## STANDING ON THE CORNER

With P. J.

"If I can put one touch of a rosy sunset into the life of any man or woman, I shall feel that I have worked with God."—George MacDonald.

Have you ever arisen on a beautiful morning to feel so absolutely happy that even a slap in the face or a stomp on your toes couldn't daunt your spirit? This happens too seldom to most of us, but when it does, you can agree that it is the most wonderful of all feelings in the world. And the best thing about it is that during the day, you realize when you wake up with the right attitudes and with a feeling that you love everything in God's creation, that you can have this wonderful feeling every day. You discover it is something that comes from inside—and not what anything physical can bring about.

The City election this week brought to mind one that occurred about 10 or more years ago when the late Joe Bovell was mayor.

In this particular election, H. B. McCord, Sr. was running for alderman and a write-in campaign was started for another citizen. When all the votes were counted the two candidates had tied. Another election was called and this time H. B. won by a slim margin.

Maybe this just goes to prove that we should never take any kind of an election lightly.

The margins were not nearly so slim this week when the votes were tabulated, but nevertheless, every vote counted.

We extend to Mr. McCord, Meldon Leslie, and Dr. Skiles Thomas all sizes and types of horse shoes during their terms as mayor and aldermen.

## Talent Show Is Set For April 12

A talent show sponsored by the Tahoka Band Mothers will be held here on Friday night, April 12, at 8:00 o'clock in the high school auditorium.

At this time there are about 20 entries in the event, which is broken down into four divisions. Prizes will be awarded winners in each division upon the decisions of out-of-town judges.

The divisions in which talent may be entered include the high school division; grade school division; pre-school division; and out of town division.

Purpose of the talent show is to raise money to pay for the new shakos which were purchased this year for the Tahoka High School Bulldog band. Although some of the cost has been defrayed by donations, a large amount still remains to be paid and the organization hopes it will be raised in the forth coming talent event.

Admission to the show will be 50 cents for adults and 25 cents for children.

## New Record Set On Car Registrations In County

Motor vehicle registrations set a new all-time record this year up to March 31, reports J. E. (Red) Brown, tax assessor and collector. Up to Monday, 4,923 vehicles had been registered as compared with 4,714 on the same day last year. Money collected this year from these registrations was \$80,055.00, as compared with \$74,800.00 at the same time last year.

For the entire year of 1956, 6,402 vehicles were registered in Lynn County for a total of \$100,690.00.

The first \$50,000.00 income from registration goes to the county, and half of the income of the remainder remains in the county and half goes to the State.

Thus, Lynn County already has received \$65,000.00, which will be divided equally between the four commissioners precincts for the maintenance of public roads.

## Baptists Receive Award In Dallas

First Baptist Church Sunday School, the only one in the South, on Tuesday at the Sunday School Convention in Dallas, received the Advanced Standard Award.

Robert Edwards, Bill Reddell, "Spec" Brian, and Rev. J. Clifford Harris were present for the presentation.

This is the second year in succession the local Sunday School has received the high honor.

Leaving Dallas at about 4:00 p. m. Tuesday, the four barely missed being in the terrible tornado which swept across the city between 4:00 and 5:00 o'clock.

In fact the tornado was probably in progress. As they went through Oak Cliff, dark clouds boomed up, the atmosphere was calm and sultry, and there were spurts of rain and hail. However, they did not know of the tornado until reaching Fort Worth.

Further west, at Abilene, however, they ran into a terrible wind, rain, and hail storm. In fact, about six miles west of Abilene, the rain was so intense they had to stop their car for a while as they were unable to see the road. The heavy rain extended to Roscoe.

There is no contest at Tahoka, where the names of L. A. Forsythe and Reble Thomas have been filed. Forsythe is at present filling out an unexpired term, and Thomas would succeed J. D. Martin, who did not choose to stand for re-election.

Grassland is not holding an election, since that district is due to be consolidated with Tahoka on July 1 by order of the County Board.

Two trustees are to be elected at O'Donnell. Names filed for the two places include Jake Burckett, a present member of the board; Benny Moore, building contractor; and Silas Russ, farmer.

Four names are filed in the Wilson district for two places on the board. They are: Edmund Macker and Guy Smith, present members; and Ray Cook and Charles Baker.

At New Home four names are also filed for two places, namely, Walter Gasper, Frank Timmons, Delbert Mouser, and M. S. Renfroe.

## Pony, Little League Plans For Summer Completed

Representatives of the Tahoka and Post Pony League are making final arrangements for the season to begin in May after approving the schedule and naming the four teams of the two counties.

The approved play for the season begins on May 28 and goes through July 11 with two games being played each week. The uniforms and equipment have been ordered and complete insurance coverage for all players has been arranged.

