Little League Is Discussed Here

Organization and operation of Little League baseball, a national movement for boys eight through twelve years of age, was discussed by Walter Buckel and Elgin Davis of Lamesa at a meeting here Friday of last week in the High School auditorium.

Tahoka Rotary Club several months ago voted to take the lead in setting up the organization, but team sponsors will be needed and nearly \$250.00 will be needed to finance each of the four teams proposed.

City of Tahoka already is developing a site at City Park for junior baseball, and already has the field in grass.

Mayor Clint Walker is chairman of the committee on Little League baseball, and anyone interested in sponsoring a team should contact him.

Boys Teams Win Over Denver City

Tahoka A team boys are entered in the annual Claude basketball tournament and the girls are entered in the Floydada tournament this week end.

Both teams will open their 1956 District 5-AA conference season at Post on Friday, Jan. 13.

Both A and B boys teams won games over Denver City boys here Tuesday night, the A team by a score of 85 to 52, and the B team boys by a 41 to 34 score.

Tahoka took a quick first quarter lead in the A game and led 20 to 9 at the end of the first quarter while allowing DC only one field goal. Halftime score was 46 to 22, third quarter 70 to 35.

Coach Jacobs used 10 boys in the game, with eight of them getting in on the scoring and reserves playing nearly half the way.

L. W. Castleberry came through with 20 points to tie Junior Fitts, who also had 20. Jerry Brown had 11, Carlton Bell 9, Jerry Williams 9, Karl Prohl 6, Jerry Slover 3, and Tommy Paris 6.

Ray Sefcik of Denver City held high-scoring honors, however, with 24 points.

The B team game was nip-and-tuck up until the last two minutes with each team holding a narrow lead several times, but Tahoka broke away for six points in the last two minutes.

Prohl was highpoint man with 12, Jay Gurley had 11, Donald Williams 6, Marlin Hawthorne 5, and Jackie Applewhite 3.

Charles Gowen was high for Denver City with 12 points.

Coach Dean Wright works with the B-Team boys.

At halftime intermission of the grade boys played a brief game A-team game, two teams of sixth which was greatly enjoyed by the fans.

Poll Taxes Must Be Paid This Month

All citizens of Lynn county are urged not to fail to secure their poll tax receipts, or exemptions, as the case may require.

This is election year, and there will be many important offices to be filled.

County Tax Assessor and Collector J. E. (Red) Brown reports that many people have not yet paid their poll taxes.

Those people mailing in checks for their property taxes are reminded that statements sent out showing taxes due did not include the sum of \$1.75 for each poll tax receipt.

Harley Wells Is Victim of Death

Harley Wells, 50, who was reared in Tahoka, died Friday in a Wichita, Kansas, hospital from cancer, local relatives have been informed, according to R. C. Wells, his uncle.

Funeral services were held in Wichita Monday at 10 a. m. Harley was a son of the late Coleman Wells. As a young man he worked here as a butcher, and played a lot of baseball with the Tahoka independent teams in the 1920's and 1930's. He left here in 1935, and lived in Seagraves, Seminole, and Hobbs, N. M., for a number of years.

Survivors include his wife and a 11-year-old son; two sisters, Mrs. M. O. (Cloene) Bridges of Tyler and Mrs. Ray (Evelyn) Stevenson of Chickasha, Okla.; a half sister, Mrs. Jim (Mary Blon) Rego, and his step-mother, Mrs. Coleman Wells, both of Boston, Mass.

Water District Election Tuesday

Two county committeemen for the High Plains Underground Water Conservation District No. 1 will be elected by Lynn county farmers residing in the district, which roughly covers the northern one-third of Lynn county, in voting next Tuesday, Jan. 10.

Nominees for the two places are: Walter Maeker, Aubrey Smith, Erwin Sander, Melvin Wuensche, and Lit H. Moore.

Local operators of the City Judge's office, adjacent to the Wilson State Bank, and the New Home Community House.

Last week, it was stated in an advertisement in The News that the New Home polling place would be at the school. This was incorrect. The election will be in the club house.

Joe D. Unfred of that community says the community expects to hold all its future elections at the club house except the elections for school trustees, which will continue to be held at the school.

85 Babies Born At Hospital In 1955

A total of 85 babies were born at Tahoka Hospital during the year 1955. Up until Thursday, no child had, as yet, been born there in the New Year.

