STANDING ON THE CORNER

With P. J.

Who will remember if we forget—

That Christian Ideals created Freedom?

That a Nation can be no stronger than its Faith?

That our Future can be no greater than our Vision?

That the Quality of our daily Work is a Measure of our Character?

The Christmas party being planned in Tahoka this year under the sponsorship of the Chamber of Commerce is expected to create quite a lot of excitement around town.

With all the prizes being given away, surely most of us have a good chance to win one. For more details, see the page ad on a following page.

Little Mitch Browning, son of Ronnie and Doris Browning, went to church one Sunday morning when the congregation sang "Rescue the Perishing." He was particularly taken with the song and sang it all week.

The following Sunday night he sat on the first row with his grandmother. Several hymns were sung, and then the song leader asked for requests.

Little Mitch stood up and loudly stated that he wanted to sing "Rescue the Perishing." And they did.

"The world is moved, not only by the shoves of the mighty, but by the continual pushing of the little people."—Scandal Sheet.

The News had a letter from Rex Shanks, prominent Texas newspaper publisher and columnist of Laredo, in which he sent his regards to the Hensley family, his life-long friends.

Everyone is certainly glad to see Walter Slaton down town now (Cont'd. On Back Page)

Mrs. M. V. Sikes Rites Monday

Funeral services were held Monday afternoon for Mrs. Mary Virginia Sikes in the First Baptist Church here with the Rev. Clifford Harris, pastor, and Rev. George A. Dale of Lubbock and former pastor here, officiating.

Burial followed in Tahoka Cemetery.

Mrs. Sikes, who was 80 years old, died at 7:30 a. m. last Saturday in the home of her daughter, Mrs. C. R. Riley, at Brownfield. She had been in ill health for several years, and had been in serious condition the past nine months.

She was born Jan. 17, 1876 in Florance, Ala. and came to Lynn county in 1915 from Erath county. On Dec. 13, 1896 she was married to W. E. Sikes in McLennan county. He died in 1939.

The couple came to Lynn county as farmers, but Mrs. Sikes resided in Tahoka at the time of her death. She had been here until only about four months ago, when she was taken to Brownfield. She was a member of the First Baptist Church in Tahoka.

Survivors include three daughters, Mrs. C. R. (Erma) Riley and Mrs. T. M. (Elva) Ellis, both of Brownfield, and Mrs. A. P. (Lenora) Strasser of Bakersfield, Calif.; three sons, E. L. Sikes of Amarillo, Clint Sikes of Tahoka, and J. R. Sikes of Waco; 14 grandchildren and 15 great grandchildren.

Sam Ramsey, who has been seriously ill with pneumonia in a Lamesa hospital for three weeks, on Monday was reported by his niece, Mrs. Nan Evans of Midland, to be improving. He had suffered a relapse last week.

Mrs. John Evans is in a Lamesa hospital recovering from pneumonia.

Tahoka FFA Teams Win Area Contests

Two teams from the Tahoka chapter of the Future Farmers of America will enter state-wide competition at Sam Houston State College in Huntsville, Saturday following their winning first places in the Area II leadership contest held in Big Spring last Saturday.

Brownfield also had two teams winning first places at the annual Area contest.

Tahoka took first place in both the junior chapter conducting and in the FFA quiz. Brownfield won first in the junior and senior farm skills.

O'Donnell FFA won the Farm Electrical trophy awarded by the Texas Electric Service Company.

Many teams attended the meet from an area bordered by El-Paso on the west and Abilene on the east, and from Meadow south to Del Rio.

V. P. Carter has been the trainer of the junior chapter conducting team which consists of Larry Forsythe, Richard Stice, Gary Brazzil, Mickey Owens, Ronnie Walters, Jerry Bragg, Lynn Cook and David Copeland.

Lester Adams has trained the quiz team. Members of the team are Leighton Roddy, Danny Uzle, Lowell Bryan, Terry Spears and Bill Smith.

The local teams left Thursday afternoon for the State Contests accompanied by Lester Adams and V. P. Carter, local Vocational Agriculture teachers.

Mrs. Donaldson Dies At Snyder

Mrs. Maude Donaldson, 86, an early day settler of Lynn county, died Thursday of last week at 11:47 p. m. at her ranch home a few miles south of Snyder. She had been in ill health for several years; and in fact had required the services of a nurse the past six years.

Funeral services were held at Snyder Saturday at 2:00 p. m., with Rev. Roy Shahan, pastor of the First Baptist Church of Post, officiating. Burial was in the City of Lubbock Cemetery.

She was born Maude Carter at Belton on October 11, 1872. She grew up there, and married Charles C. Donaldson at Belton in about 1894. The couple lived at Moody several years, moved out to Ozona, where they ranched and then came on out to Lynn county in about 1908. They acquired a bit of property here, and at the time of her death she still owned the section at Redwine farmed by Hubert Aldridge and two half sections at Wells farmed by Cliff Ingle and Cecil Todd, respectively.

In about 1933, Mr. and Mrs. Donaldson bought a ranch south of Snyder, which consisted of 11 sections at the time of her death. Mr. Donaldson died there in 1945.

The couple had only one child, a daughter, Mrs. Neina Belle McGinty, who died here in 1923. In later years, they adopted a son, Billy.

She is survived by one sister, Mrs. Ada Smith of Tahoka, and one brother, Dick Carter of Amarillo. J. D. Donaldson of Tahoka is a brother-in-law, and C. C. Donaldson a nephew.

Among those from Lynn county attending the funeral services were: Mrs. Smith, Mr. and Mrs. C. C. Donaldson and Miss Jane, Mr. and Mrs. Cecil Todd, Mr. and Mrs. Hubert Aldridge, Cliff and Butch Ingle, Mr. and Mrs. Charles Verner, and Mrs. W. B. Slaton.

Gordon Smith, freshman pre-law student in Baylor University, spent the Thanksgiving holidays at home. This fall, he played intramural football on a team at the University.

Cotton Vote Is Set For Dec. 11

How farmers vote in the cotton marketing quota referendum to be held throughout the Nation's cotton-growing area on December 11 will determine whether quota penalties will apply and also the level of price support for 1957-crop cotton. The referendum therefore is of vital concern to every cotton grower.

The marketing quota program will be in operation next year's crop, if at least two-thirds of the votes cast in the referendum are in favor of the program. In that case, price support will be available for the 1957 crop of upland (Cont'd. On Back Page)

Miss Lola Lewis Is Buried Here

Miss Lola Leona Lewis, 89 years old, died Sunday in an Eden, Texas hospital. A former Tahoka citizen, her home was in Ballinger at the time of her death.

