Charles Verner Joins First National Bank

A. Charles Verner, business and credit manager of Gagnat's for nearly nine years, on Monday became associated with the First National Bank of Tahoka.

His association with the bank came as a result of the serious illness of W. B. Slaton, active in management of the bank for many years until suffering a "stroke" on March 11. Mr. Slaton is improving steadily, but will possibly not be able to return to his desk for many weeks.

Fred B. (Pete) Hegi, cashier and a director, told The News selection of Mr. Verner to join him in taking over the administration duties, came after careful consideration of Mrs. Slaton, and other bank directors, and close friends of the local situation. All of them felt Mr. Verner better knew the local situation and local financial structure than would some man imported from elsewhere, although the latter might be more experienced in the banking business.

Mr. Verner told The News present policies of the First National set up by Mr. Slaton will be carried out to the best of his ability and that the ownership will remain the same. There will be no policy changes or any other change in personnel. As cashier Mr. Hegi will continue as the other loan officer.

Since Mr. Slaton was stricken, the burden of operating the bank has been almost entirely on the shoulders of Mr. Hegi. "Pete," who started work in the Petersburg State Bank, has been with the First National here for 26 years, and has worked up from clerk to cashier.

Mr. C. A. Hollingsworth, a director and former president of Lamesa National, is here this week helping work out with them details of the banking business and will continue to advise Mr. Verner and Mr. Hegi for some time.

Mr. Verner was born and reared in Piedmont, South Carolina. Following graduation from Clemson College, in that state, he became associated with Calhoun

Four Injured In Head-On Wreck

Six occupants of a car and truck miraculously escaped death or critical injury in a head on crash Sunday at 6:47 p. m. on US 87 at the southern outskirts of Tahoka.

Four young men in a 1956 Chevrolet coupe coming north at a high rate of speed were attempting to pass three other cars, according to Police Chief Roy Heffner, who investigated the accident. They were coming up a slight hill and approaching a curve. Coming from the north was a 1952 Chevrolet truck occupied by two Mexicans and registered by Welch Flippin, for whom they work. The two vehicles met with a resounding crash and both machines were total wrecks.

Billy Glen Holmes, 21, of Lubbock, owner and driver of the car, received fractures of both collar bones, face and chest lacerations.

David Conn, 29 also of Lubbock, received severe bruises.

Don Wright, 18, an outstanding lineman on Stalon High football team, received a fractured pelvis.

Billy Williams, about 19, of Southland, received a slight concussion but was conscious by Monday morning.

The four were taken to Tahoka Hospital, and the next day the first two were moved to Lubbock and the last two to Slaton.

Manuel A. Benitez, 29, of Tahoka, route 3, was driver of the truck, and he was accompanied by his younger brother, Steve. Both were shaken up but did not require hospitalization.

Mist And Sleet Fall Wednesday

Light showers, mist, and sleet fell over Lynn county late Wednesday, but not enough was received anywhere to do much good.

Tahoka received .04 of an inch of moisture from the rain and sleet. Fall was heavier in scattered sections of the county.

Only about an inch of moisture has fallen in Tahoka since the good rains of October 1, 2, 3, and 4, 1955, or more than six months.

A low of 36 degrees was registered Thursday morning, unusual for this late Spring date.

V. F. W. Acquires Building Here

Plans were made by Tahoka VFW Post No. 3905 at its meeting last Thursday night to buy the Cleve Bairrington barracks building for a VFW Hall at a very reasonable price.

The building is now located back of the residence owned by Bairrington and located on North First, just north of the C. C. Ross home. The building is 20 by 60 feet in size and has a furnished kitchen and bath. The structure will remain in this location for the present, but will be moved to another lot by January 1.

Part of the money for the purchase of the building was raised among the members present and from a gin owner in O'Donnell.

New officers of the VFW and Auxiliary were installed at the meeting.

Tom Everheart of Lubbock, district commander, installed the following officers: C. W. Conway, post commander; Rayford Smith senior vice commander; and Roy Everett, junior vice commander.

Mrs. Eloise Griffin was installing officer for the Auxiliary, with the following being inducted: Mrs. Katie Conner, president; Mrs. Ora Curry, vice president; and Mrs. Avis Buchanan, secretary and treasurer.

Refreshments were served to 50 members and guests.

Gardner Baby Has Tumor Operation

Tommie Jan, 11-month-old daughter of North Elementary School Principal and Mrs. Milton Gardner underwent major surgery in Methodist Hospital, Lubbock, Tuesday.

A two-pound malignant tumor and a kidney were removed from the infant, but doctors say the child has a chance to recover following x-ray treatment which will follow.

Southwestern Public Service this week began remodeling the front of the building it occupies, owned by Oscar Roberts.

John Reasonover, local manager, says the entire front will be rebuilt along modernistic lines, using aluminum and plate glass. The door will be moved to the north side of the building, and it will be flanked by planter boxes.

WOOD BACK HOME

Marvin Wood came back home Tuesday from a Lubbock Hospital, where he was a patient nearly two weeks with pneumonia, and is improving steadily. He was recently seriously injured in a fall from a windmill, and while recuperating contracted pneumonia.

W. O. Thomas Is Taken By Death

W. O. (Otho) Thomas, 75, pioneer Tahoka druggist and property owner, died Tuesday morning at about 7:30 at Tahoka Hospital following a long illness with a heart ailment.

Funeral services were held at 3:00 p. m. Wednesday at the First Methodist Church with the pastor, Rev. J. B. Stewart, officiating. Rites were also performed by Tahoka Masonic Lodge. Burial followed in Tahoka Cemetery under direction of Stanley Funeral Home.

Wilson Lions Elect Officers

Wilson Lions Club has elected new officers for the coming year, which begins about July 1. Guy Smith has been named to the new president to succeed Tom B. Mason, and Earl Cummings was re-elected secretary and treasurer.

Other officers are: W. C. Maeker, first vice president; R. C. Davis, second vice president; M. L. Murray, third vice president; B. L. Hatchell, Lion Tamer; and E. L. Blankenship, Tail Twister.

Directors are: Lloyd Mears, W. C. Martin, Dale Price, and G. C. Watkins.

Local Police Will Crack Down On Loud Mufflers, Traffic Violations

Loud mufflers must come off of cars and speeding on the streets of Tahoka must stop.

Police Chief Roy Heffner said this week he is preparing to clamp down on such violations on orders from the Tahoka City Council.

Mr. Heffner says he has received a number of complaints of such violations, many violators have been warned, and he intends to start issuing tickets for loud mufflers beginning on May 1.

