalming, and later spent two years in apprenticeship in El Paso. Following the war, he worked for a Levelland funeral home, and opened his own business there on July 31, 1949.

He has served as Jaycee president at Levelland and as a state director of the organization, three years as county Red Cross chairman, is active in the Methodist Church, the Masons, the Quarterback Club, and other Levelland civic work.

The Japanese Peace Treaty was signed at San Francisco on Sept. 6, 1951, by 49 nations.

Lowest point in the U. S. A. is Death Valley, Calif., 282 ft. below sea level.

Paul Revere was born on January 1, 1735.

If you've been looking for new and different ways of getting enjoyment out of family photographs "Photorama" will provide the answer. So say the members of the Professional Photographer's Association of Lubbock and Vicinity who are sponsoring "Photorama" described as "a panorama of photography at its finest" which opens November 15, for two weeks at The Museum, Texas Technological College.

More than 15 artists' arrangements of portraits in black and white, painted, and direct color in home surroundings of grace and beauty are to be featured in "Photorama."

In addition to showing how portraits can be enjoyed in every room in the house, "Photorama" is to include display of prize-winning photographs made by non-professional photographers, plus a display of outstanding press photographs.

An Open House, to which the public is invited, is scheduled for "Photorama," Tuesday night, November 15, 7:30 to 9:30 o'clock. There will be a special showing of a motion picture titled "M-Day" . . . a sparkling story in Eastman color telling and showing how one American family of dad, mother, and three children found new and exciting ways of displaying portraits in the home. **New Sweep-ahead styling**  
**New Sizzle to match**

WHAT YOU SEE pictured here is Buick for 1956— and from the gleam of that "V" grille to the sassy slant of the tail fins, you can see it has no equal for gorgeous good looks.

But what you see from the curb is fully matched by what you feel at the wheel—and that's gospel. For this Buick gets its zoom from a mighty 322-cubic-inch V8 engine lofted to a new record high in power and compression—and from a spectacular new advance in Variable Pitch Dynaflow.\*

What's new in the '56 Dynaflow is this: in the first inch of pedal travel—and not with wide-open throttle—your Buick moves from standstill to cruise with silk-smooth, instant and certain getaway.

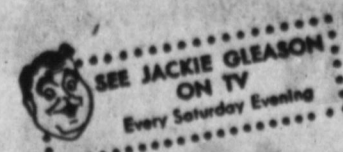

But comes a sudden need for safety-surge action to get out of a tight spot—and you floor the pedal to switch the pitch of this airplane-inspired transmission. Instantly and smoothly, you're at full-power acceleration—a thrill beyond words.

There's a lot more we could tell you about these great new Buicks—about brilliant new interiors, a superb new ride with a safer "sense of direction," and new safety features everywhere you look.

But the best way to get the whole story of the best Buick yet is right at the wheel of one of these '56 beauties. So drop in this week and do just that.

\*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick built today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

# H. E. Wood Farms Hagood Place at Three Lakes

Mystery Farm No. 68 is owned by W. W. Hagood, but the place is farmed by H. E. (Horace) Wood. This is the old Burton Edwards home place, and it is located southwest of Tahoka in the old Three Lakes community.

Carlice Edwards of New Home were the first to identify it. Others included Larry Hagood, Mrs. Alton Cain, Mr. and Mrs. Marcus Edwards, Mrs. J. T. Tippit, H. E. Wood, Mrs. Lloyd McMillan, and Mrs. Welch Flippin.

Mr. and Mrs. Wood have been on the one section farm for nine years. They raise cotton and maize on the dry land place, and Mr. Wood also raises a few cattle.

### Aid Is Given Polio Patients

As a stopgap to meet this community's acute need for funds to continue care of polio patients, a check for \$1600.00 from March of Dimes headquarters in New York was received today by the Lynn County Chapter of the National Foundation for Infantile Paralysis. This is in addition to \$800.00 received by the local chapter in August.