Miss Lewis came to Tahoka in 1906 and remained until sometime in the 1930's when she moved to Ballinger. She was a dry goods clerk here for several years as well as being a well-known property owner. Born Oct. 18, 1867, she was a member of the Primitive Baptist Church in Tahoka.

Funeral services were conducted at Stanley Funeral Home Chapel at 2:00 p. m. Tuesday when Elder V. J. Lowrance, formerly of Tahoka and now of Lubbock, officiated. Burial was in Tahoka Cemetery.

Survivors include two sisters, Mrs. A. B. Davis of Ballinger and Mrs. Claudia Beard of Kerrville; several nephews and nieces; and a sister-in-law, Mrs. R. W. Lewis of Tahoka.

Former Student Here Has Polio

Gary McGrew, 16 year old former Tahoka High School student, is in a Plainview hospital with polio. Although doctors have not yet diagnosed the type of polio he has, he is doing fine, according to his uncle, J. W. Inklebarger.

Gary became ill Saturday and was admitted to the hospital on that day. He attended Tahoka schools in 1954 when his parents, Mr. and Mrs. J. D. McGrew farmed in Lynn county.

He would possibly like to hear from his friends in Tahoka and letters and cards will reach him if they are addressed in care of J. D. McGrew, Olton Route, Plainview, Texas.

Mrs. J. H. McNeely is back home after doing some nursing at Portales, N. M., the past few weeks.

PVT. KENNETH E. SMALLEY

Soldier Qualifies As A Paratrooper

Army Pvt. Kenneth E. Smalley, son of Mr. and Mrs. B. F. Smalley, Route 2, Wilson, recently qualified as a paratrooper after graduating from the 82nd Airborne Division's Jump School at Fort Bragg, N. C.

Smalley received his paratrooper's wings after completing the five-week course which included five training jumps. Smalley was a farmer before entering the Army last May. He received basic training at Fort Chaffee, Ark. The 18-year-old soldier's wife, Ronda, lives in Fayetteville, N. C.

Another Bobcat Killed In County

Another bobcat has been killed in Lynn county.

The latest cat, weighing 22 pounds, was killed by Jerry Church, Mutt Bruedigam, Javan Schneider, and Charles Terry, all Wilson young men, last Friday afternoon while hunting in the Clarence Church pasture near Tahoka Lake.

The four young men had been hunting coyotes that morning, and went back in the afternoon to hunt rabbits when they spied the bobcat. All four fired a shot or two into the bobcat.

David Bray and Johnny Wheeler had killed a bobcat about three miles west of Tahoka on the R. W. Fenton Jr. place about two weeks ago.

Also, about two weeks ago, three Slaton youths killed a 25-pound bobcat while hunting on the Forster ranch near that city.

Walter Florence Hurt At Compress

W. Z. Florence, 63 year old night watchman at the compress, was injured last Friday when a bale of cotton fell on him.

While making his rounds, he was looking under a bale of cotton to see if it was on fire when the bale became unbalanced and fell on him causing back injuries.

He is in Tahoka Hospital where he is slowly improving.

Mrs. Dee Sanders had her children as guests last week end, Mr. and Mrs. Garland Cabe and two daughters of Brownfield and Mr. and Mrs. Floyd Kersey of Lubbock.

Merchants Giving \$1,250 In Prizes To Thursday Visitors

A total of 68 merchants will give away about \$1250 worth of prizes here on Saturday, Dec. 22, at a drawing to be held at the court house square at 3:00 p. m.

These business institutions, in cooperation with the Tahoka Chamber of Commerce, will remain open on the nights of Thursday, Dec. 13, and Thursday, Dec. 20 from 6:00 to 9:00 p. m. Citizens of Lynn county are invited at these times to visit all of the 68 businesses and register for prizes that range up to \$25.00 at each store.

A complete list of merchants participating in the Christmas party and the prizes they will give away appear in a page ad of this week's issue of the News. Gifts to be given away at the drawing range from silver dol-

lars, all kinds of jobs, gift certificates, merchandise and savings bonds. The ticket holder must be present to win or else another name will be drawn.

There are only two rules. First, the registrant must be fifteen years old, and second, registrations will be accepted only on the Thursday nights designated between 6:00 and 9:00 o'clock. You do not have to buy anything.

The Christmas Party is being sponsored in order that citizens will visit the various places of business and get acquainted with the stores and personnel. The Chamber of Commerce also reasons that in conducting such a party, much of the business that would otherwise go out of town will stay in Tahoka, and thus help everyone.

A large turnout is expected on the two Thursday nights and an enthusiastic response is hoped for.

A committee from the Chamber of Commerce, which consisted of Clint Walker, Maurice Bray, Elbert King, and Roy Edwards, this week visited the merchants of Tahoka and invited them to join the list who is giving away prizes this year. Although a few business houses may have been missed, the men made efforts to try to see everyone.

Wynne Collier, who is chairman of the committee in charge of community affairs, said that Christmas music will be played over a loud speaker from the court house on the two Saturdays preceding Christmas and on Christmas Eve.

Entries Are Sought In Lighting Contests

Deadline for registering in the annual Christmas decorating contest has been set for Dec. 18, according to Tom Gill, a member of the committee designated by the Chamber of Commerce, which is sponsoring the event.

Lights must also be turned on by Dec. 18 and decorations completed. Judging will be held sometime between Dec. 18 and 22 by out-of-town judges. Winners will be announced at the Merchant's drawing on the court house square on Saturday afternoon, Dec. 22, at 3:00 o'clock.

Those who wish to enter any of the three divisions open may register at either of the two local drug stores. The divisions are home decorating, doorway decorating, and business window display decorating.

Prizes are being offered the winners of the events. First places in the home decorating and business decorating events will be \$15.00 each; second place, \$10.00; and third place, \$5.00. A cash prize of \$50.00 will be given for first place winner of the doorway decorating event.

Decorations in any event will not be judged unless they are registered, and the Chamber of Commerce urges everyone to enter all decorations, even the simple ones.

W. T. Kidwell and Tom Gill are in charge of the home and doorway decorations contests, and E. R. Edwards and Winston C. Wharton are in charge of the business institutions contest.

Mrs. J. R. Wyatt, 83 years old, is a medical patient in Tahoka Hospital, having been admitted Tuesday. She is doing fine, attendants say.

Mr. and Mrs. Shorty McNeely and Tom of San Angelo were here early this week visiting relatives.

Cleve Littlepage Accident Victim

Cleveland Littlepage was injured late last Friday at his farm when he ran into an auger while chasing a pig.

He received severe lacerations on the nose and was hospitalized in Tahoka Hospital. However, he is improving nicely and was released Wednesday.

