

Drop In Lynn County Water Level Is Shown

The portion of Lynn County within the boundary of the High Plains Underground Water Conservation District No. 1 contained about 780,000 acre-feet of ground water available for pumping in January 1956. This portion of Lynn County contained about 1,140,000 acre-feet of ground water available for pumping in 1938, and about 360,000 acre-feet, or 32 percent, of the water was pumped from 1938 to 1956.

About 156,000 acres of Lynn County are within the boundary of the Water District. The accompanying maps were prepared from data compiled from a study of about 650 logs of water wells and about 200 measurements of water levels in wells.

The map in plate 1 shows the thickness of the water-bearing strata in the Ogallala formation in 1938 before an appreciable amount of water had been pumped from the reservoir. The map in plate 2 shows the decline of the

water table from the spring of 1938 to January 1956.

The volume of water remaining in the underground reservoir was determined by subtracting the volume of material unwatered since 1938 from the total volume of saturated material in 1938 and multiplying the remainder by the coefficient of storage of 15 percent.

The approximate quantity of underground water in storage, available for pumping, beneath an individual farm may be determined by multiplying the number of acres in the farm by the thickness of the water-bearing strata underlying the farm then multiplying by the storage coefficient of 15 percent.

Suppose the farm consists of 160 acres and has 150 feet of water-bearing strata underlying it, then 160 acres x 150 feet x 0.15 percent equals 3600 acre-feet of water available for pumping. An acre-foot of water is the quantity

Troy B. Cowan Buried Monday

Troy B. Cowan, 77, one of the first settlers of Lynn county, died at his home in Lubbock Sunday morning following a long illness.

Funeral services were held Monday at 4 p. m. in Asbury Methodist Church, with Dr. C. A. Bickley, retired Methodist minister, officiating, assisted by Rev. D. A. Ross and Rev. John English. Burial was in Tech Memorial Park.

Mr. Cowan was born August 1, 1878, in Erath county. He went with his parents, the late W. C. Cowans, to Howard county when he was 12 years of age. The family came to Lynn county in 1901, before Tahoka was started, settling southeast of the present town.

He was married to Miss Rosa Lee Womack of Mitchell county in 1902, and the couple later returned there to live several years.

His father was one of the first farmers of the county. Both he and his parents were here when the county was organized in 1903.

They moved from Tahoka to Lubbock in 1931 so the children could attend Texas Tech. He was a member of the Methodist Church, and was active in Asbury Church in Lubbock.

Survivors include his wife; three sons, T. Cowan of Fort Smith, Ark., Coleman Cowan of Lubbock, and Sherman Cowan of Big Spring; two daughters, Mrs. J. H. Lane and Mrs. Neal Bryant, both of Lubbock; four sisters, Mrs. Lula Warren of Amarillo, Mrs. Bertie Humphries of Chicago, Mrs. Anna Cain of Long Beach, Calif., and Mrs. Charles Harter of Canyon; 40 grandchildren, and 10 great grandchildren. He has a number of more distant relatives in Tahoka. Three sons preceded him in death.

Snow Goose Takes Up Residence At Lynn County Farm

A snow goose, very rare in these parts, created a mild sensation a few days ago when he (or she) took up residence at the Roy Blevins place between Petty and New Home.

Thinking the bird might be one of the rare whooping cranes, Roy notified Sheriff "Booger" Redwine, and the latter notified the Federal game warden at Lubbock. On viewing the bird a few days ago, the game warden identified it as a snow goose.

A snow goose is very similar to a whooping crane, but does not stand so high. The goose at Blevins' place has a white body, black wing tips, a bill like a duck, and a red head-top.

Even at that, it is strange that a snow goose would take up here, unless it be that after traversing a lot of dry land he liked the looks of Blevins' irrigation ditches, where he likes to roam.

Former Citizen Dies In Iowa

Robert Riley (Bob) Sanders, 76, an old time citizen of Tahoka and a brother of Joe Sanders and the late D. Sanders, died April 8 at his home in Lineville, Iowa.

Bob Sanders filed on land six miles east of Tahoka 52 years ago, Mrs. D. Sanders states. The place is still owned by Joe Sanders of Tahoka. He also helped build the first court house Lynn county had. He and his wife visited here two years ago and met many of their early day friends.

Mr. Sanders was born in Peoria, Texas, Dec. 23, 1879. He united with the Methodist Church at the age of 14. After living at and near Tahoka a year or two, he returned to Collin county and was married on February 19, 1905, to Rosa Bell Evers. They moved to Iowa in 1906.

He is survived by his wife, eight children, 18 grandchildren, three great grandchildren; three brothers, Tom of Hillsboro, Joe of Tahoka, and Oscar of Littlefield; and one sister, Mrs. Hattie Henderson of Rising Star.

Mrs. Dolly Curry and Mrs. Bernice Jennings, both of Amarillo and daughters of the late Mr. and Mrs. Wash Johnson, were here Monday visiting Mrs. M. V. Sikes, ill in Tahoka Hospital, and Mr. and Mrs. J. E. Dulin.

Wilson Co-op Gin Meeting Saturday

Wilson Cooperative Gin will hold its annual meeting Saturday at 2 p. m. at Wilson School building.

Directors will be elected, reports made, and dividend checks distributed. Refreshments will be served.

The gin bought the Wayside gin this past year. It has made extensive improvements in the Wilson plant, and expects to further improve the Wayside gin.

CARD OF THANKS

Words seem inadequate to express our thanks for the many acts of kindness and comforting deeds rendered by our neighbors and friends during the illness and death of our husband and father. Your thoughtfulness has made our grief less hard to bear. God's richest blessing be yours!—Mrs. A. A. Huff and family.

Hammonds Wins Tractor Contest

Cecil Hammonds, Jr., was winner of the Lynn County 4-H Club tractor drivers contest held here Saturday, and will represent the county in the district contest at Lubbock this Saturday.

Denver Ford placed second; Joe Roper, third; Sonny Hedge, fourth; and Ronald Wyatt, fifth. There were ten entered.

Held in connection with the contest was a tractor maintenance school, attended by twenty boys, in which the instructors were Joe Wayne Roper, B. L. Hatchell, John Hansard of Brownfield, C. E. Roper, and H. B. McCord Jr.

Lunch was served at noon by McCord Butane and Bill Balch. County Agent Bill Griffin was director of the contest and the school of instruction.

Jim Wetsel of Cross Plains was here a few hours Monday visiting old friends. The Wetsels moved from Tahoka to Cross Plains in 1942.

Tech Educator Rotary Speaker

Dr. Morris Wallace, head of the Education Department of Texas Tech, was the speaker at Tahoka Rotary Club Thursday noon of last week.

Using the subject, "Education of Your Children—An Investment, Not an Expense," Dr. Wallace used facts and figures to prove his points.

"You have never spent a dime for education in Tahoka," he said. "Each dollar invested in education has rendered you greater dividends than anything you ever invested a dollar in."

Using Bureau of Census figures he said the average American citizen with only four years of elementary education earns an average of only \$1600; eight years, \$2800; a high school graduate can expect to earn \$3700; and a college graduate, \$5600.

The program was arranged by Maurice Small, and Otis Spears introduced the speaker.

Wynne Collier gave the induction talk to a new member of the club, Ray Hopkins.

Johnny Reasonover announced the forthcoming Rotary Assembly which will be held in Floydada and attended by all club officers of the 183rd Rotary district.

Donkey Ball Game Saturday

There will be a donkey ball game Saturday night at 8 o'clock at the Jaycee ball field in City Park to raise funds for the Jaycee Softball Park fund. Admission prices are 50 and 25 cents.

Local people will attempt to ride the stubborn, tricky little donkeys, and an evening of spills, thrills, and laughs is promised. A feature of the entertainment will be a midget cow in the shortstop position.

Work on the park is now complete, except for painting the concessions.

The Jaycees have built a fine softball park, complete with a level playing field, lights, backstop and retaining fence, and concessions stand, all for a total cost of only \$527.00.

Most of the labor has been furnished by the Jaycees, and much of the equipment has been donated. The Jaycees still owe quite a little sum of the above amount which they hope to repay with the donkey ball game, from concessions, and other benefit games.