The two Lynn County teams will go under the names of the Orioles, sponsored by the co-op guys, and the Braves, sponsored by Goodpasture Grain Company. In Garza county the teams will be known as the White Sox, sponsored by Bob Collier, Druggist, and the Indians, under the sponsorship of Levi's.

Teams will be selected by the distribution system when coaches and managers will try to balance the teams. After the work-outs, players will be placed in categories and names will be drawn from a hat in each category.

The Pony League and Little League have been making efforts here to raise \$2,000 for lighting the present Little League park, as well as enlarging it, and at the present time a total of \$741.00 has

been donated. This leaves a large amount of \$1257.00 that is still needed before the project can be completed. Donors may send their contributions to Tom Bartley, treasurer of the Little League in Tahoka.

Tahoka members of the Pony League committee are A. M. Bray, L. A. Forsythe, Herman Heck, and J. E. Nance. The remainder of the committee is made up of Post members.

H. B. McCord, Sr. was chosen mayor of Tahoka Tuesday when Tahoka citizens went to the polls and Meldon Leslie and Dr. C. Skiles Thomas were named the new aldermen.

And they (Paul and Silas) said, "Believe in the Lord Jesus and you will be saved, you and your household." (Acts 16:31. RSV.)

Two teen-age Filipino boys, Nas and Conrado, were handed religious census cards to fill in. Across the cards each wrote the word "pagan."

The grandfathers of these boys had been headhunters. As children during the war years, they had lost many of their close relatives. Their god had been a totem pole, and as a result of their experience they lost faith in any god at all. However, when they heard the message of Christ from evangelist C. L. Spottswood, they gave up everything they had to serve the Master.

As we built a model demonstration farm with the boys, I realized they were seeking the Christian way in their lives. Six months after they had been there, I saw them stand boldly and testify before countrymen that Christ was their Savior. It took courage and faith for them to believe on the Lord Jesus Christ. They were convinced of His power for them.

### PRAYER

O Lord, we often find ourselves lacking in faith even though we know Thee. We thank Thee for the inspiration of seeing converts new in the faith. We thank Thee for the impact they make upon us. In Christ's name we pray. Amen.

## New Cotton Is Ready For Use

College Station—Texas cotton growers looking for a blight-resistant, open boll cotton may obtain Austin variety commercial seed in 1968, according to Plant Pathologist Luther Bird. It is recommended for areas of the state where an inch staple is desired.

Austin is highly resistant to Texas' most damaging race of bacterial blight and tolerant to the number two race. Resistance is highest where adequate soil moisture and available nitrogen are present. Under blight-free conditions, Austin will yield as much as other open boll varieties grown in Texas. It will prevent 5 to 100 percent of yield losses under blight conditions depending on the degree of infection.

Tests conducted under Fusarium wilt-nematode conditions showed Austin with a 10 percent yield reduction while susceptible strains suffered a 50 percent reduction. The new variety has performed exceptionally well under irrigated and normal rainfall conditions. Although it yields satisfactorily under drought conditions, the open boll may be extremely loose. Its fiber is suitable for yarn production and staple length is 30/32 to 33/32 inch. The boll is larger than Deltapine types but is smaller than Empire. Austin seed are satisfactory for cottonseed products and the variety's normal lint percent is 36 to 40.

Foundation seed are now available to individuals who wish to produce certified seed from the Foundation Seed Section, Texas Agricultural Experiment Station.

### Three Local Girls Will Receive State Award At Future Homemakers Meet

Three outstanding members of the Tahoka Future Homemakers of America will receive the State Homemaker Degree in Dallas at the state meeting which is to be held April 26. This is the highest honor bestowed upon a girl in the F. H. A.

Those who will receive the degree are Mary Helen Whitaker, daughter of Mr. and Mrs. Oscar Whitaker; Lydia Perez, daughter of Mr. and Mrs. G. S. Perez; and Idalia Wood, daughter of Mr. and Mrs. N. E. Wood. They were selected for this honor by fulfilling the goals and meeting the requirements set up by the State F. H. A. board. Each of these girls has made accomplishments in community service, church work, and school activities, home and family living, and F. H. A. activities on a local, state and national level.

These three, along with the girls receiving both junior and chapter homemaker degrees, have participated in activities which contribute to a better community, better school, and a better F. H. A. chapter. Their records were made by working in their concessions stand at football and basketball games, and selling Christmas cards during the Christmas season. With their profits the girls have bought and paid for two new sewing machines, two new 50-cup coffee urns, an electric hot plate to be used in the F. H. A. concession stands, paid the difference between an old refrigerator and a new large ice-maker refrigerator for the kitchen in the Home-making cottage.

In November the girls helped a local needy family in addition to sending stamped Christmas cards to the State Mental Hospital to be used by patients who had no means of support. The girls prepared kits for the local cancer drive, served at many banquets as a community service and are presently preparing to have a style show on April 18 for the public when they will model the clothes they have made during the school year.

