"I wholly disapprove of what you say but will defend to the death your right to say it." —Voltaire

Volume 52

Tahoka, Lynn County, Texas, Friday, January 13, 1956

Number 14

## Salaries of County Officials Increased

New salary schedules for Lynn county officials and employees were adopted Monday by the Commissioners Court, in keeping with the county budget for 1956 adopted last Sept. 12.

The new schedule amounts to a raise of \$300.00 per year in the salaries of most county officials and \$15.00 per month for most county appointive employees. This is the first salary raise for the local officials since 1951, Judge W. M. Mathis said.

The raise is in compliance with the new Salary Law which went into effect on September 8 last year. Under the new law, minimum salary for Lynn county officials, except the county commissioners, district clerk, and county treasurer, is \$4,800.00 per annum, and the maximum salary is \$6,750.00 per annum.

Under the new schedule, the annual salary follows:

County Commissioners	\$3,050.00
District Clerk	2,220.00
County Judge	\$5,100.00
County Attorney	\$5,100.00
County Clerk	\$5,100.00
Sheriff	\$5,100.00
Tax Ass.-Collector	\$5,100.00
County Treasurer	\$3,900.00

Salaries of precinct officers were set as follows, with Justice Peace of Precinct 1 being the only officer drawing a raise (\$300.00 per annum):

Justice Peace, Prec. 1	\$1,800.00
Justice Peace, Prec. 4	\$1,500.00
Constable, Prec. 1	\$ 120.00
Constable, Prec. 4	\$ 300.00

Monthly salaries of deputies were raised \$15.00, and are now set up as follows:

Head Deputy Sheriff	\$290.00
Second Deputy	\$235.00
Third Deputy	\$235.00
Office Deputy	\$215.00
Deputy Co. Clerk	\$265.00
Second Deputy	\$215.00
Deputy Tax Collector	\$265.00
Second Deputy	\$215.00

Secretary to County Attorney, County Judge, Home Demonstration Agent, and County Agent (one), will draw \$190.00 per month.

## Aged O'Donnell Citizen Dies

George Venson Cobb, 70, retired O'Donnell farmer, died at his home after an extended illness last Thursday at 5:21 a. m.

Funeral services were held at 3 p. m. Friday at the First Baptist Church of O'Donnell, with the pastor, Rev. E. D. Stewart, and the Methodist pastor, Rev. Menefee, officiating. Burial was in O'Donnell Cemetery under direction of Stanley Funeral Home.

Mr. Cobb was born March 1, 1885, at Norcross, Ga. He was married to Miss Florence Wages on Dec. 2, 1906, at Bearden, Ark. The couple moved to Lynn county on Oct. 24, 1923, from Calhoun county, Ark. He was a member of the Baptist Church.

Survivors include his wife; five daughters, Mrs. Marion Rodgers of Bossier City, La.; Mrs. Letha Logers of Lampasas, Mrs. Searie Brunette, Mrs. Viola Brunette, and Mrs. Catherine Line, all of O'Donnell; three sons, Eddie of Colorado City, Vernon of New Baden; two sisters, Mrs. Searie Autry, Roswell, Ga., and Mrs. Ida Smith, Norcross, Ga.; 24 grandchildren, and 10 great grandchildren.

## Dog Poisoner At Work Again

A dog poisoner is again operating in Tahoka, according to Police Chief Roy Hefner, who warns that the poisoning of dogs is a strict violation of the law.

Guy Wheatley reported Tuesday morning a pet dog belonging to his daughters had been fed ground glass in some meat.

## Turkey Meeting Next Tuesday

Possibility of starting a turkey growing project in this area will be discussed at a meeting in the county court room next Tuesday night, Jan. 24, according to Dale Thuren.

A film entitled, "Profitable Turkey Production," will be shown, and complete information will be given by experts in the raising of turkeys.

Those acquainted with the business say there are great possibilities for the raising of turkeys in this area with a minimum of capital and equipment.

Farmers and all others interested are invited. Refreshments will be served.

## U. C. Raines Is Killed In Wreck

U. C. Raines, 58, a well known Lynn county farmer living ten miles south and two east of Tahoka in the Midway community, was killed in a car accident four miles west of Welch on the Welch-Seagraves highway about 8 p. m. Friday.

Funeral services were conducted Saturday at 2 p. m. at the O'Donnell First Baptist Church by the pastor, Rev. E. D. Stewart Jr. Burial followed in O'Donnell Cemetery under direction of Stanley Funeral Home of Tahoka.

His death was the first on the South Plains this year from a traffic accident. Highway deaths in 1955 totaled 116.

Raines was traveling west on State Highway 328 when his right wheel ran off the paving at a curve, according to Highway patrolmen. The car careened across the road to the left and overturned at least once. Raines was thrown from the car, and received head injuries and a broken neck. He was pronounced dead on arrival at a Lamesa hospital.

Mrs. Raines and other members of the family had been following Mr. Raines in a pickup truck on a return trip from New Mexico. She believed her husband, fearing they might be having motor trouble with the pickup, had turned around and was back-tracking over the highway to meet her. Highway patrolmen expressed the belief he may have fallen asleep while driving the car.

Uriah Carroll Raines was born in Wise county Sept. 19, 1897. He was married at Post to Gertrude Eaker on Dec. 18, 1922. They moved to Lynn county in 1928, and lived in the southeastern part of the county ever since. He was a member of the Baptist Church.

Survivors include his wife, of Rt. 3 Tahoka; two daughters, Mrs. Bill M. Clayton, Rt. 3, Tahoka, and Mrs. Paul M. Sherrill, Rt. 1, Tahoka; three sons, William C. who is in the U. S. Army stationed at Ft. Knox, Ky., Carl W. of Tokio and Bobby L. in the Army at Ft. George Meade, Md.; one brother, Carl of Post; three half-brothers, Claude of Lubbock, Woodrow of Ft. Knox and Elmer of California; three half-sisters, Mrs. George Nepp of Lubbock, Mrs. Buford Medlin of Lubbock and Mrs. T. W. Davis of Pharr; his step mother, Mrs. W. M. Raines of Lubbock; and four grandchildren.

## NEW YEAR'S BABY

First baby of the New Year born in Tahoka was a girl, weighing 6 pounds 8 ounces born to Mr. and Mrs. Fermin Arriaga on January 1 at Rumbo Clinic. Name Andrea Manuela. The Arriagas live two miles east of Tahoka.

Have news? Call The News.

## Telephone Strike Comes To End

Union telephone operators on strike against the General Telephone Company in Tahoka and other company plants over a five-state area went back to work last Friday night at 10 o'clock.

They had been off the job six days, during which time pickets marched in front of the local exchange and most of the other company-owned plants. Eighteen employees were off the job in Tahoka.

The strike ended with the signing of a new contract that day between General and the Communication Workers of America.

The new contract, which will be in force 15 months, includes the following major changes over the old contract:

1. Wage increases totaling \$175,000 annually which, when added to the wage adjustment granted in November, 1955, result in an hourly increase per employee equivalent to the wage increase received throughout the telephone industry.

2. Different plant areas for wage schedules were established. The number of traffic and commercial areas for wage schedule purposes were reduced.

3. Increases in the board and lodging allowances for unlocated construction personnel of \$1 per week.

4. Increases from 75 per cent to 100 per cent in on-the-job injury benefits.

A company spokesman said the (Cont'd. on Back Page)

## Production Credit In New Office

Tahoka office of the Production Credit Association last week end moved into its new, modern office building on Main street.

The new \$22,250 building, erected of brick and tile with a stone front, is located on a 59 by 125 foot lot on the east side of the 2200 block on Main. The modernistic building contains 1193 feet of floor space and has a lobby and waiting room, office for the local field representative, Durwood Howard, an office for Mrs. Clovis McElroy, secretary, large vault, store room, two rest rooms, and has complete automatic heating and refrigerated air systems.