The Hospital had 65 births in 1954, 72, in 1953, and 128 in 1952, the peak year.

Will Montgomery went home Wednesday after spending a couple of days in Tahoka Hospital as a medical patient.

Mother Mrs. Truett Smith Heart Victim

Mrs. J. K. Hunt, 73, mother of Mrs. Truett Smith of Tahoka, died of a heart attack in an Amarillo hospital at about 6 p. m. Monday.

Funeral services were held at the First Baptist Church in Claude Tuesday at 2:30 p. m., and burial followed in the cemetery there.

A long time resident of Claude, she was well known by a number of Tahoka people, as she had visited here frequently. She and her husband had celebrated their fiftieth wedding anniversary on Friday.

Mrs. Hunt became suddenly ill at about 3 p. m. Monday at her home in Claude, and she was rushed to the Amarillo hospital, where she died soon after arrival.

She is survived by her husband; three sons, Claude and Herbert Hunt, both of Claude, and Walter of Tulia; two daughters, Mrs. Truett (Lucille) Smith of Tahoka and Mrs. Cedric W. (Roberta) Gragg of Amarillo; and eight grandchildren, two of these being Gordon and Carol Smith of Tahoka.

Mrs. C. C. Dwight has been a medical patient in Tahoka Hospital for the past several days.

Officers Make Big Liquor Haul

Local officers confiscated a large amount of liquor headed for Lubbock New Year's Eve, and as a result two men were assessed heavy fines in County Court.

Saturday at about 5 p. m., Sheriff “Booger” Redwine and Deputies Tom Hale, D. Lindly, and “Son” Guinn of O'Donnell intercepted a Lubbock man, C. T. Childress, and found his car loaded with 153 quarts, 72 pints, and 144 half pints of whisky, 18 quarts of gin, 240 12-ounce cans of beer.

The same evening, Deputy Guinn and a State Highway Patrolman picked up Roy Neil Stringer, also of Lubbock, and found 16 cases of beer and five quarts of whisky in his car.

After pleas of guilty, Childress was fined \$500 and costs and Stringer \$300 and costs by Judge W. M. Mathis in County Court. The men paid off.

Cobb Announces For State Senate

Carroll Cobb, Lubbock, has announced his candidacy for the State Senate, subject to the Democratic primaries this summer, from the 28th District composed of Andrews, Cochran, Crosby, Dawson, Gaines, Hockley, Lubbock, Lynn, Martin, Terry, and Yoakum counties.

Cobb, who is married and resides at 4604-B Boston, is approaching his 30th birthday.

He was born and raised in Gaines County where his family settled in 1905.

He is a veteran of World War II and a recent graduate of The University of Texas Law School in Austin, and is now practicing law in Lubbock.

In 1952, Cobb was elected to the Texas House of Representatives from the 99th Representative District composed of Andrews, Dawson, Gaines and Lynn Counties. He was re-elected in 1954 without opposition.

As a Democrat he has always supported the party and has never been cross-filed.

In 1953, Cobb supported a pay increase for school teacher which was finally passed in 1954. During the 1955 Session of the Legislature, he sponsored and supported measures designed to tighten the management and at the same time extend the Veteran's Land Program.

He also served as Chairman of the House Sub-committee that drafted legislation which substantially increased the incorporation requirements of insurance companies.

He states he has never accepted any fee or retainer in connection with Legislation or for any

Cain Predicts Things To Come

Alton Cain talked at Tahoka Rotary Club Thursday noon of last week on the subject, “We Will Be Fixed in '56.”

The talk, filled with humor and philosophy, dealt with predictions of things to come during the new year. A similar talk by Cain has been made to the club the past three years, and the members have gotten a big “kick” out of each one of them.

“Happy” Smith was in charge of the program.

President Harold Green announced that Clint Walker and H. B. McCord Jr. will be in charge of programs during the month of January.

Among the visitors were Dr. J. A. Hill of Canyon, president of West Texas State College for nearly thirty years but now retired, and also the organizer of the Canyon Rotary Club.

New O'Donnell Oil Well In Prospect

On Saturday, Dec. 31, the oil well nine miles southeast of O'Donnell (about five miles air-line) came in as a flowing well, Ben Moore of O'Donnell writes The News.

