Golf Course Is Near Completion

A meeting of T-Bar Country Club members and all other people interested in joining the club has been called for tonight, Friday, at 8 o'clock in the county court room by A. N. Norman, president, and Mrs. O. C. (Peggy) Elliott, secretary.

The nine-hole grass greens course is just about ready for play, although time will be required to get the fairways in the best of shape.

Seven greens are in excellent condition. One green, No. 9, was torn up by some vandals recently, and another, No. 8, was blown out by sandstorms. No. 8 has been replanted, and No. 9 will be ready soon. Also the No. 9 fairway has to be replanted to grass, as it was blown out.

During recent weeks, 17 trees have been planted on the golf course. Anyone having surplus trees (not Chinese elms) which they would like to donate the club is asked to call C. W. Conway, Phone 54.

Tahoka VFW recently contributed \$34.00 it had in a special fund to the club for building a shelter.

Grass is being planted in front and around the greens. Much of the grass seeded in the fairways last year is now coming along well, and a few more rains will help it give a fair turf, Norman and others believe.

Officers have hopes of having the course in playable shape by May 15.

Mrs. Ira S. Doak of Lubbock, formerly of Tahoka, was taken to a hospital Monday morning critically ill. Little hopes are held for her recovery, according to Mrs. Gladys Stokes, a close friend.

Mrs. C. T. Tankersley has been in Tahoka Hospital since Friday of last week.

Rain Monday, Tuesday Helps

Rains during the early morning hours of Tuesday and Wednesday brought much needed moisture to dry Lynn county, but not enough over most of the county for planting cotton.

Tahoka received .78 inch, while the fall varied from a half inch up to two inches over the rest of the county.

The rain put irrigation land in fine shape for planting. County Agent Bill Griffin estimated that 10 percent of the dry land received enough rain for planting.

Much of the Gordon, Garnolia, Grassland, Redwine, and Draw communities, all across the east side of the county, received from 1 1/2 to 2 inches or better. Many farmers in these areas think they have enough moisture to plant. Also, other areas including parts of the Edith, Wilson, New Home, and 10 or 12 sections north and west of Tahoka received possibly sufficient moisture to get cotton up.

Spotted all over the county, the rain was lightest in the western and northwestern part of the county.

Whereas the normal rainfall in Tahoka over a 35 year period is 3.17 for the first four months of the year, moisture this year to May 1 totaled only .64 and through May 2 only 1.42 inches.

In fact, the rains Monday and Tuesday were the first of any consequence since the 2.03 inches received October 1, 2, 3, and 4, 1955. Moisture from snow in November amounted to .12, there was none in December, only a trace in January, .54, from two snows in February, none in March, .10 in April.

For a period of nearly seven months, Oct. 4 to May 1, Tahoka had recorded only .76 of an inch, one of the driest periods in the history of the County.

However, the October rains and the February snow gave the soil a remarkable deep-season moisture, and a little more rain would place Lynn county in fine shape for a crop.

HIGHEST AWARD—The Sunday School of the First Baptist Church of Tahoka was the only recipient of the coveted Advanced Standard of Excellence award in Texas out of 3,712 congregations this year. Shown above R. H. Dilday, Associate Sunday School Secretary for Texas Baptists, is presenting the award to Robert Edwards, Tahoka Sunday School superintendent; Robert Lewis, Educational director; and Rev. J. Clifford Harris, pastor. The presentation was made at the State Sunday School Convention in Houston last week.

First Baptist Sunday School Wins Advanced Standard S. S. Award

The Advanced Standard of Excellence, highest award possible from the Southern Baptist Sunday School Board in Nashville, Tenn., has been presented the Sunday School of the First Baptist Church of Tahoka.

The Tahoka Church is the only one in Texas to reach this Standard this year of more than 3,700 churches.