The lights cost them \$392.00, material for the backstop \$140.00, hooking up electricity \$50.00, materials for concessions stand \$25.00, and miscellaneous \$20.00.

Johnny Reasonover and Southwestern Public Service have contributed \$25.00 cash to the fund.

Barbara Finley Marries Minister

Miss Barbara Finley of Abilene and Glen Basinger of Ennis, both students in Abilene Christian College, were united in marriage Thursday night of last week in a ceremony read by Minister J. W. Nichols in the Highland Church of Christ of Abilene.

The bride was given in marriage by her father, J. Douglas Finley of Tahoka. Miss Barbara Hart of Abilene was bridesmaid, and the bride's younger brother, Jim, was ringbearer. The bridegroom's twin brother, Bill Basinger Ennis, served him as best man.

The couple will make their home at 4142 Monticello in Abilene, and both will continue their studies in Abilene Christian College, where the bride is a freshman and the bridegroom is a junior ministerial student.

Mr. Basinger attends school half a day and works in a bank half a day. He also is minister of the McAdoo, Dickens county, Church of Christ.

Barbara was reared in Tahoka, and moved to Abilene with her mother nearly five years ago.

Tahoka Athletes Honored At Annual Banquet On Tuesday

Nearly 200 Tahoka High School athletes, parents and fans attended the annual Athletic Banquet in the school cafeteria Tuesday night, at which W. A. (Gus) Miller, athletic director and head baseball coach at West Texas State, was the principal speaker. Miller, substituting for Football Coach Frank Kimbrough, whose brother had died the night before, told the group how clean living, good sportsmanship, and a desire to play and effort to excel pay off in winning team and development of the individual. He declared the good athlete is usually a good student, but he has to give up a lot of things to be both a good student and a good athlete.

The speaker was introduced by Jake Jacobs, high school principal and basketball coach, who played college basketball under Miller. Miller is generally con-

sidered one of the nation's outstanding coaches, and is a former president of the NIAA. He started his coaching career at Slaton 30 years ago, and his football team there defeated Lubbock three out of four times. The first game he ever coached was against Tahoka, he told the crowd.

Head Coach Bill Haralson said his 1955 football squad was as fine a bunch of boys as he had ever coached, and his 1955 team was the best team he ever coached. The boys wanted to play ball and they wanted to win, and they won two or three games when their opponents should have run them out of the park. Barring injuries which hampered the club, the team would have gone much further, he declared.

He gave a lot of credit to the 12 Seniors, and praised Tom Bartley, former assistant coach, who started them off right in the eighth grade.

The Coach also praised his basketball girls for their fine effort in the face of overwhelming odds. They never quit trying. Most of the starters will be lost by graduation, but the next year's squad, mostly Freshmen and Sophomores, promise much for future years.

Coach Jacobs was also high in praise of the Bulldog basketball squad, 1956 District 5-A co-champions with Abernathy and winner of the North Plains Tournament at Claude. Among the seven Seniors, the Bulldogs had a great player in Junior Fitts, sought by nearly every college in the Southwest and even by the great Kansas State team, who will cast his lot with West Texas State.

This year's Freshmen and Sophomores will, for the most part, make up next year's team, and a fine record is expected of them in a year or two. Coach Dean Wright, in introducing the B squad, also injected an optimistic note in declaring Tahoka has some good boys coming up.

Clint Walker, presiding as master of ceremonies, injected considerable humor into the program.

President Henry Heck, president of the Chamber of Commerce, co-sponsor of the banquet, gave the address of welcome, and the response was by Gordon Smith. Buddy Chestnut sang two Elvis Presley numbers, accompanied at the piano by Mrs. E. W. Patterson.

Ted Pridmore gave the invocation, and the meeting was closed with the singing of the school "Alma Mater," led by Gordon Smith.

A fried chicken dinner was served.

The following athletes were introduced:

Football squad: Jerry Williams, Don Blair, Gordon Smith, captains; Karl Prohl, Jay Gurley, Leon Davis, L. W. Castleberry, Carlton Bell, Ware High, Ted Pridmore, Bobby Paris, Floyd Brasher, Jimmy Harter, Kent Gibson, Richard Brooks, Denver Ford, Tommy Paris, James Adams, Ronnie Brooks, Stanley Stone, Larry Simmons, N. E. Wood Jr., Jerry Slover, Donald Renfro, Tommy Dunlap, W. H. McNeely, Jerry Freeman, Donald Williams, Froilan Salinas, Gaylon Tekell, David Bray, Benny Martin, John Hegi, Cecil Hammonds, Robert Cloe, Don Young, John Redwine, Marso Madrid, and Dee Blevins; Managers Walton Terry, Lyndell Norman, and Jackie Applewhite.

Basketball squad: Junior Fitts, Carlton Bell, and Gordon Smith, captains; L. W. Castleberry, Karl Prohl, Jay Gurley, Ted Pridmore, Jerry Williams, Richard Brooks, Tommy Paris, Jerry Slover, Don Renfro, Donald Williams, Gaylon Tekell, David Bray, Tommy Dunlap, John Hegi, Dee Blevins, Robert Cloe, Jerry Adams, Jackie Applewhite, Cecil Hammonds; Managers Ware High and Stanley Stone.

Girls basketball: Virginia Gable, Frances Aury, and Sue Williams, captains; Ethylene Cox, Ann Reasonover, Wilma Scott Carolyn Birdwell, Jeanette Melton, Betty Lee Howie, Kianna Hensley, Gerald Dean Tippit, Mary Belle Wood, Patsy Norman, Jan Thomas, June Philpot, Georgia Flint, Margaret Cawthron, Gloria Best, Beverly Brazil, Shirley Lambert, Barbara Jones, Edwin Overstreet, Mary Helen Whitaker, Jo Ann Curry, Carol Nance, Jo Anne Gandy, and Mary Ruth Gandy.

FIRST BAPTIST W. M. U. HOLDS BIBLE STUDY

The W. M. U. of the First Baptist Church met at the Church Monday for the Bible Study with 20 members present.

The program was led by Mrs. Terry Noble. Mrs. Clyde Allen opened the meeting with prayer. There was a plea for all W. M. U. study books and Sunday School books that can be used in study courses to be donated to small churches who are financially unable to buy them for their study courses. If you have any that are not out of date and wish to give them for this cause, you can turn them in to the W. M. U. and they will hand them to the churches who need them.

The Bible study was by Rev. Clifford Harris, and it was read respectively from Mathew 6:9-18. Our theme was "Lord, teach us to pray." Our Bible teachings are so good we wish all could hear them. We urge all to attend each one you can.

The G. A. girls gave a skit with Idalia Wood as grandmother and Ginger Riddle as a typical G. A. girl. All the G. A. girls were had to come in and give some of their memory work; "Our Watchword," led by Linda Driver; "Our Star Ideals," Ronda Littlepage; "Girls Auxiliary Allegiance," Danna Akin; "The Great Commission," Carolyn Adams. Their hymn was "We've a Story to Tell to the Nations," led by Carol Riddle with Jerrie Ann Wyatt at the piano. Their prayer was by Frances Martin.

The meeting was dismissed with a prayer by Mrs. Truett Smith. The W. M. U. will meet at the Church next Monday for the Royal Service program.—Reporter.

DIXIE WOMEN MEET WITH MRS. COOPER

Dixie Home Demonstration Club met May 2 in the home of Mrs. E. J. Cooper.

Miss Wanda Roach showed a film on preparation of food for freezing.

Refreshments of cookies and punch were served to nine members, including Mrs. Proffitt, a new member, and three visitors, Mrs. Jean Copelin and son and Mrs. Raleigh Haley, and Miss Roach.

Next meeting will be in the home of Mrs. G. L. Cobb.—Reporter.

ELMER BLANKENSHIP

Interest in planting warm season grasses and legumes continues to run high in the Lynn District. Charles Baker started planting blue panicum grass on his place southeast of Wilson. Theo Campbell who lives north of Carter Store plans to plant some blue panic, Huban Clover, and interplant peas with grain sorghums. Loyd McCormick Jr., near Wilson also plans to plant blue panicum grass.