The new producer was drilled to 9,000 feet, then backed up to the Rx Sprayberry. Location is on the Kendrick 320 acres, one mile south of the old Harmony School.

“It tickles me,” Mr. Moore says, “because in 1913 we lived some 250 yards from this site. No oil had been brought in on the Texas Plains.”

Turkey Raising Is Considered

Plans for a turkey growing project among area farmers will be discussed at a meeting in the county court room the night of Jan. 24.

Dale Thuren and Ken Looper of Purina Mills says the demand is growing for turkeys on the year-around basis. No large investment in buildings, or equipment is needed to start in the business. At the present time, the turkey raiser can reasonable expect about one dollar per bird profit.

There is only one large turkey producer in this section, Mr. Looper says, and most all the turkeys consumed in the Lubbock territory are shipped in.

Farmer Held Up By Three Youths

Three California youths have been charged with burglary here after they had on Sunday morning forced entry into the home of Glenwood Krause, who lives about 10 miles west of Tahoka on US-890.

Two of the youths, Burch O. Brown, 18, of Rialto, Calif., and Dan Griffin, 17, of San Bernardino, Calif., are being held in jail. The other, Dan Handley, 16, also of San Bernardino, being a juvenile, was paroled to the custody of his father by County Judge W. M. Mathis Tuesday.

After telling many conflicting stories, local officers finally wove together the following account.

Griffin and Handley had decided to run away from home. They were accompanied by Griffin, married and the owner of a car. After leaving Griffin's wife at Phoenix, Ariz., they proceeded eastward with intention of taking in the Mardi Gras at New Orleans and then going to Florida to join a circus.

But, they ran out of money, and at about 7 a. m. Sunday stopped at the home of Krause, a bachelor. They told Krause they were out of gasoline. Krause invited them in the house, and then they pulled a gun on him and told him they wanted money. The farmer had no money on him, and they ransacked the house in search to no avail.

They took some gasoline, disconnected the wiring on Krause's car, and left. Krause notified officers, however, a short time later.

Starting out west, Sheriff “Booger” Redwine and deputies met the boys in their car on the highway and took them into custody.

New Home Club Is Improving Grounds

New Home Civic Club at its monthly meeting Monday night made plans for laying gravel in the parking area and driveways at the Community Club building.

The club is also investigating the possibility of paving the streets leading west and south from the club building.

Frank Hill of Tahoka was the speaker of the evening, telling of the recent White House Conference on Education which he attended in Washington, D. C.

Luke Halford was in charge of the program.

Kay Moore, head of the Civic Club, presided at the meeting.

A fried chicken dinner was served preceding the program and business session.

W. O. Thomas was a medical patient in Tahoka Hospital Tuesday and Wednesday.

Weaver Seeking Precinct 1 Job

T. L. Weaver, well known farmer living six miles east of Wilson, announces he is a candidate for Commissioner, Precinct 1, Lynn county.

Mr. Weaver has lived in the precinct all his adult life and feels that he knows something of the problems and needs of the precinct and of the county.

If elected, he will attempt to serve the entire area in a fair and impartial business-like manner. He has met with some success in the operation of his own affairs, and would expect to use the same sound business judgment in county affairs.

Born in Eastland county, T. L. moved to Slaton with his parents in 1919, but since 1922 he has lived in northeastern Lynn county, attending school at Slaton and Southland. He now owns a half section farm east of Wilson, on which he lives, and also engages in irrigation well drilling.

His wife is the former Miss Sady V. Hill of Levelland. The couple have three children, who attend the Wilson schools.

T. L. is well known all over the South Plains, having appeared at many community programs as an amateur magician or with his string band, or both.

This is the first time he has asked for any public office, and he asks that the voters of the precinct give his candidacy careful consideration.

ELMER BLANKENSHIP

Soil Conservation Service technicians assigned to the District determined feasibility of terraces on the E. L. Short farm near T-Bar. The topography on this farm is very flat, and normal terraces will impound water quite a distance. These lighter soils need to hold water longer because of the slower infiltration rate, which is about one-half inch an hour. Unless rainfall is slow or held on the soil long enough to enter by infiltration, much of it is often times lost by runoff.