Tickets will be given, beginning immediately, for speeding, running stop signs, as well as other flagrant traffic violations.

The loud mufflers are a nuisance to many citizens, who also have rights just the same as young fellows who enjoy making a lot of noise with their cars.

Too many drivers, also are speeding on city streets, presenting a hazard to others as well as to themselves. This applies to adults, as well as 'teen-agers.

Police have been a little lenient in these matters of late, but now "the lid is on," and citizens who wish to avoid a fine and embarrassment should give more careful attention to traffic laws in Tahoka.

Methodists Close Meeting Sunday

The spring revival at the First Methodist Church will close Sunday night.

Rev. Jordon Grooms, pastor First Church at Big Spring, has been bringing some powerful and scholarly messages, and attendance at most services has been good.

Three services are being held daily, a breakfast meeting for men at 6:45 a. m. and regular services at 10 a. m. and 8 p. m.

Eight Tahokans Serving As Mayors

Four more former Tahoka boys should be added to the list of former citizens of this town now serving as mayors of Plains cities.

They are: Roger Curry, mayor of Plains, brother of Mrs. Borden Davis and son of the late Rev. and Mrs. J. F. Curry of Tahoka.

W. T. Boveil, mayor of Muleshoe, reared in Tahoka, the son of Mr. and Mrs. T. J. Boveil.

Sumner Clayton, mayor of O'Donnell, born in Tahoka and the son of Mr. and Mrs. S. M. Clayton, now of O'Donnell.

And, Henry Heck, mayor of Idalou, formerly of Wilson, New Home, and Tahoka, and son of Mr. and Mrs. John Heck of Wilson and brother of Herman Heck, Tahoka.

Last week, The News reported old Tahoka boys now serving as mayors: J. E. Sherrill Jr. at Bovina, M. B. Hood at Plainview, James Minor at Post, and Clint Walker at Tahoka.

Eight city mayors from one town should be some kind of record. Are there more?

AT MEDICAL MEETING

Dr. and Mrs. C. Skiles Thomas have gone to Galveston for the State Medical Society meeting which opens Saturday. Mrs. Thomas is a delegate to the Auxiliary meeting from the district Auxiliary.

Elida Morruquin, 9, is a medical patient in Tahoka Hospital. Her parents live on the Fred McGinty farm.

Name Girls 4-H Club Winners; FFA Dairy Team Wins District

Tahoka FFA Dairy Judging team won first place in the Brownfield District contest held at Wilson Tuesday, according to V. P. Carter, local vocational agriculture teacher.

Members of the team were Frolan Salinas, Glen Bairrington, and Ronnie Dulin, and John Draper, alternate.

Brownfield won second place. Wilson placed third. Team members were Brucdigam, Bartley, and Terry.

O'Donnell's team composed of White, Evans, and Dickey, placed fourth.

Finishing fifth was New Home's team of Schuknecht, Blackman, and Cowart.

Meadow was the sixth team. Tahoka's livestock judging team recently won the Brownfield District judging contest held in Tahoka. Members of this team were: Walton Terry, Joe Draper, Lyndell Norman, and Kent Gibson. Terry was high individual in the contest. Wilson was second and Plains third.

In an invitational livestock judging meet held at Stanton Saturday, Joe Draper placed second in individual scoring in swine judging, and Walton Terry placed ninth in beef cattle judging.

Little Leaguers Must Register

Lynn county boys 8 to 12 who wish to play Little League baseball this summer must register not later than next Wednesday, April 25, states Clint Walker, president of the league.

Registration cards may be secured at Tahoka City Hall, and all cards must be returned to the same place by Wednesday.

Birth certificates must be presented by all boys participating, but it is not absolutely necessary that they accompany the registration card. These can be presented later, but the main thing is that all boys who expect to play register now.

Only 25 cards had been returned to Tom Bartley at City Hall Wednesday morning.

A 12-year-old boy is eligible if he will not be 13 before next August 1.

Sherman and John Inman of Muleshoe were here Wednesday for the Otho Thomas funeral.

John W. Minor, 75, Funeral Sunday

John W. Minor, 75, retired carpenter and a resident of Tahoka 33 years, died at about 9 p. m. Wednesday, at the home of a son, A. J., in Spokane, Washington, where he went to visit about three months ago.

In ill health since retiring in 1952, Mr. Minor suffered a stroke on March 6, followed by several other strokes.

The body is expected to arrive here Saturday night, and funeral services will be held at 3 p. m. Sunday in the First Baptist Church with Rev. Clifford Harris, pastor, and Rev. George A. Dale of Lubbock, a former pastor, officiating. Burial will be in Tahoka Cemetery.

John William Minor was born February 14, 1881, at Minorville, Alabama. He came to Texas in 1900, and on March 11, 1906, was married to Miss Bertha Mae Swope at Killeen.

The couple moved to Haskell that fall, Nov. 1, 1906, and John became one of the pioneer West Texas rural mail carriers. He first carried the mail out of Haskell by horse and buggy and later by motorcycle.

He moved to Tahoka Oct. 24, 1923, and worked here as a carpenter until forced to retire by ill health in 1952. He had been a member of the Baptist Church for 55 years. He was also a member of the Oddfellows Lodge.

All his sons had visited him just recently, and Jack and A. J. were with him when death came. Mrs. Minor, also in ill health, had

ELMER BLANKENSHIP

Blue panicum grass is being grazed on W. P. Thomas' farm near Grassland. This grass was dry land planted last spring in regular forty inch width rows. Showers of rain that followed planting germinated the seed to a good stand and some seed were harvested last fall. The old stemmy top growth was cut off just above the new growth late this spring and grazing was started the latter part of March. This grass furnishes some two to three months more grazing each year than sudan or other annuals, because it starts growth from old roots earlier and continues growing longer into the fall months.

Blue panicum is being used in strips successfully in south Texas to aid farmers in obtaining stands of cotton the first planting. The grass is planted two rows and remains standing in the field to furnish protection. It is necessary for south Texas farmers to have a stand by a ginner date to have cotton harvested by the plow under date. To beat the blowout hazard they are stripping with blue panicum and planting field borders to this same grass.

R. W. Fenton, Jr. dry planted twenty acres of blue panicum grass on his farm three miles west of Tahoka. Early plantings have more chances of showers so that stands may be obtained. Often times where there are careless weeds they will outgrow the blue panicum the first year but with good stands the grass will hold down weed growth the second year.

Blue panicum is also being used successfully for overseeding ranges where brush is being controlled with a cutter blade. The cutting and seeding being done in one operation by having seeding attachment on the cutter machine. With adequate rains grazing was started about ninety days after seeding.