The award was presented Robert Edwards, Sunday School Superintendent, Robt. N. Lewis, Educational Director, and J. Clifford Harris, pastor, at the Texas Baptist Sunday School Convention at Houston last week.

Reaching the requirements for this award represents two years of intensive study on the part of all officers and teachers, and illustrates the fine spirit of cooperation of all enrolled in the Sunday School in being willing to organize six new departments and 11 new classes, completely grading the entire Sunday school on the age basis with small classes and more teachers.

The Advanced Standard organization in the Sunday School of the First Baptist Church now includes 18 departments: four nurseries, one beginner, three primary, two junior, two intermediate, one (Cont'd. on back page)

About 80 athletes and the coaches will be honored at the affair, and 120 tickets will be available to the general public at \$1.50 per plate. These tickets may be obtained from any director of the Chamber of Commerce, or President Herman Heck or Secretary Otis Spears.

Frank Kimbrough, head coach of West Texas State College, will be the principal speaker. He is one of the most popular such speakers in the area, and a good program is thereby insured.

At the C. of C. meeting, several other projects were discussed. Also, there was a discussion of projects the C. of C. may sponsor this year as determined by a poll recently taken of members.

BENEFIT SALE SET FOR TAHOKA BAND

Profits from sale of Betty Crocker cake mixes at all the Tahoka food stores on five days, May 11 through May 15, will go to the Tahoka Band Mothers to be spent on the Tahoka Band.

He is survived by his wife; three sons, Henry Shelton of Coleman, Dumas Shelton of Tahoka, route 5, and George Shelton of West Covina, Calif.; two daughters, Mrs. J. L. (Pauline) Schaefer of Colorado City and Mrs. Billy (Evelyn) Durham of Snyder; and 13 grandchildren. One son, Aubrey passed away April 24, 1950.

Lynn County Soil Conservation District News

K. K. MOORE ELLIS BARNES

The week of May 6-12 is Soil Conservation District Week in Texas. It begins on Soil Stewardship Sunday, May 6, when many churches will hold special services to recall man's duty to the land. During the rest of the week, most SCDs will present special tours, programs and field days to publicize District accomplishments and objectives.

Texas has 172 soil conservation districts which embrace 96 percent of the land area of the state. These Districts represent the greatest force—and the first organized, locally-controlled force—for the conservation of soil, water plants and wildlife.

Each soil conservation district was organized only after landowners of the area voted to have such a district. SCDs are legal subdivisions of state government, comparable to counties and school districts, but they have no taxing power. Each is governed by a board of five supervisors who must be landowners themselves and who are elected by farmers and ranchers of the District.

A soil conservation district helps its cooperating farmers and

ranchers plan and apply conservation measures on their land. Following a master plan which was carefully prepared by farmer and rancher committees, each District works toward the goal of completing conservation for all the land in the District. Supervisors function as a co-ordinating body to stimulate and guide the efforts of local groups and individuals toward achievement of the District goal. Technical assistance is provided by various agencies, such as Soil Conservation Service, Extension Service, Forest Service, and Vocational Agriculture teachers.

Any landowner can become a SCD cooperator by applying to the board of supervisors. Becoming a cooperator does not involve any financial obligation. Texas SCDs now have 172,000 farmer and rancher cooperators, and the figure grows by 15,000 each year. Last year these cooperators covered 1,180,000 acres and stubble-mulched 256,000 acres of Texas land. They controlled brush on 1,222,000 acres and had 6,963,000 acres under deferred grazing. They built 10,700 miles of terraces, 7,540 miles of waterways, built over 10,000 ponds and leveled 74,000 acres of land for proper irrigation.

Supervisors of the Lynn county SCD are Kay Moore, Elmer Blankenship, Ellis Barnes, O. E. Terry, and Walter Dubree. The district has 811 cooperators.

Five Farmers At Purina Farms

Two local farmers and three farm boys were guests of Dale Thuren Farm Store and Ralston Purina Company recently on a trip to Purina Research Farm at Gray Summit, Mo., and research laboratories in St. Louis, leaving here Saturday, April 21, and returning Wednesday, April 25.