A paved parking lot is enclosed with cyclone fencing.

Dewitt & Maeker were the architects, and Cecil Pharr the contractor. A similar building was erected at Brownfield under the same contract.

The Association serves Cochran, Crosby, Gaines, Garza, Hockley, Lynn, Terry, Lubbock and Yoakum counties. Fred McGinty is the local director, and the president is E. R. Davis of Lubbock. It has more than a million dollars in loans outstanding and has total assets of more than two million.

Mrs. Pete Hegi's car caught fire Tuesday morning when she attempted to start it to go to school. The Fire Department was called and the blaze extinguished quickly. Only minor damages were done to the vehicle.

## AA Conference Basketball Season Opening Tonight

Tahoka boys' and girls' basketball teams open their 1956 5-AA conference season tonight with the Antelopes at Post.

Next Tuesday night, they play Floydada here, and on Friday night of next week will meet Spur here.

Winner of the last five games in row, Coach Jake Jacobs now has his Bulldogs at full strength for opening of the conference season. They have defeated, in succession, O'Donnell, Denver City, Panhandle, Claude, and Stinnett. (See story elsewhere on Claude tournament, won by Tahoka.) The Bulldogs have now won nine and lost six games.

Gordon Smith injured in football, is now coming around in fine shape to add strength to the team, and all the boys are hitting better than before Christmas.

mas. Castleberry, Williams, Bell, Brown, Fridmore, and others are improving with each game.

"Junior" Fitts is continuing his hot scoring pace, and has now scored a total of 395 points in 15 games, an average of 26.3 points per game.

Post Antelopes will field a veteran crew, and are due to give the Bulldogs a real battle. Tommy Murray has been the "hot rock" in most of the Antelope games, can hit from the outside and can drive in for close shots.

Floydada and Spur also have experienced teams which have won a majority of their games.

\* Coach Bill Haralson's girls' team has not been faring so well, but they have the desire to play and may be depended upon to put forth a game fight. He has only one returning letterman; and most of the girls are small.

## "March of Dimes" For Polio Quota Is Set \$4,500 In Lynn

### Redwine Asks Sheriff's Post

Norvell (Booger) Redwine announces that he is a candidate for re-election as Sheriff of Lynn county.

In making his announcement, Redwine stated:

"I greatly appreciate the past favors of the people of our county and also the fine cooperation you have given the Sheriff's office. I will sincerely appreciate your vote and influence in the coming election, and if you see fit to return me to this office I shall continue to 'make you a hand,' giving my best effort to the work of keeping this a law-abiding county."

"Booger" was born and reared in Lynn county, and has been a peace officer most of his adult life. He served about 18 months as deputy sheriff of this county, four years on the Texas Highway Patrol, and eight years as a Texas Ranger. During these years he has made a close study of criminal detection.

### Farm Bureau In New Location

Lynn County Farm Bureau has moved its office from the McElroy building to the building between The News Office and Wynne Collier Drug, on Sweet street.

Mrs. Troy Havens, office secretary, says the building is more suitable for the office and will possibly be more convenient to those having business with the Farm Bureau.

Lois Smelser, county Farm Bureau President, returned Wednesday night from a three-day meeting in Waco of 97 county presidents, in which meeting they studied reports from the State meeting and formulated recommendations on operations for the next year.

### Congratulations:

Mr. and Mrs. Roy Elliott of Hobbs, New Mexico, on the birth of a son weighing seven pounds in a Brownfield hospital on January 1. Named Micheal Lee, he was the first baby of the New Year born at Brownfield. Mrs. Iva Elliott and "Slim" Elliott of Tahoka are the baby's grandparents.

Advertisements in The News.

### Benefit Party Is Next Thursday

Forty-two, canasta, and bridge will be played at a party for the benefit of the "March of Dimes" polio fund being held Thursday night, January 19, 7:30 o'clock in the American Legion hall.

Mrs. Rollin McCord, who is in charge of the party, urges everyone who enjoys any of these games to come out for an evening of fun and at the same time to aid a worthy cause.

Admission charge is \$1.00 per person.

### Mrs. Brookshire Dies Suddenly

Mrs. W. G. Brookshire, 59, died at 2:10 a. m. Tuesday after a brief illness at her home 11 miles east and a quarter mile south of Tahoka, in the Grassland community.

She was stricken shortly before midnight.

Dr. Noble Rumbo was called and said she responded to treatment and seemed to be resting nicely. However, she decided to go to a hospital, and a Stanley ambulance was called. Although she was taking oxygen in the ambulance, she had another attack after leaving the home and died in the ambulance.

Time for the funeral was still indefinite Thursday noon, pending further word from her youngest son, Benny, en route home from Germany, where he is serving in the Army.

Funeral services will be held in ka, with Rev. S. M. Bean, Methodist pastor at Grassland, and Rev. Jesse Young of Big Spring, a former pastor, officiating. Interment will be in Grassland Cemetery under direction of Stanley Funeral Home.

Born Willie Richardson on December 13, 1896, in Shelby county, she was married there to William George Brookshire on January 12, 1912. The couple moved to Lynn county in 1923, and had lived in the Grassland community ever since. She was a member of the Methodist Church in which she was an active worker.

She raised eight boys to manhood, and was a devoted mother and wife deeply loved by the nine men in her household, as well as by a host of friends.

Survivors include her husband; eight sons, Preston of the home, Price and Melvin of Plains, James Dan, and Charles of Tahoka, Van of Texas Tech, and Benny, in service with the Army in Germany; two brothers, L. H. Wheeler of Tahoka and Martin Wheeler or Olton; two sisters, Mrs. Lena Wheeler of Houston and Mrs. Pearl Hooks of Shreveport, La.

### Meeting Is Called On Little League

Parents and all persons interested in organizing Little League baseball in Tahoka are urged to attend a meeting at the American Legion Hall Monday Night, January 16, beginning at 7:30. This information was released by the Youth Committee of the Tahoka Rotary Club, the organization sponsoring the program.

A temporary chairman, and committees will be set-up at this meeting to contact prospective sponsors, to secure a field for play this summer, and to make other arrangements necessary, before a league can be definitely organized.

Mrs. A. Burgess of New Home fell and broke her left arm Wednesday. She has been a patient in Tahoka Hospital.

"March of Dimes" drive for the National Polio Foundation started here this week, and an effort will be made to exceed the amount of \$4,337.57 raised in last year's drive, according to H. B. McCord, Jr., county drive chairman.

Lynn county has spent \$3,400.00 the past year on local polio patient care, with the National Foundation contributing \$3,725.00 in addition to the amount raised locally, McCord said.

If it had not been for this fund, some of our local people would have gone without proper treatment, McCord said.

Bob Gibbs, president of the Tahoka Jaycees, is the Tahoka chairman; A. L. Holder is Wilson chairman; John Ellis, O'Donnell; and Joe Unfred, New Home.

Tahoka Boy Scouts were putting out collection containers in local stores this week.

The Pythian Sisters will again conduct their annual March of Mothers to call on residences of the town one evening to be announced next week.

Tahoka Garden Club will sell "blue crutches," and another group of women will hold benefit "coffee" for the March of Dimes fund.

At O'Donnell, John Ellis announces that Joe Burkett will again stage a talent show to help raise that community's part.

Next Thursday night at 7:30, a bridge, canasta, and "42" party is being held at the Legion Hall to which people from all over the county are invited. Mrs. Lillian McCord is in charge of the party. Admission will be \$1.00 per person.

Every person is urged to contribute liberally to the polio fund campaign this year, as most of all of the money will be spent on Lynn county polio patients.

## Ollie Green Dies Of Heart Attack

Ollie D. Green, 29, a resident of Tahoka most of his life, died suddenly of a heart attack at the home of a friend in Slaton Monday night.