The blue panic that was dry planted on R. W. Fenton, Jr.'s place west of Tahoka before the showers last week was sprouted and should emerge to a stand with the shower of Monday night. The planting of Charles Baker is being made on top of the lister bed and plans are to water it up by watering down the middle. Of course with rain it would save watering.

Jiggs Swann listed his hairy vetch which had sufficient growth that this year's crop following should show an increase in growth and production over land that did not grow vetch this spring.

Hairy vetch and Austrian winter peas on Joe D. Unfred's irrigated farm west of New Home have just about doubled in growth the last two weeks. Joe D. is handling his vetch with wide weeps and rolling colters mounted on stubble mulch drawbar equipment furnished the Lynn District for mulching work. On most of this field the sweeps were clearing nicely when mounted on a large tractor and leaving the vetch undisturbed on the soil surface. A strip in this field that received cotton burrs and barnyard manure had growth about twice as large as the other parts and it was necessary to tandem disk this ahead of sweeps.

Buy synthetics and you help your competitor; buy cotton and you help yourself.

JAYCEE-ETTES MEET

Tahoka Jaycee-Ettes held their regular business meeting Tuesday night, May 8, in the home of Mrs. George Glenn. Club colors of red and white were selected. "Secret Pals" will be revealed at the next meeting which will be held May 22 in the home of Mrs. A. W. McClain.

ROBINSON READY-TO-WEAR

It's Bigger than Both of 'em

—but its price makes it one of America's 3 best sellers!

It's as simple as this: Only two cars in all creation outsell Buick. And they are two of the well-known smaller cars.

So maybe it will pay you to ask how come Buick has zoomed to the No. 3 spot with such fast-selling company.

Well, one answer is the beautiful and brawny Buick SPECIAL you see pictured here — and the low price it carries.

It's the biggest bundle of high-powered performance and high-fashion luxury ever offered in Buick's lowest-priced Series.

And that means more people want it and can afford it, because it's priced only a few dollars more than its two smaller-car rivals—even less than some models of those very same cars.

But the big answer comes from a sure fact more folks have discovered: you get more pure automobile for your money in Buick than you get elsewhere.

Here, you get the extra wallop of big new Buick power raised to a new high — and pouring in smooth whisper from a brand-new 322-cubic-inch V8 engine of true high compression.

Here, you get the matchless buoyancy of Buick's great new ride—the extra-safe feeling of Buick's new handling ease—the extra stretch-out comfort of Buick roominess—the extra solidity and strength of Buick structure—the extra pride and prestige of Buick's new styling and dash.

Here, too — and nowhere else — you can get the silk-smooth performance and flash-fast response of Buick's advanced new Variable Pitch Dynaflo* — the world's only transmission with the gas-saving mileage and switch-pitch action of the modern airplane propeller.

This week—this very day, if you wish—you can sample all these Buick blessings to your heart's content and your pocket's joy. Why not drop in on us and do just that?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

New Home Grade School Program

Graduation exercises of New Home Grade School were being held Thursday night in the school gymnasium, with the class presenting the major portion of the program.

The valedictory talk on "Making Our Highways Safer" was made by Kay Smith, daughter of Mr. and Mrs. Aubrey Smith, who had a yearly average of 94.6 percent.

Salutatorian with an average of 91.7 percent was Gayland James, son of Mr. and Mrs. R. C. James, and he gave the words of welcome.

Sherry Craig recited a poem, "People Will Talk," and Judy Miliken presented "A Cooperative Will."

"Problems of Safety on Our Highways" was the subject of a panel discussion by Walter Nelson, Gaylord Armontrout, Levoy McCuiston, Jimmy Charles McCullough, Gene Bob Wilson, Freddie Kieth, R. L. Harston, Harold Goad, Edith Davis, Kenneth Renfro, Hoyt McCullough, and Rebecca McCuiston.

Principal R. O. Webb presented the diplomas, and Supt. C. O. Head presented the awards.

The invocation was by Charles Smith and the benediction by James Pendergrass. Bernice Nunley played the processional and recessional.

Mrs. C. O. Head is the class sponsor.

Velon Townsen, Santa Fe agent at Whiteface and formerly of Tahoka, and family are here visiting his parents, Mr. and Mrs. N. O. Townsen. Velon became ill a few weeks ago, and he was first believed to have a heart attack. However, on examination by a heart specialist, he was found to have an artery ailment, probably produced by extreme nervousness.

Gordon News

MRS. EARL MOKRIS
Correspondent

Sunday visitors at Gordon Church of Christ were: Miss Lorene Corbell of Waco, who is visiting her mother and brother, Mrs. L. L. Corbell and Bunyon; and Mr. and Mrs. J. S. Hampton from Slaton.

Major Jack Martin from Tucson, Arizona spent a few days last week visiting his parents the Sam Martins and other relatives. Sunday visitors in the Martin home were a son-in-law and daughter, Mr. and Mrs. Herman Dabbs and Children, two grandsons, Mr. and Mrs. Travis Dabbs and baby and Gerald Dabbs, Lubbock, Mr. and Mrs. Harley Martin and Children, Mr. and Mrs. Blanton Martin and Suzanne of Spade, Paul Ray, son of the Harley Martins was in Slaton Mercy Hospital this weekend but is home now and improving.

Mr. and Mrs. Raymond McGeehee and Jeanne of Muleshoe visited the Max Jacksons last Wednesday.

Rickey, son of the J. B. Jones has returned to school after undergoing tonsillectomy in Slaton Mercy Hospital.

Mrs. Hal Hammett and her sister, Miss Bess Jones of Portales, N. M., were here Saturday to attend the funeral of Mrs. Van Zickefoose. Among others who attended were Mrs. Johnny Myers from Lubbock, Mr. and Mrs. Roy Haire and Jerry from Tahoka, Mrs. Bartley of Slaton.

Mrs. Jewell Compton of Stinnett is a guest of her sister, Mrs. Clyde Haire and Mr. Haire this week.

Jess Redwine from Water Valley, Miss., is visiting his cousins the Jesse Wards for a few days.

The Claud Roper family of Wilson and the J. B. Rackler family were dinner guests of their mother Mrs. J. F. Rackler.

Mr. and Mrs. Ben Wood came up from Abilene and spent the weekend with his brother and wife Mr. and Mrs. Riley wood.

Mr. and Mrs. Bill Gregory of Crane were Sunday guests of her father, J. C. Bartlett.

The Ed Dentons have gone to Heywood, Okla., where they will spend 10 days with a son-in-law and daughter, Mr. and Mrs. Amil Lichey. Ed says there is a lake close by that is well stocked with fish and he plans to try his luck fishing.

J. B. Pruett and his son J. B. Jr., of Madill, Okla., visitor their cousins the Dick Dentons last week.

Mr. and Mrs. Max Jackson and Don visited her sister and family the Alton Edwards in Slaton last Sunday.

The J. S. Hamptons are moving to Brownwood this week.

Mr. and Mrs. H. D. Hallman visited relatives in Lubbock last Sunday.

Cotton Quiz

WHAT IS THE ORIGIN OF THE WORD "COTTON"?

"COTTON IS FROM THE MEDIEVAL ARABIC WORD 'QUTTAN' OR 'KUTN', WHICH MEANS 'A PLANT FOUND IN CONQUERED LANDS.'"

Cotton Exports Are Increased

Memphis, Tenn.—A cotton export sales program, details of which were announced recently by the Department of Agriculture, was hailed today as "the first step in regaining and maintaining a fair share of the world cotton market for the United States."

Wm. Rhea Blake, executive vice president of the National Cotton Council, declared that "a realistic export program, under which U. S. surplus cotton is offered for sale at competitive world prices, deals with one of the most pressing problems facing the U. S. cotton industry. This was one of the main points in the program adopted by the Council at its meeting in Biloxi, Miss., in January to improve cotton's competitive position."

Mr. Blake's comment on the export sales program came in a report on recent legislative and administrative developments on cotton which he submitted today to delegates and members of the Council, which represents all segments of the raw cotton industry.