Josephine Raindl Makes "Who's Who"

Mrs. Frank Raindl was notified last week by Incarnate Word College that her daughter, Josephine, has been accepted as a member of Who's Who Among Students in American Universities and Colleges.

Jo was one of eleven students selected by the campus nominating committees of Incarnate Word College. Selection was made on basis of scholarship; leadership and participation in academic and extra-curricular activities; citizenship and service to the school; and promise of future usefulness.

Recently, Jo was accepted as a member of Alpha Chi, national honor society for upperclassmen. She is a senior nursing major, and will graduate next May.

84-Year-Old Lady Undergoes Surgery

Mrs. W. D. Smith was released Wednesday from Tahoka Hospital where she has been recuperating from surgery. She is now at her home in Tahoka.

Mrs. Smith underwent surgery in a Lubbock hospital Tuesday, Nov. 27, and was brought to Tahoka Hospital on Friday. She is recovering from the operation extremely well.

Mrs. Smith, who is 84 years old, told a News reporter Wednesday that this is the first time in her life that she has had to spend the night in a hospital.

Elderly People Are in Hospital

The elderly people seem to have it over the babies this week in Tahoka Hospital, where production has slowed down and six patients have possibly broken some kind of a record in Tahoka.

The six range in age from 63 to 84 and altogether add up to a total of 458 years.

They include M. M. Davis, 70 years old; Mrs. R. H. Gibson, 75 years old; W. A. S. Williams, 83 years old; Mrs. J. H. Wyatt, 83 years old; W. Z. Florence, 63 years old; and Mrs. W. D. Smith, 84 years old.

Christmas Lights Are Turned On

Christmas lights in downtown Tahoka were turned on late last week and are the most effective in many years, according to the opinions of many Tahoka citizens.

Lighting has been restricted to the court house and has been turned on under the direction of the Tahoka Chamber of Commerce.

Facing north on Main Street is a huge "Merry Christmas" in red lights near the top of the court house building above which stands a large star of assorted colors. From the star downward flow streamers of lights that encircle the top of the court-house and fall in two strings down each corner to the ground. Streamers of lights also extend from the corners of the court house to nearby poles.

Helping the Chamber of Commerce committee which includes Herman Heck, Johnny Reasonover and A. M. Bray, have been employees of the City, and electricians from Southwestern Public Service Co. and Lyntegar Rural Electric Cooperative.

School Plans Holiday Event

The North Elementary School under the direction of Mrs. Harold Green will present its annual Christmas program on Friday, December 14, at 7:30 p. m. in the High School Auditorium. Approximately 175 students will participate in the program.

This year the theme will be "The Christmas Story in Scripture and Song" and will include passages from the Bible given by a speaking choir of fifth grade students. Fourth grade students will give two poems on the Christ Child and will also present appropriate tableaux as the Christmas carols are sung.

The singing will be done by a mixed choir from the sixth grade and a girls chorus from the seventh grade. Several unfamiliar carols will be sung as well as all the old favorite ones.

Many rooms are busy now building a stable, making woolly lambs, and constructing a paper mache donkey. There is no charge for the program and the public is invited.

Matt Davis Has Heart Attack

M. M. Davis, 70 years old, is in Tahoka Hospital where he is recuperating from a heart attack.

Mr. Davis was walking home from town Saturday evening and was in front of Minnie's Beauty Shop when the heart attack occurred. He walked on to his home and was brought to the hospital, where he is still a patient.

Cotton Allotment Increased

Lynn county growers have received official notice of the 1957 farm acreage allotments for cotton. The notices were mailed by the County Agricultural Stabilization and Conservation Committee Office, December 3.

Cotton acreage allotments for Lynn County farms were determined by the county ASC committee in accordance with the law and the regulations issued by the Secretary of Agriculture. They were based upon the county total allotment of 190,621.2 acres.

This figure represents a gain of 4,289 acres for Lynn over the 186,341 allotted the

county in 1954. On the South Plains, 22 counties received increased acreage and three, including Garza, received a slight decrease.

Central and East Texas counties received cuts in acreage. Plains farmers last year raised a seemingly just complaint when West Texas acreage was cut to increase the acreage down state. At any rate, new acreage adjustment is a favorable trend for West Texas.

Farmers who do not intend to operate a farm for which a 1957 cotton allotment is established

should immediately return the official notice to the county ASC Office so that it can be sent to the person who will operate the farm next year. Cotton allotments are established for specific farms and may not be transferred by the operator or other producer from one farm to another.

Any changes in the land to be included in the farm for which the allotment is made should be reported to the County ASC Committee. Farm operators likewise are asked to check with the County ASC Committee regarding any other question about the farm on which allotment is established.

Today's MEDITATION from The World's Most Widely Used Devotional Guide

The Upper Room

The words that I speak unto you, they are spirit, and they are life. (John 6:63.)

When as a boy of thirteen I left my home in Sweden for America without any money or the language of the country, the last words of my mother as the train pulled out were: "Nels, remember Jesus; Nels, remember Jesus." Deep down those simple words have been rock-bottom wisdom. Here we see and meet God.

When I arrived at Ellis Island, no one there became my guardian. For eleven long days I had to be in prison, with no person who could understand me. My one comfort was my Swedish Bible. I read it and read it, and found God near in it.

May I make the personal confession that without the Bible I am quite lost. It is so much a part of my daily routine, that all of life would be altered if the Bible were not being read. How can we ever thank God enough for such a blessing?

Let the Bible, therefore, be no problem but a power. Let it unite by its love, lead by its light, and save by its spirit.

PRAYER

Our Father, we thank Thee for Thy Holy Word. May the Bible help make present Thy grace that our fear and darkness be driven out by Thy love and light. Through Christ the Son of Thy love. Amen.

THOUGHT FOR THE DAY

As Christ is God's love lived, so the Bible is God's love written. Nels F. S. Ferris (Tennessee)

Help Is Asked For Hungarians

Anyone in this county wishing to aid in the Hungarian Relief Campaign through the American Red Cross is asked to turn their donations in to Mrs. Benish Prosser, according to Bill Griffin, chairman of the Lynn County chapter. Lynn County's quota is \$227.06.

The Red Cross has begun a campaign to raise \$5,000,000 for emergency relief to Hungary and to those who have fled to Austria.

In Budapest, Hungary, since Dec. 1 50,000 sufferers are being fed daily and the number is expected to be stepped up to 200,000 daily by the year's end. Meals consist of 800 to 1,000 calories per person each day.