The men were O. E. Terry and E. A. Howie, a part of whose expenses Mr. Thuren paid, and Walter Terry, Denver Ford, and Hilton Wood. The boys qualified for the trip with club stock fed on Purina feeds which won reserve and grand championships at the Junior Livestock Show at Lubbock either last year or this year.

Sunday, the group saw a double-header game in St. Louis between the St. Louis Cardinals and the Milwaukee Braves as guests of Purina. Monday, they visited the 738-acre research farm to check results of experiments conducted there in livestock and poultry feeding and management. They had

two meals at the farm cafeteria, and that night they saw a top-notch vaudeville show at the farm put on by employees of the farm Tuesday morning, they visited the research laboratories at Checkerboard Square in St. Louis.

Naturally, they all had a great time and declare they learned much that will help them in the future.

Mr. Thuren says he has a policy of sending any boy who feeds his animal entirely with Purina Supplements and then wins the area show with his animal of sending that boy to the farm. Larry Means of Wilson has such a trip coming which he hopes to take when he gets a little older.

Three Report On Rotary Meeting

Three local Rotarians, Herman Heck, Dr. Emil Prohl, and John Reasonover, reported on the 183rd District Conference held in Levelland April 15-17 at the meeting of the Tahoka club Thursday noon of last week, attended by 502 Rotarians and Rotary Anns from 40 clubs of the district.

Clint Walker reported on the progress of the Little League, and Herman Heck explained that the park was financed mostly by the City of Tahoka from the Elliott Estate fund but that the outfield fence was being built from proceeds from advertising on the fence.

Winston Wharton was in charge of the program.

President Harold Green announced the Tahoka club's attendance average for March was 96.25 slightly above the district average but not high enough to get among the district honored "high ten".

PETTY HANDI WOR CLUB HOLDS TWO MEETINGS

Petty Handiwork Club met in the home of Mrs. Oris Smith on April 29 with nine members. There were two previous members who re-joined, Mrs. Louella Hodges and Mrs. Myrtle Hemmeline.

Mrs. Gertrude Schuknecht was surprised with a birthday cake. Games of 42 and canasta were played.

Names were drawn for new Secret Pals, and Secret Pal gifts were exchanged.

Refreshments of cake and cokes were served.

The club met with Mrs. Bernie Wright on April 12 with seven members present.

Odds and Ends

(By E. I. The Elder)

There is an article in the current issue of the Reader's Digest entitled "Around the U. S. With Seven Reds" which I wish every voter and every college student in the United States might read. The author of the article is Frank L. Kluckhohn, foreign correspondent of the New York Times, who had visited many foreign countries and had reported world news for that great newspaper for fifteen years. When seven self-acclaimed Russian purnalists appeared last October by pre-arrangement to travel over the United States for the pretended purpose of learning more about our great country and to cultivate a friendlier spirit between their country and ours, Mr. Kluckhohn as an American journalist was asked to accompany them not only as a courtesy to them but also in order to help them to see America as she is. His report of that experience is published in the Reader's Digest, as stated above, and now I am going to give my readers a part of the opening paragraph of that report. After reading the whole article, I think that you will agree that the advice given by Jesus of Nazareth as it

appears in Matthew 7:6 is perfectly applicable and opportune at this time for the American people to consider: "Give not that which is holy unto the dogs, neither cast ye your pearls before swine, lest they trample them under their feet, and turn again and rend you."

Paul said that the Creteans are always liars, evil beasts, lazy gluttons, but Kluckhohn says that not only are those Russians unconscionable liars but that they are trained deceivers, experts at the art of lying, and only laugh hilariously if you tell them so. I am going to quote verbatim the latter part of his opening paragraph, to give you a slight idea as to what he thinks of them:

"So, for over a month I lived almost around the clock with them. The trip left me wondering how it is possible to deal with people who see only what they want to see, blatantly pervert the truth, who break their word and go to any length to propagandize their cause."