In discussing the Department of Agriculture's announcement that the 1956 cotton crop will be supported at 82 1/2 per cent of parity, based on 7/8 inch middling Mr. Blake declared, "82 1/2 per cent, based on middling 7/8 inch, indicates a support price for middling inch of approximately 32 1/2 cents per pound. This is 2 1/2 cents below the support price for middling inch last year. Based on these loan rates, the cotton support is approximately 87 1/2 per cent of parity for the average of the crop. This 87 1/2 per cent support for cotton compares with the support levels which have been announced for other basic commodities (all of which are based on the average of the crop) as follows: wheat, 84 percent of parity; corn, 86 per cent; and rice, 83 per cent."

Other parts of the Council's program which were in the vetoed farm bill include: authority for the President to negotiate textile import quotas with individual countries as one means of ending the threat of rapidly expanding textile shipments to this country, bringing with the extra long staple cotton import quota all cotton having a staple length of 1-11/16 inches and longer and a directive to the Secretary of Agriculture to sell CCC's surplus stocks of extra long staple cotton for export at competitive world prices; incentive payments to compensate farmers for voluntarily reducing their cotton allotments; and directive for Secretary of Agriculture to develop improvement for calculating parity.

"These legislative items are of great concern to the cotton industry. We will continue to press for immediate congressional action on these items that are urgently needed," Mr. Blake concluded.

Recently, The News had a little story about G. G. Vaughn of O'Donnell renewing his subscription the 50th time. Last week, his cousin, J. M. Vaughn, also of O'Donnell, who has also been in Lynn county 50 years, came in to renew his subscription. J. M. first came to the Plains several years before G. G. with a herd of cattle. He promised to write us a little more information on the early days on the Plains.

Mr. and Mrs. "Shorty" McNeely and son Tom of Seagraves but formerly of Tahoka were here Friday visiting the Bill McNeely and Harley Henderson families. They left Saturday morning by train from Lubbock on a vacation trip to Colorado, Utah, Washington, Oregon, California, and Arizona. "Shorty" works for the Santa Fe in Seagraves.

Softball Play Starts Tuesday

Tahoka Jaycee Softball League hopes to get its summer schedule under way next Tuesday night.

Teams entered so far are: Brownfield, Tahoka Merchants, Lewis Construction, Draw, New Home, and Bert Keith. Wilson and two Tahoka teams are considering entering.

During the past few days several warm-up games have been played at the new field at City Park.

Thursday night, Tahoka Merchants defeated Lewis Construction 27 to 4, Friday night Lewis defeated the Bert Keith team 32

Cotton Research Program Sought

College Station.—Investigations of new chemical treatments, improved finishing materials and the possibility of modifying cotton fibers by means of nuclear-energy radiations to give cotton new versatility and improved textile properties have been urged by the USDA's Cotton Research Advisory Committee.

The committee established under the Research and Marketing Act of 1946, is composed of 15 members representing every phase of cotton industry. Texans on the committee and attending the recently held annual meeting include Roy B. Davis of Lubbock; Burris C. Jackson, Hillsboro and Aubrey L. Lockett of Vernon.

The group also asked for research on the irrigation of cotton grown in humid areas, improved weed control . . . both mechanical and chemical, better processing methods for cottonseed oil and meal, and other work to aid utilization and marketing of cotton and cottonseed and to reduce the cost of production.

Further work in methods of controlling the pink bollworm and

Student Body Names Officers

The new officers for the Tahoka student body elected last week for 1956-57 are: President Kent Gibson, Senior; vice president, James Adams, Junior; secretary-treasurer, Marilyn Carmack, junior; Reporter, Idalia Wood, junior; Parliamentarian, Richard Brooks, sophomore;

The class representatives will be selected at the beginning of next year.

The out-going officers are: President, Gordon Smith; vice-president, Donald Renfro; secretary-treasurer, Margie Curry; reporter, Joyce Earley; Parliamentarian, Ted Pridmore; representatives, Ann Reasonover, Jake Dunlap, W. H. McNeely, Barbara Roberts, Gerald Deane Tippit, Jay Gurley, Jan Thomas, Billy Tomlinson, Carol Smith, George Adams.

The Tahoka Student Council and Representatives in the past year have participated in the following activities: Started a fund for a joint trophy project of the Student Council and National Honor Society, helped on the "love tree" in the North Elementary Building for the little Jan Gardner, and to help Joe Mesa, former High School janitor who is in the TB Sanatorium. This year's Council will leave a fund for next year's Student Council members and Representatives.

The Student Council and Representatives would like to thank all of the students and citizens who have made it possible for these activities.

Don and Mary Ann Cowan and son, Brad, spent Sunday night here with her parents, Mr. and Mrs. V. F. Jones. They drove up Sunday afternoon from Denton on learning of the death of Don's grandfather, T. B. Cowan of Lubbock. Monday, they visited Don's parents, Mr. and Mrs. Winston Davies, and family at New Home. They returned on Tuesday to Denton, where Don is assistant county agent.

an expanded program of basic and applied research in cotton breeding to improve fiber quality and increase production efficiency were also suggested.

Fiber research urged included determination of the economic need for improved bale wrappings; development of more practical and economical methods and equipment for automatic sampling of cotton bales, and revival of Government statistical service. On seed, the committee asked for a consumer survey dealing with margarine; determination of effects of present chemical sources of feed nitrogen on markets for proteins from agricultural sources and a study of the impact of price support programs on cottonseed and soybean industries.

NEIGHBORS, U.S.A., SUPPLY NEW HOME City Of Tahoka Has Audit Made

Mr. and Mrs. Chester Lanigan, their children and the family dog, Tippy, point with pride to their new home, three miles northeast of Decatur, Ill., purchased with the help of Red Cross funds, replacing the former family home in Connecticut which was destroyed by flood waters last fall.

(Herald and Review Photo, Decatur, Ill.)

Tahoka city finances are in excellent condition and are, in fact, as well off as any city in this area examined by Ed Merriman, auditor, he told the Tahoka City Council Monday night.

Mr. Merriman went over the entire City financial structure with the Council, and made several suggestions that will be of help. For example, he recommended that \$26,653.00 now in Mercantile National Bank, Dallas, to retire bonds be put in U. S. Government Bonds, so the City could get benefit of interest while the bank retained its claim on the principal. He recommended that the same be done with the \$6,798.00 in the Fireman's Relief and Retirement Fund.

His reports show the city has assets totaling \$735,264.28. The indebtedness are being made as the payments are being made as the bonds become due.

His audit covered the year ending last March 31. The Council voted to have an audit made each year.

The Council voted to buy three three-inch water pumps to put on the new wells recently completed in the city water field north of town.

Last year, during the summer months, Tahoka citizens used 800,000 gallons of water daily. Completion of the three little wells should raise the amount available to 1,000,000 gallons daily, if the old wells do not fail further and if the new ones hold up under heavy pumping.

Present at the meeting were Mayor Clint Walker, Aldermen Albert Curry, Winston Wharton, Wynne Collier, and Herman Heck, Secretary Tom Bartley, and Water Superintendent Pat Hines. Alderman Everett Nevill was out of town.

Band To Benefit From Flour Sale

Five cents on every package of Betty Crocker Cake mixes sold at Tahoka grocery stores today through Tuesday will go to the Tahoka Band Mothers for improvement of the band.

Mrs. Jack Adams, president of the Band Mothers, urges citizens to help out the band by buying these products during these four business days.

Mrs. Minnie Parker, who suffered a broken hip several weeks ago, was able to go home from Tahoka Hospital Thursday. She was recently carried to Lubbock for a difficult operation on her hip by a specialist. The broken bone socket was replaced with a silver "bone" and it is expected that she will recover in fine shape.

New Home . . .

(Con't. from Front Page) class sermon last Sunday night. Members of the class are: Jimmy Brown, John Ford, Gerry George, Jimmie Kieth, Norvin Nieman, Glenn Robison, Roma Brewer, Jerry Milliken, Carolyn Nowlin, Martha Roper, Wilda Schockley, and Vona Wyatt.