The Red Cross is also working in Austria where hundreds of volunteers joined the professional staff in the job of feeding, sheltering, clothing, and giving medical attention and other assistance. Some 40 Red Cross societies have over 500 volunteers in Budapest and among refugees in Austria.

Important at this moment is the fact that the Red Cross is the only international agency allowed to function within Hungary itself and the Austrian government requested Red Cross to care for refugees pending long-term care by inter-governmental agencies.

In this country, American Red Cross is working with many volunteers and relief agencies in providing help for the refugees arriving in the United States. Henry Bloss is in charge of operations at "Camp Merry" in Kilmer, N. J., where first refugees arrived Nov. 21. The staff consists of 14 pro workers and volunteers. From the Red Cross chapters assisting come Gray Ladies, volunteer nurses and interpreters.

These refugees will be moved on to make room for more and those interested, whether individuals or organizations, in helping Hungarian refugees relocate contact Pierce Gerety, Refugee Relief Program, Dept. of State, Washington, D. C.

Funds are desperately needed by donations for the Red Cross and Lynn County citizens are especially urged to help meet the need.

Miss Shirley McClintock, senior student in McMurry College, Abilene, spent the Thanksgiving holidays with her parents, Mr. and Mrs. Weldon McClintock, at New Home.

G. C. Grider returned Sunday afternoon from Manchester, Tenn., where he has been the past five weeks helping settle the estate of his brother who died last March.

Mount Everest has never been climbed.

CALLAN GRAHAM, former West Texas legislator and district attorney from Kimble County, has been named executive vice-president of the Texas Good Roads Association at Austin. He will assume the post December 1.

Mr. and Mrs. E. E. McKanis of Lakeview-New Home are in Rockport where they will stay until after Christmas. Mr. McKanis says he intends to try his luck at fishing while there.

"Gat," the slang word for gun comes from the Gatling gun which was used before the modern machine gun.

The standard gauge for a railroad track is four feet, eight and one-half inches.

Christmas Gifts From Kitchen

Homemade fruit cakes, cookies, candies and other food items make Christmas gifts with a "built-in" personal touch that's always appreciated.

Start now to check your Christmas list and make plans to include some gifts from your kitchen. Here are some suggestions from extension foods and nutrition specialists:

*One-pound fruit cakes and larger decorated cakes with candied fruits and nuts—wrapped in cellophane.

*A box of homemade jams, preserves or jellies put in uniform jars and wrapped in holiday attire.

*Special yeast breads—tea rings, Julie Kaza and loaves of bread, attractively wrapped.

*Cookies or candy packed in decorative tins or gaily wrapped boxes.

*Bottles of homemade salad dressing.

*Gala popcorn balls, wrapped in bright cellophane and tied with ribbon for children.

*Plum puddings.

*Wooden bowls with Texas pecans and a nut cracker.

*A Mexican basket filled with colorful fruits.

*Canned chicken or other meats from your pantry shelf—homemade sandwich spreads in little pottery jars.

Tahoka Will Play In Floydada Tournament Friday and Saturday

The girls and boys varsity basketball teams journey to Floydada this week-end for the invitational tournament being held there today and Saturday.

Tuesday night the Bulldogs will go to Plains for boys and girls games.

The Bulldogs were to have met the O'Donnell Eagles there last night in both girls and boys games.

Tahoka opens play in the Floydada tournament at 4:30 p. m. today when the girls play the McAdoo girls. The boys game, also against McAdoo, will immediately follow the girls game.

Eight schools will be represented in the tournament by both girls and boys teams and include Lockney, Chosbyton, Petersburg, Spur, Paducah, McAdoo, Floydada, and Tahoka.

The tournament, which actually started yesterday, will continue with first rounds of play today. Second rounds will be played this afternoon and tonight with semifinals being Saturday morning. Consolation and third place games will be played Saturday afternoon, and the championship finals will begin Saturday night at 8:00 p. m.

Tahoka may have a good chance of seeing what kind of team it really has and what its chances may be in the district since Lockney, Spur and Floydada along with Tahoka are all in 2-AA.

In the first round Floydada was to meet Lockney; Crosbyton was to battle Petersburg; Spur and Paducah were to clash; and finally Tahoka and McAdoo will play. Both girls and boys teams will play the same opponents in the first round, the girls games preceding the boys in each case.

Names Left Off Basketball Roll

Last week the News failed to list all of the boys in Tahoka High School who are coming out for basketball this year.

Among the 35 boys working out each day are two freshmen students, Larry Spruiell and Kenneth Stice, and one sophomore student, Dwayne McNeely.

Tahoka's young team this year is expected to develop as the season progresses and possibly give bright hopes for the future.

Bertice Askeu At National Meeting

Bertice Askeu, president of the Lynn County Farm Bureau, is among 32 members of the South Plains delegation attending the American Federation of Farm Bureaus in Miami, Fla.

The group, and wives, left this week and will arrive in Miami Saturday. The convention begins Sunday and will last through Wednesday, the group returning home on December 15.

Counties that are being represented in the South Plains delegation include Castro, Bailey, Dawson, Hale, Lynn, and Lubbock.

CARD OF THANKS

We wish to express our heartfelt thanks for all the lovely flowers, the food, and the many kind expressions of sympathy during our recent sorrow at the loss of our baby. May God bless each and everyone of you.—Mr. and Mrs. Lee Roy Schulle.

W. A. S. Williams, 83 years old, underwent major surgery last Friday in Tahoka Hospital. He was released Wednesday and is in good condition.

Mr. and Mrs. Jackie Slover and son of Buena Vista, near Borger, were here last week end visiting his parents, Mr. and Mrs. Rufus Slover.

It is only 18 miles across the English Channel from Dover, England to Calais, France.

Christmas Mail Rush Is Starting

Postmaster W. E. Smith said today that while the Post Office has a tremendous job ahead of it, efforts are being redoubled to deliver all mail on time and in good condition by Christmas Eve. He points out that by taking a little extra care with your Christmas mailing now, you'll avoid disappointing friends and loved ones at Christmas time.

He asks for your special cooperation to be sure that your return address and the recipient's address are plainly typed or written on all labels and Christmas cards. Use zone numbers, and it's a good idea to include an extra label inside your package. Parcel Post size and weight limitations vary according to destination. Ask about them when you go to the Post Office to buy stamps.

Speaking about stamps, the Postmaster said, "Use three cent postage on all Christmas cards. This way they will be delivered promptly, and forwarded or returned, if necessary, providing you include your name and address on your Christmas card envelopes." First-Class postage on your Christmas cards enable you to include handwritten messages, thus making your Christmas greetings more personal. By including your name and address on each Christmas card envelope, both you and your friends can keep your mailing list up-to-date.