The local chapter will hold a Mother-Daughter banquet on April 29, the purpose of which is to acquaint the mothers with the homemaker program as well as for the girls to become better acquainted with the mothers. They are preparing to have a tea for the eighth grade girls, as well as a party for the F. H. A. F. A. members to be held April 23. At the first of the year the girls sponsored a Daddy Date night when they brought their dads, showed them through the homemaker

### Future Homemakers Will Honor Spears

Otis Spears, superintendent of schools here, will receive honorary membership in the Texas Association of the Future Homemakers of America when the association holds its annual meeting in Dallas on April 26 and 27.

Honorary membership in the Future Homemakers of America is given only to persons who have rendered outstanding service to the organization.

Spears has been an F. H. A. Chapter father for several years and he is serving on the advisory council at the present time. He was fundamental in building the new homemaker cottage which was completed in 1952. Spears was one of the few persons chosen to serve as an advisor for the summer homemaker education convention held at Austin in the summer of 1952. He has also helped in many other F. H. A. activities. Mr. and Mrs. Spears plan to attend the State meeting at which time he will receive the honorary state degree.

Mrs. V. L. Botkin returned home Monday after spending two weeks in a Temple hospital at the bedside of her mother, Mrs. L. J. Turner of Gatesville. She was accompanied by Mr. Botkin's mother, Mrs. Belle Botkin, also of Gatesville, who will visit here for a while.

F. M. Page of O'Donnell says he has drilled seven holes and got five little irrigation wells on his farm which pump 2 1/2 inches or better. This is not a lot of water, but they are a big help and furnish him some good crop insurance.

Mrs. Hegi is the local homemaker teacher.

Misses Whitaker and Wood are junior students in Tahoka High School and are the first juniors in Tahoka to receive the state degree. Miss Perez is a senior student. She is applying for the Latin American scholarship which is given each year at Texas Tech to an outstanding student. Mrs. Hegi says that her book she has prepared for her state degree will be submitted in her application for the scholarship, and will show the many ways she has contributed to better community living.

**Long before the white settlement of West Texas**, Indians used the site of Abilene State Park at the foot of Big Chief Mountain as a camping place. The present-day park has been developed to facilitate picnicking and camping in the park's large grove of native trees. Rest rooms, a hundred thousand gallon swimming pool, grills, tables, benches, large parking areas and playgrounds provide comfort and added enjoyment for modern visitors. The park is reached over Farm Highway 89, southwest of Abilene.

**BAPTISTS BELIEVE ...**

## JESUS ... "coming up out of the water."

—MARK 1:10

Stepping down into the water of the Jordan River, Jesus presented himself to John the Baptist for baptism. Jesus' purpose was different from that of others who were coming. They came for baptism to show they had repented of their sins but Jesus had no sin from which to turn. He was not a sinner, but his life's purpose was to live and die for sinners. Therefore, he took his place among them. In being laid beneath the water, he prophesied of his burial a few years later in the grave. In "coming up out of the water," he foretold his resurrection from death to life.

Those who accept Jesus Christ as the Son of God and who trust him as their Saviour are known as Christians. They should identify themselves as such by following his example in being baptized. They declare by being immersed in water that they believe that he died for them. Baptism is also a testimony of their new way of life in which they will follow Christ. The Bible says, "We are buried with him by baptism into death: that like as Christ was raised up from the dead by the glory of the Father, even so we also should walk in newness of life" (Romans 6:4). Furthermore, as these baptized Christians come

up out of the water, they show their assurance of having a continuing life after they die. In this new life, they will be forever with their Lord.

This is what baptism means to Baptists. It is a symbol and its very form is significant. Only by entering into the water, by being lowered beneath it, and by being raised up from it can a person demonstrate that central fact of Christianity for which baptism stands. This central principle is that Christ died on an executioner's cross for sinners, was buried in a tomb, and rose triumphantly from the grave to be seen again on earth.

When a church baptizes, it obeys the last command of Jesus. He said, "Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost" (Matthew 28:19). After giving this command, Jesus promised the blessing of his spiritual presence until the end of the world. This means that every Christian should be a baptized believer, at work in a church, learning more about Christ and guiding others to him.

Baptists believe that baptism is a symbol of salvation and not an aid to it and that every believer in Christ should be baptized. With this conviction they are winning more to Christ every year.

### Much Golf Activity Planned At T-Bar Country Club This Month

A full program of golfing activity has been planned at T-Bar this month, according to Lester Strech, chairman of the tournament committee.

Too many men and not enough women showed up Sunday afternoon for the proposed Scotch Four-some golf tournament at T-Bar Country Club, and instead of simulated Pro-Am tournament was held to acquaint players with the system of tournament play.