Technicians of the Soil Conservation Service assigned to the district assisted Earl Terry, a member of the board of Supervisors, in assembling a conservation plan on his home place. Contour guide lines have been run, some terraces are in opera-

tion and Earl plans to try some guar in strips with cotton. Earl also plans to establish a patch of blue panicum grass. A folder will be assembled that will include job sheets on conservation practices and an actual photograph of the farm.

Military Reserve Week April 22-28

Austin, Tex.—"Now is the time for all good men to come to the aid of their country," these familiar words are particularly applicable to the young Texans of today, says Major General Lewis S. Griffing, Chief of the Texas Military District.

"The Armed Forces Reserve has a program whereby all qualified young men can come to the aid of their country," General Griffing explained, "and with the least interruption to their civilian careers."

General Griffing, speaking in connection with Military Reserve Week (April 22-28), pointed out that the U. S. Army is implementing a program designed especially for the youths of America. This program permits a young man to fulfill his military obligation while completing his education or working at his civilian job.

Here's the way it works—he joins a Ready Reserve unit or a National Guard unit. He can finish high school (if he doesn't reach the age of 20 first), then go in six months active duty for training. He is then prepared for his Ready Reserve service.

Normally he will have seven and

one-half years left. During this 7½ years, if he trains satisfactorily, he will not have to worry about a draft call. In most instances he can train with a unit right in his own home town. The only time he is called away from home is for two weeks each summer to attend training camp. All of this is designed to interrupt, to the very smallest degree, his higher educational pursuits or his civilian occupation.

"Every young Texan should think very seriously about his

future military obligation," General Griffing pointed out. "If he doesn't, Uncle Sam is likely to point a finger at him sooner or later. He should consider this program from a standpoint of how it benefits him as an individual. But most important of all he should consider it from a patriotic point of view."

The Army will pay him for his military participation and at the same time prepare him to defend his country in the event of an emergency.

Military Reserve Week, April 22-28, has been designed especially to present the provisions of this program to young men and their parents. This special drive has been indorsed by the president and is supported by many active civic and veterans organizations in Texas. They understand and see the immediate need for a strong and ready reserve.

"Now is indeed the time for every young Texan to come to the aid of his State and his Country," General Griffing concluded.

Byron Milliken, recently injured with a well drill, developed gangreen in an injured finger. It is feared he will lose the finger. The H. W. Seales, Jr., came over

Wilson Juniors Honor Seniors

The Junior Class of Wilson High School honored the Seniors with the annual banquet Friday night in the High School Cafeteria.

An Oriental Garden theme was carried out in decorations of Japanese fans and parasols. The room was decorated to resemble a garden with a rock wall. Poppies were used along side the wall. Japanese designed napkins were also used. Card tables were used with four persons at each table, these tables were decorated with poppies and a parasol.

The invocation was given by Mr. W. P. Jones. Chopsticks Melodies was by Dolores Rhodes and

from Plains and accompanied his parents, H. W. Sr.s, to Abilene and Coleman where they visited over the week end.

Mrs. Alfred Basinger reports that her mother, Mrs. Bruster, is able to be at home after a nine days stay in West Texas Hospital Lubbock, following a stroke. Mrs. Bruster is able to be up for a short time each day and enjoys having company. Mr. Basinger is under a doctor's care now with a stomach ailment.

Ida Mason, Larry Maeker welcomed the guests and Ronnie Foster gave the Response to the welcome. Class Prophecy was given by Ronnie Moerbe. Jerry Bartley gave the class will. Mr. W. P. Jones was guest speaker in ab-

Springtime is Plymouth

Hardtop time!

Two doors or four doors, V-8 or 6, there's a Plymouth Hardtop for you. Whichever you pick, you'll have the biggest, smartest Hardtop of the low-price three!

Most beauty, size, value in the low-price three—all yours in a big new '56 Plymouth Belvedere or Savoy Hardtop!

Here's the ideal companion for spring-time driving fun—a bright new Plymouth Hardtop. Drive one and see! Look at those racy "let's go!" lines... try the reflex-quick response of Plymouth's sensational new Hy-Fire V-8 or 6... see how easily your Plymouth whisks you through city

traffic, out to the open road where you belong, you and your Plymouth Hardtop.

With windows down, you enjoy all the airy fun and flair of a convertible. With windows up, you're sedan snug. You won't settle for anything less, once you've driven a Plymouth Hardtop!

Plymouth is the biggest car in the low-price three... longest, lowest, roomiest, with a true big-car ride.

With the newest styling of the low-price three... this Plymouth is really new. No "warmed-over" design!

The only Push-Button Driving in the low-price three... mechanical, safe, and so simple. Optional on all models.

The performance champ of the low-price three... holds official NASCAR speed and acceleration records!

And... it's mighty easy to own a Plymouth Hardtop... ask your dealer about his modern finance plan today.

Plymouth costs less

From the day you buy it... through all the years you own it... you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

MRS. DUNLAP HOSTESS TO DIXIE H. D. CLUB

Dixie Home Demonstration Club met in the home of Mrs. T. D. Dunlap Wednesday. Mrs. Buel Draper, vice president, presided in the absence of the president, Mrs. Earl Tunnell.

Roll call was answered by suggesting a safety protection in the home.

Mrs. Draper gave an interesting report on the District Meeting which she attended at Lamesa on April 6.

Mrs. J. O. Allen was elected reporter to take the place of Mrs. Guion Cobb.

Punch, coffee, and cookies were served by the hostess to seven members.

Next meeting will be May 2, in the home of Mrs. E. J. Cooper.—Reporter.

Four Students Are Honored At Tech

Four Lynn county students in Texas Tech were among those honored in the school's recognition services held at the Student Union building.

Among those honored were: Jane Shepherd of Grassland, now Mrs. Bobby Williams of Seagraves, for her high scholarship record.

Carl Gene Jones of O'Donnell and Harold Javan Schriener of Wilson for having maintained a 2.00 or better grade point average in the spring and fall semesters of 1955.

Don Brice of Tahoka as one of 35 students who have been judged outstanding in student activities.

Rotarians At District Meet

Tahoka Rotarians attending the 183rd District Rotary International conference in Levelland Sunday, Monday, and Tuesday say the meeting was the best they ever attended.

The 502 Rotarians from this district registered at the conference heard talks by Ollie Oberg of Sydney, Australia, vice president of Rotary International; Phillip Lovejoy of Chicago, general secretary of Rotary International; District Governor Rigdon Edwards of Sweetwater; Governor-Elect Rex Webster of Lubbock, and many others.