The Postmaster urges that you mail all of your out-of-town Christmas cards and packages immediately, and certainly not later than December 10th. Christmas mail for local addresses should be started on its way at least a week before Christmas.

Miss Martha Roper, a freshman in McMurry College at Abilene, visited her parents, Mr. and Mrs. C. E. Roper, at New Home over the Thanksgiving week end.

Mrs. Dean Wright has been a medical patient in Tahoka Hospital since Nov. 27, but is now improving and is expected to be released this week.

Denver City Is Bulldog Victim

Tahoka won two games over Denver City in basketball play here Tuesday night giving both "A" and "B" boys teams two wins each so far this season.

Tahoka Bulldogs defeated the Mustangs by a score of 51 to 46 in varsity play in a ballgame that saw Denver City in the lead only one time.

The Mustangs led at the end of the first quarter by 9 to 8, but the Bulldogs took the lead early in the second quarter and held a fairly comfortable margin throughout the balance of the game. The Mustangs came within four points of Tahoka a few times, but never really threatened to control the ball game after the first quarter. The half ended in Tahoka's favor 23 to 17. Third quarter score was 32 to 27.

Sefcik of Denver City was high point man of the game with 14 points and Mobley had 10. Jerry Brown had 12 and Marlon Hawthorne had 11 for Tahoka.

Starters for the Bulldogs were Jay Gurley, Brown, Hawthorne, Karl Prohl and Haynes Howle, although others saw action all through the game. Jackie Applewhite, who in spite of his size may surprise fans with his hustle, Jerry Adams and Donald Williams took their turns on the court.

Last week the Bulldogs defeated

the Mustangs 51 to 50 in a double overtime at Denver City.

The Bulldogs looked good for an early season game, although they made some mistakes. However, with several weeks to go before conference games begin, the Bulldogs have possibilities of shaping up an above average ball team.

The "B" team won in a one-sided game 42 to 25 with Jerry Adams of Tahoka holding scoring honors with 10 points. Tinley of Denver City racked up 8, as did Weldon Calloway of Tahoka.

The "B" team, which is mostly composed of freshmen and sophomores, showed a great deal of promise Tuesday night for the years to come and fans will continue to watch their progress.

GETS CONTROLLED HEAT

"I've cooked electrically for years, so naturally when I bought a new double oven range, it was electric. When I am working with expensive fruit cake ingredients, my baking temperature must be exact. I have found that an electric oven gives me exactly the controlled heat I want."

RANGE DOES PERFECT JOB

"The double oven model is excellent, not only in my fruit cake baking, but comes in handy for family dinners and entertaining friends. Handy, too, for quick snacks are the surface units... they're so fast. I find my new range does a perfect job whether it's a quick snack or the fully loaded ovens."

LIKES ELECTRICITY

Mrs. Henry describes her home as an electric one and she says, "We are all proud of our electric appliances which make living more enjoyable."

See the '57 Chevrolet now on display. It's sweet, smooth and sassy!

Chevy's lower and longer...and every inch a beauty!

Chevrolet's new Bel Air Sport Coupe. Body by Fisher, of course.

It's longer and lower. And livelier, with new power (even fuel injection!) plus Turboglide—the first and only triple-turbine automatic drive.

You'll especially like the new Chevy's remarkable pep and handling ease. New V8 horsepower options range up to 245.* And there's a choice of two automatic drives as extra-cost options: famous, frisky Powerglide, or Turboglide, Chevy's new super-smooth automatic that brings you triple-turbine takeoff. And you'll like the '57 Chevy's new and daring design!

Stop by and pick out your favorite among the 20 sweet, smooth and sassy new Chevrolet models.

*270-h.p. engine also available at extra cost. Also Ramjet fuel injection engines with up to 283 h.p. in Corvette and passenger car models.

Mrs. Gus Nieman of Idalou visited Mrs. Katie Nieman on Wednesday.

Mr. and Mrs. Woods of Maypearl and Mr. and Mrs. T. R. Riddle and family of Tahoka were Saturday visitors in the home of Mr. and Mrs. Ollie Riddle.

Miss Janet Dube, a student in Concordia College in Austin, spent the Thanksgiving holidays visiting friends and relatives here.

The W. S. C. S. of the Methodist Church met Tuesday afternoon in the home of Mrs. Glenn Ward. Mrs. Grover Coleman completed the study. Sixteen members were present.

Dan Clary of Post visited Mr. and Mrs. Ira Clary and family on Sunday afternoon.

Sunday afternoon visitors in the home of Mrs. H. C. Fountain were Mrs. Bill Deavers and Mrs. Sed Meadows of Slaton and Mr. and Mrs. Earl Tunnell of Tahoka.

Mr. and Mrs. Everett Taylor and daughter have moved to Lubbock to make their home.

Mrs. A. N. Crowson and Mr. and Mrs. C. W. Phillips were called to Sulphur Springs Sunday morning due to the sudden death of a friend, Mrs. John Beckman.

Mrs. Charlie Lichey returned Sunday after having spent a few days visiting relatives in Fort Worth.

Visitors in the home of Mrs. B. E. Webb and family last week were Mrs. Webb's mother, Mrs. Grace Wilburn and Mr. and Mrs. Edgar Doty and daughter, Peggy, all of Cleburn.

Week end visitors in the home of Mr. and Mrs. Ray Craft were Mr. and Mrs. Bill Craft and Mr. and Mrs. Cecil Craft all of Hobbs, New Mexico.

Kenneth Schneider of Houston visited his parents, Mr. and Mrs. Frank Schneider and family; over the week end.

Sunday visitors in the home of Mr. and Mrs. Pat Campbell were Mr. and Mrs. Raymond Thorton of Belton.

Miss Geraldine Hagens, a student in Texas Lutheran College at Seguin, visited her father, Mr. Authur Hagens and Mary Lou, over the Thanksgiving holidays.

Lunch guests of Mrs. Katie Nieman on Sunday were Mr. and Mrs. Herbert Ehlers and family and Mrs. Annie Ehlers.

Mr. and Mrs. Monroe Talkmitt carried Janet Dube to Austin on Sunday where she is enrolled in school. They were accompanied by Mrs. Oswell Dube who will visit

her sister who is ill in a Houston hospital.

Mr. and Mrs. Clifton Gardner and family visited relatives in Aspermont over the week end.

Mr. and Mrs. Pat Campbell were lunch guests of their daughter and family, Mr. and Mrs. Carlton Wilke, and family, on Sunday.

The Luther League of St. John's Lutheran Church and the Slaton League were host for a party honoring the college kids on Friday night. Ten members attended from Wilson.