RobGlenn

The class expects to leave Monday on a six-day senior trip to Austin, San Antonio, and Corpus Christi.

Benny Pryor is the class sponsor.

Second Lieutenant Elroy and Mrs. Simmacher visited Mr. and Mrs. S. H. Verkamp last week end at Wilson. They were on their way from Lackland Air Base in San Antonio to Tucson, Ariz., Air Base, where he will report to the primary flight school. Mrs. Simmacher is the former Patricia Verkamp of Wilson.

Housing Needed By New Workers

Houses and apartments are badly needed by workmen at a new industrial plant who would like to make Tahoka their permanent home.

Anyone with a house or apartment for rent should list them with Johnny Reasonover, Phone 77, chairman of the Industrial Relations committee of Tahoka Chamber of Commerce.

Ozark Mahoney Chemical Co. has recently bought the property of the Frontier Chemical Co. and is building a big plant on the site, located in eastern Terry County. The firm has headquarters in Brownfield, but some of the workers would like to locate in Tahoka.

Mrs. Vernon Wyatt, a patient in Tahoka Hospital for several days, is now doing fine.

Lightning Strikes Collier Residence

Lightning struck the Wynne Collier home on North Third Street and did quite a bit of damage at about 8:30 p. m. Monday during the shower and electrical storm.

The lightning hit the television antenna, burned a hole in the roof, and streaked down the two-story residence. Sheetrock on the walls of a room upstairs was shattered, the television set downstairs completely ruined, the telephone ruined, and electric lights, the house wiring and door bell burned out. In a bathroom, where Mrs. Collier was at the time the lightning struck, an electric switch was blown clean out of the wall.

Workmen found several signs of burns both inside the house and also on the roof, and stated the latter would probably have caught fire if it had not been for the rain.

The Collier's daughter, Jan, and son, Jack, were sitting on a divan in the living room when the lightning struck. Wynne was at a City Council meeting. Fortunately no one was hurt.

Postoffice Seeks Rental Contract

The U. S. Postoffice Department is advertising for proposals to lease quarters for a term of five or ten years beginning December 1 for the Tahoka postoffice. Such proposals must be made to Post Office Inspector J. E. Cauley at his office in Fort Worth by May 25.

Quarters must have about 2,200 square feet of floor space, a mail platform 10 by 18 feet, and ample truck maneuvering area. Further details may be secured at the Tahoka postoffice.

No assurance is given, however, that the office will be moved from its present location.

CARD OF THANKS

I wish to thank the kind friends who have visited me, sent "get-well" cards and flowers, and Dr. Prohl and the nurses at Tahoka Hospital during my illness. I am now home and doing very well. Thanks, again, to everyone.—Mrs. C. T. Tankersley.

An estimated 6,200,000 acres of Texas crop and pasture lands were under irrigation last year. Grain sorghums and cotton were the leading crops irrigated.

Mrs. Minnie Crausbay of Crosbyton spent the week end here visiting her sisters, Mrs. Harley Henderson and Mrs. Frank Hill.

Congratulations:

Mr. and Mrs. Franklin Larsen, 3008 29th, Lubbock, on the birth of a son, named Eric Noel, weighing 7 pounds 14 ounces, in Tahoka Hospital Wednesday at 10:53 a. m. The father, a brother of Birch Larsen of Tahoka, is a student in Texas Tech.

Mr. and Mrs. B. R. McDonald on the birth of a son weighing 7 pounds 8 ounces at 1:09 p. m. Monday in Tahoka Hospital. Name Dennis Lane.

Mr. and Mrs. Victor G. Salinas, Plains, on the birth of a daughter, Josephine Garza, at 11:29 p. m. Monday in Tahoka Hospital.

Mr. and Mrs. Howard Conrad of Kansas City, Mo., on the birth of a son on May 6 weighing 8 pounds and named David Kent. Grandparents are Mrs. Maye Conrad of Coffeyville, Kan., and Mr. and Mrs. T. J. Murray, Tahoka. Mrs. Murray and grandson, Wayne McDonald, left Thursday to spend a week with the Conrads.

Mr. and Mrs. Raymond Jenkins of Post on the birth of a son weighing 5 pounds 15 ounces on April 26 in Mercy Hospital, Station Name, Charles Thomas. Grandparents are Mrs. Betty Justice of Post and Mrs. H. M. Jenkins, route 2. The little fellow has a brother, Troy.

Sgt. Elton Park Is Pistol Expert

Fort Hood, Texas—Army Sgt. Elton A. Park, 25, son of Mr. and Mrs. Edgar A. Park, Tahoka, recently fired in the Fourth Army rifle and pistol matches at Fort Hood, Texas.

One of over 500 top shots competing in the matches, Sergeant Park is regularly assigned as a repairman in the 2nd Guided Missile Battalion's Battery E at Fort Bliss.

He entered the Army in February 1953 and completed basic training at Fort Sam Houston. The sergeant attended McMurry College. His wife, Nelda, is living in El Paso.

WAVERLY (VIRGINIA)

Sussex-Surry Dispatch:—An old timer is one who can remember when there was some criticism of the government for its extravagance in giving away free seeds.

Springhill (La.) Press says: After all the revolutionary changes which have taken place in the advertising world in the last ten years, the newspaper— it is now proven—remains the best medium of advertising. . . In spite of all the competition from new media, newspaper advertising continues to grow and the public continues to express its confidence in newspapers to an amazing degree.

The newspaper, today represents an even better buy, for the few cents one pays for it, than it ever has before, since the time of the invention of the printing press. The newspaper is still champion.

Cotton producers who do not intend to plant their 1956 cotton allotment may release a part or all of the allotment to the County Committee not later than May 29, 1956. Acres released will be reapportioned to other farms in the county by the County Committee.

Mrs. Jim H. Elyea of Wilson has been a medical patient since Monday in Tahoka Hospital.

Golden Gate Choir at Baptist Church Saturday Night

The 26 voice Choir of the Golden Gate Baptist Theological Seminary of Berkeley, California, will be presented in concert at the First Baptist Church Saturday night at 8:00.

The Choir, under the direction of Dr. Carlisle Bennett, is making a tour of the Southern Baptist Convention territory, and the local church feels very fortunate to have them come to the church and town.

Dr. Harold Graves, who held a revival at the First Church last year, is president of the Golden Gate Theological Seminary, but is not traveling with the choir.

Dr. Wilbur F. Martin, associate professor of theory and organ, will be presented in several organ selections. Dr. Martin was organist for the World's Fair several years ago when he was very young. It will be worth one's time just to hear him on the organ.

The choir as a whole will present several numbers, then the Woman's Ensemble, the Men's Quartet and Men's chorus, will present several numbers.

The First Baptist Church would like to invite all the people of Tahoka who love Sacred and spirituals to enjoy this concert. There will be no adm. charge.

Mothers Day Service At First Baptist

Sunday morning, May 13, will be an interesting day at the First Baptist Church. All departments are working for a high attendance in Sunday School, and special attention will be given the babies and small children. There are 66 babies enrolled in the Nurseries, and it is hoped that all will be present. At the close of the Adult assembly, the adults will go by the nurseries and take a look at the nurseries in action, then go to their classes. Pictures of the nursery children will be taken.

During the first part of the worship services, there will be a Baby Parade. The mothers of the babies in nursery "O" and nursery "1" will be presented first with their babies and the workers of these departments. Then the workers and children of nurseries "2" and "3" will be presented. A nice gift

Funeral Services For A. A. Huff

Funeral rites for A. A. Huff, 77, retired farmer of the New Lynn community, were held Friday at 2:30 p. m. in the Tahoka Church of Christ. O. J. Stanley, Church of Christ minister of Grassland, conducted the services, and burial in Tahoka Cemetery was under direction of Stanley Funeral Home.

Mr. Huff had been in ill health two or three years with a heart ailment. He entered Tahoka Hospital about two weeks before his death and was in a coma up until the end, which came late Wednesday afternoon.

Arthur Alexander Huff was born in Coryell county August 13, 1878. He was married there on March 26, 1921, to Miss Clara Bell Gardner. The couple came to Lynn county in 1921, and had farmed their place in the New Lynn community ever since.