Those attending from Tahoka were Messers and Mesdames Harold Green, John Reasonover, Emil Prohl, Herman Heck.

They report that Levelland did a wonderful job of entertaining the guests.

Debate Brings Fun At Rotary Meeting

A debate on the subject "Resolved that woman's place is in the home," proved to be a hilarious program at the regular meeting of Tahoka Rotary Club Thursday noon of last week.

Dr. K. R. Durham took the affirmative and Mrs. A. M. Bray the negative, and each "brought down the house" with their humor and arguments.

The program was arranged by Truett Smith and Maurice Small, program chairmen of the month.

Congratulations:

M. and Mrs. Dale Thomas of Longview on the birth of a son weighing 8 pounds Wednesday at 11 a. m. in that city. Mrs. Thomas is the former Patsy McGinty. Mr. and Mrs. Fred McGinty are grandparents of the boy. The Thomas' have a daughter, Rebecca, age two.

Lieut. and Mrs. Carl Beckham on the birth of a son Wednesday at Killeen. The daddy is stationed at near-by Camp Hood. Mr. and Mrs. H. W. Carter, the grandparents, have been there since Monday to greet their first grandchild.

No other truck can offer you as much as a new 1956 GMC

LOOK at the facts—no matter how large or how small a truck you need, there's a GMC that fills the bill for your business.
GMC's new light-duty power plants average substantially greater displacement than the nearest competition—14.4% on 6-cylinder models and 16.2% on the V8's. Horsepower's been upped as much as 20% on some of the larger models. And the new V8's are the very latest in modern, short-stroke design.
In the new half-tonners, a brand-new fast-ratio cruising axle handles this huskier power with all the efficiencies of overdrive. You get the same crisp pace—save 2 to 4 m.p.g. on fuel. And it's an option at a fraction of overdrive's usual price.

A new ride stabilizer gives Blue Chip light-duties remarkable new riding comfort. They're far easier to handle, too, because there's no need to fight the steering wheel—even on the poorest excuses for roads.
And there's more: All GMC's now have a 12-volt electrical system for easier starting. Tubeless tires are standard equipment. And a GMC truck's boulevard styling makes it far and away the best advertisement you can run.
In short, new 1956 Blue Chip GMC's are just about as impressive a line as you've ever seen. Dollar-for-dollar values are even more remarkable. Drop by and see some of the first models—just arrived on our showroom floor.

Thomas . . .

(Con't. from Front Page)
Thomas Bros. Drug Store here for nearly 30 years before selling the store to a nephew, Wynne Collier, in 1936, and the building occupied by the store to Collier last January 1. He retired from active work several years ago.

William Otho Thomas was born November 13, 1880, in Georgia. His parents moved to Ellis county, Texas, when he was six. He graduated from Atlanta, Ga., College of Pharmacy in 1903, and returned to Ennis. In 1906, he went to El Paso where he worked in a drug store for two years. Following this he worked for five years in a drug house in La Cana, Mexico, about 40 miles south of Bisbee, Ariz.

masses and have tried to be the spokesman in the State Senate for the interests of the average man. This has brought upon me the bitter opposition of the special interest groups who seek to shape and dominate the legislative politics of our state.

I have fought for clean government. When many who are now vocal for a "clean-up in Austin" were silent I was demanding a full, thorough and complete investigation of all departments of State government including the Governor's office. Had my advice been heeded the insurance scandals would in all probability never have occurred.

I have refused to obey the dictates of certain selfish cliques and groups in this district who think it their duty to run the people's affairs. Because of this they have determined to bring about my defeat. I welcome their opposition, confident in the belief that the people want a man in the State Senate who will represent them without fear or favor rather than be errand boy of certain power-hungry big shots who want a rubber stamp Senator that will represent them and their interests rather than the voters of this district.

I have never dodged or hedged on any issue. In the last session of the Legislature I fought almost alone the greedy and corrupt practices of the political machine which has sought to dominate and control our state Government for a decade. Subsequent events have proved I was correct.

The unfair effort to saddle an ad valorem tax on the high plains counties to build dams down state had my vigorous opposition. The long filibuster which I conducted for over 28 hours contributed to the defeat of this effort. I have never yielded to the whip-lash of any pressure group be they the Avalanche Journal of Lubbock, the oil, gas and insurance lobbies, or any other crowd trying to use the office of State Senator to their selfish advantage.

Among the accomplishments of my tenure of office are the redistricting of the State for legislative purposes, the first passed since the 1920 Census, and giving West Texas its share of representation. I have supported all beneficial farm legislation including underground water legislation which established owner ship in the land-owner and local control.

The farm-to-market road program consisting of Fifteen Million Dollars a year from State funds to be matched by Federal funds has had my support. I have supported soil and water conservation legislation administered on a local level. I have supported the gasoline tax refund for farmers and oppose its repeal. During my term of office extensive school reform has had my support, including the Gilmer-Aiken Program, and I have supported more pay for public school teachers including the full \$600.00 a year pay raise. I have worked for Texas Technological College, and during my tenure the State appropriation has been roughly \$2,000,000.00 a year with a building program in excess of \$5,000,000.00. I was the author of Senate Bill 83 passed by the last Legislature creating the new 140th District Court for Lubbock County. In the tax field I have always favored natural resources taxes and have opposed all sales taxes including the Gasoline Sales Tax raised of last session.

Based upon this record I again submit to you my candidacy and renew my pledge made to you in my first campaign to render the best service of which I am capable to the fine people of this district.

Senator Corbin was reared on a farm at Lamesa. He was educated in the schools there, attended Texas Technological College and the University of Texas Law School. Prior to his election to the State Senate, he taught school and served as principal in schools at Lamesa, was licensed to practice law in 1942, and elected County Judge at the age of 23. In the Judgeship Corbin served three terms, and when elected to the Senate was the youngest member. Almost since his service in the Senate began, he has practiced law in Lubbock.

Corbin, 36 years of age, is married, and he and Mrs. Corbin have three children: Barry, age 15; Blaine, age 12; and Jane, age 11. He is a member of the Baptist Church, a 32nd degree Mason, a Shriner, Past-Master of Lamesa Masonic Lodge, a member of the Knights of Pythias, Lubbock Lions Club, the State Bar of Texas and the Lubbock County Bar Association.

Mr. Minor took great pride in his sons and their athletic careers in Tahoka High School and in college. A. J., first of the Tahoka football players, is in construction work in Washington; Jack is manager of a food store in Seagraves; James, also a star at Howard Payne College, is in the furniture and funeral business, and also mayor at Post; Capt. Max is in Shreveport and Baltimore, following an outstanding career in football and track at Texas U. and at U. S. military Academy at West Point; and Joe Don, forced to give up sports by a concussion at the University of Texas, is manager of a book store in Austin. His two daughters are Mrs. Cleve Bairrington of O'Donnell and Mrs. Albin Ratliff of Roby.