This was the biggest day on the local course so far, with a total of 50 people playing, 36 of whom played in the tournament.

High score winners, with 59 points, was the team composed of Wade Holland, Charles Verner, Otis Spears, and Mrs. Peggy Elliott.

Next high with 52 points were Jack Alley Robinson, Mrs. Irene Spears, Jop Whorton, and A. N. Norman.

Third with 48 points were O. C. Elliott, Jake Jacobs, Robert Harvick, and Mrs. Glenda Dunagan.

Tonight, all T-Bar club ladies are requested to meet at the club house at 7:00 p. m. for the purpose of organizing a Ladies Golf Association, electing officers, and approving the constitution and by-laws.

This Sunday afternoon, April 7, there will be a Flag Tournament, and long driving contest for both men and women.

Sunday afternoon, April 14, a Blind Bogey tournament will be held.

Qualifying rounds for the men's City tournament will be held on Sunday, April 28, and the finals will be played on Sunday, May 5.

### Two Girls Honored At Tech Service

Tahoka High School graduates were honored recently at the annual Texas Tech recognition services. Miss Margie Curry, daughter of Mrs. Elnora Curry, was recognized as a holder of one of the Dunlap scholarships and for having a better than 2-point grade average.

Miss Delores Gage, daughter of Rev. and Mrs. A. G. Gage, now of Lubbock but formerly of Redwine, was honored the second time for outstanding scholarship.

### New Home Cubs Hold Pack Meeting

Pack 26 of the New Home Cub Scouts met recently for their monthly pack meeting when the theme of Indian Lore was carried out.

The Cubs demonstrated various Indian dances under the leadership of Charles Blagi of Lubbock, who is a member of the Order of the Arrow.

The Wolf award with a gold arrow was presented to Don Murray. About 50 Cubs and parents attended the event.

### Mack Haymes Suffers Heart Attack Tuesday

Mack Haymes of O'Donnell, prominent Lynn county businessman and civic leader, suffered a severe heart attack at his home Tuesday afternoon and was rushed to Methodist Hospital in Lubbock, where he is in a critical condition.

He had suffered light attacks before. He had gone home to take some medicine to his wife when the attack occurred.

Mrs. Joann Reeser, formerly Joann Bradshaw, left here Tuesday for Oakland, California where she will visit her brother and sister before going on to Seattle, Wash. From that point she will leave on April 13 for Okinawa to join her husband, who will be stationed there for two years. L. J. Bradshaw is scheduled to leave tomorrow, April 6, for overseas. He has been stationed in Oakland.

Mrs. E. J. Tanner, Sr. is back home after undergoing major surgery in Lamesa General Hospital on March 21. She is now able to have visitors. She had been in ill health for 10 months preceding her operation. After being released on March 26 she was taken to the home of her son, E. J. Tanner, Jr. in Lubbock and remained until Monday night.

Paul Cathcart of Pueblo, Colo., was here several days last week end visiting his father, T. R. Cathcart, and brothers, Ivan and Bill. Paul formerly lived here, but this was his first visit here in 29 years.

Mrs. Martha Atkins of route 3, Lubbock, and daughter, Mrs. W. D. Young of Lubbock, visited here Friday with an old friend, Mrs. C. C. Dwight, who is ill.

### STANDING...

Don't you from Page One? Bill Pearce, in a morning service this week is too good to keep. Bill is a bachelor and when Harry told him he was going to talk that morning on women in the church, Bill very sarcastically replied that he thought all women were heavenly beings. "They are always 'up in the air' about something, always 'harping' on something, and never have anything 'on earth' to wear."

Here it is April 4 and the weather is in evidence in a slightly unusual way this morning. It isn't very often that a West Texan is privileged to see it raining and snowing at the same time. In fact this spring has been very pleasant since the sand has favored us with its absence most of the time. Or is it just waiting to pay us a surprise visit?

We were most happy to receive a personal invitation this week from Gerald Wayne Tippit to attend the production "Dr. Faustus" being presented on stage in the big city. If you would like to see him in costume, drop by this week—his picture will be taped to the window.

Did you listen to the district spelling bee on the radio Saturday in which Jerre Ann Wyatt was a contestant? If it had been a state football play-off there wouldn't have been any more tension. In fact, it was almost as exciting as a three-ring circus—that is, as long as you knew someone participating.

Jerre Ann stayed with them a long time, and everyone was very proud of her even though she was eventually spelled down.

How about that new little red flivver about the size of a peanut that Charlie Townes has been buzzing around in? We figure he bought it so that if Congress cuts the postal budget he can make up the difference charging a quarter to ride the kids around the block.

An old story tells of two men who were walking along the streets of London, when the music of some wonderful chimes in a nearby cathedral floated through the air. One of the men remarked to the other, "Isn't that wonderful music?"