"This money," explained H. B. McCord, Jr., Chapter Chairman, "is an advance supply by headquarters operating in the black. When it was realized that more than 1,200 chapters would exhaust the March of Dimes funds available to them, National Foundation headquarters called in funds from chapters which had surpluses."

Recognizing that polio respects no state or county lines, Mr. McCord said, chapters with funds have willingly answered the distress signals of those operating in the red to insure the necessary care of polio patients.

Encouraging the "haves" to help the "have-nots," Mr. McCord continued, is one way the March of Dimes assures that the lives and usefulness of polio patients everywhere in the country can be saved.

The check received by the Lynn County Chapter will help meet long overdue back bills for providing treatment and equipment for 3 polio patients in this area, he said. Mr. McCord predicted that because many of these patients will continue to need help, the chapter would be forced to ask for additional funds in the near future.

"The financial burden our chapter has had to assume is unfortunately shared with others," Mr. McCord said. "The National Foundation chapters will need an estimated \$8,000,000 from Headquarters to meet patient care bills for the remainder of this year."

"Our present situation may be the lot of other communities next year," Mr. McCord went on to say. "It is hoped that the money we have received can be returned

to National Foundation headquarters from contributions to the next March of Dimes in January of 1956 for assistance to other chapters in need. "The promise of the Salk vaccine is bright, but the full realization of that promise is for the future. As we in Lynn county know only too well, polio isn't ticked yet."

### Turkey Shoot Profit Is \$700

The Turkey Shoot held at New Home Friday and Saturday under sponsorship of the Civic Club was a big success, C. E. Roper told the News Tuesday.

The club expects to clear about \$700.00 from the event, which money will be used in the club's civic projects.

About \$800.00 worth of turkeys, hams, and bacon were given away to those participating in the shoot. He says the big crowd of shooters used up about \$200.00 worth of ammunition.

At Monday-night's meeting of the New Home Civic Club, Robbie Gill, treasurer, reported a total of \$1,700.00 was taken in at the shoot.

The club is planning some improvements at the Community building. A heating unit has already been ordered, and some other improvements are being planned.

Kay K. Moore is currently the president of the Civic Club.

Mr. and Mrs. Wayland Walton and daughters, Wayla Ann and Marta RayeDon, of Morton, and Mr. and Mrs. Don Carraway of Kermit spent Friday in New Home with their mother, Mrs. Winston Davies. The girls were home for the Homecoming banquet and the New Home-Cooper game.

### Post Homecoming Events Today

Ex-students of the Post schools will hold their annual homecoming event today, with registration at 5 p. m. in the high school gymnasium.

A business session and banquet will follow, announces V. L. Peel, president of the Post Ex-students Association.

The meeting will follow the annual Post-Spur football game, which will be played at 2:30 p. m., at which the home-coming queen and the football queen will be crowned.

# Bulldogs Take 43 to 6 Victory Over Slaton, Last Home Game

Although badly crippled, the Tahoka Bulldogs had an easy time defeating the Slaton Tigers 43 to 6 in the last home game of the season for Tahoka last Friday night.

Fullback Donald Blair, who sat out the Abernathy game because of an injured kidney, saw limited service but turned in 163 yards on 11 tries, during which he made two touchdowns. HB Jerry Williams did the heavy work and carried for 137 yards on 16 carries, and scoring twice.

Quarterback Gordon Smith, who injured a shoulder in practice, missed the game and will play no more this season, but Jimmy Harter turned in a fine job at the position, running 60 yards for one TD and passing to End L. W. Castleberry for another. Halfback Ted Pridmore scored the other TD for Tahoka.

Guard Ware High, who has a broken rib and a sprained ankle, also missed the game, but the line turned in a fine performance in holding Slaton to only 25 yards rushing. Leon Davis and Kent Gibson showed up well in filling out the line.

Karl Prohl, who has a broken finger, saw limited service on defense, and Substitute Fullback Don Renfro, who also has a broken finger, did not see any action.

Slaton's Quarterback Wendall Akin tossed 32 passes, completed 12 for 107 yards and got pass interference called on another,

which set up the Tigers' only score.