Also surviving are 24 grandchildren, 12 great grandchildren; one sister, Mrs. John Kennedy of Albertville, Ala., and two half brothers and three half sisters of the same state.

Returning to his work with textile mills, he became associated with Ely & Walker Wholesale Dry Goods of St. Louis, who bought some cotton mills, among them the Postex Mills from the Post Estate.

He was sent by his company to Post to reorganize the production and business set-up of Postex Mills. While in this capacity, he met Myrna Dean Gagnat, daughter of Mr. and Mrs. D. W. Gagnat of Tahoka, and the couple married in the spring of 1947.

The first patent of an automobile was granted to C. E. Duryea June 11, 1895.

In the summer of the same year, he joined the Gagnat enterprises here, and since has served as Mr. Gagnat's business and credit manager for the hardware and furniture store, tractor business, and automobile agency.

His education and experience has been such as to fit him well for this place in the bank, the directors feel.

Tahoka Places Second In District Track Meet, Advances To Regional

First and second place winners in the 3-A District Track and Field meet held last Saturday at Texas Tech will compete in the Region I meet being held at the same place this Friday and Saturday.

Coach Bill Haralson's Tahoka Bulldogs placed second behind Abernathy in the District meet last Saturday. Abernathy scored 52 1/2 points, Tahoka 36 1/2, Spur 27 1/8, Post 16, Floydada 14, and Slaton 6.

Don Blair of Tahoka was high point man of the meet with 16 1/2 points, and set a new district record in the broad jump of 21 feet 10 1/2 inches. He also won first in the 100 and 220 and was anchor man in Tahoka's 440 relay team which placed first.

Times in the running events were not good due to the high wind blowing Saturday afternoon. Blair's record is considered outstanding, however, in view of the fact that he had been suffering all week from a "pulled" leg muscle.

Gordon Smith placed second in the 100 yard dash behind Blair,

who ran the sprint in 10.2 seconds. Blair ran the 220 in 22.95 seconds.

Denver Ford won second in the mile run, and James Adams was third.

Karl Prohl finished third in the 120 yard high hurdles.

Gordon Smith also ran second in 180 low hurdles, Stanley Stone was fourth in the shot put, and Jerry Brown was third in the pole vault.

Tahoka's 440 sprint relay team, composed of Smith, Don Renfro, Andrew Nance, and Blair, won this event in the time of 45.6.

In the Junior High Division, also won by Abernathy with 53 1/5 points, in which Tahoka was third with 7 1/5 points, Tahoka's 440 relay team placed second, David Bray tied for second in the high jump, and John Hegi was second in the shot put.

Tahoka placed second in the Grade School Division with 24 points, behind Abernathy with 35 points.

Tahoka won the 440 relay, Tony Chapa was first in the 50 yard dash and second in the 100 yard dash, Kenneth Stice was first in the 75 yard dash, Sonny Hedge was fourth in the shot put, and Jerry Bragg was third in the broad jump and fourth in the 100 yard dash.

In literary events and tennis competition of District 3-A held in Floydada Friday, Tahoka won two second places and one third place in literary events and was runner-up in three of the four tennis events.

James Adams placed second in number sense, Mae Polk second in shorthand, and Wilma Scott third in typing.

Tahoka represented the South half of the district in competition with the North half in three of four tennis events but lost in each one.

N. E. Wood lost the boys' singles meet to a Floydada boy, and Carlton Bell and Ronnie Brooks lost the doubles match to the Abernathy team. Virginia Noble lost the girls' singles, but most girls' doubles team much comradely.

Chevrolet Clinic Coming To Tahoka

Chevrolet's modern "clinic-on-wheels" for reconditioning used cars and trucks can be seen in action at Bray Chevrolet Co. April 23, 24, 25, 26.

This unit is one of the fleet of 16 now traveling through the country as a means of explaining and demonstrating at Chevrolet dealers the latest equipment, materials and methods for quality used car and truck reconditioning, according to A. M. Bray.

Eight of the fleet are tractor-trailer units, each carrying enough equipment to completely establish a reconditioning department. The remaining eight are specially equipped panel trucks recently added to the fleet, which carry a compact cargo of 1,600 pounds of similar demonstration equipment and materials.

The eight tractor-trailers have been in operation since last October and are continuing on a schedule of clinics at Chevrolet dealerships all over the country with bookings more than six months ahead. The panel trucks have been added to the fleet to augment that work.

Instructors in charge of the 16 mobile clinics completed a most comprehensive course on all phases of reconditioning, qualifying them to advise dealer personnel on latest reconditioning methods and demonstrate the most modern equipment and materials available.

This traveling clinic program is made available to Chevrolet dealerships as another means of assuring buyers of top dependability and values where the Chevrolet "OK" symbol is displayed, A. M. Bray said.

The Lynn County News

Tahoka, Texas, Friday, April 20, 1956

Joe Unfred Is MC At Sports Show

Many Lynn county people attended the third annual Sports Show held at Fair Park Coliseum in Lubbock last week end, closing Sunday afternoon.

Joe D. Unfred of New Home was master of ceremonies for the stage show held twice daily and attended by 3,000 Sunday afternoon. He did a fine professional job in running off the show.

The show featured scores of exhibits by sporting goods houses, lakes, and resorts, the State Game and Fish Commission, and others.

The News associate editor was presented a full set of the new Hi-Stepper fishing lures which he intends to give a good trial soon.

The baits are manufactured in Lubbock by the Hi-Stepper Bait Co., owned by E. E. Slater and J. T. Tidwell. They are said to be about the "hottest" new fishing bait on the market.

He attended Tahoka High School before entering the Navy.

Former Teacher Is Home From Japan

Major and Mrs. Aubrey McWhirter, who have been living in Japan the last three years, visited his brother, Ivan McWhirter, here Friday through Sunday. They were en route to McKinney to visit other relatives, following which he will be stationed at an Airforce base in northern Michigan.

Major McWhirter has been in the Army Airforce since 1942. He formerly taught school at Midway, southeast of Tahoka, and at Dawson High, Welch.

Also visiting here were Mr. and Mrs. Eslië McWhirter and two daughters of Lubbock and Miss Lola McWhirter of Post.

CARD OF THANKS

May we extend our sincerest thanks to the people of New Home community and Lynn county during the last illness and death of Mother, for the many acts of kindness, words of sympathy, the beautiful floral offerings, and

the food brought in. We shall remember the kindness of our many fine friends and neighbors.—The Renfro families.