Survivors include the wife; two daughters, Mrs. Leona Bartley and Mrs. Oleta Buzard; four sons, Herby, Clyde and Loy, all of New Lynn, and Homer of Levelland; a sister, Mrs. Dora Cornell of Oklahoma; 23 grandchildren and 3 great grandchildren.

Flowers will be presented to the youngest and oldest mother present in the service.

As a part of the observance of Christian Home Week, all families are asked to sit in family groups for the services. Every family that has all members present who are living at home will be recognized, and a nice gift will be presented to the largest family present.

The pastor will bring an appropriate Mother's Day message, and the choir will present music for the occasion.

Because of Baccalaureate services, there will be no evening worship services at the church. All will go to the High School Auditorium. There will be Training Union from 6:45 to 7:30 p. m.

Seniors Leaving Sunday On Trip

The Senior Class of Tahoka High School will leave on their annual trip on Sunday, May 13, at 12:01 a. m.

They plan to spend three days at Mo Dude Ranch at Kerrville, which is about 40 miles from San Antonio. The Seniors hope to sight-see in San Antonio one day.

Along with the 43 excited Seniors will be their sponsors, Don Wortham and John Shepherd, and the mother sponsors, Mrs. Elnora Curry and Mrs. O. E. Terry.

"Each member of the Class of '56 wishes to thank each of you who have helped to provide the needed amount of money to take this trip," states a member of the class.

E. M. Rudd of New Home underwent an appendectomy in the Sloan hospital last week.

Tahoka Co-op Holds Meeting

Tahoka Co-op gin members held their annual meeting Friday at the American Legion Hall. A steak dinner was served members and their families at noon, and this was followed by the annual business meeting.

L. A. Forsythe was re-elected a director, and John Slover and O. D. Orr were elected new directors to succeed Welch Flippin and A. D. Smith.

Hold-over directors are George Wright, president, and V. A. Botkin, Otis Curry is the manager.

Plans were also approved for appointment of junior directors, sons of members, to meet with the board in an unofficial capacity.

Ed Merriman of Lubbock made the audit report, in which he pointed out the organization is making good progress on retiring its debt and that prospects are now bright the gin can begin paying a dividend in the not too distant future, barring another crop failure.

Otha Key of the Co-op Oil Mill reported the plant had processed 150 tons of seed this last year, and Tahoka Co-op had been re-

turned \$10,563.60 cash dividends. Support price on seed is being set at \$44.00 per ton, as compared with \$42.00 last year, he said.

Tom Brown reported the Co-op Compress had handled 270,000 bales this year, but its dividends will not be paid until July.

Clint Walker served as chairman during the program.

Odds and Ends

(By E. I. The Elder)

There have been two holidays since March 1 of this year set aside in commemoration of two great Texas events in which Sam Houston was the most important actor, either directly or indirectly. The first of these was the Texas Declaration of Independence adopted on March 2, 1836, by Texas patriots; and the second was the battle of San Jacinto in which a little army of Texas patriots led by Sam Houston defeated the boastful Santa Anna, captured him, completely destroyed his army, and thereby won the Independence of Texas April 21, 1836. This victory was so overwhelming and dramatic and so supremely important to Texas that nearly every schoolboy in Texas knows the story by heart, and all have been proud to claim Sam Houston as our very own; and we have failed to grasp the glorious truth that his achievement and fame do not belong to Texas alone but equally also to the whole free world and to the ages.

To that end, I wish now to quote from the World Book, carrying one minor error contained in that great work, Vol. 5, page 1264, subject:

Houston, Sam, (1793-1863) an American soldier and political leader, the leading figure in the struggle through which Texas gained its independence from Mexican rule. When he was thirteen years of age, his family removed from his native Virginia to the eastern frontier of Tennessee. Tiring of school and of a position as clerk in a trader's store, Sam ran away when he was about fifteen, and for nearly three years lived with the Cherokee Indians of East Tennessee.

"On his return to civilization, he opened a country school, then enlisted in the United States Army, and served under Andrew Jackson in the war against the Creeks. Later he studied law at Nashville, beginning practice in Lebanon, Tenn., and in 1822, was sent to Congress. Five years later the Jackson Democrats elected him governor of Tennessee.

"In 1832, while on a visit to Texas, Houston accepted the invitation of the American colonists of that province to become their leader in the struggle for independence. At the head of a small company of raw volunteers, he conducted the military movements which led to the defeat of Santa Anna in the famous Battle of San Jacinto April 21-22, 1836, and in the following September was elected President of the new Republic of Texas. This position he held again from 1841 to 1844. He was the leading spirit in bringing about the admission of Texas as the Union in 1845; he represented the state in the United States Senate from 1846 to 1859; and was its governor from 1859 to the outbreak of the War of Secession."

orator quoted, and so I reproduce here the sketch respecting the life and work of this great American, Sam Houston.

"Samuel Houston, one of the most picturesque characters in American history, was born near Lexington, Virginia, March 2, 1793. While he was still a boy, his parents removed to East Tennessee, then in the heart of the 'Indian country.' Houston's education was derived largely from Pope's 'Hommer' and association with the Cherokees. In after life, he was an extensive, if not a methodical reader, but he never outgrew the effects of this early training—a training which appears in his speeches as it did when, with an old sword tied around his hunting shirt by a buckskin thong, he put himself at the head of the Texas army and worsted Santa Anna, 'The Napoleon of the West,' at San Jacinto.

"Houston entered Tennessee politics as a protege of Andrew Jackson, through whose influence, and his own marked ability as a stump speaker, he became a Member of Congress in 1823 and governor of the state in 1827.

"Soon after his marriage with a young and beautiful woman, for whom he always expressed the deepest respect, he resigned his office, left his wife, mounted his horse, and rode out of the state into the Indian Territory (unorganized at that time), where he lived with his old friends, the Cherokees, adopting their tribal habits and seemingly lost to civilization until the Texas War of Independence called him to the command of the armies of that struggling republic (still a province of Mexico at that time, however.)

"He was President of Texas from 1836 to 1838 and from 1841 to 1844. After the annexation of the State, he served in the United States Senate from 1845 to 1859, and as governor of Texas from 1859 to 1861. He was bitterly opposed to secession, and fought it as hard as he had fought the Mexicans, continuing his aggressive opposition until Civil War had actually begun.

"His speech at the bar of the House in 1832, one of the most characteristic of his recorded speeches, was occasioned by his arrest for assaulting Congressman Standberry, of Ohio, who on the floor of the House and in a newspaper publication, had made references to him which he construed as an impeachment of his honesty. Meeting Standberry soon afterwards, Houston struck him several times with a cane. On his arrest by the House for assaulting one of its Members, he made his defence at the bar in a characteristic style. His references to the 'plowshare of ruin' are explained by the fact that at the time the speech was made, he was still virtually a member of the Cherokee tribe, 'an exile' undecided whether or not he would have a future in civilized life.

"He died July 25, 1863, honored then and now by all Texans, in spite of differences of opinion, as the greatest man of the State and one of the greatest of the country."

Also, in my book-case I have the life story of Sam Houston, entitled "The Raven," written by Marquis James a little more than twenty-five years ago, one of the best biographies ever written by any man and certainly the most complete and authentic biography which has ever been written of Sam Houston. I have another book, written more recently by James T. DeShields, entitled, "They Sat In High Places, being life sketches of every President and every Governor of Texas following Stepling F. Austin from David G. Burnett clean on down to W. Lee O'Daniel, which brings us down to 1940. The story of Sam Houston occupies more space in this book than that of any other chief executive of the state. I could quote copiously from each of these two books except that both are copyrighted, and I do not wish to infringe on anybody's copyright. Besides if I should start out to copy the things that might enlighten and delight the readers, it would almost be like writing another book. I want to say, however, that I think every teacher and every other person who wishes to know Texas History should read "The Raven."

In later issues of this Column I expect to present other thrilling events in the life of this great liberator of Texas, but I just wish to add two or three more paragraphs to this Column this week.