Mr. and Mrs. Ollie Riddle visited Mr. and Mrs. E. R. Perkins of Woodrow on Sunday afternoon.

The Women's Missionary League of St. Paul's Lutheran Church met Sunday afternoon with ten members present. Plans for Christmas were discussed.

Mr. and Mrs. B. W. Hobbs and children visited relatives in Marshall and Shreveport, La., over the week end.

Thanksgiving week end guests of Mr. and Mrs. J. O. King of Wilson were two of their sons and families, W. W. King, the youngest son, of Oklahoma City, and Rev. J. Paul King, Methodist pastor at Waukomis, Okla.

"Oh, boy! Cowboy boots for Christmas!" That's the hope of these two typical American youngsters, Deb and Jay Dawson, as they see this display of boots that can bring them the glamour and excitement of the old West! Santa seems to be listening. Who knows? Maybe dreams will come true!

Gregarious animals are those that live in flocks or herds.

Melvin Edwards To Get Discharge

Sp. 3rd Melvin W. Edwards, son of Mr. and Mrs. Hubert Edwards of route one, Tahoka, is expected to arrive home about Dec. 23 with his discharge.

He is presently stationed in Anisbach, Germany with the 750th F. A. Bn. and will sail for the United States on Dec. 11. He will receive his discharge at Camp Chaffee, Ark.

Edwards has served 18 months overseas, being stationed at Butzbach, Germany for 11 months with the Eighth Infantry Regiment of the Fourth U. S. Infantry Division. He was transferred to the 750th Field Artillery in June of this year where he has served until this time.

and then. The old town didn't look like itself for awhile there, but now that Mr. Slaton is able to come down once in awhile, things are looking up.

There is, at this time, a great need for donations to the American Red Cross for the Hungarian Refugee Campaign. Lynn county's quota is \$227, but I'm sure that they could use more. This, of course, goes for food, shelter and medical supplies.

Then too, if you need someone on your farm to work the year around, a refugee family would probably be very grateful if you could use them.

Organizations, either civic or religious, can also sponsor the relocation of refugees. The address to write to appears in a news story in this week's issue.

Have you seen Mrs. Gladys Stokes house since she has remodeled and repainted it? It is different from anything else in town and is most appealing with an off-white exterior trimmed with pink.

A white collar worker is one who carries his lunch in a brief case instead of a pail.

T. R. Cathcart has made quite a pile of pocket change this summer and fall from his turnip patches, and he still has turnips for sale. He also has about 400 pounds banked-out for winter sales.

T. R. admits he has sold \$222.05 in turnips and greens, all from a 75 x 75 foot patch of early turnips and a patch 66x75 feet of late turnips. His only expense in raising them was the seed and water, not counting the shoe leather he has worn off peddling the product of his labor.

We noticed that a railing has been installed up the middle of the court house steps. No doubt, many of those who travel up the steps several times a day will really feel the effects of the rail, not to mention the athletic types like me who have to stop every three steps to get their breath.

To say the least, it was a great day when an architect thought of building court houses and school buildings all on the ground floor.

CARD OF THANKS
We wish to express our deepest appreciation for the kindness shown us by our friends during the illness and passing of our mother, Mrs. Mary Sikes, for the flowers, the food and every expression of sympathy.—The children of Mrs. M. V. Sikes.

L. F. Frazier of Leonard, formerly of Tahoka, was here Tuesday visiting old friends. He has a farm near Leonard and is building up a small dairy herd.

Jerry Cain, a student in the University of Texas, spent Thanksgiving holidays here visiting his parents and sister, Mr. and Mrs. Alton Cain and Lynnetta.

Notice, Farmers:

Western Hatcheries, Inc., have purchased hatcheries in California. These hatcheries will be supplied with hatchery eggs from West Texas.

As a result, they need an increase of a good many thousand BREEDER HENS over the proposed number in this area.

To meet this demand and to encourage growers to get started without too much additional expense, the minimum sized flock has been reduced to 400.

Many farmers should be able to house this sized flock with present facilities.

About 25,000 pullets are to be started the last of this month, Dec. 28th. To get in on these, applications must be filled out within the next 10 days. This is the last hatch of fall breeder pullets.

If interested, contact us immediately.

cotton at a level between 75 to 90 percent parity, and quota penalties will apply on any "excess" cotton. If more than one-third of the votes are against quotas, there would be no quota penalties but the price support level to eligible growers would drop to 50 percent parity.

Even though quotas are disapproved, acreage allotments will remain in effect as a means of determining eligibility for price support.

All farmers who engaged in the production of upland cotton in 1956 will be eligible to vote in the referendum. This includes growers who participated in the 1956 Upland Cotton Acreage Reserve of Soil Bank.

The referendum will be held between the hours of 8:00 a. m. and 7:00 p. m. on December 11 at the following polling places: Tahoka at ASC Office; West Point, Gin Office; Petty, Gin Office; Lakeview, Gin Office; New Home, Coop Gin Office; Wayside, Gin Office; Wilson, Coop Gin Office; New Lynn, Gin Office; Gordon, Gin Office; Hackberry, Gin Office; Grassland, Coop Gin Office; Draw, Paymaster Gin Office; O'Donnell, Tom Brewer's Office; Wells, Coop Gin Office, and New Moore, Gin Office.

Glenn Wells To Get Commission

Glenn Wells, in officers training at the U. S. Naval School at Newport, Rhode Island, will graduate at 9:45 a. m. Friday of next week. After Christmas, he will be stationed at Athens, Georgia.

Glenn writes his father, R. C. Wells, he expects to fly home, arriving in Lubbock Saturday.

He graduated from Texas Tech last spring, and was accepted by the Navy for officers training. He has spent four months in the school at Newport.

JOE D. UNFRED FAMILY VISIT IN COLORADO

Mr. and Mrs. Joe D. Unfred and children spent last week end visiting Mr. and Mrs. Kay K. Moore, formerly of New Home, at Durango, Colo., to which place the couple recently moved.

Joe says Kay is the same old boy in new surroundings. He is operating The Red Chalet, a barbecue house on the main street in Durango.

While there, the group went high up in the mountains to Silverton, the old mining town, to enjoy the winter sports. All the "kids," big and little greatly enjoyed the occasion, although Kay had a narrow escape from serious injury when the "flying saucer" he was riding on the snow down a mountainside suddenly hit a snowless spot and threw Kay for a loop, cutting a big gash in his head.

The Unfreds went up Thursday and returned Sunday.

Little Mary Vesquez, seven month old daughter of Mr. and Mrs. Gavenio Vesquez, is a patient in Tahoka Hospital with pneumonia. She entered the hospital on Monday and was reported to be improving.