Mobile Reconditioning Clinic Assures Better Used Cars!

Traveling Unit at Bray's
April 23, 24, 25, 26

Chevrolet Representative Opens Reconditioning Clinic Here Today!

Warranted-in-writing OK Used Cars are made possible through modern reconditioning procedures.

What the Exclusive OK Tag Means to You

The OK Tag means that all major functional units and assemblies of your used car or truck have been inspected and reconditioned by qualified personnel to assure you a high standard of safety, performance and value. It means that we stake our reputation that each OK Used Car is all we represent it to be. OK Used Cars and Trucks are backed with our warranty in writing.

As a Chevrolet dealer, we can offer you all the exclusive benefits of the OK reconditioning program in your used car or truck purchase. As a Chevrolet dealer, we can also offer you a wider variety of trade-in makes and models... we sell MORE new cars and trucks and have MORE used car and truck trade-ins.

These Tags Mean 6 ways Better

- 1 Thoroughly Inspected
- 2 Reconditioned for Safety
- 3 Reconditioned for Performance
- 4 Reconditioned for Value
- 5 Honestly Described
- 6 WARRANTED IN WRITING

Your Sign of EXTRA VALUE!

Factory-guided methods bring low-cost efficiency.

Mobile unit supplements regular reconditioning department equipment during the clinic.

Part of reconditioning clinic fleet serving Chevrolet dealers.

In a move to bring you better-than-ever used car and truck buys, one of Chevrolet's modern mobile clinics is here this week to demonstrate the very latest methods for quality reconditioning of used cars and trucks in our dealership. Setting a new pace in the automotive field, these clinics are headed by skilled instructors who show the latest applications of modern reconditioning equipment and methods. The clinic program is designed to help us provide you with the finest reconditioned used cars and trucks you can buy. These are the cars and trucks sold to you under the famous red OK Tag and backed with our warranty in writing.

How the OK Clinic Will Bring You Better Used Cars and Trucks

This mobile reconditioning clinic is here to aid us in improving our reconditioning procedure through the introduction of the very latest techniques. The clinic embraces the 70 steps and check-points that trade-ins must pass to become OK Used Cars and Trucks. The procedure covers appearance and engine reconditioning, adjustment or repair of brakes, steering, and all other chassis units as needed. It extends to tire and battery checks, lubrication and refinishing needs of interior and exterior. Nothing is overlooked in the rigid OK routine.

You'll get a better-than-ever used car at a low price made possible only through modern reconditioning engineering. Come in and see!

Odds and Ends

(By R. L. The Elder)

My, My! Folks, The North and the East and the West and the Northwest have been doing so much to the South recently—and just keep on doing it that I feel like I ought to be doing everything possible this week to save the country; but the Supreme Court just will not take my advice, and there is nobody else who seems inclined to undertake to compel it to do so, and therefore it seems useless for me to try longer to run the country. So, this week I am going back to hit the old trail of Texas history that I was following before I got side-tracked by a northern band of politics. I had given several chapters of glamorous and glorious Texas history:

But in re-constructing and re-writing that history, I was sternly reminded that some rather malodorous and foul-looking events had occurred down in the wilderness of Texas before Moses Austin ever dreamed of the possibility and the actuality of his coming down here from Missouri for the purpose of colonizing and developing the great expanse of wilderness domain. So, I am going back now to dig up some of the blame-worthy and rather malodorous events that occurred before the coming of honest and godly white Anglo-Americans and German Christians; back to pre-historic days, but not before the Lord had piled high the Davis Mountains, and the Chisos Mountains in the Big Bend; had chiseled out the marvelous Santa Helena Canyon in the Rio Grande, cut great channels in the rocks

among the foothills of the Mountains, as channels for the waters of the Pecos and the Devil's Rivers, and had fashioned a wide spread land of hills and plain to please man's sense of beauty, and yet had seemingly turned the whole wild area over to the Devil and his inhuman Indian pagans and imps together with occasional groups of selfish and godless white men.

That is the Texas that the first civilized white men found when they came to the area before the advent of the Austins, first the father and then the son. It reminds me of one of the stanzas of that great Missionary Hymn entitled "From Greenland's Ice Mountains," written by Reginald Heber. The verse mentioned runs like this:

"What though the spicy breezes Blow soft on Ceylon's Isle;
"Though every prospect pleases, And Only man is vile?
"In vain with lavish kindness, the gifts of God are strown;
"The heathen in his blindness bows down to wood and stone."
And so does many a white man, in his heart—his sinfulness and worship of material things instead of spiritual, are close akin to paganism.

I think that the Austins were splendid Christian gentlemen, honest, benevolent, and patriotic; but Texas had become something like a "No Man's Land" before either of them came to Texas.

Rather, for a period of a few years, it seemed to be under the control of some modern-day type of Ishmaelites—wild men whose hands were against every man, and every man's hand against them. In other words it was a case of every man feeling compelled to look out for himself. For the most part every man was a stranger to every other man, and no man could trust another. That was the situation that arose speedily after President Jefferson purchased the Louisiana Territory in 1803, but it was an evanescent situation that could not last long.

Neither President Jefferson nor any other statesman of that day was responsible for that condition, however. He would have been very remiss and blame-worthy as President of the United States had he turned down Napoleon Bonaparte's offer and had declined to acquire for the United States this vast and potentially rich territory for little more than a mere song as compared to its real worth, a territory extending northwestward from New Orleans to the head of the Missouri River

and the Western boundaries of Montana and bounded on the north by British Columbia and other provinces of the Dominion of Canada, a territory out of which practically all of twelve states and half of another one were carved. (The Oregon country, comprising the territory out of which the states of Oregon, Washington, and Idaho were carved, was secured by treaty with Spain and Great Britain.)

But when the Louisiana Purchase was made in 1803, that still left a vast domain including Texas and all that great expanse of North American territory lying south of Louisiana Territory, extending from the Sabina River and the Gulf of Mexico westward and north-westward to the Pacific Ocean on the west and to the southern boundaries of Oregon and Idaho on the north, a territory about the same size of the Louisiana Territory, from which the six states of Texas, New Mexico, Arizona, California, Nevada, and Utah have been carved, a territory to which Spain still laid claim.