Slaton's 250 pound tackle, Don Wright played a whale of a game.

**First Quarter**  
Tahoka received the opening kick-off, Harter bringing the ball from the 8 to the 18. Pridmore made 2, Williams 5, Blair 5, Williams 10, and then on a keeper play Harter broke over his left guard, cut to his left and went 60 yards to score untouched, with Blair throwing a key block. Prohl's place kick missed. Score, 6-0.

Tahoka Tackle Larry Simmons kicked off, and Tiger Left Halfback Delbert Prociase returned 14 yards to his 34. An Akin pass was incomplete, FB Roland German lost one, another pass incomplete, and German kicked 27 yards to the Tahoka 40. Operating from the 42, Pridmore and Williams carried to the Slaton 39, Williams went 16 yards to the 23, and four plays later, with the ball on the 1, Blair went over but Tahoka was offside. Pridmore made 5, and on the next play went over to score. This time Prohl's kick was good. Score, 13-0.

Following the kickoff, Tiger's RH Jerry Don Ross got away for 13 yards, Slaton's longest running play of the game, and Slaton finally moved out to their 47.

**Second Quarter**  
Blair brought Akin's punt from the Tahoka 25 to the 40, and in four plays the Bulldogs moved to the Slaton 43. Then Williams went around his right end, and, helped by a fine block by Guard Ronnie Brooks, went 43 yards to score on a beautiful run. Score, 19-0.

Ross brought the kickoff from the 10 to the 37, Prociase made one, and Gibson tackled Akin for 4-yard loss, a pass was incomplete, and Akin kicked to the Tahoka 42. Harter lost 16 on a fumble, and two plays later Tahoka had to punt, Williams kicking to the Slaton 20, the only Tahoka punt of the ball game. German lost 1, a pass to German was good for 4, another was incomplete, and Slaton had to punt again. With German back, Simmons and Brooks blocked the punt, and Tahoka had the ball on the Slaton 26.

Three plays moved to the Slaton 21, and a fourth down pass Harter to End Castleberry near the goal line was good for Tahoka's fourth TD.

Simmons kicked to the 14, Prociase brought out to the 38, and three passes and a fumble ended Slaton's drive. Tahoka had an-

### O'Donnell Wins Over Coahoma

O'Donnell Eagles meet the powerful Seagraves Eagles in a battle at O'Donnell today, and next Friday must journey to Slaton for a game with the league-leading Roughnecks. Both are 4-A conference games. The game today is at 2:30 p. m., and this is the Homecoming game for O'Donnell exstudents.

Last Friday, O'Donnell defeated Coahoma in a game played in the latter city 19 to 12, giving the Eagles a record of three games won, one lost and one tied in the conference.

Over the season, the Eagles have won four, lost three and tied one.

### David Hanes In Marine Exercises

Norfolk, Va.—Taking part in a major amphibious exercise on the southeast coast of the U. S. with Atlantic Fleet Marine Force Troops, Camp Lejeune, N. C., is Marine Sgt. David F. Hanes, Jr., of Route 1, Wilson.

The exercise, involving 80 ships, 347 aircraft and 42,000 Navy and October 19 and will be climaxed by an amphibious assault on Onslow Beach, N. C., November 3.

Supported by ships of the Atlantic Fleet, the Marines will land by helicopters, surface craft, sea planes, land planes and submarines. They will be opposed by a simulated enemy force of Marine "aggressor" troops.

The maneuver will provide realistic training in all phases of amphibious warfare, including the simulated use of offensive and defensive atomic weapons.

### A. H. Nelsons Will Have Anniversary

Mr. and Mrs. A. H. Nelson of Post, former residents of the New Lynn community, will celebrate their golden wedding anniversary on Sunday, November 13, from 2 to 5 p. m. with an open house in the First Baptist Church of Post.

All their old friends have a cordial invitation to call on them during these hours.