"Each member of the group, like his leader, Boris Kampov-Polevoy, had a mental iron curtain. They acted to every situation according to the Communist Party line; talking to them was like talking to a brick wall."

Then he gave some of the examples of their smooth methods of putting out their deceitful propaganda, and then observed: "Without exception Americans ate it up, accepting it at face value as an act of friendliness."

After going on in this manner for four pages exposing the perfidy and the treachery and the hypocritical flattery of these self-acclaimed "journalists" innocently (?) seeking information for improving their own country, and "After reading their reports and transcripts of what they said in their broadcasts since their return to Russia," Mr. Kluckhohn concludes, "I have reluctantly concluded that they, not we, obtained all the benefits of their visit."

Read the entire article and I think you will see the folly and the futility of our trying to cultivate the friendship of such a

nation of people. I think that you will conclude that the Lord does not want his people to cultivate the friendship of people like that, for not only are they consummate liars and evil beasts but they are also immoral and blatant atheists, who—teach and practice "free love"—anti-Christ they are in spirit and in practice; the Bible tells us so. I John 2:18; 2:22-23. No, I don't think the Lord wants us to commute with and hug to our bosoms such beastly cattle as these. Religionists who are today preaching such stuff should better be preaching the gospel.

Now, I have another newspaper clipping, rather lengthy but exceeding informative and peculiarly opportune for use at this particular time, that I have decided to use it in this column this week. The Moral is: The North should practice what it preaches. It should quit calling the Southern Kettle black until it wipes the smut off of the Northern Pot. It should quit picking motes out of Southern eyes while it leaves untouched beams as big as saw-logs in its own eyes.

This article is clipped from a recent issue of the Fort Worth Star-Telegram under a New York date-line. It speaks for itself; read on, brother New York, April 22 AP—Editor in chief Grover C. Hall Jr. of the Montgomery (Ala.) Advertiser said Saturday night discrimination against Negroes is an American problem rather than just a Southern problem.

"There is an exasperating failure of the American Press," he charged, "to present a faithful, unsparring picture of American race disharmony from New York to Los Angeles."

"It is a sorrowful but evident fact—not yet adequately grasped or reported by the press—that wherever the Negro migrates in significant numbers, he encounters rejection, overtly and legally in the South, covertly and illegally in the North."

Hall made his remarks in a speech at the banquet of the fuckleberry Indians, a social group within the New York Athletic Club.

The Northern "Abolitionist" press, Hall said, has created a stereotype of the racial issue, "whereon we see that segregation is newsworthy when it occurs in de land o' cotton, that the South and segregation go together like spaghetti and meat balls... Negro brides Out—He said this "dereliction in nationalizing the discrimination story could be redeemed with swiftness if defensive Southern editors and publishers would rise from their hams, give some positive stimulation to the stereotypes of the Associated Press, and send their own staff writers to the North to write the virgin story."

Hall said that only once in 125 years has the New York Times published in a city where live more than 1,000,000 Negroes, carried a picture of a Negro bride on its society pages.

"That auspicious event occurred on September 10, 1954" he said, "and at the Times office they give you that date out of hand like an Englishman giving the date of Hitler's blitz."

He further said that in what he described as the "South baiting" St. Louis Post-Dispatch, "the Negro bride is also left waiting at the Altar."

"In Los Angeles," he continued, "The Los Angeles Times refuses to run Chinese brides. And since there is a great deal of friction in Los Angeles, I assume that a Negro bride's picture hasn't got a Chinaman's chance."

Hall accused the Northern press of failing to make an issue of cities like Dearborn, Royal Oak, and Wyandotte, Mich., where he said "not a single Negro resident is permitted."