Funeral services were held at the First Baptist Church of Tahoka at 4 p. m. Wednesday with Rev. Clifford Harris, the pastor, officiating. Burial followed in Tahoka Cemetery under direction of Stanley Funeral Home.

Ollie was born May 13, 1926, the son of Mr. and Mrs. Oliver Green, at Greenfield, N. M., but that same year moved to Tahoka with his parents. He grew up here and lived here much of his life. In recent years he had worked as a welder, and this fall worked for a gin here. He was a member of the Nazarene Church.

Monday night he was visiting a friend in Slaton, where he was working. He had eaten a big supper, following which he was seized with sudden illness and died before a physician could arrive. An autopsy was performed at Slaton Tuesday afternoon, and the body was moved to Stanley Funeral Home here. The pathologist reported Green had definitely died of a heart attack.

Survivors include his wife, of O'Donnell; two sons, Michael D. of Tahoka and Ollie Reagan of O'Donnell; one daughter, Blinda Gail of O'Donnell; his parents, Mr. and Mrs. Oliver W. Green of Tahoka; three sisters, Mrs. Elva Todd of Castro Valley, Calif., Mrs. Bertha Zackary of Brownfield, and Mrs. Mabel Reed of Hobbs, N. M.

## OPENS MATTRESS SHOP

Pat McKibben has opened a mattress shop on Lockwood street, the Post highway, just east of the C. C. Donaldson office. He repairs mattresses and springs, as well as manufacturing new ones.

## Lynn County "Mystery Farm" Number 77:

This is some Lynn county farm home? First town and first rural reader to call The News and correctly identify it will each receive six month's credit on their paper. Also, a free enlargement of the picture will be presented the farm owner on calling at The News.

### Lynn County Soil Conservation District News

K. K. MOORE      ELLIS BARNES  
O. E. TERRY      W. E. DUBREE  
ELMER BLANKENSHIP

The Board of Supervisors met Friday A. M. January 6, to prepare their Annual report and lay plans for 1956. The report included twenty-two soil and water conservation farm plans and a summary of benefits to different farmers who carried out conservation activities.

Bill Griffin, County Agent, submitted a summary of the years work of contributions to the District Program and plan. Also included were contributions of businessmen and Civic organizations, and Press.

For the coming year the board plans tours to observe conservation on the ground, select outstanding farmer of the Fort Worth Press Award and submit material to local schools for essays on "Save The Soil And Save Texas."

A special tour for ministers in the Lynn District is planned to observe soil and water conservation practices in the fields. Special efforts and studies are to be made on Wind Erosion Control.

At the afternoon regular meeting the board discussed attending the State Convention in Lubbock and all members present plan to attend. A letter to the Dawson District will be mailed in the near future regarding a place to erect the Soil Conservation District sign which will read on one side, "Entering Lynn County Soil Conservation District" and Dawson on the reverse side. The board will ask Mr. Ebersole, Area Agronomist of the Soil Conservation Service to show color slide pictures some night during the third week of February. These

### NEW TAX GUIDE FOR FARMERS

The Internal Revenue Service says that farmers of the Nation can get a lot of help from this brand new tax guide, intended to ease their work in preparing their 1955 returns, first to include computations on self-employment taxes. Other problems also are treated in copy and pictorial detail. Copies may be obtained from district internal revenue offices or from county farm agents.

More than \$300,000,000 is spent annually by the printing industry in plant and equipment improvements and additions. Among the 20 top industries in the nation, the printing industry ranks third in the number of establishments with 45,000 plants. The per capita consumption of printed matter in the United States is more than 300 pounds annually.

### ATTEND THE LECTURES

We, of the Church of Christ at New Home, urge you to attend our annual Lectureship, beginning January 16 at 7:00 p. m. and lasting throughout the week.

## Invest in Dependability... get a Bonus in Go!

You can buy it on its name alone—this big, high-powered '56 Pontiac—and be safe in the knowledge that you couldn't have made a better investment in years of dependable, carefree motoring.

The good things you've been hearing about Pontiac for years assure you that.

But "go" is the word for '56! Performance so new and dramatic it must be experienced to be believed!

A short spell behind the wheel will nail that statement down as a fact. Come along for a drive and see.

Waiting for the light to change, you can't hear the engine. But touch your toe to the accelerator and in a split second there's a torrent of power, sparked by the most advanced engine of them all—the blazing 227-h.p. Strato-Streak V-8.

Team this terrific power plant with Pontiac's all-new Strato-Flight Hydra-Matic\* and you've got the smoothest take-off that ever brightened a highway.

And remember—this easy handling dream is actually among the biggest, huskiest cars built!

Now for the final test—head for the open road and some landmarks you can challenge. Wipe out a hill. Straighten a curve. Smooth out a stretch of rough road that's bothered you for years.

Now see why they're calling this the greatest "go" on wheels?

More than that—it's the greatest buy on wheels! And that too, is easy to prove.

Then take a look at the price tag—a check on our deal.

Nothing will stop this powerful beauty from being yours!

\*An extra-cost option.

You can actually have a big, glamorous Pontiac 860 for less than you would pay for 44 models of the low-priced three!

## Gordon News

MRS. EARL MORRIS

Here from Amarillo Sunday were Mr. and Mrs. Ivan Zieker and Ann visiting her mother and brother Mrs. L. L. Corbell and Bunyon.

After spending a few days in the Slaton Hospital, Brenda, little daughter of Mr. and Mrs. Herman Dabbs was brought home Sunday morning.

The Melton Basinger family has moved to a farm near Plains. Last Monday, Mr. and Mrs. Arch Thurmon came down from Amarillo and were guests of her mother, Mrs. N. E. Jones.

Sunday guests of the G. N. Smallwoods were Mr. and Mrs. C. A. Putman of Lubbock.

Mr. and Mrs. Joe Lester and children of Slaton were Sunday guests of his parents, the Wm. Lesters.

Mr. and Mrs. Clay Oats have moved to a farm north of Slaton.

Rev. and Mrs. Glen Jackson and daughter of Southland, former pastor of Southland Baptist Church, were dinner guests of the

Ed Dentons Sunday. Rev. Jackson has accepted the Church at Fluvanna.

After visiting friends and relatives here the past week, Mr. and Mrs. Wade Haire and daughters have returned to their home in South Dakota.

Mr. and Mrs. Ralph Mabrey and children of Ralls visited his uncle's family the Wm. Lesters last Sunday.

Mr. and Mrs. Billy White of Lubbock are announcing the arrival of a son born Dec. 30. The baby is a great grandson of two families, Mr. and Mrs. H. C. White and Mr. and Mrs. W. P. Lester, Sr., all now deceased, who moved to this part of Lynn county in 1915. Mrs. Iva Lester white of Lubbock is the paternal grandmother.

Mr. and Mrs. Hugo Maeker of Wilson visited the Martin Edmunds family last Sunday afternoon.

Mr. and Mrs. Gus Gatzki visited Mr. and Mrs. Albert Lane in Lubbock last Sunday.

Dean, son of Mr. and Mrs. Roy Williams has returned to school in San Diego after a visit here

## ONE 5-MILE DRIVE WILL PROVE IT

# Your driving is easier—you feel safer—in THE BIG M

The stunning Mercury Montclair 2-door hardtop with distinctive low profile and Flo-Tone color styling.

Easier riding and handling on sharp turns—new comfort on bumpy roads—widest choice of safety features in its field help explain why THE BIG M is the big buy for 1956.

Riding is so much better than reading. That's why we invite you to take a demonstration drive in our BIG M.

Then you'll feel THE BIG M's reflex action firsthand—how ball-joint front suspension adjusts itself instantly to rough roads, ruts, and curves.

And you'll experience the reflex-action response of THE BIG M's new SAFETY-SURGE V-8 engine—how it takes the tension out

of passing, makes hill-climbing as effortless as breathing.