Mr. and Mrs. Nelson were married fifty years ago in Ada, Oklahoma. They came to Lynn county in 1924, and farmed at New Lynn until about 1950, when they retired and moved to Post.

The Nelsons have three living children. They are H. D. Nelson of Tahoka, and Mrs. A. E. Payne and Mrs. Marie Dismuke, both of Post.

Karr F. Wells, who has been in Germany with the Army, is now stationed at Fort Bliss, El Paso.

# ODds AND ENds

(BY E. I. THE ELDER)

Though this may seem to be a belated expression of my regard for the late and lamented Tom Garrard, yet I wish to pay this brief tribute to his life and character. While he was rounding out his lengthy term of service as district attorney of the Midland-Odessa-Pecos district, I was serving in a like capacity in the Big Spring-Snyder-Sweetwater district and came to know Mr. Garrard quite well in those years. He was highly regarded and beloved by the lawyers who practiced at the bar in these two districts and by the people generally away back in those receding years. The News stated last week that he served for a time as assistant attorney-general. That is true, and the position he filled was not just an ordinary one but a very important one, for the duties of the particular office which he filled made it incumbent upon him to represent the State in criminal cases appealed from the trial courts to the Court of Criminal Appeals. He served in that capacity with more than ordinary distinction. This public service together with the many other capacities in which he served the people of Texas, as recited by Frank last week in his sketch of Judge Garrard's life as published in this paper, affords proof positive that Governor Coke Stevenson's offer of a Civil Appeals judgeship to Judge Garrard a few years ago was no mere political gesture nor an official act prompted by political considerations but was the patriotic act of a Governor who knew Judge Garrard and his legal attainments well and was seeking to serve his state in the finest way possible. So, personally, I wish to pay this just tribute to a man who served his state and his country well through a long and unbroken period of years.

Now, I am returning to my decision made several weeks ago to give our readers some of the interesting features and events respecting some of the older and some of the most interesting counties that make up the list of 254 that now constitute the state of Texas. That is a lot of counties and they cover a lot of territory, and so, for lack of space, we can not tell very much about any of them, but there is something of interest about nearly every one.

of them, and so I am glad that I am a native Texan, though I will admit that a native Texan may not be any better than a native Virginian or a native Georgian or a native Kentuckian or a native Arkansawyer (now laugh) or a native Tennessean or a native Connecticut yankee (or the other kind either). In fact we think that most of the yankees regardless of their nativity were better than some of the outlaws that came to Texas in the pioneer days of the state.

As Paul declared in self-defense once, without boasting, that he was a Roman, "free-born," so I am proud to confess now, without boasting, that I am a Texan, native-born. I was born at the end of two hedges that ran at right angles to each other on a farm in Bell county. That was the Vanderpool farm, and the hedges were Boised'src hedges, on which thorns and uneatable milky apples grew; and in the fields half-enclosed by the hedges, the corn and the cotton and the taters grew; and the community which lay to the west and the northwest was known as Stampede Valley—a productive and beautiful valley it was. Three-quarters of a century ago Bell county was a pioneer region in central Texas. But it was an outstanding area in many respects in those far-away days. The first settlements established in Bell county lay along the streams and in the wooded areas of the county. The first farms that were established out on the prairies were enclosed either with hedges or with rail fences or occasional stone.

Bell county was created and organized in 1850, with Belton as the county seat, its territory previously having been a part of Milam county. Belton and Salado were the only sizeable towns in the county at that time. Other trading points were Moffat, Nolanville, and a few other inland villages. There was not a railroad nor a highway in the county at that time. Temple, and Rogers, Holland, Bartlett, Killeen, Troy, and other towns were founded with the coming of the railroads, the Gulf, Colorado & Santa Fe, and the "Katy," M. K. & T. (Missouri, Kansas, & Texas.)

There were two early-day events that contributed to the rapid development of Bell county as a farming region and to the establishment and growth of her cities and towns. The first of these was the invention of barbed wire; and the second was the building of railroads into and through the county.