The first thing I wish to say is, that Sam Houston in one period and phase of his life, reminds me of Saul of Tarsus, about whom we studied in the Sunday School last Sunday. Now, don't misunderstand

me: In one period and one phase of his life, I said.

You will remember that Saul started out as an enemy of the new body of Christians which Christ had set up and sought to stamp out the "heretical" doctrines which they were preaching; that he held the clothes of those who stoned Stephen to death, then procured authority from the Jewish High Priest to go up to Damascus and arrest and imprison Disciples who had showed up in that city, that on the way he was stricken down by the power of God and converted, thereupon becoming the greatest of all the Apostles and who possibly did more to spread and establish the Christian religion among the Gentiles than all other Christians combined. The point is that in the midst of his projected campaign of persecution and murder, the Lord suddenly faced him about and made him the world's greatest exponent of the doctrine he was seeking to suppress.

"What was it in the life of Houston that reminds you of this great event in the life of Saul of Tarsus?", "some one will ask.

Well, you remember that great default in the life of Sam Houston, don't you? He had been a truant kind of boy, lazy and unpromising. But soon after reaching manhood's estate, he studied law for a few months, was admitted to the practice of law, immediately proved successful at the bar in the little mountain town of Lebanon, Tennessee, was then elected prosecuting attorney, was later sent to Congress, where he became a distinguished member for a young man, then his friends elected him Governor of Tennessee, and he went into that office as possibly the most popular man in the state, then married the beautiful daughter of one of the wealthiest and most influential men in the splendid little city of Gallatin and he and his bride took up their residence in the Governor's Mansion, an ideal young couple, as everybody thought, but one day, to the consternation of all her friends and of his, she left him and went back to her parents' home in Gallatin. She might have told her folks why she left him but she told nobody else. He refused to tell anybody anything. On the contrary, after burning many letters and papers, and attending to other trivial affairs, Governor Sam Houston penned his resignation, and, dressed incognito, slipped off to the steamboat landing in company with the Sheriff and another friend, and he and a companion went aboard the Red Rover, a

small river vessel, which was about to start on the voyage down the river. Houston declares that as he paced the deck feeling that his life was ruined and all was lost, he was tempted to jump overboard into the river and thus end it all. "At that moment, however, an eagle swooped down near my head, and then, soaring aloft with wild screams, was lost in the rays of the setting sun. I knew then," he said, "that a great destiny awaited me in the West."

Learning of Houston's departure two brothers of Houston's late wife, hurried down to the next steamboat landing at Clarksville,

went aboard the Red Rover prepared for trouble, for they were heavily armed, accosted Houston, and told him that a rumor was afloat as a result of his unexplained departure—that it was claimed that he had defected their sister in crime; and they demanded that he either renounce the rumor or go back to Nashville and prove it was untrue. He told them that he would do neither, but he called the captain of the boat and others present to witness his request, that his callers, the Allens, "publish in the Nashville papers that if any wretch ever dares to utter a word against the purity of Mrs.

Houston, I will come back and write the libel in his heart's blood."

That evidently stopped the mouths of the slander-mongers, for the Allens published nothing, and the rumors ceased to fly—at least in the open. But up to his dying day, Sam Houston was never heard to utter a word of explanation as to why he and his wife separated. But he and his companion went on down the Cumberland River presumably to its mouth in southwestern Kentucky, where it empties into the Ohio which in turn empties into the Mississippi. (Cont'd. On Next Page)

Be sure of a stand of small grain...
KILL ALL SPECIES OF WIREWORM WITH A SINGLE
dieldrin seed treatment

NEWLY SEEDING FIELDS make good feeding grounds for true and false wireworms and other soil insects. If there is not enough moisture in the soil to permit quick sprouting, seeds are vulnerable to insect attack for several days. But the threat of wireworm damage should be recognized at all times.

A dieldrin preventive seed treatment is a sure way to protect small grain seeds until they sprout.

LOW-COST PROTECTION
It costs just pennies per acre to treat seed with dieldrin, but dollars per acre to feed the wireworms untreated seed! A dieldrin seed treatment prevents "spotty" stands... eliminates the expense of time and money for re-planting or sowing extra seed for the worms to feed on... assures you of a low cost of production.

OVER 175 HORSEPOWER IN RESERVE!

... When you're cruising at everyday speeds!

THE ROCKET'S EXTRA MARGIN OF POWER MEANS AN EXTRA MARGIN OF SAFETY!

HIGH HORSEPOWER... high torque... high compression. It takes all three to describe Oldsmobile's Rocket! But there's still another important side to the picture.

It's reserve power — in abundance! In fact, at normal cruising speeds the Rocket still has more than 175 horsepower left... beyond what it takes to propel the car! It's this reserve that whips you through a passing situation so quickly, so effortlessly.

That means economy, too! The Rocket just cruises along, when lesser engines are straining. You can see the result in Oldsmobile's double victory in the Mobilgas Economy Run!

The modern "big bore—short stroke" design cuts friction and power loss. The Rocket's design made high compression practical... and today's Rocket hits a high 9.25 to 1 compression!

Come take the wheel of a Rocket Oldsmobile. You will feel a distinct difference in performance, in riding and handling qualities... just as you see a glamorous difference in Oldsmobile's beauty. We'll be looking for you soon!

Odds & Ends
(Continued)

thence down the Mississippi to the mouth of the Argansas, thence up that stream to Little Rock, Fort Smith, and thence on to Fort Gibson in what is now Oklahoma. In Arkansas, however, Houston met an old friend whom he had known years before that time in East Tennessee, and who, like Houston, had met with misfortune, and had likewise gravitated out to the Indian country and thrown his life away. Upon meeting accidentally, the two had a kind of mutual love feast, found lodgment in a shabby Indian Hut, stripped off their clothes and proceeded to stage a Feast to Bacchus, which involved a big drunk and a long sleep in the nude on the part of both of them. I don't know what became of the other pagan, but Sam Houston's companion took care of him until he was able to travel again. So, after a few days they resumed their journey westward, traveling by horseback as they had traveled all the way from Little Rock, Arkansas, where the Arkansas River flows into the Mississippi.

Why does that remind me of Saul of Tarsus? Well Saul, having got the taste of blood, seems to have thirsted for more blood from the Christians, and he went far and wide in search of other victims. Sam Houston, having thrown his life away, seems to have determined to dive deep into the filthy pool of drunkenness and depravity. If the Lord ever spoke to him on any road on which he sought to satiate his thirst for drink and for lust, I do not think that he ever heard the Lord's voice the next few years, but I am sure that he never did quite get away from that superstitious conviction that sank into

Newman Bartley Owns Farm Near New Lynn

Newman Bartley owns this Lynn county farm, located six miles east and four north of Tahoka, in the New Lynn community.

Beecher Sherrod was the first town reader and Mrs. S. A. Tilley the first rury reader to identify the picture. Others were Mrs. Bartley, Mrs. C. A. Young, James A. Sherman, Oran Ramsey, and H. D. Knight.

Newman bought this quarter section from the late J. S. Edwards of Slaton in 1932, and finally paid for it after a long struggle through the depression years. He also farms a quarter section which touches this one on the northwest, owned by J. S. Edwards Jr. of Slaton. They built the house shown above in 1945.

The Bartleys have carried out terracing and contour practices for a long time. The boys have some nice hogs, and the family also has

a flock of chickens for table use. Both Mr. and Mrs. Bartley have lived in the New Lynn community most of their lives. Newman came from Gainesville with his parents in 1912, and his mother, Mrs. Susie Bartley, still lives in a little house near her son. Mrs. Bartley, the former Miss Winnie Spears, came to Lynn county from Choctaw county, Oklahoma, with her late parents in October, 1923.

The Bartleys have three children, Mrs. Bill (Shipley) Rhodes of Wilson; Jerry, age 17, and a Senior in Wilson High School; and Ted, 9, a fourth grade student at Wilson. There is one grandson.

The family is active in New Lynn Baptist Church, he being a deacon and she being a Sunday School teacher.

They declare Lynn county is a wonderful country (if it would just rain,) and they would live nowhere else. Naturally, they have a lot of wonderful friends and neighbors, and have about decided the New Lynn folks are the best anywhere.