The purchase of Louisiana naturally attracted the attention of millions of people residing east of the Mississippi River to all this great expanse of Spanish Ter-

ritory still undeveloped and unoccupied except by various Indian tribes and a few Spanish Missionaries who had built Mission stations in Texas, New Mexico, and California, some of them a hundred years old or more, in which they had done a pretty good job of winning the Reddies to the Catholic faith. As Texas lay nearest to the inhabited portion of the United States, the keenest interest in the unoccupied and undeveloped territory centered naturally upon Texas. Therefore, immediately following the Louisiana Purchase, the adventurers, the dealers in "blue sky," all sorts of renegades, fugitives from justice, the modern type of "Ishmaelites," and some honest investigators and good men, came flocking into Texas. Some would-be empire builders were among the number. Now I want us to take a look at some of them.

Covetous eyes had been turned upon Texas even before the Louisiana Purchase was consummated in 1803. But as soon as that great transaction was perfected, schemes of conquest and subjugation broke out into the open, one of the most notorious of which was the despicable conspiracy

hatched up by that disappointed and vengeful but thoroughly discredited American politician Aaron Burr, who allegedly sought to stage a political comeback by organizing and building up a great and glamorous empire in that far-flung Spanish domain in the Southwest, whose conspiracy was discovered and exposed, but not before he had enticed some good men as well as some crooks to join in the enterprise. It is believed by some that Philip Nolan of Louisiana had been charmed by the grandiose scheme. Whether he was acting under the sinister spell inspired by Aaron Burr, whose conspiracy evidently had

"Who Knows What We'll Find!"

Dear Friends

As a part of their work in Humble's Refining Research Laboratory, Humble scientists bombard petroleum hydrocarbons with electrons in a 2-million volt Van de Graaff Accelerator.

But if you ask one of these scientists what he expects to find, he'll answer, who knows!

For this is fundamental research. Results may be quick or they may be a long time developing. Who knows?

... Perhaps the scientists will find a way to increase the yield of useful products from a barrel of crude oil.

... Perhaps they'll be able to make improvements in the fine products already supplied you.

... Perhaps they'll develop an entirely new group of petroleum products.

Who knows!

This much, however, is certain: Humble research scientists at Baytown use every device of physics, chemistry, mathematics and mechanics to provide you with more and better petroleum products.

Two quick examples: The specifications for Esso Extra gasoline, the formula for Humble Uniflo motor oil. These, without question, are the finest products you can use in your car.

not been exposed at that time, or was acting strictly "on his own", Nolan led an expedition into Texas in 1800, claiming that his purpose was to capture wild horses. Wasco was one of the points which he visited, then only a village, and still under Spanish rule. Spain had become suspicious of his activities, and a fight ensued in which Nolan was killed together with some of his twenty followers. Nine of them were captured and taken to Mexico. That is the group who drew beans to determine which one should die. Ephraim Blackburn drew the black bean and was hanged in 1807. Peter Ellis succeeded in gaining his liberty. It is not known what became of the rest of them. It is believed that they were never seen in Texas again.

Another unfortunate expedition made deep into the wilderness of Texas was the Magee-Gutierrez expedition. Augustus Magee was an officer in the U. S. Army stationed in Louisiana. Bernardo Gutierrez was a patriotic Mexican, a follower of the Mexican patriot, Father Miguel Hidalgo y Costillo, in a Revolution which Father Hidalgo had led to free Mexico from the domination of Spain. The Revolution had not immediately proved successful and at this juncture Bernardo Gutierrez contacted Captain Magee of the U. S. Army, who was intrigued by the Mexican's story, and the two joined together to raise an army and make an effort to conquer the Spanish forces in Texas. It was easy for them to enlist an army of hundreds of venturesome men over in Louisiana on the very borders of the

province of Texas. So, across the Texas line they came. This was in 1812. First they captured Nacogdoches, and on their march westward, they captured Goliad and San Antonio. In the meantime they had taken time out in the summer of 1813 to adopt a Declaration of Independence, write a constitution, and establish the seat of Government in San Antonio. So far, all things had gone well with their army, which they called The Republican Army of the North, and it had really become the supreme governing power in the land of Texas. All Spanish authority had disappeared. Then the Army proceeded on westward, and on August 18, 1813 they encountered the Royalist forces of Spain under the Spanish General Arredondo, up on the beautiful Medina River, and one of the bloodiest battles ever fought on Texas soil, followed.

The Magee-Gutierrez army of a thousand men was almost totally destroyed. Another somewhat debatable character who led an expedition into Texas in those turbulent and chaotic days was Dr. James Long of Natchez, Miss. Boundary lines between Louisiana and Texas were still in dispute in 1819, and Texas was still a possession of Spain. Dr. Long evidently hoped that some time soon Texas would be freed from Spanish rule, but fearful of the current situation, he decided in 1819 to do his best to prevent its becoming a permanent possession of that detested nation, even if he had to procure the aid of crooks as well as good men to assist him in preventing that eventuality. So, he headed an expedition into Texas, captured Nacogdoches, then made a personal trip down to Galveston to engage the services of Pirate Jean LaFitte. While he was gone his little force which he had left at Nacogdoches had been captured by the Spaniards. He fitted out another expedition in 1819, but it too proved unsuccessful, so that ended his military career about that time and for a few years prior thereto, other adventurers and breebooters made expeditions into Texas and LaFitte and other pirates plied the Gulf coast, but none of them were of very much consequence.

The boundary line between Louisiana and Texas was pretty well established by treaty between the United States and Spain in 1819, as was the boundary line up the Red River to the 100th degree of longitude, and thence up that line to the Arkansas River. But Texas had to win its independence of Mexico in 1836 by force of arms, and when the United States later admitted Texas into the Union, including the territory lying between the Rio Grande and the Nueces Rivers, which Mexico still claimed, the United States Government had to fight Mexico for that strip of land. And the Treaty of Guadalupe-Hidalgo, signed by both combatants at the close of the War, awarded a vast territory in the great Southwest to the United States—a Territory out of which nearly all of five other states were carved.

I don't know whether Moses Austin had been watching developments down in Texas or not, but I do not think so, but in 1819 he might have learned something from a French gentleman whose name I do not have but who is said to have visited Saint Louis in 1819 and possibly talked with Moses Austin while he was there. At any rate Austin seems to have made up his mind rather suddenly to undertake to plant a colony in Texas and proceeded rather hurriedly to San Antonio to investigate and to make application to the Spanish Authorities for authority to undertake the enterprise. So, it was immediately after the boundary line between Louisiana and Texas had been pretty definitely settled that Aus-

Newt Barham Owner of Farm West of Tahoka

Mr. and Mrs. Newt Barham own Mystery Farm No. 90, located 12 miles west and one south of Tahoka.

N. E. Wood was the first rural reader and G. C. Grider, the first town reader to identify the place. Only others correctly guessing were Charles Oliver and Mrs. Barham.