The first barbed wire fence that I ever saw was built along the landline that extended alongside a public road passing east and west just north of the little house in which I was born. I could not have been more than four years old at the time but I distinctly remember that one of the horses belonging to my grandfather who lived on the place at that time got his foot hung over one of the strands of wire and sawed a horrible gash just below the fetlock of one of the horse's front feet. My first impressions of barbed wire fences were not very favorable.

But barbed wire had come to stay. Its use spread rapidly, and made it possible for new farms

### "WE WIRED FOR HELP!"

says Mr. Roland Champion, 808 S. Plains Park Drive, Roswell, N. M.

Wiring — good wiring — is an investment that never depreciates. And good wiring never costs less than it does when you build.

As H. D. Danenberg, who wired the Champion's home, points out: "With their present system, they won't have any expensive additions in the future."

Whether you build or remodel, be sure that wiring is part of your plan — if you plan to live the modern way.

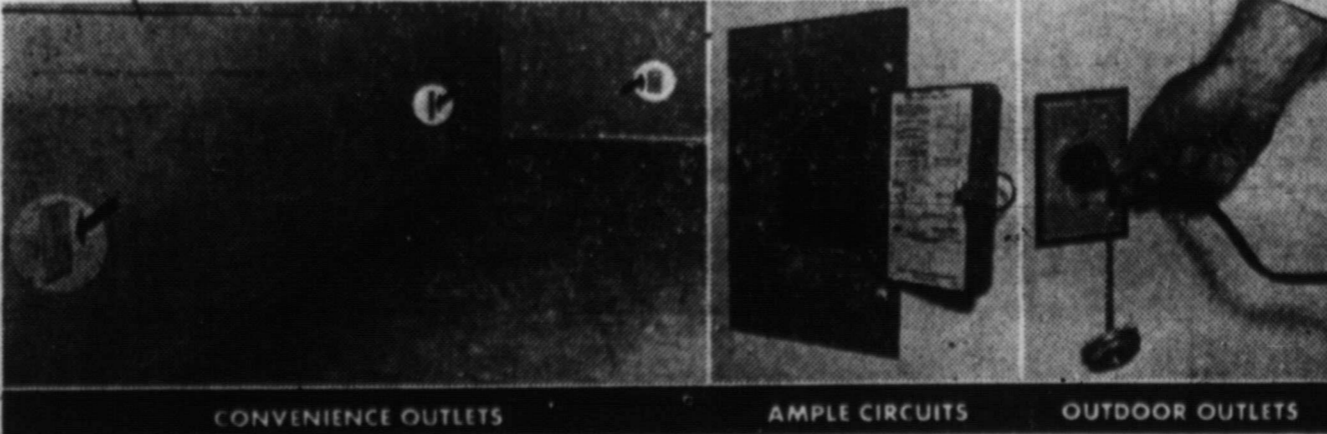

The lifeline of modern living is your home electrical wiring system. When it's up-to-date, you're up-to-date.

Mr. and Mrs. Roland Champion of Roswell know the pleasures of modern electric living, for their home is wired for today — and the future.

Mr. Champion says: "With our home wired for our needs, we live very comfortably, and certainly conveniently."

Mrs. Champion gets right down to cases. "Our wiring lets us have an electric range. I wouldn't have any other kind. The outlets in the kitchen are so handy, and in the living room they're just right for the arrangement of furniture. Our wiring serves us from daylight to dark, right around the clock."

For pleasant living — electric living — wire ahead in your home now.

to be established on tracts of land all over the black-land prairies of fifty or sixty acres or more. Then within a year or two came the two rail roads, the Santa Fe and the Katy, to Bell county, and other railroads to other central Texas counties, and thereupon settlers began to pour into the country from Arkansas and Tennessee and Alabama and Georgia and Kentucky and Missouri and other states, and for the next several years sulky plows drawn by mule teams could be seen turning the sod all over the black land prairies. Bell county ever since has been a hotbed of agricultural activity and industry.