You'll discover the new peace of mind provided by THE BIG M's new Safety-First Design. For this year Mercury offers 10 new safety features, including the only impact-absorbing steering wheel in its field.

So see us for a test ride. Compare our prices and you'll find that THE BIG M is as easy to own as it is to drive.

### BIG 4 OF THE BIG M

#### 1 NEW REFLEX-ACTION PERFORMANCE.

THE BIG M responds to your every command—go, stop, climb, pass—quick as an athlete's reflex. On all roads and curves, Mercury adjusts instantly, automatically, for your ease and comfort.

#### 2 BIG M BEAUTY.

New long, low profile. Distinctive Flo-Tone color styling. Clean-lined beauty for young-minded people.

#### 3 NEW SAFETY-FIRST DESIGN.

Widest choice of safety features; impact-absorbing steering wheel, safety door locks at no extra cost; padded instrument panel, safety belts, optional.

#### 4 PROVABLE VALUE.

Low price when you buy—low cost while you drive. For 4 years best resale value in its field. Many dividend features for greater performance and convenience.

## For 1956—the big move is to THE BIG MERCURY

# LYNN COUNTY TRACTOR CO. - 1313 Lockwood

Be sure to see the big television hit, "THE ED SULLIVAN SHOW," Sunday evening, 7:00 to 8:00, Station KDUB-TV, Channel 13.

## Shows Film On Little League

A film on Little League baseball was shown at Tahoka Rotary Club Thursday noon of last week by Clint Walker, who also gave a lot of information on the organization set-up.

The club voted last spring to sponsor organization of a Little League of four teams here next summer for boys 8 to 12 years of age, and the City of Tahoka is already developing a playing field in the City Park.

Little League is a national organization to promote the summer game for boys of this age group. A Little League is set up just like the major leagues. Players are bought and sold with the 38,000 points allowed each team manager, which prevents any one team having all the good players of a community. The Little League

here would be open to boys from all over Lynn county. There will be a minimum of four and a maximum of six teams, 15 boys to each squad.

Approximately \$1,000 is needed to set up a League of four teams, or \$250.00 per team, which money is used to buy uniforms, balls, bats, catchers' equipment, etc. After the League is set up, he cost for succeeding years would be small. No admission would be charged to games, but the hat would be passed and in many towns this collection takes care of expenses after the first year.

Everywhere the league is in operation, and it has grown tremendously in the last few years, much enthusiasm is manifest in the play of the youngsters during the summer, Walker said.

Quite a bit of interest has been expressed by boys of the area in the League, and about all needed now to assure such an organization for Tahoka is sponsors of teams.

### CARD OF THANKS

My sincere thanks go to all those who sent flowers and cards or visited me while I was in the hospital, and also the good friends who cleaned the house, brought food, or helped in any way. May the good Lord bless each of you. —Mrs. M. C. Richey.

## Cowboy Ellis Hurt In Ring

(By Gene Porter)

Monday night, wrestling spectators crowded the local ring during the main event. Everything in the house was standing the Great Toto was thoroughly working over "Cowboy" Bob Ellis. But when the hated "Whiskers" Powell also decided to do a little damage to "Cowboy," the fans didn't like the action. Powell had no concern in the match at all, but he jumped into the ring and threw "Cowboy" out, then proceeded to run him into the corner post. The iron pipe did not give, but "Cowboy's" head did.

Irish Red Kelly came to Cowboy's rescue and helped him back into the ring. Blood was running free as Cowboy fell through the ropes back into the ring and won the match by a decision of the referee. Our local police were excellent in holding the crowd back and curbing the murderous tactics of Baron Powell.

This coming Monday night, Baron Powell wants a chance at Cowboy Bob Ellis alone in the ring. He put forth a challenge and the challenge was accepted by Cowboy. So Monday night, Jan. 16, the fans of Cowboy Ellis will again be holding their breath over the rough and damaging treatment that Baron Powell can dish out. But this time Cowboy will be rested and back in good shape and will be more than ready to meet "Whiskers" to see if he can get revenge for the busted head Powell gave him.

Irish Red Kelly stated that he want a chance to get the other member of that rough-house. So, Kelly will take on Satan's Man Friday, the Great Toto. Kelly definitely has what it takes to even get in the ring with Toto after seeing him in action. The very looks of the man is enough to strike fear in any man. His very appearance is enough to remind you of the man with the horns and the fork.

Another all-star event will be in your local arena Monday night. This coming Monday night has every ear mark of being the best night of wrestling yet to appear in the city of Tahoka.

### Photo Fan Club

Several persons have been clicking cameras during the wrestling matches, which is encouraged by the local promoter.

If such photographers will bring in their pictures, a contest will be held to choose the best picture of the month. A cash prize and two consolation prizes will be given. Bring your camera to the next match and get in the contest.

### Primo Canera Visits In Tahoka

Primo Canero, the great ex-heavyweight champion of boxing was a visitor for a short time Monday night in the local wrestling arena. He was passing through and stopped in to see one of locals Mrs. Clara Gene Porter.

"I met Primo in Boston in 1952 when I was wrestling up in that part of the country," Clara Gene tells us. "He is the biggest man I have even seen to be real."

Primo Canero, like many other ex-boxers, has turned to the wrestling profession. He has done a lot of traveling since he became a man of the mat and has made many trips into foreign countries.

### DIXIE CLUB MEETS WITH MRS. AYCOX

The first meeting of the New Year of the Dixie Home Demonstration Club, held on January 4, was at the home of Mrs. A. C. Aycox. The meeting was called to order by the president, Mrs. E. R. Tunnell.

Roll call was on "Most Useful Present I Got for Christmas."

Miss Wanda Roach, county home demonstration agent, prepared a delightful breakfast, and presented an interesting talk, "That Breakfast Should be Eaten."

Refreshments were served to 10 club members and Miss Roach.

The club adjourned to meet again January 18 in the home of Mrs. B. C. Aycox.

Frank Stuart, 91, a resident of Tahoka for more than thirty years, is back at home after spending several days as a medical patient in Tahoka Hospital.

B. M. Lester, 84, father of Mrs. W. P. Dillard, entered Tahoka Hospital Monday as a medical patient. His condition was reported as serious.

STATED MEETINGS of Tahoka Lodge No 1041 the first Tuesday night in each month at 7:30. Members are urged to attend. Visitor welcome—Harvey Freeman, W. M. Harry Roddy, Sec'y.

## Mrs. Nat Williams Will Speak Here

Mrs. Nat Williams of Lubbock, district governor of the Federation of Garden Clubs, will speak on "Landscaping on the South Plains" before Tahoka Garden Club at its meeting Tuesday, Jan. 17, at 3:30 p. m. in the home of Mrs. Emil Prohl.

Mrs. Williams, wife of the superintendent of schools of Lubbock, lived in Tahoka two years back in the late 1920's, when her husband was high school principal here.

## Tailoring Class Will Open Here

Everyone interested is invited to meet at the Tahoka Home making Cottage Monday at 3 p. m. to make plans for an adult tailoring class, according to Mrs. Madeline Hegli, homemaking teacher.

There will be no charge for the course, which will probably meet twice a week for two weeks, and the course is open to everyone.

Alton Greer and family returned last week from a very enjoyable Christmas and New Year's vacation trip down into Old Mexico. They went to Mexico City, where they enjoyed many interesting sights, as well as the scenery on the route.

Mrs. C. C. Dwight, a medical patient at Tahoka Hospital several days, was able to go home Sunday.

## JOHN SLOVERS HAVE ALL CHILDREN HOME

Mr. and Mrs. John Slover had all their children and families home visiting over New Year's holiday.

Those present were: Mr. and Mrs. Claud Slover and children

of Fort Worth, Mr. and Mrs. J. E. (Jean) McClelland and children of Edinburg, Rev. and Mrs. Dwight (Joan) Townsen and children of Portland, Oregon, and Miss Emily Slover of Lubbock.