Mystery Farm No. 92, which appeared two weeks ago, has not been positively identified. Oran Ramsey thinks it belongs to Ralph Bailey and Beecher Sherrod believes it is the "Buck" Cook place.

Mr. and Mrs. L. H. Moore Sr. left last Friday for Hye, on the Perdenales River in Blanco county, where they expect to camp out and fish for several weeks. They expect to return June 22, in time for the Lynn County Pioneer Reunion on June 24.

Ayer Way Cleaners Attend School

Ayer Way Cleaners personnel now have 105 certified hours instruction from the University of Texas Division of Extension.

Instruction included: dry cleaning and plant management, 42 1/2 hours; special spotting, 35 hours; textile maintenance, 12 1/2 hours; and one special course, 15 hours, giving us a wealth of knowledge that will enable us to give you better cleaning and pressing service than ever before.

This additional knowledge, plus 55 combined years of dry cleaning service, plus the addition of many new pieces of finishing equipment should enable us to give you the finest in dry cleaning, using the finest equipment and modern techniques.

Speaking of modern equipment, we just have to brag about our new offset silk finishing unit. This unit is built to finish our dresses of today: Cotton—with the sheen and body just like new. Couple this unit and the new Flex-form Steam-Air unit, adjust to the proper measurements of the garment, and you have the two most important factors in any dry cleaning service.

For your finest clothes, send them to AYER-WAY CLEANERS for the finest in dry cleaning, using the finest equipment and modern techniques. 31-lite

WESLEY ROBERTS of Lamesa.

For District Attorney, 106th Dist. District:
MITCHELL WILLIAMS.

For Sheriff:
NORVELL (Booger) REDWINE
CLEVE BAIRINGTON.

For County Attorney:
HAROLD GREEN.

For Tax Assessor-Collector:
J. E. (Red) BROWN.
DALE GANDY.

For Commissioner, Prec't. 1:
T. L. WEAVER.
CLARENCE CHURCH
CURTIS MORGAN
OTHELL MEERS.

For Commissioner, Prec't. 3:
MRS. BEATRICE MCLAURIN
L. J. (Jimmy) HASH.

turned Friday from a few days visit in the Big Bend Country.

The FHA club of Wilson High met Wednesday, May 2, for their monthly business meeting. Officers for the coming year were elected. New officers are: Dixie Hewlett, president; Ida Mason, vice president; Eunice (Ernie) Buxkemper, treasurer; Joyce Church, secretary; Julia Benavidez, historian; Kay Bohall, reporter; Delores Rhoades, pianist; Jerene Wuensche, song leader; Mary Alice Stone, photographer.

Mrs. T. A. Coleman of Stamford is visiting Mrs. C. A. Coleman this week.

Mr. and Mrs. Kent Stoker of Fort Worth visited his parents, Mr. and Mrs. W. P. Stoker and family, over the week end.

Miss Dorothy Knippling visited Miss Clara Sammon of Plainview Sunday.

The W. S. C. S. of the Methodist Church honored the Seniors of Wilson High with a "Ho-Bo" party on Thursday night. Refreshments of hot dogs, donuts, potato chips and tea were served to sixteen guests.

Twenty-four members of the Walther League of St. Paul's Lutheran church attended the rally held in Plainview on Sunday. Wilson won the Talent Quest trophy with 107 points. Littlefield placed second. Walther Leaguers attended from the area including Sprenburg to Dumas.

Mr. and Mrs. Will Huffaker visited Mrs. Alvie Davis on Monday night.

Mrs. Dale Price and May Lou Lichey visited Mrs. Price's parents, Mr. and Mrs. Wisenand, of Stephenville Friday night.

Mr. and Mrs. Charles Brown and family of Dumas visited Mr. and Mrs. A. L. Holder and family Monday night.

Mr. Ira Clary and Carolyn spent the week end with Mr. and Mrs. Howard Ferguson and Mr. and Mrs. Nolan Clary all of Post.

Miss Linda Wiggins of Hamlin spent Saturday night with Joyce Church.

Mr. and Mrs. Hub Young spent the week end at the Freestone county reunion at Teague.

Mr. and Mrs. Jim Young of Victoria left Sunday after visiting with her parents, Mr. and Mrs. Homer Campbell, Sr.

Rev. and Mrs. G. W. Heinemeier attended a pastor's conference in Lubbock Tuesday.

Mr. and Mrs. Dewey Craft of Hermleigh visited Mr. and Mrs. Ray Craft over the week end.

Monday afternoon the W. S. C. S. of the Methodist Church met with seven members present. Rev. Ray Elmore began a study on "Five Spiritual Classics."

Mr. and Mrs. Clarence Church and family visited Mrs. W. C. Church of Slaton Sunday.

Mr. and Mrs. Earl Tunnell and Mr. and Mrs. Bill Deaver of Slaton visited Mrs. H. C. Fountain Sunday afternoon.

Mr. and Mrs. Carl Martin left Friday to make their home in Sulphur Springs.

Mr. Donnie Johnson of Lubbock visited his aunt, Mrs. Alice Davis, Thursday night.

Mr. and Mrs. J. O. King returned Monday after a several days visit with their son and family in Oklahoma.

The Luther League of St. John's Lutheran Church sponsored a Family Night, Thursday, May 3. The program for the evening was presented by Mr. Kermit Westerholm of Texas Lutheran College. Slides of the college and college life were shown to enlighten the people of the work of the college.

Mrs. Sam Crowson and children visited Mrs. M. J. Self and Randall and Mrs. R. B. Crowson all of Sulphur Springs over the week end.

Miss Mary Lou Lichey entered the ready-writing contest in the Texas Interscholastic League's State meet held in Austin over the week end. Although she did not win the judges commended her on the fine essay that she wrote.

In the Future Farmers of America judging contest held at Texas A. and M. over the week end, the Wilson dairy cattle judging team was awarded first place. The win gave the Wilson team the right to represent the state later at Waterloo, Iowa. On the Wilson team were Jerry Bartley, Charles Terry, Eugene (Mutt) Bruedigam and Bruce Hewlett. Mr. Dale Price is sponsor.

The 1955-56 edition of "The Corral," Wilson School Yearbook, was distributed to the students on Monday, April 30. Miss Dorothy Knippling, commercial teacher, was faculty sponsor of the annual. Staff members were Judy Blankenship, editor; Jerry Church, Mutt Bruedigam, Ronnie Foster, Jeanette Schneider, Joyce Church, Mary Lou Lichey, Dixie Hewlett, Ida Mason, Juanita Murray and Eunice Buxkemper. The new edition of the Corral was dedicated to the coaches, Ralph Huntington and Grover Watkins.

"If It's In The Feed or Grain Line, We Have It!"

The Thunderbird's own record-setting 312 cubic inch engine can now be yours in most Ford models.

Ford goes First...with the 225-h.p. V-8

Now you can have a 225-h.p. engine with **Fordomatic Drive** for less than the top engine in any other low-priced car with ordinary standard transmission!

Until you slip behind the wheel and sample the sizzle of a 225-h.p. Ford V-8 for yourself, the best thrills in motoring are still ahead of you. For this mighty engine delivers performance that will set your spine a-tingle... performance that will recapture again the fun of driving... performance that keeps Ford the world's largest-selling V-8!

Truly Ford goes first with this 312 cubic inch engine—largest ever offered in a low-priced car. Yet, even teamed with Fordomatic, it costs less than top engines in other low-priced cars with just standard transmission!

Ford goes first with Lifeguard De-

sign, too. For example, there's the deep-center structure of the steering wheel that helps to protect your chest in case of accident... double-grip door latches to reduce chance of doors opening under impact.

As for looks, every '56 Ford took its styling inspiration from the Thunderbird. They're the most glamorous cars in Ford's field.

In economy, too, Ford goes first. In the 1956 Mobilgas Economy Run, a Ford V-8 beat everything in its class—including Sixes as well as Eights. Come in now for a thrilling Test Drive. When you return you'll understand why Ford is the V-8 with the biggest following.

In Performance... Safety