"Near Chicago," he said, "there is, for example, Trumbull Park, where every day 93 policemen are required to guard the lives of 30 Negro families. In all Alabama, there is not a single Negro family in need of police protection."

Hall said that recently "when 500 Detroit suburbanites tossed stones through the home of a family thought to be Negro, not one of the three Detroit papers played up the story on page 1, as they did when Authorine Lucy, Negro co-ed was expelled from the University of Alabama."

"I found, on examination of the three Detroit papers, that what is a 'mob' in Alabama is delicately referred to as a 'crowd' in two of the papers," he said.

The Alabama publisher said segregation as a national rather than a Southern problem will "not achieve a sudden, tidy Hollywood ending" as a result of the 1954 U. S. Supreme Court decision against segregated public schools. "Nevertheless," he said,

"We Southerners rejoice in the expectation that the hard lot of the Negro will continue to ease."

That, we claim, is a powerful indictment of Northern politicians, social leaders, and haters of the South generally, who never miss a chance to point the finger of scorn at the South and to heap abuse upon Southern people generally for the "heinous crime" of practicing segregation of the races in the public schools, public parks, public conveyances, and imposing upon them the dubious doctrine and practice of "Integration" of the races in all public places.

And yet some of our Texas politicians are advising every body to fall in line and supinely submit to the spiteful punishment that the North and other sections of the country are now seeking to heap upon us.

Worst of all, some Southern Democratic leaders in Texas, are going out of their way to help these narrow-minded Northern politicians to put the despicable scheme over.

Sam Rayburn is an astute politician. As speaker of the lower house of Congress he has served the Democratic Party well. But he holds his position by reason of the fact that he has sought and gained the support of Northern as well as Southern Democrats. He wants to continue to hold that job. To do so, he must continue to hold the support of Northern Democrats. He is working to that end right now. He knows that there is no more chance for Lyndon Johnson to be nominated for President of the United States than there is for the cow to jump over the moon. If the Northern Democrats should get behind him and nominate him it would be because he too, to all intents and purposes, has become thoroughly Northern too. But before he could be nominated even then he would have to defeat in the Democratic National Convention a bunch of candidates as thoroughly Northern as the Adirondack Mountains, the St. Lawrence River, the Polar bear, or the igloo-dwelling Eskimos. Stevenson is not out of the running yet, even if Kefauver of Tennessee seemingly has crowded him almost clean off the race track. Kefauver has done that only because he treacherously turned his back upon the South and virtually announced himself as a dyed-in-the-wood Northerner. He

declared himself to be against segregation and for integration of the white and the colored races. Symington of Missouri is believed to have the quiet support of Harry Truman, but in my opinion Harriman of New York will outdistance all of them when voting time comes in the Convention. He will probably have New York, New Jersey, Pennsylvania, and all the New England states behind him on the first ballot. He is distinctly a new dealer and will have the active support of the Franklin D. Roosevelt family and clan from the very start, in my opinion.

Speaker Sam Rayburn does not expect Lyndon Johnson to have a chance to be nominated for President. You will notice that he linked two jobs together when he proposed the name of Johnson, one as the leader of the Texas delegation to the Democratic National Convention and the other as Texas' choice for the Presidency. The second proposed objective will help, it was believed, to put

him over as the leader of the Texas delegation to the national convention, and in that way he will defeat Shivers and the entire Southern cause; and that is Sam Rayburn's main objective. I am not going to be a party to any such a diabolical scheme. "As for me and my house, we will serve the Lord."

In the meantime whether the Supreme Court keeps on outlawing "state's rights" and keeps on concentrating more and more power in Washington, or somebody calls a halt and sets the drift in the other direction, most of us Southern people are in favor of affording the Negroes among us better educational facilities and opportunities, and we will do it if the Supreme Court will let us alone.