# K. Moore State Winner Of Conservation Award

Kay K. Moore of New Home has been named the Outstanding Soil Conservation Farmer of Texas for 1955, the Texas Bank and Trust Co. of Dallas announced Saturday.

The award and a check for \$500.00 will be presented him by P. B. Garrett, president of the bank, in Lubbock next Thursday, Jan. 19, at the annual meeting of the Association of Texas Soil Conservation District Supervisors.

Moore is at present serving his fourth year as chairman of the Lynn County Soil Conservation District No. 119 board of supervisors. Prior to that, he was secretary-treasurer of the board three years.

In addition to an outstanding program carried on by the district the board of which he is chairman has maintained an active program in the district, highlighted by such special occasions as annual conservation tours, special wind erosion meetings, conservation essay contest, farmer-businessman banquet, wind erosion control leaflets, and Soil Stewardship Sundays.

On his 160-acre northwest of New Home, Kay Moore developed a complete conservation plan in November, 1948.

He constructed three miles of terraces and farmed the 160 acres on the contour, incorporating 160 acres crop residue management into his farming methods.

He drilled an irrigation well in 1951 and revised his conservation plan accordingly.

Since 1951, Moore has applied the following practices: 158 acres of improved water application, 40 acres bench leveling, 7,336 feet of underground concrete pipe, 40 acres complete conservation irrigation system, 40 acres-irrigation water management, 120 acres cover cropping, spread cotton burrs on 30 acres, interplanted legumes with grain sorghum for soil building, and planted a farmstead windbreak.

He practices stubble mulching on his high residue crops and uses deep chiseling for soil conditioning.

He has cooperated with the Extension Service on a grain sorghum variety test and has helped SCS and Agricultural Research Service personnel conduct penetration studies on his bench leveled plot.

Twice his farm was visited on the annual Lynn County Soil Conservation Field Tour.

In 1949, Moore was elected Director of Area I of the State Association of Soil Conservation District Supervisors, and served one year. In 1943, he began two years service as Area I vice president. He presided at three joint meetings of all State and Federal Agencies in an effort to find solutions to wind erosion problem during the drouth emergency years and helped in many ways to alleviate problems of farmers. He has attended seven of the eight State Association meetings and the National convention in 1954, and is known over the entire state for his work in soil conservation.

In addition to work with soil conservation, he has served as committeeman and as chairman of the High Plains Underground Water District, director of Plains Cooperative Oil Mill, director of the Lubbock Agricultural Club, and president of New Home Civic Club three years.

In 1949, he was selected as one of three outstanding farmers in Texas by the Cottonseed Crushers Association, and in 1954 was awarded second place in the Veterans of Foreign Wars Outstanding Conservation Farmer Contest for Texas.

He is a member of the Board of Stewards of his church and teaches an adult Sunday School class.

Kay Moore is a son of Mr. and Mrs. L. H. Moore Sr., pioneers of Lynn county. He served nine years in the U. S. Army, coming up through the ranks to a Captain at the time of his discharge in January 1947. He was wounded in action in Germany in April, 1945.

Moore was nominated for the award by Wilson State Bank and the local SCS office.

LECTURESHIP AT NEW HOME

The Church of Christ at New Home has completed plans for their annual Lectureship, to begin Monday night Jan. 16, and continue through Saturday, Jan. 21. A different speaker will speak each night throughout the week at 7:00 p. m.

These lectures have been of wide-spread interest in the past; new subjects and a variety of speakers being used each year. The program for this year is expected

to be as interesting as those of former years.

Program for the week as follows:

Jan. 16, Singing in the Worship, by Denton Thompson, Lazbuddie.

Jan. 17, "Prayer," by Stanley Lockhart, Levelland.

Jan. 18, "The Lord's Supper," by W. T. Hamilton, Lamesa.

Jan. 19, "Giving," by Ed Bryant, Lubbock.

Jan. 20, "Teaching the Word," by Bob Hoover, Lubbock.

Jan. 21, "Church Discipline" by John McCoy, Brownfield.

We've said it before, and we'll say it again:

If you can afford any new car, you can afford a Buick—and the sales figures make the proof of that stronger and stronger.

Just ask yourself: which cars would normally be in the top 3 of America's best sellers? The well-known smaller cars—naturally.

But which cars are in that Big 3? Two of the well-known smaller cars, and Buick—for over two years running now.

That means Buick prices are well within reach of more and more people—thanks primarily to the budget-tagged Buick SPECIAL, like

the one pictured above.

And that's the whole point of the matter.

For this low-priced Buick SPECIAL—so close in cost to the smaller cars—is so much more automobile for the money, it's the stand-out buy of its field.

It's the biggest of the Big 3 in power, thrill, in comfort, in size and breadth and luxury and sheer roadability.

It's the biggest of the Big 3 in the solidity and softness of its all-coil-spring ride—in the sweep of its styling—and in the pure thrill of its performance.

For where else but in Buick can you

get the nimble getaway, the gas-saving mileage, the electrifying switch-pitch action and the absolute smoothness of the new Variable Pitch Dynaflo?

Come in to see and drive the biggest bundle of high-powered beauty and energy ever offered in Buick's lowest-priced Series.

It's proud we certainly are to be able to offer so much car for the money—but nothing to how proud you'll be when you boss a new SPECIAL. Can you come in tomorrow?

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## Best Buick yet

## Bulldogs Take Claude Trophy

Tahoka Bulldogs last week end won first place in the annual North Plains Basketball tournament held at Claude, defeating Panhandle 70 to 40 in the opener, Claude 53 to 35 in the semi-finals, and Stinnett 58 to 56 in the thrilling final game.

The boys brought home one of the largest and most beautiful trophies ever won by a Tahoka athletic team. Each of the ten boys received a gold basketball for being on the winning team.

Other teams in the tournament, which was attended by very large crowds, especially at the finals Saturday night, were Borger B, Pampa B, Groom, and Boys' Ranch.

The final game was close most of the way, the score being 13-17 in favor of Stinnett at end of the first quarter, 30-29 in favor of Tahoka at the half, 37-42 with Stinnett leading at end of third. Tahoka at one time was trailing 9 points in the third period, and in the last quarter scored 21 points

to 14 for Stinnett. The score was tied 56-56 when Gordon Smith hit a jump shot from the free-throw circle with less than five seconds remaining to win the game. Junior Fitts had 30 points and Smith 11 in the final game.

In the semi-finals with Claude, Tahoka led all the way, by quarters the score 21-8, 27-20, 39-27, and 53-35. Fitts scored 33 points and L. W. Castleberry 9.

In the opener, Tahoka led a tall Panhandle team all the way, by quarters 21-8, 37-11, 53-30, and 70-40. Fitts scored 25 points, Carlton Bell 10, Jerry Brown 10, and in fact every player scored in this one.

Fitts scored a total of 88 points in the three games.

Coach Jake Jacobs said he received many compliments for the manner in which the boys conducted themselves on and off the court during their stay in Claude.

"The people of Claude really showed us a good time," he said.

## Top Awards To Texas 4-H'ers

TWO Texas 4-H Club members have won 19-jewel wrist watches as state awards in the 1955 4-H Entomology and Meat Animal programs.

Bernice Duderstadt, 17, of Harper, has won the state award for all-around accomplishment in the 4-H Meat Animal program for 1955. In recognition of her accomplishments, Thomas E. Wilson presented her a 19-jewel watch.

During her seven years in club work, Bernice has had a total of 128 cattle and sheep. She takes complete charge of her animals and does all the feeding and grooming. Her showmanship with the Angus cattle has won her awards at county and state fairs and she was presented with a trophy from the County Angus Association for her Grand Champion steer. Her Southdown ram and Suffolk ewe were champions at the Harper Show.

Bernice has given 33 talks and made four radio and television appearances. She is a Junior Leader and council delegate. Her leaders are Mrs. M. R. Duderstadt and Victor Wendall.