Mrs. R. H. Gibson, who has been a patient in Tahoka Hospital for six weeks, was released Wednesday.

FFA Boys Give Skit At Civic Club

Forty members of the New Home Civic Club saw a group of FFA boys of the New Home chapter present a skit on parliamentary procedure at the club's meeting at the Community Center Monday night.

Wendell Morrow, president of the New Home FFA chapter, gave the introductory speech, followed by the skit.

Bob Nunley played the part of the chapter president and Wesley Dean that of the vice president in the presentation. Others participating in the program were Joe and Gary Roper, Morrow, Larry Edwards, Gayland James, and Walter Gasper.

Harlan Dean, president of the New Home school board, gave a report to the group on the findings of the state accrediting committee which recently inspected the colored school at New Home.

The members of the Home Demonstration Club served the meal at the meeting.

FOURTH GRADE GROUP PLANS CHRISTMAS TREE

Miss Marie Johnson's fourth grade room in the North Elementary School elected a group to select a Christmas tree for this year.

They are Louella Tomlinson, Billy Miller, Peggy Bradshaw, Nancy Inman, Jack Flippin, Gary Grogan, and Mike McKibben.

There are two new pupils in the room, Lema Jo Scott and Carlotta Rocha.

Plains Cotton Growers Seek Eight Major Changes In Cotton Classing

Wilmer Smith and A. C. Verner, Lynn county director of the Plains Cotton Growers, Inc., announced this week that the PCG was backing the eight changes recently recommended for improving of cotton classing for South Plains farmers.

The Directors explained the eight recommendations were made unanimously at the meeting held in Lubbock Nov. 29 attended by representatives of the PCG, the South Plains Farmer-Ginner committee, South Plains Ginner Association, Farm Bureau, Farmer Union and business.

The eight specific recommendations the group listed as favoring the improvement of cotton classing were:

1. Establishment of uniform humidity equipment in all classing offices in the area, whether it be the Lubbock office or other newly established offices, and that cotton be allowed to condition—12 to 24 hours—before classing is done.
2. Multiple classing offices be considered for this area. W. O. Fortenberry, President of PCG appointed a committee to study this program and report later. This committee is Curtice Boyd, Lubbock, Chairman; John I. Bowling, Hale Center, and Kenneth Purcell, Brownfield, members.
3. Samples of bales taken at both gins and compresses were discussed and the group voted for more uniform samples regardless of where taken and also recommended that the ultimate goal be the taking of automatic samples from gins.
4. Recommended the return to

use of the class or "pink" sheet by the classing office and that each classer be given a code number and it be placed on the pink sheet.

5. Establishment of a classing review board composed of one qualified classer each to represent the farmer, the cotton trade and the government, and the grade given by this board be a final grade.

6. The date entered on the green card be the date the sample as received at the cotton classing office instead of the date the cotton was actually classed.

7. The Commodity Credit Corporation recognize and set a value for light spotted cotton in the government loan.

8. This group as a body opposes any proposed change of the average grade and staple from 7/8 inch to 1 inch in the government cotton program.

The group also discussed a meeting next spring or summer in Lubbock to which USDA classing officials from Washington would be invited to discuss rules and regulations which will govern classing of cotton for the next season.

The cotton representatives also went on record as endorsing the Smith-Doxey program and pointed out the recommendations made were done so only with an eye towards improving the program and not as a criticism.

George Pfeiffenberger, executive secretary of the PCG, served as secretary of the meeting. He announced the recommendations would be presented to USDA classing officials in Washington.

RED CROSS AIDING HUNGARIAN REFUGEES

A Hungarian refugee, one of thousands fleeing to the USA from strife-torn Hungary, is fitted with a coat by a Red Cross worker before leaving Camp Kilmer, N. J. She is Mrs. John Bauswen, of Cleveland, Ohio, who with her husband, are sponsoring this young man. The Red Cross, serving sufferers since the beginnings of the uprising, in distribution of food, medicine, clothing and other necessities in Vienna and Budapest, is launching a campaign for \$5,000,000 in this country to meet costs of the mammoth humanitarian program. By the end of the year the Red Cross will be feeding over 200,000 victims daily in Hungary, besides supplying needed clothing, fuel and medical supplies.

Slaton Choir Will Present Program

The First Methodist Church of Slaton has announced its Christmas musical presentation by the Chancel Choir of the church. This adult choir of 35 voices will present the Christmas section of Handel's "The Messiah," world's most famous oratorio, Sunday, Dec. 9, at 4:00 p. m. in order that members of other churches may attend and still be in their own evening services.

A distinguished group of soloists will appear with the choir in presenting this work. Mrs. Charlene Davis, Slaton High School choral director, will be soprano soloist. Mrs. Dorothy Pijan, formerly soloist with the First Presbyterian Church of Minneapolis, Minn., will be contralto soloist. Tenor soloist is to be Ira Schantz, teacher of voice at Texas Tech, who gave up a successful professional career in New York to return to Lubbock. Bass soloist will be Wayland Stephens, director of music for the Protestant Chapel Services at Reese Air Force Base. Mrs. Sam Mullenax, local music teacher, will be the organist.

Jim D. Campbell, Minister of

Music at the Slaton church and director of six choirs, will conduct. The choir will sing the traditional choruses and the "Hallelujah" chorus.

Campbell states that the time of this performance will permit residents of Tahoka to return here for their own services that evening, and that the First Methodist Church of Slaton extends a cordial invitation to those who might wish to hear this Christmas presentation.

Mahon Seeking "Light Spot" Aid

Lubbock, Dec. 6—Rep. George Mahon has wired Secretary Benson, urging him to immediately set in motion plans which will guarantee a loan basis on light spot cotton for the 1957 crop year.

This action followed a meeting in Lubbock of representative farmers from approximately 30 West Texas counties on November 28. At the meeting a resolution was unanimously approved calling upon the Department of Agriculture to include a specific loan on light spot cotton in the government loan program.

Attending the meeting were representatives of the Plains Cotton Growers Association, Farm Bureau, and Farmers Union. Other industry and producer groups were also represented.

In his message to Secretary Benson, Mahon pointed out that the nation's cotton growers were losing millions of dollars annually by reason of the refusal of the Department to grant a special loan on light spot cotton.

Mahon pointed out that over a period of years he had joined with other West Texans in seeking a special loan on light spot cotton. This year such a loan was endorsed by the House Committee of Agriculture in a report made to Congress, and a Congressional hearing was held in Greenville, Texas, in October at which time the Department of Agriculture was condemned for its failure to provide for a special loan on light spot cotton for the 1956 crop.