There is one thing that nobody can take away from us; that is our love of the Tahoka daisies. In spite of the dry weather, they

are now blooming in favored spots all over Tahoka, and in some otherwise unattractive areas there are patches of them just as glorious as fields of bluebonnets in South Texas. Help to spread the Tahoka daisies, folks.

Miss Barbara Lewis Becomes Bride of Harvey Freeman Jr. In Church Rites

Misses Barbara Jean Lewis, daughter of Mr. and Mrs. Herbert C. Lewis, and A/1c Harvey Crume Freeman, son of Mr. and Mrs. Harvey H. Freeman, were united in marriage Sunday at 3 p. m. in the First Baptist Church.

The double ring ceremony was read by Rev. Clifford Harris, pastor, before an altar decorated with baskets of white gladioli, greenery, and candelabra.

Miss Sylvia Ruth Edwards, cousin of the bride, played traditional wedding music on the organ and accompanied her father, Boswell Edwards, uncle of the bride, as he sang "Because" and "The Lord's Prayer."

The bride was given in marriage by her father. She wore a waltz-length gown of imported cotton lace over taffeta. Designed with a portrait neckline, the fitted princess style bodice had three-quarter length sleeves and a fitted midriff accented with a jeweled pin. Her short veil of silk il-

lusion was joined to a tiny hat of embossed velvet dotted with seed pearls. She carried a bouquet of calla lilies atop a white Bible.

Miss Mona Raye Lewis attended her sister as maid of honor. She wore a ballerina-length dress of white nylon organdy taffeta fashioned with an all-over tucked bodice attached to a fan-pleated skirt. A wide cummerbund of pastel blue accented the waistline and tied in the back with a large bow. Her headdress was a pale blue bandeau-type cap of pleated braid with a nose veil, and she carried a nosegay of pale blue Dutch iris.

Candlelighters were Miss Virginia Ann Boles and Zenda Yvonne Buck of Taos, N. M., cousins of the bride.

Harvey H. Freeman served as his son's best man. Ushers were Doyland Lewis, nephew of hte bride, and Jerry Lynn Freeman, brother of the bridegroom.

The reception was held in the

New Home placed second in the annual District 2 Neighborhood Progress Contest sponsored by Farmer-Stockman Magazine. Pleasant Valley community of Lamb county placed first, and Harmony community of Floyd county was fourth.

New Home is already planning to enter the contest again next year with the expectation of winning first, according to Joe D. Unfred.

Judges spent Thursday of last week touring the New Home community, and announced their decision on Friday.

The judges were W. H. Jones of Lubbock, District extension service agent; A. B. Slagle of Lubbock, editor of Southwestern Crop and Stock; Miss Mildred Cox and J. A. Foy, home demonstration agent and county agent, respectively, of Terry county.

New Home people escorted the judges on a tour of the community Thursday morning, inspecting remodeling at the Clyde Ashcraft home; compost burr pits at Petty Gin; the underground water recharge pit at Petty; bench leveling, Austrian winter peas and other farming operations at the Joe D. Unfred place; exterior remodeling at the Roy L. Williams home; diversified farming and bench leveling at the B. A. Morrow farm; the new home of N. B. CARD OF THANKS

Our deep appreciation is extended to the many friends and other kind citizens of Lynn county for the words, cards, and letters of comfort, the floral offerings, and the other acts of kindness during our grief over the loss of our loved one. May God bless each of you, is our prayer.—The family of J. G. Shelton.

Mrs. McLaurin Makes Statement

Several months ago Mrs. Beatrice McLaurin, Lynn County Commissioner of Precinct 3, authorized the News to announce her candidacy for re-election to that position subject to the Democratic primaries this summer.

Following is her formal announcement.

Mrs. McLaurin is 37 years of age and has two children, Johnny, 17, a Junior in High School, and Fran, age 8, and in the second grade. She is a member of the O'Donnell Methodist Church and a member of the P. T. A.