Jerry T. Smith, 15, of Gilmer, has been selected by the State 4-H Club office as the 1955 State winner in the 4-H Entomology program. In recognition of this honor, the Hercules Powder Co. awarded him a 19-jewel watch.

Both programs are conducted under the direction of the Cooperative Extension Service.

B. Duderstadt Jerry Smith

Jerry learned much about insects and insect life through the Entomology program.

He has 125 different insects in his collection and finds that it helps him to understand them as well as control harmful ones. He attended the Entomology short course at College Station.

For his insect control program he used his own garden and cotton fields, which he sprayed and dusted. He also sprayed his livestock for fly control and in his poultry demonstrations showed how to control lice and mites. He has an understanding of insecticides and the correct dosage for certain types of insects. He has been a member of 4-H five years under the leadership of H. C. Smith.

.....

## Frank Larkin Is Heart Victim

Frank Larkin, 51, a resident of Tahoka most of his life, died of a heart attack at 1:15 p. m. in the business section of Littlefield while driving his car.

He was backing a trailer into the front of his business, Service Center, which he has operated nearly three years, when he was stricken. The car, in forward gear, went across the street and crashed into the plateglass window of Garland Motor Co., doing minor damage to the latter.

Frank was rushed to Medical Arts Hospital in Littlefield, where he was pronounced dead on arrival.

Funeral services will be held today at 1 p. m. at Hammond Funeral Chapel in Littlefield with Rev. Harry Vanderpool, pastor of the First Methodist Church officiating. Burial will follow at Floyd, New Mexico.

Pallbearers are L. C. Haney, Fred and A. P. Edwards, Maurice Small, F. W. and C. W. Chapman.

Frank Larkin was the son of the late H. M. Larkin, who died in Florida in 1946, and Mrs. Larkin, who died here in 1933. His parents were pioneer business people of Tahoka, and for many years operated a general store at the southwest corner of the square. They built the two story brick building at the corner, a part of which is now occupied by Ed Hamilton. Frank also operated a business here for many years, and sold out about three years ago and moved to Littlefield.

He graduated from the local schools, attended college in Florida, and returned to Tahoka to join his father in the business.

He was here Tuesday, the day before his death, on business and visiting relatives and friends.

Survivors include his wife, Jackie, of Littlefield, two sons by a previous marriage, Frank Jr., in the Army in Tennessee, and Billy, also in the service on Guam.

Mrs. R. W. Lewis of Tahoka is an aunt, and first cousins are Joe Lewis, Bud Milliken, and Clayton Beard, all of Tahoka.

## WMU HOLDS ROYAL SERVICE PROGRAM

The W. M. U. of the First Baptist Church met Monday at the church with 16 members present.

The program was led by Mrs. T. R. Riddle. We opened with Scripture readings: Psalms 24: 1-5, Hagai 2: 6-8, Malachi 2: 10, II Corinthians 8: 1-5, and I Corinthians 4: 1-2.

We had a special prayer for all the Christians around the world and the work they are doing for their God. This prayer was led by Mrs. J. H. Kuykendall.

Our program topic was "We Give Thee But Thine Own." Those on the program were: Mrs. Terry Noble, Mrs. J. C. Womack, Mrs. John A. Roberts, and Mrs. Paul Cox.

Next Monday, the WMU will meet in their circles for the book "Candle By Night". The Walker Circle will meet in the home of Mrs. A. G. Meadows; the Sallee Circle with Mrs. K. R. Durham; the Sharpley Circle with Mrs. Paul Cox; the Wingo Circle with Mrs. Bob Lewis. Let's all plan to attend for this good book study.—Reporter.

Mrs. Richard Wyatt underwent major surgery at Tahoka Hospital Saturday.

B. L. Miller, 8, son of Mr. and Mrs. J. L. Miller, is a medical patient in Tahoka Hospital.

## Bray Team Is Loser In Game

Last Thursday night the Bray "Power-Packs" journeyed to Lamesa and were beaten by the strong Lamesa Hardware team. The game was close until the third quarter, then the Lamesa team started hitting the basket practically every time they shot. The Bray Chevrolet team tried desperately to catch up in the fourth quarter scoring 19 points during that period to Lamesa's 16. But it wasn't enough and Lamesa won the game 76 to 64. At one time during the second quarter the "Power-Packs" had a six point lead, but it was short-lived.

The Bray team had previously beaten the Lamesa team 97 to 73.

Steve Slover was high-point man for the Bray team with 30 points. Richard Havens had 10, Charles Hyles 9, Gainerd McNeely 8, Don D. Cowan 7, and John Curry 0. John Curry played very little of the game because of a cracked bone in his foot.

Bobby Hawkins and Billy Wells tied for high point honors for Lamesa with 19 points each. Buddy Hale had 13, Loyl Poe 11, Joe Boles 6, Jack Brather 6, Ralph Ernest 2, and Dickey Baker 0.

The Bray team now has a 3-2 record. They have won over the Tahoka Outsiders 59 to 42, Lamesa Hardware 97 to 73, and Post Outsiders 70 to 54. They lost to the Abernathy Outsiders 42 to 37 and to Lamesa Hardware 76 to 64.

In 5 games the "Power-Packs" have scored 327 points to their opponents 291.

With a payroll of over two and one-half billion dollars, the printing industry ranks eighth in salaries and wages paid, among the nation's top 20 manufacturing industries.

OUR HATS ARE OFF TO—

All the March of Dimes Workers—H. B. McCord Jr., Bob Gibbs, A. L. Holder, John Ellis, Joe Unfred, Mrs. Lillian McCord, the Pythian Sisters, Boy Scouts, Garden Club, and all others who are helping. These people give their time free for a good cause. Let's help them put over the drive to help our polio patients.

## Roy Appling Is Proud Of Irrigated Farm At Grassland

Pictured here is the Roy Appling farm home, located a mile north and a mile and a half west of Grassland.

Mrs. J. O. Henry, and Mrs. Appling were the first to identify the place. Others included Mrs. W. P. Scott, Mrs. G. W. Grogan, Harry Short and Mrs. Ted Donaldson.

Mr. and Mrs. Appling bought the 165-acre farm in 1936 from

E. A. Thomas and moved on the place in 1938. Since then, Roy has improved the place considerably, and the home has been enlarged and modernized.

They have two irrigation wells on the place, one a 6-inch and the other a 4-inch, from which he waters all his cotton acreage and a part of his feed. Year before last, he made 100 bales of cotton from 76 acres, and last year he made 92½ bales from 74.8 acres. This last fall he harvested a ton of grain per acre from 30 acres that had the beds watered in the spring.

Roy has rented an additional quarter section for the coming year.

He says he used to raise some livestock, but since he started irrigation farming he can't find time to attend to stock and only has 16 old hens to lay eggs for the table.

Both Mr. and Mrs. Appling were reared in Jones county. She is the former Vesta Campbell, daughter of J. C. Campbell of Tahoka and his late wife. The couple came to Lynn county in 1925, and before buying this place he operated a farm for Gus Edwards a mile south of his present farm.

The Applings have one daughter, Mrs. P. Z. Short, who lives with her husband at Killeen. There are three grandchildren.

### WATER DISTRICT HEARING POSTPONED

County Agent Bill Griffin was informed Monday that the proposed Water District hearing, scheduled in Seminole Thursday night, has been postponed indefinitely because a notice was not published in one of the counties involved.

Notice of the hearing will have to be published again, the date to be determined later.

### BROTHER DIES

Tom W. Williams, brother of Mrs. L. T. Brewer of O'Donnell, died in a Wichita Falls hospital Monday. Funeral services were held in that city Tuesday. The News had no other information concerning Mr. Williams.