Mahon expressed belief that the united front which has now been presented by all farm groups should mean a great deal in the campaign for a government loan basis on light spot cotton for 1957.

Odd Ends

(By E. I. The Elder)

We read in the papers just a few days ago that another killing frost had visited the Lower Rio Grande Valley and had destroyed the immense vegetable crop that was being raised in that garden spot of Texas. That meant that not only the people of that fertile valley suffered a real commercial calamity, but that good vegetables of many kinds would soon become much rarer on our own tables in other parts of Texas and also more expensive, a loss in which all of us would share to a certain extent.

The raising of vegetables is a profitable occupation for hundreds of people in the vicinity of every large city the world over, and has been from time immemorial; and in many cities there is a plot of ground devoted almost exclusively to the sale of vegetables. Nearly every city has its "Vegetable Market." The most amazing sight of this kind that I have ever seen is the so-called "Floating Gardens" just outside the city of Mexico and the Vegetable market inside the city. A mile or two of canals wind their way through rich soil. These canals are filled with water to a depth of two to six feet or more and the luxuriant gardens line the banks on both sides far back over the flat country. These canals furnish irrigation for the gardens and pass out through a tunnel in a mountain that blocks the lower end. The water comes from ancient tunnels built through the City of Mexico and from the broad valley surrounding the city. Numerous boats, carrying from six to 20 passengers ply the waters of the canal on Sundays and holidays, and some of them are manned by the flower girls with lovely

bouquets of flowers and various trinkets for sale to vacationists on numerous other boats. On week days the vegetables are harvested and hauled in trucks into the city to supply food for the three million inhabitants of the city. Xochamilco is the age-old town near which these gardens are situated. There are market places along many of the business streets of the City of Mexico and one of the most revolting scenes in the City is the Market place in the slum district. Hundreds of people spend the night there and next morning the filthy half-naked crowds, eating such vegetables and fruits as they have been able to procure, after having slept promiscuously on blankets or nothing at all but dirt, create a stench and a scene of filth and unsanitary conditions that make a decent person sick at the stomach. Most of the food that is sold on the streets and that is cooked in little kitchens set back in holes in the wall, is apparently clean and sanitary, however. Mexico is uncleanly only in small spots here and there. I have tried to give you a true picture of her marvelous vegetable gardens and of the market place in the slum district, because, I am sure, that these have no counterpart anywhere in the world.

I am under the impression that Miss Emma Jewel Ross once visited Mexico, and she may have taken a ride on a boat out at the Floating Gardens near Xochamilco and she may have seen the slum district inside the city of Mexico, but in her book entitled "Living Where Jesus Lived," she gives us a graphic story of the vegetable market outside the Jaffa Gate in the city of Jerusalem, and now we quote from this book.

"In the large square just outside the Jaffa Gate is the vegetable market of Jerusalem. There women sit with baskets of lettuce, egg-plant, cauliflower, grapes, figs, pomegranets, tomatoes, cucumbers, gourds, and charcoal for cooking; also oranges and lemons from Jaffa.

"When Kaiser Wilhelm was in Jerusalem in 1898, the wall was opened at the Jaffa Gate to make a splendid entrance for him. He was dressed as a crusading knight and rode a prancing white horse. This opening is still in the wall. "Very different from the Kaiser's entrance into Jerusalem, was that of general Allenby, when he took possession of the city, in the name of the Allies, at noon on December 11, 1917. On foot, in his ordinary active uniform, without even the display of military medals, he made his official en-

try, through the small narrow Jaffa Gate. There was an Arab legend which said that only when the Nile flowed into Jerusalem, would the Turks be driven from Palestine, a picturesque way of saying that the Turks would stay there forever. The Nile now flows into Palestine, for as General Allenby and his troops advanced through the desert toward the city, they piped water from the Nile for their use. Allenby is evidently an Irish name, but the Oriental version of it is the euphonious union of two Arab words, 'Allah,' meaning 'God;' 'Nebi' meaning 'Prophet;' the result is Allah Nebi—'God's Prophet.'

drink let alone to wash in. We ourselves were limited as to the number of baths we could have per week. When you engage your room, you are told just what day is your bath day. Before the war (World War No. I) the only water supply in the city was that collected in cisterns and that which was peddled in goatskin water bags on the backs of men and donkeys. Each house has its cistern, so constructed that the water from the roofs flow into it during the rainy season. Now I understand better why Jesus said: 'Aid who-soever shall give to drink unto one of these little ones a cup of cold water only in my name, he shall in no wise lose his reward. (Matt. 10:42.)'

(Isn't all of this interesting? The Lord must have preserved this age-old city so that modern western peoples might better understand the Old Bible and the New. Miss Ross did us a wonderful service when she turned her facile pen to the task of writing this delightful book—Ed.)

IRRIGATION WATER MANAGEMENT
 By Lee H. Williamson

There are lots of irrigation systems lying idle during the winter months. These will not be used until some time after the first of the year.

Whether your irrigation is stacked or is being used to irrigate winter cover and soil building crops, you should be planning for the next irrigation season which will include replanting irrigation if you have not used your system on winter crops.

Indications are that next year could be just as dry as the past five and there is no indication that wells in the area will produce any more water than in the past. A good guess would be that they will produce less. These facts when coupled with the cost of pumping water, operating the system and other factors make it important that the most be produced with a given amount of water and at a very minimum cost.

In order to be a successful irrigator much planning, scheduling and supervision is necessary. It is not enough just to say, "I am going to water the back 40 next year." Water is about all you will do if no more planning

is done. The thing you need to plan is how much water to apply before planting, when to start pre-planting irrigation, how soon after planting before another irrigation is possible, at what stages of soil moisture to water back and approximately how much to apply at each irrigation as well as what crops will be irrigated and what production is expected. In addition to planning the actual irrigation it is important that the irrigator be prepared to keep a close check on soil moisture. He should be able to estimate very closely the amount of moisture present in the soil at different depths. He should be able to estimate the depth of application necessary to bring the soil profile up to field capacity without overwatering. He should operate under a plan which is flexible enough to allow for alterations that will be necessary due to weather conditions and varying demands of the crop he waters.

All this should be worked out in detail before beginning to irrigate. If the best irrigation water management is to be followed. Not only worked out but the plans be followed and administered to follow variations over which the irrigation has no control.

Planning for irrigation water management cannot be done in a few minutes or even in a few days. It requires a lot of study and thought and in many cases newly acquired knowledge. You should begin now to plan for irrigation water management next year.

SCS technicians assisting your Soil Conservation district have much information on irrigation and have had experience in planning and carrying out irrigation water management. They will be glad to assist you with your irrigation problems.