She has in her Precinct the following:

- 1 D-7 Caterpillar tractor and dozer.
- 2 Johnson Grass Poisoners.
- 1 1951 Ford Pickup.
- 1 1954 Ford Pickup.
- 1 1955 Chevrolet Pickup.
- 1 1948 Chevrolet Dump truck.
- 1 Rome Diesel Motor Grader.
- 2 Caterpillar Diesel Motor Graders. One equipped with Do-Mor elevating Grader.

The financial statement of the precinct shows \$17,500.18 in cash deposits and a debt to the First National Bank of O'Donnell of \$4900.00

In closing her statement to the precinct Mrs. McLaurin said:

"I am indeed grateful to the people of this precinct and want to take this opportunity to thank each of you for such wonderful cooperation in the past. It has been a pleasure and honor indeed serving you. In soliciting your vote I will endeavor to serve you in the future to the best of my ability to the betterment of Precinct 3 and Lynn County. I expect to see each of you before the primaries."

Mrs. Hancock Is Accident Victim

Mrs. N. B. (Billy) Hancock received a badly broken left arm in a peculiar accident at her home west of New Home Friday. The member was set and placed in a cast at Tahoka Hospital.

The car had been parked partially in the garage, when she noticed it started to roll. She ran to get in the car and throw on the brakes, but she was a second late. As she opened the car door, her arm was caught between the door and the garage door and the bones were literally snapped in two.

WCS WILL HAVE LUNCHEON

The Women's Society of Christian Service will have a luncheon and pledge service at noon Monday, May 7th in Fellowship Hall of the Methodist Church. Mrs. W. H. Eudy will give the program.

All ladies of the Church are invited to attend.—Secretary.

R. L. Craig, who lives north of Central Church, reports his gauge measured 1.9 inches in the rains Tuesday and Wednesday.

Marvin Wood is now reported to be recovering nicely from his recent injuries, followed by pneumonia.

LYNN COUNTY TRACTOR COMPANY

Be sure of a stand of small grain...

KILL ALL SPECIES OF WIREWORM WITH A SINGLE

dieldrin seed treatment

NEWLY SEEDD FIELDS make good feeding grounds for true and false wireworms and other soil insects. If there is not enough moisture in the soil to permit quick sprouting, seeds are vulnerable to insect attack for several days. But the threat of wireworm damage should be recognized at all times.

A dieldrin preventive seed treatment is a sure way to protect small grain seeds until they sprout.

LOW-COST PROTECTION

It costs just pennies per acre to treat seed with dieldrin, but dollars per acre to feed the wireworms untreated seed! A dieldrin seed treatment prevents "spotty" stands... eliminates the expense of time and money for re-planting or sowing extra seed for the wireworms to feed on... assures you of a longer

grazing period. And dieldrin does not harm plant development.

COMPATIBLE WITH FUNGICIDES

Dieldrin is compatible with fungicides... can be applied at the same time to save the expense and work of a double treatment. You can buy dieldrin-treated seed from your seed dealer, or treat the seed yourself. Dieldrin can be applied as a slurry, dry, or in a grain drill. A convenient method is to apply dieldrin to the seed in the grain drill as you plant. Follow directions on the label for the particular formulation you buy.

LESS WORK AT PLANTING TIME

Seed can be treated now and stored until planting time. Dieldrin eliminates the rush of treating seed and planting within a few days. Dieldrin formulations are available throughout the small grain growing area. See your local supplier.

W. D. Harmons Visit Old Kansas Home

Mr. and Mrs. W. D. Harmon went up to his old home at Sedan, in southeastern Kansas, last week end to help his mother celebrate her 79th birthday on Saturday and to see his 82-year-old dad.

Mr. Harmon says he and his dad have two little oil wells on an 80-acre tract they own there, and a third well is being drilled. However, the two produce only 5 to 15 barrels of oil each daily, and he has little hopes of getting rich from them.