For many years Bell county held its place as one of the ten most productive cotton counties in the state. But in more recent years its status as a leading cotton county has been greatly changed. The time came many years ago when a fungus growth in the soil

produced wide-spread destruction of the plant in numerous fields from root-rot as a result of the presence of the fungus in the soil.

Then came the invasion of boll worms, boll weevils, leaf worms, and other insect pests, year after year that, made the raising of cotton unprofitable, and many farmers turned to other crops for money with which to pay the family's living expenses, especially to the raising of feed crops and of highly-bred livestock. The advent of farm tractors, the drainage and terracing of farm lands, the conservation of soil and water programs, and the building of farm-to-market roads, the increased improvement and use of harvesting machinery—all these factors have combined to make farming operations more profitable in Bell county and the life of the Bell county farmer much more satisfactory and pleasurable. In fact, Bell county is still a good farming county. It raises on an average more than 34,000 bales of cotton annually, nearly four million bushels of good old Indian corn, one of the finest foods for man, mules, mavericks and thorough-breds, burros and bronchos, geese and goats, or what-have-you. It also produces nearly a million bushels of oats, a pretty good feed itself. It harvests an average of 350,000 pounds of pecana—fine for pies and pastries—and it takes the honey from 2,000 beehives each year. Its chicken population is more than 1,000,000, and there is no telling how many eggs those old hens are laying for the 74,000 egg-hungry human beings in the county. Turkeys—by the thousands grow fat on grass-hoppers every year and willingly or unwillingly sacrifice their lives in the fall and winter to make Thanksgiving Day and Christmas happy occasions for numberless diners. Say, folks, Bell county is a pretty good place to live in or to come from either.

I stated in substance away back yonder somewhere that Bell county had always been outstanding in some respects. What were those respects? One of them was its schools. The earliest of these was the old Salado College founded in the 1860's but unable to function, on account of the ravages of the Civil War, until the 1870's. Founded by highly educated and cultured citizens, it grew rapidly after the smoke of the Civil War began to clear away and for several years it was one of the most noted educational institutions in Texas and indeed in all the Southwest, having a student body for several years of 300 to 400 students. But finally it had to be closed down on account of the inability of the stockholders to pay the debts incurred in its operation. In 1890, the doors of the college building were reopened and school work resumed by Dr. S. J. Jones and Prof. T. J. Witt as principals under the name of The Thomas Arnold High School, "The Schoolmaster of rugby, the man who made the men who made England." The Thomas Arnold continued to function until 1911, when it closed permanently after being destroyed twice by fire. The Old Salado College and its successor, The Thomas Arnold High School, both majored on the classics, Latin,

Greek, English and American Literature, and History, together with Music, Art, and some scientific courses. They have sent out many hundreds of graduates into the various walks of life, many of whom have achieved distinction in various fields of service.

The second respect in which Bell county has long been outstanding is the number and the eminence of her hospitals. Before any world-wide war came to wound and to cripple our young men and our youth, Bell county already had three outstanding hospitals, all situated in Temple, the famous Scott & White Hospital, The King's Daughters Hospital, and the Santa Fe Hospital. When World War II broke out and Camp Hood was established at Killeen in western Bell county, the great McCleskey Hospital was established in Temple to take care of the sick and the wounded casualties of war. Perhaps no other county in the whole Southland has such a reputation for the number and character of its hospitals as Bell county has.

A third respect in which Bell county is outstanding is its Military establishment. Of course there are other counties in Texas which have larger military establishments within their borders than Bell county has, but Fort Hood at Killeen is a very important one just the same. Thousands of soldiers from all parts of the United States are trained there each year, and most of them no doubt get a favorable impression of Texas and Texas people while in training there.