## The Lynn County News

Tahoka, Texas, Friday, January 13, 1956

## Mahon Fighting Cotton Proposal

Washington, January 12—Rep. George Mahon (D-Tex.) warned here today on the eve of scheduled Senate hearings on a new farm law that steps should be taken to prevent the adoption of a plan for lower support on cotton of less than one inch staple.

"The present law requires that cotton loans be based on 7/8 inch staple. There is considerable sentiment in the U. S. Senate to raise the 7/8 inch basis to one inch. This would tend to reduce the support on all cotton an average of about 2½ cents per pound," Mahon declared.

He said Senator Ellender, chairman of the Senate Committee on Agriculture, has indicated his committee might favor raising the basis from 7/8 inch to one inch.

"One proposal would require 90 per cent of parity support of one inch staple, but a support level of less than 90 percent cotton having less than one inch staple, Mahon said.

"For example, the support level on one inch cotton might be 90 per cent of parity and the support for 7/8 inch staple might be 75 per cent of parity."

This would not only be discriminatory, according to Mahon, but would deal a disastrous blow to West Texas cotton producers.

Since his return to Washington, Mahon has discussed the problem with officials of the Department of Agriculture and members of the Senate and House agriculture committees.

The Senate Committee is expected to open brief hearing on the new fall bill today. Mahon has asked to be allowed to testify before the committee before final action is taken.

Briefly, here is the picture on the legislative outlook in Congress on the farm program. The House last year passed a bill providing for the restoration of 90 percent of parity for the basis crops. The next move is up to the Senate, and it is expected that the Senate will modify the House bill to include many additional provisions before the House will again have a chance to vote on the new farm legislation.

Senator Ellender expects to have a bill on the President's desk by Feb. 15.

"We are interested in getting

## Pvt. John Stoker Is In Germany

2nd Armored Div., Germany—Army Pvt. John M. Stoker, son of Mr. and Mrs. W. P. Stoker, Route 1, Wilson, Texas, is a member of the 2nd Armored Division in Germany.

Now undergoing rigorous training as part of the U. S. Seventh Army, the 2nd Armored is maintaining the peak efficiency in

something done reasonably soon, but we are more interested in getting the right kind of legislation and most anxious to safeguard ourselves against discrimination in the new law as applied to West Texas," Mahon concluded.

thrust and mobility that earned its reputation of "Hell on Wheels" in World War II.

Private Stoker, assigned with the division's 746th Infantry Battalion, entered the Army in November 1954.

The 21-year-old soldier was graduated in 1952 from Wilson High School and attended Texas Technological College in Lubbock.

GMC's New Hydra-Matic V8 Runabout

## It tells the world you've arrived

EXPECT to make an impressive entrance when you whisk this Blue Chip beauty up to a customer's house.

Its sheer modernity—highlighted by that sweeping panoramic windshield—steals attention everywhere. It's proof-on-wheels your business is ready and able to invest in top-drawer tools—the better to reap long-term benefits.

So from your first day, you enjoy bossing the spirited might of an over-square V8. And you look forward to its superior efficiency all truck-life long.

You luxuriate in Hydra-Matic® operation that banishes

drudgery from driving. And you anticipate its savings in brakes, tires and repairs over thousands of miles.

And while you're marveling at the way its massive frame and axles shrug off tonnage and time—you figure the extra return this GMC will bring at trade-in.

But words can't detail the list of Blue Chip GMC advantages. These you have to come in and try on for size—yourself—tomorrow!

\*Hydra-Matic standard on many models; optional at extra cost on some others

See us, too, for Triple-Checked used trucks

## WHARTON MOTOR CO.

1716 NORTH MAIN

TAHOKA, TEXAS

# Odd-Ends

(By E. I. The Elder)

Last week I undertook to show that neither the 13th, 14th, nor 15th Amendments to the U. S. Constitution could be the basis and authority for recent decisions of the U. S. Supreme Court respecting race problems. Those were the three Amendments that were adopted by the voters of most of the states immediately following the War of Secession. Neither one of them made any direct reference to public schools, private schools, State Colleges or Universities, or segregation of white and colored races in the schools, public parks, on trains or buses, or elsewhere.

Four other post-bellum Amendments have been adopted. The 16th Amendment authorizes the collection of Income Taxes. It has no reference whatever to any race problem. The 17th Amendment provides for the election of United States Senators by a vote of the people of the respective states—no race problem mentioned—the 18th Amendment prohibited the manufacture and sale of Intoxicating Liquors or traffic therein, but was later repealed; and the 19th Amendment provided for Woman Suffrage, and is still in force.

Certainly none of these decisions, standing alone, nor all of them put together, definitely and positively give the Supreme Court authority to render decisions ordering the desegregation of the white and colored races in the public schools, colleges, and universities, parks and residential districts, railroad trains and transportation buses.

On what provisions then of the Federal Constitution does the Supreme Court find its authority virtually to legislate on all these

done, you will look no longer to your friends here in Tahoka, trustees of the local schools, for kindnesses and little favors and redress of whatever grievances you may have, but you will look to the Big Boys in Washington who never saw you and do not know you. Remember, the boys who hold the money bags are the boys who say how the money shall be spent, and you may be sure that your school district will not get back as much money as it sends to Washington.

The further we get away from local self-government the closer we will get to the great whirlpool of some mighty financial scylla or Charybdis.

In closing this column last week we quoted Prime Minister William E. Gladstone as giving high praise to the American Constitution, declaring that it was the most wonderful work struck off at a given time by the brain and purpose of man.

That was probably a very accurate estimate of the merits of this immortal instrument; but we believe that it was great because the men who wrote it were great.

Soon after the close of the Revolutionary War the Continental Congress adopted a system of government known as a Confederation and a kind of frame work to guide it known as the Articles of Confederation; and Congress unanimously elected George Washington as President. But it soon became apparent that the Articles of Confederation were too weak and obviously inadequate to guide the destinies of the new nation. The Articles of Confederation had become effective in 1781. An attempt was made in 1786 to revise and strengthen them but the attempt proved to be abortive. Congress was asked to call a convention to draw up an adequate Constitution, and Congress called the convention to meet in Philadelphia on the second Monday in May, 1787, under the Presidency of George Washington.

The thirteen states which elected delegates to this convention were Massachusetts which also included the territory of Maine at that time; New Hampshire, which asserted sovereignty over a portion of Vermont; New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, South Carolina, and Georgia.

These thirteen states elected 65 delegates to represent them in the convention; but ten of the delegates could not or at least did not attend, including the entire delegation from Georgia. Only fifty-five delegates attended, and when the show-down came near the end of the convention, which had been in session four months, only 39 of them signed the immortal document. A few of the remaining delegates had gone home without signing. A few of them doubtless objected to some of the provisions of the document and still others did not believe that it sufficiently protected the citizens in their rights or did not sufficiently protect the smaller states against the possible encroachments of the larger and stronger ones.

A recital of some of the difficulties that had to be overcome and the work that had to be done will perhaps give the reader a better idea of the greatness of the accomplishment involved in the production of this world-famous document. Almost every proposal which was made provoked debate by able and eloquent men, and had to be settled eventually by compromise after compromise.

The first compromise reached related to the Presidency. Some delegates favored a strong centralized power to be placed in the hands of the chief executive; others feared such a power. The outcome was that the President was clothed with great power, but was to have a short term of

office. So, even yet the President has great power but serves only four years. He was given power to make appointments and to conclude treaties, but the same must be approved by the Senate.

The second compromise was made to settle a conflict between the small or weak states and the large or strong ones. As adopted, the plan gives the same power to all the states, large and small, in the senate, but representation according to population in the House of Representatives.