Newt was born and reared in Philadelphia, Mississippi. He came out to the Plains in August 1920, and rented a farm from the late Wash Hickerson in the Three Lakes area. He "batched" and farmed two years, but after meeting and courting "Dudie" Yates, daughter of Mrs. W. A. Yates and her late husband, the two decided to get married.

He bought the portion of land he now owns in 1926 and also farms a quarter Mrs. Barham inherited from her parents. All their 800 acres but 60 are in cultivation.

Mrs. Barham was born at Roby, but moved to Lynn county with her parents at the age of one year.

The couple have five children. Mrs. Jean Blackard of Clovis, N. M.; Billy Barham, now in the Air force stationed at Houston; Mrs. Jo Curry, who lives at Hale Center; N. M. Jr., who is farming

here; and John Garner Barham, who is with an oil company at Midland.

All their land is dry land, and Newt says he has not done too well the last few years. In fact, he says he would like to get on Red Cross Relief, if they would allow a farm owner to do so.

Seriously, the couple has some fine farm land which will really produce if it ever starts raining again.

J. S. Adams, 85, of Dublin, died Tuesday of last week, and funeral services were held in that city the next day. He was the father of P. D. Adams of Tahoka.

Mr. and Mrs. P. D. Adams and sons, Ray and Lester, and daughter-in-law, Mrs. E. D. (Jack) Adams, went down to Dublin for the funeral services.

On Wednesday afternoon the Needle Club met in the home of Mrs. Alice Davis. Refreshments of coffee and cake were served to eight members.

Mrs. W. J. Hancock returned Friday after spending the last few days with Mr. and Mrs. Durward Hancock and son of New Home.

The Brownfield Baptist Association held their monthly meeting at the Baptist Church Thursday night. The WMU Board meeting was held at 6 o'clock followed by a song service. Conferences for Vacation Bible School workers Nursery through Intermediate age were held at 7:15. Special music was brought by Mrs. B. E. Webb. The message of the evening was brought by Rev. S. R. Respass of Brownfield. Approximately two hundred and fifty attended.

Four young people and four adults of the Methodist church attended the district youth meeting held at Morton Saturday afternoon. Miss Joyce Church was elected district Secretary-Treasurer. A good crowd attended the talent show Thursday night to raise funds for the school band. The FFA band won first place and Miss Neita Hewlett won second place honors.

Nine members of the W. S. C. S. of the Methodist Church met Monday afternoon for their monthly program. Mrs. John Hamilton was in charge of the program and Mrs. Chester Swope and Mrs. Carl Martin discussed the last chapters in the study "Revolutionary Faith".

Mrs. Ruth Parker Was Married Sunday

Mr. and Mrs. G. C. Shaffer announce the marriage of their daughter, Ruth Shaffer Parker, to Mr. Wiley Floyd last Sunday in Abilene.

Ruth was reared here, and recently has been making her home with her parents.

Mr. Floyd was reared at Snyder. He works in the building trades in Abilene, and the couple have a new home at 2749 Texas street in that city, where they are living.

Barbara Lewis Is Shower Honoree

Miss Barbara Lewis, bride-elect of Harvey Freeman Jr. and daughter of Mr. and Mrs. Herb Lewis, was honored at a shower given in the home of Mrs. Rollin McCord Tuesday afternoon, April 10.

Hostesses, in addition to Mrs. McCord, were Meses J. C. Womack, Garland Pennington, A. M. Bray, Perry Walker, Jack Brice, Everton Nevill, George Reid, and J. W. Owens.

About fifty guests called, and the honoree was the recipient of many beautiful gifts.

Decorations and flower arrangements were carried out in the bride-elect's chosen colors of blue and white. The table was set with a white net cloth and a miniature bride and groom. Orange sherbet punch and cookies with blue and white icing were served guests by Miss Janelle Martin, assisted by the hostesses.

Miss Anna Belle Decker presided at the guest register.

Harvey Freeman Jr., to whom Miss Lewis expects to be married, is in the Army Airforce stationed at San Antonio.

Miss Roper Will Marry In May

Mr. and Mrs. Fred G. Roper of New Home have announced the engagement of their daughter, Shirley, to Lonnie Ray Hobson, son of Mr. and Mrs. Jess Hobson of Afton.

Miss Roper is a graduate of New Home High School. She attended Texas Tech and is now a student at Draughon's Business College. Her fiancé was graduated from Patton Springs High School and attended Tech.

The wedding will be read sometime in May at New Home Baptist Church.

WHARTON MOTOR CO. -- 1716 N. Main

— OLDSMOBILE PRESENTS "THE ADVENTURES OF MARCO POLO" • AN EXOTIC 90-MINUTE MUSICAL • SAT., APRIL 14 • ON NBC-TV! —

HERE'S A CANDIDATE for the most talked-about "secret" of all time! It's the secret of the smoothness—the revolutionary second coupling—in Oldsmobile's new Jetaway Hydra-Matic!

Oldsmobile first used a fluid coupling to cushion automatic gear transitions in the original Hydra-Matic Drive. And it was this famous transmission that opened the door to the whole era of automatic driving.

Now, in Oldsmobile's new Jetaway, not one, but two fluid couplings harness the go-power of the mighty Rocket Engine—soften the surge of Rocket action!

Fluid in the second coupling fills and spills with jetlike speed—cushions gear transitions so they're almost imperceptible! In other words, Jetaway seconds the motion—gives you all the flow of fluid, yet retains all the solid, thrilling go of gears!

NEW DUAL DOWNSHIFTING FOR EXTRA SAFETY!

What's more, Jetaway features new dual downshift action—at traffic and cruising speeds—to split-second the motion, too. Just wait till you try it, teamed with Oldsmobile's new Rocket Engine—240 horsepower strong, charged with a 9.25-to-1 compression ratio—delivering a breath-taking 350 lb.-ft. of torque!

JETAWAY SMOOTHNESS... BEAUTY TO MATCH!

You'll go for the glamor of Oldsmobile, too! There's massive magnificence and solid assurance in the advance-design "Integrille Bumper." It's two front bumpers in one for protection high and low—an Oldsmobile first, an Oldsmobile exclusive—more unmistakable evidence of Oldsmobile's styling leadership! And it's all underscored by Oldsmobile's ruggedly-built, quality-built chassis featuring sturdy Six-Point Suspension to increase riding comfort and roadability.

Sum it all up—performance, power and appearance—you've got to go some to equal it! Yet Oldsmobile prices start right down with many models in the low-price field—and value is right up with the highest at resale time! Stop at our showroom for a demonstration, now!