Another respect in which Bell county is outstanding is its water conservation program as repre-

sented by the sizeable Belton Dam, constructed during the past few years across the Leon River a few miles northwest of Belton. I do not have the final figures on this project, but it is a part of the larger Brazos River Water Conservation Authority. Bell county is well watered. Bell county streams finding their way into this Belton Lake are the Leon River which rises in Eastland county, the Cowhouse whose headwaters arise chiefly in Comanche, Hamilton, and Coryell counties; and Horse Creek, Stampede, and Cedar Creeks, which drain parts of McLennan, Coryell, and Bell counties. The waters of the Lampasas and the Salado, pronounced "Salow," Bell county streams, are not impounded by Lake Belton. They help to form Little River below Belton which flows on down to and past Comerton and finally into the Brazos in Milam county.

In mentioning the outstanding schools of Bell county further back in this column, I neglected to mention Baylor College and Wedemeyer's Academy. Baylor College is in fact, the oldest and most noted institution of higher learning in Bell county. While it has had many steep hills to climb during its career of more than three-quarters of a century in Belton, yet it is one of the best known colleges in all the Southland, and one of the outstanding female colleges in the whole United States. The good that it has done in this world will never be known on this side of the Heavenly Jordan.

Wedemeyer's Academy for Boys was just the institution that its name indicates for the quarter of a century in Belton in the latter years of the nineteenth cen-

tury and the opening years of the present century. Prof. C. H. Wedemeyer was the owner and sole director. He was an able scholar and a noble man. For several years he was also editor of the old Belton Journal, after George C. Robinson sold the paper and moved to Waco, where he was publisher of the Waco Times-Herald for several years.

Just one other thing that is outstanding in Bell county is the lovely Crepe Myrtle and other perennial shrubs with which the principal highways of the county are beautified. I think that all the tourists that pass over these highways must love Bell county for her flowers. I do.

Bell county was named for Governor Pater Hansbrough Bell, third governor of the state and the incumbent governor when Bell county was created and organized in 1850. In 1936, the Texas Centennial year, a large bronze statue of him was erected on the courthouse lawn in Belton, and the citizens of Bell county are very proud of it, for it is a constant reminder of the early history of Texas and of the heroes who won Texas Independence. In his latter years, Sam Houston was a frequent visitor in Belton and Salado, and often took lodging in "Shady Villa," Salado's historic hotel. It still stands and serves meals nearly every day to scores of travelers who make it convenient to stop there for the noon lunch. Old Salado, scarcely more than a mere ghost of its former self, is situated on the direct route from Waco and most Texas points further north, to Austin, San Antonio, and the Lower Rio Grande Valley, and

yards west of Shady Villa. Fine springs, almost hidden by rank weeds much of the time, burst out of the banks of the beautiful Salado (Salao, or Salow) just below the bridge that spans the River, and a few hundred yards further down are the ruins of the old Davis water mill and east of that, and on the other side of the stream, is the now overturned old Table Rock, former trysting place of many boy and girl college students. And the boys who attended school in Salado will never forget old "Long Hole," still further down the stream, where they used to get their usual weekly bath.

Men and women from almost every southern and western state of this Union know and love Bell county because of the happy days they spent somewhere within its bounds when they were children or young folks growing up. Some of them live out here in Lynn county and many of them on the south plains.

Adios, Folks, for this time.

Still passing, Slaton had one incomplete, Blair hit Ross with an 18-yard pass, and Blair was incomplete, and Blair kicked to the T. 30, with Harter returning to the 36. He then hit Castleberry with a pass on the 50 and he carried to the Tiger 37. Brasher made 4, and carries by Williams and Fridmore, together with a 5 yard penalty on Slaton, put the ball

### Wilson Playing Meadow Today

The "chips are down" today for the Wilson Mustangs when they journey to Meadow to meet the tough Broncos for the lead in District 4-B championship race.

Both teams enter the game undefeated and untied in conference play, with Wilson having slightly the best record.

The Mustangs are undefeated for the season, having won all eight games, four in pre-conference play and four conference games. Meadow lost four pre-conference games, but has won all four of its conference contests, including a game over Ropes, considered one of the other top teams of the district. Wilson will entertain Ropes at Wilson Friday of next week, a team which Meadow has already defeated.

Coach Huntington's Mustangs did not have too much trouble in defeating Whiteface there last Friday night 26 to 7 although the score was 7-7 at halftime.