The third compromise related to slavery. It was agreed that fugitive slaves should be delivered up to their owners by states to which they might flee for refuge and that the importation of slaves into this country should not be prohibited within twenty years (before 1808), but the importation of slaves should be prohibited after that date. This was a compromise that probably pleased neither

side, for wrangling over slavery continued, unabated, and the bitterness between the two sides grew more and more tense until both the Abolitionists and the Secessionists became implacable and their differences finally brought

on the War between the States. But the efforts of such men as Washington, Jefferson, Madison, Franklin, and others show that the leaders of that generation were far-seeing statesmen and

# Speaks softly and packs a powerful wallop

THE BEL AIR SPORT COUPE—one of 19 high-priced-looking Chevrolets, all with Body, by Fisher.

Whether idling at curbside or cruising, this new Chevrolet talks in a well-mannered whisper. You scarcely ever hear more than a soft undertone of power from its deep-chested V8. (One reason is the hydraulic-hushed valve lifters now in all Chevrolet engines—V8 or 6.)

Soft-spoken, yes—but this handsome traveler packs a wallop that ranges up to 295 h.p.! It's charged with sheer action!

Action that can save you precious seconds for safer passing on the highway! Action that lets you take steep hills in stride!

Action that helps you zoom out of trouble spots almost as quickly as they develop!

And action isn't all. Chevy holds the road like part of the pavement! You feel added assurance in the way it clings to curves.

Of course, Chevrolet brings you the security of safety door latches in all models. Instrument panel padding and seat belts, with or without shoulder harness, are offered at extra cost.

Come in and drive a new Chevrolet. We've got one ready and waiting for you.

## Odds & Ends

(Continued)

were seeking to solve the slavery problem in a way that would prevent the terrible catastrophe of Civil War.

After all these differences seemingly had been finally ironed out and a marvelous structure of Constitutional Law was ready for presentation to the states for ratification, there was still an ominous feeling, well diffused among the members of the body, that the instrument did not adequately protect the citizens in their personal and individual rights, but all were tired and were anxious to get back to their homes and their respective business pursuits, and it was agreed that a Bill of Rights would be submitted by Congress at the next session for approval by the states as amendments to the main instrument if the states would first approve the document as it then stood. This agreement probably saved the day for the main body of the Constitution, for the people had already been thoroughly "fed up" on dictatorial government and wanted no more if it either from foreign or home-raised dictators. So, Congress adjourned and went home but most of the members still found it necessary to wage a campaign in their respective states for ratification of the instrument.

Delaware, the second smallest state in the Union, was the first state to ratify. It is almost exactly the same size of the two Texas counties of Dawson and Gaines, having a total area of 2370 square miles—and 405 sq. mi. of that is water—against a total area of these two Texas counties of 2378 sq. miles, none of which is water excepting a few small square miles covered by Cedar and McKenzie lakes. Delaware ratified by a unanimous vote; Dec. 7, 1787. Pennsylvania, the Quaker state, ratified on December 12, 1787, by the convention vote of 46 to 23, guess Benjamin Franklin swung that State into line for ratification.

tion. It seems strange to us that Pennsylvania was not solid for adoption.

Six days later, December 18, 1787, New Jersey voted in convention unanimously for ratification.

A few days still later, January 2, 1787, Georgia voted solid for ratification. Georgia's delegates did not sit in the convention that drew up the Constitution, but she unanimously favored its work.

A week later, January 9, 1788, Connecticut ratified by a convention vote of 128 to 40. Considerable opposition for some reason in that state.

Massachusetts in which state the first battle of the Revolution were fought, whose people had protested most strongly against taxation without representation and had organized that famous tea party, the state of John Adams and Samuel Adams, and James Otis, and other zealous patriots, this state held its ratification convention on February 6, 1788, and for some reason unknown to me it barely put over a favorable vote for ratification, 187 to 168. I am sure that it was no love for the Mother country that caused the majority for ratification to be so small.

Maryland voted on April 28, 1788, and its vote was 63 to 12 for ratification.

South Carolina voted on May 23, 1788, and her vote was 149 to 73, just a little more than two to one for ratification.

New Hampshire held her convention on June 21, 1788, and she favored ratification by a small majority, 57 to 46, but she was the ninth state to ratify and her vote put the Constitution into effect, it having been provided in the Philadelphia convention that when as many as nine states should ratify then the proposed Constitution should become effective. So this Union of states came into being by the final action of the above nine states.

Virginia, the home of George Washington, Thomas Jefferson, James Madison, Patrick Henry, the Randolphs and the Lees, did not hold its ratification convention until June 25, 1788, and then it voted in favor of ratification by the narrow margin of 89 to 79. I have often wondered why it showed so much lethargy in favor of the Constitution. It must have been its devotion to the doctrines of personal liberty and state's rights. I know that Patrick Henry opposed its ratification on these grounds.

New York voted on ratification on the next day after Virginia had voted, June 26, 1788, and it favored ratification by the measly little vote of 30 to 28.

North Carolina did not vote until November 21, 1789, when its vote was 193 to 75, in favor of ratification.

Little Rhode Island, the smallest state in the entire Union and the original hot bed of religious liberty and the utter separation of Church and State, put off its vote on ratification until May 29, 1790, and its vote then was only 34 to 32. Evidently, it was a little leary of any Constitution which did not provide for religious liberty.

The very first one of the ten amendments, generally known as the Bill of Rights, however, which was submitted for ratification,

Richard D. Hinely spoke at our church Sunday morning. He brought an inspirational message and was a blessing to all who heard him.

We were very happy to have Bill Martin of Muleshoe, Ronnie Morris of Wilson, Dennis K. Waltrip of Tahoka, and Mr. and Mrs. Ernest Rector and girls Martha, Dorothea, and Jaunice in our morning services. We invite every one to come and worship with us.

## Are All Cold Remedies Alike?

No! For example, 666 is the wide-activity medicine, which combines 4 of the most effective, widely-prescribed drugs known, to relieve all cold miseries sooner. 666 is more potent and gives positive, dramatic, rapid relief from miseries of all kinds of colds. That's why 666 is unsurpassed in effectiveness. Try it.

No other cold remedy can match 666 Liquid or 666 Cold Tablets.

Dodge presents...*The TEXAN*

Choice of this dashing Lancer Hardtop or the big, rangy 4-Door Sedan

## The Texan by Dodge!

A handsome, rugged car big as all outdoors, with the surging power of a quarter horse, sweeping lines of a gull in flight, the relaxed touch of push-button driving!

The Texan is built for Texas driving. It skims swiftly along the big broad highways, it rips over hills like a hungry cougar, it takes the bumpiest, ruttiest, sandiest road and comes back for more. Powered by the mighty engine that busted the AAA record book wide open at Bonneville Salt Flats, it gives you the same superior engineering and design that made Dodge the greatest sales-gainer in the industry in 1955.

Plenty of special features, too... specially designed interior trim, special paint combinations, jaunty twin exhaust pipes, and other smart touches. The Texan's name is proudly blazoned on both rear fenders. And the brave crossed flags of the Lone Star State are right up front where your fellow-Texans can admire them!

Best of all, the Texan is priced right down with the so-called "low-priced three." Yet it's big and powerful and luxurious... rivaling cars costing as much as a thousand dollars more! Visit your nearest Dodge Dealer now and drive the Texan!

*The Texan*

THESE ARE  
IMPORTANT PEOPLE  
IN YOUR LIFE

## Dear Friends

The people in the picture in this advertisement are Humble researchers on their way to work in Humble's Houston Research Center.

They are important people in your life, because their studies and their constant experimentation have only one purpose: to supply your increasing needs for oil and natural gas.

At the Houston Research Center, they pool their efforts to make the finding and production of oil and natural gas more efficient. And since they are top people in their different fields, their work has met with notable success.

It has helped to make the Humble Company not only the largest but also one of the most efficient producing companies in the country.

The new ideas, new methods and new practices developed by Humble researchers have resulted in the discovery of new reservoirs of a valuable natural resource; in making these reservoirs more productive; and in prolonging their life for your future benefit.

Sincerely,

HUMBLE OIL &amp; REFINING CO.

HUMBLE