Terrace lines were also run on the E. E. Calloway place south-east of Draw. Some washes are beginning to form on this place, and terracing will prevent them from becoming deeper. Deep washes require more top soil from near-by areas to fill as well as additional labor and expense. The new lines run are to be a part of a complete terrace system on a section of land.

Underground concrete pipe was checked for installation to specifications by SCS engineers and certified for payment through the local ASC office on the farms of George Williams, on the Green Estate, on the May Estate, Will

Harris, Richard Wyatt, and Frank Timmons.

Contour guide lines were run on the farms of O. E. Terry and L. R. Blair. A well location and row directions were determined for Lonnie Howell, east of Tahoka.

It looks high priced

...but it's the '56 Chevrolet!

THE NEW BEL AIR SPORT COUPE—one of 19 high-priced-looking Chevrolet models.

Who wouldn't mistake this handsome new Chevrolet for a high-priced car!

It looks strictly "upper bracket" with its bold new Motoramic styling . . . its longer, lower hood . . . its proud new grille that spans the full front end.

Even the details would do credit to an expensive car . . . like the sleek, high-fashion taillights (the left one hides the gas cap!).

But, even beyond the costly appearance of its Fisher Body, Chevy gives the high-priced cars a run for their money. For it's

one of the few great road cars built today!

It brings you the added security of nailed-down stability on turns and lightning acceleration for safer passing. Horsepower now ranges all the way up to 205! All engines now have hydraulic-hushed valve lifters.

Of course, Chevrolet has safety door latches in all models. In addition, you can have seat belts, with or without shoulder harness, and instrument panel padding at extra cost.

There's a new Chevrolet just made for you. So come in and highway-test it.

Mrs. S. N. McDaniel, 88, one of the first citizens of Tahoka, made her annual trip to The News office Wednesday to pay her subscription for herself and her children, to whom she sends the paper as a Christmas gift.

Odds and Ends

(By E. I. The Elder)

It has been a long time, folks, since I have talked politics in this Column; but I feel moved to express my opinions regarding political issues this week, involving judicial matters. In my younger days and well up into middle life, I practiced law. For eleven years of that time I served as a prosecuting attorney. I will confess that I did not know much law when I started out as a prosecutor, but by study and experience, during a period of about 23 years, I did learn a little law. When I went into the newspaper business here in Tahoka more than thirty years ago, I had to give up my practice of law, and since then I have grown very rusty on some things that I knew pretty well then. I have tried to retain however a fair degree of knowledge of fundamental principles. So, while I do not claim to be or ever to have been a "Constitutional Lawyer," yet I do feel that I am in nowise presumptuous in expressing doubt as to the Constitutional soundness of some of the recent decisions of the United States Supreme Court respecting

certain racial issues. Furthermore, I am thankful that in this country we have the right and the freedom to express our opinions on political, governmental, and other matters even though our opinions may not agree with those of the great supreme court. Its decisions, however, as long as they stand unrepealed and unchanged constitute the law of the land, and it is our duty to obey them.

I want to say that on the whole, I have great confidence in the ability and integrity of our courts from our various county courts on up to the supreme courts of the United States. I have practiced law before several different district judges in this state, and I have never known a single one of them that I believed to be corrupt. I believe, though, that there are a few corrupt judges. Also there are some who, consciously or unconsciously, permit political considerations to influence their actions on the bench,—some whose political convictions respecting certain issues are so strong as to cause them to lean this way or that in rendering decisions not justified by the law and the facts. But as a rule, judges are criticized more severely by laymen who know little law than by able and honest lawyers who practice in their courts.

I may offer some criticisms of the decisions of the supreme court of the United States before I finish this Column but it is not my intention to question the integrity of any member of that great court.

Growing out of some of the decisions made during the last few years by the Supreme Court involving the race problem, many newspaper and radio commentators and other writers seem to think that The Fifteenth Amendment to the Constitution of the United States has been involved in all these decisions and has been the basis and authority on which the Court has rendered its decisions. They write and speak as if the Supreme Court's action in out-lawing segregation of the races by states and Southern municipalities with respect to the public schools, colleges, and universities throughout the nation and particularly in the South rests on the authority granted by the Fifteenth Amendment.