Halfback "Mutt" Bruedigam scored two touchdowns for Wilson, one on a 52-yard scamper and one on a 4-yard plunge; and Fullback Dewey Corley, the dependable work-horse of the Wilson team, scored twice, once from four yards out and once from eight yards away. Corley also ran over one conversion, and Quarter-

back Daniel Verkamp ran over life. He is survived by his wife and a number of nephews and nieces.

Funeral services held in the First Methodist Church of Crosbyton Saturday afternoon were attended by the Henderson and Hill families of Tahoka. Mrs. Henderson is visiting with her sister for several days this week.

Mr. and Mrs. C. C. Garvin of Masterson, where he works for the Amarillo Oil Company, are here this week visiting her mother, Mrs. Kitty McCracken. Mrs. McCracken had been visiting at Masterson with them.

### New Home Wins Over Cooper

New Home observed its annual Homecoming Day Friday in fitting manner when its Leopards, playing their first year of regulation 11-man football, defeated the Cooper Pirates 20 to 0 in a District 4-B conference game.

In annexing the victory, New Home managed to get out of the cellar. The Leopards will entertain Whiteface today at New Home, and will close out the season at Meadow next Friday.

Halfback Jimmy Brown scored two of New Home's touchdowns, one on a 10-yard run and the other on a 3-yard plunge, and also ran over one of the two extra points. C. L. Rogers, stellar fullback, out for several weeks with an injury, scored the other TD around end from 10 yards away, and ran over the other extra point.

In taking the victory, New Home turned in one of its best performances of the season.

At halftime, Roma Brewer was crowned the football sweetheart. Her attendants were Jeanelda Renfro, Jerry Sue Milliken, Mary Barnett, and Bobbie Swinson.

Prior to the game, a reunion of New Home ex-students was held at a banquet prepared by the PTA and served by pep squad members in the school gymnasium.

From the side, you see the sweeping new speedline chrome styling and high-set taillights. Colorful new contemporary interiors add the final touch! Body by Fisher, of course.

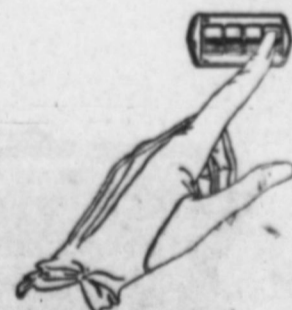

**V8 Horsepower Zooms to 205**  
That's what the new "Super Turbo-Fire V8" pours out (an extra-cost option). You can see why we say the hot one's even hotter!

#### Hideaway Gas Cap

Chevrolet's left-side taillight holds a stylish secret. Hinged at the bottom, it swings down to uncover the gas cap. Closed up, the cap's concealed—and there's nothing in sight but the taillight!

**Everything in Automatic Power Features**  
Power Steering, Power Brakes, power-positioned front seat, power window controls. All are available as extra-cost options.

**Steering made easy**  
Ball bearings reduce friction and steering effort in Chevrolet's Ball-Race steering.

**Anti-Dive braking**  
Anti-Dive braking, an exclusive Chevrolet development, means more level stopping—even when you hit the brakes hard!

**12-volt Electrical System**  
Racks twice the punch of ordinary 6-volt systems . . . spins the engine up to one-third faster. You get surer starting in all weather. And you have a greater electrical reserve supply.

**A new 6 with 140 H.P.**  
The new "Blue-Flame" 6 brings you this higher horsepower plus a higher compression ratio (8 to 1) and oil-hushed hydraulic valve lifters.

**THE HOT ONE'S EVEN HOTTER**  
It's the Pikes Peak Record Breaker!  
The '56 Chevrolet proved its surer, safer driving control by breaking the Pikes Peak record!

**Floats over the bumps**  
Roads seem newly paved with Chevrolet's Glide-Ride front suspension and long outrigger rear springs soaking up the jolts. And Chevy's cat-footed on curves! Chevrolet performance puts your safety first!