"I didn't hear what you said," replied the other. "Aren't those chimes beautiful?" repeated the first speaker. But again the other man failed to catch the words, and the first speaker said for the third time, "Isn't that lovely music?" "It's no use," came the answer, "those pesky bells are making so much noise I can't hear what you say."—Cheer.

Thanks ever so much, kind friends, for the visits, cheering cards, and beautiful flowers you sent me while I was in the hospital. Such friends will ever be treasured by me and my family.—O. W. Green.

I wish to thank everyone who made my stay in the hospital so pleasant. Thanks for the lovely flowers, cards, gifts and for the prayers for my recovery. Mrs. L. J. Wood.

Chester J. Hood of Tahoka has been notified by Selective Service Board 88 to report in Lubbock April 17 for induction into the Armed Forces.

HIGH-FLYING CARGO—A skycar transports 20 tons of Army supplies at a 35-mile-an-hour clip over an aerial skyway to a safe discharge atop a rocky cliff face in France. Cargo ships are independent of port facilities when they tie up to a movable DeLong pier. Retractable piles allow submerging for concealment.

### Jo Anne Corbet Is Honor Student At Lake Charles, La.

Mrs. Jo Anne Corbet, the former Miss Jo Anne Bennett, has been named an honor student at McNeese State College in Lake Charles, La.

The President's Honor Roll, on which her name appears, has been announced for the fall semester of 1956. She is the daughter of Mr. and Mrs. Clay Bennett.

### GINNERS ATTEND MEETING AT DALLAS THIS WEEK

A number of Lynn county men attended the ginner convention in Dallas Monday, Tuesday, and Wednesday of this week.

Among those from here were: Bobby Carroll, T. B. Mason, and C. W. Stevens, Tahoka; J. B. Burdett, Bill Hardberger, Clyde Winan, Weldon Martin, Homer Hancock, Earl Greenlee, and J. W. Gardenhire, all of O'Donnell; Amos Gerner and Odis Tew, Grassland; H. Q. Sharp of Petty; and M. L. Murray, Chas. Campbell, and Chester Swope, all of Wilson.

Most of the men, the Tahoka and O'Donnell groups, at least, left a short time before the storm hit Tuesday evening.

### WARNS DOG OWNERS

Mrs. D. A. Childers of Lubbock, who was here Wednesday, states that several dogs, evidently strays from town, are causing their cattle trouble.

She asks that the owners of such dogs please put them up, or it may become necessary to do away with dogs found in the pasture.

The dogs chase the cattle, and have been known to wound and even kill cows. Cattle are in a weakened condition at this time, soon fall or are forced to lie down as a result of being chased by dogs, and then the dogs begin chewing at their nostrils.

Who rates what for performance and smoother riding in the low-priced three? Chevrolet has laid the answer and the proof on the line!

First, Chevrolet won the Auto Decathlon over every car in its field, and over the higher priced cars that were tested, too. This rugged ten-way test (right, below) showed Chevrolet was the champ in handling ease, braking, acceleration, passing ability, smoothness of ride and other driving qualities you want in a car.

Then, Chevy won the Pure Oil Performance Trophy at Daytona (left, below) as "best performing U. S. automobile."

It's quite a feeling to know that you are driving a car that performs so well, responds so beautifully and is so finely built. You feel proud, of course. But you also enjoy a surer, smoother, steadier way of going, a keen cat-quick response of power, and the easiest handling you've ever experienced behind a wheel. Just try this Chevrolet (V8 or Six) and see!

## Gerald Wayne Tippit Makes Debut On CBS-TV And Wins Praise of Critics

Gerald Wayne Tippit of Tahoka made his debut on television Sunday morning on the CBS program "Lamp Unto My Feet," when the famous Blackfriars' Guild presented excerpts of Christopher Marlowe's "Doctor Faustus."

Tippit portrayed the part of the Seven Deadly Sins in the stage production and on television, for which he has received splendid reviews in New York papers.

The local television viewers, however, were unable to see the program because the Lubbock station does not pick up the CBS channel that early on Sunday morning, at 10:00 a. m. EST.

Gerald Wayne began his acting career in Tahoka in his class play, later became an outstanding performer at Texas Tech, went into television announcing, gained more experience while in the Army and in San Antonio Little Theatre productions, and finally wound up in New York City last summer.

He has been working at various acting jobs since last August and has done very well. According to reviews, he may be upon the threshold of a very successful career.

He recently joined the Blackfriars' Guild for the production, which is now being presented. He has received offers for summer stock this year, as well as other opportunities.

Following are some of the reviews which appeared in various publications:

"Wayne Tippit provides the only relaxation with his versatile sketches of the Seven Deadly Sins—Most of the humor is derived from a Property Man ('Tippit')—Variety.