I have not had access to the text of these decisions and have read only newspaper and magazine reports of them, but I can not believe that the Supreme Court has based its opinions on this Fifteenth Amendment alone. Now, my reason for so stating is the text of the Fifteenth Amendment itself. Here it is:

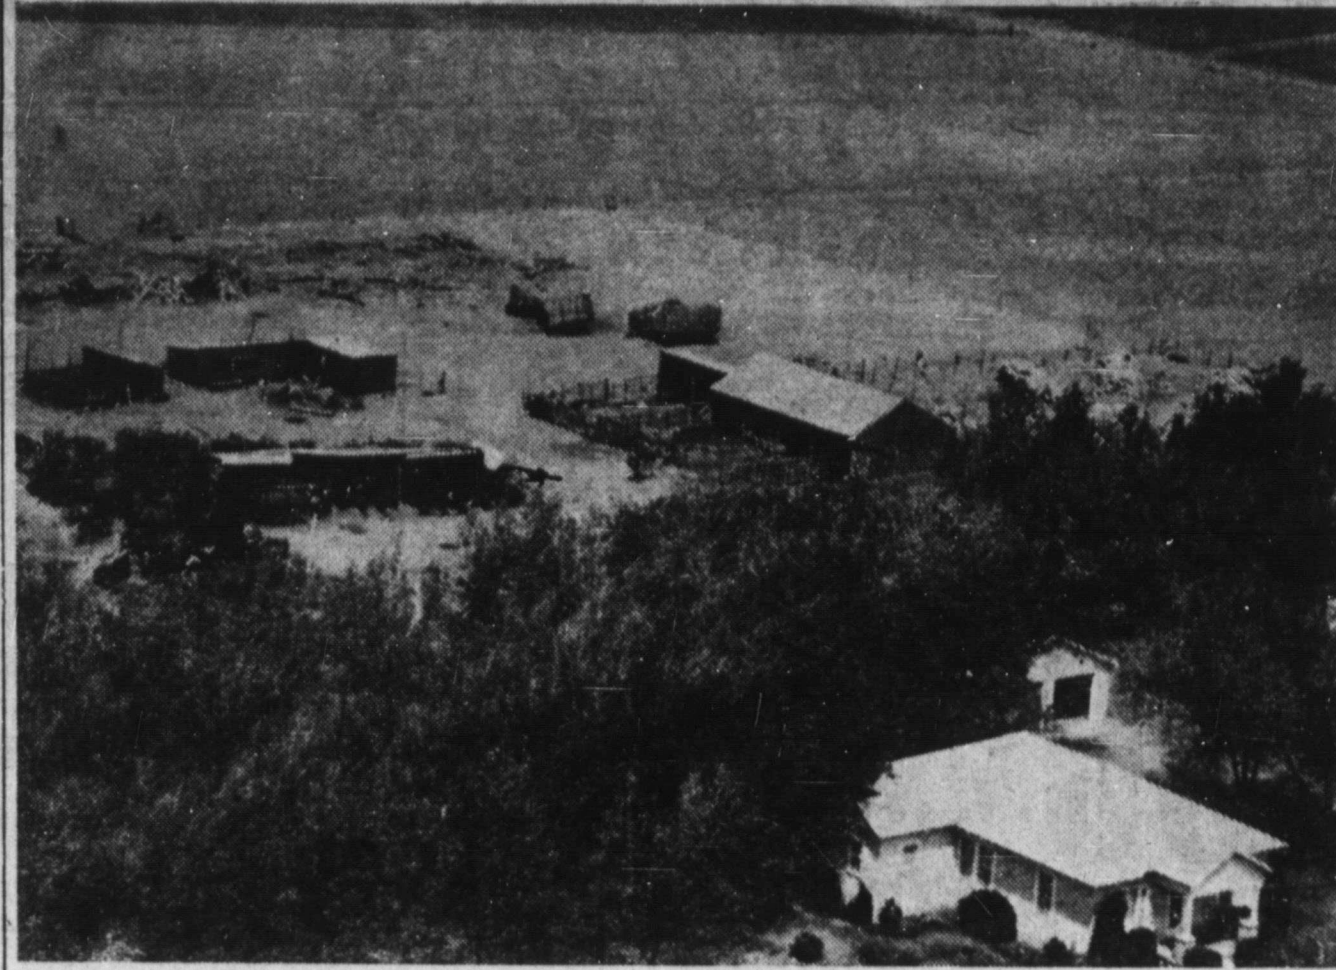

Article XV
("Proposed February 27, 1869, Adopted March 30, 1870)

"Section 1. The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of race color or previous condition of servitude.