W. D. is manager of Poka-Lambro Rural Telephone Cooperative.

Appliance Dealers Guests At Dinner

Local electric appliance dealers were guests at a dinner given by Southwestern Public Service Co. Monday night at Club Cafe. Brief talks were made by John Reasonover, local manager, and Nolan Swain and Frank Lee of the company utilization department of Lubbock on electric ranges and hot water heaters, which will be featured in the firm's advertising the next few weeks.

Mrs. M. V. Sikes was reported slightly improved at Tahoka Hospital Thursday morning.

Baptist S. S.

(Cont'd. from Front Page) Young People (single), one Young People (married) and two adults departments. A Cradle Roll and an Extension Department ministers to those people who for some reason are unable to attend on Sunday morning. There is also a Mexican Mission Sunday School.

A total of 135 officers and teachers work in these departments. Better than 80 of these have earned their Sunday School Workers Diplomas, indication that they have completed the study of at least four study courses that are basic in teacher training. A total of 826 awards have been earned by workers in the past two years.

The following is a quotation from a letter from the Sunday School Board of the Southern Baptist Convention: "Congratulations to you and your fine corp of workers upon your remarkable achievement of having attained Advanced Standard recognition. This is an achievement which will bestow great benefits upon your church and community because it is an indication that you are doing more efficient Sunday School work."

"Your church is the second one to be recognized for Advanced Standard for this year (there are better than 30,000 Sunday Schools in the Southern Baptist Convention), so you can see that it really is an achievement. "Sincerely yours, Herman L. King."

In the near future, R. H. Dilday from the state office in Dallas, will make the personal presentation of the award to the church.

The Sunday School workers are now making plans to try to raise the Sunday School attendance to a normal attendance of 500. During the last two months, the average total attendance in the main school and mission has been approximately 430.

BARBARA ROBERTS WILL BE MARRIED SOON

Mr. and Mrs. H. H. Roberts announce the approaching marriage of their daughter, Barbara Ruth Roberts, to Frankie Royce Jones, son of Mr. and Mrs. H. P. Jones.

The wedding will take place at the Central Baptist Church on June 1st. at 8:00 p. m.

The bride-elect now attends Tahoka High and the bridegroom is employed at Furr's Super Market in Brownfield.

Boys Working Out For Little League

Work-outs were started Monday afternoon by Little Leaguers 10 years of age and under and were to continue Thursday and Friday afternoons.

Boys 11 years of age will work out next Monday and Tuesday, and those 12 years of age will work out next Thursday and Friday.

Other details preceding the season openers on May 28 were worked out at a meeting of League officials and team managers on Monday night, according to Clint Walker, League president.

Plans are also being discussed for a Pee-Wee league for those boys unable to make the Little League teams.

Beginning May 28, there will be two games each on Mondays and Thursdays during the league season.

Johnny Wells, player agent, has set Friday, May 18, as the time for the player auction, when the four managers will bid on players. Each team will be made up of five 12 year olds, five 11, and five 10 or under.

Team work-outs will begin on Monday, May 21.

Wells says that of the 130 boys registered, 72 are in the 10-year or under class, 29 are 11 years old, and 28 are 12 years of age. Three were ineligible because of being too old.

A number of the boys have not yet presented birth certificates, which must be shown under National rules before a boy can play. Also, a few applicants did not get a parent's signature on the application blank, which is also necessary. Wells says May 15 is the deadline for complying with these two rules. He should be contacted at Tahoka Drug on these two requirements between now and May 15, or the boys not meeting them will not get to play this summer.

Managers and coaches are as follows:

Cubs: Jess Gurley, manager; Robert and "Dub" Harvick, coaches.

Yanks: John Houk, manager; Jack Davis and Reuben McElroy, coaches.

Cardinals: Dean Taylor, manager; Roy Harvick and James Huey, coaches.

Giants: Richard Havens, manager; Gordon Smith and Charles Verner, coaches.