"Of the cast, Wayne Tippit and veteran Louis Lytton are especially effective."—Cue.

"Wayne Tippit, who reminds us just a little of Dan Duryea of TV's China Smith, is excellent as the resourceful Property Man—ranges effectively through the moods as the Seven Deadly Sins"—Robert Coleman, Daily Mirror.

"Wayne Tippit is a genial Property Man who makes difficult decor easy—does a fine job at impersonating all seven of the deadly sins."—Frances Herridge, New York Post.

"Wayne Tippit is ingratiating as the Property Man—acquits himself well as the Seven Deadly Sins"—Louis Calta, New York Times.

"Wayne Tippit deserves special mention for two striking per-

## Crops Research Program At Halfway Outlined By Research Foundation

Halfway, April 4—The crops research program at the High Plains Station of Texas Research Foundation was announced today by Dr. Johnny H. Davis, Associate Head of the Station.

This phase of the program will be divided into three parts: (1) Experimental and observation tests in small plots. These will include many strains recently developed of which only a small quantity of seed is available. Most of this material will be planted in 22 foot, single row plots to study its adaptation to this area; (2) Commercial varieties and hybrids in 4 row 100 plots and; (3) Field size areas of varieties and hybrids generally planted in this area to compare their productivity. Crops to be tested are:

Grain Sorghum—49 leading varieties and hybrids will be tested in 2 row plots 100 feet long replicated 4 times. 100 experimental rarities and hybrids will be planted in single row plots for observation. 7 of 8 leading varieties and hybrids will be planted in 10-15 acre field sized plots for comparison.

Cotton—25 varieties of cotton will be planted in 4 row plots 100 feet long with 4 replications. ## Thomas Presents Unique Program

Dr. Skiles Thomas conducted a unique program at Tahoka Rotary Club Thursday noon of last week.

The Tahoka club presented a program dedicated to the Rotary Club of the Isle of Sheppey, off the southeast coast of England, which was tape-recorded and the recording is being forwarded to that club. The club in England was celebrating its 20th anniversary and the Tahoka club had celebrated its 20th last October 22.

Opening the program, Otis Spears led the club in singing "The Eyes of Texas and America."

After introductory remarks by Thomas, President Johnny Reasonover told of the Tahoka club, stating five charter members of the club were present. As an example of the spirit of Rotary in the Tahoka Club, he cited H. B. McCord Sr., charter member of the club and a special guest this day, who, after serving 15 years in the local club resigned so that his son, H. B. Jr., could become a member and enjoy service in the club.

Others speaking briefly to tell of the Tahoka club and its projects included Herman Heck, community service chairman; H. B. McCord Jr., Past President Harold Green, President-Elect Happy Smith; Dr. Emil Prohl, a member of the district committee of Rotary Foundation; and Dr. K. R. Durham, a charter member.

The president named new members C. W. Conway as assistant sergeant-at-arms, Bill Haralson to the international information committee, and Jack Smith to the Boys and Girls week committee.

He announced that the past week marked 33 weeks of perfect attendance in the local club.

# Odds and Ends

(By E. I. The Elder)

Some weeks ago, in this Column, I undertook to set the readers of this Column straight on what Thomas Jefferson and the other authors of the Declaration of Independence said about the rights of men, and I am vain enough to believe that I succeeded. I think also that a clarifying discussion of this great document needs to be published in every section of our country and especially in all our leading religious and political magazines, for the misconceptions respecting it and the misinterpretations of it seem to be amazingly wide-spread.

But in so far as religious liberty is concerned and the doctrine of the Separation of Church and State, so generally accepted now by all Protestant denominations in this country, is concerned, neither Thomas Jefferson nor James Madison or even Patrick Henry is due the most credit. Of course the doctrine of Religious Liberty has come down to us from

many sources and through many different channels, but it was the stubborn and unyielding adherence to this doctrine and advocacy of it by one single individual that caused it to be adopted and securely established as virtually the chief corner stone of this Republic. All that any unbiased person has to do to be convinced of the truth of this statement is to read the facts of history. Recently I ran across a recital of these facts published in a Religious journal which furnished the proof. So, this week I am going to give you this story, written by F. B. Huey Jr. of Denton, Texas. From here on, I quote.

"In every age, it seems that a particular person has been raised up to champion the great cause of that age. The person's qualities, temperament, background, and training have set him apart as one who has come to the kingdom for such a time as this. There was a Moses, a Paul, a Luther, a Wesley, to meet the great crises of their day.

"In the seventeenth century a man was needed to awaken the world to the fact that religion has become an instrument of oppression rather than one of liberation. God raised up his rebel for that day to break the alliance of Church and State once and for all in the newly formed American colonies, a man named Roger Williams.