"Section 2. The Congress shall have power to enforce this article by appropriate legislation."

That is the Fifteenth Amendment, and in no respect does it pertain to public schools or to public education in colleges and

H. D. Gartman Has Fine Farm East of Tahoka

H. D. Gartman, who lives 10 miles east and one mile north of Tahoka, was the first to identify his own farm. E. B. Bush was second, followed by Mrs. W. G. McCleskey and H. B. Gandy.

Mr. Gartman is one of the few farmers in this area who still raises most of his living at home and who is making a fairly comfortable living on a small farm.

When he bought the 165-acre farm 12 years ago, he secured the highest per acre loan ever made in Lynn county up to that time by the Federal Land Bank. His neighbors told him he still owed more on the land than they paid for their farms, and predicted that he would never pay for the land. He fooled them by paying for it in two years.

Since then he has bought the 50-acre Payne farm at Edith.

Mr. Gartman has a "big" two-inch irrigation well, but this last year he watered nine acres of cotton and an acre of watermelons, corn, and garden. He keeps five milk cows and also hogs and chickens.

He says they give the Lord all praises for what he and his family have accomplished.

Mr. and Mrs. Gartman were reared in Fisher county and were married there. She is the former Miss Dessie Watley. They have three daughters, Mrs. R. C. (Ruby) Ray, who has three sons and who lives near them; Mrs. Audie (Ellen) Wiley, whose husband is pastor of a Baptist Church 12 miles northeast of Floydada; and

Pat, age 13, of the home, who attends High School in Post.

TAXPAYERS

Taxpayers making quarterly installments on individual estimated income tax should mark January 16 in their date book.

This, according to Mr. John R. Robinson of the Lubbock office of the Revenue Service is the deadline for paying the final installment on 1955 estimated tax. January 16 is also the last day to amend a prior declaration of estimated tax return to avoid possible penalties for underestimation.

Tip to motorists: Watch out for school kids—they weren't brought up to be run down.

Odds & Ends

universities nor to segregation of the races. In fact, Segregation of the races is not mentioned either directly or indirectly in the fifteenth Amendment. This Amendment pertains solely to the right of suffrage. It was proposed and adopted for the purpose of giving Negroes the right to vote if they are otherwise qualified.

But, what about the 13th and the 14th Amendments which were proposed and adopted at virtually the same time as the 15th Amendment? Well, let us see. Here is the text of the 13th Amendment:

"Article XIII (Proposed February 1, 1865; Adopted December 18, 1865.) Section 1. Neither slavery nor involuntary servitude, except as a punishment for crime whereof the party shall have been duly convicted, shall exist within the United States, or any place subject to their jurisdiction.

"Section 2. Congress shall have power to enforce this article by appropriate legislation.

That is the 13th Amendment. It simply abolishes slavery. It does not pertain to education in any respect. It has nothing to do with the matter of segregation of the races. It simply makes it illegal for any person in the United States to hold any other person as a slave. Personally I think that President Lincoln did a wise and righteous thing when he decreed slavery to be illegal and promoted the adoption of this Amendment.

Well, let us examine the Fourteenth Amendment. It is too lengthy to quote in whole. In this Amendment pertains to the matter and manner of election Representatives in Congress, judicial officers, and Presidential electors any way and in no way affects the rights of former slaves or other colored people. We quote only that part of this Fourteenth Amendment which could possibly change the rights of any

colored person by any conceivable rule of interpretation. Here it is:

Article XIV. (Proposed June 16, 1866; Adopted July 21, 1868)

"Section 1. All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the State where they reside. No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States nor shall any state deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws."

It seems to me that it would require a tremendous stretch of the imagination for any judge or any other person to find anything in either one of these three Amendments to the Constitution which would make it unlawful for the State of Texas to build one university for the whites and another for the colored people, and require the white and the colored students to attend separate institutions.

Or that would make it unlawful for the Trustees of the Tahoka Independent School District to build one set of school buildings for white children and another school building sufficiently large and adequately equipped for the teaching of the colored children of the district. In that case, however, I think that the trustees should be careful to provide adequate buildings and equipment to meet the needs of all the colored scholastics in the district, and to employ well qualified colored teachers. Possibly trustees in many districts have not done this and possibly colored parents have a right to be dissatisfied with the service and opportunities given their children in these districts.

But it seems to me that in rendering its decisions that there must be no segregation of the races in our public schools, the supreme court has lost sight of two very pertinent facts, (1) That practically no public school boards in the South will ever agree to employ colored teachers to teach in white or mixed schools; and (2) that the needs, desires, and capabilities of the two races are different, and that a curriculum of studies that would suit one race would not suit the other.

Well, you say that if white trustees refuse to employ colored teachers for white or mixed-race schools, the Association for the Advancement of the Colored People will be right on the necks of U. S. Congressmen to pass laws for the enforcement of their de-

mands, and that Northern and Eastern Congressmen, judging the future by the past, will yield to the A. A. C. P. demands and compel compliance by white trustees.

Now, I am not saying this as a threat—I am speaking only for myself, but when Federal Authorities undertake to enforce any such regulations as that, they will cause more riots, dissension, and race troubles than they have ever yet dreamed of. It does seem to me that the supreme court has pursued a very short-sighted, and unwise course in its recent decisions. And that is putting it as mildly as I know how to put it.

It seems to me that the supreme court is prescribing a rule to follow which I do not believe a one of them would be willing to follow himself. I mean no disrespect toward them, for I believe that they are a group of elegant, scholarly, cultured, capable, and conscientious gentlemen, but I am wondering, if a swarm of colored people should surround the home of any one of these justices with homes for themselves, —I am wondering if such Mr. Justice would permit that to be done without making any protest. Wouldn't he protest if the intruders were members of some other race, such as Chinese, Japs, or "Dagoes," Porto Ricans, Russians, even Mexicans? Yes, or Mississippi River-bottom Negroes, or Chicago Negroes, or Washington Negroes? I don't believe that Mr. Justice Clark or Mr. Justice Black would stand for it without protest.

I am not against the Negroes. I am for them. We have numbers of them here in my little home town of Tahoka. I have many genuine friends among them—some teachers among them. I do not want to see these teachers legislated out of their jobs by Congress; or "decisioned" out of their jobs by the supreme court; or driven out of their jobs by the A. A. C. P. I want them to have just as good a school here, so far as is practicable, as the whites have, or as the present stage of advancement of the colored pupils may require. We are getting along in a fine way the good colored people of Tahoka, and our town and school district can and will give them just as good education opportunities as the "Know-all" in Washington can ever give them and can do it without disturbing the peace and quietude of either the whites or

I may give my readers another chapter on the Constitution of the United States one of these days soon, for as the great William E. Gladstone, former prime Minister of England once said, speaking of

This new Buick SPECIAL 2-Door 6-Passenger Sedan delivers locally for less than some models of the well-known smaller cars. Come in and check!

If you think you can't afford a big-bodied, big-powered, big-muscled Buick like the one shown here—we'd like to set the matter straight.

If you can afford any new car, you can afford this strapping and stunning Buick SPECIAL Sedan—and no kidding.

For this Buick is tagged within a few dollars of the well-known smaller cars—and actually costs less than some models of those very same cars. The price we show here proves it.

So maybe you can understand why Buick—for two years running now—has outsold every other car in the land, except two of those well-known smaller cars.

But low price is just part of the picture.

Big reason for Buick's soaring sales sweep is that folks are finding here a lot more automobile for the money—more style boldness, more power thrill, more ride stability and more solid structure than the same dollars buy elsewhere.

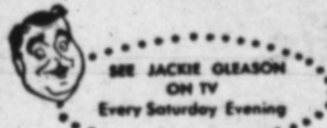

*2-door, 6-passenger Buick SPECIAL Sedan, Model 48, illustrated. Any state and local taxes, additional. Prices may vary slightly in adjoining communities. A wide variety of extra-cost equipment and accessories available at your option.

Just ask yourself: wouldn't you rather go traveling with the lift and life and pace and poise of a stunning new Buick—when it's all yours at just about the price of a smaller car?

If your answer is yes, then the time is now—right now.

Drop in on us this very week—tomorrow would be fine—and we'll seat you at the wheel of the biggest and most beautiful bundle of high-powered Buick ever offered in America's low-price field.