"Little is known about the ancestry and early years of Roger Williams. Born about 1600, he spent his childhood in London where he witnessed the end of the magnificence of the Elizabethan age and the beginning of the decadence and licentiousness of King James.

"In his early teens Williams had become an expert at shorthand, which resulted in his being chosen as personal secretary to Sir Edward Coke, the outstanding jurist of his day. Coke took an interest in the further education of Williams. In 1627 he graduated from Pembroke College, Cambridge, and began studying for the Ministry. His theological studies were terminated as a result of disagreement with the established church.

"In 1630 King James set about to stamp out protestantism in England. Many fled to America; among whom was Roger Williams.

"After short ministries at Salem and Plymouth in the Massachusetts Bay Colony—because of his opposition to leaders in the established church—he was brought to court on flimsy charges and banished from Massachusetts. They had needed Williams to America for the purpose of enjoying religious liberty, but were not willing to grant this same privilege to those of other faiths.

"When Williams learned that England, he quickly said goodbye to the sentence by sending back to his wife and newborn baby and walked into a blinding snow-storm to escape his persecutors. He walked sometimes in knee-deep snow, crossing icy streams, his wet clothes stiffened with the intense cold. Except for his Indian friends he undoubtedly would have died.

"Later in the spring his family joined him, and while traveling by canoe, they located a beautiful spot on the Moshassuch River, which Williams named 'Providence,' because of God's merciful providence to me in my distress! "He set about to develop the colony upon the principle that the state was a body of people free and equal in all civil matters with the right to self-government. The colony became a haven for those who were persecuted for personal convictions. His ideas of government were much too advanced for

the people of his day. "In March, 1639, which should be an important date to Baptists, Williams established the first Baptist Church in America and became its first pastor. Although he separated from the Baptist Church after a pastorate of only a few months he remained a Baptist in spirit and never joined any other church. As his colony prospered, the leaders in Massachusetts, his former persecutors, offered to annex his colony. His reply was, 'I feel safer down here among the Christian savages along Narragansett Bay than I do among the savage Christians of the Massachusetts Bay colony.' To protect his colony from seizure he made a trip to England to secure a charter from the king.

"It is not generally known that about this time Williams wrote a book of his experiences with the Indians and a guide to their language, (A Key Into the Language of America). The book made him a celebrity in England as the first literate Englishman who had lived intimately among the Indians.

"Williams tried to return to private life, but the people would not permit this, and in 1654 elected him the first president of the Republic of the Providence Plantations. Actually the honor was somewhat dubious, as the office of President had no defined powers, paid no salary, and his office was in his own home.

"During a serious illness of his wife he wrote a tender letter of encouragement to her, which was later published as a devotional book, 'Experiments of Spiritual Life and Health.' The book indicates how great a contribution Williams could have made to the spiritual life of America if he had devoted his life more fully to writing. It has been considered to be one of the most beautiful books ever written by an American.

"Because a large area of Rhode Island at one time had been in his name, he could have become a wealthy man. Because he had no personal greed and always a desire

to help others Williams died in poverty in 1683. The colony had grown so large that his death was scarcely noticed by a people who owed him so much.

"Many have said that Roger Williams, rather than Jefferson or Madison, should be given credit as the one responsible for our American 'Bill of Rights.' They say that all the provisions of civil and religious liberty which are contained in our Constitution had been incorporated in principle in the charter of Rhode Island many years earlier. Because the people of Rhode Island had been trained under Roger Williams to appreciate their liberties, they would not ratify the Constitution as originally written without a Bill of Rights. For three years they stubbornly refused to ratify until the Bill of Rights was added. Upon the Ratification of Rhode Island on May 29, 1790, the 'Union' of the thirteen colonies became a reality.

"The world was standing at a cross-roads when Roger Williams entered upon the scene of history. One road would have led to complete integration of Church and State in the United States, and the repression of individual religious liberty. The other road opened toward an enlightened government, separation of Church and State, and the right of the individual conscience to guide the destiny of every man.

"Williams deliberately chose the least popular and most difficult path because of his conviction that God was directing him that way. Perhaps it is, not too dogmatic to assert that the United States with its emphasis on personal religious liberty would not have come into being (or at least not as early as it did), except for the influence of Roger Williams. And of course his name will always be linked inseparably with the founding of the first Baptist Church in America 318 years ago.

Furthermore, we might observe, his name will always be linked also, belatedly but just as inseparably

with the inclusion of the bill of Rights in our Federal Constitution, guaranteeing both civil and religious liberty to the people of this great country. These then were Roger Williams' contribution to history and to the freedom which we enjoy today.

## Wilson News

MRS. CARL D. GRYSER  
Correspondent

There are many things that are interesting to observe all over the community. One thing that people like to see is a new building being erected. The St. Paul Lutheran Church tore down their old church building, salvaged the material and are now adding to their school building. The new building will also be used as an educational building for Sunday School and other church activities. The building is being built under the direction of Homer Scott. Members of the church have donated their labor and it is almost unbelievable, the progress that is being made. In Nehemiah the people were busy building the wall about Jerusalem. It is said of the people: "They had a mind to work." So it is with these people, and their work is showing great possibilities.

Another building that is drawing the attention of the people of this community is the future home of Mr. and Mrs. Bill Lumsden. Construction was begun some time ago. The foundation, plumbing, and flooring has been put down. According to head carpenter, Z. L. Moore, they are ready to start "up" now.

"That proves it to me...  
the J-2 Rocket  
is like two engines in one!"

GOLDEN ROCKET IS HOLIDAY COUPE

**ME:** Right! This J-2 Rocket\* is really a new driving experience!

**FRIEND:** Well, I've handled a Rocket Engine before, but nothing like this. They're always had pep, but this one's got that extra pep when you need it!

**ME:** Don't forget economy.

**FRIEND:** Yes, you can't feel economy.

**ME:** Feels pretty good to the pocketbook.

**FRIEND:** Right! But it beats me how you get economy with a big car like Olds.

**ME:** Easy. For cruising around, you just use one dual-barrel carburetor.

**FRIEND:** Bet that waters down your performance some.

**ME:** Not a bit. I've got regular Rocket performance right through the economy range. And believe me, that's plenty. But if you need more power...

**FRIEND:** Then what?

**ME:** Go to Stage Two. You just saw what that does. Give it three-quarters throttle and you've got three dual carburetors dishing up more power and torque!

**FRIEND:** Tell you the truth, I've always liked an Olds. Thought we might get one ourselves some day.

**ME:** Checked the price lately? You'd be surprised how easy it is to own.

\*277-c.p. Rocket 7-400 Engine standard on all models. J-2 Rocket Engine, with 200 h.p., and special Rocket Engine, with up to 352 h.p., available at extra cost.

FLMER BLANKENSHIP

New Soil and Water Conservation plans were assembled on the farm of Harold Warren south of Wayside, Foy Swinson, south of West Point, and the places of J. R. Strain, south of New Home. Harold has some irrigation and plans small acreage of vetch and rye on irrigated land, and is interested in a trial planting of the new variety of guar known as Groblar on dry land. This variety is supposed to make a larger stalk and produce more seed than the Texas variety that has been tried in this District. Mr. Strain plans to install underground pipe on one of his places south of New Home. Foy is planning some acreage to the conservation reserve of the Soil Bank. Will drill sudan this year and follow next year with drilled sideoats grama.

A Conservation plan was completed with F. W. Raney near Lakeview. Assistance was given Mr. Reenes with row directions for irrigation and land borders are

**Spelling Contest Finally Goes Down**

Miss Jerre Ann Wyatt, 11 year old daughter of Mr. and Mrs. F. A. Wyatt of Tahoka, represented Lynn County in the district spelling bee sponsored by the Avalanche-Journal in Lubbock Saturday. The bee was won by Crosby County representative. However, Jerre Ann did very well and lasted about a hour and a half before being spelled down. She was the sixth to miss a word, the word being "vain," which she spelled "vane." Previously, however, she had spelled many very difficult words and representatives of the local school expressed their pleasure at her showing in the event.

Winner will receive an all-expense paid trip to Washington, D. C. to compete in the National spelling bee.

**WELDON SKINNER WILL HEAD O'DONNELL CLUB**

Weldon Skinner, superintendent of the O'Donnell schools, has been elected president of the Rotary Club in that town for the year beginning July 1, succeeding Homer Hardberger, the outgoing president who automatically becomes vice president.

Truett Hodnett was elected secretary, and new directors are Billy Wells and Vernon Clem.

planned in the future. A permanent pasture will be established in the border system. A trial planting of Sesbania is planned as a soil improving crop on dry land. The Sesbania will be shredded as seed start to form to avoid a volunteer seed crop.

If you are interested in planting grasses for needed seed production contact the Soil Conservation Service in Tahoka for assistance in locating grass seed, planting equipment, or for technical assistance in planting.

There is one more week left for signing up for the 1957 Conservation Reserve Program of the Soil Bank. If you have some land that needs land use adjustment because it is sandy, rocky, or has high lime soils that are hard to manage for this or other reasons you should consider the advantages of placing this acreage in Soil Bank.

There are several fields on farms that have drains crossing them. These need to have waterways shaped and be planted to grasses. These waterways can be made a profitable part of farming operations: instead of a gully to cross after big rains. The grasses can be harvested for hay or seed. For more complete and detailed information consult the Soil Conservation Service in the court house in Tahoka or write same, Box 328, Tahoka, Texas.
